A general meeting of the citizens of Lake Dallas was called at the Duck Inn April 21, 1965. There were approximately 45 people in attendance. Steve Howard opened the meeting as temporary Chairman. A motion was made by Mr. Keyes to retain Steve Howard as permanent Chairman of the meeting. The motion was seconded by Mr. Bill Goodwin and carried although Mr. Howard stated he did not want the job.

Mr. Hunter was asked to brief the people on our standing here in Lake Dallas. He stated that two elections had carried for incorporation of Lake Dallas, one by 53% and one by 68%. This demonstration at the polls shows we are united even though we have determined opposition. Since this meeting was called to select candidates for City Mayor and City Counsel, Mr. Hunter stated we should pick someone with foresight, patience, and endurance to lead our city and leave personalities out of it.

Pee Wee Reisin made a motion to pick 5 members on the nominating committee and one from each section of the town. The motion was put to a vote and carried. The 5 members selected for the Nominating Committee were: C. L. Randolph, Wayne Black, Henry Sargent, Lynella Birdsong, and Thurman Garrison.

Ballots were passed out to the people and they listed names of Lake Dallas citizens who would be eligible people for the Nominating Committee to consider for Mayor and City Counselmen. The Nominating Committee retired to a private room and considered all of the ballots handed in for eligible candidates. After consideration and a vote they selected the following candidates:

Tommy Coulter - Mayor
Joyce Plumley - Counselman
C. L. Randolph - Counselman
Bill Grammer - Counselman
W. L. Hunter - Counselman
Thurman Garrison - Counselman

W. L. Hunter refused the nomination and stated he could do more good on the outside. Ken Vanderhoof called for a standing vote to keep Mr. Hunter on the ballot, but Mr. Hunter again declined to be a candidate. His request was granted and his name was stricken from the ballot. The Nominating Committee was asked to go back and select another name. Pee Wee Reisen was selected to replace Mr. Hunter, Mr. Reisin declined the nomination and withdrew his name. John Dunn was selected and voted in as Counselman candidate by a show of hands.

It was suggested that we have a Coordinating and Publicity Committee to get election information out to the people. Steve Howard, appointed Mr. Keyes, Pee Wee Peisin, Don Fraser and Mrs. Werner on the Committee. Mr. Reisin stated he thought he could have circulars printed at $6.50 per 1000 which would be cheaper than buying a mimeograph machine, paper, etc. to do it ourselves. Mr. Reisin was appointed to see that all candidates filed and got their names on the ballot legally.
The meeting adjourned at 9:30 p.m.

A regular monthly meeting of the Lake Dallas City Council was called to order at 7:30 p. m. in the City Hall by Mayor Coulter. The following Councilmen were present, John Dunn, Joyce Plumlee, Thurman Garrison, C. L. Randolph and Bill Grammer. John Farmer, Police Chief and Georgianna Werner, Secretary were also present.

Howard Davis of the Water Board presented the latest developments and stated that the City had bought out Stowe's well and were making plans to soon start digging another well. He stated all complaints should be forwarded to Mr. Hunter, Manager of the Water Authority. They plan a billing rate of $3.50 for the first 1000 gallons of water and $1.00 additional for each 1000 gallons thereafter. The Water Board will furnish the water meter. Members of the City Council were going to check with the Fire Department and see if the City and Fire Department couldn't buy 5 to 12 reconditioned fire plugs. The Secretary was instructed to write the Texas Municipal League to get the same information.

The minutes of the previous meeting were read by the Secretary and approved as read. The balance in the treasury at September 9, 1965 was $756.51.

The deputizing of John Farmer was again discussed. Mr. Farmer stated that Mr. Duvall wanted to hire him for a while to patrol Hickory Creek, but the Council agreed that they couldn't spare him and the use of the Police car to go that far. Since Lake Dallas now has a football field and will hold Friday night football games, there is a need for at least 2 officers to be present when there is a large crowd. Mr. Robinson of Lake Dallas was to be deputized for the football games only. The motion was made by Mr. Randolph and seconded by Joyce Plumlee and carried.

Several franchises were found to be in arrears, namely, Stowe's Water franchise for 6 months of 1964 and all of 1963, Lone Star Gas and Calvert Garbage collection. Mr. Randolph made a motion to turn the past due Harper Water franchise over to Bruce Davis for collection. The motion was seconded by Mr. Dunn and carried.

This meeting was called by Mayor Coulter at 7:30 p. m. in the City Hall to take the place of the regular Thursday night meeting of October 7, 1965. Mayor Coulter and the following Councilmen were present: C. L. Randolph, Mr. Dunn and Mr. Garrison. Secretary, Georgianna Werner and Police Chief, John Farmer were present and the following members of the Zoning Commission: Jess Pope, Lynella Birdsong, Floy Risein, and L. H. Wood.

The minutes of the previous meeting were read by the Secretary and approved as read. The treasury balance was $592.84 as of this date.

Attorney Bruce Davis advised to hold up on the water franchise with Harper Water Service. Mr. Davis drew up an Ordinance with Stowe's Water Service and they were to pay up their overdue water franchise with the City as one of the conditions of the sale of their well to the City, but the franchise is still unpaid as of this date. The Secretary read the City Ordinance #1[illegible] to cancel and terminate the water franchise with Jess Stowe and wife, dated March 9, 1961. It was discussed and decided upon to hold the Stowe Ordinance a while and get the past due franchise money first.

Mr. Dunn made a motion to get Mr. Grubbs to mow the grass and weeds in the City once more before winter. The motion was seconded by Mr. Randolph and carried. A discussion was held about sending property owners a letter about cutting weeds or burning off the grass and weeds, but no definite action was taken.

Two decal signs were purchased for the sides of the police car instead of having the sign painted on the car. Mr. Farmer showed the signs to the Council and they met with approval.

Mr. Dunn made a motion to pay the current bills, which were given to the Secretary. Mr. Grammer seconded the motion and it was carried.

There was a discussion of putting the Police Chief on full time for a month as a trial to see if he could write enough tickets to pay his salary. He would choose his own time for working, either in the morning or evening, spreading his time and working at the busiest times of traffic. Mr. Dunn made a motion to adopt this plan for a month, seconded by Mr. Grammer and the motion was carried. The Police Chief's paydays would remain the same, but the salary would be $300 a month, plus warrant pay, beginning October 1, 1965.

Mr. Dunn made a motion to change the name Turbyville Road to Hundly Drive when the next city maps were drawn up. The motion was seconded by Mr. Grammer and carried.

MINUTES
Lake Dallas City Council Meeting
October 28, 1965

A special meeting was called at 7:30 p. m. in the City Hall by Mayor Coulter to consider the Lone Star Gas Company franchise.

Present were: Mayor William T. Coulter, Councilmen, Dunn, Randolph, Grammer, Garrison and Plumlee, Secretary Werner. Mr. Virgil Stroup represented the Lone Star Gas Company.

The meeting was called to order by Mayor Coulter and Mr. Stroup explained the franchise to the City Council. Attorney Bruce Davis had looked over the franchise earlier in the day and suggested several minor changes. Otherwise, the franchise was almost the same as our previous one with the Lone Star Gas Co. Mayor Coulter thought we should have a copy of the Gas Company's policy letter explaining rates for reconnection of gas service and repair to gas appliances with no charge for pilot lights.

There are about a dozen families in Lake Dallas who need and would like gas lines to their homes. It is estimated that about 500 to 700 feet of gas pipe is needed to supply them.

Mayor Coulter read the franchise and it was thoroughly discussed by the Council members. The Gas rate schedule for consumers was also read.

It was decided not to sign the franchise now until it was determined if we would be paid for the full year 1965 on or before April 1, 1966. If this is the case, the Council is agreeable and are ready to sign the franchise contract. Mr. Stroup was going to clarify these points and let the Council know if they would be changed.

Paying the Police Chief full time salary was discussed and due to the City's financial position, it will be hard to continue paying full salary at this time.

The City has 8 stop signs that can be installed. A blinker light was discussed for the road near Calvert's Station. Mayor Coulter and Police Chief John Farmer are going to install the stop signs in the near future.

The meeting adjourned at 9:30 p. m.

The regular monthly meeting of the City Council was called to order by Bill Grammer in the absence of Mayor William T. Coulter. The following people were present: Councilmen, John Dunn, Joyce Plumlee, C. L. Randolph, Thurmon Garrison and Secretary Georgianna Werner. The meeting began promptly at 7:30 p. m. in the City Hall.

Mr. L. M. Tibbals, Regional Manager of the Lone Star Gas Company out of Denton and Mr. Virgil Stroup, Representative were at this meeting to present the Franchise and Rate Schedule. Mr. Tibbals stated they would back date the franchise to the City's incorporation date (April 17, 1965) instead of the present date of signing the franchise contract. They had also checked the extension of gas lines to several homes in Lake Dallas and thought the lines could be extended there. The franchise was discussed and was agreeable to all present. Mr. John Dunn made a motion to accept the 25-year franchise, seconded by Joyce Plumlee and the motion was passed. The franchise is City Ordinance No. 12 and the Rate Schedule is City Ordinance No. 12. Mr. Tibbals stated the city would receive the money shortly after the first of the year, as soon as the necessary reports were available.

The current bills were presented and were turned over to the Secretary for payment.

Due to the City's lack of funds, it was decided by the Council that full time salary for Police Chief John Farmer was out of the question right now. Mr. Garrison made a motion to pay him full salary, $150 up to November 15th and then drop back to $75 twice a month from then on.

Joyce Plumlee also brought up the problem of the Police Chief's telephone. It is now listed in his wife's name and they pay their regular bill and are reimbursed for any city calls the Chief may make in the line of duty. Mrs.Gross of the Lake Dallas Telephone Co. says it will be $8.00 a month to have the phone listed as a business phone in the City's name and have a private line. Mr. Randolph made a motion to put in a private line, subject to Mayor Coulter's approval, and list it as Lake Dallas Police Department and the bill will come to the City for payment. The motion was seconded by Mr. Dunn and carried.

Mr. Dunn made a motion to adjourn, seconded by Mr. Randolph and the motion was carried. The meeting adjourned at 8:10 p. m.

The regular monthly City Council meeting was called to order in the City Hall at 7:30 p. m. by Mayor Coulter. The following members were present: Mayor Coulter, Thurman Garrison, John Dunn, C. L. Randolph, Joyce Plumlee and Georgianna Werner, Secretary. Police Chief John Farmer was also present.

The minutes of the previous meeting were read by the Secretary. Mr. Randolph made a motion to accept the minutes as read, seconded by Mr. Garrison and the motion was carried.

Mayor Coulter stated that the green highway signs at the north end of town would have to be taken down since they were outside the city limits. Attorney Bruce Davis advised this should be done.

Mayor Coulter also talked to Mr. Davis concerning the water franchise. Mrs. Stowe owes payments for all of 1963 and 7 months of 1964. She is going to extend a 2 inch water line instead of the 1 inch line that is now there.
The Harper water franchise is almost identical with Stowe's and they owe 7 months of 1964. Mayor Coulter stated he will clarify with Bruce Davis on December 11th, 1965 to find out if Mr. Harper or Community Water Service is liable for the water franchise for that 7 months.

Mayor Coulter also talked to Mr. Calvert concerning their franchise and was informed that one would be drawn up soon.

Mayor Coulter stated he would call Mr. Gross and have him get a new telephone franchise up to date. In the past their franchise was paid quarterly. If possible, he would have Mr. Gross at the next City Council meeting. Mr. Randolph said he would call the Telephone Co. and inform them of this, since they are in arrears since April 17, 1965.

Mr. Randolph asked about an emergency zoning ordinance until the final ordinance could be put into effect. The Mayor was inclined to think the Council would have to pass on the whole complete ordinance. Then there would have to be a Building Inspector and he would issue permits. It was discussed and felt that nothing could be done about bringing in old buildings until the zoning ordinance was complete.

Joyce Plumlee inquired to see if the Council couldn't get Virgil Greer, Commissioner, to get the water drained off the road in front of Mrs. Mosley's house. Mayor Coulter stated he would try to see Mr. Greer to see if he would do something about fixing our streets.

It was stated that the City is automatically exempt from paying tax, and Mayor Coulter instructed the Secretary to deduct such tax from car repair and gasoline bills before paying them.

The new Texas Criminal Code will go into effect in January 1966 and it will effect our Court Procedure in some ways and we have several warrants to be served before the first of the year. The Secretary was instructed to send letters with respective warrants to the cities involved, namely, Dallas, Ft. Worth, Irving, and Grand Prairie. In October 29 tickets were written up and 27 collected. In November 7 tickets were written and 6 collected.

It was discussed and decided to warn the teen-age drivers once and give them a ticket the next time for traffic offenses, and also not having a driver's license. The older residents should be treated the same as the young drivers and no partiality shown to anyone. It was brought to the Council's attention that we need more 20 mph signs posted especially on Main Street, since offenders say they did not find it posted. 30 mph is a State law, unless otherwise specified.

Mr. Randolph asked about annexing more property into the City. A petition for annexation would have to be brought to the Planning & Zoning Commission, who in turn would bring it to the City Council and they would act upon it. The Water Authority has annexing powers which the City does not have. People who want water should see Howard Davis, as they need all the customers they can get on the new water line.

Joyce Plumlee made a motion to adjourn, seconded by Mr. Randolph and the motion carried and the meeting adjourned at 8:35 p.m.

Respectfully submitted,

The following people were present: Mayor Coulter, Councilmen, Plumlee, Garrison and Dunn, Secretary Georgianna Werner and Police Chief John Farmer.

The city's bank balance is down to about $185.00 with about $300 in outstanding bills. This was discussed as well as the income that might be coming in from franchises after the first of the year and it was decided to make a loan at the Lewisville State Bank and try to get about $600 to pay bills. Joyce Plumlee made a motion to appoint Mayor Coulter to contact the bank and borrow the money to cover current expenses. The motion was seconded by Mr. Garrison and was carried.

Three warrants for arrest had been returned unserved by the Dallas Warrant Office, for reason that they had to be endorsed by a County Judge. John Lawhon, District Attorney of Denton County, was contacted and he saw no reason why the warrants had to be signed by a County Judge. Mayor Coulter asked the Secretary to contact the Dallas Warrant Office and clarify what had to be done.

The various overdue franchises were discussed again. It was decided to wait until after the next bond election in about 2 weeks before contacting Mr. Harper and Community Water Service about the franchise, or sending them a statement. This would amount to about $200. The same would apply to the Stowe franchise which would amount to about $300. The Telephone Company franchise is also due and was paid quarterly. Mr. Gross stated to Mayor Coulter that he would have a new one drawn up.

Mayor Coulter stated he wanted to call a special meeting with members of the Water Authority and the Planning and Zoning Commission and set the meeting for Monday, January 3, 1966 at 7:30 p. m. in the City Hall.

Mr. Dunn made a motion to adjourn, seconded by Joyce Plumlee and the meeting adjourned at 8:45 p. m.

A special meeting was called and held in the City Hall with members of the Municipal Water Authority Board, City Planning and Zoning Commission and City Council in attendance. Mr. Straken of Reilly Engineers of Ft. Worth and news reporters of the local papers were also present. There were about 25 to 30 people present.

Howard Davis, President of the Water Authority Board, presided over the meeeting. Mr. Stracken informed the group of the progress made with the Municipal Water well and lines, and said the water plant should be ready to go into use by February 1st with the new storage tank. He stated that the City was in a good position to go ahead if this bond election goes through and the City would be provided with a complete water and sewer system. The new well has 120 gallons a minute pumping capacity and will pump more with continuous pumping. They are very happy with the well that has been completed. Another well could be put in that same site and put down to the Trinity water line and then 350 gallons a minute could be pumped.

Mr. Hunter spoke and gave a resume of the work done by the Municipal Water Authority and stressed the point that the water and sewer system is not a cost, but it is an investment and there is an income from it.

A long form letter and a short form letter to be sent out to the city voters was discussed, each setting out the progress and future needs for the bond election. Donations were taken from the people present and $15.00 was donated by the Lake Dallas Citizens League, making a total of $51.00 and several people said they would donate later. The money was to go for printing of the letters, stamps, and advertising in two newspapers for the election of January 15, 1966.

The posting of 3 or 4 Notices of Election was discussed and it was decided to post them at Ruckers, Sargents, Risien's Hardware and also Stowe's Laundry.

The financial position of the City was discussed. Mayor reported he had made a loan at the Lewisville State Bank in order to pay the bills until more money comes in from tickets and franchises, which is the City's only means of support at the present time.

The average cost of the upkeep of the Police Car, for gasoline, repairs, and insurance runs about $125 to $135 per month. Since the traffic tickets have dwindled down to 6 or 7 during the slack winter months, it has come to the point where the City can not meet expenses and may have to cut off the Police Car. Mr. Randolph put this in the form of a motion, seconded by Joyce Plumlee and the motion was carried and would be discussed again at the next meeting.

Mr. Dunn made a motion to take up all gasoline Courtesy Cards except the one that would be used for a month, then use another one the following month. This motion was seconded by Mr. Garrison and carried.

Mr. Grammer made a motion to have an estimate made on an audit of the Lake Dallas records since there had never been one since the city incorporated in April 1965. Mrs. Plumlee seconded the motion and it was carried. Mrs. Werner stated she would get in touch with Mr. Judd and make an appointment for him to visit City Hall.

Mr. Grammer stated that Mr. Handley wants to erect a sign at the exit of the Expressway so people will come into Lake Dallas to shop. The sign would be paid for by the merchants of Lake Dallas.

Mayor Coulter stated that Tuesday, August 16th, there would be a Road Maintainer in town for the Council members to look at and decide whether it would be feasible to purchase one for maintaining the city's gravel streets and the ditches.

The regular monthly meeting of the City Council was called to order by Mayor Coulter in the City Hall at 7:30 p. m. The following people were present: Councilmen, John Dunn, Joyce Plumlee, Lex Wood, Bill Grammer, and Fred Carlisle, and Secretary, Mrs. Werner.

The Lake Dallas Planning and Zoning Commission had been invited and the following members were present: Pee Wee Risien, Jess Pope, Mr. Clancy and Mr. Whitehead. Mr. Henry Sargent was given the oath of office to fill the position left by Mr. Lex H. Wood.

Joyce Plumlee made a motion to dispense with the reading of the minutes of the last meeting, seconded by Mr. Grammer and the motion was carried.

Mr. Bill Merritt came to present his application for a Garbage Disposal Franchise. Mayor Coulter read the new franchise to the Council members and minor changes were suggested before the franchise could be adopted. Mr. Merritt stated he would have the franchise changed to meet with the City Council's approval as soon as possible.

Mr. Dunn stated that Leonard Shelton is interested in the job at the salary offered by the Municipal Water Authority and the City as maintenance man for both parties.

Mr. Larry McWhorter and Mr. Bob King of Rady Associates were present to meet with the Council and the Planning and Zoning Commission. Mr. McWhorter discussed the need for planning and zoning in our growing community, especially since the water and sewers would soon be completed and the community should grow rapidly. He stated we need a Use District Map before we can do anything, then regulations setting the city into districts, such as residential, commercial and industrial. There may be a need also for the districts to be broken down into light industrial and heavy industrial, which would include a drop forge and junk yard. He suggested, since we have growth potential, within the next 5 years, to make up an ordinance that will be for our protection and will fit our needs. The Zoning Ordinance coupled with the map is all we need. It should be a large scale map that we can keep up to date with the zoning changes. A planned commerical district would include shopping centers. This would take care of drainage and parking facilities, etc.

Any use that is operating before the zoning ordinance goes into effect can still be used. But if it is destroyed, it may be better to relocate this business in another place.

A comprehensive Master Plan costs about $7500 to $8000, even for a small town. It is a 6 to 8 month project. A big town would run into a 2-year project. The ~~plan~~ for Lake Dallas would cost between $1200 and $1800. It would take 4 to 6 meetings with the Zoning Commission and City Council jointly to complete the plan. It would take 2 or 3 months if they met twice a month.

Mr. Grammer made a motion to go ahead and have Rady Associates draw up a map and get started. The motion was seconded by Mr. Carlisle and carried.

Mr. Bob King stated he would write a letter which he thought would help speed up the Government Water Authority loan.

The Planning and Zoning Commission selected Mr. Henry Sargent as Chairman and Mrs. Floy Risien was selected as Secretary. The Commission will be notified when the next meeting would be held.

Mayor Coulter asked the Secretary to get copies of the trailer ordinance and Mr. Randolph would give them to the trailer owners now in the city and if they don't make application and comply with the ordinance, they will be fined. There are about 6 different people operating trailer parks now within the city limits.

Mayor Coulter stated he would get a legal opinion to see if the city could annex the Service Road on the west boundary of the city and put up traffic signs.

The meeting adjourned at 9:15 p. m.

He could not give us a definite date for direct dialing to go into effect. Mr. Gross presented his franchise again and a rate schedule. The Council asked to have the back franchise payments paid before acceptance of the new franchise, since our Attorney advised the old franchise is still good and the back payment is due. The regular monthly meeting of the Lake Dallas City Council was called to order at 7:30 p. m. in the City Hall by Mayor Coulter. The following Councilmen were present: Joyce Plumee, Lex Wood, Bill Grammer and John Dunn, and Secretary Georgianna Werner.

Mayor Coulter read the new franchise Ordinance for the Lake Dallas Telephone Co. written up for a period of 35 years and he drew attention to the changes made by Bruce Davis, Attorney for the City. The new Ordinance also gives the City authority to examine the telephone company's books at any time if needed or in line with the City's audit. It was decided that the Lake Dallas Telephone Co. would have to operate under the old franchise rates until the direct dialing system goes into effect. Then at that time, an increase in rates would be granted as follows:

Business	$8.00	to	$10.00
2 Party	6.50		7.50
1 Party Residence	5.25		5.75
2 Party Residence	4.75		5.50
4 Party Residence	4.00		4.50
Extensions	1.50		
Pay Station Calls			.10

This rate schedule was decided upon after comparing Mr. Gross's proposed rate schedule with other cities in the vicinity of Lake Dallas. The Council proposed the above increase which was less than what was asked by Mr. Gross.

Mr. Grammer made a motion to accept the Ordinance #21 granting the Lake Dallas Telephone Co. a franchise for 35 years, seconded by Mrs. Plumlee and the motion was carried. Mr. Gross was in attendance and took the new franchise home to look it over. Mr. Wood made a motion to adopt the rates discussed, seconded by Mr. Grammer and the motion was carried. ORDINANCE #21-A

Mr. Randolph was authorized to order 12 or 15 yards of blacktop mix to repair the city streets. Mr. Grammer made a motion to hire Mr. Sublett at $6 an hr. and he would load it and furnish one man and help Mr. Randolph to patch the holes in the streets. The motion was seconded by Mrs. Plumlee and carried.

The Secretary was authorized to order an election kit with 25 applications for Alderman and 25 absentee ballots. News of the election of 3 Aldermen was to be published in the newspaper and then again just before voting time and state the names of the people running for office of Alderman.

Mayor Coulter stated he would try to call a meeting next Thursday, February 16, 1967 to meet with the Water Authority Board to see what they are doing about the sewer.

Mayor Coulter stated he would have Bruce Davis check into a Junk Ordinance before the Council could do anything about the junk around town.

Mr. Grammer made a motion to set the speed limit on Main Street at 30 mph instead of the present 20 mph, except the 20 mph in the school zones. Mr. Wood seconded the motion and it was carried.

The purchase of a radar unit was discussed. Mr. Grammer figured it would cost around $800 and pay for itself in a short time and the people would not contest the tickets as much.

A special meeting was called to order in the City Hall at 8:00 p. m. by Howard Davis of the Water Board wherein the City Council with members, John Dunn, Lex Wood, Secretary Mrs. Werner, and Mayor Coulter met with the Lake Dallas Water Authority Board with 5 members present.

Mr. Hunter of the Water Board informed everyone of the current tax problem. They sold $70,000 of tax bonds and the tax had to be levied to pay for the bonds. The tax was for that purpose. It was not to build a sewer plant at this time. They had received a grant from the Anti-polution Board of $42,000 to use in construction of a plant that has been already approved. They expect to let the contract to use that money in May if they can meet the schedule, otherwise, they will have to ask for a postponement.

The problem at the present time is a site for the disposal plant. Mr. Hunter stated he had talked with the engineers and the owner of the property they wished to purchase, but nothing is settled yet. The Board expects to get some land as soon as possible. The land they want could be condemned and it would take about 30 days and then they could start working on it, according to Court procedure.

Mayor Coulter stated the City had not received the back franchise payment from the Community Water Service and it was the Water Board's understanding that it was to have been paid at the time of the transaction. Mr. McNally stated to Mr. Hunter and the Water Board that he would send the City a check for the Community Water Service's franchise and it had been 3 months and no word from them. Howard Davis said to contact Mr. Corn as he was the man that made the contract.

Mayor Coulter stated the City had a radio unit for the police car. He also informed people present that Main Street speed limit had been raised from 20 miles per hour to 30 miles per hour.

Meeting

March 20, 1967

A special Council meeting was called at 7:30 p. m. at the Lake Dallas Telephone Company office. Mr. Jerry Jones represented the Telephone Co., Mrs. Gross and Fred Purser were present. The following Councilmen were present: John Dunn, Bill Grammer, Lex Wood and Mrs. Joyce Plumlee, Mayor Coulter and Mrs. Werner, Secretary.

Mr. Jones read the proposed telephone Rate Schedule. He stated they could not accept the Ordinance because of a Rate Schedule. They have had no rate increase since 1958, expenses are high and they have a large government loan. He stated the franchise was a standard franchise as used in cities the size of Lake Dallas. This franchise is accepted by the Federal Government, which is their lending agency and recommended that the Council reconsider it.

Mr. Jones stated, after some discussion, that Section 6, page 3, temporary removal of wires, would be acceptable to the Telephone Company.

Section 9, pertaining to wires needed by the City and Fire Department was discussed. Mr. Grammer made a motion to delete Section 9 in its entirety and change the last sentence of Section 18, seconded by Mr. Wood and it was carried.

So Ordinance No. 22 is in agreement. Rate Schedule, which is Ordinance 21, was discussed in detail. The Council agreed upon the following rates.

	From	to	Increase
Business 1	$10.00		$10.25
Business 2	7.50		8.00
Residence 1	5.75		6.00
Residence 2	5.50		5.75
Residence 4	4.50		4.75

It was agreed not to put the new rates into effect until after April 4, 1967. The clause that "these rates will go into effect after automatic dialing" was to be deleted. Mr. Grammer made a motion to change the rates as listed above and make the deletion. The motion was seconded by Joyce Plumlee and carried, and Ordinances No. 21 and 22 were adopted.

Mr. Dunn stated he thought the Mayor should be paid for his services as Corporation Court Judge since there is so much time involved now. Mayor Coulter stated he would contact Bruce Davis, Attorney, to write up an Ordinance to pay the Corporation Court Judge. Mr. Dunn made a motion that we write an Ordinance setting up a salary for Corporation Court Judge retroactive to March 1, 1967. Mr. Wood seconded the motion and it was carried. Mayor Coulter stated he would accept $100 a month, for the time being.

Two Registered letters had been received and signed for, but no word received from Community Water Service yet. The Council gave their approval to go ahead and bring suit against them.

Mr. Allen Bartley of the Lone Star Gas Co. was present and discussed with the Council a proposed rate schedule increase, which would amount to about 2% gross, as set by State Law. This would amount to an increase of about 26¢ per month on the average home-owner's bill. Mr. Wood asked, percentage-wise how many customers in Lake Dallas would be effected by the rate increase. Mr. Bartley stated he would give an accurate figure at the next meeting.

Mayor Coulter read Section 8 of the Lake Dallas Telephone Franchise, adding the date of the city's incorporation. Mrs. Plumlee made a motion to adopt this change in the franchise, seconded by Mr. Wood and the motion was carried.

A joint meeting of the Planning and Zoning Commission and the City Council was held at 8 p. m. in the City Hall. The meeting was called to order by Mayor Coulter with the following Councilmen present: Joyce Plumlee, Don Fraser, Robert Gregory, and Lex Wood. The following members of the Planning and Zoning Commission were present: Jess Pope, Lynella Birdsong, Henry Sargent, and Floy Risien. Larry McWhorter of Rady & Associates, Mr. Hunter and wife of the Lake Dallas Utility Board, and Bruce Davis, Attorney, were present.

Mr. Davis stated he had been briefing the Planning and Zoning reports that Mr. McWhorter had sent him. He recommended that the Councilmen read it over very well and study the Districts, such as R-1, R-2, C-2, and M-1. Lewisville has only 4 Districts and our new Ordinance is more complex. The Ordinance follows the Texas statutes fairly well. Minor changes could be made by a Board of Adjustments, but major changes must go through the Planning and Zoning Commission. Public hearings should be held to discuss it with the citizens. The final hearing could be on the same night if it is brought before the City Council. Fifteen days notice must be given to the public before a hearing. Mr. Davis recommends sending out notices by mail. Mr. McWhorter also stated there should be one preliminary hearing and he would be glad to come and answer questions.

Mr. Davis asked Mr. McWhorter for the office procedure of Rady & Associates for passing on Ordinances and Mr. McWhorter said he would send it to him. Mr. Davis does not recommend that the Zoning Ordinance be referred to the City for a vote.

Actually the Zoning was started back in 1963. Mr. Davis warned to leave out anything that might bring about another conflict or opinion with the people and any legal trouble. He asked for time to study the Zoning Ordinance a little more before the first preliminary hearing and if he finds anything wrong, he would inform the Council.

In case the City decides to expand to the North, it could extend its boundary ½ mile. Mr. McWhorter advised to start annexing land to the North as soon as possible. The best way by far, in the opinion of Bruce Davis, is to get the signatures of all the land owners in the territory to be annexed. Councilman Don Fraser agreed and thought we should do this annexation right away.

Mayor Coulter asked Mr. Davis' opinion about a Maintenance Tax for streets and was advised that the City might establish a tax rate after the sewers were put in. This should be worked up a year in advance, but should be a modest tax to start with. Time Warrants could be gotten from a Bank, but there must be a tax established first.

Mr. McWhorter gave each person a new Zoning Ordinance pamphlet as revised and presented a plastic map drawn in pencil which could be changed. The map would be adopted along with the Ordinance as a part of it.

Mr. Hunter was present and promised his cooperation as well as the Water Board's cooperation to work along with the City. The meeting adjourned and was followed by a short Council meeting.

Joyce Plumlee made a motion to dispense with the reading of the minutes of the last meeting, seconded by Mr. Grammer and the motion was carried.

The main purpose of this meeting was to discuss the Traffic Advisory Committee Report, which was done in detail. Factors bearing on the situation:

1. Traffic situation - The City Council at this time can do nothing about the narrow streets because when the town was laid out the streets were narrow, and nothing can be done until such time that the property owners will get together and give footage to widen the streets.
2. Council agrees.
3. The City is patching the streets from present revenue, but as far as any major street work is concerned, the Council feels this should be done after the sewer is laid, which will be in the near future.

4, 5, 6, 7, 8. - Council agrees.
9. Is questionable and will have to be clarified.
10. Will have to be clarified.

Recommendations for Police Department Procedures were discussed in length and tentatively drawn up. Mr. Grammer made a motion that the rules of policy and procedure for the Police Department be accepted. The motion was seconded by Mr. Wood and carried.

Lake Dallas City Council Meeting

The regular monthly Council Meeting was called to order by Mayor Coulter in the City Hall at 7:30 p. m. The following Councilmen were present: Lex Wood, Joyce Plumlee, Robert Gregory, and Bill Grammer.

A complaint was heard from Mrs. Jessie Mullins about a lot that needs mowing near her home.

A complaint was heard from R. J. Howard pertaining to boys shooting firecrackers within the City limits.

Methodist Pastor, John Lancaster, presented a map of the City which he had obtained and wondered if the City needed such copies while he had the original. The Council did not need the map, since they had a more recent one on hand.

Secretary Mrs. Werner, read the minutes of the last meeting. Mr. Grammer made a motion to accept the minutes of the meeting as read, seconded by Mr. Wood and the motion was carried.

Mayor Coulter read the Policies and Procedures of the Police Department as drawn up by the Council. Mr. Grammer made a motion to accept the Policies and Procedures as read, seconded by Mr. Wood and the motion was carried.

The Council again discussed warning traffic tickets and the Secretary stated they were being printed. Also, the Secretary will see about having the Police activity log printed up with a sample from Lewisville Police Department.

Ken Vanderhoof presented a map for a proposed shopping center and motel with swimming pool on his property within the City limits. He asked the Council for an estimate of what the City Maintenance Tax would be, but the Council was unable to give him an estimate or answer to his question. Mr. Vanderhoof asked for the project to be all zone commercial. The Council requested a platt and survey first and advised Mr. Vanderhoof he could put up signs and go ahead with the leasing since there was no zoning ordinance at the present time.

The Secretary reported she had checked with Internal Revenue Service and found that the motion made by Mr. Gregory to cover Officer Randolph for Social Security purposes retroactively to 1-1-68 was illegal. All City employees would have to be covered and it was learned this would have to be worked out through the State of Texas in Austin and this coverage would require a substantial deposit of funds in a special account for a year in advance. The City does not have funds available for this and it was determined that they could not follow through with Mr. Gregory's motion for Social Security coverage.

Ordinance #22 fixes the salary for Mayor of Lake Dallas, Texas. Mr. Wood made a motion to adopt this ordinance, seconded by Mr. Grammer and the motion was carried.

The Council discussed the recommendation of the Traffic Advisory Committee and decided on the following:

1. The Council has issued specific instructions to the law enforcement officers.

2. The appointing of a Judge for Corporation Court other than the Mayor is not adviseable at this time

3. We are in the process of having warning tickets printed up at this time.

4. Warning tickets should take care of this situation.

5. This information distribution to the public may be considered, but the Council feels the warning tickets take care of this problem.

6. The City Council complies with this and takes every effort to insure that all traffic laws, controls, tickets, etc., are administered in the sole interest of traffic safety.

7. The Council decided it was not adviseable to report the story of Lake Dallas Traffic problems to the newspapers, dispelling any rumors of a "spped trap." This would merely emphasize the rumor.

8. The Council does not feel the use of the Fire Hall for a City Hall would be adequate without remodeling and extensive changes. The financial rources of the City will not allow such a project at this time.

9. The Council decided it was inadviseable to raise the speed limits on any of the streets at this time.

In conclusion a letter was to be drawn up and mailed to each member on the Traffic Advisory Commitee along with a copy of the Lake Dallas Police Department Policies and Procedures. Mrs. Plumlee made a motion to send each member this letter, seconded by Mr. Gregory and the motion was carried.

Mayor Coulter called a special meeting for Monday July 17th at 7:30 p. m. to present the Policies and Procedures to the Police Chief

The regular monthly meeting of the City Council was called to order by Mayor William T. Coulter at 8:00 p. m. in the City Hall with the following Councilmen present: Joyce Plumlee, Lex H. Wood, Bill Grammer, Robert Gregory and Donald Fraser.

Mayor Coulter stated he had checked with Attorney Bruce Davis and Riley Fletcher of Texas Municipal League, about getting the money to buy the building now occupied as City Hall on an open note. It was decided the best way to buy the property was by time warrant.

Pee Wee Risien was present and stated he would rent the property to the City at $75 a month retroactive to September 1, 1967, and he would be responsible for the taxes and interest and unforeseen repairs. Pee Wee said he would like to sell his merchandise and building together at one time.

Mr. Grammer made a motion to rent from Mr. Risien at $75 a month retroactive to September 1, 1967, seconded by Mr. Wood and carried. Mr. Risien stated he would get a memorandum from Bruce Davis regarding the rental. The City will pay the utilities. Rental will not apply on the purchase price at this time.

Secretary, Mrs. Edson, read the minutes of the last special meeting. Mr. Fraser made a motion to accept the minutes as read, seconded by Mrs. Plumlee and the motion was carried.

Mrs. Hunter addressed the Council concerning the road between the Post Office and Sargent's General Store. She stated the road was always congested during the day and she can not get out of her driveway. She also told of potholes in the street that needed fixing between the School and the Post Office. She requested to allow Chief McCullough to come by the Post Office and advise the people not to block the road and driveway on the front and side of her property.

Winston Harper presented a petition to close the road south of the Baptist Church. Mr. Gregory suggested that the people in the area go ahead and close the street at the Service Road entrance. The Council was agreeable and gave their permission to close the street at that end.

Chief McCullough gave a report on the Police Department. He has a new man, Melvin Lee James, lined up for full time Police work. He would work 6 nights a week and work when the Chief was off duty. Mr. Gregory made a motion to hire Melvin Lee James at $325.00 base salary and after 45 days probationary period, raise him to $350.00, motion seconded by Mr. Vinson and carried. This was based on the approval of the renewal of the $1500.00 loan at Lewisville State Bank, which was to become due in June, 1968. Mayor McInnish stated he would contact the Bank about the matter.

A special meeting was called to order by Mayor McInnish at 7:30 p. m. with the following Council members present: Joyce Plumlee, Johnny Vinson, Robert Gregory, J. McCurley, and Don Fraser.

This meeting was called since the Water Authority Board had proposed to move into the vacant side of the City Hall, bearing all of the expense of moving in and cleaning up and remodeling to make a suitable office. The Water Board intends to hire an employee for 5 days a week and would not expect the City to pay any part of the expense of the salary since the office space would be rent-free, until such time that the City could afford it. When the City does pay a portion of the salary for the clerk, then there will be some sort of an agreement worked out as to payment of rent for the office space.

The employee would also work for the City as far as taking in fines and applications for building and trailer permits and information. This person would collect water bills for the Water Authority. They had in mind a salary of about $65.00 a week.

Mr. Vinson made a motion the Water Board should pay all of the cost of the utilities. The motion was seconded by Mr. McCurley and carried.

Secretary Mrs. Edson, had received a letter from the Lake Dallas Municipal Utility Board to apply for sewer connection. Mr. McCurley made a motion to tie into the sewer line when the pipe was laid down the street. The motion was seconded by Mr. Vinson and carried.

Insurance is due on the two Police cars in the amount of $296.00. A motion was made to pay the first installment of the bill, seconded, and the motion was carried.

Bill Grammer, Chairman of the Equalization Board was present and stated some people pay personal property tax and some do not, and he wished to make the payment of this tax uniform for everyone. He suggested we get the Denton County Tax rolls and get a list of all personal property owners, such as car owners. Mr. McCurley suggested to buy a book priced at $50.00 with the Denton County Car Registration list in it. Mr. McCurley decided to table this subject until the meeting next Thursday and would also get a list of last year's personal property taxpayers.

Secretary, Mrs. Edson, stated the Bank Balance was down below $200. Mr. McCurley asked the Secretary to present a forecast for the rest of the year, and bills for the balance of the year, revenue coming in and the outstanding bills. Mrs. Edson said she would have it by the next meeting.

The Waldon-Prince complaint was again discussed, but no conclusion was reached.

Mr. McCurley made a motion to alternate the purchase of gasoline and oil for the Police cars between the station owners selling standard brand products, such as Texaco, Conoco, Humble, and Sinclair. After discussion, the motion was withdrawn. Mr. McCurley stated he would check with the gas station owners to negotiate for a discount on gasoline and oil and let the Council know by the next meeting. If they all give the same discount, we will alternate our business. If not, we will have to take the low bid on gasoline.

Mr. Gregory made a motion we approach the 4 major brand stations in town and ask them to enter a bid for all gasoline and oil for all city vehicles. The motion was seconded by Mr. Vinson and carried..

MINUTES
Lake Dallas City Council
Meeting

June 13, 1968

Mayor McInnish called the regular Council meeting to order at 7:30 p. m. in the City Hall. The following Councilmen were present: Robert Gregory, James McCurley, and Johnny Vinson.

Mr. Vinson made a motion to dispense with the reading of the minutes, seconded by Mr. McCurley and the motion was carried. Secretary, Mrs. Edson, mentioned the main topics in the minutes of the last meeting as a quick summary.

Mr. Hunter addressed the Council and stated he had been contacted by someone who wanted to know about starting light industry in the 17 acres north of the City and within the City's extraterritorial area. Mayor McInnish stated he would get in touch with the man, since the Council feels it would welcome new industry in the City.

Mr. Lambert, a homeowner on Glen Rhea Road, addressed the Council and stated the Hoyt Wilson property had been used recently as a dumping ground for old cars and trash by some of the local citizens. Mr. Lambert was of the opinion that Mr. Wilson gave no one permission to dump on his property. Officer McCullough stated Mr. Wilson had given Mr. Kelly permission to dump cars and gave him 2 weeks to cut up the cars and fill in the ditch, which had not been done to date.

Mr. Gregory made a resolution, seconded by Mr. Vinson, to write a letter to Hoyt Wilson, telling him to clean up the dump on his property as it is in violation of the City Ordinance and people are complaining and signing complaints about the eyesore. Mr. Lambert stated if it was not cleaned up in 6 months, he intended to sell his property and move out of Lake Dallas.

Chief McCullough brought the Denton County Auto Registration Book for the Council to look at, but nothing definite was decided upon.

The Council discussed the Waldon-Prince complaint and decided to get Tommy Coulter to come to the next meeting, since he had been to all the previous hearings on the matter and probably knew more about it than anyone else.

Mr. Cox addressed the Council and stated he had a 550 gallon gasoline tank on his property located 100 feet from the street, and wanted the Council's interpretation of the City Ordinance as to whether this was permissible or considered a hazard or nuisance. Mr. Gregory suggested we have Fire Marshall Jack Worrell, look at it and classify it, since the Council could find no Ordinance against it, at the present time.

