H. CITY MANAGER REPORT

- Private Construction projects.

City Manager Earl Berner said the Mayberry project is moving along. They are getting ready to bring forth in December to the 4-b a project for a landscape corner at Gotcher and Main.

- City Projects

The Animal shelter is just about completed. The landscaping should be ready for the grand opening on December 9. Mr. Berner told the councilmembers that at their convenience, someone would like to take each of them through the building so they will be familiar with it.

- Toll Bridge Opening will be a celebration with a four-mile run somewhere around mid-July 2009. They have a $10,000 sponsor. We're working with the Town of Little Elm, Denton County, and the North Texas Toll Authority.

- Christmas Dinner

The dinner will be December 5. Councilmembers Connors, Fletcher, and Martin will not be able to be there.

L. NEW AGENDA ITEMS

The Upper Trinity Regional Water District would like to make a presentation about protecting our watersheds at next month's meeting or at one of the January meetings. They have a sample resolution they would like for us to approve.

Councilmember Connors said we need to address the City Charter about when councilmembers run for a different seat in a city election. The Charter states that if those councilmembers must submit their resignation. She said that it's her understanding that when you are on the council and run for another office and are unsuccessful that you stay on until replaced. She thinks that a letter of resignation should be submitted to the City Council at the time the mayoral race is over.

Representatives from DCTA were Scott Neely, Executive Vice President; Dee Leggett, Vice President of Planning; Scott Booker, project presenter and engineer for Campbell Technology; and Robert Kennah, PE with URS Corporation.
They gave out hard copies of the slide presentation to the City Council. The DCTA will pay for the projects involved with establishing gates and signals at all the street/rail crossings. DCTA plans to have the project in operation by the end of 2010. They plan to start moving dirt in February 2009.
City Manager Earl Berner said we will be doing some partnering with Hickory Creek on the Carlisle crossing and with Corinth on the Swisher Road crossing. There was discussion about the impact of the horns on residential areas and the daycare on Carlisle. There will be a Neighborhood Forum at Shady Shores Elementary next month. Dee said she would let us know if there is any feedback at that meeting.

F. REPORTS

1) Financial

Finance, Human Resources Director Joni Vaughn said there are two sets of financials: one for September and the other for October. She said the auditor was here Monday through Wednesday and will be here next week on Thursday and Friday.
Joni said that this year we did away with a special department heading for the fire protection. The account for the contract for fire protection is now in the Administration Department. She said that in a couple of departments there is a negative balance in the telephone account. There were some changes made to the telephone bills and when employees have any personal charges on the cell phones they reimburse the city.

Joni said the Investment Account balance is going down but that's typical this time of year. She said we got a nice surprise today when she contacted the Denton County Property Tax office. She said they had been paying weekly but this month they have started daily payments to cities so we have had $33,000 transferred to us this month.

Joni said that 4a and 4b each received $19,006.17 in sales tax this month. They're total funds amount to $25,032.15. Before too long we need to repay the $24,335 to the Designated Park Account. She said the only regular bill for the Economic Development Corporation is the approximately $6000 per month for the Swisher Road property.

She said that the 4b corporation has $79,650 in available funds at this time.

2) Economic Development Corporation

City Manager Earl Berner said that due to the Attorney General's opinion we have to list each item that will be discussed on the agenda. He said that in addition to the Shop Lake Dallas event that the board heard a presentation and agreed to do a cooperative ad with the Chamber of Commerce for a new directory.

3) Community Development Corporation

City Manager Earl Berner said that the Boat Ramp Grant for Willow Grove Park has been submitted. He said the board has agreed to change out the Christmas lighting theme on this building. The lighting project will be done by Woody's. The board also approved the study of the Library area and Community Park.

4) Parks and Recreation Board

They are in charge of the Christmas Tree Lighting event. We're looking for an extra $450 for carriage rides.

5) Keep Lake Dallas Beautiful Committee

City Manager Earl Berner said the Keep Lake Dallas Beautiful Committee did not have a meeting this month.

G. AGENDA BRIEFING

City Manager Earl Berner said there are five items on the Consent Agenda and read those items. He said there are six items under Business and he read those items.

K. CITY MANAGER REPORT

- Denton County Appraisal District 2008 Report of Property Value.

City Manager Earl Berner handed out copies of the report from the county. He said he would just highlight a couple of items. He said that a couple of years ago we added exemptions for the disabled and raised the amount on homestead exemptions. He said that took almost $5.6 million off the tax rolls. He said there's some other good information in the report that's interesting to look at.

- Private Construction projects.

City Manager Earl Berner said that Mike Mayberry's project is well underway. He said they are getting ready to pour the patio. He said that the two upstairs apartments are going to be very nice.

QuikTrip will start their construction in about two months.

City Manager Earl Berner said that Sonic plans to start the end of this month.

- City Projects.

Phase I of the road rehab project is just about down. He said there's still a little work to be done on Lakeway. Phase 2 includes Lake Vista in Kingswood.

We are planning the grand opening for the new Animal Shelter on December 9 Between 5:00 pm and 8:00 pm with ceremonies around 7:00 or 7:30 pm. The contractor believes he'll be finished next week.

There was discussion about inviting the local veterinarians, the Chamber of Commerce, other nearby cities and to place an ad in the paper with an open invitation for the residents and any others who would like to attend. There was mention of notifying Bed, Biscuit, and Beyond in Denton (a kennel) and perhaps having a cake made with a dog and cat on it for the grand opening.

- Toll Bridge Opening.

City Manager Earl Berner said we met again this week about the planning for the opening of the toll road. They still haven't set a final date. They expect 10,000 people to show up and will have a situation about the parking availability. The title sponsor is an engineer who is donating $10,000.

- He said we have been thinking about the closing of City Hall offices December 26, which is the Friday after Christmas day. He said we can discuss it in the December meeting.

8) CITY MANAGER REPORT

City Manager Earl Berner said that the recent Warrant Roundup has concluded and that we brought in a little over $25,000 and cleared 125 warrants. He said we still have 807 warrants out.
He said that the drainage area in front of the school on Swisher Road appears to be a good skateboarder area. He said we have put in concrete blocks with reinforcing rods since they broke out the first blocks that were put in. These blocks are to avert any possible skateboarding accidents.
City Manager Earl Berner said the parking lots have been re-striped. We had to have the parking lot repainted at City Park because the handicap spaces were needing new paint. He is a local contractor and we had him do the entire parking lot at the park as well as here at City Hall.
Mr. Berner said the road rehabilitation starts next week. He said we switched out some of the streets in the Beck Addition because LCMUA will be doing extensive work there soon. We can do those streets after the water department finishes their construction. We have added Harbourtown, a couple streets in Kings Manor and Lake Street instead of those streets in Beck Addition.
City Manager Earl Berner said that he and Police Chief Nick Ristagno attended the quarterly Fire Advisory Board meeting. When all the department heads and police departments are trained in the 300 and 400 series we may have a table-top emergency game and the councilmembers will be invited to attend and participate. It has not been scheduled yet.
The Education Foundation tickets will be arranged through the Economic Development Corporation.

Mayor Pro-Tem Hammond read a proclamation commemorating September 11 as Patriot Day on the 7th year of the terrorist attacks.

E. PRESENTATIONS – Johnny Harris

Mayor Pro-Tem Hammond and the Councilmembers went down to floor to greet Mr. Harris. They congratulated him on his retirement from the Lake Cities Municipal Utilities Authority after thirty years of service and presented him with an engraved clock.

F. ANNOUNCEMENTS

City Manager Earl Berner said that the WaterFest Event has been postponed until September 27. He said that unfortunately the racers have a full schedule thru November so there will be no races.

Mr. Berner said that the Community Development Corporation voted to have the annual Arbor Day on October 25. The board will plant about fourteen trees in City Park and they need all the help they can get.

Councilmember Connors said that October 25 is the Lake Cities Education Foundation event.

F. REPORTS

1) Boards and Commissions

City Manager Earl Berner said that the Parks and Recreation Board did their training for the WaterFest earlier this month.

The Economic Development Corporation has entered into an agreement to have a target area study for vacant properties in the City of Lake Dallas. It will be 60-90 day study. This consultant is also a developer. The board has hopes that if he likes what he sees that he will buy the property.

The Community Development Corporation didn't vote yet but gave go ahead to do some small projects for the other parks since we won't be spending money on the Willow Grove Park improvements in 2009 fiscal year.

2) Other Reports
Finance, Human Resources Director Joni Vaughn asked if anyone had any questions on the financials. She said that we are almost at the end of the budget year and everything is in line. We have about two weeks left in the current fiscal year.

She said the sales tax receipts last month was $104,000 with half of that going into the General Fund and the remainder split between the 4a and 4b boards. Joni said she had included a note about how much grant money has been awarded and how much left to pay out on those projects.

H. VISITORS/CITIZENS AGENDA

Dee Campbell, 323 Scarlet Oak Drive, had handouts for Councilmembers. She said she had come before the City Council in April about a private issue for a quality of life issue. She said that tonight she is here for another issue that she thinks is a quality of life issue. She talked about a recent situation where a 72-year-old man with diabetes in need of surgery. He had a friend in town who was able to take him to Denton Regional for the surgery but she was unable to get him home afterward. Ms Campbell is concerned that there may be a lot of people who may be need these services. She said there was an article in today's Lake Cities Sun that said SPAN has discontinued their services to the Lake Cities area on August 18 citing a thinning budget and increased costs. She would like to have each of the Lake Cities contact SPAN and make some kind of agreement so the seniors could have some level of transportation available. She said she could create a pamphlet when some type of service is available for them. She thanked the Council for listening to her.

Rebecca Belknap, 2232 Amherst Lane, Flower Mound, is the librarian at the Lake Cities Library. She said they do have some issues at library but that she was here tonight about the lady in question who needed help for the man that Dee Campbell had referenced. She said we need to help the seniors get help for this transportation issue. She said it should be on our website or the pamphlet that Dee offered to make that these SPAN services are no longer available in the Lake Cities area. She said some of our seniors are going to have to have vision checked and may be unable to renew driver's licenses. When they can no longer drive they will be in need of the transportation services. She said thanks for the library funding in this next budget year.

Mayor Pro-Tem Hammond said this is not something that the City of Lake Dallas had stopped. He said this is a private organization that refused to help.

Mayor Pro-Tem Hammond closed the Citizens Agenda when no one else came forward to speak.

G. AGENDA BRIEFING

City Manager Earl Berner said there are six items under the Consent Agenda and he read each item. He said that under Business we have four items and he read those items.

I. CONSENT AGENDA:

1) Consideration and Action on approval of Minutes for August 28, 2008 Minutes.
2) Consideration and Action to approve the August financials.
3) Consideration and Action on approval of an agreement for participation in the Upper Trinity Regional Water District Household Hazardous Waste Collection Program.
4) Consideration and Action on approval of an Ordinance authorizing non-peace officers, such as code enforcement personnel, to issue "citations."
5) Consideration and Action to approve an amendment to the agreement with the Denton County District Attorney for the disposition of seized property.
6) Consideration and Action to form an Animal Shelter Advisory Committee and appoint members to this committee.

Noes: None

Motion Passed

4) Consideration and Action to designate a representative to serve on the Board of Directors of Denton County Transportation Authority.

No action was taken on this item.

K. CITY MANAGER REPORT

City Manager Earl Berner said that Joni has passed out what we think is the final version of the FY 2009 Budget. We are not planning any changes at this time. We will put this budget in the booklets for the meeting to adopt the Budget.

There was a meeting this week on the opening of the toll bridge. The 5k run will be about mid-July and a 1-mile stroll across the bridge will be held for families with children or whoever is interested in that. The other details will be worked out.

Hickory Creek approved of changing the name of Denton Drive to Lake Dallas Drive in Hickory Creek recently. As soon as we get the letter from Hickory Creek we'll send it to TxDOT so they can move forward with the highway signage.

The roof should be going up for the animal shelter next week.

City Manager Earl Berner said the cell phones use signs were installed and asked Police Chief Nick Ristagno to discuss this further for the Council. Chief Ristagno said we have already experienced a big reduction in the stops for cell phone use in school zones. He said the officers will continue to only give out warnings until October 15. In response to a question Chief said he has met Corinth's new chief and they will start having their monthly luncheons again. Responsibility for the school zone on Dobbs Road is mixed.

City Manager Earl Berner said the Corps of Engineers has approved the initial plan for Willow Grove Park that includes the boat ramp, additional campsites, and restroom and showers. He said we have pulled the restaurant, splash park and miniature golf from the plan.

Mr. Berner said we'll be trying to accept household hazardous waste at each quarterly cleaning through the agreement with Upper Trinity Regional Water District that was approved this evening. We have committed to eighty houses per quarter. This should help with storm water improvements by getting those items out of the city. We have been recycling oil all along. We'll have a full list of acceptable items before the October cleanup.

City Manager Earl Berner said we've been in contact with Joe Piatt, the Emergency Management Coordinator, and the Public Works Department is getting prepared for any disastrous weather that might be caused by Hurricane Ike.

Chief Ristagno said that Hickory Creek has early warning sirens in place and in operation. Chief said that when Corinth gets their sirens up that our communication center will able to respond that all the sirens in the three cities will go off simultaneously.

City Manager Earl Berner said that there is only one camper at Willow Grove Park now. Chief Ristagno said that all of the officers will be on standby should the need arise that we need to evacuate any areas here.

L. NEW AGENDA ITEMS
There were no new agenda items.

M. ADJOURNMENT
Mayor Pro-Tem Hammond adjourned the meeting at 8:08 pm.

City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on July 24, 2008 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Pro-Tem Hammond called the meeting to order at 7:31 pm.

A. ROLL CALL

Karl Hammond	Mayor Pro-Tem
Tony Marino	Councilmember 1
Carol Ann Connors	Councilmember 2
Alan Fletcher	Councilmember 4
Richard Martin	Councilmember 5

Staff present: City Manager Earl Berner, Police Chief Nick Ristagno, Finance, Human Resources Director Joni Vaughn, Special Events Coordinator Holly Deitrick, and City Secretary Beverly Weikum.

B. INVOCATION

Mayor Pro-Tem Hammond gave the invocation.

C. PLEDGES OF ALLEGIANCE:

Mayor Pro-Tem Hammond led the pledges of allegiance.

D. ANNOUNCEMENTS

City Manager Earl Berner said the WaterFest event is scheduled for September 13 and 14. Special Events Coordinator Holly Deitrick said that this year there will be kids activities on both days

E. REPORTS

1) Boards and Commissions

Special Events Coordinator Holly Deitrick gave a report on the 4th of July events. She had handouts for the Mayor Pro-Tem and Councilmembers. She said we had a record-high attendance of at least 5,000 people, over forty paid parade entries plus numerous children's entries and forty vendor booths. She said we sent out lots of contest registration forms and Lake Cities Idol forms came in from throughout the state. Posters were displayed in businesses in the Lake Cities area. Holly said we got a lot of free advertising through links to other websites as well as other websites linked to ours. We had about 5100 hits the month before the event.

We did newspaper ads and there were numerous articles in the Lake Cities Sun, Denton Record Chronicle plus the Lewisville Leader, and some magazines. There was a billboard on 2181 near the Starbucks area. The Crosspointe Community Church actually paid for the billboard. A lot of the people who were asked how they found about the event said they had seen the billboard. She said we are planning on doing more for the WaterFest event. Holly discussed the revenues and expenses. She said the VIP tent was more costly this year and that the fuel prices affected some of the expenses. She said she sent a survey to all the vendors and most of them were very happy and definitely want to come back. She said we had a lot of sponsors and they provided about $29,000. Diamond Back's Pizza & Wings and the Lake Dallas Point restaurant provided food for the staff and volunteers.

Holly also reported the revenues from the carnival was up this year and that the money received over the cost was applied that towards the 4th of July event. She reported that we came out about $1200 over the expenses. It's hard to break even on something this large. The Council expressed their appreciation for the way the event was organized and the variety of good entertainment and fun that was available.

2) Other Reports

Finance, Human Resources Director Joni Vaughn said the General Fund is looking quite well. She called their attention to the cover sheets and explained that we should be 75% through our year. She reported that 85% of the revenues are in and the overall expenses are at 59%. She said we have some projects outstanding and that we have money budgeted for street repairs and the new animal shelter. She said that staff has done a good job in helping keep the expenses down.

Joni said that the first page of summary shows that we received $80,196.22 in sales tax in June and that $40,098.12 was for the General Fund and that the Economic Development and Community Development Corporations each received $20,049.05.

She reported that our investment account is good and there is a considerable amount in the checking account. She said that the 4-a checking account is considerably lower. The E.D.C. parks account is a dedicated account so if you take that out of the available funds that makes their accessible funds low at this time. She said there is a $33,000 certificate at NorthStar bank which was in escrow during the sale of the Main Street property. The E.D.C. has $126,000 promised in grants right now and that money could come due at any time. She asked them to take that into consideration before granting any more fund requests.

Joni said that 4b has little bit more in available funds.

She said that in the general bund the revenue for building permits and the Community Development expense for special services look like we have a very large amount in each of those accounts. This is because of the building permits for the new school. The ISD paid us but we then paid Bureau Veritas that same amount for the building plan review. She said she will put both of these amounts in an escrow account as a wash so the revenue and expense accounts won't reflect those large amounts.

F. AGENDA BRIEFING

City Manager Earl Berner said there are eleven items on the Consent Agenda. He read items 1 thru 5 and then said that items 6 thru 10 are zoning changes pertaining to livestock in the city. He said that Item 11 is a housekeeping ordinance because when Chapter 122, Zoning, was redone that a phrase was left out on the C-3 maximum lot size. Mr. Berner said that under Business we have five items listed but we are going to pull Item 5. The first item is the bids for the 2008 street rehabilitation; Item 2 is the site plan for Sonic; Item 3 is an Ordinance for handheld communication devices in school zones; and Item 4 is to call the special election for mayor and a joint election with the Denton County Elections Administration. Then we will have a workshop on the preliminary budget FY 2009.

G. VISITORS/CITIZENS AGENDA

Mayor Pro-Tem Hammond opened the Visitors/Citizens Agenda.
Mayor Pro-Tem Hammond closed the Citizens Agenda when no one came forward to speak.

I. **BUSINESS:**

1) **Consideration and Action on approval of a contract and award the bid for the 2008 Street Rehabilitation.**

Motion to approve the contract and award the bid for the 2008 Street Rehabilitation to Quality Excavation, LTD was made by Councilmember Fletcher. Second by Councilmember Martin.
Ayes: Mayor Pro-Tem Hammond and Councilmembers Marino, Connors, Fletcher, and Martin
Noes: None
Motion Passed

City Manager Earl Berner reported that Base Bid A is Harbour Town; B is Lakeway Court; C is the storage bins at the Public Works yard; D is Queen, Duchess, and Countess; E is Lake Vista, Wildwood, Beck and Columbia; F is the Betchan Street drainage which is already done. He said that Lake is not on the list but we will not be doing Beck and Columbia so can substitute Lake. We should be able to start within a month. There are a couple of places that need minor repairs on Shady Shores by Lake Haven Estates and on Hundley.

2) **Consideration and Action on approval of a Site Plan for Sonic Drive Inn of Lake Dallas.**

McKee Yant said that he built the current Sonic thirty years ago and that he wants to freshen it up. He said they plan to level it and start over. He said they will eliminate some of the stalls and have a drive-thru window. He showed them pictures of the one in Kemp and said it would be like that building. He said that most of the time the process is done in six to eight weeks. They don't plan to do it until later in the fall after the lake business has passed. May be in November or December time frame.

Mr. Yant said the structure will be stucco on bottom and stone on top and that they will be increasing it ten feet longer toward the front street. He said the canopies will be raised to nine feet and be configured different from the current scheme. He said they plan to close off part of the entry way off Shady Shores to make a better and safer traffic flow. There will be separate parking for those who want to get out of their cars and go inside to east and they will do more tables. They will extend the sidewalk for Main Street in the same theme as the others on Main Street.
Motion to approve the Site Plan for Sonic Drive Inn of Lake Dallas was made by Councilmember Marino. Second by Councilmember Martin.
Ayes: Mayor Pro-Tem Hammond and Councilmembers Marino, Connors, Fletcher, and Martin
Noes: None
Motion Passed

3) **Consideration and Action on approval of an Ordinance prohibiting the use of hand-held communications devices in school zones.**

Police Chief Nick Ristagno said that if the ordinance passes it will be in the city newsletter next month and we think Marcia will print it in the Lake Cities Sun. Signs will be put out. He said that after school starts there will be an ample warning period before we start issuing citations. He said that for those of you who missed the prior meeting this came about because several officers had come to him regarding cell phone use in school zones. This is really a preventative measure.

Motion to approve an Ordinance prohibiting the use of hand-held communications devices in school zones was made by Councilmember Fletcher. Second by Councilmember Martin.
Ayes: Mayor Pro-Tem Hammond, Councilmembers Marino, Connors, Fletcher, and Martin
Noes: None
Motion Passed

4) **Consideration and Action to approve a Resolution to call a Special Election for the office of the Mayor of the City of Lake Dallas to be held jointly with Denton County Elections Administration.**

Motion to approve a Resolution to call a Special Election for the office of the Mayor of the City of Lake Dallas to be held jointly with Denton County Elections Administration was made by Councilmember Connors. Second by Councilmember Marino.
Ayes: Mayor Pro-Tem Hammond, Councilmembers Marino, Connors, Fletcher, and Martin
Noes None
Motion Passed

5) **Consideration and Action on approval of an Ordinance authorizing the issuance and sale of City of Lake Dallas, Texas, General Obligation Refunding Bond, Series 2008; levying an annual ad valorem tax and providing for the security for and payment of said bond; and enacting other provisions relating to the subject.**

Item 5 was pulled from the agenda due to the fluctuation in current market conditions.

J. **WORKSHOP:**

1) **Discussion on FY 2008 Budget Year End and FY 2009 Preliminary Budget.**

City Manager Earl Berner said all the meetings on the budget schedule he prepared are on regularly scheduled meeting nights. He said the other memo is a brief summary of some of the highlighted areas from the 2008 budget. The franchise fees for Charter and CenturyTel are going down which is probably due to other phone companies and TV viewing options.

He said we've seen strong years in Municipal Court and the building permits. He said that currently there are only twenty-three home sites available in the Mercedes project and so we'll have a significant drop in building permits revenue. They're reaching build-out.

Mr. Berner said we budgeted heavy for gas and oil but didn't budget heavy enough and that we will probably be about 25% over the budgeted numbers. He said that Councilmember Marino has asked him to look into alternate fuels so we're beginning that now. He summarized 2008 by saying we should be able to add another $200,000 to our reserves in addition to the $62,000 we've already put into it this year. On FY 2009 with good results from the Mercedes homes, primarily our assessment basis is up by

$17,000,000 which is a huge increase for us. The court fines are expected to remain at the same high level based on the activity. The hotel tax should be able to stay about the same even with the new hotel being built in Corinth in the same proximity.

City Manager Earl Berner said that on the personnel expense side he had neglected to say that we would like to convert two positions; we would like to have the part-time administrative assistant to full-time and convert the seasonal Public Works position to a full-time position. He said we just can't keep up in the Public Works Department. There are several programs we can't get under way due to lack of staff. Her said that as promised we hope to increase the street budget annually so can pay as we go. The storm water issues need to be addressed even before we get into our storm water plan.
Mr. Berner asked that the Council look at these numbers in the budget and said that if they have any questions they should call or email him with their concerns. He said that, as usual, this time of the year the Budget is a living document.
He reported that with the personnel that on our health insurance we will have an 8% reduction in our cost this year. He said we will talk with Rodney a little later this year.

The expenditures for the City Council are for the reception for volunteers, the employees dinner, scholarships, travel, and fireworks.

Our first public hearing should be on August 28, or sooner if we can get the budget worked out earlier.

K. CITY MANAGER REPORT

City Manager Earl Berner said the building across the street has been demolished. He said the expense had been estimated at $10,000 and that the Economic Development Corporation would do pay for it. However the actual cost came in around $23,600.
Mr. Berner said we're working with a committee in Little Elm about the opening of the new toll bridge. It will be the last Sat. in June of 2009. It will be staged in Lake Dallas because we have more space for parking. There will be a Fun Run over the bridge and a VIP tent.

L. NEW AGENDA ITEMS

Councilmember Connors asked that we do a nice framed Certificate Of appreciation for Johnny Harris of Lake Cities Municipal Utilities Authority or a plaque for his service to the Lake Cities for his thirty years of employment. We should schedule the presentation at a meeting when he would be available.

M. ADJOURNMENT

Mayor Pro-Tem Hammond adjourned the meeting at 8:29 pm.

Carol Ann Connors	Councilmember 2
Richard Martin	Councilmember 5

Councilmember Marino was out of town.
Councilmember Fletcher was absent.

Staff Present: City Manager Earl Berner, Police Chief Nick Ristagno, and City Secretary Beverly Weikum.

B. INVOCATION

Mayor Pro-Tem Hammond gave the invocation.

C. PLEDGE OF ALLEGIANCE:

Mayor Pro-Tem Hammond led the pledges of allegiance.

D. ANNOUNCEMENTS

City Manager Earl Berner reminded everyone of the July 4 events. He said the parade starts at 9 am and there will be events until the fireworks begin.

Councilmember Connors invited everyone to come to the all-day event. She said it is very Americana and really a lot of fun.

Mayor Pro-Tem Hammond announced that he has decided to run for Mayor of the City of Lake Dallas in the November election.

E. REPORTS

1) Boards and Commissions
2) Other Reports

City Manager Earl Berner said there was nothing but the normal to report except that the Keep Lake Dallas Beautiful Committee has had to reschedule the cleanup and welcome sign maintenance from June 21 until probably September.

F. AGENDA BRIEFING

City Manager Earl Berner said there are six items on Business Agenda and read the titles. He said then there is a workshop item on the use of cell phones in school zones. He said that the workshop for the outdoor events has been pulled from the Agenda.

G. VISITORS/CITIZENS AGENDA

Walter St. Clair, 700 Lake Street, brought a petition from the Lake Street and Shore Drive residents about the repair of Lake Street. He said it is deteriorating pretty badly. He said that he understand it's on the list for repairs.

Mayor Pro-Tem Hammond said it is on the list of street repairs.

City Manager Earl Berner said the bid opening for the 2008 Street Rehabilitation is set for July 10 and then it will take about a month for the contractor to get started on the projects.

Bob Kutzner, 716 Lake Drive, had four handouts to give to the City Council that was an aerial map of the east part of the city from Main Street north. He said there are several city signs that point to the marina area. The marina owners have a sign on Nick Street. He said that Lakeview goes all the way up to the airport. He said that as you come down Shore Drive that it hits the COE property and becomes a dirt road that goes to the marina. He asks that a pole be placed at Lake Street and Shore Drive to limit access to that area. It will decrease city liability by limiting vehicular traffic and it's a blind corner. There was a stop sign on his corner that was knocked down twice since he's lived there so he asked that it be moved. He said the city could decrease sign maintenance by keeping traffic from going to the marina from those streets. He said there are a lot of kids and walkers that use that roadway. He said we could place a sign reading 'no vehicular access.' He thinks that it is an unnecessary access to the marina area. He said that when they open the toll bridge and connect Lakeview Drive to Swisher Road that their first access to the marina will be Shore Drive. He said that the marina has Ski Lake that is right off the gravel road that extends from Shore Drive.

H. BUSINESS:

1) Consideration and Action on approval of Minutes for the June 12, 2008 meeting.

I. WORKSHOP:

1) **Cell phones in school zones.**

Police Chief Nick Ristagno said that use of cell phones in school zones has been receiving a lot of attention. He said that a lot of cities have passed ordinances restricting the use of cell phones in school zones and during school zone hours only. He said that our officers estimate that 40% of the people stopped for school zone violations are using cell phones at that time.

Chief Ristagno said that we could plan a public education program to run during the summer so that when the new school year starts the ordinance will be in place and the residents will be aware of it. He said our officers support the ordinance.

There was discussion about personal responsibility versus ordinances. Talking on a cell phone and/or texting while driving is not appropriate and people should understand that. Could signs be put up regarding "No cell phone use while in a school zone?"

Chief Ristagno said he shares the same sentiment but that while 60% of the drivers do not use cell phones while in school zones, he feels we should pass the ordinance for those who are not responsible.

The question was asked if we could pass the ordinance but put up warning signs ahead of time and allow 45 or 60 days that we would issue warning citations.

Chief Ristagno said that in the beginning of a school year we extend the courtesy (warnings only) during the first week of school regarding speeding in the school zones. He said that by policy we can tell the officers we'll go 'so many days' before issuing citations. He said that citations are not issued when school is not on. The school district purchases the lights and signs and the city regulates them.

2) Outdoor events.
This item was pulled from the agenda.

J. CITY MANAGER REPORT

City Manager Earl Berner said we had a meeting with Little Elm and the County regarding a celebration on the opening of the toll bridge. He said we will have a Fun Run from our side all the way across the bridge to Little Elm and back. It's a five-mile trip. It is being planned for the last Saturday in June of 2009.

Mr. Berner said that the fence issue between the residents in Thousand Oaks and Jackson Ranch will have to be shuffled as the fences are replaced.

The street light on Black Walnut that was too bright has been or will be replaced with a high pressure sodium fixture so it is in the process of being resolved.

They have poured the piers and the preliminary plumbing is in at the new Animal Shelter.

Mr. Berner said there will be a pre-bid meeting on July 3 and open the bids for the 2008 Streets Rehabilitation on July 10. Work should start the first part of August.

He said that we are hoping the storm drain works as well as we'd like them to at Betchan and Main.

On the TTMJ Project, we have to get the asbestos issue resolved and then ten days later we can start the demolition.

We will be writing ordinance an ordinance to address the livestock issue. It should be on the second meeting on July's agenda. Chief Ristagno has asked Animal Control Services to survey and see what impact it will have on those residents who currently have livestock.

K. NEW AGENDA ITEMS

City Manager Earl Berner said the Budget will be coming up soon. We will probably have it on the first meeting in July.

B. INVOCATION

Mayor Pro-Tem Hammond gave the invocation.

C. PLEDGE OF ALLEGIANCE

Mayor Pro-Tem Hammond led the pledges of allegiance.

D. ANNOUNCEMENTS

City Manager Earl Berner reminded the Council of the 4th of July Events. He said there would be activities from 9:00 am until the fireworks start. There will be contests, kids activities, and the Lake Dallas Idol competition all day long.

E. REPORTS

1) Boards and Commissions

City Manager Earl Berner said that the Keep Lake Dallas Beautiful Committee has scheduled a cleanup for June 21 and will be working on the welcome sign. They will be planting monkey grass and other plants.

The Parks and Recreation Board will have a meeting on June 18 which will be volunteer training for 4th of July events.

2) Other Reports

Finance, Human Resources Director Joni Vaughn said the General Fund received $57,728.38 for the May sales tax. The General Fund and Investment Account are holding pretty strong. This is the time of the year that receipt of revenues slow down. We should be at 67% of our budget and are on target with revenues. We are under budget on expenses. She said that in Community Development Department, under Professional Services, a large amount is shown for this period and that's because we took in $46,000 for the Lake Dallas Independent School District building permit. It is a wash, though, because we had to pay out that amount to Bureau Veritas.

City Manager Earl Berner said we also received the money from the Certificate of Obligation on the fire station and that will show on the June financials.

The Economic Development and Community Development Corporation both had $28,864.19 sales tax revenue. Joni said that on the Economic Development Corporation financials shows parentheses around $16,000 but that is incorrect. It should be a net income and not a loss.

The Community Development Corporation still owes the City $20,000 but we did cut the check this month so they'll be current with the City.

Council had no additional questions.

F. AGENDA BRIEFING

City Manager Earl Berner said there are eight items under the Consent Agenda and read those items. He also said there are four items under Business and read those. He said a workshop item would follow the Business items.

G. VISITORS/CITIZENS AGENDA

Mayor Pro-Tem Hammond closed the Citizens Agenda when no one came forward to speak.

Noes: None

Motion Passed

City Manager Earl Berner said that the sign is about 20 feet from the existing road surface. He said that since the road has recently been widened that it's doubtful that there will be any more easement removed from that area for awhile. He said there is sight obstruction due to Unified Aircraft Services building. He said that from this location it can be seen back just past Jackson Ranch. Mr. Berner said that QT promised that if we had to do utility work, or anything, they'll move the sign. He said he'd rather have their sign in the right-of-way.

Motion to approve Consent Agenda Item 3 was made by Councilmember Connors. Second by Mayor Pro-Tem Hammond.

Ayes: Mayor Pro-Tem Hammond, Councilmembers Marino, Connors, and Martin
Noes: None

Motion Passed

J. WORKSHOP:

1) **Livestock and/or zoning changes reflecting livestock restrictions.**

City Manager Earl Berner said that at the last meeting we approved a change to make the livestock ordinance more descriptive. There are references to livestock in the zoning ordinances. If we are looking at prohibiting any new places for livestock in the city it would appear that the best way would be do amend the zoning ordinances and leave the livestock ordinance as it is. We could remove all references to livestock in the residential districts.

There was discussion about whether there have been complaints about existing livestock and about the grandfather clause. City Manager Earl Berner said if a property is not used for two years then the property reverts to it's zoning without the grandfather clause. If we have more agricultural property we will receive less property taxes.

J. CITY MANAGER REPORT

City Manager Earl Berner asked the councilmembers to look in your packets for the survey from DENCO Area 9-1-1. The surveys are due back by June 16. He asked them to give them to the City Secretary and she will mail them to DENCO.

Mr. Berner said we've completed the hiring of the two part-time administrative assistants. He said that both are doing very well after having been here for ten days.

He said the new door on the Evidence Room will be installed in the next day or so. He said we're very happy with all the extra room we've acquired.

City Manager Earl Berner said that the Betchan Street improvement is going very well. The culvert will have to cure for about seven days.

2) Other Reports

F. AGENDA BRIEFING

City Manager Earl Berner read the six items listed under the Consent Agenda and then read the three items listed under Business.

G. VISITORS/CITIZENS AGENDA

Mayor Johnson opened the Citizens Agenda.

Nelson and Bobbie Perry, 409 Brookside, Lake Dallas, had handouts for the Mayor and Councilmembers regarding a division fence between the Jackson Ranch and Thousand Oaks subdivisions. It has been determined, unofficially, that this fence which is over 2000 feet long and affects multiple property owners, was mistakenly located. The supposed error would allow the Thousand Oaks property owners to relocate their fences 2 – ½ feet into the yards of the Jackson Ranch property owners. They requested that the City Council take action to ensure that the existing defined property lines remain intact.

Mayor Johnson closed the Citizens Agenda when no one else came forward to speak.

H. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for the May 8, 2008 meeting.**

F. REPORTS

1) Boards and Commissions

2) Other Reports

City Manager Earl Berner said that the revenues continue to come in very strong and expenses are staying in line with where they should be. He said the sales tax is slightly higher than a year ago for April.

He said the Community Development Corporation is now coming out of the financial hole they were in the first part of the year. Have received our final payment from Texas Parks and Wildlife.

City Manager Earl Berner said the total funds available are on the report. We'll be getting back the $32,000 escrow as soon as all paperwork goes thru with the bank on the Main street property.

The Parks and Recreation Board is preparing for spring and summer events.

He said the Keep Lake Dallas Beautiful Committee had a successful quarterly cleanup in April with over eighty participants. We also had our butterfly garden dedicated to Mrs. Green on April 19. The sign is being put up and hopefully should be completed this week.

G. AGENDA BRIEFING

City Manager Earl Berner read the items on the agenda. He said we will have the Executive Session right after the Citizens Agenda. Mr. Berner then read the Consent Agenda Items and Business Items.

H. VISITORS/CITIZENS AGENDA:

Linda Berman, 321 Scarlet Oak Drive said that on April 25 Oncor came and modified the street light at Black Walnut and Scarlet Oak. She said she spoke to someone and finally was able to speak with Bill Waldrop told her it was 175 watt bulb and clear globe. They will replace all streetlights that go out with the same wattage bulbs and clear globes. No one seemed to be particularly inclined to speak with her because the City of Lake Dallas is their customer. Someone had told that there is a shield that can be installed to cut down the light. She left DVD's of that light and the other two on that street with the councilmembers and City Manager.

Dee Campbell, 324 Scarlet Oak Drive, said they have been residents for the last ten years. She said that their quality of life has changed dramatically. She hopes Council agrees that the wattage is too hot for a residential light. She said first the light didn't work for three years and it shined down not up. She said their master bedroom is on second floor and that the light shines right in. She has put up sheets up to try to block out the light. She said that she's a licensed nursing home administrator and that quality of life is what she deals with. She is hoping the situation can be resolved because it's already been three weeks.

Mayor Johnson said that Council will pass this on to the City Manager because it sounds like staff issue. She said that if we need to put this on a future agenda we can do that.

Mayor Johnson closed the regular meeting at 7:52 pm.

I. EXECUTIVE SESSION:
City Council to meet in closed session with the City Attorney regarding the November election under Section 551.071 of the Texas Government Code.

Mayor Johnson called the regular meeting back to order at 8:20 pm.

6) **Discussion on street rehabilitation priority schedule.**

There was Council discussion on various streets including Lake and Harbour Town. The cul de sacs in Kings Manor need to be done at the same time.
City Manager Earl Berner said that there are spots that are failing on Hundley and Shady Shores.

There was discussion that a recommendation that the City Staff should prioritize the streets. The plan is to go out for bids in about a month with the work being accomplished this summer. During the budget workshop we could try to work some more streets in for next year.

City Manager Earl Berner said the engineers estimate that a two-inch overlay would work on Starfish, Dolphin, Surf and we should try to get these into next year's budget. He said there are some storm water issues in that area.

M. CITY MANAGER REPORT

City Manager Earl Berner said that we are still progressing on screening of dumpsters. Thirteen have been completed to date. Twenty-two letters went out as a follow-up. When deadlines are passed and the requirements have not been met, citations will be issued. Four or five of these are trying to get their stuff lined up. The dumpster enclosures that do not have dumpsters in them are not included in this effort.

N. NEW AGENDA ITEMS

Councilmember Connors reminded everyone that we're meeting at 9:00 am next Wednesday for the Budget Retreat/Workshop.

City Manager Earl Berner said we should be done by two or three o'clock and handed out a "pre-read" for the budget to the councilmembers. He said the coversheet that includes the goals of 2005 reflects what has been accomplished.

Possible quorums should be posted for the Memorial at 5:00 pm at the Lake Dallas High School football field and the funeral at the church on Saturday at 2:00 pm for Carolyn Green.

E. PROCLAMATIONS

1) Sexual Assault Awareness Month as April 2008

Mayor Pro-Tem Hammond read the proclamation as furnished by the Friends of the Family of Denton County.

F. REPORTS

1) Boards and Commissions

City Manager Earl Berner said the Parks and Recreation Board continues preparations for the summer events.

The Keep Lake Dallas Beautiful Committee is pursuing membership in Keep America beautiful. They have also planned a cleanup for April 19 that follows the breakfast and park improvement dedication mentioned in the previous announcements.

The Economic Development Corporation has given a grant to Bogey's Hair Salon for moving to Market Street.

Mike Mayberry will be closing next week on the property on Main Street.

The Community Development Corporation plans to apply for another grant for Willow Grove Park for a boat ramp and other improvements. They are also working with someone interested in having a concession stand in that park.

2) Other Reports

a) Mr. John Klaiber, Waste Management said that the implementation of the recycling program was just the beginning of the journey. He said that they need some feedback of what's been happening the last four months. He said that from their standpoint it has been an unqualified success. The amount of garbage put in the recycle bins has been minimal and that the City has about a 40% participation. He said that doesn't mean that 60% are not using the program. He said that some people are only putting out their bins about twice a month. Mr. Klaiber said that about 170,000 pounds was diverted from waste to recyclable. He said that around the country that 2/3 of the recyclables is paper He said that they have a formula and that just with the paper the City of Lake Dallas has saved 935 trees. People have not abused the program. He said they will continue to work with Mr. Berner and other city staff to get the information out.

Council asked Mr. Klaiber if he could get with the City Manager and do a press release. They also asked something could be put on lids stating what we should/shouldn't put in the bins. Mr. Klaiber said he would see if that is a shelf item or if they would need to have some printing done. A lot of residents are still thanking the Councilmembers for implementing the recycle program

Mr. Klaiber said they made asimilar presentation to Hickory Creek a couple of weeks ago. He said that around the country the typical Waste Management bill is $25 or $30/month. He said that here it's about half that and the reason is our location is so close to the landfill so that the transportation costs are less. He said that when that landfill closes and when we have to transport the waste eighty miles, that's when it's going to get expensive.

b) Finance, Human Resources Director Joni Vaughn said we have not received our sales tax yet for this month. She said that we transferred our payment to the fund balance account. She said that funds have also been transferred for the debt service for the 2008 payments. She said that we have brought in 84% of our revenue so far this year. The March financials represent six months of operations. Most franchise fees are paid annually and TXU usually makes their payments in June.

Joni said the Community Development Corporation still has a bond payment due to the City and they should be able to pay it out of this month's sales tax receipts.

City Manager Earl Berner said that we are 4% ahead of last year on our sales tax receipts. He said that previous years have been 8% so we're a little down.

G. AGENDA BRIEFING

City Manager Earl Berner read the items listed under the Consent Agenda and then listed the items under Business.

K. CITY MANAGER REPORT

City Manager Earl Berner introduced Julie Chapman, in the audience, as the newest board member to the Community Development Corporation.

Mr. Berner reminded the Council of the May 14 strategic planning and budget meeting at Oakmont Country Club.

He said we've been watching Andrews Transport and he had the opportunity to meet one of their employees recently. He was told that Andrews will be moving their operation to Allen in the near future and will put the building up for sub-lease. He said that we should think if we want that to be a different type of use.

He said he hasn't had a chance to tell Chief Ristagno but Upper Trinity has signed the electric easement with Oncor. The contractor had adjusted his schedule and believes that once the construction is underway it will only take 180 days to complete. He had bid 240 days.

L. NEW AGENDA ITEMS

Councilmember Fletcher asked if we would consider moving the Council meeting days to Tuesday and discuss how we're going to handle our second meetings of the month.

J. WORKSHOP:
1) Budget Retreat
City Manager Earl Berner said the retreat has been scheduled for May 14, a Wednesday, at the Oakmont Country Club beginning at 9 am. He said that he plans to have the list on the memo incorporated into a plan. He said we will have something preliminary for Council and asked for any input from the Council prior to the meeting so we can discuss any plans they might have. He said the Succession Issues is primarily for cross-training with the staff.

K. CITY MANAGER REPORT
City Manager Earl Berner said Animal Shelter is moving along. The contract is under review by the builder and City Attorney. He said we just got the utility easement for the electric line.

Mr. Berner said Willow Grove Park website had 2800 hits this month. He said there have been at least ten reservations for campsites directly through the website.

Mike Mayberry called Mr. Berner today and said he is going to close on the Main Street property next Friday.

There will be a traffic light at Shady Shores & Swisher. TxDOT will pay for the installation and we are to pay the maintenance which should be a minimal cost.

L. NEW AGENDA ITEMS
Councilmember Connors said that the April 8 Chamber of Commerce luncheon is hosted by the EDC's of the four Lake Cities so we need to try to attend that luncheon.

M. ADJOURNMENT

D. ANNOUNCEMENTS
City Manager Earl Berner said the Keep Lake Dallas Beautiful Committee has a cleanup scheduled for April 19 at 9:00 am and there will also be the dedication at City Park.

E. REPORTS
1) Boards and Commissions
2) Other Reports

Mayor Johnson asked for the financial reports first.
Finance, Human Resources Director Joni Vaughn said that we have received most of the property tax revenues. She said that we'll do transfers into the Debt I & S, the Equipment Finance Contract I & S, and the Reserves restricted account soon.
She called their attention to the animal services account that was questioned last month. Joni said they discovered there had been an item purchased and charged to Operating Supplies. It should have been coded as an emergency purchase so it has been moved from Operating Supplies to Emergency Purchases. Budget Amendments will be presented to the City Council for this item as well as a new server for Administration.

Councilmember Connors said she appreciates how hard the staff works to stay within the budget.

Joni read the reports for EDC and Community Development Corporation. She said the Community Development Corporation paid off the short-term loan this week so $30,000 came out of the $34,000 that shows as available on their report. She said both corporations received the monthly sales tax today in the amount of $20,922.

Special Events Coordinator Holly Deitrick said the Parks and Recreation Board is getting ready early for the 4th of July event. She said they will bring in quite a few more volunteers this year. She said the carnival will be back again this year on May 15th and run through the 18th.

Holly said the Keep Lake Dallas Beautiful Committee is getting ready for their cleanup, dedication and scavenger hunt.

She said the sponsorships are already coming in. We will have the parade in the morning events all day long. The vendors will be able to start setting up while the parade is lining up. Everything will be 'on go' at 9 am. She said that fireworks companies have all been hit with big increases so the cost will be going up this year.

F. AGENDA BRIEFING
City Manager Earl Berner read the items listed under the Consent Agenda. He next read items under business and stated that we also have a workshop planned with Dave Snider.

G. VISITORS/CITIZENS AGENDA:

I. BUSINESS:
1) Consideration and Action to award a contract for the Animal Control Shelter.
Russell Bates of Bates Architects, Inc. said that the apparent low bidder was Schmoldt Construction Company. Mr. Bates discussed the recommendations for the value engineering items.
Motion to accept the bid from Schmoldt Construction Company with the adjusted alternates presented by Mr. Bates for the construction of the animal control shelter facility was made by Councilmember Connors. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, and Hammond
Noes: None

Motion Passed

2) Consideration and Action to adopt a resolution directing publication of notice of intention to issue certificates of obligation.

Marti Liljekvist said the original issue had been set up for the fire station purchase but since then there's been a need for additional funding so the City Council needs to reauthorize the intention to issue the certificates of obligation to include the funds for the animal shelter. She said that this will delay the financing for about a month due to the publication of notice.
Motion to adopt the resolution directing publication of notice of intention to issue certificates of obligation was made by Councilmember Marino. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, and Hammond
Noes: None

Motion Passed

3) Consideration and Action on selection of a date, time and location for a budget retreat.

City Manager Earl Berner said he asked Special Events Coordinator Holly Deitrick to locate some places where the City Council could hold its budget retreat. Holly had handouts for the Council with information about the places she had contacted.
Motion to choose the Oakmont Country Club since it is more local as the place for the first annual budget retreat and the preferred date of May 14 with options of the 13th or 15th as alternate dates was made by Councilmember Hammond. Second by Councilmember Marino.
Ayes: Councilmembers Marino, Connors, and Hammond

6) Public Hearing on approval of a replat Lots 1, 2, 3, 4, and 5 of Block 8 and Lots 1, 2, 3, 4, 5, and 6 of Block 9 of OT Garza Survey, and Tract 28 of A1355a Wright Survey in the City of Lake Dallas, Denton County, Texas into one (1) lot.

Wes Eversole, 4512 Jenny Lane, Flower Mound, said the proposed elementary school will be 120,000sf structure and would house the pre-k thru 5th grade students. He said their goal is to open during the fall of 2009. He said the building will replicate the new school in Shady Shores. He said that bus traffic will be separated from car traffic with respect to drop-offs. They will be attempting to try to keep the traffic off Main Street during rush hours. He said there's a thirty-minute interval between middle school opening and this school to help alleviate some of the traffic issues. He said they are also proposing to improve San Jacinto, Sycamore, and Falcon with concrete.

Marcia Rios, 204 Deer Path, Hickory Creek, asked about letting children come inside. Mr. Eversole said that right now they allow the children to come inside from the bus area and through the front door at Shady Shores. He said they are not looking at opening up the side doors and will try to channel any foot traffic through the front door. They are going to encourage to parents to drop the children off at the back in the drop off area instead of stopping on Main Street to drop the kids off. He said they will work with the city regarding and signage and lights.

Mayor Johnson closed the public hearing when no one else came forward to speak.

7) Consideration and Action on approval of a replat Lots 1, 2, 3, 4, and 5 of Block 8 and Lots 1, 2, 3, 4, 5, and 6 of Block 9 of OT Garza Survey, and Tract 28 of A1355a Wright Survey in the City of Lake Dallas, Denton County, Texas into one (1) lot.

8) Public Hearing on approval of an Ordinance to abandon Market Street (a 60 foot right-of-way) line of San Jacinto Avenue (a 60 foot right-of-way) to the west right-of-way line of Falcon Drive ((a 60 foot right-of-way) aka Texas Drive); and, Falcon Drive ((a 60 foot right-of-way) aka Texas Drive) from the South a right-of-way line of Sycamore Street (a 60 foot right-of-way) to the north right-of-way line of Main Street (a variable width right-of-way).

Mayor Johnson closed the public hearing when no one else came forward to speak.

9) Consideration and Action on approval of an Ordinance to abandon Market Street (a 60 foot right-of-way) line of San Jacinto Avenue (a 60 foot right-of-way) to the west right-of-way line of Falcon Drive ((a 60 foot right-of-way) aka Texas Drive); and, Falcon Drive ((a 60 foot right-of-way) aka Texas Drive) from the South a right-of-way line of Sycamore Street (a 60 foot right-of-way) to the north right-of-way line of Main Street (a variable width right-of-way).

Councilmember Connors said that she and others are opposed to the abandonment of Falcon drive since it is a direct north/south route from Main Street to Hundley Drive. She said she would also like to recommend that their construction trucks go down Hundley instead of Main to get to the building site.

John King with DMS Architects of Fort Worth said they plan to make San Jacinto a full-fledged street. He said that due to the complexities of the site the building placement will require blocking off part of Falcon Street. He said that they did try to take into consideration the concern that Carol Ann had voiced.

Mr. Eversole showed the elevations for Lake Dallas Elementary and said they will try to put in some trees. He said they'll have some green space they'll try to landscape that area. He said they are planning to stay away from the pecan grove and put in a playground north of building. He said that the façade treatments will be a little different from Shady Shores.

Motion to approve an Ordinance to abandon parts of Market Street and Falcon Street was made by Councilmember Hammond. Second by Councilmember Marino.
Ayes: Councilmembers Marino and Hammond
Noes: Councilmember Connors

Motion Passed

J. WORKSHOP:

1) Dave Snider regarding a city facility.

Dave said he's been at Tech on Wheels on Hundley Drive since 1991. He said he's had many ideas over the years about how to turn that area into something to make a buck. He drives through Willow Grove Park every day and he looks across the lake and checks the progress of that bridge. He said that Lake Dallas needs an anchor and that we don't have a reason for anyone to drive down Main Street. He said he would be willing to combine both pieces of property and lease it to the city for 99 years for a dollar. He said that if we could have the whole park to where it wraps around he doesn't think it would take much to get a developer to come in and put in a 5 story building on that property. He said he would like to have 5% of gross revenues from the building and the city could get 10%. He said he's heard that Corinth is going to build a structure that will be five stories tall and that the fire department is going to have to keep up. He said that Neal's Restaurant is closed down and he is currently working on buying that property. He said he's also interested in the city's property on Swisher Road. He could have enough visibility if he could relocate to that property.

City Manager Earl Berner suggested that a market study be done.

K. CITY MANAGER REPORT

City Manager Earl Berner said he didn't have anything else to report.

L. NEW AGENDA ITEMS

Denton Drive rename on the agenda for the second week of April.

B. INVOCATION
Mayor Johnson gave the invocation.

C. PLEDGE OF ALLEGIANCE:
Mayor Johnson led the pledges of allegiance.

D. PROCLAMATIONS - CCA
Mayor Johnson read the Proclamation that proclaimed February 22, 2008 as Christian Community Action Day. This organization has served families in crisis in this community since February 22, 1973. Mayor Johnson presented the proclamation to Nick Panza, CCA Board Director.

E. ANNOUNCEMENTS
Police Chief Nick Ristagno introduced a new officer, Bill Soye. Chief Ristagno gave Officer Soye's background.
City Manager Earl Berner said the Keep Lake Dallas Beautiful Committee will hold its next cleanup on April 19. That is the same date that the Community Development Corporation plans the dedication of City Park. The dedication will begin at 9 a.m.
Mayor Johnson said that Dave Snider was in attendance to give the City a presentation. Mr. Snider handed out copies of today's Lake Cities Sun to the City Council and all those in attendance and said that February 18th is his Pat's, 40th wedding anniversary. He invited the City Council and all of Denton County to the celebration.
He talked about the funeral service earlier today for Harold Clark. He said that Harold was the Post Commander of American Legion, he had retired from the city, and he had served in the military. Dave said that Harold made sure the post's building got paid for and that it had a new parking lot. He said he felt embarrassed today because he didn't stand up at the service and say something about Harold's achievements.
He would like to meet with the Council about his property at the end of Hundley. He said the city needs an anchor to draw people to our city and he has a proposal he would like to share.

Mayor Johnson said we can set up a workshop at our next regular meeting to discuss the proposal.

F. REPORTS

1) Boards and Commissions

Finance and H/R Director Joni Vaughn reported the amount of sales tax received in January was $67,418.51. $33,709.26 went to the General Fund and $16,854.62 went to each of the economic development corporations. She said that we also received the quarterly beverage tax, $6,138.82, and quarterly hotel tax, $14,300.53. She said that our expenses were much larger because of the purchase of the fire station.

She said that the Community Development Corporation funds are a little lean right now because of the short-term loan.

2) Other Reports

City Manager Earl Berner said that the Parks and Recreation Board didn't meet because of the Mardi Gras event the night before their scheduled meeting. He said that the Keep Lake Dallas Beautiful Committee is planning a cleanup on April 19.

G. AGENDA BRIEFING

City Manager Earl Berner said there are seven items on the Consent Agenda and he read the titles. He said that under Business we have five items and he read the titles for those items. He said that the last item on the agenda is the workshop. We had two items but the one of the items has been pulled. Mr. Cameron is here to discuss his property.

H. VISITORS/CITIZENS AGENDA

Paul Forgey, 402 S. Lakeview, said he had received a public notice on rezoning for property abutting his. He said he would like to add his property on that rezoning.

Mayor Johnson said that our procedures will not allow us to do that. She said that to rezone his property he would have to file a separate application and pay the appropriate fee.

Mayor Johnson closed the Citizens Agenda when no one else came forward to speak.

I. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for the January 10, 2008 meeting.**
2) **Consideration and Action on approval of January financials.**

J. BUSINESS:

1) Consideration and Action on acceptance of Financial Audits FY 2007.

Carl Deaton of Hankins, Eastup, Deaton, Tonn and Seay asked the councilmembers to look at the fund balance on page 18. He said that some of that is earmarked and restricted funds for specific uses and that left the city with $575,000 undesignated funds. He said that a way to determine if that's a good or poor fund balance level is to look at our monthly expenditures. He said that we spend approximately $275,000 per month. That tells us that our fund balance is little over two months expenses. He said we need to be shooting for minimum of three months on hand and that we're moving in the right direction.

He said that our expenditures were only up 3% and revenues were up about 15% and that told him that the city did a good job holding the line on expenditures during the past year. He reminded the City Council that the projects completed by the 4a and 4b corporations are captured as assets of the city. He said that most of the city's debt consists of the 1998 street bonds. He gave a short report on the 4a and 4b corporations. He said those items were the highlights and asked if there were any questions. No one had any questions.

Motion to accept the Financial Audits FY 2007 was made by Councilmember Hammond. Second by Councilmember Marino.

4) Consideration and Action on approval of an Ordinance to approve a settlement agreement between the City of Lake Dallas and Atmos Energy Corporation (Mid-Tex Division).

James Johnson, Public Affairs with Atmos, said they don't produce the product, they just deliver it. He said they have reached an agreement with 150 of the 438 cities involved and have adjusted their case. He said the new rates are more consumer-friendly and especially for the elderly and more needy. Mr. Johnson said they have also put a rate review mechanism into operation with this settlement. The company found that the cities were not happy with the annual filings and annual rate filings. He said that with the rate review procedure it will be less expense for Atmos and would not require city actions multiple times per year. He said they would like to ask the City of Lake Dallas to join in the settlement. If we don't pass the agreement it will go back to the Texas Railroad Commission.

Motion to approve the Ordinance to approve a settlement agreement between the City of Lake Dallas and Atmos Energy Corporation (Mid-Tex Division) was made by Councilmember Marino. Second by Councilmember Connors.
Ayes: Councilmembers Marino and Connors

K. WORKSHOP:

1) Doyle Cameron subdivision

Doyle Cameron said the development standards are upgraded from what's currently in the neighborhood. He said that if this all works out they will let the city have the open space for use as a city park.

City Manager Earl Berner said that the first sheet of the packet is from back in 1996. He said that what Mr. Cameron is proposing is only twelve units. He said this land has some duplexes, the condos, and some vacant property that backs up to it
Mr. Cameron said that on their plots they have big open side yards. He said that on the units with the 2-car garage that they want to connect the two properties with a gate and fenced area. He said that it's a good product, an empty nester type of product. He said they have some 2-story units but the master bedroom will be downstairs in those units.

Mayor Johnson said she likes the idea of a green area or pocket park.

This item will go to the Planning and Zoning Commission at their February meeting and come back to the City Council as an action item in March.

2) Railroad Property

The people involved with this workshop were unable to attend the meeting tonight. Council did not discuss this item.

K. CITY MANAGER REPORT

City Manager Earl Berner said the pooper-scooper receptacles are in the parks. He said the street sweeping and leaf vacuuming were done at the end of January. He said that next week the reverse 9-1-1 system will be kicked off and that the Warrant Round-Up is underway. It is presently in the compliance time now.

Mr. Berner said we have received a bid for $1400 for painting the metal on the front of the building and was uncertain whether to with the current color scheme or change the color. Mayor Johnson asked Joni to go look at some color chips. City Manager Earl Berner said that later on we could look at doing a major façade change.

Mr. Berner said that the bid opening for the Animal Shelter construction is February 28.

L. NEW AGENDA ITEMS

The Chamber of Commerce annual Banquet is on February 28.

E. REPORTS

1) Boards and Commissions

Finance and H/R Director Joni Vaughn asked the Mayor and Councilmembers if they had any questions. She said our sales tax receipts in December were $87,149.17. We are starting to receive daily deposits of the property tax revenue. We received more through this past December than we have before and had our first big deposit this month.

Finance and H/R Director Joni Vaughn said that the Economic Development Corporation financial reports reflect $21,797 in sales tax revenue. She said the Community Development Corporation is down one account since we closed the one park account when we finished the parks improvements. She said the auditor brought his preliminary report in today.

Mayor Johnson asked City Manager Earl Berner about the amount shown for street maintenance. He said it was for the repair on Vista Ridge plus lots of pot holes.

The overtime in Administration is for the Finance and H/R Director Joni Vaughn getting caught up after budget preparation, preparing for the auditor, and working several meetings for the City Secretary while she was out for surgery and recovery.

City Manager Earl Berner said that the Parks and Recreation Board had their meeting this month and that the Keep Lake Dallas Beautiful Committee cancelled their January meeting.

2) Other Reports

F. AGENDA BRIEFING

City Manager Earl Berner said there were four items on Consent Agenda and he listed those items. He said that under Business there are three items and listed those items.

G. VISITORS/CITIZENS AGENDA:

Paul Forgey, 402 S. Lakeview Drive, said he's been asked by the City to move out after living there for 4 ½ years.

Mayor Johnson asked him if he's spoken with the City Manager and he replied that he had not. She said that the City Manager would contact him and if they can't solve the problem then next step is to come back to the City Council.

H. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for the December 13 and December 17, 2007 meetings.**
2) **Consideration and Action on approval of December financials.**

I. BUSINESS:

Mayor Johnson recused herself Mayor Pro-Tem Hammond presided over the meeting.

Mayor Pro-Tem Hammond opened the Public Hearing.

1) **Public Hearing on approval of an Ordinance for a Special Use Permit to operate a child daycare facility at 215 Betchan Drive, Lake Dallas, Texas; Tract 65 of the M. Wright Survey, Abstract 1355.**

Kim Berry, 215 Betchan, said she plans to have six classrooms and have children from the ages of six weeks to pre-school. They have 2500 sf and are doing some remodeling. She is getting ready to recruit children and hire teachers. Her student/teacher ratio is lower than what the State requires. They will have web-cams in all the classrooms so parents will be able to check on their children during the day. She will offer incentives to her teachers because turnover is very, very high in that career field. She said she would also like to offer her teachers one term for early childhood education at NCTC.

Council had no questions for her. Mayor Pro-Tem Hammond closed the Public Hearing when no one else came forward to speak.

2) **Consideration and Action on approval of an Ordinance for a Special Use Permit to operate a child daycare facility at 215 Betchan Drive, Lake Dallas, Texas; Tract 65 of the M. Wright Survey, Abstract 1355.**

Motion Passed

Mayor Pro-Tem Hammond turned the meeting back to Mayor Johnson.

3) **Consideration and Action approval of a Reimbursement Resolution for payment of the fire station building at 275 Main Street, Lake Dallas, Texas prior to funding arrangements.**

Boyd London said this is a document that allows the city to reimburse itself under federal tax regulations. He said that we probably don't need it, but it's a 'fail-safe' so there is no way that this can be challenged at this point. He said it is establishing the intent to pay the general fund back within 90 days after the borrowing money.
Motion to approve the Reimbursement Resolution for payment of the fire station building at 275 Main Street, Lake Dallas, Texas prior to funding arrangements was made by Councilmember Fletcher. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, Hammond, and Fletcher

J. CITY MANAGER REPORT

City Manager Earl Berner said that he had a voice mail from Alva Reece, who over time has had a lot of problems. He said that this time the City took care of her problem and she had nothing but praise Char Dupree.

Mr. Berner said that at 9:00 am on Monday that Mayor Johnson and the other Lake Cities mayors will be signing the fire department documents at Corinth's administration building.

Mr. Berner said that our recycling program has been going really well with only one person taking exception. He said that Waste Management said we're recycling over 70%.

He said that he met with the auditor. Mr. Deaton said that on preliminary note that we have $576,000 in our fund balance. Mr. Berner said that we'll be adding more to it this year. The auditor will be present at the first meeting in February.

Mr. Berner said that the last couple of days we've had electricians here to install motion detectors for lighting in various parts of the building in an effort to conserve energy.

He said we are planning to hire a leaf vacuum company to vacuum leaves out of gutters and curbs in next couple of weeks. Residents will have to get the leaves to the front of their property.

We have ordered puppy dog waste cans to be placed along the trail.

K. NEW AGENDA ITEMS

Mayor Johnson said the first meeting in February will be the City Council's next meeting. The second February meeting will be cancelled due to scheduling of the Chamber of Commerce banquet. She said that we're going to try to do a retreat this year during the budget process.

6) **Consideration and Action/Discussion on the financing of Fire Station Number 1.**

City Manager Earl Berner had handouts for the Councilmembers from Government Capital. He said that they currently have the financing on Station 1. He said that in the middle of the sheet they show three payment plans that are seven, twelve, and twenty-year plans.

City Manager Earl Berner said he wants to go with First Southwest and said we'll get a better rate and terms. He said they would be coming to the next meeting.

There was discussion about the closing date and that the timing is probably going to be within a six-month time period. During the discussion about the length of time to set for the finance period Council would like to look at some different options. They also want to find out about the possibility of making extra payments should we have extra reserves. City Manager Earl Berner said there's also the possibility that we may want to consolidate some of our debt in the next two to five years.

Council requested this be placed on the next City Council Agenda.

B. INVOCATION

Sugene May of the Spirit of Christmas gave the invocation.

C. PLEDGE OF ALLEGIANCE:

Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS

Jim and Sugene May, 4 Red Oak Circle, Hickory Creek, came forward. Mr. May said they want to thank the City Council for all the City has done for the Spirit of Christmas. He said the use of the Linwood Gilliland Community Room has been very helpful. He said that this year the organization is helping 159 families and consists of 191 boys and 219 girls for a total of 410 children. The assistance is based on poverty guidelines. He said that tomorrow night is the gift wrapping at the school on Hundley. He said there will be approximately 4000 gifts and a little over 5000 square yards of wrapping paper will be used. Sugene said they invite everyone out to help with the wrapping. She said that Tony would be Santa Claus again this year. She said it's exciting to see the Mayor and all the council turn out to help. She said that the City of Lake Dallas is the only council that comes out to help. She said that everyone is so nice and that they certainly appreciate that. In reply to a question by Mayor Johnson, Jim said that this year they are helping 15% more than last year but that it's close to 2005 when they were also assisting people who had been involved with the hurricane Katrina.

Mayor Johnson said that she can't be there tomorrow night and suggested that Sugene tell the reporter from the Denton Record Chronicle who was also in attendance at the meeting.

E. REPORTS

1) Boards and Commissions

2) Other Reports

Mayor Johnson asked Joni to do her financial reporting. Joni said the auditor was here before Thanksgiving and that we should be hearing from him soon. She discussed the Community Development and Economic Development Corporations financials. She said that we do have property tax revenue coming in. She said it's not large amounts yet but that those numbers will change soon.

Councilmember Hammond asked Police Chief Nick Ristagno about the amount under Vehicle Equipment Expense. Chief Ristagno said that amount was equipment for a vehicle that was converted. Joni said we had hoped to get the invoice into last year's business but that the invoice came in too late.

City Manager Earl Berner said that the Parks and Recreation Board and Keep Lake Dallas Beautiful Committee are doing their planning for 2008.

Mayor Johnson said that the Shop Lake Dallas Campaign went well and that it was rather inexpensive. City Manager Berner said that about five hundred people participated.

Council took no action on this item.

9) **Discussion about the financing of Fire Station 1.**
City Manager Earl Berner said that the current fire department has a surplus and will make the next payment on Station 1. He said he had thought it could be a 4-a project but instead it is a 4-b project. He said that if we do certificates of obligation we have to have a 60-day window.
Leroy Grawunder and Marti Liljekvist said they will have to determine what kind of options are available. Marti said they could put some schedules together for council to look over. There was discussion about the possibility of a 20-year note. They want to look at several different options.

J. CITY MANAGER REPORT

City Manager Earl Berner said he met with the consultants this week about the storm water permit requirements. We have to have a plan on file by February 13, 2008. The consultants should have the proposal finished up next week.

Mr. Berner said he met with the owners of the Railroad Property this past week. He said they had their master plan for that property so we can see what could happen there. He has suggested that they should possibly have some market planning done. Pedro Aguirre was with them and he has a good sense of what they need and. Mr. Berner said Mr. Aguirre has been involved in a lot of projects in north Texas.

K. NEW AGENDA ITEMS

Councilmember Marino said that he would like to schedule some workshops in the new year. He said that during some past events he has talked with some people who live on Swisher Road and they were asking him about rezoning that area. That could be an item for a town hall meeting.

D. ANNOUNCEMENTS

Chief Ristagno said the Kids n Cops Back to School Dance is tomorrow night from 7 to 10. Councilmember Marino said the Jet Ski races went well. They want to continue to make this the nationals. There were 130 at the banquet.

There were a lot of people who walked to the event and 200 vehicles parked in the lot.

E. VISITORS/CITIZENS AGENDA:

Audrey Stevens, 328 Texas Drive, said they have lived there for six years. They have had semis drive through their yard. They would like to have some signs put up "No thru Trucks." She said there a lot of kids that play on the street and that cars just race down through there. She said she has an estimate for yard repair.

Mayor Johnson asked Mrs. Stevens to fill out one of the City Council Comment Cards and give it to the City Secretary. She said that when a staff member contacts her that we can make copies of estimate at that time.

E. J. Rodriques, 329 Texas Drive, said that parking on that street makes it difficult to maneuver down the street. She said that if they had an emergency and if a fire truck or large police car had to get on that street it would be very difficult. She said that the easement where the street connects to Boliver that recently a truck took between an hour and an hour and a half to finally negotiate the turn.

E.J. said her company going to provide a bullet-proof vest for one of our police dogs. She said that maybe next year, or whenever they do another fund-raiser, they can do the other dog.

Mayor Johnson closed the Citizens Agenda when no one else came forward to speak.

F. BUSINESS:

1) Presentation by Dan Leal of the Children's Advocacy Center of Denton County.
Dan Leal introduced himself and said he would like to apologize that this is his first visit to the council. He said that what they do is unique. He said they work in partnership with all the law enforcement agencies, the county or district attorney in Denton County and the Child Protective Services. They offer free counseling and other services to children who have been abused. It is usually a sexual abuse encounter. He said that the offenders being held accountable for what they have done to these children are slim to none. He said that in 1996 out of all the cases only 8% had convictions. He said that was the year before the center came to Denton County. He said that the first time meet with the child that they do a video taped interview and provide a specially trained team who does that interview in a non-leading way so law enforcement agencies and CPS don't have to do more interviews. They share information with the district attorney's office and provide training opportunities for partner agencies. They provide free counseling for the families and kids. He said it's a system that works. He said that in 1997 with more of the "under 14 kids" the convictions rose to 59% and in 2001 it was 86%. He said that mean that our kids get justice and are able to heal. When they come to counseling it is very beneficial and it minimizes the amount of those kids who turn to drugs or petty crimes. He said that as far as the request for support that they submit them to all the cities in the county. He said that if we give them zero dollars they do not minimize their services. He told the Council that he would be glad to answer any questions.

Mayor Johnson asked him where their funding comes from. He said that their budget was $623,000 for 2007. He said they are a member of the United Way of Greater Metropolitan Dallas and that is where they get most of their funding. He said that they get some federal funding that it was about $129,000 this year. They are members of the National Children's Alliance and that funding from the Children's Advocacy of Texas was $65,000. They received $50,000 from Denton County, $19,000 from Lewisville and $7,000 from Denton. He discussed the fair share funding for the various cities in Denton County. They are located on Garden Ridge about a mile west of I-35. He will provide a list of the board of directors to the City Manager. They just had a golf tournament last week and he said he would keep us in the loop. He invited them to come to the Advocacy Center and see them in person for a tour. He said that the city's Lt. Sparby is very dedicated. He said that yesterday they did two presentations at the Lake Dallas High School.

2) Public Hearing on proposed Property Tax Rate
No one came forward to speak so Mayor Johnson closed the Public Hearing.

3) Public Hearing on proposed FY 2008 Budget
No one came forward to speak so Mayor Johnson closed the Public Hearing.

I. WORKSHOP:

1) **Budget FY 2008**

City Manager Earl Berner said there were two or three changes, as recommended by the council, from the previous budget submitted. and balance the budget by taking some money out of the reserves and something about getting the fire department settled.

There was council discussion regarding the CACDC about the amount and timing of the funding from the Municipal Court funds that are to be expended for programs designed to enhance child safety, health, or nutrition, including child abuse prevention and intervention and drug and alcohol abuse prevention. Municipal Court annual receipts from citations is approximately $2,000 plus there is funding received from Denton County annually. Council asked that this funding not be included in the budget since it is a restricted fund and that it be brought back to the Council during the month of October. Our funding of the CACDC will depend on the city's receipts.
We will finalize the budget next week.

L. CITY MANAGER REPORT

City Manager Earl Berner said he had one item. We got annual report from Standard & Poors this week and our bond rating is still at "BBB +" and that is good rating. They did comment that we have a lot in debt and we are aware of that due to all the projects underway at this time.

M. NEW AGENDA ITEMS

Mayor Johnson suggested that maybe we should only schedule one meeting in October since we have had three this month. City Manager Earl Berner suggested that we schedule the meeting for the fourth Thursday of October.

There was discussion about the Town Hall meeting. It was determined that we should schedule that meeting for the first meeting in November. We should start at 6:30 pm and then go directly from the Town Hall meeting into the regular agenda.

N. ADJOURNMENT

Mayor Johnson adjourned the meeting at 9:25 pm.

E. ANNOUNCEMENTS

Carolyn Green, Chair of Community Development Corporation, personally extended invitations to the Mayor and Councilmembers and city manager and city secretary to the ribbon cutting at Willow Grove Park on Saturday morning at 9:30. She commended the city workers for the good job they have done. She said they have a lot more plans for the park, but it is time to officially open Willow Grove Park. She said there will be refreshments.

Police Chief Nick Ristagno said the Back to School Dance is a week from tomorrow from 7 pm to 10 pm.

City Manager Earl Berner said that following the ribbon cutting at Willow Grove Park the Waterfest begins for the week-end. He said that October 20 is the Kids N Cops car show at Willow Grove Park.

F. REPORTS

1) Boards and Commissions
2) Other Reports

City Manager Earl Berner said that Keep Lake Dallas Beautiful Committee will have their quarterly clean up on October 20 before car show at Willow Grove Park. He said they are applying for a membership in Keep America Beautiful.

The Parks and Recreation Board are preparing for upcoming events and getting ready for helping this Saturday and Sunday.

Finance and H/R Director Joni Vaughn said the sales tax revenue for the year is $498,208 at August 31. Our revenue accounts received are showing 91% of budget and our total expenses are at 77%. She gave reports on the Economic Development and Community Development Corporations about their sales tax receipts and available cash. She said that we have received our September sales tax receipts of $89,190 with $44,595 for the general fund and $22,297 each for the 4a and 4b boards.

G. AGENDA BRIEFING

City Manager Earl Berner said there are three items on the Consent Agenda. He said we will need to pull Item #3 because it's not ready yet. He said that under business there are four 4 items which consist of public hearings on the proposed property tax rate and on the FY 2008 budget plus a fire dept proposal and a proposed renewal agreement with the library. We will also have a workshop on the FY 2008 budget.

H. VISITORS/CITIZENS AGENDA:

Candy Shikle, 601 Thompson Drive, said she has pictures she would like to show regarding selective code enforcement and gave them to the Mayor for the City Council could look at them. She thanked the Council for letting me talk to them. She said they've been in their house for a little over three years. She said that the house was built in the 1930's and since they've lived there it's been a continuous major work in progress. She said they have had more encounters with code enforcement. Once it was because their trash cans needed to be moved so they made more gates so they could put the trash cans in the back but, she said, still today the homes on both sides of them have there trash cans in front. She said that her grass was 8 inches tall and that the neighbor's grass was 12" high. She said her neighbor didn't cut her grass. She said that there is some property at the end of the street that she thinks belongs to one of the councilmembers. She said the grass was very tall there. She said that on another occasion they were told they couldn't park cars on the grass. She said that several houses on her street that have rock driveways with grass growing through them and that she and her husband have put more gravel on their drive. She said that the most recent encounter with code enforcement was Wednesday. She said she was washing the driveway because we had a big storm come through so she had parked her van parked out of the way so she could wash the drive off. She said that the Char DuPree took a picture of her vehicle so Candy explained what had happened. She said that Char told her that the city had problems with cars parking in yards, etc. Candy said that in the evenings that other people park everywhere and that Char told her to call the Police Department. Candy said one evening she called the police department and told them what happened. She said that an officer came out and told them that while it is against city code to park on the side of the street, there was nothing he could do. She feels that for some reason she's being harassed. She asked the Council to please look at the pictures and talk to each other and see if there's anything they can do.

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on July 26,2007 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Johnson called the meeting to order at 7:30 pm.

A. ROLL CALL

Marjory Johnson	Mayor
Tony Marino	Councilmember 1
Karl Hammond	Councilmember 3
Alan Fletcher	Councilmember 4
Richard Martin	Councilmember 5

Councilmember Connors was out of town and unable to attend the meeting.

Staff present: City Manager Earl Berner, Police Chief Nick Ristagno, and City Secretary Beverly Weikum.

B. INVOCATION

Mayor Johnson gave the invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag

D. ANNOUNCEMENTS

City Manager Earl Berner said that September 15 and 16 is the week-end set for the Water Event which will include the Jet Ski races and other activities plus things for kids, too. Willow Grove Park should be dried out by then.

Councilmember Marino may be out of town on the next meeting date.

E. PRESENTATIONS

1) Lake Cities Library

Cecil Carter, President of the Lake Cities Library Board this year, said that Rebecca Belknap, the librarian, and his wife, Polly Carter, who is also a Councilmember at Shady Shores, were here with him.

He said that they have submitted the exhibits about the budget to the council prior to the meeting. They are asking for an investment of $73,593 from the City of Lake Dallas this year. Part of that is the building expense which is payable to the city. He asked if anyone had any questions about the exhibits. He said that every year since he's been on the board that the most favorable way to allocate the costs is the usage, transactions, and populations. He said there has been a change in utilization just since April. He said that May and June were staggering months. He said that the summer reading program is part of the increase but that Lake Dallas and Corinth both had a tremendous increase.

He gave the figures they are requesting from the other three cities. Their budget last year was $214,255 and this year it is $246,892. The county funding will probably stay the same. They

are basing these numbers on two big items: first is future computer needs to be addressed within the next three years and the second is a second paid staff member. Right now the only paid full-time staff is the librarian with 3 part-time staff members. The rest of the staff is volunteers.

Mayor Johnson thanked Mr. Carter for coming and presenting the library budget and said we appreciate the work that they do. Mr. Carter said if the Council has any further questions to please contact them.

F. REPORTS

1) Boards and Commissions

2) Other Reports

Chief Jason Collier of the Lake Cities Fire Department handed out the Third Quarter Report for FY 06/07. He discussed call volume and there's been no spike but there is an increase of about 10 percent. He said that in this last quarter it's amounted to about a 25% increase. He said that last year it was brush fires that cause the increase. He said that this year there is nothing that really sticks out as a cause for the increase. We have had a population increase in the four cities over all and that might affect the service calls. He said that generally it's the EMS calls but it's still staying about 55%. He said we have had a relatively low fire loss cost. He said the last three pages are financials and asked the Council to look through those pages. He said that right now they are at about 68% on the expenditures so they are below their budget. He said they've done well enough on their expenditures and have paid off a bond and saved $3,000 in interest. He said they had people leaving and new hires so used the difference in those funds to pay off that loan.

There were no questions from Council. Mayor Johnson thanked him for coming.

Chief Collier said that October 9 starts Fire Prevention Week and they will use that to begin their first fire academy training. It will be from 6:30 pm to 10 pm on Tuesday nights. There will be some type of sandwiches available for those people who are coming directly from their work. The training will last six weeks and include one Saturday (either the first or second in November). They will probably limit the first class to about 15 members. It's open to all Lake Cities residents. Everyone's welcome and it's going to be hands on class. He said that the Saturday will be field day and will go to Lewisville to attend a live fire. He said it wouldn't be just classroom stuff. There's a group in the Metroplex who has an alumni association who has told them what to do and what not to do. He said they can just call his office if they want to sign up.

G. VISITORS/CITIZENS AGENDA:

Jeanette Harmon, 72 Lake Ridge, gave her greetings to the Council and said it's been awhile since she's been to a council meeting. She gave her thanks to the fire department because she said they helped save her life a few weeks ago. She reported that coming around that corner from Lake Vista that those people have three or four cars with Coppell on them. She said that lot #73 has had a commercial truck parked by his house for a year and a half. She said it's ugly and it is right beside his mobile home. She said he doesn't take care of his yard. She said that across the street from that unit there is another commercial vehicle that is parked there all the time. She said that she thinks the address of the residence is 258 Shady Shores but that they park in the back so their vehicles are parked in Kingswood. She thinks we have too many cars and trucks parked in the area and would like to see if they can do something about it. She thinks Kingswood has really gone down hill and that people just don't seem to care any more.

Jon Wilson, 726 Summers Lane, said he wanted to brag on the city employees and said that the fire department did an outstanding job last night. The building inspections are great. He asked the question "how many electric companies does it take to change a light bulb?" He's been trying to get power for his garage for the past 4 weeks and he still doesn't have power for his garage. He told of all the different telephone calls and visits he's made to various companies in an effort to get this accomplished. He said the city has faxed the order/permit, as required, to Oncor but the job still has not been completed. He said that one time when he asked for a supervisor he was told he couldn't go any higher. Another time he said he would be going to the Public Service Commission and a City Council meeting and he actually did get transferred to a supervisor. He was told they have 3 to 5 days to complete the job. Since he talked with a supervisor someone has tried to help but Oncor told him as late as yesterday afternoon they can't do anything without the permit so his son took it out there but they can't accept it unless it comes from the City. They have lost the permit the City faxed. He said he's just one person who won't be able to make much difference at the PUC and hope that the city could have a little more impact.

H. AGENDA BRIEFING

City Manager Earl Berner said there are two items on Consent Agenda and read them. He said that under business there are six items and he read those titles. He said that hopefully Item 5 will be rescinded.

I. CONSENT AGENDA:

6) **Discussion on FY 2008 Budget.**

City Manager Earl Berner said there really was not much to discuss. He told the Council that if they have anything they would like to add to the budget to let him know. He handed out the fire board budget that had been submitted by Chief Collier. He said we would invite Chief Collier to our next meeting. He said he will work on CIP so that will be prepared for the next meeting.

K. CITY MANAGER REPORT

City Manager Earl Berner said he had a few quick items. He said that on the flood damage that since Willow Grove Park is still flooded and Shady Shores Road is still damaged that we don't have a real idea of what will be entailed to get all the repairs completed. He said we will need to get some crushed granite for the camping sites and that we fared better than we originally thought. He said we have put in estimates to FEMA through Denton County. We haven't heard anything different about lowering the lake by 5' and if they keep it on the same rate it will be down 5 ' by the end of the month.

On the personnel front we have hired Jamie Lundley as the new animal control officer and Sheila Cuypers at the front window for building and code.

We are still on track to advertise for bids in August for the new animal shelter.

2) Other Reports
Joni Vaughn said that the Sales Tax Receipts this month amounted to $38,000 for the city and the other $38,000 was split between the 4a & 4b corporations. She said that our revenues and expenses thru July are on track. She said that our TXU franchise payment for this year was $204,000 and that we are still bringing in good property tax revenues. We received $13,000 yesterday.

We probably will not be getting more franchise fees from Charter when they start their phone system because it is related to the Internet.

City Manager Earl Berner said that the Keep Lake Dallas Beautiful Committee has designated August 25 as the date to plant replacement plants at the city welcome sign. He said that we can mow around it but can't get into the area to weed it.

F. VISITORS/CITIZENS AGENDA:
No one came forward to speak so Mayor Johnson closed the Citizens Agenda.

H. AGENDA BRIEFING
City Manager Earl Berner read the items on the Consent Agenda. He said that under Business we also have four items.

I. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for June 14, 2007 City Council meeting.**
2) **Consideration and Action on approval of June financials.**
3) **Consideration and Action on approval of a Resolution to raise the fee charge to 3% from 2% for processing credit cards or other electronic means of payments to the City.**
4) **Consideration and Action on approval of the Second Quarter 2007 Quarterly Investments Report.**

Motion to approve the Consent Agenda was made by Councilmember Connors. Second by Councilmember Marino.

Ayes: Councilmembers Marino, Connors, Hammond, and Fletcher
Noes: None

Motion Passed

3) **Consideration and Action on nomination of a City of Lake Dallas resident to the Certified Emergency Response Team Council.**

4) **Discussion on preliminary Budget FY 2008.**

City Manager Earl Berner said that it looks like we'll have at least $100,000 towards reserves if we keep controlling our expenses. He said that the 2008 revenues will reflect an increase. The property taxes have gone up twenty-five million this year due to increase in valuation plus the new

construction. It would appear that no tax increase will be necessary. The building permit fees have increased due to the new construction and the court funds have increased. Everything else is still pretty much in line as in the past.

There was discussion about money for the reserves and staff pay increases. City Manager Earl Berner said it looks as if we can go with a 2% COLA. The pay plan has been tweaked to correct the 5% step increases. He said we have classified the officers and police dispatchers up a grade to be more competitive with other cities in the area. The cost of doing this is about $125,000. He said we are also requesting a full-time police department records/admin person. There will be no staff addition in administration.

There was discussion about annual small tax increases in an effort to avoid larger increases after the building permit monies dwindle.

City Manager Earl Berner said we have some capital items in this year. The animal shelter will start this year and finish off next year. There will be some purchases for the parks plus road rehab on Harbourtown and over in Kings Manor. We are also requesting a new squad car and $30,000 for miscellaneous police equipment. Part of that equipment is the recording system for the 9-1-1 plus additional vests and some computers that need to be replaced. A new formula is being discussed regarding the cost of the dispatching for the fire department due to the 9-1-1 recording system.

The Corps of Engineers intends to get the lake level down five feet by the end of the month.

City Manager Earl Berner said there are a couple of other things he'd like to propose. He said it's hard for him to keep track of the special events costs and revenue so he is proposing to set that up as a separate budget like the 4a and 4b. Right now it is recorded on our financials as a departmental expense.

The Kings Manor Ditch can be addressed this year with the money set apart in drainage.

The money designated for City Council is for the scholarships, volunteer reception and employee reception. When we sent flowers for illness or deaths the funds come out of staff's administration budget.

The police department is requesting one squad car. The original request was to replace two squad cars and purchase a pickup for the SRO, but an engine replacement in the canine car allows us to keep that in service for at least one year and probably two. The Code Enforcement pickup will be transferred to the police department for the SRO with Code using the recently retired squad car. There was discussion about advantages of having motorcycles. Chief Ristagno said that is good for those agencies that work with other patrols but that he does not recommend them for an agency our size. He said that the overtime caused by working special events has been transferred to special events instead of impacting the police budget. He said the VSC is nearing an end and that he is holding most of those funds in reserve because he doesn't know what's going to happen with that revenue stream.

City Manager Earl Berner said he has added another $5,000 for streetlights. It's much less expensive as long as we replace those on existing poles. The cost escalates when we have to go underground.

Mayor Johnson asked for a five-year projection on capital items and revenues.

There was discussion about the soap dispensers, larger toilet paper holders, and trashcans for the new restrooms at City Park.

Hickory Creek will be installing some early warning sirens and they may be able to reach a couple of our areas that are not getting the full effect of our sirens. They have asked if they can put the activation in our building so we will be the activation center as a result of Chief's meeting with them and we will do it for no charge. We have discussed the reverse 9-1-1 as well as talking with Corinth about auto-dialing homes to alert people of disasters or doing public service announcements.

This might be a good time to go back to Hickory Creek about Folley Beach and proposing the annexation. We may have to do a formal request. Cynthia White has been made aware of this and the residents may be more receptive at this time.

We'll have another workshop at a meeting in August since Councilmember Connors will be gone on July 26. If there is no concurrence on the fire department budget we will be committed to the current formula.

K. CITY MANAGER REPORT

City Manager Earl Berner said he had nothing more to report.

Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS

The 4th of July info will be a whole day of events beginning at 8:00 am until 9:00, when the fireworks start.

E. PRESENTATIONS

Mayor Johnson asked Judge Robert Garcia to come forward. She said the City Council wants to honor him for his many, many years of service. His service to the City began in 1998 and as a token of appreciation she presented the Judge with a plaque. Pictures of Judge Garcia were taken of him with Mayor Johnson and the City Council.

Mayor Johnson asked Freddie Chandler, Investigator Vikki Chandler's husband, to come forward. Police Chief Nick Ristagno was unable to be at the meeting tonight but asked Mayor Johnson to present Freddie with a plaque. She said that one of the reason's the Kids N Cops program has been such a success has to do partly with Freddie's participation. He's cooked, washed pots and pans, provided horses, helped set up and clean up and has never asked for anything in return. He gives up personal pleasures to be here to help the City.

Mayor Johnson said that the Chief's Award goes out to Investigator Chandler. She has truly made a difference for the Kids N Cops events here in Lake Dallas. She is one person who has received multiple Chief's Awards.

Lt. Frazier said that Police Chief Nick Ristagno had wanted to be here for these presentations but that he had a family medical emergency so he had to take off.

F. REPORTS

1) Boards and Commissions

There were no reports from Boards and Commissions.

2) Other Reports
Joni Vaughn said that on the General Fund financials that we received $130,000 in sales tax receipts in May. She said we have done really well in the general fund by keeping the budget expenses at or below budgeted amounts. She said we have brought in most of the annual revenues and we have reached the budgeted amount for property taxes.

The Economic Development Corporation and Community Development Corporation each received sales tax revenue in the amount of $32,000 from the $130,000 received by the City. The account for the Oaks at North Lakeview is a designated account.

The Community Development Corporation had a sizeable cash balance at the end of May but has since paid a pay request on the Parks Projects in the amount of $143,000.

G. VISITORS/CITIZENS AGENDA:
No one came forward so Mayor Johnson closed the Citizens Agenda.

H. AGENDA BRIEFING
City Manager Earl Berner read the items under the Consent Agenda and those listed under Business plus the one item on an addendum for the fire department funding formula.

I. CONSENT AGENDA:

Motion Passed

2) **Consideration and Action on approval of a funding formula for the City of Lake Dallas' contribution to the Lake Cities Fire Department for budgeting process for 2007-2008.**

There was Council discussion on this item but no action was taken.

K. CITY MANAGER REPORT

The contractor expects all lanes for Swisher Road to be open and functioning by June 30.

We are beginning the budget process and his plan is to bring preliminary numbers to the City Council on July 12. He asked them to contact him if there are any projects they want to have added in.

He said that he will be out of town Friday and Monday for another sister's funeral. He said he'll be back for the 4-a meeting on Monday evening.

L. NEW AGENDA ITEMS

Councilmember Marino said that since we have very short meetings that perhaps we could go back to only having one meeting a month. Mayor Johnson said that it may not be possible during budget time. She asked if Council could have first meeting of month be a workshop only and then the second meeting of the month be the business meeting. She said that if we don't have anything to workshop then we just won't have the meeting. We will have to have 2 posted meetings because of Charter, but if there is no business then we can just cancel the meeting.

M. ADJOURNMENT

City of Lake Dallas

The Lake Dallas City Council met in a special meeting on May 29, 2007 in the Lake Dallas Independent School District High School, 3016 Parkridge Drive, Corinth, Texas, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Johnson called the meeting was called to order at 7:32 pm and Mayor Smith called the meeting to order at 7:33 pm. Chief Collier introduced Dr. Clower.

A. ROLL CALL

Marjory Johnson	Mayor
Carol Ann Connors	Councilmember 2
Karl Hammond	Councilmember 3
Richard Martin	Councilmember 5

Councilmembers Marino and Fletcher were unable to attend.
Staff present: City Manager Earl Berner.

Also in Attendance were the Mayor and Town Council of the Town of Hickory Creek: Mayor John Smith and councilmembers Lynn Clark, Richard Baker, Chris Gordon, Rick Fengler, and Eric Wiser, Town Administrator Mike Deason, Town Attorney Lance Vanzant, and Administrative Assistant Kristi Rogers; Chief Jason Collier, Lake Cities Fire Department, and Dr. Terry Clower and Charles Dart of the UNT Center for Economic Development and Research.

B. PRESENTATION BY CONSULTANTS FOR THE LAKE CITIES FIRE DEPARTMENT.
Chief Collier had requested the assistance of Dr. Clower to research other consolidated fire operations to search for recommendations on funding allocation models. Dr. Clower said that there are very few examples of consolidated professional fire services found across the country. He said that they used population, Ad Valorem tax revenue plus sales tax, total assessed value, Ad Valorem with average tax rate, employment, housing units, coverage and per cent of fire department calls to create the models.

Charles Dart stated that during his research of various communities with cost sharing formulas, one that had multiple elements would tend to even things out economically over time. There was discussion about the research for and development of the formulas. Dr. Clower said that they do research but are not usually involved with funding allocation formulas. He said the department does fiscal impact analyses, economic impact analyses and government analyses. They used their knowledge of fiscal impact and how city budgets are constructed in forming their models. Dr. Clower said that Model 1 is more complete and less subject to year to year variations.

Currently Lake Dallas is paying 28.3% of its tax rate; Corinth is paying 14.8%; Hickory Creek is at 18.8%; and Shady Shores is 11.9%. A formula is needed that will help each city feel there is a fair distribution of the cost. This will provide stability for the fire department and for each city. Negotiations regarding a compromise have been attempted. Fair funding is the ultimate goal.

C. CONSIDERATION AND ACTION ON FUNDING ALLOCATION METHOD AND INTERLOCAL AGREEMENT FOR THE LAKE CITIES FIRE DEPARTMENT.
No action was taken.

D. ADJOURNMENT

Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS

There were no announcements.

E. OATH OF OFFICE TO ELECTED COUNCILMEMBERS

Mayor Johnson swore in Councilmember Tony Marino, Councilmember Richard Martin, and Councilmember Karl Hammond.

F. REPORTS

1) Boards and Commissions

Holly Deitrick, Special Events Coordinator, gave a report on the carnival and car show. She said that this carnival was a lot better to work with than the others we have used before. There were no complaints about the carnival workers this year. This year all of the rides were in the parking lot at City Park. Next year we may have them put some of the lighter things back into the park and the heavy rides can stay out in the parking lot. She said we did advance sales vouchers and that we did sell quite a bit for the short time we had them. This year $1348.71 was our portion from the carnival. She said that next year the carnival said they would like to have more security because there were some kids out there on Friday and Saturday nights who were possibly trying to cause problems. She said she would like to have highway signage next year if our budget allows. She said the car show was during the time of the carnival. Everyone who was going to the carnival had to walk through the car show area on Saturday. She said that $3,000 was raised to cover the awards and entertainment for the car show. Everyone said the Rock and Roll Band made the event a success. Sponsors were: Woody's and McClain's RV.
She said the City took in $700 in vendor fees and that $1,415 was made for Kids and Kops. She said it would be better if more car clubs would get involved for next year's event.

2) Other Reports
There were no other reports.

G. VISITORS/CITIZENS AGENDA:
Elizabeth Stepp, 542 Briar Oaks, said she has come to request some help with the front entrance landscaping at Jackson Ranch. She said that somehow the sprinkler system was damaged last year. They had a lot of back and forth dialogue that has resulted with many unanswered questions. She said that Mr. Berner was helpful in arranging a face-to-face meeting regarding the entrance in October. She said they're having a really hard time w/that now and that Lacy owes approximately $340 and someone else owes $1200 for work that has already been done and the landscaper is hesitant to do any more work until he received payment for those things. She said that all damage that was done comes to about $14,000. She said that a man had contacted her about setting a date for a property meeting but that he didn't bother to show up for the meeting. She said that she found him again and set up another meeting in about a week and he didn't show up again. Then she found someone to hunt him down and he did get him to come out. To make a long story short they had a meeting on May 4 and they were told a good timeline [around the first of June] that the entrance would be restored. At this time their landscaper is going to do the work even though he has not been paid for the work he performed in November. She said that she needs this information in the Minutes. She said that she sincerely dislikes lawsuits, but it looks like that's what it is coming to.

City Manager Earl Berner said they discussed had discussed the entrance to Jackson Ranch at the meeting with the contractor this past Monday and that a check had been directed to be made up for the repairs.

Mayor Johnson closed the Citizens Agenda when no one else came forward to speak.

H. AGENDA BRIEFING
City Manager Earl Berner said we have a lengthy agenda tonight. He said that there is an Executive Session to start off for discussion with the City Attorney about the Lake Cities Fire Department Interlocal Agreement. Next he read off the items on the Consent Agenda. He said that under Business there are nine items and he read off the titles for those items.

Mayor closed the regular meeting at 7:55 pm so the Council could go into Executive Session.

I. EXECUTIVE SESSION:
1) **The City Council to convene in closed session under Section 551.071, Texas Government Code, for the purposes of legal consultation regarding Lake Cities Fire Department Interlocal Agreement.**

Mayor Johnson called the regular meeting back to order at 8:26 pm.

8) **Public hearing on proposed Ordinance to amend a Special Use Permit to expand the Lake Dallas Point Restaurant by adding 1900 square feet to be used as a lounge and game room at 303 Swisher Road, #100, Lake Dallas, Texas; Swisher Road Addition, North, Lot 3, Block 1.**

Brian Herwick, 140 Whitney, Hickory Creek, said he wants to talk about what he's learned by having been a patron the last four or five months in Lake Dallas and a patron of the Addison Point for twenty years. He said that Judge Bob Cole is a person who has community interests in mind. He said that he is pleased to call the judge his neighbor. He said Judge Cole is 78 and very active in the community. He said that for those who know the judge that he's very against bars and drinking and that he has never drunk or smoked. Mr. Herwick said that he had dinner with Mr. Cole and his wife at the Lake Dallas Point and that at the conclusion of a very nice dinner Mr. Cole looked over his glasses and said to the owner, "Zinnie, I have only one problem with you. That you didn't locate this fine establishment in the town where I live. " Mr. Herwick said that his hope is that when the council casts their votes this evening that they will approve the expansion. He said that the Point's expansion is about giving back--giving back to the community what they've given to him. He said the owner has been able to build and grow out of determination. In a time where our communities are succumbing to impersonalization it's nice to be able to go to a place like the Point where people call you by your name. He said that the Point is about preserving a sense of community.

David Eubanks, 3608 Leeds Court, Corinth said that he is not as articulate as Mr. Herwick, but he's known Zinnie for twenty years. He said that he had bought a house several blocks away from the Addison Point. He said that the Point is for the 30's and above crowd. He said it's about something to do besides just sit and drink. It's about dollars and the city. He said that the City deserves these tax dollars.

Christina Taylor, 1895 Lina, Dallas, said she is the manager at the Point She said that all of their people are TABC certified. She said they have never had any problems. She said it is a really classy place. She said there is no gambling whatsoever allowed on the premises. She said it would be a good move to approve the expansion.

Elizabeth Stepp, 542 Briar Oaks, said that last year when The Point came to town that a lot of compromises had been made. She said she understands they have excellent food and have been responsible business owners. She said that while she appreciates that, she thinks the compromises were good ones and one of those compromises was taking out the pool tables. She said that if you are playing pool and drinking you are more likely to be less responsible. She believes that and is somewhat frustrated by it because it appears to her to be a deception. There was a lot of public opinion on the matter last year and compromises were good. She asked the Council to consider her concerns.

Carrie Bishop, 223 Addison, said she agrees about the compromises last year. She said that her daughter's been there for karaoke night. She said that the restaurant backs up to their yards. She thinks that if there are pool tables and drinking that there's going to be drugs around, too. She thinks it's kind of unfair that now that they have been here a year that they're going to try to bring the pool tables back.

Mayor Johnson closed the public hearing when no one else came forward to speak.

9) **Consideration and Action on proposed Ordinance to amend a Special Use Permit to expand the Lake Dallas Point Restaurant by adding 1900 square feet to be used as a lounge and game room at 303 Swisher Road, #100, Lake Dallas, Texas; Swisher Road Addition, North, Lot 3, Block 1.**

Motion to approve Item L-9 was made by Councilmember Fletcher. Second by Councilmember Connors.

D. ANNOUNCEMENTS
City Manager Earl Berner said that May 19 is the carnival and car show at City Park.

Councilmember Marino said that in the Dallas Morning News this morning there was an article that is rather sad. He said that it's about drug dealers targeting kids with some unique names for the drugs. He said that everyone needs to be made aware of this. He said that they say it's moving north towards our area. He said he knows that Chief and our officers are on top of the situation.