Chief McCullough gave a report of the Police Department and on the new second shift man and stated everything was working out fine.

The tax program was again discussed and Mr. Hunter stated the Water Board collected about 85% of their water taxes and we could probably figure on about the same percentage of collection on City Taxes.

Secretary, Mrs. Edson, presented a projected budget to the Council for the last 7 months of 1968, which was discussed in length. It was suggested that this should be the basis for the next year's budget.

Councilman McCurley reported that he had checked at four gasoline stations and it appears that gasoline is about the same price at all stations. Mr. McCurley made a motion to trade 2 months at a time with each of the four major brand stations. The motion was seconded by Mr. Vinson and carried. A drawing was made to determine the stations in order of their 2-month trading, starting July 1, 1968, as follows: 1. ~~Sinclair~~ Enco, 2, Enco, 3. Conoco, and 4. Texaco.

Mr. Vinson made a motion to appoint James McCurley as City Representative to the North Central Council of Governments, seconded by Mr. Gregory and the motion was carried.

Mr. Gregory made a motion to adjourn, seconded by Mr. McCurley and carried. The meeting adjourned at 10:30 p. m.

The regular monthly Council meeting was called to order by Mayor McInnish at 7:30 p. m. in the City Hall with the following Councilmen present: Johnny Vinson, Joyce Plumlee, James McCurley, and Robert Gregory.

Secretary Mrs. Edson, read the minutes of the last meeting and they were accepted.

Mayor McInnish stated he had come to some agreement with Mr. Prince, who had agreed to put the wall back in his building and use the part of the building he had first used before his remodelling. The Mayor stated we should issue a Certificate of Occupancy to conform to uses as of this date.

Marcus Rucker and Jack Ezzell were present and informed the Council of the Zoning Commission's actions on the rezoning of a piece of property for Jack Ezzell. Mr. Ezzell told the Council of his plans to move an eight-unit, two-story apartment building onto one acre of land he had bought for this purpose. There would be four units on each floor with outside construction of brick and redwood. Two out of of 8 or 9 people at the Zoning Commission's public hearing had voted against the rezoning for the partment building. One party didn't want the dust from the traffic and the other did not want "progress." The Zoning Commission recommended a change in the zoning to allow the erection of the apartment building,nevertheless, since the reasons for the objection were insignificant and the location is in the proposed zoning for future development. Mr. McCurley made a motion that under the recommendation of the Zoning Commission, that Jack Ezzell should be granted the zoning change for his partment building. The motion was seconded by Mr. Vinson and carried. Mayor McInnish advised the Secretary to issue a building permit to him on the the apartment house.

Mayor McInnish asked the Secretary to write a letter to Virgil Greer, County Road Commissioner, Lewisville, Texas 75067, and invite him to the next meeting of the Council, and tell him we appreciate his fixing some of the streets and furnishing the trucks and men.

The Mayor had been contacted about renting the road grader for private work and after a discussion of the matter, Mr. McCurley made a motion to rent it at a minimum cost for three hours at $15.00 an hour which includes our operator, gas, oil, and machinery maintenance. The only way they would rent it is with our operator only. The motion was seconded by Mr. Vinson and carried. The Secretary would be notified of the rental in order to bill the renter for maintainer use.

Mr. Vinson made a motion in the form of a Resolution that the Council should renew the loan due June 30, 1968, for $1500.00 with Lewisville State Bank for another six months. The motion was seconded by Mr. Gregory and carried.

Mr. McCurley made a motion to adjourn, seconded by Mr. Vinson and carried. The meeting adjourned at 9:00 p.m.

The meeting was called to order with all members present. Since the Secretary, Mrs. Edson, was on vacation, the minutes of the last meeting were not read.

Under new business, the problem of running the sewerage lines down a street that is not a public street was discussed by the Council. This particular street is actually owned by property owners, Tunnicliff, Galbraith, Decatur Savings & Loan, and Sudderath. These are property owners adjoining the street on the south side of the street. Johnny Vinson suggested that the property owners be invited to meet and discuss the problem. Mr. Sudderath wishes to close the street that adjoins his property. The question was whether the street had been used as a public street for a period of time that would make it legally a public street. It was suggested by James McCurley that if the Water Authority could obtain an easement for the sewerage, that the City would not take any legal action at this time. Mr. Gregory agreed. Mr. Hunter requested the Council to discuss this problem and advise him if the City had any plans concerning legal action to keep the street open. Mr. Fraser suggested that when the time came when the City decides to pay the street, then the question of whether the street is a public street could be more easily settled. It was agreed that Mr. Hunter be advised of these facts.

Police Chief talked to the Council concerning the condition of the Police Cars. The newer model 1966 can no longer be used since it needs a complete overhau on the engine. He is now using the old 1964 model, which uses a lot of oil. Jack Ezzell advised the Council that a rebuilt engine would probably last no more than 20,000 miles at a cost of approximately $200, with the exception of other repairs. Replacing the broken piston would probably run around $250.00. Nothing definite was decided upon.

Police Chief McCullough advised the Council that the night Policeman quit Friday, August 2, 1968 and that Labor Day was the last day for the temporary man. Mr. McCurley suggested the problem of the police cars be tabled for the time being until they could investigate the cost of a new car. The Council agreed. It was agreed that a special meeting would be called in a few days to persue the matter.

Mr. Virgil Greer, County Road Commissioner, was introduced to the Council. The Council explained the bad condition of the roads at this time due to sewerage construction. He was asked if the County could help keep the roads in travelable condition. Mr. Greer advised the Council he would do all he could in any way until such time as taxes were assessed. At that time, the County is not supposed to help with the street work. He stated he would help with the labor if the City furnished the material for blacktopping the streets. The Council expressed their appreciation to Mr. Greer for coming and all his help in the past.

Mr. Hunter of the Water Utility Authority came before the Council concerning the Barmachar Subdivision immediately west of Old Highway 77. The property owners would like to make their streets and alleys public. He intends to run the lines down the alley to service both sides of the alley. Some property owners want their streets to be dedicated as a public street. Mr. Sanders wrote out a dedication for the streets to be for general public use. The Council would have to approve this dedication before it goes to the zoning committee. The street is not 50 ft. wide, but approximately 30 feet wide. Every property owner must sign a dedication of the street or alley pertaining to their property. One alley and two streets are involved. Mr. Gregory stated it was the property owners place to approach the Council with the legal papers for accepting these streets and the alley for public use. The Council agreed that there were no objections to accepting this if the property owners follow this procedure.

Mrs. Plumlee suggested that some of the vacant property grown up with weeds should be mowed. She thought letters should be written advising the property owners to cut the weeds, expecially James McClains property, Bill Merritt and the lot by the 7-11 building which probably belongs to Lon Brown.

The proposed budget made by Mrs. Edson, Secretary, was presented to the Council and discussed. Someone needs to check with the bank to see when the payments will start on the building.

James McCurley made a motion to call a meeting to discuss the budget further, seconded by Mrs. Plumlee and carried. A public hearing will have to be made before the budget can be approved. A notice of the public meeting should be published in the newspaper.

A motion for adjournment was made by Mr. Fraser, seconded by Johnny Vinson and carried. The meeting adjourned at 9:30 p. m.

A special Council Meeting was called to order by Mayor McInnish at 7:30 p. m. in the City Hall to discuss the 1969 Budget and bids on the Police Car purchase. The Following Councilmen were present: Johnny Vinson, Joyce Plumlee, Robert Gregory, Donald Fraser and James McCurley.

Mr. McCurley did not have all the bids in since the new car dealers did not have their prices on the 1969 cars yet. It would take 40 to 60 days delivery on the new Police Car. Changing engines in the car bodies was discussed and Mr. McCurley suggested putting this off until Wednesday August 28th meeting. The approximate price of a new car is $3000 and the approximate price of a replacement engine is $400. With a replacement engine, one car would be in good operation during the winter.

The 1969 proposed Budget was discussed by each item separately. It was found that the City has approximately 10 miles of streets within the City. The approximate cost for blacktopping is $1200.00 per mile with the work and machinery furnished by the CountyIf Warrants were sold for a 5-year period, plus approximately 8 percnet interest, it would come to $3500. per year in the Budget.

Mayor McInnish was called away from the meeting due to an emergency in the family. Mayor Pro-Tem, Robert Gregory, took charge of the balance of the meeting.

Chief McCullough told of a family living in a bus with no bath facilities. The Council discussed the matter and Johnny Vinson made a motion that there must be bathroom facilities provided or he must move out within 10 days. A special meeting was called at 7:30 p. m. in the City Hall and brought to order by Mayor Pro-Tem, Robert Gregory. The following Councilmen were present: Joyce Plumlee, Johnny Vinson, Donald Fraser and James McCurley.

The special meeting was called to discuss the proposed 1969 Budget in detail, since a public hearing had been set for August 28, 1968 and published in the Lewisville Leader Newspaper.

A few minor changes were made to the proposed budget as first drawn up by Mrs. Edson, City Secretary and Treasurer. There was practically no way to reduce the budget and yet allow for the expenses of the year 1969.

The City Tax Rate was discussed but was not set. Bruce Davis was on vacation and Mayor McInnish wanted to talk with him before setting the tax rate for 1969.

The increase in the annual trailer and trailer court permit was discussed as a possible source of revenue for 1969. It seems our permit charge is far below such permit charges in surrounding cities. It was also suggested to bring about better enforcement of the Trailer Ordinance, with the Police Chief watching for new trailers moving into town unnoticed and without permits.

A Public Hearing was held in the City Hall at 7:30 p.m. for the purpose of discussing the proposed 1969 Budget. Mayor Pro-Tem, Robert Gregory presided at the Hearing. The following Councilmen were present: Mrs. Joyce Plumlee, James M Curley, Donald Fraser and Johnny Vinson and Secretary, Georgianna Edson.

Several property owners were present at the hearing and expressed their opinions. Tom Coulter suggested that the tax rate should be set at $1.50 per $100.00 with about 40 percent valuation of property. He stated this was used by surrounding cities and suggested by Bruce Davis.

Mr. Coulter also suggested collecting more tickets and warrants outstanding at this time, since the Court receipts are down compared to the two previous years' receipts.

Jack Worrell was present representing the Lake Dallas Volunteer Fire Department, and presented a financial report for the Fire Dept. He stated they were badly in need of financial help to pay for fire trucks and equipment. They were soliciting payment from nearby cities to help defray their costs, but still needed much more.

He asked the City Council to include the Fire Department in the Budget for an amount, at least $500, as was given by the City last year, or more if possible.

Other people present were, C. L. Randolph, Donnie Hansen, Mrs. Stowe, John Dunn, Patsy Testerman and others.

The regular monthly meeting was called to order by Mayor McInnish in the City Hall at 7:30 p. m. with the following Councilmen present: James McCurley, Donald Fraser, Joyce Plumlee and Johnny Vinson.

Secretary, Georgianna Edson, read the minutes of the last meeting and they were accepted as read.

Frances Grammer turned in her resignation as Secretary and member of the Lake Dallas Zoning Commission stating that she felt she got poor cooperation from the Mayor and City Council on trailer and trailer park enforcement.

Mr. McCurley read aloud Ordinance No. 19 concerning trailers and trailer courts. It was suggested that the Secretary give the list of trailer permit owners to the Water Board and School Board for their tax lists. The Ordinance was discussed and since the trailer park operator needs a permit for a park and the trailer owner needs a permit to be within the City limits, it appears they all need permits. Mr. Vinson made a motion to notify people to come in and comply with the trailer laws by buying their permit or apply for a special use permit within 10 days. The motion was seconded by Mrs. Plumlee and carried. Trailer owners should be referred to Donnie Hansen, Chairman of the Zoning Commission, and make application for the permit. Chief McCullough will contact the people who have trailers or trailer parks without permits and they will be notified to comply within 10 days.

Mr. Fraser asked Mrs. Grammer, under these conditions, if she would withdraw her resignation. Mrs. Grammer replied she would table her resignation for a period of 30 days to see how the situation worked out.

The proposed budget for 1969 was discussed. Tom Coulter was present and stated the budget should be adopted soon or before October 1st, and the tax rate after that so it will be in the proper procedure to be legal. Mr. Vinson made a motion to accept the budget, seconded by James McCurley and the motion was carried. The tax rate must be set in the next 30 days.

The worn-out condition of the police cars was discussed again. Mr. McCurley made a motion to repair the 1966 car, just the bad piston and minor repairs and get it in running condition, seconded by Joyce Plumlee and carried. The prices on 1969 cars were not available yet and it would take about 6 weeks on delivery of a new car.

Mr. Vinson stated he had many complaints about the condition of the roads after the sewerage construction, and that the streets were left in bad condition. It was suggested to tell the people to see Randy Dickerson, Inspector, to fix up the repairs, or contact Bob King, of Rady & Associates in Fort Worth.

Mayor McInnish stated he tried to see Bruce Davus about the condemnation of certain streets within the City limits. One particular street had been used for 22 years and another had been used for about 40 years. Bill Grammer stated he would see if he could get some more property owners to dedicate their private streets to the City.

Mr. Vinson said he would check with the Water Authority to have the red light bulb on top the water tank replace, since it was not burning.

Mr. Fraser made a motion to adjourn, seconded by James McCurley. The meeting adjourned at 10:00 p. m. and will convene again in a special meeting on Thursday, 9-19-68 at 7:30 p. m. in the City Hall.

Jack Ezell gave an estimate of $175.00 to overhaul the engine. Mr. McCurley made a motion to overhaul the complete engine for $175.00, seconded by Mr. Vinson and the motion was carried.

Mr. McCurley stated he had a bid on a Plymouth of $3,004.04, but still did not have the bids on a Ford and Chevie. Bill grammer was present and suggested that if a new car was bought, the red light should be mounted on a bar instead of boring holes in the top of the car. This would help in the resale value of the car.

Mr. Vinson made a motion to buy a 1969 Plymouth Police Car for $3,004.04, seconded by Mr. McCurley and carried. Mr. Gregory and Mr. Fraser abstained in the vote.

Mayor McInnish stated he had talked to Bruce Davis, Attorney, about the extraterritorisl jurisdiction of $\frac{1}{2}$ mile from the City limits. He was advised that changes have to be made through the Zoning Commission. A new trailer park is planned north of the City for 200 trailers on lots 25 x 50 '.

Mayor McInnish also talked to Bruce Davis about the City accepting private streets that are too narrow. It was decided he would call Riley Fletcher concerning the streets that people had blocked off. The Sewer Contractor had told Mr. Vinson that as soon as it dried up they would fix the streets as good or better than they were before sewer construction began.

Chief McCullough told that gasoline had escaped into the sewer lines from leaky tanks at Harper's Texaco Station. The Denton Fire Dept. came and checked the gasoline content in the sewer lines and decided to leave the manhole covers off for a few days and then check it again.

Mr. Vinson stated he ordered a street light on the corner of Hundley Drive off the Service Road and it would be installed as soon as the Light Co. could do it.

Bill Grammer stated he wanted the dirt hauled from in front of his home, since it had been there for 2 weeks now and the dirt pile stops drainage and water collects. He said he had waited long enough and now put his problem in the hands of the Council to do something.

Bill Grammer stated the Gun Club wanted to rent the City's maintainer to do some work and they would furnish the operator, Mr. Pockrus. The Council stated it was agreeable since the maintainer was made available by a vote on the Council on 7-11-68. Mr. Pockrus was approved as an operator.

Mrs. Plumlee made a motion to adjourn, seconded by Mr. Fraser and the meeting closed at 9:45 P. M.

A special meeting was called to order by Mayor McInnish in the City Hall at 7:30 p.m. with the following Councilmen present: Joyce Plumlee, James McCurley, Donald Fraser, and Johnny Vinson.

Mayor McInnish stated he had talked with Glen Savage, Lewisville City Secretary and Bruce Davis, Attorney, and they both suggested we set the tax rate for 1968 at $1.50 per hundred ($100) valuation and the percentage lower, perhaps at 35%.

After discussion, James McCurley made a motion to set the assessed valuation at 35% of actual value with a tax rate of $1.50 per $100. This would bring in approximately $15,750.00 and collection of taxes was expected to run about 85%, making approximately $14,387.50 that we could expect from the City tax. The motion was seconded by Mr. Vinson and unanimously carried.

Jack Luna discussed the City tax with the Council and stated he would run a new tape on the tax list as it stands now since the Board of Equalization had made their adjustments. He said he would need a rubber hand stamp to use on the tax statements to notify the taxpayers where to send their payments. Mayor McInnish stated he would get the stamp made and the tax bills can be mailed to Jack Luna at home.

Financing of the new Police Car was discussed. Mr. McCurley stated Lewisville State Bank will give us a car loan at 6% for 2 years for about $191.28 interest on the $3,004.04 purchase price of the 1969 Plymouth. The first payment could start in February 1969.

The Council voted to open the road closed by Mr. Suddereth and any other streets that had been blocked off. These streets have all been used for years and should not be closed now. Mr. McCurley suggested using the City's maintainer and moving the road over a few feet and grading the street in one case. The Council also agreed to take down the blockade near Winston Harper's home and maintain the street. Mr. McCurley made a motion that Mr. Suddereth remove the blockade on his street, and he would be notified to do so, seconded by Mr. Vinson and the motion was carried.

Mayor McInnish stated he had called State Comptroller, Mr. Calvert, and he will send a copy of all the businesses that paid the 1% City Sales and Use Tax in Lake Dallas.

A regular monthly meeting of the City Council was called to order at 7:30 p. m. at the City Hall, with the following members present: Joyce Plumlee, Johnny Vinson, Robert Gregory, and Donald Fraser.

Mrs. Plumlee made a motion to dispense with the reading of the minutes since there were visitors present and a lot of business on the agenda.

Mr. Wendell Judd of Parish Murrell firm of Public Accountants was present with the Audit Report for fiscal year ending September 30, 1968. He made comments on the audit and answered questions asked by the Council. He stated we should collect the taxes and make no exceptions in forgiving penalties and set a precedent. We must not let the taxes become delinquent. He advised putting a notice in the paper about penalties and interest acruing on unpaid taxes to alert the property owners before they are delinquent.

Mr. Vinson made a motion to accept the audit report, seconded by Mr. Fraser and the motion was carried.

Mayor McInnish received the opinion from Bruce Davis that legally the City did not have to pay back the $40.00 rezoning fee for application for rezoning.

Mrs. Elliott was present and asked about the rabbit house being built near her home and wondered if the people had a permit. Mayor McInnish stated that they were in the process of getting a permit.

Ken Vanderhoof was present and stated that stray dogs were causing him inconvenience and damage to his horses and he had to pay high Veterinary bills because the dogs chased his horses. He asked that his complaints be entered in the minutes, although he was not here to complain.

He stated he had written a letter asking about a Chamber of Commerce and to date, he had no reply. He stated he wanted some business sense put into the City. He stated that if a highway was relocated north and east of the City, Lake Dallas would not be the hub as it is now. He thinks the City Council should take steps that will get up and organize the development of the City of Lake Dallas so it will not be a non-entity.

He understands that the maintainer is for rent. He recommends that steps be taken to sell and replace the maintainer with a small tractor that can be run by any farm hand instead of this big maintainer. He wants the tractor run on a monthly basis and remove the beer cans and trash from the streets and not hide it in the long grass.

He is in complete accord with the Lions group and believes a Doctor should be brought into the area. He does not agree with the purchase of a new police car, but thinks a little more thought should be given to buying a station wagon with a folding bed instead of a Police car, to carry injured people to the Hospital.

He stated that according to the tax rate, land is about $50.00 an acre in the City of Lake Dallas. Within the next few years it should be $100.00 an acre approximately. He stated the City had 495 acres of taxable property in the City and the rest was non-taxable, such as school property, community center, football field, and streets. To sum up, he stated he would like the City Council and Office of the Mayor to establish some type of agency that will be capable of promoting a Chamber of Commerce.

Mr. Vanderhoof also stated the City should take over the Municipal Water Utility Board so there would be one tax bill instead of two. He stated the Legislature created the Water Utility and it would have to repeal it. Bruce Davis stated at one time, that this matter might have to be put to a vote.

The Council again discussed the raising of the trailer and trailer park fee, but decided to hold the matter up until the next meeting on Monday, December 16, 1968.

Mr. Gregory made a motion to adjourn, seconded by Mr. Fraser, and the meeting adjourned at 10:00 p. m.

Mayor McInnish had talked with Bruce Davis about fixing the streets and Mr. Davis said he would write up the warrants on the streets. He advised, we needed 3 bids and advertise for them. The warrants would be for just material, nothing else. Mr. McInnish also contacted Virgil Greer, and he was still agreeable to do the work for the City, and advised that we should find out how much of the streets had to be fixed. The Council agreed on approximately 10 miles to be fixed. It would be early spring before Mr. Greer could do the work. Mr. Greer suggested to drive over the miles and figure $1400 to $1500 a mile for material. He also stated the ditches would have to be cleaned and cleared of water before he could work on the streets.

The time warrants would be issued to the person from whom we are buying the material. A Committee of Vinson, Gregory, McCurley and McInnish decided to drive Saturday morning over the streets, meeting at the coffee shop at 9:00 a.m. and figure the number of miles of streets they wanted fixed.

James McCurley suggested to have a special Council meeting with Mr. Greer and draw up the figures on the streets.

Mayor McInnish stated he had called Riley Fletcher, from the Texas Municipal League, co concerning a Chamber of Commerce, about which Ken Vanderhoof has asked some time ago. Donnie Hanson was of the opinion that this was illegal.
Mr. Rushing had asked for his $40 back since his permit was denied. After discussion, Mr. McCurley made a motion we do not refund the $40 application fee given by Mr. Rushing and Mr. Riddle, since the City was not legally obligated according to Bruce Davis Attorney. Lake Dallas City Council Meeting

A special meeting was called to order by Mayor McInnish at 7:30 p. m. in the City Hall, with the following Council members present: Joyce Plumlee, Donald Fraser, James McCurley, Robert Gregory and Johnny Vinson.

Mayor McInnish announced that Robert E. McCullough had resigned effective February 1st, 1969, and had sent resignation letters to each Council member. Chief McCullough recommended George Buchanan, our part time Policeman for the position of Police Chief. Mayor McInnish had contacted George Buchanan and he said he would accept the job. Mr. Gregory made a notion to get George Buchanan on the payroll at $400 per month, as soon as possible so he could work with Chief McCullough and learn on the job for about a week. The motion was seconded by Mr. McCurley and carried.

Mayor McInnish reported the Committee on Street Fixing had driven over the streets last Saturday morning with Virgil Greer and decided on a little over 10 miles to be paved. The first thing to be done was to clean out the ditches and make better drainage. He would furnish 700 or 1000 yards of gravel and it may not cost anything or about $1.00 per load. Virgil Greer did not want to send a grader up here and grading is a problem with property owners. He said he would send a grader to help and we would have to run the city grader. Randy Dickerson stated one man could not do it and he needed someone to move drainage tiles. If we could get a part time man to help Randy, they could do quite a bit in a day. The Water Board would let Randy run the City Grader and have someone paid by the City to work with him. James McCurley suggested $300.00 per month for a helper and he could work for the Water Board and for the City and Randy Dickerson would work for the City to offset the new man. Mr. McCurley made a motion to hire the new man, Joe Lester, at $300 per month, seconded by Mr. Vinson and the motion was carried.

Mr. Carroll Hasten had bid on the purchase of the 1964 Police Car. Mr. McCurley made a motion that the City accept the $225.00 offered from Carroll Hasten for the 1964 Ford Police Car. The motion was seconded by Mr. Fraser and the motion carried. The transaction was completed and the title turned over to Mr. Hasten.

Mr. McCurley suggested that we have an article in the Lake Dallas News soon explaining to the people that the ditches need to be cleaned out and ready for the street fixing. He stated he would have a reporter come by to see the Mayor for news items about the City.

Secretary Mrs. Edson had not started taking the increase in salary as noted in the 1969 Budget, and Mayor McInnish said to take it retroactive to October 1, if there was enough money in the bank.

Secretary Mrs. Edson was to write a letter to disconnect the guard lite on Sargent St. at Robert McCullough's house and take it off the service billing.

A regular monthly meeting of the Lake Dallas City Council was called to order at 7:30 p. m. in the City Hall by Mayor Jack McInnish. The following Councilmen were present: Joyce Plumlee, Donald Fraser, Johnny Vinson and James McCurley.

The Secretary read the minutes of the last meeting. Mr. Vinson made a motion to accept the minutes as read, seconded by Mr. Fraser and the motion was carried.

The Secretary, Mrs. Edson, stated that the total amount of taxes collected to date was $12,348.82 and that delinquent letters were ~~going to be~~ sent out by the Tax Assessor-Collector to the property owners who had not paid to date.

Mayor McInnish stated he had contacted two consulting firms in Dallas about surveying some of the streets before proceeding with the street repair. One firm, McElyea Consulting & Surveyors was contacted for an estimate. They would start and the fees would be $500 to $1000 and they would not guarantee that Lakeview would be surveyed, but a certain amount of field work would be done. Most of the time would be spent in book work instead of in the field. We could stop them at any time. He could give us a figure after this for any particular section of town. This discussion concerned Lakeview alone. Virgil Greer said to forget about the County Surveyor as they would cost more and we could not get them for about 6 months.

Mr. Fraser suggested that we should go ahead with the work on the streets that were ready and wide enough and then contact the people about having a meeting about widening their particular streets.

Mayor McInnish stated the price of paving would run about $1500 per mile, or $3975.00 for paving Hundley Drive, Lakeview, Main Street and Carlisle. There was a general agreement that they go ahead with this approximate figure of $3975.00.

The Council discussed contacting the people on Lakeview first, Carlisle next, and have them bring in their deeds and see where the front property line is located. It was decided the Mayor would contact people and go this route rather than hire surveyors. It was decided to write Marvin Jones of the Lake Dallas News to put an article in his paper that the City is going to bring the streets up to specifications and make them wider were needed. Marvin Jones was present and stated he would write something to this effect. It was decided to have a special meeting and have Randy Dickerson there with maps and the people on Lakeview to bring their deeds.

It was decided that Mayor McInnish and Mrs. Edson would get together and look at the budget to see if we could do any of the street repair on a cash basis.

The Zoning Commission had recommended to the Council that the Zoning Ordinance be amended so that the R-1 7200 Classification with a minimum of 900 square feet of dwelling space be changed to 1200 square feet. The second recommendation was to change the R-1 6000 Classification with a minimum of 650 square feet to 900 square feet of dwelling space.

Mr. McCurley made a motion to approve the Zoning Commission's recommendation to change the R-1 7200 square feet minimum to 1200 square feet minimun and the R-6000 classification from 650 square feet minimum to 900 square feet minimum. Mr. Fraser seconded the motion and the motion was carried. Mayor McInnish was going to see Bruce Davis about changing the Ordinance by Amendment.

The Zoning Commission recommended that the Council authorize the issuance of a building permit for metal buildings in order to eliminate and control the trailer houses a little more. This recommendation would be Council Policy. Nothing definite was done at this time.

Police Chief George Buchanan brought up the suggestion that the Police Reserves would serve as part time police hlep this summer and that they would take their salary and turn it over to the Police Reserve treasury. It was discussed and decided that all the reserves could not work, but possibly one could be selected to work part time.

Mayor McInnish stated he had a telephone conversation with Riley Fletcher of Texas Municipal League concerning the 1% Sales Tax. He was given the same information as from the State Comptroller, and they couldn't release any information whatsoever, but they would check it out and we would never know except that the Sales Tax would increase.

Mr. Vinson brought up the subject of changing from the Lewisville Leader to the Lake Dallas News as the official City paper. After discussion it was decided to continue with the Lewisville Leader for a while longer.

Howard stated that Ballard & Associates surveyed his property for a fence line for $25.00 and it took about 2 hours.

Mr. John H. Powers, Mrs. Clark and Bill Beaubien all spoke concerning the paving and survey. Mr. E. J. Sublett offered to give $100 toward paying for a certified survey if the City was short of funds. Mr. Davis stated that the survey was the only wasy to do it.

Mayor McInnish asked if it was agreeable to pave from Duck Inn to Hundley and get a bonded surveyor to survey from the bottleneck north. The property owners seemed agreeable with this idea. He also stated the City would install culverts which would run about $1.40 per foot and the property owners would pay for the pipe used in their culverts.

Secretary, Mrs. Edson, read the minutes of the last meeting. Mr. Vinson made a motion to accept the minutes as read, seconded by Mr. McCurley and the motion carried.

The Council discussed the program for the work on the streets. Due to the rains, work has stopped for a while.

Kib Hundley was present and spoke of putting in curb and gutters instead of ditches along Hundley Drive. He stated he would be willing to give the land for widening the street. He stated he got a price from a man in Denton of $1.50 a foot for curb and gutter. Mr. Hundley also asked for a fire plug to be put down before the street was put in. He said the Water Board had promised to put in a fire plug but they didn't have one yet. Mr. McCurley suggested that he talk to the Water Board since they were having a meeting at this time right next door.

The Council discussed taking in some property into the City. It was thought if the Water Board would hold off giving water and sewer to the people in the trailer park north of the city, then it will be easier to take the land into the City limits.

The Council discussed mowing the weeds and grass along the city streets for the summer months. Mr. Vinson made a motion to rehire Mr. Grubbs to mow for the same price as last year, seconded by Mr. Gregory and the motion was unamimously carried. This was $150.00 each time he mowed, which would be three or four times during the summer.

Mr. Grammer read a proposed amendment to the Zoning Ordinance changing ~~changing~~ R-1-7200 regulation for single family dwellings so as to read a minimum dwelling of 1200 square feet of living floor space per family. The R-1-6000 regulation would be changed and amended to read a minimum of 900 square feet of living floor area per family.

It was decided that when we get the survey back that was made on Lakeview Drive, there would be a called meeting to make plans for programming on the streets. Mr. McCurley made a motion that Mr. Randolph notify the Utility Companies to move their lines, seconded by Mr. Grammer and the motion was unanimously carried.

Chief Buchanan spoke of buying a remote control radio set to be put in the Courthouse for a dispatcher's use. Nothing was decided upon it.

Mr. Vinson made a motion to call a recess and to continue later, since the Water Board members came in and joined the meeting. The motion was seconded by Mr. Gregory and carried.

The Water Board members came into the meeting and Howard Davis spoke of an agreement they would like to make with the City concerning the hiring of Jack Luna to work for both units. Jack Luna would run the City Tax Office and Water Tax office and collect traffic fines, if people came to pay during the day. He would work for the City for $100.00 per month and $300 per month from the Water Board and provide hime an office to do his own work as Luna Business Service. The Water Board had proposed a 6 month contract to Mr. Luna and thought it would consolidate the City and Water Board a little more.

Jack Luna would pay a girl to work for him and be there in the office when he is out.

Mr. McCurley made a motion to hire Jack Luna at $100 a month for a 6 month contract effective the 15th of the month, as discussed with the Water Board. The motion was seconded by Mr. Grammer and unanimously carried.

Howard Davis brought up the question of a Plumbing Inspector and wondered if the City would care about getting an Ordinance for this. He was advised that the matter is before Bruce Davis, Attorney, at this time.

Howard Davis suggested the City should take in more land north of the City limits before they get their water from the Utility Board. If this happens, then the people will not want to be included in the City limits.

The Water Board suggested that the City make the Utility companies put up a performance bond and put the streets back in good shape after tearing them up. It was decided that this was written in the franchise of each Utility Company, but an Ordinance should be written up for a Contractor coming into the City and tearing up the streets.

Howard Davis stated he would be glad to have a man from the City Council meet every third Thursday with the Water Board so there would be some laiason between the two.

James McCurley talked of putting in culverts for the new paving job and contracting labor for this and wondered how much time Randy Dickerson could give to the City. Randy stated that it would be quite buisy in the near future and he could not give very much time at all to the City.

This concluded the meeting with the Water Board and the regular Council meeting continued.

Mr. Vinson made a motion to hire Leonard Shelton to grade the streets tomorrow, May 9, 1969, since they were badly in need of blading. The motion was seconded by Mr. Gregory and was unanimously carried. His salary was discussed but not decided at this time.

Mr. McCurley was to supply the addresses for these people to Secretary Mrs. Edson, so she could notify them to be at the meeting scheduled for June 12, 1969.

Donnie Hansen, Chairman of the Zoning Commission, reported that the Commission had voted unanimously on rezoning John Henry Powers' property from Residential R1-7200 to M-1, light industrial. They had accepted Mr. Powers' check for $40.00 for a rezoning hearing. Mrs. Grammer will give the Council the recommendation at the next meeting.

The Zoning Commission had been contacted again by Dennis Wood, 9423 Angleridge, Dallas, Texas and John J. Miller & Co. concerning Garza Beach Estates rezoning as a trailer park. This was first mentioned in the minutes of a Council Meeting on January 9, 1969.

Mayor McInnish read the Ordinance, No.33, amending original Zoning Ordinance, changing zoning restrictions, by increasing the minimum dwelling size under Section 6, District R-1-7200 of said ordinance, and increasing the minimum dwelling size under Section 7, District R-1-6000 of said ordinance. 1. He asked the City to say who can burn and when. He was advised the Mayor sometimes gives a permit to burn after hours.
2. He asked the procedure for writing tickets on burning. The Council decided it was the Police Chief's duty to write tickets on unauthorized burning after hours.
3. He stated the Fire Department was hoping to buy another fire truck and have the City get exempt license plates for it. The Council agreed to this.
4. He asked whose responsibility it is to put the fire plug back in the Beck Addition. The Council stated the gas lines would have to be lowered before the plug could be put in.
5. Does the City have any plans for house numbering? The Council stated it had been discussed but nothing done up to this time.

Mayor McInnish stated he would like to see the Fire Department set up fire zones. Mr. Carlisle said they had plans to zone their entire fire area. Jack Worrel asked the Police Chief to issue permits for fire sirens and lights and he would approve them.

Leon Smith of the Water Authority, asked what could be done about tampering with water meters, since the Water Board is limited except to cut off the water supply. Mr. Randolph stated a complaint would have to be made out and if the fine was under $200, it could be handled by the Municipal Court.

Mr. Frank Herendeen from the Electric Shop stated there had been some very bad electrical work done around Lake Dallas and he has found many cases of bad wiring and is afraid someone will get electricuted. Mr. Grammer stated that maybe Mr. Herendeen could inspect some electrical wiring for the City some time in the future.

Mr. Al Bartley from the Lone Star Gas Co. told what other cities were doing in regard to the raise in gas rates. The Council asked questions and discussed the rate increase. Mr. Vinson thought about a 15% increase would be adequate. Mr. McCurley thought it would be a fair percentage and the City needed more gas lines lowered and much more work done in Lake Dallas by the Lone Star Gas Co. to put the gas lines in good condition.

Mr. McCurley suggested a 16% increase instead of the 24.72% requested by the gas company. Mr. Vinson, Grammer and Randolph agreed. It must be agreed to by the Mayor and no permit will be refundable. Also, a performance bond may be necessary before such work is started. Secretary, Mrs. Edson, was instructed to publish the notice in the paper regarding a public hearing set for January 2, 1970, at 8:00 p. m. in the City Hall.

The Lake Dallas Telephone Co. also asked for a rate increase. It was decided to invite Jerry Jones, Manager of the Lake Dallas Telephone Co., to the next regular Council Meeting to discuss his rate increase.

Mayor McInnish read an agreement drawn up by the Lake Dallas Municipal Utility Authority between themselves and the City of Lake Dallas, regarding their rental of part of the City Hall building and payment of Utilities. Mr. Grammer thought it best to get a temporary agreement from year to year type of contract. Mr. Randolph made a motion to accept the contract revised with a statement regarding building maintenance costs to be shared by both parties with a temporary agreement renewable each year. Also, reword that fines can be collected, instead of all fines collected. The motion was seconded by Mr. McCurley and the motion carried.

Mr. Grammer brought up the subject of junked cars. It was decided to file several complaints at one time and bring the people into Court and get rid of cars that are junk and unlicensed.

Mr. McCurley made a motion to adjourn, seconded by Mr. Grammer and the motion was carried. The meeting adjourned at 11:30 p. m.

Mr. Jerry Jones of the Lake Dallas Telephone Co. presented his proposed rate increase which includes a package deal for DDD (Direct Distance Dialing) and one-party service in the Lake Dallas area. It has been approved in the other three cities in this area. This is an increase from rates in effect since 1956. Upon completion of the construction, the one-party line will go into effect approximately August 3, 1970, the target date for this work. The new rate schedule is in the neighborhood of a 25% increase.

The telephone company can not offer direct distance dialing service on four-party lines and it must be either a two-party or one-party line. He stated he would send the Secretary a new Ordinance which would have to be published in the newspaper.

Mr. Vinson asked for the support of the City in the form of a pledge, for the new bank to be started in Lake Dallas. This is not a binding pledge, but something to take to Austin to show the people's support in starting up the bank. Mr. McCurley stated the City could not pledge to put money in that bank until the ordinance was changed. Mayor McInnish stated he would call Bruce Davis to find out about making a pledge to the new bank.

Mr. Moody from Texas Power & Light addressed the Council about rate increases. 1951 was the last rate increase, and there had been a few decreases since that time. Reasons for requesting a 6% rate increase were: interest rates on borrowed money, cost of fuel, and volume of borrowed money. A 6% increase on an average of 750 KW hours at .0215¢ per KW hour would increase about 3½¢ per day - or about 90¢ to $1.00 per month. As of January 10, 1972, 14 towns passed the rate increase and the first 5 towns in this area have accepted the rate increase. Rate increase includes city street lights. The State Comptroller does not send a break-down of who has paid. Hundley Boat Company paid $845.00 in the year 1971, as sales were down.

The Frequencies are crowded, skip interference is high, and are generally ineffective. According to their calculations, the City of Lake Dallas required $8,000 worth of equipment - actual cost $7,758.00. They would get this at 60% list price, making it $4,700. Federal Government would pay 75%, leaving approximately $1,200 for Lake Dallas to budget for improved communications systems. This would be VHF (off skip interference) and would be all 4-channel equipment. One unit can have 4 frequencies. Third frequency would be inter-city communications. Minutes of the previous meeting were read and approved as read.

Mr. Herendeen came before the Council to request a re-zoning of his property from a Special Use Permit to Commercial Zoning. Jim Payne felt that if 75% of the residents within the required 200 feet from his property were in agreement that re-zoning would be okay. Mr. Herendeen stated that the Council previously had over-ruled the Zoning Commission. It was tabled until the next meeting when Mr. Herendeen would bring his petition from the residents in the area.

Mr. Moorehead's 64.7 acres re-zoning request was brought before the Council. Bette Dunn stated that 28 letters had been sent to property owners within 200 feet of the property and that only 6 owners showed up with a negative vote on re-zoning. The Zoning Commission approved the re-zoning as follows: C-1 - 9.9 acres; R-III - 41.02 acres; M-1 - 14.56 acres. The Zoning Commission recommends Re-Zoning of same to the Council. Mr. Moorehead's attorney, Sam Houston, was present to represent Mr. Morehead's interest. Mr. Houston stated that when a man owns a piece of property that he should be able to do with it

what he wants as long as it doesn't injure anyone or harm anyone. There was discussion with George Seaman and Jim Clem regarding getting too much property re-zoned to Commerical in the area. Per request of Mr. Harper, minutes were later corrected to read that Re-Zoning of Robert Morehead's property was carried by four votes and that Mr. Harper voted against it.

Ted Freeman of Shady Shores came before the Council to request that the City send two people along with 2 people from each municipality to participate and see about a grant for a regional water and sewer plan in Hickory Creek. He had met with Denton and Shady Shores. It would be 5, 6, or 10 years before we would be able to pump to Denton. Jim Payne wanted to know who is heading the committee for this planning. Jim Payne suggested that we price a good, used tractor. He is not in favor of buying a new one. Buck Mays suggested checking with other companies from the one company that the street man had checked with. Roy Harper suggested that possible we could trade the old one in on a used tractor. Buck Mays stated that the city tractor is worn out all over, not just the motor. If we trade for a used one we need to trade with a reliable company that will stand behind it.

Financial report was gone over. Don Fraser made a motion that the current accounts payable to paid. Jim Payne seconded the motion; motion carried unanimously.

Mrs. Blaisdell appeared before the council with an objection to the way her family dog was picked up by George Buchanan. Chief Buchanan had gone to the school and taken her daughter out to pick up the dog

Mayor Beene informed the council that the builders at Kings Manor addition will purchase the material to have Ed Elbert black-top the roads down Hundley Street and out Shady Shores Road. The builders would put the money up with the City of Lake Dallas and the city would, in turn, pay the county commissioner, Ed Elbert. Roy Harper made a motion to accept this proposal. Howard Davis seconded the motion; motion carried without opposition.

Jim Payne said that we should make some kind of arrangements to have dogs impounded. He suggested that posters be posted around town stating that the leash law will be enforced on a certain date. Margaret Cates came before the Council and stated that her boy had been bitten and that her pediatrician said that the dog had to be impounded. The "Dog" Ordinance was read to the Council by the secretary. Howard Davis made a motion to look for a dog catcher. Jim Payne seconded the motion; motion carried unanimously. It was decided that letters of the "leash law" would be sent to all boxholders. Buck Mays made a motion to mail letters to all boxholders. Jim Payne seconded the motion. Motion carried unanimously.