Georgina Gougeon, addressed Mayor Johnson, the City Council, City Manager Earl Berner and Chief Nick Ristagno. She said she has a little issue on the COPS program and would like to address someone about this. She said that the first person to address it with is Sgt. Benny Sleigh and she asked him to come forward. She told Sgt. Sleigh that she knows that he has many hats and that in 2005 he was thrown a ball – the COPS training program. She said that the first class graduated in 2006 and the next class will graduate next week. She said she really appreciates his loyalty and devotion to the city. Next Ms. Gougeon asked Roz Sleigh to come to the front and asked Councilmembers Hammond and Fletcher to come down since they were in the first COPS class and she asked all the COPS volunteers who were in the audience to come forward. They presented Sgt. Sleigh with a plaque. Ms. Gougeon then asked Roz to step a couple steps forward. Georgina said that this lady also has many hats and that we all can personally say thank you to her. She said that Roz started out as fireman and EMS volunteer. She said that Roz has buffered for the Police Department. She said that Roz had trained the rookies with their paperwork and procedures and that she also deals with citizens. Georgina then asked Mayor Johnson to come forward. Mayor Johnson had also been in the first class of COPS. Mayor Johnson presented Roz with a nice plant and thanked Roz for all the things she has contributed to the city and programs.

E. POLICE COMMENDATIONS

Chief and Mayor Johnson went to podium. Many of the dispatchers and police officers were in attendance. Mayor Johnson said it is an honor to serve with a department as fine as this. She said that over and over she hears how fortunate we are to have a department as fine as they are. Mayor Johnson called Dispatcher Gail Hall to the front. She said this award is a little late. She said that on July 1, 2005 that Gail had received a call regarding a seven-month old baby who was having problems. Gail calmed the mother and instructed her with some first aid instructions and the baby responded. We believe she saved the baby's life. They presented the Life Saving Medal to Gail.

Mayor Johnson called Officer Alan Sawyer to the podium. She said that on March 20, 2007 at 12:55 am that Officer Sawyer had responded to call of a suicidal subject. The man was despondent and had called his mother saying he was going to commit suicide. David Allen from Corinth had assisted on the call. When they got to the residence the man was on a ladder with a rope around his neck. Officer Sawyer spoke with him for several minutes and the man decided against suicide but he was unable to remove the rope from his neck. Officer Sawyer climbed up on the ladder to help remove the rope. His ability to remain calm and to be a compassionate officer had resulted in defusing the situation. They presented Officer
Sawyer with the Life Saving Medal.

Sgt. Paul Jaworski and Officer Eric Louderback were called to the podium. Mayor Johnson said that fifteen years ago Chief Ristagno had instituted the Chief's Award. She said that these two officers had been responsible for multiple drug arrests in our city. She said we have heard the drug dealers have left Lake Dallas and that no doubt it is because of what Sgt. Jaworski and Officer Louderback have done.

Mayor Johnson said she had a special surprise and asked Officer Louderback to bring his partner, Titus, and come back to the podium. She gave him a gift and asked him to open it. When he unwrapped the gift he found that the box contained a badge. He had been promoted to Patrol Sergeant.

E. PRESENTATIONS:

Mayor Johnson said she had a plaque for someone who has a long resume with the City of Lake Dallas. She said Gary Johnson has served on the City Council, the Community Development Corporation [4-b board], Parks and Recreation Board, Keep Lake Dallas Beautiful Committee, and the Library Board. She asked him if she had missed any and he said that he had been on the original Board of Adjustment.

Gary Johnson thanked everyone for the plaque and said it's been a privilege to serve the City of Lake Dallas over the years. He said he's entering another chapter of his life. He said he had just come from an event where he was honored for twenty-five years of teaching in the Denton ISD. He said he is retiring this month. He will be getting married next month and, regretfully, moving from the Lake Dallas area to Argyle but he said he will always be a friend of Lake Dallas. He said he was born here and it's very dear to him and always will be.

F. REPORTS

1) Boards and Commissions

Joni Vaughn, Human Resources/Finance Director gave the General Fund amounts in the Investment Account and the checking account. She said we are holding our expenses very well. We have received our first quarter 2007 Beverage Tax receipts and we have received nearly all of the budgeted amount for property tax.
The report for the Economic Development Corporation, 4-a Board is pretty simple. She said we have had a lot of activity in May and that we will have another overview for Council at the next meeting. She said they have done a lot of projects and need to be aware of them and stay on track and stick closely to the budget like the General Fund. We have received our sales tax for May, $130,000 for the General Fund and the 4a and 4b corporations. She said we have started some preliminary budget work.

Councilmember Connors thanked the staff for trying to keep them apprised with the budget information.

2) Other Reports

City Manager Earl Berner said the Parks and Recreation Board is working on the car show and the carnival and that they have done most of the planning for the 4th of July event.

The Keep Lake Dallas Beautiful Committee has submitted applications for two awards. One is the Governor's Community Achievement silver award and the other is a $70,000 cash award from the Keep Texas Beautiful organization.

G. VISITORS/CITIZENS AGENDA:

John Schuh, 737 Harbourtown, said this has to do with the municipal code. He said that recently he was blindsided by a plumber who informed him that the city code has changed. He said his question is when did they change the code. He assumed it was five or six years ago. He asked if the changes were made individually. His second problem was when he called the code enforcement officer. He asked if a citizen could receive some kind of services, perhaps in the way of advice, that they will have to pay a permit or do they have to depend on the local plumber who may have a certain self-interest to advise them about code changes.

One further thing, which to him is really more important, has to do with paving Harbourtown. He said there might be a worse street in the city but he's not aware of it. He would appreciate any assistance we can give him.

Mayor Johnson said the city does adopt the universal building code in its entirety and that is where the changes occur. She said it's not something that the council arbitrarily determines.

Mr. Schuh said it is their duty is to inform the pubic. Mayor Johnson said perhaps we need to put more information on the website when discussion about adoption of building codes is eminent and that to a certain degree you have to be dependent on your contractor.
Mayor Johnson said we will be discussing street paving in our next budget year.

Mayor Johnson closed the Citizens' Agenda.

H. AGENDA BRIEFING

City Manager Earl Berner said there are four items in the Consent Agenda and read the items. He said there are six items under Business and read those items. He said there is an Executive Session to review the duties and appointment of the Magistrate and an action item. The City Manager Report and Future Agenda Items follows the Executive Session items.

I. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for April 12, 2007 City Council meeting.**
2) **Consideration and Action on approval of April financials.**
3) **Consideration and Action to approve first quarter 2007 Investment Accounts Report.**
4) **Consideration and Action on approval of an Ordinance to Amend Chapter 26, Businesses, Section 26-72, Definitions of Article III, Sexually Oriented Business.**

Motion to approve the Consent Agenda was made by Councilmember Hammond. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

J. BUSINESS:

1) **Consideration and Action on recommendation from the Appeals Board regarding the evaluation, reassignment, duties, discipline, or dismissal of a public officer or employee, Harold Clark, Code Enforcement Officer.**

Motion to approve the recommendation of the Appeals Board was made by Councilmember Hammond. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

2) **Consideration and Action on Preliminary Review for Animal Shelter Project**

Michael Bates, Architect, 1300 N. Locust Street, Denton, was there to discuss the plans for the animal shelter project. Chief Ristagno had copies of the plans for the Councilmembers. Mr. Bates said that basically this is the preliminary design which includes the basic layout on the lot and configuration of the facility. There is a little shade area, some exercise yards, fences and parking spaces. He said that in line with the agreement with Upper Trinity we will need to relocate the road on the west side of the proposed shelter so they can go in and work on some of the equipment for their facility. He said this is a 3,680 SF structure. He said that most of the animal shelters these days have air conditioning to keep stress for the animals to a minimum. He said the building that would be block with the front third of building will have split face block and part of the roof metal will be metal with the rest of it being composition shingle. He said that if it's done right the first time there should be low maintenance. He discussed the features of the floors, walls, drains, doors, car room, reception/adoption area, dog runs, isolation and quarantine units, intake pens, freezer and refrigerator, and a large storage room. He said there would be hoses suspended from cable to help keep things clean. If we can keep the area clean and odor-free people can focus on the animals and not get turned off by the facility. The wash-down areas outside would drain into the sewer system. He said that the cost estimate, which includes the historical costs, cost data books, specialty items, and equipment is $505,682 with a 10% contingency. He said there would be three separate air conditioning units.

Answers to questions by the Council included the possibility of making a wing on the building to the west and parking spots that will include seven asphalt and perhaps more on gravel. It will probably be a good 8 – 10 years before we would have to think about expanding. It includes a sidewalk but does not include landscaping. This current plan would hold about thirty-four dogs and 15 cat cages and we could bring in more cages. The cost if approximately $134/foot. Because of the condition of the soil Mr. Bates does not recommend just a slab, but piers on the perimeter. The site is low, in a flood plain, so there will need to be additional dirt work.

After Council approval of the facility the plans will be presented to Upper Trinity for their comments. City Manager Earl Berner said we $348,000 in certificates of obligation set aside for the building. He said it appears right now that our budget revenues are coming in strong and he is projecting $100,000 to $120,000 over budget in addition to what we've already set aside. He thinks probably by mid-August we will have enough funds to carry us into next year. He said we may have to pick up $60,000 of the cost in next year's budget or do a short term loan. The bid process is 30 – 45 days.

Council asked City Manager Earl Berner to check out funding and loan options. He said he will check with Boyd London and the Northstar Bank.

3) **Consideration and Action on approval of the 2007 Interlocal Agreement with Denton County Tax Office for Property Tax Collection.**

Motion to approve Item J-3 was made by Councilmember Fletcher. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

4) **Consideration and Action to set date for canvass of election results.**

Motion to set the date of May 16 at 6:30 pm was made by Councilmember Fletcher. Second by Councilmember Martin.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

5) **Consideration and Action on selection of Lake Dallas City Council high school student awards program.**

Councilmember Fletcher thanked the applicants for participating in this program. He said they had more than qualified for this. Mayor Johnson congratulated Charlotte, who was in the audience.
Motion to present the scholarship award to both participants, Charlotte Johnson and Colby McQuillin, in the amount of $500/each was made by Councilmember Fletcher. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

6) **Consideration and Action regarding approval for City of Lake Dallas to assume the monthly fee for streetlights in Kingswood.**

Motion to approve Item J-6 was made by Councilmember Fletcher. Second by Councilmember Martin.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None
Motion Passed

Mayor Johnson closed the regular meeting at 8:50 pm.

K. EXECUTIVE SESSION:

1) **Review of duties and appointment of Magistrate under Section 551.074, Personnel Matters.**

Mayor Johnson called the regular meeting back to order at 9:03 pm.

L. ACTION, IF ANY, FROM EXECUTIVE SESSION

1) **Consideration and Action on review of duties and appointment of Magistrate under Section 551.074, Personnel Matters.**

Council took no action on this item.

M. CITY MANAGER REPORT

City Manager Earl Berner said the major work is all done on the parks projects. He said that in the month and half we've had the camping facilities back open that we have received $3200 which is about half of what we usually get in a whole year.
Mayor Johnson said that the speed bumps in Willow Grove Park need to be striped.
City Manager Earl Berner said that Char DuPree has just been installed as president of the North Texas Permit Tech Chapter. There was an article written by her in the current Building Officials publication.
The paving is just about finished on Swisher Road. They should be out of here by June 22.
Councilmember Fletcher said the 'bird watching platform' is now a 'scuba diving platform.'

N. NEW AGENDA ITEMS

Councilmember Hammond said there is a strong possibility that on May 29 there will be a joint council meeting of all four cities on the fire budget. He requested that the council hold that date open. The proposed meeting will be at the Lake Dallas ISD High School at 7:30 pm. There is a reception planned for 7:00 pm.
Mayor Johnson said we're waiting for some new numbers from the fire board. We should place a brief discussion on the fire department budget on the next agenda.

E. REPORTS

1) Boards and Commissions

Holly introduced Peter Mungiguerra from Home Depot Landscape Supply and said he has been very helpful to us. Mr. Mungiguerra said he has the $3,000 gift card for the City and their landscaped entrance sign. He said he is the outside sales manager in landscape supply at the Lewisville location. He said they are the same family with different buildings. He talked about native plants with color and that take less water. He said it is a possibility that we could put some trees in that entire area. He said he can have a design to us very quick. He said they will come out and bring all the material and be here to help.

Holly said they have started work on the sign and next week we'll get the irrigation. She said that Peter is helping with that, too. She said she's getting a plaque made to be placed on the sign that will list everyone who's contributed and invited them to come out to get good photo-op. This is planned for the morning of April 21. She said that Romo's is very interested in doing the sign at their cost only so their name will be on the plaque.

2) Lake Cities Fire Department
Chief Jason Collier handed out the Second Quarter FY 06-07 report. He discussed the contents of the report and asked Council if they had any questions.

3) **Other Reports**
Mayor Johnson said she wants to say congratulations to Karl Hammond who was recognized in Texas Town and City that is published by the Texas Municipal League. She said he should be commended for the hours committed to various meetings and seminars. He has received a certificate for his attendance at these meetings.

Joni gave the financial report as of March 31. She said that we have received 65% of our budgeted revenues and our actual expenses are at 43% of the budgeted expenses. She said we have received a little over 97% of our property tax revenue so we shouldn't have any problem reaching our budgeted amount for property tax revenues.

1) **Boards and Commissions**
2) Other Reports
There were no reports.

F. PROCLAMATIONS:
Mayor Johnson read a proclamation to declare April 2007 as Sexual Assault Awareness Month as requested by the Denton County Friends of the Family.

G. PRESENTATIONS:

Tom Davenport, Lake Dallas Independent School District, gave the background and details about the $25,000,000 bond election that will be held May 12. He discussed the proposed school tax rates for the upcoming years and the money they set aside for technology upgrades. He said they have will most likely demolish and then build a new building where the Lake Dallas Elementary currently stands.

He said that Bill Rauhauser is the chairman of the bond campaign. Wes Eversole was also present at the meeting.

Mayor Johnson asked him if the school district would consider turning the front of the new building to face Main Street.

Tom Davenport said they would consider it if it will fit. He said it has the same footprint as Shady Shores Elementary and that it will fit on that property but probably would not face Main. He said there are some things they can do on that side.

H. VISITORS/CITIZENS AGENDA:

Gary Johnson, 609 Cain Street, said he's here with mixed emotions. His marriage plans for June 16 will necessitate his moving from Lake Dallas. He said he was a member of the first Board of Adjustment and that he is not sure how many years ago that was. He said that since that time he has served on the Parks and Recreation Board, the Lake Cities Library Board, the Community Development Corporation, and Keep Lake Dallas Beautiful Committee. He said he's currently on two boards but that on KLDBC he's been delaying his resignation due to lack of members on that board. On the Library board he said Lake Dallas can have three representatives and that he's the only one. His resignation is effective the end of May so there is time to fill his spot. He said that it has been a privilege to serve the City of Lake Dallas.

Mayor Johnson told Gary that he missed one area where he also served the City. He has also served on the City Council.

I. AGENDA BRIEFING

City Manager Earl Berner said it is a fairly short agenda tonight. He listed the items under the Consent Agenda and read the titles. He then read the titles of the Business Items.

L. CITY MANAGER REPORT

City Manager Earl Berner said that the update on the animal shelter is that the site plan and building layout should be coming by May.

Regarding the parks projects: the baseball field and parking lot are underway at Willow Grove Park. We have had a lot of camping activity. The work on the RV dump station has begun in City Park. We have received our 95% on City Park from the Texas Parks and Wildlife. The 95% on Willow Grove Park should be here next week.

The brush pile was chipped and the mulch is available. This was our third brush cleanup since Thousand Oaks. They have been very successful.

The Spring Warrant Round-up cleared 108 warrants and gathered in $18,000 at a cost of $1,000 over time.

Due to the rains and few days of sun there has been a rapid growth of plants and weeds in everyone's yards. We have issued 27 notices for tall grass and weeds this week.

E. REPORTS

1) Boards and Commissions

Holly Deitrick reported that the Parks and Recreation Board is working on the car show scheduled for May 19th. The carnival will be here from the 17th to the 20th. There will also be a 50's rock & roll band plus food vendors.

For the 4th of July event we will have people at the park all day this year. After the parade ends the food vendors will already be set up. There will be water slide set up at the park. It will be similar to Mayfest in that we will have different types of entertainment during the rest of the day. Biggest thing will be the Lake Dallas Idol from about 3 to 5. We have added a watermelon-eating contest.

The Keep Lake Dallas Beautiful Committee got the grant from Home Depot. Texas Springs in Hickory Creek has worked up some designs for the sign for Council to approve. A representative from Home Depot will come to the next meeting and explain about irrigation, etc. He is a landscaper and he said we can go a long way with the $3,000. April 21 is the scheduled clean-up and we will install the plants that day, too.

Mayor Johnson asked if someone from Home Depot would be able to come to a City Council meeting so we can thank them. Holly said that they just mailed the gift card. We will see what can be done.

2) Other Reports
Joni Vaughn explained about the sales tax and said that the large receipts for February was due to a quarter remittance. She said that our expenses are on track. She said that with the end of this month we will be six months into our fiscal year. She will have report for April to let us know how we are doing at that point.

John Klaiber, Waste Management, said he's here to provide us with bad news and good news. He said that the bad news is that Waste Management made a mistake and the good news is that the City of Lake Dallas gets some additional franchise fees that have not been paid for the past three and a half year. That was when we entered into a new contract and the franchise fee up to 10% instead of the 7% we've been getting. He gave the Mayor a check in the amount of $54,619.92. He said he understands there could be questions as to lost investment income if we would have had the money it could have been set aside to made money for us. He said that in relationship to that he has made a commitment to Holly for $2,000 for the 4th of July event. He said that Waste management will also provide in kind fees to us by providing additional trash receptacles. He said he apologizes but feels good that the company he's working for takes steps to make up for past mistakes.

The Mayor and City Council thanked Mr. Klaiber for coming to the meeting and for presenting the check.

F. VISITORS/CITIZENS AGENDA:
No one came forward to speak so Mayor Johnson closed the Citizens Agenda.

G. AGENDA BRIEFING
City Manager Earl Berner said there are six items on the Consent Agenda and he read the items. He said that under business we have five items and he read those items. He said there is a workshop item on code enforcement after the business items.

J. WORKSHOP:

1) Code Enforcement procedures and issues.

Mayor Johnson thanked Char for the information she had provided and said it looks good. One question regarding repeat offenders [and those who do not respond in a timely manner] was if the City only imposes one citation. They said that the city wants to be kind and gentle but only to a point.

There was discussion about Mr. Hundley and his boat yard. The difficult thing is that a lot of those boats don't look too good but do have different values if or when they're repaired. There is one boat belongs to someone else and that person is working on it. Recently Mr. Hundley has been told that every time there's a dumpster without anything in it on trash pickup day that he will get a ticket. Pictures are being taken of various areas and the dumpster and Harold goes by weekly. Mr. Hundley will not agree to a large dumpster. He has gotten rid of a couple of boats through demolition or sale. There's a lot of stuff in there and he sells everything he gets off the boats such as railing and mahogany and teak items. He advertises on his website and the prices for some of the boats is in the millions of dollars. There could be a nice way to park the boats in the yard and make it presentable. There is stuff between the boats that is trash. It is going to take a long time to clean up the premises and we have to figure out a way to speed up the process and make some serious progress. There was a large new home built across the street recently and it's a shame they have to have that eyesore across from their new home. There was discussion about asking Mr. Hundley if he would agree to having some volunteers come in to help. We will need to check into the liability factor on that. It will be difficult to determine if someone is actually living in any of the boats. Mr. Hundley is calling them caretakers. The City has asked neighbors to call in if they hear noises from the yard. There are no dogs in the boat yard.

Amounts of the fines are determined by the Municipal Judge. Violators could be fined every day that they are not incompliance. Some people on the list prepared by Char have been visited fifteen times. The judge can take under consideration the prior offenses and she may raise the fine at a second or third appearance. It is at her discretion. We can tell her what our priorities and concerns are. She is highly experienced.

It's been too cold to do much with the clean-up on Betchan but he did do some burning yesterday.

Concern was raised about the airport area looking trashy. It is in the city limits through an annexation done several years ago. The asphalt is breaking up and weeds are growing up around the planes.

The address on Lakeview with the code violations is another continual problem. He is trashing up the neighboring yard with ruts. It's a different violation each time. He was issued another ticket this week. The current resident says he was told that as long as he mowed the neighboring property that he could use it. He parks on the property and puts trash on it. He knows what he is doing and seems to be deliberately violating city codes. Harold said that he said that someone told him he could put gravel in for a driveway and that is not correct. Harold said something has to be stepped up for the second and third time violators. The property is zoned commercial. We need to check into his using it as a residential use. He is leasing is with an option to purchase.

City Manager Earl Berner said that where the ice cream truck parks that we tell them to mow and they will finally mow and then tem days later we have to warn them again.

First time offenders are one thing. Some cities actually go in and mow and then charge the property owners plus give them a citation. We can begin with this mowing season by allowing the offenders to receive one warning and then begin issuing citations for repeated offenses. We do take pictures as backup for these offenses. There will be a problem due to rental properties.

The Mayor and City Council told Char and Harold that they are doing a good job. The report that Char submitted was a great report. A lot of people say how nice Char is and that she is never been rude to them.

K. CITY MANAGER REPORT

They are performing the soil testing on the dirt at animal shelter. We don't know how much dirt we're going to have to bring in.

Swisher road construction is in its final phase.

Both parks projects are down to the landscaping and dump station. At Willow Grove Park this week we moved a tree and the bees that were disturbed are just about gone. Trash receptacles along the trail at that park were not part of the contract.

Holly said that she has a program on her computer so she can scan and touch up old photos. Joni had a box of old photos of the city and area in her office that had been donated by several citizens that we had been keeping until we had the funds or the capabilities to reproduce these pictures for display in City Hall. Holly said we can have a wall of history with these pictures. She set the pictures out on some chairs so Council could look at them. The pictures she has redone are from two individual people. We could invite them to a meeting and have a small reception to thank them. She said that she and

Joni will get with the newspaper about the pictures and the wall. Holly said that once people see them up maybe other people will bring more pictures in.

Holly said that Marian McKinley has a special service that finds who moves in new or those who are moving within the community. She is putting our information in her folders for the Lake Dallas people. For $25/month she comes and picks up our welcome packets.

L. NEW AGENDA ITEMS

Councilmember Connors said that a lot of cities are designating an area in one of their parks for a dog park and wondered if we might consider one.

City Manager Earl Berner said that the Parks and Recreation Board has asked us to look at that project. He said that we have got some details on what we need to have. We are trying to figure out a good place for placement. Willow Grove Park might be a good suggestion. This might be something that the 4-b corporation could look at.

M. ADJOURNMENT

Mayor Johnson adjourned the meeting at 8:50 p.m.

Staff present: City Manager Earl Berner, Police Chief Nick Ristagno, Finance and H/R Director Joni Vaughn, Special Events Coordinator Holly Deitrick, and City Secretary Beverly Weikum.

B. INVOCATION
Councilmember Hammond gave the invocation.

C. PLEDGE OF ALLEGIANCE:
1) United States Flag
2) State of Texas Flag
Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS
There were no announcements

E. REPORTS:
2) Other Reports
Lake Cities Fire Department
Chief Jason Collier had handouts of the 1st Quarter 06/07 for the City Council. He discussed the various sections of the report with the Council. He said that in all his years in working for fire departments that this was the first December he's experienced where there were no fires of any kind. He said that when the bridge opens up that wrecks will occur. He said that those on the bridge will be county's but that those that occur on Swisher will be ours. There will be discussion about incorporating the fire-training program for citizens with the COPS training sessions.

1) Boards and Commissions
Holly Deitrick had handouts for the City Council of the Mardi Gras flyer. Mardi Gras will be on Fat Tuesday, February 20. She said we are $400 in the positive right now. We've received several sponsorships. The parade will start at City Park at 6 p.m. If you have a float please get there by 5 p.m. This year we will know how many there will be since we are charging a $10 registration fee. Our Grand Marshall is going to be Tom Davenport. For the Fourth of July we would like Mayor Johnson to be the Grand Marshall.

We're going to have a lot more activities for the Mardi Gras. They will include a giant slide, a rock climbing wall, face painting, music and a crawfish-eating contest.

The costume contest will be held outside this year. There will be a lot more vendors and non-food vendors this year and the Kids & Cops will be selling cotton candy. There is a $1000 prize for the best float and a best mask contest for kids. Holly said she has had calls from Channel 8 and the Dallas Morning News so we should get good coverage for the event. She said the Parks and Recreation Board will be working with a grad student from the University of North Texas to take videos of each event this year and edit them and put them on a DVD. The DVD could then be used for getting sponsors for future events or given away at trade shows.

Mayor Johnson asked what time the costume contest is since she is the judge. Holly said she thinks it will be at 7:30 p.m. The parade will be ending at the Duck Inn and we have permission from the car wash to use their property so we will have all the inflatables across the street on that property. Main Street will be closed in that area between the Duck Inn and the car wash property. Some of the vendors will be set up in the car wash area also. She will check with CenturyTel about parking in their parking lot.

Holly said the Keep Lake Dallas Beautiful Committee had applied for a grant from Home Depot for beautification project. She said we will be getting $3000 plus two employees from Home Depot to help us with a landscaping project. Mayor Johnson asked Holly to invite someone from Home Depot to a City Council meeting so we can give them our thanks.

Holly said the Chamber of Commerce banquet is April 26. The theme for this year is "Blast from the Past" so anything from the 50's, 60's, and 70's will be the focus.

Mayor Johnson said that Joni is here to give us a report on the financials. City Manager Earl Berner said the second page of the financials has a new summary sheet.

Joni said we are using the summary to try to consolidate and recap the revenue and expenses. She said that in January we receive most of our property tax dollars and that we have to make those dollars last. She said the last column in the financials shows the budget as it has been amended. She said that the amendments will be seen separately the financials from now forward. She said that we are on target with our expenses.

She said we have a number of investment accounts but the one she's showing in the report is where we transfer in and out as we need the money. We leave it in the account to earn interest until we need to cover expenses. She said we do have other designated funds but those amounts are not included in this fund\. She said she has shown the debt we have right now and since we get most of our money prior to the debt payment dates we have set aside the debt payments money. We have not set aside the 2006 bond payment amount since that is to be made by 4a, 4b and city funds. We have put the entire $50,000 aside for the reserve fund as the City Council had requested at budget time. Our Hotel Occupancy Tax for the last quarter was $15,000.

Mayor Johnson asked that a brief snapshot of the 4a and 4b funds be included in the next city financials. She said the 4a and 4b members get the report but she would like the entire City Council to also receive the report.

F. VISITORS/CITIZENS AGENDA:
No one came forward to speak so Mayor Johnson closed the Citizens Agenda.

G. AGENDA BRIEFING
City Manager Earl Berner said we have a lengthy Consent Agenda. It consists of seven items and he read the titles. He said that under business we have six items and he read those titles. He said the fire meeting is scheduled for the same night as our special 4-a meeting.

H. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for January 25, 2007 City Council meeting.**
2) **Consideration and Action on approval of January financials.**
2) **Consideration and Action to reappoint Carolyn Green to the Community Development Corporation.**
4) **Consideration and Action to appoint Curtis Trivitt to the Planning and Zoning Commission.**
5) **Consideration and Action to approve budget amendment(s) to the Community Development Corporation FY 2007 Budget.**
6) **Consideration and Action to approve budget amendment(s) to the Economic Development Corporation FY 2007 Budget.**
7) **Consideration and Action on approval of an Ordinance for budget amendment that was approved at January 25, 2007 meeting.**

Motion to approve the Consent Agenda was made by Councilmember Connors. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

Mayor Johnson thanked Mr. Trivitt for coming to the meeting and for making application to serve on the Planning and Zoning Commission.

I. BUSINESS:

1) **Consideration and Action on approval of an Ordinance to order May 12, 2007 general election for City Council Places 1, 3, and 5, and special election for Home Rule Charter Amendments.**

Motion to approve Item I-1 was made by Councilmember Fletcher. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

Councilmember Hammond asked that another Charter Amendment proposition be brought before the City Council.

2) Consideration and Action on approval of a Resolution to approve contract agreement with Denton County Elections Administrator for May 12, 2007 election.

Motion to approve Item I-2 was made by Councilmember Fletcher. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

3) Consideration and Action to approve a contract with Thomas Carnival, Inc. and waiver of fees for May event.

Motion to approve Item I-3 was made by Councilmember Fletcher. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

4) Consideration and Action to amend Ordinance 2006-13, Outside Special Events.

Mayor Johnson asked the Council to have some discussion before we have a motion on this item. With all the concerns we've had we need to make it easier for Barfly's, the Police Department, and the citizens before it's time for outside entertainment again.

Chief Ristagno said we did have some problems. It happened so quickly that we hurriedly created the ordinance. Since it was approved we've had time to review the ordinance and we can either do away with it or amend it. He said he would like to discuss some of the provisions in the ordinance. Right now an applicant can ask for permit for 'up to a year' but he thinks that should be revised to one permit per event. He said he also thinks we should charge for the permit because we're burning gas, using officers time, dispatch is receiving a multitude of calls. He thinks a recovery cost of $20 or $25/event or if it's a two-day event $30-$35 for each permit should be allowed. He also said that they can come in at the last minute and apply for a permit and the proper staff might not be available. He would like to add to the ordinance that they apply at least 72 hours prior to the event.

There was Council discussion about decibels and watts of power. We want to be good neighbors but we want to be fair to our businesses, too. We may need to run some studies so we can determine the various sounds and conditions. We can check other cities to determine what their ordinances say. The permit; should be limited to no more than three days and if there is a cost associated with it then that should be passed on. The ordinance could be used as a tool for us to say to "turn it down." Chief said that the business owners have been very pleasant to work with.

Mayor Johnson said we'll just handle it the first meeting in March. Chief Ristagno said it is up to his discretion whether or not to issue a permit at this time.

No action was taken on this item.

5) Consideration and Action on approval of an Ordinance regulating solicitations.
Motion to approve the Ordinance regulating solicitations was made by Councilmember Marino. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

6) **Consideration and Action to name two Councilmembers to work on a Fire Department funding formula committee.**
Chief Collier said the first meeting will be Monday, February12 at 7:00 p.m. This will be with the arbitrators and 2 representatives from each city. He said he's going to be there for the first part of the meeting only. He said the fire department situation with the four cities is an oddity in Texas. There are some places up north where they have this type of situation.
Motion to recommend Mayor Johnson and Karl Hammond to work on the Fire Department funding formula committee was made by Councilmember Marino. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

J. WORKSHOP:

1) Speed bumps at Willow Grove Park.
There was discussion about how nice the drive through the park is now with no speed bumps. Mayor Johnson said she and her children were at the playground last Sunday for forty-five minutes and that during that time three cars came through the park no less than 40 miles per hour and one was going the wrong way. There was more discussion about the type and size of the speed bumps that have been proposed by the contractor. There was also discussion about strategic placement of stop signs so that the number of speed bumps could be reduced. Police Chief Nick Ristagno will check with the judge to discuss the option of posting speed limits and doubling the fines for speeding in the park.

Mayor Johnson asked City Manager Earl Berner to bring information to the City Council at the next meeting.

K. CITY MANAGER REPORT

City Manager Earl Berner said that work on the projects is slow due to the inclement weather.

An engineer was planning to do some soil testing today at the animal shelter site. Mayor Johnson asked if Council would have an opportunity to see the designs before the building is erected. City Manager Earl Berner said they would.

City Manager Earl Berner said he would be off tomorrow and Monday because he has a sick sister in California. He said Police Chief Nick Ristagno would be in charge while he is gone.

L. NEW AGENDA ITEMS
Councilmember Connors verified that the code enforcement workshop would be on the next agenda.

The proposed charter amendment will be on the next agenda.

M. ADJOURNMENT

F. VISITORS/CITIZENS AGENDA:

Dave Snider, property owner at 718 Hundley, said he operates two businesses on Hundley Drive: Technicians on Wheels and Two Step Towing. He said he has a Part A and Part B to bring before the City Council tonight. He thanked the City Council for all the fine work they've been doing. He said one could tell that they are doing a fine job because there are no people here to complain and there are no negative write ups in the newspaper. He said they are using good wisdom and judgment and said that the Willow Grove Park and City Park improvements are looking good. He said they are doing a wonderful job and he sincerely appreciates them. He said he also appreciates the police department and that under the leadership of Chief Ristagno they are driving out all the drug dealers in the town.

He said that while he is speaking his mind that he loved Cynthia White going before the Hickory Creek City Council regarding City of Lake Dallas annexing that part of the county known as Foley Beach. He said that Lake Dallas could give them good streets and the benefits that we all enjoy. He said that with the elections coming up that he hopes the City Council stays like it is.

He had handouts for the council and city manager regarding Part B. He said he's not complaining but that he has a problem and needs their help. He said he recently borrowed some money on 716 Hundley Drive. He said that Green Valley Environmental Services, Inc. came in and did an environmental study on the property. He said this property is adjacent to Hundley Boat Company. He said he's been there sixteen years and there have been numerous problems along the way. He said there are people sleeping in the boats, people sneaking across the fence and stealing out of the cars in the impound lot. He said the report by Green Valley Environmental Services, Inc. didn't tell him anything that he didn't already know. He's said he's gone through code enforcers and code enforcers and they have tried to clean up the Hundley Boat property. He said he knows that the council has tried. He said that every Wednesday Harold Clark is there like clockwork trying to get something done in the clean-up process. He said that prior to this administration Mr. Hundley built a Quonset hut and the water drainage caused $4,000 in damages to his show room. Mr. Snider said he spent another $7,000 trying to divert the water. HE said the adjacent property to the east is for parking and is well maintained. The adjacent property to the west side is the boat storage and repair and has been used by the Hundley family for many years. There is no way of knowing how much waste is on this property, i.e., paint, old grease, etc. Whenever it rains the runoff coming on his property could contain lead and other contaminants from some of these products.

He asked the Council to refer to section 9, the photo section. He said that when he bought his property it kind of looked something like his neighbor's. At that time there were no fences and on the west side there is still the same trash that's been there for years and years. He said that the City sent him a bill several years ago because his alarm went off too much. He said he had been inundated with rats and they were causing the alarms to go off. He said he cut off the motion detectors until the cleanup had been accomplished. He said he discussed the cause for the problem with the alarms with Chief Ristagno and that the Chief was able to have charges waived.

There were also pictures taken of the property directly behind his impound yard. He said he doesn't foresee going through another sixteen years of this. There were aerial photos from the Denton CAD website – one from 2003 and the last photo was a 2005 aerial photo. He asked for Council's help. He said he thinks he has three alternatives: 1) take legal action and he doesn't want to do that; 2) put it on next month's City Council agenda and bring it up in open forum and he doesn't think that's necessary either; or, 3) weigh this out in the normal course of business and let the city manager address the issue. He said there's still people living in those boats down there. He said he's talked with the Mayor about this and she told him the next time he sees lights on over there to call the Police Department. He said it would be a real shame if something caught on fire down there and we lost a life.

Mr. Snider said the city's doing a fine job and that we have a fine police chief. He said he has copies of the Sun newspapers since 1995 and 1996 if anyone would care to come buy to look at them. He said he sincerely respects the City Council.

Mayor Johnson closed the Citizen's Agenda when no one else came forward to speak.

G. AGENDA BRIEFING

City Manager Earl Berner read the items listed under the Consent Agenda. He then listed the items under the Business heading. He said that the auditor is in the audience.

H. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for January 11, 2007 City Council meeting.**
2) **Consideration and Action on approval of a budget amendment for purchase of new traffic radars.**
3) **Consideration and Action on approval of a local agreement with the District Attorney for seizures and forfeitures.**
4) **Consideration and Action on approval of 4th quarter 2006 Investment Report.**

Motion to approve the Consent Agenda was made by Councilmember Connors. Second by Councilmember Fletcher.

Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

I. BUSINESS:

1) **Consideration and Action on approval of the Audit for FY 2006.**

Carl Deaton, Hankins, Eastup, Deaton, Tonn and Seay, asked if the councilmembers had copies of the audits for the Economic Development Corporation, Community Development Corporation, and the City.

He referenced Page 18 of the E.D.C. audit that shows the revenues and expenditures for last year. He said the Expenditures are broken down with the largest one being the capital outlay for land. He said the E.D.C. purchased two different properties last year. In Other Resources there is the $535,000 note on one of the properties and the $150,000 from the county on the Swisher Road sale. He said that in the footnotes it shows that the E.D.C. has made a $100,000 grant and purchased a third property since the end of the fiscal year. While the fund balance looked good at September 30 there have been lots of expenditures.

The revenues and expenditures of the C.D.C. audit are on page 18. The primary thing the C.D.C. is working on is the parks through a contract with Dean Electric. The costs as of September 30 are shown. Under Other Resources transfers in includes the general obligation bond monies that are being transferred in to fund the parks improvements expenditures. The bottom line on the C.D.C.'s fund balance is that most of that fund balance has been spoken for or committed. The C.D.C. has very little in fund balance.

Mr. Deaton referred the Council to page 20 of the General Fund Audit where the three funds are combined and the Capital Projects item. He said the transfers out are funds mostly dispersed to the C.D.C. and E.D.C. boards. The combined fund balance is a little over a million dollars. He said the main purpose of the I & S fund is to retire debt. He said the revenues for the general fund are broken down and the expenditures are by shown by departments. Towards the bottom of page 38 it shows the fund balance decreased by $55,742. He said our fund balance shows $410,887 but part of that is already spoken for and $120,000 is already reserved. He said the city's expenses are approximately $170,000 per month and we should be working toward carrying a three-month fund balance in reserves. He said October and November are low cash flow months. He said that in visiting with the City Manager that the budget for this year is to add to the fund balance.

In consolidated statement he's required to show the E.D.C. and C.D.C. side by side and that the City Council in essence controls them by appointing the people who are on the boards and through approval of their expenditures. On the bottom line for this consolidated statement, page 17, rather than fund balances, you see the net assets at pretty close to break even. The two things that impact the assets are what the fund balance is and then the ratio to the long-term debt.

Motion to approve Item I-1 was made by Councilmember Fletcher. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

J. CITY MANAGER REPORT

City Manager Earl Berner said that he had mentioned last meeting that the Willow Grove Park campsites should be ready to open the end of the month. He said that they put the fire rings in today and the electricity will be hooked up on Monday.

He said the 4-b is trying to do a business brochure. He said Holly has been working on it and he handed the sample out for the councilmembers to look at.

Mayor Johnson said the speed bumps are going back in at Willow Grove Park. City Manager Earl Berner said they won't be as big as the previous ones were.

K. NEW AGENDA ITEMS

Councilmember Marino said he would like to have someone from the Parks and Recreation Board show up so we can tell them what a wonderful job they've done.
Mayor Johnson asked if he would like to have a parks board member and 4-b member in attendance. She said we can do it under reports or announcements at a future council meeting.

Councilmember Marino said he would like to have a workshop about putting the speed bumps back in Willow Grove Park.

Councilmember Connors said we should do a workshop about code enforcement again. She said it's a constant problem and she gets a lot of complaints about it.

Mayor Johnson said we should have a workshop and have a log of where he is and a progress report. It was suggested that Harold attend the workshop.

1) United States Flag
2) State of Texas Flag

The pledges of allegiance were led by Mayor Johnson.

D. ANNOUNCEMENTS

City Manager Earl Berner said the Mardi Gras event will be February 20. The parade starts at 6:00 p.m. in City Park. There will be a $1,000 prize for the best float. A crawfish eating contest is included in this year's activities.

E. REPORTS

1) Boards and Commissions

City Manager Earl Berner said the Parks and Recreation Board continues to work on the 2007 schedule and events. There are two sheets in the handouts he gave the councilmembers. The national supercourse race and finals are in September.

He said that one of two weekend projects by the Keep Lake Dallas Beautiful Committee is a beautification project. They are looking at the southern entrance to Lake Dallas behind D & J Liquor. It's the State right-of-way but we maintain it. We are hoping to include a monument sign. We have from Mr. Berlin a $6,000 contribution to be used for a monument sign. We'll bring it to Council for approval on an upcoming agenda.

2) Other Reports

There were no other reports.

F. VISITORS/CITIZENS AGENDA:
James Gilani, 5008 South Stemmons, said he appreciates the City and the Police Department. He thanked them for all their help in helping to get rid of the drug problem in the city.

Edith Cheadle, co-owner of Pappa's Bar-B-Q, 630 S. Denton Drive, said she had heard there are monies available for economic development and expansion. She said they are interested in knowing how to get involved.

Mayor Johnson asked her to call and make an appointment with Earl Berner.

G. AGENDA BRIEFING
City Manager Earl Berner said we have three items under the Consent Agenda and listed them. He said that under business we have two items, which are essentially the same thing, and he read those headings.

H. CONSENT AGENDA:
1) **Consideration and Action on approval of Minutes for December 14, 2006 City Council meeting.**
2) **Consideration and Action on approval of December Financials.**
3) **Consideration and Action on approval of a Resolution to authorize the City of participate in the Local Government Purchasing Cooperative.**

Motion to approve Consent Agenda Items 1, 2, and 3 was made by Councilmember Marino. Second by Councilmember Connors.

I. BUSINESS:
1) **Public Hearing on an application for a Special Use Permit, Section 122.691(6), uses permitted by Special Use Permit, Article XVI, Special Use Permits, to operate a child daycare facility in a house located in the southwest corner of Lake Shore Baptist Church property, 276 Hundley Drive, Lake Dallas, Texas; Block 1, Lot 1R-A of the Lake Shore Baptist Church replat. This location is in C-1, Retail Zoning District.**

Derek Hanks, 9171 Quail Meadows, Aubrey, Texas, said the building is an old one-story wooden structure. He said the church has offered Jacqueline Strausz an opportunity. He said they have submitted a site plan and some ADA requirements for small businesses. He said the P & Z reviewed it, made some recommendations, and placed them on a two-year review. He said they weren't quite clear on what the two-year review entailed. He said that currently there is an existing gravel road and they're plan to expand it so that it will include a turn-around.

Mayor Johnson said that after we have the public hearing the Council will ask any pertinent questions.

Jacquelyn Strausz, 735 Winding Oak Bend, she would like to see if they could strike the 2-year review because she thinks she's going to need more time – perhaps three or four years. She said she's going to be doing a lot of renovations. She said she thinks the P & Z wanted concrete parking places. She won't be serving special needs children at this time.

Mayor Johnson closed the public hearing.

2) **Consideration and Action on approval of an application for a Special Use Permit, Section 122.691(6), uses permitted by Special Use Permit, Article XVI, Special Use Permits, to operate a child daycare facility in a house located in the southwest corner of Lake Shore Baptist Church property, 276 Hundley Drive, Lake Dallas, Texas; Block 1, Lot 1R-A of the Lake Shore Baptist Church replat. This location is in C-1, Retail Zoning District.**

J. CITY MANAGER REPORT

City Manager Earl Berner said the electric and water services have been approved at Willow Grove Park so the camping sites should be open soon. He said we are still waiting on dump station approval and they still need to work on the ball field and landscaping.

He said that at City Park they are painting the inside of the concession stand and installing the equipment. The butterfly garden and landscaping are all that remain. He said he has submitted the first (and should be only request) for reimbursement of the grant funds from the State of Texas.

He said that Swisher Road in our city limits should be completed by June. The bridge should be completed by April 2009.

The agreement has been signed for the animal shelter and we meet with Russell Bates tomorrow to go over some of the requirements.

The Planning and Zoning meeting has been cancelled due to lack of agenda items.

Terry Lantrip brought a couple of bricks in today and we found a couple that will match real well at 69 cents each for the Main Street project.

K. NEW AGENDA ITEMS

There were no new agenda items.

L. ADJOURNMENT

Mayor Johnson adjourned the meeting at 8:12 p.m.

Richard Martin	Councilmember 5

Councilmember Connors was unable to attend.

Staff present were City Manager Earl Berner, Police Chief Nick Ristagno, and City Secretary Beverly Weikum.

B. INVOCATION
Mayor Johnson gave the invocation.

C. PLEDGE OF ALLEGIANCE:
1) United States Flag
2) State of Texas Flag
Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS
There were no announcements.

E. REPORTS
1) Boards and Commissions
Chief Jason Collier from the Lake Cities Fire Department handed out their Fourth quarter reports for FY 05/06 to the City Council. He said they were pretty much where we were at this time last year. He discussed the multi-users. He said there were 522 different addresses and that 71 were dispatched to more than once. He said that since one of the users is the schools we could see the same address but have multiple users. He said the last three pages reflect their income and expenditures. He said the emergency manager has met with Chief Ristagno and that they have open line communication. He said we now have someone looking daily for grant information.
The City Council thanked him for his report.

2) Other Reports
City Manager Earl Berner said the Keep Lake Dallas Beautiful Committee did not have a meeting this month.

The Parks and Recreation Board discussed the 2007 events at their December meeting and will continue that in January.

F. VISITORS/CITIZENS AGENDA:
John Schuh, 737 Harbourtown, said he has a question that has to do with looking at new construction at the houses directly behind him. He said that there is a new structure approximately twenty feet from his home. He said that if the building behind him catches on fire it's going to quickly envelop his house. He said he knows that house hasn't particularly been kept up in the past few years. He feels that it's probably not completely not up to snuff and is a danger. He is concerned.

Tommy Scroggins, 317 Sweet Leaf, brought several participants in the Lake Cities Soccer Association to the meeting. He said that last spring they signed up 1000 kids. He said that was the first time ever they've had that many participants in the Lake Cities Area. He said they were here tonight to provide the money that was agreed upon with the Community Development Corporation. He said they worked with the City and 4-b to try to get the concession stand built at City Park. They appreciate everything the Council has done for the Lake Cities, the Lake Cities Soccer Association, and Lake Dallas. He said they would like to get a picture of the Mayor with the kids giving her the $30,000 check.

Paul Cook, 401 Betchan, said he had a question regarding code and animal nuisances. He said he has a situation with neighbors that have dogs that bark non-stop from 9 a.m. to 9 p.m. and from 9 p.m. to 9 a.m. He said he has checked around and that different cities have adopted codes that allow them to address this sort of problem. He said that in the past six years that the dogs from 440 Betchan have been a real problem to him. He said he doesn't think we have the means to resolve the problem. He said that Hickory Creek and Corinth have allowed the individual to file a complaint and take the pet owners to court. He said that each time he comes to the Police Department he's been told to file a charge of animal at large and as a result the owner gets a $250 citation. He said he's asking the Council and the Chief for help. He said he had been here in October, too, about this problem.

Mayor Johnson asked him to fill out the Citizen's Agenda form and someone from the City will work on this situation.

G. AGENDA BRIEFING
City Manager Earl Berner said there were six items on the Consent Agenda and read the titles of the items. He said that under Business we have three items and he read those read titles.

H. CONSENT AGENDA:
1) **Consideration and Action on approval of Minutes for November 9, 2006 Town Hall meeting and regular City Council meeting.**
2) **Consideration and Action on approval of November Financials.**
3) **Consideration and Action on approval of an Ordinance to set speed limits on Swisher Road.**
4) **Consideration and Action on approval of an Ordinance to set school zone speed limits on Swisher Road.**
5) **Consideration and Action on approval of an agreement for facility use/concession stand at City Park by the Lake Cities Soccer Association.**
6) **Consideration and Action to appoint Paul Cook as a regular member of the Parks and Recreation Board.**

Motion to approve the Consent Agenda was made by Councilmember Fletcher. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

Mayor Johnson asked the Council if she could interrupt the business of the meeting long enough for Jim and Sue Jean May, Spirit of Christmas representatives, to speak.

They both wanted to thank the City and the City Council for allowing them to use the Linwood Gilliland Community Room. They said they certainly appreciate it. Jim May said that they had 147 families and 358 kids to provide for. He said they have 3000 gifts to wrap on December 15 and are planning to use 4000 square yards of wrapping paper. He said they had more angels this year than last.

I. BUSINESS:

1) Consideration and Action on approval of Economic Development Corporation proposal to pay partial funding of street bond money, for part of Lakeview.

Mayor Johnson expressed her desire to have this come back before the City Council before the bonds are actually sold. She said this would give the Council more time to look at how the budget was going. City Manager Earl Berner said it would be a few months before the final design and other information would come back to the City Council.
Motion to approve Item I-1 was made by Councilmember Fletcher. Second by Councilmember Martin.
Ayes: Councilmembers Marino, Hammond, Fletcher, and Martin

J. CITY MANAGER REPORT

City Manager Earl Berner said that Waste Management will be picking up trash on their regular days the next two weeks. That means they will be working on Christmas Day and New Year's Day.

He said that on Swisher Road they will be switching traffic over to the other side tomorrow or Saturday.

He said the Parks projects continue. He said we're having a little tussle with TCEQ regarding the dump station.

K. NEW AGENDA ITEMS

Councilmember Marino said he wanted to remind everyone of the wrapping party. He said it's exciting, fun, and entertaining. It's at the Lake Dallas Middle School. It's tomorrow evening at 7:00 p.m.

Councilmember Martin was absent.

Staff present were City Manager Earl Berner, Police Chief Nick Ristagno, and Beverly Weikum, City Secretary.

B. TOWN HALL MEETING

Upper Trinity Regional Water District

Jody Zambolio introduced Mike Stone of the Lewisville office, and Ron Lucero, superintendent of the plant in Lake Dallas. He said the project's going well and they have almost finished the mandated requirements. He said that once the covers are in place they will be able to complete the odor control system. He said they are on schedule for a completion date in mid to late January. There will be a punch list and they should finish that in February. He said that with the houses going in they want to be a good neighbor.

He said they would like to express their appreciation for receiving the Yard of the Month award in August.

Charter Communications

Kevin Allen, Director of Government Accounts, based in Fort Worth, said that 75% of their subscribers are in the Metroplex area. He introduced Ricky Allen, operations manager for this area, who is based in Denton.

He said he knows there are customer concerns and said they are putting improvements in place to improve their reliability and offer more advanced programs. Some upgrades are already here and they are currently testing other products and services. He said corporate is also undergoing a change regarding customer relations. The call center operations is going to a virtual call center by keeping some in house and some outsourced. Prior to this the calls from this area were going to one center. He said that over the past six months 2500 customer service representatives have received six months training. He said they have carefully selected supervisors and trainers for the outsource centers.

There were discussions about attempts to reach customer service and the length of time spent 'on hold' in efforts to seek resolutions to problems. There was also discussion about Pay Per View programs and the Movies On Demand and Internet service.

Ricky Allen said this past summer was the worst one he has experienced as far as service calls. He said some of the reasons behind this were the heat and the volume

Both Kevin Allen and Ricky Allen said they will keep better communication with the City.

Mayor Johnson thanked both of them for attending the meeting and for answering the many questions.

Transportation Update
Mark Riddle with Tom Hoover Engineering gave an overview of the proposed construction design for Lakeview Drive from Swisher Road to Thompson Drive. He said Swisher to Howard would be considered one phase of the project. The City will have to acquire right of way for three lanes since at some point we will have to go to four lanes. He said Swisher Road will be a five-lane street. The intersections of Lakeview with Hundley, Howard and Thompson will have turn lanes. He said they are looking at sidewalks on the west side down to Hundley and then cross over to the east side for the sidewalk to go to Thompson. The street will be concrete. There will be a loss of some of the trees. The road will have to angle to the west before it connects to Swisher Road because of the toll bridge structure.

Mayor Johnson said this is extremely preliminary planning and there will be more public meetings on the road construction prior to final design and construction.

J. CITY MANAGER REPORT

City Manager Earl Berner said we've been working for quite awhile to put together a Welcome Package for new residents. We will get a list from LCMUA about new residents. Holly Dietrick, Special Events, put it together and we're going to be improving it as we go. He passed the proposed welcome packet around for the Council to view.

He said the Park Improvement projects are moving along. They poured the last section of the trail at City Park today. At Willow Grove Park the campsites will be closed for about a month while they finish that portion up. TCEQ has denied our permit for the dump station so we will have to go to LCMUA to tie into the sewer.

At Swisher Road they are moving trailers in for start date January 6 with 27 months to completion on the bridge project.

K. NEW AGENDA ITEMS

City Manager Earl Berner said we need to set speed limits and school zones on the new part of Swisher Road and also on the rebuilt part of Swisher Road at our next meeting. We also need to discuss the funding for Lakeview Drive.

E. REPORTS
1) Boards and Commissions
Citizens on Patrol report by Gene Tisdale, 524 Howard, said he and some members had gone to Decatur and talked with Officer Mike Picha. He gave them a copy of a sign they had placed on doors of houses they had raided when he was with the North Central Texas Narcotics Task Force. Mr. Tisdale gave copies of the sign to the Councilmembers. The signs have adhesive backs. Officer Picha asked them to let him know when the new COPS classes begin in January. He is interested to see how we come out with our signs if we are able to get an ordinance with a $500 maintenance fee (or whatever we call it) so they won't be tearing it off the door.

Mr. Tisdale called their attention to a display the COPS will have at the Halloween party on October 28 at the Kingswood Mobile Home Park. He said the information board has literature (newspaper clippings) that the majority of them have come from the Lake Cities Sun. He said they plan to pass out literature along with copies of the newspapers at Kingswood.

2) Other Reports
There were no other reports.

F. VISITORS/CITIZENS AGENDA:

Karen Gaskill, 124 Shasta Drive, Hickory Creek, said she was speaking on behalf of her husband and friends that live in Hickory Creek across the highway from Lake Dallas. She handed out a petition with eighty signatures of persons seeking relief from the noise from outdoor concerts at Barfly's. She said that on most weekend nights she can understand the lyrics from the music as late as midnight inside her home. She said that her family and all the neighbors have invested significant time and money in their homes and yet their peace is disrupted. She asked that the City not renew Barfly's permit until steps have been taken to correct the noise situation. She said they do not believe a verbal agreement with Barfly's will work. She said the Lake Dallas Police Department has been very helpful. She wondered if a sound barrier would help.

Jeremy Cutlip, 5006 South Stemmons, owner of Barfly's, said that on the 7th they had an actual production company with a touring band and that they were a whole lot louder than those who usually perform there. He said the same production company was there the next weekend, too. He said he has had a few people who have told him that the wind can cause a variance. He said they're trying to make the adjustments. He said they have one weekend left on there permit and that they would have someone go across the street to check out the effects of the sound and try to find out what the problem is.

Norman Sumlin, 411 Stockard Avenue, said he and his family love Lake Dallas. He said they were in the yellow group at the Willow Grove Park cleanup and ran into a beehive. He said that he went out yesterday and picked up the trash that they left. He said they got their shirts and that all the volunteers collected over a ton of trash. He said it was a great turnout and that they would like to do it every year. He said he goes to Willow Grove Park all the time and that he loves the improvements that we're making in the park.

City Manager Earl Berner said there were over fifty people involved in the clean up.

Tamra Butler, 102 Shasta Drive, Hickory Creek, said she was there in support of noise reduction at Barfly's. She said she and her husband have been in the bar. She said that one night they couldn't have a conversation with their friends in their own kitchen because the noise was so loud from Barfly's. She asked the City not to renew their permit.

Margaret Tisdale, 509 Howard, said thanks for Yard of the Month presentation. She said they were pleased to get the award.

Mehdi Hassanipoor, 111 Lakeview Court, Hickory Creek, said that because of the noise from Barfly's he's up because he can't put his son to bed. He said he has called the Police Department and that the dispatcher could hear the noise over the telephone. He said this is the first time he has been to a public forum. He said he hopes a member of the Council would make a visit on a Friday and Saturday to see and hear for themselves what they go through.

G. AGENDA BRIEFING

City Manager Earl Berner said the Consent Agenda is for approval of the Minutes for the October 12 meeting. He said there are four items under Business but the animal shelter lease is not ready at this time. We will have a review of the topics for the Town Hall meeting and then the workshop for code enforcement and the boards term limits.

H. CONSENT AGENDA:

1) Consideration and Action on approval of Minutes for October 12, 2006 meeting. (City Secretary)

Motion to approve Item H-1 was made by Councilmember Fletcher. Second by Councilmember Connors.

Ayes: Councilmembers Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

I. BUSINESS:

1) Public Hearing on a proposed replat of the north half of Lot 25 of Block H in the Garza Beach Estates of the City of Lake Dallas, Denton County, Texas.

Tina Martin, 610 Thompson, said that the change the Council is trying to make in the City is great. She said that if he puts four houses on this property he's going to make the property 5000 SF which is not conforming to the zoning of the area. She said that the P & Z worked very hard to get the zoning ordinance done. She said that if we let this happen the property next to it will be next and it will just continue. She said that two houses will meet all the code regulations and that four houses will not. She said she thinks it is wrong.

Tom Brown, 401 Stockard, said he lives next door to this property. He said he has a problem with them doing the replat. He said that if you build four homes on that property it will create more problems especially with the traffic since the streets are extremely narrow in that area. He said that rumor has it that if they build there that these homes will become rental property, but he said he doesn't know for a fact. Another concern he has is the trees on the property. He said the trees on that property would probably be cut down and he hopes that doesn't happen.

Norman Sumlin, 411 Stockard, thanked the Council for fixing their road finally. He said they've lived there for five years. He said he could see two houses being built on that property. He said there's at least a one hundred year old tree on that property. He said there is so much traffic and so many children on the streets in that area. He said he also wants to thank the Council for not opening up a street to Mrs. Clancy's property when that area was re-platted. In closing he said he could see two houses being built on that property but not four.

2) Consideration and Action on a proposed replat of the north half of Lot 25 of Block H in the Garza Beach Estates of the City of Lake Dallas, Denton County, Texas.

Motion to deny Item I-2 was made by Councilmember Fletcher. Second by Councilmember Connors.
Ayes: Councilmembers Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

3) Consideration and Action on lease with Upper Trinity Regional Water District for the Animal Shelter.

No action was taken on this item.

4) Review of suggested topics of discussion for the proposed Town Hall meeting.

City Manager Earl Berner said the topics we have thus far are for Charter Communications, Upper Trinity Regional Water District, Transportation Update [I-35, Swisher, and Lakeview], potential renaming of some streets [Denton Drive and Church], Police Activity, and some Charter amendments.

It is planned for 7 p.m. on November 9 in the Linwood Gilliland Community Room and will be an open forum.

We may be able to get some ideas for topics from those in attendance and plan quarterly meetings.

J. WORKSHOP:

1) Code Enforcement

City Manager Earl Berner said he would like to get some direction from the Council about the procedure to follow with those who seem to be consistently in violation of various codes. Would there be objections to giving these offenders one notice and stating in the notice that this is the only notice you will receive?

We need to enforce our code and should probably be on a case-by-case basis. We need to be firm, flexible, as well as fair.

City Manager Earl Berner said we are working with those who are making an effort on those with large projects.

If the violation produces a financial bind or hardship on the property owner we should provide a form and try to find them some help from a faith-based organization, other government entities, or the Keep Lake Dallas Beautiful Committee.

We can file liens against properties that we have to clean up whether by mowing or removal of debris if the property owners refuse to pay.

We have been enforcing the banners and temporary signs as well as the dumpster enclosures.

2) Boards & Commissions Term Limits
City Manager Earl Berner said that the Planning and Zoning Commission has two terms, four years, limited through the code. We have trouble getting volunteers for our boards and committees so it is necessary that we can reappoint members whose terms have lapsed.

There was discussion about getting people to apply plus setting up a review process for the City Council to do for new appointments as well as reappointments to the boards and commissions.

We can bring an ordinance to the next City Council meeting that will change our code about the term limits for the Planning and Zoning Commission.

K. CITY MANAGER REPORT

City Manager Earl Berner reported that he and representatives from Hickory Creek and Corinth had participated in the International Conference of Shopping Centers trade show just before he went on a week's vacation. He said they came back with about twenty-six reasonable prospects. He said they will be invited to the Allies Day event next spring.

He said the Christmas Party date should be set up. The second Friday in December at the American Legion would be a good date.

L. NEW AGENDA ITEMS

When written responses are received on public hearing issues copies are provided to the councilmembers.

There was a request that no Staff Recommendations be placed on the agenda item memos for those items that include public hearings.

Mayor Johnson will discuss the board members with City Manager Earl Berner.

M. ADJOURNMENT

Mayor Johnson adjourned the meeting at 8:40 p.m.

CITY OF LAKE DALLAS, TEXAS

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on October 12, 2006 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551,041 of the Texas Government Code. Mayor Johnson called the meeting to order at 7: 30 p.m.

A. ROLL CALL

Marjory Johnson	Mayor
Tony Marino	Councilmember 1
Carol Ann Connors	Councilmember 2
Karl Hammond	Councilmember 3
Richard Martin	Councilmember 5

Councilmember Fletcher and City Manager Earl Berner were unable to attend.

Also present were Police Chief Nick Ristagno and City Secretary Beverly Weikum.

B. INVOCATION

Mayor Johnson gave the invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag

Mayor Johnson let the pledges of allegiance.

D. ANNOUNCEMENTS

Police Chief Nick Ristagno said that October 21 is the Spirit of Christmas Fun Run, the City's Quarterly Cleanup from 8 a.m. until 2 p.m. at the City Yard, and Keep Lake Dallas Beautiful Committee's cleanup of Willow Grove Park and the marina area. November 4 the Community Development Corporation will plant twelve trees at Willow Grove Park at 9 a.m. as part of an Arbor Day observation and they have extended an invitation to the City Council to participate. December 2 is the Christmas Tree lighting. From 8 a.m. until 12 p.m. on Mondays and Thursdays of each week recycle bins are available at the city yard. We can accept any recyclables except glass.

Holly Deitrick said that on October 31, Halloween, we will have the annual trick or treaters and hayrides from 4 p.m. until 6 p.m. Mark Henry of the Lake City Sun is surveying the businesses to see how many plan to be open and participate. October 28 is the Lake Cities education gala.

Gene Tisdale, 524 Howard, called the Council's attention to today's Lake Cities Sun and the big article on front page about the City's newly purchased SWAT vehicle. He also referred to last week's paper and the article about drug raids by our Police Department on the front page. He said that at the Halloween party at Kingswood on October 30 they will have a supply of those newspapers to hand out.

He said that the Back to School Dance was very interesting. He said there was a lot going on and that there were 350 to 400 kids there and they were moving and grooving.

He had handouts for the Mayor and Councilmembers regarding drug busts in Decatur. He said he had called up there and talked with their Police Department about the signs that they place attach to the homes where they do a drug bust. They leave the signs on the homes for a month. He said there is an embarrassment of having the sign so the druggies don't come back. He said that a second drug bust at a residence causes a 95% move-out rate. He had some thoughts regarding

citations should the sign be removed prior to the required days. He said the neighbors would not want a sign like that on a home in their neighborhood so that could prompt their watchfulness for any illegal activity and perhaps they would even be able to furnish the police departments with license plate numbers. He said that the COPS have watched some of the drug busts and that thirty minutes after a bust the kids are going into the homes to see if the police missed anything.

The City Council thanked Mr. Tisdale for his involvement in the COPS program and for his diligence in the war against drugs. They also thanked Police Chief Nick Ristagno for his efforts and successful drug raids.

E. PROCLAMATIONS

Friends of the Family: Relationship Violence Awareness Month

Mayor Johnson read the proclamation that declared October as Relationship Violence Awareness Month.

F. REPORTS

1) Boards and Commissions

Holly Deitrick reported for the Parks and Recreation Board. She gave the Mayor and Councilmembers a handout with the Christmas Tree Lighting schedule. She said the new thing they are going to try this year is the Main Street Stroll. People can walk up and down Main Street and pick out which business is the more festive with Christmas decorations. She said Santa will announce the winner towards the end of that evening. Stephanie Kimberly of the Lake Cities United Methodist Church has volunteered to help with the Christmas crafts in the Linwood Gilliland Community Room.

2) Other Reports

There were no other reports.

G. VISITORS/CITIZENS AGENDA:

No one came forward to speak so Mayor Johnson closed the Citizens Agenda.

H. AGENDA BRIEFING

Police Chief Nick Ristagno read the items listed under the Consent Agenda. He read the Business Items and said the Ordinance for the budget amendment is a housekeeping issue. County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on September 28, 2006 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. The meeting was called to order at 7:30 p.m.

A. ROLL CALL

Marjory Johnson	Mayor
Tony Marino	Councilmember Place 1
Carol Ann Connors	Councilmember Place 2
Karl Hammond	Councilmember Place 3
Alan Fletcher	Councilmember Place 4
Richard Martin	Councilmember Place 5

Also present were City Manager Earl Berner, Police Chief Nick Ristagno, Holly Detrick, Special Events Coordinator, and Beverly Weikum, City Secretary.

B. INVOCATION

Councilmember Hammond gave the invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag

Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS

Holly Deitrick said the next cleanup is October 21 at Willow Grove Park. She said she is currently working with the Marina to see if we can clean up around their area, too. She said that Wal-Mart gave us some bicycles to give away.

Councilmember Martin said that on September 16 he had been privileged to be with the Lake Dallas Police Department while they went out on a drug bust. He complimented the police department on how professional and organized they were. He congratulated Chief Ristagno.

Councilmember Hammond said it's only 40 days until Election Day. He reminded everyone to get registered and to vote.

Chief Ristagno said that on October 6 from7-10 p.m. the Kids N Cops is hosting a Back to School dance for the kids here in our parking lot.

Gene Tisdale, 524 Howard, said that today was his first opportunity to drive in a homecoming parade. It was a lot of fun.

He said we've had several drug busts lately and that he was in on one last night. He said it is a great service. He said that Decatur has a door knocker with a big smiley face that leaves an imprint on the door and they have signs that are placed in the yards of the homes where drugs have been sold. He said these are things we might add to our program. If we could get something like that the COPS might be sure the sign would be up for awhile. He said that Coppell has a problem with people who stock liquor cabinets up and then have an open door policy, no matter what age and individuals just come in and are able to get drinks of alcohol. They may have to leave their keys if they become intoxicated.

He said the city sets a large fine for those who have this atmosphere and he understands that it's working pretty good. The COPS classes will start after January 1. We need to get a lot of people signed up for these classes.

E. REPORTS

Gary Johnson, 609 Cain, the Library Board, said they are trying to get their budget finalized and that they are hurting. He said they are trying to economize the best they can but they are still in dire straits. He said that any help will be appreciated.

Chief Jason Collier, Lake Cities Fire Department, had the third quarter report as a handout. He discussed the first three pages with the City Council. They will try to track the EMS calls a little more closely but have to be careful not to violate any HIPPA laws.

Holly Deitrick had a hand-out regarding the racing event. She said she went around to the local businesses after the week-end event to see how their sales over that week-end compared to normal week-ends.

It rained Sunday so that affected the attendance. There were two hundred fifty people in town for the event (pit crews, etc.). The racers were well pleased with Willow Grove Park. They had the awards dinner in the Linwood Gilliland Community Room. She said she went to the Best Western Friday night and put a welcome letter with all the businesses in their welcome packets. ESPN broadcast some of the event live. There is a copy of the 4-page insert from the Dallas Morning News included in the handout.

There was discussion about the amount of money the teams had to spend to participate in the event here. More signage might help the attendance. A big name boating sponsor on board would be a big help. A big sponsor could pay for the radio advertising.

F. VISITORS/CITIZENS AGENDA:

Babs Troutman, 3501 Chelsea Court, Corinth, said this was a personal invitation to the Tour Eighteen tournament scheduled for November 6. She said sponsorships are available. Invitations will also be mailed.

G. AGENDA BRIEFING

City Manager Earl Berner said there are three items on the Consent Agenda and he listed them. He listed the items under the Business item. He said he would like to ask the City Council to table Item 4 because we still have work to do on it before there is Council action.

J. CITY MANAGER REPORT

City Manager Earl Berner said the Animal Shelter contract is still pending.

We have some numbers together for Lakeview Drive and he will be sharing the information soon.

The parks improvements continue moving forward. We got a little bit of break on the water line at Willow Grove Park and will be able to save a few dollars there. The playground is now open for use and campsite work has started.
The City Park Trail was paved this afternoon.
Swisher Road progress continues. They are getting ready to begin paving on the Ease side.

There may be a low spot on part of the trail in Willow Grove Park. The contractor can check that out.

K. NEW AGENDA ITEMS

City Manager Earl Berner said we are thinking of scheduling the town hall meeting on November 9 in conjunction with a regular council meeting.

Each councilmember should bring their town hall workshop items to the next meeting.

Could we put up sign regarding littering in conjunction with the Keep Lake Dallas Beautiful Committee?

2) Other Reports

There were no other reports.

G. VISITORS/CITIZENS AGENDA:

No one came forward to speak so Mayor Johnson closed the Citizens Agenda.

H. AGENDA BRIEFING

City Manager Earl Berner said there are two items on the Consent Agenda: the Minutes and Financials. Under the Business portion we have public hearings for the proposed tax rate and proposed budget. There are action items for approval of the budgets for the Community Development and Economic Development Corporations and the auditor contract extension. There is an item for the discussion of the remaining million of street bond money.

I. CONSENT AGENDA:

1) Consideration and Action on approval of Minutes for August 24, 2006 meeting.

2) Consideration and Action on approval of August financials.

Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

6) Discussion regarding the issue of $1,000,000 street bond funds (balance from 1998 bond package).

City Manager Earl Berner said we have $1,000,000 available and probably a half million is needed right now for roadwork. The approximate cost for Lakeview from Howard Street north to Swisher Road is $450,000. This was brought up at a recent Economic Development Corporation meeting and they might be interested in picking up the debt service for a year or so. He asked the Council to give this some consideration. He said there is no action required tonight and that he is requesting guidance.

There was Council discussion about engineering costs and timing. Since the new part of Swisher Road will be used as a staging area until the bridge is opened (currently scheduled for 2009) we should have access ready and it will help in the sale of the Mercedes homes and probably with the sale of the property owned by the Economic Development Corporation.

We need to get an exact idea about what the 4-a board proposes and then bring it back to council.

There was a question about improvements to Lakeview going south from Howard Drive. Should eminent domain have to come into play we would be scheduling public hearings.

K. CITY MANAGER REPORT

We are still waiting to hear from Upper Trinity regarding the lease for the property for the new Animal Shelter.

The playground is in at Willow Grove Park and they will begin work on campsites after the races. They are working on City Park and should be working on the trail there soon.

Shady Shores & Swisher roadwork continues. They are going to switch lanes to the west side on Friday or Saturday.

L. NEW AGENDA ITEMS

We are we going to need to patrol the trail in Willow Grove Park. Lots of kids have been go-karting on it this week already. We need a lot of citizens involved. We are going to have to do some underbrush clearing along the trail, too. On an October agenda we should have an item to schedule a park cleanup. We might need some signs to say 'no motorized vehicles.'

The Education Foundation Gala is October 28. We should probably get one table this year.

M. ADJOURNMENT

Mayor Johnson adjourned the meeting at 8:02 p.m.

Marjory Johnson, Mayor

Richard Martin	Councilmember Place 5

Councilmember Connors was out due to illness.

Also present were City Manager Earl Berner, Police Chief Nick Ristagno, Joni Vaughn, Finance/Human Resources, and Beverly Weikum, City Secretary.

B. INVOCATION
Councilmember Hammond gave the Invocation.

C. PLEDGE OF ALLEGIANCE:
1) United States Flag
2) State of Texas Flag
Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS
Councilmember Hammond said he had received a flyer from Mercedes Homes and it has a lot of good advertising for our city in it.

City Manager Earl Berner said the Jet Ski races would be held at Willow Grove Park on September 16 and 17. Councilmember Marino said ESPN will be there.

E. REPORTS
1) Boards and Commissions
City Manager Earl Berner said that under the Parks and Recreation report there is the Jet Ski item. He said that under the 4b report that there is the status report on the parks. Both City Park and Willow Grove Park are under construction. The completion date is anticipated to be early spring.

2) Boys & Girls Club of Denton County report and presentation.
Babs Troutman, Chief Professional Officer for the Boys and Girls Clubs of Denton County introduced Mark Henry who is one of the board members.
She said they had a presentation for the City Council. It is a check in the amount of $5,000 that they are donating since they are a partner on the City Park Grant.

Ms. Troutman had provided handouts for the councilmembers regarding their programs, the facility lease, and additional information regarding their organization. She said they would like to request extending their stay on Alamo for two more years. She said they are a not for profit organization. They will have their awards banquet again in January.

F. VISITORS/CITIZENS AGENDA:
Rodney Dryden, Wellspring Insurance Agency, Roanoke, Texas, said that they represent the City for their health insurance and wanted to give the City Council an update. He said that the North Texas Government Benefit Alliance did go out for an RFP this year and that through that process it was determined that the rates that were received would be an improvement.

However, some cities dropped out so there were fewer participants and we were not able to follow through. He said we will start earlier this year and suggested that Lake Dallas contact their neighboring cities and see what their interest level is and ask them to contact the alliance. He said they think it is a very worthwhile cause and that it makes sense for our employees and our budget.

Sheila and Dave Munden, 6624 Steward Blvd., The Colony, said that they are the ambassadors for the Colony Sail and that they have come to extend a personal invitation to the council and the citizens to participate in the Mayor's Ball on September 14 and again on September 16 for the Mayor's Cup Regatta Race. They said if anyone had any more questions to please check their website. They said they were looking forward to their participation in these events. She said that some of the big blocks that were used to make the retaining wall have been carried off.

Margaret Tisdale, 509 Howard Drive, said that part of the Kings Manor Drainage Ditch is in need of mowing or weed-eating. She said that behind their rental property (an area where it hasn't been mowed) \ that they had found some drug paraphernalia. She said there are cracks in the street at least an inch wide and they would like to have something done before the pavement begins to crumble.

Gene Tisdale, 524 Howard, said he would like to thank the Council and the Police Department for the patrol car the COP program has. He said he got to use it some this past week and it's been very interesting. He said that just the car's presence in an area tends to slow down suspicious activity as well as drivers of vehicles. They have been giving out some pamphlets in a drive to recruit new members and he asked the City Council's help in that area, too. He said they are planning a meeting for Tuesday night at 7 p.m. and will see how many new people attend and wish to join the program.

G. AGENDA BRIEFING

City Manager Earl Berner said there are two items under the Consent Agenda. Under the Business items we have the appointment for the Community Development Corporation, the contract with the Boys and Girls Clubs, action on selection of an auditor, Public Hearings on the proposed tax rate and the proposed budget, and action on budget approvals for the fire department and the library.

H. CONSENT AGENDA:

1) Consideration and Action on approval of Minutes for August 10, 2006 meeting.

2) Consideration and Action on approval of a contract re: Jet Ski Races in September.

Councilmember Hammond asked that Item H-2 be pulled from the Consent Agenda.

5) Public Hearing on proposed budget FY 2007.

No one came forward to speak so Mayor Johnson closed the Public Hearing.

6) Consideration and Action on approval of the City of Lake Dallas portion of funding for the FY 2007 Lake Cities Fire Department budget.

Councilmember Fletcher said the reason for approving the budget without the 1.87% COLA was because the City is not able to give a COLA to its employees.
Motion to approve the Fire Department Budget without the 1.87% cost of living increase was made by Councilmember Fletcher. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

7) Consideration and Action on approval of the City of Lake Dallas portion of funding for the FY 2007 Lake Cities Library budget.

K. CITY MANAGER REPORT

City Manager Earl Berner said that Joni Vaughn had prepared a sheet with the designated funds and balances. He said they're pretty well audited.

Mercedes Homes has sold six homes.

The Spirit of Christmas has asked to use the Linwood Gilliland Community Room from December 5 through December 15 this year. He said it does not present a conflict for us.

As a point of clarification on Boys and Girls Club facility lease: it was approved exactly as it reads.

L. NEW AGENDA ITEMS

After the budget is approved we should schedule a workshop with the Planning and Zoning Commission to address some code issues.

Mayor Johnson said that her brother is the one who wrote the poem that is on the community room wall and that he had also written one for Chief Ristagno. She said he has just had a book published and she would like to do a presentation for him in recognition of his achievement at the September 14th meeting.

We should think about scheduling a Town Hall meeting soon.

City Manager Earl Berner said the Float & Fly Event is this week-end at Willow Grove Park. September 15 & 16 is the Jet-Ski Event.

F. VISITORS/CITIZENS AGENDA:

Jeremy Cutlip, 5006 S. Stemmons, made a statement regarding the numbers of calls made regarding the late hours and the hardship it would place on his business if the hours were changed to midnight instead of 2:00 a.m. for closing time.

G. AGENDA BRIEFING

City Manager Earl Berner stated the items that were listed under the Consent Agenda. He said that under Business there will be a budget discussion and then two items to set dates for public hearings. There is also a workshop on extended hours for alcohol establishments.

H. CONSENT AGENDA:

1) Consideration and Action on approval of Minutes for July 27, 2006 meeting.

2) Consideration and Action on approval of July Financials.

Motion to approve the Consent Agenda was made by Councilmember Connors. Second by Councilmember Hammond.

Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin

Noes: None

Motion Passed

Mayor Johnson asked for City Council approval to move to the Workshop on extended hours and then do the Executive Session before returning to the Business Items. The City Council agreed.

L. WORKSHOP:

1) Section 10-35, Business Hours, of Article II, Licenses and Permits, of Chapter 10, Alcoholic Beverages.

Chief Ristagno discussed the handout he had prepared for the City Council. The report establishes that the most incidents occur between midnight and 3 a.m. He said that Public Intoxication violations occur more at bars than restaurants.

After council discussion it was determined that the Police Department will provide monthly statistical reports for the City Council. The establishments will be monitored. There will be a meeting with the owners of the bars and private clubs to convey the concerns of the City Council.

Mayor Johnson closed the regular meeting at 7:57 p.m. and the Council went into Executive Session.

J. EXECUTIVE SESSION:

The City Council to meet in Closed Session under Section 551.074, Personnel Matters, of the Texas Government Code regarding issues in the Police Department and Administration Department.

Mayor Johnson called the regular meeting back to order at 8:30 p.m.

K. ACTION, if any, from Executive Session.

There was no action taken on this item.

Mayor Johnson stated that the City Council would now address item I-1 of the Agenda.

I. BUSINESS:

1) Discussion on Budget FY 2007.

City Manager Earl Berner said he has been working on this for quite awhile. He said he took out the 3% cola for employees. The employees will receive their annual raises in accordance with the step plan that was previously adopted. He said we have had huge expenses on gasoline and utilities. He said he is proposing a 2.065 increase to bring the tax rate to $ .67000. It will average about $45/year for the average home [$109,000].

We are not adding any wish list items. The new squad car will be purchased for by paying half of the cost out of a restricted account. The Fire Department has received a new ISO rating and that will result in an annual decrease in insurance rates of approximately $130/home. The ISD will have a smaller tax percentage this year.

There was discussion about the budget preparation and the estimates as well as the increases and decreases. The Hotel Tax fund needs to be spent on tourism. We may need to have the 4th of July event be our large event of the year and scale back on the Mayfest event. The Parks Board will have to look at it and make a recommendation.

Alarm permits were affected by a recent change in State law.

The City Council budget is for the employees' Christmas. If councilmembers want to attend optional seminars they will need to pay for them instead of being reimbursed by the City. Required seminars, such as the 4-a and 4-b training will be paid by those corporations.

The $25,000 increase in Administration's budget is for the storm water management.

The Library's budget includes an amount for building improvements. They need more space for the required items necessary to continue receiving the County funding. Their offices are very small. Mr. Berner was asked to talk with Rebecca at the library after someone said that Corinth had not approved their portion of the budget to see how soon that might affect their funding process.

There is no increase/decrease shown for the Reserve account and that it because it is a new budget account.

The salary increases will be the result of the step plan approved by Council several years ago. Most employees will receive a 5% increase on their anniversary date.

We will have two public hearings that are required before we can adopt the tax rate and budget.

There was discussion about the street signs being changed out and the cost for installing street lights. There is quite a difference in cost between adding just a fixture and installing the complete pole.

2) **Consideration and Action on property tax rate and to set dates for public hearings regarding property tax rate.**
Motion that the public hearings to discuss the property tax rate be held at the 7:30 p.m. City Council meetings on August 24 and September 14 in the City Council Chambers at 212 Main Street was made by Councilmember Connors. Second by Councilmember Marino.

Motion to amend the motion to set the public hearing dates to include proposing a tax rate of $0.6700, an increase of $0.02065, and set the dates for public hearings for the FY 2007 Budget was made by Councilmember Fletcher. Second by Councilmember Marino.

E. REPORTS

1) Lake Cities Library Budget Presentation FY 2007

Gary Johnson, 609 Cain, library board member, Introduced Rebecca Belknap, library director and Abby White and Cindy Wolfe from Corinth and J.C. Holsten of Hickory Creek and Betty Brown of Shady Shores.

Rebecca Belknap gave the budget presentation. She said the board and staff had spent many hours with its preparation. She discussed the handouts that had been provided to the Council. She said they have congestion in the parking lot and that business has really picked up. She discussed the formula and mentioned the city's population and checkout percentage. By using the percentages of the total population and total usage that Lake Dallas' adjusted average is 32.7%. She said she went to the commissioners meeting at Denton this week and the County's $46,500 contribution was confirmed. There is a comparison with other libraries included in the handout. They rotate their audio and video supplies with other cities. They would like to be able to continue with the programming schedules.

If the growth continues they will have to additional shelving. Right now they have the required amount of items available. They need to continue to keep the items proportionate with the population growth in order to continue receiving County funding.

Space will become an issue at some point. They were asked to come up with a plan to include how will they be able to maintain a larger building [utilities, etc.]. Hickory Creek has approved this budget.

Mayor Johnson thanked her for coming to the meeting tonight. She said we appreciate them being there and hope they can keep growing. She said that if we have any more questions on the proposed budget that we'll call and thanked them for all their hard work.

2) **Other(s)**

There were no other reports.

F. VISITORS/CITIZENS AGENDA:

Jeremy Cutlip, Barfly's, 5006 South Stemmons, said he was there to speak on the workshop item for extended hours. He said that for about 3 – ½ years that his main competition has been Grapevine. He said he would suffer a loss of revenue due to 12 a.m. closing as opposed to the current 2 a.m. closing.

Mayor Johnson said this is just a workshop item tonight and that no action will be taken at this meeting.

Mayor Johnson closed the Citizens Agenda at 7:50 p.m. when no one else came forward to speak.

G. AGENDA BRIEFING

City Manager Earl Berner said there were three items under the consent agenda and one item under business. We have two workshop items on the agenda.

H. CONSENT AGENDA:

J. WORKSHOP:

1) City Budget FY 2007.

City Manager Earl Berner handed out a revised budget. He said that since last Thursday it had been revised several times. He said we still have a couple of major items to verify before we can discuss. He said we got the certified tax rolls yesterday afternoon. He said we won't have the final numbers on the health insurance until about Wednesday of next week. He asked the councilmembers to look at the budget and asked them to call him if they have any questions. He said that at the meeting on August 10th we'll have the department heads here to answer the questions and something very firm to present.

2) Section 10-35, Business Hours, of Article II, Licenses and Permits, of Chapter 10, Alcoholic Beverages.

There was Council discussion and questions were asked of Mr. Cutlip. He said that those people who come in after midnight are usually in uniforms from working at other places that close at midnight (B-J's, Hooters, Red Lobster, etc). He said that the service industry people are usually better tippers and are the least picky. He said he doesn't think they've had any issues or problems due to the extended hours.

Chief Ristagno said he could compile some statistics regarding DUI's which would include dates, days of week, hours, etc. He said that if the drinking establishments become problematic that he would come to council and ask for revision of the ordinance. He said that there are situations where we could ask TABC to put sanctions in place. He said that we have been fortunate because usually management has tried to correct any problems in the past.

K. CITY MANAGER REPORT

Mr. Berner reminded them that the Chamber Coffee next Wednesday will be at the new Shady Shores Elementary School. Tom Davenport will do breakfast.

The paving on Swisher Road continues and there will be continuous interruptions with the traffic while they switch from lane to lane. They hope to get the part done by the school before school starts.

They are working on the improvements at Willow Grove Park. There have been delays with the environmental permit so camping will be allowed until we get that permit.

The City Council should have a meeting for their comments on the Main Street Improvements.

L. NEW AGENDA ITEMS

We need to workshop the extended hours at next meeting and decide whether or not to make it an action item.

E. REPORTS

1) Boards and Commissions

Chief Jason Collier, Lake Cities Fire Department handed out their proposed budget to the councilmembers. He said he would just hit a few highlights and let them go through the line items prior to the budget workshop. He said the first page lists the department's accomplishments FY 2005-06 and lists their objectives FY 2006-07. The second page is an organizational chart and lists the personnel for the fire department. The third page shows the fire and emergency calls made from 2002 through 2006 for all the cities and the next page is a graph of calls to the individual cities. The Line Item Budget follows and shows the current year budget, projected expenses through September and the proposed budget for 2006-07. The next section is Line Item Explanations. The last section is the New Program Request.

Chief Ristagno and Chief Collier explained more details about the Emergency Management Coordinator, which is part of the New Program Request, and how it would affect the four Lake Cities.

Mayor Johnson requested information regarding the long-term plan on personnel and salaries. Chief Collier said he doesn't know where we stand in comparison and said he would get that information.

City Manager Earl Berner said he has invited Chief Collier to attend our budget workshops.

Councilmember Connors said that three weeks ago tomorrow night that her husband suffered a massive heart attack and said that their response was phenomenal. She said that all of the personnel were kind and caring. She thanked him and his department for all they do for the citizens.

Chief Collier said that he went through this budget today with another council. He said that any time they have any questions that they should feel free to call him. He said he also would be more than happy to meet with them at their convenience. The telephone number is 940-321-2141.

City Manager Earl Berner said that the Parks Board is working on the Jet Ski Event for September. He said they have a working contract with them and are getting excited about it.

F. VISITORS/CITIZENS AGENDA:

James Skinner, 406 Brookside, said he's talked with Mr. Berner regarding the stress and frustration he and his neighbors are having due to some high speed traffic on a street that is kind of a cut through between Jackson Ranch and Thousand Oaks. He said that most people don't park on that part of the street and that it's a risk to try to be out in the street to sweep or clean up. He said the cars rush past and that the drivers give obscene gestures. He said that when he moved there about three years ago that he contacted the Chief. He said that they do have some patrol out there which is welcomed but that still during rush time they have some high-speed traffic. He said that along with the patrols that maybe a sign or something could be erected.

Mayor Johnson said that the City Council would not need to take any action on this. She said that we could address the problem through City Staff. Mayor Johnson asked Chief Ristagno to look into the matter.

G. AGENDA BRIEFING

City Manager Earl Berner said that we have three items on the Consent Agenda and listed them. He said that under business we have action for a monument sign permit application; action on interjurisdictional Mutual Aid Agreement expanding the Denton County Mutual Aid Agreement; and item 3 has not received the proper information from the property owners so he is requesting that Council take no action tonight. The information is available so they will be aware of it. The last item is an executive session on real property.

H. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for June 22, 2006 meeting. (City Secretary)**
2) **Consideration and Action on approval of financials for June 2006. (City Manager)**

Mayor Johnson called the regular meeting back to order at 8:47 p.m.

K. ACTION, IF ANY, FROM EXECUTIVE SESSION.

The City Council took no action on this item.

L. CITY MANAGER REPORT

City Manager Earl Berner said that the quarterly clean-up is this Saturday.

The Upper Trinity Regional Water District has begun their project to eliminate the odors. They have to drain the first two tanks so there will be some smell for a couple of weeks while that is happening.

The deck planking should be going up tomorrow on the pier at Willow Grove Park.

The first tenant is going to move in Monday at the new Lake Cities Business Park.

The Mercedes model home is finished. They have their certificate of occupancy but there is no furniture in it yet.

The old Jolly Roger has been acquired by some people in Lewisville. The name of the new business is The Flaming Pig.

Chief Ristagno asked him to mention that the State is asking us to raise the speed limit on the I-35 access road from 40 to 45 mph and he is writing the Ordinance. Shady Shores is expected to go to 35 mph. After going south from Swisher Road there are a bunch of stop signs so the speed limit won't be a big problem.

We are going to update the alarm ordinance for residences. There has been a change in State law and we have to comply with that.

E. ANNOUNCEMENTS

Carol Ann Connors said that as a member of Board of Directors of Lake Cities Chamber of Commerce that she had a $1,000 check to present to the City for the 4th of July fireworks event.

Tony Marino said that this Saturday is the annual car show and that it benefits the Kids 'N Cops program.

Police Chief Nick Ristagno said that the yearly event is sponsored by Tech on Wheels to raise money for the City to continue their kids programs. He said it has grown every year. The judging starts around 1:00 p.m.

City Manager Earl Berner said the 4th of July events are a parade at 9:00 a.m. He said that float or bicycle entries should report to City Park about 8 a.m. He said that that at 4:3 0 events will start leading up to fireworks around 9 or 9:30. Bands start at 6:45 p.m. He said we have collected $9500 in sponsorships with the money tonight from the Chamber.

Police Chief Nick Ristagno said we had budgeted for two emergency sirens and they are installed and will be connected to power next week by TXU. One is in the Swisher Cemetery area and the other is on Falcon by the Methodist Church. The sound will probably reach parts of Hickory Creek and Corinth. We will be testing the sirens starting the 1st Wednesday of each month at 1:00 p.m.

F. PRESENTATIONS/PROCLAMATIONS

1) Davin Self

Mr. Self said he would like to give the City Council his admiration for how quickly and excellently they handled the situation at Barfly's. He had furnished a handout for the Councilmembers prior to the meeting. He said they do have just a few issues they would like to address regarding the special events permits. They would like to see the longest permits issued be quarterly instead of annual. He said that Mr. Marino was at the concert the other night and everything, including the parking, was within the set parameters. The noise level was better. He would still like to meet with Chief Ristagno about the parking. He said there is still an issue with the fact they have a parking lot in the back and if you don't have good control over that too many things can happen, i.e., substance and alcohol abuse. He thinks perhaps the fire marshal should be involved regarding the fire lanes and fire-breathing act in the presence of alcohol. noise level He has a lot of concern about pedestrians in the parking area and, again, substance abuse. He commended Council again for their speedy response to his request.

Christine Pfifer, 216 E. Corporate Drive, thanked the City Council for their help. She said her grandmother was able to get some relief because of the changes that were made by Barfly's.

Councilmember Fletcher asked who wrote the part in the handout about the council and the boats. Mr. Self said he would find out and he is to let the City Manager know.

Mayor Johnson said she appreciates them coming to the Council Meeting. She said the council is a legislative body. She said that in the future if there are problems that perhaps he should communicate with the staff and they can put the item on the agenda as they see fit if our Ordinances do not address the problem. She told them they are more than welcome to attend the Council meetings.

Mr. Self would like the information from our ordinances regarding the parameters of noise level. Mayor Johnson said he can fill out open records request and be given copies of our ordinances.

Councilmember Marino said he contacted some of the people on the list Council had received from Mr. Self. He said he had driven around the neighborhood and on Church Street during Barfly's last concert and couldn't hear noise there or on Denton Drive. He said he had talked with Peggy Gilbert, 108 Church Street, and with Terry Lantrip, and they said the problem had been corrected.

G. VISITORS/CITIZENS AGENDA:

Jeremy Cutlip, owner of Barfly's, said he just wanted to come up and see if they had any questions. He said he thought they had made all the adjustments that were requested. He said that closing the outside entertainment earlier made it easier for him to close on time inside.

Mayor Johnson closed the Visitors/Citizens Agenda at 7:54 p.m.

H. AGENDA BRIEFING

City Manager Earl Berner said there were three items under the Consent Agenda. The two numbered items under Business are really only one item. We have a few items to discuss under the Budget Workshop.

I. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for May 25, 2006 meeting.**
2) **Consideration and Action on approval of May financials.**
3) **Consideration and Action on approval of a Resolution to approve the 'Draft' DENCO Area 9-1-1 District Fiscal Year 2007 Financial Plan.**

Motion to approve the Consent Agenda was made by Councilmember Fletcher. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin

J. BUSINESS:

1) **Public Workshop on approval of an Ordinance allowing for a Special Use Permit to operate a private club at 303 Swisher Road, #100, as part of Lot 3, Block 1, of Swisher Road Addition—North in the City of Lake Dallas, Denton County, Texas.**

Mayor Johnson said we will conduct this item like a public hearing and hear from the citizens and the business owners and then close the workshop and go to the action item and council discussion.

Kimberly, manager of the Addison Point, said they had been there thirty years. She said they want to make the Lake Dallas Point a family environment. She had a slide show for presentation plus a handout and menu for the councilmembers. She said they had made a number of concessions. The presentation showed the layout of the facility, tables and TV sets placements. The non-smoking section has separate ventilation.

Michael Graham, 518 Briaroaks Drive, said to let this be what should be set in the ordinances for hours and see if it looks like a good plan. He said it is important that the City Council is seen as business friendly. He said the challenge is that Council represents the citizens and our neighboring cities and they can't forget that, ultimately they represent the citizens that elected them. He said people are going to get alcohol wherever but that he is concerned with the 2 a.m. closing. He thinks the doors still need to be addressed.

Mr. Bradcliff, pastor of the Open Arms Church, 2705 Fountain View Drive, said this is a nice community. He said he appreciates the changes that went into the possible restaurant, but he still has concerns with the closing time. He said he has talked with the city manager. He wonders about the environment there after 10 p.m. -- is it still going to be a restaurant or drinking only? He said that he understands from his father's business that you make money from tobacco and alcohol but that he is just a voice for his church tonight.

David Goodnight, 403 Springtree Road, referenced the non-smoking section and was told it will be glassed in. There are fewer television sets but everyone will still be able to see them. The reply to his question about the windows was that they would be 4' x 6' with blinds and that the door will be changed.

Bob Saralegui, 406 Stoneleigh, said he wasn't at the last meeting. He said something about this being a bar. He said that in the 80's he was in the Point in Addison. He said he would like to see it as a more neighborhood-friendly restaurant. He said he is not happy with an establishment like that staying open until 2 a.m. He said that with the bridge coming in and road getting wider that it may pose other problems.

Linda Johnson, Jackson Ranch, said she represents the "soccer moms" in the Lake Cities. She said she is all for having a restaurant that serves alcohol but no more bars. She said he biggest concern is being open until 2 a.m. She said that nothing good happens between midnight and 2 a.m. She said they would like somewhere they can go after soccer games. She thinks they should definitely close by midnight.

Brian Crow, 409 Springtree Road, said he agrees with everything that's been said so far. He said that the schematic they showed was that this is a bar that serves food. There's a very small section for non-smoking and the vast majority of the facility allows smoking. He said he appreciates the concessions they've made. He said they are trying to paint this as a family environment but they are not quite there yet.

Marvin Chisum, 204 Hillcrest, said he agrees with everyone and said they've done a great job in concessions. His main concern is the hours. He said that in the Planning and Zoning Commission meeting there was a lot of talk about Chili's. He said they close around 10:30 and it looks as if they're making money. He said he believes that midnight should be the closing time. He said that, "On the bright side -- when Chili's closes for the night they could be getting those customers.

Dana Hiltabiddle, 550 Briar Oaks, said he wants to set some numbers straight. He said he's in the process of opening a piano bar in Lewisville. He said that TABC has certain requirements in percentages for food, alcohol, and other items. He referenced something about the size of Denton County and that cities don't have a say in closing time if there is a certain population.

Elizabeth Stepp, 542 Briaroaks Drive, said she wants to echo everything that has been said by her neighbors. She said we appreciate all the changes that they have made but she is still very concerned because it looks like a bar that serves food. She said that based on what she's seen and heard so far she's still not going to be comfortable taking her children there. She said that she and her children will not be there. It still looks like a bar attempting to be a restaurant. She said that what Lake Dallas needs is a good restaurant and she understands that Chili's started out as a bar and that now it's family dining with a bar. She said that from this floor plan, it's going to be very obvious that it's a bar and you're going to have to quickly get your children away from that. She said that the 2 a.m. closing time is simply not acceptable that close to a residential area. She said that what happens between midnight and 2 a.m. is primarily drinking and she is very concerned with what happens when those people get on the road after closing.

Teresa Jones, 301 Wallford, said she wants to echo everyone here. She lives directly behind the hotel and there's no one else here from her street to represent their street. She said they have extreme concerns about the 2 a.m. closing but they are very happy with the changes.

David Goodnight, 403 Springtree Road, said a lot has been said about the 2 a.m. closing and he remembers that Councilmember Connors had said last time that she would not approve the 2 a.m. closing. He agrees that it is a bar for the most part and he is opposed to the smoking. When you walk in the front door you are walking directly into the smoking section. He suggests that they make the non-smoking area larger and bar area smaller so they don't have to walk into a bar atmosphere with their kids.

Michael Graham, 518 Briaroaks Drive, said he has one other suggestion. He said that the City Council should review the number of alcohol-based businesses in the city at some point. Someone said that the City cannot legally do that.

Kimberly, manager of The Point in Addison, said she has a 4-year-old child. She said they go to Nick's Sports Bar in Rowlett, where she lives. She said the place is packed and she watches sports and her little girl goes up there with her cheerleading uniform on. She said they do not have the buying power of Chili's wince they are not a chain. She said there are other people who live in this community without children who might just want to come in there and watch sports. She said that if you are uncomfortable about bringing your children in, then don't go there. She said people who drink somewhere else could still drive through their neighborhood. She discussed their menu. She said that not everybody in the world works the hours of 9 – 5. She said she's a huge sports fan and stayed up late watching the Mavericks. She said people won't somewhere to watch games if the place is going to close before the end of a game.

Mayor Johnson closed the workshop at 8:25 p.m. when no one else came forward to speak.

2) Consideration and Action on approval of an Ordinance allowing for a Special Use Permit to operate a private club at 303 Swisher Road, #100, as part of Lot 3, Block 1, of Swisher Road Addition—North in the City of Lake Dallas, Denton County, Texas.

Mayor Johnson suggested that Council wait before placing the motion and have their discussion first.

There was discussion at length about the 2 a.m. closing time. The changes that they made to the facility layout were acceptable. The larger windows could be to their advantage. Bright colors and awnings could signal a welcoming appearance. We need to be sensitive to the neighbors and since it is at the gateway to our city we would like to enhance our image. A suggestion was made to move the wall to the non-smoking section to the other side of the front door so that when people walk in they would be in the non-smoking area.

The fire department will set the maximum occupancy for the business. They have satisfied the parking lot requirements. We need to check into the State and TABC laws about the legality of setting closing time and setting another time to stop serving alcohol. There was discussion about either closing or stop serving alcohol at 11:00 p.m. on Sundays through Thursdays and midnight on Fridays and Saturdays.

City Manager Earl Berner said the City Council can place special circumstances and conditions in the permit relative to what makes a business work for that area.

Their lease is for five years. There was discussion about putting time limits on the Special Use Permit and to set requirements for periodic reviews.

The City Council took no action on this item. The owners are to submit new drawings and discuss the changes with the City Manager. This will be an action item on the June 22 City Council Agenda.

K. WORKSHOP:

1) Budget information FY 2006-2007.

City Manager Earl Berner said the staff has been coming up with wish lists regarding equipment and other new items for the new budget year. He asked the Council if they had any special items to be considered.

Discussion showed that the desire is for the police department to stay strong with the COP and outreach programs active. We should have a line items specifically designated for the City's reserves fund. We would like to see different options for ongoing street lighting improvements as

well as sidewalks. Do we need to contract for, or hire, another code person? Perhaps we need to take another look at our ordinances. We should furnish calculators for the Council table. We can look more closely at utilizing paperless agendas.

Council would like to see a preliminary budget early enough so they have the opportunity to discuss items with the department heads before making decisions.

L. CITY MANAGER REPORT

We have commissioned survey on the property we are leasing from Upper Trinity for the new Animal Shelter.

There was a pre-construction meeting this afternoon on Willow Grove and City Park improvements.

They are doing the lime stabilization on Swisher. Road.

The rest of the rezoning that was recommended by Schrickel, Rollins and Associates will go to the Planning and Zoning Commission next week.

We have heard a rumor that the railroad property has been sold but we don't know who purchased it.

A lot of people have been swimming at Willow Grove Park. Do we want to keep it posted as "no swimming" or put buoys out?

The "no swimming" sign at Thousand Oaks Park needs to be placed where the children can see it.

L. NEW AGENDA ITEMS

Do we need 'no littering' signs on the roads that come into Lake Dallas from the parks?

M. ADJOURNMENT

Motion to adjourn was made by Councilmember Fletcher. Second by Councilmember Marino.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin

The meeting was over at 9:16 p.m.

Marjory Johnson, Mayor

Beverly Weikum, TRMC
City Secretary

CITY OF LAKE DALLAS, TEXAS

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on May 25, 2006 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as requested by Title 5, Chapter 551.041 of the Texas Government Code. The meeting was called to order at 7:32 p.m.

A. ROLL CALL

Marjory Johnson	Mayor
Carol Ann Connors	Councilmember 2
Karl Hammond	Councilmember 3
Alan Fletcher	Councilmember 4
Richard Martin	Councilmember 5

Councilmember Marino arrived at 8:25 p.m.

Staff present were City Manager Earl Berner, Lt. Michael Sparby, Holly Trivitt, Special Events Coordinator, and Beverly Weikum, City Secretary.

B. INVOCATION

Councilmember Hammond gave the invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag [Honor the Texas flag; I pledge allegiance to thee, Texas, one and indivisible.]

Mayor Johnson led the pledges of allegiance.

D. OATH OF OFFICE TO ELECTED OFFICIALS

Beverly Weikum, City Secretary, gave the Oath of Office to Mayor Marjory Johnson and gave her the Certificate of Election.

Mayor Johnson gave the Oaths of Office to Carol Ann Connors, Council Place 2, and Alan Fletcher, Council, Place 4, and presented them with their Certificates of Election.

E. ANNOUNCEMENTS

The Memorial Day Service starts Monday at 9:00 a.m. at Swisher Cemetery and then moves to the Veterans Memorial at City Park. There will be a breakfast at the VFW post following the ceremonies.

Mayor Johnson introduced Lt. Sparby who was at the meeting in the absence of Chief Ristagno.

F. PRESENTATIONS/PROCLAMATIONS

1) Upper Trinity Regional Water District

Mike Stone, Upper Trinity Regional Water District representative, introduced himself and Ronald Sirro, the local plant Interim Operations Superintendent, and Jody Sebalio, who gave the presentation. The presentation included information about the Lakeview Plant water reclamation plant improvements and odor control.

Holly Trivitt, Special Events Coordinator, had handouts for the Council and gave the financial report on the Mayfest celebration. The attendance was 3,195 over all the days and includes all the volunteers, vendors, and entertainers. She said that Thursday and Friday were better than expected. She said that the last page of her handout included the new things we did this year.

She said there were lots of comments on the air-conditioned restroom trailer. Admission was a new thing this year. She said that the event was not a huge moneymaker, but it is something we can build on for next year. Hopefully the businesses around were able to make some money off of it. The ATM machine was used heavily mostly by the college kids who were here for the Battle of the Bands competition.

The 4th of July Parade will start at 9 a.m. in City Park. The theme this year is American heroes. In the afternoon we will open the gates at 4:30 and have some vendors there. The bands will start at 4:45 and continue until the fireworks start. The kids' activities start around 5:00 p.m. and the Boys & Girls Club will have a program in place for that.

Mayor Johnson and the Councilmembers thanked Holly for her efforts on the Mayfest. Thanks were also given to City Manager Earl Berner and his wife, Gwen. Next year we will check with TxDOT about permission for sandwich signs and possibly even get a billboard ad. We should have enough time to use the ad at the Rave Theater. It would be interesting if we could determine where the visitors are coming from.

G. VISITORS/CITIZENS AGENDA:

Gene Tisdale, 524 Howard, had a handout for the council. He thanked the Police Department for allowing the Citizens on Patrol program. He said he doesn't know how much the police department appreciates them, but it's a real eye-opener for the participants. He listed several reasons for people to take part in this program. He said that good places to recruit new members is the schools, churches, and then the general public, i.e., your next-door neighbors. He said that another thing we can do is encourage our real estate people who are leasing properties to join the program and they could check out the lessees.

He said this program has given him a lot of satisfaction as well as confidence in our police department. He turned to the audience and asked them to see Officer Sleigh if they would like to sign up for the next academy.

H. AGENDA BRIEFING

City Manager Earl Berner said the Consent Agenda contains only one item. We have a large business agenda. He said the person with the Parks and Recreation Board application already had helped by working the Mayfest. Andrea Sanders is here if we have any questions on the TXU/Oncor item. We joined the North Texas Government Benefit Alliance last year in an attempt to get a pool for a better health care package. We have the Special Use Permit application plus several items that are rezoning items with public hearings prior to any action.

I. CONSENT AGENDA:

1) Consideration and Action on approval of Minutes for May 11, 2006 meeting.

Motion to approve the Consent Agenda was made by Councilmember Hammond. Second by Councilmember Connors.

Motion Passed

Mayor Johnson asked the City Council to consider items 5 and 6.

5) **Public Hearing on approval of an Ordinance allowing for a Special Use Permit to operate a private club at 303 Swisher Road, #100, as part of Lot 3, Block 1, of Swisher Road Addition-North in the City of Lake Dallas, Denton County, Texas.**

David Goodnight, 403 Springtree Road, said he had sent an email yesterday that basically said, "Here's an opportunity to use unused land. We had hoped to get some nice restaurants in front of the hotel and then saw the sign about the bar & grill." He said that's one thing we don't need, especially next door to his neighborhood. He said that he and his family are very much against this. He said he knows Chili's serves alcohol, but they cater more to a family setting. This place is not the same setup.

Bryan Crow, 409 Springtree Road, said he agrees with everything Mr. Goodnight said and wants to add a couple more items. He said that at the P & Z meeting the argument was made that it's the same menu as Chili's, but they have pool tables, are open until 2 a.m. and sell 60% alcohol and only 40% food. This area is going to be a gateway when the lake bridge is done and the first thing people are going to see is bar and a liquor store. He said it's a nice retail center and he'd like to see it stay that way.

Michael Graham. 518 Briar Oaks, said he agrees with the comments that have been made. He said he is certainly a proponent of sales tax revenue. He said it would be a sad state to end up having to rely on liquor sales taxes.

Jerry Tolle, 309 Owen Oaks, questioned the 'special use' terminology when we have a multitude of liquor stores and bars already.

One gentleman said he lived on Briar Oaks and had moved here from Lewisville. He said he has two young kids. It's bad enough that the hotel is right behind his back fence.

Nathan Shepard, 514 Briar Oaks, said he also sent an email. He is also opposed. Has a 6-year old boy and had hoped for a nice restaurant.

Elizabeth Stepp, 542 Briar Oaks, said she has all the same concerns the rest of her neighbors have. She said they said it so well that she doesn't know if there's anything else to say except, "Ditto, Ditto, Ditto."

Christine Kelly, said she is opposed to this application.

Barbara Garrison, 508 N. Shady Shores, said she thinks we've had this conversation before. She said that when the liquor store went in there that we decided we weren't going to let this happen. She would like to see this bar stuff stop. We need some nice restaurants. Having a drink at a restaurant is not the same as doing so in a bar.

Marvin Chisum, 204 Hillcrest, said that just like the last lady, he doesn't live close like the others, but, we don't need another bar. We need more businesses.

Mayor Johnson closed the public hearing when no one else came forward to speak.

6) **Consideration and Action on approval of an Ordinance allowing for a Special Use Permit to operate a private club at 303 Swisher Road, #100, as part of Lot 3, Block 1, of Swisher Road Addition-North in the City of Lake Dallas, Denton County, Texas.**

There was discussion among the councilmembers. They asked if a representative from the business was in attendance.

Anita Joyce, 3905 Cedar Creek, Garland, general manager of Addison Point for 20+ years, came forward. She said it's the same type of premises as Chile's. She said she has taken her nieces and nephews there and is perfectly comfortable with the kids there. She said it had a friendly, neighborhood atmosphere. She said the menu's going to be light and family-oriented. She said they are not the typical bar and the reason they don't have many windows is because of the TV's. A menu was provided for the City Council to look at. They would have smoking and non-smoking sections plus another room for private parties that would serve 25-30 people. She thanked the City Council for their time.

One of the topics of the Council discussion was that the appearance of the building design is negative. If the frontage could be more fresh and inviting perhaps with lots of windows and color that would help the appearance at our gateway. The City is really open to having a restaurant and even a sports bar but we have enough seedy bars right now. Being open until 2 a.m. is another problem. Pool tables with kids running around are another problem since people don't control their kids any more. A name change might be a good thing, too.

The owner and another representative said they could exclude the pool tables but they would prefer to stay open until 2 a.m. They would be willing to make some changes.

Mayor Johnson asked them to come back to our next meeting after they have submitted new plan with some modifications to the City Manager. She said we are not unfriendly to businesses and we want to work together.

Motion not to approve Item J-6 was made by Councilmember Fletcher. Second by Councilmember Connors.

13) **Public Hearing on approval of an Ordinance for the proposed rezoning of Lots 1, 2, and 3 of Block 11 of the Old Town Garza property, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District, to C-3, Commercial District.**

David Goodnight, 403 Springtree Road, asked about the intent of this zoning change.

Mayor Johnson said that as a point of clarification that the new ordinance will put this property in the same zoning district that is already in place for the surrounding properties. Someone would have to have a Special Use Permit to sell alcohol just like the requirement in C-1 and C-2 zoning districts. She said we are getting ready to implement special districts for the downtown and 35 areas.

14) **Consideration and Action on approval of an Ordinance for the proposed rezoning of Lots 1, 2, and 3 of Block 11 of the Old Town Garza property, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District, to C-3, Commercial District.**

15) Public Hearing on approval of an Ordinance for the proposed rezoning of Lots 1, 2, 3, and 4, Block 1, of the Swisher Road Addition-North, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District to C-3, Commercial District.

Mike Fahey, 144 Kingswood, said that at the P & Z meeting he recommended that the City should not have any more C-3. He would like for them to keep it as C-1. He asked about the zoning for Adult Businesses. The reply was that a Special Use Permit is required.

Elizabeth Stepp, 542 Briar Oaks, said she was also at the P & Z meeting and expressed her concern about the C-3. She said that a few weeks ago she picked up the zoning requirements for C-1, C-2 and C-3. She said that, just as the City Manager stated, the hotel is under C-2 and we can have a liquor store in any zoning with an SUP. She said she would prefer the C-1 and have a variance for the hotel. She said there is no purpose for the C-3 zoning in that area. Heaven forbid that tornadoes take all the buildings out and we would have to rebuild with C-3 zoning in effect.

David Goodnight, 403 Springtree Road, said he doesn't have the list that Elizabeth has and just as a point of understanding, what is the benefit of having the C-3 zoning? He doesn't think that C-3 is the right solution for that area.

Bryan Crowe, 409 Springtree Road, said he's confused now. What is the thinking behind changing it to C-3 anyway?

Mayor Johnson said that the C-1-A zoning district no longer exists so we needed to change this area to another commercial zoning district. She said that the Council can make a decision on a less intensive zoning but not a more restrictive one, so that may be why we started with the C-3 zoning district.

Elizabeth Stepp, 542 Briar Oaks Drive, said that at the P & Z meeting last week that on the south side of Swisher the proposal was to C-1 from C-1-A. She said it doesn't look like that is the type of businesses in that area. She said there was a man at P & Z meeting who said he doesn't want that type of zoning across the street.

16) Consideration and Action on approval of an Ordinance for the proposed rezoning of Lots 1, 2, 3, and 4, Block 1, of the Swisher Road Addition-North, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District to C-3, Commercial District.

Mayor Johnson said we could bring the hotel property back to the City Council for rezoning.

Motion to approve the Ordinance for the rezoning of Lots 1, 2, 3, and 4 of Block 1 of the Swisher Road Addition-North from C-1-A, Restricted Business District to C-1, Commercial District was made by Councilmember Fletcher. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Hammond, Fletcher, and Martin
Noes: Councilmember Connors.

17) Public Hearing on approval of an Ordinance for the proposed rezoning of Block 2, Lots 7 through 32; Block 3, Lots 4 through 67; and Block 4, Lots 1 through 24 of the Lakebridge Estates Phase One Subdivision, in the City of Lake Dallas, Denton County, Texas from Group Housing to R-1-7200, Single-Family Dwelling District.

Mayor Johnson closed the Public Hearing when no one came forward to speak.

18) Consideration and Action on approval of an Ordinance for the proposed rezoning of Block 2, Lots 7 through 32; Block 3, Lots 4 through 67; and Block 4, Lots 1 through 24 of the Lakebridge Estates Phase One Subdivision, in the City of Lake Dallas, Denton County, Texas from Group Housing to R-1-7200, Single-Family Dwelling District.

Motion to approve Item J-18 was made by Councilmember Connors. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

19) Public Hearing on approval of an Ordinance for the proposed rezoning of Tract 9 of the J. W. Simmons Abstract 1163A, in the City of Lake Dallas, Denton County, Texas from R-1-4000, Manufactured Home Residential District, to R-1-4000-C, Commercial Manufactured Home Residential District.

Mayor Johnson closed the Public Hearing when no one came forward to speak.

20) Consideration and Action on approval of an Ordinance for the proposed rezoning of Tract 9 of the J. W. Simmons Abstract 1163A, in the City of Lake Dallas, Denton County, Texas from R-1-4000, Manufactured Home Residential District, to R-1-4000-C, Commercial Manufactured Home Residential District.

Motion to approve Item J-20 was made by Councilmember Fletcher. Second by Councilmember Marino.

21) Public Hearing on approval of an Ordinance for the proposed rezoning of Lots 26, 27, 28 and 29 of the J. V. Thompson Subdivision in the City of Lake Dallas, Denton County, Texas from R-1-4000, Manufactured Home Residential District, to R-1-4000-C, Commercial Manufactured Home Residential District.

Bud Schoultz, 141 Shady Oaks Lane, Double Oaks, said he has been a businessman of this community for thirty years. He said it is hard to make a living with a mobile home park. He wants to be sure that he can leave the mobile home park to his son when he dies with no threat of the park being shut down.
Mayor Johnson closed the Public Hearing when no one else came forward to speak.

22) Consideration and Action on approval of an Ordinance for the proposed rezoning of Lots 26, 27, 28 and 29 of the J. V. Thompson Subdivision in the City of Lake Dallas, Denton County, Texas from R-1-4000, Manufactured Home Residential District, to R-1-4000-C, Commercial Manufactured Home Residential District.

City Manager Earl Berner said that in 1998 an Ordinance was passed regarding mobile home parks that leased out spaces. He said this is one of those parks and all we are doing is applying the R-1-4000-C zoning district to this existing mobile home park. Nothing in this action makes the park a non-conforming use.
Motion to approve Item J-22 was made by Councilmember Hammond. Second by Councilmember Fletcher.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin

25) Public Hearing on approval of an Ordinance for the proposed rezoning of Tract 21C (13.934 Acres) and Tract 21B (6.143 Acres) of the French Abstract 0424A, in the City of Lake Dallas, Denton County, Texas, from C-1-A, Restricted Business District to C-3, Commercial District.

Mayor Johnson said that the Planning and Zoning Commission recommended the zoning as C-1 district.

Mike Fahey, 144 Kingswood, said that someone had discussed residential zoning before the P & Z but Mr. Berner had explained at that meeting that the new road is going to be going through on just the other side of the park and he doesn't think there's anything else the City can do with it. Perhaps the City could just zone it C-1 and make that a park right beside them Kingswood Manor.

Mary Bell, 90 Lakeridge, said she appreciated a C-1 zoning district.

26) Consideration and Action on approval of an Ordinance for the proposed rezoning of Tract 21C (13.934 Acres) and Tract 21B (6.143) Acres of the French Abstract 0424A, in the City of Lake Dallas, Denton County, Texas, from C-1-A, Restricted Business District to C-3, Commercial District.

Mayor Johnson said we may have to reconsider when someone approaches the City about purchasing the property from the Economic Development Corporation.

Motion to approve the rezoning of Tract 21C (13.934 Acres) and Tract 21B (6.143 Acres) of the N. French Abstract 0424A from C-1-A, Restricted Business District to C-1, Commercial District was made by Councilmember Fletcher. Second by Councilmember Martin.

Mayor Johnson read the proclamation received from the Denton County Friends of the Family.

F. VISITORS/CITIZENS AGENDA:

Terry Lantrip, 209 Main Street, thanked to the City and everyone who showed up for the groundbreaking for his new project yesterday. He said he went to the Community Development Corporation meeting last week and listened to the consultants. He said he's been involved with the Main street improvement. He said the image to project is that of a fishing village. The consultants were discussing a Florida coastal city and he doesn't think that's what we want. He said that one of the ideas they had was a sign and he thinks it looks like the '70's and he doesn't think we should use those signs. He likes our consultants but he doesn't like the name 'Village Center' and he thinks we should stick with the term 'downtown.' Another idea they had was the lighthouse (and while he is not opposed to that) but they discussed a meeting room in the bottom of it and the traffic circle around it. He thinks that would be confusing to vehicles as well as pedestrians.

No one else came forward to speak so Mayor Johnson closed the Citizens Agenda.

G. AGENDA BRIEFING
City Manager Earl Berner listed the items on the agenda for the meeting.

J. CITY MANAGER REPORT

City Manager Earl Berner reminded the Council that the quarterly newsletter is due out next week. They should get their information submitted by Friday.

Last weekend was quarterly cleanup and we had 117 participants in the rain. The Public Works people picked up from ten yards. He gave a reminder that the Keep Lake Dallas Beautiful Committee cleanup is April 22 and they're going to clean up Denton Drive. Dumpsters will be placed on the property on Shady Shores across from the Library.

TML is hosting a regional meeting on April 20 in Weatherford. Mayor Johnson and Councilmember Hammond have expressed interest in going. If any others would like to attend they should contact the City Secretary to get registered.

The Chamber Banquet is April 27 and is at the Double Tree in Flower Mound. Those interested in going should advise Mr. Berner.

Chief Ristagno has been in contact with the disaster coordinator regarding training on council responsibilities. City Manager Earl Berner said we will probably start these in May.

K. NEW AGENDA ITEMS

Mayor Johnson requested a workshop on the community development job and job description on the next City Council Agenda so Council could review that.

City Manager Earl Berner said that we will have an item for the relocation of a billboard on our next agenda due to expansion of a road project by TX DOT.

L. ADJOURNMENT

Mayor Johnson said the Chair of Board of Directors for the Lake Cities Municipal Utility Authority was in the audience tonight.

E. PRESENTATIONS

There were no presentations.

F. REPORTS:

Boards and Commissions

Gary Johnson had emailed his reports. The Parks and Recreation Board now meets on the first Monday of the month at 7:00 PM. At the last meeting Gary Johnson was named Interim Chair, Tony Snider as Interim Vice Chair and Julie Chapman as Secretary. They will have a special meeting on March 16 at 7:00 PM in the Linwood Gilliland Community Room. He said the board is excited about the pending plans for MayFest and appreciate the efforts of City Manager Earl Berner, Holly Trivitt, the Mayor and City Council and all the City Staff.

City Manager Earl Berner said the board's regular meetings will be on the first Thursday of each month.

He said the Library Board is planning a Lake Dallas appreciation day. It will probably be sometime in June. The Library Board will present a mid-year report to the area councils in April.

Holly Trivitt had handouts regarding the Mardi Gras expenses and sponsorships. She said we had a great turnout. There were twenty-six floats in the parade and forty entries in the parade with all the cars, etc. There was a $1,000 prize for best float contest and that was awarded to Don Glockel of CenturyTel. She said we got more than the $85.00 cash cleared through all the publicity we received. The businesses on Main Street all reported that they did great that night.

Holly also gave the Mayor and Councilmembers pages about the Mayfest, the 18th until the 21st. She said she's been sending out letters to possible sponsors and vendors. The Parks and Recreation Board is working on this right now. There was a lot of discussion and planning at last week's meeting. There will be the Cavalcade of stars, they partner with KLUV and we're hoping KLUV will come in as a media sponsor for the judging for the Battle of Bands. Sunday will be BeatleGras and the Texas Gypsies. We will have the carnival and midway also. She also included a page about the sponsorship opportunities and levels. It is the same carnival that we had last year.

Mayor Johnson said the Economic Development Corporation closed on another piece of property last week right across from the library.

G. VISITORS/CITIZENS AGENDA:
Jeanette Harmon, 72 Lakeridge, said greetings to the Mayor & councilmembers. She wants to address the fact that she's been very unhappy with the way things are taken care of at Kingswood. She said there are tarps on fences and she's been told there's nothing in the City Code that addresses this. She said she thinks Harold said there are 197 violations in that park and this is ridiculous. She's run across people who are not aware that Lake Dallas does not have an animal care program. She can't believe that we don't have someone to take care of these animals. Mayor Johnson told her that we are building a new animal shelter.
Ms. Harmon said we need to make people more aware that we have animals that need homes.

Norma McAlavy, 25 Oakwood Drive, said she loves her home and loves Kingswood and that it breaks her heart to see it go downhill like it is now. She has talked with Harold and it seems that when he manages to get one place in compliance then there is another that needs attention. She said there's another trailer with garbage bags and junk plus three cars in street that they are working on. She said she knows people need to make a living but why don't they rent a garage or go to work somewhere. She said she is also concerned about the tarps that Jeanette mentioned. She said the property owners need to keep the fences down in their front yards. She said a mobile home will burn down in seven minutes. She said there is another house out there that has a 'fishing pickup' parked outside and she thinks an elderly man sleeps in it at night. She said there's an electric cord running to it. She said #9 finally got cleaned up and that they wouldn't believe what they left out there when they moved. She said it's unbelievable that people are allowing their renters, and homeowners are living in this condition. She just asks that they rake their yards, clean the yards and be nice and be respectful. She said there is a man who bought an old van (about the size of an UPS or FedEx delivery truck) and had plans on going into business and working on site on cars. She said it's a disaster and is parked by his home and that he hangs tarps on his fence. She said these sorts of things tears down the value of the other homes in Kingswood. She has found out that the man has talked with his attorney about getting this vehicle classified as an RV. If he can get it classified as such he will not be in violation when he parks it at his home. She's asking for cooperation to get this straightened out. Another place had two boats parked at their location. She said they should be in storage in the back. She wants new city ordinances to help them. She's said she's been there too long and takes great pride in her home. She thanked the City Council.

City Manager Earl Berner said we have given the man two weeks to get the vehicle fixed as an RV. He said the man has to get the vehicle licensed as an RV.

Mayor Johnson closed the Citizens Agenda when no one else came forward to speak.

H. AGENDA BRIEFING

City Manager Earl Berner said there are two items on the Consent Agenda. He said three are listed but the financials are not ready. He said the contract with Bates has been agreed on by our attorney and Bates. Under business we have the tornado warning sirens; the revision of Chapters 122 and 6 of the Municipal Code and then a fee schedule for sign permits. We will cancel the April 27 meeting due to conflict with the Chamber Banquet. The other two business items are the volunteer banquet scheduling and the reappointment of Gary Johnson to the Parks Board. The last item is the workshop on property tax exemptions.

I. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for February 9 and February 23, 2006 meetings. (City Secretary)**
2) **Consideration and Action on approval of February Financials. (City Manager)**
3) **Consideration and Action on approval of a modified contract with Bates Architects, Inc. for the animal shelter. (Chief of Police)**

Motion to approve Items 1 and 3 of the Consent Agenda was made by Councilmember Connors. Second by Councilmember Fletcher.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

J. BUSINESS:

1) **Consideration and Action to award a contract for Early Warning Sirens in the City of Lake Dallas. (Chief of Police)**

Motion to award the contract for the Early Warning Sirens in the City of Lake Dallas to Federal Signal Corporation with the noted exception was made by Councilmember Connors. Second by Councilmember Marino.

2) **Public Hearing on approval of an Ordinance revising Comprehensive Zoning Ordinance, Chapter 122 of the Municipal Code of the City of Lake Dallas, and to move the provisions of Chapter 6, Advertising, into Chapter 122, Zoning.**

Patrick Connors, 754 Texas Oak Trail, said he looked thru the code and Ordinance. His background for the past 35 years has been construction which includes development for cities. He said what they've done is very good but that he had a couple of comments.
Mr. Connors questioned the definition under family: He also had a question under masonry about hardy plank. That is not included as part of the 80% masonry requirement.
On Section 122.336, Site Plan Approval – he said this was as a word of caution more than anything else. He said reviewing the site plans is Staff's job and that the Planning and Zoning Commission and City Council should not get into micro-managing developers. Staff should ensure that all requirements are met before the plans go before the P & Z and City Council.

He said Section 122.767 states that the minimum lot size should be 40,000 feet. He said that is a pretty good size for someone looking for pad sites. We should try to use a size so they won't have to get a variance. Section 122.724, retail and commercial parking spaces, requires a minimum of one off-street parking space for each 100 SF of the building. He said that normally it's about 200 SF per parking space for other retail. He said we do not address medical offices, which would have different parking requirements. Offices, Section 122.729, he thinks we should be looking at 300 SF per parking space. Most cities are using that with exceptions. In a lot of the areas where maximum height is described: all sections are stating a maximum of 35 feet 'AND' two stories instead of 'OR.' He said that under banner signs it states that a sign permit may be issued after approval of a site plan and/or final plat. If someone's already building he's going to have a site plan and/or plat approval and if it is already constructed, they'll have a Certificate of Occupancy.

3) **Consideration and Action on approval of an Ordinance revising Comprehensive Zoning Ordinance, Chapter 122 of the Municipal Code of the City of Lake Dallas, and to move the provisions of Chapter 6, Advertising, into Chapter 122, Zoning. (City Manager)**

The City Council took no action on this item.

4) **Consideration and Action on approval of a fee schedule for sign permits. (City Manager)**

Motion to approve Item J-4 was made by Councilmember Fletcher. Second by Councilmember Marino.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

5) **Consideration and Action on cancellation of April 27 City Council Meeting.**

Motion to cancel the April 27 City Council Meeting was made by Councilmember Connors. Second by Councilmember Fletcher.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

6) **Consideration and Action to schedule the annual Volunteers' Appreciation Banquet. (City Manager)**

Motion to schedule the annual Volunteer's Appreciation Banquet for April 24, 2006 at 7:00 PM was made by Councilmember Marino. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

7) **Consideration and Action to reappoint Gary Johnson to the Parks and Recreation Board. (City Manager)**

Motion to appoint Gary Johnson to the Parks and Recreation Board was made by Councilmember Fletcher. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

K. WORKSHOP:

1) Property Tax exemptions for 65 years or older or disabled persons pursuant to Texas Property Code, Sections 11.13 and 11.261. (City Manager)

City Manager Earl Berner said that during our Budget sessions the City Council had asked for us to check into an increase in the exemption amount. He said he thinks we can take the exemption from $10,000 to $20,000 and do the disabled and that he doesn't think it will affect our budget. He thinks that natural growth should take care of the difference.

We would determine the disabled from what Denton County has on their records. We would not allow double exemptions. The citizens would need to apply for the exemptions. If the qualifying person dies and the spouse if 65 or older the property would continue to receive the exemption.

City Manager Earl Berner said we will bring this back to the next meeting.

L. CITY MANAGER REPORT

City Manager Earl Berner said we have just about completed getting the roof off the property across from the library. The new owner will take it to Shady Shores.

Reminder of the Kids N Cops dance tomorrow night from 7 to 10.

The quarterly letter has been pushed back a week since next week is spring break. We need the information by Tuesday, the 21st.

He reported that we had an interesting theft – 500' of cable from Willow Grove Park. He's guessing they're selling it for the price of aluminum. It's been replaced and we are doing close patrols.

March 18 is the next quarterly clean up and the Keep Lake Dallas Beautiful Committee cleanup is scheduled for April 22.

M. NEW AGENDA ITEMS

There were no new agenda items.

Marjory Johnson, Mayor

CITY OF LAKE DALLAS, TEXAS

Beverly Weikum, TRMC
City Secretary

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on February 23, 2006 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. The meeting was called to order at 7:30 PM.

A. ROLL CALL

Marjory Johnson	Mayor
Carol Ann Connors	Councilmember 2
Karl Hammond	Councilmember 3
Alan Fletcher	Councilmember 4
Richard Martin	Councilmember 5

Councilmember Marino was absent.

Also present were City Manager Earl Berner, Police Chief Nick Ristagno, Linda Jordan of Schrickel, Rollins and Associates, Kali Wood, Community Development Director, and City Secretary Beverly Weikum.

B. INVOCATION

Mayor Johnson gave the invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag

2) State of Texas Flag [Honor the Texas flag; I pledge allegiance to thee, Texas, one and indivisible.]

Mayor Johnson led the pledges of allegiance.

C. ANNOUNCEMENTS

Mayor Johnson said we need to recognize Karl Hammond, Councilmember Place 3, since he has been very diligent in attending seminars put on by the Texas Municipal League. It takes a lot of time away from his family to attend these meetings. She presented Councilmember Hammond the Texas Municipal League Certificate of Recognition for his attendance and receipt of continuing education credits.

Police Chief Nick Ristagno said he wanted to introduce two new officers. He said one is not really new and that it occurred during the transition period. He introduced Officer Titus (German Shepard) and Officer Eric Louderback, his handler. The other is Officer Hexel (Malinois) with his trainer, Sgt. Drew Pascal. Hexel is dual trained for drugs and apprehension and Titus is in training for both.

E. PRESENTATIONS

Lake Dallas I.S.D., Wes Eversole

Wes Eversole had handouts for the Councilmembers and introduced John King, the school architect. Mr. Eversole said they are opening Shady Shores Elementary this summer. It's across the street from Thousand Oaks on Dobbs Road. He said they have been working with the architects and engineers to put sidewalks in that area. There will be approximately 800 feet of 5' sidewalk along the fence line from Texas Oak Drive to River Oaks Way on the south side of Dobbs Road. They want to keep it as far away from the road as possible for safety reasons as well as the possible expansion of Dobbs Road.

Across the street they are planning more sidewalk plus they plan to build a pedestrian bridge. The total project cost for the whole system is a little over $67,000. Their proposal is to split this with the cities 50-50 and the school district will pick up the architectural cost. This is based on the portions within the confines of each city. The City of Lake Dallas' portion would cost $28,892, so the school district will split that cost with the City. He said we do have a history of partnering: most recently the tennis courts that were built adjacent to City Park.

Linwood Gilliland Community Room Kitchen

Mayor Johnson said she would read the names on the plaque and asked those whose names she reads to come forward. She said there would be a picture taken of those present.

The names on the Appreciation Plaque:

Financial:

Community Room – 2002 by the City of Lake Dallas with Donations from: Lake Dallas Community Development Corporation; Lake Cities Chamber of Commerce.

Kitchen – 2005 by the Lake Dallas Community Development Corporation with Donations from: CenturyTel, Waste Management, TXU, Kathleen Gilliland, Ginny Tyree, and the City of Lake Dallas.

Design: Police Chief Nick Ristagno

City Council took no action on this item. City Council went to Item J. Workshop: Revisions to Chapter 122, Zoning, of the Lake Dallas Municipal Code.

J. WORKSHOP:

Revisions to Chapter 122, Zoning, of the Lake Dallas Municipal Code.

There was discussion among the Councilmembers on this revision. This is mostly just a housecleaning item. On page 62 we should change the I-35E Overlay District to the I-35-E Business Corridor District. We should schedule one more public hearing at the next meeting and then take action.

City Manager Earl Berner said he would prefer one more meeting because our City Attorney has some changes he would like to address and he couldn't be here tonight.

K. CITY MANAGER REPORT

City Manager Earl Berner said that next week there will be a pre-construction meeting on the Swisher Road extension that involves the school district and all the utilities. They plan to start around the first of April.

Last week we submitted application for grant for the Enhancements Nomination for Main Street Project w/help of Schrickel, Rollins and Associates. We should know whether we receive it in about five or six months.

The bids close tomorrow for the Warning Sirens RFP and will be opened on February 27. The item will be on March 9 meeting agenda.

Next Tuesday is the Mardi Gras parade and celebration.

The Parks Board finally has a quorum and will have a meeting on the first Thursday of the month.

The Public Works Department will be tearing down the roof on the mobile home on the Lugenheim property.

The Kids & Cops street dance will be on March 10 beginning at 7:00 PM.

The next quarterly newsletter is in the process of being written and will be ready about mid-March. Mayor Johnson asked the Councilmembers to write a paragraph about themselves and we'll have our new pictures to put the articles for the newsletter.

We haven't heard from the hotel about the grand opening date. Councilmember Hammond said his whole family spent the night there the other night and it is very impressive.

L. NEW AGENDA ITEMS

Councilmember Connors said to remember that the primary has begun. This is one of the voting sites and Election Day is March 7. Early voting is going on now.

Councilmember Martin asked that Council discuss tax exemptions for the seniors and disabled at our next meeting. City Manager Earl Berner said it is scheduled for the March 9 agenda.

D. PRESENTATIONS/PROCLAMATIONS

There were no presentations or proclamations.

F. REPORTS:

Boards and Commissions:

1) LCVFD (Jason Collier):
Chief Collier presented the first fiscal quarter report and gave each council member a written copy. He stated he delayed the presentation until the financials had been approved. The fire department is working at 25% of their budget except for those items that require a one-time payment. Service call numbers are consistent with 2005 calls. The last three pages of the report are the financials, the Profit & Loss Budget vs. Actual. Mr. Berner reviews these on a monthly basis.

In addition, Chief Collier stated the Department of Insurance ISO rate reduction will result in lower premiums effective June 1, 2006. There will be a savings of $140 on the average home. Press releases will be published the end of February or the beginning of March.

2) **Other Boards and Commissions**
Gary Johnson, Chair of Parks and Recreation Board and member of Library Board: Mr. Johnson said he hoped the Council would approve the new member of the Parks Board. Elections of officers will be done at the first meeting of the Board. The Library Board has been busy with the introduction of new programs and computers. Mr. Johnson hoped everyone will come by and meet the new librarian.

G. VISITORS/CITIZENS AGENDA:

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag [Honor the Texas flag; I pledge allegiance to thee, Texas, one and indivisible.]

Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS

City Manager Earl Berner introduced Tim Dial, our new police officer, the three promotions of patrolmen to sergeant: Drew Paschal, Paul Jaworski, and Benny Sleigh. City Manager Earl Berner said that in the Budget we only have two sergeants' salaries, so we will come back at a later date with any budget revision necessary. He said that on the administration side we have a brand new administrative assistant, Donna Damon; and two new positions: Holly Trivitt {Events Coordinator] and her fiancé; another new position we have filled is the Community Development director, Kali Wood. She is a Denton resident and was hired because she has seven years in the Main Street program and the Community Development Corporation is getting into that. We are hoping all these new employees will take us beyond the next level.

Mayor Johnson said that the Council has an awards program and we've got three folks here from high school that are participating in this program: Charlotte Johnson, Katherine Thompson, and Sean Thompson. She said we'll be seeing them a lot during this next year.

She also introduced Steve Badyna, the new Parks and Recreation Board member.

E. PRESENTATIONS/PROCLAMATIONS

There were no presentations or proclamations.

F. REPORTS:

Boards and Commissions

There were no reports from Boards or Commissions.

G. VISITORS/CITIZENS AGENDA:
Greg Tierney, 503 Main Street, said he wanted to commend the City Manager and the Council. He said he's been involved with the new downtown concept and with the hiring of new staff he thinks the City should be commended for taking a very progressive approach.
He said the Mardi Gras celebration is scheduled for Tuesday, February 28. This year they are planning a parade as was done last year but they are hoping to extend the route. They really want to encourage more participation and are encouraging floats by offering a $1,000 prize for the best float. He said there will be entertainment and kids' activities. This year they are getting sponsorships. He said that anything extra over the cost of the event will be for the city's parks department. He said he hopes it will be something significant in the future.
Mayor Johnson said the sponsorships come through the city. We will be provided with sponsorship sheets.
Parade entries should contact Carol Ann Connors.

Marty Roberts, 5607 County Road 121, Rose Sharon, Texas, was there to speak about the Team Sports event. They had a video presentation. This is being planned for September 16 and 17 and will be two full days of racing by jet skis and jet boats. They have a t-shirt vendor who comes with them plus other vendors, but that's where they really need a partner: someone who has the contacts who can bring the vendors. There are eight or nine months to get this off the ground.

Mayor Johnson closed the Citizens Agenda at 8:20 PM.

H. AGENDA BRIEFING
City Manager Earl Berner said the second item on the Consent Agenda is a housekeeping item and the third item is to adopt the 2003 building and related codes that the State has mandated plus the amendments. The first item under business is to vacate a partial easement (Mr. Marino has abstained). The second item is action on the Mardi Gras celebration and the third item is another special event: the ski boating in September. We may offer some cash and we'll help get sponsors and vendors. Our goal this first year would be to try to break even. There are two items under the workshop. The first is discussion on the Lake Cities Fire Department and the second item is the zoning ordinance. The final item is action on the fire department agreement if the Council wishes to take action.

I. CONSENT AGENDA:

1) **Consideration and Action on approval Minutes for January 12, 2006 meeting. (City Secretary)**
2) **Consideration and Action on approval of revised Personnel Manual. (City Manager)**
3) **Consideration and Action to approve an Ordinance to adopt the provisions of the International Building Code, 2003 Edition, the International Residential Code, 2003 Edition, The International Energy Conservation Code, 2003 Edition, the International Mechanical Code, 2003 Edition, the International Plumbing Code, 2003 Edition, the International Fire Code, 2003 Edition, the International Fuel Gas Code, 2003 Edition, and the National Electrical Code, 2002 Edition and providing for amendments to each of the codes adopted. (City Manager)**

City Manager Earl Berner said we would proceed with negotiations.

K. WORKSHOP:

1) Interlocal agreement with Lake Cities Fire Department.

There was discussion among the Councilmembers. City Manager Earl Berner answered questions brought by the Council. David Berman, City Attorney, was asked for his thoughts on the agreement. He stated some Attorney General opinions.

There was discussion about elected officials serving on the Fire Board and the difference in serving on that board as opposed to the Community Development and Economic Development Corporation boards. We have two more budget years that would be committed under this agreement.

City Manager Earl Berner said the fire board is going to start their strategic plan and they would like to invite the Lake Cities COG to attend that work session so we'll know what the plans going to be.
Mayor Johnson asked Robbie Robertson what he thinks.
He said he thinks it won't be fair until it goes to property values as a funding formula. It really isn't a bad deal if we compared to buying it ourselves.

2) Revisions to Chapter 122, Zoning, of the Lake Dallas Municipal Code.
Linda Jordan of Schrickel, Rollins and Associates gave a briefing of what had happened through the workshops in the Planning and Zoning Commission meetings. She said that development is coming and the code needs to be easier to read, understand, and use. She said they found a lot of information that didn't belong in that section of the code. She said they have redone the definitions and renamed the c-1 district to retail. They have added an I-35 overlay district and Main Street.

Another workshop after allowing the Councilmembers time to study the revision was requested. Linda said that those people with history in the City will be a help in determining which revisions need to be accomplished. There will be a workshop during the first February Council Meeting and we will schedule the public hearing and action on this item at the second February meeting.

L. Consideration and Action on approval of the Second Amended and Restated Interlocal Agreement between the Cities of Corinth, Hickory Creek, Lake Dallas, and Shady Shores for Mutual Support of the Lake Cities Volunteer Fire Department. (Tabled at December 8, 2005 meeting).
Motion to approve Item L, approval of the Restated interlocal Agreement between the Cities of Corinth, Hickory Creek, Lake Dallas, and Shady shores for Mutual Support of the Lake Cities Volunteer Fire Department was made by Councilmember Marino. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, and Martin
Noes: Fletcher

M. CITY MANAGER REPORT
City Manager Earl Berner said he hopes this is the last time he tells the Council that the relocation of utilities on Swisher Road is underway.
There will be a sports bar in one of the pads in front of the new hotel.
The hotel is planning on getting their certificate of occupancy the first of February.
The 4b Board will have an item for Terry Lantrip's project on their February agenda.
The 4a Board will have Terry Lantrip's and HVAC's projects on their February agenda.
He handed out call volume fire report that he got at Monday's fire board meeting. He said they're working within their budget. They will have planning sessions on February 27. The ISO rating had gone from a 6 to a 4 so that means $100+ annual savings for the property owners. There will be a publication coming out on that.

He said that we have had a lot of interest in Lake Dallas property in the last month. People seem very serious and he thinks that in the next 6 – 8 months we're going to see some neat stuff pushing forward in addition to what we already have going on for Main Street.

He said we should be seeing some of the recycling project beginning next month. The next quarterly cleanup is the third Saturday in March.

N. NEW AGENDA ITEMS

Councilmember Hammond said he had been to Willow Grove Park and noticed that the lack of water showed that there is a bunch of trash there. His thought is that we might be able to bump up the date of the park cleanup.

Mayor Johnson said she thinks this can be handled administratively.

O. ADJOURNMENT

7) **Discussion regarding the Lake Cities Library**
Cecil Carter and Neva Sudderth, members of the Library Board, came to speak with Council about the current state of the Library. Hickory Creek Town Council voted not to fund the Library for the next fiscal year. This leaves Lake Dallas and Shady Shores to carry the Library. Mr. Carter feels confident that he can rework the budget and continue on with the Library, however he feels they will need to reduce services. Ms. Sudderth said the Board has already hired a new librarian and that he and one of the assistants hired both know how to write grants.

G. PRESENTATIONS

1) Employee Medical Plans

Rodney Dryden, Wellspring Insurance Agency, Inc addressed Mayor and Council regarding the employee health care plan. Mr. Dryden reported that his company marketed and evaluated plans. We have the option to renew our current plan with Blue Cross Blue Shield

or to transition to a Health Care Compliant plan. The costs were basically the same; however there would be a reduction in benefits to the employees with the Health Care Compliant plan. Mr. Dryden's recommendation is to renew the current plan with Blue Cross Blue Shield. Mr. Dryden recommends moving our life and long term disability from Dearborn to Prudential as it will be a saving for the City. He recommends we maintain the same dental insurance provider; this plan is employee paid. Mr. Dryden answered questions from Council.

2) **Fiscal Year 2015 Budget**
City Manager Ristagno formally presented the proposed budget for fiscal year 2015 to Mayor and Council and the public. He gave some of the highlights of the budget and emphasized that there will be no tax increase in this budget. The budget provides for a step increase for the employees for the first time in five years as well as the purchase of some much needed capitol items.

H. BUSINESS

6) **Consideration and Action to approve a proposal for solid waste service and authorize the City Manager to finalize the contract for services.**

The Council chose to take no action on this item and opted to allow the representatives from each of the three companies who submitted proposals for solid waste service to address the Council for a brief presentation with a question and answer time.

Greg Roemer, President of Community Waste Disposal; Elizabeth Combs, Municipal and Recycling Coordinator for Progressive Waste Solutions; Joe Jaynes, Public Sector Sales Representative for Waste Management each addressed Council for their company.

J. WORKSHOP

1) Budget

City Manager Ristagno presented an update to the Fiscal Year 2015 Budget that we have been working on. There was only one change since the last workshop, the addition of $3,200 for a document scanning and archiving service. City Manager Ristagno said there will be a 20% increase in health care and we budgeted for that amount in anticipation of the increase. Community Relations Manager Stephanie Berndt discussed the need for a new website, presented three proposals for a website, and answered Council's questions. Our current website is 8 years old and creating an updated new City website will benefit our citizens and employees by making many more things available on the website. The cost was built into the budget for next year.

K. BUSINESS

9) Consideration and Action on future library funding.

City Manager Ristagno said due to several issues that have come up with the Library that he felt it best that we discuss this subject. As we all know, due to the loss of Corinth and the county's funding, there is a shortage of funding. Unfortunately, over the past few weeks there have been some misunderstandings between the cities and the board members in regards to how the Library would go forward. The Mayors are scheduled to meet again and perhaps they can find a solution.

Council chose to take no action on this item.

10) Consideration and Action to approve an ordinance to order an election for November 4, 2014.

City Manager Ristagno explained that the type of projects that the EDC Board can do are not really feasible for our City. The types of projects that do fit our City are the types of projects that the CDC Board can do and an ordinance can be passed allowing CDC to also take on EDC type projects if desired. Under the advisement of our City Attorney, the Council is proposing the voters dissolve the EDC and institute a ¼ cent sales tax for road improvement and a ¼ cent sales tax for property tax reduction. This would be a very beneficial move for the residents of the City if this sales tax money could be shifted to provide better roads and lower property tax rates. The Council is also proposing 3 year Council terms be voted on at this election.

Motion to approve an ordinance to order an election for November 4, 2014 was made by Councilmember Brooks and second by Councilmember McCaleb.
Ayes: Councilmembers Brooks, McCaleb, and Harper
Noes: None

L. CITY MANAGER REPORT

City Manager Ristagno reported that the County will be providing for the funding shortfall that we had on Lakeview. The County may also rehabilitate our Main Street from Lake Dallas Drive all the way to Westlake in concrete. We are very grateful to Commissioner Bobby Mitchell and John Polster for their assistance with improving our roadways. CDC approved a 25 foot Christmas tree as the new community Christmas tree for our annual tree lighting event. Councilmember Harper hopes to make our annual tree lighting a most memorable event for the children of our community.

J. WORKSHOPS

1) Charter amendments

Council and Staff discussed the possibility of changing the age limit to serve on Council from 18 to 21. Consensus of the Council was that since this item was brought before the voters several years ago, they do not want to pursue that as a charter amendment at this time.

Council and Staff discussed changing term limits from two years to three years. Council does want to move forward with this as an amendment to the charter. City Attorney David Berman informed the Council about 3 year terms and what would be different if they chose to have 3 year terms. City Attorney Berman will prepare the ordinance to call the election and will work out the details for the charter amendment proposition.

2) Budget

City Manager Ristagno briefed the Council on minor changes to the Budget worksheets.

3) Road repairs

City Manager Ristagno would like to continue for this year working on improving the approach to our premier park, Willow Grove. He would like to get some prices on doing an overlay on Hundley Drive from Lakeview to the park. We are looking at different strategies to do more streets at one time for next year.

K. CITY MANAGER REPORT

City Manager Ristagno reported that we will be bringing the rezoning of Swisher Road to Council at the last meeting in August. City Manager Ristagno approached Andrews Distributing about the City rezoning their property from M-1 to C-1, but they were not favorable to that idea. Council indicated they would like to move forward with rezoning that property. Corinth has approached us about use of the animal shelter and we are working on a contract. We striped City Park parking lot. The fence has been erected at Hundley Boat Yard. The sand area at Willow Grove is about to be finished.

I. WORKSHOPS

1) Charter amendments

City Manager Ristagno opened the discussion. Council has expressed the interest in possibly holding a November election. Councilmember Brooks had requested Council discuss looking at 3 year terms. Councilmember McCaleb stated his support of 3 year terms. Councilmember Hammond asked that we look into how other cities have set up the logistics of their 3 year terms to help our Council decide how they wanted to set it up. The positive aspects of 3 year terms are a more experienced Council and no election expense election every few years. Staff will bring back the different scenarios so that Council can iron out the particulars.

Councilmember Hammond would also like to discuss changing the age to be on Council from 21 to 18. Staff will also survey other local municipalities to see what their age requirements are.

2) Road repairs

City Manager Ristagno explained that he had the Police Department and Public Works Department survey all the roads in the City and rate their condition. The report has the roads broken into four types of Arterial, Collector, Secondary, Base and then graded Excellent, Good, Fair, or Poor. City Manager Ristagno would like Council to review the list and give direction on what roads to start with. He also discussed the assistance we are getting from Denton County Commissioner Bobbie Mitchell in repairing our roads. City Manager Ristagno believes we need to come up with a funding strategy to repair our roads. He has some ideas on funding and will continue to explore those ideas further before bringing them forth. We will continue to make repairs and work on this issue.

J. EXECUTIVE SESSION

No executive session due to lack of quorum at EDC meeting on Monday.

K. ACTION, IF ANY, FROM EXECUTIVE SESSION

No action

L. CITY MANAGER REPORT

City Manager Ristagno reported that Lakeview looks good. He thanked Captain Frazier for his oversight of the project. The road is so much better and safer already. The City is doing sidewalk repairs where needed. The apartments are under way; there is a lot of dirt work going on. City Manager Ristagno would like to dispel the rumors going around that these are low income apartments. That is untrue. These are upscale market rate apartments not Section 8 or HUD housing. 10% of the total units are equipped for disabled veterans, seniors, or for families with a need for handicap equipped units and 10% of the units are for workforce housing with some income and rent restrictions.

I. BUDGET WORKSHOP

1) **Review of preliminary 2015 revenues and expenses**
2) **Discussion of use of the I&S fund to pay down debt**

Council and Staff went over the first draft of the Fiscal Year 2015 budget. Each department head was present to answer questions regarding their department budget, if necessary. The City is making great strides in restoring health to the City finances after a number of years of having a deficit. Last year's audit showed improvement. After a phone meeting with Standard and Poor's, we may see an improvement in our bond rating. It had dropped to an all time low several years ago due to the City's poor financial condition. The current fiscal year end budget projections show another year of small increase, which should finally end the fund balance deficit since 2010. The City's fund balance is finally going back in the right direction due to increased sales taxes, a decrease in total salary expense due to the combined position of City Manager/Police Chief and keeping expenses within budgeted amounts which was a problem in the recent past. One of the budgeting changes that had to be made was to project more realistic revenue figures and then budget expenses accordingly. Making these budgeting changes over the past year has paid off.

The Council expressed their appreciation to the employees for hanging in there with the City during the years of difficulty when raises were not an option and some benefits had to be cut. Last year, as an expression of their gratitude, Councilmember Harper had suggested paying a bonus to each employee once the permit money from the Champion Homes on the Lake apartments on Swisher Road came in. Council had hoped this would happen before the holidays last year, but construction was delayed. Recently, the apartments paid their permit fees and began construction. Council once again discussed using a portion of this revenue to fund a onetime 3% bonus to employees and agreed this is the unanimous desire of the Council. An action item will be placed on the next agenda for a formal vote and then employees will receive this compensation. Council also agreed that because of the improved financial condition, they want to pay the loan from Northstar Bank back in this fiscal year instead of January 2015.

Going forward to the Fiscal Year 2015 budget, the Council and Staff discussed the proposed capital expenditures that are necessary to replace old equipment and purchase needed equipment. Council expressed a desire to do a 5% step increase on the pay plan for the employees in Fiscal Year 2015. The budget is still in the planning stages and revenues and expenses have been very conservatively projected. Final figures for property taxes are not available until August. However, even using conservative figures and planning for the step increase and capital purchase, the draft budget for 2015 still allows for a fund balance increase at the end of the fiscal year. The Council and Staff are working toward restoring the fund balance back to a reserve of three months in expenses as recommended by the auditor. Council is very pleased to see the City making progress to restore its financial health more quickly than anticipated.

Council and Staff also discussed the possibility of paying one bond off early, but it was determined by the City's bond counsel that there would be an early payment penalty so it was decided not to pay the bond early.

2) Consideration and Action to approve a final plat for Champion Homes by the Lake.

Char Dupree reported that the Planning and Zoning Commission had approved the final plat for Champion Homes on the Lake at their 7:00 p.m. meeting.

Motion to approve a final plat for Champion Homes by the Lake was made by Councilmember Hammond and second by Councilmember McCaleb.

L. CITY MANAGER REPORT

City Manager Ristagno reported that Lakeview is slated for completion in mid-July. We will do a ribbon cutting when it is finished. We have been getting bids for work on the Veteran's Memorial. Terry Lantrip will be bringing his latest business plan and request for an incentive grant before the CDC next month. Beer Barn may be coming to CDC for assistance in improving their business. The County is going to help us with improvements to Shady Shores Road and has approved funding assistance for the concrete paving of Main Street from Betchan into Hickory Creek. The City will move ahead with the rezoning of Swisher Road from R-1-6000 to C-1 Overlay. The City will also approach Andrews Distributing about possibly rezoning their property from M-1 to C-1 since it is on the market. Former Parks Board Chair and City Councilmember Richard Martin's family would like to purchase a park bench in Richard's memory for Willow Grove Park. We are trying to clean up an area in Lake Haven in order to stop flooding on Beck Street. We went out for RFP for our trash service. We have three potential bidders. We will be getting some estimates for doing a crushed granite path around the pond at Thousand Oaks. We have some sidewalks we are repairing. Corinth has approached us about possibly contracting with us for animal shelter services.

3) **Public Hearing on an application for exemption to the requirement of 80 percent masonry for exterior surfaces on the proposed commercial structure BMR Pool and Patio to be located at 451 Betchan.**

City Manager Ristagno gave background on the request. He informed Council that Planning and Zoning Commission recommended 30 percent masonry.

Mike Lindley, owner of BMR Pool, explained his project and asks that his company be allowed whatever was allowed to Z Flooring since they are neighbors.

Council wanted the buildings in the area to remain consistent so they want the building to have the same masonry as its neighbor Z Flooring. City Secretary Vaughn determined from the Planning and Zoning minutes of January 20, 2011 that a 40 percent masonry exemption was Recommended for Z Flooring.

4) **Consideration and Action to approve an application for exemption to the requirement of 80 percent masonry for exterior surfaces on the proposed commercial structure BMR Pool and Patio to be located at 451 Betchan.**

Motion to approve an exemption to the requirement of 80 percent masonry for exterior surfaces on the proposed commercial structure BMR Pool and Patio to be located at 451 Betchan was made by Councilmember Estrada and second by Councilmember McCaleb.

5) **Consideration and Action to approve a Special Use Permit with or without conditions for the Kingswood Mobile Home Park that would involve an overlay of C-2 Commercial District zoning for the clubhouse at 228 Kingswood Drive for the purpose of allowing a flea market and associated retail activities.**

City Manager Ristagno reminded Council that this item was tabled at the last meeting. Planning and Zoning Commission unanimously recommended denying this item.

Motion to deny a Special Use Permit for the Kingswood Mobile Home Park that would involve an overlay of C-2 Commercial District zoning for the clubhouse at 228 Kingswood Drive for the purpose of allowing a flea market and associated retail activities was made by Councilmember Harper and second by Councilmember Estrada.

David Shershen, 166 Kingswood Drive, Lake Dallas, addressed the Council on behalf of the Home Owners Association of Kingswood Mobile Home Park in regards to their request for a Special Use Permit to hold an ongoing bazaar in the clubhouse to raise needed funds. Mr. Shershen stated he had presented an updated business plan and assured Council that it would not be a flea market and the HOA would not allow junk.

Council had many concerns about allowing this zoning change. Council felt that even if they allowed the zoning change there would be no guarantee that residents would pay their homeowner's association dues. Mr. Shershen said that about 40% of the residents have not paid their dues for 2014 and about 30% are in arrears for 2013. He stated that even if every resident paid their dues they would still not have enough funds to pay their debt and reopen their pool. Even with the help of added funds from the bazaar, there is no guarantee that enough funds could be raised. City Manager reminded Council that selecting one piece of property for rezoning is "spot zoning" which is illegal.

Ayes: Councilmembers Harper, Estrada, McCaleb, Brooks, and Hammond

Motion Passed

7) Workshop on Swisher Road rezoning to consider creating an overlay district and discuss what types of business would be allowed in the overlay.

City Manager Ristagno gave an overview of the process we have been going through on this subject. He used Rachel Walter Mohn's insurance agency as a model of the type of business we would like to see on Swisher Road. He presented a list of potential business types discussed at the last meeting for an overlay district on Swisher Road. Following further discussion, these businesses were decided upon: Antique Shop, Art Gallery, Professional Offices, Beauty Salon, Barbershop, Dance Studio, Dry Cleaners, Locksmith Shop, Print Shop, Veterinarian (with no outside kennels), and Taxidermist.

Tami Perchez, 106 Hillcrest, suggested the multi-use buildings like the ones on Main Street and Market Street.

Dan Powell, 206 Hillcrest, asked about the Council's plan for Hillcrest. City Manager Ristagno stated at this time, it seems that we are looking mainly at Swisher, but there are some empty lots on Hillcrest and that property owner wishes to rezone. There would be a screening wall put up to help separate residential from commercial.

Jenni Warmbrodt, 511 Meadowbrook, had questions about the height of the screening wall.
City Manager Ristagno said that our City code allows up to an 8 foot screening wall. Ms. Warmbrodt also asked if one side of Swisher would be zoned differently than the other side. She also wondered what the parking situation would be for businesses on her side of Swisher Road. Councilmember Harper explained that they are looking for businesses that would be "neighborhood friendly". City Manager Ristagno said the City is concerned about the safety issues of residences on Swisher Road as busy as it is; that is the main reason the City is looking at rezoning it.

Judi Amstutz, property owner of several lots on Swisher across from Video Plus and on Hillcrest, suggested the City look at the rezoning in two pieces with the dividing line being Ridgewood; west of Ridgewood towards I-35E being light commercial, east of Ridgewood along Swisher allowing for a regular commercial development.

J. CITY MANAGER REPORT

1) City Projects

The apartments are ready for permitting. Lakeview continues to be problematic. We have had to make adjustments to properties due to earlier engineering errors. We are discussing with Commissioner Mitchell the possibility of the County assisting us with road repairs on Shady Shores. Main Street road work is on hold waiting for a determination from the County on funding. We met with officials from the County regarding traffic problems on Swisher Road and the County is working on a solution. The materials for the beach area at Willow Grove Park have arrived. Byron Hundley has signed the agreement with the City for the fence at Hundley Boat Yard. We are expecting Hickory Creek to contact us in the near future to meet regarding the Lake Cities Library.

4) **Public Hearing on an application by Daniel Baker, business owner of 13 Steps to Nowhere, for a Special Use Permit to allow outdoor events at the property located at 501 E. Swisher Road, City of Lake Dallas, Denton County, Texas. The legal description of the property is A0424a N. French, Tract 21C, and it is zoned C-1 Commercial District.**

Daniel Baker addressed the Council and gave an overview of his project and request. Mr. Baker wants to create a maze for outdoor events on the property at 501 E. Swisher Road. Councilmembers asked numerous questions about the type of structure, the level of noise and lighting, capacity limits, and parking. Mr. Baker confirmed the structure would be built in the same manner and of the same material that he used last year for his Halloween haunted trail. He said he uses LED lighting that only illuminates certain small areas. Swisher Courts parking lot will host the parking and groups of 6 people will be taken through the maze approximately every 30 minutes. The event is powered by temporary generators. He primarily wants to do laser tag events and scavenger hunts for private groups, as well as the Halloween event in October.

Pat Haggerty, Board President of the Montserrat Retreat House, spoke in opposition of the permit. The Montserrat has been in the community since 1959. They conduct silent retreats on their 50 acres. Their core program runs from Thursday evening until noon on Sunday. Mr. Haggerty has concerns that allowing these types of event will interfere with the work that goes on at Montserrat; he fears it will disrupt the peaceful atmosphere of their property. He asked that there be no bullhorns used on the property and that the SUP be reviewed in one year as opposed to three years.

Ron Boudreaux, Montserrat Retreat House, spoke in opposition of the SUP. He believes it will be disruptive and offensive to the people who come to Monserrat for peace and quiet.

5) **Consideration and Action to approve a Special Use Permit with or without conditions to allow outdoor events at the property located at 501 E. Swisher Road.**

Motion to approve a Special Use Permit to allow outdoor events at the property located at 501 E. Swisher Road with the condition of no bullhorns to be used at the events was made by Councilmember Brooks and second by Councilmember Harper.

Amended Motion to approve a Special Use Permit for 5 years to allow outdoor events at the property located at 501 E. Swisher Road with conditions of no bullhorns to be used at the events, events to be held Thursday through Sunday, permit to be reviewed in 3 years with no fee was made by Councilmember Brooks and second by Councilmember Harper.
Ayes: Councilmembers Brooks, Harper
Noes: Estrada

Motion Passed

6) **Public Hearing on the proposed Special Use Permit submitted by David Shershen on behalf of the Kingswood Home Owners Association for Kingswood Mobile Home Park, City of Lake Dallas, Denton County, Texas. The request for a Special Use Permit for KMHP would involve an overlay of C-2 Commercial District for the clubhouse at 228 Kingswood Drive for the purpose of allowing an indoor "European style" flea market on Thursday through Sunday from 8 am until 5pm . Chapter 122, Zoning, of the Code of Ordinances of the City of Lake Dallas, Article XVI, Special Use Permits, Section 122-691(19), allows for application to be made. This property is located at Kingswood Mobile Home Park, Kingswood Estates, Lots 1-228, Lake Dallas, Texas.**

David Shershen, 166 Kingswood Drive, Lake Dallas, addressed the Council on behalf of the Home Owners Association of Kingswood Mobile Home Park in regards to their request for a Special Use Permit. The HOA Board is looking for ways to create income to help pay off bank loans and to repair and maintain the Community's swimming pool. The Board would like to turn the Community's Clubhouse into a European style flea market to sell items made by residents. Income would be generated by renting vendor space to those who were selling their wares.

Kami Jones, 516 Meadowbrook, spoke in opposition to the permit. Mrs. Jones has concerns about traffic and people cutting through their subdivision.

Lura Green, 524 Meadowbrook, spoke in opposition to the permit. Ms. Green is concerned about the traffic, potential home break- ins due to strangers being in their neighborhood while they are away at work.

Melody Wayne, Kingswood Mobile Home Park resident, spoke in favor of the permit. Ms. Wayne feels this project is no different than the Community Garage Sales held in other neighborhoods in Lake Dallas.

Willeen Newman, 8 Oakwood Drive, spoke in favor of the permit.

Tom Sukach, 509 Meadowbrook, is opposed to the permit.

Margaret McCarty, 83 Lakeridge, is in favor of the permit.

Bob Davis, 73 Lakeridge, is in favor of the permit so that the HOA can reopen the pool.

7) Consideration and action to approve a Special Use Permit with or without conditions for the Kingswood Mobile Home Park that would involve an overlay of C-2 Commercial District zoning for the clubhouse at 228 Kingswood Drive for the purpose of allowing a flea market and associated retail activities.

Item tabled until the HOA Board can provide a more detailed business plan.

8) Discussion of Swisher Road rezoning to consider creating an overlay district and discuss what types of business would be allowed in the overlay.

City Manager Ristagno presented a list of potential business types for an overlay district on Swisher Road. As a result of discussion, the following list of businesses was decided upon: Antique Shop, Art Gallery, Dental Office, Governmental Offices, Insurance Office, Medical Office, Beauty Salon, Barbershop, Dance Studio, Dry Cleaners, Locksmith Shop, Print Shop, Veterinarian, Household Appliance Service and Repair, and Taxidermist. At the next Council meeting, we will hold a workshop with residents of the neighborhood to get their input.

J. CITY MANAGER REPORT

1) City Projects

Lakeview is problematic. There were a lot of issues that weren't addressed in the original engineering. There were no provisions made for retaining walls. We may have to make some adjustments to some yards and driveways. This has caused a number of change orders which increases the cost of the project.

2) Private Projects

There were no new reports on private projects.

K. NEW AGENDA ITEMS

No new items.

J. CITY MANAGER REPORT

City Manager Ristagno reported we are awaiting news on Main Street. We have submitted to Commissioner Mitchell to do all of Main Street and she has submitted it to her review board. They are considering concrete. There were a lot of things not planned for in the original engineering on Lakeview because they ran into a lot of surprises under the roadway. This has added additional costs to the project. City Manager Ristagno said he has had several calls about possible business developments but nothing that has moved forward yet.

K. NEW AGENDA ITEMS

The next meeting on April 10th will be a Town Hall meeting. We will have a regular meeting on April 24th. There will be a mid-year budget meeting in May. Councilmember Estrada would like to see some road maintenance on Shady Shores. City Manager Ristagno said the Patrol Officers and the Public Works Department would be making a list of roads that need work so that we can compile a priority list for road repair.

J. CITY MANAGER REPORT

City Manager Ristagno reported progress is being made on Lakeview, but there have been some problems and we are planning town hall meetings with the citizens and the contractors on Wednesday, February 19th and Thursday, February 20th to discuss the project. They have run into water problems in the area and we have approved a change order for a French drain for $6,000. Right now the biggest hurdle with the project is the inconvenience to the residents. The projected completion date for the project is June. It will be a much better, much safer roadway upon completion.

On the Main Street project, we are waiting to hear back from our County Commissioner. We think she has sent it to committee. She may be able to get us some additional assistance if the committee approves it.

The Fire Department sent a request that we trim trees on around 30 streets to accommodate their new ladder truck. This is problematic for us as we do not have the crews or equipment to do this. Also, many of these trees are on private property. City Manager Ristagno will discuss this issue with the City Manager of Corinth to see if they can come up with a solution.

Waste Management submitted their monthly report to Council for their review.

The State has changed their requirements for street signs effective 2015. We are beginning to replace street signs with the State required upgrade.

J. CITY MANAGER REPORT

City Manager Ristagno reported Lakeview is proving to be problematic. The water line is in place. Tuesday morning we will have a meeting with RKM and we are planning a town hall meeting with citizens to discuss the project.

The Main Street project has been on hold since Hickory Creek Mayor John Smith decided that their town wants to do the road in concrete instead of asphalt.

We are also discussing having a town hall meeting with Swisher Road property owners to discuss the possible rezoning of that area from residential to commercial.

The Board of Adjustment will meet on Monday, January 27th to decide on the demolition or repair of Mav's Auto and a property on Glen Rhea.

John Smith, Terry Lantrip, and Mike Mayberry have all expressed interest in EDC incentive grants for projects they are planning.

The Librarian has stated that the Library has two or three board members who want to accept County funding. If they accept County funding then they must provide service to everyone who lives in the County. Next Monday is a Library Board meeting.

J. CITY MANAGER REPORT

City Manager Ristagno reported that the culverts are being laid on Lakeview. The contractor requested an October 1st start date putting the completion at June 1st. The Main Street project will proceed with a re-bid for asphalt soon. The Parks Board would like to improve the Veteran's Memorial at City Park. We are looking at the cost that was presented and we may need to get a few more bids. We have a new business opening on Hundley with resale in the front and antiques in the back. Nana's Café is opening, and Neal's Restaurant may reopen under another name. The laundromat is going to reopen for business. The City is working with the Lake Dallas Community Development Corporation to bring a face lift to the front of City Hall. There will be more City-wide clean-up projects in the Spring. The Lake Cities Soccer Association would like to revisit the irrigation system project with the Community Development Corporation. Additional price quotes for the Willow Grove beach project are being obtained for the Community Development Corporation. The Economic Development Corporation is seeking a real estate broker to market their land on Swisher Road. The NTTA owns some property in the City and they are wanting to use it for equipment storage which may require a zoning change. City Manager Ristagno would like to pursue a community meeting regarding rezoning Swisher Road. The apartments hope to close on the Boliver property this month.

I. BUDGET WORKSHOP

Interim City Manager Ristagno presented a preliminary budget for 2014. We are currently expecting a surplus for the end of this fiscal year which will help offset the fund balance deficit we have had for the past several years. We do have more work to do on the 2014 budget as we currently have more expenses than revenue. Final medical insurance cost and property tax revenue figures will not be available until late July. Council and Staff further discussed the City's finances.

J. CITY MANAGER REPORT

Interim City Manager Ristagno reported that Atmos is preparing to move gas lines for the Lakeview project. The Main Street Rehab project will be going out to bid soon. In an effort to clean up some areas in the City, we are providing dumpsters to Hundley Boat Company, the Thompson Drive area and the Kingswood Mobile Home Park. We had a lunch meeting with the Bolivers regarding their remaining property. They have filed an application for a zoning change from R-1-10,000 to C-1 on about 23 acres of their property. We will notify people living on Swisher to the west of Shady Shores and Oak Lake to meet with them regarding rezoning that area. We have also discussed doing some clean up at City Hall by updating the façade, adding some planters in the front and correcting the lighting in the parking lot. Library lighting has been ordered. We are also considering moving the beach area at Willow Grove Park away from the shoreline and into a contained area.

K. NEW AGENDA ITEMS

Tony Marino, Mayor

CITY OF LAKE DALLAS, TEXAS

Joni Vaughn, City Secretary

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a special meeting on February 7, 2013 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given, as required by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Marino called the meeting to order at 7:33 pm.

A. ROLL CALL

Tony Marino	Mayor
James Harper	Councilmember 1
Mike McCaleb	Councilmember 2
B.W. Brooks	Councilmember 3
April Estrada	Councilmember 4
Karl Hammond	Councilmember 5

Staff Present: Nick Ristagno, Police Chief/Interim City Manager; Joni Vaughn, City Secretary; Wes Frazier, Police Captain; Julie Chapman, Community Relations Coordinator; Johnny Webber, Public Works Superintendent.

B. INVOCATION

Pastor Rod Collver gave the invocation.

C. PLEDGE OF ALLEGIANCE:

Mayor Marino led the pledges of allegiance.

D. ANNOUNCEMENTS

Mardi Gras is February 12th from 5 – 9p.m. Parade Line-up begins at 4:45 p.m. WFAA Channel 8 will be covering the event. The Shriners will be part of the parade. Lake Dallas hosts the only Mardi Gras Celebration in Denton County.

E. PROCLAMATION

Mayor Marino read a Proclamation in honor of Johnny Webber's 34 years of service to the City and his upcoming retirement and presented Mr. Webber with a framed copy of the Proclamation.

F. REPORTS

1) Boards and Commissions

City Manager Ristagno reported that Jessie Stubbs has submitted her resignation from the Parks Board. Community Development Corporation has a meeting on February 11th. Planning and Zoning Commission has a meeting on February 21st. Mayor Marino reported that Rick Mathews has resigned from the TIF Board.

2) Finance

No report. Finance Director Donna Boner is out of town for a family emergency.

3) Audit

Carl Deaton, the City's Auditor, gave a report on the Fiscal Year 2011- 2012 Audits. Mr. Deaton reported that while the City's General Fund Balance had improved from the past few years, there is still a significant deficit balance. Mr. Deaton recommends one million dollars as a fund balance which would equate to about three months expenses in reserve. Mr. Deaton feels the biggest problem with the City Budget in the past several years was that revenues have been overstated. The Economic Development Corporation did not spend much during the last fiscal year and added some to their fund balance. The Community Development Corporation had a large project with Willow Grove Park so they spent a large amount of bond funds to do this project and a Hundley Drive street project. Mr. Deaton also discussed the Waste Management Billing, telling the Council that the expenses to do that billing are about to overtake the revenues because Waste Management raised their rates and the City did not pass that cost on to the residents.

G. VISITORS/CITIZENS AGENDA *In accordance with the Open Meetings Act, the City Council is prohibited from acting on or discussing (other than factual responses to specific questions) any items brought before them at this time. Citizen's comments will be limited to three (3) minutes.*

3) Consideration and Action to approve a Lake Dallas Community Development Corporation project to fund an irrigation system for the soccer fields at City Park in the amount of $215,000 contingent upon a $50,000 contribution towards the irrigation system from Lake Cities Soccer Association as well as a 10 year contract agreement from them.

Interim City Manager Ristagno reported that in researching how many gallons of water the irrigation system would use and how much the water would cost, he discovered that installing the irrigation system would bring a very expensive water bill estimated at around $40,000 annually. Drilling a well was researched also and it was discovered to be cost prohibitive as well.

Motion to deny at this time a Lake Dallas Community Development Corporation project to fund an irrigation system for the soccer fields at City Park in the amount of $215,000 contingent upon a $50,000 contribution towards the irrigation system from Lake Cities Soccer Association as well as a 10 year contract agreement from them was made by Councilmember Harper and second by Councilmember McCaleb.

7) Discussion of the Waste Management billing.

Interim City Manager Ristagno advised Council that there is no signed billing agreement with Waste Management in place. He gave Council a report explaining where we stand financially with this program and the number of man hours involved in handling it. The consensus was that this program is not benefitting the City. Chief Ristagno reported that he attended a meeting with Waste Management and LCMUA and that Waste Management has approached LCMUA to do the billing. Chief Ristagno explained that this is an opportune time to shift this to LCMUA since our billing clerk just resigned. Council discussed the issue and directed the City Manager to take steps to work with Waste Management and LCMUA to discontinue the City's billing service and shift it to LCMUA.

8) Consideration and Action to accept the 2012 Racial Profiling Report as submitted by the Lake Dallas Police Department.

Motion to accept the 2012 Racial Profiling Report as submitted by the Lake Dallas Police Department was made by Councilmember Brooks and second by Councilmember Harper.
Ayes: Councilmembers Brooks, Harper, McCaleb, Estrada, and Hammond
Noes: None

Motion Passed

J. CITY MANAGER REPORT

Interim City Manager Ristagno reported that the US Army Corp of Engineers inspected the Willow Grove Park Boat Ramp and everything passed. Lakeview Drive Phase II should begin sometime in April. LCMUA will go before their Board to ask for $200,000 to contribute to the Lakeview project. The County is contributing $250,000 to the project. Commissioner Mitchell has increased the County funding for the Main Street project from $100,000 to $150,000 each for Lake Dallas and Hickory Creek. Lake Dallas and Hickory Creek will fund the remainder in a 60/40 split, with Lake Dallas funding the 40 percent.

Councilmember McCaleb gave the invocation.

C. PLEDGE OF ALLEGIANCE:

Mayor Marino led the pledges of allegiance.

Mayor Marino requested the Council's permission to move Business Item I-6 up next.

I. BUSINESS:

6) Consideration and Action to enter a contract for fire services.

City Manager Berner said the total final negotiated proposal is $4,366,167, with the City of Lake Dallas' portion being $905,376. He stated that if the re-negotiated contract with Corinth is approved, Corinth will re-write the contract to include the agreed upon conditions and terms. City Manager Berner recommended approving the contract with Corinth.

Mayor Marino commented that the City saved $73,000 for the next budget year and over the term of the contract we have saved approximately $350,000. Mayor Marino believes it was worth the time and energy of Council and Hickory Creek and expressed his appreciation to the City Manager of Corinth for working with both cities.

Councilmember Harper commented that when this exercise began a month or so ago and Hickory Creek approached the City of Lake Dallas about possibly forming a partnership, it stemmed from the fact that the original contract that had been proposed was a very unfair contract. "It didn't address the fact that the City of Corinth was going to be able to keep $2.5 million in revenue to themselves while having the other cities bear all the costs." Councilmember Harper expressed his concern at the increase in cost in the original contract and believes the cost structure in the fire department is very high. He feels they have overspent in many areas. Councilmember Harper believes that while the final negotiated proposal is a better deal than the original proposal, he believes we could have saved approximately $200,000 a year if we had gone out on our own.

Motion to approve entering into a five year contract for fire services with the City of Corinth was made by Councilmember Brooks and second by Councilmember McCaleb.
Ayes: Councilmembers Brooks, McCaleb, Harper, Estrada, and Hammond.

J. BUDGET WORKSHOP

City Manager Berner presented a brief overview of the budgets for fiscal years 2012 and 2013. Councilmember Harper requested that the Municipal Court revenues be reduced for the Fiscal Year 2013. Councilmember Hammond agrees that Court receipts need to be reduced to fewer than $500,000. Councilmember Hammond would like to see money for the TML Conference in the Council's budget for next year. Councilmember Harper asked Chief Ristagno if he would be willing to wait on laptops for the patrol vehicles in favor of salary increases and Chief Ristagno said yes. Mayor Marino asked if we could do some further study on the Waste Management billing to see if we are actually profiting. Councilmember Harper asked Chief Ristagno about doing warrant roundups more frequently. Chief Ristagno suggested doing clerk roundups with the court clerks concentrating on warrant collection calls.

K. CITY MANAGER REPORT

Community Development Corporation approved funding for an awning at the Library entrance and the work is almost done. Neal's Restaurant has reopened. There will be a bid opening on August 8th for repaving Hundley Drive.

L. NEW AGENDA ITEMS

M. ADJOURNMENT

Mayor Marino adjourned the meeting at 10:50 pm.

Tony Marino, Mayor

CITY OF LAKE DALLAS, TEXAS

Joni Vaughn, City Secretary

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on June 28, 2012 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given, as required by Title 5, Chapter 551.041, of the Texas Government Code. Mayor Marino called the meeting to order at 6:45 pm.

A. ROLL CALL

Karl Hammond	Councilmember 5

Staff Present: Earl Berner, City Manager; Joni Vaughn, City Secretary; Nick Ristagno, Police Chief; Donna Boner, Finance/Human Resources; Police Lieutenants Wes Frazier and Mike Sparby; Police Officers Alan Sawyer and Syd Grant.

B. INVOCATION

Pastor Rod Collver gave the invocation.

C. PLEDGE OF ALLEGIANCE:

Mayor Marino led the pledges of allegiance.

D. WORKSHOP WITH CITY ATTORNEY

Item tabled for another time.

F. ANNOUNCEMENTS

There were no announcements made.

G. PRESENTATIONS

Robert Jackson, 5415 Duchess Court, Lake Dallas, introduced his service dog, Duke Wellington Jackson. Duke is trained to recognize cardio problems.

A Certificate of Recognition was presented to American Legion Commander Greg Garland for his service to the veterans of our community by Mayor Marino.

Councilmember B.W. Brooks read a prepared statement from the Mayor and Council reminding those in attendance that they were attending a lawful meeting and any inappropriate behavior or outbursts would not be tolerated. The statement addressed the recent activities of the Lake Cities Fire Association; their circulation of erroneous information through phone calls, door to door visits, flyers, Facebook, and other media causing alarm to the citizens of Lake Dallas. The erroneous information implied that Lake Dallas and Hickory Creek were considering forming a fire department that would be less professional than the current level of service. The statement addressed legitimate budget concerns held by the City of Lake Dallas regarding the fire budget proposed by the City of Corinth for the upcoming fiscal year. The statement also stressed that the City of Lake Dallas is trying to properly steward the citizens' tax dollars by investigating other opportunities.

I. VISITORS/CITIZENS AGENDA

In accordance with the Open Meetings Act, the City Council is prohibited from acting on or discussing (other than factual responses to specific questions) any items brought before them at this time. Citizen's comments will be limited to three (3) minutes.

James Blundred, 605 Lake Drive, Lake Dallas, spoke regarding the recent denial of a fence permit and requested the Council to direct the City Manager to give him a fence permit.

The following individuals spoke during the Citizens' Agenda to support the current Lake Cities Fire Department and to request that the City of Lake Dallas not form a new fire department:

- Neva Suddereth, 702 Glen Rhea, Lake Dallas
- Suzanne Stiles, 508 Addison Street, Lake Dallas
- Robert Bartley, 624 Beck, Lake Dallas
- Melanie Housel, 104 Belton Drive, Hickory Creek
- Roger Bush, 397 Stockard Avenue, Lake Dallas
- David Ortez, 5508 Castle Court, Lake Dallas
- Mary Martinez, 322 Georgian Oak Court, Lake Dallas
- David & Kandy Jones, 516 Meadowbrook, Lake Dallas
- Jeremy Wilson, 504 Maverick Drive, Lake Dallas
- David Shershen, 166 Kingswood, Lake Dallas
- Joey Anderson, 706 Eagle Mountain Drive, Lake Dallas
- Jenny Warmbrodt, Lake Dallas
- Scott Thompson, 5753 Snow Creek Drive, The Colony
- Kelly Kato, 2510 Whetstone Drive, Corinth
- Lee, 304 Georgian Oak Court, Lake Dallas
- Linda Ayler, 5315 Queen Court, Lake Dallas
- Whitney Rupe, 5307 Queen Court, Lake Dallas

The following citizens expressed their support of the decisions made by the city officials that they elected to office;

- Lisa Dupree, Hickory Creek
- Travis Cattell, Lake Dallas

Councilmember Brooks expressed his appreciation to the citizens for coming out and to the Fire Department for the work they do. He explained to the citizens this is a workshop to get answers to the questions, not a vote; it is something the Council must look at to get the facts in order to be good stewards. He stated that the Council was not trying to hide anything and that the information from Hickory Creek was just brought to Council a few days ago and Council was hoping to get answers during the workshop.

Mayor Marino closed the Citizens' Agenda at 7:45 p.m.

E. BUDGET WORKSHOP WITH FIRE CHIEF

City Manager of Corinth Jim Berzina, Finance Director of City of Corinth Lee Ann Bunselmeyer, Fire Chief Curtis Birt and Deputy Chiefs Chad Theissen and Jeremy Porter with Lake Cities Fire Department, were in attendance to discuss the fire budget with Lake Dallas. City Manager Berzina began the workshop by reminding everyone that this is not the first time the budget has been presented, the City of Corinth first presented the budget to Lake Dallas in January. He then addressed the Council and let them know he felt Corinth had been portrayed as being "high-handed". Mr. Berzina reviewed the proposal that they presented when they came in January and briefly explained how they arrived at the figures they presented; he said they left the funding formula alone, but "what changed was the cost of doing business." Mr. Berzina said the City of Corinth is asking that the other cities share in the cost of maintaining first quality frontline equipment to keep the fire department properly equipped. Mr. Berzina feels Corinth presented a fair contract.

Councilmember Brooks asked about reimbursements from insurance companies on ambulance runs. Mr. Berzina said those revenues go into the City's operating costs, as do the expenses.

Councilmember Harper asked why the previous contract covered equipment costs and the new contract does not include equipment costs. He asked what type of cost controls are in place. Councilmember Harper explained that the City of Lake Dallas is not coming against the firemen; they are just trying to understand why the costs are going up so much.

Lake Cities Fire Chief Birt explained some of the equipment costs related to the fire department.

Councilmember Harper asked about an Interest and Sinking Fund kept by each City for the purchase of equipment as needed. Councilmember Harper reiterated that Lake Dallas is trying to look out for its citizens.

Councilmember Hammond said the Council was in "sticker shock" over the price increase.

Lee Ann Bunselmeyer addressed the Council and gave specifics on the budget proposal.

Councilmember Hammond asked how Corinth determined the figures for the vehicle equipment annual contribution for the City of Lake Dallas. Ms. Bunselmeyer said it is the same formula used in the operating costs. Chief Birt said the percentage is 21%.

Councilmember Brooks thanked Chief Birt for his professionalism. He said a private ambulance service was never in the discussion and he does not know where that incorrect information came from. Chief Birt said he was approached by the owner of a private ambulance service that they were asked for a proposal to provide EMS to the Town of Hickory Creek. Councilmember Brooks said that was the inflammatory part of the flyer and he wants the citizens to know he would not allow that and whoever wrote that information in the flyer needs to apologize for jumping the gun and upsetting our citizens. He said the Council is just trying to do its due diligence in checking into budget costs.

Chief Birt continued to answer Council's questions regarding equipment costs. Chief Birt said the contract thing has gotten a little crazy and if there is some negotiating that needs to be done that the City Manager is here to do that.

Councilmember Hammond said it all boils down to the capital costs making the annual increases so much higher.

Ms. Bunselmeyer explained some of the increase in expenses the City of Corinth has faced and the need for the capital expenditures.

Councilmember Harper wants to make sure that money is being spent prudently.

Mayor Marino adjourned the meeting at 8:45 pm for a short break.
Mayor Marino reconvened the meeting at 8:58 pm.

Councilmember Harper asked City Manager Berzina how the ambulance run revenue is accounted for in Corinth's budget. Ms. Bunselmeyer said that revenue was going back to the City of Corinth to cover with legal fees and HR expenses. Discussion continued regarding the revenue from ambulance runs.

Councilmember Harper said he had asked for a 5% cap and Corinth came back with a 6%; he asked if that is negotiable. City Manager Berzina said he thought it might be.

City Manager Berner referred the Council to an information sheet regarding the proposal from Hickory Creek.

Roger Mangum, Police Chief and Interim City Manager for the Town of Hickory Creek, addressed the Council and explained Hickory Creek's position on the fire budget.

Councilmember Harper asked about the insurance rating issue and Chief Birt explained the insurance rating system.

City Manager Berner said he would get with Mr. Mangum and Chief Birt and Mr. McSpadden and work further on the fire budget.

Mayor Marino expressed his appreciation to Hickory Creek and Corinth.

Mayor Marino said the budget discussion was over and the meeting would move on into regular business.

H. REPORTS

1) **Boards and Commissions** – no reports
2) **Finance** – Finance Director Donna Boner gave the report on the Financials for May.
3) **Library** – Lake Cities Librarian Barbara Thompson and Library Board member Bob Clark presented the Library Budget and answered questions from Council.
4) **First Southwest** – Marty Shuh and Boyd London with First Southwest were in attendance to report to Council on the restructuring of the City's 2001 and 2006 debt. Marty explained the restructuring would initially create a savings of approximately $120,000 for the first four years, but over the remaining ten years it will end up costing the City an additional $97,000. Marty also told the Council that in five years there would have to be an adjustment to the tax rate to compensate for the increased debt payment that would start in the fifth year. Marty also reported to Council that they discovered that as of June 15th the City's credit rating had dropped significantly to a BBB rating with Standard and Poor's, which is the next to the lowest rating before an entity reaches a point where it becomes very costly and difficult to borrow funds.

   Councilmember Harper would like the City to earmark any initial revenue from the restructuring to be set aside as savings. Councilmember Harper asked Boyd London in his expert opinion as our financial advisor, should the City do this debt restructuring and Mr. London said that from his perspective, the City should not. Mr. London feels that at some point the City must get control of its finances. It is his opinion that restructuring does not address the problem in the long run.

I. WORKSHOP

1) **Discussion on a formal response from City Council to Upper Trinity Regional Water District regarding the odor emitting from the Lakeview Water Reclamation Plant.**

The City Council had the following list of specific questions that they presented to Upper Trinity to answer:

1) Is there anything that can be done to eradicate the smells emanating from the plant?
   a) Cost of the improvement?
   b) Schedule for doing the improvement?
2) Several years ago at a Town Meeting a comment was made about some type of covering over the plant or maybe areas of the plant.
3) Are there any potential health hazards because of whatever is emanating from the plant?
4) Can citizens come to Upper Trinity Board meetings and speak to the board?
5) How about a Town Hall Meeting here in Lake Dallas where the Executive Director and Board Chairman are present? When?

Mayor Marino gave instruction to establish ground rules for the discussion. Upper Trinity Regional Water District gave a presentation to the Council and the public before Public discussion began. Jody Zabolio, Jason Pierce, and Brian, all from Upper Trinity, and Mike Fairfield, GM for LCMUA were there to answer questions. Jody Zabolio gave a brief history of Upper Trinity in the Lake Dallas area and explained steps that Upper Trinity has taken to reduce odor and set up a task force to work with citizens in addressing their concerns. Upper Trinity expressed their desire to be a good neighbor and their plans to address the citizens' concerns.

The following citizens spoke during the discussion with Upper Trinity Regional Water District:

David Shershen, 166 Kingswood
Gene Tisdale, 524 Howard
Bob Davis, 66 Lakeridge
Margaret Tisdale, 509 Howard
Randy Squier, 560 N. Lakeview
Sheryl McGrath, 920 Lakebluff
Robert Jackson, 5415 Queens Court

The citizens expressed the following concerns:

- Odor emanating from the Wastewater Treatment Plant.
- Health concerns regarding possible hazardous chemicals Upper Trinity may be releasing into the atmosphere.
- Effect the Wastewater Treatment Plant may have on property values in the area.
- Possible loss of businesses locating in the area due to the odor.
- Possibility that additional cities may begin processing wastewater at the Plant.

Councilmember Brooks asked about how putting a dome over the facility would work to contain the problem. Councilmember Hammond said five years ago during a Town Hall meeting that Upper Trinity said the facility would have a dome over it with scrubbers.

Councilmember Hammond asked if there any biological hazards. The Upper Trinity spokesperson stated that the microorganisms are contained; they are not transmitted into the air; they don't live outside the water they are contained in.

Councilmember Harper asked if there are any waste treatment facilities in the country that have a dome over them. The Upper Trinity spokesperson stated there may be, but he personally was not aware of any.

Gene Tisdale, Cody Jackson, and Bob Davis agreed to serve on the Citizens' Committee for the Task Force being formed by Upper Trinity Regional Water District to work on the problem with Upper Trinity and Lake Cities Municipal Utility Authority.

Mayor Marino strongly encouraged citizens to attend Upper Trinity Regional Water District's board meetings the second Thursday of the month at 12:30 pm. in Lewisville at 900 North Kealy.

2) Action, if any, from Workshop

No formal Council action was taken.

I. BUSINESS

1) **Consideration and Action to approve an increase the funding level to SPAN.**

Deborah Robertson, Executive Director of SPAN, Inc and Meals on Wheels of Denton County spoke to Council explaining the latest information provided to them from SPAN regarding ridership details. She answered questions from Council. Council requested a workshop with SPAN staff at the next council meeting to discuss options to "fine tune" our service plan.

No Action was taken on this item.

2) **Consideration and Action to accept an offer to purchase Lots 1, 2, 11, and 12 of Block 4 of the Lake Dallas Shores Addition.**

Motion to accept an offer from Jerry Goodale to purchase Lots 1, 2, 11, and 12 of Block 4 of the Lake Dallas Shores Addition for $6,000 was made by Councilmember Brooks and second by Councilmember Harper.

Ayes: Councilmembers Brooks, Harper, Connors, and Hammond.
Noes: None

Motion Passed

3) Discussion regarding the appointment of board members to the TIF Board.

Mr. Berner explained to Council that in the near future they need to appoint members to the TIF Board. He wanted Council to discuss some possible members so that he could begin contacting people to see if they were interested. Mr. Berner explained that any registered voter in the City or any property owner in the City who is over 18 years of age can serve on the TIF Board. There will be five members; one of them needs to be a council member. Carol Ann Connors suggested Pat Connors. Other names suggested were Clyde Fisher, Danny Everett, Cindy Nelson, Bill Knox, Trenna Ezell, and James Harper.

I. CITY MANAGER REPORT

City Manager Berner reported that Willow Grove Park boat ramp construction is under way. Most of the grading has been done, they are putting pilings in for the boat dock and the pay station for day use has been ordered. Lakeview final revised surveys for four properties will be in soon. Video Plus is still undecided on what they are going to do about their location. Doyle Cameron is getting ready to move forward with his 21 homes project. Bruce Martin is going to subdivide his property for sale and development; possibly 55 homes could be built on the property.

We will host a reception for our new county commissioner, Bobbie Mitchell at 7:00 PM January 26th.

J. NEW AGENDA ITEMS

SPAN project, Audit Report, Fire Department 5 year interlocal

Councilmember Harper asked for a rough projection of how our finances are trending.

K. ADJOURNMENT

Mayor Marino adjourned the meeting at 8:35 pm.

LINWOOD GILLILAND
DIANE BYERS
BEN GILBERT, ALTERNATE
KELLY D'AMATO, SECRETARY

MEMBERS ABSENT:
CHUCK DALTON, VICE-CHAIRMAN
STEPHEN WOHR, COUNCIL LIAISON

I. ROLL CALL.

Chairman Sherrel James called the meeting to order at 7:38 p.m. and noted that all members were present except for Diane Byers who arrived at 7:54 p.m.,Vice-Chairman Chuck Dalton, and Council Liaison Stephen Wohr.

II. PUBLIC HEARING: CONSIDER A FINAL PLAT FOR 19.588 ACRES OF TRACT 1A OF THE T. WHITE SURVEY, ABSTRACT 1375, AND 0.4098 ACRES OF TRACT 7A OF THE T. WHITE SURVEY, ABSTRACT 1376 AND APPROXIMATELY 5 ACRES OF TRACT 7 OF THE T. WHITE SURVEY, ABSTRACT 1376. THIS PROPERTY IS LOCATED SOUTH OF DOBBS ROAD AND SOUTH OF STATELY OAK LANE IN THE CITY OF LAKE DALLAS, DENTON COUNTY, TEXAS.

Jim Douglas with Douglas Properties stated that I believe we have addressed all the concerns that the Planning and Zoning Commission and City Council had on the preliminary plat. We have made all the corrections to that. We have the access easement. This lot one (1) will be deeded to the city for the park. There will be a 60 foot right of way going up to Dobbs Rd. All the lots meet the minimum square footage that we discussed. Metroplex Engineering okayed the plans. Mike Saunders with the Lake Cities Municipal Utility Authority also okayed them.

Close public hearing.

III. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to approve the final plat. Kevin Spraggins seconded the motion and it carried unanimously.

IV. APPROVAL OF MINUTES.

Kevin Spraggins moved to approve the minutes of the meetings held in November 1996. Linwood Gilliland seconded the motion and it carried unanimously.

V. CITIZEN'S AGENDA.

No public comment.

Close citizens agenda.

VI. REPORT FROM COUNCIL LIAISON.

Mayor Pro-Tem David Shershen sat in for Council Liaison Stephen Wohr who was abent. Mayor Pro-Tem David Shershen stated that the council has approved everything so far that you have sent to us. The biggest concern right now that the City Council has is the resignation of the Chairman. You have done an excellent job, we are very proud of you, very grateful and hopeful that you will re-consider.

VII. CONSIDER RECOMMENDATION OF A NEW ALTERNATE MEMBER FOR THE PLANNING AND ZONING COMMISSION TO CITY COUNCIL - ACTION.

Linwood Gilliland moved to recommend Robert Hansen as the new alternate member. Diane Byers seconded the motion and it carried unanimously.

VIII. OLD BUSINESS.

The Planning and Zoning would like to have a workshop on definitions. They would also like for the mobil home ordinance to be put on the January Agenda.

IX. NEW BUSINESS.

Mayor Pro-Tem David Shershen stated that the City Council may have the Planning and Zoning re-evaluate the Parking on the grass ordinance.

X. ADJOURNMENT.

Linwood Gilliland moved to adjourn the meeting. Kevin Spraggins seconded the motion and it carried unanimously. The meeting adjourned at 8:30 p.m.

I. ROLL CALL.

Chairman Sherrel James called the meeting to order at 7:34 p.m. and noted that all members were present except for Vice-Chairman Chuck Dalton, Council Liaison Stephen Wohr and Diane Byers.

II. PUBLIC HEARING: CONSIDER A ZONING CHANGE FOR LOT 2, OF THE SUNDOWN ACRES, FROM R-1-10,000 TO R-1-7200. THIS PROPERTY IS LOCATED AT 735 CARLISLE ST., IN THE CITY OF LAKE DALLAS, DENTON COUNTY TEXAS.

Laird Lind, 731 Carlisle stated that my property lies directly south of what was known as the Bud Archer property. It was subject to a lot of re-zoning. It was around six to eight months ago that my property was re-zoned to R-1-10,000. At the time that the zoning was being changed, the property was zoned multi-family. I was told that the R-1-10,000 had a 2,000 square foot minimum as far the building codes go. When I came to get a building permit, they pulled out the ordinances and low and behold, it is 2,500 square feet minimum. I would like to get down zoned to R-1-7200, not to build a 1,500 square foot house but to build a house that is about 2,200 square foot plus the enclosed garage.

Close public hearing.

III. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to approve the zoning change from R-1-10,000 to R-1-7200. Kevin Spraggins seconded the motion and it carried unanimously.

IV. APPROVAL OF MINUTES.

Linwood Gilliland moved to approve the minutes of the meeting held on October 3, 1996. Kevin Spraggins seconded the motion and it carried unanimously.

V. CITIZEN'S AGENDA.

Norma McAlavy, 25 Kingswood stated that Rod Courtneys mobile home that he brought in has a storage shed attached to the mobile home. I would like to request that the mobile home square footage be changed to 980 square feet and no permit be issued except by the Building Inspector. We feel that a sticker should be attached to the home after it has been inspected. I also feel Rod Courtney is taking advantage of people.

Bob Davis, 68 Lakeridge, stated that Rod Courtney is providing a service and is improving the property. I do believe that Rod Courtney is making money on his deals but I also believe that the people he sells to could not get financing elsewhere and he is helping them get financing or he is financing the places for them. They are paying market value. I don't think you could get a 980 square foot mobile home in Kingswood.

Herb McAlavy, 25 Kingswood, stated that Bob Davis must be a nephew to Rod Courtney. Rod Courtney is a scam artist. If you don't know what that is, just look on down the street where they got a real nice looking grey fence all around a sub-standard mobile home trailer park. At the rate and pattern that it is going right now and Rod's manipulation, we are going to look like a dump.

Margaret Tisdale, 509 Howard, stated that I live in a 1964 mobile home. My home is well kept and it looks just as good as some of these brand new homes. It doesn't matter how old it is as long as you keep it in good shape.

Bonnie Brown Garcia, 427 S. Denton Dr. stated that she just wanted to let everyone know that the Planning and Zoning have been working on the commercial mobile home park ordinances.

Norma McAlavy, 25 Kingswood, stated that there is nothing wrong with the mobile home as long as you keep it up. One house has been shelled out at least three times. Rod Courtney sells the people on fixing it up himself.

Frank Branscome, 173 Kingswood, stated that he left town two months ago on a Friday. I came back on Sunday and this fellow had half of my fence tore down. This fellow told me that Rod Courtney told him to tear it down. Rod told me I was five feet over the easement line and to accept the fence the way he wanted to put it back up. I would not accept that and it was put back the way it was.

Etta Babb, 211 Kingswood, stated that she thinks Mr. Harp and the Chief of Police are doing a great job.

Norma McAlavy, 25 Kingswood, stated that the reason I set the size of the mobile home as large as I did is because there are no more available lots.

Bob Davis, if you raise the square footage, you are limiting what can be moved in. Therefore your property is worthless.

Close citizens agenda.

VI. REPORT FROM COUNCIL LIAISON.

Council Liaison, Stephen Wohr was absent.

VII. OLD BUSINESS.

A. Discuss Chapter 18, Section 18.42 of the Lake Dallas Municipal Code regarding mobile homes.

The Planning and Zoning Commission discussed mobile homes and the square footage of mobile homes.