Leon Smith, chairman of the Municipal Utility Authority Board, came before the council to state that the representatives for the Regional Planning Committee of the Hickory Creek Water Shed from Garza-Little Elm to the Krum area were not to be a part of any governmental bodies of the cities represented. Mr. Smith stated that a petition for a "101" grant for 2,000,000 gallons tratment facilities was in. This would take 3 or 4 years. Present wells will last for 2 or 3 years. A New well will put out 320 gallons per minute. A grant application for addition to sewer plant for 700,00 additional gallons (bringing the total to 900,000) will take care of 10,000 people. At present they can service 2,500 people. A second alternative would be to pump to Denton's Pecan Creek plant through Shady Shores. The 3rd alternative would be to pump through Corinth. The water portion has been approved but can't finance it. With Lake Dallas it would be 19¢ per 1,000 gallons; to Denton would be 22¢ per 1,000; and Corinth wants $20,000 per year. If they could pump $1\frac{1}{2}$ miles to Hickory Creek water shed would be feasible. It is $7\frac{1}{2}$ miles to the Denton plant. We cannot afford to go to Denton. C.O.G. says to go to Denton, but this is not feasible. The Committee will have a meeting with Krum on June 6, 1972. Representative can contact Randy Dickerson for information. Buck Mays made a motion to give the Mayor the authority to appoint to people to represent Lake Dallas on this Regional Planning Committee. Howard Davis seconded the motion; motion carried.

Howard Davis made a motion to adjourn. Buck Mays seconded the motion. Motion carried unanimously.

Closed Session was called to order by the Mayor.

Jim Payne stated that he had received 2 or 3 calls regarding the Blaisdell dog incident. Mr. Payne felt that George Buchanan should have gone down to see the father. He should have used a little diplomacy.

Roy Harper stated that the parents should have been contacted.

George stated that he took the shortest route when informed that the dog had to be impounded.

Jim Payne stated that the Federal Government should allow a grant toward a dog pound.

Mayor Beene stated that Federal Grants are about one year pre-mature at this time.

George Buchanan stated that he had applications for a night policeman. Roy Harper stated that with a Deputy that one City policman should be enough.

Jim Payne wanted to know when we get use out of the deputy. George stated during the daytime.

George stated that he will hold it down by himself until the city gets some funds built up. He advised that the reserves are going to school to get certified.

Jim Payne made a motion to adjourn. Buck Mays seconded the motion; motion carried unanimously.

The meeting adjourned at 10:10 p.m.

Respectfully submitted,

Attorney Jerry Cobb was present.

Discussion was held regarding liquor permits, controls, etc.

Ed Bright stated that it would be a hardship on the people who lived South of the overpass. He suggested that the offer not be accepted. He further stated that it should be one way all the way from Denton to Lewisville or leave it as it is. He felt that it would be too much to give up for the exit. He would like to bargain with the State.

Both councils voted unanimously that the two mayors get together with the highway department to work out a more feasible plan.

October 26, 1972
Executive Meeting

A Special Executive meeting of the Lake Dallas City Council was called to order Thursday, October 26, 1972, at 6:30 p.m. in the Lake Dallas City Hall by Mayor Beene. Council members Howard Davis, Donald Fraser, and Jim Payne were present and constituted a quorum, as was City Secretary Billye Dee Horton.

The purpose of the meeting was to discuss the insubordination and misconduct of Lake Dallas Police Chief George Buchanan and was thereby called in accordance with the City Council motion of November 11, 1971, which allows a closed meeting of the City Council to discuss personnell. This November, 1971 decision allows such special meetings without the regular three day notification of Council members.

Mayor Beene asked the Council if they wished to have Chief Buchanan called immediately or if they wished to review the complaints before asking Chief Buchanan to appear. The concensus of the Council was to review and discuss the actions and complaints against Chief Buchanan before his appearance.

The following questionable actions and complaints attirbuted to Chief Buchanan were discussed:

1 - His actions following the discovery that Hilliard's Texaco had erroneously duplicated a $4.25 gas ticket. He imputed the reputation and character of a local businessman.

2 - Mistreatment and abuse of an attorney for driving too slowly through the City. The attorney was jerked from the car after he told the Chief he could not get out since he had only one leg. All charges were dropped by the Court when the Chief admitted to abusive treatment.

3 - The slapping of Ricky T ylor during his appearance in Municipal Court. When Chief Buchanan drew back to hit the defendant with his fist, Judge Beene orderd him to be seated and to "cool it".

4 - Mistreatment by physical abuse of a defendant charged with drunkeness in the Lake Dallas Municipal Court, Roy Harper presiding.

5 - Use of a teen-age city employee as a decoy in a lake park after the Mayor had instructed him not to consider such action because of the danger to the girl and the city's liability.

6 - Failure to obey a direct order of thee Mayor. Mayor Beene instructed Chief Buchanan to turn in a potted marijuana plant to the Denton County Sheriff's Department. Chief Buchanan refused to comply with his instructions and allowed his picture to be taken with the plant for publication in the Denton Record-Chronicle. On publication, District Judge Scofield

called Mayor Beene and told him to turn the plant over to the Sheriff's Department. Mayor Beene asked a Denton County Deputy Sheriff to surrencder the plant which he did while accompanied by Chief Buchanan.

7 - Chief Buchanan arrested two men at a lake park which was outside City's jurisdidction, and brought them to the Lake Dallas City Offices in their bikini underwear. He then refused to allow the prisoners to dress before taking them to the Denton Sheriff's office.

8 - Public embarrassment of a lady by using the squad car's public address system to call her across the street in order to cite her with a traffic violation.

9 - Poor judgment in telling a group of minors that their actions at a local lake park were out of his jurisdiction resulted in their subsequent arrests and an inquiry into local police actions by the Denton Juvenile Board.

10 - His consistent patrolling of areas outside his jurisdiction against Council instructions and without being requested by other law enforcement agencies.

11 - Disobeying direct orders of the Mayor. The Council has instructed the Chief to obey all instructions of the Mayor. Example: Tailure to attempt so apprehend the driver of a car who had burned out on Main Street because he was busy writing a police report.

12 - Chief Buchanan failed to obey Council instructions and transferred four minors to Denton authorities without first appearing before the local judge.

13 - There have been complaints and reports of the Police Chief getting rough with people stopped for traffic violations.

14 - Young women have complained of harassment by Chief Buchanan after being stopped without cause (no violation) and having their purses searched.

15 - The Chief's attitude toward Council members is very impudent and condescending.

16 - Chief Buchanan was considered guilty of lax security measures.

Basically, the Council thought the Police Chief had consistently used poor judgment, lacked tact, brought discredit upon the Municipal Government, and was hostile and impudent toward superior authorities. The Police Chief came without the Council's invitation to the meeting and demanded to know the purpose of the meeting and the reason why he had not been called. Councilman Fraser told the Chief the Council had planned to ask him to come to discuss the matter with the Council.

The Council then proceeded to review the allegations cited with the Police

Chief. Chief Buchanan throughout the review was hostile and uncooperative. Before all complaints had been covered, the Police Chief prepared to leave. At this time, Councilman Payne asked for resignation from the Chief. Chief Buchanan replied, "I will not resign." At this time Councilman Fraser suggested the Council could go into Executive Session.

In view of the Police Chief's repeated warnings and reprimands and instructions and his current hostility to the Council, the Council believed the Police Chief would not cooperate with instructions from either the Mayor or Council. It was decided to terminate his employment on a motion by Councilman Payne. It was seconded by Councilman Davis. The vote was unanimous. The City Secretary was instructed to write a letter of termination, to prepare severance checks for salary to date ($233.32), two weeks' termination pay ($350.00), and two weeks' vacation pay ($350.00), to receive all city properties held by Police Chief Buchanan, and to advertise for an immediate replacement.

Councilman Howard Davis moved that the Executive session adjourn. The motion was seconded and passed unanimously. The meeting adjourned at 9:45 p.m.

Respectfully submitted,

Special Executive Session
November 6, 1972

The special meeting was called to order by Mayor Benne in City Hall at 7:30 p.m. with the following council members present: Howard Davis, Donald Fraser, Jim Payne, Buck Mays and Roy Harper.

Jim Payne made a motion to dispense with the reading of the minutes at this time. The motion was seconded by Buck Mays and carried.

Wayne Cook from Bishop, Texas was interviewed. His capacity at Bishop is Police Chief. His reason for application for job as Police Chief was that he wanted in this area. Also, working conditions at his present employment are not as they were before a new council went in and the City Attorney and others resigned. Mr. Cook has 144 hours of schooling. Also he has 9 hours in Constitutional Law. He is Certified. A portion of his salary is through a Government Grant at this time. (See resume for particulars.)

Jim Payne noted that he felt that possibly $200 per month could be saved from police department expenses, mainly the squad car expenses. That would enable the Council to meet higher salaries for Police Department than previously, since a certified officer was wanted.

Mr. Ron Phillips of Richardson was interviewed. He stated that he would want the position of patrolman, rather than Police Chief and would work for $500 per month. Mr. Phillips is Certified, also, but is required to take Texas Law (about a week's school at the Academy). Mr. Phillips also stated that he would prefer night work.

Jim Payne recommended that a letter be written to the Lake Dallas Police Reserves in appreciation of their work.

Mr. O'Connor would be able to work part-time while we are in need of extra police patrolmen. He is a Certified Reserve.

Councilman Payne made a motion that we try to hire Mr. Cook as Police Chief at $700 per month with $20,000 Life Insurance (Double Indemnity), Hospitalization Insurance, and furnish the cleaning of uniforms, as well as furnishing uniforms. Also, that the City hire Mr. Phillips as Patrolman at $500 per month with $20,000 Life Insurance (Double Indemnity), Hospitalization Insurance, and furnish the cleaning of uniforms.

Mr. Cook and Mr. Phillips came back in separately to talk with the Council. Mr. Cook stated that he wanted to talk it over with his wife before making a decision. He would call Mayor Beene in the morning to let him know his decision.

Mr. Phillips accepted the position of Patrolman and will begin employment Wednesday, November 8, 1972.

W. L. Beene	Mayor
Jim Payne	Councilman
Buck Mays	Councilman
Howard Davis	Councilman
Roy Harper	Councilman

Don Fraser, City Councilman, was absent from said meeting.

W. L. Beene acted as Chairman of the meeting. Linda Flowers acted as Secretary. The meeting was called to order by the Chairman. Linda Flowers read aloud the minutes of the Executive Meeting which was held on December 27, 1972, at 7:30 P. M. The minutes were approved and ordered of record.

The Councilmen and the Mayor were furnished a financial statement, covering the period from December 13, 1972 through January 9, 1973. After full discussion and examination of the financial statement, the same was unanimously approved.

The Chairman brought up the matter of employing May R. Shurtz as City Secretary, and after discussion Buck Mays made motion that she be employed and the motion was seconnded by Jim Payne, and unanimously approved. Her monthly salary to be $400.00.

The next matter of business was reading a sealed bid from Brutex Aggregates, Inc. for supplying asphalt to the City of Lake Dallas to be used in topping Hundley Drive to Lakeview Street. The Chairman called Roy Bragg to determine what he had been charging for asphalt.

The Chairman and Councilmen agreed to purchase asphalt from Brutex for the purpose of topping Hundley Drive to Lakeview Street.

The Chairman and Councilmen discussed the hiring of a street man. Mr. Mays informed them that at the Executive Meeting he was authorized to hire a man for this position. He stated that he had done so, and that John Farmer would start to work immediately as street man at a monthly salary of $550.00. Mr. Mays' employment of John Farmer was accepted by the Council - Jim Payne made motion and it was seconnded by Howard Davis, to employ Mr. Farmer as street man at a monthly salary of $550.00. It was unanimously carried.

The confusion and trouble stray dogs are causing in Lake Dallas was discussed at length. After full discussion it was decided to get some figures on building a pound and other methods of handling the situation to be reported and discussed at a later meeting.

Ron Phillips, Chief of Police, addressed the meeting concerning the purchase of a radio for his squad car. He stated that the radio he is using fades out and makes it utterly impossible for him to hear conversations or orders. After full discussion and considering the matter, Howard Davis made a motion that a new radio for the squad car be purchased and Buck Mays seconded the motion, and it was unanimously agreed that the radio be purchased, at a price of $532.00.

The Chairman instructed the Secretary to write North Central Texas Regional Police Academy at Arlington to refund the $100.00 officer tuition paid on October 19, 1972, by the City of Lake Dallas, inasmuch as the officer in question resigned from the Lake Dallas Police Department.

Being desirous of improving the appearance of City Hall, the Chairman asked the Councilmen for suggestions as to how this could be done. Jim Payne suggested that they start by improving the outside, letting the Water Department pay half the expenses. Jim Payne made motion to this effect and it was seconded by Buck Mays and was unanimously carried.

There being no further business to discuss at this meeting, Jim Payne made motion that the meeting be adjourned and Buck Mays seconded the motion. It was unanimously carried and the meeting was adjourned.

MINUTES OF
REGULAR MEETING
OF CITY COUNCIL HELD ON FEBRUARY 8, 1973

A regular meeting of the City Council was held on February 8, 1973, at 7:30 o'clock P. M., in the City Hall of Lake Dallas, Texas. The following were present:

W. L. Beene	Mayor
Jim Payne	Councilman
Buck Mays	Councilman
Roy Harper	Councilman
Don Fraser	Councilman

Howard Davis, City Councilman, was absent from said meeting.

The meeting was called to order by Mayor, W. L. Beene. Mr. Beene acted as Chairman of the meeting, and May R. Surtz acted as Secretary. It was noted by the Chairman that a quorum was present, and the meeting proceeded.

The Secretary then read the minutes from the meeting held on January 11, 1973, and the Chairman invited corrections, additions, or deletions to be made. There being none, the minutes were approved as read.

The Chairman then discussed the matter of taxes on businesses in Lake Dallas, which had been passed at Special City Council Meeting, July 10, 1972, whereby effective January 1, 1973, it was required for each business to have a store license at $10.00 per year. This tax was rescinded. Not necessary to have a motion passed on this matter.

At this point some of the visitors who were seated on the benches in the back of the City Hall, complained that they could not hear what was being said at the Council table. Councilman Fraser recommended that we have a speaker system installed in order for all persons attending the meeting to hear the proceedings. Mr. Fraser made motion to investigate the loud speaker, and Jim Payne seconded it, and it was unanimously carried. At a later date prices will be submitted for this purpose and decision made to install speakers.

The Chairman then stated that the City of Lake Dallas would have an election on April 7, 1973, for the purpose of electing three City Councilman, since Don Fraser, Howard Davis and Roy Harper's terms as Councilmen would expire. It was unanimously agreed to have the said election on April 7, 1973, and the Chairman instructed the Secretary to order the necessary forms for said election,

Mr. Bob Landrum, 1224 Josey Lane, Carrollton, Texas asked permission to address the Council and Mayor in regard to numbering the houses and places of business in Lake Dallas. He explained that the town is growing at a rapid pace and that it is important to decide on a system for numbering and get it done immediately. The Chairman asked Mr. Landrum if he would be willing to set up a plan of numbering the houses and present it to the Council at a later date and he said he would be glad to do this. Councilman Payne asked Mr. Landrum what system he preferred, and he said he would prefer the square, which had been suggested by the Chairman. Councilman Payne stated that what Mr. Landrum offered to do was appreciated by the Council and suggested that Landrum make a feasibility check before the next Council meeting, which would be on March 8, 1973. Councilman Fraser made a motion that Mr. Landrum explore the situation, and it was seconded by Councilman Jim Payne, and unanimously carried.

Don Hansen, Fire Chief of the Volunteer Fire Department, invited the Mayor and at least two councilmen to a meeting at the Fire Hall on March 6, 1973, at 7:30 P. M., to discuss some matters pertaining to the interest of the Fire Department and the volunteers. It was tentatively agreed that Mr. Beene, the Mayor, Mr. Jim Payne and Mr. Don Fraser should attend.

Introduced to the meeting by the Chairman was the matter of the $3,000.00 homestead exemption for persons over the age of 65 years. Mr. Fraser suggested that since he and Councilman Harper are over the age of 65 that they should disqualify themselves from the discussion and decision, which they did. Councilman Mays stated that he is for giving the $3,000 deduction in homestead tax for persons over 65 years of age, and made Motion that this be done. Jim Payne seconded the motion and it was unanimously carried. Whereupon the Chairman stated that the City Attorney would draw up an Ordinance to this effect; the Public be notified, and that forms for application for the $3,000 deduction on homestead tax be ordered.

The Chairman and Councilmen discussed Linda Flowers' salary, and it was decided to place her on straight time at a salary of $400.00 a month. Councilman Mays made motion that she be considered a fulltime employee and receive a monthly salary of $400.00. The motion was seconded by Councilman Payne and it was unanimously carried.

Chief of Police, Ron Phillips showed the Chairman and Councilmen a radar gun that he was using on a trial basis, and he explained how simple it was for him to clock the speed of the cars from a distance by pointing the gun toward the car in question. If the Council decided to buy the gun, Mr. Phillips explained that it could be purchased for $37.50 a month for twenty-four months, and that during that time if anything goes wrong with the gun the company will fix it. The total cost is $982.00, which is considerably cheaper than other guns he has examined. Councilman Fraser asked Mr. Phillips if he thought it was a good thing to have and the Chief of Police replied that he did, and he recommended that the city buy it. He promised that he would not set up any traps for anybody with the radar gun. Councilman Payne wanted to know if Mr. Phillips thought the use of the radar gun was all right, and if its findings would be legal to present in court. Mr. Phillips said yes. After full examination and full discussion of the radar gun, a motion was made by Councilman Mays and seconded by Don Fraser to buy the radar gun, and it was unanimously carried.

Fire Chief, Don Hansen, brought samples of forms permitting the granting of special permission to burn trash after the hours of 5:00 a.m. and 10:00 a.m. These forms to be signed by the Fire Marshall, John Farmer. Also presented was a form to be filled out by the Fire Marshall fining a person who burned trash after the hours mentioned above, without first obtaining special permission. Mr. Hansen wanted the City of Lake Dallas to pay for the forms. The Chairman told the Councilmen that he thought we should pay for the forms, and that we should order at least two hundred. Councilman Fraser made motion that the City pay for the forms, and it was seconded by Councilman Mays and unanimously carried.

Present at the Council Meeting was Mr. J. B. Briggs, Manager of Lake Dallas Municipal Utility Authority which occupies half of the building where City Hall is located. He explained that he and the Chairman had been discussing having a new City Hall building constructed on the lot with the Lake Dallas Fire Department. Mr. Briggs said that they discussed having the present City Hall refurbished.

A Mr. Avery looked the building over and figured roughly just how much work it would take to restore the building, and he advised Mr. Briggs and the Chairman that they could build a new building for such a little more that it wouldn't be wise to try to work the old building over. That after doing so we still wouldn't have anything. The Chairman asked the Councilmen if they wanted Mr. Briggs and the Chairman to see about what it would cost to build a new City Hall. Mr. Fraser made a motion that Mr. Briggs and the Mayor to get some figures on a new building, also some plans for the structure, the motion was seconded by Mr. Mays, and unanimously carried.

The financial statement was read by the Secretary and and it was ordered approved as written. Current accounts payable were examined by the Councilmen, and approved and Council Mays made motion to pay the bills on February 15, and Councilman Fraser seconded the motion. The motion was unanimously carried, and the Chairman instructed the Secretary to pay the bills.

The resignation of Officer Neil Howard Resnik, dated January 29, 1973, was accepted.

Councilman Fraser asked for the floor. On being granted the same stated that he had been receiving telephone calls involving four items: (1) The parking system at the Post Office. Mr. Fraser suggested that lines be made for head-in parking only. Councilman Payne said something should be done about the situation. Councilman Fraser made motion that the front and the side of the postoffice have stripes for seven or eight cars to park, and the motion was seconded by Councilman Jim Payne - it was unanimously carried.
(2) Councilman said he had received several calls about trash being burned after the legal time for it. (3) Several complaints about letter on Glynn Ray Drive on Corp of Engineer's property. (4) Complaints about so many newspapers being thrown in yards. The Chairman said most people wanted the papers. Chairman added that he didn't think the litter law would apply in this case. Mr. Payne said he didn't know what could be done about it. Mr. Fraser said that was all he had to report.

Just as the Chairman called for a motion to adjourn the meeting, Don Glockel said he wanted to talk to the Mayor and Councilmen about the Chief of Police, Ron Phillips, firing him, and that he wanted to get some things straight about it. Several persons joined in with Mr. Glockel stating that they witnessed the incident. Words became fast and heated and the Chairman said he didn't want the details discussed at the present Council Meeting, but that a special executive personnel meeting would be set at a later date, and that the meeting would be closed to the public.

At this point, the Chairman called for a motion to adjourn the meeting. Councilman Fraser made motion that the meeting be adjourned and the motion was seconded by Councilman Jim Payne.

Mr. Cates told the Councilmen and the Chairman that after he finished the Police Acadamy that he wanted to turn in his resignation as a police reserve with the Police Force of Lake Dallas. He was told to turn his equipment in and resign if he desired. It was unanimously accepted by the Councilmen, and the Chairman.

At this point, the Chairman spoke to the Council concerning the Chief of Police, how dedicated he is to his work, and that it was the opinion of the Chairman that a motion should be made that the by-laws be changed, and that the Police Chief, Ron Phillips, should have charge of the policeman and reserves, and that said Chief should have authority to fire and hire as he sees fit. Howard Davis made motion that Ron Phillips, Police Chief, be vested with the authority to hire and fire the personnel of Police Department. Said motion was seconded by Roy Harper, and unanimously carried.

There being no further business to come before the meeting, same was adjourned.

MINUTES OF REGULAR MEETING
OF CITY COUNCIL
HELD ON MARCH 8, 1973

At 7:35 P. M., on March 8, 1973, a Regular Meeting of the City Council was called to order by Mayor W. L. Beene.

Mr. Beene acted as Chairman, May R. Shurtz acted as secretary.

Present at the meeting were the following Councilmen:

Jim Payne, Buck Mays, Howard Davis, and Roy Harper.

Mr. Fraser was out of town.

The Chairman asked the Secretary to read the minutes from the Council meeting which was held on February 8, 1973. After the minutes were read they were unanimously approved and ordered of record.

The Chairman explained the workings of the $3,000.00 homestead deduction in taxes for citizens of Lake Dallas who are over the age of 65. This matter was brought up, discussed and passed at the Council meeting which was held on February 8, 1973, but the Chairman wanted to clarify some points. He also advised the Councilmen that the forms had been ordered, the Public notified and ~~and~~ that the citizens who are eligible for this $3,000.00 deduction had begun signing forms for this purpose.

At the meeting of the Council, which was held on February 8, 1973, Councilman Fraser told the Councilmen and Chairman that he had received several calls regarding the parking situation at the post-office. The Chairman reported that he had talked with Mr. Boyd the postmaster about the situation. A plan to have a parallel line drawn and marked with cement and automobiles should be parked here only while the owners are in the postoffice getting their mail. A further study of this matter will be made, and if it is decided to do this then a price on cementing a line will be secured and re-ported to the Council.

Don Hansen, Fire Chief of Lake Dallas Volunteer Fire Department addressed the Councilmen and Chairman as follows:

1. Please have an Ordinance passed making it mandatory for trans-port trucks bringing gasoline into stations in Lake Dallas to be guarded by the driver at all times while the hose from the gasoline truck is connected with the underground gas storage at the station.

2. Also included in the Ordinance should be a provision making it unlawful to have overhead storage tanks in the city of Lake Dallas containing combustible liquids.

The Chairman instructed the Secretary to get in touch with the City's attorney and have these two matters incorporated in an Ordinance, if the Councilmen agreed. Councilman Payne made motion that the above be incorporated in an Ordinance, and the motion was seconded by Buck Mays and unanimously adopted.

The Chairman had the Secretary read a letter from Mr. John G. Keller, Texas Highway Department, "Reference is made to our letter of December 20, 1972, concerning the issue of one way frontage roads in the Towns of Hickory Creek and Lake Dallas.

"In order for us to proceed with the necessary planning to construct the additional exit and entrance ramps we need an ordinance, passed by the Town Councils of Lake Dallas and Hickory Creek, converting the concerned frontage roads within your respective jurisdictions to one way operation.

"Your assistance in this matter will be appreciated."

Signed: John G. Keller
District Engineer

Chairman explained that they had met with Corp of Engineers and they didn't want to do this. He also stated that it had not been decided what Lake Dallas would do about this.

Councilman Harper and Chairman discussed various angles to this matter, and Jim Payne said just want until they write us again.

Chairman stated that they have an estimate of $57,480.00 for construction of the new City Hall. He showed the Council the plans and told them that the Water Department has agreed to go halves on this City Hall. Mr. Stokes is looking into the legal aspects of it without any cost. Chairman further stated that is about all we have to report on it at this time.

The Chairman reported on the streets and stated that they had a Mr. Crawford, a man about 42 years of age who had agreed to go to work for the City of Lake Dallas working on the streets and roads. Roy Bragg has been delivering asphalt, but at this time has not been able to deliver on account of bad weather, but that he had told Chairman that he should have a load here around the 9th.

The Chairman asked the Councilmen to consider the application of Mr. Crawford for position of street maintenance man. Jim Payne wanted to know when he could start. Chairman said just as soon as we agree

agree on him. Buck Mays made motion and Howard Davis seconded it to employ Mr. Crawford for street man at a salary of $500.00 a month, for five days a week work. The motion was unanimously carried.

A discussion was had at this point on insurance, especially the insurance on fire trucks. The Chairman also stated that they should have a full-time fireman, and that his salary should be paid by Hickory Creek, Shady Shores and Corinth and Lake Dallas, inasmuch as all of these towns have the protection of Lake Dallas Volunteer Fire Department and should pay the salary as above stated. Mr. Mays made a good talk along this line, and the Chairman said perhaps at a later date we might get one full- ime fireman.

Councilman Payne wanted to know how much money we have, and Chairman told him. Then Countilman Payne suggested that we get busy and start paving Shady Shores Road, inasmuch as Mr. Landrum said Shady Shores has $2500.00 in escrow to help us to do this. Mr. Payne suggested that we do more than we have formerly planned on doing, and Mr. Elbert said if we would run the road to the cemetery he would take it on to Dobbs road.The Chairman said we need to get Lakeview road. The roads were discussed at length, and just as soon as Brutex can get out here the work will be started, The Revenue sharing money received will be used on expenses of road work as far as it will go. It was agreeable with citizens in audience and with the Council.

Chairman asked Mr. Briggs to tell about the Lake Dallas sewer and water service expansion. He had a map on the wall and pointed out just where the expansion would be, and explained in detail just what has happened on this project and just what is expected to take place about this. He said that a $450,000 grant has been approved by a North Central Texas Council of Governments review Board, but more kinks are to be ironed out. A grant approval from Texas Water Quality Board and the Environmental Protection Agency must also be secured. Too, we can't get any money until the President of the United States turns loose of the money. Mr. Briggs also explained who would be served when the new system is installed. He, Mr. Briggs, was very optomistic about the whole thing and his enthusiasm was catching, and it seemed that the Councilmen, the Chairman and the visitors were very impressed.

Mr. Briggs then talked about the plans for a new City Hall, and said he was the person who suggested it in the first place, and told his reasons for doing this: the building is run down and shabby and makes a bad first impression on new-comers to the Town of Lake Dallas. Too, the offices are crowded and need to expand. Also, if we hae a city Hall, all tax collecting departments will be under one roof and a taxpayer won't have to run to three different places to pay his tax. He elaborated at length about the new City Hall and all of it made good sense.

At the hearing on zoning Mr. Stone's property, a C-2 was not granted. Mr. Stone asked why, and the Chairman told him because the people surrounding the property he wanted zoned C-2 said he didn't need a C-2 if he wanted it for a Western Auto Store. That a C-1 would be sufficient. The Chairman explained that they would go along with a zoning of C-1 for Mr. Stone's property. Chairman asked the Councilmen to take a vote on C-1 zoning. Councilman Mays made it for

C-1, and Councilman Payne seconded the motion, and it was unanimously carried that Mr. Stone's property be zoned C-1.

The Chairman and Councilmen examined the financial statement which covered the period from February 3, 1973 through March 8, 1973. The accounts payable were also examined, and Councilman Payne made motion and it was seconded by Councilman Mays that financial statement be approved, and that the accounts payable be paid by Secretary on March 15, 1973.

Mr. Don Willard asked to speak, and he stated that the citizens of Lake Dallas that he had talked to were not opposed but are wondering how we are going to pay for a new City Hall. Mr. Willard asked how much it would cost, and the Chairman explained that they are still working on the plans for the City Hall, but at this time it would cost in the neighborhood of $57,000.00, and that the Water Board would pay half of whatever it did cost. Mr. Willard said that he personally thought the City should take first things first. For instance, the streets were number one, and something done about the stray dogs here should be number two. Mr. Willard kept the floor for quite a while and during this entire time he was talking about the poor management of the City officers, poor manners, the uncouth treatment and etc. that was afforded against anyone wanting to look at the records at City Hall. Mr. Beene, the Chairman, explained to Mr. Willard that anybody who had some specific question or even several specific questions could ask and they would be furnished with this particular information, but that during working hours nobody would be allowed to roam in and out of the records, asking for supporting bills and other information that kept the two City employees at the City Hall busy getting the information for them for at least three hours. Also, Mr. Willard said the citizens of Lake Dallas had given up on ever having the roads fixed, even though promises and promises had been made. The Chairman explained that the City had let a contract for this road work, and the money is in a special fund for that purpose, but the contractor had informed the Chairman that the weather hasn't been settled enough for the work, but that when the weather settles down and it gets a little warmer that the work will begin and the streets will be worked on just as the public had been informed.

Mr. Dean Bower jumped up and said he would like to make a suggestion. If it is true that the City needs a City Hall that the City should give the public the right to speak about it and decide what should be done about it. He also brought up the subject of roads. He was rather excited and talked loud and angry, and shook his finger in the air several times while talking, and asked the Councilmen if they did work on the roads what were they going to use for a topping. When told that a 1-1/2 inch topping, which would cost about $1.00 a foot, would be used. Mr. Bower wanted to know why they didn't pave the streets, because this other topping would not last. Then Mr. Bower wanted to know what size the City Hall would be. He asked question after question and critized everything that had been discussed on the agenda and tried to incorporate his thinkings about everything. His voice was high and full of temper and there was no way to quiet him. The Chairman told Mr. Bowers that the City Councilmen and the Mayor were elected by the voting citizens, and that the only way the public should interfere with what the Council did about things could only be corrected by getting them out of office. He then shouted that the citizens did have a right to

tell the City Council what to do. At this point Mr. J. B. Briggs said Mr. Bowers, I don't want to get into an argument with you, but I can't resist reminding you of an incident that took place when you were on the Water Board. I suggested that we need a new truck. Someone objected to it and you asked him if the Board was running the Utility Authority, or are the citizens? Mr. Bowers became even more angry and loud and he and Mr. Briggs were exchanging words fast and furiously. With Mr. Willard, Mr. Bowers and Mr. Kingston were a group of citizens, and every person was mumbling and talking among themselves. They became so unruly that the Chairman announced that the meeting would be forced to ajorn that he could not permit such a demonstration in the City Hall. That nothing could be accomplished by it, and anything he, the Chairman, or any of the Councilmen said would go unnoticed. None of them seemed willing to listen and then form an opinion; they had already formed opinions and nothing on earth would change them. Some of them most unreasonable. At this point Mr. Willard shouted that he and Mr. Bowers and Mr. Kingston wanted WATCHERS at the election coming up, and the Chairman assured him that would be all right with the Council.

Mr. Landrum asked the Chairman not to adjourn until he had shown the map he had drawn showing a number system that was recommended for numbering the houses in Lake Dallas. Also the stoors and places of business. Mr. Landrum said if you gentlemen would see fit to appoint me, without cost, I would be glad to do the work for the City. He stated that he would furnish maps and help with assigning numbers to the City tax rolls. The Chairman said they would work with him, and appreciated his efforts. A motion was made and approved.

During the time that Mr. Landrum was discussing the numbering plan, Mr. Willard, Mr. Bowers, Mr. Kingston and the people who were with them talked so loud and were so noisy and rude, it was impossible for the Chairman and the Councilmen to hear what Mr. Landrum was saying. The Chairman beat on the table trying to quiet them, but they(Mr. Willard etal) kept getting louder and louder and the Chairman said we just must call this meeting to a close clear the City Hall.

Councilman Jim Payne made motion to adjourn and Councilman Mays seconded the motion and it was unanimously carried and the meeting was adjourned.

MINUTES OF
REGULAR MEETING OF CITY
COUNCIL
HELD ON APRIL 12, 1973

There was a regular meeting of the City Council on April 12, 1973, at the City Hall.

The following were present:

W. L. Beene	Mayor
Jim Payne	Councilman
Buck Mays	Councilman
Johnny Vinson	Councilman
J. W. Webb	Councilman
Larry Kingston	Councilman

Mr. Beene called the meeting to order at 7:30 P. M., and stated that he would be Chairman and that May R. Shurtz would be Secretary of the meeting.

Secretary read minutes from the regular meeting of the Council held on March 8, 1973, and said minutes were approved and ordered of record.

The Chairman stated that the members of the Zoning Committee should be looked into and that new members be appointed. Johnny Vinson's term had expired. Chairman said he was thinking that they would appoint Thurman Bartley. Chairman asked if Frank Hernedeen would go off the Committee this time, inasmuch as he has been on the Committee two years. Chairman read the Ordinance No. 33 on zoning. Buck Mays said he would like to see Howard Davis on the Committee. Chairman read part of Ordinance No. 7, covering the part of how many must serve. And also giving qualifications, etc. If Betty wants to stay on the board she will have to be appointed. Johnny Vinson said Betty and Howard Davis would be good. Betty asked if Hernedeen could be appointed and also she wanted to check on Fred Carlisle. Betty wanted to wait until next Council Meeting before reporting. Betty was appointed for two years, Howard Davis was appointed for two years, Frank Hernedeen and Gene Chambers two years, and Fred Carlisle one year. Chairman asked the Council what they wanted to do about the appointments. Jim Payne suggested that we appoint them as set out above, and a general discussion followed. Johnny Vinson said we must have one member from City Council and the Mayor. Buck Mays made motion and J. W. Webb seconded it and it was unanimously carried that the above be appointed, and that Johnny Vinson represent City Council.

The Chairman asked Sgt. Easter to talk to the Councilmen about purchasing new squad cars. Mr. Easter proposed that the City buy the two new cars. He said he feels that we are spending too much on the old cars. He gave a list of bills for the current month. The Chairman asked Easter if he was still having work done and Mr. Easter said yes. He

stated that he had a bid from Bill Utter and read it to the Councilmen and the Chairman. The new cars to be painted different from the usual squad cars, and he gave his reason for wanting this. Sgt. Easter said that so many times they are mistaken for the Lewisville Police Squad Cars. Chairman asked what the payments would run on the new cars, and Sgt. Easter said about the same as the other cars. The Councilmen discussed this matter between themselves and different questions were asked Sgt. Easter. After discussions and questions, Johnny Vinson made motion to get bids on Galaxy and Custom Fords, Jim Payne seconded the motion. These bids will be presented to the Councilmen at the next meeting.

The Chairman said we are going to have to buy a truck. Johnny Vinson suggested the Army Surplus stores. Councilman Kingston said tell me what you want and I will find it for you.

Mr. Kingston said he would like for the City to use hot mix on the streets instead of cold mix. Nothing more was said about this issue.

Councilman Vinson said talk to Water Department and find out about the Government grant in helping fix the streets. He said he thought it would be 80% for the Government and 20% or 25% for us. Johnny Vinson said he talked to Mr. Moody of Texas Power and Light, and he said we should be able to get a grant. However, it might take about 18 months to get it through.

Mr. Kingston asked Jim Payne if he had suggested that the City extend the topping 2 more miles. Councilman Payne said since the City has more money than we have ever had why can't we go ahead and fix 4 miles. A general discussion of this matter was had. Mr. Kingston asked a lot of questions about it. Jim Payne made motion that we do a minimum of 2 more miles, making a total of 4 miles. Johnny Vinson seconded the motion and it was unanimously carried. There was quite a bit of idle talk and the Chairman said lets get back to business and talk about what we should do. How about going all the way down to Hundley. Buck Mays suggested Shore Drive. Jim Payne said how are we going to know we get what we buy? Councilman Kingston said they have weights on the tickets. The Chairman said we have arranged to watch it.

The Councilmen and the Chairman got back to the subject of the two extra miles of topping. Motion was made and seconded as above set out, and all of the Councilmen agreed with the Chairman that they should get as much topping done as they had money to pay for. Using Revenue Sharing money we receive.

The Chairman said we have a memorandum from North Central Texas Council of Governments showing that Lake Dallas and Lake Dallas Municipal Utility Authority owe $1,000 as our part of Denton County-Hickory Creek Wastewater Management Planning Coordinating Committee

Recommended Budget. The Water Department has already paid their $500.00, and I suggest that we go along with them. Councilman Kingston asked if that is our part, and the Chairman said yes. Johnny Vinson made motion and J. W. Webb seconded it and it was unanimously carried that the City of Lake Dallas pay this $500.00. The Chairman read different cities and the amounts they would pay.

There was a general discussion and explanation of the money that is sent to the City of Lake Dallas by the State of Texas for tax on sales tax, etc.

The Council discussed buying a new typewriter and table for the office, and inasmuch as there are two employees who have to use the typewriter and time is wasted when one is using the machine and the other one has to wait for it. Councilman Webb made a motion and Buck Mays seconded it to buy the typewriter and table. It was unanimously carried.

The Chairman mentioned that the Council had never certified Bill Smith's employment. Buck Mays made motion and Johnny Vinson seconded the motion to certify Bill Smith as a Patrolman, and it was unanimously carried.

The Councilmen studied the financial statement furnished by the Secretary, and were pleased with the amount of money shown to be in the bank in the name of City of Lake Dallas, and also studied the accounts payable and Buck Mays made motion and Johnny Vinson seconded it and it was unanimously carried. The financial statement was approved and Secretary was ordered to pay accounts payable.

Councilman Payne suggested that we have two Council meetings a month inasmuch as once a month seems inadequate to take care of the business at hand. The Chairman said he didn't think too much of this idea because some of the Council members had things to do along personal lines and it would work a hardship on them to have to report for Council meeting twice a month instead of one time. The subject was dropped.

Councilman Vinson wanted to get a motion for a paid fireman and the Chairman said no - let the other towns help with it. Councilman Payne said they are supposed to help and it is being investigated now. The subject of insurance for the firemen was discussed fully, and all Councilmen agreed that the fireman should be insured against fatal accidents or permanent injuries. It was suggested by Councilman Jim Payne that Larry Kingston make investigation and report at next meeting.

Councilman made suggestion about lots that are growing up in grass and that if the owners do not cut it that the City do so and then bill the owner. If they don't pay for cutting the grass we can add it on their tax. Councilman Payne stated further that we need a clean up. No motion was made.

Buck Mays made motion that we adjourn and it was seconded by J. W. Webb, and there being no further business the meeting was adjourned at 9:15.

Mary R. Shurtz City Sec.

MINUTES OF A
CALLED EXECUTIVE PERSONNEL
MEETING, CLOSED TO THE PUB-
LIC - APRIL 16, 1973

On Monday Night, April 16, 1973, at 7:30 P. M., the City Council of Lake Dallas had a closed meeting for the purpose of discussing some reports and charges made against the Police Chief, Mr. Ron Phillips. The following members of the Council were present:

W. L. Beene, Mayor
Jim Payne
Buck Mays
Johnny Vinson
John Webb
Larry Kingston
May R. Shurtz, City Secretary

Mr. Beene acted as Chairman of the meeting and May R. Shurtz acted as Secretary.

Bette Dunn was present at the meeting. She is a reporter for the Lewisville Leader, but she wasn't present at the meeting in the capacity of reporter. The Chairman asked Mrs. Dunn if she had some papers with her that she wanted the Council to see and examine, and she said yes. Whereupon, she produced records that had been sent to George Buchanan, at his request, showing that a Ronald Phillips, and a Ronald Roger Phillips had a prison record in the State of Ohio. Mrs. Dunn also showed a picture of a young man, about 17 or 18 years of age, which she said was an early picture of the Phillips involved in the offenses mentioned in the papers. The records showed that the offenses had been committed in the late 50s, and was a closed subject. After much discussion and talk, Councilman Johnny Vinson asked Mrs. Dunn to please not run a story about this matter in her paper until the Councilmen and the Mayor could investigate it a little further and then they would tell her to proceed with the story. Mrs. Dunn said she was glad that Mr. Vinson brought that up because she knew for sure that two papers in Denton: the Chronicle and Enterprise had the information and were going to come out with the story in their very next issue. The Chairman asked her who had informed the papers and she said she didn't know. The Chairman also asked Mrs. Dunn why Mr. Buchanan took it upon himself to dig up the past and she said so many people in Lake Dallas were very dissatisfied with Chief Phillips and they seemed to think he should be investigated. Mrs. Dunn stated further that she confronted Mr. Phillips with this information and that he denied it, saying that he was not the one involved in the prison record. Mrs. Dunn further stated that on Sunday (just about April 1) Mr. Phillips' wife and three sons left town. On the 11th of April Mr. Phillips received a call from his wife that her car had burned and Mr. Phillips left to bring them back. At the meeting Mr. Phillips hadn't returned and was not at the meeting to defend himself. Therefore, Chairman said he thought before doing anything that we should wait until Mr. Phillips could be here and discuss

this matter with them and defend himself. However Mr. Vinson said he thought that since Mr. Phillips had left town on Wednesday, April 11, 1973, and was to return to Lake Dallas on Friday, April 13, 1973, and inasmuch as he had not returned on the 16th, nor had he tried to contact anyone since he left that the Council should take steps to get another Police Chief. Councilman Vinson made motion that Mr. Phillips be dismissed as of this date, April 16, 1973, without pay, and the motion was seconded by Councilman Webb. The Chairman then asked if all were in favor of this motion, and Jim Payne, Larry Kingston said yes, but Councilman Buck Mays said he wouldn't vote to dismiss Chief Phillips because he believed Phillips was a good honest man and that he was opposed to all of the talk and turmoil going on trying to run Phillips down. So, he refused to vote.