VIII. NEW BUSINESS.

II. PUBLIC HEARING: CONSIDER A SPECIAL USE PERMIT FOR THE EXPANSION OF THE CHILDREN'S LEARNING STATION AT 315 CARLISLE. THIS PROPERTY IS LOCATED ON TRACT 94 OF THE MARY WRIGHT SURVEY, ABSTRACT 1355 AND CURRENTLY ZONED R-1-6,000 IN THE CITY OF LAKE DALLAS, DENTON COUNTY, TEXAS.

Toni Smith, owner of The Children's Learning Station stated that she would like to expand her present facility. There will be no change to the structure of the building at all.

Close public hearing.

III. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to approve a special use permit for the expansion of the Children's Learning Station at 315 Carlisle. Diane Byers seconded the motion and it carried unanimously.

IV. PUBLIC HEARING: CONSIDER A ZONING CHANGE FOR APPROXIMATELY 5 ACRES LOCATED ALONG THE EAST AND SOUTHEAST OF TRACT 7 OF THE T. WHITE SURVEY, ABSTRACT 1376 FROM C-1 TO R-1-7200 WITH STIPULATIONS ON LOT WIDTH AND REAR YARD SETBACKS IN THE CITY OF LAKE DALLAS, DENTON COUNTY, TEXAS.

Brad Myers representing Carter & Burgess, who is also here with Jim Douglas owner of the property stated that basically what we are asking to be rezoned is part of the Thousand Oaks Subdivision. We want to change this from C-1, commercial retail zoning to residential zoning. We are asking for sixty-five foot lot widths, fifteen foot rear setbacks and seven thousand square foot lots.

Jim Douglas stated that there are just a few lots that we need the fifteen foot rear setbacks on.

Kolima Williams, 339 Stately Oak, asked how this is going to impact the people in Thousand Oaks right now?

Jim Douglas stated that instead of a commercial building going in, we are proposing to re-zone it to residential so we can put more housing in.

Mark Green, 324 Ashley Oak, asked which lots are going to have fifteen foot rear set backs?

Jim Douglas stated that they are asking for all of the lots to have the fifteen-foot rear setback.

Clyde Edwards, 108 Dobbs Rd., asked if it would not be feasible to eliminate one of the lots and make them all R-1-7200?

Jim Douglas stated that is one way to do it, but it becomes an economic issue also. This property is zoned commercial.

Robert Hanson, 337 Stately Oak, asked how many houses will actually be in this area?

Jim Douglas stated that there will be thirteen houses on that street.

Kolima Williams, 339 Stately Oak, asked if the street will have a negative effect on families in that area? Is there anyway to tell?

Jim Douglas stated that the only houses that the street will effect are the new houses that are going to be built.

David Goodnight, 330 Stately Oak, stated that the new street would take the burden off of Stately and Ashley Oak. If that street does not come through, we are going to bear the brunt of traffic coming down Texas Oak onto Ashley to get to that new subdivision. I do not want that to happen. While it may not be positive for everyone, I see more pluses than negatives on that situation.

Mark Green, 324 Ashley Oak, asked how big is the proposed street and how does that concur with the other street? Is the builder going to take any responsibility of the maintenance on the street during the building phase?

Jim Douglas stated that yes that if there is damage to the roadway, they will repair it.

Robert Hanson, 337 Stately Oak, stated that the extra homes will put an impact on our police and fire department.

Jim Phillips stated that when the house burned down out at Thousand Oaks, the fire department did not have enough water pressure. I live two houses down from the house that burned and I saw it.

Clyde Edwards, 108 Dobbs Rd., stated that we do have a southern route. Do you own the property all the way to the service road?

Jim Douglas stated that we only own up to the old railroad.

Jim Phillips stated that when he bought his home, Pulte told him that there was suppose to be a park. Did that just fall through?

Jim Douglas stated that it is over there by Shady Shores. It is the open space, down off of Parkside and Shady Shores. That was given to the city for park space.

Close public hearing.

V. ACTION FROM PUBLIC HEARING.

Kevin Spraggins moved to approve the zoning change from C-1 to R-1-7200 with stipulations on lots 5 through 10 being allowed to have the minimum 20 foot rear set backs, the rest have the normal standard setback and lots 1 through 13 have the 65-foot width. Chuck Dalton seconded the motion and it carried with the following votes: Ayes: Kevin Spraggins, Chuck Dalton, Diane Byers. Noes: Linwood Gilliland

VI. PUBLIC HEARING: CONSIDER A ZONING CHANGE FOR 19.588 ACRES OF TRACT 1A, OF THE T. WHITE SURVEY, ABSTRACT 1375, AND 0.4098 ACRES OF TRACT 7A OF THE T. WHITE SURVEY, ABSTRACT 1376 FROM R-1-10,000 TO R-1-10,000 WITH EXCEPTIONS ON LOT AREA ON 15 LOTS, REAR SETBACKS AND MINIMUM SQUARE FOOTAGE OF HOME IN THE CITY OF LAKE DALLAS, DENTON COUNTY, TEXAS.

Jim Douglas stated that he has submitted two plats to the Planning and Zoning Commission. The two plats we have submitted to you, one totally conforms to the R-1-10,000, all the lots are 10,000 square feet throughout the entire tract. The second plat that we have for your consideration has approximately 15 lots that do not meet the minimum 10,000 square feet. They range from 9,499 feet down to the smallest of 8,043 square feet. Over half of them are over 9,000 feet. We are asking for exceptions and would like for you to approve the plans that have 15 lots less.

Mr. Allen, stated that if you had one or two less lots, we would not even be here, you would meet your R-1-10,000 requirements, so basically what it is about is getting one or two extra lots.

Jim Phillips stated that since they are all zoned R-1-10,000 why can't they just stay R-1-10,000 and make it simple and not have to change 15 of them or 4 of them. Why can't they just be like they are suppose to be without stipulations?

Jim Douglas stated that we can do it that way but the city would like to have the dedication of some open space for additional parks. We lose a lot there and we really need to make up on an economic stand point. The lots we are asking for are less than 10,000 only by a few feet. Plus the lots that are less than 10,000 square feet are still larger than anything in Thousand Oaks right now.

Doug Duncan, 336 Stately Oak, asked why didn't you put the park on our side instead of on Corinth's side?

Jim Douglas stated that it is existing flood plain. You cannot build there.

Close Public hearing.

VII. ACTION FROM PUBLIC HEARING.

Chuck Dalton moved to approve the zoning change from R-1-10,000 to R-1-10,000 with exceptions with lot 1 being dedicated as a park and with the 15 requested lots that the square footage of the lot can be smaller than 10,000 and no less than 8,043 as per those 15 lots mentioned but all the set backs of the R-1-10,000 needs to be abided by and the minimum square footage of 2,000 square feet. Diane Byers seconded the motion and it carried with the following votes: Ayes: Chuck Dalton, Kevin Spraggins, and Diane Byers. Noes: Linwood Gilliand

VIII. PUBLIC HEARING: CONSIDER A PRELIMINARY PLAT FOR APPROXIMATELY 19.588 ACRES OF TRACT 1A OF THE T. WHITE SURVEY, ABSTRACT 1375, AND 0.4098 ACRES OF TRACT 7A OF THE T. WHITE SURVEY, ABSTRACT 1376 AND APPROXIMATELY 5 ACRES OF TRACT 7 OF THE T. WHITE SURVEY, ABSTRACT 1376. THIS PROPERTY IS LOCATED SOUTH OF DOBBS ROAD AND SOUTHWEST OF RIVER OAK WAY IN THE CITY OF LAKE DALLAS, DENTON COUNTY TEXAS.

Jim Douglas stated that before the final plat is presented, we will have all the final issues resolved.

Clyde Edwards, 108 Dobbs Rd., stated that he thinks it would be great if we just knew we were going to have a stub somewhere going south, and worry about the consequences in the future from what is going to happen with the development in the south. We need a major outlet out of the southern part of our development.

Jim Douglas stated that if we were to provide the access to the south, I would certainly hope that if the zoning is not changed on the property that you would certainly encourage the traffic not to stub out to the north because I do not think that any of the people here would like for all the apartment traffic to go north.

Clyde Edwards, 108 Dobbs Rd., stated that we do not have any control with Dobbs Road once it gets out of our city limits. We have made the determination that there is not going to be any apartments on the Jackson Ranch so lets forget about worrying about apartments and lets think about access out of the southern part of our community.

Robert Hanson, 337 Stately Oak, stated that it would give people an easier way for people to come to Lake Dallas businesses and shop.

Close public hearing.

IX. ACTION FROM PUBLIC HEARING.

Chuck Dalton moved to approve the preliminary plat with the stipulation of adding a southern stub at lot 18 for road access. Linwood Gilliland seconded the motion and it carried unanimously.

X. APPROVAL OF MINUTES.

Linwood Gilliland moved to approve the minutes of the meeting held on September 5, 1996. Chuck Dalton seconded the motion and it carried unanimously.

XI. CITIZEN'S AGENDA.

Clyde Edwards, 108 Dobbs Rd., stated that regarding Item XIII (A) regarding masonry requirements, there are several buildings in the community that are lesser quality material. They are not long term quality. We are growing, we are becoming a little bit bigger city. We want some long term buildings, we do not want some short term buildings. We do not want metal, butler, or wood buildings. The code calls for masonry so it will be here for the duration and it will look nice through the duration. I would encourage you to follow with what the Board of Adjustment has already acted on and addressed. I am in favor of 80% masonry.

Close citizens agenda.

XII. REPORT FROM COUNCIL LIAISON.

Council Liaison, Stephen Wohr stated that there is not much to report because the City Council has been so busy with the budget. We are suppose to start reviewing city ordinances in October and try to determine if any changes need to be made. When we come to the zoning ordinances, we will probably have the Planning and Zoning Commission have a workshop to look at the those ordinances.

XIII. OLD BUSINESS.

A. DISCUSS ORDINANCE 18.20, C-1 RESTRICTED BUSINESS DISTRICT, 18.22, C-2 COMMERCIAL DISTRICT, AND 18.24, C-3 COMMERCIAL DISTRICT REGARDING MASONRY REQUIREMENTS - ACTION.

Linwood Gilliland moved to table discussing ordinance 18.20, 18.22 and 18.24 regarding masonry requirements until the Planning and Zoning Commission gets recommendations or direction from the City Council. Ben Gilbert seconded the motion and it carried unanimously.

B. DISCUSS AGRICULTURE USE IN R-1-6000, R-1-7200 AND R-1-10,000 ZONING.

The Planning and Zoning Commission discussed agriculture use in residential zoning.

XIV. NEW BUSINESS.

Chairman Sherrel James would like to recommend to City Council that Ben Gilbert be seated as a permanent member of the Planning and Zoning Commission in January. He also stated that a new chairman would need to be elected in December.

XV. ADJOURNMENT.

Linwood Gilliland moved to adjourn the meeting. Chuck Dalton seconded the motion and it carried unanimously. The meeting adjourned at 10:18 p.m.

II. PUBLIC HEARING: CONSIDER A RE-PLAT OF LOTS 191, 192 AND E. 1/2 OF 193 OF THE KINGSWOOD ESTATES IN THE CITY OF LAKE DALLAS, DENTON COUNTY, TEXAS.

Rod Courtney, 163 Kingswood Dr., representing Claire Quinn presented a plan to replat 2 1/2 lots into 2 separate lots. The property needed to be replated because city ordinance does not allow for a mobile home to be placed on a half lot or on a lot line.

Norma McAlvey, stated that my problem with Rod is that the mobile homes are not liveable when moved in. Rod has moved several mobile homes in that are not liveable and have no floors. We have alot of money invested in our homes.

Rod Courtney stated that not everyone has money to be able to own homes, so they clean up the homes. I have 8 homes and 13 lots and I think that I have as much investments there as anyone. I want it to stay nice.

Frank, 173 Kingswood asked if the fence that was moved on lot 156 had been surveyed?

Sherrel replied that it did not have anything to do with the replat.

Truman Harp, Building Inspector, stated that he has been out to Mr. Courtney's property. I did measure the land and it has met all the requirement of the code. He has done one big favor for the city, by dividing the lots and trying to take a load off of Ms. Quinn as far as tax purposes are concerned and tax indebtedness that she owes. I see no reason why this committee should hold him up in dividing those lots. As far as the mobile homes being moved in yes, they will be inspected, if they don't meet the requirements, they will be shut down and moved.

Close public hearing.

III. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to approve the re-plat of lots 191, 192 and E. 1/2 of 193 of the Kingswood Estates. Diane Byers seconded the motion and it carried unanimously.

IV. PUBLIC HEARING: CONSIDER A FINAL PLAT FOR APPROXIMATELY 24.20 ACRES OF TRACT 62 AND TRACT 86 OF THE M.E.P. & P.R.R. SURVEY, ABSTRACT 924 AND LOT 13B OF THE SECOND REPLAT OF HARBOURTOWN VILLAS IN THE CITY OF LAKE DALLAS, DENTON COUNTY, TEXAS. THIS PROPERTY IS TO BE KNOWN AS LAKEBRIDGE ESTATES PHASE I, BLOCK 2, LOTS 6 THROUGH 33, BLOCK 3, LOTS 2 THROUGH 53, AND BLOCK 4, LOTS 1 THROUGH 25.

Doyle Cameron, Highland Village presented the final plat for Lakebridge Estates. He stated we did get preliminary plat approval. I believe we have met the requirements on the plat itself. We have done 90% with the drainage study.

Jackie Kovsky, 311 Surf stated that this is so different from the original plat. These lots are so narrow. I will have 3 houses backed up to me. This was originally green built or something. I am concerned about the drainage and the 2 story homes.

Carl Thomas, 736 Thompson Rd., stated that he was fine with this when he heard there was going to be a strip down here, but he has been in Bobby Shikle's back yard, which if you go to his back yard and you look up, the 2 story apartments are in his backyard. All of these people are going to have the possibility of 2 story homes overlooking their back yards. This is our main problem. If this could be single story homes, I would be fine.

Clyde Fisher, 14 Lakewood Dr. stated that he owns property to the south of his project. I would like for you to consider abandoning that easement. I think part of the final plat is actually for the northern portion of that easement to be abandoned anyway to get these streets in there. I would also at the same time ask for the city to abandon the southern part of the easement.

Allison Archer stated that they are still the current owners of the property. I didn't realize we had this problem today or I would have been more involved to try to solve it. I thought we were cruising along just fine. We lost a month along the way a month ago because of some issues being changed on the lot lines and we had to go back and get some extensions on some underline issues we had. We are at the end of our time frame to be able to make this deal with Doyle work, which then brings us back to the reason why we are working with Doyle in the first place and that was to avoid apartments. What I would like to ask you to do tonight is not to table this but to either accept or reject it. If you reject it, it can still go on to City Council by my understanding. If we table it tonight, I am afraid that this whole thing will fall apart on us within 30 days.

Mayor Jerry McCutcheon, requested that the Planning and Zoning go ahead and make a decision tonight. If they still do not have everything by the City Council meeting, then the City Council can deny it.

David Shershen, 166 Kingswood Dr. stated that he would like to concur with what the Mayor said. I would encourage you to whether you pass it or deny it, to make a decision and not let it hang there.

Close public hearing.

V. ACTION FROM PUBLIC HEARING.

Chuck Dalton moved to accept the final plat with the stipulation that the drainage plan is brought before the City Council at next week's meeting and a letter is provided by Doyle stating one story houses on lots 67, 66, 65, 64 and 58.

Chairman, Sherrel James asked if they can amend that motion, that instead of the letter, that he put deed restrictions on the lots.

Chuck Dalton moved to approve the final plat on the stipulation that before it is brought to Council, that we have in hand the drainage study, the deed restrictions on lots 64 through 67 and lot 58 to be single story homes on Block 3 and then a letter also be brought to City Council from L.C.M.U.A. of pre-approval. Linwood Gilliland seconded the motion and it carried unanimously.

VI. APPROVAL OF MINUTES.

Linwood Gilliland moved to approve the minutes of the meetings held in August of 1996. Kevin Spraggins seconded the motion and it carried unanimously.

VII. CITIZEN'S AGENDA.

John Saunders, 725 Black Walnut wanted to know how the square footage on a lot is calculated? Is there anything on the agenda this month regarding the polo field and is there any coordination with other Lake cities between the Planning and Zoning Commission?

Margaret Tisdale stated that they have started on the mini warehouses on Shady Shores. We understand that they have to be 80% masonry. We prefer to do metal exterior. What is the possibility of using metal buildings?

Bonnie Brown Garcia stated that she is in favor of lifting the masonry requirements. There is not a high enough rent demand to warrant masonry requirements.

Close citizens agenda.

VIII. REPORT FROM COUNCIL LIAISON.

Stephen Wohr reported redefining of building inspector job and permit process. Only the building inspector will issue building permits. The time to approve permits were extended to 96 hours. City Council will begin in October to review ordinances and we will reconsider the role of the Code Enforcement position and how we are going to use the Code Enforcement officer as opposed to the Building Inspector position.

IX. OLD BUSINESS.

A. DISCUSS ORDINANCE 18.20, C-1 RESTRICTED BUSINESS DISTRICT, 18.22, C-2 COMMERCIAL DISTRICT, AND 18.24, C-3 COMMERCIAL DISTRICT REGARDING MASONRY REQUIREMENTS - ACTION.

Linwood Gilliland move to table ordinance 18.20, 18.22 and 18.24 regarding masonry requirements until the Planning and Zoning Commission obtain ordinances on exterior surfaces from other cities. Chuck Dalton seconded the motion and it carried unanimously.

X. NEW BUSINESS.

Linwood Gilliland stated that the Planning and Zoning needed to discuss acreage.

Sherrel James stated that his last meeting would be December 1996.

Barbara Starkey stated that the City is working with North Texas Central Council of Governments on a training session for City Council, Planning and Zoning and Board of Adjustment. They set up 3 different people to come and talk to us. This will be on a Saturday in October, tentatively scheduled for the 3rd or 4th Saturday in October. It will mostly deal with the Planning and Zoning Commission and Board of Adjustment, their roles and duties, what they can and can't do.

I. ADJOURNMENT.

Linwood Gilliland moved to adjourn the meeting. Chuck Dalton seconded the motion and it carried unanimously. The meeting adjourned at 10:20 p.m.

I. ROLL CALL.

Chairman Sherrel James called the meeting to order at 7:30 p.m. and noted that all members were present except for Vice-Chairman Chuck Dalton and Kevin Spraggins.

II. PUBLIC HEARING: CONSIDER A PRELIMINARY PLAN FOR TRACT 1A OF THE T. WHITE SURVEY, ABSTRACT 1375A AND TRACT 7 AND TRACT 7A OF THE T. WHITE SURVEY, ABSTRACT 1376A. THIS PROPERTY IS LOCATED SOUTH OF DOBBS ROAD AND S.W. OF RIVER OAK WAY IN THE CITY OF LAKE DALLAS, TEXAS.

Paul McCracken with Carter & Burgess stated that he was asked by the owner to table for continuation or withdraw the request all together.

Close public hearing.

III. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to deny the preliminary plan for Tract 1A of the T. White Survey, Abstract 1375A and Tract 7 and Tract 7A of the T. White Survey, Abstract 1376A. Ben Gilbert seconded the motion and it carried unanimously.

IV. PUBLIC HEARING: CONSIDER A ZONING CHANGE FOR TRACT 1A OF THE T. WHITE SURVEY, ABSTRACT 1375A FROM R-1-10,000 TO R-1-6,000 AND TRACT 7 AND TRACT 7A OF THE T. WHITE SURVEY, ABSTRACT 1376A FROM C-1 TO R-1-6,000. THIS PROPERTY IS LOCATED SOUTH OF DOBBS ROAD AND SOUTHWEST OF RIVER OAK WAY IN THE CITY OF LAKE DALLAS, TEXAS.

Paul McCracken with Carter and Burgess stated that when it is re-submitted it will be R-1-7200 with stipulations except for changing 8,500 square feet to 10,000 square feet on the average lot size. He stated that the stipulations allow them to create lots that conform with the surrounding lots.

Close public hearing.

V. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to deny the zoning change for tract 1A of the T. White Survey, Abstract 1375A from R-1-10,000 to R-1-6,000 and Tract 7 and Tract 7A of the T. White Survey, Abstract 1376A from C-1 to R-1-6,000. Diane Byers seconded the motion and it carried unanimously.

VI. APPROVAL OF MINUTES.

Diane Byers moved to approve the minutes of the meeting held on July 9, 1996. Linwood Gilliland seconded the motion and it carried unanimously.

VII. CITIZEN'S AGENDA.

David Shershen, 166 Kingswood Dr., stated that he is grateful that the Planning and Zoning have volunteered their services and is happy to see that there are other people involved. He stated that he would like to congratulate and welcome Ben Gilbert to the Planning and Zoning Commission. He applauds what the Commission has done and he will try his best to uphold their decisions.

Bud Shoultz stated that the new inspector came out to inspect a mobile home and he did good, he found a problem and we fixed it.

Close citizens agenda.

VIII. REPORT FROM COUNCIL LIAISON.

Council Liaison stated that Ben Gilbert was appointed as Planning and Zoning alternate. The preliminary plan for Archer property was approved. He thinks the city is doing a good job regarding the Planning and Zoning.

IX. OLD BUSINESS.

A. DISCUSS ORDINANCE 18.20, C-1 RESTRICTED BUSINESS DISTRICT, 18.22, C-2 COMMERCIAL DISTRICT, AND 18.24,

I. ROLL CALL.

Chairman Sherrel James called the meeting to order at 7:30 p.m. and noted that all members were present except for Kevin Spraggins and Stephen Wohr. Council Liaison Stephen Wohr arrived at 7:45 p.m.

II. PUBLIC HEARING: Consider a preliminary plan for Tract 62, Tract 71, and 2.9 acres of tract 86 in the M.E.P. & P.R.R. Survey, Abstract 924 in the City of Lake Dallas, Texas.

Mr. Cameron with Cameron and Associates stated that he did get the land from Mr. Pledger. We will have our own entry from Main street. We will have stone walls on both sides where it will look like a stone bridge. We have done everything that we are suppose to as far as submissions. The Corps of Engineers have no problem with the plan and they like it. We have got all the utilities. We have all of our drainage plans and we are ready to start on our streets. We will have full 6 inch concrete streets. I don't see any problems.

Jackie Kovsky, 311 Surf, stated that she has looked at the plans and wanted to know if the plans have changed since she looked at them last? She also wanted to know if the Greenbelt and open space area would be maintained?

Mr. Cameron stated that he has not changed the plans and that there will be a homeowners association to keep the area maintained.

Laird Lind, 34 Lakewood Dr., stated that he thinks that Mr. Cameron has some really good ideas and good intentions but we will not be dealing with Mr. Cameron after all of this has been built. After that point he will be gone. Will the homeowners association be voluntary or mandatory?

Mr. Cameron stated that the association will be submitted with the final plat.

Marie with Cameron and Associates stated that the homeowners association will be incorporated into the deed restrictions. It will state what their maintenance requirements and responsibilities are.

Mr. Cameron stated that they control the association until there are sixty six and two thirds permanent home owners. Our vote is three to one. We control the association all the way through the build out which is ninety percent. Then we turn it over to the homeowners.

Laird Lind asked will your recommendation, should you decide to go on, specifically encourage the abandonment of the east side easement along Carlisle? Can you provide input on what you would like to see done there?

Mr. Cameron replied that it would be abandoned.

Rod Courtney stated that in 1991 the state legislature enacted a new statute that enabled the governing body of the municipality to enforce the deed restrictions of the homeowners association within the municipality. If they do have a homeowners association, they do have deed restrictions recorded at the court house, then the city can enforce those.

Close public hearing.

III. ACTION FROM PUBLIC HEARING.

Chuck Dalton moved to approve the preliminary plan for Tract 62, Tract 71, and 2.9 acres of tract 86 in the M.E.P. & P.R.R. survey, abstract 924. Linwood Gilliland seconded the motion and it carried unanimously.

IV. APPROVAL OF MINUTES.

Linwood Gilliland moved to approve the minutes of the meetings held in June of 1996. Diane Byers seconded the motion and it carried unanimously.

V. CITIZEN'S AGENDA.

No public comment.

Close citizens agenda.

VI. REPORT FROM COUNCIL LIAISON.

Stephen Wohr reported that the City Council has discussed the sign ordinances. There has been a decision to form a committee to investigate main street.

VII. CONSIDER RECOMMENDATION OF A NEW ALTERNATE MEMBER FOR THE PLANNING AND ZONING COMMISSION TO CITY COUNCIL - ACTION.

Linwood Gilliland moved to recommend Ben Gilbert as the new alternate to the Planning and Zoning Commission. Teri McCool seconded the motion and it carried unanimously.

VIII. OLD BUSINESS.

A. DISCUSS ORDINANCE 18.20, C-1 RESTRICTED BUSINESS DISTRICT, 18.22, C-2 COMMERCIAL DISTRICT, AND 18.24, C-3 COMMERCIAL DISTRICT REGARDING MASONRY REQUIREMENTS - ACTION.

Chuck Dalton moved that he would re-write ordinance 18.20, 18.22 and 18.24 within 30 days to bring to the next Planning and Zoning Commission meeting for action to send to the City Secretary and the City Attorney. Linwood Gilliland seconded the motion and it carried unanimously.

B. DISCUSS ORDINANCE 8.32, MOBILE HOMES AND MOBILE HOME PARKS AND ORDINANCE 18.42, MOBILE HOMES - ACTION.

Linwood Gilliland moved to table ordinance 8.32, and 18.42 to allow himself, Kelly D'Amato and Stephen Wohr to work on an ordinance that will meet the needs of the city. Teri McCool seconded the motion and it carried unanimously.

IX. NEW BUSINESS.

Stephen Wohr stated that the city council would like to see the city have a comprehensive plan where we can go through and take a look at all the ordinances. We have talked about the Business use ordinance and possibly re-writing it. I would like to see about creating a main street district and maybe take a look at our five year plan.

II. WORKSHOP.

A. DISCUSS ORDINANCE 8.32, MOBILE HOMES AND MOBILE HOME PARKS AND ORDINANCE 18.42, MOBILE HOMES.

Chapters 8.32 and 18.42 of the Lake Dallas Municipal Code were discussed. The Planning & Zoning Commission discussed changing several sections of Chapters 8.32 and 18.42 of the Lake Dallas Municipal Code with Lake Dallas mobile home park owners. The Planning and Zoning Commission also discussed with the owners possibly creating three separate distinctive ordinances for mobile home parks, (which are privately owned and privately maintained), mobile home developments (such as Kingswood, which has private ownership of individual lots, but publicly owned streets), and mobile homes located on individual property, but not within a mobile home park or mobile home development.

B. DISCUSS ORDINANCE 18.20, C-1 RESTRICTED BUSINESS DISTRICT, 18.22, C-2 COMMERCIAL DISTRICT, AND 18.24, C-3 COMMERCIAL DISTRICT REGARDING MASONRY REQUIREMENTS.

The Planning and Zoning Commission discussed changing the commercial ordinances pertaining to the masonry requirements on commercial buildings. Board members feel that requiring commercial buildings to consist of approved masonry materials covering no less than eighty percent of total exterior surfaces is being too strict and that the city could lose future businesses because of this requirement.

IV. REPORT FROM COUNCIL LIAISON.

Council Liaison Stephen Wohr stated that he ran for place four and was elected to City Council. I asked to be liaison for Planning and Zoning. I have some background that I think might be helpful to this. I am an attorney by profession. I am a trial attorney at this point but a few years back when I was starting out I actually did a lot of work with Planning and Zoning and actually went before Planning and Zoning Boards, where people would actually hire a developer and an attorney. I think there is a couple of really interesting things that are before the City Council right now. Obviously, we have the Archer property, most of you are probably more familiar with this, than I will ever be because of your long term commitment to it. I will tell you that I think there is a real desire on the part of the City Council to

see that particular piece of property go from what I consider to be a liability for the City to being a real asset to the City. I think that you folks have made that possible.

V. OLD BUSINESS.

A. REVIEW AND CONSIDERATION ON AN ORDINANCE AMENDING CHAPTER 15.20 OF THE LAKE DALLAS MUNICIPAL CODE - ACTION.

Linwood Gilliland moved to approve amending Chapter 15.20 of the Lake Dallas Municipal Code with one amendment: Delete Section 15.20.040 (mobile homes) from the chapter. No second.

Mike Fahey moved to approve amending Chapter 15.20 of the Lake Dallas Municipal Code with one amendment: Add Item D. in Section 15.20.040 to say photo of all elevations. Chuck Dalton seconded the motion and it carried with Linwood Gilliland opposed.

B. DISCUSSION REGARDING MASONRY REQUIREMENTS - ACTION.

Chuck Dalton moved to table the discussion regarding masonry requirements and have a Workshop on Wednesday, June 19th, 1996 to discuss it further. Linwood Gilliland seconded the motion and it carried unanimously.

C. DISCUSSION REGARDING MOBILE HOME ORDINANCES - ACTION.

Linwood Gilliland moved to table the discussion regarding mobile home ordinances until the Planning and Zoning Commission Workshop meeting on Wednesday, June 19th, 1996. Chuck Dalton seconded the motion and it carried unanimously.

VI. NEW BUSINESS.

I. ROLL CALL.

Chairman Sherrel James called the meeting to order at 7:30 P.M. and noted that all members were present except for Kevin Spraggins.

II. PUBLIC HEARING: CONSIDER FINAL RE-PLAT OF HARBORTOWN VILLAS PHASE I. THIS PROPERTY IS LOCATED AT BLOCK 1, LOTS A, B, & C, BLOCK 2, LOTS, A, B, & C, BLOCK 3, LOTS A, B, & C, BLOCK 4, LOTS A, B, & C, BLOCK 5, LOTS A, B, & C, BLOCK 8, LOTS A, B, & C, BLOCK 9, LOTS A, B, & C, BLOCK 13, LOTS A, B, & C, BLOCK 14, LOTS A, B, & C, AND THE ADJOINING COMMON AREAS IN THE CITY OF LAKE DALLAS DENTON COUNTY TEXAS. THIS PROPERTY IS TO BE KNOWN AS VILLAS OF HARBOURVIEW.

Jackie Kovsky, 311 Surf, stated that she lived behind Lot 13 and is concerned about what they are planning to do. I am all for this project except for what they are going to do behind me. I can stand on the land, the land at the end of it is level with the roof of my house. I am still very worried about what their plans are. I can't get assurances from anybody. I get words but I don't see anything in writing, nothing in pictures to show me what is going to be done there.

David Brooks stated that he is a partner with Frank Bourland, who is the developer. What we want to do is build forty-three homes instead of the seventy-three that could be built in there as it is currently plated. Right now it is still platted for condominiums including the area that Ms. Kovsky is referring to.

What we are asking to do is build single family attached homes. One story on one side, two story on the other. No balconies. Our plans are to fence all of those in the back, including the area behind Ms. Kovsky. It will be six foot fencing.

Dennis Muller, 711 Cain Street stated that there are a couple of issues he would like to address. One is that I am glad, I am not opposed to seeing the property developed. At the end of Cain Street at Harbortown, my concern is where the water will flow. There is a lot of water that goes through there. My second issue is we have a lot more people here. We already have a problem with over use of our facilities. We don't want half of those people and everybody jumping over here and using our pool and tennis courts and stuff like that. I don't see a common area here and when this is replatted away from a common area into more housing units, I am not sure I see an alternative. So there are two issues, one is the drainage, and the other is the high density of people without having an appropriate common area. We don't want to have a place that ends up being trashed out or not a high quality of living area.

David Brooks stated that the way we have got this thing budgeted out and planned out, that we would not have any more common areas. There is no way for us to do it.

Close public hearing.

III. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to approve the final re-plat of Harbortown Villas Phase I. Mike Fahey seconded the motion and it carried unanimously.

IV. PUBLIC HEARING: CONSIDER A FINAL PLAT FOR 0.452 ACRE TRACT OF LAND IN THE M.E.P. & P.R.R. SURVEY, ABSTRACT 924 IN THE CITY OF LAKE DALLAS, TEXAS. THIS PROPERTY IS TO BE KNOWN AS THE ASHFORD ADDITION, BLOCK A, LOTS, 1 & 2.

John Donahue stated that the property had never been platted. Mrs. Ashford owned the entire tract and she wanted to sell approximately half.

Close public hearing.

V. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to approve the final plat for 0.452 Acre tract of land in the M.E.P. & P.R.R. Survey, Abstract 924. Linwood Gilliland seconded the motion and it carried unanimously.

VI. APPROVAL OF MINUTES.

Chuck Dalton moved to approve the minutes of the meeting held on April 4, 1996. Diane Byers seconded the motion and it carried unanimously.

VII. CITIZENS AGENDA.

Mary Purser, 725 Main street stated that over ten years ago the property that is directly adjacent to our property in-between us and Bud Whitehead was zoned commercial for a temporary period of two years. What we would like to see, is what I need to do to have you people look at that to rezone that back to residential as it originally was. Those housing projects have gone in, the traffic from the lake alone is bad, you put in commercial property there and you will have a lot of lives taken. That corner has been tragic for over forty five years. My grandmother was killed right in front of the driveway.

VIII. REPORT FROM COUNCIL LIAISON.

Council Liaison Matt Flanagan stated that he has a meeting at 4:00 p.m. tomorrow to talk with a developer about purchasing the Bud Archer property for single family homes.

IX. OLD BUSINESS.

A. DISCUSSION REGARDING AN ORDINANCE AMENDING CHAPTER 15.20 OF THE LAKE DALLAS MUNICIPAL CODE - ACTION.

Chuck Dalton moved to approve amending Chapter 15.20 of the Lake Dallas Municipal Code with two amendments: The first being in Section 15.20.020, we eliminate or delete the two words mobile home in Section A. and that we add new item G. to say photo of all elevations. Linwood Gilliland seconded the motion and it carried unanimously.

B. DISCUSSION REGARDING COMMERCIAL ZONING ORDINANCES.

The Planning and Zoning Commission discussed the possibility of creating a C-4 or C-M Zoning district along Highway I-35. It would be a combination of M-1 (Light industrial) and C-3 (Commercial). The Planning and Zoning Commission would like to see more businesses in the area beside liquor stores. The Planning and Zoning Commission would like for City employees to contact the property owners and get their input on this possible change before having a public hearing.

C. DISCUSSION REGARDING MASONRY REQUIREMENTS.

The Planning and Zoning Commission would like to work on changing the commercial ordinance pertaining to masonry requirements.

D. REVIEW REVISED CITY ZONING AND STREET MAPS FROM METROPLEX ENGINEERING FOR FINAL APPROVAL -

ACTION.

Chuck Dalton moved to table item D under old business. Mike Fahey seconded the motion and it carried unanimously.

X. NEW BUSINESS.

The Planning and Zoning Commission would like to look into possibly rezoning the property at Main Street that Mary Purser was talking about at Citizens agenda.

The Planning and Zoning Commission discussed possibly adding photo required to the mobile home ordinance.

XI. ADJOURNMENT.

Chuck Dalton moved to adjourn the meeting. Linwood Gilliland seconded the motion and it carried unanimously. The meeting adjourned at 9:30 p.m.

Chairman Sherrel James called the meeting to order at 8:10 P.M. and noted that all members were present, except for Vice-Chairman Chuck Dalton.

II. PUBLIC HEARING: CONSIDER RE-PLAT OF HARBORTOWN VILLAS PHASE I. THIS PROPERTY IS LOCATED AT BLOCK 1, LOTS A, B, & C, BLOCK 2, LOTS A, B & C, BLOCK 3, LOTS A, B, & C, BLOCK 4, LOTS A, B, & C, BLOCK 5, LOTS A, B, & C, BLOCK 8, LOTS A, B, & C, BLOCK 9, LOTS A, B, & C, BLOCK 13, LOTS A, B, & C, BLOCK 14, LOTS A, B, & C, AND THE ADJOINING COMMON AREAS IN THE CITY OF LAKE DALLAS, DENTON COUNTY, TEXAS. THIS PROPERTY IS TO BE KNOWN AS VILLAS OF HARBOURVIEW.

Jackie Kovsky, 311 Surf, stated that she backs up to lot 13. I think this would be an asset to the property, since it is pretty crappy looking now, but I have a problem because we have an artificial plateau there. A two story building on this lot would be like three stories to me, because this lot is raised up. I have a water problem. There is a ditch that is never cleaned out. I have no objections to the rest of it, but I definitely want something done about this. I do want it in writing. As it was before, it just went through like everything else in this little town. I got a ditch that never gets cleaned out. I talked to the man buying this property, he won't do anything about it. The city can't do anything about it, I get water from that, I get water from up the hill. The water runs down and out my driveway. The end of this lot is about at the edge of my kitchen, which means I get three stories looking into my kitchen. I have like twenty-

five feet up there looking into my yard. Build closer to the existing condos that is okay, I just don't want it there. I want something done with that hill. I don't want water in my yard and I don't want the trash. That is my main objections to it. We fought this when they put these things in and built that hill. The duplexes look nice, assuming they come out like this. They are not very big, but it might force Archer to build something a little better around here. I can't go along with it, with the hill like it is and the ditch behind me, the kids can walk across on to my shed. We have had to put barb wire up to keep the kids off the roof of our shed.

Bobby Shikle, 712 Thompson Dr., stated that I can verify everything that Jackie spoke about. I feel real confident that we need development. Jackie definitely needs help. This appears to be a ten foot easement behind her property. I really don't know how the problem can be solved but we do not want to lose any development. This land was built up higher than ours. I have been up here twice before. The Planning and Zoning said that they would let me know if anyone planned on building a balcony, not that there is any plans to build one now. However, the main issue is we do need to do something about this ditch and the hill.

Frank Bourland, 517 Skyridge, Argle, stated that on lot 13, part of the problem we got here is actually beyond the property. In other words, the problem area we are talking about is between this property and hers. There is an easement between them. Actually if I got equipment out there, I don't mind trying to help. There is actually an easement up on the back of this property. Then there is five feet that goes over on her property. The ditch is actually on the backside of this property. What they did is whenever they originally built it, they built a pad. I will try to work and do whatever I can. We got one problem with that lot already, it lines up with the street pretty much. Naturally if we cut it down below the street, we will have some problems there too, because I will actually be taking water elsewhere. Whereas, if it is level with the street, I can take it into the street. I want to take all the drainage I can towards the street.

Linwood Gilliland asked if most of these will be two stories?

Frank Bourland replied that it will be a big mix. What I am doing is putting together ten plans. There will be three or four two stories and then a combination of one stories and then they go together, they mix and match. I could leave all one stories on that particular lot and it wouldn't hurt anything. The only thing is, the two story, one story combination has tremendous elevations and is a whole lot prettier home.

Linwood Gilliland asked if he was planning on having any balconies?

Frank Bourland replied no, that the city has an ordinance against it. I am going to create privacy on what I am doing.

Chairman Sherrel James asked Mr. Bourland if he was going to build as specs or will he build them as they are sold?

Frank Bourland replied that I will build three to five at a time and then sell them. There is a possibility to where I can sell them quicker than what I can build them. That is what the intent is, to build them and then sell them.

Jackie Kovsky stated that it always has been her understanding that the ditch has been a part of that property. Show me where it is not, please. I know it is in the easement but the easement is part of your property.

Frank Bourland replied that there is five foot on us, and then there is five foot on the other side.

Jackie Kovsky stated that the easement is part of his property, which means you have to maintain that ditch or something.

Bob Willis, Code Enforcement Officer stated that Metroplex Engineering did research on this and it is a ten foot wide piece of property. I believe that there is separate ownership on it. I have to go find my tax rolls. We have had problems with this in the past. It goes to two foot wide down through here. It is private property.

Kevins Spraggins replied that neither Ms. Kovsky owns it nor Mr. Bourland, it belongs to somebody else.

Barbara Starkey, City Secretary stated that with our new R-3 that we passed just recently, the requirements in an R-3 now are forty foot front and rear setbacks. Those are already there, there is no way to meet that. He is going to have to apply for a variance. I have talked to the City Attorney about this. He is going to check into it. Even if you approve this, he can't build according to the way our ordinances are written, in any of them. He is going to have to apply for a variance.

Linwood Gilliland stated that you are talking about an ordinance that we just passed. These have already been platted.

Matt Flanagan stated that Mr. Bourland has gone for a replat which comes under these. Everybody is in agreement that it is a pretty good looking deal. So basically, whatever you all decide, I think you can go forward and whatever you are going to do tonight, if it is to recommend, it will go to the council next week, we know that you are going to have to go and get a variance, just because of those facts. Basically, you just go ahead and put in for your variance as soon as you can. We are going to have to do a little bit more detail, we have never been caught in this box

where we put a new ordinance in with something that has started right after it, that had already been re-platted. There is a little bit of logistics that needs to be done.

Close public hearing.

III. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to approve the replat of Harbortown Villas Phase I. This property is located at Block 1, Lots A, B, & C, Block 2, Lots A, B, & C, Block 3, Lots A, B, & C, Block 4, Lots A, B, & C, Block 5, Lots A, B, & C, Block 8, Lots A, B, & C, Block 9, Lots A, B, & C, Block 13, Lots A, B, & C, Block 14, Lots A, B, & C, and the adjoining common areas in the City of Lake Dallas, Denton County, Texas. Mike Fahey seconded the motion and it carried unanimously.

IV. APPROVAL OF MINUTES.

Linwood Gilliland moved to approve the minutes of the meeting held on March 7, 1996. Kevin Spraggins seconded the motion and it carried unanimously.

V. CITIZENS AGENDA.

Carolyn Green, 201 N. Shady Shores, stated that once again I am coming before the Planning and Zoning Commission because once again, about two to three weeks ago, I got some information through the Texas Beautification Program. Diane went and brought back some information and I gave it to the Mayor. I would like to see the city sanction a beautification committee through ordinances just as they did for the Park and Recreation Committee. There are many funds available through the state. I think it is something that the city really does need. I drive through the town and I see litter everywhere. There is so much potential. It is hard to get people to do anything, if they don't think the city cares. There are people out here, that if they thought the city itself cared, they would be willing to do something. I come to you all, the P & Z. Now I know that usually you all do what the City Council tells you, but I think you should be a direct man to the City Council, that something can be done. I don't know whether it is your right or not. That is why I am here tonight. I can't do it as one person, but if it is sanctioned by the city, maybe we can get a lot of people involved that care and want to have a pretty place to live, a place that we can be proud of when visitors come in.

VI. CONSIDER REZONING TRACT 54, ABSTRACT 1355 OF THE MARY WRIGHT SURVEY FROM R-3 TO R-1-6000 - ACTION.

Richard Neely, representing Baylor Healthcare System Foundation, who owns the property at 401 Betchan. Baylor

Healthcare System Foundation supports Baylor Healthcare System. We had a gentleman donate the apartments to Baylor. Back in April of 1990, we sold it on a note to Howard & Mary Enloe. Howard & Mary Enloe made some improvements. They added a carport to the property and have spruced it up a little bit. Mr. Enloe got into some financial troubles and couldn't support paying the note and trying to pay for the improvements. Finally after going back and forth, getting the taxes taken care of, we had to foreclose. We started that process in July of 1995. We finally got ownership in our hands in the middle of January. It was recorded in February of this year. We are now owners of property in the City of Lake Dallas. We plan to hold the property for the benefit of the hospital and if we can sell it for an attractive price, we will sell it because we are in the hospital business, not in the business of managing apartments. We want to generate a return that is beneficial for the hospital. We just want it to continue like it has been. It has been there for some time. We feel like the apartments are a benefit to the community, they are always leased, people are always inquiring about them. We have asked Jackson Real Estate to be here in case you have any specific questions about the apartments.

Bob Jackson, Jackson Real Estate stated that he and his mother started managing the apartments two and half years ago for Mr. Enloe. Since that period of time, the only vacancies that we have had, has been when somebody moved out and we have rehabed the apartment that they were in, because when we took over they were in bad need of it. Right now we are looking at some capital projects under way, a roof, an exterior paint job and a clean up on these properties. We have not had any vacancies. I don't know of any problems, other than the ones we have gone to the city and requested the reports on tenants that we have asked to leave. The property stays full. People that inquired, while we had it with Mr. Enloe and he did have it on the market. The attractive thing they found was the possibility on that acreage, there is room to add another unit. If the zoning is changed that decreases that attractiveness both forbadum and for another investor that comes along. We have had a good relationship with both owners. We have had no problems with the city in any way that we are aware of. This zoning request really caught us looking the other way. So basically that is where we are from.

Linwood Gilliland asked how many units there were?

Bob Jackson replied, that there are eight units.

Virgina Jackson stated that since we have been managing the apartments, we have rehabed the inside of all but two of them, but those people have not moved or anything. We come up to the police station often, especially if we hear one of our tenants complaining about another one. In our lease, it says that if there is any complaint from the police department, it is cause for eviction. We want it managed right.

Kevin Spraggins moved to deny the rezoning of Tract 54, Abstract 1355 of the Mary Wright Survey from R-3 to R-1-6000. Mike Fahey seconded the motion and it carried unanimously.

VII. DISCUSSION REGARDING AN ORDINANCE AMENDING CHAPTER 15.20 OF THE LAKE DALLAS MUNICIPAL CODE - ACTION.

Linwood Gilliland moved to table the ordinance amending Chapter 15.20 of the Lake Dallas Municipal Code. Mike Fahey seconded the motion and it carried unanimously.

VIII. REPORT FROM COUNCIL LIAISON.

Council Liaison Matt Flanagan reported that Bud Archer is working on a single family plan for the Hills on the Lake out there. He is suppose to be coming forward in two to three weeks possibly with something to show us. The Council voted to go ahead and send up an appeal to the Board of Adjustment decision that they had made the other night basically rezoning a piece of property in Lake Dallas. That will be going up before the County District Court. We are hoping to get that repealed.

IX. OLD BUSINESS.

The Planning and Zoning want to look into creating a C-4 Zoning along Highway I-35.

X. NEW BUSINESS.

Mike Fahey stated that his term is going to be up soon.

XI. ADJOURNMENT.

Linwood Gilliland moved to adjourn the meeting. Mike Fahey seconded the motion and it carried unanimously. The meeting adjourned at 9:45 p.m.

I. ROLL CALL.

Chairman Sherrel James called the meeting to order at 7:30 P.M. and noted that all members were present, except for Chuck Dalton who arrived at 7:50 p.m.

II. CONSIDER REZONING TRACT 54, ABSTRACT 1355 OF THE MARY WRIGHT SURVEY FROM R-3 TO R-1-6000 - ACTION.

Linwood Gilliland moved to table rezoning Tract 54, Abstract 1355 of the Mary Wright Survey from R-3 to R-1-6000. Kevin Spraggins seconded the motion and it carried unanimously.

III. APPROVAL OF MINUTES.

Linwood Gilliland moved to approve the minutes of the meeting held on February 1, 1996. Kevin Spraggins seconded the motion and it carried unanimously.

IV. CITIZENS AGENDA

Frank Bourland stated that I was to late to get on the agenda tonight formerly, but I have given council member Matt Flanagan a preliminary plat on Harbor Town Drive. I would like to see if you can review it and see if it is feasible, so I can go ahead and get the engineering started. Those were originally zero lot line townhome condo type concepts. What I am doing now is going in and putting in duplexes. They are actually single family attached, but we will call it duplexes. There is room for 21 structures.

I did not want to proceed with all these hearings, until I knew if there would be a problem. Most of the houses will be two story, some will be one story, all brick. The duplexes will be 1200 square feet.

Bud Archer, stated that I am the managing partner of the 30 acres that the city is trying to rezone. I brought a letter protesting the rezoning.

Chairman Sherrel James asked Mr. Archer to wait and make his remarks on his agenda item under Old Business.

Close citizens agenda.

V. REPORT FROM COUNCIL LIAISON.

Mayor Pro-Tem, Matt Flanagan reported one item that happened at the meeting was putting Bud Archers property back on the agenda. One of the bigger items was contracting with Metroplex Engineering to go into Oak Lakes Subdivision to do a complete survey on the drainage. The city added some new members to the Park and Recreation Board and added an alternate to the Board of Adjustment.

VI. OLD BUSINESS.

A. DISCUSS MOBILE HOMES, MOBILE HOME PARKS, CAMPERS, AND TRAVEL TRAILERS.

The City Council has taken care of the travel trailers. The owners of campers and travel trailers will have to have an annual permit. The fee is going to be for inspections, to make sure everything is up to code.

B. DISCUSS ORDINANCE 18.20 (C-1, RESTRICTED BUSINESS DISTRICT).

C. DISCUSS ORDINANCE 18.22 (C-2, COMMERCIAL DISTRICT).

D. DISCUSS ORDINANCE 18.24 (C-3, COMMERCIAL DISTRICT).

Mayor Pro-Tem Matt Flanagan reported that the city has checked into what it would cost the city to have somebody scan all of these ordinances, so that we can put it into the computer so that we could make these stand alone ordinances. The cost was about eight thousand dollars. What we are going to do, is get with Bob, Diane and Kelly and get a scanner for about three hundred fifty to four hundred dollars. What I am going to do is take it home in the evenings. I will put it on the disk, I will set it up for you guys and we will set up a workshop together. Between Bob, Diane and me, we will go ahead and get them basically set up. We will show the ordinances as they were, how they have been put together, and after we have patched it and see if you guys have any adds at that time.

E. DISCUSS POSSIBLE REZONING OF M.E.P. & P.R.R. SURVEY, TRACT 71 AND TRACT 62 - ACTION.

Bud Archer, owner of the property stated that I thought I had a working relationship with the City Council. We had a work session working with the builder and the developer and then all of the sudden the City Council took a vote and tried to zone it huge lots and it got turned down. That really kind of shook us up a lot. We lost a lot of confidence in the City Council, the agreements, the meetings we had and the workshops. My partners were somewhat passive, moderately passive until that happened. My partners consist of three major lawyers in Dallas, and one of the largest industrialist in Fort Worth. We have all the money and time we need to win a lawsuit against the city. We are really embarrassed about what the city did for you, for the city. I have been talking to someone about coming up with a plan I thought would be acceptable and boom you call a vote and try to zone it R-1-10,000. My partners feel like there was a breech of confidence and breech of agreement. I am here to tell you that we are here to defend it to the last man and last dollar. If you elect to go ahead and recommend 10,000 square foot lots, help yourself.

Linwood Gilliland moved to table the rezoning of M.E.P & P.R.R. Survey, Tract 71 and Tract 62 for 30 days. Kevin Spraggins seconded the motion and it carried unanimously.

VII. NEW BUSINESS.

Mayor Pro-Tem Matt Flanagan stated that the city wanted the Planning and Zoning Commission to look at the city map to see if any corrections were needed.

Mayor Pro-Tem Matt Flanagan asked the Planning and Zoning Commission to look at the floor plans and basic lay out of the townhomes that Mr. Bourland is proposing for that area. He thinks it would make a good buffer zone.

VIII. ADJOURNMENT.

Chuck Dalton moved to adjourn the meeting. Kevin Spraggins seconded the motion and it carried unanimously. The meeting adjourned at 9:11 p.m.

II. CONSIDER REZONING TRACT 54, ABSTRACT 1355 OF THE MARY WRIGHT SURVEY FROM R-3 TO R-1-6000 - ACTION.

Linwood Gilliland moved to table rezoning Tract 54, Abstract 1355 of the Mary Wright Survey from R-3 to R-1-6000. Chuck Dalton seconded the motion and it carried unanimously.

III. APPROVAL OF MINUTES.

Linwood Gilliland moved to approve the minutes of the meeting held on January 4, 1996. Chuck Dalton seconded the motion and it carried unanimously.

IV. CITIZENS AGENDA

Rod Courtney, 162 Kingswood, stated that I came to the meeting only because the Planning and Zoning Commission has such input to the City council on items that may go to the City Council or the Board of Adjustment. I attend only to get to the grass roots of it, so I can have some idea of what your opinions are and what the City Council's opinions are so it can have something to do with making our decisions. I appreciate what you do for the City.

V. REPORT FROM COUNCIL LIAISON.

Council Liaison, Matt Flanagan reported that the City Council took a vote on the Archer property. It came out to be a vote of 3 to 2 for the change to R-1-10,000, but it needed to be a super majority to pass. The property now keeps it's R-3 multi-family zoning. There is still a lawsuit out and it will probably be brought back for re-zoning at the next council meeting. There are some R-3 moratoriums we will be looking at on the R-1-10,000 zoning. The Jackson Ranch is on the agenda for this month.

VI. OLD BUSINESS.

A. DISCUSS MOBILE HOMES, MOBILE HOME PARKS, CAMPERS, AND TRAVEL TRAILERS.

The planning and Zoning Commission discussed creating separate independent ordinances for commercial mobile homes, residential mobile homes and mobile home estates.

B. DISCUSS CHAPTER 15.20 OF THE LAKE DALLAS MUNICIPAL CODE RELATIVE TO MOVING BUILDINGS.

Kelly D'Amato reported that the changes are still being looked over by the City Secretary and the City Attorney.

VII. NEW BUSINESS.

A. DISCUSS ORDINANCE 18.20 (C-1, RESTRICTED BUSINESS DISTRICT.

B. DISCUSS ORDINANCE 18.22 (C-2, COMMERCIAL DISTRICT).

C. DISCUSS ORDINANCE 18.24 (C-3, COMMERCIAL DISTRICT).

The Planning and Zoning Commission discussed making Ordinance 18.20, Ordinance 18.22 and Ordinance 18.24, independent of each other so that when a person is researching the requirements for C-1, C-2, or C-3, they would not have to refer back to one of the lower zoning classifications to find the requirements.

VIII. ADJOURNMENT.

Linwood Gilliland moved to adjourn the meeting. Chuck Dalton seconded the motion and it carried unanimously. The meeting adjourned at 8:55 p.m.

II. CONSIDER REZONING TRACT 54, ABSTRACT 1355 OF THE MARY WRIGHT SURVEY FROM R-3 TO R-1-6000 - ACTION.

Sherrel James moved to table rezoning Tract 54, Abstract 1355 of the Mary Wright Survey from R-3 to R-1-6000. Chuck Dalton seconded the motion and it carried unanimously.

III. APPROVAL OF MINUTES.

Mike Fahey moved to approve the minutes of the meeting held on December 7, 1995. Linwood Gilliland seconded the motion and it carried unanimously.

IV. CITIZENS AGENDA.

Carolyn Green, Lake Haven Estates came to request that the members of the P & Z consider a new ordinance covering commercial mobile home parks. I would not, as I have told them before, I would not want RV's, travel trailers, travel mobile homes, however I do not want the ones that are there forced to move. I just can not see uprooting these people, some of them have been there eight years, some of them five. However, I am willing to say that on the mobile home lots that I can put mobile homes on, I will not refill that lot with a travel trailer. However, I also have six mobile home lots that I can not abide by city ordinance as far as setbacks and all. I have backward lots. I am willing to come up

and get a variance or whatever it takes to be able to put RV's on these particular lots. I would not want an RV seen from the city street. The City Council is going to have a workshop on the 11th. I would like for the Planning and Zoning members to attend the workshop.

V. REPORT FROM COUNCIL LIAISON.

Council Liaison Matt Flanagan was absent.

VI. OLD BUSINESS.

A. DISCUSS MOBILE HOMES, MOBILE HOME PARKS, CAMPERS, AND TRAVEL TRAILERS.

Chairman Sherrel James informed the Planning and Zoning members that the City Council was holding a workshop with mobile home park owners to discuss mobiles homes, mobile home parks, campers and travel trailers on January 11th at 6:30 p.m. The Planning and Zoning Commission decided to wait and discuss the mobile homes, campers and travel trailers further at the February meeting so they can wait and see what is decided at the City Council workshop.

VII. NEW BUSINESS.

A. DISCUSS CHAPTER 15.20 OF THE LAKE DALLAS MUNICIPAL CODE RELATIVE TO MOVING BUILDINGS.

The Planning and Zoning Commission would like to delete, add and change several sections of Chapter 15.20 of the Lake Dallas Municipal Code.

VIII. ADJOURNMENT.

Linwood Gilliland moved to adjourn the meeting. Mike Fahey seconded the motion and it carried unanimously. The meeting adjourned at 8:39 p.m.

I. ROLL CALL.

Chairman Sherrel James called the meeting to order at 7:30 P.M. and noted that all members were present.

II. PUBLIC HEARING: ORDINANCE AMENDING CHAPTER 18.16 OF THE LAKE DALLAS MUNICIPAL CODE BY REVISING THE ZONING REQUIREMENTS FOR TWO-FAMILY DWELLINGS IN THE R-2 DISTRICT BY REVISING SECTION 18.16.100.

Rod Courtney would like to know what changes the Planning and Zoning Commission are making.

Sherrel James replied that the minimum square footage is being increased from 900 square feet to 1200 square feet.

Gene Tisdale would like to know why the Planning and Zoning Commission wants to change the zoning requirements in this district.

Chairman Sherrel James replied that the particular area that the Planning and Zoning Commission is concerned with is in the Oak Lake Subdivision. We are trying to keep everything to conform with that area as to the square footage of the building and the outside masonry requirements.

Close Public Hearing.

III. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to approve the ordinance amending Chapter 18.16 of the Lake Dallas Municipal Code by revising the zoning requirements for two-family dwellings in the R-2 district by revising section 18.16.100. Mike Fahey seconded the motion and it carried unanimously.

IV. PUBLIC HEARING: ORDINANCE AMENDING CHAPTER 18.18 OF THE LAKE DALLAS MUNICIPAL CODE BY REVISING THE ZONING, LANDSCAPING AND PARKING REQUIREMENTS FOR APARTMENT COMPLEXES AND MULTIFAMILY HOMES IN THE R-3 DISTRICT BY REVISING SECTIONS 18.18.010, 18.18.020, 18.18.030, 18.18.040, 18.18.050, 18.18.060, 18.18.070, 18.18.080, 18.18.090, 18.18.100, 18.18.110, AND 18.18.120, AND ADDING NEW SECTIONS 18.18.130, 18.18.140, 18.18.150, 18.18.160, 18.18.170, 18.18.180, 18.18.190, AND 18.18.200; REVISING SECTION 18.38.030(A); REVISING SECTION 18.54.090(A), (B), AND (C).

City Attorney David Berman, went over the changes with the Planning and Zoning Commission and his understanding was the only changes are in Section 18.18.100 minimum dwelling size, nothing less than 900 square feet; 18.18.140 Handicapped and Elderly Access, all structures are to be in compliance with the American Disabilities Act and 18.18.190, assuring access for fire lanes. He told the Planning and Zoning Commission that they could approve it as is with these changes, the only difference is that the language would be a little more detailed.

Close Public Hearing.

V. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to accept the changes and approve the ordinance amending Chapter 18.18 of the Lake Dallas Municipal Code by revising the zoning, landscaping and parking requirements for apartment complexes and multifamily homes in the R-3 district by revising sections 18.18.010, 18.18.020, 18.18.030, 18.18.040, 18.18.050, 18.18.060, 18.18.070, 18.18.080, 18.18.090, 18.18.100, 18.18.110, and 18.18.120, and adding new sections 18.18.130, 18.18.140, 18.18.150, 18.18.160, 18.18.170, 18.18.180, 18.18.190 and 18.18.200; revising section 18.38.030(A); revising section 18.54.090(A), (B), (C). Linwood Gilliland seconded the motion and it carried unanimously.

VI. PUBLIC HEARING: CONSIDER REZONING OF BLOCK A, LOTS 2 AND 4 OF THE HANSEN ESTATES FROM R-1-4000 TO R-1-6000.

Gene Tisdale, owner of the property is against the rezoning. He thinks if someone wants the property, they need to buy it the same way he did. He said that rezoning the property would take the value away from the park. He said the residents are concerned that if the property is sold, where will that leave them. Where

would they go? He does not think the people of Lake Dallas want this rezoning.

Margaret Tisdale, 509 Howard. She also lives in a mobile home. She is against the rezoning. Is this government for the people or against the people? Is this just and fair government or is it unjust and fair?

Gail Barnhill lives at Howard Mobile Home Park. She is against the rezoning. Her mother-in-law is 77 years old. She has a small trailer and she would not be able to live in another trailer park. She can not afford to get a bigger trailer.

Alan Fletcher, 5504 Duchess, is against the rezoning. Mr. Fletcher and his wife lived there when they first got married. It enabled them to save money and buy a house. The trailer park is part of his father-in-laws retirement. He thinks it is extremely unfair for the city to go in and start changing things. If someone comes in next door and starts building a $300,000 house, then that is their acceptance to live next door to the trailer park.

Sherrel James stated that maybe he did not clarify himself when the meeting started. We are not the bad guys. When anybody, whether that be a city father or a resident of this city, brings before us any particular deal that they want changed, it is the committee's responsibility to look at it. It is not a done deal, that is the reason there is a public hearing, so anyone interested can have their say.

Carolyn Green, Lake Haven Estates, 201 N. Shady Shores, wanted to explain to everyone that when she said the Planning and Zoning Committee was the bad guys, that was not quite true. She said that recommendations are made to the Planning and Zoning Commission and they have to act on them and that is why they are having this public hearing. She said the Planning and Zoning Commission makes their recommendations to the city council and just because they recommend something does not mean the city council will pass it. The city council is elected by the people of the city. She lives in a mobile home and she understands that we are trying to uniform everything but she wants to know who asked the Planning and Zoning Commission to? One of the ladies who used to live at Lake Haven Estates moved to Howard Trailer Park because she could no longer afford to live at Lake Haven. What will she do if something happen to Howard Mobile Home Park? Are we going to have a homeless lady on the streets?

Bud Schoultz, 4721 White Chapel Rd, Roanoke, is against the rezoning of this property. His concern is the younger people and his two sons. He would like to leave the mobile home park for his sons future to do something with. He said we need to take care of our young people. What will happen to his park if he can't upgrade? He said he would set there for a hundred years and have the same units and each year the accessors will come out there and

say this park is not worth a darn. Let us grow and take care of the people that can't afford fancy homes.

Cody Jackson, Taloga Oklahoma, his in-laws own the trailer park. These are peoples homes that the city is messing with. He thinks that Lake Dallas is trying to keep up with Corinth, because they have a lot of homes going up and Lake Dallas doesn't have much land left for many more homes.

Ken Barnes, 527 Howard Dr. lives in a mobile home. He wants to know if someone made a complaint against the cemetery, does the city remove the cemetery?

Sherrel James replied that if anybody brought anything to the Planning and Zoning Commission to look at, it is the Planning and Zonings responsibility to look at it.

Ken Barnes, 527 Howard Dr., if the city council says okay, does he have to look for another plot for his father?

Sherrel James replied that the cemetery is altogether different and he doesn't think anyone will want to move a cemetery. Anybody in this city can make a request and it is the Planning and Zonings responsibility to look into it.

Bonnie Brown Garcia, 26 Lakewood, Hickory Creek, is here to speak on citizen's rights. She feels that zoning changes should be endorsed by the property owners and these owners do not want the zoning changed. She hopes we will respect the owner's rights.

Bobby Shikle, 712 Thompson Dr., the mobile home park is constantly upgraded, as a home owner, he is okay with it there.

Kristy Fletcher, 5505 Duchess, does not believe in what the city is trying to do.

Matt Flanagan replied that we are a community and this community is run by the citizens, the elected officials and by this committee that is appointed by the city officials. The city wants to take an overall picture of the City of Lake Dallas and see where we are headed and what needs to be fixed. We all have the right to voice our opinions.

Mayor Jerry McCutcheon agrees with what Matt Flanagan said. He said everybody has a right to their opinion and the person who asked us to look at rezoning these properties has the exact same right.

Harriet Hart, Lake Haven Estates wants to know if the entire zoning of this town is being evaluated or is it just this particular issue that surfaced.

Matt Flanagan replied that everything is being looked at from boundary to boundary and it probably started 2 1/2 to 3 years ago. We meet 3 to 4 hours once a month and we only have so much time to get so much done per year. The Planning and Zoning Commission about 5 or 6 years started a very small 5 year plan to get us looking at different things. The request on this area was done about 3 or 4 months ago.

Mike Schoultz, Roanoke, wants to know if the Planning and Zoning Commission vote against the rezoning, does the council have to take the recommendation.

Sherrel James replied no they do not, they can act independently.

Close Public Hearing.

VII. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to deny the rezoning of Block A, Lots 2 and 4 of the Hansen Estates from R-1-4000 to R-1-6000. Mike Fahey seconded the motion and it carried unanimously.

VIII. PUBLIC HEARING: CONSIDER REZONING OF BLOCK I, LAKEVIEW CAMP ADDITION FROM M-1 TO R-1-6000.

Linwood Gilliland talked to the owner of the property. They are happy with the change, they want to build a house on the property.

Close public hearing.

IX. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to approve the rezoning of Block I, Lakeview Camp Addition from M-1 to R-1-6000. Linwood Gilliland seconded the motion and it carried unanimously.

X. PUBLIC HEARING: CONSIDER REZONING LOTS 26, 27, 28, AND 29 OF THE J.V. THOMPSON SUBDIVISION FROM R-1-4000 TO R-1-6000.

Sherrel James stated that the Planning and Zoning Commission understands how everyone feels about these particular zoning changes that have been requested.

Lenora Schoultz, owner of the property, would like to add a couple of things for the City Council to think about. The mobile home park was built back in the 1940's. The Schoultz's bought it and spent a lot of hours working in the park and fixing it up. This mobile home park is going to be their retirement, and their kids inheritance. They put in underground utilities, enlarged all the spaces and put in larger mobile homes, all of this was done in

good faith, that they were making a good investment. They have been giving free rent to people who have no income. One woman has twice asked them to lower the rent, and both times they have done so. She feels that is what they have given back to the community. She has talked to the residents in that area of the town, and they do not want this zoning change. She does not want to stand here and watch this city rob her of her time and money that she has put in to this property, so she can have a retirement and this is a big part of her net worth that she intends to leave to her children.

Close public hearing.

XI. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to deny the rezoning of Lots 26, 27, 28, and 29 of the J.V. Thompson Subdivision from R-1-4000 to R-1-6000. Mike Fahey seconded the motion and it carried unanimously.

XII. PUBLIC HEARING: CONSIDER REZONING OF LOT 39 OF THE J.V. THOMPSON SUBDIVISION FROM R-1-4000 TO R-1-6000.

No public comment.

Close public hearing.

XIII. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to deny the rezoning of Lot 39 of the J.V. Thompson subdivision from R-1-4000 to R-1-6000. Linwood Gilliland seconded the motion and it carried unanimously.

XIV. PUBLIC HEARING: CONSIDER REZONING TRACT 54, ABSTRACT 1355 OF THE MARY WRIGHT SURVEY FROM R-3 TO R-1-6000.

Mrs. Tisdale said she contacted Mr. & Mrs. Enloe and they said they no longer own the property, that it now belongs to Baylor Hospital.

Close public hearing.

XV. ACTION FROM PUBLIC HEARING.

Linwood Gilliland moved to postpone any action until owners are notified. Chuck Dalton seconded the motion and it carried unanimously.

XVI. APPROVAL OF MINUTES.

Linwood Gilliland moved to approve the minutes from the meetings held in November. Mike Fahey seconded the motion and it carried unanimously.

XVII. CITIZENS AGENDA.

Gene Tisdale would like for the Planning and Zoning Commission to consider posting rezoning signs in front of the property being considered for rezoning.

David Shershen, would like to salute the Planning and Zoning Commission. He feels that the Planning and Zoning Committee have worked very hard over the last year. Any time you have change, it is difficult, change in Lake Dallas is beyond difficult, you got so many different mixed uses, so many different spot zoning, so many different variables going on, that it is difficult to maintain without upsetting one area for another area. On this particular night I was very proud and very honored and very happy, that the individuals of the Planning and Zoning Board represented the people of the City of Lake Dallas. You were open minded, you were fair, you were just, you stood your ground for your responsibilities number one and number two you took that responsibility and acted on what you felt was the best interest of the people of the city.

Mrs. Schoultz would like to recommend two different procedures in sending out letters to the owners of the properties and the neighbors of the property. She suggest writing the letters differently. She felt the letter was written inhumanely. She did not feel the letter explained anything, she feels it needs to be handled better.

Close Citizens Agenda.

XVIII. REPORT FROM COUNCIL LIAISON.

Council Liaison Matt Flanagan reported that the Park & Recreation Board just had a Christmas Bazaar and it turned out real well. Linwood Gilliland did a good job playing Santa Claus. The City Council went ahead and extended the building moratoriums in conjunction with the ordinances that the Planning and Zoning Commission looked at tonight. The City Council is still looking at the Jackson Ranch and Bud Archer situation.

XIX. OLD BUSINESS.

A. DISCUSSION REGARDING MOBILE HOMES AND MOBILE HOME PARKS.

Chairman Sherrel James recommended that the Planning and Zoning members walk through the mobile home parks in the city and see if there is any changes needed or anything that might need to be discussed.

XX. NEW BUSINESS.

Linwood Gilliland has a letter from the Police Chief concerning problems he is having with campers and travel trailers in the streets.

XXI. ADJOURNMENT.

Linwood Gilliland moved to adjourn the meeting. Mike Fahey seconded the motion and it carried unanimously. The meeting adjourned at 9:40 p.m.

LINWOOD GILLILAND
MATT FLANAGAN, COUNCIL LIAISON
BARBARA STARKEY, CITY SECRETARY

MEMBERS ABSENT:
KEVIN SPRAGGINS

I. ROLL CALL.

Vice Chairman Chuck Dalton called the meeting to order at 7:30 P.M. and noted that all members were present except Kevin Spraggins.

II. PUBLIC HEARING: CONSIDER REZONING OF SUNDOWN ACRES, LOTS 1, 2, AND 3 FROM R-3 TO R-1-10,000.

Laird Lind, 34 Lakewood Dr. owns lot #2 in Sundown Acres and is representing the owners of lots 1 and 3 by way of written authorization and they are all in favor of rezoning Sundown Acres.

Close Public Hearing.

III. ACTION FROM PUBLIC HEARING.

Sherrel James moved to approve the rezoning of Sundown Acres Lots 1, 2, and 3 from R-3 to R-1-10,000. Linwood Gilliland seconded the motion and it carried unanimously.

IV. PUBLIC HEARING: CONSIDER REZONING OF M.E.P. & P.R.R., SURVEY, TRACT 86, FROM R-3 AND R-1-7200 TO R-1-10,000; AND M.E.P. & P.R.R., SURVEY, TRACT 87, FROM R-1-7200 TO R-1-10,000.

Laird Lind, 34 Lakewood Dr. is in favor of the rezoning.

Close Public Hearing.

V. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to approve the rezoning of M.E.P. & P.R.R., Survey, Tract 86, from R-3 and R-1-7200 to R-1-10,000; and M.E.P. & P.R.R, Survey, Tract 87, from R-1-7200 to R-1-10,000. Sherrel James seconded the motion and it carried unanimously.

VI. PUBLIC HEARING: CONSIDER REZONING OF BLOCK K, LOTS 13, 14, AND 15 OF THE OAK LAKES SUBDIVISION FROM C-1 (RESTRICTED BUSINESS DISTRICT) TO C-3 (COMMERCIAL DISTRICT, SELLING OF ALCOHOLIC BEVERAGES).

Robert Hilliard owner of the store on the property feels he would not be able to compete with the new Overland Express convenience store at Swisher and I-35. He has been at this address for eighteen years and the Mayor at that time told him that he could sell alcohol, and after he bought the store he was told he could not. Now he feels that Overland Express will take some of his business since Overland Express is selling alcohol and he is not.

Mayor Pro-Tem Matt Flanagan was concerned about the closeness of the store to the primary school, the Chief looked up the recently enacted state laws and if the property is within 1000 feet, the owner of the establishment must send a letter of intent to the school and the school would then reply to the TABC. The city ordinance states that alcohol can not be sold within 300 feet of a school. He said Bob Willis and the Chief measured it and it is just about 300 feet.

Close Public Hearing.

VII. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to deny the rezoning of Block K, Lots 13, 14, and 15 of the Oak Lakes Subdivision from C-1 (Restricted Business District) To C-3 (Commercial District, selling of alcoholic beverages). Chuck Dalton seconded the motion and it carried unanimously.

VIII. ELECTION OF NEW CHAIRMAN - ACTION.

Linwood Gilliland moved to approve Sherrel James as the new Chairman of the Planning and Zoning Commission. Mike Fahey seconded the motion and it carried unanimously.

IX. APPROVAL OF MINUTES.

Mike Fahey moved to approve the minutes of the meeting held on October 5, 1995. Linwood Gilliland seconded the motion and it carried unanimously.

X. CITIZENS AGENDA.

No Comment.

XI. REPORT FROM COUNCIL LIAISON.

Councilman Matt Flanagan reported that the pig ordinance was denied.

XII. DISCUSSION REGARDING MOBILE HOMES AND MOBILE HOME PARKS.

The Planning and Zoning Commission would like to change and delete several sections from the mobile home and mobile home park ordinances. They scheduled a workshop for Wednesday, November 15th, to discuss it further.

XIII. OLD BUSINESS.

A. DISCUSSION REGARDING POSSIBLE REZONING OF SEVERAL TRACTS OF LAND WITHIN THE CITY LIMITS.

The Planning and Zoning Commission reviewed the current zoning map for the City. They discussed possible public hearings for December in regard to rezoning several tracts of land.

B. DISCUSSION IN REFERENCE TO REVISION OF DUPLEX ORDINANCES.

The Planning and Zoning reviewed the revision of the duplex ordinances and would like to see the revision as an action item for the December meeting.

C. DISCUSSION IN REFERENCE TO REVISION OF APARTMENT ORDINANCES.

The Planning and Zoning Commission would like to change or add a few items in the revision of the apartment ordinances that the City Attorney presented. The Planning and Zoning Commission would like to have the new revision of the apartment ordinances as an action item for the December meeting.

Chairman Bruce Cox called the meeting to order at 7:36 P.M. and noted that all members were present except Vice Chairman Chuck Dalton.

II. PUBLIC HEARING: CONSIDER A PLAT OF 6.675 ACRES IN THE J.W. SIMMONS SURVEY, A-1163.

Kent Mobley with G & A Consultants representing International Compliance Corporation informed the P & Z Commission that the property had never been plated.

Close Public Hearing.

III. ACTION FROM PUBLIC HEARING.

Sherrel James moved to approve the plat for 6.675 acres in the J.W. Simmons Survey, A-1163. Mike Fahey seconded the motion and it carried unanimously.

IV. PUBLIC HEARING: CONSIDER AN AMENDMENT TO CHAPTER 18, SECTION 18.12.050(B), AND SECTION 18.11.050(B), AND CHAPTER 6, SECTION 6.44.030(B) OF THE LAKE DALLAS MUNICIPAL CODE, RELATIVE TO SWINE.

Councilwoman Thanna Bounds would like to know the definition of a pot bellied pig, is it a swine or some other kind of animal?

Chairman Bruce Cox replied that they had went over that and had come to the conclusion that is was a swine no matter what kind of pig it was.

Councilman Matt Flanagan reported that according to the local veterinarian, it was a swine.

Linwood Gilliland wanted to know that if the pig is suppose to weigh only 100 pounds and it gets bigger, then what are you suppose to do with it?

Councilman Matt Flanagan said basically what it comes down to is that when it is time for the annual inspection and it weighs 120 pounds the city has to tell them to get rid of it. The city does that with vicious animals but not with someone's dog who might weigh 160 pounds, so it can be real emotional to tell a child or anybody that they have to get rid of their pet or have it put to sleep.

Matt Flanagan also said that as a citizen he agrees with the ordinance we have right now. Swine are not domestic animals. They tear through concrete and fences.

Close Public Hearing.

V. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to deny amending Chapter 18, Section 18.12.050(B), and Section 18.11.050(B) and Chapter 6, Section 6.44.030(B) of the Lake Dallas Municipal Code. Sherrel James seconded the motion and it carried unaniamously.

VI. APPROVAL OF MINUTES.

Sherrel James moved to approve the minutes of the meeting held on September 7, 1995. Mike Fahey seconded the motion and it carried unanimously.

Sherrel James moved to approve the minutes of the workshop held on September 13, 1995. Mike Fahey seconded the motion and it carried unanimously.

VII. CITIZENS AGENDA.

Linwood Gilliland reported that he thought the Planning and Zoning Commission were doing a fine job.

Close Citizens Agenda.

VIII. REPORT FROM COUNCIL LIAISON.

Matt Flanagan reported that the City Council had approved the budget. There was a 3% increase in taxes due to the soccer field. A couple of lawsuits are still pending. The 5 year plan was trimmed back and only two streets are to be re-paved this year. The City Council has an Executive Session next Tuesday regarding lawsuits and the Chief has a new car.

IX. OLD BUSINESS.

A. CONSIDER ADOPTION OF BUILDING VALUATION DATA AND CURRENT UNIFORM BUILDING CODE TO BE USED TO FIGURE BUILDING PERMIT FEES - ACTION.

The Planning and Zoning Commission would like to use both the most current Building Valuation Data and the most current Uniform Building Code, charging whichever of the two has the higher amount. The Building Valuation Data is from the ICBO Standards Magazine and is charged by square foot. The Uniform Building Code is charged per valuation of construction. Each fiscal year, the Code Enforcement Officer needs to review and see if the fees are still appropriate and current, or if there is a need to increase the fees due to the cost of doing business.

Mike Fahey moved to approve the building permit fees using both the most current Building Valuation Data and the most current Uniform Building Code, charging whichever of the two has the higher amount. Kevin Spraggins seconded the motion and it carried unanimously.

B. DISCUSS POSSIBLE REZONING OF SEVERAL TRACTS OF LAND WITHIN THE CITY LIMITS.

Sherrel James recommened that the Planning and Zoning Commission wait until November to discuss the possible rezoning, so that members of the Planning and Zoning Commission can drive by and take a look at some of the property, before deciding on any possible rezoning.

X. NEW BUSINESS.

Sherrel James suggested that the Planning and Zoning Commission recommend to the City Council that they change the ordinance, so that the Planning and Zoning Commission can have some alternates.

Chairman Bruce Cox resigned from the Planning and Zoning Commission. He has enjoyed being on the Planning and Zoning Commission but he feels it would be in the best interest of the city to get someone who can be at every meeting. He would however, like to be an alternate.

The Planning and Zoning Commission would like to add the City of Lewisville's handicap parking to the revision of the ordinances from the September Workshop on apartments.

The Planning and Zoning Commission would like to see Linwood Gilliland as the new member of the Planning and Zoning Commission.

Vice-Chairman Chuck Dalton called the meeting to order at 7:40 P.M. and noted that all members were present except Chairman Bruce Cox.

II. PUBLIC HEARING: CONSIDER A PLAT FOR 1.262 ACRES IN THE H.H. SWISHER SURVEY, A-1220, AND TO CONSIDER A REPLAT OF BLOCK K, LOTS 23 & 24 OF THE OAK LAKES SUBDIVISION, TO BLOCK A, LOTS 1, 2, 3, 4, 5, AND 6 OF THE BIRDSONG ADDITION.

The following people stood up to speak regarding their concerns on the replating of Block K, Lots 23 & 24 of the Oak Lakes Subdivision and the false information that had been either posted on their doors or put in their mailbox:

Dan Powell, 206 Hillcrest wanted to know if this is the same plat that has been on record since 1962, and to know why it was called Birdsong Addition and was not part of the Oak Lakes Subdivision. He also wanted to know if the Birdsong Addition has the same requirements as the Oak Lake Subdivision.

Judy Amstetz, Owner of Property said she was only replating the property to help Tom Pralle get two more inches on his property and because two of the lots were undersized. She also wanted to let the people know the reason the addition was called Birdsong was because she and her partner have different last names and that there were birds on the property, so that is where Birdsong came from.

Bill Harper, 509 Oaklake commented that the main reason he is here tonight was because he received a notice in his mailbox from the city and on the bottom of the notice was written that this property is a proposed low rent apartment complex at the corner of Ridgeway and Hillcrest.

Chris, 212 Hillcrest wanted to know why the lots couldn't be the same square footage as his 10,000 square foot lot in the Oak Lake Subdivision. He recommends making the lot the same square footage as his.

Jan Nourse, 211 Penbrook is interested in the property facing Swisher, she wants to know if that property is zoned multi-family. She wants to propose re-zoning it single-family.

Marvin Chishum, 204 Hillcrest wanted to know if the back lots on Ridgewood are zoned multi-family. He also had a letter from the city. He wanted to know if anyone else had received a letter.

Libby Harper, 509 Oaklake is new to the city and just wanted to know who we are.

Kelly Rader, 522 Ridgewood wanted to know since Ms. Amstetz wasn't planning on building anything on the property if they could beautify the property since it is the entrance to Oak Lake Subdivision.

Jamie Bustemonte, just moved to Lake Dallas and wants to know how many units could be on each lot of this property.

Ray Chaney, 526 Oak Lake wants to know exactly how we are making the lots bigger and if this property has the same requirements as the ones in the Oak Lake Subdivision.

Jack Court, 517 Ridgewood just moved here a week ago, and commented that duplexes and apartments are what he moved away from and he doesn't want any near him.

Councilman Matt Flanagan and Vice Chairman Chuck Dalton replied that they understood the concerns of the people from Oak Lake, but this was not a re-zoning, that the owner was just wanting to replat the property. Councilman Matt Flanagan told the people that yes, the property could still be re-zoned but it would be up to the owner and the people of Lake Dallas to start the process. Chuck Dalton told them the Birdsong Addition had to have all the requirements that a 7200 square foot district has to have.

Close Public Hearing.

III. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to approve the plat for 1.262 Acres in the H.H. Swisher Survey, A-1220, and to approve the replat of Block K, Lots 23 & 24 of the Oak Lakes Subdivision, to Block A, Lots 1, 2, 3, 4, 5, and 6 of the Birdsong Addition. Kevin Spraggins seconded the motion and it carried unanimously.

Sherrel James moved for a short recess. Chuck Dalton seconded the motion and it carried unanimously.

IV. APPROVAL OF MINUTES.

Mike Fahey moved to approve the minutes of the meeting held July 6, 1995, adding to Section VII. The commission is working on a possible revision of Section 18.54.030 based upon Addisons 4-H Clause. Kevin Spraggins seconded the motion and it carried unanimously.

Sherryl James moved to approve the minutes of the meeting held August 3, 1995. Mike Fahey seconded the motion and it carried unanimously.

V. CITIZEN'S AGENDA.

Dennis Morales, Flamingo Homes, presented the Planning and Zoning Commission an engineer report on inadequate drainage that he had done concerning two lots on Oakcrest and two lots on Ridgewood in the Oaklakes Subdivision.

Chuck Dalton said he would get with Matt Flanagan and check into the drainage problem and get back with Mr. Morales.

Rhonda Goodwin, 532 Ridgewood is still concerned about flooding problems around their house. Bob Willis is looking into it.

Chuck Dalton said the P & Z would recommend to the City Council to get a Hydrology Report for that subdivision.

Terry McKook, 509 Ridgewood presented an engineer report from Noakes Engineering Co., Inc. regarding drainage on her property.

Bob Willis and Johnny Webber are looking into the drainage problems in that area.

Close Citizens Agenda.

VI. REPORT FROM COUNCIL LIAISON.

Matt Flanagan said that the City of Lake Dallas was possibly looking at a couple of lawsuits. The City Council is in the Budget process as he speaks. They have an Executive Session coming up next Thursday to speak about possible litigation with an ex-employee. Another lawsuit pending has to do with Bud Archer.

VII. OLD BUSINESS.

A. DISCUSSION ON REVISION OF APARTMENT ORDINANCES-ACTION.

Chuck Dalton moved to have a workshop Wednesday August 13, on revision of apartment ordinances. Mike Fahey seconded the motion and it carried unanimously.

B. DISCUSSION ON BUILDING PERMIT FEES.

Need to take action and approve building permit fees. Adopt Building Valuation Data and use most recent addition of Uniform Building Code and then charge whichever of the two has the higher amount.

Close Old Business.

VIII. NEW BUSINESS.

Kelly D'Amato reported Councilman Garry Bills would like for the P & Z to look at re-zoning several areas within the city limits.

I. ROLL CALL.

Chairman Bruce Cox called the meeting to order at 7:30 P.M. and noted that all members were present.

II. PUBLIC HEARING: CONSIDER A PLAT FOR 0.66 ACRES IN THE H. H. SWISHER SURVEY.

No Public Comment.

Close Public Hearing.

III. ACTION FROM PUBLIC HEARING.

The Planning and Zoning Commission had several questions about the size and width of the lots.

Tom Pralle reported that he was not told that the lots in a R-1-7200 zoning district were required to be seventy feet wide. He will apply for a variance on the lots if the plat is approved.

Bruce Cox asked Mr. Pralle if his intention was to put duplexes on lot 22A and 22B.

Tom Pralle replied that the lots facing Swisher would be duplexes and the lots facing Hillcrest will be single family homes.

Chuck Dalton moved to approve the plat for 0.66 acres in the H. H. Swisher Survey. Sherrel James seconded the motion and it carried unanimously.

IV. APPROVAL OF MINUTES.

Minutes of the meeting in July were not available.

V. CITIZENS AGENDA.

Harriet Hart, Sargent St., concerned about the possibility of someone building on the two acre lot at Main, Betchan and Sargent. The property is currently zone M-1. She has heard that someone is requesting to build an auto repair shop on the lot. She does not feel this would be good for the area, which is mostly residential.

Barry Knight, representing the owners of the Jackson Ranch feels that they were not properly notified about the zoning change that is on the agenda tonight. If the zoning change is passed his client stands to loose approximately two million dollars. Mr. Knight stated that he feels that the public hearing from March 2, 1995 was never closed.

Matt Flanagan, reported that the public hearing was closed and that the action was tabled in regard to the Jackson Ranch.

Art Anderson, attorney representing Bud Archer feels that the public hearing held on March 2, 1995 was never closed and that they were not properly notified of the zoning change for his client's property that appears on tonight's agenda. He would like the Planning and Zoning Commission to know that his client is strongly against the proposed zoning change on his property.

Close Citizens Agenda.

VI. REPORT FROM CITY COUNCIL LIAISON.

Matt Flanagan reports that the City Council is working on the proposed 1995-1996 budget. The City Council would like to meet with the Planning and Zoning Commission in regard to the five year plan. The city is still working on trying to obtain county help with the Shady Shores Road project.

VII. OLD BUSINESS.

A. DISCUSSION ON REVISION OF APARTMENT ORDINANCES.

Chuck Dalton is in the process of obtaining copies of apartment ordinances from other cities. The Commission will continue their discussion in September.

B. DISCUSSION ON BUILDING PERMIT FEES.

The Planning and Zoning Commission table any discussion until the September meeting.

C. CONSIDER REZONING OF H. H. SWISHER, TRACT 3, AND M.E.P. & P.R.R. SURVEY, TRACT 71 AND TRACT 62 TO R-1-10,000-ACTION.

Mike Fahey moved to approve the zoning change of H. H. Swisher, Tract 3, to R-1-10,000. Chuck Dalton seconded the motion and it carried, with Sherrel James against.

Mike Fahey moved to approve the zoning change of M.E.P. & P.R.R. Survey, Tract 71 and Tract 62, to R-1-10,000. Chuck Dalton seconded the motion and it carried, with Sherrel James against.

I. ROLL CALL.

Vice-Chairman Chuck Dalton called the meeting to order at 7:30 P.M. and noted that all members were present, except Chairman Bruce Cox and Sherrel James.

II. PUBLIC HEARING: ZONING CHANGE OF TRACT 4, OF THE J. W. SIMMONS SURVEY, A-1163, FROM C-2 TO C-3 (BEER/WINE SALES).

Mike Conway with Overland Express would like to build a convenience store on Tract 4, of the J. W. Simmons Survey, A-1163 which is located at I-35 and Swisher Road. His primary business is to sale gasoline, but in order to compete in Lake Dallas his store would have to also sell beer and wine. The store will also include an Arby's Express.

Chuck Dalton, concerned about the increase traffic flow in the area and the truck traffic. Will Overland Express be a truck stop?

Mike Conway, replies that Overland Express will not operate as a truck stop, and will not sell diesel fuel. He will work with the city and the state to help control the traffic.

Bobby Shikle feels that the convenience store will be good for the city.

Close Public Hearing.

III. ACTION FROM PUBLIC HEARING.

Chuck Dalton moved to approve the zoning change of Tract 4, of

the J. W. Simmons Survey, A-1163, from C-2 to C-3. Mike Fahey seconded the motion and it carried unanimously.

IV. PUBLIC HEARING: REPLAT OF A SECTION OF LOT 20 INTO LOT 3, BLOCK H, OF THE OAK LAKE SUBDIVISION.

Dennis Morales reports that the replat is requested in order to square off the lots in question.

Close Public Hearing.

V. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to approve the replat of a section of Lot 20 into Lot 3, Block H, of the Oak Lake Subdivision. Kevin Spraggins seconded the motion and it carried unanimously.

VI. PUBLIC HEARING: AN ORDINANCE AMENDING SECTION 18.54.030 OF CHAPTER 18.54 OF THE LAKE DALLAS MUNICIPAL CODE; PROVIDING FOR SCREENING REQUIREMENTS FOR MULTI-LEVEL STRUCTURES ADJACENT TO RESIDENTIAL DISTRICTS; PROVIDING A SEVERABILITY CLAUSE; AND PROVIDING AN EFFECTIVE DATE.

Bobby Shikle, 712 Thompson, is this the same ordinance that was written when Mike McCary was here?

Chuck Dalton, the ordinance is the preliminary one that Mike McCary wrote, and then it was turned over to the City Attorney for his review. The City Attorney then presented a final copy of a rewrite of the preliminary ordinance to the City Council for their review. At which time the City Council realized that the Planning and Zoning Commission had not voted on the final ordinance drafted by the City Attorney, so it was sent back to the Planning and Zoning Commission for their review. After reviewing the ordinance drafted by the City Attorney, the Planning and Zoning Commission felt that Section 18.54.060 of the Lake Dallas Municipal Code currently provides for the protection of residential properties next to multifamily dwellings. Chuck Dalton is not sure as to why the ordinance was not enforced at the time the multifamily dwellings were built. He also has a question as to whether any ordinance amendment would apply to existing structures.

Bobby Shikle, reports that Mike McCary had told him that many of the balconies could be condemned and then they would have to be brought to current standards.

David Shershen, comments that the city is trying to resolve two issues, one issue is the privacy of an individual residence adjacent to multifamily dwellings and the other issue is trying to prevent someone from throwing trash on another person's residence. The problem the City Council had with the ordinance was the fact that you were looking at twenty to thirty foot fences, which would not be practical. The council has looked at options that the Planning and Zoning Commission has presented as to building fences

that would allow for privacy but, would that fence also prohibit someone from throwing trash from one residence to another? The privacy issue could be addressed with fences or some type of screening, but being able to prohibit people from trashing other peoples yards, this problem could be a law enforcement or code enforcement issue.

Chuck Dalton, suggest that the Planning and Zoning Commission rewrite section 18.54.030 of the Lake Dallas Municipal Code.

Close Public Hearing.

VII. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to deny the presented ordinance amending Section 18.54.030 of Chapter 18.54 of the Lake Dallas Municipal Code, and to review section 18.54.030 for possible rewrite. Kevin Spraggins seconded the motion and it carried unanimously.

VIII. APPROVAL OF MINUTES.

Chuck Dalton moved to approve the minutes of the meetings held in June, 1995. Mike Fahey seconded the motion and it carried unanimously.

IX. CITIZENS AGENDA.

Rhonda Goodwin & Tom McKinney, 532 Ridgewood, presented the Planning and Zoning Commission pictures of flooding problems around their house when it rains. They request that the city look into the drainage problems around their house at Ridgewood and Addison.

Bob Willis the Code Enforcement Officer will look into the drainage problems.

David Shershen, 166 Kingswood, expressed his appreciation to the Commission for all their hard work.

Bobby Shikle, 712 Thompson, thanked the Commission for all the work they have done toward trying to solve his problem.

X. REPORT FROM CITY COUNCIL LIAISON.

Garry Bills reports that the City Council is working on revising the potbellied pig ordinance. The Council is also working on the proposed 1995-1996 budget. Carolyn Green is working on gathering information from the State of Texas on the Beautification Program. The City Council is working on an amendment to Chapter 2.08, Aldermen, of the Lake Dallas Municipal Code, creating a place system for election of council members.

XI. OLD BUSINESS.

A. DISCUSSION ON REVISION OF APARTMENT ORDINANCES.

III. CITIZEN'S AGENDA.

Carolyn Green gave information and inquired about a "Keep Texas Beautiful" program.

IV. REPORT FROM COUNCIL LIAISON.

Linwood Gilliland informed the Planning and Zoning Commission that a party is interested in having a convenience store at the corner of Swisher and I-35, and would like to have it zoned to sell alcohol.

Bruce Cox asked that the committee members drive by and form their own opinion. The issue of damage to city streets due to traffic from heavy equipment and trucks was discussed. Mr. Cox ask that research on ordinances that pertain to legal load limits be done.

V. OLD BUSINESS.

A. DISCUSSION IN REGARD TO A BEAUTIFICATION PROGRAM.

Citizens and the Park Board have tried to get a program started before. Did not have continuous efforts. Recommendations to be considered are: Awards, picture/plaque, adopt a spot, type of plants, Yard of the Month, start with small projects. Mrs. Green will adopt the island off Shady Shores and Mr. Bruce Cox agreed to donate plants for this project. There was discussion about the possibility of a Beautification Board, citizen involvement, and some type name plaque at site. A bond from the State of Texas could be obtained for a fee of $ 250.00. Grants and prizes are given by the State of Texas for continuous use of this program.

B. DISCUSSION ON COMMERCIAL PARKING LOTS.

Discussion was held on repairing commercial parking lots and what type of surface could be used. Bob Willis presented information and the possibility of re-writing the Surface Ordinance (Lake Dallas Municipal Code, Chapter 18.38.080, Section B).

VI. NEW BUSINESS.

A. BUILDING PERMIT FEES-ACTION.

Building permit fees should include a 10% fee for the Park Board. The Planning & Zoning Commission discussed building permit fees based on valuation data (Uniform Building Code, Chapter 15-blue book), verses square footage. Code Enforcement Officer Bob Willis was asked to keep the Planning & Zoning Commission and the City Council informed of all changes and updates.

Sherrel James moved to table any action regarding building permit fees. Chuck Dalton seconded the motion and it carried unanimously.

B. PRE PLAT APPROVAL REQUIREMENTS-ACTION.

The board was asked to consider the possibility of aerial photos for plats. Photographs or videos were also discussed. It was mentioned that a tree survey would be helpful. Mr. Willis was asked to invite the County Extension Agent to attend the P & Z meeting in June for a workshop. It was also noted that the City Council should be informed of all changes and updates from the Code Enforcement Officer.

Chuck Dalton moved to table any pre plat approval requirements. Sherrel James seconded the motion and it carried unanimously.

C. REVISION OF APARTMENT ORDINANCES-ACTION.

The P & Z members have several questions regarding restrictions and zoning for apartments. They will continue researching these issues.

Sherrel James moved to table any revisions until after a workshop. Chuck Dalton seconded the motion and it carried unanimously.

D. ELECTION OF VICE-CHAIRMAN.

Sherrel James moved to nominate Chuck Dalton for the position of Vice-Chairman. Mike Fahey seconded the motion and it carried unanimously.

VII. ADJOURNMENT.

Sherrel James moved to adjourn the meeting. Chuck Dalton seconded the motion and it carried unanimously. The meeting was adjourned at 10:10 P.M.

II. WORKSHOP WITH THE CITY COUNCIL.
DISCUSSION WITH BUD ARCHER AND KIM JACKSON IN REGARD TO REZONING H.H. SWISHER SURVEY, TRACT 3, AND M.E.P. & P.R.R. SURVEY, TRACT 71 AND TRACT 62, TO R1-10,000.

A discussion on why the city would like to rezone the H.H. Swisher Survey, Tract 3, and M.E.P. & P.R.R. Survey, Tract 71 and Tract 62 from R-3 to R1-10,000.

Linwood Gilliland states some reasons for the change, limited utilities, street conditions, and strain on city services that the increased population from apartments would create over single family home population.

Garry Bill, as with the Thousand Oaks development the city would like to continue with development of larger home sites and small estates to improve the image of Lake Dallas. With our current apartment population a large amount of our resources from

the police department are spent patrolling these areas.

Bruce Martin, would look to upgrade the city with the limited amount of land left in the city.

Mike Fahey, concerned with the possibility of section eight, governmental housing moving in.

Matt Flanagan stated that the zoning change is not meant to discriminate against any sector of the population. At the time the Planning and Zoning Commission and the City Council completed a five year plan for the city, they did not see the need for any more apartment complexes. With the larger lots and homes that would be created by the zoning change it would allow current residents to upgrade their homes with out leaving our city.

Bruce Cox, main trust of the change was to improvement and upgrading the city with single family homes, with less impact on our city services and schools.

Chuck Dalton, location of the properties may not be in the best interest of the surrounding areas.

Bud Archer, bought the property with R-3 zoning and worried about price drop in land if zoning changed to R-1. He estimates that he would lose a million dollars if the rezoning to single family were to occur. He has talked with Lake Cities Utilities and they tell him their services are adequate to service apartments. If the land was developed for apartments there would be 19 units per acre, at a population of approximately 570 per unit. He feels that Carlisle and Main Street will handle any traffic created by the development of apartments.

Art Anderson, attorney for Bud Archer, this tract of land is adjacent to apartments, commercial lots, and smaller single family lots. What is the change in condition to allow the city to change the zoning.

Clyde Fisher, owns property adjacent to Bud Archer's property (M.E.P. & P.R.R. Survey, Tract 71 & 62) in favor of the zoning change, and plans to build a home on his lot.

Laird Lint, owns property that fronts Carlisle and in favor of the new zoning, and plans to build a large home on the land.

Sherrel James, will Mr. Archer manage the property if built with apartments, and has he done a traffic study?

Bud Archer, he does not plan to build or manage any apartments built on the property and has not done a traffic study.

Barry Knight representing Charles Jackson owners of the Jackson Ranch property, feels the location of the property at Int. 35 and Swisher is a good location for apartments. He has heard of

possible widening of Swisher Road. The tax base created from apartments would benefit the city. The Jackson family will not develop the property, but has had others inquire about the property. If the property is rezoned to single family his client stands to sustain a substantial lose.

Matt Flanagan, the city will not widen Swisher Road, there is currently a school and several businesses along Swisher Road with no room for widening. Part of the Jackson Ranch property is in Corinth, what is this currently zoned?

Barry Knight, the land in Corinth is currently zoned single family.

III. APPROVAL OF MINUTES.

Sherrel James moved to approve the minutes of the meeting held on March 2, 1995. Mike Fahey seconded the motion and it carried unanimously.

IV. CITIZEN'S AGENDA.

No Comment.

V. REPORT FROM CITY COUNCIL LIAISON.

Linwood Gilliland informed the Planning and Zoning Commission that the City Council has authorized Reynolds Asphalt to proceed with the repair of Prince Drive including the recommended french drain. On March 27th the council appointed Barbara Starkey to the position of City Secretary, and they are accepting applications for a Code Enforcement/Building Inspector and an Administrative Assistant. The City Council would like to thank the Planning and Zoning Commission for the job they are doing. The City Council is in the process of finding out a more exact amount of money it will take to purchase the Vanderholf property before bidding on the property, and how the city is going to finance the property.

I. ROLL CALL.

Chairman Bruce Cox called the meeting to order at 7:33 P.M. and noted that all members were present except Vice-Chairwoman Aldena Gregory.

II. PUBLIC HEARING: REZONING OF T. WHITE TRACT 1-A, H.H. SWISHER, TRACT 3, N. FRENCH, TRACT 21, AND M.E.P. & P.R.R., SURVEY, TRACT 71 AND TRACT 62, TO R1-10,000.

Letitia deBurgos, Kingswood Lot 46 & 47, reference N. French, Tract 3, concerned about drainage problems from the creek that could arise from development of this tract of land. Also the water has caused problems with pot holes in the street. Wanted to let the public know that years ago when residents of Kingswood moved out they dumped any belongings the did not want on this land, which created a hugh junk pile. What is the point of access to this property? Charles Dalton, no one has come forward at this time with a proposal for development of the land, any drainage problems would be addressed at the time of development. Bruce Cox, there is no plan at this time, the commission is trying to develop larger lots and homes to upgrade the city. Linwood Gilliland, developers would have to provide a contour map showing how they are going to take care of water distribution in this area. The City Council is aware of the street problems and the need for repairs, and is in the process of working on budgeting funds for these repairs.

Norma McAlvey, reference N. French, Tract 3, concerned about possible flooding if this tract of land is developed. Mike McCary offered for the residents to come in and look at the flood map for the city.

Ronnie Key, reference N. French, Tract 3, would like to know what the current zoning is and who is requesting the zoning change. Has accessed to the property been looked at? Mike Fahey, current zoning is R1-7,200, proposed change to R1-10,000, for larger lots and homes in this area. Bruce Cox, the city is proposing the zoning change. There are road beds now and if they need to be widened or improved the developer would have to address this, which would help the city with the cost of these roads.

Barry Knight, attorney representing Hills on the Lake Partnership, why is the city proposing the change and how is the property surrounding the requested zoning change tracts of land currently zoned. Bruce Cox, the city is trying to built some larger homes to increase tax base. Mike Fahey, with the proposed change the city would have larger homes and lots with increasing tax base with fewer residents with less impact on the streets and services. Bruce Cox, this is a new zoning for Lake Dallas. Linwood Gilliland, residents would be able to upgrade their life style and remain in Lake Dallas.

Kim Jackson, referenced H.H. Swisher, Tract 3, is opposed to the proposed zoning change, because of decrease in property value if changed. She has no plans for this property at this time.

Bobby Shikle, referenced M.E.P. & P.R.R. Survey, Tract 71 and Tract 62, would like the property rezoned to residential lots but smaller lots.

Barry Knight, representing Hills on the Lake Partnership, the current owner purchased the property with the current zoning for apartments. The change would lower current property values. If the property is rezoned his client would lose over one million dollars. He would request no action be taken tonight, but a meeting be planned for further discussion and review of proposed plans. Linwood Gilliland, the property was original zoned single family homes, and was changed many years ago for a proposed retirement and nursing home. The property was never intended to be used for apartments.

Bub Archer, referenced M.E.P. & P.R.R. Survey, Tract 71 and Tract 62, would like to know why the city is requesting a zoning change, and would like to meet with the city for further discussion. The property was zoned for apartments when he purchased the property and request a workshop before a decision is made. Linwood Gilliland, the city is trying to limited the number of people in the city in order to limit traffic and strain on services that would occur if apartments were built.

James Stanford concerned about the condition of the property and promises made from possible apartment owners. Current apartment owners have made promises in past that have not been followed through on. There is also a concern with drainage problems. Bruce Cox, these problems will be addressed when a

developer brings plans to the city.

III. ACTION FROM PUBLIC HEARING.

Mike Fahey moved to approve rezoning T. White, Tract 1-A, and N. French, Tract 21 to R1-10,000 and table rezoning H.H. Swisher, Tract 3, and M.E.P. & P.R.R., Survey, Tract 71 and Tract 62. Sherrel James seconded the motion and it carried unanimously.

IV. PUBIC HEARING: REZONING LAKE DALLAS MUNICIPAL CODE, CHAPTER 18.44, NEWLY ANNEXED AREAS, TO R1-10,000.

No Public Comment.

V. ACTION FROM PUBLIC HEARING.

Sherrel James moved to approve rezoning Lake Dallas Municipal Code, Chapter 18.44, Newly Annexed Areas, to R1-10,000. Mike Fahey seconded the motion and it carried unanimously

VI. PUBLIC HEARING: REQUIRING SIX FOOT PRIVACY FENCES AROUND BALCONIES OF TWO STORY STRUCTURES OF NEW AND EXISTING RESIDENCES.

Bobby Shikle, when apartments behind him were original built the owners made several promises that were never kept. Currently, he has a problem with several apartment residents throwing things from their balconies into his back yard and would request the Planning and Zoning Commission pass a zoning change.

Mike McCary, on 10-15-94, drafted an ordinance with David Berman's assistance. Ordinance 18.18.130, Privacy of Adjacent Property: In district R-3, all multi-level structures adjacent to a different zoning district, or a property allowed a non-conforming use, shall restrict any visual or physical access of adjacent properties that is deemed by the building inspector to infringe on the privacy of such property's residents. This shall include a direct view from an upper level patio, terrace, or deck of any kind.

VII. ACTION FROM PUBLIC HEARING.

Sherrel James moved to adopt ordinance 18.18.130 as an amendment to Section 18 of the Lake Dallas Municipal Code. Mike Fahey seconded the motion and it carried unanimously.

VIII. APPROVAL OF MINUTES.

Mike Fahey moved to approve the minutes of the meeting held on February 2, 1995. Sherrel James seconded the motion and it carried unanimously.

IX. CITIZEN'S AGENDA.

No Comment.

X. REPORT FROM CITY COUNCIL LIAISON.

Linwood Gilliland informed the Planning and Zoning Commission that the City Council had a meeting with the Board of Adjustment, with the city attorney present. The Board of Adjustment was informed that they are governed by the Texas Government Code. The contractor for Prince Drive informed the city that a french drain would be required to correct the problems on Prince Drive. The city engineer is somewhat committed to the french drain, but will not commit as to whether the street could be repaired with only stabilization or is the french drain really necessary. The cost for the Shady Shores bridge project has gone way above the financial means of the city. The city is going to attempt to obtain financial help from the county and the Corps of Engineers.

II. PUBLIC HEARING

THE PUBLIC HEARING WAS OPENED TO AMEND SEVERAL ORDINANCES. THE ORDIANANCES ARE AS FOLLOWS:

A. 18.12.050 IN REFERENCE TO LIVESTOCK PER ACREAGE. THE PLANNING AND ZONING COMMISSION WOULD LIKE THE ORDINANCE TO READ AS FOLLOWS: 2.25 ACRES UNIMPEDED i.e., NO CROSS FENCE ACROSS ACREAGE OR NO CLOSED GATE PER ANIMAL.

B. 18.020.030 IN DISTRICT C-1 THE HEIGHT OF BUILDINGS.

C. 18.22.080 IS HEREBY REPEALED.

D. 18.42.110(B) IS HEREBY REPEALED.

E. 18.42.130 MINIMUM DWELLING SIZE.

ALDENA GREGORY MADE A MOTION TO CLOSE THE PUBLIC HEARING, MIKE FAHEY SECONDED IT, THE PUBLIC HEARING CLOSED AT 8:04 P.M

III. ACTION FROM PUBLIC HEARING

MIKE FAHEY MADE A MOTION TO RECOMMEND TO THE CITY COUNCIL TO APPROVE TH AMENDMENT AS STATED ABOVE, BOB

GEISINGER SECONDED THE MOTION AND IT CARRIED UNANIMOUSLY.

IV. CITIZEN AGENDA

NO COMMENT.

V. MINUTES

IT WAS MOVED BY BOB GEISINGER, SECONDED BY MIKE FAHEY AND CARRIED UNANIMOUSLY TO APPROVE THE MINUTES FROM THE OCTOBER 7, 1993 MEETING.

VI. REPORT FROM CITY COUNCIL LIAISON

LIAISON GILLILAND REPORTED TO THE PLANNING AND ZONING COMMISSION THE REPORT FROM THE LAST MONTHS COUNCIL MEETING.

VII. NEW BUSINESS

NO NEW BUSINESS.

VIII. OLD BUSINESS

A. THOUSAND OAKS: THE BOARD DISCUSSED THE ZONING IN THOUSAND OAKS SUBDIVISION HOW IT DIFFERS FROM THE ORGINAL R-1-7200. CODE ENFORCEMENT OFFICER RICHARD GETTS WANTED TO ADD THE ZONING ORDINANCE TO THE ZONING BOOK, THE COMMISSION DECIDED TO LEAVE IT AS IS.

B. R-1-6000: CODE ENFORCEMENT OFFICER RICHARD GETTS EXPLAINED TO THE PLANNING AND ZONING COMMISSION LAST MONTH THAT CITIZENS IN THIS ZONING WOULD LIKE TO ADD CARPORTS ONTO THEIR PROPERTY. MR. GETTS SAID THAT SOME CITIZENS WOULD GET MAD WHEN HE SAID THEY COULD NOT BUILD CARPORTS. THE COMMISSION DECIDED THAT THESE PEOPLE WOULD JUST HAVE TO GET VARIANCES.

C. COMMERCIAL PARKING: THE BOARD DECIDED THAT FOR BUSINESS' PARKING LOTS THE LOT WILL BE PAVED WITH HARD SURFACE AND THE BUSINESS OWNERS WOULD HAVE UP TO FIVE YEARS TO COMPLETE THE PARKING LOT. PERSONNEL WILL WRITE UP A ROUGH DRAFT OF THE NEW ORDINANCE AND PRESENT IT AT THE NEXT REGULAR MEETING.

RESIDENTIAL PARKING: PARKING SPACE FOR RESIDENTS IN THE FRONT YARD WILL BE LIMITED TO A 30% PARKING AREA THAT WILL CONSIST OF A HARD SURFACE. PERSONNEL WILL WRITE UP A ROUGH DRAFT OF THIS NEW ORDINANCE AND PRESENT IT AT THE NEXT REGULAR MEETING.

II. MINUTES

IT WAS MOVED BY BOB GEISINGER, SECONDED BY RITA HARVELL AND CARRIED UNANIMOUSLY TO APPROVE THE MINUTES OF THE SEPTEMBER 2, 1993 MEETING.

III. CITIZEN AGENDA

CITIZEN MR. BAILEY OF 613 LAKE STREET CAME BEFORE THE PLANNING AND ZONING COMMISSION TO QUESTION THE FENCE ORDINANCE. MR. BAILEY HAS A INCOMPLETE METAL FENCE IN HIS YARD AND WOULD LIKE TO COMPLETE THE FENCE. THE CITY ORDINANCE STATES THAT METAL IS NOT ONE OF THE CONSTRUCTION MATERIALS THAT ARE ALLOWED TO BE USED. MR. BAILEY RECEIVED A NOTICE OF CODE VIOLATION FROM CODE ENFORCEMENT OFFICER RICHARD GETTS LAST WEEK IN REFERENCE TO HIS INCOMPLETE METAL FENCE. THE ONLY THING MR. BAILEY WOULD LIKE TO DO IS TO FINISH HIS METAL FENCE. THE PARTIAL FENCE THAT IS NOW UP, WAS PUT UP IN 1985. THE CITY ORDINANCE TOOK EFFECT IN 1989. MR. BAILEY IS CONSIDERING APPLYING FOR A VARIANCE AND WILL ALSO GO TO THE NEXT CITY COUNCIL MEETING.

IV. REPORT FORM CITY COUNCIL LIAISON

LIAISON NOT PRESENT.

V. NEW BUSINESS

CODE ENFORCEMENT OFFICER RICHARD GETTS INFORMED THE PLANNING AND ZONING COMMISSION THAT CONTRACTORS WILL START BUILDING HOUSES IN THE THOUSAND OAKS SUBDIVISION IN ABOUT SIXTY(60) TO NINETY(90) DAYS. MR. GETTS ADVISED THE BOARD THAT HE HAS SOME CONCERNS ABOUT THE ZONING THAT THE SUBDIVISION WAS GIVEN IN 1986. THOUSAND OAKS IS ZONED R1-7200, BUT SINCE THAT SUBDIVISION WAS GIVEN SPECIAL REQUIREMENTS, IT DIFFERS FROM THE R1-7200 ZONING. MR. GETTS WOULD LIKE TO SEE THIS SUBDIVISION GIVEN A DIFFERENT NAME FOR THE ZONING, SO THIS DOES NOT GET CONFUSED WITH THE R1-7200 ZONING. PERSONNEL WILL LOOK OVER OTHER CITIES ZONING AND ACTION WILL BE TAKEN AT THE NEXT REGULAR MEETING.

ANOTHER SUBJECT THAT MR. GETTS WOULD LIKE THE PLANNING AND ZONING COMMISSION TO LOOK AT IS THE R1-6000 ZONING. SOME RESIDENTS WOULD LIKE TO BUILD CARPORTS ON THEIR LAND, BUT THE ZONING DOES NOT ALLOW IT. THE LOTS IN THIS ZONING ARE SMALL. MR. GETTS WOULD LIKE TO SEE SOME RELIEF FOR THE CITIZENS THAT WOULD LIKE TO UPGRADE THEIR PROPERTY. THE COMMISSION WILL REVIEW THIS ZONING ORDINANCE AND WILL DISCUSS IN NEXT REGULAR MEETING.

VI. OLD BUSINESS

OFF STREET PARKING WAS DISCUSSED. CODE ENFORCEMENT OFFICER RICHARD GETTS DISCUSSED PARKING IN RESIDENTIAL AND COMMERCIAL AREAS. HE FEELS THAT THE ORDINANCE MAY WANT TO READ AS: IF A NEW RESIDENTIAL HOME WAS BUILT, A CEMENT OR ASPHALT DRIVEWAY WOULD HAVE TO BE ADDED. FOR BUSINESS', THE CITY WOULD ALLOW THEM UP TO FIVE YEARS TO PAVE THEIR PARKING LOTS. HOUSES THAT ALREADY HAVE GRAVEL DRIVEWAYS COULD STAY THE SAME, AND IF THEY WANTED, THEY COULD UP-GRADE THEIR DRIVEWAY. AS DISCUSSED AT THE PREVIOUS MEETING, SOMETHING HAS TO BE DONE ABOUT COVERING THE WHOLE YARD WITH CONCRETE. MR. GETTS ADVISED THE COMMISSION THAT IT MAY BE INPROPER TO TELL A PERSON HOW TO LANDSCAPE HIS OWN YARD. DISCUSSION ABOUT MAKING A MAXIMUM OF 33% COVERED YARD WAS DISCUSSED. RITA HARVELL MADE A MOTION TO TABLE THIS ITEM UNTIL THE NEXT REGULAR MEETING, IT WAS SECONDED BY ALDENA GREGORY.

III. CITIZEN AGENDA

COUNCILMAN GILLILAND COMMENTED ABOUT HOW WE SHOULD TRY AND MAKE THIS CITY A BEAUTIFUL CITY. HE COMMENTED ON HOW IT WOULD BE NICE IF ALL CITIZENS WOULD KEEP THEIR YARDS FREE OF TRASH AND WEEDS.

IV. REPORT FROM CITY COUNCIL LIAISON

LIAISON MATT FLANAGAN REPORTED THAT THE CITY COUNCIL DISCUSSED WHICH STREETS NEEDED PAVED FIRST. HE ALSO SAID THE CITY COUNCIL DENIED THE QUIT CLAIM DEED THAT RAY WEIKUM ASKED FOR.

V. NEW BUSINESS

PERSONNEL ADVISED THE PLANNING AND ZONING MEMBERS THAT THE ZONING CANNOT BE CHANGED IN THOUSAND OAKS SUB-DIVISION BECAUSE THE ZONING HAS ALREADY BEEN CHANGED IN 1986. THE ZONING WAS CHANGED FROM R1-7200 SINGLE FAMILY TO SINGLE FAMILY WITH GROUP HOUSING. THE PLANNING AND ZONING MEMBERS ALL AGREED TO LEAVE THE ZONING AS IS.

IV. REPORT FROM CODE ENFORCEMENT

CODE ENFORCEMENT OFFICER RICHARD GETTS REPORTED THAT THOUSAND OAKS SUB DIVISION MAY START TO DEVELOP. IF IT DOES, THE CONTRACTORS WOULD LIKE TO BUILD AT LEAST TEN(10) HOMES A MONTH. NO NEW HOUSE PERMITS WERE ISSUED IN THE MONTH OF MAY.

V. REPORT FROM CITY COUNCIL LIAISON

LIAISON MATT FLANAGAN REPORTED THAT THE CITY COUNCIL ADOPTED THE NEW PERSONNEL MANUAL AND SWORE IN THE NEW MAYOR AND CITY COUNCILMEN. THE QUIT CLAIM DEED TO CLOSE SCOTT AVENUE WAS TABLED UNTIL PERSONNEL CAN RESEARCH SOME THINGS.

VI. NEW BUSINESS

DISCUSSION OF A NEW ZONING ORDINANCE PERTAINING TO BIGGER HOMES WAS DISCUSSED. THIS NEW ORDINANCE WOULD EFFECT THE UNDEVELOPED AREA OF THOUSAND OAKS. PERSONNEL WILL DO SOME RESEARCH ON THE THOUSAND OAKS UNDEVELOPED AREA AND FURTHER DISCUSSION WILL BE AT THE NEXT REGULAR MEETING.

VII. OLD BUSINESS

III. QUIT CLAIM DEED

MR. RAY WEIKUM CAME BEFORE THE PLANNING AND ZONING COMMISSION TO GET A QUIT CLAIM ON THE END OF SCOTT AVENUE. MR. WEIKUM OWNS FOUR LOTS AT THE END OF SCOTT AVENUE AND WOULD LIKE THE BOARD TO CLOSE THAT END OF THE STREET BECAUSE ACTUALLY THERE IS NO STREET.

PERSONNEL CONTACTED THE OWNERS OF THE OTHER PROPERTY TO GET THEIR OPINIONS, OUT OF SIX PROPERTY OWNER CONTACTED, ONLY TWO RESPONDED. MR. CARL BIDDLE OWNS SEVERAL LOTS AND HE SAID THAT IT WAS ALRIGHT WITH HIM TO GIVE THAT PORTION OF SCOTT AVENUE TO MR. WEIKUM. MR. FRANK MARCINAK OWNS THE MAJORITY OF LOTS AND HE IS AGAINST GIVING THAT PORTION TO MR. WEIKUM. HE STATED THAT IF THE CITY WERE TO GIVE MR. WEIKUM THAT QUIT CLAIM DEED, IT WOULD LANDLOCK HIS PROPERTY. MR. MARCINAK

WOULD HAVE BEEN AT THE MEETING, BUT HE LIVES IN NEW JERSEY.

RITA HARVELL MADE A MOTION TO DENY THIS QUIT CLAIM DEED. IT WAS SECONDED BY MIKE FAHEY, BOB GEISINGER ABSTAINED, AND IT CARRIED UNAMIMOUSLY TO RECOMMEND TO CITY COUNCIL TO DENY THE QUIT CLAIM DEED.

IV. CITIZEN AGENDA

III. REPLAT LOWERY COBB SURVEY

DON & LYNN SCHNEIDER ASKED THE PLANNING AND ZONING COMMISSION TO ALLOW THEM TO REPLAT THE 5.20 ACRES OF LAND AT MAIN STREET AND CARLISLE INTO 3 LOTS. ALDENA STOWE-GREGORY MADE A MOTION TO RECOMMEND THE REPLAT TO THE CITY COUNCIL, IT WAS SECONDED BY RITA HARVELL AND CARRIED UNANIMOUSLY TO MAKE A RECOMMENDATION TO THE CITY COUNCIL FOR THE REPLAT.

IV. QUIT CLAIM DEED-DISCUSSION

THE CLOSING OF SCOTT AVENUE WAS DISCUSSED. THERE WERE ONLY 2 PEOPLE THAT RESPONDED TO THE LETTERS THAT WERE SENT OUT. THE MAJORITY OF THE LAND IN THAT AREA IS OWNED BY ONE PERSON OUT OF NEW JERSEY, MR. FRANK MARCINIAK. MR. MARCINIAK IS AGAINST THE CLOSING OF SCOTT AVENUE, HE SAID THAT IT WOULD LANDLOCK HIM IF THE CITY DID THAT. THE ONLY OTHER RESPONSE WAS FROM MRS. BIDDLE. SHE ADVISED THAT IT WAS FINE WITH HER AND HER HUSBAND IF THE CITY WERE TO CLOSE THAT STREET. THE BOARD DISCUSSED OTHER POSSIBLE ENTRANCES IF THE STREET WERE TO BE CLOSED. PERSONNEL WILL CHECK ON CREST STREET, TO SEE IF IT WAS CLOSED OR IS STILL OPEN.

THIS DISCUSSION WAS TABLED UNTIL THE NEXT MEETING.

V. CITIZEN AGENDA

II. QUIT CLAIM DEED

MR. RAY WEIKUM CAME BEFORE THE PLANNING AND ZONING COMMISSION AND EXPLAINED TO THEM THAT HE OWNS MOST ALL THE LOTS THAT SURROUND SCOTT AVENUE. HE SAID THAT SCOTT AVENUE IS A DEAD END STREET THAT NOBODY USES AND WOULD LIKE TO CLOSE THE STREET TO THE PUBLIC.

THE BOARD MEMBERS QUESTIONED HIM ABOUT HIS NEIGHBORS, AND HOW THEY WOULD GET THROUGH IF THEY WERE TO BUILD HOUSES ON THE EMPTY LOTS. THE PLANNING AND ZONING COMMISSION TABLED THIS ITEM UNTIL PERSONNEL CAN SEND LETTERS OUT TO NEIGHBORS ASKING THEIR OPINIONS.

IT WAS MOVED BY MIKE FAHEY, SECONDED BY ALDENA STOWE-GREGORY, AND CARRIED UNAMIMOUSLY TO TABLE THIS ITEM.

III. REPLAT OF BORCHARDT ESTATES

THE REPLAT WAS PRESENTED FOR JEAN STONE TO REPLAT THE 9 LOTS IN BORCHARDT ESTATES INTO ONE LOT. THE BOARD DISCUSSED THE 50 FOOT EASEMENT THAT WENT THROUGH THE MIDDLE OF THE LOTS, AND HOW THAT WOULD EFFECT THE CITY IF THEY WERE TO FINISH ALAMO. PART OF THE END LOTS IS ZONED COMMERCIAL, AND THE COMMISSION WOULD LIKE TO SEE MORE BUSINESS' BUILT.

IT WAS MOVED BY BRUCE COX. SECONDED BY RITA HARVELL AND CARRIED UNAMIMOUSLY A MOTION TO RECOMMEND TO CITY COUNCIL THAT THEY DENY THE REPLAT OF BORCHARDT ESTATES.

IV. MINUTES

IV. CITIZEN AGENDA

CITIZEN MR. DON SCHNEIDER CAME BEFORE THE COMMISSION TO GET THEIR OPINION ON A TRACT OF LAND THAT HE WOULD LIKE TO DIVIDE INTO 3 TRACTS. THE LAND IS LOCATED AT THE SOUTHWEST

CORNER OF CARLISLE AND MAIN STREET. MR. SCHNEIDER OWNS 18 ACRES OF LAND. BUT ONLY 5.2 ACRES ARE IN LAKE DALLAS. HE WOULD LIKE TO DIVIDE THE 5.2 ACRES INTO 3 DIFFERENT LOTS. THE SIZE OF THE LOTS WOULD BE 2/2/1.2. MR. SCHNEIDER JUST WANTED THE OPINION OF THE PLANNING AND ZONING COMMISSION BEFORE HE PURSED THIS MATTER MORE.

V. NEW BUSINESS

NO NEW BUSINESS.

VI. OLD BUSINESS

Correction to city hall-parking meeting - ?

THE PLANNING AND ZONING COMMISSION DISCUSSED THE 5 YEAR PLAN FOR THE CITY. THE BOARD DECIDED THAT STRIPING MAIN STREET WOULD BE ADDED TO THE 1992-1993 RECOMMENDATIONS. PERSONNEL WILL CONTACT THE STREET DEPARTMENT IN REFERENCE TO THAT ISSUE. ~~FOR THE YEAR 1993-1994 THE COMMISSION ADDED A NEW CITY HALL BUILDING TO THE PLAN~~. DISCUSSION OF THE AMERICAN DISABILITY ACT WAS TALKED ABOUT. THIS PLAN TOOK EFFECT IN JULY 1992, AND STATED THAT ALL PUBLIC BUILDINGS HAD TO COMPLY, AND REMOVE BARRIERS. THE BOARD TALKED ABOUT EITHER RENOVATING THE OLD CITY HALL OR BUILDING A NEW ONE. THE BOARD AGREED ON A NEW CITY HALL TO BE PUT IN THE 5 YEAR PLAN.

VII. REPORT FROM CODE ENFORCEMENT

RICHARD GETTS, CODE ENFORCEMENT OFFICER, REPORTED SOME THINGS THAT ARE HAPPENING IN THE CITY. HE ADVISED THE BOARD THAT TWO NEW BUSINESS HAVE MOVED INTO THE CITY, THE COMMUNITY HOPE CHURCH, AND A SATELITE SALES OFFICE. MR. GETTS ALSO ADVISED THE BOARD THAT LAKELAND COURT HAS BEEN SURVEYED FOR SOME REPAIR WORK THAT IS GOING TO BE DONE TO THE ROADWAY.

THE PLANNING AND ZONING COMMISSION WOULD LIKE TO CREATE A PLACE ON THE AGENDA EACH MONTH SO MR. GETTS CAN INFORM THE COMMISSION OF WHAT IS HAPPENING IN THE CITY.

I. ROLL CALL

CHAIRMAN BOB GEISINGER CALLED THE MEETING TO ORDER AT 7:30 P.M. AND NOTED THAT ALL MEMBERS WERE PRESENT.

II. PUBLIC HEARING

MR. CLYDE FISHER PRESENTED TO THE PLANNING AND ZONING COMMISSION HIS PRELIMINERY AND FINAL PLAT FOR HIS TRACT OF LAND THAT HE WOULD LIKE TO DIVIDE INTO TWO LOTS. THE BOARD ASKED SEVERAL QUESTIONS AND THE PUBLIC HEARING WAS CLOSED.

RITA HARVELL MADE A MOTION TO APPROVE THE REPLAT OF THIS TRACT, IT WAS SECONDED BY BRUCE COX AND CARRIED UNANIMOUSLY TO APPROVE THE REPLAT FOR MR. FISHER.

III. MINUTES

RITA HARVELL MADE A CORRECTION TO THE PREVIOUS MEETING MINUTES, AND IT WAS NOTED THAT UNDER OLD BUSINESS THE CORRECTION TO BE MADE UNDER THE 5 YEAR PLAN FOR THE CITY, IT SHOULD READ THAT MAIN STREET NEEDS TO BE PAVED AND CURBED. ALSO, BRUCE COX MADE A CORRECTION ON THE OCTOBER 1, 1992 MEETING MINUTES, UNDER NEW BUSINESS REGARDING THE NEW CLUB STAGES SHOULD READ THAT MR. HOPSONS, THE OWNER, MEETS THE MINIMUM REQUIRED PARKING SPACES THAT HE ALREADY HAS, TO COMPLY WITH THE PARKING LOT ORDINANCE.

Approved 1/7/93

IT WAS MOVED BY RITA HARVELL, SECONDED BY ALDENA STOVE GREGORY, AND CARRIED UNANIMOUSLY TO APPROVE THE MINUTES AS AMENDED OF THE NOVEMBER MEETING.

IV. REPORT FROM CITY COUNCIL LIAISON

LIAISON GARRY BILLS REPORTED TO THE PLANNING AND ZONING COMMISSION THAT AT THE LAST COUNCIL MEETING THE COUNCIL DECIDED NOT TO RENEW THE LEASE AT WILLOW GROVE PARK, DUE TO THE AMOUNT OF MONEY THE CITY SPENDS ON THE UP-KEEP. MR. BILLS ALSO TOLD THE BOARD THAT THERE WERE SEVERAL CITIZEN COMPLAINTS REGARDING A HOBBY SHOP THAT IS BEING BUILT ON DOBBS ROAD, THE CITIZENS WERE UPSET BECAUSE OF THE SIZE AND THE HOBBY SHOP NOT BEING BUILT EIGHTY PERCENT MASONARY AS THE ORDINANCE SAYS. FURTHER DISCUSSION ON THE ORDINANCE WILL BE UNDER NEW BUSINESS AT THIS MEETING.

V. NEW BUSINESS

RICHARD GITTS, CODE ENFORCEMENT OFFICER, RECOMMENDED TO THE BOARD THAT ORDINANCE 18.12 NEEDS TO BE THOROUGHLY STUDIED AND RECOMMENDED CHANGES TO BE AMENDED. THE ORDINANCE SEEMS TO CONTRADICT ITSELF IN VARIOUS CHAPTERS. THE VARIOUS CHAPTERS IN CONCERN IN ORDINANCE 18.12 ARE 18.12.020 ACCESSORY USES, 18.12.040 PRIVATE GARAGES-COVERED CARPORTS, 18.12.050 PRIVATE BARNS OR STABLES, 18.12.060 HOBBY SHOPS, 18.12.110 SIDE YARDS, 18.12.120 REAR YARDS, 18.12.150 MINIMUM DWELLING SIZE, 18.12.160 OFF-STREET PARKING, 18.12.170 EXTERIOR SURFACES, AND ALSO ONE CHAPTER THAT NEEDS TO BE ADDED IS A CHAPTER ON LOT DEPTH. III. REPORT FROM CITY COUNCIL LIAISON

LIAISON GARRY BILLS HAD NO REPORT.

IV. CITIZEN AGENDA

MR. CLYDE FISHER CAME BEFORE THE COMMISSION TO FIND OUT IF THE COMMISSION HAD DECIDED ON A RECOMMENDATION ABOUT THE EASEMENT THAT HE WOULD LIKE TO SEE ABONDONED. THE BOARD ADVISED MR. FISHER THAT THERE HAS BEEN SOME OPPOSITION ON THE ABANDONMENT FROM OTHER PROPERTY OWNERS. B/L ARCHER, INC. OWNS MOST OF THE PROPERTY IN THAT AREA, AND HOPES TO DEVELOP IT INTO A RESIDENTIAL AREA IN THE NEAR FUTURE AND THINKS THE EASEMENT SHOULD STAY WHERE IT IS FOR FURTHER DEVELOPMENT. THE COMMISSION MADE NO RECOMMENDATIONS TO MR. FISHER AT THIS TIME ABOUT THE ABANDONMENT OF THE EASEMENT. THIS ITEM WAS

TABLED UNTIL THE NEXT MEETING. THE BOARD WOULD LIKE THE COMPANY B/L ARCHER, INC. TO ATTEND THE NEXT MEETING AND FURTHER EXPLAIN THE OPPOSITION IN THIS MATTER.

V. NEW BUSINESS

A. RICHARD GETTS, CODE ENFORCEMENT OFFICER, SPOKE ON BEHALF OF THE NEW CLUB STAGES, THAT WILL BE OPENING SOON. HE ADVISED THE BOARD THAT THE PARKING IS NOT SUFFICIENT ENOUGH FOR THE SQUARE FOOTAGE IN THE CLUB. THE OWNER OF THE CLUB, MR. BOB HOPSONS TOLD THE COMMISSION THAT HE HAS PERMISSION FROM THE OTHER SHOP OWNERS TO LET PATRONS PARK IN THE REAR OF THE BUILDING. THE TOTAL NUMBER OF PARKING PLACES AVAILABLE WILL BE ABOUT 63 SPACES. MR. GETTS ADVISED THE BOARD THAT THIS WOULD BE A SUFFICIENT AMOUNT OF PARKING PLACES FOR THE CLUB. IT WAS RECOMMENDED BY THE COMMISSION THAT THE OWNER PLACE SIGNS OUT IN FRONT OF THE BUILDING SAYING THAT PARKING IS IN THE REAR. ALSO, THE COMMISSION RECOMMENDED SUFFICIENT LIGHTING IN THE REAR PARKING LOT FOR SAFETY REASONS. A MOTION WAS MADE BY RITA HARVELL, SECONDED BY ALDENA STOWE-GREGORY, AND CARRIED UNANIMOUSLY TO ALLOW THE PATRONS OF THE NEW CLUB TO PARK IN THE REAR OF THE BUILDING.

12/3 - correction to the minimum number of parking spaces required to be on the land of the Stages Club

B. CODE ENFORCEMENT OFFICER RICHARD GETTS ADVISED THE PLANNING AND ZONING BOARD THAT MR. CLARDY WOULD LIKE TO OPEN A STORAGE FOR IMPOUNDED VEHICLES. THE PROPERTY IS LOCATED AT 716 HUNDLEY. THE PROPERTY IS PROPERLY ZONED FOR THAT TYPE OF BUSINESS. MR. CLARDY IS ASKING THE PLANNING AND ZONING COMMISSION FOR PERMISSION TO OPEN SUCH A BUSINESS. THE COMMISSION ADVISED MR. CLARDY THAT HE WOULD HAVE TO SCREEN IN THE AREA FOR STORAGE SO THAT IT IS NOT VISIBLE FROM THE ROADWAY. A MOTION WAS MADE BY ALDENA STOWE-GREGORY, SECONDED BY RITA HARVELL AND CARRIED UNANIMOUSLY TO APPROVE THE NEW VEHICLE STORAGE FACILITY.

VI. OLD BUSINESS

A. THE COMMERCIAL ZONING ORDINANCE FOR OUTSIDE STORAGE WAS DISCUSSED. THE COMMISSION AGREED THE ORDINANCE MUST BE CHANGED OR ISSUE SPECIAL PERMITS TO BUSINESS'S THAT ALREADY EXIST. THIS ITEM WAS TABLED AND A WORKSHOP TO WORK ON THIS ORDINANCE HAS BEEN SET FOR OCTOBER 15, 1992 AT 7:30 P.M.

B. DISCUSSION OF A 5 YEAR PLAN FOR THE CITY WAS DISCUSSED. SEVERAL THINGS THE BOARD WOULD LIKE TO SEE IN THE FUTURE ARE:

1. PAVED ROADS, CURBS, AND SIDEWALKS
2. CLEAN UP MAIN STREET
3. MORE RECREATION FACILITIES FOR CHILDREN
   (THIS INCLUDES CLEANING UP AND MAKING A BIGGER PARK BEHIND THE LIBRARY.)
4. WOULD LIKE TO SEE GARZA DAYS GET BIGGER,

III. CITIZEN AGENDA

CITIZEN MR. CLYDE FISHER CAME BEFORE THE COMMISSION TO GET AN OPINION ON A TRACT OF LAND THAT HE OWNS. MR. FISHER WOULD LIKE TO DIVIDE THE LAND INTO TWO DIFFERENT LOTS. THERE IS ALSO AN EASEMENT ON THE LAND THAT MR. FISHER WOULD LIKE THE CITY TO ABANDON. MR. FISHER ASKED THE COMMISSION HOW THEY FELT ABOUT THE EASEMENT AND WOULD CONTACT THE PLANNING AND ZONING SECRETARY AFTER THE COMMISSION HAD TIME TO DISCUSS THIS MATTER. THE COMMISSION TABLED THE DISCUSSION UNTIL FURTHER INFORMATION CAN BE OBTAINED ABOUT THE EASEMENT.

IV. REPORT FROM CITY COUNCIL LIAISON

LIAISON GARRY BILLS HAD NOTHING TO REPORT.

V. OLD BUSINESS

NO OLD BUSINESS WAS DISCUSSED.

VI. NEW BUSINESS

DISCUSSED UNDER NEW BUSINESS IS AS FOLLOWS:

A. COMMERCIAL ZONING: THE COMMERCIAL ZONING ORDINANCES PERTAINING TO OUTSIDE STORAGE MAY HAVE TO BE AMENDED OR NEW ORDINANCES FOR DIFFERENT COMMERCIAL ZONING MAY HAVE TO BE MADE. THIS IS PERTAINING TO SUCH THINGS LIKE DOING WORK OUTSIDE OF THE BUILDING AND ALSO STORING ITEMS OUTSIDE OF THE BUILDING. PERSONNEL WILL OBTAIN INFORMATION FROM OTHER CITIES TO COMPARE OUR ZONING TO THEIRS. FURTHER DISCUSSION WILL BE MADE AT THE NEXT MEETING.

B. DISCUSSION OF A 5 YEAR PLAN: THE PLANNING AND ZONING DISCUSSED THE NEED FOR A 5 YEAR PLAN FOR THE CITY. THE BOARD DECIDED THAT EACH MEMBER SHALL MAKE A LIST OF WHAT THEY WOULD LIKE TO SEE HAPPEN TO THE CITY IN THE NEXT 5 YEARS, AND FURTHER DISCUSSION OF THIS SUBJECT WILL CONTINUE AT THE NEXT MEETING.

III. REPORT FROM CITY COUNCIL LIAISON

LIAISON GARRY BILLS REPORTED THAT AT THE PREVIOUS CITY COUNCIL MEETING ON JULY 9, THE COUNCIL AMENDED AN ORDINANCE. THE ORDINANCE PERTAINING TO PORTABLE SIGN PERMITS HAS CHANGED. THE ORDINANCE BEFORE AMENDED STATED THAT THE PORTABLE SIGN PERMIT WAS VALID FOR 90 DAYS, THE AMENDED ORDINANCE STATES THAT THE PERMIT IS VALID FOR 1 YEAR. LIAISON BILLS ALSO ADVISED THE COMMISSION THAT THE CITY COUNCIL APPROVED THE REVISED ZONING MAP.

IV. OLD BUSINESS

NONE.

V. NEW BUSINESS

CODE ENFORCEMENT OFFICER RICHARD GETTS SPOKE TO THE COMMISSION ABOUT CITIZENS BUYING COPIES OF THE ZONING MAP. HE ADVISED THE BOARD THAT SEVERAL DIFFERENT PEOPLE, POSSIBLY DEVELOPERS HAD COME INTO CITY HALL ASKING ABOUT THE DIFFERENT TYPES OF ZONING. MR. GETTS WOULD LIKE TO SEE COPIES OF ALL THE DIFFERENT ZONING ORDINANCES PUT TOGETHER WITH THE ZONING MAP, SO THE CITIZEN OR DEVELOPER KNOWS MORE ABOUT THE CITY'S ZONING. THE COMMISSION AGREED WITH MR. GETTS.

III. REPORT FROM CITY COUNCIL LIAISON

Liaison Garry Bills reported that at the previous Council meeting, Linwood Gilliland was elected as Mayor Pro-Tem, Matt Flanagan and Garry Bills as Council Liaison to the Planning and Zoning Commission, Jerry McCutcheon as the Fire Department Liaison, and Linwood Gilliland as Parks and Recreation Liaison.

IV. OLD BUSINESS

A. AMENDING AN ORDINANCE

The Code Enforcement Officer Richard Getts talked to the Planning and Zoning Board about an Ordinance pertaining to Accessory Building setbacks. He advised the Planning and Zoning Board that he has talked with several different cities about their ordinances. There was consensus of opinion that Richard Getts should write an amendment to the zoning code pertaining to accessory building setbacks for consideration by the Planning and Zoning Board and the City Council.

B. MAJOR GAS LINE THRU SUB-DIVISION

Code Enforcement Officer Richard Getts showed the Planning and Zoning Board a map from Lone Star Gas indicating where the major gas line is located in the Oak Lake Sub-Division. Mr. Getts informed the board that only a few owners have questioned him about building near the gas line. He informed the board that building on these lots are allowed as long as there is a fifty foot easement, twenty-five feet on each side of the gas line. The Planning and Zoning Board suggested that personnel contact the Denton County Central Appraisal District and ask

that this gas line be noted on property deeds to such property that the gas line runs thru.

V. NEW BUSINESS

A. QUIT CLAIM DEED

Rita Harvell obstained from this Action Item.

Mr. Danny Barboza came before the Planning and Zoning Board to ask them to give him nine feet of property that he believes to be his front yard. Mr. Barboza showed the Planning and Zoning Board pictures of his property including the land that he would like to have. Aldena Stowe-Gregory recommended to City Council to deny the request for a quit claim deed at 720 Lake. The motion was seconded by Mike Fahey and carried unanimously to deny this quit claim deed.

It was recommended by Bruce Cox that the City lease this land to Mr. Barboza at $1.00 a year, if possible, after consultation with the City Attorney.

B. REVISING THE NEW ZONING MAP

Personnel advised the board of some corrections that need to be made on the Zoning map. The Planning and Zoning Board suggested that the corrections be made and further discussion will be made at the next meeting.

C. C-3 COMMERCIAL PARKING

Code Enforcement Officer Richard Getts advised the Planning and Zoning Commission that there was not an ordinance applying to commercial parking lots, but there is a specification sheet stating the specifications on asphalt and gravel parking lots. Staff will check into this matter.

No action was taken. Liaison Bills also reported that the new Police Chief was sworn in, and a new City Attorney was hired.

IV. NEW CODE ENFORCEMENT OFFICER

The new Code Enforcement Officer Richard Getts was introduced to the Commission. Mr. Getts informed the Commission on what actions he has taken to clean up the City. Several members had questions for him that he answered and he also advised the members about an ordinance that was not in the ordinance book.

V. OLD BUSINESS

None.

VI. NEW BUSINESS

A. The code Enforcement Officer advised the commission that there is a major gas line that runs thru The Oaklakes Sub-Division, and that there are some citizens that want to build on that land. Personnel will contact the gas company to ask about the easement & conditions allowing citizens to build near the gas line.

VI. Con't

B. Ordinance - The Code Enforcement Officer informed the Planning and Zoning Commission that he did not find an ordinance that stated how far a storage building or portable building could be built by property lines. City Personnel and the Code Enforcement Officer will look into this matter. An ordinance may have to be amended to put this information in the Ordinance Book.

He also reported on the results of the Special Use Permit obtained by Mr. David Lippi who had asked that a Child Day Care facility be allowed at 711 Thompson. The request was refused.

IV. OLD BUSINESS

A. The work on the Zoning Map was delayed and therefore tabled for another month.

B. Election of the Vice Chairman of Planning and Zoning was tabled until the vacancy is filled on the committee.

C. Town beautification was discussed. Garry Bills informed the members that the ordinances concerning new laws regarding junk vehicles are being studied and several ordinance violations have been corrected within the past month.

V. NEW BUSINESS

Mr. Danny Barboza and Mr. Jim Bragg appeared before the Planning and Zoning requesting information and assistance regarding the opening of a road to allow access to acreage which had been purchased which is located in Denton County. Their concern is that further lots will be sold from the approximate 6 acres and this would cause

the very narrow platted street to become a thoroughfare for the addition. Several suggestions were given to Mr. Blagg and Mr. Barboza as to steps they could take to deal with the matter.

I. ROLL CALL

Chairman Flanagan called the meting to order at 7:35 P. M. and noted that Bob Geisinger, Bruce Cox and Anne Kennedy were absent but a quorum was present.

II. MINUTES

It was noted by the Chairman that no minutes were available for the January meeting since the meeting was cancelled; however minutes for the December, 1990 meeting were in need of approval. It was moved by Aldena Stowe, seconded by Rita Harvell and carried unanimously to approve these December minutes.

III. REPORT FROM CITY COUNCIL LIAISON

Due to absence of Anne Kennedy, a Liaison report was made by Linwood Gilliland. He reported the decision of the City Council at its January meeting regarding the new City Hall Building and bond election for the repair of city streets. It was also their decision to have a joint workshop with the Planning and Zoning Commission at their meeting in February.

IV. WORKSHOP MEETING WITH CITY COUNCIL

Mayor Bill Honse informed the Planning and Zoning Commission and Council of the activity that has taken place up to this point regarding the new City Hall building and the street bonds election. The election will ask for five million dollars to either re-top or replace every street in the city.He also informed the Commission that there were many drainage problems in the city which will need to be corrected prior to the streets being replaced.

Mr. Chris Janning of First Southwest Company presented the program he has planned for the bond election. This election will be held on the first Saturday of May, 1991.

Mr. Janning also discussed the possibility of a one-half cent (1/2¢) sales tax increase for the City.

He also suggested that Certificates of Obligations be passed by the Council rather than making the new City Hall a part of the five million bond package.

The City Council recessed at 8:35 P. M. in order to start their meeting with Mr. Janning.

III. REPORT FROM CITY COUNCIL LIAISON

Matt Flanagan reported that Anne Kennedy was unable to attend the meeting, but that she had checked with the City Council at their November meeting to determine if a Planning and Zoning Commission meeting was necessary when there was no business to discuss. She was informed that the commission would have to meet since it was in their charter

IV. OLD BUSINESS

A. Bernice Wright reported on the Zoning Map. She contacted Bud Hauptman of Metroplex Engineering in Denton who had bid on the printing of the the map previously. The price for the the new Zoning Map and a supply of 11 x 14 hand-out maps was $800.00.

The Commission reviewed the map and determined what would need to be accomplished to prepare it for printing. It was the concensus of opinion that the commission members would work on the map at the January meeting.

The question of receiving bids for the map was discussed as well as the need for an engineering firm, rather than a draftsman, to prepare the map.

Bernice Wright is to discuss the matter with the City Secretary to determine the exact responsibilities of the committee regarding the Zoning Map as well as bids and the need for an engineering firm to perform the work.

II. MINUTES

It was moved by Matt Flanagan, seconded by Sherry Gaines and carried unanimously to approve the minutes of the September 7, 1989 meeting.

III. REPORT FROM CITY COUNCIL LIAISON

Since Anne Kennedy, Liaison from the City Council, was not able to attend the City Council Meeting for October, 1989, she did not have a report to give.

IV. APPROVAL OF PROPOSED ZONING MAP- ACTION

The commission reviewed and discussed the proposed Zoning Map. There was some question regarding the color chart on the map. A motion was made to accept the map,contingent upon clarification and correction of the color chart, by Matt Flanagan and seconded by Sherry Gaines. The motion passed unanimously.

V. ORDINANCE NO. 130 REGARDING POOL HALLS AND AMUSEMENT CENTERS

Ordinance NO. 130 regarding Pool Halls and Amusement Centers was discussed . Since Senate Bill 896 repeals the authority of cities to charge a license fee for amusement machines, it was

decided to adopt Benbrook's ordinance regarding the licensing of recreational facilities. The ordinance was modified to fit the needs of Lake Dallas and the Secretary will furnish the members with a draft for the December meeting.

A Public Hearing on the ordinance will also be set prior to the Regular Meeting on December 7, 1989.

VI. OLD BUSINESS

The name of Randy Morris was recommended for a new board member replacing Frances Grammer. Mr. Morris resides within the City of Lake Dallas at 5416 Princess Court in Kings Manor Addition. II. MINUTES

It was moved by Matt Flanagan, seconded by Sherry Gaines and carried unanimously to approve the minutes of the August 3, 1989 meeting.

III. REPORT FROM CITY COUNCIL LIAISON

Anne Kennedy, Liaison from the City Council, reported that the Tall Grass and Weed Ordinance questions had been resolved by the Council ; therefore it would not be necessary for the Planning and Zoning to review.

Paula Horn requested the Liaison to ask the opinion of the City Council as to having the local newspaper run pictures as the Denton Record Chronicle has done showing the "Worst" and "Best" properties in the city to make people aware of the need to keep their grass mowed and junk and old cars cleared.

IV. ORDINANCE NO. 130 REGARDING POOL HALLS AND AMUSEMENT CENTERS - ACTION ITEM

The commission was informed prior to discussing the change in this ordinance that a new law had been passed on Senate Bill Number 896 repealing the authority of cities and counties to charge a license for coin-operated machines .

The question was raised as to whether a license fee could be charged on the actual business rather than on each machine. The City Secretary will be asked to obtain a ruling from the State on this matter.

It was moved by Matt Flanagan, seconded by Sherry Gaines and carried unanimously to table the matter until this ruling could be received.

V. RECOMMENDATION FOR NEW BOARD MEMBER REPLACING FRANCES GRAMMER

Chairman Paula Horn called the Public Hearing to order at 7:35 P. M.

PUBLIC HEARING

A. Zoning Petition - Mr. Buddy Archer - Change in Zoning from C-2 Commercial to C-3 Commercial on Tract 4 of J. W. Simmons Survey located in the 500 block of North Stemmons .

Chairman Horn called for comments from the audience in regard to this request of change in zoning.

Bill Honse spoke against the proposal stating that there were already an abundance of convenience stores and those selling beer and wine and liquor in the Lake Dallas area. Since some of these are closing due to lack of sales, Mr. Honse feels that Lake Dallas cannot support another store of this type.

Mr. Buddy Archer and Miss Allison Archer presented the proposal of the type of convenience and liquor store they were planning to build on the site, and answered questions of the commission members regarding the plans.

Chairman Horn closed the Public Hearing at 8:05 P. M.

REGULAR MEETING

Chairman Horn called the Regular Meeting to order at 8:12 P. M.

A. ROLL CALL

It was noted that all members of the Commission were present.

B. MINUTES

It was moved by Frances Grammer, seconded by Bob Garcia and carried unanimously to approve the minutes of the June 1, 1989 meeting.

C. ZONING PETITION - BUDDY ARCHER

It was moved by Frances Grammer to deny the petition requesting a change in zoning from C-2 to C-3 on Tract 4 of J. W. Simmons Survey located in the 500 block of North Stemmons. The motion was seconded by Matt Flanagan and the motion carried unanimously.

D. WELCOME OF NEW MEMBERS - MATT FLANAGAN AND SHERRY GAINES

Chairman Paula Horn welcomed and introduced Matt Flanagan and Sherry Gaines as the newest members of the Planning and Zoning Commission.

E. REPORT FROM CITY COUNCIL LIAISON

Anne Kennedy, Liaison from City Council to Planning and Zoning, reported the action taken at the June Council meeting in regard to Ordinance #130 relating to Pool Halls and Amusement Centers. She advised that the Council was in agreement on the reinstatement of the original Ordinance #130 with the exception of the fee.

F. OLD BUSINESS

None

G. NEW BUSINESS

A copy of Farmers Branch's ordinance regarding Pool Halls and Amusement Centers was distributed to the members for their information.

It was the concensus of opinion that the matter be tabled until after the members could study the proposed ordinance further and come up with their recommendations of fees and wording regarding liquor being served on the premises.

ROLL CALL

Chairman Horn noted that all Commission members were present except Ron Smith.

MINUTES

It was moved by Mike Fahey to accept the minutes of November 3, 1988 in which there was no quorum . The motion was seconded by Frances Grammer and carried unanimously.

REPORT FROM LIAISON / CITY COUNCIL

Anne Kennedy reported that there was concern from the Mayor and Council about the lack of meetings of the Planning and Zoning Commission due to a quorum not being present.

Mike Fahey questioned her as to the Council's discussion regarding parked cars on Main Street. She informed him it was on Mr.Walter Scholl's property. She will bring up the question of the legality of gravel vs. asphalt according to the Ordinance pertaining to parking lots.

OLD BUSINESS

The Commission was informed that the Council had agreed to have the Zoning Map redrawn and this is in the process of being updated.

The pending Fencing Ordinance was discussed . It was decided that rather than including a flat permit fee of $15.00, that the permit should be based on the cost of the fence as are building permits for structures.

After making several changes to the proposed ordinance, it was the concensus of opinion that the ordinance would be put in a finished form and sent to each commission member and the Attorney for the city for their inspection. The matter would be put on the Agenda for the January meeting as an action item.

I. PUBLIC HEARING

A. ZONING PETITION - LAKE CITIES INVESTMENT CORP. - CHANGE IN ZONING FROM R-3 MULTI-FAMILY TO C-1 COMMERCIAL ON TRACT 16A OF M.E.P. & P.R.R. SURVEY. THIS PROPERTY IS LOCATED AT 402 S. LAKEVIEW DR.

Mr. Alvin Black/Lake Cities Investment Corp. stated that their original intentions were to ask for either a Special Use Permit or a Conditional Use Permit instead of asking for a zoning change. The list of Special Permit uses was read to the public. Some of the concerns of the Commission were the traffic problem that having a Commercial business would create and the fact that there was residential and multi-family all around this piece of property. Billie Sarten (116 Hundley Village) expressed opposition to the change in zoning. It was noted that out of 9 letters mailed out to property owners, that 1 was received in opposition.

I. PUBLIC HEARING

A. ZONING CHANGE - J.R. DOUGLAS, JR./ASTOR DEVELOPMENT - CHANGE IN ZONING FROM SINGLE FAMILY (R1-7200) WITH GROUP HOUSING PROJECT PLAN ON 10 ACRES OF 131.1225 TOTAL ACREAGE, T. WHITE SURVEY, TO C-1 COMMERCIAL CLASSIFICATION AND ADDITIONALLY REQUESTING A CHANGE IN MINIMUM & AVERAGE DWELLING SIZE ON REMAINING 121.1225 ACRES ZONED FOR (R1-7200) SINGLE FAMILY WITH GROUP HOUSING PROJECT PLAN USE.

Mr. J. R. Douglas, Jr./Astor Development's petition was presented and the proposed plans are to have C-1 Commercial development on 10 acres, northwest corner of property along with an additional request for a variance in minimum square footage requirements. The project was previously approved with 1400 sq. ft. minimum with total overall average 1600 sq. ft. Mr Douglas requested that they be allowed to lower this requirement to 1200 sq. ft. with total overall average 1500 sq. ft. so that he could offer builders some flexibilty. Mr. Douglas and Mr. Atkins stated that the problem with the project in the past, was that it wasn't easily accessible. They are also proposing to re-route and re-construct Dobbs Road making it into 6 lanes instead of the existing 2 lanes. They felt like this would help the subdivision and commercial part of project. Mr. Tom Pralle stated that he was not in opposition to the commercial change in zoning, but he was opposed to the change of minimum square footage requirement. Father Hilbert of Montserrat Retreat House stated he did not want to allow a change in the minimum square footage requirement. Building Inspector, Charlie Berry requested that the change in minimum square footage be denied due to the exsisting problems that the City is having with subdivisions that are currently 1200 and 1300# in size.

Chairman Gilliland called the Public Hearing to order at 7:40 P.M.

I. PUBLIC HEARING

A. ZONING PETITION - JACKSON RANCH - Change in zoning from R1-7200 Single Family Residential District to C-2 Commercial District on 12 acres and from R1-7200 Single Family Residential District to R-3 Apartment House District on 41.36 acres. Total acreage is 53.36, located at 401 Swisher. This is tract 4,4A,4B out of the H.H. Swisher Survey.

Mr. Kent Howell (205 Swisher) questioned the reality of Lake Dallas supporting 800 apartment units along with the traffic problem this would create. Corinth Mayor, Shirley Spellerberg was concerned with the density units per acre that our ordinance allows, which is 29 units/acre. Mr. Charlie McMath, representing Lake Dallas I.S.D. expressed they were not in favor of high density development. Lake Dallas I.S.D. would like to see all property Light Industrial primarily for a tax base. Out of 27 letters mailed out to property owners within 200 feet: 3 were in favor, 3 in opposition and 1 undecided.

Members Absent: Frances Grammer

Chairman Gilliland called the Public Hearing to order at 7:36 P.M.

I. PUBLIC HEARING

A. Amendment to Ordinance 25 - Adding to Sections 10,11,11A, pertaining to exterior surfaces, amending Section 13, wherein M-1 and M-2 under Industrial Zoning use regulations, and deleting all of Section 14.

Mrs. Pockrus expressed opposition to "Dog Pound and Kennels" use. Linda Hutchinson questioned the use regulation "Manufacturing, processing, fabrication or assembling of any commodity except junk or salvage". She pointed out to the Commission that this is to open and could include chemical laboratories and concrete, asphalt batching plants.

B. Zoning Petition - M-K-T Railroad Co. - Change in zoning from Single Family (R1-6000) to M-1 (Light Industrial) on approximately 13 acres,Mary Wright Survey, located on Betchan, Carlisle and Denton Dr.

Mr. Lon Brown addressed the Commission members to ask them to hold open the request for rezoning until the M-K-T Railroad Co. could be more specific. Mr. Ivan Bounds stated he wants the zoning to remain residential due to the increase of drainage problems Industrial zoning would create on his property. Chairman Gilliland replied that our drainage requirements would have to be met and this would hopefully take care of the problem. Terry Byson, Mrs. Elva Pockrus' son, stated he would like to see it zoned Commercial instead of Light Industrial (M-1). Mr Scott Williams, representative for M-K-T Railroad, replied that they felt like Lake Dallas could not support a 13 acre tract of Commercial business. Chairman Gilliland noted that out of 26 letters mailed out 4 were for the request and 4 were against it (including Mr. Brown, Mr. Bounds and Mrs. Pockrus comments above).

C. Special Use Permit - Joann Crawford - Day Care Center located at 215 Betchan, Mary Wright Survey

No opposition was expressed. Out of 9 letters sent out to property owners, 2 were in favor and 1 was in opposition.

Chairman Gilliland closed the Public Hearing at 8:20 P.M.

II. REGULAR MEETING

ZONING PETITION - M-K-T RAIROAD CO. - CHANGE IN ZONING FROM R1-6000 SINGLE FAMILY RESIDENTIAL DISTRICT TO M-2 GENERAL INDUSTRIAL ON TRACT 1; FROM M-1 LIGHT INDUSTRIAL TO M-2 GENERAL INDUSTRIAL ON TRACT 2; AND FROM R1-6000 SINGLE FAMILY RESIDENTIAL TO M-2 GENERAL INDUSTRIAL ON TRACT 3 ON APPROXIMATELY 17.96 ACRES, MARY WRIGHT SURVEY

M-K-T Railroad Co.'s petition was presented by Mr. John Jacobs and his associate Scott Williams. The proposed plans for approximately 12 - 13 acres of the 17.96 total acre tract are retail commercial and light industrial use. Mr Jacobs explained to the Commission and citizens that they were asking for M-2 zoning because it also included C-2 Commercial uses which M-1 Light Industrial does not. He also stated that they were not intending to put in a cement batching plant or chemical laboratory. Out of 27 letters mailed out, 9 were in opposition, 1 in favor and 1 undecided. Roger McCurley and Alvis Vinson stated that they would be in favor of M-1 Light Industrial with Special Use Permit for C-2 zoning.

I. PUBLIC HEARING

Chairman Linwood Gilliland called the Public Hearing to order at 7:40 P.M.

A. ZONING PETITION - WILLIAM BROWN - CHANGE IN ZONING FROM SINGLE FAMILY (R1-7200) to C-1 COMMERCIAL ON 4.61 ACRES AND R-3 MULTI-FAMILY ON 10.93 ACRES, M.E.P. & P.R.R. SURVEY:

Mr. William Brown's petition was presented and the proposed plans are for a retirement village. Phase I will include 209 units and Phase II will include 190 units for a total of 399 units. Mrs Helen Peach was concerned about it staying a retirement village and not turning into a apartment complex. Mr. Brown stated that what Lakeview Village had to offer would not appeal to people under 60. She also stated she was in favor of the project. Joan Woodberry representing Lakeside Terrace & Commodore Financial Mortgage Company, stated her concern was the extra traffic on Harbortown Dr. and their children playing in that area. Mr. Brown replied they would not be putting any additional traffic on it until about 4 or 5 years when the convalescent home goes in. Out of 27 letters mailed out 3 were in favor of this and 1 was in opposition.

B. ZONING PETITION - CROFT INVESTMENTS, INC. - CHANGE IN ZONING FROM SINGLE FAMILY (R1-7200) TO C-1 COMMERCIAL ON APPROXIMATELY 4.840 ACRES, LOWERY COBB SURVEY:

Jim Croft/Croft Investment's petition was presented and the proposed plans are for a quality community shopping center including a medical facility and maybe later coming back for a variance to add a gas station. Mr. Croft stated their plans would include upgrading Carlisle & Main St. Mrs. Harvell was opposed because of the view of the building from her front yard. Out of 15 letters sent out 3 were in opposition (1 was from Mrs. Harvell).

Chairman Gilliland closed the Public Hearing at 8:20 P.M.

II. REGULAR MEETING

Chairman Gilliland called the Regular Meeting to order at 8:21 P.M.

A. ROLL CALL

All members were present except Vice-Chairman Gene Welborn and Paula Horn.

B. MINUTES

Mike Fahey moved to approve the minutes as read. Sandy Payne & Monty Carpenter seconded the motion and it carried unanimously.

C. ZONING PETITION - WILLIAM BROWN - ACTION

Sandy Payne moved to recommend to City Council the approval of Mr. Brown's petition for a change in zoning from Single Family (R1-7200) to C-1 Commercial classification on 4.61 acres and R-3 Multi-Family classification on 10.93 acres, out of the M.E.P & P.R.R. Survey. Mike Fahey seconded the motion and it carried unanimously.

D. ZONING PETITION - CROFT INVESTMENTS - ACTION

Monty Carpenter moved to recommend to City Council the approval of Croft Investment's petition for a change in zoning from (R1-7200) Single Family to C-1 Commercial classification on approximately 4.840 acres, out of the Lowery Cobb Survey. This motion died due to the lack of a second. Then the motion of denial was made by Sandy Payne and seconded by Mike Fahey . It carried with the following votes:

AYES: Sandy Payne, Mike Fahey
NOES: None
ABSTAINED: Monty Carpenter

E. PRELIMINARY & FINAL PLAT - MONTY WILLIAMS/CLARAMONT SUBDIVISION - ACTION

Karen Mankoff, Secretary

I. PUBLIC HEARING

Chairman Linwood Gilliland called the Public Hearing to order at 7:30 P.M.

A. Zoning Petition - Jim Croft/Croft Investments, Inc. - Change in zoning from Single Family (R1-7200) to C-2 Commercial on 4.840 acres, Lowery Cobb Survey:

Croft Investment's petition was presented and the proposed plans are for a quality community shopping center including a gas station, grocery store and a minor emergency clinic. Robert Marks was in opposition to this due to the increase in traffic that this would create on Carlisle. Mr. Croft stated they would upgrade Carlisle to handle the traffic. Carol Foster, a commercial property owner, stated as far as she was concerned " Start Construction Tommorrow". Chairman Linwood Gilliland reported the response of the other property owners as follows: Out of 15 letters sent out 3 were in opposition, including Mr. Marks response and 2 were undecided about the request. Mayor Bill Honse was concerned as to if Croft Investment had actually purchased the land from Mr. Fries yet. Mr. Croft stated the purchase had not been finalized but they were working with Mr. Fries attorney and that Mr. Fries was well aware of what they were doing and was not in objection.

B. Zoning Petition - Kent Flynn/Astor Development - Change in zoning from Single Family (R1-7200) to Single Family Dwelling with Group Housing Project Plan on 131.8 acres, T. White Survey:

Kent Flynn/Astor Development's petition was presented and the proposed plans are for flexible design standards on lots with trees but overall measurements would average out to our requirements. Also, a reduction in floor area to 1400 sq. ft. in some models to enable builder to offer different price ranges. But at the same time builder would offer up to 1800 sq. ft. in homes to make project's floor area average 1500 sq. ft. which is zoning requirement. There was not any verbal opposition to the change. Chairman Linwood Gilliland reported out of 24 letters mailed out 1 was in favor, 6 in opposition and 2 were undecided.

Chairman Gilliland closed the Public Hearing at 9:05 P.M.

II REGULAR MEETING

Chairman Linwood Gilliland called the Regular Meeting to order at 9:18 P.M.

A. ROLL CALL

Chairman Linwood Gilliland noted that all of the Commission members were present.

B. MINUTES

Bill Honse moved that the minutes be approved as read. Mike Fahey seconded the motion and it carried unanimously.

C. ZONING PETITION - ASTOR DEVELOPMENT - ACTION

Sandy Payne moved to recommend to City Council the approval of Mr. Flynn's petition for a change in Zoning from R1-7200 Single Family to Single Family with Group Housing Project classification on 131.8 acres, Tract 3, out of the T. White Survey. Mike Fahey seconded the motion and it carried unanimously.

D. ZONING PETITION - CROFT INVESTMENTS - ACTION

Gene Welborn moved to recommend to City Council the approval of Mr. Croft's petition for a change in Zoning from R1-7200 Single Family to C-2 Commercial classification on 4.840 acres, out of the Lowery Cobb Survey. Bill Honse seconded the motion and it carried with the following votes:

AYES: Gene Welborn, Mike Fahey, Bill Honse
NOES: Paula Horn, Monty Carpenter
ABSTAINED: Sandy Payne

E. PRELIMINARY & FINAL PLAT - MONTY WILLIAMS - ACTION

City Engineer Greg Edwards submitted a letter of denial on plat due to various things including a topographical layout required by our ordinance that was not included on Mr. Williams plat. He was given a copy of the letter and Commission members decided to table the discussion.

F. OLD BUSINESS

V. FINAL PLAT - LAKE DALLAS INDUSTRIAL PARK
SPRUCE CREEK APARTMENTS - ACTION

John Porterfield, Surveyor presented the plat to Board members. Their main concern was the Acess of lots to a public street and a drainage study. City Engineer Greg Edwards submitted a letter of denial on plat due to drainage study not complete and Tracts 2, 3, 4, and 5 not having a access to a public street. However, Greg did state that the drainage problem could be worked out in the site planning process. Don Glockel of Lake Dallas Telephone Company stated the phone company doesn't want their lines under pavement.

Gene Welborn moved to approve the final plat on Lake Dallas Industrial Park. Monty Carpenter seconded the motion and it carried unanimously.

Mr. Porterfield withdrew the request for approval on final plat Spruce Creek Apartments due to the fact that they simply were not ready to present it with the necessary details.

VI. PRELIMINARY PLAT - THOUSAND OAKS ADDITION - ACTION

Kent Flynn with Astor Developing Company presented Board members a slide presentation of what type housing addition they are proposing. Such housing would be Gemcraft homes in the price range of $85,000.00 to $120,000.00. Mr Flynn stated in developing the property they would do the following things:

1. work with Lone Star Gas Co. to move the gas line to the west side of the property,
2. try to preserve as many trees as possible,
3. put another road from street number 8 to frontage road of I35,
4. agree to work with the Fire Department when naming the streets.

Mayor Bill Honse moved to approve the above preliminary plat, Thousand Oaks Addition. Paula Horn seconded the motion and it carried unanimously.

VII. AMENDMENT TO ORDINANCE NO. 25 - DISCUSSION

Chairman Linwood Gilliland tabled the above discussion.

I. PUBLIC HEARING

Chairman Kemery called the Public Hearing to order at 7:35 P. M. He asked for comments on the proposed amendments to Ordinance #25 and No. 160.

A. Amendments to Ordinance No. 25:

1. Section VIII. District R-2, Two Family Dwelling District- Changes in Height, Area and Use Regulations.
   Linwood Gilliland asked for clarification of term, "Covered Parking" in Section I (C) (1). The Amendment was changed to read, " A Two Car Garage" .

2. Section IX. District R-3, Apartment House District - Changes in Height and Area Regulations.
   There were no public comments.

3. Section XXIV. Board of Adjustment - Change in Filing Fees.
   There were no public comments.

4. Section XXVI. Procedures for Amendments and Special Use Permits - Change in Filing Fees and Addition of a New Section Requiring a Zoning Change Sign.
   Ron Kee questioned that the Amendment does not state where the Zoning Change Sign was to be posted. The addition was added to Article VIII. stating that the sign would be posted fifteen (15) feet from the property line.

   After discussion, Article VI. was changed to read:
   " A fee of $350.00 shall accompany each application for an Amendment or Special Use Permit" .

B. Amendment to Ordinance No. 160:

1. Section II. Change to Correct Wording of Original Amendment.
   There were no public comments.

I. PUBLIC HEARING

Chairman Kemery called the Public Hearing to order at 7:30 p.m.

A. Zoning Petition - William T. Coulter - Change in zoning from M-1 (Light Industrial) to R-1-7200 (Single Family) on Tract 11, L. Cobb Survey:

Mrs. Coulter presented their petition and stated they intended to divide their property into ten lots and build ten houses. There were not any citizen comments made except from Robert Marks who inquired of the intended use. One letter was received in favor.

B. Zoning Petition - Floyd West, Jr. - Change in zoning from M-1 (Light Industrial) to R-3 (Multi-Family) on a 2.511 acre tract out of the M. Wright Survey:

Mr. West presented his petition and his proposed plan to construct an apartment complex containing forty eight units. Commissioner Fahey expressed concern about the narrow streets surrounding the property. Mr. West stated that he would pave, curb and gutter his side of Betchan Street. Mrs. Ivan Bounds informed the Commission that they owned the property abutting the north side of Betchan and that they would not bare the expense of paving their portion because they opposed the zoning change. The following persons spoke in opposition of the zoning change stating such reasons as water shortage, narrow streets, congestion and water drainage problems: G.F. Peach, Mrs. Peach, Harriet Seymour, Ivan Bounds, Charles Blaylock and Bill Jacobs. Eight written responses were received in opposition and none in favor of the change in zoning.

C. Zoning Petition - Eddie Chung - Change in zoning from R-1-7200 (Single Family) to R-2 (Two Family) on Lot 21, Block K, Oak Lakes Subdivision:

Mr. Chung's petition was presented and no one spoke in opposition to the proposed change. Three written responses were received in opposition and one in favor of the zoning change.

D. Zoning Petition - Eddie Chung - Change in zoning from R-1-7200 (Single Family) to C-1 (Commercial) on Lot 18, Block K, Oak Lakes Subdivision:

Mr. Chung's petition was presented. Elaine Rooney stated that she opposed the proposed change because it would increase traffic and encourage loitering. Eight letters were received in opposition and none in favor of the change. The Commission informed Mr. Chung that he should consider asking for a Special Use Permit.

Chairman Kemery adjourned the meeting at 8:19 p.m.

Charles Berry, Building Inspector
Donna Hamilton, Secretary

Members Absent: None

I. PUBLIC HEARING.

Chairman Kemery called the Public Hearings to order at 7:30 p.m.

A. Zoning Petition - Amstrutz, Cunningham & Pralle - Change in zoning from R-1 (Single Family) to R-2 (Two Family) on Lots 23 & 24 plus a 1.7 acre tract out of Block K, Oak Lakes Subdivision.

Judy Amstrutz presented the petition on behalf of all of the petitioners. She stated that Two Family zoning would be a good buffer between the Light Industrial Zoning on the south side of Swisher Road and the Single Family Zoning in the Oak Lakes Subdivision. She noted that the two single family homes built on Swisher Road did not sell very fast. Although the petitioners do not have any plans to build in the near future, they assured the Commission that they would build quality units. Mr. & Mrs. Charles Hart opposed the rezoning because of lack of sewage facilities and encroachment of multi-family units toward their lots. Ms. Hamilton reported that she had received two letters opposing the change.

B. Special Use Permit - Toni Smith - Day Care Center at 612 Main.

Ms. Smith presented her proposed plans for the Private School and Day Care Center. Mr. Robert Marks and Mr. Clinton Lane expressed opposition to the use of the property as a Day Care Center because of the noise made by the children next to their back yards and the additional traffic on Carlisle Drive.

Chairman Kemery adjourned the Public Hearing at 8:35 p.m.

II. REGULAR MEETING.

Chairman Kemery called the Regular Meeting to order at 8:45 p.m.

A. Roll Call.

Chairman Kemery noted that everyone was present.

B. Minutes.

Ron Kee moved that the minutes be approved with noted correction of spelling. Sandy Payne seconded the motion and it carried unanimously.

C. Zoning Petition - Amstrutz, Cunningham & Pralle - Action.

Gene Welborn moved to recommend to City Council the approval of the petition for a change in zoning from R-1 (Single Family) to R-2 (Two Family) classification on Lots 23 & 24 plus a 1.7 acre tract our of Block K, Oak Lakes Subdivision. Sandy Payne seconded the motion and it failed with the following vote: Ayes: Gene Welborn, Sandy Payne, Mike Fahey. Noes: Paula Horn, Ron Kee, Anne Kennedy, Phil Kemery.

D. Special Use Permit - Toni C. Smith - Action.
Anne Kennedy moved to recommend approval of the petition for a Special Use Permit for a Day Care Center at 612 Main. Gene Welborn seconded the motion and it carried unanimously.

E. Zoning Notification Signs Ordinance - Action.
Gene Welborn moved to submit the attached recommendations for a Zoning Notification Sign Ordinance to the City Attorney. Ron Kee seconded the motion and it carried unanimously.

F. New Business.
None.

G. Old Business.
1. Amendments to R2 & R3 Zone Districts -
Gene Welborn moved to hold a workshop at the Methodist Church on July 23, 1985 from 7:00 to 8:30 p.m. to discuss amendments. Ron Kee seconded the motion and it carried unanimously.

H. Adjournment.
Ron Kee moved to adjourn the meeting. Paula Horn seconded the motion and it carried unanimously.

Member Absent: Phil Kemery, Chairman

I. PUBLIC HEARING.

Vice-Chairman Welborn called the Public Hearing to order at 7:40 p.m.

A. Zoning Petition - Eddie Chung - Change in zoning from R-1 (Single Family) to R-3 (Multi Family) on Lot 21, Block K, Oak Lakes Subdivision:

Mr. Chung's petition was presented and the proposed plans are to construct a four-plex apartment unit with around nine hundred square feet per unit. They plan to use the same plans that are being used on lots 19 and 20. Judy Amstutz, representing a group of adjoining property owners, stated that they were in favor of the proposed change and that they are going to petition for a change to multi family on their lots. There was not any verbal opposition to the change. Ms. Hamilton reported that she had received one reply in favor of the change, three in opposition and two that were undecided. Vice-Chairman Welborn closed the Public Hearing at 7:55 p.m.

II. REGULAR MEETING.

Vice-Chairman Welborn called the Regular Meeting to order at 8:00 p.m.

A. Roll Call.

Vice-Chairman Welborn noted that Phil Kemery was absent.

B. Minutes.

Bill Honse moved that the minutes be approved as read. Ron Kee seconded the motion and it carried unanimously.

C. Zoning Petition - Eddie Chung - Action.

Bill Honse moved to recommend to City Council the approval of Mr. Chung's petition for a change in zoning from R-1 (Single Family) to R-3 (Multi Family) classification on Lot 21, Block K, Oak Lakes Subdivision. Sandy Payne seconded the motion and it carried with the following vote: Ayes: Bill Honse, Sandy Payne, Mike Fahey. Noes: Ron Kee and Paul Horn.

D. Amendments to R-2 & R-3 - Discussion.

The Commission agreed to postpone discussing any amendments until their next meeting.

E. Zoning Notification Signs - Action.

Ms. Hamilton related information from Phil Kemery concerning some of the requirements in other cities. Mr. Fahey presented a proposed ordinance that he had written. It was decided that Ms. Hamilton should get ordinances from other cities to use

for an example. Sandy Payne moved to table any action. Ron Kee seconded the motion and it carried with the following vote: Ayes: Sandy Payne, Ron Kee, Mike Fahey, Paula Horn. Noyes: Bill Honse.

F. Old Business.

1. Plat Map - Ms. Hamilton informed the Commission that the Denton County Appraisal Office was having plat maps drawn and that we can obtain copies in approximately one year at a nominal cost.

2. Ron Kee recommended that the Commission have a workshop. It was decided to hold one on June 18, 1985, at 7:30 p.m. at the Methodist Church.

G. New Business.

1. Ms. Tony Smith discussed her plans to open a pre-school at 612 Main. Although Ms. Smith has requested a Special Use Permit which will be heard at the July meeting, she wanted to inquire if the Commission thought her proposed plans were acceptable so that she could start some remodeling on her property. Each of the Commissioners said that her plan appeared to be acceptable.

2. Linwood Gilliland informed the Commission of the Denton County Transportation Committee's plans to place a bridge across Lake Lewisville connecting the Lake Cities area with the Little Elm area.

3. It was noted that the regular meeting would fall on the Fourth of July. Paula Horn moved that the regular meeting be held on Wednesday, July 3, 1985, at 7:30 p.m. Mike Fahey seconded the motion and it carried unanimously.

H. Adjournment.

Ron Kee moved to adjourn the meeting. Sandy Payne seconded the motion and it carried unanimously. Vice-Chairman Welborn adjourned the meeting.

PUBLIC HEARING:

Chairman Kemery called the Public Hearings to order at 7:30 p.m.

A. Amendment to Ordinance No. 52 - Use of Mobile Homes outside Mobile Home Zone Districts.

Some of the citizens thought this amendment would affect their mobile homes in Kingswood Estates, but Chairman Kemery explained that it would only apply to those mobile homes located on property not zoned for mobile homes.

B. Amendment to Ordinance No. 25 - Use Regulations and Height & Area Regulations.

There were not any public comments.

C. Amendment ot Ordinance No. 100 - Height & Area Regulations of Mobile Homes.

Linwood Gilliland stated that if a carport were setback ten feet from the front line, it would interfer with porches on the mobile home. He also pointed out the fact that the utilities are set-up to conform with existing setbacks for the mobile homes and only three vacant lots would be affected by a change.

Mike Fahey presented a paper with recommendations from a group of citizens. Their recommendations are: minimum dwelling size of 540 square feet; structures, except carports, be located ten feet from front and four feet from sides; and carport overhangs may go to property line but posts should be three feet from property line.

A lengthy discussion of the proposed amendments followed with the public giving their opinions and asking the commission to expoain their recommendations. All of the citizens wanted to allow carports built to the front property line and have garages setback ten feet. About fifty percent agreed with increasing the dwelling size to 780 square feet. Most of the citizens disagreed with changing the side yard setbacks and the distance between structures.

Chairman Kemery adjourned the Public Hearing at 8:52 p.m.

REGULAR MEETING:

A. Roll Call.

Chairman Kemery called the meeting to order at 9:05 p.m. and noted that all of the Commission members were present.

B. Minutes.

Bill Gilliland stated the minutes were incorrect because the Commission had agreed to table Ordinance No. 100 pending further research, and to postpone Ordinance No. 25 & Ordinance No. 52 until March. The secretary informed Mr. Gilliland that this matter was not voted on, therefore, she was not required to include it in the minutes. Mr. Gilliland stated that it was voted on. After a lengthy discussion, the other commissioners could not recall voting on the matter nor could they agree on changing the minutes.

Gene Welborn made a motion to approve the minutes, tape record future meetings, and only write in the minutes items voted upon and discussions that are noted should be in the minutes. Pam Schaefer seconded the motion and it carried with the following vote:

Ayes: Gene Welborn, Pam Schaefer, Sandy Payne, Bill Honse, Ron Kee.
Noes: None
Abstain: Bill Gilliland

C. Amendment to Ordinance No. 100 - Action.

Pam Schaefer made a motion to postpone action in order to obtain advice from a professional person. Gene Welborn seconded the motion. After a discussion, Ms. Schaefer withdrew her motion.

Ron Kee made a motion to delete the carport issue, allow 8'x8' buildings ten feet from the front line and four feet from the side line, and that all other structures be setback seven feet from the side. Gene Welborn seconded the motion and the motion failed with the following vote:

Ayes: Ron Kee
Noes: Bill Gilliland, Bill Honse, Sandy Payne, Gene Welborn
Abstain: Pam Schaefer

Sandy Payne made a motion that the minimum setbacks for mobile homes and garages shall be ten feet on the front and seven feet from the side & rear, and the minimum distance between detached structures shall be eight feet. The motion died.

Bill Gilliland made a motion to recommend to City Council that the following changes be made to Ordinance No. 100: Minimum dwelling size shall be 780 square feet, mobile homes and garages shall setback ten feet from the front line of the mobile home space, all buildings shall be four feet from the side and rear yard lines, and carport roofs may extend to the front line of the mobile home space but their vertical supports shall be a minimum of three feet from the front line. Sandy Payne seconded the motion and it carried with the following vote:

Ayes: Bill Gilliland, Sandy Payne, Bill Honse, Phil Kemery
Noes: Gene Welborn, Ron Kee, Pam Schaefer

D. Amendment to Ordinance No. 52 - Action.

Ron Kee made a motion to recommend to City Council that Ordinance No. 52 be amended a proposed. Bill Gilliland seconded the motion and it carried unanimously.

E. Amendment to Ordinance No. 25 - Action.

Gene Welborn made a motion to recommend to City Council that Ordinance No. 25 be amended as proposed. Bill Honse seconded the motion and it carried with the following vote:

Ayes: Gene Welborn, Bill Honse, Sandy Payne, Ron Kee, Pam Schaefer
Noes: Bill Gilliland

F. Preliminary & Final Plat - Bishop Addition - Action.

Ron Kee moved to recommend to City Council the approval of the final plat of Bishop Addition. Bill Honse seconded the motion and it carried unanimously.

G. Old Business.

1. Bill Gilliland asked why the amendments to Ordinance No. 160 were not included in the Public Hearing. Donna Hamilton explained the previous noted errors made by the City Attorney had not been corrected.

H. New Business.

1. The Commission discussed the plan to codify the ordinances. Mayor Honse suggested a joint meeting between City Council and the Planning and Zoning Commission.

2. Bill Gilliland suggested that Ordinance No. 7 be studied, revised and updated. He stated that the Mayor and Councilman should be ex-officio members of the Commission and not vote. Mr. Gilliland moved to recommend to City Council that Zoning Ordinance No. 7 be revised. Gene Welborn seconded the motion but after a discussion the motion was withdrawn.

3. Bill Gilliland made a motion that the person or persons responsible for changes in the minutes for the past two months be immediately replaced on the Commission. Gene Welborn stated that his previous motion covered this matter. Mr. Gilliland then made a motion to reconsider Mr. Welborn's previous motion. Ron Kee seconded the motion and it failed with the following vote:

Yeas: Bill Gilliland, Ron Kee
Noes: Gene Welborn, Sandy Payne, Bill Honse, Pam Schaefer

I. Adjournment.

I. Chairman Kemery called the Public Hearing to order at 7:30 P.M. He asked for comments on the proposed amendments to Ordinances #25, #52 and #100.

Amendment to Ordinance #25 - Use regulations and height and area regulations.

Amendment to Ordinance #52 - Use of mobile homes outside mobile home zone districts.

Amendment to Ordinance 100 - Height and area regulations of mobile homes.

Mike Fahay of 144 Kingswood said, in regard to the proposed amendment to Ordinance # 100, that he would like to see carport setbacks be less than suggested in the amendment. Various figures were discussed for the setback requirement. Mr. Fahay also suggested that the Public Notice published be more specific as to the matter to be discussed. Bill Gilliland agreed that the Public Notices should specify what action is proposed to be taken.

Ronny Kee moved, it was seconded by Bill Gilliland and approved unanimously by the Commission to adjourn the Public Hearing at 8:50 P.M.

II. Chairman Kemery called the regular meeting of the Planning & Zoning Commission to order at 8:55 P.M.

A. It was noted that two members of the Commission were not present.

B. Bill Gilliland moved, it was seconded by Sandy Payne to approve the minutes of the November 1, 1984 meeting.

C. Bill Gilliland moved, it was seconded by Sandy Payne and approved unanimously by the Commission to postpone action on the amendment to Ordinance No. 52 until after another Public Hearing can be held on the matter. It was included in the motion to publish more specific information in the Public Notice.

D. Bill Gilliland moved, it was seconded by Ronny Kee and approved unanimously by the Commission except Pam Schaefer who abstained from voting to postpone action on the proposed amendment to Ordinance No. 100. The motion also included a proposal to hold another Public Hearing on the amendment after a more specific Public Notice has been published.

E. Bill Gilliland moved, it was seconded by Sandy Payne and approved unanimously by the Commission to postpone action on the proposed amendment to Ordinance No. 25. The motion also included a proposal to hold another Public Hearing on the amendment after a more specific Public Notice has been published.

F. Under New Business Ronny Kee quizzed Building Inspector Charlie Berry about sub-standard housing and what can be done to remedy same.

G. There was no Old Business to conduct.

H. There being no further business to conduct, Sandy Payne moved, it was seconded by Pam Schaefer and approved unanimously by the Commission to adjourn the meeting at 10:35 P.M.

I. Public Hearing: Petition withdrawn.

II. A. Chairman Kemery called the Regular Meeting to order at 7:45 p.m. It was noted that Gene Welborn and Pam Schaefer were absent.

B. Ron Kee moved to approve the minutes of the November 1, 1984 meeting. Bill Gilliland stated that the minutes should show the Mayor as absent since Zoning Ordiance No.7 states that he is a regular member of the Commission. Mr. Gilliland seconded the motion to approve the minutes and it carried.

C. There was not any action taken on J.J. & K.B., Inc. petition for a change in zoning classification because the petitioner withdrew his request.

D. Sandy Payne moved to recommend to City Council the approval of the final plat of the Howard Addition out of the M.E.P. & P.R.R. Survey. Ron Kee seconded the motion and it carried unanimously.

E. The Commission discussed the proposed zoning amendments. It was decided that Ordinance No. 160 needs to be reworded before presenting it at the public hearing in January.

The Commission discussed various means of providing the Oak Lakes Sub-division with utilities and streets with the property owners paying for the improvements. It was recommended that City Council initiate action at their next meeting to start this project.

There was discussion of sub-standard buildings and fire protection codes.

F. Bill Gilliland moved to adjourn the meeting. Ron Kee seconded the motion and it carried unanimously. Chairman Kemery adjourned the meeting at 10:01 p.m.

I. Chairman Kemery called the Public Hearing to order at 7:30 p.m. Mary Ann Duwe presented her petition for a Special Use Permit for a plant nursery at 101 North Shady Shores. Ron Kee expressed concern that cars entering and leaving the business might add to the existing traffic problem at the intersection of Shady Shores and Hundley. He stated that he would like for the plot plan be studied carefully before a building permit is issued. There were no comments from the audience on this petition. The secretary informed the Commission of two letters received by the City that were in favor of the petition. Chairman Kemery adjourned the Public Hearing.

II. A. Chairman Kemery called the Regular Meeting to order at 7:40 p.m. It was noted that all members were present.

B. Ron Kee moved to approve the minutes of the October 4, 1984 meeting. Pam Schefer seconded the motion and it carried unanimously.

C. Ron Kee moved to recommend to City Council the approval of a Special Use Permit as requested by Mary Ann Duwe for a retail plant nursery at 101 N. Shady Shores with the following conditions: parking plan be submitted with building permit, permit be renewed in three years, and permit is void if business is sold. Gene Welborn seconded the motion and it carried unanimously.

D. Mr. Charles Watkins, representing Stephen Howard, presented a preliminary plat for the Howard Addition, a 2.62 acre tract out of the M.E.P. & P.R.R. Co. Survey. After much discussion of the unusual layout of the property and the fact that on lot only had a fifty foot street frontage, Mr. Watkins suggested that the Commission postpone a decision until he could do further research. Gene Welborn moved to table the preliminary plat. Pam Schaefer seconded the motion and it carried unanimously.

E. Mr. Gary Brackhahn discussed the feasibility of replating a portion of Garza Beach Estates. The Commission was unable to offer much advice because of the problems involved such as narrow streets, lots owned by other persons and lots that do not meet the minimum size requirements.

G. New Business:

1. Pam Schaefer moved for Gene Welborn to serve as Vice-Chairman. Sandy Payne seconded the motion. A motion was made for nominations to cease and it carried unanimously. Mr. Welborn was placed in the position of Vice-Chairman by acclaimation.

2. The Commission discussed several problems in the Oak Lakes Sub-Division and made the following recommendations:

   Pam Schaefer moved to reccomend to City Council that proof of a perk test be submitted with building permits on lots requiring septic systems. Gene Welborn seconded the motion and it carried unanimously.

   Pam Schaefer made a motion requesting the City Secretary to contact the City of Lewisville about their requirement of escrowing money for streets for undeveloped subdivisions. Sandy Payne seconded the motion and it carried unanimously.

F. Old Business.

1. The Commission reviewed the proposed Zoning Ordinance amendments. After discussing the amendments to the Mobile Home Ordinance, it was realized that the Commission was not in total agreement.

I. Chairman Kemery called the Public Hearing to order at 7:30 p.m. Mary Ann Duwe presented her petition for a change in zoning from C-1(Commercial) to C-2(Commercial) classification on Tract 2A(1) out of the J.W. Simmons Survey. Ms. Duwe presented her plans to use the property for a retail plant nursery and garden center. Several neighboring property owners spoke in opposition to the zoning change expressing such concerns as higher traffic volume and the fact that a business such as a car repair shop could be put on this property at a later date with the zoning change. Some of the property owners stated that they would be in favor of Ms. Duwe receiving a Special Use Permit for a garden center and plant nursery. Chairman Kemery closed the Public Hearing at 8:25 p.m.

II. A. Chairman Kemery called the Regular Meeting to order at 8:26 p.m. It was noted that all members of the Planning & Zoning Commission were present.

B. Gene Welborn moved to approve the minutes of the September 6, 1984 meeting. Ron Kee seconded the motion and it carried.

C. Ron Kee moved to recommend to City Council the denial of Ms. Mary Ann Duwe's petition for a change in zoning from C-1(Commercial) to C-2 (Commercial) classification on Tract 2A(1) out of the J.W. Simmons Survey. Pam Schaefer seconded the motion and it carried unanimously.

D. Mr. Gary Bracken was not present to discuss his proposed replat.

E. The Commission discussed the proposed amendments to the Zoning Ordinance and the fact that there appears to be opposition to the amendment increasing the minimum square footage of mobile homes and the amendment abolishing an ordinance which allows a person to replace a mobile home with a newer or larger one on property that is not zoned for mobile homes.

F. Chairman Kemery requested the secretary to give a list of addresses and phone numbers of the Zoning Commission to each member.

II. Ron Kee moved to approve the minutes of the June 7, 1984 meeting as submitted. Phil Kemery seconded the motion and it carried.

III. Charles Berry extended an invitation from the Fire Department inviting the Commission to watch a film on the danger of wood shingles. The date of the meeting is July 19, 1984 at 8:00 p.m.

IV. Jerry Blazewich appeared before the Commission to request that his company not be required to construct a wooden fence on the east side of his property as originally called for in his Special Use Permit for mini-warehouses. He informed them that the neighbor abutting his property has a chainlink fence and although Mr. Blazewich's company offered to remove the chain-link fence and replace it with the wooden fence, the neighbor is not willing to part with his fence. Mr. Blazewich's main concern was that the space between the two fences would collect trash and debris thereby creating an eyesore and fire hazard. Pam Schaefer moved to recommend to City Council the denial of of an amendment to Ordinance #175, Section 2(3), pertaining to the construction of a wooden fence around mini-warehouses located at 140 W. Hundley Drive. Ron Kee seconded the motion and it carried unanimously.

Phil Kemery moved to hold a Public Hearing on the proposed amendments that the Commission has informally voted upon. Pam Schaefer seconded the motion and it carried unanimously.

V. Phil Kemery moved to adjourn the meeting. Pam Schaefer seconded the motion and it carried. Chairman Gilliland adjourned the meeting at 10:30 p.m.

PUBLIC HEARINGS

FEBRUARY 2, 1984

Chairman Gilliland called the Public Hearings to order at 7:30 p.m.

I. Mr. James Kinley presented his petition for a change in zoning from R1-7200 (Single Family) to R1-4000 (Single Family - Mobile Homes) classification on a 159.7 acre tract of land out of the T. White & T. White, Jr. Surveys. Mr. Kinley gave a brief talk on his proposed project and then introduced his consulting engineer, Jr. Gonazlo Ancira. Mr. Ancira stated that the proposed mobile home park would be highly restricted as to the quality and type of homes and some of the main features of the facilities to be provided would be as follows:

1. All utilities will be underground.
2. Cable television will be provided by the developer.
3. All streets will have a minimum width of 30" and will consist of curb & gutter, reinforced concrete.
4. Each lot will have a minimum width of 60' and minimum depth of 110'.
5. All lots will have a concrete drive for two vehicles and a sidewalk.
6. All homes will have skirts within thirty days of placement in park.
7. Developer will provide street lighting and fire hydrants.
8. Trees will not be cut or removed unless absolutely necessary.
9. The park will be divided into an adult section of 285 lots, a family section of 235 lots and a recreational section of 13.75 acres.
10. The recreation area will consist of tennis courts, swimming pool, storage area, picnic area, recreation building and playgrounds.

Chairman Gilliland opened the meeting to questions from the Commission and the audience. Gene Welborn expressed concern of the load this developement would place on the school system and asked if the developer would be willing to donate land to the school district. Mr. Kinley stated that he did not think his project would create more of a burden than their taxes would pay for, but if they did, he would consider donating land. Other member of the Commission expressed concern regarding the impact on the water and sewer system and were informed by Mr. Blaylock, President of the Lake Cities Municipal Utility Authority Board, that their system could not handle a project as such at this time. Some of the other concerns expressed during the public hearing were depreciation of surrounding property values, high traffic volume and noise.

Chairman Gilliland closed the public hearing on Mr. Kinley's petition at approximately 9:30 p.m.

II. Mr. Burt Shryock presented his petition for a change in zoning from C-1 (Commercial) and M-1 (Light Industrial) to R-3 (Multi-Family) classification on a 8.315 acre tract of land out of the J.W. Simmons Survey. Mr Shryock stated that he intended to build approximately two hundred units of adult only apartments and construct a 60' wide, concrete street which would extend from Shady Shores Road to Interstate 35. Some of the amenities in the apartment complex would include a pool, spa, clubhouse, laundry facilities and fenced tennis courts. The apartment units would have all electric kitchens with refrigerators, washer/dryer connections, cable connections, smoke detectors, and some with fireplaces. The one bedroom units would contain from 500 to 600 square feet and the two bedroom units would contain 860 square feet.

Mr. Shryock further stated that the estimated cost of this project would be $6,000,000. which would bring approximately $21,000. in taxes to the City, $51,000. to the School District, and $13,000. to the Utility Authority. Mr. Shryock introduced his engineer, Mr Greg Edwards, who informed the Commission and the audience of the drainage problems and their plans to alleviate them. He stated that they plan to construct a tennis court which would serve as a detention pond during rains.

Chairman Gilliland opened the meeting to questions from the Commission and the audience. Ron Kee expressed concern of the drainage problems and Mr. Greg Edwards further explained their proposed plans for alleviating such. Mrs. Carolyn Green, manager of Lake Haven Estates Mobile Home Park, expressed concern of the proposed street being too close to her property line. There was also concern of the impact on the school system if, at a later date, the apartment complex should become family oriented. Mr. Shryock stated that he did not know of a way to control the type of tenants if he sold his complex.

Chairman Gilliland closed the public hearing on Mr. Shryock's petition at approximately 10:15 p.m.

Chairman Gilliland called to order the public hearing to consider rezoning of Lots 1-6, Block A, 1st Highway Addition from Light Industrial to Commercial-Liquor. Mr. Lon Brown and Mr. McAlhaney spoke in favor of the rezoning stating that Mr. Brown wishes to construct a building so that Mr. McAlhaney can move his present liquor business from Lot 6 to Lot 4 in order to have more room.

Mr. Burt Shryock, Mrs. Georgia Johnson and Mr. Randolph spoke in opposition to the change stating they thought there were enough liquor stores or vacant lots zoned for liquor already and that more liquor zoning was not needed. A petition containing forty signatures of Lake Dallas residents who are opposed to the rezoning, was presented to Chairman Gilliland.

Donna Stephens, Secretary, informed the Commission that nine letters were sent to property owners withing 200 feet of the properties in question. One reply was was received in favor of the change and two replies were received in opposition. This constitutes more than 20% and it would require a four-fifths vote of the Commission and City Council to approve the change.

The public hearing to consider rezoning of Lots 1-6, Block A, 1st Highway Addition was adjourned.

Chairman Gilliland called to order the public hearing to consider the petition of Martha Russell requesting a Special Use Permit for a Day Care Center at 512 Atchison. There were not any persons opposed to the Special Use. Mr. John Powers stated that he was upset because he thought he had commercial zoning on his property which is located adjacent to the Day Care Center.

Mrs. Russell informed the Commission that the Day Care Center would remain as it is for the present time but they may enlarge it at a later date.

Chairman Gilliland adjourned the public hearing for a Special Use Permit at 512 Atchison at 8:00 p.m.

Chairman Gilliland called the regular meeting to order at 8:10 p.m. The minutes from the September 1, 1983 meeting were approved as submitted.

Pam Schaefer moved to recommend to City Council the denial of a change in zoning on Lots 1-6, Block A, 1st Highway Addition. Ron Kee seconded the motion and it carried with the prevailing votes: Ayes: Pam Schaefer, Ron Kee, Gene Welborn and John Rushing. Noes: none.

Gene Welborn moved to recommend to City Council the approval of a Special Use Permit for a Day Care Center at 512 Atchison with the following conditions: Permit will expire thirty months from the day of issue or if ownership changes. John Rushing seconded and the motion carried with the prevailing vote: Ayes: Gene Welborn, John Rushing, Pam Schaefer and Ron Kee. Noes: none.

After much discussion on masonry requirements in the R1-7200 zoning, the Commission agreed that additions to existing homes and all assessory buildings would not have to meet the masonry requirements.

Gene Welborn moved that masonry would not be required in the R1-6000 Zone District. John Rushing seconded the motion and it carried with the prevailing vote: Ayes: Gene Welborn, John Rushing and Pam Schaefer. Noes: Ron Kee.

Gene Welborn moved to adjourn the meeting. John Rushing seconded the motion and it carried unanimously. Chairman Gilliland adjourned the meeting at 10:15 p.m.

Chairman Gilliland called the meeting to order at 7:40 p.m. The minutes from the June 2, 1983, meeting were approved as submitted.

Mr. Harry Down, representing Ryland Homes, informed the Commission of plans to build a metal building with a brick front office on a tract of land in the J.W. Simmons Survey. Ryland Homes intends to construct trusses and prefab walls within the building and possibly to build modular homes in the future. Mr. Down stated that they are aware of drainage problems on the property and they had been in contact with an engineering firm familar with the area. He also stated that the firm would employ about sixty persons. The Commission expressed concern regarding noise, safety of school children next door, and insufficient access on Swisher Road.

The Commission discussed at length the pros and cons of requiring brick exteriors on single family homes in the R1-6000 District. Other problems, such as unsightly homes and businesses, were discussed.

Chairman Gilliland called the meeting to order at 7:40 p.m. The minutes from the April 7, 1983 meeting were approved as submitted.

The Commission decided to postpone the election of a Vice-Chairperson until all of the members are present.

The Commission discussed the Mayor's request to rezone Lots 1-6, Block A of the First Highway Addition from Light Industrial to Commercial (Beer & Alcohol). Several citizens in attendane were opposed to the rezoning because they felt the City needed light industrial zoning more than it needed commercial zoning. Phil Kemery moved to not consider the proposed rezoning. John Rushing seconded the motion and it carried unanimously.