Councilman Kingston said we had better give some thought to getting a new Chief, but the Chairman said not yet because we are going to get to the bottom of this matter and will give you our report at a later date. If we prove that Chief Phillips is not guilty as charged, then we will have a meeting to reinstate him, that is if he still wants the position.

The Chairman said he was going to let the Councilmen employ a man to serve temporarily until the investigation is over. Johnny Vinson, Larry Kingston, John Webb and Jim Payne were appointed to commission someone to serve as police patrolman, on 90-day probation.

The Chairman said that Sgt. John Easter should take the responsibility of the Police Department until we can get the place of Chief filled. Tommy Burks can work, starting Wednesday Night, about six (6) hours. Councilman said we need one more officer and Vinson introduced Bill Phelps for temporary work and made motion that he be employed, the motion was seconded by Jim Payne, and unanimously carried. Mr. Phelps was asked when he could start and Mr. Phelps said "tonight." A salary of $450.00 was decided on for Mr. Phelps.

The Chairman asked Bette Dunn if she would get a copy of the papers for the Council and she said yes.

The Councilmen and the Chairman were quite disturbed by the grim matter at hand and the discussions were not smoothe, but one thing after another was discussed. At this point Councilman Jim Payne said if Chief Phillips comes back and the charges are not true we will take him back. All members of the Council agreed, as well as the Chairman.

Sgt. Easter explained that when Bill Smith was employed that he was promised a $50.00 raise when he proved that he could take care of the job. Johnny Vinson made motion to raise Bill Smith $50.00 per month, and the motion was seconded by Buck Mays, and unanimously carried.

Councilman Kingston asked when the meeting would be held giving a report on what the City had learned from its investigation, and the

Chairman said in a few days. Stated further that he would notify Councilman Kingston and the rest of the Councilmen when he was ready to meet with them.

The Councilmen and the Chairman thanked Mrs. Dunn for bringing the papers to the meeting. She said she felt as bad about the whole matter as anyone and it was a sad thing.

A few more things were discussed, but none of importance and no motions were made and it doesn't affect anything said here therefore seems immaterial.

All agreed that they had done all they could at this meeting and should adjourn. Councilman Vinson made motion that the meeting be adjourned and Buck Mays seconded it, and the meeting adjourned at 8:55 P. M.

MINUTES OF A
CALLED EXECUTIVE PERSONNEL
MEETING, CLOSED TO THE PUB-
LIC - APRIL 25, 1973

On Tuesday Night, April 25, 1973, at 7:34 P. M., the City Council of Lake Dallas had a closed meeting for the purpose of further discussing the status of the Police Chief, Ron Phillips. Said Police Chief attended the meeting.

The following members of the Council were present:

W. L. Beene, Mayor	
Jim Payne	Councilman
Buck Mays	Councilman
Johnny Vinson	Councilman
John Webb	Councilman
Larry Kingston	Councilman
May R. Shurtz	City Secretary

Mr. Been acted as Chairman of the meeting, and May R. Shurtz acted as Secretary. The meeting was officially called to order at 7:34 P. M., by Chairman.

The Chairman explained why the tape recorder was sitting on the Council table. He said he did not want the minutes of this meeting misunderstood not now nor at any future date, therefore, each and every word would be taped for future reference, in case anyone questioned any act or deed in connection with the business transacted at this meeting. That the tape would be kept in the safe, and that no person should have authority to listen to the tape except the Mayor and the five Councilmen, unless someone requested that they hear the tape to satisfy some question they had, then the permission of the Councilmen and the Mayor must be obtained. Is this agreed by all of you Councilmen? All members of the Council replied yes, making it unanimously agreed to use the tape for the meeting.

All of you know the purpose of this meeting. On April 16, 1973 there was a special meeting called by Mayor Beene to discuss a problem that had presented itself, that is, Betty Dunn came to the April 16, 1973 meeting with papers showing that Chief of Police, Phillips, had served a term in the Reformatory in Ohio. Mr. Phillips had left town on the 11th, and his plan was to return to Lake Dallas and his job on Friday, April 13, 1973. On April 16, 1973, he still was not back in Lake Dallas, and no one had heard from him. The Chairman instructed the Secretary to read the minutes of the April 16 meeting, stating that inasmuch as Mr. Phillips was not here for the April 16 meeting that he, the Chairman, thought Mr. Phillips should hear the minutes of the meeting. The Secretary read the minutes of said meeting. Chairman asked the Councilmen if they had any questions about

the minutes, or any alterations they would like have made to the minutes, and Councilman Vinson said the minutes sound about like the meeting was, and Chairman said all in favor of approving the minutes, as read, say aye. It was unanimously voted that the minutes be approved and that they be ordered of record.

The Chairman said all of you the purpose of this meeting. At the April 16 meeting, Bette Dunn came to the meeting with papers which had been sent to George Buchanan, on his request, from the District Attorney in the town where Mr. Phillips lived when he was a young man. These papers showed that Mr. Phillips had served a term in the reformatory. after a lengthy discussion and consideration, and due to the fact that Mr. Phillips still had not been heard from, Councilman Vinson made motion that Mr. Phillips be dismissed, and the motion was seconded by Councilman Webb. However, it was agreed that if Mr. Phillips came back and wanted his job back and could give a good explanation of his absence that the Council would grant him the chance to tell his story and to answer questions from the various Councilmen who wished to question him. The Chairman asked Mr. Phillips to move over to the Council table and prepare to answer questions that would be propounded by the Councilmen, in an effort to get the matter resolved one way or the other.

The Chairman then announced that Mr. Phillips and the Councilmen start the discussion. Councilman Rush Mays said I make a motion that Ron Phillips be put right back where he was. Councilman Kingston said oh no, the motion is a little bit hasty. Chairman said Mr. Kingston, Councilman Mays can make a motion anytime he wants to. It might die for want of a second, but you don't have the authority to tell him he can't make a motion.

Councilman Jim Payne said I make a suggestion that we hear from Mr. Phillips. Chairman said Jim when-I was interrupted I was talking explaining that the meeting would be turned over to a discussion of the matter at hand, and any questions pertaining to this subject that you want to ask him will be in order.

Councilman Kingston said Mr. Phillips I have several questions that I want to ask you. Mr. Phillips said all right.

Kingston Q. Are you the man the Councilmen and Chairman were talking about having a record?

A. Yes I am the one.

Q. Then this is factual?

A. Yes, the only difference is the fact that they said I had a prison record - I was in Ohio State Reformatory for boys.

Q. How old were you at that time?

A. 18. I got out when I was 20.

Q. You got out in 1957?

A. Yes.

Q. You were 23 when you got out?

A. Yes, no, about 23.

Q. You were born in the year 1934?

A. Yes.

The question which remains in my mind, well really there are two questions:

Q. When you were presented with the facts about your record didn't you deny them?

A. Yes. I had three good reason for that. I have been married 15 years. I have a 13 year old boy, an 8 year old boy and a 5 year old boy. My children do not know about my past. I haven't seen fit to tell them. My wife knows about it, even though it happened before we were married. My main concern at the time I was confronted with this information was that I knew the matter was going to break since Bette Dunn had the material in her hands when she did confront me and ask me if that concerned me in Mayor Beene's office was my family - "God" my kids. I had never thought this would be brought out. The next day my wife and children left town because I didn't want anyone to tell my boys. If it had to be told I wanted to do it in my own way at the appropriate time.

Q. When did you finally come back?

A. I didn't leave at the time my wife and sons did. Her car burned and I had to go and get the family and I brought them back. When we got back I found out that my phone had been cut off and the burglar alarm at the bank had been disconnected. I figured something had happened, so I drove down to Tommy Burk's and he told me that the City Council had dismissed me the night before (this was April 17). So, I went back to the house and told my wife to pack and I would drive them to her mother's in Ohio.

Q. Is that where they are now?

A. Yes that is correct. Also, I was looking for another job. I figured that I was out of a job and I had the equipment that belonged to Lake Dallas Police Department and wanted to turn it in, but I figured when I came back to Lake Dallas to get my household furniture I would turn my equipment and go on back to Ohio. This is the reason for my being gone so long.

Q. In keeping with this, the fact that you have or have not a police record was not the only thing that was brought up. It was reported in many cases that you did not always perform the way a police officer should conduct himself in public.

A. This is my fourth year as a police officer and I think I have always conducted myself in a policeman-like-manner, except when a situation demands other tactics.

Q. I was told that your car was repossessed. Is that true?

A. Yes, that is true.

Q. I was also told that you left the City of Lake Dallas and went after the man who repossessed your car and took his driver's license.

A. I asked him for his driver's license and I didn't realize that I still have his driver's licens.

Q. You still have his license?

A. Yes, I have been waiting for him to notify me to return the license.

Q. I think he probably has notified the State Patrol by now.

A. That really doesn't matter.

Q. Why did you go after him?

A. I didn't know whether my car had been stolen or not.

Q. Did he show you the pick up order?

A. Yes, and I asked for his driver's license too because I wanted to know who he was.

Q. Didn't he show you the papers first?

A. No.

Councilman Kingston said I have asked the questions of you that I wanted to.

Jim Payne: How long does a person have to go before he pays his debt to society? I work for one of the largest companies in the country, and I found out from them today when they go back and check on a person's record they go back 10 years. The man I asked about it said if a man lives a clean life with a good record for ten years, and has been a good citizen that is good enough for them. I have been thinking about this for a week. It is a tough situation. I can understand Ron's position, and I probably would have done the same thing, except, I perhaps wouldn't have been enough man to come back, probably would have just kept going. But I respect a man who puts his family before himself. I realize that we have the whole city of Lake Dallas to look after and consider - (Councilman Kingston broke in with "that's right") but as Ron said in a time like this your first thought is of your family without exception. Councilman Payne continued - the only thing I can say

is for each and every one of you Councilmen to decide just let your conscience be your guide. I have investigated around here and the majority of the people with whom I talked answered "well afterall haven't we all made mistakes?" Some of the things I did when I was 17, 18, 19 or 20, if I had been caught I guess they would have put me under the jail. I believe if all of you would be honest about it you would say the same thing.

At this point the Chairman placed a rock on the Council table and said you know the story in the bible - and Jim Payne said I don't want that rock. All of the Councilmen joined in saying they could not cast the first stone.

Buck Mays: I have a lot of people insured in the City of Lake Dallas and I have heard more good about Ron than otherwise. I have never felt like Ron was guilty of a crime. I trust him thoroughly.

Johnny Vinson: You said you were going to make an investigation as Mayor, Mr. Chairman. We would like to hear from you on that.

The Chairman stated that the night we had the April 16 meeting that he had some questions concerning Chief Phillips, but, as of now, everything has been taken care of satisfactorily and any questions that I might have had have been completely resolved.

Johnny Vinson: I want to be the first to tell Ron that the position I took at the meeting of April 16, concerning him, was all wrong and hasty. I talked to him yesterday and he answered my questions, and I want to tell the Councilmen and the Chairman that I made a mistake by listening to other people. We all acted a bit hasty - we should have had a thorough investigation before deciding anything.

A round-table discussion was had, and Mr. Webb asked Mr. Phillips if he thought he could and if he would take over his job of Police Chief, and Mr. Phillips answered yes.

The Chairman then said what is your wish in this matter?

Councilman Buck Mays made motion that Ron Phillips be reinstated to his position as of the 16th of April, 1973. The motion was seconded by Councilman Webb. The Chairman asked if that was the unanimous decision, and there were 4 Ayes: Buck Mays, Jim Payne, John Webb, Johnny Vinson; there was 1 no: Councilman Kingston. The motion to reinstate Chief of Police Ron Phillips to position of Chief of Police of Lake Dallas, as of April 16, 1973, was unanimously carried.

This is the end of the matter concerning Chief of Police Phillips, however Council is still in session in regard to some other personnel matters which will be found on the following pages.

COMTINUATION OF

COUNCIL MINUTES

CALLED EXECUTIVE PERSONNEL
MEETING CLOSED TO THE PUBLIC
APRIL 25, 1973

Councilman Kingston reported to the meeting that he had received several calls concerning Sgt. John Easter, two of which were from women and one call from a man, all three of them complaining about some things Easter had done while dressed in his police uniform and driving one of the Lake Dallas Police squad cars. The allegations were not serious, but not becoming to an officer of the law. Several other things were discussed at the meeting, and it was decided to have Sgt. Easter come into the Council meeting and discuss the matter with the Councilmen and the Mayor. All members of the Council spoke highly of Sgt. Easter, and told him so, but also told him that he just must stop doing a few little acts that are not acceptable to the standards of a policeman. Easter was informed that the Councilmen would make it their business to see that he does shape up and perform in a good policeman-like manner. Councilman Payne said Easter you have heard do right because it is right to do right.

After speaking generally with Sgt. Easter the Councilmen and the Mayor wished him luck, and told him they appreciated his hard work and that each of them felt that he would profit by the friendly talks and would continue to make a good policeman.

Sgt. Easter was dismissed, and this phase of the meeting was adjourned. No motions were made and none were necessary.

CONTINUATION OF
Council Minutes
Called Executive Personnel
Meeting Closed to the Public
April 25, 1973.

The five Councilmen discussed the Chairman of the Zoning Board and agreed that it would be to the best interest of said Zoning Board to remove her and appoint someone else who had more time to devote to the Zoning Board.

Inasmuch as the Mayor, who was acting as Chairman of the meeting, had excused himself from the meeting because of the fact he is in real estate business and anything concerning zoning or re-zoning might be questioned by some if he sat in the meeting where the Chairman of the Zoning Board was dismissed, the Chairman had delivered the gavel to Johnny Vinson who is Mayor Pro-tem, and asked him to conduct the hearing. The reason for wanting to remove the Chairman of the Zoning Board was that she seemed too engrossed in the newspaper she was working for and it seemed that she did not have time to perform duties of Chairman of the Zoning Board. On different occasions she had been asked to stop by the City Hall and get papers concerning request for re-zoning of property, which she didn't do for a week or so.

After full discussion and due consideration Councilman Webb made motion that she be dismissed and the motion was seconded by Councilman Mays. Johnny Vinson, Mayor-Pro-tem, acting as Chairman asked if the Councilmen were in agreement with this action. There were three yes and 1 no: John Webb, yes, Jim Payne, yes, Buck Mays, yes, and Larry Kingston, no. The City Secretary was authorized to write the Chairman of the Zoning Board a letter informing her of her dismissal and asking her to return any property in her possession that belonged to the Zoning Board.

The Councilmen brought up the subject of Geo. Buchanan interferring with the local police work, and suggested that it be reported to the proper authority. Mr. Beene, who had returned to the table, said this matter should not be discussed at this meeting because it was strictly personnel. Mr. Kingston said we want their help but we don't want interference. At this point Johnny Vinson made motion to adjourn the meeting and it was seconded by Jim Payne. There being no further personnel matters to discuss it was unanimously agreed to adjourn the meeting at 8:49 P. M.

MINUTES OF
REGULAR MEETING OF CITY COUNCIL
MAY 10, 1973

The Regular Meeting of City Council was called to order by Johnny Vinson, Mayor Pro Ten on May 10, 1973, at 7:35 P. M. Mayor W. L. Beene was out of town. The following members were present:

Johnny Vinson	Mayor Pro Tem
Lawrence Kingston	Councilman
John Webb	Councilman
Jim Payne	Councilman
Buck Mays	Councilman
May R. Shurtz	City Secretary
Chief of Police	Ron Phillips

Johnny Vinson, Mayor Pro Tem, acted as Chairman and May R. Shurtz served as Secretary of the meeting.

Mr. Derrell Johnson, P.E., who is with Rady and Associates, Inc., a consulting engineer firm addressed the Council in connection with representing the City of Lake Dallas with their engingering problems. At an earlier date some of the Councilmen had approached Mr. Johnson with the thought in mind that he could help the City locate some government program that would assist the City with the building and repairing of the streets in and around Lake Dallas. Mr. Johnson explained that he didn't know of any program that would come in and help us defray the expenses of repairing the streets, but that we should contact some of our Congressmen and Senators and have them advise what, if any, programs are available. He suggested Walt Parker, Dale Milford and John Towers. He also told the Councilmen that he didn't think we needed a full-time engineer, but that when a problem arose which required engineering advice he would be happy to work with us. He was asked what fee he charged and he said $35.00 an hour for the senior partners of the firm, or $25.00 an hour for an associate. Each of the Councilmen asked Mr. Johnson several questions regarding inspection fees, and he, Johnson, said he felt that we were not charging as much for inspections as we should. After a general discussion by all of the members of the Council the Chairman said we thank you, Mr. Johnson, for coming to the meeting tonight, and also asked if any of the Councilmen had any questions - Councilman Payne said he felt that we are going to need to consult with an engineer, but that he would like to read the contract Mr. Johnson furnished that Councilmen will sign with the engineer before deciding definitely. This matter will be discussed and we should have an answer at the next regular meeting of the Council, June 14, 1973.

Secretary read minutes of the last regular meeting of the City Council, which was held on April 12, 1973. The minutes were approved as read and ordered of record.

Chairman announced that Mrs. Sarah Carey should be appointed as Chairman of the Zoning Board. Councilman Kingston wanted pertinent information concerning Mrs. Carey, since he did not know her, and he was apprised of her qualifications to act in such capacity. Mr. Webb made

motion to accept her as Chairman of Zoning Board and the motion was seconded by Buck Mays, and it was unanimously voted that Mrs. Sarah Carey be Chairman of the Zoning Board.

Councilman Payne introduced the matter of employing a Master Electrician to make inspections on the electrical work, and a Master Plumber to act as plumbing inspector, Councilman Payne made motion to that effect and Councilman Webb seconded it, and the matter was unanimously carried. Councilman Kingston wanted to know if we had someone in mind for the place of inspector and the Chairman said yes, Frank Hernedeen. Mr. Hernedeen was attending the meeting and the Chairman asked him if he would consider doing the job of inspector and what he would charge. Mr. Hernedeen said he would take the job and that he would charge $3.00 a trip. Councilman Jim Payne made motion to appoint Mr. Frank Hernedeen as electrical inspector at a salary of $3.00 for each trip, making a total of $6.00 per inspection, and the motion was seconded by Buck Mays and unanimously carried.

Chairman told the members of the Council about the form on Revenue Sharing that had to be filled in with information pertaining to how the City planned to use the money. Councilman Kingston said he would take the form and make extra copies of it so that each Councilman could study it. It was agreed that it would be examined and discussed at the next meeting of the Council.

Chief of Police, Mr. Ron Phillips showed the Councilmen and Mayor Pro Tem bids he had received from various Ford Dealers, and it was decided that Bill Utter Ford at Denton had the best offer, and also allowed more trade-in value on the old squad cars. There was a general discussion pertaining to purchasing two new cars for the Police Squad Cars - Councilman Webb made motion and it was seconded by Buck Mays that the City of Lake Dallas buy two new Ford Galaxyses from Bill Utter, Ford Dealer, Denton, Texas. The motion was unanimously carried.

Councilman Kingston stated that he lives on Glenn Rhea Drive and that several times cars have driven down this street to the very end run into mud, not knowing the street ends at the lake. This subject was discussed and it was decided to barricade three streets, Glenn Rhea Drive, Summers Street, and Lakeland. The barricade should be situated at the end of the streets, large enough that it can be seen before reaching the end of the street. Councilman Mays made motion that the City barricade the three above named streets and the motion was seconded by Councilman Webb, and was unanimously carried.

Mrs. Jess Stowe told the Councilmen that when it rains hard the water washes up into her yard and causes a lot of inconvenience, having the yard full of water. Councilman Webb had been to the spot where the water left the road and flowed on to Mrs. Stowe's yard, and he suggested that something should be done about the situation. Chairman said Councilman Mays should get with Mr. Stowe and work it out. Chairman further stated that this matter did not require a motion, but that the flooding condition would be adjusted.

Chairman read a deed from Ethel Elbert to Roy Harper, which consisted of an old abandoned road. Mr. Harper was to put a fence around the property and would also pay the City of Lake Dallas tax on it. Mr. Kingston said he wanted to know about Mr. Harper's taxes, what he paid and if he carried his share of the tax burden of the City. When Councilman Kingston suggested that the Chairman pull the tax cards on Mr. Harper's property and let the Councilmen examine them and see just what he does pay for taxes, but the Chairman told him that this could not be done; the only thing we can do is present the matter to the Board of Equalization when it convens. Councilman Kingston said he would like to have that done, and Councilman Payne said he felt that Councilman Kingston is right, and that the matter should be looked into. Councilman said to hold up the deed until the tax situation can be examined and cleared up. Councilman Payne made motion to table the deed and Councilman Kingston seconded the motion and it was unanimously carried.

The next subject to be discussed was the roads and streets in Lake Dallas. The Revenue Sharing money Lake Dallas has received will be used to pay for the roads. To date we have received $8,290.00, and have publicly discussed it with the citizens, and they are in favor of this money being spent for the purpose set out above. Councilman Webb made motion that City of Lake Dallas maintain a permanent stockpile of asphalt and that all of the streets be fixed in good shape, and the motion was seconded by Councilman Jim Payne and unanimously carried.

Mrs. Helen (Scottie) Steen spoke to the Council about the road to her home and what a bad shape it is in. Chairman told Mrs. Steen that he had been on the road and knew that it is rough and that it should be fixed. Chairman then asked Councilman Mays to look into getting the road in good shape, and Councilman Mays said he would.

Chairman asked Police Chief Phillips why Ronny Miller's request for a radio in his wrecker was denied. Councilman Kingston said he also would like for Chief Phillips to answer this question, and Chief Phillips said that he has ten channels, or numbers, and that he had to have all of them for the squad cars and for his reserves. Phillips also explained that if he let Mr. Miller have a radio in his wrecker that he would have to let all of the wreckers in Lake Dallas have a radio. Conversation between Chief Phillips and Ronny Miller became quite heated and the Chairman interrupted and said lets not have any further discussion about this - it is up to Chief Phillips what he does about this.

Mr. Frank Hernedeen asked about the zoning of his property to commercial. This matter had come before the City Council at its November 12, 1970 meeting, but was voted down by one vote, with the other Councilmen abstaining. One of the Councilmen suggested that Mr. Hernedeen be issued a Special Use Permit to install main electrical supplies and repair in his shop at his

residence. Nothing further was done about this re-zoning until April 13, 1972 - when Mr. Herendeen came before the Council to request a re-zoning of his property from a Special Use Permit to Commercial Zoning. Jim Payne felt that if 75% of the residents within the required 200 feet from his property were in agreement that re-zoning would be all right. Mr. Williard told the Council that he owned more land near Mr. Hernedeen than any other property owners around there and that he did not object to Mr. Hernedeen's property being zoned commercial. The Chairman said all of you know where F & R Electric Company is. Chairman said he believed Mr. Hernedeen's land should be zoned for business. Councilman Webb made motion to re-zone Mr. Hernedeen's property to Commercial property, Buck Mays seconded the motion, and it was unanimously carried that Mr. Hernedeen's property be zoned as per Zoning Board Hearing. (Zone C-2) (1970)

Councilman Kingston recommended that all work on city automobiles be done in Lake Dallas, if possib le.

The Financial Statement for the period from April 10, 1973 through May 7, 1973, prepared by the City Secretary, was examined by the Councilmen and Chairman and approved. The accounts payable for the City were discussed. Councilman Buck Mays made motion and it was seconded by Councilman Payne to pay the accounts payable, it was unanimously carried.

Chairman told Councilmen that the City was in need of a new truck, or at least a better truck, to be used by the Street Department. Councilman Kingston told the Council members that he thought he could find one that would be in good shape and the price would be reasonable. Chairman suggested that Councilman Kingston and Councilman Mays be appointed to find a truck, such as the one described above. Councilman Mays said he thought the City needed a half ton pickup.

Mr. and Mrs. Gary Roberts came before the Council Meeting asking permission to sell a few Chihuahua puppies from their home on Hundley Drive. Chairman asked him how many puppies he had at his home and he said 16. The Councilmen discussed the subject and didn't find anything against Mr. and Mrs. Roberts selling the puppies, as requested. Mr. Roberts was told by the Chairman to go ahead and sell the puppies. Mrs. Roberts asked if they could put a small sign up, and the Chairman said yes so long as it is not too close to any neighbor's yard.

Councilman Kingston brought to the Council table a brochure of a pick-it-yourself insurance for the fireman of the Lake Dallas Volunteer Fire Department. Councilman Mays called Don Hansen, Fire Chief, and asked him if he could come to the meeting to discuss this insurance, and he said he couldn't. Chairman advised Councilman Kingston to see Mr. Hansen and take it up with him and let the Councilmen know at the next Council meeting what was decided about the insurance.

Mr. Ron Phillips suggested speed limit for Hundley Drive from the residence of Jess Stowe to Hundley Boat Company of 20 miles per hour. Councilman Buck Mays made motion and John Webb Councilman seconded the motion that the speed limit be reduced to 20 miles per hour on Hundley Drive from Stowe residence to Hundley Boat Company. It was unanimously carried.

The Chairman said he thought it would be a good thing to have a Corporate Judge for the Court. Councilman Kingston agreed with him, and Chairman said that a good man, Mr. Stokes a retired lawyer who lives in Lake Dallas might be willing to be the Judge. The Chairman suggested that it be discussed at a later date.

The Chairman asked if there were any further questions and there were none. Councilman Mays made motion that the meeting be adjourned and motion was seconded by Councilman Kingston. There being no further business the meeting adjourned at 10:15 P. M.

MINUTES OF SPECIAL CALLED MEETING
CITY COUNCIL JUNE 5, 1973

The Special Meeting of Lake Dallas Council was called to order by Mayor Beene, at 7:30, P. M., Tuesday June 5, 1973, at the City Hall. This was a called meeting between the City Council of Lake Dallas and the City Council of Hickory Creek.

Mr. Been acted as Chairman of the Meeting, and May R. Shurtz acted as Secretary.

The following members of Lake Dallas City Council were present:

John Webb
Lawrence Kingston
Jim Payne
Buck Mays

Johnny Vinson was absent.

The City Council of Hickory Creek was represented by the Mayor and members of the City Council. (Louise Eix Councilman of Hickory Creek was absent.)

This meeting was called for the purpose of discussing changes in the ramps entering and leaving IH 35 which have been under discussion for at least three years. Mr. Bright, the Mayor of Hicory Creek, read the following letter:

Honorable Edmond S. Bright Mayor
Town of Hickory Creek Texas
Box 453
Lake Dallas Texas 75065

Dear Mayor Bright:

We have your letter of April 25 1973 concerning the additional exit and entrance ramps on I. H. 35E and the conversion of frontage roads to one-way operation in the towns of Lake Dallas and Hickory Creek Texas.

As you will recall your request for additional ramps was forwarded to our Austin office and the Federal Highway Administration for their concurrance. By our letter dated August 15 1972, we

informed you that the addition of these ramps had been approved contingent upon conversion to one-way frontage road operation within the city limits of Lake Dallas and the Town of Hickory Creek.

In subsequent discussions and correspondence you have stated that the cities are agreeable to one-way frontage road operation with the exception of the small area on the east side of I.J. 35E north of the Hickory Creek Bridge.

We have reviewed this area on several occasions and conclude that two-way operation with increasing traffic volumes in this area, is compounding the hazards of wrong way entry to the freeway as well as the hazardous entry to Arrowhead Park.

In order to alleviate this hazardous operation and at the same time permit two-way operation of the frontage road we are contemplating the ramp modification shown on the attached schematic layout. This scheme is to eliminate the existing Lake Dallas exit ramp at the north end of the Hickory Creek Bridge and replace it with a new exit ramp approximately 1,000 feet further north. This arrangement will allow two-way operation of the frontage road from Lake Dallas to the Arrowhead Park entrance.

If this scheme is satisfactory to the cities we will seek the concurrence of our Austin Office.

Yours very truly,

/s/ John G. Keller
District Engineer

After reading the above letter, Mayor Bright showed the Councilmen and Mayor the schematic layout from: Lake Dallas to: Hickory Creek as Revised May 1973. It met with unanimous approval and Mayor Bright explained that the roads won't be one-way until the Highway Department has finished the additional ramps. Councilman Buck Mays made motion and Councilman Kingston seconded it to accept the changes in travel on IH 35 as reflected by said schematic layout shown to the City Council by Mayor Bright of Hickory Creek. It was unanimously carried.

The Chairman brought up the subject of annexing the East Side of I.H.35E from Hickory Creek City Limits to Cornith City Limits whereby the Police Department of Lake Dallas would have authority to patrol the East Side of I.H. 35E from said city limits, and Hickory Creek would have authority to patrol the West Side.

Mr. Ron Phillips, Police Chief of Lake Dallas, stated that Mr. Neil Reeves, a builder who is building apartment houses in

Hickory Creek asked the Dallas Police Department for protection for at least one month while he is out of the country. After full discussion it was agreed that the Lake Dallas Police Department could patrol this project without neglect to the City of Lake Dallas. Motion was made by Councilman Buck Mays, and seconded by Jim Payne that we give police protection to the builder's property and supplies, and that the Police Department should receive $750.00 for this service. It was unanimously carried.

There being no further business, Councilman Mays made motion to adjourn, and Councilman Payne seconded the motion and the meeting was adjourned at 8:45 P. M.

"Before Me, the undersigned authority, on this day personally appeared Scott Dorsey who, after being duly sworn by me says on oath that he is the Publisher of the Lewisville Leader, a semi-weekly newspaper published in Lewisville, Denton County, Texas, and that the attached Notice of Publication was published in its issue of May 20th and May 27th and June 3rd, 1973, and that his charges therefor at the rate of five cents per word for the first insertion and each subsequent insertion, is $23,85.

Mr. Gerald Cobb, attorney for the company which is to build the townhouses was present at the meeting and made a nice talk explaining to the audience, which consisted mainly of persons living within 200 feet of the 8 acres to be rezoned, just what his client intended to build on the tract, and had pictures of the finished townhouses. A lengthy discussion followed but Mr. Kingston, who occupied the chair, asked if there were any further questions, and the answer was negative. Councilman Jim Payne made motion and Buck Mays seconded it that rezoning of the 8 acres of land be finalized and go from R-1 (single family) to R-3 (multiple family), and the motion was unanimously carried.

Mr. W. L. Beene, Mayor, returned to the chair and acted as Chairman of the meeting and May R. Shurtz acted as Secretary.

Chairman asked for a motion and a second to spend all of Revenue Sharing Funds on any streets and roads that needed repair in the City of Lake Dallas. All citizens of Lake Dallas are fully advised of this due to publication in the news-paper Lewisville Leader, published in Lewisville, Texas, Denton County, Texas, twice each week, also from being present at Council Meetings where this matter was discussed fully. Buck Mays made motion to this effect and Councilman Kingston seconded the motion and it was unanimously carried that the City of Lake Dallas spend all Revenue Sharing Funds on roads and streets in the City of Lake Dallas.

Chairman explained to the members of the Council that after approval of the purchase of two squad cars for the Lake Dallas Police Department that it would be necessary to finance the cars. After checking the different lending facilities it was found that Lewisville State Bank offered the best rate of interest: 6% simple interest, and Chairman asked for a motion and a second to borrow the money from Lewisville State Bank to finance the new cars. Jim Payne made motion and it was seconded by Buck Mays to borrow the money from Lewisville State Bank, and it was unani-mously carried, to finance the cost of the two squad cars through said bank.

The Chairman introduced Mr. Frank J. Medavick, Vice-President of First Southwest Company, who discussed the erection of the new city hall. Mr. Medavick gave valuable information concerning the first steps to be taken in preparing to build a municipal building, and said if the City of Lake Dallas did decide to build, First Southwest Company would arrange all of the plans and give advice on financing, etc., for a total sum of $2300.00. Councilman Payne asked Mr. Elmer Crawford, the road man, if he went with Mr. Mays to look at the truck and Mr. Crawford said yes I did. The Councilmen had an open discussion in regard to how bad the present truck is and that a different one would have to be bought before too much could be accomplished by the road man, Mr. Crawford. The Councilmen also discussed buying a new truck, and that was ruled out as being too much money. Chairman said he knew the truck and thought it was worth the money even if the City had to spend a little money here and there to put the truck in perfect shape. Councilman Mays continued by saying that with the right treatment the truck in question should last the City for at least 10 years. Jim Payne made motion to buy the truck for $2300.00 cash, and Buck Mays seconded the motion, and it was unanimously carried.

for the new City Hall. Mr. Keith stated that Mr. Dance very likely would do this work for the City for 4-1/2% of the total construction costs. Here follows a lengthy discussion not necessary to appear in the minutes, and the Councilmen decided that they should call a meeting for July 17, 1973, on Tuesday night and have Mr. Dance meet with them to discuss this subject further. Mr. Keith then said that was all he had to say right now.

Councilman Buck Mays said that when the City employed Mr. Elmer Crawford as Superintendent of streets he was told that if he proved satisfactory in every respect that at the end of 90 days he would receive a $50.00 a month raise, which would make his monthly salary $550.00. The motion was unanimously carried.

Mr. Mays told the Councilmen that the City should arrange to buy a used pickup truck. Mr. Payne said what is the main purpose for having a pickup truck. Gerald Morris addressed the Councilmen telling of an experience he had with Chief of Police. The Councilmen listened to what he had to say which when summed up was really no problem. Councilman Vinson thanked Mr. Morris for coming to the meeting.

Chief of Police, Phillips, gave an order book to the Councilmen and told them the City was badly in need of some new signs that had been introduced by the Highway Department. After examining the

signs and discussing them, Councilman Kingston made motion and John Webb seconded it to buy 61 new street signs. It was unanimously carried.

Councilman Kingston suggested that perhaps it would be a good thing to have Mr. Dance inspect the building as it goes up, from time to time, and Mr. Dance said he would do this for an extra 2% of building costs. This would make the total fee of 6-1/2% for Mr. Dance for specifications and inspections. She started talking about the matter and the chairman told her that she did not put it on the agenda for the meeting and that she could not be heard at the meeting. She insisted that she should be heard, and her husband Jess Stowe joined her and several persons whom Mrs. Stowe had enlisted their aid to prove the accused brutality by the police force. The people became loud, nosy, unruly, and no one could hear anything that was said, and the Mayor tried in vain to quiet them but they would not listen to him. In desperation the hall was emptied with the help of five policemen who did not use force but were firm with the crowd telling them that they should leave. The Mayor explained that if Mr. or Mrs. Stowe would put the matter an a future agenda they would be glad to hear them out, but that no more demonstration would be tolerated in the Council Chambers.

Mr. Buck Mays said we need a tractor with a mower on it. Larry Kingston made motion and John Webb seconded it to give Mr. Mays authority to find a mower and tractor up to $1500.00. It was unanimously carried.

The equipment for the street department, to heat tar, was discussed and it was decided to wait until some future date before trying to buy this.

Councilman, L arry Kingston, stated that the Jaycees said they would furnish trash cans to be placed at various locations around the city, if the city would arrange to have them emptied. It was agreed. Also, Mr. Kingston said the city should buy United States and Texas flags for the Jaycees, and Mr. Vinson said he would get them and the councilmen could reimburse him themselves.

The matter of a Fire Marshall was brought up. During

the discussion it was agreed that John Farmer should remain Fire Marshall. Chairman said if this suits all of you then make a motion, and Larry Kingston made motion and John Webb seconded it that John Farmer continue as Fire Marshall for a period of 1 year, and that he should be furnished identification. Chief Bob Johnson said he would get a identification card for Mr. Farmer. Chairman said all in favor so indicate. It was unanimous.

The Budget for 1973-74 was approved all except the salary for Mayor. Larry Kingston said $3600.00 was not right. It was agreed that the rest of the budget be approved and that the Mayor's salary be tabled until a later date. Larry Kingston made motion to approve the budget and Buck Mays seconded it. It was unanimously carried, as above stated.

Buck Mays made motion that the meeting adjourn and Jim Payne seconded it and it was so adjourned.

*** Mayor W. L. To all members of the City Council:
To Chief of Police:

Re: Purchase of Radio Equipment

Flower Mound is having a liquor election on November 3, 1973. There is a wet area up near Denton - and we stand to lose one-half of our Alcoholic Beverage Revenue. As you all know, our anticipated ad valorem tax revenue is estimated at $38,000.00. The Police Department has a $46,400.00 budget. Since we are not sure that our revenue isn't going to be quite a bit less than we anticipate, I find it necessary at this time to veto the purchase of the radio equipment that was approved at the regular meeting of the City Council on October 11, 1973.

I am sorry, but I honestly do not think we can afford the radio equipment at this time.

MINUTES REGULAR MEETING
OF CITY COUNCIL
NOVEMBER 8, 1973

The Mayor, W. L. Beene, opened the meeting at 7:30 P. M. All Councilmen were present. The City Secretary, May R. Shurtz, was also present. Mr. Beene acted as the Chairman of the meeting and May R. Shurtz acted as Secretary.

Mr. James H. Kerley, Jr., Vice-President First Southwest Company, Investment Bankers, was at the meeting.

Chairman told Mr. Kerley to start with the business he wanted to discuss concerning the financing of the new proposed City Hall.

Mr. Kerley: I understand that you are ready to advertise for bids on your new City Hall, and to do that we have to pass a notice for bidders, which must be published twice in a newspaper. The first publication leaves 14 days prior to the bid opening date. Your architect has set up the bid opening to be at 2:00 P. M., November 29, 1973, so that we would be in compliance to start the procedure tonight. Chairman said that it would be better to have the bids delivered to the City Secretary at the City Hall by 2:00 P. M., November 29, 1973, and that the bids be opened at the council meeting on November 29, 1973, at 7:00 P. M.

Chairman called for a motion directing publication of a notice for bidders on the new City Hall. Councilman, Johnny Vinson, made the motion and John Webb seconded it. It was unanimously carried.

A general discussion followed. Mr. Kerley answered numerous questions propounded by members of the Council, and the Chairman, Mr. W. L. Beene, Mayor, and May R. Shurtz, City Secretary, signed several documents. Mr. Kerley left the meeting at 8:25, and took all of the papers pertaining to the new City Hall with him. Mr. Kerley said he would attend to having the proper notices published in the Lewisville Leader.

The matter of raising fines for traffic violations was discussed, and a list of new fines presented to the Councilmen. It was decided to make an ordinance incorporating the new fines. Motion was made by Buck Mays and seconded by Jim Payne to raise the fines as presented. It was unanimously carried. Chairman asked Police Chief Johnson to take care of notifying the City Attorney to draw up the appropriate ordinance.

The radio equipment that the Police Department wanted to purchase had previously been vetoed by Mayor Beene. After a lengthy discussion, Mr. Beene rescinded his veto, but stated that he felt that he was rescinding under duress.

Mr. Vinson asked Mr. Kingston what he had done about getting the two flags for Jaycees. Mr. Kingston told him that they were in his car. He paid for them, $27.05, and the Councilmen individually reimbursed Mr. Kingston out of their own funds.

There was quite a bit of conversation touching on several subjects, not on agenda, and finally Councilman, Johnny Vinson, made motion and John Webb seconded it that the meeting be adjourned. There being no further business at this time the meeting was adjourned at 9:50 P. M.

MINUTES OF SPECIAL CALLED MEETING

Mr. Vinson told facts concerning his discussion with Mr. McGregor about the 1% excise tax on alcoholic beverages being illegal. Mr. Beene gave information that he received showing that the 1% tax is illegal. The matter was discussed by each and every member of the Council. After much debating it was decided to table the decision until the next meeting of the City Council.

The meeting, after discussing several subjects, none of which required a motion was adjourned on motion made by Johnny Vinson and seconded by Jim Payne.

Mr. Kingston made motion and it was seconded by John Webb that the resignation of W. L. Beene as Mayor be accepted and resignation of Buck Mays as Councilman be accepted.

The matter of having a special election to elect a Mayor to fill the unexpired term of W. L. Beene, and to elect a Councilman to fill the unexpired term of Buck Mays was discussed thoroughly, and it was proposed to have Mayor Pro-Tem Vinson order such election.

Councilman Jim Payne was appointed to act as contact man for the police department, and John Webb was appointed to act as contact man for the road and street department.

Secretary was advised of her duty of securing a bond for John Webb to act as Mayor Pro-tem in the absence of Mayor Pro-tem Johnny Vinson.

May R. Shurtz

May R. Shurtz, City Secretary

CITY OF LAKE DALLAS

LAKE DALLAS, TEXAS 75065

November 13, 1973

TO THE CITY COUNCIL OF LAKE DALLAS, TEXAS:

Gentlemen:

On numerous occasions, I have advised each of you of the loss by the City of Lake Dallas of the 1% on alcoholic beverages - that the City has been collecting approximately $20,000 per year from this source. I explained this to you last Thursday night at the regular meeting of the City Council. I told you that we were in no position to be spending excessive amounts of money. You did not choose to listen, and were prepared to override me on the veto of the purchase of the radio equipment that I felt we could not afford at this time, and I rescinded my veto more or less under duress.

At this meeting I also told you had I been at the meeting of October 11, 1973, I would not have been in favor of purchasing all new uniforms, due to our financial status, said uniforms costing $1,000.00.

As you know, we had an anticipated $103,000.00 revenue for the yearly budget for 1973-74. With the loss of the approximately $20,000.00, aforementioned, the figure is brought down to $83,000.00, if we collect in full all of the anticipated revenue.

I showed you at our last council meeting, November 8, 1973, the Police Department expenditures were $4,824.96, basically. If the expenditures continue in this amount for each month, up to 12 months, the expenditures for the Police Department will amount to $58,000.00. Adding expenditures for Administration and Street Department, in the amounts of $26,185.40 and $28,412.61, respectively, you can readily see that with a total of expenditures for the three different departments totaling $112,597.61 - and subtracting our gross revenues of 83,000.00, the City will be in the red in the amount of 29,597.61 at the end of the year.

I can see no way to increase the City revenue to offset this amount, other than having to double the ad valorem property taxes in the year of 1974. There is not enough new evaluations that will go on the tax rolls in 1974 to make a dent in this amount.

When I was elected to the office of Mayor, at the first council meeting, I promised that I would not try to run this town with revenues received from traffic violations, nor by increasing the property taxes. In the past 3-1/2 years, we have not had a general tax increase, and also in the year of 1972 we gave the taxpayers a 10% across-the-board tax discount. We have made numerous improvements in the City of Lake Dallas without going in debt, and I feel that since management has gotten beyond my control, and feeling that it will be impossible to keep my promise to the citizens of Lake Dallas that I would not run their town in debt, I feel that it is time for me to step down.

I am not angry at any of the City Council, nor am I angry with anyone, for that matter. I do hope there is some way that you can resolve this matter and get our little City back within a budget that we can afford.

Therefore, I hereby extend my resignation from the office of Mayor of the City of Lake Dallas, effective immediately.

I trust that you will call a Special Election and give the citizens of Lake Dallas an opportunity to vote for your new Mayor.

Respectfully submitted,

MINUTES OF
SPECIAL MEETING OF
CITY COUNCIL
NOVEMBER 29, 1973.

Mr. Johnny J. Vinson, Mayor Pro-Tem, opened this meeting at 7:10 P. M. Councilmen present: Jim Payne, John Webb and Larry Kingston.

Mr. Vinson acted as Chairman of the meeting and May R. Shurtz acted as Secretary.

A petition was circulated and signed by over two hundred taxpayers objecting to the building of the new City Hall. The matter of having an election for the purpose of voting on issuing bonds to build the city hall was tabled until such time as a new Mayor and a new Councilman are elected to fill the vacancies now existing. The Councilmen asked the Chairman to go forward with readying for a special election to elect a Mayor for the unexpired term of Mayor Beene, who resigned, and to elect a Councilman for the unexpired term of Buck Mays who resigned. Chairman instructed Secretary, May R. Shurtz to set the election up in order to have it on January 19, 1973, which falls on a Saturday.

Councilman Kingston suggested that the Council members open and examine the bids that had been submitted to the City for construction of the new City Hall. Chairman requested Councilman Kingston to open the bids and read them aloud.

The first bid that Mr. Kingston opened was submitted by Ray F. Skiles Company, Inc. $121,200.00; 210 calander days for completion with increase of $1200.00 for electricity.

Next bid: Sabine Valley Lumber Company, Inc. $129,182.00, 180 calendar days for completion and deduct of $395.00 for electric heat.

Plano Construction Company. Bid in amount of $108,440.00, 150 calendar days to complete and decrease $350.00 for all electric.

David B. Yarbrough Company, $130,000.00, 240 calendar days for completion, add $1350.00 for electric heat.

Kennedy, Inc., $124,977.00, 180 calendar days and decrease bid by $500.00 for electric heat.

Rogers and O'Brian Construction Company, $101,463.00, 150 days and decrease $500.00 for electric heat.

Councilman Kingston said we should keep the two lowest bids: Plano Construction Company, and Rogers and O'Brian. Mr. Dance, the Architect, said he would take the bids and advise each company of the decision of the City to delay the granting of the contract for construction of the City Hall until a later date. The Councilmen then agreed that the matter should be discussed again after the election in January for the new Mayor and new Councilman.

The Chairman then advised the Councilmen that we should pay Mr. Dance's statement for his work on the City Hall specs and Larry Kingston made motion and it was seconded by John Webb that the City send Mr. Dance a check for his statement. Chairman asked the Secretary to write Mr. Dance a letter requesting him to send us a letter stating that at the time we resume plans for the City Hall that he will cooperate and will not cancel out after receiving his check from the City.

Chairman read a letter from LP Properties as follows:

Re: Zoning Ordinance, Section 11,
District C-2, Commercial Zoning

"Gentlemen:

Enclosed is a survey plat of the property in the northeast corner of Shady Shores and Main Street, Lake Dallas, Texas. The property is currently zoned C-2. According to the above-mentioned zoning ordinance, when C-2 zoning abuts residential zoning, there is a required 20' setback on the rear of the lot for a building line. Approximately 300' in the northeast segment of this tract does abut residential zoned property. The remaining 193' abuts C-2 zoned property.

"By this letter, we are requesting a deviation on the portion of this property that abuts residential zoning to conform with the setback requirement on the part that abuts the C-2 zoning. It would be impractical to use this property with the different setback requirements. This tract, that we are purchasing from the Katy Railroad, includes the property on which Shady Shores has been paved. Shady Shores has a 21' strip of

pavement, and we are proposing to dedicate to the City of Lake Dallas a 30' strip of land, free of charge, but must have the requested deviation in order to retain a usable piece of property.

"If you have any question, please do not hesitate to contact me.

Very truly yours,

/s/ Olin Lane, Jr.

These people want to build a shopping center, explained the Chairman, and will also have a doctor and a dentist located in this project. The matter was discussed at length and after due consideration Larry Kingston made motion and John Webb seconded it and it was unanimously carried to grant the above request of deviation in order that the builders may proceed with the planned shopping center.

Mrs. Steene requested the Council to patch the road leading to her home, which is quite impassible. Mr. Kingston explained to her that the city could not do this inasmuch as the street is undedicated. He advised her to get with her neighbors and get them to dedicate the street to the city and it would be fixed.

Mr. Walter Hunter made a nice talk thanking the Councilmen for postponing the building of the new City Hall until a later date.

Mr. Buchannan asked the Councilmen to have the road men clean out the ditch in the street near his home.

The Councilmen discussed several things at random, and finally Councilman Kingston made motion and John Webb seconded it that the meeting be adjourned.

MINUTES OF REGULAR MEETING
OF CITY COUNCIL
DECEMBER 13, 1973, 7:30 PM

Johnny J. Vinson, Mayor Pro Tem, opened the meeting at 7:30 P. M. All Councilmen were present. May R. Shurtz, City Secretary was present.

Johnny J. Vinson acted as Chairman of the meeting, and May R. Shurtz acted as Secretary.

Chairman asked Secretary to read minutes of regular meeting of Council held on November 8, 1973. The minutes by motion of John Webb and second by Jim Payne were approved.

Present at the meeting was James McCurley who made a talk concerning the finances, programs, etc., of the local volunteer fire department, and explaining how difficult it is getting for them to carry on in the future as they have in the past without additional help both physical and financial. He stressed the necessity of having one, at least, paid fireman who will be in the fire hall at all times. A general conversation took place with the councilmen asking questions. Mr. McCurley introduced the Fire Chief, Mr. Nix. He also stressed having an educated fireman who could more or less lead the way and train the other members of the fire department. Chairman asked Councilman Kingston to work with Mr. McCurley to see what can be done to get the volunteer fire department in better shape. The Council will then have a meeting and perhaps invite the Mayors of the other interested towns to attend the meeting.

The Chairman then announced that one of the finest men in our area was at the meeting to talk to us on the electrical services and rates, Mr. Ira Moody. Mr. Moody talked at length and made a very good talk, and told us that he promised for sure that TP&L would not be asking for an increase in the rate for electricity if it weren't necessary. He said it is essential to help insure an adequate supply of electric power and would cost the average residental customer about seven cents more per day. It would become effective on March, 1974 electric bills. The proposed rate hike is only the third in TP&L's 61-year history. In 1972 the Company was granted a six per cent general increase, its first in more than 21 years. Moody cited rapidly rising construction, interest and fuel costs as as the principal reasons for the proposed increase. Mr. Moody quoted figures in connection with producing electricity for their customer's needs. Attached hereto and made a part hereof is a copy of the talk Mr. Moody gave. Also attached is copy of Ordinance 52 pertaining to this matter. Councilman, Jim Payne made motion and Councilman, Larry Kingston, seconded the motion that City of Lake Dallas give TP&L a 10% increase in electric rates. The motion was unimously carried.

At this point Mr. Moody told the Council that he had another proposition to present to the Council: namely, changing

the amount of steeet rentals paid by Texas Power & Light Company to City of Lake Dallas from 2% of its annual gross electrical revenues to 3%. This to become effective at the same time the increase in rates becomes effective. Copy of resolution attached hereto and made a part hereof. Jim Payne made motion and Larry Kingston seconded it that the Council accept the 1% increase offered by TP&L on its annual gross electric revenues, making a total of 3%. See copy of resolution attached hereto and made a part hereof.

Councilman, Jim Payne, talked about the mobile home situation in Lake Dallas. He stated that he made a personal survey of the number of mobile homes and that he believes there were too many and no more should be allowed to move into Lake Dallas except into the mobile home parks. Mr. Payne also said he doubted that all of the owners had been granted permits. There was a lengthy discussion about this question, and Councilman Larry Kingston asked that the City of Lake Dallas pass an Ordinance such that no mobile home will be moved into the City of Lake Dallas unless it is moved into one of the designated mobile home areas. If a mobile home now situated on a private lot burns no mobile home can be moved in to replace it, nor any prefabricated structure cannot be moved into the City of Lake Dallas for human occupancy. Mr. John Webb seconded this motion and it was unanimously carried. This to become effective the 14th day of December, 1973.

Chairman brought up the subject of inspecting the plumbing in new homes in Lake Dallas. He asked if we could get Mr. Herenedeen to do this for the City. No motion was made.

Mr. Vinson read a letter from Mr. Dance concerning the new City Hall, which can be found in the City Hall (new) file.

Mr. Vinson informed the Council of the new employees we can get through a Government program. Mr. Vinson stated that Mr. Carl Ricker who is in charge of the program at Gainsville will be here to discuss this matter more thoroughly if agreeable with the Council. This will be discussed at a later meeting.

Chairman told Councilmen that Mrs. Jean Chambers would come to work and be trained to do Linda's work after she leaves in February. It was agreeable with the Councilmen. Chairman instructed Secretary to contact Mrs. Chambers and have her come into the office and fill out an application blank.

Chairman asked the Councilmen to discuss salary for Mayor. After much discussion it was unanimously agreed by motion made by Larry Kingston and seconded by John Webb that the Mayor's salary be set at $75.00 per month. It was unanimously carried.

Larry Kingston suggested that the Council meet twice a month. Jim Payne made motion and John Webb seconded that the Council meet twice a month: the 1st and 3rd Thursdays of each month. It was unanimously carried.

A discussion in regard to the new City Hall was had. Chairman suggested that we have an election to vote the bonds for the purpose of building a new City Hall. Chairman called for a motion, and Larry Kingston made motion and John Webb seconded it that the City of Lake Dallas have the Special Election the first Saturday in February, being February 2nd, 1974. It was unanimously carried.

Ronnie Miller talked to the Council about the re-zoning of his property. Mr. Miller stated that when he applied for zoning the Council delayed the zoning and gave him a special use permit. He wants it changed to C-2 zoning. The Councilmen and Chairman discussed the matter and Chairman called for a motion. John Webb made motion and Larry Kingston seconded it to re-zone Mr. Miller's property from special permit to C-2. It was unanimously carried.

Financial statement was examined and approved. John Webb made motion to pay bills and Larry Kingston seconded it. Unanimously carried.

Mr. Johnson, Chief of Police, told City Council that with their permission he wanted to have a recreation facility for senior citizens to be held at the fire station. The Council said it would be a nice thing for him to do.

Chief Johnson told Council that it would be necessary to have his squad car worked on. It would cost around $150.00. John Webb made motion and Jim Payne seconded it that the squad car be worked on. It was unanimously carried.

Councilman Larry Kingston talked about Noyse Street. He showed an instrument to the Councilmen that is on record in Denton County showing that Noyse Street is a dedicated street.

Insurance on the City employees was discussed. Chairman asked Police Chief, Mr. Johnson to check on three or four other insurance companies and"see if you can find a better policy for them, than the coverage you now have with American National."

Undedicated streets were discussed, and it was agreed that a check should be made to determine what streets are undedicated and that if possible arrange for them to be dedicated in order for the City of Lake Dallas to repair all of them.

Mr. Vinson, Chairman, asked if that was everything that should be discussed, and asked for a motion to adjourn. Larry Kingston made motion to adjourn and Jim Payne seconded the motion and it was unanimously carried. The meeting adjourned at 10:15 P. M.

May R. Shivers
Secretary

Ira Moody, Texas Power & Light Company Manager, Thursday night asked the City Council of the City of Lake Dallas to grant TP&L a general rate increase, averaging about 10 per cent.

He said the increase was essential to help insure an adequate supply of electric power and would cost the average residential customer about seven cents more per day. It would become effective on March, 1974, electric bills.

The proposed rate hike is only the third in TP&L's 61-year history. In 1972, the Company was granted a six per cent general increase, its first in more than 21 years.

Moody cited rapidly rising construction, interest and fuel costs as the principal reasons for the proposed increase.

"In 1972, TP&L paid about 27 cents per million BTUs for gas," he explained. "Today, new supplies are selling for 70¢ to 90¢ per million BTUs. And even at that price, natural gas is in short supply."

Because of the scarcity of natural gas, TP&L is now relying on other fuels to help meet its electric production requirements. Already, TP&L and two other electric companies have completed two 575,000-kilowatt lignite-fueled generating units at the Big Brown Steam Electric Station near Fairfield. Other lignite plants are now being constructed or are on the drawing boards. Additionally, TP&L recently announced plans to participate in the construction of two 1,150,000-kilowatt nuclear-fueled generating units near Glen Rose.

"If we are to continue to provide our customers with adequate electric power, we must make the transition from natural gas to lignite and nuclear fuel," Moody explained. "And it's going to be expensive."

He noted that although lignite and nuclear fuel costs less than gas or oil, the investment necessary to build such plants is extremely high. He said lignite plants cost about two times as much to build as gas/oil plants, and that nuclear plants cost three to four times as much.

Mr. Moody said there are other new costs to consider for lignite or nuclear-fueled plants.

"At the Martin Lake plant now under construction near Tatum, governmental agencies expect us to spend an extra $100,000,000 on air-pollution equipment alone," he explained.

He said that TP&L's total expenditures for new construction during the next six or seven years will be at least 1 billion dollars.

"That's the same amount we spent on construction during our entire 61-year history," Moody declared.

He told the City Councilmen that more than 60 per cent of the money for new construction must be obtained by selling securities to investors. In order to market the securities, TP&L must have earnings sufficient to pay the interest and dividends on them, Moody said.

"Because of the drastic rise in the cost of borrowing money, the amount TP&L pays just in interest on these large amounts is staggering," he explained.

"Nobody likes rising costs," Mr. Moody continued; "however,

The purpose of the meeting was to try to work out some plan agreeable to all representatives and at the same time help the Volunteer Fire Department with its financial problems, inasmuch as the Fire Department serves all four cities during fires and feel that each town should contribute ~~their~~ proportionate share of the budget the Fire Department is working on. A lengthy discussion followed, each representative offering suggestions, but at first nothing definite being decided. It was then agreed that a budget be set up for the Fire Department and that a count be made to determine the number of people living in the four towns and then prorate the individual shares of the budget as to towns.

Several people talked and suggested different ways of raising the necessary money for the operating expenses of the Volunteer Fire Department. For these different

suggestions, etc., it is suggested that the interested party listen to the tape in file of this meeting. It is impossible to keep up with all phases of this meeting.

One subject was discussed at length and that was the pressing need for one or even two paid firemen, in order that the now volunteers of the Fire Department might be able to rest a little. Most of these men have been serving without any remuneration for 10 or 12 years. Mr. J. B. Briggs of the Water Department attended the meeting and quite a discussion was had in regard to plumbing inspections. After a long discussion Larry Kingston made motion and Johnny Vinson seconded it that Municipal Utility Authority should inspect the roughin in plumbing. (Mr. Briggs said they charged $10.00). The motion was unanimously carried.

Mr. Vinson brought up the question of engineers. Jim Payne suggested that we should stay with the same engineers.

After discussion, it was decided not to buy the asphalt pot at this time. Motion was made by Jim Payne and seconded by Johnny Vinson that the matter be tabled. It was unanimously carried.

Councilman Vinson praised the Chief of Police for his long hours worked and his dedication to the Police Department.

Reports from the Zoning Board concerning Mobile Home Ordinance was read by Mr. Vinson and is:

A new Trailer and Mobile Home Ordinance was discussed by the Board at its meeting on ~~January~~ 13, 1978. Such Ordinance would eliminate any future mobile homes being brought into the city limits of Lake Dallas for any purpose except into the existing Mobile Home Parks.

It has been called to the Board's attention that in the event of natural disaster (such as fire, windstorm, hurrican, hail, etc.), some of our citizens are under the impression they would be compelled by their insurance carrier to replace their mobile home with a comparable model. However, after some investigation, we found most policies read that settlement would be made at the Company's discretion, repair damage, replace mobile home or cash settlement. The owner could of course demand a cash settlement.

It has also been called to the Board's attention that such a broad ordinance may be in violation of a property owner's eminent domain rights and might, therefore, place the city vulnerable to a municipal lawsuit. Therefore, it is the feeling of the Board that perhaps we should attain legal counsel before arriving at a final decision regarding this particular ordinance.

The Board did vote in favor of the proposed new Ordinance restricting any further Mobile Homes being moved into the city limits except into existing Mobile Home Parks, providing that such Ordinance does not violate any citizen's legal rights, thereby leaving the City vulnerable to a lawsuit.

Councilman Larry Kingston made motion to direct an attorney to draft an Ordinance on mobile homes. The motion was seconded and unanimously carried.

At the same meeting of the Zoning Board the Claudia Faught Property located in the McCarroll Subdivision, 1A, Abstract #958,

.58 acres - request made by Bud West to change the zoning of such property from R-3 Apartments to C-2 Commercial to permit a dry cleaning and florist shop. Property owners within 200 feet of this property were not properly notified, therefore, this matter is to be carried over to next meeting of the City Council, March 7, 1974.

W. J. Butts Property located in the MEP & PRR Subdivision, Block 16, Abstract #924, 2.070 Acres - request made by the owner to change the zoning of such property from R-2 3600 Residential to R-3 Apartments. After discussion and with no objections, Johnny Vinson made motion that the change be made and Larry Kingston seconded the motion and it was unanimously carried.

O. F. Herd Property located in the MEP & PRR Subdivision, Block 18B, Abstract 924, 3.011 Acres - request made by the heirs of such property that the zoning classification be changed from R-2 3600 Residential to R-3 Apartments. This request carried over to next regular meeting of City Council on March 7, 1974.

Mr. Vanzura stated that at next Council Meeting on March 7, 1974, new members of Zoning Board would be named.

All other Zoning matters were tabled until next meeting.

There being no more business to be transacted at this meeting, Jim Payne made motion and Larry Kingston seconded it that the meeting be adjourned. The meeting was, therefore, adjourned at 9:35 P. M.

The remodeling inside the portion of the building occupied by the Municipal Utility Authority will be paid for by the Authority. Mr. Briggs stated that they would like to have a contract with the City pertaining to the Municipal Utility Authority occupying one-half of the building. Councilman Bill Grammer made motion to have an agreement between the City and Municipal Utility Authority drawn up and presented to City Council, the motion was seconded by Johnny Vinson and it unanimously carried. The Mayor asked if the City wanted to go one-half of the cost of remodeling the outside of the City Hall. The contract that the City will present the Municipal Utility Authority will be for a period of three years, with the understanding that if for any reason the City finds that we cannot remain in the building the City will notify the Municipal Utility Authority to that effect, giving them a fair period of time to vacate. CLOSED MEETING - PERSONNEL, ETC.
HELD MARCH 7, 1974 RIGHT
AFTER REGULAR MEETING

Councilmen and Mayor opened the special closed meeting at 9:20 P. M. The first request (not pertaining to personnel) was a request for a "flow of cash" report to be presented to the Councilmen at the next regular meeting, March 21, 1974.

Inasmuch as it has been determined that the 1% excise tax that the City has been charging the liquor-beer-wine dealers is not legal, the Councilmen discussed ways of charging the dealers with a tax of some sort that is legal. Mr. Riley Fletcher of Texas Municipal League was contacted and he explained that an occupation tax is legal, but that the amount involved is negligible. He suggested that I call the Alcoholic Beverage Commission at Austin and ask them about the legal fees, etc. I talked with Mr. Charles Hare and he said the occupation tax on beer & wine, off premises consumption, is $5.00 - our part would be $2.50 per year. On whiskey the occupation tax is $125.00 - our part would be $62.50, and he said that is all we can charge. We can't charge for a permit or anything else. The telephone number of the Commission in Austin is 512-475-2912.

I also asked Mr. Fletcher about changing the fiscal year of our City, and he said we could do that at any time choosing any period that we wanted. Say for instance, July 1, through June 30 - then the current budget would run through September 30, as originally set up, and at the end of September we then would make a budget for 9 months, or through June 30, at which time we could set up a budget for the full fiscal year. A long discussion followed concerning our budget but no motion of any kind was made.

A discussion followed regarding a raise for Mrs. Jean Chambers. Councilman John Webb made motion and Johnny Vinson seconded it giving Mrs. Chambers a $75.00 a month raise, making a total of $475.00 a month.

As promised when Chief Johnson was employed the Councilmen said he was due a raise. Mr. Webb made motion and Johnny Vinson seconded it to give Chief Johnson a $50.00 a month raise, making a total salary of $850.00 a month. It was unanimously carried.

Meeting was adjourned at 10:45 P. M.

All members of the Council being present, Mayor Vanzura called the meeting to order at 7:30 P.M.

Mayor Vanzura then administered the Oath of Office to Mr. James W. Hutto, recently appointed to the Council to serve out the unexpired term of Mr. Larry W. Kingston.

Mayor Vanzura explained that the purpose of this meeting was to make public the proposed budget for the 1974-75 fiscal year. He invited citizens of Lake Dallas, as well as Councilmembers, to make comments regarding the preliminary budget, and make their feelings know regarding the direction the City should take in the upcoming fiscal year.

Councilman Grammer agreed to meet with the Board of Directors of the Volunteer Fire Department in an effort to determine exactly the procedure we should follow in hiring the paid Fireman allocated in the budget, and also to determine the position of the other communities served by that Department. It was also suggested that perhaps the City should investigate the possibility of securing an additional paid Fireman, his salary to be funded by other means than from the City Treasury.

Council then discussed the proposed budget in its entirety, but no motions were made.

There being no further business for discussion, Councilman Vinson made a motion that the meeting be adjourned. Councilman Webb seconded the motion and it carried. The meeting was adjourned at 8:10 P.M.

MINUTES OF REGULAR MEETING OF CITY COUNCIL HELD AT CITY HALL AUGUST 15, 1974

All members of the Council being present, Mayor Vanzura called the meeting to order at 7:30 P.M.

Secretary was asked to read the minutes of the previous meetings. Councilman Webb made a motion that such minutes be accepted as read. Councilman Vinson seconded the motion and it carried.

Councilman Vinson made a report regarding the improvements presently being made by the Street Department. He stated that the present Revenue Sharing Funds designated for Street improvements had been expended, and that, in order to complete the improvements scheduled for this summer, it would be necessary that approximately $2,500.00 be taken from the City's Operating Account and repaid in October, when additional Revenue Sharing Funds become available.

On the Citizen's Agenda, Council heard from Mrs. Carolyn Green, Manager of the Garza Estates Mobile Home Park, relative to the drainage ditch in front of the Park on Shady Shores Road. It was agreed that a large front-end loader was needed to clean the ditch, and that an agreement could be reached with Mrs. Betty McRae to use her equipment for that purpose in exchange for City manpower working on her property.

After hearing a report made by Councilman Webb regarding the Administrative Office, Councilman Grammer made a motion that the office hours of City Hall be changed to 8:30 A.M. to 5:30 P.M. Councilman Vinson seconded the motion and it carried.

Mrs. Carolyn Green addressed Council relative to the Police Department. Mayor Vanzura stated inasmuch as one officer is presently in school, there is some lag time that an officer is not on duty. However, one officer should be available on standby.

After discussion of the Lone Star Gas rate increase to be effective September 1, 1974, Councilman Grammer made a motion that the matter be turned over to the City Attorney. Councilman Vinson seconded the motion and it carried.

Mayor Vanzura read a letter received from Mr. Richard H. Kelsey, Attorney for the Dess Limited interest, regarding the rezoning of their property located on the Service Road of I 35. Councilman Vinson made a motion that this matter be tabled until a later date. Councilman Webb seconded the motion, and it carried.

Councilman Vinson made a motion that the matter of paved alleys in Phase II of the Kings Manor Subdivision be referred to the City Attorney, Mr. Paul Isham. Councilman Grammer seconded the motion, and it carried.

Councilman Grammer made a motion that her resignation be accepted as requested. Councilman Vinson seconded the motion, and it carried.

City Secretary read a proposed ordinance entitled "AN ORDINANCE BY THE CITY COUNCIL OF THE CITY OF LAKE DALLAS, TEXAS, REGULATING THE USE OF MOBILE HOMES WITHIN THE CITY LIMITS; DEFINITIONS; DECLARATION OF SAME TO BE A PUBLIC NUISANCE; EXEMPTION; PROVIDING A SEVERABILITY CLAUSE; PROVIDING A PENALTY; AND PROVIDING AN EFFECTIVE DATE". Councilman Grammer made a motion that such ordinance be adopted. Councilman Vinson seconded the motion, and it carried.

Mayor Vanzura informed Council that no City insurance coverage was provided for any person riding in a Police Patrol Car, other than the officer himself. Council instructed City Secretary to ascertain what the cost of such coverage would be.

Mayor Vanzura asked Council to seriously consider commissioning someone to serve as Municipal Court Judge during the next fiscal year. He suggested that a young attorney from Denton or Lewisville could serve well in that capacity. Councilman Grammer suggested that such action might necessitate the adoption of an ordinance amending the present ordinance; thereby allowing for the appointive office of Municipal Court Judge.

Mayor Vanzura informed Council that the results of the Technical Assistance Report, as prepared by the Law Enforcement Assistance Administration, had been received. He suggested that such report be studied by each councilman in order that it may be discussed at a later date.

Mayor Vanzura recommended that Clint Barker's salary be increased from $600.00 per month to $650.00 per month inasmuch as, in the absence of a Police Chief, he is presently assuming the duties of Operation's Sergeant. WHEREAS, the City of Lake Dallas will receive approximately $13,648.00 during the present fiscal year of vitally needed fiscal assistance through General Revenue Sharing; and

WHEREAS, Revenue Sharing funds are received directly from the federal government with a minimum of federal bureaucratic red tape, which enables the City of Lake Dallas to use its revenue sharing funds to meet the locally-determined priority needs of the community; and

WHEREAS, the citizens of Lake Dallas consider their local elected officials accountable for the expenditure of revenue sharing dollars, and that accountability has resulted in increased citizen involvement in identifying the priority needs of the community; and

WHEREAS, the City of Lake Dallas has appropriated $20,259.00 of revenue sharing funds that have been received during the past two years solely for the purpose of street improvements; and

WHEREAS, the citizens of Lake Dallas are severely affected by the spiraling and unprecedented rate of inflation, which is stripping them of their hard-earned income; and

WHEREAS, the current inflationary rate of 12% also is undermining the ability of the City to provide essential services to the community within reasonable and acceptable levels of local taxation; and

WHEREAS, the general revenue sharing program is providing essential fiscal relief from the devastating impact of inflation, and

WHEREAS, the general revenue sharing program, which began in 1972, will terminate in 1976 unless the 94th Congress, which is being elected this November and will convene in January of 1975, authorizes its extension; and

WHEREAS, termination of the general revenue sharing program would place the City of Lake Dallas in the untenable position of either having to decrease essential community services by 10% or raise taxes by 27%;

NOW, THEREFORE, BE IT RESOLVED that the City of Lake Dallas, unanimously endorses the continuation of general revenue sharing, and calls for its reenactment by the 94th Congress in order to insure that vitally needed federal assistance will be provided to the City of Lake Dallas.

BE IT FURTHER RESOLVED that candidates for the U. S. House of Representatives from this district, U. S. Senator Lloyd Bentsen, and U. S. Senator John Tower be requested to publicly state their support for the reenactment of the general revenue sharing program in order for the citizens of Lake Dallas to be informed of their commitment or lack thereof, to this essential federal assistance program.

Ray Roberts	Democratic candidate for the U. S. House of Representatives
Dick LeTourneau	Republican candidate for the U. S. House of Representatives

MINUTES OF REGULAR MEETING OF CITY COUNCIL HELD AT CITY HALL MAY 8, 1975

All members of the Council being present, for the exception of Councilman Bill Grammer, Mayor Vanzura called the meeting to order at 7:35 P.M.

Councilman Beene moved that the minutes of the previous meeting be accepted as presented to Council. Councilman Vinson seconded the motion, and it carried unanimously.

On the Citizen's Agenda, Council heard from the following persons:

Mr. David Ward called for immediate enforcement of of the Dog Lease Ordinance. Mrs. Carolyn Green, together with several other persons reinforced Mr. Ward's plea for Council action. After much discussion, Councilman Vinson moved that the Police Department be authorized to purchase a tranquilizer gun for the purchase of subduing stray animals without harming them, together with the animal net and cages. Councilman Beene seconded the motion, and it carried unanimously.

Mrs. Carolyn Green also petitioned Council to take action that will alleviate the drainage problem in the Garza Estates Mobile Home Park. Council agreed that the City Engineer should be consulted for his opinion as to a proper solution to the problem, and then Councilman Vinson and Mr. Elmer Crawford would meet with Mrs. Green for the purpose of discussing appropriate action.

Councilman Vinson informed Council that Mr. and Mrs. Frank Sarvas has requested by letter that the City take appropriate action to open the abandoned street that once ran between the old Garrison Property and the Lake Dallas Automotive Property which will allow access to the east side of their property. It was determined by Council that said street was never dedicated to the City, never platted nor maintained by the City, and, in fact, has not been in use for at least thirty years.

Councilman Vinson asked why construction of buildings had started in the townhouse development before the streets, crub and gutters were completed. He stated this in violation of the Subdivision Ordinance and agreements made by the Developer and General Contractor with the Planning and Zoning Commission. Building Inspector, Mr. Larry Kingston, answered that he had granted permission to go ahead with the foundation construction because street construction could not begin until such time as the water and sewer were completed, and the delay was costing the General Contractor valuable time and money. Also, Mr. Kingston stated it was his opinion it was better that the heavy cement and sand trucks not travel over the newly constructed streets and curbs.

Councilman Vinson reported on the present activities of the Street Department, and requested that Council consider adopting a new policy with respect to street repairs necessitated because of cuts made by utility companies and not properly repaired by such companies. After much discussion, Council agreed that the present ordinance pertaining to the cutting of City streets should be enforced without exception.

Councilman Hutto moved that a new Schedule of Permit Fees be adopted with respect to commercial construction only. Councilman Vinson seconded the motion, and it prevailed by the following vote:

AYES: Messrs. James Hutto and Johnny Vinson
NOES: Messrs. W. L. Beene and Roy Harper

Mayor Vanzura then voted AYE to break the tie vote, and the motion carried. A copy of the adopted Permit Fee Schedule is attached hereto and made a part of these minutes.

Councilman Beene moved that $5,000 of the $19,240.00 in General Revenue Sharing Funds received for Entitlement Period 6, July 1, 1975 through June 30, 1976, be allocated to the Police Department for Capital Outlay of Vehicles. The remainder of $14,240.00 to be allocated to the Street Department for Capital Improvements of Streets. Councilman Hutto seconded the motion, and it carried unanimously.

Councilmen Johnny Vinson and James Hutto agreed they would make the trip to Fairfield, Texas for the purpose of touring Texas Power and Light Company's lignite plant.

Council agreed they would be unable to attend TML's Institute for Mayors and Councilmembers to be held in Amarillo May 17 through May 20.

Councilman Hutto seconded the motion, and it carried unanimously.

(CITY SEAL)

A RESOLUTION BY THE LAKE DALLAS CITY COUNCIL PROCLAIMING THE WEEK OF JUNE 29, 1975 AS NATIONAL SAFE BOATING WEEK IN LAKE DALLAS, TEXAS.

WHEREAS, more Americans each year are choosing boating as the ideal way to relax with their families and friends. All too often, however, what starts out as a pleasant cruise ends in tragedy because boatmen fail to teach their families to swim, fail to properly equip their craft with life preservers and other protective devices, or fail to instruct their passengers on the use of such devices prior to a boating cruise; and

WHEREAS, every year, about 1,300 lives are lost in boating accidents. These fatalities can be reduced and boating made more pleasurable if those who engage in it will emphasize boating safety rules; and

WHEREAS, recognizing the need for that emphasis, the Congress, by a joint resolution approved June 4, 1958 (72 STAT. 179), has requested the President to proclaim annually the week which includes 4 July as National Safe Boating Week (NSBW).

NOW THEREFORE BE IT RESOLVED that the City Council of the City of Lake Dallas, Texas do hereby designate the week beginning 29 June 1975 as

NATIONAL SAFE BOATING WEEK IN LAKE DALLAS

We urge all who use our waterways to acquire those skills essential to their own safety and that of others and to apply them carefully,

IN WITNESS WHEREOF, I have hereunto set my hand this 13th day of June in the year of our Lord nineteen hundred and seventy five.

City Councilmen & Citizens
of the
City of Lake Dallas, Texas

Gentlemen:

Please accept this letter as my resignation from the office of mayor of the City of Lake Dallas, Texas effective as of June 24, 1975.

As you are aware, the State Bar of Texas has issued its Opinion Number 382 concerning the possible city official's conflict of interest in the field of municipal government. Since it is my solemn professional duty to represent my clients, the Opinion explicitly delinates the paramaters of this relationship when one excercises the office of mayor or councilman. I feel that in order to avoid any question of impropreity and to promote public confidence in our system of government and law that I should respectfully withdraw from office. This decision is predicated upon the expressed principles of the Opinion and the needs of my family. No consideration has been given to any other reason if any did, in fact, exist.

I wish to express my appreciation to the people of the City of Lake Dallas for allowing me to serve as their elected representative and I hope that they have seen our city improve with a municipal administration organized for their needs. I especially want to thank the past and present members of the city council for their support and assistance during the time of my administration.

Respectfully submitted,

Ronald D. Vanzura

They further stated they felt discriminated against because that property was not included in the C-3 Zoning District at such time as the Zoning Ordinance was amended. Mayor Vinson again informed the group that Council had no authority to arbitrarily grant a change in zoning classification without the Planning and Zoning Commission first hearing the request. Mayor Vinson then presented Mr. Singleton with a letter outlining the procedural requirements for a change in zoning classification, and suggested that an application be made through proper channels.

Representatives from Centennial Homes, Messrs. Clayton Sanders and John Zackery, addressed Council relative to the failing condition of streets in Phase II of the Kings Manor Subdivision. After much discussion, Council agreed to grant permission to Centennial Homes to break and reconstruct the streets at their expense, with approval of plans and timely inspection of construction and materials being made by Mr. Harry Gray, Consulting Engineer for the City. It was further agreed that Mr. Gray would report back to Council after due study and inspection of the plans submitted by Centennial Homes.

Council agreed that a work session on the 1975-76 Budget would be scheduled for Wednesday, August 20, 1975, at 7:00 P.M., in the City Hall Building, and that a separate work session would be scheduled at that time for the purpose of reviewing the present subdivision ordinance.

Councilman Hutto moved that the minutes of the December 11, 1975 meeting be accepted as presented by City Secretary. Councilman Grammer seconded the motion, and it carried unanimously.

Mr. David Milsap addressed Council relative to his request for a refund of the $150.00 fee posted in March, 1975 with his application for a change in zoning classification. He stated his request was actually for a permit to operate a private club within the City Limits of Lake Dallas, and was later informed by an attorney that the City had no jurisdiction in such matters. Therefore, in his judgement, he was due a refund of those monies erroneously posted. Mayor Vinson informed Mr. Milsap that certified letters were mailed to all owners of real property located within 200 feet of the proposed location, and the matter was placed on the Agenda of the Planning and Zoning Commission. Therefore, administrative costs were incurred, and no refund was in order.

Messrs. Vincent Galier and Larry Weatherly, representing Peter W. Galier & Associates, appeared before Council relative to that organization's request for a change in zoning classification from the M-1 Light Industrial District to the R-3 Apartment District with respect to approximately two acres of land (300' X 300') fronting Shady Shores Road, and located 690.15' South of the Swisher Road intersection. Mr. Galier stated they planned to build a 40 unit apartment complex, 16 one bedroom apartments with a total of 603 square feet per unit, 24 two bedroom apartments with 800 square feet per unit, and further requested a variance from the minimum 900 square footage, as specified in Ordinance No. 25, to allow for same. Councilman Hutto moved that both the request for a change in zoning classification and the request for a variance in minimum square footage be granted. Councilman Grammer seconded the motion, and it prevailed by the following vote:

The Reverend John Peel, representing approximately twenty Little League Teams in the community, requested the City to consider paying the electric bill on a lighted baseball field beginning this spring season. He stated funds had been raised for the purchase of the necessary fixtures, equipment, etc., and the Lake Dallas United Methodist Church had granted the use of their field if none other was available. Reverend Peel further stated, due to the large participation, it was impossible for all the teams to compete before darkness, thereby making a lighted field mecessary to the continuous of the teams. Councilman Hutto moved that the City agree to pay the electric bill for the lighted field in an effort to encourage the young people and provide them with the opportunity for constructive activity. Councilman Payne seconded the motion, and it prevailed by

the following vote:

AYES: Messrs. James W. Hutto, J. C. Payne and Bill Grammer
NOES: None
Councilman Roy V. Harper abstained from the vote.

Councilman Hutto moved that the City purchase Survey Monuments as needed, and erect same for the purpose of establishing permanent boundary lines for those surveys made recently and in the future. Councilman Payne seconded the motion, and it carried unanimously.

Councilman Hutto moved that the matter of the City applying for a low interest, long term loan with F.H.A. in behalf of the Community Center and/or Fire Department be tabled until more specific information is available. Councilman Harper seconded the motion, and it carried unanimously.

Councilman Payne moved that a Resolution be adopted authorizing renewal of a note, in the principal sum of $5,982.89, held by Lake Cities State Bank with respect to one 1970 Ford Two Ton Truck. Councilman Hutto seconded the motion, and it carried unanimously. A copy of such Resolution is attached hereto and made a part of these minutes.

Mr. David Baggs, Secretary of the Lake Dallas Area Volunteer Fire Department, addressed Council relative to what he termed "derogatory" remarks made by Councilman Beene at the December Council meeting relative to his department. He stated each complaint had been investigated by the Board of Directors of the Fire Department and proved to be unfounded. He requested a public apology by Mr. Beene inasmuch as his remarks, as reported in the local papers, had damaged the Fire Department. He further requested that in the future any and all complaints involving the Fire Department be made first to the Board of Directors. Then, if sarisfaction is not forthcoming, such complaints could be made public. Mayor Vinson apologized for the incident, and pledged the Council's continued cooperation and support to the Fire Department.

Council reviewed the Fire Department's Activity and Financial Reports for the month of December and the entire year of 1975, as submitted by Chief Roy Lester.

Councilman Grammer moved that the Police Training School Schedule for 1976 be approved as submitted by Chief Bill Haddox. Councilman Hutto seconded the motion, and it carried unanimously. Council then reviewed the Police Department's December Activity Report.

It was agreed that the Mayor should call a Special Work Session sometime in February, at the City Attorney's convenience, for the purpose of discussing needed revisions to the Building Code, Subdivision and Zoning Ordinances.

Council reviewed the Schedule of Receipts and Disbursements for the month of December, 1975, the quarterly Budget Report, and the January Accounts Payable. Councilman Hutto moved that City Secretary be authorized to pay those bills due and payable in January. Councilman Harper seconded the motion, and it carried unanimously.

Councilman Hutto requested that all absences of councilmembers from future meetings be excused by the Council, as set out in the Handbook for Mayors and Councilmembers.

Mayor Vinson informed Council that the County Surveyor had completed his survey of Stadium Drive, and the street was in fact located approximately six feet on Mr. and Mrs. W. L. Hunter's property. It was determined that such street had known its present location for many years and, due to the fact that many

streets within the City are not located where they should be, the City had not the means with which to undertake the relocation of all misplaced streets at this time. Therefore no action would be taken on the Stadium Street matter.

Mayor Vinson further informed Council he had received several complaints relative to a dog kennel located at the East end of Carlisle Street. It was agreed that those complainants should file formal complaints under the nuisance ordinance, and such complaints would subsequently be placed on the docket of Municipal Court.

There being no further business for discussion, Councilman Grammer moved the meeting be adjourned. Councilman Hutto seconded the motion, and it carried unanimously. Mayor Vinson adjourned the meeting at 9:45 P.M.

MINUTES OF REGULAR MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL FEBRUARY 12, 1976

Mayor Johnny J. Vinson called the meeting to order at 7:30 P.M. Councilmembers Bill Grammer, Roy V. Harper, James W. Hutto, W. L. Beene and J. C. Payne were present. City Secretary, M. Jean Chambers, acted as recording secretary.

Councilman Hutto moved that the minutes of the January 8, 1976 meeting be approved as presented by City Secretary. Councilman Payne seconded the motion, and it carried unanimously.