Hazel Randolph informed the Commission that a neighbor had four horses on three acres and that when the horses eat all the grass off the land, it will cause an erosion problem. She stated that the zoning should read one horse per acre instead of one horse per ten thousand square feet. The majority of the commission felt that this request would be too restrictive for those who properly cared for their horses. Ms. Randolph stated that she had contacted the Health Department but they had not inspected the property yet to determine if the run-off from this property would pollute the stream at the bottom of the hill. Ms. Randolph said she would have the Health Dept. contact Donna Stephens after their inspection. The Commission also felt she should contact the Humane Society about the horses if she thought they were not being cared for properly.

The Commission informed Ron Kee and Phil Kemery, who are new members, of their current work on codification of the zoning ordinances.

Chairman Gilliland called the Public Hearing to order at 7:40 p.m. Mr. Lon Brown presented a petition requesting a change in zoning from M-1 (Light Industrial) to C-3 (Commercial-Alcohol) classification on Lots 3 & 4, Block A, First Highway Addition. Mr. Brown stated that he wished to construct a building with approximately 4,500 square feet. Around 1,500 square feet would contain a liquor store leased by Mr. McAlhaney who recently purchased the stock from J.B Liquor Store. The other portion of the building may be leased to Robby Robertson, a carpet retailer. Mr. John Carnathan stated that he was against the rezoning because he thought there were enough liquor stores. Mr. Burt Shryock was opposed because he thought the city needed industrial zoning and should not give up this zoning for commercial zoning because there are too many empty commercial buildings. Three letters were received from property owners: one in favor and two against. Chairman Gilliland received three phone calls in opposition to the change. The Commission expressed concern of the traffic problem at the proposed location and the fact that an adjoined property was denied the same change less than a year ago. Chairman Gilliland adjourned the public hearing.

Chairman Gilliland called the regular meeting to order. The minutes from the March 3, 1983 meeting were approved as submitted.

Gene Welborn moved to recommend to City Council the denial of Mr. Lon Brown's petition requesting a change in zoning from M-1 (Light Industrial) to C-3 (Commercial) on Lots 3 & 4, Block A, First Highway Addition. Pam Schaefer seconded the motion and it carried unanimously. Mr. Brown was instructed that his petition would be heard at the April 14, 1983, meeting of the City Council.

The Commission discussed several persons to serve on the Commission to replace Sue Rucker who resigned. Individual members will contact these prospective members to inquire if they would like to serve on the Commission and then report back to Donna Stephens so that she can submit these names to City Council.

The Commission discussed proposed codification of the zoning ordinances and their plan of attack. It was decided that they needed to get approval of the new Council before going forward on the project. Chairman Gilliland will attend the next Council meeting and request a joint meeting between the Commission and Council. The Commission discussed zoning of modular homes and decided to get a legal opinion on restricting modulars to a specific zoning.

Chairman Gilliland called the Public Hearing to order at 7:30 p.m. Mr. Louis Drozd, representing Lake Dallas Boat Co., presented a petition requesting a change in zoning from R1-7200 (Single Family) to C-3 (Commercial) classification on a 60' x 100' tract of land located in the M.E.E. & P.R.R. Survey, Abstract No. 924. This property is also known as the Lake Dallas Boat Company Gas Dock. Mr. Drozd stated that his marina wished to sell beer to customers as a convience and to help defray costs. He also stated that selling beer at the gas dock would not take business from other local stores since most of his customers usually brought beer from Dallas because it was not available at the marina. Pam Schaefer presented documentation of alcohol related accidents and stated that the Commission should not add to this problem by making beer more available to boaters. Mr. Drozd pointed out that instead of bringing a case of beer from Dallas, customers would probably buy a six pack which could cut down on consumption. After a question and answer period between Mr. Drozd, Mr. Davidson moved to adjourn the Public Hearing. Gene Welborn seconded the motion and it carried. Chairman adjourned the hearing at 8:00 p.m.

Chairman called the regular meeting to order. The minutes from the February 17 meeting were read and approved.

After a lengthy discussion, John Rushing moved to table the petition of Lake Dallas Boat Company requesting a change in zoning from R1-7200 to C-3. Bill Davidson seconded the motion. The motion carried with the following vote: Ayes: John Rushing, Bill Davidson, Pam Schaefer. Noyes: Gene Welborn.

The Commission discussed the possibility of several changes in members on the Commission and City Council after the election on April 2, 1983 and the fact that these new members would being making the decisions on the zoning request of the Lake Dallas Boat Company. After discussing the problems related to this change in members, Gene Welborn moved to rescend the motion to table the request for a change in zoning made by Lake Dallas Boat Company. John Rushing seconded the motion and it carried with the following vote: Ayes: Gene Welborn, John Rushing Bill Davidson. Noyes: Pam Schaefer.

Gene Welborn moved to recommend to City Council the rezoning of a 60' x 100' tract of land out of the M.E.E. & P.R.R. SPECIAL MEETING - JANUARY 20, 1983

Members Present:	Linwood Gilliland, Chairman Sue Rucker Pam Schaefer Gene Welborn John Rushing Charles Berry, Building Inspector Donna Stephens, Secretary
Members Absent:	J. Wm. Davidson

Chairman Gilliland called the meeting to order at 7:30 p.m.

Mr. Jay Haas, representing Payless Cashways, Inc., presented the plans for proposed construction of a distribution center to be located at Stemmons and Swisher Rd. Mr. Haas answered questions from the Commission. Fire Chief McCutcheon informed the Commission that the Fire Department, Building Inspector and representatives from Payless Cashways will meet on January 27th to discuss the fire protection system. Gene Welborn moved to approve the building plans. John Rushing seconded the motion and it carried.

Mr. Jesse Evans and Mr. Bill Singleton, homeowners in the Oak Lakes Subdivision, requested the Commission to upgrade the zoning in their subdivision. They stated that their deed restrictions require a minimum of fifteen hundred square feet living area and one hundred percent exterior masonary construction whereas the city zoning only requires twelve hundred square feet of living area and no masonary requirements. They stated that houses have been permitted that have only twelve hundred square feet and no masonary which devalues their property. The Commission informed Mr. Evans and Mr. Singleton that they were in sympathy with their problem and would start procedures to amend the zoning ordinance to require a minumum of fifteen hundred square feet living area and a masonary requirement on exterior surfaces.

The Commission discussed the proposed zoning ordinance codification and decided to work on one type of district at each meeting. It was decided, in order to assist the owners in the Oak Lakes Subdivision, to procede with amending Sections 1 and 6 of Ordinance No. 25. Proposed changes, deletions and additions were agreed upon and are attached to and are a part of these minutes. Gene Welborn moved to hold a Public Hearing on February 17, 1983 at 7:30 p.m. in the City Hall Building regarding proposed amendments to Zoning Ordinance No. 25, Sections 1 and 6. John Rushing seconded the motion and it carried unanimously.

Gene Welborn moved to adjourn the meeting. John Rushing seconded the motion and it carried. Chairman Gilliland adjourned the meeting.

REGULAR MEETING - JANUARY 6, 1983

Members Present:	Linwood Gilliland, Chairman Pam Schaefer J. Wm. Davidson John Rushing Gene Welborn Charles Berry, Building Inspector Donna Stephens, Secretary
Members Absent:	Sue Rucker

Chairman Gilliland called the meeting to order at 7:30 p.m. The minutes were approved as read.

John Rushing moved to recommend to City Council the abandonment of a road dedication in the H.H. Swisher Survey as requested by Jackson Concrete Co. pending conformation from the City Attorney that Jackson Concrete Co. has legal ownership of said property. Gene Welborn seconded the motion and it carried unanimously.

The Commission discussed the proposed codification of the zoning ordinances. Chairman Gilliland appointed Gene Welborn and John Rushing to review C-1, C-2 & C-3 zoning classifications and compare with zoning restrictions of surrounding cities. Pam Schaefer was appointed to study R-2 & R-3 classifications and Chairman Gilliland will study R-1 and Modular Home classifications. They will report their findings at the next meeting.

Pam Schaefer moved to place the petition for Special Use Permit as requested by John Lugenheim on the agenda for February, 1983. John Rushing seconded the motion and it carried.

Donna Stephens informed the Commission of a Special Meeting on January 20, 1983 to review building plans for Payless Cashways.

Gene Welborn moved to adjourn the meeting. John Rushing seconded the motion, and it carried unanimously.

Re: Jackson Concrete Company road

Dear Jean:

In regards to the road that was dedicated to the City of Lake Dallas that is located on property belonging to Jackson Concrete Company, it is my opinion that since the City has not made use of said road that they have lost their right to use said road because of the time lapse between the time of dedication and the present time.

It is further my opinion that said property has now reverted back to Jackson Concrete Company and for land title purposes the only thing that is now needed is the approval of the Planning and Zoning Committee.

If you have any questions concerning this matter, please feel free to call me.

Sincerely yours,

Richard S. Podgorski

Chairman Gilliland called the meeting to order at 7:35 p.m. Mr. Rushing moved that the minutes be approved as read. Mr. Davidson seconded the motion and it carried.

Mr. Jerry Graves and Mr. Rusty Holland presented their petition for abandonment of Payton Street. They stated that they want sixty feet of the east end of the street closed to prohibit vehicular traffic and to improve the land which now has large trees growing in it. They pointed out other obstacles in the street such as a sewer cleanout and guard post at the east end. A report from the Lake Cities Utility Authority stated that they would need a Utility Easement Declaration if the street were abandoned because of utility lines in the street. After much discussion, the Commission stated a desire to retain ownership of the street right-of-way for future use but to let the petitioners use the land until such time. Gene Welborn moved to postpone a decision pending legal advice of granting an easement instead of abandoment. Pam Schaefer seconded the motion and it carried.

Discussion was held regarding the proposed codification of the zoning ordinances. It was decided that the Commission and City Council still need to have a combined workshop to discuss the codification.

CASE #82-10-2

Chairman Gilliland called the public hearing to order at 7:30 p.m. Mr. Paul Bryant, representing Lake Highland Developement Co. of Texas, presented a petition requesting a change in zoning from Multi-family (R-3) to Mobile Homes (R-4000) classification on a 30.5 acre tract of land out of the M.E.P. & P.R.R. Survey. Mr. Bert Singleton of Clayton, Williams & Sherwood Mobile Home Park Developers, presented a slide show on manufactered homes. Mr. Joe Gary, an attorney representing Lake Highland Developement Co., pointed out basic benefits the City would receive from this developement such as increased tax revenues, increased local trade and city growth. Mr. Gary discussed urban services and the effect the mobile home park would have on them (See attachments).

Chairman Gilliland asked if there were any other persons in the audience who wished to speak in favor of the change in zoning. There were none.

Chairman Gilliland asked if there were any persons wishing to speak in opposition to the change in zoning. Several persons spoke, pointing out areas of concern such as overloading of the sewer system, traffic problems, increased burden on the Fire Department, drainage problems, neighborhood congestion, undesirable transiet citizens, and decrease in property values.

Chairman Gilliland adjourned the public hearing.

PUBLIC HEARING
CASE #82-10-1

Chairman called the public hearing to order. Mr. John Lugenheim presented his petition for Special Use Permit on Tract 50-5 out of the Mary Wright Survey, requesting to construct mini-warehouses. Mr. Lugenheim showed the Commission a preliminary plot of the property and discussed several requirements which are needed for approval of the project.

Mr. Lon Brown, representing Mrs. B.E. Brown and fifteen mobile home owners who reside on property located north of the proposed project, told the Commission that these residents were opposed to the Special Use Permit. He stated that most of these citizens were senior citizens and were afraid mini-warehouses would entice thieves into their neighborhood. No other persons spoke in opposition.

One written response was received in favor of the request.

Chairman Gilliland adjourned the public hearing.

Chairman Gilliland called the meeting to order at 7:40 p.m. Sue Rucker moved that the minutes be approved as presented. Bill Davidson seconded the motion and it carried.

Mr. Ron Hewitt, representing the Commercial Developement Committee of the Lake Cities Chamber of Commerce, presented ideas for future planning of the Lake Cities area. An outline of his speech is attached and becomes a part of these minutes. Mr. Kyle Shipp informed the Commission that their committee would be happy to assist the Zoning Commission in planning. Other members of the Commercial Developement present were: Martin Highbaugh, LeeRoy Schramm, Fred Stephens, Mike Murphy, Jean Chambers and Olive Stephens.

Mr. Bill Singleton, representing a citizens group from Oak Lakes Subdivision, informed the Commission that deed restrictions and zoning for their subdivision were not compatable. Deed restrictions require a masonary exterior and zoning does not, and deed restrictions require 1500 square feet of living area and zoning requires 1200 square feet. The citizens group would like for zoning to be as restrictive as the deed restrictions. The Commission informed the group of their present work on zoning amendments which will require 65% masonary on residences in the future and urged the citizens group to support their efforts at the City Council level.

Jean Chambers informed the Commission of the need to adopt the Unform Building Codes and Charles Berry recommended their adoption. Mr. Bill Davidson moved to recommend to City Council the adoption of the 1979 Uniform Building Codes. Sue Rucker seconded the motion and it carried.

Charles Cryan reviewed the rough draft of the zoning codification with the Commission. After much discussion, it was decided that the Commission needed more time to study the proposed codification. The next workshop is scheduled for July 15, 1982 at 7:30 p.m.

Pam Schaefer stated that in the future, members of the Commission should not make decisions, such as recommending who should be hired to codify the ordinances, without a quorum. It was pointed out to her that there was not a formal recommendation made to City Council because of the fact that there was not a quorum and that Council has the power to make certain decisions without recommendations from the Commission.

Mr. Gilliland adjourned the meeting at 10:20 p.m.

Chairman Gilliland called the Public Hearing to order at 7:30 p.m. Mr. Ed Anderson, representing Mr. W.C. Miller and Mr. Odell Bollier, presented a petition requesting a change in zoning from Light Industrial (M-1) to Commercial (C-3) classification on Lots 1 & 2, Block A, First Highway Addition. Mr. Anderson stated that Mr. Bollier wished to use the property for a beer and wine store and a package store instead of the current food establishment. He pointed out that there were other package stores in the immediate area. There were not any citizens in attendance who spoke for or against the matter. It was noted that six notices were sent to property owners lying within 200 feet of the property in question. Only two written replies were received and they were both in opposition to the change in zoning. It was noted that these replies represented more than 20% of the property owners and that it would take a four-fifths (4/5) vote of the City Council to approve the request.

Mr. Gilliland called the regular meeting to order.

Mr. Bill Davidson moved to recommend to City Council the denial of the change in zoning on Lots 1 & 2, Block A, First Highway Addition from Light Industrial (M-1) to Commercial (C-3). Pam Schaefer seconded the motion and it carried unanimously.

Mr. Charles Cryan and the Commission reviewed the zoning ordinances and discussed various changes they wished to make during the codification process. Mr. Cryan will draw up a rough draft of the codification and present it to the Commission for review before the next regular meeting on July 1, 1982. Mr. Cryan will present a rough draft of the updated zoning map at this meeting.

Chairman Gilliland called the meeting to order at 7:34 p.m. The minutes were approved as read.

Mr. Alan Efrussy, a representative of Burnett-Baldwin, addressed the Commission on the subject of developing a master plan and codification of ordinances. After a lengthy discussion, Mr. Efrussy told the Commission he would study information to be provided by the City and the Council of Governments, and present cost estimates for a development plan and codification of ordinances.

Mr. Greg Gross, representing Lake Dallas Telephone Co., presented a petition requesting a change in zoning from Single Family (R1-6000) to Commercial (C-2) classification on an .4 acre tract out of the Mary Wright Survey. Mr. Gross stated that immediate plans are to use this property for storage of telephone cable and the only construction will be a chain link fence. There were not any written or verbal responses from citizens. Bill Davidson moved to recommend to City Council the approval of the requested change in zoning. Sue Rucker seconded the motion and it carried unanimously.

The Commission discussed zoning for modular homes. Mr. Gilliland will study ordinances from other cities and make recommendations.

The Commission recommended that the Building Inspector should reinspect mobile homes and leave red tags on those that have not been under-pinned. Donna Stephens agreed to contact the City Attorney about nullifying all ordinances pretaining to mobile homes with the exception of Number 100.

Sue Rucker moved to recommend to City Council the reappointment of Bill Davidson to the Commission. Pam Schaefer seconded the motion and it carried unanimously.

Chairman Franzen stated that if there were no objections or changes, the minutes be approved as read. No objections were heard.

Chairman Franzen called the Public Hearing to order at 7:40 p.m. Mr. Marvin Sparks , representing Vibra-Whirl, Inc., presented his petition for a change in zoning classification on a 2.485 acre tract of land out of the Mary Wright Survey. He presented a plot plan to the Commission, which is attached and made a part of these minutes. He stated that the intended building would house an office and storage area. The storage area would house materials for paving tennis courts and running tracts. Such materials would consist of fifty pound bags of rubber, rubber base paint and weed killer. The storage area would also be used to garage some trucks and equipment and to do minor maintenance on the same. Mr. Sparks stated that there would not be much traffic into his business because it will be used as a base for out of town jobs, although there would be a semi-truck unloading supplies three to four times per year.

Several neighbors owning property within 200 feet of said tract asked questions and were generally opposed to the requested change because of the traffic and noise. P.O. Byers pointed out that there was already a large greenhouse and a car wash in the neighborhood. The Commission members stated that they were generally opposed because of the following reasons: inacessibility to Main Street, location and opposition of neighbors.

Chairman Franzen called for a recommendation to City Council on the petition of Mr. Marvin Sparks. Pam Schaefer moved to recommend denial of rezoning, Sue Rucker seconded the motion, but motion failed by a vote of two ayes and three noes. Chairman Franzen recessed the meeting for five minutes. After the recess, Gene Welborn moved to recommend to City Council that the tract of land referred to above remain as presently zoned. Pam Schaefer seconded the motion and it carried with the following vote: four ayes and one no.

Mr. Paul Bryant presented a petition for abandoment of a street right-of-way located in Harbourtown Villas, M.E.E. & P.R.R. Survey. Gene Welborn moved to recommend to City Council the abandoment, Betty Martin seconded the motion and it carried.

Betty Martin moved to recommend to City Council the passing of a resolution adopting the attached Preliminary Subdivision Checklist. Sue Rucker seconded the motion and it carried.

There was discussion of requesting dedication of Marina Drive from the Corps of Engineers so that artery streets could remain open. No motions were made.

Charles Berry, Building Inspector, ask for a recommendation on placing modular homes in R-1 6000 and R-1 7200 Zoning Classifications. The Commission was unable to make a recommendation until further study of the matter.

Tony Franzen called the meeting to order at 8:30 p.m.

II Chairman Franzen stated that if there were no objections or changes, the minutes be approved as read. None were heard.

III Russell Holland and Jerry Graves presented their petition for the east end of Payton Street stating that the road has not been maintained for some years, that it dead ends on Corps of Engineers property and therefore it should be closed permanently. Linwood Gilliland spoke in opposition stating he wants the street open for pedistrian and emergency vehicle traffic and that the Corps recently barricaded the east end of Payton Street by request of Mr. Graves. The City Staff recommended that only sixty feet of the east end of Payton be abandoned to allow access of emergency vehicles to houses located on the east end. Fire Chief Jerry McCutcheon said that fire trucks would not need access to the lake from East Payton as the department would not use lake water in the event of a structure fire. City Secretary Jean Chambers stated that she had confered with the manager of the Utility Authority about utility lines which do exist in East Payton. Gene Welborn moved to table a decision until further study of utility lines and the Corps of Engineers plans to barricade streets leading to Corps property. Pam Schaefer seconded the motion and it carried unanimously.

IV Betty Martin moved to recommend to City Council final plat approval of Althea Subdivision with the following recommendations to be included as a part of the Councils approval:

(1) That the alley on the east side of the property be increased to 25 feet in width and extended to Gotcher Street. This alley should be designated as a fire lane and all parking prohibited. This recommendation was made to the Commission by both the Fire Chief and Building Inspector.
(2) Ordinance #25, Section 10, does not allow for outdoor gas sales at this location and the Building Inspector and Fire Chief recommend that the future pumps be removed from the plot plan.
(3) Based on recommendations from the Building Inspector and the Fire Chief, the Commission recommends that 1 hour fire walls be required between each of the commercial building units in the shopping center.
(4) That the final location of all electrical meters be approved by the Building Inspector.

(5) That the attached recommendations of the Fire Department concerning provision of fire hydrants for this development be included. The size of the feed lines could be reduced to 6" on the south and east sides if two independent feeds are provided to the loop.
(6) As recommended by the Building Inspector, that the location of all underground electrical lines and associated transformers be approved by the Building Inspector as well as Texas Power & Light.
(7) That the developer will place one-fourth of the estimated cost of necessary street improvements on Shady Shores and Hundley Drive on deposit to offset their portion of construction costs.

Gene Welborn seconded the motion and it carried unanimously with Chairman Franzen voting.

V Pam Schaefer moved that the Commission be provided with a guideline, check list and/or procedures to follow in preliminary plat and plat cases. Betty Martin seconded the motion and it carried unanimously.

VI Old Business - None.

VII Gene Welborn moved to adjourn the meeting. Betty Martin seconded the motion, and it carried unanimously. Chairman Franzen adjourned the the meeting at approximately 11:30 p.m.

LAKE CITIES VOLUNTEER FIRE DEPARTMENT

Serving the Communities of Lake Dallas Hickory Creek Corinth and Shady Shores

Sept.1, 1981

Attention: Planing and Zoning Board.

Attached is a rough drawing of the property located at the intersection of Shady Shores and Hundley Dr, which is now in the planning stages of building a commercial building and a series of four-plexes. Also noted on the drawing are our recommendations for fire protection within the development.

ITEM ONE: FIRE HYDRANTS

Hydrant one located at the intersection of Shady Shores Rd. and Hundley Dr. on the Northwest corner of the property is needed instead of the hydrant located across the street, because this street is a major traffic artery, and it is not feasible to lay firehose across this intersection.

Hydrant two and three are needed because of the total footage in distance from one unit to the other fire hydrant exceed the ability of the fire engines in footage of firehose available.

NOTE: Each fire hydrant is located on an eight inch main because of the amount of water neede in case of two or more units were to be involved with fire at one time. The six inch loop will insure adequate water flow and pressure. Also be aware of the fact that we are dealing with multi-family dwelling and in front we are dealing with gasoline dispersement.

ITEM TWO: SMOKE DETECTORS

It is our recommendation that each individual unit in each four-plex be equipped with an electric smoke detector. [Not a battery type]

Your consideration in this matter will assure the safety of the occupants in each unit and will also assure the demise of prperty damage due to fire.

Dear Mayor and City Council:

On the 1st of September, 1981, the Planning and Zoning Commission met to consider the final plat of Althea Subdivision.

The final plat was approved with the following modifications. It is recommended that the alley on the east side of the property be increased to 25 feet in width and extended to Gotcher Street. This alley should be designated as a fire lane and all parking prohibited. This recommendation was made to the Commission by both the Fire Chief and Building Inspector.

The following recommendations are made concerning the plot plan submitted with the final plat and should be included as conditions to final plat approval by the City Council. Ordinance #25, Section 10, does not allow for outdoor gas sales at this location and the Building Inspector and Fire Chief recommend that the future pumps be removed from the plot plan. Based on recommendations from the Building Inspector and Fire Chief, the Commission recommends that 1 hour fire walls be required between each of the commercial building units in the shopping center. The Commission based on the information provided by the Building Inspector, recommends that the final location of all electrical meters be approved by the Building Inspector.

Attached you will find the recommendations of the Fire Department concerning provision of fire hydrants for this development. The size of the feed lines could be reduced to 6" on the south and east sides if two independent feeds are provided to the loop. The Commission and Building Inspector support this recommendation.

The Building Inspector recommends that the location of all underground electrical lines and associated transformers be approved by the Building Inspector as well as Texas Power & Light.

All recommendations presented herein were made by the Building Inspector and Fire Chief based on proper protection of the lives of the numerous persons who will live and work in this development. Therefore, the Commission strongly recommends that prior to your final approval that the developer is notified that these recommendations are adopted and become the formal position of the City Council. Along with these recommendations, it is the understanding of the Commission that the developer will place one-fourth of the estimated cost of necessary street improvements on Shady Shores and Hundley Drive on deposit to offset their portion of construction costs. We recommend that this procedure be followed.

Sincerely,

Members Absent: Betty Martin

Tony Frazen called the meeting to order at 7:30 p.m.and apologized for the postponement of the regularly scheduled meeting of August 6, 1981 due to the lack of a quorum.

Chairman Franzen stated that if there were no objections or changes, the minutes be approved as read. No objections were heard.

Mr. Mike Drozd, representing Lake Dallas Boat Company, presented his petition for a change in zoning classification on a 60' x 100' tract of land out of the M.E.E. & P.R.R. Survey, Abstract No. 924. Gene Welborn moved to recommend to City Council the rezoning of above referenced property from R-1-7200 to C-3. Sue Rucker seconded the motion and it carried by the following vote:

Ayes: Gene Welborn and Sue Rucker
Noes: Pam Schaefer and J. Wm. Davidson
Chairman Tony Franzen voted aye to break the tie.

The Commission reviewed the preliminary plat of Lots 7,10,11,14, 15,18,19 & 22, Block 2, Gotcher Addition as presented by J.J. Donald. J. Wm. Davidson moved to recommend approval of the preliminary plat contingent upon an agreement being reached concerning intersection construction at Shady Shores and Hundley as designed by Schoels, Fields and Associates, and upon approval of a variance concerning necessary square footage of the individual apartment units. Gene Welborn seconded the motion and it carried unanimously.

Mr. J.J. Donald was informed by Chairman Franzen that he could request permission to begin construction from City Council at their regular meeting on August 13, 1981. There was some doubt among the Board of issuing building permits before a contract is signed concerning street improvements. Chairman Franzen stated that he would attend the City Council meeting and inform them of the Boards feelings on this matter.

The Commission expressed a desire to start procedures of rezoning of approximately 336 acres of land owned by the Corps of Engineers whiched was annexed on May 23, 1978.

Chairman Franzen adjourned the meeting at 10:30 p.m.

Lake Dallas, Texas 75065

Dear Mayor and City Council:

On the 11th of August, 1981, the Planning and Zoning Commission met in regular session.

After a public hearing held on the 6th of August, 1981, discussion was held concerning the zoning change requested by Lake Dallas Boat Company on June 18, 1981. On a motion and second, the Commission voted 3 to 2 to recommend that the City Council amend our current zoning ordinance to reflect a change from R-1-7200 to C-3 as requested on referenced petition.

The Planning and Zoning Commission also reviewed the preliminary plat presented by J.J. Donald of lots 7,10,11,14,15,18,19 & 22, block 2, Gotcher Addition. After considered discussion, the Commission voted to recommend approval of the preliminary plat with the stipulation that agreement be reached concerning construction of necessary street improvements and the notice that the plat contains a variance concerning necessary square footage of the individual apartment units.

Mr. Mike Folse
Rainbow Development Co.
P.O. Box 1230
Lake Dallas, Texas 75065

Dear Mr. Folse:

On July 16, 1981, the Planning and Zoning Commission of Lake Dallas, Texas was requested, as a part of their workshop, to make recommendations concerning a survey plat of a resubdivision of lots 2,3,6,7,10, 11,14,15,18,19 & 22 of the Gotcher Addition to the City of Lake Dallas, Texas.

The following recommendations are provided for your assistance in completion of a preliminary plat for submission on this project. All recommendations refer to Section 5 of Ordinance Number 26 and the various subsections thereof:

The preamble of this section requires that five (5) copies of the preliminary plat be submitted not less than thirty (30) days prior to the time the plat is to be approved by the Planning and Zoning Commission.

Subsection 5(a) requires that the subdivision have a proposed name and show the names of adjacent subdivisions.

Subsection 5(b) requires the names of the owner and engineer responsible for the design.

Subsection 5(d) requires the location and width of existing and proposed streets, roads, lots (approximate dimensions) and alleys, building lines, easements, parks, school sites, and other features of the proposed subdivision. The plan shall show outline of adjacent properties for a distance of at least one hundred (100) feet, and how the streets, alleys or highways in the proposed subdivision may connect with those adjacent which are of record.

Subsection 5(f) requires a survey of the physical features of the property and a topographic map of the property at intervals not less than two (2) feet with the survey to be tied to a U. S. G. S. bench mark.

Subsection 5(g) requires approximate gradients of all streets.

Subsection 5(h) requires designation of land use in the subdivision.

The Planning and Zoning Commission does request a center line profile of the proposed street improvements on Shady Shores Drive and Hundley Drive.

Section 10 of Ordinance Number 26 prohibits the City Staff from issuing building permits until the requirements of this ordinance are met.

Sue Rucker called the Public Hearing to order a 7:30 p.m.

Mr. J.J. Donald presented his petition requesting a change in zoning from Single Family (R-1-6000) to Multi-Family (R-3) classification on a tract of land located in the 200 Block of South Shady Shores. This is Lots 7,10,11,14,15,18,19 & 22; Block 2; Gotcher Addition of the Mary Wright Survey. There were no citizens in attendance speaking in favor of the request. Three persons owning property within 200 feet of referenced tract spoke in opposition of requested zoning change stating reasons such as heavy population density and adverse traffic conditions. Two of these property owners indicated a preference of commercial over multi-family zoning. Thirteen letters were sent to property owners within 200 feet of the referenced tract. Two favorable letters and six letters of protest were received.

After a considerable amount of questioning and discussion, Sue Rucker adjourned the Public Hearing.

Sue Rucker called the regular meeting to order at 8:12 p.m.

Bill Davidson moved to approve the minutes as read, Betty Martin seconded the motion and it carried.

Sue Rucker opened to the floor for nominations for a Chairperson. Bill Davidson moved to nominate Tony Franzen and Pam Schaefer seconded the nomination. There being no other names placed in nomination, Sue Rucker called for a vote on the nomination of Tony Franzen and he was elected unanimously.

Tony Franzen, Chairperson, called for a recommendation to City Council on the petition of J.J. Donald requesting a change in zoning from R-1-6000 to R-3 on a tract of land located in the 200 block of South Shady Shores. Bill Davidson moved to recommend denial of rezoning, Pam Schaefer seconded the motion and it carried unanimously.

Tony Franzen informed the Planning and Zoning Board that they have the right to recommend to City Council a zoning change on any property without the request of the owner as long as rezoning procedures are followed. There was discussion of starting zoning change procedures on the tract of land owned by J.J. Donald from R-1-6000 to commercial. No motions were made.

Discussion was held regarding upgrading our present zoning ordinances and creating a master plan. Four of the Board members decided to go to North Central Texas Council of Governments to get information and model ordinances. The Board also decided to meet on the third Thursday of each month at 7:30 p.m. for a planning workshop.

Bill Davidson moved to adjourn the meeting, Pam Schaefer seconded the motion and it carried unanimously. Tony Franzen adjourned the meeting at 10:35 p.m.

Zoning Change Request: City Planner's Report

Request Number 79-2

Location: Lots 9-12, Block 4, Lake Dallas Sites

1. Existing Contitions

   a. Several mobile homes are already in the area

   b. Lot is too shallow (50') for construction of site built home as presently constituted

   c. This lot and all surrounding property for more than 200' is zoned for site build homes, not less than 900 square feet with not less than 6000 square feet of property area

2. Recommendations

   a. Recommend disallowance of this zone change as petitioned for from R-1, 6000 to R-1, 4000.

   b. Reasons

      (1) To change would be spot zoning which is illegal

      (2) There is presently existing in Lake Dallas a good deal of property for mobile homes

      (3) Placement of a mobile home would limit the use of the property for other types of structures more in line with the planned use of the area

      (4) There is not sufficient debth for the placement of any unit which would not encroach on either the front or rear setbacks (25' and 30' respectively)

Recommended Motion:

Motion was made by JIM DUNCAN and seconded by BETTY MARTIN to reject the change requested for Lots 9-12, Block 4, Lake Dallas Sites from R-1, 6000 to R-1, 4000 and this recommendation to be passed on to the Lake Dallas City Council for final action. Motion passed by a UNANIMOUS vote of the Zoning Commission, present and voting.

Report of the City Planner

RE: Abandonment of street right of way Crest Drive East from its East intersection with North Crest Drive to its West intersection with Lake Street

1. Existing Conditions

   a. Street is unusable in present condtion

   b. Street contains electric, water and sewer, and telephone utilities

   c. All property is accessible from presently existing roadways which are in use

2. Recommendations

   a. Recommend abandomment to the City Council

   b. Make Abandonment conditioned upon

      (1) Signed petition by all adjoining property owners (in hand)

      (2) Payment by adjoining property owners of $20.00 per seperate deed (6) to offset the city's legal cost for the quit claim deeds and administration

      (3) Inclusion of a 15' easement to be shared equally by opposing property owners

      (4) Execution by all property owners of quit claim deeds and proper filing with the Denton County Clerk

Recommended Motion:

I, JIM DUNCAN move to accept the petition of property owners of Lots 17 through 32 inclusive, Block 8, and Lots 1 through 12 inclusive, Block 11 to recommend abandonment of said street right of way adjoining said property and granting such right of way equally to opposing property owners in accordance with front footage of said lots and including the above condtions.

Seconded by LEON PILDER. Passed by a UNANIMOUS vote of the members voting and present.

Chairman Ezzell called the meeting to order at 7:35 P.M. Mr. Davis moved for approval of the minutes as read of the regular meeting held September 26, 1978. Mr. Pledger seconded the motion and it carried unanimously.

Mr. Tim H. Willis and Mr. Mike Frye presented a petition asking that the zoning classification of Tracts 16A(4) and 18 located in the Mary Wright Survey, Zone District C-3, be amended to include Boat Storage Units as an allowable use under the provisions of Ordinance 25, Section 3 of the City of Lake Dallas, Texas. Proposed development plans were submitted. Charles Cryan, City Planner, recommended that boat storage units should be included in Zoning Classification C-2, and that it would take approximately 3 months to create a C-2A Zoning Classification. After much discussion on the proposed petition, Mr. Davis moved to table the petition, Mr. Pledger seconded the motion, and it carried unanimously.

The following recommendations are made to City Council:

1. Mini-Warehouses and Boat Storage Units should be included in C-2 Zoning Classification.
2. All construction in C-1, C-2 & C-3 shall be of 50% masonry exterior.
3. All driveways and parking areas in C-1, C-2 & C-3 shall be of hard surface materials as provided in specifications.

Leon Pledger, Member

Councilman James W. Hutto was absent.

LAKE CITIES MUNICIPAL UTILITY AUTHORITY

Jack Young, President
Ernest Jernigan, Secretary
Bob Klem, Member
Don Lee, Member
J. B. Briggs, Manager

Mr. Ezzell stated the purpose of the meeting is to make a concerted effort to assist the City Government and the Water Authority in reaching an agreement of each entity's responsibility to improve and maintain fire hydrant service in the City.

Mr. Briggs indicated on a map places where new lines need to be placed in service, old lines in need of replacement with larger ones, and new fire hydrants placed in service and old hydrants replaced.

After much discussion of the matter, the following was agreed to by all persons present:

LAKE CITIES MUNICIPAL UTILITY AUTHORITY will:

1. Install fire hydrants, valves, cement blocking, pipe and taps where new water lines are being placed in service.
2. Install fire hydrants where 2" water lines are being replaced with 6" water lines.
3. Purchase plug and valve, and provide manpower and equipment (in cooperation with the City) for the installation of fire hydrant replacement on existing 6" water line.
4. Will be responsible for the maintenance of all fire hydrants after installation of new hydrants on new lines and replacement of inoperable hydrants on existing lines, with the Lake Cities Volunteer Fire Department being responsible for regular inspection of the hydrants and reporting any needed repairs to LCMUA.

THE CITY OF LAKE DALLAS will:

1. Be responsible for street repairs where 2" water lines are being replaced with 6" water lines.
2. Purchase fire hydrant, and provide manpower and equipment (in cooperation with LCMUA), for the replacement of inoperable fire hydrants on existing 6" water lines.

Councilman Payne stated he felt the agreement should be set out in writing, and Mr. Young agreed. Mr. Johnston suggested all procedures, work orders, etc. should also be set out in writing.

It was further agreed the City Planner and the Water Authority Manager would be responsible for the drafting of the agreement.

Mr. Ezzell stated the meeting would be recessed for ten minutes to allow for the departure of Council and Water Board members, and will reconvenue at 8:35 taking up the regular business of the Planning and Zoning Commission.

Mrs. Mayfield moved for approval of the minutes as read of the regular meeting held March 28, 1978. Mr. Johnston seconded the motion, and it carried unanimously.

Mr. Davis moved for denial of Mr. Bob Hilliard's request for a change in zoning classification from the C-1 District to the C-3 District for Lot Nos. 14 and 15, Block K, of the Oak Lakes Subdivision. Mrs. Mayfield seconded the motion, and it carried unanimously.

Mr. Ezzell called for discussion on the matter of recommending to City Council a proposed ordinance calling for a separate zoning district permitting the sale of beer and wine only. City Planner stated it is possible to rewrite the zoning ordinance to permit beer and wine sales where liquor sales are not permitted. The matter was discussed in great detail, but no motions were made.

There being no further business for discussion, Mr. Johnston moved for an adjournment of the meeting. Mr. Pledger seconded the motion, and it carried unanimously. Mr. Ezzell adjourned the meeting at 8:55 P.M.

REGULAR MEETING & PUBLIC HEARING OF FEBRUARY 28, 1978

Members Present: Jack Ezzell
Mary Mayfield
Leon Pledger
Howard Davis

Members Absent: Harvey Johnston

Public Hearing regarding proposed zoning change on lots 11 through 17, block K, Oak Lakes Subdivision, Lake Dallas, Texas, opened at 7:45 P.M.. Proposed change is from R-1, 7200 classification to C-1, commercial. Change is proposed in order to bring City zoning in line with the Deed Restrictions of the subdivision.

Zoning Board answered questions from two (2) property owners whose property backs up to some of the lots being changed.

Regular meeting of the Planning & Zoning Commission was called to order at 8:05 P.M. Minutes of the previous meeting were read. Howard Davis moved to approve the minutes as read, Leon Pledger seconded the motion, motion carried unanimously.

First item on the agenda was the above zoning change. Mary Mayfield moved to recommend to Council that Lots 11 through 17, Block K, Oak Lakes Subdivision, Lake Dallas, Texas, be changed in zoning classification from R-1, 7200, to C-1 Commercial. Howard Davis seconded the motion. Motion carried unanimously.

Second item on the agenda was a request from Messrs. W. R. Beene and Jim Boyles for plat approval to subdivide the presently privately owned Kingswood Mobile Home Community for property sale as Mobile Home lots. They further stated, the existing streets will be dedicated to the City, and the existing water and sewer lines will be dedicated to the Lake Cities Municipal Utility Authority. Leon Pledger moved that recomendation be submitted to the City Council approving the request contingent upon the existing streets being improved to meet accepted City standards and an amendment to the zoning ordinance be drafted and approved permitting a mobile home subdivision. Howard Davis seconded the motion, and the motion prevailed by the following vote:

AYES: Messrs. Howard Davis and Leon Pledger.
NOES: Mrs. Mary Mayfield.

Third on the agenda was a request for a zoning change made by Robert Hilliard. Property in question is Lot 15, Block K of the Oak Lakes Subdivision. Proposed change is from C1 to C3 classification. Public Hearing to be set for regular meeting day on March 28, 1978.

The final item discussed was fire hydrants. It was agreed to invite Roy Lee Lester to the next regular meeting to present the findings on a recent evaluation of existing and proposed fire hydrants.

Howard Davis moved for adjournment, Leon Pledger seconded the motion. Motion carried unanimously. Meeting adjourned at 8:50 P.M.

Meeting was called to order at 7:45 P.M.

Minutes of the previous meeting were read and approved. Chairman Ezzell welcomed new Board member Leon Pledger. Another new member, Harvey Johnston, was unable to attend because of a conflict in scheduling.

The date for the December meeting was discussed. It was decided that the regular date would be convenient for everyone.

City Planner, Charles Cryan, presented an excerpt from the Deed Restrictions of the Oak Lakes Subdivision showing the intention of having some commercial lots in Oak Lakes. He suggested that, since our zoning map does not show these lots to be commercial, the Board should invite those owners of eight (8) lots now being used as commercial to meet with the Board to schedule re-zoning of those lots at the City's expense. Mary Mayfield moved to ask the owners to come discuss a zoning change with the Board. Howard Davis seconded the motion. Motion carried unanimously.

Meeting was called to order at 7:45 P.M.

Chairman Ezzell opened the public hearing to comments from interested persons present relative to the request for a change in zoning from the R-1 7200 District to the C-2 District as made by Mrs. H. B. James on Tract 16, 1.458 acres out of the L. Cobb Survey. Mr. Cryan explained that Mr. Terry Danyeur wishes to purchase this property, construct a garage and a new home. Mr. Danyeur stated that a 6 to 7 foot wooden fence will enclose the area surrounding the garage. Mrs. Frank Herendeen questioned Mr. Danyeur extensively, and stated that she had no opposition to his plans.

Mary Mayfield moved to recommend to City Council that zoning be changed to C-2 as requested by Mrs. James. Howard Davis seconded the motion. Motion carried unanimously.

The Commission discussed the possibility of attending COG's seminar on Planning, Zoning & Development to be held in Arlington November 11 & 12, 1977.

Chairman Ezzell called the meeting to order at 7:40 P.M. Minutes of the February 22, 1977 meeting were read, corrected and approved.

Motion was made,by Howard Davis, to postpone any decision on the zoning of Clyde Edwards' property at this time. Ray Pinkerton seconded the motion and vote was unanimous in favor of the postponement. (Clyde Edwards abstained from voting).

Chairman Ezzell requested that the City Planner and the Secretary prepare advance notice of items to be placed on the agenda, in order that the Commission be able to study and be more familiar with these items before an upcoming P & Z meeting.

Discussion followed concerning recent seminar attended by Jack Ezzell, Mary Mayfield and Clyde Edwards. It was suggested that the Secretary write a letter to Mr. Bob Wegner of COG thanking him for his participation in the seminar and inviting him to attend one of the Lake Dallas Planning & Zoning meetings.

Discussion then turned to the need for a new zoning map. It was agreed to resume efforts to color that elusive butterfly, the zoning map.

Mary Mayfield requested to be placed on the agenda for April 26, 1977 meeting, for renewal of her Special Use Permit.

Jack Ezzell was asked to act as chairman until a new chairman could be elected.

Meeting was called to order at 8:05 P.M. Minutes of the January 25, 1977 meeting were read and approved as read.

First order of business was to elect a new chairman, due to the continued absences of Chairman Kermit Fonteno. Mary Mayfield nominated Jack Ezzel and Howard Davis seconded the nomination. There were no further nominations and Mr. Ezzell was elected unanimously.

The new chairman welcomed new P & Z member Clyde Edwards.

Second item on the agenda was for documentation of land use of property on Dobbs Road owned by Clyde Edwards. This property was annexed by Lake Dallas in 1967, but has not been given a zoning designation. Mr. Edwards requested that it be given a C-2 classification in order that he might operate a landscape/nursery business there. Mr. Edwards had documentation showing commercial use of the property prior to his purchase of it. Chairman Ezzell asked for additional documentation and recommended study of the situation and further discussion at the next Planning & Zoning meeting. Mary Mayfield moved to accept the chairman's recommendation and Howard Davis seconded her motion. (Clyde Edwards abstained from any voting in this matter).

Howard Davis
~~Clyde Edwards~~s moved to pass on a letter addressed to the Planning & Zoning Board from City Planner Joe Yalenty, to the City C ouncil for approval. Mary Mayfield seconded the motion. Motion carried unanimously. (Copy of letter attached).

Jack Ezzell, Mary Mayfield and Clyde Edwards expressed an interest in attending the Planning Commissioner's Workshop in McKinney on March 12 and March 19, 1977. They paid $15.00 each and asked the Secretary to send the reservation card with the money. They will request that the City Council refund the money to the Board members.

The Chairman recommended that the Board request, from City Council, Council representation at each P & Z meeting and access to legal advice from the City Attorney. Also, for a $200.00 annual budget for the Board to purchase supplies with. Mary Mayfield moved to present these requests to the Council. Howard Davis seconded the motion. Vote was unanimous in favor of the motion.

REGULAR MEETING OF JANUARY 25, 1977

Members present: Jack Ezzell
Howard Davis
Ray Pinkerton
Mary Mayfield

Members absent: Kermit Fonteno

Due to the absence of Chairman Fonteno, Jack Ezzell was elected to serve as Acting Chairman.

The meeting was called to order at 7:50 P.M. Secretary read the minutes from the special meeting held on January 4, 1977. Minutes were approved as read.

First item on the agenda was consideration of application for zoning change (from C-2 to C-3) made by Mr. Lynn Bural for property at Hundley Drive and Shady Shores Road.

Mr. Bural had requested change in zoning for 1.11 acres out of the M.E.P. & P.R.R. Co. Survey in order to comply with a request from Winn-Dixie Company (Buddies Supermarkets) that they be permitted to sell beer and wine in their proposed supermarket facility. Mr. Bural presented to the Commission a letter from Mr. Buddy Oujesky, Division Real Estate Manager (see attached letter) of the Winn-Dixie company which confirmed that company's interest in being a part of Mr. Bural's proposed shopping center at this location. However, the letter also indicated that Winn-Dixie's interest was contingent upon there being a full shopping center and their being permitted to sell beer and wine.

Mr. Ezzel, acting Chairman, inquired of Mr. Bural if Winn-Dixie was serious about their proposal. Mr. Bural answered that they were very serious.

After some additonal information was provided the Commission on the proposal, Mr. Ezzel asked if there were any citizens present who wished to speak for or against the change in zoning.

Mrs. Anne Kennedy, a resident of the Kings Manor Addition was the first to speak up and she voiced her opposition to the change because she wanted the sale of alcohol to stay where it was.

Gayle Kayashima voiced her opposition to the change because her property in Kings Manor backed right up to the area of the change. Additonally, she inquired if there would be some kind of a fence to seperate the new facility and Kings Manor.

Mr. Bural answered that he would build some kind of a wall seperating the two places.

Mr. Johnny Boyd spoke against the new facility because he was opposed to any expansion of the liquor.

Mrs. Johnny Boyd also spoke against the change because she believed that it would create additional traffic problems.

Mr. John Owens asked about the distance that the facility would have to be from churches and schools. He was told 300'. He stated his general opposition to the change.

Charles Cole, representing Sabine Valley Industries, owners of 2 acres of land across from Kings Manor on Shady Shores Road stated that since they proposed to construct some apartments on their land not far from the facility, they felt that the new store would be a convenience to the inhabitants of the proposed apartments.

Theresa Gladys, also a resident of Kings Manor, spoke against the change.

Maureen Garrison spoke against the change.

Gloria Owens spoke against the change.

Larry Kingston asked about an alley that supposedly ran between Kings Manor and the new facility.

Jean Chambers indicated that there had been some kind of a committment from one of the builders of Kings Manor to put up a masonry fence or wall along the south property line of Kings Manor.

Mr. Woodruff, one of the owners of the property in question, stated that it was unfair to ask a major store chain to come in and not be able to compete on the same basis and with the same products as a store that was already here.

Mr. Ray Pinkerton, a member of the Commission, stated that he thought that this change might amount to spot zoning and he would rather not engage in that kind of zoning.

Generally, some discussion ensued as to whether any stipulations could be attached to the change in zoning which would permit Winn-Dixie alone to have the change in zoning and not another owner or developer should Winn-Dixie fail to follow through on their plans. The consensus was that no such stipulations could be attached.

Discussion then ensued regarding the taking of a vote to change or deny the request or to table the request. The Commission decided to vote on the matter.

Ray Pinkerton made the motion to vote, Mary Mayfield seconded, and the vote was taken.

All Commission members voted unanimously to deny the request.

Next on the agenda was a request for final plat approval from Sabine Valley Industries.

Mr. Harry Gray, City Engineer, spoke first to the engineering aspects of the proposed Sabine Valley project and stated that everything was in order except that the builders has not yet submitted a topographic map. Mr. Gray stated that the topo would be forthcoming shortly.

Mr. Peter Galier, architect for the project, stated that Sabine was almost ready to request a building permit.

At this point Mr. Galier reviewed comments submitted from the acting Fire Marshall, Mr. Jerry McCutcheon (comments attached), and stated that they could comply with the requests for alternating "fire lane" and "no parking" stencils in the fire lane, moving of the dumpsters away from the buildings, wet plugs in service when construction began, and paved ingress and egress roads to the construction site when construction began. However, Mr. Galier debated the necessity for three (3) fire plugs on the site.

Mr. McCutcheon was called from another meeting to personnally comment on his request. After hearing from various parties, it was decided that 2 plugs, located in the Northeast and Southwest corners of the project, would be sufficient for fire protection. Additionally, Mr. Galier requested that Sabine not be required to build rear exits from each apartment. This was agreed to.

The Commission then voted on each individual requirement which Mr. Galier had requested exemption from and each vote was unanimous to exempt Sabine from those particular requirements.

The plat was then voted on and accepted unanimously with Ray Pinkerton making the motion and Mary Mayfield seconding it.

A letter is to be sent to Sabine stating that the plat is approved contingent upon their compliance with the aforementioned requirements.

Motion to adjourn by Ray Pinkerton, second by Howard Davis. Unanimous to adjourn at 9:10.

Roy Harper, Councilman

Chairman Fonteno called the meeting to order at 7:45 P.M. and called for a motion to waive the reading of the minutes of the July 27, 1976 meeting. Jack Ezzell made the motion and the vote was unanimous in favor of not reading the minutes.

One item appeared on the agenda as follows:

1. Discussion of a possible zoning change for the length of Hundley Drive between Denton Drive and Lakeview Drive to a C-1 classification. Jack Ezzell advised the Board that he had talked to a number of the people who reside on Hundley Drive and that most were in favor of the change. Mr. Jess Stowe requested (to Jack Ezzell) that the lot behind the old laundry building be included in the classification change. Joe Yalenty, City Planner, presented to the Board a proposal to stay within the property lines with the re-zoning, instead of taking a straight 200 feet which would cut through the middle of some of the property.

Chairman Fonteno suggested that the City Planner make a map showing an outline of the proposed re-zoning and that the meeting be recessed until such time.

Ray Pinkerton made the motion to recess until Wednesday, September 1, 1976 at 7:30 P.M.. Jack Ezzell seconded the motion. Vote was unanimous in favor of the recess.

Meeting recessed at 8:45 P.M.

MEETING RECONVENED ON WEDNESDAY, SEPTEMBER 1, 1976 AT 7:30 P.M. with the following members present:

Ray Pinkerton, Mary Mayfield, Howard Davis and Jack Ezzell. Kermit Fonteno was absent.

Continued --

Ray Pinkerton served as Acting Chairman due to the absence of Kermit Fonteno. Mr. Pinkerton called for a motion to waive the reading of the minutes. Jack Ezzell made the motion and it was seconded by Mary Mayfield.

Discussion continued on the possible zoning change on Hundley Drive as stated on the agenda.

Chair recognized Mr. G. O. "Woody" Woodruff and Mr. Lynne Burral of the Regional Airport Investment Company, who requested that their property on Hundley Drive (28.08 acres) remain a C-2 classification.

Chair then recognized Mrs. Helen James, who also requested that her property on Hundley Drive (SW corner of Hundley & Shady Shores Rd.) remain in the C-2 classification.

Board agreed to recommend to the City Council the following points:

1. To have Hundley Drive surveyed.

2. To let all presently zoned C-2 property remain unchanged.

3. To let all public school or church property retain its present classification.

4. To have new boundary's surveyed.

5. Have boundary lines, where possible, follow property lines, or a 200' depth.

Jack Ezzell moved that the City Planner should draw up the above recommendations for initialing by the Board before presenting to Council, Howard Davis seconded the motion. Vote was unanimous in favor of the motion.

Jack Ezzell moved for the meeting to be adjourned, Howard Davis seconded the motion. Meeting adjourned at 9:35 P.M.

MEETING OF MAY 25, 1976

Members present: Kermit Fonteno, Chairman
Mary Mayfield
Howard Davis

Members absent: Ray Pinkerton

Chairman Fonteno called the meeting to order at 7:40 P.M.. Minutes of the May 4, 1976 meeting were read, corrected, and then approved.

A memo from Joe Yalenty, City Administrator, was read by Chairman Fonteno (see attached). Mr. Fonteno said he would like to have more information on the request for zoning change on Hundley Drive. Howard Davis made a motion that more information be obtained; Mary Mayfield seconded the motion.

Chairman Fonteno advised the Board that he has requested some forms from the City of Irving and Dallas Urban Planning, and is in the process of developing an application form to aid Planning and Zoning.

Howard Davis made a motion to adjourn; Mary Mayfield seconded. Meeting adjourned at 8:15 P.M..

MEETING OF APRIL 27, 1976

Members present: Kermit Fonteno, Chairman
Mary Mayfield
Ray Pinkerton
Howard Davis
LeeRoy Schramm

Members absent: James Hutto, City Council
Johnny J. Vinson, Mayor

Chairman Fonteno called the meeting to order at 7:55 P.M.. Minutes of the previous meeting were read and approved. There were three items on the agenda as follows:

1. Examination and discussion of an application for a building permit for a hobby shop to be located at the southwest corner of Betchan and Sargent Streets. Applicant is Mr. Jimmie A. Richardson. Mr. Richardson presented his plans to the Board and stated that he felt he should not have to approach the Planning & Zoning Board, but is doing so in the interest of cooperation. He feels he is building a residential garage in an area zoned residential and therefore, sees no reason for P. & Z. action. Mr. Richardson asked that the Board pay particular attention to the City Ordinance that refers to artists working in their homes -- he feels pottery sculpture qualifies as art.

Chairman Fonteno entertained motion to postpone any decision until we can determine whether action from P & Z Board is necessary. Howard Davis made the motion and Ray Pinkerton seconded. Show of hands was unanimously in favor of postponement.
Special meeting was called for Tuesday, May 4, 1976.

2. Discussion of pending construction of a 40' x 40' personal garage at the Shore Drive residence of Ray G. Weikum. Howard Davis made the motion that decision be delayed until the Board can determine whether whether adjacent property owners have to be notified and whether Board can grant variance zoning on rear yard. Mary Mayfield seconded the motion.

3. Acceptance of resignation of Board member LeeRoy Schramm. Mr. Schramm was recently elected to the Lake Dallas City Council.

In other business, Chairman Fonteno suggested that a new building permit application form is needed. Time factor is needed in the interest of professionalism. Also need to have zoning ordinances on hand at P & Z meetings.

Howard Davis made a motion to adjourn. Ray Pinkerton seconded. Adjourned at 9:30 P.M.

SPECIAL MEETING OF MARCH 30, 1976

Members Present: Howard Davis
LeeRoy Schramm
Mary Mayfield
Ray Pinkerton
James Hutto, City Council member

Members Absent: Kermit Fonteno

Meeting was called to order at 7:50 P.M. by Acting Chairman James Hutto. There were two items on the agenda, as follows:

1. Discussion regarding City's request for zoning change from R-I to M-I on property located at 351 Betchan (old gin lot). Letters had been sent to property owners within 200 feet of said lot. Two of these property owners came to the meeting to voice their views. Mrs. Elva Pockrus said she does not want any more "junk" at her back door, and cannot go along with that type of structure (City barn) being built there. She said she is merely trying to protect the investment she has in her property. Mr. Ivan Bounds said he feels that the City will "do what they want to do" and that if the City can do exactly as they please, then he should be able to do anything he wants to his property. Board member, LeeRoy Schramm said he felt that the City should have presented their plans for any building to the Planning & Zoning Board for approval. Other members of the Board felt that to change the zoning on the City property would be spot-zoning and that they have worked hard to eliminate spot-zoning. Ray Pinkerton made a motion to deny the request for a zoning change on the property at 351 Betchan. Howard Davis seconded the motion. Acting Chairman Hutto asked for a show of hands. All four Board members voted in favor of denying request for zoning change.

2. It was decided that since the Chairman was absent, work on the zoning map should be postponed until another work session could be called.

LeeRoy Schramm made a motion for adjournment; Ray Pinkerton seconded the motion. Meeting adjourned at 8:35 P.M.

Members absent: James Hutto, City Council
Johnny Vinson, Mayor

Meeting was called to order at 7:50 P.M. by Chairman Fonteno. There were two items on the agenda, as follows:

1. Discussion regarding approving a Resolution to be presented to Council favoring the issuance of a Special Use Permit for C. J. and Mary Mayfield's greenhouse. Chairman Fonteno called for discussion either for or against. Mr. Schramm asked Mrs. Mayfield about parking for customers and she replied that there was room in her driveway for about eight cars. There was no further discussion and Mr. Fonteno called for a motion for a vote. Mr. Schramm made the motion and Howard Davis seconded. Vote was 3 in favor of (Mr. Schramm, Mr. Pinkerton and Mr. Davis), 0 against, and one abstaining (Mrs. Mayfield).

2. Resumed work on the zoning map.

James Hutto, City Council
Johnny Vinson, Mayor

No members were absent.

Meeting was called to order at 7:40 P. M. by Mr. Fonteno. There were three items on the agenda, as follows:

1. Discussion regarding approval of plat for the HarbourTown Villa development.

Discussion included street repairs and fences. Chairman Fonteno said approval of plat should not be contingent on these points. Building Inspector Larry Kingston was present at the meeting, and said that Mr. Cox and Mr. Reeves had complied with all the building codes and had done everything they had said they would do. Mayor, Johnny Vinson, said that he would make sure the street (Cain St.) was repaired. Examination of the plat by Board members followed. Chairman Fonteno called for discussion of opposed views; street repair was again brought up, and Mayor Vinson repeated that he would see to it. No further comments on unopposed views. Motion was made and seconded that the matter be voted on. 4 votes "yes", 0 votes "no". Plat was approved and signed by Chairman Fonteno.

2. Consideration of approval of a Resolution establishing the intent and desire of the Lake Dallas Planning and Zoning Commission that those areas of the city east of Lakeview Drive receive priority consideration for capital improvements.

It was explained to the Board that if the Resolution was passed, the City of Lake Dallas could make application for a Federal Grant of $100,000.00, to be used for a Hydraulic study (study of the drainage problem of the entire city) and for capital improvements in the area mentioned above (curbing and gutters). The following points were discussed: (a) City Administrator, Joe Yalenty, would be in charge of the project; (b) the seriousness of the city's drainage problem; (c) $100,000.00 is the limit that can be applied for by a city with a population under 5,000; (d) it is a grant, not a loan; (e) the grant is for one (1) year, with a possibility of getting more money the following year; (f) money must be used in a low-income area.

Motion was made and seconded that the Resolution be voted on. Vote was 4 to 0 in favor of approving the Resolution.

3. The remainder of the meeting was a work session for researching and up-dating the zoning map. Another work session meeting was scheduled for Tuesday, March 16, 1976 at 7:30 P.M.

Meeting adjourned at 10:20 P. M.

The Lake Dallas City Planning and Zoning Board met on February 24, 1976. This was the regular monthly meeting with no business on the agenda.

The meeting was not officially called to order. Members discussed the following:

1. The need for Planning & Zoning packets for each member. Secretary, Margaret Coulter is to make up packets for next meeting.

2. A work session to begin up-dating zoning map and ordinances. Tuesday, March 9, 1976 was the date agreed on for this meeting.

There being no further business, the Board adjourned.

MEETING OF JANUARY 27, 1976

Members present: Kermit Fonteno
Mary Mayfield
Howard Davis
LeRoy Schramm

Members Absent: Jim Culpin
James Hutto
Johnny Vinson

Meeting was called to order at 7:45 P. M. by Mr. Fonteno.

Minutes of the December meeting were not available to be read. They will be read at the next meeting.

The first order of business was study and discussion of plans for apartments on Shady Shores Road. Board discussed drainage problems, parking (off street), number & placement of fire plugs. Larry Kingston was present and briefed the Board on several points concerning the apartments. The Board agreed to give tentative approval of the site plans subject to the recommendations of the Fire Marshall, the City Engineer and the Building Inspector. Howard Davis made the motion and Mary Mayfield seconded the motion.

It was discussed and decided that Board Members who have resigned should return their information packets so that present Board Members can use them.

Board agreed that they would like to work on a long-range plan for the Lake Cities Area. Mr. Kingston suggested that they obtain a twenty year flood plain map from the Corps of Engineers to aid in this study.

Final order of business was the discussion of a replacement for Mr. Jim Culpin, who has resigned from the Board. Mr. Kingston suggested the Board consider Mr. Ray Pinkerton, an architect, as a possible replacement. Mr. Fonteno requested that Mr. Pinkerton be contacted.

Howard Davis made the motion to adjourn and LeRoy Schramm seconded the motion. The motion was carried.

E. Business:

1. **Consideration and Action on approval of Minutes for April 18, 2013 meeting.**
Motion to approve the minutes from April 18, 2013 was made by Commissioner Byers; second by Commissioner Fisher.
Ayes: Byers, Fisher, Shelton, Gilbert
Noes: None

Motion Passed

2. **Public Hearing on proposed zoning change of approximately 23 acres at the northeast corner of Shady Shores Road and Swisher Road from R-1-10000 to C-1 Retail District.**

Chairperson Gilbert asked if the owner of the property or a representative was present. Ronnie Boliver of 520 N Shady Shores Rd came forward. He advised that they would like to change the zoning ordinance so that when someone does want to buy the land it could immediately be sold for commercial purposes such as for a possible grocery store.

Charles Gaynier of 22 Oakwood came forward in regards to this zoning change. He asked exactly what commercial district it was changing to. Char DuPree advised it is being changed to C-1 which is the most restricted. This district allows for retail or professional building, for example a doctor's office or accountant. He asked about the plan for apartments across the street and how they were zoned. She responded that the area for the apartments was rezoned for planned development so it is a completely different zoning district.

Motion Passed

3. **Consideration and Action to approve the proposed zoning change of approximately 23 acres at the northeast corner of Shady Shores Road and Swisher Road from R-1-10000 to C-1 Retail District.**

Clyde Fisher just added that it was a natural progression for the city. Commissioner Byers also added that it will take time to get anything built in that area.

Motion to accept the proposed zoning change of approximately 23 acres at the northeast corner of Shady Shores Road and Swisher Road from R-1-10000 to C-1 Retail District was made by Clyde Fisher; second by Diane Byers.

Ayes: Fisher, Byers, Gilbert, Shelton
Noes: None

Motion Passed

4. **Discussion on adding a provision to the zoning ordinance to allow the use of accessory buildings for dwelling purposes and establishing conditions and guidelines for same.**

Chairperson Gilbert asked for background on the topic. Char DuPree advised it came up as a result of Lake Dallas residents wanting to build a small home for their elderly and sick parents on their property. Other communities do have this, either called a guest house or mother-in-law suite, but it is also called an accessory dwelling unit. She advised we do not have an ordinance either for it or against it so when this issue came up it was determined it was better to propose changing the ordinance than just requesting an exception in this one situation.

The residents that initially brought up the request are present and are willing to speak on the details. The packet included a letter written by the resident Lisa Boen and pictures of their home taken by Char DuPree.

Commissioner Fisher asked if this was very common and if it would be worthwhile to go through the ordinance just for one instance. Char DuPree advised it would be good because we would be "ahead of the game" since this won't be an isolated case. We need to have this in place so the city can have rules set in place for future requests. Commissioner Fisher added that it has been an issue with just regular accessory buildings so it is good to already have the restrictions determined.

Char DuPree talked about the spreadsheet that was made up reviewing other Texas cities that already have the Accessory Dwelling Units. She also mentioned that even the AARP said this is a "wave of the future." Commissioner Fisher said he has seen it more himself with more families wanting to live together.

Chairperson Gilbert asked is everyone looked at the information gathered. He also added that he felt it would be best if the setbacks be the same as the primary residence. Char DuPree stated based on her initial research she thought the setbacks should be 10 ft from

each property line, however the city attorney David Burman thought it should also be the same as the primary residence which is 25 ft from the front, 30 ft from the rear and 5 or 7 ft from the side setback, depending on their prospective residential zoning district. She had also initially thought the lot size should be 10,000 sq ft but after talking to the City Manager Ristagno they determined it should be around 12,000 sq ft which is a little less than a third of an acre. Chairperson Gilbert added it would take a large piece of property anyway and Commissioner Fisher asked how many properties would even qualify. Char DuPree responded that she wasn't sure of the number but there can't be many. The Boen's have almost an acre so they have an ideal piece of land for this situation.

Commissioner Fisher said it makes good sense to go ahead and change the ordinance instead of asking for an exception in this one instance. Char DuPree suggested that each project could still need approval by city council and Commissioner Fisher said he felt it isn't necessary. A standard can just be set and if anyone wants to have a variance from that standard, at that time they can go through the city council.

Lisa and Bryan Boen from 703 Payton St Lake Dallas came up to speak with the Commission members. She handed all of them a picture of Bryan's parents taken in 2010. She thanked everyone for considering the zoning change. Both parents are very sick and can barely get out of bed. They live in a small town just south of Stephenville with the roundtrip to Lake Dallas being eight hours. They are sure moving them to this area will help them to have better healthcare options. They understand there are other places they could live; such as a nursing home, but this is what they feel is best for their family. She also mentioned how the surrounding cities have these ordinances already set in place and that Lake Dallas needs to join them. The Boen's understand the city need to set restrictions for this type of request, but, they are hopeful that this zoning ordinance can pass as they do have a unique piece of property that would fit this situation perfectly. It was also explained how they cannot add an addition to their home because of the setbacks and problems with sewer and drainage. This additional building will just be added to the large piece of their property that is not otherwise being utilized.

Mr. Boen asked if anyone had any questions. Clyde Fisher just confirmed it was for his parents and asked again for the city that they currently live in. Gilbert just reiterated that tonight is just a discussion and it will be voted on in the next meeting. He also instructed the Boens to go ahead and get their plans set up and they mentioned they have already given the tentative restrictions to their chosen builder.

This is when Kathy Montalvo came up asking if this will affect Kingswood Mobile Home Park at all. It was determined that she meant to speak on the other zoning change on swisher. Commissioner Byers told her it shouldn't affect her as it won't be any different than when swisher courts was built near their property.

F. Future Agenda Items:

Char DuPree said the only thing for next month is adding a provision to the zoning ordinance to allow the use of accessory buildings for dwelling purposes.

2. **Public Hearing to approve the proposed rezoning of Lot 34, Block F of Oak Lakes Subdivision, City of Lake Dallas, Denton County, Texas from R-1-7200 Single-Family Dwelling District to C-1 Retail District. Chapter 122, Zoning, of the Code of Ordinances of the City of Lake Dallas, Article VIII, C-1 Retail District, Section 122-321 (2)(d), allows for application to be made. This property is located at 215 Swisher Rd, Lake Dallas, Texas.**

Rachel and Mike Mohn of 129 Whitney Dr. , Hickory Creek, Texas stated that their request for the Rezoning of 215 Swisher Rd. to a Farmers Insurance office would have little impact on traffic as most of their business in conducted online and over the phone. There are four employees total and three of those are part-time. The hours of operation would be 8:30 until 5:30 Monday through Friday. Rachel stated she has been an agent for 13 years and her current office which her company has outgrown is located at 303 Swisher Rd. does not have a lot of foot traffic. Rachel stated that she wants her business to stay rooted in the community but she needs a larger space.

Chairperson Gilbert asked whether or not they currently owned the property?
Mike Mohn stated that yes they have already made the purchase.

Commissioner Fisher asked if the pool was filled in yet?

Rachel Mohn stated that they were already working on plans to fill in the pool. Mike Mohn said that if the Rezoning was approved, the dirt removed to prepare the parking lot will be used as fill in.

Commissioner Fisher asked about the wood deck.

Mike Mohn explained that the deck was not a part of the property he purchased.

Chairperson Gilbert asked if anyone in attendance wanted to speak to the agenda item.

Marvin Chisum of 204 Hillcrest St, Lake Dallas, Texas voiced concern that approving the possible Zoning change could open the door to SOBs, liquor stores and gas stations in his neighborhood. Chisum's concerns are about increased traffic and safety for the children in the neighborhood. Chisum stated that if more businesses locate to the area he wants a brick wall built to buffer the noise.

Char DuPree explained that C-I is the most restrictive Commercial Zoning. The concerns mentioned do not fall in this type of zoning.

Commissioner Fisher stated that due to the bridge this area is going to eventually become commercial. When someone sells their home they will not be able to sell and it will sit vacant unless zoning changes are eventually made.

Joan Fortune of 507 Oak Crest stated she does not want the area to become a commercial area.

Commissioner Byers stated that eventually the entire area will go commercial.

Ken Howe of 205 Swisher Rd., Lake Dallas, Texas is concerned about the slowly making the transition to commercial stating the entire street should be rezoned all at the same time. The concerns of the homes remaining residential not being maintained and sitting empty if current owners move could be a real problem if the zoning were not changed.

Commissioner Fisher compared the transition of this area to the transition that took place in Ole Town Lewisville several years back, explaining it was a process and it took time.

Bonnie Brown of 299 Texhoma, Hickory Creek, Texas and has rental property in Lake Dallas sold this property to the Mohn's. Brown stated that the Mohn's knew it was zoned residential but they made the purchase hoping that the rezoning would take place. Brown stated that the Mohn's are the kind of people you want as neighbors.

Sherry (last name unknown) 509 Hillcrest, Lake Dallas, Texas asked if a traffic light could be installed due to traffic.

Chairperson Gilbert stated that call is not for the City of Lake Dallas to determine.

Chairperson Gilbert closed the Public Hearing.

3. **Consideration and Action to approve the proposed rezoning of Lot 34, Block F of Oak Lakes Subdivision, City of Lake Dallas, Denton County, Texas from R-1-7200 Single-Family Dwelling District to C-1 Retail District.**

Commissioner Gilbert asked if the Mohn's had thought about the impact of drainage due to the parking lot.

Mike Mohan said he had thought about that and was working on a resolution.

Commissioner Fisher asked about the current drainage.

Mike Mohn stated that the elevation now drains to the back of the property.

Char DuPree stated that the parking lot will require a permit and an engineer's report and drainage would be addressed at that time.

Chairperson Gilbert asked if there were any questions. There were no further questions. Clyde Fisher thanked theMohn's.

Motion to rezone Lot 34, Block F of Oak Lakes Subdivision, City of Lake Dallas, Denton County, Texas from R-1-7200 Single-Family Dwelling District to C-1 Retai District was made by Clyde Fisher; second by Diane Byers.
Ayes: Ben Gilbert, Clyde Fisher, and Diane Byers.

2. **Public Hearing for action to approve an ordinance adding a provision to the zoning ordinance to allow the use of accessory buildings for dwelling purposes and establishing conditions.**

Lisa Boen of 703 Payton St came forward. She just advised she was present to thank everyone for passing the ordinance and apologized that she didn't have the items needed to actually start the build.
Chairperson Gilbert closed the public hearing at 7:06 pm.

3. **Consideration and Action to approve an ordinance(s) adding a provision to the zoning ordinance to allow the use of accessory buildings for dwelling purposes and establishing conditions and guidelines for same.**

Chairperson Gilbert asked Char DuPree to give an overview for the new member of the commission Jenny Warmbrodt. Char DuPree reviewed how it all started with the Boen's wanting to build a small home on their large piece of property for their elderly parents that are not in good health. According to the current ordinance they could not build an additional dwelling unit on their land. The Community Development department

did research to see what other cities have in place for accessory dwelling units. Through that research and discussion the City Council and Planning and Zoning Commission thought it was good to pass this ordinance and have the guidelines set in place for this and future instances. It won't matter what district they are in, whether is it is R-1-6000, R-1-7200 and R-1-10000 since the minimum lot size would have to be 12,000 sq ft to even build. Clyde Fisher asked if the R-1-6000 district would qualify. Everyone was reminded that the Boen's house is in R-1-6000 district but they have a large amount of land. After the last city council meeting it was determined the ordinance could be passed at this Planning and Zoning Meeting and the Boen's hope to bring the replat for their property to the next meeting.

Motion to approve an ordinance(s) allowing the use of accessory buildings for dwelling purposes as written for R-1-6000, R-1-7200, and R-1-10000 was made by Diane Byers; second by Jenny Warmbrodt.

Commissioner Fisher asked if this was very common and if it would be worthwhile to go through the ordinance just for one instance. Char DuPree advised it would be good because we would be "ahead of the game" since this won't be an isolated case. We need to have this in place so the city can have rules set in place for future requests. Commissioner Fisher added that it has been an issue with just regular accessory buildings so it is good to already have the restrictions determined.

Char DuPree talked about the spreadsheet that was made up reviewing other Texas cities that already have the Accessory Dwelling Units. She also mentioned that even the AARP said this is a "wave of the future." Commissioner Fisher said he has seen it more himself with more families wanting to live together.

Chairperson Gilbert asked is everyone looked at the information gathered. He also added that he felt it would be best if the setbacks be the same as the primary residence. Char DuPree stated based on her initial research she thought the setbacks should be 10 ft from

each property line, however the city attorney David Burman thought it should also be the same as the primary residence which is 25 ft from the front, 30 ft from the rear and 5 or 7 ft from the side setback, depending on their prospective residential zoning district. She had also initially thought the lot size should be 10,000 sq ft but after talking to the City Manager Ristagno they determined it should be around 12,000 sq ft which is a little less than a third of an acre. Chairperson Gilbert added it would take a large piece of property anyway and Commissioner Fisher asked how many properties would even qualify. Char DuPree responded that she wasn't sure of the number but there can't be many. The Boen's have almost an acre so they have an ideal piece of land for this situation.

Commissioner Fisher said it makes good sense to go ahead and change the ordinance instead of asking for an exception in this one instance. Char DuPree suggested that each project could still need approval by city council and Commissioner Fisher said he felt it isn't necessary. A standard can just be set and if anyone wants to have a variance from that standard, at that time they can go through the city council.

Lisa and Bryan Boen from 703 Payton St Lake Dallas came up to speak with the Commission members. She handed all of them a picture of Bryan's parents taken in 2010. She thanked everyone for considering the zoning change. Both parents are very sick and can barely get out of bed. They live in a small town just south of Stephenville with the roundtrip to Lake Dallas being eight hours. They are sure moving them to this area will help them to have better healthcare options. They understand there are other places they could live; such as a nursing home, but this is what they feel is best for their family. She also mentioned how the surrounding cities have these ordinances already set in place and that Lake Dallas needs to join them. The Boen's understand the city need to set restrictions for this type of request, but, they are hopeful that this zoning ordinance can pass as they do have a unique piece of property that would fit this situation perfectly. It was also explained how they cannot add an addition to their home because of the setbacks and problems with sewer and drainage. This additional building will just be added to the large piece of their property that is not otherwise being utilized.

Mr. Boen asked if anyone had any questions. Clyde Fisher just confirmed it was for his parents and asked again for the city that they currently live in. Gilbert just reiterated that tonight is just a discussion and it will be voted on in the next meeting. He also instructed the Boens to go ahead and get their plans set up and they mentioned they have already given the tentative restrictions to their chosen builder.

This is when Kathy Montalvo came up asking if this will affect Kingswood Mobile Home Park at all. It was determined that she meant to speak on the other zoning change on swisher. Commissioner Byers told her it shouldn't affect her as it won't be any different than when swisher courts was built near their property.

F. Future Agenda Items:

Char DuPree said the only thing for next month is adding a provision to the zoning ordinance to allow the use of accessory buildings for dwelling purposes.

G. Adjournment

Motion to adjourn was made by Commissioner Byers; second by Commissioner Gilbert.

D. Citizen's Agenda
No one was present to come forward.

E. Business:

1. **Consideration and Action on approval of Minutes for December 6, 2012 meeting.**
Motion to approve the minutes for December 6, 2012 was made by Clyde Fisher; second by Diane Byers.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers, and Clyde Fisher.
Noes: None.

Motion Passed

2. **Consideration and Action to approve the proposed replat of Block 1, Lots 1, 2, 3, 4, 5, 6, 7, 10, 11, 12, 13, 14, 15, 16 of the Lake Dallas Sites into 3 lots becoming 104, 106, 108 Pearl Street.**

Clyde Fisher recused himself as he is the owner of the property listed in the agenda which is in consideration for a proposed replat and proposed site plan.

Clyde Fisher of 747 Carlisle, Lake Dallas, Texas stated that his request for the Planning and Zoning Commission is that the fourteen lots mentioned be replatted into three lots, making them big enough on which to build homes. He mentioned that his plan, should he get permission from the Commission and City Council, is to build three houses similar to ones he built about a year and a half ago. The homes will be one story starter homes that will each be about 1500 square feet with three bedrooms, two bathrooms, and double garages. He stated everything will comply with the regulations of the R-1-6000 Zoning that is currently in place for this area. He said he looked forward to getting approval and getting started around the first of February. He asked if anyone had any questions, while stating that Char DuPree had house plans available similar to what should be expected.

He added that he would be adding fireplaces to these homes, as fireplaces seem to add value to homes. He explained that he was doing everything he could to save the trees, as he may have to move one home back a little in order to save a particular tree.

Chairperson Gilbert asked whether or not the City staff or City Engineer had looked over the plans and approved the drainage and other relevant items, to which Char DuPree answered that they were on their way to Tom Hoover, the City Engineer, adding that Clyde Fisher has met with LCMUA, as well. Clyde Fisher agreed and added that he has already been to Oncor, who is putting in new overhead poles for electricity at the site. He said the homes will be all electric. He explained there is already sewer and water at the site and he has made arrangements with LCMUA about where to place any lines. Chairperson Gilbert questioned whether or not there was natural gas, to which Clyde Fisher replied that he did not think gas was present in that area. Char DuPree confirmed and together they said there would not be gas in the homes. Clyde Fisher added that while gas was good, he feels all electric will be fine. He plans to put a good energy package in the homes. He feels he will market the homes somewhere in the $130,000 range, but he still has to look at all of the construction costs. These will be starter homes, however he hopes to fill them up. He feels the close proximity to the primary school and the sidewalks, which will be added with the widening of Lakeview, will be assets to young families. Char DuPree said she feels the fireplace is a good idea. Clyde Fisher agreed, saying the fireplace is an added cost, but he believes it will sell.

Chairperson Gilbert asked if there were any questions. There were no further questions. Clyde Fisher thanked the Commission.

Motion to accept the proposed replat of Block 1, Lots 1, 2, 3, 4, 5, 6, 7, 10, 11, 12, 13, 14, 15, 16 of the Lake Dallas Sites into 3 lots becoming 104, 106, 108 Pearl Street as is was made by Diane Byers; second by Peggy Shelton.
Ayes: Ben Gilbert, Peggy Shelton, and Diane Byers.
Noes: None.

Motion Passed

3. **Consideration and Action to approve the proposed site plan for 104, 106, 108 Pearl Street.**

Char DuPree addressed the Commission, explaining they had before them the civil plans that are being reviewed by Tom Hoover, the City Engineer. She added that Clyde Fisher would make whatever changes were necessary to conform. She said she has not gotten any feedback from Mr. Hoover at this point in regards to him having any issues with the plans.
Motion to accept the proposed site plan for 104, 106, 108 Pearl Street was made by Diane Byers; second by Ben Gilbert.
Ayes: Ben Gilbert, Peggy Shelton, and Diane Byers.
Noes: None.

Motion Passed

F. Future Agenda Items:

Char DuPree stated there are two items coming up: 1) the apartment site plan with extensive details in order to avoid issues and 2) a Special Use Permit for the old Houghton house on Dobbs and Shady Shores, where there was once an SUP for a Montessori school, for a weekend craft retreat house for ladies.

Clyde Fisher asked if the apartments would be discussed at the next Planning and Zoning meeting. Char DuPree answered that the apartment developer was planning on it, stating that the next meeting would be on the third Thursday in February.

Char DuPree explained that since the Montessori school changed the inside of the home on Dobbs, the house would have to have a lot of work to become a residence again. It is zoned residential, but the SUP has been applied for. Clyde Fisher added that he showed this house, which had been on the market for a long time, saying he was disappointed at having to show the inside of the house. He said there were ceiling leaks and stains, saying they had really let the house go downhill. He stated that it was a beautiful looking home on about two acres. Char DuPree added that they filled in the swimming pool and they would do a lot of work to fix the other problems.

Char DuPree told the Commission that the lady applying for the SUP has been involved in this type of business before; apparently she has a couple of these businesses, one in McKinney and one in Frisco. Clyde Fisher inquired whether or not this was religious. Char DuPree replied that it is not, explaining that it is a craft retreat. Diane Byers added that her boss does this about two or three times a year; friends get together and stay at the house for the weekend. Customers take their scrapbook supplies, they learn how to do different things, and they pay for lodging, food and other supplies. Clyde Fisher stated that the house is large and open, making it good for this.

E. Business:

1. **Consideration and Action on approval of Minutes for October 18, 2012 meeting.**
Motion to approve the minutes for October 18, 2012 was made by Diane Byers; second by Clyde Fisher.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers, and Clyde Fisher.
Noes: None.

Motion Passed

2. **Public Hearing on a proposed rezoning of a 7.29 acre portion of Tract 20 of the A0424a French Survey, City of Lake Dallas, Denton County, Texas from Agriculture to Planned Development. This Property is located at 502 Shady Shores, Lake Dallas, Texas.**

Barbara Garrison of 508 N Shady Shores Road, Lake Dallas, Texas came forward to represent her family in requesting that the property described above be rezoned from Agriculture to Planned Development. She referred questioning to Bill Fisher.

Bill Fisher of 5430 LBJ Freeway, Suite 1200, Dallas, Texas came forward on behalf of Odyssey Residential Holdings, the contract party to buy the property from the Bolivar Estate in order to develop a multi-family property using the Planned Development approach. He stated they first contacted the owners as the property was advertised for sale. The location of the property made it a candidate for multi-family property. He explained how he met with the City in regards to how to approach the development idea. He explained some of the development plans, site plan details and details about the apartments.

Commissioner Clyde Fisher inquired about the rental being subsidized housing. Bill Fisher explained that 10% of the units are equipped for veterans and families with disabilities. Money from the state goes towards equipping these units. To answer Commissioner Fisher, Bill Fisher stated there are no HUD, no Secion 8, and no Housing Authority of any kind. Bill Fisher stated that this is a Market Rate development, stating that rent averages approximately $1.20 per square foot.

Commissioner Fisher inquired about parking, and Bill Fisher assured the Commission that the parking was adequate given the number of units. He showed proposed building plans.

Chairperson Gilbert reminded all that this meeting was strictly for considering the rezoning.

Commissioner Byers inquired about the setbacks on the back property lines, referring to whether the units will be able to see into the houses of the neighboring properties. Bill Fisher said there is a 25 foot setback from the perimeter of the property to the single-family neighborhood next to it. He added that the heavily tree-lined setback that exists will not be changed, retaining the natural screening.

Bill Fisher explained these are two and three story buildings and there are only two buildings on the back along that line, believing only eight apartment units total that look into the neighborhood. Commissioner Byers asked whether the setback is 25 or 15 feet. Bill Fisher stated that the setback was 25 feet from the property line to the building.

Chairperson Gilbert reminded everyone that this was a public hearing, explaining this was the only time it was appropriate for citizens to come forward with questions, comments or concerns.

Nick Bazaldva of 491 Liberty Way, Lake Dallas, Texas asked how many individual apartments would there be, to which Bill Fisher answered 140.

Levi Dartt of 498 Grayson, Lake Dallas, Texas stated that the Oaks community was concerned that this development would negatively affect their property values and potentially increase transient people living in the area, causing issues with the people who live in the nearby neighborhoods.

Chairperson Gilbert asked if anyone else wanted to come forward and as no one else came forward, he closed the public hearing.

3. **Consideration and Action to approve the rezoning of a 7.29 acre portion of Tract 20 of the A0424a French Survey, City of Lake Dallas, Denton County, Texas from Agriculture to Planned Development. This Property is located at 502 Shady Shores, Lake Dallas, Texas.**

Commissioner Fisher asked for confirmation of the exact location of the property on the map that was given in the Planning and Zoning information packets. He asked about the rectangular strip of land between the two properties. Char DuPree explained

that this is part of the Oaks at North Lakeview common area. It is also a flood zone so there will be no development there. Commissioner Fisher stated that this would be a buffer zone between the apartments and the neighboring houses.

Chairperson Gilbert asked for any further comments. There were none, so he asked for a motion.

Motion to accept the proposed rezoning of the property from R1-10,000 to PD-R3 was made by Clyde Fisher; second by Ben Gilbert.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers and Clyde Fisher.
Noes: None.

Motion Passed

F. Future Agenda Items:

Char DuPree stated that the only current item planned for January 2013 is the site plan for the apartment project, which should be a regular Planning and Zoning meeting.

1. **Consideration and Action on approval of Minutes for September 20, 2012 meeting.**
Motion to approve the minutes for September 20, 2012, with the correction of Diane Byers' name, was made by Clyde Fisher; second by Diane Byers.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers, and Clyde Fisher.
Noes: None.

Motion Passed

2. **Public Hearing on a proposed rezoning of Tract 53 of the A0284a Cobb Survey, City of Lake Dallas, Denton County, Texas from C-1 to C-3. This Property is located at 314 Carlisle Drive, Lake Dallas, Texas.**

Tony Marino of 727A Main Street, Lake Dallas, Texas, presented the zoning request of his property from C-1 to C-3. Mr. Marino stated the location and details of the property, including that there is currently a tenant. He explained that the objective is to turn the property into outdoor parking for RVs and boats. He explained how the property would be fenced and screened, adding that it was a temporary use of the property. He said the proposed changes would allow for the potential to adapt as development moves to the Lake Cities.

Mr. Marino asked for a temporary waiver of the solid base to a flex or concrete base. He is looking into wood or metal fencing and an electric gate similar to that of Ace Hardware and plans to plant bushes that would act as screening and be visually appealing. He stated that it would add another tax base for businesses in town, then asked if anyone had any questions.

Commissioner Fisher asked if the fencing facing Carlisle Drive would be wood or metal. Mr. Marino restated that the decision had not been made, however it would be solid wood with stain or metal with a solid shrub screening. Mr. Marino added that entrance to the business would be on the right of the property rather than the front. Mr. Marino restated that he thought as City growth continues the property might be able to develop into even more viable opportunities in the future. Potential future business ideas were discussed.

Commissioner Fisher asked about whether engineers would need to be contacted regarding water run-off. Mr. Marino said that is not an issue at this point.

Chairperson Gilbert reminded the Commission that the issue at hand was the re-zoning request. City Manager Berner explained the relevance of potential businesses to the re-zoning.

Commissioner Byers asked what the property around 315 Carlisle is zoned. Mr. Marino said right next to it is the railroad and on the frontage is an open property which is C-1. The body shop is diagonally positioned and southeast is R1-7200. Chairperson Gilbert pointed out that the property borders a residential area.

Commissioner Fisher asked if it was against the zoning ordinance to pull trailers on Carlisle Drive. Code Enforcement Officer Char DuPree agreed that trucks with trailers are not allowed. Mr. Fisher explained that trucks pulling campers would have to use Lake Dallas Drive and Mr. Berner agreed.

Mr. Gilbert added that the rental house located on the property is non-conforming under C-1, therefore it would no longer be allowed to be a rental home if the property was rezoned C-3. Mr. Marino was under the impression that this situation would fall under the grandfather rule but Ms. DuPree stated it did not. She explained that as a result of the zoning change, the property would then have to follow the C-3 zoning regulations. She added that the Downtown Overlay District does not extend to this property for mixed use. Discussion took place regarding the home on the property. Suggestions were as follows: the building could be used commercially or the land could be re-plated.

Glenn Manos of 316 Carlisle came forward to oppose the re-zoning, saying that his concern is that it would become a junk yard and drop the value of his property. No one else came forward.

Ms. DuPree was asked to list what was allowed in both C-1 and C-3 zones. Mr. Fisher expressed concern that C-3 allowed heavier use. Additionally, he was concerned about the traffic on Carlisle Drive since heavy trucks and trailers are prohibited.

Ms. Byers asked Mr. Marino if he still wanted to continue with the request, asking if he wanted to tell his tenants they would have to move. Mr. Marino answered that his tenants were on a contract, so he would respect the opinions and decision of the Committee.

3. **Consideration and Action to approve the rezoning of Tract 53 of the A0284a Cobb Survey, located at 314 Carlisle Drive, City of Lake Dallas, Denton County, Texas from C-1 to C-3.**

Motion to deny the proposed rezoning of Tract 53 of the A0284a Cobb Survey, City of Lake Dallas, Denton County, Texas from C-1 to C-3 was made by Diane Byers; second by Clyde Fisher.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers and Clyde Fisher.
Noes: None.

Motion Passed

F. Future Agenda Items:

Char DuPree stated there would be a meeting next month for a proposal for a planned development for apartments on a portion of the Boliver property at Swisher and Shady Shores. There will be 140 units. The property is currently zoned agricultural, R1-10,000.

2. **Public Hearing on a proposed Special Use Permit to allow the installation of an ice and water vending machine structure located at Ace Hardware, 505 Thompson Drive, City of Lake Dallas, Denton County, Texas.**

Bob MacDonald of 505 Thompson Drive, Lake Dallas, Texas came forward to explain the request for the ice and water machine. He expressed the main idea behind the structure is the convenience of purchasing ice and water. He explained that the tie to the existing business and the growing market for filtered water were also motivating factors. He explained the filtration process and the product that will be provided.

Mr. MacDonald asked if there were any questions. Mr. Fisher asked if the building used its own receptacle. Mr. MacDonald said the only discharge is potable water, melted ice, and any excess will normally run into the sewer. Mr. Fisher commented on the attractiveness of the structure and Mr. MacDonald agreed and added that it can put out 180 bags of ice a day. He stated that he had a contractor lined up to fulfill the installation of the structure.

Mr. Fisher asked how soon he would like to get started with construction and Mr. MacDonald said he would like to get started as soon as possible, especially because the company was still in the surrounding area fulfilling a contract with Dallas, making it convenient for them to come by for the final installation and explanation of how it operates.

Ms. DuPree stated that permits would have to be obtained. Mr. MacDonald expressed agreement.

Mr. Gilbert stated that this was a public hearing and asked if anyone wanted to come forward. No one came forward.

3. **Consideration and Action to approve a Special Use Permit to allow the installation of an ice and water vending machine structure located at Ace Hardware, 505 Thompson Drive, City of Lake Dallas, Denton County, Texas.**

2. **Public Hearing on a proposed Special Use Permit to allow the use of arcade and video games at the property located at 501 S. Lake Dallas Drive, City of Lake Dallas, Denton County, Texas. The legal description of the property is A1355a Wright, Tract 78, and it is zoned C-3 Commercial.**

Aziz Bhimani, 1705 Metocrest Drive in Carrollton, explained the purpose of his request is to provide an arcade with games for children to play while their parents are frequenting the nearby Laundromat, believing it will keep them from running around on the streets. He stated that he understands the child curfew law and will maintain hours of operation that abide by the curfew law.

Chairperson Gilbert invited anyone in the public to come forward with comments or questions. As no one came forward, he closed the public hearing.

3. **Consideration and Action to approve the proposed Special Use Permit to allow the use of arcade and video games at the property located at 501 S. Lake Dallas Drive, City of Lake Dallas, Denton County, Texas. The legal description of the property is A1355a Wright, Tract 78, and it is zoned C-3 Commercial.**

Clyde Fisher made note of the list of games, which Mr. Bhimani agreed were listed on the back of the SUP application.

Mike McCaleb addressed the issue of chaperones and how many would be on site. Mr. Bhimani answered that his father, a hired security guard, other employees and sometimes himself will be on site.

Mike McCaleb asked if refreshments would be available. Mr. Bhimani said that no snacks will be provided, as customers may frequent the nearby convenience store. He added that initially food and beverages were going to be provided at an adult section near the pool table, however it was decided that the place would be for children only.

Mike McCaleb asked if there will be an age minimum. Mr. Bhimanit stated that there will be no age minimum and children would be allowed as long as parents are aware and give their permission. He added that the security guard is on duty should there be any mishap.

Clyde Fisher asked Mr. Bhimani if he has ever ran a video game store before. Mr. Bhimani answered that he has ran a video games store and currently has one in Houston. He added that he has convenience stores and gas stations, two in Houston and two in Dallas. He went on to say that this sort of business is what his family does.

Clyde Fisher asked for the square footage of the building. Mr. Bhimani did not know as he stopped work there as soon as he found out about the Special Use Permit, not wanting to put money into the arcade until he heard whether or not he would be allowed to open the business.

Clyde Fisher asked what was in the space before. Mr. Bhimani said it used to be a thrift store and before that it was a post office.

Char DuPree noted that she had a picture of the inside of the space in question and the photo was passed among the committee. At this time Mr. Bhimani explained that he will decorate the inside of the space but does not plan to do any construction.

Clyde Fisher inquired about the noise level. Mr. Bhimani explained that the volume levels are adjustable but his experience has shown that the noise is what attracts business. He stated that the noise would not be so loud as to be heard across the street. He added that he is still undecided about whether or not to play music but if music is played, the genre of music will be chosen age appropriately.

Mike McCaleb addressed the issue of ebb and flow in daily business, assuming Mr. Bhimani is prepared for that, stating more business would require more supervision. Mr. Bhimani explained that he has interviewed more than eighty people; therefore he feels he has options should he begin the business and see that he needs more employees.

Mr. Bhimani stated that he is in the process of buying the whole strip of property should he receive approval for the arcade. He explained that the convenience store was opened to run off the arcade, so he does not foresee continuing the convenience store should the arcade not receive approval, at which time he would not buy the property.

Mike McCaleb inquired as to whether Mr. Bhimani has made plans for signage, to which he answered that there was signage at the property and further signage was put on hold awaiting the outcome of the Special Use request.

Clyde Fisher asked what other types of business Mr. Bhimani envisions will open there. Mr. Bhimani explained that the current businesses will continue to operate there and there are no spaces available for a new business at this time.

Mike McCaleb asked Mr. Bhimani if he was going to buy the Laundromat. Mr. Bhimani explained that the laundry mat was part of the property owned by his family and the owner of the Laundromat has a six year lease on the space and the machines. He added that the salon has a six year lease as well. Each business will take care of its own responsibilities as usual. He explained that his father oversees the convenience store and will oversee the arcade, too, since he is occupied with his construction business which often takes him out of town. Should the Special Use Permit be approved and his family buys the property, Mr. Bhimani's father will manage the property. While they have the option to end the leases at this point, he feels this is too much to undertake and everyone should continue to operate their own businesses.

Chairperson Gilbert stated that they must decide how long the Special Use Permit will be granted.

Clyde Fisher inquired about the amount of parking space available. Mr. Bhimani stated that there are parallel parking spaces available in front and an adequate parking lot in the back. An agreement has already been made with the boat storage business so that boats will be moved if more parking is needed for Mr. Bhimani's business.

Diane Byers asked Mr. Bhimani how long he would like the Special Use Permit to be. He stated that he was unaware there was a time limit but felt he would need at least six months to one year to see how successful the business would be. Clyde Fisher recommended one year, and Diane Byers agreed but at a minimum of one year. Mr. Bhimani agreed and explained that the idea arose because the security guard said there was nothing for the children to do. He added if the children had something to do they would not be on the streets.

Clyde Fisher expressed concern that traffic could be a situation if children are riding bikes as the street is not very wide. Mr. Bhimani is not aware of bicycle riders but has seen motorcycle riders. Clyde Fisher pointed out there sidewalks are not present along the street.

Mike McCaleb asked what Mr. Bhimani will do if a 25 or 30 year old person comes into the arcade. Mr. Bhimani replied that there is a place in the back for adults waiting on children to relax and watch TV. If an older person wanted to relax there while waiting on their laundry, there will be a flat screen TV and free Wi-Fi available. Mike McCaleb asked if there was going to be anything in back where people could get into trouble while. Mr. Bhimani assured him there was nothing back there for anyone to get into trouble. He explained how they had considered allowing customers to bring alcohol into that area of the arcade but decided against allowing alcohol in order to avoid causing issues with the City or other local businesses.

Chairperson Gilbert asked if Mr. Bhimani was aware that should the Special Use Permit be approved, he would have to reapply for another one once the current one expires. Mr. Bhimani said he was not previously aware of this but as he sees no other option, he accepts the fact that he will have to request a new Special Use Permit in order to continue his business. Clyde Fisher asked if this could be waived. Chairperson Gilbert said we do not normally like to waive the reapplication. Diane Byers noted that should Mr. Bhimani reapply for the Special Use Permit, it would not necessarily be limited to one year and Chairperson Gilbert agreed.

There was discussion among the committee as to the number of years that should be allowed for this permit. Mr. Bhimani explained that he would be losing money the first six to eight months due to costs of the business. Diane Byers expressed that the nature of this business necessitates a longer time, maybe two to three years, even five. Mr. Bhimani felt two or three years would give him a good indication of the success of the business.

Motion to approve the Special Use Permit for three years was made by Diane Byers.

Clyde Fisher expressed that he has problems with this. Chairperson Gilbert stated that, as a motion had been made, it needed a second, then discussion and a vote.

Chairperson Gilbert seconded the motion. The committee discussed issues related to traffic, children on bicycles, and the fact that there are not many activities for children in Lake Dallas. The issue of the length of the permit was revisited in relation to the cost of investment. Mike McCaleb asked about whether or not video games become obsolete, like computers. Mr. Bhimani stated that video games are not the same and often have a very long standing and gave examples. Mr. Fisher expressed that as a business owner Mr. Bhimani would be making his decision on games based on return on his investment. Mr. Bhimani shared that while the cost of games run from $800 to $1,500, sometimes two games must be purchased in order for customers to play each other and each game can only charge from twenty five cents to one dollar per game. He does not have the option of charging $3.00 per game in order to make more money. Mr. Fisher and Mr. McCaleb asked Mr. Bhimani where he would be in one year and Mr. Bhimani replied that he believes he will be at ground zero in one year. He believes that in one year he may make back what he has spent, however he cannot be sure as games have the potential of malfunction, resulting in repair costs.

Clyde Fisher recommended a two year time period for the permit. City Manager Earl Berner said an amendment could be made to the motion. Char DuPree said the motion should be amended before the vote.

Motion to amend the motion, approving the Special Use Permit for two years rather than three years was made by Clyde Fisher; second by Mike McCaleb. Chairperson Gilbert asked if there was any further discussion. There was no further discussion.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers, Clyde Fisher, and Mike McCaleb.
Noes: None.

Motion Passed

Mr. Bhimani asked what he would need to do to donate a bounce house to the Kids and Cops event. Mr. Berner let him know he should submit his request to the Chief of Police and obtain a letter of authorization.

4. **Public Hearing on a proposed Special Use Permit to allow the business of tattooing at the property located at 303 W. Hundley Drive, City of Lake Dallas, Denton County, Texas. The legal description of the property is A1163a J.W. Simmons, Tract 25, and it is zoned C-3 Commercial, I-35 Corridor.**

Adam Tjosvold, 2560 Tower Ridge, #328 in Corinth, stated that he had already opened his tattoo studio a few months ago, stating there was some confusion on his part after speaking to Mrs. DuPree and Mr. Berner. He was allowed to get his Certificate of Occupancy on a temporary basis the last day of December [2011]. He asked for approval based on the fact that this was a big commitment for him and his family, as he had already signed a lease and had put his life savings into starting the business.

Mr. Tjosvold explained that he lives locally, his wife is a stay at home mom and his children attend the Lake Dallas school system. He stated that tattooing has come a long way from the past views of the art. He said that a lot of his clientele is local. He explained that in addition to tattoo art, he accepts commissioned art work requests and his business partner does vehicle pin-striping and artwork.

Mike McCaleb asked Mr. Tjosvold how long he had been doing this. Mr. Tjosvold answered that he had been doing professional artwork for eight years but has been involved in art for most of his life.

Mr. McCaleb asked where the shop is located. Mr. Tjosvold explained that the shop is in the strip mall where Shax's Liquor, a convenience store and the taqueria is located.

Mr. Tjosvold explained that he is licensed by the State, and he and his business partner, Matt Bell are very strict in regards to State restrictions and regulations. They do not tattoo minors, and parents cannot consent to tattoo minors. Minors are not allowed on the premises unless they are accompanying a parent.

Mike McCaleb asked for the hours of operation. Mr. Tjosvold answered Monday through Thursday from 1:00 PM until 8:00 PM, Friday and Saturday from 1:00 PM to 10:30 PM, and closed on Sundays. Mr. McCaleb inquired about the number of customers expected. Mr. Tjosvold said there would be about six to twelve customers on a busy day. He, also, explained scheduling appointments, the amount of time he spent in consultations, and the time it takes to create the artwork, as they are all original.

Mike McCaleb asked for the size of the shop. Mr. Tjosvold said the shop was about 1,000 square feet, and Mrs. DuPree pointed out the photo that was included in the packet.

Mr. Tjosvold added that he wanted to grow with and be involved in the community. He explained his connection to charity events, especially cancer awareness. He hopes to be able to give free cancer ribbon tattoos as a grand opening event.

Matt Palmieri of 618 Grayson Lane, Brian Jones of 702 Glen Rhea, Mahoob Chowdhury, Mr. Tjosvold's landlord, of 307 W. Hundley, Neva Suddereth of 702 Glen Rhea, Shawn Brightman of 4232 Caldwell Avenue in The Colony, and Jorge Rebolla of 205 Motecito Drive in Denton came forward to speak on Adam Tjosvold's and Matt Bell's behalf. Citizens spoke well of their character and business. Each citizen was advocating the approval of Mr. Tjosvold's SUP request.

5. **Consideration and Action to approve the proposed Special Use Permit to allow the business of tattooing at the property located at 303 W. Hundley Drive, City of Lake Dallas, Denton County, Texas. The legal description of the property is A1163a J.W. Simmons, Tract 25, and it is zoned C-3 Commercial, I-35 Corridor.**

Chairperson Gilbert asked Mr. Tjosvold for what time period he was hoping and he answered that he hoped for five years. Mr. McCaleb asked Mr. Tjosvold how long it would take him to break even after startup costs. Mr. Tjosvold said it would take him three years to replace his investment, adding that he brought with him a decent clientele with whom he has fostered relationships. He, also, gets new customers on a regular basis.

Motion to approve the Special Use Permit with a five year time period was made by Diane Byers; second by Clyde Fisher.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers, Clyde Fisher, and Mike McCaleb.
Noes: None.

2. **Public Hearing on a proposed final plat of Abstract #1355 of the Mary Wright Survey, City of Lake Dallas, Denton County, Texas into twenty two (22) lots.**

   Chairperson Gilbert asked Doyle Cameron to come forward as there were no other citizens present for comment.

   Mr. Cameron stated he was present to answer questions, explaining that the plat and plans were unchanged and met all requirements.

   Commissioner Fisher asked if lot number 9 was the unbuildable lot. Mr. Cameron answered that there would not be a house on lot number 9. It would have a detention pond so as to not dump any more water there, as previously assured.

Commissioner Fisher asked when Mr. Cameron expected building to commence. Mr. Cameron explained that he would like to start building as soon as Council approves the final plat.

No one else came forward and the public hearing was closed.

3. **Consideration and Action to approve the proposed final plat of Abstract #1355 of the Mary Wright Survey, City of Lake Dallas, Denton County, Texas into twenty two (22) lots.**

2. **Public Hearing on a proposed Special Use Permit to allow the storage of boats and jet skis located at 503 S. Lake Dallas Drive, City of Lake Dallas, Denton County, Texas.**

   James Doolin, 1402 N. Parkway in Lewisville, explained the purpose of his request for a Special Use Permit is to have a place to store his boats.

   Commissioner Clyde Fisher asked how many boats would be at the property, and Mr. Doolin said there would be three or four boat trailers. Mr. Doolin presented photos, and he and Commissioner Fisher discussed the previous use of the facility.

   Commissioner Fisher asked if there will be enough room for the boats so as not to be seen from the street, and Mr. Doolin replied affirmatively.

Commissioner Fisher asked if problems will arise in the future if more sections are leased to other businesses. Mr. Doolin responded by saying there was plenty of room for his business and future businesses.

Chairperson Ben Gilbert asked about the length of the lease to which Mr. Doolin responded month to month.

Chairperson Gilbert asked how long Mr. Doolin expected to lease the property to which Mr. Doolin stated he hoped he could continue his business there forever.

Chairperson Gilbert expressed that the business seems to be seasonal, but Mr. Doolin expressed that the business should be successful all year.

Commissioner Clyde Fisher stated that he didn't see how the business would be a problem.

Chairperson Gilbert explained that, if passed, the business must continue to operate under the Special Use Permit as long as the business remains in operation.

3. **Consideration and Action to approve a proposed Special Use Permit to allow the storage of boats and jet skis located at 503 S. Lake Dallas Drive, City of Lake Dallas, Denton County, Texas.**

Motion to approve the Special Use Permit to allow the storage of boats and jet skis located at 503 S. Lake Dallas Drive was made by Chairperson Ben Gilbert; second by Peggy Shelton.

2. **Chairperson Gilbert announced that the application to change zoning district from R1-6000 to C-1 had been withdrawn by the applicant.**

3. **Public Hearing on a proposed Special Use Permit to allow residential use in the upstairs of commercial buildings for structures located at 104, 106, 108 Adolphus and 105,107,109 N. Lakeview.**

   John Lugenheim, 209 Thistle Ridge in Denton, explained the purpose of his request and how he contacted Larry Lantrip regarding the success of such residential use. He stated the advantages approval will give him and the City.

   Clyde Fisher was concerned about multiple families and parking.

Mr. Lugenheim stated that there are four parking spaces in front and three in back for each building. Handicap parking and eight other spaces are available.

The business will be downstairs with living space upstairs. Mr. Lugenheim will be the developer.

James Harper asked what types of businesses might be involved.

Mr. Lugenheim said they might be used as offices, showrooms or for plumbing, A/C, or making products.

No one else came forward and Chairperson Gilbert closed the public hearing.

Chairperson Gilbert wanted to know if there would be a limit of time. City Manager Berner suggested no time limit to the SUP. Mr. Lugenheim expressed that a tight limit would hinder sales. Commissioner Fisher agreed with Mr. Lugenheim.

Commissioner Byers asked about the exterior, and Mr. Lugenheim stated the exterior is 100% brick.

4. **Consideration and Action to approve a proposed Special Use Permit to allow residential use in the upstairs of commercial buildings for structures located at 104, 106, 108 Adolphus and 105,107,109 N. Lakeview.**

2. **Public Hearing on a proposed rezoning of Tracts 2 and 2a of the M. Wright Survey, Abstract 1355a (115 S. Lakeview Drive) from the current zoning of R-1-6000 to the Planned Development District.**

Doyle Cameron, 420 Longfellow Drive in Highland Village, spoke as the owner of the property and contractor of this project. He explained he was the builder for Lakebridge Estates I and II. The house product would be similar but the proposed lots would be smaller, averaging 5,000 square foot each. The lots at the end of the cul-de-sac would be larger. The homes would meet or exceed the R1-6000 zoning district requirements. This subdivision would not have a Home Owners Association (HOA).

Mr. Cameron further stated the drainage issue will be addressed and not add any further storm water runoff than there is currently. The water will be directed toward Lakeview with buffers against the school property. A preliminary drainage map was given to the City Manager for review.

There will also be a perimeter fence around the entire subdivision with each lot having its own fenced back yard.

Kim Stolle, 608 Lakeview in Lake Dallas, asked how many homes would be built and what the square footage they would be. Mr. Cameron stated there would be 21

residential homes with an average size of 1,450 sq. ft. with the largest no bigger than 1800 sq. ft. Prices would start from $140,000.00.

No one else came forward and Chairperson Gilbert closed the public hearing.

3. **Consideration and Action to approve a proposed rezoning of Tracts 2 and 2a of the M. Wright Survey, Abstract 1355a (115 S. Lakeview Drive) from the current zoning of R-1-6000 to the Planned Development District.**

Ben asked how long this project would take; Mr. Cameron thought it would be approximately two (2) years.

Diane was concerned about the disruption to the neighbors during construction. Mr. Cameron felt it would be very little considering the construction activity would be limited to the one interior street. She asked the City Manager if he thought Lakeview could handle the traffic, etc. during this time to which Mr. Berner replied yes. This project will be on-going, along with the second phase of the Lakeview widening project.

Motion to approve the rezoning of Tracts 2 and 2a of the M. Wright Survey, Abstract 1355a (115 S. Lakeview Drive) was made by Ben Gilbert; second by Rebecca Waldrop.

2. **Consideration and Action to an application for exemption to the requirement of 80 percent masonry for exterior surfaces on the proposed commercial structure Z Flooring to be located at 350 Betchan, City of Lake Dallas, Denton County, Texas. The legal description for this property is Lot 1, Block A of the Z Flooring Addition.**

Z Flooring owner Kevin Zablosky, 9213 Sovereign Row, Dallas, explained the reasons for the exemption request; cost being the driving force. The brick on both building is the same style but the percentages are different due to the metal doors on the warehouse building. The exemption requested is 40% masonry.

The Commission members stated their concern about setting a masonry precedence in the area since Z Flooring is the first commercial project on this land parcel.

City Manager Berner responded there are several commercial buildings in this area of the city that do not meet the 80% masonry requirement.

Mr. Zablosky expects the construction to be completed by April 2011, May for sure.

Motion to approve the 80% masonry exemption as submitted at 40% was made by Clyde Fisher; second by Peggy Shelton.

2. **Public Hearing on an application for exemption to the requirement of 80 percent masonry for exterior surfaces on the proposed commercial structure Z Flooring to be located at 350 Betchan, City of Lake Dallas, Denton County, Texas. The legal description for this property is Lot 1, Block A of the Z Flooring Addition.**

Paul Perry, 350 Betchan, represented Z Flooring regarding the site plan and construction project. Two buildings will be built, each approximately 59 ft. wide and 108 ft. long. The office building will be on the east side of the property and the warehouse on the west. The planned construction is two beige metal buildings with crimson trim with a country building design.

No one else came forward and Ben Gilbert closed the public hearing.

3. **Consideration and Action to an application for exemption to the requirement of 80 percent masonry for exterior surfaces on the proposed commercial structure Z Flooring to be located at 350 Betchan, City of Lake Dallas, Denton**

County, Texas. The legal description for this property is Lot 1, Block A of the Z Flooring Addition.

Clyde Fisher stated he welcomes new businesses but is concerned about setting precedence in approving such a low percentage of masonry for this project. The plans as submitted are close to 0 percent.

Council Liaison Harper asked the masonry exception approved for the Swisher Courts project on Swisher Rd. and was informed it was 35 to 40% masonry.

Paul Perry commented he is not in favor of the spray on masonry because it is not a good looking and durable product plus it would cost as much as installing brick.

Rebecca Waldrop would like at least a 40% masonry design.

The Commission decided to table this issue and have an improved design submitted for review at the January meeting. Ben Gilbert asked Mr. Perry to increase the masonry design between now and the January meeting.

Motion to table this issue until the January 2011 Planning & Zoning meeting was made by Clyde Fisher; second was made by Rebecca Waldrop.

4. **Consideration and Action to approve a site plan for the proposed commercial structure Z Flooring to be located at 350 Betchan, City of Lake Dallas, Denton County, Texas. The legal description for this property is Lot 1, Block A of the Z Flooring Addition.**

Paul Perry explained the submitted site plan and stated the company does not store huge amounts of wood and supplies on site. Large volumes of supplies are taken directly to the job site. The buildings would be built to the City's required specifications. Although the building will have masonry on the exterior walls, the roof would remain metal but he isn't sure what color it will be. Z Flooring wants this project to be an attractive addition to the area.

The Commission questioned the detention pond depth and questioned if there would be a fence around it. Mr. Perry replied the pond would range from 1 ft. at the shallow end to a maximum depth of 3 ft. and would comply with whatever the City required around the pond.

City Manager Berner stated the parameter landscaping for the project needed to be addressed at a later date and that the flatwork could not be past the building line in the front area of the property.

Motion to approve the site plan for the proposed commercial structure Z Flooring, meeting all City and Building Codes, to be located at 350 Betchan, was made by Rebecca Waldrop; second by Clyde Fisher.

2. Public Hearing on a zoning change to Tracts 2 and 2b of the M. Wright Survey, Abstract 1355a (113 and 115 S. Lakeview Drive) to add the Downtown District Overlay to the current zoning of R-1-6000.

Several residents spoke against the zoning change during the Public Hearing.

Dick Calvert, Calvert & Co Architects, 1001 W. Main in Carrollton, Texas, spoke on behalf of the Phillips family who requested this zoning change. He said this type of zoning is the wave of the future. The Phillips family does not plan to build at this time but wanted to have the added flexibility provided by the Downtown Overlay zoning district.

Lester Raborn, 613 Lakeland Rd., feels this property is not part of the downtown area. He further stated approving this zoning change will increase traffic and decrease property values.

Michael Hausam, 114 S. Lakeview Drive, is concerned about neighborhood safety if this is approved along with the widening of south Lakeview Drive. There are 100 homes in the immediate area; this change would increase traffic and lower property values.

Tracy West, 229 S. Lakeview Drive, said she was also against this zoning change for the same reasons as previously stated.

Earl Stolle, 608 Lakeland Road, does not want this zoning change to pass, again for the same reasons stated by previous residents.

Debbie Pierce, 512 Atchison, has lived in Lake Dallas for 23 years and said this property is literally adjacent to her back yard. She is concerned about losing her privacy with the mixed use building that this zoning change would allow.

Cecilia Montalvo, 516 Atchison, has four small children and feels this zoning change would decrease the safety of the neighborhood as well decrease her property value.

Catherine Arent, 296 S. Lakeview Drive, expressed the same concerns about increased traffic in the area.

Robert Reiter, 201 S. Lakeview Drive, stated he is against approval of this request.

Amy Niewenhuyse, 704 Lakeland, expressed she was against this change as well.

Norman Phillips, 7820 Plainview Road, Krum, Texas, said the purpose of his request was to improve the City and find the best use of the land. He stated he could have the property platted into 15 home lots. He did not feel the traffic would increase any more under the Downtown Overlay District than it would in building 15 homes.

No one else came forward and Ben Gilbert closed the public hearing on this matter.

3. Consideration and Action to approve a zoning change to Tracts 2 and 2b of the M. Wright Survey, Abstract 1355a (113 and 115 S. Lakeview Drive) to add the Downtown District Overlay to the current zoning of R-1-6000.

The Commission generally agreed with residents that approving this zoning change was not in the best interest of the community.

Motion to deny a zoning change to Tracts 2 and 2b of the M. Wright Survey, Abstract 1355a (113 and 115 S. Lakeview Drive) to add the Downtown District Overlay to the current zoning of R-1-6000 was made by Clyde Fisher; second by Rebecca Waldrop.

Ayes: Ben Gilbert, Peggy Shelton, Clyde Fisher and Rebecca Waldrop

2. Public Hearing on an application for special use permit for a convenience store and gas station selling alcohol located at 1000 and 1002 S. Stemmons Freeway, Lake Dallas.

Anu-Bhattarai Pouder, 1413 Constantina in Denton, stated she wants to open the business with her family as soon as possible. The building is being refurbished at this time.

No one else came forward to speak and Chairperson Gilbert closed the public hearing.

3. Consideration and Action to approve an application for special use permit for a convenience store and gas station selling alcohol located at 1000 and 1002 S. Stemmons Freeway, Lake Dallas.

Ben Gilbert asked if all TABC requirements have been met and permits issued; Ms. Pouder replied yes.

Clyde Fisher inquired if the family had operated a business before and was informed they had not. Ms. Pouder further stated they had signed a five (5) year lease with the property owner.

The Commission discussed how many years the Special Use Permit would be valid if approved and decided two (2) would be appropriate.

Motion to approve the Special Use Permit for a convenience store and gas station selling alcohol at 1000 and 1002 S. Stemmons for two (2) years was made by Clyde Fisher; second by Peggy Shelton.

2. **Public Hearing on an application for special use permit for a mobile concession sandwich shop at 105 Gotcher Avenue; Block 2, Lots 1, 4, 5, & 8, Gotcher Addition.**

Jon Kingston, 1910 Sharon Drive in Corinth, explained his business plan of opening a mobile sandwich shop and concession stand in the parking lot of the American Legion located at 105 Gotcher. He will be purchasing a new concession trailer that will have an alarm and fire suppression system. The mobile unit will be parked from 11 a.m. to dusk each day and will be taken to his home each evening. Mr. Kingston also explained his planned menu.

No one else came forward to speak and Chairperson Gilbert closed the public hearing.

3. **Consideration and Action to approve application for special use permit for a mobile concession sandwich shop at 105 Gotcher Avenue; Block 2, Lots 1, 4, 5, & 8, Gotcher Addition.**

Commissioner Byers asked what type of fire suppression system would be used and if the mobile unit was completely self-contained. Mr. Kingston stated the fire system was a US approved system specially made for this type of unit and the trailer was completely self-contained meeting all health code requirements. In addition, all cooking oil used would be recycled.

Commissioner Fisher questioned Mr. Kingston as to the number of workers in the mobile unit at one time and where in the American Legion parking lot the trailer would be located.

In response, Mr. Kingston stated there would be no more than 2 employees at a time and the mobile unit would be located where the wooden train is now. The Legion would be moving the train to another area once he was ready to bring in his food unit. He further stated the City of Corinth does not have a problem with the trailer size or with him keeping it at his home. Electrical power to the mobile unit will be provided 24/7 to keep all food items at the proper temperature for human consumption.

Ben Gilbert recommended a 2-year Special Use Permit.

E. Business:

1. **Consideration and Action on approval of Minutes for January 22, 2010 meeting.**

   Minutes to be considered and approved were for the meeting held December 17, 2009; there was not a meeting held in January 2010. Therefore, this item was tabled until the next agenda for approval.

2. **Public Hearing on an application for exemption to the requirement of 80 percent masonry for exterior surfaces on the proposed commercial structure Swisher Courts located at 501and 504 Swisher Road.**

   Alan Bieke, Lakewood Village TX, project manager explained why he was requesting an exemption to the commercial 80% masonry requirement. Installing 80% masonry will be too costly to the point of not being able to move forward with this project. If approved, Mr. Bieke will have either stucco or stone on the front and both sides of the building. The rear of the building backs up to the woods and is not seen from either side or front of the building.

   No one else came forward and the public hearing was closed.

3. **Consideration and Action to approve an application for exemption to the requirement of 80 percent masonry for exterior surfaces on the proposed commercial structure Swisher Courts located at 501 and 504 Swisher Road.**

   Mr. Bieke further explained he wants to put more into the interior of the building in the form of equipment and sports fields than into an expensive exterior. Currently there will be four (4) basketball and six (6) volleyball courts. He has been working with these type of projects for 15 years and had two (2) previous indoor sports complexes in Dallas and Plano. Both of those facilities were sold to allow him to pursue this project.

   Mr. Berner added that Mr. Bieke has purchased thirteen (13) acres from the City CDC to build this complex.

Motion to approve the exemption for the 80% masonry exterior requirement was made by Diane Byers; second by Clyde Fisher.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers, Clyde Fisher and Rebecca Lamb

Motion Passed

4. **Consideration and Action to approve the site plan for Swisher Courts, 501 and 504 Swisher Road.**

The site plan meets current parking requirements now with approximately 300 spaces. Mr. Bieke is still looking to expand the parking area for the volleyball tournament traffic this facility will attract. Six (6) months of the year volleyball will be played with basketball played the other 3 months of the year. All teams are off for the summer. He stated the facility might also be used for an entertainment venue.

The Commission inquired if the fire marshal had reviewed the site plan, and Mr. Berner explained that is part of the technical review process not the site plan review.

Motion to approve the site plan for Swisher Courts was made by Clyde Fisher; second by Peggy Shelton.
Ayes: Ben Gilbert, Peggy Shelton, Diane Byers, Clyde Fisher and Rebecca Lamb

Motion Passed

5. **Consideration and Action to approve preliminary site plan for Lot 26 Block A Garza Beach Estates.**

John Lugenheim, 209 Thistle Ridge in Denton, is planning to purchase Lot 26 Block A of Garza Beach Estates to build an office/warehouse business building. His contract to purchase the property is contingent upon the City's approval of the preliminary site plan. Access to the building will be by a 14 ft. wide driveway from Lot 26 to Lakeview Drive along the easement area of the surrounding properties. Mr. Lugenheim will also improve Adolphus located west of his property. He further stated he has obtained financing and has reviewed his plans with the Lake Cities Municipal Utility Authority (LCMUA).

Commissioner Fisher stated he was concerned about the lot size being too small for this type of project. This project meets all set back requirements for the C-1 zoning district.

In response, Mr. Lugenheim stated there will be 6 parking spaces and that will be enough since he will not have stop and go business traffic or large trucks. It will only be vehicles and primarily his car. He will be the only on-site employee. The building will be two-story with a warehouse on the first floor and office/storage space on the second.

Initially Mr. Lugenheim is only purchasing this single lot but he does have the option for purchasing the other five (5) lots in this parcel.

Motion to approve the preliminary site plan for Lot 26 Block A Garza Beach Estates was made by Diane Byers; second by Rebecca Lamb.

Chris Fisher, 3840 Glad Road, Denton, Texas, will be assisting in building these homes and feels they will be an asset to the community.

No one else came forward and Chairperson Gilbert closed the public hearing.

3. **Consideration and Action to approve a request for a replat of Lots 17, 18, 19 and 20 of Block F of the Garza Beach Estates Addition, City of Lake Dallas, Denton County, Texas into three (3) lots (new Stockard subdivision).**

Chris Fisher, 3840 Glad Road, Denton, Texas, spoke on behalf of the builder of this project. The replat will allow three (3) good-sized homes to be built. The builder will install a new street for this subdivision. The Lake Cities Municipal Utility Authority (LCMUC) will share in the cost of the last 60 ft. of asphalt needed to complete the street up to LCMUC utility gate at the end of the new street

City Manager Berner stated the Board of Adjustment has already approved the rear setback exception of 20 ft.

Motion to approve the replat of Lots 17, 18, 19 and 20 into three (3) lots was made by Curtis Trivitt; second by Peggy Shelton.

2. **Public Hearing on a proposed Ordinance for the change in zoning for tracts 25, 26, 28A, 40, 52, 53, 56, 59, 60, and 65 OF Abstract 1355 M. Wright Survey property; Gotcher Addition Block 1 Lots 7, 8 (all), and 9 (north 30'), Block 1 Lot 9 south 70' of west half and Lot 10 (north 10' of west half; and OT Garza Block 1 Lots 1, 2, 3, 4, and 5, Block 2 Lots 1, 2, and 3, Block 3 Lots 1, 2, and 3, and Block 4 Lots 1, 2, and 3, in the City of Lake Dallas, Denton County, Texas. The change in zoning would be from R-1-6000 Single-Family Dwelling district to C-1 Retail District.**

City Manager Berner explained which properties would be rezoned using the current zoning map of the area. The purpose of the rezoning is to let property owner take the opportunity to use and/or sell their properties as commercial in the downtown overlay district that also allows for mixed use residential and business. He also stated those owners who did not want to be rezoned would be removed from the rezoned property list of property identification numbers list.

Chairman Gilbert then opened the public hearing.

Terry Lantrip, 275 Market Street, stated he appreciates the downtown revitalization work being done but he does not want his properties to be rezoned. He further stated he would request the rezoning when he is ready. He requested properties #161041 and 66089 be removed from the proposed rezoning request.

Chairman Gilbert closed the public hearing at 7:10 p.m.

3. **Consideration and Action to approve an Ordinance for the change in zoning for tracts 25, 26, 28A, 40, 52, 53, 56, 59, 60, and 65 OF Abstract 1355 M. Wright Survey property; Gotcher Addition Block 1 Lots 7, 8 (all), and 9 (north 30'), Block 1 Lot 9 south 70' of west half and Lot 10 (north 10' of west half; and OT Garza Block 1 Lots 1, 2, 3, 4, and 5, Block 2 Lots 1, 2, and 3, Block 3 Lots 1, 2, and 3, and Block 4 Lots 1, 2, and 3, in the City of Lake Dallas, Denton County, Texas. The change in zoning would be from R-1-6000 Single-Family Dwelling district to C-1 Retail District.**

The Commission discussed the property tax impact on properties being rezoned from residential to commercial and the resale impact for those property owners wanting to sell their homes. The Commission also reconfirmed with the City Manager that property owners could request their properties not be rezoned.

Motion to approve the proposed rezoning with the exception of Terry Lantrip's properties was made by Alternate Clyde Fisher; second by Curtis Trivitt.

D. Citizen's Agenda

Robert Ryder, 201 S. Lakeview, stated his opposition to the $50.00 fee for a fence permit. The Planning and Zoning Secretary explained the fee is required to ensure a fence is installed in accordance with the Lake Dallas Municipal Code and to cover the final inspection once a fence has been installed.

Richard Webb, 408 Alamo, asked why letters were not sent to notify residents of the postponement of the agenda item for rezoning of several Lake Dallas downtown properties. The Planning and Zoning Secretary stated this was a last minute decision and there had not been enough time before this meeting to send letters to affected residents.

3. **Consideration and Action on approval of application for residential storage building exterior surface exemption.**

   Build onto metal structure and want to add to it with the same exterior; store an RV. Owner has picture of property he shared with the commission to show how large his property is; max height 16 ft., current structure 9.5 ft. (? By Clyde Fisher)

   Mr. Fisher drove by property; it is a large property.

   Neighbor behind him on Clancy has no issue with height of structure.

   Resided in house since 1992. Structure will be painted white.

   Gauge will be 12 to 14 on poles; asked Ben. Not sure about sides and roof; standard is 24 to 26 gauge. Owner wants heaviest that is offered.

   Fisher: Was an exemption required rather than a variance; yes

   Most residents have those type of shops and storage areas.

2. **Consideration and Action on approval of an Ordinance to amend Sections 122-93, 122-143, and 122-193 Exterior Surfaces of Chapter 122, Zoning, for R-1-6000, R-1-7200, and R-1-1000 single family dwelling districts.**

The City Manager explained the Council's intention in providing a waiver for residents wanting to have an exception to the City Code masonry requirement rather than a specific list of acceptable exteriors.

Commissioner Byers stated the phrase "good cause" in the proposed ordinance amendment gives the Planning & Zoning Commission and City Council power to determine what a homeowner can and cannot have in these residential districts. A lawyer would have issue with this phrase if their request were denied. "Good cause" is open to interpretation. She does not feel this is fair to the residents and is an abuse of power by the City Council. Ms. Byers also feels the proposed fee is absurd and there should be no fee applied to the waiver request.

Ms. Byers feels the new proposed ordinance should have included the allowed exteriors that were considered at the February meeting so not every homeowner would be required to request a waiver for any surface other than masonry.

Mr. Berner responded by explaining the Council's reasoning behind the proposed waiver and required review. In addition, he stated he does not see an issue with proper justification. He further explained the waiver required staff processing time and the fee would ensure only serious applicants applied for the waiver.

Council liaison James Harper added the previous ordinance did not allow metal buildings and now this waiver process will allow for that if property owners want that type of accessory building.

Mr. Harper stated that although the 80% masonry requirement was still there, the waiver request offers residents another option.

Curtis Trivitt asked for clarification of what had changed in the proposal since last month, was it just paragraph b. He also asked if additional wording could be added allowing certain exterior surfaces without requesting a waiver. He felt the waiver was good but would have liked the other surfaces to be included in the new proposal.

Mr. Berner replied the Commission could be approved as is and then they could change the wording to include the other surfaces and remove the fee at the next meeting. Right now we have resident at 309 Wilson who is anxious to build his storage building and cannot do so until this issue is resolved.

Diane Byers stated she would support whatever the majority of the Commission wanted.

Clyde Fisher felt the issue had been beat to death and did not want to get tied up on the tiny details and get nothing done. He can live with the proposal the way it is written and does not feel the fee is a great deal of money.

Curtis Trivitt made the motion to approve the ordinance as written; second by Ben Gilbert.

Motion to amend the previous motion and include the previous acceptable materials without a waiver and retain the waiver for those materials not included in the list was made by Rebecca Lamb; second by Diane Byers.

F. Future Agenda Items

Mr. Berner stated he did not have any future items at this time.

James Harper spoke about his concern with the development of Swisher and feels a joint workshop between with the Commission and the City Council would be beneficial for a successful development plan.

Mr. Berner said a core property study will need to be conducted and be worked through the Commission and the Council. He also stated a street light will be installed at the corner of Swisher and Shady Shores. The City will be responsible for the light maintenance. There is mixed zoning districts in this area. As far as development between Shady Shores and the toll bridge, there is a 32 acre parcel that belongs to the Boliver family.
Earl showed the Commission the area discussed.

3. Consideration and Action on any changes to Section 122-679, Prohibited Uses of Division 3, Downtown District, of Chapter 22, Zoning.

Commissioner Byers asked about the new tire shop at 214 Main Street. Chairperson Gilbert explained the shop was opened prior to the adoption of the Downtown Zoning District by the City Council.

Motion to approve any changes to Section 122-679 was made by Curtis Trivitt; second by Clyde Fisher.

4. Consideration and Action on approval of an Ordinance to amend Sections 122-93, 122-143, and 122-193 Exterior Surfaces of Chapter 122, Zoning, for R-1-6000, R-1- 7200, and R-1-1000 single family dwelling districts.

The Commission discussed each zoning district exterior surface and how this would affect accessory buildings in each district. Commissioners felt the entire change ordinance was appropriate in the R1-6000 district.

Chairperson Gilbert stated he disagreed with adding wood as an acceptable exterior surface in accessory buildings in R1-7200 or R1-10000. He felt the City was being less restrictive with accepting concrete plank siding and Exterior Insulated Finishing Systems (EIFS) and that provided enough flexibility in the district for property owners wishing to install an accessory building in excess of 120 sq. ft.

Commissioner Byers felt that the wood exterior surface for accessory buildings should remain in the proposed changes in the residential districts. She felt that the City was restricting citizen's rights without good cause.

Commissioner Trivitt agreed with Chairperson Gilbert and felt even without approving wood surfaces the City was providing residents with addition exterior options.

The general consensus of the Commission was the wood surface was never an applicable exterior surface in R1-7200 and R1-10000 because the Council felt it deflated property values and required more upkeep and they thought that was appropriate.

Motion to approve the R1-6000 changes as written and to approve the R1-7200 and R1- 10000 changes excluding wood as an acceptable accessory building exterior surface was made by Curtis Trivitt; second by Clyde Fisher.

2. Public Hearing on an Ordinance to create a Downtown Zoning District

City Manager Berner explained the purpose of the downtown zoning overlay district to the Commission and attending citizens. He stated this zoning district would protect what is currently in the downtown area and encourage future growth while restricting certain uses that do not fit into the overall City plan. This district will allow mixed-use buildings such as those built by Terry Lantrip and the current construction at 203 Main Street. It would establish an area for retail, restaurants and quaint shops reflecting the approved 1850's Lakeside theme previously adopted by the City.

Barbara Garrison, 208 Gotcher, asked if the downtown-zoning district would affect the current residential use of her property. Mr. Berner replied the current R1-6000 zoning would allow the continuance of this use in addition to the overlay usages allowed by the downtown zoning ordinance.

John Emery, 1622 Mallard in Corinth, stated he owns property behind the VFW Post and Ace Hardware just outside of the proposed zoning area. He showed Chairperson Gilbert

where his property is located on the proposed district map. He asked how the zoning area had been determined and why the area wasn't squared off along Lakeview. He wanted his property located at 229 S. Lakeview to be included in the Downtown Zoning District. In addition, Mr. Emery asked when the Lakeview widening project would begin.

Mr. Berner said the districts boundary lines were arbitrary and felt this was a reasonable request that the Commission could consider it when reviewing the new ordinance. He also stated the plans to widen Lakeview are 90% complete and the City hopes to start the project in 3 to 4 months.

No one else came forward and the public hearing was closed.

3. **Consideration and Action on approval of an Ordinance to create a Downtown Zoning District.**

Alternate Fisher asked what recourse Mr. Emery would have if the zoning district were approved as is. Mr. Berner advised new letters would need to be sent to property owners stating Mr. Emery's property would be included in the downtown district boundaries. Mr. Fisher asked if the other properties along Lakeview could be included in the district area.

Commissioner Trivitt stated he would be fine with approving Mr. Emery's property in the district but not the other properties since those owners had not attended the meeting.

Motion to approve the Ordinance to create a Downtown Zoning District including the property at 229 S. Lakeview was made by Alternate Clyde Fisher; second by Commissioner Curtis Trivitt.
Ayes: Ben Gilbert, Peggy Shelton, Curtis Trivitt, Rebecca Lamb and Clyde Fisher

4. **Discussion on building materials for accessory buildings in some areas of the R-1-6000 Single-Family Dwelling District.**

Mr. Berner explained there is a wide range of home building types such as wood, siding and brick in this zoning district. In some areas the properties are quite large and the owner wants a large storage building but the cost of masonry prohibits building it. In other areas the current residence is wood and the brick storage structure would not match their home. The current zoning ordinance requires all storage buildings over 120 sq. ft. be built with 80% masonry material without any exception or variance process for those homeowners. He would like the Commission the possibility of amending the ordinance with language that would allow a property owner to obtain a variance when it seems appropriate to do so.

Mr. Fisher asked if hardiplank was an approved material and Mr. Berner stated it was not approved in the City Code.

Mr. Gilbert asked what the Code started before the masonry change was adopted but that was unknown.

The Commission agreed this situation should be remedied and asked the City to submit recommended verbiage for their review.

Mr. Berner agreed to work on the variance verbiage and submit it to the Commission for review.

2. Public Hearing on application for rezoning of Block 2 Lot 13 (s12'), 16, and 17 (n31') of Gotcher Addition (111 Gotcher Avenue). The change in zoning would be from R-1-6000 Single-Family Dwelling district to C-2 Commercial District.

Karen McCouwn, 8000 Clear River Lane in Denton spoke on behalf of the proposed zoning change and business venture, "Steel Magnolias." This will be a full service salon and spa that will perform all services except acrylic nails. The current lease in Denton expires in two weeks and they hope to take possession of the property and start the refurbish process at 111 Gotcher immediately thereafter.

Kay Swihart, 3354 Oak Creek Drive in Corinth owns 111 Gotcher. She stated the house was built in the 1800's and is a historical home that was moved to the property in the 1950's. She feels the spa would be a perfect commercial fit for this property.

No one else came forward to speak and Chairperson Gilbert closed the public hearing.

3. **Consideration and Action on approval of an Ordinance to rezone Block 2 Lot 13 (s12'), 16, and 17 (n31') of Gotcher Addition (111 Gotcher Avenue) from R-1-6000 Single-Family Dwelling district to C-2 Commercial District.**

Ben Gilbert stated concern that the three lots being rezoned would not meet C-2 Commercial zoning requirements. He asked why the rezoning was being done prior to replatting the three lots into one commercial lot.

Ms. Swihart explained the property was sold as one lot and didn't realize there were three lots until the survey was completed. She plans to address the replat at a later date when the second business project on the property was confirmed.

Clyde Fisher inquired about the back alley access for a second business. Ms. Swihart responded the proposed business is an engineering company with no street traffic. The back alley entrance would accommodate their needs.

Ben Gilbert recommended the Commission approve the rezoning and require the replat be processed within six months of City Council approval; the Commission agreed.

Motion to approve the rezoning of 111 Gotcher Avenue from $1-6000 to C-2 Commercial Zoning District with the required replat processed within 6 months of City Council action was made by Rebecca Lamb; second by Curtis Trivitt.
Ayes: Ben Gilbert, Curtis Trivitt, Rebecca Lamb and Clyde Fisher

4. **Review of the First Draft of Downtown Zoning District Ordinance.**

City Manager Berner explained the background of the proposed zoning ordinance. The 4-B Corporation studied proposed Main Street themes and reviewed the Main Street master plan. The 1850's Lakeside theme was chosen. The downtown revitalization plan will cost approximately 3 million dollars, will be done in segments and will allow for mixed-use buildings without needing a special use permit. This is the first step. The City is not ready to make changes to the surrounding area but will concentrate on Main Street right now. Under the new ordinance, existing buildings and businesses will be grandfathered without a time limit to this usage.

City Council Liaison Karl Hammond emphasized the 100% masonry requirement in the proposed zoning district.

The Commission asked how the new Dart line would affect this zoning district; Mr. Berner stated the line should be operational within the next 2 years. There will be quiet zones in the area to prevent any noise nuisance.

Voting on this new Downtown Zoning Ordinance will be scheduled at the next Planning & Zoning meeting after the commissioners review the proposed ordinance.

4. Consideration and Action on approval of site plan for Ace Hardware on Thompson Drive.

Bob McDonald, owner of Ace Hardware at 505 Thompson in Lake Dallas wants to install security wrought iron fence around the eastern parameter of the property. It will be 7 ft. tall, coming up to the front of the building, approximately 111 linear ft., with a sliding gate so delivery trucks can deliver inventory. Mr. McDonald gave an updated plan to the Commission.

An additional 20 x 40 ft. building will be constructed to store a small supply of lumber. It will include roll-up doors on the front & side of the building. The side overhang of the existing building will be extended to the back of the building with a dock modification allowing more room to operate pick-up and deliveries. Asphalt will be installed to the rest of the parking lot and a cement slab will be constructed under the kerosene supply.

Mr. McDonald state the new building would be metal with steel interior posts on a cement slab, similar to the existing building.

2. Public Hearing on approval of an Ordinance to authorize a change in zoning for Tract 62 and Tract 71 of Abstract 0924A MEP & PRR Survey property from C-1 Retail District to PD Planned Development district.

Doyle Cameron, 420 Longfellow, explained the why he requesting a zoning change and summarized the planned development project. He stated the property is a transition piece and would improve the current neighborhood. This will be a zero lot line residential area, meeting the R1-7200 specs except for the sq. ft. requirement. Mr. Cameron is requesting a minimum sq. ft. of 1,200 for the 12 proposed units. Home prices will be reasonable. If approved the front portion of the property on Main Street will be given to the City for a small park.

No one else came forward and the public hearing was closed.

3. Consideration and Action on approval of an Ordinance to authorize a change in zoning for Tract 62 and Tract 71 of Abstract 0924A MEP & PRR Survey property from C-1 Retail District to PD Planned Development district

Ben Gilbert requested confirmation that no building will be done in the flood plain area.

Mr. Cameron stated his engineer would make sure no building occurred in the flood plain and all drainage requirements would be met to ensure proper drainage on each lot.

Mr. Berner explained the Council had reviewed the preliminary plans during a workshop at the last meeting and had not noted any issues of concern.

Motion to approve the rezoning from C-1 Retail District to a PD Planned Development District was made by Gordon McQuillin. Second by Peggy Shelton.

4. Public Hearing on approval of a replat Lots 1, 2, 3, 4, and 5 of Block 8 and Lots 1, 2, 3, 4, 5, and 6 of Block 9 of OT Garza Survey, and Tract 28 of A1355a Wright Survey in the City of Lake Dallas, Denton County, Texas into one (1) lot.

   Since the balance of the agenda is regarding the new school, Mr. Berner requested Mr. Eversole make one presentation regarding all agenda items.

   Wes Eversole, 2512 Jenny Lane in Flower Mound and Superintendent of the Lake Dallas Independent School District, explained master plan of school district in building the new Lake Dallas Elementary School.

   The new school plans to open the fall of 2009 with the front facing Main Street. This school replicates the building and floor plan of Shady Shores Elementary School with an estimated 750 to 850-student population and a building size of approximately 120,000 sq. ft.

   John King, DMS Architects, 300 College Avenue in Ft. Worth, explained traffic flow on Main Street and the needed street abandonment for the school and traffic flow. He also explained the student drop off plan in the back of the school by the gymnasium.

   Gordon McQuillin expressed his concern about having a single lane entrance to the school off of Main Street. Mr. King explained how the stacking process is working at Shady Shores Elementary School without the benefit of a left hand turning lane on Dobbs Road. The entrance intersection on Main Street will be a four-way stop. The single lane opens into two lanes once the traffic is past the special education building.

   No one else came forward and the public hearing was closed.

5. Consideration and Action on approval of a replat Lots 1, 2, 3, 4, and 5 of Block 8 and Lots 1, 2, 3, 4, 5, and 6 of Block 9 of OT Garza Survey, and Tract 28 of A1355a Wright Survey in the City of Lake Dallas, Denton County, Texas into one (1) lot.

4. **Consideration and Action on approval of an Ordinance to allow a Special Use Permit for a child daycare facility in a house located at 215 Betchan Drive, Lake Dallas, Texas; Tract 65 of the M. Wright Survey, Abstract 1355. This location is in an R-1-6000 Single Family Dwelling District.**

Ms. Berry answered the questions of the commissioners.

She plans to have a maximum of 40 children enrolled. The student ratio to each employee would be 20 to one for the 3-year-olds; 14 to one for 4-year-olds; 11 to one for ages 6 weeks to three years old. She would be open Monday through Friday from 7 am to 6 pm. She will comply with all state requirements. She will be equipped to also take special needs children. They will be reviewed on a case-to-case basis. After the day care center is fully staffed she thinks the maximum amount of employees will be six.

Since she will need to have a drop off area plus one space for each employee she will conform to the parking regulations. She plans to widen the circular driveway.

2. **Public Hearing on an application for a rezoning change for 215 Betchan from R-1-6000 Single-Family Residential district to C-3 Commercial district.**

John Smith, 149 Garth in Hickory Creek owns the property at 215 Betchan.

Rick Webb, 408 Alamo in Lake Dallas, owns adjoining property to 215 Betchan.

No one else came forward to speak so Chairperson Gilbert closed the public hearing.

3. **Consideration and Action on approval of an ordinance for a rezoning change for 215 Betchan from R-1-6000 Single-Family Residential district to C-3 Commercial district.**

The City Manager explained the property owners are requesting the zoning change to allow the property to be used as a public meeting facility. Mr. Berner further explained the parking issues concerning the use of the City Hall parking area and the SUP request to allow the serving of alcohol in the building.

Mr. Smith stated some of the property improvements would include demolishing the old portion of the current building and rebuilding a new portion to the west of the remaining building. The primary times of operation would be evenings and weekends.

Ben feels the zoning change is appropriate given the direction of the downtown revitalization process.

Motion to approve the zoning change from R1-6000 Residential district to C-3 Commercial district was made by Chairperson Gilbert. Second was made by Commissioner Trivitt.

4. **Public Hearing on a Special Use Permit Petition for 215 Betchan to allow for a meeting facility.**

Mr. Smith stated the hours of operation would not go beyond midnight and could start in the late morning or early afternoon hours. There would not be any outside bands, only organ or piano music played in the outdoor wedding area. The building occupancy, according to the current Fire Code, would allow 128 people. Currently there are 13 parking spaces; this occupancy level would require 18 additional spaces.

Mr. Webb is still concerned about the noise level and how this type of facility will affect close neighbors and the neighborhood as a whole.

No one else came forward and Chairperson Gilbert closed the public hearing.

5. **Consideration and Action on approval of an ordinance for a Special Use Permit to allow for a meeting facility.**

The Commission and City Manager discussed the times of operation and parking restrictions that would be appropriate for this type of meeting facility and allow a successful operation without being a hindrance to the neighborhood or City Hall.

Motion to approve a Special Use Permit to allow for a meeting facility with time and parking restrictions was made by Commissioner Trivitt. Second was made by Commissioner Shelton.

3. **Public Hearing on a proposed replat of the north half of Lot 25 of Block H in the Garza Beach Estates of the City of Lake Dallas, Denton County, Texas.**
John Donahue, 203 Hickory Lane, Hickory Creek, wants to build homes that are in compliance with the R1-6000 zoning requirements, similar to homes are Texas Street. He explained all other lots in this area are 50 x 100 ft. The original plat from 1926 has a 200 x 200 ft. lot reserved for a community center. The property to the south is 100 x 200 ft.

Tom Brown, 401 Stockard, is not in favor of subdividing these lots and having them developed. He wanted to buy these lots and not develop them, however, the owner wanted too much for them. He feels Lake Dallas is getting too crowded. Parking is also an issue in this area and the Police have been called several times due to violations. In addition, he does not want the old, large tree in the middle of the property removed. It is between 150 and 200 years old.

Mr. Donahue stated that tree would remain on property because it is at the corner where all 4 properties meet.

No one else came forward and Chairman Gilbert closed the public hearing.

2. **Public Hearing on an application for a Special Use Permit, Section 122.691(6), uses permitted by Special Use Permit, Article XVI, Special Use Permits, to operate a child daycare facility in a house located in the southwest corner of Lake Shore Baptist Church property, 276 Hundley Drive, Lake Dallas, Texas; Block 1, Lot 1R-A of the Lake Shore Baptist Church replat. This location is in C-1, Retail Zoning District.**

Derek Hanks, project architect from Aubrey, TX spoke on behalf of Jackie Strausz. He explained the design and will bring this up to handicap standards within 2 years of opening the daycare as allowed by the Federal ADA requirements. This will include handicap parking and a ramp leading into the facility. The daycare does not have any special needs children enrolled and will delay those enrollments until they have the resources to provide those services. The driveway will have a flex space to allow a circular turnaround for parents to pick up children.

Ms. Strausz, 735 Winding Oak Bend in Lake Dallas, has attended state required training and the State will inspect the facility to ensure the daycare meets all requirements.

Mr. Brad Strausz stated the State Inspector would ensure compliance to all State and Health facility requirements.

No one else came foreard and Chairman Gilbert closed the public meeting.

3. **Consideration and Action on approval of a Special Use Permit, Section 122.691(6), uses permitted by Special Use Permit, Article XVI, Special Use Permits, to operate a child daycare facility in a house located in the southwest corner of Lake Shore Baptist Church property, 276 Hundley Drive, Lake Dallas, Texas; Block 1, Lot 1R-A of the Lake Shore Baptist Church replat. This location is in C-1, Retail Zoning District.**

   The Commission discussed the approval of the permit for a 2-year period. At that time the Special Use Permit would be reviewed for an extension.

   Ms. Strausz said she plans to be in this facility for approximately 5 years.

2. Public Hearing on approval of an Ordinance allowing for a Special Use Permit to operate a private club at 303 Swisher Road, #100, as part of Lot 3, Block 1, of Swisher Road Addition-North in the City of Lake Dallas, Denton County, Texas.

Zini Kreka, 5549 Big River Drive, The Colony, owner of South City Bar & Grill, explained he wants to open a facility that will service lunch, dinner and the late entertainment crowd. He has already applied for his TABC license, which determines what percentage of food and alcohol will be served. Mr. Kreka stated it will be approximately 50% of each. He has the same type of business in Addison, Texas and it has been in operation for 24 years. Hours of operation have not been determined yet, but he would like to stay open until 2 a.m. to maximize his business potential. There are pool tables in the restaurant to serve all types of customers. The menu will be burgers, salads, kids meals, etc. Their menu is three to four pages long and it is not just snack food. In addition, Mr. Kreka stated he did not want to attract the wrong type of crowd.

3. **Consideration and Action on approval of an Ordinance allowing for a Special Use Permit to operate a private club at 303 Swisher Road, #100, as part of Lot 3, Block 1, of Swisher Road Addition-North in the City of Lake Dallas, Denton County, Texas.**
   Motion to approve the Special Use Permit was made by Commissioner Byers.
   Second by Chairman Gilbert.
   Ayes: Chairman Gilbert and Commissioner Byers.
   Noes: Vice Chairman Elton and Commissioner Martin.
   Motion Failed

   Special Use Permit request is sent to the City Council without recommendation from the Planning & Zoning Commission.

4. **Public Hearing on approval of an Ordinance for the proposed rezoning of Block A, Lot 1-R of the ICC Addition, City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District, to M-1, Light Industrial District.**

   City Manager Berner gave a brief overview of the rezoning items on the agenda.

   Chairman Gilbert stated this property is on Overly Street in front of Silestone. Businesses in this area are all light industrial. C1-A zoning has been eliminated with the new zoning ordinance adopted by the City Council.

   No one came forward to speak so Chairman Gilbert closed the Public Hearing.

5. **Consideration and Action on approval of an Ordinance for the proposed rezoning of Block A, Lot 1-R of the ICC Addition, City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District, to M-1, Light Industrial District.**

6. **Public Hearing on approval of an Ordinance for the proposed rezoning of Tracts 2 and 3 of the J. W. Simmons Abstract 1163A, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District, to C-1, Retail District.**

   Ron Olson, Unified Aircraft, asked if their business can continue with this zoning change and can the property continue to be used in a warehouse capacity if it is sold. City Manager answered yes to both questions.

   Ken Howe, 205 Swisher, asked the City and Commission to look at both sides of Swisher when rezoning and do it at the same time. He also asked when the City was going to do a comprehensive plan to address all the zoning issues.

City Manager Berner stated we have to make this change now because the current zoning does not exist anymore. Property cannot be left without having designated zoning. A comprehensive city plan will be addressed within the next 2 years.

Commissioner Byers added that property that is not zoned creates a danger of someone coming in and using the property in an unwanted capacity. Zoning C1 is restrictive enough to protect the property usage until the new master plan is complete.

7. **Consideration and Action on approval of an Ordinance for the proposed rezoning of Tracts 2 and 3 of the J. W. Simmons Abstract 1163A, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District, to C-1, Retail District.**

8. **Public Hearing on approval of an Ordinance for the proposed rezoning of Tracts 86, 86A, 86B, 89 and 90 of the Wright Abstract 1355A, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District to C-1, Retail District.**

Tom Coulter, 314 Carlisle, lives on the south side of this property. He asked if this action was initiated by the Commission/City or did someone asked for this rezoning and what the difference is between C1-A and C1. He also commented he didn't want another fast food restaurant by him.

City Manager Berner explained this change was initiated by the City to ensure all properties zoned C1-A was rezoned as a result of the elimination of C1-A.

9. **Consideration and Action on approval of an Ordinance for the proposed rezoning of Tracts 86, 86A, 86B, 89 and 90 of the Wright Abstract 1355A, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District to C-1, Retail District.**

    Ivan Bounds, 440 Betchan Street, wants to be able to drill in Lake Dallas for gas.

    Chairman Gilbert referred Mr. Bounds to the City Manager and said maybe he could come to speak on the Citizens Agenda at the next meeting.

11. **Consideration and Action on approval of an Ordinance for the proposed rezoning of Lots 1, 2, and 3 of Block 11 of the Old Town Garza property, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District, to C-3,**
    City Manager Earl Berner explained retail businesses allowed in C1; all businesses around it are C-3 which is the least restrictive.
    Motion to approve the rezoning as stated was made by Vice Chairman Elton.
    Second by Commissioner Martin.
    Ayes: Chairman Gilbert, Vice Chairman Elton, Commissioners Byers & Martin.
    Noes: None

12. **Public Hearing on approval of an Ordinance for the proposed rezoning of Lots 1, 2, 3, and 4, Block 1, of the Swisher Road Addition-North, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District to C-3, Commercial District.**

    Mrs. Stepp, 542 Briar Oaks, said she did not understand why the City needs a C-3 business in a C-1 district. She asked when KJ's, O'Rielly's and the Hotel properties were rezoned. She also said she and other residents were not informed of prior meeting regarding this issue.

    Chairman Gilbert responded saying the rezoning had occurred 3 to 4 years ago.

    Council Liaison Hammond stated open meetings regarding the construction of the Best Western Hotel were held for almost a year and a half. Only a few residents came to voice their opinions on this matter.

    Mike Fahey, 144 Kingswood, stated he was on the Planning & Zoning in the 80's when Lake Dallas had liquor stores and surrounding cities were dry. Lake Dallas needed the revenue from these businesses. Now surrounding cities also sell alcohol. The City doesn't need any more places with alcohol sales. He feels the zoning should be more restrictive than C-3.

13. **Consideration and Action on approval of an Ordinance for the proposed rezoning of Lots 1, 2, 3, and 4, Block 1, of the Swisher Road Addition-North, in the City of Lake Dallas, Denton County, Texas from C-1-A, Restricted Business District to C-3, Commercial District.**

16. **Public Hearing on approval of an Ordinance for the proposed rezoning of Tract 9 of the J. W. Simmons Abstract 1163A, in the City of Lake Dallas, Denton County, Texas from R-1-4000, Manufactured Home Residential District, to R-1-4000-C, Commercial Manufactured Home Residential District.**

City Manager Berner stated this involves Lake Haven Estates. Basically the City is correcting the zoning for this commercial mobile home park.

Maureen Garrison, 109 N. Shady Shores Road, asked what would be brought into the property if Lake Haven were moved out. Could her property be rezoned commercial and then could she be forced out.

City Manager stated the City plans would affect her residential property. This rezoning was correctly zoning Lake Haven Estates.

Robert Clark, 624 Beck, asked why Shady Shores and Hundley was already zoned commercial. What prevents the City from changing our homes to commercial property?

The discussion that followed assured residents there were no plans to change the residential zoning currently on Shady Shores.

Commissioner Byers explained the difference between residential and commercial mobile home park.

You aren't going to change those homes to commercial? Mrs. Garrison.
City Manager Earl Berner explained that the city plans will not affect her residential property.

17. **Consideration and Action on approval of an Ordinance for the proposed rezoning of Tract 9 of the J. W. Simmons Abstract 1163A, in the City of Lake Dallas, Denton County, Texas from R-1-4000, Manufactured Home Residential District, to R-1-4000-C, Commercial Manufactured Home Residential District.**

22. **Public Hearing on approval of an Ordinance for the proposed rezoning of Tract 21C (13.934 Acres) and Tract 21B (6.143 Acres) of the French Abstract 0424A, in the City of Lake Dallas, Denton County, Texas, from C-1-A, Restricted Business District to C-3, Commercial District.**

Mike Fahey, 144 Kingswood, distributed map showing flood plain in this area. He is recommending residential zoning in this area even though there is a flood plain. Lake Dallas doesn't need any more liquor. The City needs to deal with the flood plain. The residence at 28 Pecan is about 150 ft. from this area. A park should be put in the flood plain area.

Neoma Spinks, Kingswood Mobile Home Park, doesn't want building right behind her. Businesses back there wouldn't work next to the sewer plant; it stinks. Traffic will just get worse.

Vice Chairman Elton said he would like to entertain another zoning.

Commissioner Byers said the road is going through and the City can't leave a piece of property without zoning.

The City Manager explained the master plan for this property.

23. **Consideration and Action on approval of an Ordinance for the proposed rezoning of Tract 21C (13.934 Acres) and Tract 21B (6.143) Acres of the French Abstract 0424A, in the City of Lake Dallas, Denton County, Texas, from C-1-A, Restricted Business District to C-3, Commercial District.**

1. **Public Hearing on proposed replat of Lots 37R, 38R, 39R, 40, 41, 42 and 43 of the J. V. Thompson Subdivision, City of Lake Dallas, Denton County, Texas into six (6) lots.**

Tony Marino, 727-A Main Street, spoke on behalf of the property owners Michael and Isabel Marino. Property as previously replatted did not allow enough land on lot 7 to develop, therefore, another replat reducing the total number of lots from 7 to 6 was necessary. The surveyor drew the new replat plans. The lot size was determined by the type of home to be built, with an average lot width of 52 ft., meeting the R1-6000 zoning requirements.

No one else came forward and Chairman Gilbert closed the public hearing.

2. **Public Hearing on approval of an application for the exemption from the 80% masonry requirement for Joy Pools, 5002 South Stemmons.**

Mike Truesdell, 5002 S. Stemmons, represented Joy Pools. He is requesting the exemption to allow the Company to erect a blue metal building to store equipment and supplies needed for his business. No chemicals will be stored in the building. There is adequate hard surface for parking. The entrance and exit will continue to be on the service road. This building will be professionally built.

Chairman Gilbert requested some landscaping on Denton Road and around the building to soften the look of the metal building. He would like to see trees planted every 20 ft. that measure 2 to 2 ½ calipers in diameter. Mr. Truesdell was agreeable to this suggestion.

3. **Consideration and Action on approval of an application for the exemption from the 80% masonry requirement for Joy Pools, 5002 South Stemmons.**

Workshop:

1. **Schrickel, Rollins and Associates review of new zoning ordinance.**

Linda Jordan from Schrickel, Rollins & Associates stated this zoning draft included the changes that had been discussed at the previous workshop held on September 15, 2005 during the Planning & Zoning Meeting.

Some suggestions discussed by the Commission during this workshop included listing the major differences between zoning areas, making the ordinance more user friendly. In addition, using generic business families for the retail and service industries allowed in each zoning area would be beneficial. It would allow the City more flexibility in approving a certificate of occupancy for a business without requiring a Special Use Permit.

In discussing the Special Use Permit, it was suggested that liquor package stores also be required to have a Special Use Permit (SUP) to operate this type of business. The SUP would be authorized for that business owner and not to the particular business. A new business owner would be required to apply for a new SUP. Current liquor storeowners would be grandfathered.

Mr. Berner and Linda will rewrite the complete ordinance with the approved changes thus far. An additional workshop, public hearing and approval will be held at the December Planning & Zoning meeting if the City Council approves the ordinance final draft.

F. Workshop:

1. Schrickel, Rollins and Associates presentation of new zoning ordinance.

Linda Jordan from Schrickel, Rollins & Associates explained the purpose of the workshop to the Commission. She stated the current ordinance is not as user friendly as it could be. Her goal is to make the ordinance more consistent within the Municipal Code and streamline the information. She wants the City to do an in-depth review of the proposed changes. Underlined sections in the proposed ordinance represent an addition to the existing code. Linda also recommended not reference other sections within the verbiage of the City Code if possible.

Mr. Berner added that if something raises a concern or question he would like it to be addressed in the workshop.

Commissioner McQuillin asked how often an in-depth review would be needed.

Per Mr. Berner, some of the ordinance is up to 20 years old. He is hopeful with this in-depth review the revised ordinance could remain in effect for 5 to 10 years, with some slight tweaking as needed for future growth. It is important for the City to have a comprehensive plan. So far he is comfortable with the changes but wants the Commission and City Council to conduct a thorough review before approving it.

Chairman Gilbert raised several questions and concerns, which follow:

Section 122-88: this section is obsolete because the City passed an ordinance that required all property be connected to the sewer system within 10 years of this ordinance passage. Linda said if this were correct, this section would be deleted. Section 106-34 is the code that requires this sewer system connection.

Sections 90-100:
We need to look at lot depth for R1-10000 lots to ensure the 40 ft. front and 30 ft. back setbacks are met. Do we want to grandfather homes? Do we want to permanently grandfather these homes or just make them non-conforming?

R1-7200 (122-140) & R1-6000 (122-190): would a lot depth be implemented?

Section 122-193 Exterior surfaces: Would we grandfather previous construction? The response from the Mr. Berner and Linda was yes; this was added to the zoning ordinance to bring R1-6000 up to par with the other districts in the City.

Section 122-238: Is this new verbiage a change to the existing ordinance? It is not a change; it has been reworded to streamline the ordinance. The most important point of this section is the minimum square foot of the lot.

Section 122-278 (2): The minimum lot size for townhouses and condominiums is 3,000 sq. ft. A duplex requires a 3,600 sq. ft. lot. Mr. Berner feels this is reasonable.

Section 122-279: Why is there no minimum lot width required for apartments? Mr. Berner explained the lot width is not required because of the parking areas needed for apartment complexes.

Section 122-280: Why were the apartment size requirements being reduced in the ordinance revision? Is there a minimum size requirement in the residential building code? Mr. Berner will review the building code before the next workshop is held.

Section 122-284: Does the ordinance require an addition of a recreation facility or the option of having a recreation facility? Ben also feels the recreational facility should have the same masonry requirements as the main building. He likes the clarification of the section but wants a little more detail.

Section 122-335: Although Ben feels the City needs to leave the masonry requirement in the ordinance, he is concerned it could chase away businesses. Corporations 4A & B want to raise the bar for new development. Ben suggested the ordinance include a special exception section or only require a 80% masonry requirement without any exceptions to build some flexibility into the Code.

Sections 122-341 through 122-349: Asked why these sections were being deleted. Linda stated she could not find the purpose for C1-A zoning so it seemed logical to combine C1 and C1-A, and include the retail district.

Section 122-405: What is the reason for increasing the maximum building height from 2 to 5 stories. Per Mr. Berner, increasing the maximum height of buildings in C3 could develop economic growth that could support the lunch business in the City. He also stated the fire department did not feel the increased building height would be an issue.

Article XI, Sections 122-441 through 122-530: Why is this whole zoning district being deleted? This section is no longer needed with the creation of the PUD ordinance.

Section 122-533 through 122-537: Why are we implementing a maximum height in M1 zoning? Mr. Berner said he was not sure the City would want to have a warehouse building too high. Chairman Gilbert also question not having a masonry requirement in M1 or a lot width requirement. These requirements have never existed; does the City want to consider implementing this?

Section 122-543 (2): Does the City want to consider any restrictions on radio towers? Is a setback needed for a radio tower? Should a setback be as much as the tower is tall so if it fall it would not hit another building? Would this setback apply to all of Lake Dallas, not just in this district?

Section 122-544 through 122-546: Does the City want to consider lot width requirements?

Section 122-549: Should the City look at the different type of buildings in the Marina District to determine the exterior surface requirements? Height is also an issue in this district; when a boat is hoisted up for repairs the building must be high enough to accommodate this activity. Linda stated the ordinance could list which uses would require the minimum masonry requirement and which ones would not.

Section 122-601: Chairman Gilbert would like this section carefully reviewed because there are a lot of non-conforming properties in Lake Dallas. He also feels the City Attorney should review the proposed ordinance. Linda stated the Schrickel, Rollins & Associates legal consultant submitted the bold print information in this section.

Section 122-694: Does the City want to keep track of the project for 9 months or 1 year?

Article XVIII- Signs: Linda added some new sign definitions.

Section 6-105: this section would be removed from the ordinance because it is already a part of the Building Code.

122-797 & 799: Chairman Gilbert was concerned about the deletion of #797 & 799. This would be deleted because it is already in the Building Code and this was a duplication of information.

Linda stated she would make the revisions discussed in this workshop and present it again at a workshop scheduled during next month's Commission meeting.

2. Consideration and Action on approval of a site plan for Pappa's Family Restaurant.

Edith Cheadle, 2704 Parkview Drive in Corinth and owner of Pappa's Family Restaurant, stated they want to build a small shed outside the SE corner of the building to store the restaurant smoker. The smoker will be stored in the shed during cooking but will have a ceiling opening for the smoker stack. The building will be metal including the roof and the exterior color will be beige. This will allow the smoker to be locked in the storage building and left on the property.

Richard stated the fire chief would review the building to ensure it meets all fire safety requirements.

Motion to approve the site plan for Pappa's Family Restaurant pending the Fire Chief approval was made by Commissioner Hammond. Second by Commissioner Shelton.

2. Public Hearing on application for Special Use Permit for mixed use zoning for 209 Main Street, City of Lake Dallas, Denton County, Texas.

Terry Lantrip, 275 Market Street of Lake Dallas distributed the updated project plan and explained his vision for this property. The proposed development will include a mixed use of first floor businesses with residential lofts on the second floor. This concept is popular in Denton, Dallas, Plano, Addison Circle and Mockingbird Circle. He wants to bring something unique to the downtown area that no other Lake City is doing. There will be 4,000 sq. ft. of business space; possible tenants such as financial and realty offices have already been lined up. With this kind of development, Lake Dallas has a good possibility of attracting high-class businesses on this side of the interstate. This development would face Main and Market Streets.

Chairman Gilbert closed the public hearing when no one else came forward to speak.

3. **Consideration and Action on approval of an Ordinance allowing for a Special Use Permit for mixed residential/commercial use zoning for 209 Main Street, City of Lake Dallas, Denton County, Texas.**

F. Workshop:

1. Discussion on zoning/usage issues for property on west side of 100 block of North Lakeview.

Frank Bourland, 1434 Hidden Oaks Cr, Corinth, is the property owner. He is interested in developing this property, currently zoned C-2. Mr. Bourland has researched his options and feels the best use would be to change zoning from commercial to residential. He is considering building single-family attached homes that would allow 8 homes, 1,400 to 1,700 sq. ft. He distributed a picture of what the homes would look like to the Commission. Mr. Bourland

wants feedback from the Commission to determine the direction he should go in developing this property. Access to these homes would be Lakeview, however, if Adolphus were opened residents would be able to access property from Hundley. Three lots are land locked unless Adolphus is opened up.

Building Official Richard Dallof agreed that the best property use would be residential rather than commercial and feels area residents would feel the same way. This property could be approved with variances as R1-6000; attached homes are R2. Our ordinance would allow the variances needed to build these homes. Mr. Bourland has met with City Manager Earl Berner but all other issues such as fire access and review by the City Engineer would need to be done. The cost to open up Adolphus access could be $100,000 to $300,000.

The Commission agrees that residential development would be better for this property than commercial. In addition, Vice Chairman Elton felt opening Adolphus would alleviate some of the traffic congestion on Lakeview.

With this positive Commission consensus Mr. Bourland plans to move forward in his development process.

2. **Discussion on proposed amendment(s) to Chapter 62, Manufactured Homes and Trailers and Chapter 122, Zoning, Article XX, Commercial Manufactured Home Parks restricting replacements to 1990 or newer model year.**

Rod Courtney, 162 Kingswood Drive, stated the section of the Municipal Code being discussed doesn't apply to Kingswood Mobile Home Park because it is not a commercial park. Kingswood is a property owned private residential park.

Mike Minnis, 204 Oakwood, and Vice-President of the Kingswood Home Owners Association (HOA) wants to see an upgrade in future homes brought into Kingswood but wants to work this issue through the HOA. He wants to address this issue with the City using one voice through a HOA resolution. This issue will be addressed at the next HOA meeting in June 2005.

Alan Carmen, 47 Lake Vista Circle and President of the Kingswood HOA, stated the HOA by-laws require a 30 day notice to address subdivision restrictions such as this. In addition to the age of homes brought into Kingswood, he would like to address home and garage height restrictions so property owners can have some of the wider, newer homes including 2 stories. The Association Board is concerned about the percentage of non-owner occupied homes increasing. The by-laws require a 51% owner occupied level in order to maintain the HOA. He asked if the City could coordinate with the HOA to ensure old home are not brought into the park by not issuing permits for those homes.

Richard Dallof stated in researching this issue he found other cities such as Denton, Corinth, Lewisville and Little Elm do not restrict the age of mobile homes. Our City Ordinance (Section 122-885) only restricts homes to 1976 or newer because that's when HUD defined minimum home requirements. The City can only regulate code compliance such as plumbing, electrical, etc. Richard will discuss any coordination efforts with the City Attorney. The HOA should look at any height restriction changes and get back with Richard within 2 weeks.

3. **Public Hearing to consider proposed zoning change to approximately 37.3 acres of Tract 21 of Abstract 0424A N. French Property from C-1-A Commercial zoning district to a Planned Unit Development district.**

City Manager Berner explained the history of the lawsuit involving this property. The property replat is part of the Planned Unit Development (PUD) rezoning per City Ordinance regarding PUD's. The development would have 153 homes that meet the R1-7200 building requirements with an average lot size of 5,500 to 6,000 sq. foot. He recommends approval of this zoning change, as it is part of the lawsuit settlement.

Jennifer Heil of Mercedes Homes, 11494 Luna Road #210, Farmers Branch, spoke on behalf of the builder who is contracted with Resort Realty to build the homes. The plans call for 15 3 single-family homes priced from $140,000 to $190,000 each. The builder will try to keep as many trees as possible on the property in addition to planting new trees. Each lot will have 2 trees.

Mike Fayee, 144 Kingswood, Lake Dallas was not aware of the legal settlement but was concerned about the amount of planned small homes and traffic. He felt the property should remain commercially zoned because it would be a better use for this parcel of land.

Linda Barnard, 5315 Kingsmanor, spoke as a resident and income property owner. She is concerned about the number of new homes planned, traffic issues and the widening of Lakeview to accommodate more traffic.

Randy Squier, 560 N. Lakeview Drive feels Lakeview is one on the worst roads in Lake Dallas and cannot handle the additional traffic this development will bring. He would like to see bigger homes and lots, which would still bring the city the same tax benefits. In addition, the sewer treatment plant expels an awful odor that should be corrected before any homes are built.

Barbara Garrison Boliver, 512 N. Shady Shores and Donna Boliver, 514 N. Shady Shores, expressed the same traffic concerns; the sewer treatment issue and they do not want to see the property destroyed by the proposed development. Drainage is also an issue with this development.

Margaret Tisdale, 524 Howard, stated the same issues as the other citizens. She also said Lake Dallas is over built with small home that people do not stay in very long.

Hipolito Gutierrez, 501 Howard, expressed the same concerns as the other who spoke.

Citizens also asked what choice the City Council would have if this zoning change were not approved and part of a legal settlement. Darrell G. Noga, attorney for the City, 13155 Noel Rd., #1000, Dallas, stated the matter would have to go back through the legal system.

Chairman Gilbert closed the public hearing when no one else came forward to speak on this matter.

4. **Consideration and Action to approve an Ordinance for a zoning change to approximately 37.3 acres of Tract 21 of Abstract 0424A N. French Property from C-1-A Commercial zoning district to a Planned Unit Development district.**

In response to Commission questions, Jennifer from Mercedes Homes stated the beginning of construction will be in 2 phases; land improvements will begin in July with home construction starting the first of the year. Project completion is estimated to be in 3 to 4 years. The subdivision exits will be (1) onto to Swisher Rd. and (2) onto Lakeveiw. The homes will meet R1-7200 requirements per the legal agreement.

Vice-Chairman Elton expressed his concern for the school district to handle the number of new students a subdivision of this size would bring. He also said he is worried about the increased traffic, the sewer treatment matter, and the property environment with the destruction of the trees. In Lake Dallas we have plenty of residential areas but lack commercial development.

Commission Alternates Martin and McQuillin stated their concern about the number of homes, lot size, proper drainage and correction of the sewer plant odor.

City Manager Berner said the sewer plant issue is an Upper Trinity responsibility.

In response to the other issues, Mr. Noga said larger lots are not consistant with the legal agreement. The agreement has the tentative parameters of the development but the Cy Council has final approval. This legal resolution has taken 3 ½ years to reach and has involved the Plaintiffs, Denton County Lake Dallas 4A & B Committees, the City and Mercedes Homes.

2. **Consideration and Action on approval of a proposed site plan for hotel on Swisher Road.**

Robert Harris of Robert Harris Realty represents Lake Dallas Hotels, L.P. spoke on behalf of the property owner and project engineer, JDJR Engineering. He submitted the most recent revised site plan to the Commission.

The hotel will be 3 stories high, approximately 38 ft., with the entrance tower being the highest point at 55 ft. There will be no room balconies but there will be a deck on the first floor of the hotel to provide outside laundry room access for

employees. The landscaping will have trees such as live oaks in the front of the hotel and Italian Cypress trees will line the back fence to provide privacy to residents located behind the hotel site. The pool will close no later than 9 p.m. Both driveways in and out of the hotel are designed for two-way traffic.

Richard Dallof, Building Official, stated all utility companies and the fire chief attended a pre-construction site plan review. They approved the site plan with the revision of the fire lane. The City engineer, Tom Hoover, and the project engineer have addressed the drainage issues. All drainage concerns will be corrected before the building permit is issued. Richard further stated the Jackson Ranch Home Owners Association (HOA) had been invited to this evening's meeting.

F. Workshop:

1. Discussion on proposed commercial zoning district on Dobbs Road.

Earl Berner, City Manager, presented comments from Linda Jordan of Schrickel, Rollins & Associates, the City Planning Consultants. It would be a more viable retail property it included the corner of Dobbs Rd. and Shady Shores. A garden office style might be successful and a mini storage would be appropriate as well as a nursery as long as setback requirements were met, noise levels were monitored and strict business hours were maintained. Issues such as hours, noise. No more than 2 entrances should be allowed into business area from Dobbs road. Mr. Berner will convey this information to Clyde Edwards.

2. Discussion on masonry requirements for buildings and storage sheds and proposed amendments to the Lake Dallas Municipal Code.

Mr. Berner presented a memo to the Commission regarding the use of hardie plank siding for sheds and accessory buildings. Hardie plank would be an approved masonry material for an accessory building but not the primary building or garage. If this strategy is acceptable to the commissioner, it will be given to the City Attorney to draft an ordinance for the Commission and City Council to review.

F. Workshop:

1. Discussion on proposed commercial zoning district on Dobbs Road.

Chairman Gilbert opened the workshop by giving a brief summary of the previous Planning & Zoning workshop on this subject in November.

Clyde Edwards, 3011 Kiln Drive in Shady Shores, has owned his Dobbs Rd. property for almost 30 years. He would like the property to be rezoned from residential to commercial (C-2) so he can build a professional medical building, a boat storage facility and a nursery. He does not have any doctors or other professional interested in this project, nor has he discussed this idea with a building contractor. Mr. Edwards wants some developmental direction from the City. Once the bridge opens on Swisher Rd., Dobbs Rd. will be the only east/west main road left that is still open.

Mr. Crow, owner of Yardley Montessori School at 102 Dobbs Rd. stated he would be interested in seeing a marked up commercial plan.

Consensus of the Commission and City Manager is further discussions on this matter should be deferred until the master city plan is completed the end of January. There was also concern about the property zoning being changed to C-2 that allows body shops, etc. The Commission would like to see a well planned and coordinated effort in that area if the land is rezoned to commercial.

2. Discussion on masonry requirements for buildings and storage sheds.

Earl Berner, City Manager, explained the City Council wanted this subject work shopped due to the issue that arose when Terry Lantrip wanted to use the home located at 209 Main Street as a commercial business but also wanted to preserve the building's original building integrity because of it's age. In addition citizens have expressed objection to the masonry requirements in the City Ordinance for storage buildings.

The Commission discussed how expensive these requirements are for the homeowner, the installation requirements and the sturdiness of other materials that could be used. They stated a change of this ordinance would need to cover an umbrella of materials that could be used and also look at how other products would look as well as how it performs.

Commissioner Byers said she didn't feel a brick building behind a back yard fence to store lawn equipment and seasonal items, however, Vice Chairman felt storage buildings should match the home to keep a better neighborhood appearance.

The Lake Dallas Planning & Zoning Commission met in a regular meeting on November 18, 2004 at 7:00 PM in the Lake Dallas City Hall located at 212 Main Street, Lake Dallas, Texas with notice of the meeting posted as required by Title 5, Chapter 551.041 of the Texas Government Code.

A. Call to Order

B. Roll Call

Present: Chairman Gilbert, Vice Chairman Elton, Commissioners Hammond, Shelton, Alternate McQuillin and Alternate Martin. Also present were Building Official Richard Dallof, Planning & Zoning Secretary Char DuPree, City Manager Earl Berner, and Mayor Marjory Johnson. Commissioner Byers was excused.

C. Pledge of Allegiance

Chairman Gilbert led the Pledge of Allegiance.

D. Citizen's Agenda - Residents and visitors invited to speak on items not on a public hearing.

Jackie Kovsky, 311 Surf, spoke against the proposed replat of lots 37, 38 & 39 of the J. V. Thompson Subdivision.

Carl and Linda Thomas, 736 Thompson, also spoke against the same proposed replat. Thompson Rd. is a tight knit neighborhood with long time residents. This is an important issue. The objection is to 7 homes with 50 ft. wide lots. In other neighborhoods where it worked well there were 2 ways in and out of area; this is a dead end street and it would create too much traffic. The park will have 12 parking spots that will create enough extra traffic without adding 7 more homes. The street is too narrow for more traffic. Mrs. Thomas distributed their written objections to the Commission.

Richard Martin, 610 Thompson, supports the replat and new home plans. He is satisfied with proposed custom homes and that the city will do what is best for that area.

E. Business:

1. **Consideration and Action on approval of Minutes for the October 21, 2004 meeting.**

Motion to approve the Minutes for the October 21, 2004 was made by Karl Hammond. Second by Vice-Chairman Elton.
Ayes: Chairman Gilbert, Vice Chairman Elton, Commissioners Hammond, Shelton & Alternate McQuillin.

2. Consideration and Action on approval of proposed replat of Lots 37, 38 and 39 of the J. V. Thompson Subdivision, City of Lake Dallas, Denton County, Texas into seven (7) lots. [Tabled at October 21 meeting]

Commissioner Gilbert stated the proper process would accept the replat to 7 lots. Vice Chairman commented that up to 9 manufactured homes could have been placed on these lots and 7 custom homes would be much better for the city.

Tony Marino, 727 A Main Street, stated he has researched the area and what would be best for this area and the city tax base. He feels this is the best choice.

Commissioner Hammond asked if anything had changed with the original plan review or replat request. Richard stated nothing had changed.

Motion to approve proposed replat was made by Commissioner Hammond. Second by Vice Chairman Elton.
Ayes: Chairman Gilbert, Vice Chairman Elton, Commissioners Shelton, Hammond & Alternate McQuillin.
Noes: None

Motion Passed

F. Workshop:
1) Discussion on proposed commercial zoning district on Dobbs Road.

Richard distributed a map of the property area to be discussed during the workshop.

Clyde Edwards, 3011 Kiln, Corinth, has owned these properties for 32 years. He has approximately 10 acres total. The property is currently zoned R1-7200. He feels the long term planning should include rezoning property to C2 Commercial and a way to relieve traffic on Swisher Rd., once the lake bridge is built. He would like to open a boat/RV storage facility and nursery. He feels we need to keep more commercial industry in Lake Dallas. In addition Mr. Edwards wants to build a professional doctor's building there. Per his discussions with neighbors, they would not object to rezoning the property.

Chairman Gilbert felt more discussion on this matter is needed, which should include other property owners and residents. Letters will be sent to neighbors to advise them of the workshop to be held at the December Planning & Zoning meeting.

Mayor Johnson would like more discussion with the Planning & Zoning Commission regarding future uses of this property.

Commissioner Elton felt there is almost enough property that a PUD could be considered. One of the things he is concerned about is the hodge-podge of different businesses instead of a cohesive business community in that area.

G. Future Agenda Item:

Several issues were raised for future agenda items including a review of all other R1-4000 properties and David Berman, attorney for the City, presenting a seminar on property replats, legal & non-legal issues.

Commissioner Hammond also asked about the progress of business dumpster screening and the business temporary sign issue.

Richard responded that there has been success in screening dumpsters at businesses on Stemmons. Chilitos and the Ship Inn will also be screened. At some point all business dumpsters will have to be screened because no one is exempt from this requirement. The temporary sign issue is still a work in progress as this matter comes up.

2. **Public Hearing on application for exemption to the requirement of 80 percent masonry for exterior surfaces [Code of Ordinances Section 122-409] for the structure located at 209 Main Street, City of Lake Dallas, Denton County, Texas.**

Terry Lantrip, 275 Market St., Lake Dallas and owner of 209 Main Street. He is requesting the exemption because he'd like the building to remain as original as possible and would blend with the theme for Main Street. In refurbishing the building he plans to use for his printing business, square nails were found. This means the building could be between 90 and 100 years old. He is not going to add on to the building, only planning to erect a white picket fence in front yard.

Richard stated the building is currently a conforming/non-conforming residence. The change to a business usage requires the building meet the C-3 commercial zoning masonry requirements.

No one else came forward to speak and the public hearing was closed.

3. **Consideration and Action on approval of an application for exemption to the requirement of 80 percent masonry for exterior surfaces [Code of Ordinances Section 122-409] for the structure located at 209 Main Street, City of Lake Dallas, Denton County, Texas.**

The commission consensus appreciated Terry's work on the building and keeping his business in Lake Dallas.

Motion to approve exemption requirement for the structure located at 209 Main Street was made by Commissioner Byers. Second by Vice Chairman Elton.
Ayes: Chairman Gilbert, Vice Chairman Elton, Commissioners Byers & Hammond and Alternate McQuillin.
Noes: None

Motion Passed

4. **Public Hearing for proposed replat of Lots 37, 38 and 39 of the J. V. Thompson Subdivision, City of Lake Dallas, Denton County, Texas into seven (7) lots.**

Tony Marino, 727 Main St of Lake Dallas, spoke as the property owner representative for his father, Michael Marino. The current owner purchased the property a year ago. Property is zoned R-1-4000 and used to be a mobile home park, then a storage area for boats and cars. The owner would like to build seven custom homes using builder John Allen. The lots would be at least 50 ft. wide. All homes will meet R-1-6000 building requirements and would increase the property value in the area.

Carl Thomas, 736 Thompson Road, has lived there since 1980. He opposes the change to seven lots. He would prefer the lots to remain at three so only three homes could be built. He understands that no more mobile home parks can be added.

Paula Blackshear, 721 Thompson, feels seven homes would be too crowded and increase traffic. There is also a drainage issue.

Jackie Kovsky, 311 Surf, would be okay with three houses but feels that seven houses is just too many.

Chairman Gilbert closed the Public Hearing when no one else came forward to speak.

5. **Consideration and Action on approval of proposed replat of Lots 37, 38 and 39 of the J. V. Thompson Subdivision, City of Lake Dallas, Denton County, Texas into seven (7) lots.**

Richard said he can understand the citizens concerns. He said they have met with the City Manager, City Engineer, and the Fire Chief. Lakebridge Estates is zoned R-1-6000, which requires 60 feet wide lots, but the lots in that subdivision are only 50 feet wide. This is an example of exceptions to lot widths. He said that Jackson Ranch also has some narrow lots. These are very nice homes. Subdivision code allows the Planning & Zoning Commission and City Council to make exceptions. Lakebridge did that in 1996-1997.

Currently, a modular home or a small 780 sq. ft. home could be placed on each lot. Mr. Marino wanted to build affordable homes with quality. Vice Chairman expressed concern with homes being close together and traffic.

The Commission would like to see the owner and area residents reach some common ground with the issues brought up at tonight's meeting.

Chairman Gilbert stated consideration should be tabled at this time until after the rezoning of property to R-1-6000. John Allen builds a quality home by first hand knowledge of the commission.

Motion to table this item was made by Vice Chairman Elton. Second by Alternate McQuillin.
Ayes: Chairman Gilbert, Vice Chairman Elton, Commissioners Byers and Hammond and Alternate McQuillin.

F. Workshop:

1. Discussion on amending Section 22-246, Height Restrictions, of Article III, Fences, of Chapter 22, Buildings and Building Regulations of the Lake Dallas Municipal Code.

Richard addressed this issue, recommending a new ordinance allowing a 6 to 8 ft. fence in R1-4000, the same as other residential zoning areas. He cited an example of a resident needing to build a 6 ft. fence because their dog kept getting out of the yard. The resident was given a citation because the fence was in violation of the Lake Dallas Municipal Code. The Lake Dallas Municipal Court dismissed the ticket because the higher fence was needed. Richard also consulted the Fire Chief regarding this issue. The fence height would not hinder the fire department in any way.

The Commission discussed the issue and agreed the ordinance should be changed. The height allowed should be determined after listening to residents during the public hearing.

2. Discussion and consideration on amending Article XVI ("Group Housing") of the Comprehensive Zoning Ordinance (Chapter 122 of the Municipal Code) to repeal the Group Housing zoning classification and to adopt Planned Unit Development zoning regulations.

Richard led the discussion of this issue that included previous workshop. When the building of the Harbourtown Garden Homes was being considered.

The Commission consensus is a Planned Unit Development (PUD) is needed for Lake Dallas if the marina area is going to be developed and for future growth in the area. The new ordinance would provide basic guidelines with the specifics being mapped out on a site plan when needed.

F. Future Agenda Items

Commissioner Hammond asked the status of the implementation of the new temporary sign ordinance. Richard is working this issue with business owners in Lake Dallas. Business owners have been paying for their temporary signs and banners but it is still a work in progress.

Commissioner Hammond also asked how the enforcement process for screening business dumpsters was coming. Richard stated the fencing of garbage dumpsters with any new Certificate of Occupancy (C/O) has been enforced and business owners have complied; three within the past month. Current business owners have one (1) year to comply with these requirements.

8. Public Hearing on a Special Use Permit to operate a church at 523 Hundley.

Mr. Bob McDonald, 1422 Bogard Ln., Lewisville, TX and Mr. Tyrone Lister, 1728 Timberidge Circle, Corinth, TX represented the property owner and church pastor. Mr. McDonald and Mr. Lister entered into a one year lease without realizing a special use permit was required. Mr. Lister is requesting the special use permit for his church because the congregation has outgrown meeting at his home in Corinth. He distributed an information brochure describing the church and its beliefs.

There are currently 15 church members and they hope to grow to a maximum of 40 members in this facility. The site plan contains 14 parking spaces in front of the property with an additional 7 spaces on the side of the building. Meeting times would consist of Sunday mornings and Tuesday evenings with noise being kept to a minimal level. The first 30 minutes of each service would be praise and the remainder would be mostly ministry.

Mr. McDonald met with Ms. Aldena Gregory regarding her concerns with having the church lease the building and other business owners in the area. They do not have an issue with the church leasing this facility.

Mr. Lister is meeting with Fire Chief Jason Collier at 2 p.m., May 21, 2004.

Chairman Gilbert closed the public hearing.

9. Consideration and Action to approve an Ordinance for a Special Use Permit to operate a church at 523 Hundley.

The Commission discussed the information given by Mr. McDonald and Mr. Lister.
Motion to approve the Special Use Permit for a period of one year, restricted to the meeting times stated and contingent upon the approval of Chief Collier was made by Commissioner Hammond. Second by Commissioner Shelton.
Ayes: Chairman Gilbert, Vice Chairman Elton, Commissioners Shelton and Hammond.

2. **Discussion and Action to approve a site plan for La Parrilla Vargas, 207 Main Street.**

   Mike Vargas, owner of La Parrilla Vargas, explained site plan to remove 2 walls, install 1 new wall and expansion of restaurant. Kitchen area will remain the same.

Motion to approve site plan made by Commissioner Byers. Second by Vice Chairman Elton.
Ayes: Chairman Gilbert, Vice Chairman Elton, Commissioners Shelton, Byers and Hammond.
Noes: None

Motion Passed

3. **Discussion and Action to approve a site plan for Swisher Road Business Park.**

Jim Dewey, Jr., JDJR Engineers & Consultants, Inc., represented the owner and developer of the project. Developer has addressed all City concerns. Plat will be submitted within the next couple weeks. Site plan is for a multi-tenant retail development. Each building would have 3 to 4 tenants. Fire Chief has approved site plan.

Per Richard Dallof, project developer has addressed all concerns of the City engineer. Site Plan meets all C1A zoning requirements.

Mr. Dewey requested a clarification of property uses allowed in C1A zoning areas. He feels the ordinance language is vague. He wanted uses clarified and some assurance from the Planning & Zoning Commission so property developer can be comfortable of tenant usage before development begins.

Marshall Merritt, project developer, stated their attorney advised them to submit the site plan with the listed property uses for approval.

Ms. Johnson, City Council Liaison, said this is not a usage issue but a land issue. You cannot receive a zoning variance on a site plan request. Clarification must come from the building official, city manager or city council.

Motion to approve site plan with property uses to be clarified by City Building Official, Manager and Council was made by Commissioner Byers. Second by Vice Chairman Elton.
Ayes: Chairman Gilbert, Vice-Chairman Elton, Commissioners Shelton, Byers and Hammond.
Noes: None

Motion Passed

F. Workshop:

1. Public hearing and workshop for considering amendments to various sections of Article XIX, Manufactured Homes Generally; Division 2, District R-1-4000, Manufactured Home Residential, of the Lake Dallas Municipal Code with regards to carports.

Rod Courtney, 162 Kingswood, represented the Kingswood Association and residents. He distributed a drawing to illustrate why the ordinance regarding carport setbacks should be amended. They want the setback to be changed from 14 ft. from the neighbor's mobile home to 4 ft. This would allow a property owner to cover the entire driveway way not just a half of it. In addition residents want a clarification as to where the carport side posts should be placed. They feel the side posts should be placed next to the property line not on the property line. Mr. Courtney also stated 35 of the current 53 carports do not meet ordinance setback requirements.

Richard Dallof reported the Lake Cities Fire Chief the way the ordinance reads now is unfair to property owners and the fire code would not be an issue if the footage were changed. Richard's recommendation is to allow the change to 4 ft. and leave other property setbacks the same.

Workshop closed.

2. **Discussion and Action to approve a site plan for Enrique's Place, 219 Main Street.**

Enrique Vierya, Copper Canyon, addressed the commission regarding the remodeling changes they want to make at the building at 219 Main Street. They would like to start moving into building March 28. The plan is to build one wall and cut an opening in an existing wall for a bar. The doorway will be an arch.

Chairman Gilbert asked that the site plan show the doors that will remain as the emergency exit. The Building Official stated that the fire official would inspect property to insure that it is in compliance with the fire code. The changes requested are mostly cosmetic.

Motion to approve the site plan was made by Commissioner Byers. Second by Commissioner Hammond.

2. **Public Hearing to approve an Ordinance for a Special Use Permit to allow the installation of a ground monument sign for a private school located at 102 Dobbs Road [Legal description: Lot 1, Houghton Addition].**

   Russell Crow, 5316 Colonial Drive in Flower Mound, explained the sign would let the public know the Yardley Montessori School was there. They feel the school would be an asset to the neighborhood in conjunction with the new Shady Shores Elementary School to be built. The monument sign would aesthetically match the school building.

James Acker, daughter attends the school, is in favor of the sign. He feels by making the public aware of the private school it would slow down the traffic speed and provide a safer environment.

Keith Drennan, 2707 Wondering Oak Trail in Corinth whose daughter attends the school is also in favor of the sign and doesn't feel it would have a negative impact on the neighborhood.

Clyde Edwards, 3011 Kiln Drive in Corinth, opposes the sign. He opposed the Special Use Permit when it was initially issued to the private school and feels it's approval is turning this residential area into a commercial property. Mr. Edwards is concerned about what "special" request will be next. Seven of his properties are affected by this property. Signs are not attractive and are intrusive to residents. Parking is also an area of concern.

3. **Discussion and Action to approve an Ordinance for a Special Use Permit to allow the installation of a ground monument sign for a private school located at 102 Dobbs Road [Legal description: Lot 1, Houghton Addition].**

   Vice-Chairman Elton expressed concern with the size of the sign. Chairman Gilbert said the size of the sign should be reviewed in proportion to the property size.

   Council Liaison Johnson stated the requested sign would be behind the property fence. Also, the elementary school is going to be built and the neighborhood will not remain as it is today.

   The building official stated a ground sign could be as high as 35 ft. per our City Code; the monument sign requested is only 5 ft. high and is designed in good taste. The City Attorney stated the sign would be allowed, if approved, under the Special Use Permit. Approval was recommended.

2. Discussion and Action to amend Section 6-47 (Portable, temporary signs) and 48 (Cloth signs) of Chapter 6, Advertising of the Lake Dallas Municipal Code.

Richard presented a picture slide show of miscellaneous banners and approved signs in the Lake Dallas area with an explanation of why more specific guidelines are needed in the City Code. He reviewed ordinances from close by cities to illustrate examples of requirements Lake Dallas could implement and a draft Lake Dallas ordinance.

The commission agreed that banners should be used to promote a specific event and not to replace a regular business sign. The banner can be erected a maximum of 30 days before the event and must be removed no more than 3 days after the event.

The banner sign area shall not exceed a total of 50 sq. ft., a maximum height of 6 ft., and restricted to (2) on premise signs per site. The duration of the permit is 60 calendar days, not to exceed 30 days per event with a 60-day separation between events.

Temporary, Portable Signs, such as sandwich signs can be outside of the business during daylight business hours only, must be safe & anchored, maintained in good appearance and only 1 per business. Permit must be renewed annually.

3. **Public Hearing on approval of a proposed replat of Lot 9 and Lot 10 of Block 1 of Gotcher Addition and Tracts 23 and 24 of Wright Abstract #1355A and Lots 1 through 4 of Block 5 of Old Town Garza into one lot.**

   Terry Lantrip explained his vision of Market Street with combo of apartment and retail buildings which would create a new town center. He distributed a packet of information for the Commission to review. He only wants to replat a portion of the original plan. He plans to build the first building before building the second one. There will be four office/retail units downstairs and four apts. upstairs.

   Chairman Gilbert advised that they are only dealing with the replat right now.

   Rod Courtney, 162 Kingswood, said he'd like to see this approved.

   Kathy King, 213 Main Street, is in favor of this.

4. **Discussion and Action on approval of a proposed replat of Lot 9 and Lot 10 of Block 1 of Gotcher Addition and Tracts 23 and 24 of Wright Abstract #1355A and Lots 1 through 4 of Block 5 of Old Town Garza into one lot.**

7. **Public Hearing on approval of a proposed zoning change to approximately 37.3 acres of Tract 21 of Abstract 0424A N. French property from C-1-A Commercial zoning district to a Planned Development district.**

Arthur Anderson, attorney representing Pulte Homes, 5400 Renaissance Tower, 1201 Elm St, Dallas, discussed the commercial and residential requirements of the property. He spoke about the extension of the Swisher bridge and how it would impact the development of this area. Pulte wants to develop property for single-family homes.

Rod Courtney, 162 Kingswood, Lake Dallas, stated this is a rezoning issue only at this time. The plat would have to come before the commission and council before approval would be granted. It is a concern of the Kingswood residents as this property adjoins Kingswood. He voiced concerns about the possibility of more traffic through the mobile home park. He said he thought Pulte would provide a good home development but he would like to keep it 150 feet back from road for future commercial development.

Jack Roe, Resort Realty, spoke about having a three-foot wall separating the highway from the property. He would like to know how all this will work out.

Neoma Spinks, 57 Lakeridge, asked about the drainage system.
Chairman Gilbert advised this would be addressed at later date.

Norma McAlavy, 25 Oakwood, said there needs to be six to ten foot fence to shut out noise environment.

Don Dystra, Pulte Homes, stated they would appreciate the opportunity to build again in Lake Dallas.

Mike Fahey, 144 Kingswood, has concerns about the lot size in the development. He is also concerned about road and flood issues. The floodplain goes through Kingswood and he is worried about the drainage.

No one else came forward to speak so Chairman Gilbert closed the public hearing.

8. **Discussion and Action on approval of a proposed zoning change to approximately 37.3 acres of Tract 21 of Abstract 0424A N. French property from C-1-A Commercial zoning district to a Planned Development district.**

   Chairman Gilbert stated we do not have PUD zoning district and cannot approve this at this time. He suggested that this be tabled for now and a workshop be scheduled at a later date.

   Motion was made to table the item and schedule a workshop by Commissioner Byers. Second by Commissioner Shelton

3. **Discussion and Action on approval of a site plan for Lakeview Custom Pools.**

   Lance Hill, 1600 Buena Vista, Denton, TX 76210 represented Lakeview Custom Pools. He is asking for site plan approval to build a display pool, meeting all easements and setback requirements. It would be nice to look at from highway with lots of landscaping, and a 6 ft wrought iron fence. A screen fence is on the plans by request of city inspector to hide equipment. They also want a carport that will be 80% masonry. It is important to Lakeview Custom Pools to look nice and enhance the community. They plan to buy the property in the future. There is enough parking for the 6 office employees; most of the other staff carpool and ride the bus. There will not be any hazardous chemicals on the property. The Company office is in the brick model home.

   Richard Dallof added the Company has worked hard to meet all Lake Dallas requirements. City Manager Kendall stated that at the time of purchase they will have to pave and screen the property and cannot park vehicles on a gravel base. Trucks are required to enter onto access roads.

   Motion to approve site plan for Lakeview Custom Pools was made by Commissioner Byers. Second by Chairman Gilbert.
   Ayes: Chairman Gilbert, Vice Chairman Elton, Commissioners Shelton, Byers, and Northrup.

4. **Discussion and Action on approval of a site plan for Barfly's Sports Bar and Grill.**

   Gary Cutlip, owner of Barfly's Sports Bar and Grill, 5006 Stemmons, wants to construct an outside patio with 12" x 12" concrete block pavers, surrounded by wrought iron fence in front of the restaurant. It will also have an awning with drop sides on them. Potted Palm trees around patio. Mr. Cutlip wants to focus on more family dining in early hours of the evening. It will be staffed at all times while restaurant is open. The patio will probably close during the winter months.

   City Manager Kendall is concerned with adequate parking, which can be addressed by reconfiguring parking area adding 2 more spots.

   Motion to approve site plan for Barfly's Sports Bar and Grill was made by Commissioner Byers. Second by Vice Chairman Elton.

Ayes: Commissioner Gilbert, Vice Chairman Elton, Commissioners Shelton, Byers, and Northrup.

A. Roll Call

Tony Marino, Chairman
Ben Gilbert, Vice-Chairman
Peggy Shelton
Diane Byers
Cliff Elton

Staff present: Building Official Richard Dallof and Char DuPree, Planning and Zoning Secretary.

B. Citizen's Agenda - Residents and visitors invited to speak on items not on a public hearing.

No one came forward, Chairman closed the citizen's agenda.

C. Business:

1. **Public Hearing on proposed replat of 11.218 acres described as Block C, Lots 1 through 10 and 23 through 32, Block D, Lots 1 through 10 and 23 through 32, Block G, Lots 1 through 10 and 23 through 32, Block J, Lots 1 through 10 and 23 through 32, and Block M, Lots 1 through 10, of the Garza Beach Estates in the MEP & PRR Survey in Abstract 924.**

Laird Lind, 737 Carlisle, said the legal description didn't reflect the correct legal description according to the original 1924 plat. He is concerned with a 40 ft. city right of way near Texas, Adolphus, and Stockard. These are all dead end streets and he hoped the city would use it for another street to provide access in and out of this older development. Neal Hellums, Justin, Texas: introduced new plat removing lot 47 resulting in 58 lots instead of 59. He will need a variance on lots 47 through 52. Average lot size will be 7300 square ft. Mr. Hellums' proposed development is north of the 40 ft. right of way in question. The sewer is on this easement line to the South.