On the Citizen's Agenda, Council heard from the following persons:
Mr. W. L. Hunter stated that Stadium Drive is presently located approximately eight feet on his property. He requested that the street be moved South six feet, and he would deed two feet of his property to the City providing the neighbors to the South (across Stadium Drive) were willing to do the same. He further stated the street had not been located in its present position for as long as ten years. Mr. Hunter also stated that the neighbors to the South of his property were in fact operating a garage in a residential zoning district inasmuch as the property had not ever been zoned commercial. He presented Council with a petition, signed by eight adjacent property owners, requesting enforcement of the Zoning and Nuisance Ordinances as same relates specifically to Lot Nos. 15, 16, 17 and 18, of Block 1, in the Garza Beach Estates Subdivision, presently owned by Mr. Bob Boliver. Councilman Hutto moved that the matter be tabled for further study and investigation, providing Mr. Hunter with a decision within thirty days. Councilman Payne seconded the motion, and it carried unanimously.

Mrs. Carolyn Green did not appear of the Citizen's Agenda inasmuch as the potential fire hazard had been alleviated.

Mr. Jack Locke, representing Lone Star Gas Company, was present to answer any questions relative to the unusually high gas bills recently received by Lake Dallas residents. He stated the high bills were due to some degree to the fact that the meter reader had not actually read the meters for several months, only estimated the readings. Such meter reader was subsequently dismissed, and replaced with a competent man who properly read the meters, resulting in high gas bills for some users. He provided a comparison of rates charged for the months of December, 1974, January and February of 1975 with the same months of 1975 and 1976, and stated the present Lake Dallas rate was lower than that of the cities of Flower Mound, Lewisville and Grand Prairie.

City Administrator, Joe Yalenty, provided Council with cost and revenue projection figures with respect to the City's providing solid waste disposal service to residents. Councilman Beene moved that the matter be tabled for further study, and taken up again in a special work session to be scheduled later. Councilman Harper seconded the motion, and it carried unanimously.

Mr. Glen Farley, owner of the Lake Area Disposal Service, petitioned Council to consider passing an ordinance requiring all residents to subscribe to the solid waste disposal serving the City. Otherwise, he stated a rate increase would be needed to support the service inasmuch as the volume is just not enough to do so. Council agreed to take the matter under advisement. Motion was made by Councilman Beene, seconded by Councilman Grammer, and carried unanimously.

Councilman Hutto moved that the matter of purchasing a roller for the Street Department be tabled until other bids are received for consideration. Councilman Harper seconded the motion, and it carried unanimously.

Councilman Grammer moved that Mr. Ray Pinkerton be appointed to the Planning and Zoning Commission to fill the vacancy created by Mr. Jim Culpin's recent resignation. Councilman Payne seconded the motion, and it carried unanimously.

Councilman Grammer moved that the Lake Cities Sun be designated the City's official newspaper. Councilman Payne seconded the motion, and it carried unanimously.

Councilman Grammer moved that a resolution be adopted establishing procedure for the City Officer's Election to be held April 3, 1976 whereby a Mayor and two Councilmembers will be elected. Councilman Beene seconded the motion, and it carried unanimously. A copy of such resolution is attached hereto and made a part of these minutes.

Councilman Grammer moved that the seven chairs for the council table not be purchased at this time. Councilman Payne seconded the motion, and it carried unanimously.

Councilman Beene moved that "A RESOLUTION AUTHORIZING THE CITY ADMINISTRATOR TO ACT AS APPLICANT ON BEHALF OF THE CITY OF LAKE DALLAS, TEXAS FOR COMMUNITY DEVELOPMENT DISCRETIONARY BLOCK GRANT FUNDS, FEDERAL DOMESTIC ASSISTANCE CATALOGUE #14.219" be passed and approved. Councilman Harper seconded the motion, and it carried unanimously. A copy of such resolution is attached hereto, and made a part of these minutes. It was further agreed that two public hearings would be held March 3 and 4, 1976, at 7:30 P.M., in the City Hall Building, for the purpose of explaining the Community Development Block Grant Program to the citizenry, and provide them with an opportunity to express their ideas and opinions regarding the types of projects and programs for which funds should be sought from the federal government for use in 1976-77.

City Administrator, Mr. Joe Yalenty, made a progress report regarding the annexiation of Willow Grove Park. Councilman Hutto moved that the City proceed with such annexiation. Councilman Harper seconded the motion, and it carried unanimously.

Mr. Yalenty further reported to Council on the status of the Street Sign Reimbursement Program, and the street numbering of all properties within the City.

Chief Bill Haddox made the Police Department's Activity Report for the month of January, 1976. He informed Council he had received permission for his patrolmen to attend the Dallas County Sheriff's Office Academy at no tuition cost to the City. He further explained this will eliminate the need to activate the balance of those funds allocated for continuing education in this fiscal year. Councilman Hutto moved that the patrolmen attending classes be permitted to drive the patrol cars to and from the academy. Councilman Payne seconded the motion, and it carried unanimously.

Council reviewed the January Activity and Financial Reports as submitted by the Fire Department.

Council reviewed the Schedule of Receipts and Disbursements for the month of January, 1976, and February Accounts Payable, as submitted by City Secretary. Councilman Beene moved that City Secretary be authorized to pay those bills due in March. Councilman Hutto seconded the motion, and it carried unanimously.

Councilman Hutto moved that "A RESOLUTION RATIFYING AND CONFIRMING THE AUTHORIZATION OF SHIRLEY W. PETERS TO FILE AN ANSWER IN CAUSE NO. 75-2026-B, 158TH JUDICIAL DISTRICT COURT, DENTON COUNTY, TEXAS, STYLED LAKE CITIES INDUSTRIAL FOUNDATION, INC. VS. CITY OF LAKE DALLAS, TEXAS, ET AL" be passed and approved. Councilman Grammer seconded the motion, and it carried unanimously. A copy of such resolution is attached hereto and made a part of these minutes.

There being no further business for discussion, Councilman Hutto moved for an adjournment. Councilman Payne seconded the motion, and it carried unanimously. Mayor Vinson adjourned the meeting at 10:40 P.M.

I, M. JEAN CHAMBERS, City Secretary of the City of Lake Dallas, Texas, do hereby certify that the above and foregoing is a true and correct copy of a Resolution adopted by the City Council of the City of Lake Dallas, Texas, at a Regular Meeting held on the 12th day of February, 1976; that such meeting was open to the public, after due notice.

MINUTES OF SPECIAL MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL MARCH 3, 1976

Mayor Johnny J. Vinson called the meeting to order at 7:30 P.M. Councilmembers James W. Hutto, J. C. Payne and Roy V. Harper were present. Councilmembers Bill Grammer and W. L. Beene were absent. City Secretary, M. Jean Chambers acted as recording secretary.

City Administrator, Mr. Joe Yalenty, explained the purpose of the meeting is to provide the citizenry with an opportunity to express their ideas and desires regarding the types of projects and programs for which funds should be sought from the federal government for use in the community during 1976-77. Mr. Yalenty stated he proposed to apply for $100,000.00 Community Development Block Grant through HUD. He explained such grant is discretionary, and any monies granted must be used to benefit persons of low or moderate income and in areas that are blighted or otherwise rundown. Therefore, data must be submitted to HUD which will support our need, and verify that funds will be spent to benefit low income groups.

A group of citizens from the Kings Manor Subdivision inquired as to whether or not improving the drainage ditch, located between Kings Manor and Prince Drives, would qualify for grant assistance. Mr. Yalenty stated improving the drainage ditch would not meet the guidelines as established by HUD for this particular grant inasmuch as such improvement would not benefit low income persons, and the Kings Manor Subdivision was not a blighted area.

After much discussion, it was agreed that the grant monies should be sought for the purpose of acquiring a hydraulic and drainage study of that area of the City bound by Lakeview Street to the West and Cain Street to the South.

There being no further business for discussion, Councilman Payne moved that the meeting be adjourned. Councilman Hutto seconded the motion, and it carried unanimously. Mayor Vinson adjourned the meeting at 8:55 P.M.

Mayor Vinson called the meeting to order at 7:30 P.M. Councilmembers James W. Hutto, J. C. Payne and Roy V. Harper were present. Councilmembers W. L. Beene and Bill Grammer were absent. City Secretary, M. Jean Chambers, acted as recording secretary.

City Administrator, Mr. Joe Yalenty, stated this was the second of two public hearings held for the purpose of allowing the citizenry an opportunity to express their ideas relative to the manner in which grant funds should be used within the community, more specifically a $100,000.00 Community Development Block Grant for which pre-application will be made by the City on March 15, 1976.

Councilman Payne moved that the meeting be adjourned inasmuch as only one citizen was present, and that person had also been present at the preceding

meeting wherein the criteria, as established by HUD, for this particular grant was discussed. Mrs. Cyril C. Hermes was then asked if she wished to waive the right to this hearing, and she agreed to same. Councilman Hutto seconded the motion, and it carried unanimously.

MINUTES OF REGULAR MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL MARCH 11, 1976

Mayor Johnny J. Vinson called the meeting to order at 7:35 P.M. Councilmembers James W. Hutto, J. C. Payne, W. L. Beene, Bill Grammer and Roy V. Harper were present. City Secretary, M. Jean Chambers, acted as recording secretary.

Councilman Beene moved that the minutes of the February 12, 1976 meeting be approved as presented by City Secretary. Councilman Hutto seconded the motion, and it carried unanimously.

On the Citizen's Agenda, Council heard from the following persons:
Mr. W. L. Hunter informed Council he maintains Mr. Bob Boliver is in fact operating a commercial garage on his property located on Stadium Drive. He further stated the property is zoned residential, and such land usuage is in conflict with the zoning ordinance. He said the noise and the fumes were very disturbing, and requested that Council enforce the Zoning Ordinance as same relates to the Boliver property.

Mr. Bob Boliver stated he had maintained his home at the present location since 1951 (25 years), and had always parked his trucks and repaired same at this location. He stated he was self-employed in the grain and harvest business, and that his family owned six grain trucks and two diesel trucks. He further stated he only made repairs on those particular vehicles, and did no repair work for the public.

After much discussion by Council and concerned citizens present, it was agreed the Bolivers would continue to work only on their own vehicles, making no repairs after sundown, and make every effort possible not to disturb their neighbors.

Councilman Payne moved that Stadium Drive not be relocated due to the fact that many streets in the City were not located properly, and the cost to move every street to its proper location would be astronomical to the taxpayer. Councilman Hutto seconded the motion, and it prevailed by the following vote:

AYES: Messrs. J. C. Payne, James W. Hutto and Bill Grammer.
NOES: Mr. Roy V. Harper
Councilman W. L. Beene abstained from the vote.

Councilman Beene moved that the Election Judge and clerks be paid the minimum hourly wage as in the past, with the Election Judge being paid an extra $5.00 for the day. Councilman Hutto seconded the motion, and it carried unanimously.

Councilman Beene moved that the back room of the City Hall Building be remodeled for council chambers at an approximate cost of $1,000.00. Councilman Payne seconded the motion, and it prevailed by the following vote:

AYES: Messrs. W. L. Beene, J. C. Payne, Roy V. Harper and Bill Grammer
NOES: Mr. James W. Hutto

After much discussion relative to junk and abandoned houses within the City, it was agreed that Fire Chief Roy Lester would make a list of same and report his findings to Council for further action.

Councilman Grammer moved that a street map of the City be obtained at an approximate cost of $250.00. Councilman Payne seconded the motion, and it carried unanimously.

Council agreed the Special Work Session should be scheduled for April 12 and 13, 1976, providing these dates are convenient for the City Attorney.

Council reviewed the February Activity Report as submitted by the Police Department.

Councilman Payne moved that the City purchase the extended warranty program on the G.E. personal portable radios at a cost of $144.00 for the first year. Councilman Hutto seconded the motion, and it carried unanimously.

Police Chief Bill Haddox stated he had received scholarship funds of $325.00 from COG to attend a seminar on "Police Civil Liability and the Defense of Citizen Misconduct Complaints" to be held in New Orleans March 29-31, 1976, but estimated his expense to be approximately $475.00. Councilman Hutto moved that the City pay the additional $150.00 to enable Chief Haddox to attend such seminar. Councilman Payne seconded the motion, and it carried unanimously.

Council reviewed the February Activity and Financial Reports as submitted by the Fire Department.

Councilman Hutto moved that "A RESOLUTION BY THE CITY COUNCIL OF THE CITY OF LAKE DALLAS, TEXAS, AUTHORIZING THE LAKE DALLAS AREA VOLUNTEER FIRE DEPARTMENT TO USE ONE 1973 CHEVROLET ½ TON SUBURBAN VAN AS AN EMERGENCY RESCUE VEHICLE" be passed and approved. Councilman Beene seconded the motion, and it carried unanimously. A copy of such resolution is attached hereto and made a part of these minutes.

Council reviewed the Schedule of Receipts and Disbursements for the month of February, 1976, and the March Accounts Payable. Councilman Beene moved that City Secretary be authorized to pay those bills due and payable in March, 1976. Councilman Hutto seconded the motion, and it carried unanimously.

City Administrator, Joe Yalenty, made a report on the Community Development Block Grant, and stated the pre-application was ready to be submitted to HUD. Councilman Payne moved that such pre-application be submitted as prepared. Councilman Hutto seconded the motion, and it carried unanimously.

Councilman Beene moved that a resolution be passed and approved authorizing the City Administrator to act as a coordinator for the Federal Flood Insurance Program within the City Limits of Lake Dallas. Councilman Harper seconded the motion, and it carried unanimously. A copy of such resolution is attached hereto and made a part of these minutes.

Councilman Hutto moved that a resolution be passed and approved authorizing the Lake Dallas Planning and Zoning Commission to review building permits and subdivision proposals for conformity with flood prevention practices. Councilman Payne seconded the motion, and it prevailed by the following vote:

AYES: Messrs. James W. Hutto, J. C. Payne, Roy V. Harper and Bill Grammer.
NOES: None
Councilman W. L. Beene abstained from the vote.

A copy of such resolution is attached hereto, and made a part of these minutes.

Councilman Hutto moved that the matter of letting bids with respect to the Hydrostatic Roller be tabled for further study and investigation, and discussed again at the next regular meeting. Councilman Beene seconded the motion, and it carried unanimously.

There being no further business for discussion, Councilman Beene moved that the meeting be adjourned. Councilman Hutto seconded the motion, and it carried unanimously. Mayor Vinson adjourned the meeting at 9:45 P.M.

MINUTES OF REGULAR MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL APRIL 8, 1976

Mayor Johnny J. Vinson called the meeting to order at 7:30 P.M. Councilmembers W. L. Beene, James W. Hutto, J. C. Payne, Roy V. Harper and LeeRoy W. Schramm were present. City Secretary, M. Jean Chambers, acted as recording secretary.

Councilman Payne moved that the minutes of the meetings held March 3, 4 and 11, 1976 be approved as presented by City Secretary. Councilman Beene seconded the motion, and it carried unanimously.

Mayor Vinson and City Secretary began the official canvass of the results of the City Officers' Election held April 3, 1976 for the purpose of electing a Mayor and two Councilmembers to a new two year term. It was determined that a total of 883 votes were cast for 26 persons by 328 qualified voters. Councilman Beene introduced a resolution and order, and moved its adoption. Councilman Payne seconded the motion, and it carried unanimously. Such resolution and order is attached hereto and made a part of these minutes.

Notary Public, M. Jean Chambers, then administered the Oath of Office to the newly elected Mayor, Johnny J. Vinson, and Councilmembers, Roy V. Harper and LeeRoy W. Schramm. Such Oaths of Office are attached hereto and made a part of these minutes. The newly elected officers were presented Certificates of Election.

On the Citizen's Agenda, Council heard from the following persons:
Mrs. Elva Pockrus protested against the City constructing a shelter for the street vehicles on their property located at 351 Betcham Street primarily because of the possibility that a dog pound might ultimately be constructed on the premises.
Mrs. Jackie Kovsky stated Golden Distributing Company should be complimented on the beautiful building constructed on their property located at 400 North Stemmons. She further stated the landscaping was particular beautiful, and should serve as an example to other citizens to beautify their property.

Miss Pam Tod-Brown addressed Council regarding the Denton County Health Department coming to Lake Dallas once per month, or as often as the need justifies, for the purpose of giving free inoculations. She stated it would be necessary that a request be made in writing, directed to the Nursing Supervisor, and a building be provided with restrooms conveniently located to the room in which the shots will be given. It was agreed that such a request would be made, with all the details being handled by City Administrator, Mr. Joe Yalenty. Councilman Beene made the motion, seconded by Councilman Schramm, and carried unanimously.

Councilman Harper moved that C. J. and Mary Mayfield be granted a Special Use Permit to operate a commercial greenhouse at the rear of their property located at 215 Betcham Street. Such Special Use Permit would be subject to review on this date, 1978. Councilman Beene seconded the motion, and it carried unanimously.

Mayor Vinson asked Council to consider granting the City a Special Use Permit to construct a shelter for the street vehicles on their property located at 351 Betcham Street, and called for discussion on the matter. Mrs. Elva Pockrus stated her main objection was to the possibility that dogs might be housed on the property, and further asked that the set back requirements be checked out as they relate to the foundation presently on the property. Another citizen requested that any structure placed on the property be constructed to meet all building codes.

After much discussion on the matter, Councilman Beene moved that the City be granted a Special Use Permit, subject to review in one year, with the stipulation that no holding pens for animals be placed on the property and that such property be well maintained so as not to offend the adjacent property owners. Councilman Payne seconded the motion, and it prevailed by the following vote:

AYES: Messrs. W. L. Beene, J. C. Payneand Roy V. Harper.
NOES: Messrs. James W. Hutto and LeeRoy W. Schramm.

Councilman LeeRoy W. Schramm submitted his letter of resignation from the Planning and Zoning Commission. Councilman Beene moved that Mr. Howard Davis be permitted to continue to serve on the Planning and Zoning Commission until such time as replacements for both he and Mr. Schramm can be appointed. Councilman Hutto seconded the motion, and it carried unanimously.

Councilman Hutto moved that all bids on new Hydrostatic Rollers be rejected, and that a used Roscoe VibraPac Roller be purchased from Hi-Way Machinery Company for a total sales price of $3,150.00. Councilman Schramm seconded the motion, and it prevailed by the following vote:

AYES: Messrs. James W. Hutto, LeeRoy W. Schramm, J. C. Payne and Roy V. Harper.
NOES: None
Councilman W. L. Beene abstained from the vote.

Councilman Hutto moved that the Comprehensive General-Automobile Liability Insurance coverage for the policy year beginning March 25, 1976 be awarded to the Lake Dallas Insurance Agency, who submitted the low bid of $2,704.00 for such insurance coverage. Councilman Payne seconded the motion, and it carried unanimously.

Councilman Beene moved that City Secretary and one clerk attend a Seminar on trends and legal aspects of Municipal Court to be held in Denton April 22-23 for a registration fee of $30.00 per person. Councilman Shramm seconded the motion, and it carried unanimously.

Chief Bill Haddox made the Police Department's Activity Report for the month of March, 1976. He also made a brief report on the seminar he recently attended in New Orleans entitled "Police Civil Liability and the Defense of Citizen Misconduct Complaints", and requested that this matter be placed on the Agenda for the Special Work Session so that same may be covered in greater detail. Chief Haddox stated he had been invited by North Central Texas Council of Governments to serve on the Advisory Committee for Technical Equipment Project.

Councilman Beene stated the week of April 12 is Spring Vacation for the children, and he planned to be out of the city on holiday with his family. Council agreed the Special Work Session previously scheduled for April 12 and 13 should be cancelled and rescheduled after the Easter Holiday.

Mr. David Baggs, Secretary-Treasurer of the Lake Dallas Area Volunteer Fire Department, presented his department's Activity and Financial Reports for the month of March.

Councilman Beene moved that the applications for the Fire Chief's position be reviewed in Executive Session. Councilman Hutto seconded the motion, and it carried unanimously.

Council reviewed the March Schedule of Receipts and Disbursements and the April Accounts Payable as submitted by City Secretary. Councilman Beene moved that City Secretary be authorized to pay the April Accounts Payable. Councilman Hutto seconded the motion, and it carried unanimously.

It was agreed that Councilman LeeRoy W. Schramm would succeed former Councilman Bill Grammer in his liaison position with the Fire Department.

City Administrator, Mr. Joe Yalenty, reported to Council on the status of the house numbering, street map projects, and the Discretionary Block Grant Application recently submitted to HUD.

Councilman Beene moved that the meeting be recessed for ten minutes, and then enter into Executive Session for the purpose of discussing personnel. Councilman Hutto seconded the motion, and it carried unanimously. Mayor Vinson recessed the meeting at 9:35 P.M.

Council reconvened in Executive Session at 9:45 P.M., and reviewed applications for the Fire Chief's position submitted by Messrs. David Baggs and Sherman Winters. Mr. Charles Berry, Chief of the Lake Dallas Area Volunteer Fire Department, stated both applicants were members of the Board of Directors of that organization. He further stated it was the opinion of such Board that both applicants were well qualified for the Fire Chief's position, and the Board would support each man equally. After much discussion relative to the matter, Council instructed City Secretary to research the City's liability in hiring a full time fireman to work with the volunteer organization that serves the four city area. City Administrator was instructed to check with the other three cities in an effort to seek their assistance in funding the position. Council agreed to postpone any decision on the matter until the requested information was obtained.

There being no further business for discussion, Councilman Beene moved that the meeting be adjourned. Councilman Hutto seconded the motion, and it carried unanimously. Mayor Vinson adjourned the meeting at 10:30 P.M.

MINUTES OF REGULAR MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL JUNE 10, 1976

Mayor Johnny J. Vinson called the meeting to order at 7:40 P.M. Councilmen W. L. Beene, Roy V. Harper, James W. Hutto, J. C. Payne and LeeRoy W. Schramm were present. City Secretary, M. Jean Chambers, acted as recording secretary.

Councilman Payne moved that the minutes of the Regular Meeting held May 13 and the Special Meeting held May 18 be approved as presented by City Secretary. Councilman Beene seconded the motion, and it carried unanimously.

Councilman Schramm moved that Mr. David Baggs' appointment as Fire Chief effective June 1, 1976 be confirmed for the record. Councilman Beene seconded the motion, and it carried unanimously.

On the Citizen's Agenda, Council heard from the following persons:
Mr. Glenn Bailey petitioned Council to abandon Wall Street (runs East and West approximately 210' between Crest Drive and Lake Street in Lake Dallas Shores Subdivision) as indicated on the new City Plat. He stated the street had not been used or maintained as a public thoroughfare for over fifteen years. He further stated access on the East had been closed by trees, and the only access to such street presently was over private property. Mr. Bailey also proposed to relinquish any interest he might have in the triangle bounded by Crest, Lake and Grand Drives as indicated on the City Plat. Council agreed to refer the matter to the City Administrator to check out the legality of such abandonment, including utility easements, etc.

Mr. Raymond King addressed Council relative to the Bicentennial Celebration to be held July 4, 1976. He stated fire works should be permitted for this important celebration in accordance with tradition, and asked Council to consider temporarily setting aside the ordinance prohibiting same, or amending such ordinance to the extent that the discharging of fireworks would be permissible over this holiday weekend. Council agreed the unsupervised discharging of fireworks constituted a threat to public safety, and should not be considered.

Mrs. Theresa Gladys complained about the streets in Kings Manor Subdivision, and requested adequate repairs to same. She stated loose rock was prevalent, and requested that the same materials used in repairs last year not be used again this year. She also requested something be done to improve the present condition of the drainage ditch located between Kings Manor and Prince Drives. Council instructed the City Administrator to see that insecticide was placed in the ditch periodically for the purpose of controling the mosquitoes.

Councilman Schramm moved that Mr. Howard Davis be appointed to another two year term on the Planning and Zoning Commission. Councilman Hutto seconded the motion, and it carried unanimously.

Councilman Beene moved that Mr. Jack Ezzell be appointed to a two year term on the Planning and Zoning Commission to fill the remaining vacancy. Councilman Harper seconded the motion, and it prevailed by the following vote:

AYES: Messrs. W. L. Beene, Roy V. Harper and J. C. Payne.

NOES: Messrs. James W. Hutto and LeeRoy W. Schramm.

Councilman Hutto stated he was tied up coaching Little League Baseball until September, and asked to be relieved of his duties to represent Council on the Planning and Zoning Commission. Mayor Vinson appointed Mayor Pro Tem Roy V. Harper to serve in that capacity until such time as Councilman Hutto's schedule will permit him to resume that responsibility.

Councilman Beene moved that the present Zoning Ordinance be referred to the City Attorney for amendment eliminating the Board of Adjustment. Councilman Harper seconded the motion, and it prevailed by the following vote:

AYES: Messrs. W. L. Beene, Roy V. Harper and J. C. Payne.
NOES: Messrs. James W. Hutto and LeeRoy W. Schramm.

Councilman Hutto moved for a ten minute recess. Councilman Beene seconded the motion, and it carried unanimously. Mayor Vinson recessed the meeting at 8:25 P.M.

Mayor Vinson called the meeting to order again at 8:35 P.M.

Councilman Beene stated the City should protest against Westlake and Oakland Parks being closed at 9:00 P.M. Mayor Vinson asked the City Administrator to contact the Corps of Engineers in an effort to investigate the matter, and report his findings to Council.

Councilman Beene moved that a "PROCLAMATION BY THE CITY COUNCIL OF THE CITY OF LAKE DALLAS, TEXAS, PROCLAIMING A BICENTENNIAL 21 DAY FLAG SALUTE FROM JUNE 14 THROUGH JULY 4, 1976" be passed and approved. Councilman Schramm seconded the motion, and it carried unanimously. A copy of such proclamation is attached hereto, and made a part of these minutes.

Mr. Glen Farley, owner of Lake Area Disposal Service, asked Council to consider passing an ordinance making refuse collection mandatory within the City. He stated such an ordinance was necessary to maintain reasonable and fair rates inasmuch as only approximately one-half of the households presently subscribe to the service. He further stated the commercial dumpsters are being filled beyond capacity with household garbage of nonsubscribers. After much discussion on the subject by both the Council and citizens present, it was agreed the matter would be referred to the City Administrator for further investigation.

City Administrator, Mr. Joe Yalenty, reported to Council on the status of the City's pending grant applications.

Councilman Hutto moved that "A RESOLUTION TO ESTABLISH THE PLANNING AND ZONING COMMISSION AS THE CITIZENS ADVISORY BOARD" and " A RESOLUTION IN SUPPORT OF COMMUNITY WIDE PLANNING GOALS AND OBJECTIVES AS OUTLINED BY THE CITIZENS ADVISORY COMMISSION" be passed and approved. Councilman Schramm seconded the motion, and it carried unanimously. Copies of both resolutions are attached hereto, and made a part of these minutes.

Chief Bill Haddox presented the Police Department's May Activity Report.

Cindy Haddox, wife of recently resigned Police Chief Bill Haddox, stated her husband had resigned his position with the City to accept a better paying position, and not because of any conflict with the Council as has been rumored. She further urged the Council to "pull together" in an effort to obtain the best possible city government for Lake Dallas.

Mayor Vinson reported that Mr. Ken Moran, representing Lake Dallas Insurance Agency, was unable to make the employee group insurance proposal at this meeting as indicated on the Agenda. Council generally agreed that type cooperation was all that should be required.

Chief David Baggs presented the Fire Department's Activity and Financial Reports for the month of July. Chief Baggs reported on the Fire Prevention School he recently attended at Texas A & M University. He further stated he was presently working with the City Planner on a Fire Code to be used together with the Building Code, and urged its ultimate adoption by Council. Chief Baggs stated 59 properties had been cleared of potential fire hazards since his employment in June of this year. He also requested that Council review the present ordinance pertaining to burning trash and rubbish, and consider amending same in the near future in accordance with certain recommendations which will be forthcoming.

Mr. Elmer Crawford, Superintendent of the Street Department, made a report regarding the status of the summer street improvements. He stated a new asphalt material was used on the first streets resealed which was thought to be unsatisfactory. Mr. Crawford said he had now examined those streets, together with the County Commissioner, and it was their belief the 100 plus temperatures had caused the old asphalt to bleed through the new material. He further stated after this summer's scheduled repairs were completed, the City could begin to curb, gutter and hot-top one street at a time, doing a professional job.

Councilman Schramm moved that City Secretary be authorized to attend a Seminar entitled "Basic Responsibilities and Functions of the City Secretary" to be held on South Padre Island September 9-10, and that her expenses, in the approximate amount of $200.00, be paid by the City. Council agreed to take the matter under advisement.

Mayor Vinson informed Council Mr. Bob Jameson, Superintendent of Schools, had requested that Prince Drive be continued approximately 780 feet South across Lynn Burial's property to Hundley Drive for the purpose of providing better access to the schools for children in the Kings Manor Subdivision, thereby relieving traffic congestion on Hundley Drive and promoting greater safety for walking school children. He further stated the City could grade, level and gravel such street at an approximate cost of $600.00, providing an easement could be obtained from the owner. Councilman Beene moved that the street be continued to Hundley Drive as requested by the School Superintendent. Councilman Harper seconded the motion, and it prevailed by the following vote:

AYES: Messrs. W. L. Beene and Roy V. Harper.
NOES: Messrs. James W. Hutto and LeeRoy W. Schramm.

Council reviewed the disposition of citations and complaints as processed by the Municipal Court September 7, 1976.

Mayor Vinson announced Council would recess for ten minutes, and then enter into Executive Session as provided by Article 6252-17, Section 2 (g) of Vernon's Texas Civil Statutes. No minutes were taken in the Executive Session.

Council reconvened in open session at 9:25 P.M. Mayor Vinson stated a Policy Manual for City Employees would soon be written in which job descriptions, duties, classifications, sick leave and vacation time, etc. would all be outlined.

STATE OF TEXAS X

COUNTY OF DENTON X

I, M. Jean Chambers, City Secretary of the City of Lake Dallas, Texas, do hereby certify that the above and foregoing is a true and correct copy of a resolution passed by the City Council of the City of Lake Dallas, Texas on the 26th day of October, 1976.

IN TESTIMONY WHEREOF, witness my hand and seal of the City of Lake Dallas, Texas, this the 2nd day of November, 1976.

M. Jean Chambers, City Secretary
CITY OF LAKE DALLAS, TEXAS

M E M O R A N D U M

TO: Johnny Vinson, Mayor, Lake Dallas, Texas

FROM: LeeRoy Schramm, Councilman, Lake Dallas, Texas

To Mayor Johnny Vinson, Councilmen Roy V. Harper, James Hutto, Slats Beane, and Jim Payne be it understood that "individually or collectively" I cannot nor will not support the decision on the part of this Council to APPEAL AND SUPERCEDE the decision handed down by the Denton County District Court to restrain the City of Lake Dallas from taking over or interfering with in any way the operation of the LCMUA.

It is my contention that the actions taken by this Council will provoke both near and long term financial, economic, and environmental liabilities which will adversely effect the quality of life in Lake Dallas.

In my opinion, due to Council's decision, the tax paying citizens of Lake Dallas are faced with the following exposures:

- o unstable operation of the water utility service;
- o unnecessary and unbearable litigation costs;
- o increased tax burdens on the citizens of Lake Dallas due to total bond liability and bond re-financing expenses;
- o local economic degradation;
- o deep social and community division;
- o potential loss of Federal grant monies;
- o potential State Water Quality and EPA Agency intervention and controls.

These are serious considerations which cannot be taken lightly. Elected officials are responsible for the public well being and the citizens cannot afford the enormous liabilities associated with the actions this Council has taken tonight.

Signed: LeeRoy Schramm 10/20/76

MINUTES OF REGULAR MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL NOVEMBER 11, 1976

Mayor Johnny J. Vinson called the meeting to order at 7:30 P.M. Councilmembers Roy V. Harper, James W. Hutto, J. C. Payne and LeeRoy W. Schramm were present. Councilman W. L. Beene was absent. City Secretary, M. Jean Chambers, acted as recording secretary.

Councilman Schramm moved that the minutes of the meetings held October 7, 14 and 21, 1976 be approved as presented by City Secretary. Councilman Hutto seconded the motion, and it carried unanimously.

Mayor Vinson read a letter received from Mr. W. L. Beene stating "I hereby tend my resignation from the City Council of the City of Lake Dallas effective as of 11:00 A.M. November 3, 1976". Councilman Hutto moved that Mr. Beene's resignation be accepted. Councilman Schramm seconded the motion, and it carried unanimously. Inasmuch as Mr. Beene's term expires in April, Council agreed that consideration should be given to allowing the seat to remain vacant until the next regular election. City Secretary was instructed to check to see if that is permissable. Otherwise, someone from the citizenry would be appointed to serve out the unexpired term.

Councilman Schramm moved that the City Secretary and City Planner be authorized to attend Texas Municipal League's Annual Convention to be held in Dallas November 14-16, 1976, and that the usual and customary expenses incurred be paid by the City. Councilman Payne seconded the motion, and it carried unanimously.

City Planner, Mr. Joe Yalenty, reported the City's application for 701 Planning Grant funds will soon be ready for signatures. He stated some changes has been made to insure the City's eligibility for funds next year. He further reported he would do the environmental study, and the drainage study would be done by Consulting Engineer, Mr. Harry L. Gray. Mr. Yalenty said more money may be needed to complete the drainage study, with Phase I of same being completed by late winter.

Mr. Yalenty strongly urged Council to encourage all property owners to place numbers on their houses and places of business in an effort to facilitate emergency units in locating properties. It was suggested it might become necessary to pass an ordinance making it mandatoryto do so. It was generally agreed the City should place block numbers on all street signs.

Chief Joe Rosson presented the Police Department's Activity Report for the month of October. He reported the 1975 Police Car was not operable and needed repairs totaling at least $1,300.00. Chief Rosson recommended purchasing a new 1977 LTD 2S Ford (police package) at a purchase price of $4,905.14, less trade in value of $1,800.00 for the 1975 car, making the total purchase $3,105.14. Councilman Payne moved the new police car be purchased as requested, with the Mayor and City Secretary negotiating a loan with the Lake Cities State Bank. Councilman Hutto seconded the motion, and it prevailed by the following vote:

AYES: Messrs. J. C. Payne, James W. Hutto and LeeRoy W. Schramm.
NOES: None
Councilman Roy V. Harper abstained from the vote.

The October Activity and Financial Reports of the Lake Cities Area Volunteer Fire Department were presented by past Fire Chief, Mr. Charlie Berry. He then introduced the newly elected Fire Chief, Mr. Johnny Johnson.

Councilman Payne moved the appointments of Messrs. Jerry McCutcheon and Curtis Webb to the Advisory Board of LCAVFD be confirmed. Councilman Schramm seconded the motion, and it carried unanimously.

Mr. Berry reported to Council the City of Lake Dallas' share of the Fire Department's budget is $13,465.46, with an additional $4,000.00 needed from Lake Dallas for Capital Outlay expense (down payment on new fire truck), making a total of $17,465.46. City Secretary advised $12,125.00 had already been allocated to the Fire Department in the City's 1976-77 Budget, but the capital outlay expense of $4,000 had not been planned for. Councilman Schramm moved that the City pledge by resolution the additional financial support as requested by the Volunteer Fire Department. Councilman Schramm accepted an admendment presented by Councilman Hutto. The amendment is as follows "In the event the towns of Corinth, Hickory Creek and Shady Shores do not participate to their full financial responsibility, the City of Lake Dallas will withdraw its financial support accordingly as pledged to the Lake Cities Area Volunteer Fire Department". Councilman Hutto seconded the motion, and it carried unanimously. A copy of the resolution is attached hereto and made a part of these minutes.

Councilman Schramm moved the note, in the amount of $4,406.10, with the Lake Cities State Bank, secured by one 1970 Ford two-ton fire truck, MV #F60DCH81843, be renewed at 7% interest to become due and payable September 30, 1977. Councilman Payne seconded the motion, and it carried unanimously. A copy of such Note is attached hereto and made a part of these minutes.

Council reviewed the Schedule of Receipts and Disbursements for the month of October, the Accounts Payable for November, and the November Municipal Court Report. Councilman Hutto moved the City Secretary be authorized to pay the Bovember Accounts Payable. Councilman Payne seconded the motion, and it carried unanimously.

There being no further business for discussion, Councilman Hutto moved the meeting be adjourned. Councilman Payne seconded the motion, and it carried unanimously. Mayor Vinson adjourned the meeting at 8:50 P.M.

All projects under contract have a completion deadline of May, 77, and this arrangement has secured the City's eligibility for funding next year.

Mr. Yalenty further stated both the Fire and Police Departments had requested an ordinance be passed requiring that all buildings within the City be properly identified with reflectorized letters for the purpose of assisting emergency units in locating properties. MINUTES OF REGULAR MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL FEBRUARY 10, 1977

Mayor Johnny J. Vinson called the meeting to order at 7:35 P.M. Councilmembers Charlie W. Berry, Roy V. Harper, James W. Hutto, J. C. Payne and LeeRoy W. Schramm were present. City Secretary, M. Jean Chambers, acted as recording secretary.

Councilman Hutto moved that the minutes of the meetings held January 12 and 13 be approved as presented by City Secretary. Councilman Payne seconded the motion, and it carried unanimously.

On the Citizen's Agenda, Council heard from the following persons: Mrs. Carolyn Green stated the dogs running loose within the City constituted a real nuisance, and urged that some means be found to enforce the Dog Leash Ordinance.

Mr. Lee Nichols requested that the trash piled at the South end of Kings Manor Drive be removed. Police Chief Joe Rosson stated he had contacted the persons responsible, and in the event such trash was not removed within the week, a complaint will be filed in Municipal Court.

Mrs. Jess Stowe requested that the ditch running North from Hundley Drive on Lakeview Drive be cleaned. She stated it appeared raw sewerage was being pumped into said ditch.

Mr. Jack Locke, District Manager of Lone Star Gas Company, requested authority for his Company to increase their rates on the average of 20.3% within the City. Council agreed the gas leakage figures submitted were far too great, and indicated irresponsibility on the part of the Gas Company. It was further agreed that if such leakage was better controlled, it would be reflected in a considerable savings to the consumer. Councilman Hutto moved that the request for a 20.3% rate increase be denied, and that a rate increase of 10% be granted to Lone Star Gas Company. Councilman Berry seconded the motion, and it carried unanimously.

Mr. Lynn Bural, representing Regional Airport Investment, Inc., stated the Winn-Dixie Grocery chain has indicated an interest in the construction of a store to be located on 1.11 acres out of the 28.08 acre tract at Shady Shores Road and Hundley Drive providing they are permitted to sell beer and wine for off premises consumption. He stated they were willing to amend their original request for a change in zoning classification from the C-2 District to the C-3 District to anything that would permit the proposed super market to sell beer and wine. He further stated the representatives for Winn-Dixie, Inc. expected the store to gross $3,000,000.00 minimum the first year, would employ approximately forty persons, and will not consider the location without the sell of beer and wine. Council discussed the matter in great detail and listened to the comments of interested citizens present. Councilman Payne moved that the matter be tabled until such time as a representative from the Winn-Dixie, Inc. can be present. Councilman Berry seconded the motion, and it carried unanimously.

Councilman Hutto moved that Mr. Clyde Edwards be appointed to the Planning and Zoning Commission to fill the vacancy created by Mr. Kermit Fonteno's consecutive absences from the meetings of such Board. Councilman Schramm seconded the motion, and it carried unanimously.

Councilman Payne moved that "AN ORDINANCE PROVIDING FOR PROPER NOTIFICATION OF THE CITY SECRETARY BY THE STREET SUPERINTENDENT WHENEVER THE STREET SUPERINTENDENT HAS ERECTED AND INSTALLED ANY OFFICIAL TRAFFIC CONTROL DEVICE, SIGNAL OR SIGN AT ANY LOCATION IN THE CITY OF LAKE DALLAS, OR CAUSED THE SAME TO BE DONE AND SPECIFYING THE CONTENT OF SUCH NOTIFICATION" be passed and approved. Councilman Schramm seconded the motion, and it carried unanimously.

Councilman Hutto moved that a Resolution be adopted in support of the Texas Legislature enacting legislation which will afford to General Law Cities the powers of annexation necessary to implement orderly growth and development commensurate with Home Rule Cities. Councilman Payne seconded the motion, and it carried unanimously. A copy of such resolution is attached hereto and made a part of these minutes.

Councilman Schramm moved that City Planner, Mr. Joe Yalenty, proceed to annex that portion of Willow Grove Park from Hundley Drive South to Carlisle Drive. Councilman Hutto seconded the motion, and it carried unanimously.

Councilman Hutto moved that a resolution be passed and approved establishing procedure for the City Officers' Election to be held April 2, 1977. Councilman Payne seconded the motion, and it carried unanimously. A copy of such resolution is attached hereto, and made a part of these minutes.

It was agreed that Councilman Payne would assist Street Superintendent Mr. Elmer Crawford in purchasing a suitable pick-up truck for the Street Department.

Chief Rickey Payne presented the Lake Cities Volunteer Fire Department's Activity and Financial Reports for the month of January.

Councilman Berry asked that consideration be given to passing ordinances relative to the following:

1. establishing certain procedures for obtaining burning permits, with such permits to be issued only under certain conditions with specific restrictions.
2. require smoke detectors to be installed in all new construction, apartments, and when making major alterations in homes.
3. providing a penalty for the incapacation and obstruction of fire hydrants.
4. requiring plat maps of each subdivision be furnished the Fire Department explicitely differentiating between proposed and existing fire hydrants.