Richard stated the city engineer and fire marshal hadn't reviewed the plat but a vote needed to be taken tonight so this could go to the city council. Commissioner Elton feels they should approve the plat contingent upon review of the city manager, engineer and fire marshal. Mr. Lind expressed his concern about the rush to push this proposal through the approval process.

2. **Consideration and Action on approval of a replat of 11.218 acres described as Block C, Lots 1 through 10 and 23 through 32, Block D, Lots 1 through 10 and 23 through 32, Block G, Lots 1 through 10 and 23 through 32, Block J, Lots 1 through 10 and 23 through 32, and Block M, Lots 1 through 10, of the Garza Beach Estates in the MEP & PRR Survey in Abstract 924.**

Motion to approve the replat contingent upon approval of the city engineer and fire chief by Commissioner Byers. Second by Commissioner Elton.
Ayes: Chairman Marino, Vice-Chairman Gilbert, Commissioners Shelton, Byers and Elton.
Noes: None

Motion Passed

3. **Consideration and Action on approval of a site plan for the replat of 11.218 acres in Garza Beach Estates in the MEP & PRR Survey in Abstract 924.**

Motion to approve proposed site plan by Commissioner Byers contingent upon approval of city engineer and fire chief. Second by Chairman Marino.
Ayes: Chairman Marino, Vice-Chairman Gilbert, Commissioners Shelton, Byers and Elton.
Noes: None

Motion Passed

4. **Consideration and Action on approval of a site plan for Lake Cities Municipal Utility Authority.**

Richard showed the plans for the new utility building. In order to build the new building the current building must be torn down. In the meantime, a temporary storage building is needed. Per Marjory Johnson, City Council Liaison, does this storage building require a permit; no because it's only 120 sq. ft. (6 ft. x 12 ft.).

Motion to approve the site plan for the Lake Cities Municipal Utility Authority by Commissioner Elton. Second by Commission Shelton.
Ayes: Chairman Marino, Vice-Chairman Gilbert, Commissioners Shelton, Byers and Elton.
Noes: None

Motion Passed

5. **Consideration and Action on approval of a revision to the site plan for the Cornerstone Wash I, LLC on Swisher Road.**

Richard stated this issue needed to be tabled.

Motion to table this issue until the next meeting by Commissioner Byers. Second by Commissioner Shelton.
Ayes: Chairmain Marino, Vice-Chairman Gilbert, Commissioners Shelton, Byers and Elton.
Noes: None

Motion Passed

C. Adjourn

Commissioner Peggy Shelton and Alternate Rick Allen were excused. Staff Present: Building Official Richard Dallof, Planning & Zoning Secretary Char DuPree, and City Secretary Beverly Weikum.

B. Citizen's Agenda - Residents and visitors invited to speak on items not on a public hearing.

No one came forward to speak so Chairman Marino closed the Citizen's Agenda.

C. Business:

1. Public Hearing on proposed replat of Tracts 86, 86A, 86B, 89 and 90 of the Wright Abstract 1355.

No one came forward to speak so Chairman Marino closed the Public Hearing.

2. Consideration and Action on approval of a replat of Tracts 86, 86A, 86B, 89 and 90 of the Wright Abstract 1355.

Richard explained that 5 lots were to be condensed into 2 lots; also displayed replat of plans. He stated the site would be used as office and retail space with a road in between the 2 buildings.

Motion to approve replat by Vice-Chairman Gilbert. Second by Commissioner Byers.
Ayes: Chairman Marino, Vice-Chairman Gilbert, Commissioners Gilliland, Byers and Elton.
Noes: None

Motion Passed

3. Consideration and Action on approval of a site plan for Tract 17 of the J. W. Simmons Survey in Abstract 1163.

Jerry Goodhill, representing U-Haul Concrete, explained the purpose of this business as a do it yourself, not commercial, concrete use. They are willing erect a fence to hide machinery, a small concrete mixer.

Commissioner Byers asked him to explain how this business complies with C1 Ordinance. Business sells the consumer use of a yard of concrete, not a commercial amount, with a low noise level. The only thing not inside a building is the equipment. Richard suggested using a special use permit to fit this situation because it doesn't really fit any commercial zoning ordinance as is.

Motion to approve the site plan for Tract 17 with the addition of an 8 ft. fence that will screen the equipment made by Commissioner Gilliland. Second by Vice-Chairman Gilbert.
Ayes: Chairman Marino, Vice-Chairman Gilbert, Commissioners Gilliland, Byers, and Elton.
Noes: None

Motion Passed

4. **Consideration and Action on approval of an Ordinance amending paragraph (5) Screening Alternate E of Section 122-1133, Screening standards of the Lake Dallas Municipal Code.**

Richard showed commission picture of fence and explained board on board warranty issues due to wind damage. This fence would be put up between residential and commercial properties.

Motion to approve amending ordinance paragraph (5) by Commissioner Elton. Second by Commissioner Byers.
Ayes: Chairman Marino, Vice-Chairman Gilbert, Commissioners Gilliland, Byers and Elton.
Noes: None

Motion Passed

5. **Consideration and Action on a preliminary replat and site plan for 11.218 acres described as Block C, Lots 1 through 10 and 23 through 32, Block D, Lots 1 through 10 and 23 through 32, Block G, Lots 1 through 10 and 23 through 32, Block J, Lots 1 through 10 and 23 through 32, and Block M, Lots 1 through 10, of the Garza Beach Estates in the MEP & PRR Survey in Abstract 924.**

Mr. Hellums stated the property was platted for 81 lots similar to Kingsmanor area. New lots will be 43% larger than Kingsmanor. There will be a 25 ft setback with a 10 ft. right of way similar to Jackson Ranch. Mr. Hellums wants to change setback to 20 ft front and 30 ft. in back with the additional 10 ft. right of way in the front. Lot will be110 ft from front to back; most narrow lot will be 65 ft wide. A total of 150 trees are on property but about 30 trees will need to be removed. Average size of house will be 1600 sq. ft. with a price range of $105,000 to $150,000. There was discussion about leaving lots the way they are but asking for a variance. Reason for setback issue: houses are 50 to 52 ft. in length.

Mr. Hellums will probably need to ask for variance on the depth showing each lot that needs variance. Bring proposal to 1/2/03 meeting. Commission discussed how the Jackson Ranch variances were handled. Corner lots 46 and 48 will not meet 15 ft requirement and they may lose a lot.

Motion: made by Commissioner Gilliland to move forward with preliminary plan and review proposal at the 1/2/2003 Planning and Zoning meeting. Second by Commissioner Byers.
Ayes: Chair Marino, Vice-Chairman Gilbert, Commissioners Byers, Gilliland and Elton.
Noes: None

Motion Passed

6. **Consideration and Action on approval of a revision to the site plan for the Cornerstone Wash I, LLC on Swisher Road.**

This item will not be heard tonite because the owner was not satisfied with the current information he received from his architect/engineer.

7. **Consideration and Action on approval of Minutes for November 21, 2002 meeting.**

4. **Public Hearing on the proposed rezoning of Tract 32 of Cobb Abstract 0284A from C-1 Restricted Business District to R-1-7200 Single Family Dwelling District.**

Tony Marino, 305 Lakeview Drive, Lake Dallas explained he had purchased the property and wants to build his new home there. He is aware that the back corner of the property backs up to the 100-year flood plan but the lot is 1 ½ acres and will not be near the new residence

Vice-Chairman Gilbert stated the zoning change sign was not there within 48 hours of the application. City Secretary Weikum discussed this issue with the City Attorney Berman. Mr. Berman stated as long as the sign was there for 2 weeks before council consideration, we've complied with regulations.

Vice-Chairman Gilbert closed the public hearing when no one else asked to speak.

5. **Consideration and Action on approval of an Ordinance for a zoning change of Tract 32 of Cobb Abstract 0284A from C-1 Restricted Business District to R-1-7200 Single Family Dwelling District.**

Ayes: Chairman Marino, Vice Chairman Gilbert, Commissioners Shelton, Gilliland, and Byers.
Noes: None

Motion Passed

D. Workshop:

1. Creation of a Planned Development Ordinance.

The Commission discussed the advantages and need for the creation of a Planned Development Ordinance. Commissioner Byers explained there were real advantages for a community who had room for such a development but Lake Dallas didn't have the property for such a development. If the marina was developed in the future a special use permit might work just as well.

Chairman Marino suggested the discussion be resumed when the need arises for such an ordinance. Chairman Marino closed the workshop when the Commission agreed to delay this issue until there was a need.

2. Review of Screening Standards in the Lake Dallas Municipal Code, Section 122-1133.

There was a discussion by the Commission of a solid wood fence versus a board on board fence. Paragraph 5 in Section 122-1133 of the City Code was reviewed in detail. It was felt that the board on board fence, where fence boards overlap each other, would provide a stronger more private fence screening. The consensus felt this type of fence would be within the current guidelines of this ordinance.

Larry Schneider, 1016 Elton Park Circle, Denton, said he is a developer and builder. He said the houses will have no windows or doors on one side and that side is 3 – 5 feet setback and on the patio side the setback will be 10 feet. For privacy the patio side of one home faces the side with no windows or doors of the next home. He said these homes are usually occupied by a single person. He will not build in here until he puts in drainage in the areas needing changed. He would like to start building as soon as possible. He has 5 lots that don't need the drainage work. He wants to build about 5 at a time. He's trying to keep them within the $120,000's. He hopes he doesn't have to get redrawings.

D. Workshop:

1) Review of consistency in setbacks for accessory buildings/carports as related to setbacks for main buildings.

There was discussion with Building Official Dallof about carports. He discussed front building lines and side setbacks. He said attached carports are in the ordinances. If a carport is not attached it must be 10' from main structure. This is in R-1-6000 and R-1-7200 zoning areas. It was the consensus of Commissioners to leave the Ordinance as it is. Chairman Marino closed the workshop.

The commissioners asked for an ordinance restricting oil and mineral drilling to be presented as a business item at next month's meeting.

E. Adjourn

Motion to adjourn was made by Commissioner Gilliland. Second by Commissioner Byers. The meeting was adjourned at 7:49 PM.

Tony Marino, Chairman

Beverly Weikum, TRMC
City Secretary

CITY OF LAKE DALLAS, TEXAS

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas Planning and Zoning Commission met in a regular meeting on August 15, 2002 at 7:35 PM at the Lake Dallas City Hall located at 212 Main Street with notice of the meeting posted as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Tony Marino
Ben Gilbert
Peggy Shelton
Linwood Gilliland
Diane Byers

Alternates Lance Wilson and Frank Barnard were absent.
Council Liaison Marjory Johnson was present.
Staff present were Building/Code Official Richard Dallof and City Secretary Weikum.

B. Visitors/Citizens Agenda:

Lori Farney, 315 White Oak Drive, said she wanted to talk about the 4a/4b tax election. It's a sales tax increase which would bring it to us our legal cap. 4a is for development and 4b used for community development such as parks, senior centers, etc. The big thing for the 4a is that the money is to be used to bring in new business and help existing businesses. This would give the City more money to work with. She urged everyone to show up on September 14 to vote.

Chairman Marino closed the Citizens agenda when no one else came forward to speak.

C. Business:

1. Public Hearing on an application for a proposed zoning change for Lots 1and 2, Block A, First Highway Addition from C-1 Commercial zoning district to C-3 Commercial zoning district.

Larry Jones, 2311 Timbercrest Lane, Highland Village, said he is the representative for Mr. Steven Lee, owner of the property. He said Mr. Lee is honest and works hard and will realize his ambition. He asked Mr. & Mrs. Lee to stand to be recognized. Mr. Lee left Korea and came to America to fulfill his ambitions and dreams. In 1983 he established his own business. In 1987 he became a U. S. citizen. In 1998 he made another economic decision when he bought the property on Denton Drive. This property has stood vacant. He has contributed to the community in many ways. He's not intending to open another liquor store in Lake Dallas. He just wants to move from his existing location where he is renting and use his own property for his business. He needs your approval. The new location would mean higher traffic exposure and increased revenue in sales. By moving and expanding he would have 100% more inventory and that will help the sales tax revenue by approximately $4,000/year.

The building will be larger than it is currently and will bring in more property taxes. It will also include 1500 SF of new retail space. If he is allowed to move and expand his business the city will benefit as well. He asked that the commission grant the request.

Tom Coulter, 314 Carlisle, said he's the former owner of that property. It was sold in 1973 to Dairy Queen. In the memory of his mother and her views about liquor he asked that the zoning stay as it is.

Chairman Marino closed the public hearing when no one else came forward to speak.

2. Consideration and Action on approval of an application for a proposed zoning change for Lots 1 and 2, Block A, First Highway Addition from C-1 Commercial zoning district to C-3 Commercial zoning district.

Motion was made by Commissioner Byers to approve the zoning change from C-1 to C-3. Second by Commissioner Shelton.
Ayes: Chairman Marino, Commissioners Shelton, Gilliland, and Byers
Noes: Commissioner Gilbert

Motion Passed

3. Consideration and Action on recommendation for removal/appointment of alternate members for the Planning and Zoning Commission.

Motion was made by Commissioner Byers to remove Alternates Barnard and Wilson due to lack of attendance. Second by Chairman Marino.
Ayes: Chairman Marino, Commissioners Gilbert, Shelton, Gilliland, and Byers
Noes: None

Motion Passed

4. Consideration and Action on approval of Minutes for July 18, 2002 meeting.

Motion was made by Commissioner Gilliland to approve the Minutes. Second by Commissioner Gilbert.
Ayes: Chairman Marino, Commissioners Gilbert, Shelton, Gilliland, and Byers
Noes: None

Motion Passed

D. Workshop:

1. Review of consistency in setbacks for accessory buildings as related to setbacks for main buildings.

There was discussion about the differences in garages, carports and accessory buildings.
Building/Code Official Dallof will work on this for next meeting. The setbacks will be addressed and 'carport' should be defined in our code.

E. Adjourn

Motion to adjourn was made by Commissioner Gilliland. Second by Chairman Marino.
Ayes: Chairman Marino, Commissioners Gilbert, Shelton, Gilliland, and Byers
Noes: None

Motion Passed

Meeting was adjourned at 8:37 PM.

Council Liaison Marjory Johnson was present. Also present were City Manager Layton, Building Inspector Dallof, and City Secretary Weikum.

B. Visitors/Citizens Agenda:
Chairman Gilbert closed the Citizens agenda when no one came forward to speak.

C. Business:

1. **Public Hearing on an application for a Special Use Permit to operate an Adult Amusement Center at 205 Main Street, Tract 20 of the Wright Survey, Abstract 1355A.**

Michael & Connie Aslany, 1209 Rockledge Drive, Garland, TX said it would be a video game room for adults 18 years of age and over. The machines would be 8-liners like the ones on the side street.

Connie Ray, 2611 Hutchison Lane, Corinth, said she has children in the Lake Dallas school district. She expressed concerns with it going in so close to a school and on our Main Street and close to the Sonic where kids congregate. There must be something in our Ordinances that would keep us from granting this permit.

Gary Johnson, 609 Cain Street, said he was speaking on behalf of Eva Johnson who resides in a nursing home and he's her power of attorney. He expressed concerns with that type of business on Main Street.

Chairman Gilbert closed the public hearing when no one else came forward to speak.

2. **Consideration and Action on approval of an application for a Special Use Permit to operate an Adult Amusement Center at 205 Main Street, Tract 20 of the Wright Survey, Abstract 1355A.**

Motion was made by Commissioner Gilliland not to approve the application. Second by Commissioner Shelton.
Ayes: Chairman Gilbert, Commissioners Gilliland and Shelton

Motion Passed

5. **Consideration and Action on review of site plan for Silestone of Dallas on Overly Drive.**

Doug Greenlee, 2455 Hwy. 121E,Lewisville, and Steve Chambliss, 2455 Hwy. 121E, Lewisville, said they have met with the building inspector. Mr. Dallof has taken the plans to LCMUA and the Chief Collier of the fire department and made any necessary recommendations.

Motion was made by Commissioner Gilliland to approve this item. Second by Commissioner Shelton.
Ayes: Chairman Gilbert, Commissioners Gilliland and Shelton
Noes: None

Motion Passed

6. **Consideration and Action on review of site plan for Kwik Industries on Swisher Road.**

Ron Berlin, 7615 Southwestern, Dallas, TX said he wants to speak before Eric Smith does. He has spent several million dollars in improvements on our city. The liquor store was built beyond the spec's required. He said the property that Items 6 & 7 of the agenda was originally zoned industrial and the zoning was changed to C-2. His first & foremost intention was to bring a restaurant into our city on the north side of Swisher Road. This site on the south side is an unusual shape. He asks respectfully, for a favorable vote for the site plans for items 6 & 7.
Eric Smith, 4725 Nall Road, said he will answer any questions we have. He said the landscaping and parking will be addressed.
Richard Dallof, Building Inspector said they have been working with the water department.
Motion was made by Commissioner Gilliland to approve the site plan for Kwik Industries on Swisher Road. Second by Commissioner Shelton.
Ayes: Chairman Gilbert, Commissioners Gilliland and Shelton
Noes: None

Motion Passed

7. **Consideration and Action on review of site plan for California Carwash on Swisher Road.**

Ron Berlin gave some information about the site location.
Tim Peters said he is the president of Cornerstone Carwash. This is not the early version of carwashes. It will be completely brick on the outside with a gable roof similar to KJ's. It is not adjacent to any residences, library, or parks, as the others in Lake Dallas are. The location would serve the north of Lake Dallas, plus Hickory Creek, Corinth and Highland Village and that could bring money to our other businesses. It will be very well lighted. There would be uniformed attendants, modern equipment, as well as an automatic bay for use by the elderly & women. The common access drive will be shared with Kwik Industries. He respectfully requested the approval of the site plan.

Richard Dallof, Building Inspector, said that originally C-2 zoning did allow car washes. We did amend C-2 and removed vehicle washing facilities. It is currently under Special Use Permits. Mr. Berlin said they were never notified of the change of the Ordinance. He respectfully asked that they approve this and let it go to council.

Mr. Blackwell said he thinks there is a 12-month 'safe harbor' from changing the Ordinance.

Motion was made by Commissioner Gilliland to approve this site plan. Seconded by Commissioner Shelton.
Ayes: Chairman Gilbert, Commissioners Gilliland and Shelton
Noes: None

Motion Passed

8. **Consideration and Action on approval of an Ordinance amending the height restriction on accessory buildings.**

Motion was made by Commissioner Gilliland to approve the Ordinance amending the height restriction on accessory buildings. Second by Chairman Gilbert.
Ayes: Chairman Gilbert, Commissioners Gilliland and Shelton
Noes: None

Motion Passed

9. **Consideration and Action on approval of Minutes for June 20 and June 25, 2002 meetings.**

Motion was made by Commissioner Gilliland to approve the minutes. Second by Chairman Gilbert.
Ayes: Chairman Gilbert, Commissioners Gilliland and Shelton
Noes: None

Motion Passed

D. Workshop:

1. Review of fencing and accessory buildings for single family residential areas.

It was determined that a garage and accessory buildings should have the same setback as the house. The R-1-10000 code should be checked out for differences and amend the ordinance.

2. Review of screening for multi-family units (apartments, 4-plexes).

City Manager Layton said that Berman got back to him yesterday and it appears that we have a little room to do enforcement on the 4-plexes but he's not 100% positive. It's something we'll get resolved.

B. Visitors/Citizens Agenda:

No one came forward to speak so Chairman Marino closed the Citizen's Agenda.

C. Business:

1. **Public Hearing on an application for a Special Use Permit for expansion of an arcade at 611 South Denton Drive.**

Bob Altman, 308 Georgian Oak Court, said he wants to use the front half of the other section as a no-smoking section area of his present operation.
Chairman Marino closed the Public Hearing.

2. **Consideration and Action on approval of an application for a Special Use Permit for expansion of an arcade at 611 South Denton Drive.**

3. **Public Hearing on an application for a Special Use Permit to operate a private club at 5008 South Stemmons.**

Frederick Gilani, 111 Lakehill Court, Hickory Creek, handed out some information about the proposed sport bar and grill. He said it would be 4675 SF. It would be somewhere people could come and have a good meal and shoot pool. His goal is to build something a little different than the average bar. There would be ample parking space. He would like to get business from neighboring cities. He said it would be classy and something to be proud of in the neighborhood. They would be members of the Chamber of Commerce.

He said they will have an officer in the area for the first 90 days in order to get established. The dress code would be casual. They would serve breakfast all the time but popular American food such hamburgers would also be available. The hours would be from 12 noon until midnight or 1 AM or 2 AM, whatever the Ordinance allows. They have a club, the Red Lion, on Highway 407 on the border between Lewisville and Flower Mound. They have a long-term lease with an option to buy on this property in Lake Dallas.

Chairman Marino closed the public hearing.

4. **Consideration and Action on approval of an application for a Special Use Permit to operate a private club at 5008 South Stemmons.**

Motion Passed

D. Workshop:

1. Review of Carport codes and regulations.

We may use the same standards as we have for accessory buildings.
We will try to draft something up and maybe use a chart as for the accessory buildings and have it available for the next regular meeting.

2. Review of screening for multi-family units (apartments, 4-plexes).

We will get a reading from our attorney about Section 122-1132 of Article XXV. Screening, Landscaping and Tree Preservation as to the applicability.
Section 122-1133. Screening standards, Paragraph (5) Screening alternate E.

3. Review of height for accessory buildings.
A maximum height of 12 feet was agreed upon. If someone wants a building taller than 12 feet they can make an application at the city offices.

4. (Addendum) Discussion on creation of Planned Development zoning.
City Manager Layton said he has been talking with someone who would like to build some garden homes between Lakebridge and the old apartments. The zoning will not allow that. It would be a nice transition between a nice neighborhood and one that's going downhill. Rather than having lots of exceptions we could just do a Planned Development for those seventeen lots. The homes would be owner-occupied.

No one came forward to speak so Chairman Marino closed the Citizen's Agenda.

C. Business:
1. Public input on approval of a preliminary site development plan for Silestone located on Overly Drive.

Steve Chambless, 2455 Highway 121 East, Suite 104, Lewisville, said Silestone is a stone product. It works and feels a lot like granite but it is man made. It weighs the same as granite. They take the slabs and make them into countertops for vanities, kitchens, and hospitals. The product has been in the USA for about 7 years. They've been in business for 5 years. There are 85 distributors in the states now. Home Depot displays their product. Their facility in Lewisville is 13, 500 SF and they need a bigger place with ability to add on in the future.

Doug Greenlee, CEO of Silestone, said there would be no environmental problem with this product or the manufacturing. The slabs are imported from Spain and come into Houston by ship and are then trucked to their facility. They cut the slabs here with diamond blades and water. The slabs measure 55x155. Silestone cuts the slabs into slices and then polishes and shapes them. The finished products are sent out in trucks for installation. There is no residue because the dust is collected in the water as they cut and it goes into a recycle system in the water and is collected in underground tanks. The tanks get drained out once a month and the water is recycled back into their machines for more grinding.

Mr. Chambless said they do have a dust collection system if they do dry cuts. They have met with OSHA and insurance people and they've done tests. He referred to the site plan and said there's some drainage issues they had to take care of.

Dave Jones, Tri Star Construction, Inc., 220 Elm Street, Lewisville, said when we started looking at this property we discovered (with John Spires, Engineer) that there was a significant water problem regarding the drainage in that area. There's a small pond that kind of rides the property line and the water was backed up to the apartments during a heavy rain about a month ago. The water goes down into a 24" pipe which drains into another retention base at Video Plus and then goes on down Swisher Road to Shady Shores and on to the lake. Mr. Jones said he went to the council table and explained to the Council about the drainage plan. There will be a catch basin and when the property develops there will be a road. Mr. Jones said they are waiting for information about the elevation of the gas line now. Lone Star can't give them any information on it now. They don't think their road will conflict too much with that line. Mr. Jones said they will be looping the water line.

There was discussion about the problem the gas company had with their line through that property in 1979. It was something to do with a transition line and repairs. It was torn up for about 6 months during the repairs.

They sell some retail but the majority of their sales is to Home Depot.

Mr. Chambless said Silestone employs about 50 people.

It was brought to the attention of the Silestone representatives by the P & Z that there would be 52 employees and 2 bathrooms in the office and only one bathroom for the back.

Mr. Greenlee said they would have 23 people on the day shift and 19 on the night shift.

Chairman Marino closed the public hearing.

Laird Lind, 735 Carlisle, said he has been asked by Tony Smith to address the Planning and Zoning Commission on this item. This piece of property had housed the CLS pre-school but the owner would like to have it rezoned back to R-1-7200 since it been vacant for the past 2 years and attempts to lease it as commercial property have been futile. Mike and Sherry Bergan have been residents of Lake Dallas for a long time and are now ready to become homeowners. That area has a lot of residential in it. Mr. Lind said he sent out 9 letters about the rezoning action and received two favorable responses by mail and one by telephone. The city has received no responses at all on this proposed action. He thinks it would be in the city's best interests to approve the application.

Acting Chairman Gilliland closed the public hearing

4) Consideration and Action on approval of an Ordinance for a proposed zoning change of Tracts 75 and 76 of Abstract 0924A MEP and PRR property (612 Main Street) from C-2 Commercial District to R-1-7200 Single-Family Dwelling District.

5) Public Hearing on an application for a proposed replat of Tract 3 of the H. H. Swisher Survey Abstract Number 1220. If approved, part of Tract 3 would become Lot 2, Block 1 of Swisher Road Addition - North.

Ron Coombs, said he is the surveyor who prepared the plat. O'Reilly Auto Parts is planning on building an auto supply store on this property. He's here to answer any questions. The store will be in the center of the lot and parking will be in front and on the west side. In answer to a question about how high the fence would be on the side adjacent to the Jackson Ranch subdivision he said he didn't know what the requirements were at this time. Mr. Coombs did not know what hours the store would be open.

Acting Chairman Gilliland closed the public hearing.

7) Public Hearing on an application for a proposed replat of Tract 3A of the J. W. Simmons Abstract 1163A. If approved, Tract 3A would become 2 lots to be designated Lots 1 and 2 of Block A of KWIK Addition.
Eric Smith, Kwik Industries representative, said this is almost right across from the O'Reilly's store. He's asking for approval and is here to answer any questions. Lot 1 is for sale and lot 2 will be for the laundry. There will be a 24' mutual ingress/egress along the depth of the property and they will be giving dedication of easement for widening of the highway. They are hoping to save the trees in the back and plan no development back there.
Acting Chairman Gilliland closed the public hearing.

3) Public Hearing on approval of an Ordinance for a proposed zoning change to Tract 3-A of Abstract 1163 of the J. W. Simmons Survey, from C-2 Commercial district to C-1-A Business District. (This property is on the south side of Swisher Road between the Payless property and Phillips 66 Station).

Ron Berlin, 7615 Southwestern Blvd., Dallas, Texas 75225, said he is the owner of this tract of land in the request for down-zoning and the owner of the tract of land on the north side between KJ's and Jackson Ranch. They acquired the south side property in 1999 and the north side also in 1999. It is important on these dates because this property was already zoned C-3. He did not promise a grocery store on that tract as the rumors say. Over the last 3 years he worked closely with Steward Fairburn and this was a partnership with the city. He said he had no objections to the rezoning of the Payless Cashways properties. With Mr. Fairburn's help they were able to accomplish the drainage and retention pond on south side of Swisher Road as well as drainage on the north side. He spoke about what all he has done for Hickory Creek. He had a proposal for the P & Z: take the C-3 and down-zone it to C-2 which will make sure there is no liquor store on the north side and leave the C-2 zoning alone on the south side. That would be a compromise. He has tried to get some restaurants in both locations. He has had several fast foods in mind but has elected to go on the west side with them. This is a hardship after putting all the dollars into the retention pond and drainage issues. This sends the message to not go into a city and buy some property because you are going to get down-zoned. What that does if you bring in a restaurant then you would have to have something worked out to have membership for drinks. He said that just last year we down-zoned him on the south side of Swisher by rezoning from M-1 to C-2. He owns the liquor store but doesn't own the business that is on the north side of the street.

George Blackman, 3540 Milton Avenue, University Park, said he is a land use attorney representing Mr. Berlin. He said they appreciate the Commission's time this evening. This rezoning was called to the owner's attention 2 weeks ago. One of the tracts is on the north side and the second tract is on the south side.

Chairman Marino asked to just discuss the south side at this time.

Mr. Blackman referred to his packet that he had given copies of to the commissioners. This property has a couple of industrial business properties next to it. Payless, that has gone into bankruptcy, and Video Plus to the east; and Coors on the south. The liquor store was constructed by using high quality materials and it's indicative of his client's commitment to quality. He then discussed the west side of 35 and Hickory Creek and all the things Mr. Berlin has made possible for that city. They are committed to bringing in quality

businesses that are attractive and a plus to the community and provide ad valorem taxes. Crown Partners were not involved in the attempt to rezone the north side to C-3 and put in a grocery store. A contract has been negotiated but not signed with putting an O'Reilly Auto Parts on the north side of the road and a Kwik Wash on the south side. Lake Dallas would be hurting their property values and damaging his client. The packet provided for the Commissioners includes a written protest which references the State statute that it will take 75% of the council to approve a zoning change that is being protested.

Ron Berlin and Mr. Blackman appreciate the Commissioners' time and hope they consider their recommendation to the Council. He said they are open to any questions.

Questions from the Commission were about what type of car wash -- a full service or coin operated and was C-2 preferred because it allowed fix-it shops and car washes?

Eric Smith, 4725 Noll Road, Dallas, said Kwik has a high-end car wash; they also do laundro-mats, and lube centers. They have lots of things they could do with that property.

In response to a question if they had businesses on the west side of the highway, Mr. Smith said yes. He said it won't be another lube center, but it would match the buildings that they have across the highway. It would take them 3 - 4 months until build-out from the time they could start. There would be no sales tax from the car wash and the laundry on the inside. The city only has one laundro-mat.

Mr. Berlin said that the city has already down-zoned that property from light industrial to C-2 and they've paid the premium. It has a retention pond, they have given easement to Upper Trinity and they took it out of the flood plain. They spent $100,000 to bring it into this condition. It's such a tight area to build anything in and there is still a moratorium on it. He said the City is restricting him after spending $100,000 plus by trying to get sales tax dollars out of the property. He doesn't feel he should have to come back for a Special Use Permit to put any businesses on his properties. He said that if he brought in a medical facility or a bank (he brought that bank into Hickory Creek) that they do not pay sales tax. The bank at Garrison and Swisher will probably be a $3 million facility bringing in property taxes to that city. He respectfully requests that they keep the south side as C-2 and down zone the north side to C-2.

Chairman Marino closed the public hearing.

4) Consideration and Action on approval of an Ordinance for a proposed zoning change to Tract 3-A of Abstract 1163 of the J. W. Simmons Survey, from C-2 Commercial district to C-1-A Business District.

5) Public Hearing on approval of an Ordinance for a proposed zoning change to Tract 3A of the H. H. Swisher survey from C-3 Commercial zoning district to C-1-A Business District. (This property is between KJ's Fine Wine and Spirits and the entrance to Jackson Ranch subdivision).

Mr. Berlin said you are going to do what you're going to do. You have taken my heart away from me. If you can strip somebody of a heart on a project, you just did. You have taken away my desire to bring things here. He can be very comfortable with what he has done for the city at this point.

George Blackman said we've covered the general facts. He's still asking that they deny the zoning change on the sales tax issue. The great majority of his practice is working with developers to create employment and taxes. The way to attract new businesses to this community is not to be heavy handed. We need a win-win situation.

Rod Courtney, 162 Kingswood Drive, said he would like to give some background on Jackson Ranch. Some of you were not here when we did Jackson Ranch. We had a difficult time with Mr. Jackson and his daughter. They wanted to put in apartment buildings throughout the entire ranch. It took about 2 years to reach an agreement to have various housing plus commercial and a certain number of acres into parks. The people who bought the 5 acres of C-3 was an investment group and they tried to develop the property but the drainage issue was too great. They found Mr. Berlin to buy the property and in order to do the drainage properly Mr. Berlin had to buy that property on the south side to do the retention pond and underground drainage under Swisher. He thinks the city was very fortunate to have someone come in and do that. He hates to see them downgrade his property.

Mr. Berlin made his closing statements.

Chairman Marino closed the public hearing.

6) Consideration and Action on approval of an Ordinance for a proposed zoning change to Tract 3A of the H. H. Swisher survey from C-3 Commercial zoning district to C-1-A Business District.

B. Visitors/Citizen's Agenda

Ivan Bounds, 440 Betchan Drive, said he has a problem with the property next to his. He said that his neighbor had a surveyor come out to survey his property, and he did so incorrectly. Mr. Bounds owns property on both sides of his neighbor's property, so it is clear to him where the mistake lies. He brought surveys and maps of the area and showed the Commissioners where his property is and where his neighbor's property is.

The response was that the city could not do anything to help him because they are not surveyors. They recommend that he hire a surveyor to solve the dispute.

Linwood Gilliland, 703 Payton Street, read from a newspaper article regarding arcades. He pointed out that often times these arcades are run improperly. They are not supposed to give away cash prizes and the coupons or tokens they give away are not to exceed five dollars in worth. Mr. Gilliland pointed out that there was a recent occurrence, in our city, where a person gambled away one thousand dollars in one month, and it is unlikely that the individual did that for a five dollar prize. The article pointed to some vendors who were found to be using these gaming machines incorrectly. They went to court, were found guilty, and the machines were smashed. Mr. Gilliland said he doesn't see a reason why the city should have any more of these.

The response was that the rules need to be defined so that the police would have some reasonable form of action if they were found to be running these gaming machines incorrectly. This would even be hard to accomplish because the only real way to find out if one is being run improperly would be for a police officer to go in under cover. This would take a considerable of time, and we can not expect our police officers to be able to do this.

Chairman Bavon closed the Visitors/Citizen's agenda at 7:55 PM.

C. Business:

1) **Public Hearing on approval of an Ordinance for a proposed zoning change of Lots 1, 2, 3, 4, 7, 8, 9, 10, and 11 of Block E of Lakeview Camp Addition and Block J (all but the southeast corner) of Lakeview Camp Addition from M-1 Light Industrial District to MA (Marina) zoning district.**

No one came forward to speak on this item because it has been rescheduled for a later meeting.

2) **Consideration and Action on approval of an Ordinance for a proposed zoning change of Lots 1, 2, 3, 4, 7, 8, 9, 10, and 11 of Block E of Lakeview Camp Addition and Block J (all but the southeast corner) of Lakeview Camp Addition from M-1 Light Industrial District to MA (Marina) zoning district.**

No action was taken because this item has been rescheduled for a later meeting.

3) **Public Hearing on approval of an Ordinance for a proposed zoning change to Tract 2 of Abstract 1163 of the J.W. Simmons Survey, (Video Plus, Inc. property) from M-1 Light Industrial District to C-1-A Business District.**

Mark DeLoach, 5616 Preston Oaks, Dallas, said he is the financial officer for Video Plus, Inc. Video Plus, Inc. has been a corporate citizen for eleven years, and at the present time, they are trying to find a use for the land that was previously rented by Payless Cashways, before they folded. A he feel that the reason the city wants to change the zoning is based on the premise of the new road being put in. He suggests that the city wait for the road to actually come through before making arrangements for it. He would like to make use of his land today, and not five to ten years down the road. He would like to be able to lease the land to someone who would put a mobile building on it, something that would ideally not be permanent in any way. His petition for a variance was denied by the City Council.

Chairman Bavon closed the public hearing at 8:10 PM.

4) **Consideration and Action on approval of an Ordinance for a proposed zoning change to Tract 2 of Abstract 1163 of the J.W. Simmons Survey, (Video Plus, Inc. property) from M-1 Light Industrial District to C-1-A Business District.**

There was discussion about reaching a compromise. They need to move ahead with this zoning because anyone could go in there and build a warehouse that would conform with the M-1 zoning, and we would be stuck with the warehouse as a permanent structure. The commission recalled Mr. DeLoach saying that he does not have a problem with zoning the property C-1-A, he just wants to be able

to make temporary use of the property now. The conclusion was made that they could go ahead and change the zoning to C-1-A and he may be able to get a variance at that point. One member recounted that getting a variance would require the man to prove a hardship. The response was that the variance was turned down from M-1 because there was a moratorium on it, they may be more receptive to grant a variance on C-1-A zoning.

Motion was made by Commissioner Fletcher to approve the Ordinance for a proposed zoning change to Tract 2 of Abstract 1163 of the J.W. Simmons Survey, (Video Plus, Inc. property) from M-1 Light Industrial District to C-1-A Business District. Seconded by Co-Chairman Bavon.
Ayes: Chairman Bavon, Commissioners Wilson, Fletcher, Shelton, and Gilliland.
Noes: None

Motion Passed

5) **Public Hearing on approval of an Ordinance for a proposed zoning change to Tract 20 of Abstract 424 of the Nathaniel French Survey from R-1-10000 to C-1-A Business District.**

Lenard Norup, 1023 Kings Manor Drive, said he had several questions he wanted to address. He first asked to see where on the map the zoning request was for, and where the proposed road would go in at. After seeing that his back property line would be very close to the proposed road, he asked would a business be able to squeeze in there. He also asked how this would affect his property value, and he wanted to know if there is a particular buyer who is interested in buying the property.

The reply was that it is unlikely that a business would fit in between his property, and the proposed road. His property, however, will be close to the road itself. They could not respond to questions about his property value. There is no one in particular that wants to buy the property now, but the idea is to get retail in that area: maybe hotels, restaurants, and strip mall centers. They addressed his concerns by explaining that the proposed right of way will be coming in, and essentially splitting the property in half. The long-term plan is not to have the entire property be retail, the plan would be to have the owners of the property submit plans, and possibly rezone a portion of the property, that could be residential, for instance.

Barbara Garrison, 508 North Shady Shores Road, she is very against the rezoning of her property, she feels that it should be up to the property owners to decide what they want to do with the land. This is family owned land. She could understand if they were merely speculators and the city wanted to change the zoning. She has been to all of the Planning and Zoning meetings regarding this property. On the last meeting she was at, she recalled the commission working very hard at the consideration of a zoning change (the property to the east of her property). She said that the committee decided to recommend a 200-feet set back from the proposed road. She then went to the Council meeting, and they

did not consider what the Planning and Zoning Commission discussed. She said that she feels that she and the entire Commission wasted their time working on the Ordinance, if the Council wouldn't even consider it. She also could not understand why the City wants to zone all of that property C-1-A.

The reply was to explain that the Planning and Zoning Commission is an advisory board, and they make recommendations to the Council, and then it is up to them to decide. They said that the plan is not to have all that actually retail space. The idea is to go in and zone the whole property C-1-A, then come back later, after the proposed right of way is in tact, then the owners can present further ideas of what they'd like to see done with the property.

Neal Boliver, 514 North Shady Shores Road, he is Barbara's brother-in-law and he is here in support of everything she just said. He sees no point in rezoning now. He said that the city is jumping ahead to fast when no one really knows for sure about this road.

There was no response.

Chairman Bavon closed the public hearing at 8:35 PM.

6) **Consideration and Action on approval of an Ordinance for a proposed zoning change to Tract 20 of Abstract 424 of the Nathaniel French Survey from R-1-10000 to C-1-A Business District.**

There was a discussion about how the property owners must be feeling. The Commission felt that the entire property should be not be zoned C-1-A. At the present time, there is no way in and out of that area, only the area around the proposed right of way should be zoned C-1-A. They agreed that they liked what they came up with at the last meeting (regarding the rezoning of the property to the east of the Boliver property), and they wanted to know why it did not get brought up at the City Council meeting. One Commissioner replied that it did not get put on the agenda the way it was decided at the Planning and Zoning meeting. One Commissioner suggested that some members of Planning and Zoning should go to this meeting and express their decisions. Another responded by saying that the Council members, before their meeting, should read the minutes from tonight's meeting. We would like to go on the record as requesting that our recommendation be written on the agenda as follows and that the City Council, either listen to the tape, or read the meeting minutes.

Motion was made by Commissioner Fletcher to approve the Ordinance for a proposed zoning change to an area 200-feet from the border of the proposed road right of way to Tract 20 of Abstract 424 of the Nathaniel French Survey from R-1-10000 to C-1-A Business District. Seconded by Commissioner Wilson.

The Lake Dallas Planning & Zoning Commission met in a regular meeting on November 15, 2001 at 7:30 PM at the Lake Dallas Community Center located at 302 South Shady Shores road, Lake Dallas, Texas. Notice of the meeting was posted as required by Title 5, Chapter 551.041 of the Texas Government Code.

A. ROLL CALL

Members Present:
Tony Marino, Chairman
Alan Fletcher
Lance Wilson
Peggy Shelton
Linwood Gilliland

Commissioner Bavon was excused. Commissioner Barnard was absent.
Staff present: Melena Narvaja and City Secretary Weikum.

B. VISITORS/CITIZENS AGENDA:

No one came forward to speak so Chairman Marino closed the public hearing.

C. Business:

1) **Public Hearing on an application for a proposed Ordinance to change the zoning of Tract 62 of Abstract 0924A MEP & PRR property from R-3 Multifamily residence district to R-1-7200 Single Family residence district.**

Doyle Cameron, 2300 Highland Village Road, Highland Village, Texas, said he is the owner of this property. He said this property is zoned C-1. He said he had a plat that was approved in 1996 or 1997 for duplexes.

Chairman Marino closed the pubic hearing when no one else came forward to speak.

2) **Consideration and Action on approval of a proposed Ordinance to change the zoning of Tract 62 of Abstract 0924A MEP & PRR property from R-3 Multifamily residence district to R-1-7200 Single Family residence district.**

Motion was made by Commissioner Fletcher to approve the Ordinance to change the zoning of Tract 62 of Abstract 0924A MEP & PRR property from R-3 Multifamily residence district to R-1-7200 Single Family residence district. Seconded by Commissioner Wilson.
Ayes: None
Noes: Chairman Marino, Commissioners Wilson, Fletcher, Shelton, and Gilliland

3) **Consideration and Action on review of subdivision plat for Lakeside Estates (Tract 21 of Abstract 0424A Nathaniel French property).**

Motion was made by Commissioner Fletcher to review the subdivision plat. Seconded by Chairman Marino.

During the discussion Chairman Marino gave Mr. Roe a copy of the engineer's report. There are items of concern that need to be addressed before we can move forward. Mr. Roe said he would have their engineer contact our engineer.

Motion was made by Commissioner Fletcher to deny the subdivision plat for Lakeside Estates. Seconded by Chairman Marino.

Ayes: Chairman Marino, Commissioners Wilson, Fletcher, Shelton, and Gilliland

Motion Passed

4) **Public Hearing on approval of an Ordinance to issue a Special Use Permit to operate an arcade at 503 South Denton Drive, Tract 78 of Abstract 1355A Wright Survey.**

Ranvir Singh, 501 South Denton Drive, is the owner of the property and said he wants to open a game room there. They would be the same type as at Lucky 7's and there would be no food or beverages. The hours would be 10 AM to midnight. They would pay off with tokens or coupons and not money.

Jim Doerr, 332 Scenic Drive, Highland Village, said he wants to lease the property. He ran the games at Lucky 7 until he lost his lease. There would be no alcohol. They give away cokes and snacks.

Cindy Nelson, 812 Lake Bluff Drive, asked how much money would that bring into our city.

The City would only receive property tax from that type of business.

Chairman Marino closed the public hearing.

5) Consideration and Action on approval of an Ordinance to issue a Special Use Permit to operate an arcade at 503 South Denton Drive, Tract 78 of Abstract 1355A Wright Survey.

Motion was made by Commissioner Fletcher to approve an Ordinance to issue a Special Use Permit to operate an arcade at 503 South Denton Drive, Lake Dallas, Texas, Tract 78 of Abstract 1355A Wright Survey for a limit for one year during the hours of 10 AM to midnight 7 days a week. Commissioner Gilliland seconded the motion.

C. Business:

1) Consideration and Action on approval of a proposed zoning change to Tract 21 of the A-0424A N. French Property from R-1-10000 Residential district to C-1-A Commercial zoning district.

Jack Roe, his office is 6116 N. Central Expressway, Suite 1300, Dallas and his residence is in Athens. He is vice president of Resort Realty who is the owner of the property. They are opposed to the zoning change for several reasons. It doesn't make sense and thinks it is being done very prematurely. They think the City is exposing itself to a huge amount of liability by rezoning at this time. They were served last week with a condemnation hearing with Denton County. He will be at the City Council meeting Thursday night. Should the rezoning affect their settlement with Denton County adversely they will be looking to the city to make up those damages. He asked if the Boliver property had been rezoned. It has not. He also mentioned having discussed what to do with the property with City Manager Fairburn in the past. He asked if there could be a workshop with the City Council to try to work out some solutions.

Neoma Spinks, 57 Lakeridge, asked where the area is that is being discussed.

A map showing the location was shown. This will not affect the residents in the Kingswood Estates.

Barbara Garrison, 508 North Shady Shores, thinks you need to take the owner into consideration and see what he wants.

The bridge will be elevated as it goes over the lake. We don't know if there will be access to the proposed road off Lakeview Drive.

The commissioners looked over the map and discussed 200 feet on either side of the proposed road alignment. The commission needs to make a recommendation tonight so the City Council can take action on this at their meeting on Thursday night since it had been advertised by public notice.

If the road wasn't going through there we wouldn't be trying to change zoning. We have to have a plan that the County and Toll Authority can look at so they can't impose their will on us. Maybe on each side of the road we could have an area of commercial with restrictions. That would give the residential area a buffer zone from the road. The Economic Development Committee is trying to do something to expand our commercial tax base. Everybody here and on the City Council is going to try to do what's right.

Some citizen said it is too bad nothing was done with Main Street. An invitation for them to attend the Economic Development Committee meetings was extended.

Mr. Roe said we need some negotiation so that it is advantageous to all of us. There's the possibility that we may back off 400 - 500 feet for a buffer zone depending on what commercial wants to come in. That takes some give and take and that will take a meeting that would make it good for both of us. He said they are willing to work with the City.

The Planning and Zoning Commission is providing a recommendation. It's not final.

Motion was made by Commissioner Barnard to deny the zoning change on Tract 21 of the A-0424A N. French Property from R-1-10000 Residential district to C-1-A Commercial zoning district and recommend that the City Council, Economic Development Committee, and future plans of Lake Dallas and the road consider all that and not just that one piece of property. No one seconded the motion.

Motion died due to lack of a second.

Motion was made by Commissioner Fletcher to approve the Ordinance for the zoning change to Tract 21 of the A-0424A N. French Property from R-1-10000 Residential district to C-1-A Commercial zoning district and actually reword to where it's a portion of Tract 21 two hundred feet (200') on the alignment of the proposed road from R-1-10000 to C-1-A and leave the rest of it as R-1-10000 existing zoning. Seconded by Chairman Marino.

C. Business:

1) Public Hearing on an application for a proposed zoning change to Tract 21 of the A-0424A N. French Property from R-1-10000 Residential district to C-1-A Commercial zoning district. This property is bordered on the east by Lakeview Drive; on the south by homes on Howard Drive; on the west by Tract 20 of the N. French property and several properties in the Kingswood Estates; and on the north by the Montserrat Retreat area.

Jack Roe, 108 Willowbrook, Athens, said he is the vice president of Resort Realty. He represents the owner and they are opposed to the rezoning of the property in question. They intend to plat under the zoning it is now. They are totally opposed to the rezoning. This bridge is 10 years in the future. They do not feel it is fair to rezone it at this time. They will turn those plats in Monday or Tuesday for consideration at their next meeting. They have owned this property with affiliates for 30 years. They had originally planned on platting it like they had done Kingswood. They have bickered with the City before. They finally have a developer who will plat it into R-1-10000 lots.

Gladys Aston, 212 Pecan Lane, Kingswood Estates, said she and several residents in Kingswood Estates are concerned there is some industry that wants to build on this property. Which property in Kingswood is involved?

The response was that the city wants to provide for commercial property in the future. The Kingswood Estates property is not involved in the rezoning other than to be notified because the City is required to notify people who live within 200 feet of the property.

Mike McFadden, 187 Oakwood, said he received one of these letters. This is the first time he's been to one of these meetings. What will this mean to him?

The response was that last week the City Council approved C-1-A zoning which is commercial but has certain restrictions. This zoning allows for shops, restaurants, retail stores, bed and breakfasts. Basically, no wholesale sales and no products stored outside. Restaurants and banks may have a drive-up service. Buildings shall not exceed 2 stories. The first property to be rezoned C-1-A was the Payless Cashways property. When it is purchased it will no longer be zoned industrial because we want to attract businesses that will produce sales tax revenue.

Alan Carmen, 47 Lake Vista Circle, said the plat he saw showed it was only 200 feet from Kingswood. He wanted to know what regulations are in place for the trees.

That is where the toll road will be going across.

Mike McFadden, 187 Oakwood, was concerned about those living in Kingswood Estates having to relocate.

This zoning change does not affect Kingswood Estates. The zoning change is for unoccupied land.

Gladys Aston, expressed concern about the traffic on Swisher Road, the Boliver property and Oakwood Drive in Kingswood.

Swisher Road will eventually be 4 lanes and have a light. The Boliver property is not being rezoned. The road will be going through the edge of where the apartments are and across the corner of the Boliver property and come out where the animal shelter is and miss the Upper Trinity plant.

Mike Newberry, 508 North Lakeview, said he wants some clarification. He said that for 2 or 3 years this company has tried to change this area for modular homes or for mobile homes and we fought that hand and tooth. Now he hears a representative say that they're going in and put in 10000 SF lots. The tax base that will bring to the city blows him away. His property is right across the street from this. He can't see rezoning this at this time. That bridge is so far down the road. He is also concerned with property values.

This property is over 50 acres. It would be a good area for some commercial and it's a beautiful area for some nice homes. Someone in the audience said there's room for both.

Mr. Newberry asked how many homes/lots that would entail.
Jack Roe answered there are 123 lots.

Ann Bradt said she had been told that if 20% of the property owners who received the letter protested the rezoning there would have to be a unanimous vote.

Barbara Garrison said she lives on the Boliver property. Let the owners do what they want.

Someone had a question about a marking on a map. It designated the flood zone and did not represent a road.

Chairman Marino closed the public hearing at 8:10 PM.

2) Consideration and Action on approval of a proposed zoning change to Tract 21 of the A-0424A N. French Property from R-1-10000 Residential district to C-1-A Commercial zoning district.

There was discussion about having all of that land as commercial. We need to ask the City Council what they really want. We need to have a map up that shows where the road is going to go and where the flood plain is. We have not made a very good case to show these people what we want. Perhaps it can be put on a workshop and have some P & Z members there so we can rethink this. With this location by the sewer plant who will want to go to a restaurant where they will get that awful smell -- by the same token, who will want to buy a large home where you are going to get whiffs from the sewer plant. We'll get some maps and converse with the City Council.

Motion was made by Commissioner Gilliland to table this item. Seconded by Commissioner Bavon.
Ayes: Chairman Marino, Commissioners Bavon, Fletcher, Shelton and Gilliland.

Chairman Marino called the meeting back to order at 8:32 PM.

D. Workshop:

1) Review of setbacks, accessory uses, height for accessory buildings, and setbacks for parking of recreational vehicles in all residential zoning districts.

A fence should not come up to the street. It would have to be set back to the building setback line. It has been recommended that accessory buildings have a height limit of 20 feet instead of 35 feet. There has been discussion about detached garages and carports that the City Council is considering a distance of ten to fifteen feet from the house. There may be issues on what materials need to be used for screening. We have also discussed setbacks for RV's.

2) Review of R-2 and R-3 zoning requirements for screening, off-street covered parking, and landscaping.

No discussion at this meeting.

3) Discussion about possible zoning requirements on Swisher Road extension property.

Chairman Marino closed the Citizens Agenda when no one came forward to speak.

C. BUSINESS:

1) Public Hearing on an application for a proposed replat of Tracts 38 and 39 of A-1355A Wright into one tract. The property location is in the 500 block of Main Street between Main and Lakeview.

Kurt Sutherland, Valleyview, Texas, owner of the property, said they currently have their business on Gotcher with North Texas Drywall.

5) **Public Hearing on the creation of a C-1-A Retail/Restaurant/Hotel/Motel zoning district for the City of Lake Dallas.**

Tanja Haylock, 213 Swisher Road said she just wants an explanation of what we're trying to do.

The reply was that the city wants to encourage a business district that would allow restaurants, hotels, and motels instead of more liquor stores.

Chairman Marino closed the public hearing when no one else came forward.

6) **Consideration and Action on approval of an Ordinance creating a C-1-A Retail/Restaurant/Hotel/Motel zoning district for the City of Lake Dallas.**

Motion was made by Commissioner Barnard to accept the action of approval of the C-1-A Zoning district. Seconded by Commissioner Fletcher.

7) Public Hearing on an Ordinance for a proposed zoning change to A-1663A J.W. Simmons, Tract 3 (the Payless Cashways property on Swisher Road), Lake Dallas, Texas from M-1 Light Industrial district to C-1-A Retail/Restaurants/ Hotel/Motel Zoning district.

Ken Howe, 205 Swisher, said he lives directly across the street from Payless and he is opposed to any changes right now. He feels it will cause traffic problems and lower their property values. How will that fit into the master plan? How soon will the city be looking at changing the zoning on their side of the street?

Perry Manley, 202 Hillcrest, said he is concerned about the traffic. He thinks traffic will triple if we get hotels, motels and restaurants in that area. Why are we changing the zoning when there may a possibility of a company moving in?

M-1 light industrial zoning districts are not desirable as commercial zoning districts. Payless is in bankruptcy and the property will be sold.

Marvin Chisum, 204 Hillcrest, said he wants to repeat what has already been said. He thinks that will add the criminal element by adding hotels, motels, and restaurants. If it was left as light industrial the tax base will be there and it would probably bring more jobs to the city. He's in the restaurant business but he doesn't think that's the right place for that type of business.

Tanja Haylock, 213 Swisher, asked if the city has a developer looking at the Payless property and why are we moving so quickly on the zoning change?

Payless plans to be out of the property by the end of October and the City is trying to change zoning to commercial for sales tax revenue. The City would not consider the use the eminent domain process unless public health and safety was a concern.

Larry Nykoruk, 207 Swisher Road, said you can see the outpouring of people here tonight to express their concerns. The homeowners are concerned about retaining their property values. He asked what else can the City exclude besides the liquor? We're all interested in development for the community but he suggested the City consider an extension on this item until there is more information available and more hearings have been held. Perhaps we could exclude hotels and motels as well as liquor. There shouldn't be any problem with bed and breakfast inns.

Ray Hopper, 507 Ridgewood, agrees with what everyone's already said. He asked that they consider the depreciation of the neighborhood.

Tracy Powell, 206 Hillcrest, said everyone has said what she feels. She likes what Larry said about giving them more time. She doesn't want a hotel in her back yard, but doctor's office would be fine.

Chairman Marino closed the public hearing when no one else came forward.

8) Consideration and Action on an Ordinance for a proposed zoning change to A-1663A J. W. Simmons, Tract 3, Lake Dallas, Texas from M-1 Light Industrial district to C-1-A Retail/Restaurants/Hotel/Motel Zoning district.

There was discussion about needing to act since Payless has gone into bankruptcy. We need to get more specifics: what is the projection for increased traffic in five years; buffers, fences, and screening should be part of the requirements. Hotels and Motels would be limited to 35' in height. We shouldn't take too long to move because some less desirable business could be allowed in there.

Motion was made by Commissioner Barnard to approve the change in zoning as written from M-1 to C-1-A and put hotels, motels, bed and breakfast inns and strike the word facilities (Section 122-330 item 3) under Special Use Permits for Tract 3, the Payless Cashways property. Seconded by Commissioner Fletcher.

Commissioners: Bernard and Shelton were excused. Commissioner Danner was absent. Staff present: Melena Narvaja.

B. VISITORS/CITIZENS AGENDA:

Chairman Marino closed the Citizens Agenda when no one came forward to speak.

C. WORKSHOP:

1) Review of setbacks, accessory uses, height for accessory buildings, and setbacks for parking of recreational vehicles in all residential zoning districts.

Clyde Fisher, 747 Carlisle Dr., stated that his main agenda was to be able to park his motor home at his residence in R1-10, 000.

The Commissioners had received a letter from Cindy Nelson, 812 Lakebluff Dr. Chairman Marino read the letter aloud.

One definition of an accessory building could be any building that is not an integral part of the main dwelling; including private detached garages, covered carports, private barns or stables, shops, portable buildings, and storage sheds. The code states that any accessory building over 120-sq. ft. must be 80% masonry. Should carports be required to be 80% masonry? Not everyone agreed because usually a basic carport is four legs and some type of covering or awning. We should not need to specify exterior surfaces of carports. The setbacks and sizes of carports and detached garages should be the same.

Setbacks were probably designed to protect the neighbors of property owners who have accessory buildings. Possibly the minimum the setback requirements should be uniform at five feet no matter how large or small the lot is.

Clyde Fisher pointed out the fact that there are not too many other people living in an R1-10, 000 district and that there is a possibility that he would be the only one effected by an ordinance change. He asked the commission if they had talked to the city attorney about parking of a recreational vehicle. There was no answer for Mr. Fisher.

It was proposed that the code should allow the parking of recreational vehicles with the same setbacks as an accessory building in R1-10, 000. For example, an accessory building should not be closer than ten feet to any other building or structure on the lot, or closer than five feet from any lot line; nor less than seven feet from any alley line, except that when the rear lot line is common to a side or rear lot line, and in the case of corner lots, not less than fifteen feet should be required. All of these setback requirements should also be applied to the parking of recreational vehicles, since recreational vehicles are about the size of must accessory buildings. According to some research on recreational vehicles the heights range from eight to twelve feet, and the width is usually six to eight feet.

Recommendations for the City Council:

- For R1-10, 000, accessory building set backs should be no closer than five feet from any lot line; nor less than seven feet from any alley line, except that when the rear lot line is common to a side or rear lot line, and in the case of corner lots, not less than fifteen feet should be required.
- No accessory building should exceed 20 feet in height.
- Masonry requirements will not apply to covered carports.
- In R1-10, 000 a recreational vehicle must be screened in a closed area.

2) Review of fence requirements and height for back fences in residential districts.

There was only a brief discussion on this item.

3) Review of R-2 and R-3 zoning requirements for screening, off-street covered parking, and landscaping.

Tabled until next meeting. The commissioners should look around and take pictures of areas in this zoning and work through the issue next meeting.

4) Discussion about possible zoning requirements on Swisher Road extension property.

No discussion on this item.

Chairman Marino closed the Workshop and made arrangements to meet again in two weeks on October 4, 2001.

CITY OF LAKE DALLAS

The Lake Dallas Planning and Zoning Commission met on September 6, 2001 at 7:40 PM in a special meeting at the Lake Dallas Community Center located at 302 South Shady Shores, Lake Dallas, Texas. Notice of the meeting was posted as required by Title 5, Chapter 551.041 of the Texas Government Code.

A. ROLL CALL

Members Present:

Tony Marino, Chairman
Frank Barnard
Randy Danner
Alan Fletcher

Commissioners Bavon and Shelton were excused. Commissioner Wilson was absent. Staff present: Building/Code Inspector Richard Dallof, Melena Narvajah, and City Secretary Weikum.

B. VISITORS/CITIZENS AGENDA:

Chairman Marino closed the Citizens Agenda when no one came forward to speak.

C. BUSINESS:

1) **Public Hearing on an application for a Special Use Permit to operate a church at 310-312 South Shady Shores Road, Tract 15 of A-1355A Wright Survey, Lake Dallas, Denton County, Texas.**

Kevin Hardesty, 5430 Prince Drive, the applicant, said they look forward to being part of the community. They have lived in Lake Dallas for seven years. They have ventured out into supporting local sports. They would appreciate approval of the application at the old Tim's Produce for their church.

In answer to questions from the commissioners he said there are approximately 25 members at this time. There should be enough available parking spaces and they could possibly gain 7 or 8 more spaces depending on whether some property belongs to Sonic or the building they are leasing. Chief Thompson said they could have 45-50 people in the building and be in compliance. If they grow past that point they would probably go to multiple services. They were meeting at the school. The main church is out of a church on Fox Avenue in Lewisville. They currently have a two-year lease. Their plan is to have their own building in a residential area. This building fits their needs at this time.

Chairman Marino closed the Public Hearing.

2) **Consideration and Action on an application for a Special Use Permit to operate a church at 310-312 South Shady Shores Road, Tract 15 of A-1355A Wright Survey, Lake Dallas, Denton County, Texas.**

Motion was made by Commissioner Danner to accept the Special Use Permit and it will stay in effect for as long as the permitholder's occupancy is at that location. Seconded by Chairman Marino.
Ayes: Chairman Marino, Commissioners Barnard, Danner, and Fletcher

D. **Workshop:**

1) **Review of setbacks, accessory uses, height for accessory buildings, and setbacks for parking of recreational vehicles in all residential zoning districts.**

There should be a definition for a carport since they are not the same as a building. The height should be limited for accessory buildings.

The definitions and requirements for R-1-7200 and R-1-6000 read better than the R-1-10000 district. We should look at changes for the R-1-10000 district.

RV's should have a definition. This is a resort town. We should not take away from what many people are already doing.

The setbacks on residential districts are all different, but what can be put on them should be consistent. Should an RV have the same setbacks as a building has?

2) **Review of fence requirements and height for back fences in residential districts.**

There are probably not any changes necessary with fences unless we want to allow them to be higher so people don't have to see a neighbor's RV. The code for R-1-6000 and R-1-7200 says no fences over 8 feet high but there is nothing stated for the R-1-10000 district.

3) Review of R-2 and R-3 zoning requirements for screening, off-street covered parking, and landscaping.

The duplexes on Cain Street have outside patios and are not required to conceal whatever people put on their patios and they are not required to have fences. Some screening requirements should be put into effect. R-2 and R-3 should have offstreet covered parking requirements. R-3 should have landscaping requirements. Multi-family and commercial zoning could require non-maintenance barrier walls.

4) Discussion about possible zoning requirements on Swisher Road extension property.

The City would like to have some commercial/retail development on both sides along the extension to improve the tax base. A planned business district may need to be discussed.

Staff present: City Manager Kyle McCain, and Acting City Secretary Joni Vaughn.

B. Visitors/Citizens Agenda:

Tommy Brewer, Realtor, 1126 Oak Hurst, Denton, has a potential user for a piece of property in the M-1 district which is under a moratorium. Mr. Brewer expressed a desire for further information regarding the M-1 moratorium and asked the Commission to consider shortening the time frame of the M-1 moratorium.

Commissioner Barnard said the Commission would like to get back to Mr. Brewer with further information and work with him as much as possible.

Citizens Agenda was closed by Commissioner Barnard.

C. Business:

1) **Public Hearing on approval of an Ordinance amending Section 122-571 of Article XII relating to uses permitted by Special Use Permit.**

A. ROLL CALL

Members Present:
Tony Marino, Chairman
Al Bavon, Vice Chairman
Peggy Shelton
Frank Barnard
Lance Wilson

Alternates Carol Ann Connors and Randy Danner had excused absences.
Mayor Wohr and Councilmembers Johnson, Stapleton, and Harper were present.
Staff present: Acting City Manager Ristagno, City Attorney David Berman, and City Secretary Weikum.

B. Visitors/Citizens Agenda:

Jill Rael, 19 Wolter, Hickory Creek, said they would appreciate it if council would let them keep the items stored in part of the community center for a little longer. They have no where to take it or any way to transport the items at this time. She has talked with the library board about purchasing a storage building.

Mayor Wohr said he would discuss this with Acting City Manager Ristagno next week.

Rhonda Howe, 205 Swisher Road, asked if they could continue their summer reading program at the community center. The schedule is every Monday from June 11 through July 9 from 9:30 AM until 12:30 PM.

Mayor Wohr said staff could contact the cemetery association about any conflict of times. He said the library people could come and talk with the Council at their meeting on May 24.

Chairman Marino said they would discuss these items with the council.

Commissioner Barnard asked if it was against the law for the Council to be at a meeting. The City Attorney said questions can be answered if it is a recitation of what policy is.

David Shershen, 166 Kingswood Drive, said a number of years ago some citizens got together because they weren't happy with how things were run. He handed out copies of the application of the zoning change request for First Highway Addition, Lots 1 through 4. He said he understands that Council can't respond so he will come to the council meeting. He thinks a mistake needs to be corrected.

Odie Harrelson, 907 Vista Oaks, said he was at the previous city council meeting and he thinks it went good. The meeting agenda was in the paper and it was posted. That should be the final vote.

Chairman Marino closed the citizens' agenda at 7:58 PM.

C. Business:

D. Orientation by David Berman, City Attorney.

Mr. Berman referenced the Planning and Zoning Commission handbook that had been distributed. The most important thing is the open meetings act. The Planning and Zoning Commission is a recommendation board. A lawful meeting has to be posted 72 hours in advance since members of the public have the right to attend and observe and any discussion is limited to the agenda items. Before you come to a meeting, look at the agenda and get familiar with the agenda items. You are not required to have a citizens' agenda but it's not recommended to leave it off an agenda. People shouldn't repeat what someone else has already said on the citizens' agenda. The Planning and Zoning Commission would probably never need to have a closed meeting. Anyone can tape record or video your meetings. The only limitation would be if the conduct or procedure interferes with the meeting. If two members meet and conspire on how to vote on an issue, that is a crime. There's nothing wrong with talking with one another and canvassing, but if you reach an agreement about how you are going to vote then you have a conspiracy.

The members may want to do site visits regarding some of the issues that come before them. They can we go to the property and look but it could be considered trespassing if you actually go on the property. If you walk around the property with the owner it could look improper. We could ask the property owners to submit pictures of the property with the submittal of the application but if the property owner doesn't want to do that we cannot force the issue.

Roberts Rules of Order has the basic principals as to how meetings should be conducted. It is a guideline, not a law. The Chairman should avoid making motions. There should first be a discussion of an issue, then a motion and then a second. After that there can be discussion among the board members. Regulate the discussion the best way possible and then call for a vote.

A motion to reconsider an item on a previous agenda can be done during New Business on an agenda by a person who voted for that previous business item and now wants to reconsider the item. If everyone is willing to reconsider it can then be put on the next agenda with the same exact wording as the original item. Two members of the council can have an item put on an agenda.

An abstention is generally a 'yes.' Our Home Rule Charter says is shall be considered a non-vote. Conflicts of interest can get you in a lot of trouble. You must file an affidavit in advance of the meeting and abstain from discussion. It would be better to step down from the table. Chapter 171 of the Local Government Code is the regulation about conflicts of interest. The manual does not have a comprehensive description.

The purpose of zoning is to promote the public health, safety, morals, or general welfare of a city. We have a comprehensive plan and zoning should be in accordance with the comprehensive plan. The Comprehensive Plan can be as specific as our zoning map. Every zoning change must be done by ordinance. A Comprehensive Plan is a wish list and every zoning change is an amendment to the comprehensive plan. Mr. Berman briefly addressed the spot zoning question.

When there is a zoning change it must be filed by the property owner or his representative. There is nothing wrong with making sure that the applicant is the sole owner of that property or representative. If the ten day notification is not sent out, do not hold a public hearing. Once you begin a public hearing and do all the notification at taxpayers' expense, finish the public hearing. If something comes up and there will be a need to hear more information at another hearing you can say, "This public hearing will be tabled and will be heard [at a specific date and time]," or else the City Secretary has to re-notify. If you are in the Consideration and Action portion of the issue it can then be tabled and reset as much as you want. You don't have to have another public hearing if only Consideration and Action was tabled. In the notification of property owners, if a landlord chooses not to notify commercial tenant of the public hearing that is the landlord's prerogative. If 20 percent of the property owners file a written protest, then state law requires that there must be a majority vote on the item.

Preliminary plats must be filed. When the final plat is filed it must be approved within 30 days or it is automatically is approved. If the plat meets all the requirements it must be approved. Staff should make an application for Preliminary Plat filings and develop a checklist of what is needed for the filing. Any property going from one to two or more lots should have a preliminary plat and final plat submitted. Denial of a preliminary plat does not mean a final plat cannot be filed.

Matters that take a simple majority and there are only four members at meeting--if the vote is 2 & 2 then the mayor calls for another motion. If it cannot be decided at that meeting it should be put on next agenda and hope it will be acted on then.

There is nothing in our ordinances that gives someone any authority to withdraw from asking for a zoning change. The answer to a question about if there is ever a time where a City Council could waive an application was you should not because you are spending taxpayer money. If it is the city's fault that a zoning change doesn't go through, then the city must republish and pay for it from city funds. The city can do it's own zoning change as a basis or recommendation of the comprehensive plan.

E. Workshop:

1) **Business Development Zones.**
2) **Spot Zoning definitions.**
3) **Rear setbacks for accessory buildings in all zoning districts.**

We need to have a quorum of the both the City Council and the Planning and Zoning Commission to have a joint workshop.

The workshop will be discussed at a future meeting.

Chairman Tony Marino and Vice Chair Al Bavon were excused. Staff present: City Secretary Weikum.

A. CITIZENS' AGENDA:

No one came forward to speak so Chairman Wilson closed the Citizens' Agenda.

B. BUSINESS:

1) **Public Hearing on an application for proposed replat of Lots 13-16, 27, 28 and a portion of Lots 17 and 18, Block K, Oak Lakes Subdivision into one lot.**

Frank Graham, 314 S. Shady Shores Road of Shady Shores, Texas said he is on the LCMUA board. Over the years they have purchased various lots and earlier this year they completed a deal where the County took off about a 50' slice of the lots on Swisher Road. They are planning for the future. There are no immediate plans for building at this time. Eventually they plan to build an office where the station is now.

Roy Perches, 106 Hillcrest, said he lives right behind LCMUA's equipment yard. He asked Mr. Graham if they currently have any short term plans and if they were planning long term expansion. He asked if the lot where the equipment is kept will be big enough. He said the rear entrance to the LCMUA yard is off Meadowview.

Mr. Graham said they do not have a need to purchase more equipment. What is on the lot now is there so it will be available whenever the need should arise. He was unaware of the entrance off Meadowview. LCMUA was formed as an independent governmental entity and they serve Lake Dallas and Shady Shores and part of Hickory Creek.

Chairman Wilson closed the Public Hearing at 7:43 PM when no one else came forward to speak.

2) Consideration and Action on an application for proposed replat of Lots 13 - 16, 27, 28 and a portion of Lots 17 and 18, Block K, Oak Lakes Subdivision into one lot.

It was determined that all lots involved in the replat are in the same zoning district.

Commissioner Connors said that before a motion is made that her husband is on the LCMUA board and that the City Attorney had advised her through the City Secretary that she could participate in the discussion but that it would look better if she did not vote so she would abstain.

Motion was made by Commissioner Barnard to accept the replat as written and presented. Seconded by Commissioner Danner.

Ayes: Chairman Wilson, Commissioners Shelton, Barnard and Danner.
Noes: None
Abstentions: Commissioner Connors

Motion Passed

3) Public Hearing on proposed Ordinance to create a Marina (MA) zoning district.

Ben Gilbert, 709 Nick Street, lives 25 feet away from the area. He said when this came before the Planning and Zoning Commission several months ago the city attorney wrote the ordinance and only the first 6 items of all the items on the current ordinance were on the original ordinance. There were several Planning and Zoning Commission workshops and meetings with the Marina owners. The new ordinance has gone from 6 items to 11 items. He said the commission has really increased the uses of this property from the original plan. He asked if they have discussed the exterior surfaces of these buildings? Currently these items fit in C-1, C-2 and C-3 and those districts have restrictions for height not to exceed 2 stories and 80% masonry exteriors. The marina district was supposed to be a marina district. It is all residential zoning around this. Are you going to give unlimited restrictions to this area? He thinks the loading and driving areas should be hard surface. What about landscaping and screening?

No one else came forward to speak so Chairman Wilson closed the public hearing.

4) Consideration and Action on a proposed Ordinance to create a Marina (MA) zoning district.

The height was considered because of the way the land slopes and was agreed to by the commissioners.

Tommy Drozd, one of the owners of the Marina, 300 Marina Drive, explained the operation of the travel lift and why the building needed to be 42' high. He also said that they are grandfathered in just the way they are. If the commission wants to leave it M-1 zoning that it's okay with them. Their family has been in that location since 1942. He would prefer to work with everyone -- he doesn't want people coming up and taking something away from them that they've been doing all their lives. If you want to limit office buildings to 35 feet that would be all right. They were just assuming that 80% masonry was required. The screening process is part of what's been worked on in the workshops.

The commissioners decided to add more things to the Ordinance so no assumptions would be made. Big capacity buildings would not necessarily need to be 80% masonry.

Motion was made by Commissioner Barnard on the Ordinance for Article XII-A MA Marina District to approve it as written and presented with only the following additions:
1) To add hard surfaces as written in 122-728 (b)
2) 80% masonry or by prior approval of change by the Planning and Zoning Commission and City Council.
3) Tree and Landscape preservations as addressed in 122-1135.

Seconded by Commissioner Connors.
Ayes: Chairman Wilson, Commissioners Shelton, Barnard, Connors, and Danner.
Noes: None

Motion Passed

Chairman Wilson said that Commissioner Connors had asked to be excused at 8:55 PM.

5) Public Hearing on an application for a proposed zoning change to First Highway Addition Lots 5 and 6, Block A from C-1 commercial zoning district to C-3 Commercial zoning district.

Odie Harrelson, 907 Vista Oaks, said it's a shame we have to go through this every year. He is against this for so many reasons. We have enough zoning for that on the other side of the street. It's too close to a nursery (day care) and a residential area. He said he is highly against it and hopes that they have the good sense to just say no.

J. W. Lively, 527 Oak Lake Drive, said he has been before the commission several times on issues of these matters as well as before the City council and he will go before the City Council again. It's almost humorous how many times we try to rezone for this. The only way you can get into Lake Dallas is to go past a liquor store. He commended them for turning it down last time and hopes they turn it down again. We do not need any more C-3 zoning. Vote this down and send it to council next week.

David Shershen, 166 Kingswood Drive, said we have had vacant property there for a long time. There is nothing else for us to annex. In the long run we may be annexed. Council averted a tax increase this year by raising building permit fees. This is not just about liquor, it's about commerce, the free enterprise system. There's a separation of church and state and the board needs to keep that in mind. He thinks that property used to be C-3 and it was a political move that changed it. Most of our citizens are seniors living on fixed income and would be unable to handle property tax increases. He is asking people to vote for the good of the city. If you allow yourself to be swayed by personal opinion you are not serving the people of the community. It takes all of us to work together.

J. W. Lively said there were a couple of points he failed to make. It has nothing to do with religious beliefs, it goes back to supply and demand. He would feel the same way if we had 10 sporting goods stores here and needed to zone it so we could put in another sporting good store. When Denton and Lewisville goes wet our supply and demand is going to go down hill. He's not pleased with Wal-Mart moving in. It's going to hurt our economy. If Goody-Goody comes in and buys Buckeye, it's going hurt a lot of stores here already. We would be jeopardizing the other liquor stores already here.

Lonnie Nowlin, one of the property owners, said he sunk lots of money into a furniture store here but there was not a draw for that store here. He had to move. The people here wouldn't support him. You want business here but you don't support when it is here. He was spending $1200/month in advertising to try to get people here from Lewisville or Denton. He's not for liquor stores, but, what else is there to go in there? He said if it was a club or strip joint he'd be hollering, too. Something has to help the city. C-3 opens doors to other things. We would not be getting another liquor store, they're going to move. He has $140,000 invested in that building and asked what he is supposed to do. He doesn't like having his building empty for almost a year.

Ernesto Lopez, Jr., 55 Kingswood, said Mr. Lively does his homework for the medical field but not for the liquor stores. Buckeye's been a Goody-Goody for several months, but Mr. Vince made sure the name of that store would never be anything but Buckeye. Mr. Barnard, Mr. Shikle, and Mr. Minnis were on that board making sure no skin places would be here. He said it would not be another liquor store. His help is TABC certified. They check ID's at their store and use TABC undercover officers for a sting. His daughters have high morals and one was graduated from A & M. They were raised by him and went to school on money he made at the liquor store. This is about commerce. He does wholesale and retail. He said he will be here every year until he gets it.

David Shershen - anyone's allowed to get up in this country and say anything they want. The tax derived from liquor stores is planned on in the city's budget.

Chairman Wilson closed the public hearing at 9:20 PM.

6) Consideration and Action on an application for a proposed zoning change to First Highway Addition Lots 5 and 6, Block A from C-1 Commercial zoning district to C-3 Commercial zoning district.

Motion was made by Commissioner Barnard to table this until we meet with the City Council to get direction and have a workshop on zoning changes and how C-3 fits with the Comprehensive Plan and set a guideline that would address C-3 zoning within the city and address the spot-zoning definition prior to lots 5 & 6 coming back to the Planning and Zoning Commission. ROLL CALL

Members Present:

Tony Marino, Chairman
Al Bavon, Vice Chairman
Peggy Shelton
Frank Barnard
Lance Wilson
Carol Ann Connors
Randy Danner, Alternate

Commissioner Wilson was excused. Staff present: Acting City Secretary Vaughn.

CITIZENS' AGENDA:

No one came forward to speak so Chairman Marino closed the Citizens' Agenda.

B. BUSINESS:

1. Public Hearing on proposed replat of Tract 100 of A 1355A Wright, 600 block of Sargent Street on the west side of the street.

Ivan Bounds, 440 Betchan Street, said this property is next to his and is staked off wrong.

Mark Lucas, 609 Sargent, said Sargent is not geared to a lot of traffic. He expressed concern about drainage and sewage in the area with the addition of 4 new homes on the street.

Frank Barnard, 328 Betchan, said he had purchased the property six years ago and had recently decided to have it replatted. It is in R-1-6000 Residential district zoning district. He said he paid to have the survey done and did not think anything dishonest had been done in the surveying process. There will be city sewer. The zoning will not be changed to group housing. There will be normal setbacks. He addressed the definition of 'subdivision' on page CD94:3 in the municipal code. He said he does not agree that his replat should be subject to Sec. 94-112 Street design in the municipal code. He said Sargent Street is not a major thoroughfare. He assured Mr. Bounds that he was not going to take any of Mr. Bounds' property.

Chairman Marino closed the Public Hearing. After a short discussion among the commissioners Chairman Marino re-opened the Public Hearing.

Frank Barnard, 328 Betchan, said he still was concerned with the definition of subdivision and the street design for a thoroughfare. He does not want to have to pay for another survey.

Mark Lucas, 609 Sargent, said he hopes the issue of the drainage will be looked at by the City Council when this comes before them.

2. Consideration and Action on proposed replat of Tract 100 of A 1355A Wright, 600 block of Sargent Street on the west side of the street.

Motion was made by Commissioner Connors to approve the replat of Tract 100 of A 1355A Wright, also known as 603 Sargent Street, 1.29 acres, and it is the opinion of the Planning and Zoning Commission that under Subdivisions Sec. 94-112 paragraph (b) of the Municipal Code does not apply. Seconded by Chairman Marino.

C. Workshop:

1. Review of proposed Ordinances to create a Marina (MA) District and review of addition of MA District regulations to the Table for signs.

There was discussion among the commissioners and Mike Drozd. Changes made were under Section 122-541 Permitted uses. Changes were made to:
(4) Warehousing and storage of any items except junk or salvage in an enclosed structure.
(5) Office buildings limited to forty-two (42) feet.
(11) Hotels.

No additional changes were made to the signs table.

The Lake Dallas Planning and Zoning Commission met on March 15, 2001, at 7:35 PM in a regular meeting at the Community Center located at 302 South Shady Shores, Lake Dallas, Texas. Notice of the meeting was posted as required by Title 5, Chapter 551.041 of the Texas Government Code.

ROLL CALL

Members Present:

Tony Marino, Chairman
Frank Barnard
Lance Wilson
Randy Danner

Commissioners Bavon and Connors were excused. Commissioner Shelton was absent. Staff present: Acting City Secretary Vaughn.

CITIZENS' AGENDA:

No one came forward to speak so Chairman Marino closed the Citizens' Agenda.

B. BUSINESS:

1. Approval of minutes for February 15, 2001 meeting.

Motion was made by Commissioner Danner to approve the minutes. Seconded by Chairman Marino.
Ayes: Chairman Marino, Commissioners Barnard, Wilson and Danner
Noes: None

Motion Passed

C. Workshop:

1. Review of proposed Marina District regulations ordinance.

Item (4) of the Ordinance should read "Warehousing, wholesaling and storage of any marina related items except junk or salvage."

Item (5) of the Ordinance should read "Office buildings limited to 2 1/2 stories or 35 feet."

Item (11) of the Ordinance should read "Hotels limited to 2 1/2 stories or 35 feet."

2. Review of Sign Ordinance regulations for Marina District.

Reference to Note 5 under 'Spacing' should be removed.

3. Review of R-2 Two-Family Dwelling District regulations.

This item was tabled until a later meeting.

4. Review of R-3 Multifamily Residence District regulations.

This item was tabled until a later meeting.

5. Review of setbacks for accessory buildings in all residential districts.

The definitions of a garage or a storage building were discussed. The Commission proposed that Section 122-183(b) and Section 122-133 (b) of the Lake Dallas Municipal Code should be changed to "not closer than three feet from any lot line." In Section 122-85 of the municipal code the last line referring to yard requirements should be deleted. A paragraph (b) should be added as in Sections 122-183 and 122-133 to read for R-1-10000 that distances from lot lines be three feet.

D. Adjournment

Motion was made by Commissioner Barnard to adjourn. Seconded by Commissioner Danner.
Ayes: Chairman Marino, Commissioners Barnard, Wilson and Danner.

ROLL CALL

Members Present:

Tony Marino, Chairman
Al Bavon, Vice Chairman
Carol Ann Connors
Randy Danner

Commissioners Shelton and Barnard were excused. Commissioner Danner arrived at 7:47 PM. Commissioner Wilson was absent. Staff present: City Secretary Weikum.

CITIZENS' AGENDA:

Steven Bertrand, 707 Oakley, said if he can speak on workshop about the setbacks for accessory buildings he will wait until that time.

No one else came forward to speak so Chairman Marino closed the Citizens' Agenda.

B. BUSINESS:

1. Public Hearing on an application for Special Use Permit to operate an arcade at 210 Main Street, Lake Dallas, Texas; Tract 66 of A1355A Wright Survey.

Gerald Hartley, 403 E. Rock Island Avenue, Boyd, Texas, is an attorney and he represents Jim Doerr, the applicant. He'd like to discuss both sides. He gave a background on the Doerrs and understands from the net that the city is interested in the Food Fare Building. If the SUP is granted there is existing language in Mr. Doerr's contract with the owners of Food Fare to allow Mr. Doerr to get out of his lease if the City purchases the building. There are also provisions in the lease in case Denton County takes a position on 7 liners so Mr. Doerr could get out of the lease and let someone else use the bldg. He discussed the handout he had prepared for the commissioners. He said it is in a mixed-use area. There is appropriate parking there. He's proposing to put in 35 machines and there are more than 35 parking spaces. They're here to answer their questions. When asked if alcohol would be served, Mr. Hartley answered there would not. The plan is only to serve snack foods. The hours would be 10 AM until midnight. You have to be 21 years of age to participate.

Geneva Tyree, 504 Howard, Lake Dallas Café owner, said she wants to see the arcade at that location. Since the bar closed she has lost twenty customers.

Sherry Shelton, 82 Lakewood, Hickory Creek, said they enjoy going to the arcade. She thinks Jim and Kathy Doerr are great people.

Edie Martin, 332 South Shady Shores, Shady Shores, said we need more recreation for older people.

Sandra Bush, 1432 Crestnut, Lewisville, said she has been employed by the Doerrs for a year and a half and would like to see it come back. The Doerrs are great people.

Betty Shelton, 82 Lakewood, Hickory Creek, said she would like to see it come back. It was a place to go to have good, clean fun. The older people could get together and enjoy it.

Chairman Marino closed the Public Hearing when no one else came forward to speak.

2.Consideration and Action on an application for Special Use Permit to operate an arcade at 210 Main Street, Lake Dallas, Texas; Tract 66 of A1355A Wright Survey.

Motion was made by Commissioner Connors to approve the application for a Special Use Permit to operate an arcade at 210 Main Street, Lake Dallas, Texas; Tract 66 of A1355A Wright Survey. Seconded by Commissioner Bavon.
Ayes: Chairman Marino, Commissioners Bavon, Connors and Danner

C. Workshop:
1. Review of proposed Marina District regulations ordinance.

Mike Drozd submitted Item (3) to read: Manufacturing, fabrication or assembling of any wood, composites, metals and any marine related products including trailers -- except junk, salvages, chemical laboratories or concrete and asphalt batching plants. He said composites would include fiberglass. They are requesting 42 feet on the height limit. The ordinance will be revised to include these changes before the next workshop.

2. Review of Sign Ordinance regulations for Marina District.

Mike and Tommy Drozd said that on Item (8) of the sign ordinance they'd like to request 200 square feet for the size. They said the sign would be facing the lake. They asked the commission to look at changing the height of 25 feet to a higher limit. Since the M-1 zoning district has a height restriction of 35 feet the commission was willing to allow 35 feet as the height restriction for the Marina District. Mr. Drozd asked that on Section 6-35 they would like the construction type permitted to be R-W.

3. Review of R-2 Two-Family Dwelling District regulations.

The commission decided to table this item until they had more information. This district may need to have stricter requirements.

4. Review of setbacks for accessory buildings in all residential districts.

Steven Bertrand - 707 Oakley Drive, stated that last month that he had received a letter from the city requiring him to move his building by April 15. It was generated by complaint from neighbor behind him who said the building was too close to the back fence. There are other neighbors around him as well as all around town that are not adhering to the required setbacks for accessory buildings. He's asking that setback requirements be the same for all residential zonings. Thinks it should be uniform.

2. Public Hearing on application to consider a zoning change from R-1-6000 Residential to Group Housing zoning district for A1355A Wright, Tract 2, street address 115 South Lakeview Drive, City of Lake Dallas, Denton County, Texas.

Ronnie Phillips, 113 South Lakeview Drive, said he lives next door to the property and wants to find out what's going to happen.

Norman Phillips, 402 South Lakeview Drive, said he's the one who's trying to get it rezoned. He said he is trying to get a street in there. The homes would be single family and brick. They would be comparable to homes already there. They will move the trailer. The lot sizes would vary. They plan to live in one and some family would live in a couple others. The rest of the homes would be rental units.

Robert Reiter, 201 South Lakeview Drive, stated that the plan looked more commercial to him and he's trying to look to the future. He was concerned with what the distance would be from his fence. He also said it could possibly lower his property value with rental units there.

Carla Jo Thomas, 101 South Lakeview, expressed concern about rental properties on that property.

3. **Consideration and Action on application to consider a zoning change from R-1-6000 Residential to Group Housing zoning district for A1355A Wright, Tract 2, street address 115 South Lakeview Drive, City of Lake Dallas, Denton County, Texas.**

There was discussion regarding setbacks. Concern was expressed about group housing zoning which could allow duplexes or four-plexes. The zoning doesn't appear to be proper for this area and perhaps a variance would be the procedure that should be followed.

Motion was made by Commissioner Barnard to table this item and get clear direction from the City Council to determine the criteria for the zoning; get a clear definition from our City Attorney on what spot zoning is; and, should we follow the city-approved Comprehensive Plan in making decisions. Seconded by Commissioner Connors.

1. Public Hearing on proposed ordinance creating the MA -- Marina zoning district.

Mike Drozd, 114 Noyes Street, said City Manager Fairburn had told them to write up a proposal of items they would like to see in the new district.

Tom Drozd, 704 Oakley Drive, said he approves of the MA instead of the M-1, but he wants some other changes to what was listed to be part of the ordinance creating the MA zoning district. He said they need to do outside repairs. If the lake level stays down it hurts their business and they may need to resort to fabricate boat docks as a way to generate revenue. He said he is building race cars and has lumber there that he sells. If their business continues to be down because of the lake level he has given thought to putting in a sports arena for kids. He feels that would be a good moneymaker. He asked the commission to table this item and schedule a workshop with them before it goes to the council.

2. Consideration and Action on proposed ordinance creating the MA -- Marina zoning district.

Marjory Johnson, 905 Vista Oaks Court, asked what the distance would be between the two duplexes. Mr. Wagner said fifteen feet, 2 inches.

A. **Citizens' Agenda**
David Shershen, 166 Kingswood, congratulated the board for listening and for showing renewed interest in our city.

Tom Drozd, 704 Oakley, said he's been working with City Manager Fairburn closely on the MA zoning district. He said 35' height will not be enough; they will need 45' for height. He said they sand boats so there will be dust. He asked the Planning and Zoning Commission to work with them.

Richard Lamberti, 781 Texas Oak Trail, said he is really upset about allowing more liquor stores in town.

Gene Tisdale, 524 Howard, said he remembers a mayor who said no more mobile homes. That mayor is no longer here but the mobile homes are. He hopes the people who have moved here noticed we are 'wet' and have a marina.

B. **Business**
1. **Public Hearing on proposed ordinance amending the Comprehensive Zoning Map by changing zoning on W. D. Franks University Camp Block 1, Lots 20, 21, 22, 23, 24, 25, 26, 27 and 28 from M-1 Light Industrial zoning district to C-2 Commercial zoning district.**

Dave Snider, 7 Point Vista Drive, asked for a little more than 5 minutes to speak. He said the economics of the city have been sad the past few years but the sales tax revenues have increased about 14 per cent. He talked about how he started his business, Technicians on Wheels, and how it has progressed. He said there are advantages and disadvantages to C-1 and C-2 zoning. He thinks M-1 zoning district presents endless possibilities. He has a buyer coming soon and that if his property is rezoned that may drive him out of business. He said Technicians on Wheels is not going to move out of town.

Bob Davis, 73 Lakeridge, said Mr. Snider has done so much for this community. He has been voted Citizen of the Year in Hickory Creek. Until we get more business down by the lake, don't change the zoning.

Harry Whitaker, 713 Hundley, said he's is opposed to the rezoning. There is enough traffic with the current businesses. He likes it as it is.

David Shershen, 166 Kingswood, said any time change happens there is an action and reaction. The marina and Hundley Boats is what brought people here. We need to look for new business and growth but also need to take care of those who are already there.

Byron Hundley, Denton, said he is opposed to the change in the zoning. He and his dad built their business there on Hundley in 1940.

Margaret Tisdale, 509 Howard, doesn't think it's right to change the zoning.

Mike Minnis, 204 Oakwood, said any time a business comes to the board for help they should try to accommodate them.

Winston Harper, 390 S. Lakeview, said we need to fill up spaces down here without worrying about changing zoning down there. He doesn't think it's a healthy thing to change right now.

Eric Ko, owns 715 Hundley, is pleased with the way it is now. Don't generate more noise.

2. **Consideration and Action on proposed ordinance amending the Comprehensive Zoning Map by changing zoning on W. D. Franks University Camp Block 1, Lots 20, 21, 22, 23, 24, 25, 26, 27 and 28 from M-1 Light Industrial zoning district to C-2 Commercial zoning district.**

There was discussion about the uses allowed in C-2 zoning district so the list was read to the audience since the Commission felt there was a misconception about this change. Most towns don't have M-1 because it's undesirable and allows such business as freight terminals. The change is part of the Comprehensive Plan and would be a good result in the long run. The businesses that are already there are grandfathered. There was a suggestion to change the ordinances regarding the zoning district instead of changing zoning.

Motion was made by Commissioner Bavon to accept the ordinance amending the zoning map by rezoning Lots 20-28, Block 1 of W. D. Franks University from M-1 to C-2. Seconded by Commissioner Barnard if the motion would be amended.

3. Public Hearing on an application for a special use permit to operate a private club at 210 Main Street.

Bill Dahlstrom, Dallas, represents the building's owner where the special use permit application has been requested. He said it would be a private club and restaurant not a liquor store. Mr. Barnes is a very conscientious operator. He would generate revenue. Mr. Barnes is involved in civic activities in Lewisville. The club would help funnel business back to the Main Street area. He respectfully requested approval of the permit.

J. W. Lively, 527 Oak Lake Drive, said this club or restaurant is not what we need on Main Street. He's okay with the building sitting empty.

Odie Harrelson, 907 Vista Oak, said it's way too close to all the schools on Main Street. He said there's enough C-3 zoning on the west side of town

Bill Dahlstrom said the owner of the building has not been able to find any other business to go in at that site. They cannot let it set empty. It's a detriment to the owner as well as the city.

Betty Harper, 390 S. Lakeview Drive, said there was a gentleman who had come before the Council with ideas for a youth center in that building. He owns the sports shop by Albertson's.

4. Consideration and Action on an application for a special use permit to operate a private club at 210 Main Street.

The commissioners asked the applicant to come forward.
Keith Barnes, 1174 Settlers Way, Lewisville, said he planned to put a restaurant and club in the building. There would be live music and dancing, darts and billiards leagues and horseshoes. It would be an entertainment facility. The food percentage would probably be about 25% until business picked up. His club would be more upscale than the other two clubs that are already in the city. His hours would be 12 noon until 2 am for 7 days a week. He said the concerns about the noise and traffic shouldn't interfere with any residences.

Motion was made by Commissioner Barnard to deny the special use permit as requested. Seconded by Commissioner Wilson.
Ayes: Commissioners Bavon, Shelton, Barnard, and Wilson
Noes: Chairman Gilbert

5. Public Hearing on an application for rezoning of lots 1 - 4 Block A of First Highway Addition along Denton Drive from C-1 commercial zoning district to C-3 commercial zoning district.

Odie Harrelson, 907 Vista Oak, said there is no use bringing in another liquor store. We have to make things better in this city. If one little child gets killed here due to alcohol it won't be worth all the dollars the store will bring in.

J. W. Lively, 527 Oak Lake, said we do not need to have another liquor store here.

David Shershen, 166 Kingswood, gave a letter from the owners and manager of D & J to the members of the Planning and Zoning Commission. He said they were unable to attend the meeting tonight and asked him to represent them. He said Mr. Lee would not be opening another package store, they would simply be moving. He said they also planned to put some specialty items at this location, not just alcohol.

Bonnie Brown Garcia, Post Office Box 25, said Mr. Lee bought the property over a year ago. She thinks both sides of Denton Drive should be C-3. She doesn't believe in spot zoning and that's why she joined the petition. She said Mr. Lee has been in Lake Dallas for 17 years and the change would give Mr. Lee more space for his business.

Odie Harrelson, 907 Vista Oaks, said he is opposed to the change.

Thanna Bounds, 440 Betchan, said this is the third time this has come up. The Council has turned it down twice and should turn it down again.

Margaret Tisdale, 509 Howard, said she's against liquor stores but that supply and demand should take care of that.

Linwood Gilliland, 703 Payton, said he doesn't think we need more liquor stores.

Winston Harper, 390 S. Lakeview, said he thinks we should spend as much energy on trying to get things to come here as trying to keep liquor out. This man has a building and he can't use it for his business. We need to get these vacant buildings filled.

6. **Consideration and Action on an application for rezoning of lots 1 - 4 Block A of First Highway Addition along Denton Drive from C-1 commercial zoning district to C-3 commercial zoning district.**

3. Consideration and Action on parking requirements for a proposed business park north of the Northstar Bank of Texas on the I-35E frontage road.

City Manager Fairburn stated that the owner and developer were unable to attend the meeting tonight. This could be re-scheduled for a later date. The commissioners could discuss and bring forward questions for the owner and developer to address at that meeting.

Commissioner Wilson arrived during the discussion.

Motion was made by Commissioner Fahey to table this item. Seconded by Commissioner Marino.
Ayes: Chairman Gilbert, Commissioners Marino, Fahey, Barnard, and Wilson
Noes: None

C. Workshop

1) Zoning for Swisher Extension.

City Manager Fairburn said we have not received a response to a letter written to the owners of Kingswood Development. We may try to bring them in to the next meeting and could talk with them at that time regarding the flood plain as well as the 200 feet of commercial property on either side of the Swisher Road extension.

2) Development of Marina zoning district regulations.

City Manager Fairburn said that some of the changes made to the draft were: 1) repair work can be done outside; 2) height of building can be three stories or 50 feet, instead of two stories; 3) front yard setback will be 40 feet instead of 15 feet; 4) rear yard, when abutting other districts, will be 20 feet instead of 25 feet; 5) off-street parking shall be determined by the commission; 6) plan approval must come to the Commission prior to permitting. There was discussion between the commissioners and Tommy Drozd, owner of the marina. Mr. Drozd was asked if he could possibly be okay with a 35 foot height instead of a 50 foot height. It was suggested that those properties be replatted so the marina need only be concerned with one front setback. No sign issues had been addressed at the previous meeting. We will need to add MA sign requirements to the municipal code. There will be a special meeting to be held the first Thursday in December.

D. Adjourn

Motion was made by Commissioner Barnard that the meeting be adjourned. Seconded by Commissioner Wilson.

Alternate Barnard was absent. Alternate Wilson arrived at 7:58 p.m. Staff present: City Manager Fairburn and City Secretary Weikum.

A. **Citizens' Agenda**
No one came forward to speak.

B. **Business**

1. **Public Hearing on an ordinance amending the comprehensive Zoning Map by changing zoning of Second replat of Harbourtown from R-3 to R-2.**

Odie Harrelson, 907 Vista Oaks Court, said it would definitely help their area. It would be an upgrade to the area.

Charles Boner, 810 Lakebluff Drive, said he believes R-2 would be much better

Bonita Heston, 634 Harbourtown, asked when it changed to R-3. City Manager Fairburn said it had been R-3 for some time. When it was replatted in 1996 or 1997 it was already R-3.

Tom Barnes, 438 Lake Highland, said apartments would mean more problems and we don't have enough police now.

John Schuh, 737 Harbourtown, said this is the best we can do right now. He suggested something be done about parking regulations.

Chairman Gilbert closed the Public Hearing at 7:45 p.m.

2. **Consideration and Action on AN ORDINANCE AMENDING THE COMPREHENSIVE Zoning Map by changing zoning of Second replat of Harbourtown from R-3 to R-2.**

Motion was made by Commissioner Fahey to change the zoning from R-3 to R-2.
Seconded by Commissioner Bavon.

3. Approval of minutes for meeting on September 21, 2000.

Commissioner Fahey asked that the minutes be amended to show that he had made a comment regarding item 8: Since there are many other towns around that are wet the C-3 zoning is not as important as it used to be.

Motion was made by Commissioner Bavon to approve the minutes as amended. Seconded by Commissioner Marino.