Councilman Berry further requested the City enter into a planned fire hydrant replacement, maintenance and installation program, and stated the Fire Department will assume responsibility for flushing, test flowing, color coding, painting, servicing and maintaining written records on all fire hydrants. Council agreed to take the matters under advisement.

Councilman Harper moved that the matter of constructing holding cells at the rear of the Police Department offices be tabled until the next regular meeting. Councilman Berry seconded the motion, and it carried unanimously.

Councilman Hutto moved that Police Chief Joe Rosson attend the A.E.L.E. Workshop on Police Civil Liability to be held in New Orleans March 28-30 at an estimated cost of $673.00, $500.00 of which will be reimbursed by North Central Texas Council of Governments. Councilman Payne seconded the motion, and it carried unanimously.

Chief Rosson presented the Police Department's January Activity Report.

Council reviewed the Schedule of Receipts and Disbursements for the month of January, and the February Accounts Payable. Councilman Payne moved that City Secretary be authorized to pay those accounts now due. Councilman Schramm seconded the motion, and it carried unanimously.

At 11:00 P.M., Mayor Vinson announced Council would enter into Executive Session for the purpose of discussing the appointment and evaluation of personnel as provided by Article 6252-17, Section 2 (g) Vernon's Texas Civil Statutes.

Mayor Vinson opened the meeting to the public at 12:00 A.M.

Mr. J. B. Briggs, Manager of the Lake Cities Municipal Utility Authority, stated the Board of Directors of LCMUA had approved the installation of a six inch water line in these areas. However, he added, it is necessary that the City Council and the Water Board agree on where such line should be placed, in the street or in the easement. In the event it is decided the line should be placed in the utility easement, such easement would have to be cleared in some cases by adjacent property owners who have constructed buildings, fences, etc. In the event the line is placed in the street, the Water Board felt it only fair that the City bear the expense of repairing the streets inasmuch as the Authority was bearing the expense of installing the line. The matter was discussed in great detail, but no motions were made.

Fire Chief Rickey Payne presented the February Activity and Financial Reports of the Lake Cities Volunteer Fire Department. Councilman Schramm requested Chief Payne submit a six month budget report on his department.

Council agreed to take under advisement the request to appoint a Fire Marshall.

Chief Joe Rosson presented the Police Department's Activity Report for the month of February.

Chief Rosson presented each member of the Council with a copy of the March 9 issue of the Lewisville Daily Leader which contained an article relative to the Police Department and their handling of the Bruce Waggoner matter, such information supposedly given to the paper by City Planner Joe Yalenty. Chief Rosson said he and his officers were told the information given in the preliminary investigation held March 8 would be held in strict confidence by the Council, and requested some disciplinary action be taken with respect to Mr. Yalenty. It was agreed the information contained in the article was not the same as was revealed in the hearing, at which Mr. Yalenty was not present, indicating clearly the information for the article was not obtained as a result of the information given at the hearing. Chief Rosson further stated he would submit his resignation, together with eight other resignations of Police Department personnel effective April 15 or sooner. Mayor Vinson asked Chief Rosson if he wished to present those resignations at this time, and he did so.

City Secretary presented the Schedule of Receipts and Disbursements for the month of February and the March Accounts Payable. Councilman Hutto moved that City Secretary be authorized to pay the March Accounts Payable. Councilman Payne seconded the motion, and it carried unanimously. A copy of said Accounts Payable is attached hereto and made a part of these minutes.

Council reviewed the March Municipal Court Report.

Council discussed the City's position in joining with other small Denton County cities in the land fill development project to be located in the North section of the County, and asked that Mr. Yalenty keep them informed in the matter.

Mayor Vinson announced Council would enter into Executive Session for the purpose of discussing the Police personnel problem as provided by Article 6252-17, Section 2 (g), Vernon's Texas Civil Statutes.

Council reviewed the resignations submitted earlier, and discussed each in great detail, but no motions were made.

Mayor Vinson opened the meeting to the public at 10:20 P.M. He stated he would meet with Police personnel to discuss the resignations, and make plans to replace personnel.

There being no further business for discussion, Councilman Schramm moved the meeting be adjourned. Councilman Hutto seconded the motion, and it carried unanimously. Mayor Vinson adjourned the meeting at 10:40 P.M.

Furthermore, grantee agrees to pay at the end of its fiscal year a 2% gross receipts tax calculated on the gross receipts and revenues derived from Lake Dallas customer collections.

SECTION TWO. Furnishing of Service. Grantee shall be required to furnish collection service to any person or organization, public or private, within the corporate limits of grantor after receipt of a written request for such service. Grantee will at all times keep said vehicles covered with a tarpaulin or other suitable cover, mechanical or otherwise, while operating in the City of Lake Dallas, except when in the actual process of collection.

SECTION FIVE. Fees. The fee to be charged and collected by grantee from persons served for services performed under the franchise shall be reasonable and within the maximum schedule of rates approved by the City Council of the City of Lake Dallas; a copy of the schedule shall at all times be kept on file in the office of the City Secretary of grantor. The maximum schedule of rates shall be reviewed and determined by the City Council each year during the term of the franchise. It is further understood and stipulated that the City Council of the City of Lake Dallas, in the event a controversy should arise as to reasonable acceptable services and prices, reserves the right to determine this issue, but under no circumstances shall the price be less than the prevailing price for

like services rendered in adjoining cities in the counties of Denton, Dallas, Tarrant, Collin or Grayson.

In addition, grantee shall, at his discretion, haul garbage for a special service charge when:

SECTION EIGHT. The grantee agrees to comply with all of the existing laws of the United States, and any further laws which may be enacted by the United States or this State, and agrees to comply with the regulations of any regulatory body or officer authorized to prescribe or enforce regulations pertaining to the operation of garbage disposal, it being expressly agreed that nothing in this franchise shall be construed in any manner to abridge the right of the City of Lake Dallas to pass or enforce necessary police and health regulations for the protection of the inhabitants of said City of Lake Dallas.

SECTION NINE. The grantee shall hold the City of Lake Dallas harmless from all expense or liability fue to any act, conduct, or omission on the part of the grantee, his employees, invitees, or subcontractors.

SECTION TEN. This grant or franchise is personal to the Grantee and shall not be assignable, either in part, nor in its entirety, and any transfer of this franchise, either by deed or operation of law, shall immediately terminate this franchise, notwithstanding any other provision contained herein.

SECTION ELEVEN. Nothing herein contained shall prevent grantee from contracting with other counties in the State of Texas, and with other cities and towns within the County of Denton for the collection of garbage and the disposal of garbage.

SECTION TWELVE. The violation of any of the terms of this franchise shall automatically terminate this franchise.

The fact that the City of Lake Dallas, Texas, and its inhabitants, are in immediate need of the relief afforded by the provisions of this ordinance creates an emergency and an imperative public necessity demanding that any rule reguiring ordinances to be passed at more than one separate meeting be suspended, and that this ordinance take effect from and after its passage, and it is so ordained.

Johnny J. Vinson, Mayor
James W. Hutto, Mayor Pro tem
Thurman Bartley, Councilman
Charlie W. Berry, Councilman
Anne Kennedy, Councilwoman

M. Jean Chambers, City Secretary

Mayor Vinson stated the purpose of the meeting is to discuss with City Attorney the Lone Star Gas rate case just concluded before the Railroad Commission.

Mr. Vanzura stated he had received written communication from Mr. Don Butler, legal counsel in Austin, indicating that the results of the case, as far as the rate increase is concerned, are favorable. However, in Mr. Butler's opinion, the Examiner and the Commission totally botched the treatment of the cities' rate case expense when they disallowed certain expenses incurred. Also, notwithstanding the agreement of the cities to share expenses on a per customer basis, the Examiner divided the expenses equally as to each city, large or small. The result is that some cities will be reimbursed for more rate case expenses than they have paid. Others will not be reimbursed as much.

Mr. Vanzura stated that Mr. Butler feels the treatment of the rate case expenses is a completely arbitrary act of the commission and would most likely be set aside by the Courts. Therefore, no further costs for either attorney's fees or consultant's charges will be made for an appeal to the courts.

Council then discussed the matter in great detail with City Attorney.

Mayor Vinson opened the meeting to the public at 5:20 P.M.

CITY PLANNER'S REPORT: Mr. Cryan suggested a uniform date be set for the expiration of terms of appointative offices such as Planning and Zoning Commission, Board of Adjustment, etc. He stated the terms of office could run concurrently with the elected terms of office, or could expire at the end of the calendar year or fiscal year. Council agreed for City Planner to prepare a proposal.

Mayor Vinson stated the purpose of the meeting is to discuss the proposals made by Dalton's Funeral Home, City of Lewisville and City of Denton Fire Departments to provide emergency ambulance service to our community.

The following was discussed in great detail:

a. Dalton's Funeral Home in Lewisville proposes to serve the communities of Flower Mound, Highland Village, Hickory Creek, Lake Dallas, Shady Shores and Corinth at the approximate rate of $5.50 per capita.

b. City of Lewisville Fire Department proposes to serve Flower Mound, Highland Village, Hickory Creek and the South part of Lake Dallas at the total estimated cost of $4.15 per capita.

c. City of Denton Fire Department proposes to serve Corinth, Shady Shores and the North part of Lake Dallas at the total estimated cost of $2.50 per capita.

It was pointed out the $161,000.00 allocation made by County government for ambulance service will probably be distributed to the cities at the rate of $1.50 per capita, with each city being responsible for their own service and paying whatever difference in cost is necessary. However, the County Commissioners will hold a meeting on August 22, at which time a committee will be appointed to determine exactly in what manner the money will be distributed.

Mr. Gene Ezell, Mayor of Hickory Creek, was present and reported it was the general consensus of the Four Cities Mayor's Conference (Corinth, Hickory Creek, Lake Dallas and Shady Shores) that the four cities should unite in an effort to obtain emergency ambulance service from the same contractor.

After much discussion of the matter, Council tentatively agreed to contract with the City of Lewisville for emergency ambulance service, fully investigate the difference in estimated cost of service, and to further investigate the possibility of one contractor serving the four city area.

It was also agreed all who could would attend the County Commissioners' August 22 meeting, and make every possible attempt to insure a representative from our community is appointed to the proposed committee.

There being no further business for discussion, Councilman Bartley moved for an adjournment of the meeting. Motion seconded by Councilwoman Kennedy, and carried unanimously.

Mayor Vinson adjourned the meeting at 10:10 A.M.

MINUTES OF SPECIAL MEETING OF LAKE DALLAS CITY COUNCIL HELD AT CITY HALL SEPTEMBER 8, 1978

Mayor Vinson called the meeting to order at 7:05 P.M. with the following persons present:

Johnny J. Vinson, Mayor
James W. Hutto, Mayor Pro tem
Thurman Bartley, Councilman
Charlie W. Berry, Councilman
Anne Kennedy, Councilwoman
J. C. Payne, Councilman
Charles T. Cryan, City Planner
M. Jean Chambers, City Secretary

Mayor Vinson explained the purpose of this meeting is to discuss the proposed tax rate for 1978.

City Planner stated in contracting with the Lake Dallas Independent School District for the assessment and collection of taxes for 1978, it is necessary for the City to adopt the School's 100% property values which are approximately 15% less, across the board, than the City's 1977 property values. In doing so, the City will lose approximately $5,000,000.00 in property values, resulting in a net loss of approximately $10,000.00 in ad valorem tax dollars. City Secretary explained some of the City's 1977 values on commercial property are considerably higher than the School's value of the same property. Therefore, it will be necessary to increase the 1977 60¢ tax rate by 10¢ for 1978 in order to meet next year's budget. Such proposed rate increase should not result in any net dollar increase to the residential property owner, but will result in a drastic reduction to some commercial property owners.

After much discussion of the matter, it was agreed the problem would be called to the attention of the LDISD's Tax Assessor and Superintendent, as well as the governing board, in an effort to rectify the situation, and report back to Council. In the event an acceptable compromise cannot be reached, it may become necessary to revoke the contract with LDISD for tax services and the City continue to assess and collect its own taxes.

There being no further business for discussion, Councilman Hutto moved for an adjournment of the meeting. Councilman Bartley seconded the motion, and it carried unanimously. Mayor Vinson adjourned the meeting at 9:05 P.M.

MINUTES OF REGULAR MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL SEPTEMBER 14, 1978

Mayor Vinson called the meeting to order at 7:30 P.M. with the following persons present:

Johnny J. Vinson, Mayor
James W. Hutto, Mayor Pro tem
Thurman Bartley, Councilman
Charlie W. Berry, Councilman
Anne Kennedy, Councilwoman
J. C. Payne, Councilman
Charles T. Cryan, City Planner
M. Jean Chambers, City Secretary

Councilman Payne moved that the minutes of the meetings held August 8, 10 and 21 be approved as presented by City Secretary. Councilman Bartley seconded the motion, and it carried unanimously.

On the Citizen's Agenda, Council heard from the following persons: Mr. Jeff Crossland stated a severe drainage problem exists at the turn around located at the South end of Prince Drive in the Kings Manor Subdivision that prevents children from walking to school for some time after each rain. He requested a hard surface walkway be constructed by the City from Prince Drive South to Hundley Drive. It was pointed out to Mr. Crossland that the area in question is private property presently owned by the LDISD. Mr. Bill Honse, President of the School Board, was present and stated he felt the Board would be agreeable to the construction of such a walkway with the understanding that it may not be permanent if the land is needed for the construction of the new middle school.

Council reviewed a written statement received from LDISD Superintendent Bob Jameson outlining several ultimate remedies to the City's problem of loss of property value for 1978 as a result of the contract for tax services entered into with such School District. Mr. Jameson made the following comments and proposals for Council's consideration:

1. Some business property and other discrepancies that come to light in the tax roll as a result of the consolidated tax office can probably be re-evaluated and corrected by January 1, 1979.

2. The 1979 State Legislature will probably mandate several changes and improvements in tax assessing procedures, including the use of 100% market value statewide.

3. A thorough re-evaluation of the entire district is needed and can probably be implemented by January 1, 1980.

4. Inasmuch as the School's funds are audited on an accrued revenue basis, they could indicate $4,000.00 (approximately one-half the contract fee) in anticipated revenue from the City in this fiscal year, not expecting to actually receive same until next fiscal year (1979-80). That amount of the total contract fee would become due and payable at such time as the City's budget permitted.

In view of the School Board's apparent sympathetic understanding of the situation, it was generally agreed the City would honor its contract with the LDISD for tax services and work out the problems.

City Planner stated budget integrity could be maintained by levying a tax rate of 70¢ per $100.00 of valuation, based on 60% assessment of market value. This rate would not reflect any net dollar increase to residential property owners.

Councilman Berry moved that permission be granted to the State of Texas to file suit on the City's behalf for the collection of any delinquent taxes owed it under the Local Sales and Use Tax Act, TEX. REV. CIV. STAT. ANN. art. 1066c. Motion seconded by Councilman Hutto, and carried unanimously.

Consideration of the proposed ordinance prescribing rules and regulations of the owning and operation for profit of any pool, billiard table or automatic amusement device was postponed for further study by City Planner and Councilmembers.

Councilman Hutto moved that consideration of the new proposed Abandoned Motor Vehicle Ordinance be postponed for further study and review. Motion seconded by Councilman Bartley, and carried unanimously.

City Planner reported the City of Denton has verbally agreed to provide emergency ambulance service to our area at the rate of $2.50 per capita, $1.50 of which will be paid by County Government.

POLICE DEPARTMENT BUSINESS:

As a matter of information, City Planner stated the City is presently experiencing difficulty in obtaining personnel on the C.E.T.A. Program. Four dispatchers and five patrolmen are currently on the payroll, and only three persons are budgeted for dispatch positions and 4½ persons for patrol positions in the next fiscal year.

After examining bids received from Lone Star Dodge, Mohr Chevrolet, Bill Utter Ford and Chester Morris Chrysler-Plymouth Dealerships, Councilwoman Kennedy moved for the purchase of a 1979 Plymouth Volare A38 Police Package from Chester Morris Chrysler-Plymouth for the total purchase price of $5,759.58. Motion seconded by Councilman Payne, and carried unanimously.

Chief Tom Mull presented the Police Department's August Activity Report for Council's information and review.

FIRE DEPARTMENT BUSINESS:

Mr. Bruce Causseaux presented the Lake Cities Volunteer Fire Department's August Activity Report.

Councilman Payne moved for the appointment of Mr. Causseaux as City Fire Marshall. Motion seconded by Councilman Bartley, and carried unanimously.

STREET DEPARTMENT BUSINESS:

City Planner reported the County Commissioner will be here Monday, September 18, to provide equipment and manpower for major street improvements. He advised 1,200 tons of hot mix asphaltic concrete had been ordered for such improvements at an approximate cost of $15,000.00.

ANIMAL CONTROL DEPARTMENT BUSINESS:

Council reviewed the August Activity Report.

ADMINISTRATIVE DEPARTMENT BUSINESS:

Council reviewed the Schedule of Receipts and Disbursements for the month of August, as well as the September Accounts Payable. Councilman Berry moved that City Secretary be authorized to pay those accounts due and payable in the month of September. Motion seconded by Councilman Payne, and carried unanimously.

Council reviewed the Municipal Court Reports for August 15 and September 5 dockets.

OLD BUSINESS:

Councilman Hutto stated he had been informed the Police Department had

stricken one local wrecker service from the rotation list, and requested such action taken by Police personnel be evaluated in Executive Session. Mayor Vinson announced Council would enter into Executive Session for the purpose of discussing the matter under Article 6252-17, Section 2 (g), Vernon's Texas Civil Statutes. The matter was then discussed in great detail with Chief Tom Mull, but no motions were made.

Council reconvened in regular session, open to the public, at 11:25 P.M. City Planner was instructed to arrange a meeting with the complaining owner of the wrecker service, the Police Chief and himself in an effort to work out the existing problems.

There being no further business for discussion, Councilwoman Kennedy moved for an adjournment of the meeting. Motion seconded by Councilman Payne, and carried unanimously. Mayor Vinson adjourned the meeting at 11:45.

City Planner stated budget integrity could be maintained in fiscal year 1979 by increasing the tax rate to $.70 per $100.00 property valuation, based on 60% assessment of market value. This rate would not reflect any net dollar increase to property owners.

After much discussion of the matter, Councilman Hutto moved for the adoption of Ordinance No. 108 levying an ad valorem tax at the rate of $.70 on each $100.00 valuation of taxable property. Motion seconded by Councilman Berry, and carried unanimously.

Mrs. Aldena Stowe stated she wished to object to any rate increase being granted to the Lake Area Disposal Service. She said many retired persons on fixed incomes had stated they were just unable to pay any more for such a limited service. Ms. Pam Sheppherd stated she was outraged, as were many of her neighbors, at the request made by the garbage contractor for a 23% monthly rate increase for once per week pick up. She pointed out the rate in many of our neighboring cities is much less than the present rate with twice per week pick up.

Ms. Dell Thornton and Mr. Rick Cooksey supported the request for a rate increase made by the Lake Area Disposal Service, and stated the service they provide is greatly improved over the service provided by any previous contractor. Ms. Thornton stated she would not object to paying an even higher rate than the increase requested if it was determined necessary to continue the present standard of service.

Ms. Carolyn Green stated Lake Haven Mobile Home Estates is presently receiving excellant service with twice per week pick up at a reasonable rate. However, inflation must be curtailed somewhere and a 23.5% rate increase is high at this time.

III. RATE INCREASE - LAKE AREA DISPOSAL SERVICE.

City Planner stated all information requested of Lake Area Disposal Service pertinent to their request for an increase in monthly rate from $4.25 to $5.25 had not been received and, therefore, he recommended a postponement of any action on the matter pending receipt of same. He stated the request for a rate increase is made in an effort to keep up with escalating cost of landfill, gas labor, OSHA requirements, etc. Councilman Hutto stated he would like to review

revenue and cost figures exclusively for the City of Lake Dallas as well as system wide figures.

It was generally agreed that Staff should investigate the possibilities of entering into a contract agreement with the City depository with terms more

favorable to the City than the present arrangement.

ABSENT: None

Mayor Vinson stated the purpose of this meeting is to provide an opportunity for citizen imput on the proposal to increase the tax rate by ten cents ($.10) per one hundred dollar valuation. The proposal would raise the present tax rate of $.42 per one hundred dollar valuation to $.52 per one hundred dollar valuation for the 1980 tax year.

The following citizens addressed Council on the tax proposal and related budget for fiscal year 1980-81:

Mr. LeeRoy Schramm requested consideration be given to increasing the Over Age 65 Exemption to offset any tax increase to the elderly. He further stated funds should be allocated to begin needed engineering work within the City, and questioned the amount of money allocated to personnel costs in each department. He asked Council to consider whether or not the tax payor is getting a fair return on his investment as same relates to employee productivity. Mr. Schramm also requested consideration be given to budgeting funds for the following specific projects:

(1) Improving the drainage ditch between Kings Manor and Prince Drives in the Kings Manor Subdivision.
(2) Creation of a Master Plan.
(3) Further development of the Oak Lakes Subdivision.

Mr. Tom Peters stated inadequate information was being generated to the public not only on notice of meetings and agenda items, but also on various projects and issues of interest to the City. He stated elected officials had an obligation to disseminate information to the public, and suggested each Councilmember telephone at least ten persons and inform them of the date and time of every meeting as well as the items to be discussed. He also urged Councilmembers not to vote for any expenditure unless they are personally in favor of the project and feel same to be in the best interest of the City.

Mrs. Aldena Stowe questioned the need for a tax increase at this time when in previous years additional revenues had been generated to fund the increased budget without benefit of a tax increase. She suggested perhaps the City needs to bring their expenditures more in line with the expected revenues, rather than increasing taxes to fund an increased budget.

Mrs. Carolyn Green stated while she was not personally opposed to the proposal to increase the tax rate and had, in fact, suggested a small increase in previous years, some citizens are concerned about same. She questioned as to whether or not the need for additional revenues to fund increased budgets would result in a tax raise each year and ultimately to a revaluation of property.

Mayor Vinson called for any other citizen wishing to speak on the tax proposal. None appeared.

There being no further business for discussion, Councilwoman Kennedy moved for an adjournment of the meeting. Motion seconded by Councilman Bartley, and carried unanimously. The meeting was adjourned at 8:10 P.M.

MINUTES OF SPECIAL MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL OCTOBER 23, 1980

Mayor Vinson called the meeting to order at 7:30 P.M. with the following persons present:

Johnny J. Vinson, Mayor
Thurman Bartley, Councilman
W. R. (Bill) Cothran, Councilman
Anne Kennedy, Councilwoman
J. C. (Jim) Payne, Councilman
M. Jean Chambers, City Secretary

ABSENT: James W. Hutto, Mayor pro tem

Mayor Vinson stated the purpose of this meeting is to provide a Public Hearing for citizens on the following twelve (12) ratemaking and service standards as required by the Public Utility Regulatory Policies Act of 1978:

I. COST OF SERVICE - Electric rates should, to the greatest extent possible, reflect the cost of providing service to each class of consumer.

II. DECLINING BLOCK RATES - The unity cost of electric service for large volume consumers should not decrease as consumption increases. That is, declining block rates should not be permitted.

III. TIME-OF-DAY RATES - Rates should reflect the variable cost of providing service at different times of the day, unless such rates would not be cost-effective. If it costs more to produce electricity in the afternoon, rates for electricity consumed in the afternoon should be higher, and rates for other times of day should be lower.

IV. SEASONAL RATES - Rates should reflect the variable cost of providing service during different seasons of the year. If, for example, it costs more to produce electricity in the summer, rates for electricity consumed in the summer should be higher, and rates for other times of the year should be lower.

V. INTERRUPTIBLE RATES - Each electric utility should offer industrial and commercial customers the opportunity to choose an "interrupible rate". Customers who choose an "interruptible rate" would agree to let the utility curtail their electric service during periods of peak loads; in return, the customer pays a reduced rate.

VI. LOAD MANAGEMENT TECHNIQUES - Each electric utility should implement load management techniques which spread consumers' demands for electrical energy evenly throughout the day. Such techniques include time-of-day rates and residential load (or usage) controls.

VII. MASTER METERING - For newly constructed office buildings, apartment houses and other multiple tenant structures, each unit should have its own separate electric meter, rather than having the building connected to a single master meter.

VIII. AUTOMATIC FUEL ADJUSTMENT CLAUSES - Automatic fuel adjustment clauses, under which an electric utility is permitted to unilaterally raise its rates to keep pace with fuel price increases, should be prohibited. Rate increases should always by subject to review by the regulatory body exercising jurisdiction.

IX. CONSUMER INFORMATION - Each electric utility should provide consumers with complete information regarding its rates, including a schedule of rates and a description of the methods by which rates are calculated.

X. TERMINIATION OF SERVICE - Electric service should not be terminated because a consumer has been delinquent in payments until after the consumer has received prior notice and an opportunity to dispute the reason(s) for termination. Additionally, service should never be terminated for a delinquent customer whose health would be threatened by the termination.

XI. ADVERTISING - No electric utility should be permitted to pass on the cost of advertising to consumers. Advertising expenses should be borne by the Company's shareholders.

XII. LIFELINE RATES - Refer to the provision of certain levels of electric service to residential customers at a rate shich is below the cost of providing that service. It has been argued that a basic level of utility service is a necessity of life, and that low income or fixed income groups should be able to purchase that basic level at a price which is lower than the cost of supplying same.

No citizen was present to make any comments on the forgoing issues. Mr. Mike Murphy, local Manager of the Texas Power and Light Company, made comments on each item, as well as submitting in writing his Company's policy and procedure regarding same. Said written statements as submitted by Texas Power and Light Company are attached hereto and made a part of these minutes.

The matters of Termination of Service and Advertising as they relate to gas utility companies were addressed. No citizen was present to make any comment regarding same.

Mr. Jack Locke, local Manager of the Lone Star Gas Company, commented on the matters of Termination of Service and Advertising, as well as presenting in writing his Company's policies and procedures relative to same. Said written statements as submitted by Lone Star Gas Company are attached hereto and made a part of these minutes.

The Public Hearing was closed at 8:15 P.M.

After discussion of the matters, Councilman Payne moved that further consideration of the various electric utility ratemaking and other standards specified in the Public Utility Regulatory Policies Act of 1978 be tabled until after the Public Utility Commission of Texas considers same, at which time this municipal regulatory authority will schedule a hearing to resume consideration of those standards in light of the determinations made by said Public Utility Commission of Texas. Motion seconded by Councilman Bartley, and carried unanimously.

Councilman Payne moved that the general rules and regulations for residential and commercial gas service as presently approved in the City of Lake Dallas are sufficient as same relates to termination of gas service and advertising. Motion seconded by Councilman Bartley, and carried unanimously.

There being no further business for discussion, Councilman Bartley moved for adjournment of the meeting. Motion seconded by Councilman Payne, and carried unanimously. The meeting was adjourned at 8:35 P.M.

STATEMENT OF PROCEDURES FOR TERMINATION OF SERVICE

In accordance with provisions of the Public Utility Regulatory Policies Act of 1978 (PURPA), and in response to the public hearing being conducted by this regulatory authority, the following remarks pertain to Lone Star Gas Company's standards for termination of gas service to a customer. As a guiding principle, the Company uses Quality of Service Rules which have been approved by the Texas Railroad Commission and have been filed with this city. We believe that the Company's existing procedures comply with requirements of PURPA as they relate to notification of a customer before service is discontinued for non-payment and as they relate to protection of a customer whose health would be threatened by termination of service.

Regarding proper notification, Lone Star Gas Company generally follows these procedures:

1. A past due or final notice is sent to the customer automatically seven (7) days after the due date (or discount date) printed on the gas bill. The customer has at least thirteen (13) calendar days from the due date to respond. The date after which the Company can terminate service is also printed on the final notice.

2. The local office makes a final check for receipt of late payment before starting collection procedures. If the Company is aware of circumstances such as medical or financial hardship, existence of a deferred payment agreement, or a dispute regarding accuracy of the bill amount, service will <u>not</u> be routinely terminated.

3. If none of the previously listed conditions are found to exist, an attempt is made to contact the customer in person to resolve the debt or notify the customer of termination.

4. Should the customer fail to make arrangements for payment of the delinquent bill after the notification procedure is completed, service may be terminated. Service is not normally terminated on Fridays, weekends, holidays or the day before a holiday.

5. The final notice states that if service is discontinued for non-payment, an additional charge will be made for restoration of service, and the restoration will be scheduled the workday following receipt of payment in full.

The second consideration required by PURPA regarding termination of service relates to the protection of customers whose health would be threatened if their gas service is discontinued. As stated earlier, if a medical hardship exists, regular service termination procedures are discontinued. Under such circumstances as the elderly living on fixed income, persons needing gas service for life sustaining equipment, or customers suffering from long-term illness or disability, the customer is given special consideration to make arrangements for discharge of his obligation. In addition to this protection for the customer, service is not terminated during severe cold weather or upon proper notification of a medical emergency at the affected residence.

Lone Star Gas Company will continue to make every effort to work diligently with its customers to keep from terminating their gas service. Historically, the Company has maintained a practice of being fair and sympathetic to its customers, and we intend to remain true to that commitment. We are confident that our present termination of service procedures meet the concerns expressed by the Public Utility Regulatory Policies Act. We urge this council to officially determine that the Company's procedures as defined by the "General Rules and Regulations for Residential and Commercial Service in the City of _____, Texas" are sufficient.

STATEMENT OF ADVERTISING STANDARD

The Gas Utilities Division of the Texas Railroad Commission has adopted rule #051.04.03.037 regarding advertising expenses of a gas utility which will be allowed as an operating expense to be recovered through charges for gas service. Provisions of this rule as they pertain to advertising expenses are in compliance with the mandate contained in the Public Utility Regulatory Policies Act of 1978. The features of this rule are as follows:

1. Actual expenditures for advertising will be allowed as a cost of service for ratemaking purposes provided that the total sum of such expenditures does not exceed two-tenths (0.2%) of one percent of the gross receipts of the utility.

2. The allowed expenditure is authorized with the understanding that it is justified by the savings in total energy consumed as a result of promoting the use of energy efficient appliances, equipment or service.

3. Advertising which informs consumers of conservation techniques and encourages their use is allowable as a cost of service.

4. Other forms of advertising which are allowable as a cost of service include:

   a. advertising required by law or regulation;
   b. advertising regarding service interruptions, safety measures, or emergency conditions;
   c. advertising regarding employment opportunities; and,
   d. advertising which explains existing or proposed rate schedules, or notifications of hearings thereon.

5. Advertising expense is specifically prohibited as an allowable cost of service when it is for the purpose of influencing public opinion with respect to legislative, administrative or electoral matters, or with respect to any controversial issue of public importance.

6. Advertising expenses which are disallowed by this rule may only be recovered from the shareholders or other owners of a gas utility.

In conclusion, Lone Star Gas Company believes this standard as adopted by the Texas Railroad Commission is in compliance with the Public Utility Regulatory Policies Act and we urge this council to determine that it is an appropriate standard for the Gas Company's operations under this jurisdiction.

VIII. NEW BUSINESS.

(1) It was decided that Mayor Vinson, Councilman Davidson and City Secretary would attend the North Central Texas Council of Governments' Annual General Assembly Luncheon, as well as the Workshop for Mayors and Councilmembers, to be held in Arlington June 18, 1981.

(2) Mayor Vinson explained the Texas Department of Public Safety presently has a large selection of good used 1979 Highway Patrol vehicles for sale to local governments, and recommended the City purchase two good Police Package Chrysler units at $3,000.00 each in order to avoid the purchase of two new units in the next fiscal year. He further explained the units would be completely reconditioned after selection was made, and payment would not have to be made for approximately 45 days. Chief Carr explained the two 1979 Plymouth patrol cars presently in use need to be retired. He stated they have not performed well largely due to the fact they are not police package units and therefore are not heavy duty enough for constant patrol performance.

After much discussion of the matter, Councilman Byers moved for the Mayor being authorized to purchase two (2) reconditioned 1979 Chrysler Police Package units from the Texas Department of Public Safety at $3,000.00 each with payment not to be made for at least 45 days. It was determined staff had no knowledge of the exact location of Main Street right-of-way inasmuch as same is an old State Highway and no easement records are available at the local level. Councilman Davidson moved for City Secretary being authorized and directed to contract with Schoell, Fields & Associates to do a survey of Main Street from the 100 through the 500 blocks in an effort to ascertain the extent and exact location of street right-of-way.

After much discussion of the matter, it was agreed among those Councilmembers present that approval could be granted for a total average rate increase of 10% predicated on a $7.00 Commercial Base Rate and a $2.75 Residential Base Rate with the difference being made up by an appropriate increase in winter/summer rates. Councilwoman Kennedy moved for the suspension of any rule requiring that the minutes of the meetings held June 11 and 30, 1981 be read aloud, and that said minutes be approved as presented in writing by City Secretary. Motion seconded by Councilman Robertson, and carried unanimously.

II. CITIZEN'S AGENDA.

1. Ms. Carolyn Green stated the Lake Cities Community Center needs the support and assistance of the City Council in raising funds, materials and manpower for the renovation of their present buildings as well as completing the new construction onto the existing slab.

2. Ms. Jackie Kovsky stated Thompson Drive needs street repairs. She said some pot holes are being repaired while a hole just three feet away goes unattended. She further stated weeds at intersections all over town need cutting so that motorists can see oncoming traffic.

3. Mr. Allen Gray stated Stop Signs are needed at each cul-de-sac intersecting with Overly Drive in the Kings Manor Subdivision, and most especially at Kings Manor Drive. He said his automobile was recently totaled at the Kings Manor Drive intersection and his son injured. He, together with other citizens, requested action be taken immediately on the matter. Mayor Vinson instructed Chief Carr to implement a traffic survey of the area so that appropriate traffic control devices may be erected.

4. Mr. Jess L. Giordano stated he had just purchased two adjoining lots in the Kingswood Mobile Home Estates and was told at City Hall Ordinance No. 100 prohibits wooden fences being placed in a district zoned for mobile homes. He said he wishes to erect a wooden privacy fence along the rear line of his lots and feels it is discriminatory to permit such fences in other areas of the City and prohibit same in mobile home communities. He further stated the wooden fence would in no way restrict entrance to the rear utility easement, create or increase fire hazard conditions. Mr. Giordano was informed he has a method of appeal by making application to the Board of Adjustment.

5. Mr. John R. Lugenheim, 208 Hillcrest, stated he opposes the City's policy of dumping clean fill on Lot Nos. 2 and 3, Block F, of the Oaklakes Subdivision because people think it is a public dump and are dumping raw garbage, as well as other undesirable waste. He said the dumping by the public has now encroached onto adjoining lots and cannot be controlled until the City ceases using the area for a dump site.

6. Mr. Lugenheim also inquired as to whether or not the Lone Star Gas Company is responsive to the City's request to relocate the utility easement in the Oaklakes Subdivision to permit the residential development of approximately twelve lots which otherwise cannot be developed because the transmission gas line runs through those properties. Mr. Jack Locke, local Manager for the Lone Star Gas Company, replied that he has made his Company aware of the problem, and they are investigating same.

7. Mr. Ron Kee reported there are several manholes in the Kings Manor Subdivision uncovered and 6" to 9" below street level in need of repair. He further stated Street Department personnel are not repairing pot holes in his subdivision properly so that such repairs hold. He urged Council to see that they are properly instructed in how street repairs should be made so that less time and money is expended on the same pot holes.

8. Ms. Carolyn Green appealed to the Council not to adopt any additional codes or ordinances until they are keenly aware of exactly what they permit and restrict. She further urged Council's support for the funding of a CID Officer, as well as a more efficient radio system, in the Police Department next fiscal year.

Johnny J. Vinson, Mayor
P. O. Byers, Councilman
J William Davidson, Councilman
Anne Kennedy, Councilwoman
Robby Robertson, Councilman
M. Jean Chambers, City Secretary

ABSENT: James W. Hutto, Mayor Pro Tem

A quorum being present, the following business was transacted:

II. CITIZEN'S AGENDA.

Mr. John Lugenheim, 208 Hillcrest in the Oaklakes Subdivision, asked if there are any plans to hire additional personnel in the Street Department. He stated he had requested some four and one-half months ago that gravel be added to Hillcrest Drive and that same be graded from Swisher Road to his house because the road is impassable in bad weather. Todate, no improvements have been made. Mayor Vinson explained the streets in that particular subdivision have never been dedicated to the City. Therefore, they are not regularly maintained by the Street Department. However, he promised road gravel would be dumped on the street and it graded within the next few days.

III. FINAL PLAT APPROVAL - BORCHARDT ESTATES.

IV. PERMIT TO ERECT AND MAINTAIN SIGN - DUCK INN.

It was explained that the Duck Inn sign presently located in the railroad right-of-way at the intersection of Shady Shores Road with Main Street was erected prior to the incorporation of the City, approximately twenty (20) years ago. However, in order to comply with the present sign ordinance, application has been made by the Duck Inn to maintain the sign at the present location. After much discussion of the matter, Councilman Davidson moved for denial of the permit to maintain the sign. Motion seconded by Councilman Robertson and prevailed by the following vote:

AYES: Messrs. J William Davidson, Robby Robertson and P. O. Byers.
NOES; Ms. Anne Kennedy.

V. ACQUISITION OF WILLOW GROVE PARK.

Mr. Charles Cryan stated he had spoken with the Corps. of Engineers and been informed that Willow Grove Park is not scheduled to be re-opened anytime in the near future. They would be willing to release the Park to a City that is willing and able to bring the Park up to Corps. standards and maintain same at the level they have done for the past five years (immediately prior to the flood). Mr. Cryan estimated approximately $2,500.00 would be needed immediately to add rock and blade existing roads in the Park, plus commercial garbage containers would have to be purchased and placed at strategic locations within the Park. He further estimated three to nine months would be needed to develope a proper application for submission to the Corps. of Engineers.

Mr. Joel Dalton, Professor at T.W.U., suggested a Park Commission be established with the members being interested in or representative of local athletic organizations, senior citizen groups, school, architecture, etc. He stated there might still be some grant monies available for the future development of the park, even though grants are not now as prevalent as they once were.

It was generally agreed that an Advisory Committee, consisting of Messrs. Joel Dalton, Glen Wolf, Bob Ashby, Ronnie Boliver, Y. G. Carr, James W. Hutto and Ms. M. Jean Chambers, would meet to make recommendations and assist Mr. Charles Cryan with the development of an application for submission to the Corps. of Engineers requesting acquistion of Willow Grove Park for the City of Lake Dallas.

VI. APPOINTMENT TO PLANNING AND ZONING COMMISSION.

Mr. Tony Franzen's letter of resignation from the Planning and Zoning Commission effective February 15, 1982 was reviewed. Mayor Vinson stated a framed Certificate of Appreciation for Mr. Franzen's valuable contribution to the City had been prepared for presentation to him.

Councilman Byers moved for approval of the appointment of Mr. Linwood E. Gilliland to serve out Mr. Tony Franzen's unexpired term on the Planning and Zoning Commission. Motion seconded by Councilwoman Kennedy and carried.

VII. MAINTENANCE OF FIRE HYDRANTS.

Mayor Vinson stated he had met with Fire Chief Jerry McCutcheon together with Messrs. Jack Young and Martin Highbaugh, President and Manager of the Lake Cities Municipal Utility Authority respectively, relative to fire hydrant maintenance. Mayor Vinson stated the L.C.M.U.A. agreed to repair all out of service hydrants as quickly as possible, but there is a problem in securing parts for the old R. B. Woods hydrants located in Lake Dallas. Mayor Vinson requested, even though no allocation was made in this fiscal year for the purchase of fire hydrants, that Council approve the purchase of a few new hydrants in this fiscal year so that the obsolete hydrants can be replaced by L.C.M.U.A rather than repaired.

Councilman Davidson moved for approval of an expenditure of up to $5,000. for the purchase of new fire hydrants in this fiscal year after the L.C.M.U.A. has accounted for all of the six hydrants purchased by the City in 1978. Motion seconded by Councilman Byers and carried.

I. PUBLIC HEARING ON TERMINATION OF EMPLOYMENT.

Ms. Sherry Lawson withdrew her request for a Public Hearing before the City Council relative to her termination of employment by the Police Department.

II. APPLICATION FOR BUILDING PERMITS - ALTHEA SUBDIVISION.

Councilman Robertson stated Mr. J. J. Donald had contacted him wanting to go ahead with the construction of the twelve (12) four-plex buildings as well as the commercial complex to be located on approximately 3.83 acres of land at the Southeast corner of Shady Shores Road and Hundley Drive. Councilman Robertson said Mr. Donald had agreed to all of the conditions for final plat approval as set out on September 2, 1981 for the exception of the prohibition of gas pumps in the commercial district and the placing of $19,500. with the City for future street improvements to the intersection of Shady Shores Road and Hundley Drive. However, Mr. Donald is willing to assist the City with the street improvement project at such time as the actual improvement to the intersection is made and he will file for a variance with the Board of Adjustment on the matter of the gas pumps.

Councilman Byers moved for approval to waive that condition of plat approval made on September 2, 1981 requiring that $19,500.00 be placed on deposit with the City prior to the issuance of any building permit in the subdivision for the purpose of assisting with the cost of street improvements to the intersection of Shady Shores Road and Hundley Drive. Motion seconded by Councilman Hutto and carried unanimously.

(2) The Municipal Court Reports for the February 16 and March 2 dockets were reviewed.

VII. OLD BUSINESS.

Councilman Davidson stated he had been told that Dr. M. A. Fazlani is presently out of the country and renting the premises at 300 Gotcher Street to an individual for living purposes. He further reported he had been told Dr. Fazlani had been offered a post in Gainesville and may sell the property in Lake Dallas which has in the past been used as his medical office and laboratory. It was generally agreed that, inasmuch as the permitting of the mobile building had been granted special consideration because of the need in the community for a medical doctor, said mobile building could not be permitted to remain on the land in that particular zoning district if and when the property changed ownership or a different use of the building is made.

Councilman Hutto moved for the withdrawal of the Occupancy Permit issued for 300 Gotcher Street if and when the use of the land and mobile building changed in any manner from the use as declared in the Application for Building Permit signed by M. A. Fazlani, M.D. on May 11, 1981. Motion seconded by Councilwoman Kennedy and carried unanimously.

Councilman Davidson requested that the Duck Inn sign, located on railroad property at Main Street and Shady Shores Road, be removed in accordance with the decision made at the regular meeting of the City Council held on February 11, 1982, and that all signs which have not previously been granted a permit be also removed.

IX. ADJOURNMENT.

MINUTES OF SPECIAL MEETING
OF LAKE DALLAS CITY COUNCIL
HELD AT CITY HALL MARCH 25, 1982

The meeting was called to order at 9:30 A.M. with the Mayor presiding and the following persons present:

Johnny J. Vinson, Mayor
James W. Hutto, Mayor Pro Tem
J William Davidson, Councilman
Anne Kennedy, Councilwoman
Robby Robertson, Councilman
M. Jean Chambers, City Secretary

Absent: P. O. Byers, Councilman

Mayor Vinson stated the purpose of this meeting is to discuss the matter of the motion which was passed and approved at the Regular Meeting held February 11, 1982 denying the request made by the Duck Inn Restaurant to maintain their sign located on railroad property at the intersection of Main Street and Shady Shores Road because said sign did not comply with existing City ordinances. He said, due to what he believed to be unique circumstances in this particular case, he had requested and received an opinion on same from the Attorney for the City which was then mailed to all members of the Council in an effort to provide them with more information on the matter.

Mayor Vinson further stated there are signs presently located on private property within the corporate limits owned by three businesses which were erected prior to the incorporation of the City. Mr. Steve Howard, owner of the Duck Inn Restaurant, stated his sign located on railroad property at the intersection of Main Street and Shady Shores Road was erected by his father in 1955. Mr. Louis Drozd, Jr., owner of the Lakeview Marina, stated his sign located on Main Street was erected in 1942, and the signs located on Hundley Drive were erected in 1965. Father James C. Babb, representing the Montserrat Jesuit Retreat House, stated their sign located on Hundley Drive was erected in 1959.

Mayor Vinson argued it was his interpretation that the Attorney's opinion is that the City Council is prohibited from imposing the provisions of Ordinance Nos. 25 (passed and approved on November 20, 1956), 42 (passed and approved on May 13, 1971) and 78 (passed and approved on October 14, 1976) relative to signs that were in existence prior to the passage of same.

Councilman Davidson stated he had no personal objection to the Duck Inn or any other business, but was merely attempting to represent the people who elected him and felt signs placed throughout the City, without benefit of the permit procedure, produced a cluttered, unkept appearance in the central business district. Councilman Robertson stated his only interest in the matter is to insure that the City achieve a more attractive appearance by the equal enforcement of existing ordinances which will subsequently eliminate the existence of tall grass, junked vehicles and other unattractive nuisances, as well as unauthorized signs.

After much discussion of the matter, Councilwoman Kennedy moved for the exemption of the previously mentioned signs currently in existance and maintained by the Duck Inn Restaurant, Lakeview Marina and the Montserrat Jesuit Retreat House from the provisions of Ordinance Nos. 25, 42 and 78 on the basis said signs where erected prior to the passage of said ordinances. Motion seconded by Councilman Hutto and prevailed by the following vote:

AYES: Ms. Anne Kennedy, Messrs. James W. Hutto and Robby Robertson.

NOES: Mr. J William Davidson.

There being no further business for discussion, Councilman Hutto moved for an adjournment of the meeting. Motion seconded by Councilwoman Kennedy and carried. The meeting was adjourned at 9:55 A.M.

Motion seconded by Councilwoman Kennedy and carried unanimously.

VI. LAKE CITIES MUA - SEWER EXPANSION PROJECT.

Mr. Martin Highbaugh, Manager of the Lake Cities Municipal Utility Authority, and Mr. Fred Evans, Engineer with Rady & Associates, made the following report:

The existing contact stabilization treatment plant serving the sewered areas of the Lake Cities MUA began operation in 1969. The plant was designed to treat a flow of 200,000 gallons per day. The plant is presently receiving flows at a rate slightly below 400,000 gallons per day.

The purpose of the Facility Plan Report is to determine the most cost effective means of collecting, transporting, treating and disposing of the Authority's wastewater within the effluent limitations and requirements of State and Federal regulations. Specifically, this Facility Plan involves:

1. Developing and evaluating alternative sewage treatment approaches;
2. Recommending the plan which will best solve the problem, and;
3. Presenting the preliminary designs for the selected alternative.

Eleven alternatives were examined for treatability, cost effectiveness, and environmental effects. The chosen alternative is a Duel Contact Stabilization treatment plant. This selection will utilize the existing facilities with minor modifications and require some new construction to upgrade the total facilities to meet the effluent limitations. The cost of plant construction will be approximately $1,192,125.00.

In order to provide sewer service to Shady Shores, which was one of the prime objectives of the Facility Plan, it will be necessary to install approximately three (3) miles of outfall line and six (6) miles of collection lines. This work will also include the installation of two (2) lift stations. The approximate cost of this construction work is $1,172,595.00.

The Sewer System Evaluation Survey report also called for $85,050.00 of rehabilitation work to the existing sewer system in order to eliminate the excessive flow/infiltration which the system is experiencing.

The total cost for the expanded wastewater treatment plant, collection system to include Shady Shores, and needed rehabilitation to the existing system including all engineering, design and administrative costs will be approximately $2,782,770.00. If the Authority is able to receive seventy-five percent federal funding, the Authority's portion of this construction cost will be $695,692.00. A Public Hearing on the matter will be held May 4, 1982, at 7:30 P.M., at the offices of the Lake Cities MUA.

VII. RESOLUTION - CID PROGRAM.

Councilman Davidson moved for the passage and approval of "A RESOLUTION BY THE CITY COUNCIL OF THE CITY OF LAKE DALLAS, TEXAS AUTHORIZING APPLICATION BE MADE TO THE CRIMINAL JUSTICE DIVISION OF THE STATE OF TEXAS FOR A GRANT TO FUND THE CITY OF LAKE DALLAS POLICE DEPARTMENT'S SPECIAL INVESTIGATORS AND TASK FORCE PROGRAM II". Motion seconded by Councilman Hutto and carried unanimously.

IX. NEW BUSINESS.

Street Superintendent Elmer Crawford stated the City's brush-hog mower is pulled directly behind the tractor, requiring the tractor-mower to be on the shoulder of a road or actually in a ditch in order to mow same. This condition makes it impossible to keep up with the mowing in wet seasons such as last fall and this spring. He suggested the City purchase a Ditch Bank Model mower that fits our tractor at a current total price of $4,248.00. He stated the mower is mounted on the rear of the tractor but extends far out to the right of same, permitting the tractor to stay on the paved road while mowing the shoulder, or the tractor will ride on the shoulder while mowing the ditch. It is capable of cleaning out heavy brush or weeds in drainage ditches or hard-to-reach road shoulders. Mower head floats over rough terrain, or may be held hydraulically at any angle. It was agreed that Councilman Davidson would negotiate for the City on the proposed mower and report back to Council.

The preliminary budget for Fiscal Year 1983 was reviewed on a line item basis and discussed in great detail. It was determined that a tax increase for 1982 would be necessary in order to fund the 1983 proposed budget, but no exact amount could be determined until such time as a certified tax roll is received from the Denton County Appraisal District.

City Secretary explained revenues for this fiscal year have not met estimated projections for several reasons, and may result in ending the year with a deficit to be paid in the next fiscal year. Tax statements cannot be mailed by October 1 as customary due to the delays incurred by the Appraisal District, which further compounds the cash flow problem.

Mr. Charles Cryan, Planning Consultant, reviewed in detail suggested changes in the Zoning Code, as made by the Planning and Zoning Commission during their efforts to codify same. The following is a partial listing of proposed changes discussed:

* New minimum off-street parking requirement in most districts.
* 65% masonry construction required in Districts R 1-7200, R 1-6000, R-2, R-3 and all commercial districts.
* Minimum square footage increased to 720 square feet in District R 1-4000.
* Minimum square footage decreased to 650 square feet in District R-3.
* A new Zoning District, R 1-6600, is created providing for modular home construction.

MINUTES OF A SPECIAL MEETING OF THE
CITY COUNCIL OF THE CITY OF LAKE DALLAS
HELD AT CITY HALL SEPTEMBER 22, 1982

The meeting was called to order at 7:30 P.M. with the Mayor presiding and the following persons present:

Johnny J. Vinson, Mayor
James W. Hutto, Mayor Pro Tem
J William Davidson, Councilman
Anne Kennedy, Councilwoman
Robby Robertson, Councilman
M. Jean Chambers, City Secretary

Absent: P. O. Byers, Councilman

Mayor Vinson stated the purpose of this meeting is to provide a public hearing on the proposal to increase total tax revenues from properties listed on the 1981 tax roll by eighty percent. He further stated the City had not imposed a property tax increase on its citizens in many years and regretted the necessity to do so at this time. However, the high cost of continued inflated prices over the past few years prohibites the City from delivering the same level of services at the current tax rate.

It was explained that a tax rate of 52¢ per one hundred dollar valuation was levied last year on an approximate total tax roll of $24,361,882., providing a tax levy of $126,682.00 and represented funding of 23% of the total budget.

After the reappraisal made this year by the Denton County Appraisal District, the 1982 tax roll has been increased to $51,732,160.00, bringing the effective tax rate down to 25¢ per one hundred dollar valuation. It has been determined that a tax rate of 45¢ per one hundred dollar evaluation is needed to fund the budget for Fiscal Year 1983, This is a 20¢ increase per one hundred dollar valuation and will fund approximately 31.18% of the total budget.

Each person present and wishing to comment on the matter was given an opportunity to do so. Many persons opposed such a large increase in any one year, particularly a year in which all properties have been reappraised for tax purposes. They suggested taxes should have been increased by small amounts over a period of years, and suggested that strategy now be implemented. It was further suggested that the present economy justified a freeze on employee salary increases and would reduce the total budget, permitting a lower tax rate. Several persons suggested the budget could be cut or reduced in several ways, but were not specific.

Some persons present supported the tax increase due to increased costs of maintaining capable personnel, adequate equipment, quality materials, etc., and stated they did not wish to see services reduced.

After all persons wishing to do so had addressed the City Council on the matter of an increased tax rate, Councilman Hutto moved for an adjournment of the meeting. Motion seconded by Councilwoman Kennedy and carried. The meeting was adjourned at 9:20 P.M.

MINUTES OF A SPECIAL MEETING OF THE
CITY COUNCIL OF THE CITY OF LAKE DALLAS
HELD AT CITY HALL SEPTEMBER 23, 1982

The meeting was called to order at 7:45 P.M. with the Mayor presiding and the following persons present:

Johnny J. Vinson, Mayor
James W. Hutto, Mayor Pro Tem
J William Davidson, Councilman
Anne Kennedy, Councilwoman
M. Jean Chambers, City Secretary

The following persons were absent:

P. O. Byers, Councilman
Robby Robertson, Councilman

Mayor Vinson stated the purpose of this meeting is to provide a public hearing on the proposed budget for fiscal year 1983. City Secretary explained the budget, as now proposed, totals $624,643.00, and represents an increase of 17.77% over last year's budget. Proposed departmental allocations are as follows:

Administrative Department	$120,852.00
Police Department	248,874.00
Street Department	119,942.00
Sanitation Department	104,199.00
Fire Department	30,776.00

Several persons protested the increased budget even though it may be needed to maintain services at the current level, largely due to the fact that an increased tax rate would be levied to fund same. They stated that, due to the poor economy and high unemployment, everyone needed to cut back, including local government. It was again suggested that among other things, only small salary increases if any should be given in an effort to keep expenses to a minimum.

There were also persons present who spoke in favor of the proposed budget indicating an understanding of high inflation eroding the City's purchase power as it has families and businesses alike.

There being no other persons wishing to speak on the matter, Councilman Hutto moved for an adjournment of the meeting. Motion seconded by Councilwoman Kennedy and carried. The meeting was adjourned at 8:30 P.M.

MINUTES OF A SPECIAL MEETING OF THE
CITY COUNCIL OF THE CITY OF LAKE DALLAS
HELD AT CITY HALL SEPTEMBER 28, 1982

The meeting was called to order at 10:00 A.M. with the Mayor presiding and the following persons present:

Johnny J. Vinson, Mayor
James W. Hutto, Mayor Pro Tem
P. O. Byers, Councilman
J William Davidson, Councilman
Anne Kennedy, Councilwoman
Robby Robertson, Councilman
M. Jean Chambers, City Secretary
Y. G. Carr, Police Chief
Elmer Crawford, Street Superintendent
Johnny Webber, Sanitation Supervisor
Randy Webb, Assistant Fire Chief

Mayor Vinson stated this emergency meeting was called for the purpose of discussing revisions in the proposed budget so that the percentage of tax increase could be reduced.

Mrs. Scottie Steen stated the over-65 property owners were already suffering greatly on their fixed incomes from the high cost of medical care food, utilities, etc., and just could not sustain a large tax increase. She requested consideration be given to granting larger over-65 exemptions so that that group would not risk loss of their homes.

Mrs. Deanie Stowe stated, while all employees were doing an admirable job, there is a limit to the burden that can be placed on the tax payors of a small town. She suggested that salary increases be frozen until the economy improves.

Mayor Vinson announced Council would enter into Executive Session for the purpose of evaluating personnel positions and salaries as permitted by Article 6252-17, Sec. 2 (g), Vernon's Texas Civil Statutes.

Council then entered into Executive Session at 11:35 A.M., and re-convened in open session at 12:00 Noon.

City Secretary was instructed to rewrite the budget, freezing any and all salary increases for the full fiscal year, as well as making other budget cuts as previously instructed. Council will review the Budget in its entirety in January, 1983 and, if feasible, consideration will be given at that time to salary increases.

There being no further business for discussion, Councilman Davidson moved for an adjournment of the meeting. Motion seconded by Councilwoman Kennedy, and carried unanimously.

MINUTES OF A SPECIAL MEETING OF THE
CITY COUNCIL OF THE CITY OF LAKE DALLAS
HELD AT CITY HALL OCTOBER 4, 1982

The meeting was called to order at 7:50 P.M. with the Mayor presiding and the following persons present:

Johnny J. Vinson, Mayor
James W. Hutto, Mayor Pro Tem
P. O. Byers, Councilman
J William Davidson, Councilman

M. Jean Chambers, City Secretary

Mayor Vinson stated the budget for fiscal year 1983 had been reduced, from the original proposal of $624,643.00, to $587,909.00, requiring a tax rate of 35¢ per one hundred valuation which translates to a 40% increase in total property tax levy. It was explained that the reduction in total budget was accomplished by the following:

1. Freezing all employee salaries at the current level for the full fiscal year,
2. Eliminating the hiring of additional personnel in the Street and Sanitation Departments,
3. Cutting allocations in various accounts in all departments to the barest minimum,
4. Reducing the City's share of the Lake Cities Volunteer Fire Department's budget by five percent (5%).

Departmental allocations, as now proposed, are as follows:

Administrative Department	-	$115,058.00
Police Department	-	$230,151.00
Street Department	-	$117,423.00
Sanitation Department	-	$ 95,939.00
Lake Cities Volunteer Fire Department	-	$ 29,238.00
TOTAL		$587,809.00

Mr. Jerry McCutcheon, Chief of the Lake Cities Volunteer Fire Department, stated the City's amended share of his department's budget represents an increase of approximately 2% over last year's participation, and will result in a much greater reduction in the total budget when the same percentage rate of decrease is applied to the participation of the towns of Hickory Creek, Corinth and Shady Shores. He further stated the Fire Department just could not deliver the same level of services in Fiscal Year 1983 for the same amount of money as delivered in Fiscal Year 1982.

Ms. Carolyn Green stated, inasmuch as salary increases to employees are only considered on an annual basis in October, and no increases are scheduled for FY 1983, two years will have elapsed before they can expect consideration of another salary increase. Mayor Vinson responded by stating that the City Council will review the entire budget in January, 1983, and if feasible

salary increases to personnel will be considered at that time.

V. STRICT ENFORCEMENT OF CITY ORDINANCES.

Representatives of the Building, Fire and Police Departments stated they had met as a group to dedicate themselves to making our City a more attractive, safe and healthful place in which to live and work by cooperating jointly in the strict inspection of premises and enforcement of local ordinances. The major areas of concern were stated as being (1) high grass, (2) unregistered and abandoned vehicles, (3) trash and debris, (4) building and electrical code violations, (5) blocked access roads and alleyways, and (6) discarded applicances.

After an inspection of a premises has been made and violations noted, the property owner will be asked for voluntary compliance with City ordinance and a limited time will be given to each violator commensurate with the amount of work to be done and safety hazards involved. If, upon reinspection of the premises after the time period has elapsed, the violation has not been corrected, the property owner will be given a citation and a complaint filed in Municipal Court. Unless there is a reasonable excuse for not correcting the violation, citations will continue to be issued daily until such time as compliance with the ordinance exists.

They stated no exemptions or special considerations would be made to anyone and that a public service article would be published in the local newspaper asking citizens for voluntary compliance by correcting known violations before an inspection is made.

The City Council was asked for their complete and impartial support in this endeavor to clean-up the City. It was added that the intent of the program is not to harass anyone, but to make all property owners aware there are ordinances that will be enforced by exercising the inspection and enforcement powers available.

The Police Officer would only be required to capture and impound the offending animal in an emergency situation. City Secretary explained that on August 25, 1956 (26 years ago), public road easement was dedicated to Denton County by Zephie M. Riley, then owner of what was later to be known as the Roger Roper Ranch, located on Swisher Road. The right-of-way leads to a 53.3 acre tract of private property and has never been maintained by the County or the City. Jackson Concrete, Inc., present owner of the acreage is now requesting that said road easement be officially abandoned by the City. It was further explained that it is the opinion of the Attorney for the City that the dedication has lapsed inasmuch as it was not made available to the public and put to the use for which it was intended within a reasonable period of time, and the Planning and Zoning Commission, after careful consideration and investigation of the matter, recommended the release of dedication be granted.

Councilman Byers moved for the passage and approval of a resolution releasing the dedication for public use of certain land located on a 53.3 acre tract out of the H.H. Swisher Survey, specifically set out by metes and bounds in said resolution, and currently owned by Jackson Concrete, Inc. Motion seconded by Councilman Davidson and carried unanimously.

V. GRB COMMUNICATIONS, INC. FRANCHISE.

Due to the receipt of several citizen complaints relative to the quality and availability of local cablevision, Ordinance No. 105, granting to GRB Communications a franchise to conduct a community antenna television system, was reviewed. Ms. June Brownlee, Manager of GRB Communications, stated a new employee would be added to their staff effective February 1, 1983 and would be responsible for burying all existing cable drops which will then bring them into compliance with Article 12 of the franchise. She also stated a construction crew had beed hired to start March 1, 1983 to expand cable service to areas not presently being served. She further pledged improved response time to service calls in the future.

Councilman Davidson stated he wished to make certain recommendations for changes in the franchise and requested that same be scheduled for review.

VI. REQUEST FOR CHANGE IN MINIMUM BUILDING REQUIREMENTS IN THE OAK LAKES SUBDIVISION.

Messrs. Jesse Evans and Bill Singleton, both residents of the Oak Lakes Subdivision, again appealed to the City to change the minimum building requirements in their subdivision to meet the deed restrictions of the land. They stated several houses had been built in their subdivision recently that met the minimum requirements in square footage and exterior walls as set out by the City Zoning Ordinance, but did not met the deed restrictions placed on the property. They further stated they did not have the time or money to pursue each individual case in District Court, and felt the most efficient manner in which to handle the matter would be for the City to change the minimum zoning requirements in that subdivision only. They pointed out it was not until smaller houses were being built with no masonry exterior that they became aware of the conflict between the deed restrictions and the City's Zoning Code.

Motion made by Councilman Davidson, seconded by Councilman Hutto, to refer the matter to the Planning and Zoning Commission and, after holding public hearings and following prescribed procedure, make a recommendation to the City Council. Motion carried unanimously.

VII. DEPARTMENTAL REPORTS.

The December Activity Reports were reviewed as submitted by the Police and Fire Departments.

VIII. ADMINISTRATIVE DEPARTMENT BUSINESS.

3. The Municipal Court Reports were reviewed for the December 21, 1983 and January 4, 1983 dockets.

IX. OLD BUSINESS.

Police Chief Y. G. Carr stated there are far too many burglar alarms being activated accidently in the City, causing an undue hardship on the responding police officers. He explained that many cities have adopted an ordinance that authorizes a fine to be imposed on the business when an alarm is accidently activated more than three (3) times in a thirty (30) day period. He further stated it was his belief that if this procedure was adopted, merchants and business owners would be more conscientious about the maintenance of their alarm systems. It was generally agreed by all that research should be done immediately relative to this practice being adopted in Lake Dallas.

X. NEW BUSINESS.

Mr. Gregg Gross, representing the Lake Dallas Telephone Company, stated he had to go into the drainage ditch between Kings Manor and Prince Drives to replace buried cable and that the Lake Cities Municipal Utility Authority also had to get in there to replace and/or repair sewer lines. He said they planned to do the work at the same time to reduce mess and inconvenience to the abutting property owners and suggested this might be a good time for the City to obtain help in improving the condition of the ditch so that it can more easily be maintained. City Secretary was instructed to order a engineering report on the matter and schedule same for consideration and discussion as soon as possible.

A quorum being present, the following business was transacted:

Mr. Gregg Gross, representing the Lake Dallas Telephone Company, stated he had to go into the drainage ditch (also a utility easement) between Kings Manor and Prince Drives to lay new telephone cable and that the Lake Cities MUA also had to go into the ditch to replace and/or repair a sewer line. Mr. Gross suggested this might be a good opportunity for the City to do any work planned to improve the ditch, and volunteered the free use of his equipment and manpower available at the site for needed dirt work.

Mr. Bill Schoell presented a written proposal containing two alternatives for improving the ditch so that it will (1) be easier to maintain, (2) better restrict erosion and (3) promote better drainage. Both proposals called for the City obtaining a wider easement. After discussion of the matter, it was generally agreed that before a definite plan of action was adopted, a survey should be obtained indicating exactly where the existing easement is located.

Motion made by Councilman Byers, seconded by Councilwoman Kennedy and carried, to authorize and direct City Secretary to secure a survey of the drainage easement running North and South between Kings Manor and Prince Drives at an estimated cost of $600.00 with all further costs to be approved before incurred.

June Brownlee, Manager

Mr. Jeff Garvey stated they are seeking City approval for transfer of the Street Use Franchise granted GRB Communications on May 23, 1978 to Lake Cities Cablevision Limited, a partnership principally owned by the management of Southern Cablevision Corp.

It was explained that it is intended that Southern Cablevision will purchase and manage GRB Communications. Southern Cablevision presently owns and manages cablevision systems in the cities of Bryan, College Station, Madisonville, Buffalo, Jasper, Woodville, Cleveland, Angleton, Kingsville, Hempstead, Bellville and Sealy. Mr. Adams stated that when the new management assumes operational responsibilities the first order of business will be to initiate construction, aerial and underground, to any and all areas within the City that are within the requirements of the franchise limitations or perimeters as it deals with density of customers per mile.

In conjunction with the transferring of the franchise to Lake Cities Cablevision Limited, a request for an increase in the basic cable television rate of $1.00, from $9.00 to $10.00 per month, was made.

It was noted by City Secretary that, since the franchise was granted by ordinance, to amend or change same in any way would require the drafting of a new ordinance for formal approval at a regular meeting. A 50' front yard, 15' back yard, with a total of 40' in side yards, no side yard to be less than 10', is required in the M-1 District. Mr. Coulter wants to construct a 50' x 120' warehouse on the property and is requesting approval of a 17.5' to 21.8' front yard, 0 rear yard, 0 West side yard, and 16.4' East side yard.

Ms. Teri Porter stated she makes a residential use of Lot Nos. 7 and 8, Block A, First Highway Addition, immediately North of Mr. Coulter's property and therefore opposes his request for a variance in building set-back requirements or, for that matter, any light industry use of the land. She also stated Mr. Coulter's lot has a past history of flooding during heavy rains and, after construction of a large building and extensive paving for parking and loading, the existing problem could be compounded. Mr. Coulter denied any flooding of the property.

Mr. Tom Jester, representing Burt Shryock, opposed the request for variance on behalf of his client because of the potential fire hazard of traditionally built warehousing with no fire walls.

Motion made by Councilman Payne to approve the variance as requested on the front and side yards, providing a building set-back of one (1) foot off the rear (North) property line, and requiring that a fire hydrant be installed before final inspection of the property is made and an occupancy permit is granted. Motion seconded by Councilman Honse and prevailed by the following vote:

AYES: Messrs. J. C. Payne, Bill Honse, P. O. Byers and Ronny L. Kee.
NOES: Ms. Anne Kennedy.

There being no further business for consideration, Councilman Byers moved for an adjournment of the meeting. Motion seconded by Councilwoman Kennedy and carried unanimously. The meeting was adjourned at 7:25 P.M.

P. O. Byers, Councilman
Ronald E. Honse, Councilman
Ronny L. Kee, Councilman
J. C. Payne, Councilman

No persons being absent, the following business was transacted:

Mayor Vinson announced the purpose of this meeting is to provide a public hearing on the petition brought by Lon E. Brown for a change in zoning classification from the M-1 (light industrial) District to the C-3 (retail sale of beer and wine) District with respect to property located at 620 South Denton Drive and described more particularly as being Lot Nos. 3 and 4, Block A, First Highway Addition, and called for anyone wishing to address the Council on the matter.

Mr. Tom Jester, representing Burt Shryock, protested the change in zoning classification on the basis the City presently has enough beer, wine and liquor stores, and should be seeking other types of businesses to diversify the commercial district.

Ms. Yolander Carpenter opposed the request on the basis approval would constitute spot zoning, generate increased traffic congestion in an already badly congested area, and present zoning should be maintained for needed clean light industry development.

Ms. Gale Kimery opposed the request on the basis that approval, if granted, would necessarily set a precedent for future decision making in other cases requesting a change in zoning classification to the C-3 District.

After having given an opportunity to all persons wishing to speak on the matter, and there being no further business for discussion, Councilman Kee moved for an adjournment of the meeting. Motion seconded by Councilwoman Kennedy and carried unanimously. The meeting was adjourned at 7:45 P.M.

MINUTES OF A SPECIAL JOINT MEETING

OF THE CITY OF LAKE DALLAS
HELD AT CITY HALL JUNE 2, 1983

The meeting was called to order at 7:30 P.M. with Chairman Gilliland presiding and the following persons present:

City Council	Planning and Zoning Commission
Johnny J. Vinson, Mayor	Linwood Gilliland, Chairman
Anne Kennedy, Mayor Pro Tem	Phil Kemery, Member
P. O. Byers, Councilman	John Rushing, Member

M. Jean Chambers, City Secretary	Donna Stephens, Secretary
Richard Podgorski, Attorney for the City	

There being no persons absent, the following business was transacted:

Chairman Gilliland stated the purpose of this meeting is to jointly discuss the City's position in a zoning matter, and the Planning and Zoning Commission and City Council will enter into executive session for the purpose of seeking the advise of the Attorney for the City with respect to contemplated litigation as authorized by Article 6252-17 Sec. 2 (e), Vernon's Texas Civil Statutes. The meeting was then closed to the public.

After reconvening in open session, Mr. Podgorski was asked to give his expert opinion in writing on the following matters as each relates to the present circumstances prevailing in the City of Lake Dallas:

1. Can the C-3 Zoning of a new beer, wine or liquor store be certified to the State when an existing church (leasing space in the commercial district) is located within 300 feet of the proposed alcohol retailer?
2. Can a new church be permitted in a C-3 District within 300 feet of an existing retailer of beer, wine or liquor?
3. Whe an existing alcohol business (located in the proper C-3 District) is sold to a new owner, can the zoning be certified to the State when said business is located within 300 feet of an existing church leasing space in the district?
4. Detail the definition and procedure of the "Grandfather Clause" as it relates to non-conforming use of the land as herein discussed. When an alcohol retailer is operating in a commercial district at the time of the wet/dry election, and is later excluded from the new C-3 Zone District, when would the "Grandfather Clause" expire or be cancelled? At the time the business (personal property) changes ownership, or when the real estate changes ownership?

There being no further business for joint discussion, Mayor Vinson excused members of the City Council from the meeting at 9:00 P.M., and the Planning and Zoning Commission continued with their regular agenda of business.

He stated the Park and Recreation Commission will be responsible for the administrative detail work and implementation of the program. After much discussion, the following policies and fee schedules were approved to be effective in Willow Grove Park July 1, 1983:

HELD AT CITY HALL DECEMBER 17, 1983

The meeting was called to order at 9:00 A.M. with the Mayor presiding and the following persons present:

Johnny J. Vinson, Mayor
Anne M. Kennedy, Mayor Pro Tem
P. O. Byers, Councilman
Ronald E. Honse, Councilman
Ronny L. Kee, Councilman
J. C. Payne, Councilman
M. Jean Chambers, City Secretary
Y. G. Carr, Chief of Police

There being no persons absent from the meeting, the following business was transacted:

Chief Carr stated it was not his desire to have a private hearing before the Council, and requested that the meeting remain open to the public and to the press.

Mayor Vinson stated the purpose of this meeting is to provide a hearing for Chief Carr relative to the indictments against him for official misconduct recently handed down by the Denton County Grand Jury. Chief Carr stated he was not guilty on any of the four counts and, in his mind, had done no wrong. He stated he had retained legal counsel and intended to protest his innocence of all charges. He said, however, he was sensitive to the position of the City in this matter, and would accept any decision handed down by the Council, even to a suspension from his duties until the matter is resolved.

Councilman Kee stated the charges made against Chief Carr appear to be of a very serious nature, even if somewhat vague. Nonetheless, he urged serious attention and consideration be given to the matter by City Council. After much discussion and consideration of the charges, it was unanimously agreed by all members of the Council that a suspension of Chief Carr would, at this point in time, be premature. The matter of a suspension could be re-evaluated at a later date if necessary. It was agreed that until more definitive evidence is presented, Chief Carr would remain in his present position as Chief of Police with full support of the Council.

It was further agreed that Councilmembers Anne Kennedy and Ronny Kee be appointed to act as an Internal Investigative Committee of the Council to investigate this particular matter for any wrong doing, as well as the administrative policies and procedures of the Police Department relative to their routine handling of confiscated property. The Committee is to report their findings to Council in an expeditious manner, together with any recommendations deemed necessary.

There being no further business for discussion, the meeting was adjourned at 10:20 A.M.

No persons being absent from the meeting, the following business was transacted:

Mayor Vinson called for any comments from interested citizens present regarding the petition, brought by Rich Varnell, for a variance from Ordinance No. 25 relative to the 15 feet side yard setback requirement at 703 Glen Rhea. The existing house (built before the passage of the ordinance) is located approximately nine feet from the west property line (abutting Donald Street), and permission is requested to construct an addition which would also be nine feet from the west property line.

Mr. Juan Longoria, 611 Glen Rhea, stated Donald Street is extremely marrow, and Mr. Varnell does not presently have adequate guest parking on his lot. He expressed concern that if the addition is permitted, guests parking on Donald Street would become an even greater problem. Mr. Bob Sudderth, Glen Rhea Drive, stated, in addition to the on-street parking problem, Mr. Varnell's brick fence is presently encroaching approximately 13 feet into the street right-of-way, further narrowing the street making it even more difficult to negotiate a turn from Glen Rhea onto Donald. After adequate time for given for all persons to make comments with respect to the requested variance, Mayor Vinson declared the public hearing closed and proceeded with Council discussion of the matter.

Motion made by Councilman Byers, seconded by Councilman Kee and carried unanimously, to approve and grant the petition for variance as presented by Rich Varnell.

Mayor Vinson called for any comments from interested persons present regarding the petition brought by Jerry Blazewicz for a variance from Ordinance No. 25 relative to the 15 feet rear yard setback requirement at 140 West Hundley Drive. Permission is requested to observe a 10 feet setback in order to allow wider drives within the proposed mini-warehouse project. There was no response and, after adequate time was given for all persons to be heard with respect to the requested variance, Mayor Vinson declared the Public Hearing closed and proceeded with Council discussion of the matter.

Motion made by Councilman Byers, seconded by Councilman Payne and carried unanimously, to approve and grant the petition for variance dated December 15, 1983 submitted by Jerry Blazewicz.

Ms. Anne Kennedy then took the chair, and called for any interested person wishing to be heard on the matter of a petition, brought by L. D. Vinson for a variance from Ordinance No. 25 regarding the building setbacks for detached accessory buildings in District R 1-6000. It was explained that Mr. Vinson had constructed a detached garage at 728 Summers Lane that is three (3) feet from the primary building rather than the ten (10) feet as required by ordinance.

Johnny J. Vinson, Mayor

Ronald E. Honse, Councilman
Ronny L. Kee, Councilman
J. C. Payne, Councilman

No persons being absent from the meeting, the following business was transacted:

Mayor Vinson declared the Public Hearing open and called for comments from interested persons wishing to be heard on the matter of a petition, brought by James H. Kinley & Son, for a change in zoning classification from the R 1-7200 (single-family residential) District to the R 1-4000 (single-family mobile home) District with respect to 159.7 acres of land out of the T. I. White Survey. Said tract of undeveloped land is located north of the Oaklakes Subdivision, south of Dobbs Road and west of Shady Shores Road.

Mr. Mark Delk, 707 North Shady Shores Road, stated he opposed the change in zoning classification based on the high density factor, impact on present water, sewer and school facilities, as well as the fact that mobile home developments traditionally tend to devalue surrounding properties.

Ms. Patsy Farrow, representing the Swisher Cemetery Association, expressed concern regarding the drainage problem that could adversely impact the cemetery due to adjacent high density development.

Mr. Bob Jameson, Superintendent of the Lake Dallas Independent School District, opposed the change in zoning classification due to the adverse impact the higher density land use factor would have on the already crowded school system.

No persons representing James H. Kinley & Son were present to present their proposed project and answer questions regarding same.

After adequate time was given for all interested persons to be heard regarding the petition brought by James H. Kinley & Son, Mayor Vinson declared the Public Hearing on the matter closed.

MINUTES OF A SPECIAL MEETING OF THE
CITY COUNCIL OF THE CITY OF LAKE DALLAS
HELD AT CITY HALL FEBRUARY 9, 1984

The meeting was called to order at 7:10 P.M. with the Mayor presiding and the following persons present:

Johnny J. Vinson, Mayor
Anne M. Kennedy, Mayor Pro Tem
P. O. Byers, Councilman
Ronald E. Honse, Councilman
Ronny L. Kee, Councilman
J. C. Payne, Councilman
M. Jean Chambers, City Secretary

No persons being absent from the meeting, the following business was transacted:

Mayor Vinson declared the Public Hearing open and called for comments from interested persons wishing to be heard on the matter of a petition, brought by Burton L. Shryock, for a change in zoning classification from the M-1 (Light Industrial) District to the R-3 (Multi-Family Residential) District with respect to 8.315 acres of land out of the J. W. Simmons Survey. Said tract of undeveloped land is located in the 300 Block of Shady Shores Road, West of the Kings Manor Subdivision, North of the Lakehaven Mobile Home Park and South of the Shady Shores Apartment complex.

Mr. Shryock explained he wished to construct an adult apartment and office/industrial warehousing project on approximately 14.7 acres of land presently zoned for Light Industrial development. He proposed the construction of a 44 feet wide, curbed and guttered, concrete extension of Overly Drive through his property west from Shady Shores Road to the I-35E Access Road so that the project will not adversely impact the already traffic congested condition of Shady Shores Road and Hundley Drive. He stated the concrete street would be constructed to meet or exceed specifications as set by the City and would support heavy industrial traffic.

Mr. Shryock proposed to develope the apartment complex in two phases, construction on the first 100 units to begin in September, 1984 and construction on another 100 units to begin in September, 1985. Entrance to and exit from the complex will be on the new extension of Overly Drive and all buildings will front into the complex, away from Shady Shores Road. He stated the project will be an adult apartment complex with the following exterior amenities: Tiered pool with spa and waterscape; Multi-level decks for sun bathing; Luxurious clubhouse with lounge area, fireplace and kitchen facilities; Traditional architecture with extensive brick exterior and cedar trim; Extensively landscaped and sprinklered grounds; convenient laundry facilities; Full-time professional management. Living area features will include the following: One and two roommate bedroom floorplans; Washer/dryer connections; Woodburning fireplaces; Ceiling fans; Private patio or balcony with wood fence; All electric kitchens with quality appliances; Pass through serving bar between kitchen and dining area; Deadbolt locks, doorbell and full view peephole on all entrance doors; Wired for cable T.V.; Built in TV antenna system; Electronic smoke detectors; and individual heating and air conditioning units.

Several persons asked questions regarding the proposed project and Mr. Shryock replied to each inquiry. It was determined management of the complex would use the Dallas Adult Apartment Contract Agreement which prohibits school age children from living on the premises. In the event children are born to a couple while occupying a unit, they must vacate the premises before the first child reaches school age.

One person objected to a two story building being constructed on Shady Shores Road overlooking the rear yards of residences on Queens Court. Mr. Shryock explained the apartment buildings will be facing away from Shady Shores Road and set-back a considerable distance with only a small bathroom window on the rear of the building. There were no further objections to the proposed project.

After adequate time was given for all interested persons to be heard on the petition for a change in zoning classification, Mayor Vinson declared the Public Hearing closed.

The meeting was adjourned at 7:40 P.M. on motion made by Councilwoman Kennedy, seconded by Councilman Honse.

Johnny J. Vinson, Mayor
CITY OF LAKE DALLAS, TEXAS

M. Jean Chambers, City Secretary

MINUTES OF A SPECIAL MEETING OF THE
CITY COUNCIL OF THE CITY OF LAKE DALLAS
SETTING AS THE BOARD OF ADJUSTMENT
HELD AT CITY HALL MARCH 8, 1984

The meeting was called to order at 7:00 P.M. with the following persons present:

Johnny J. Vinson, Mayor
Anne M. Kennedy, Mayor Pro Tem
P. O. Byers, Councilman
Ronald E. Honse, Councilman
Ronny L. Kee, Councilman
J. C. Payne, Councilman
M. Jean Chambers, City Secretary

Mayor Vinson removed himself from the Council table, stating inasmuch as he is related to the petitioner, he wished to be excused from any participation in this matter before the Board of Adjustment.

Ms. Anne Kennedy then took the chair, opening the Public Hearing by calling for any interested persons wishing to speak on the matter of a petition, brought by L. D. Vinson, for a variance from Ordinance No. 25 regarding the rear yard setback from the building line relative to property located at 108 North Lakeview Drive in the R 1-6000 Zone District.

The following persons spoke in opposition of the requested variance: Mr. and Mrs. Lee H. Hughes, Aldena Stowe, Volta Moore, George Buchanan, Stanley McNeil, Dale Boliver, Lyle Shelton, Bill Finch, Steve Randall, Scott Tucker, C. L. Randolph, and Jerry McCutcheon, Fire Marshall. Mr. Charlie Berry, City Building Inspector, recommended that the variance be denied and all building materials ordered removed from the lot within fifteen (15) days. Mr. Berry stated he had red-tagged the project three (3) times as well as instructing Mr. Vinson to discontinue construction until the hearing was held and a decision on the matter was made by the Board of Adjustment. He stated Mr. Vinson ignored his instructions and continued with construction of the project.

Mr. Moke Vinson stated he began construction based on the survey of the property made by Registered Surveyor Jim Dowdy, not knowing that it was in error. He stated the only thing any builder had to go on when establishing the building line setbacks was his survey of the property. He said he was not aware of any problem until Mr. George Buchanan (abutting property owner) told him the property had not been staked properly by the Surveyor, but Mr. Buchanan did not at that time have a registered survey of his property to offer as evidence of the error. It was some weeks later before Mr. Buchanan was able to secure a survey of his property which indicated one of the surveys had to be in error.

Mr. Jim Dowdy stated his original survey of Mr. Vinson's property was in fact in error. He said he started from the West assuming Lakeview Drive was a 50' right-of-way, when in fact it was a 30' right-of-way, resulting in a 16' error in the on-the-ground staking of Mr. Vinson's lots. Mr. Buchanan's surveyor started from the East and made a more accurate survey. He further stated, however, had the original survey been absolutely accurate, there would have been a need to secure a variance for that particular house plan to fit on the lots.

After adequate time was given for all interested persons to be heard regarding the petition brought by L. D. Vinson, Ms. Kennedy declared the Public Hearing on the matter closed.

After much discussion of the matter, Councilman Kee moved for a denial of L. D. Vinson's request, dated February 28, 1984, for a variance from Ordinance No. 25 regarding the rear yard setback from the building line on property located at 108 North Lakeview Drive. Motion seconded by Councilman Byers and prevailed by the following vote:

AYES: Messrs. Ronny L. Kee, P. O. Byers and Bill Honse.
NOES: Mr. J. C. Payne

It was further agreed, for the exception of Mr. Payne, the Board would support the Building Inspector's proposal that Mr. Vinson be required to clear the lot of all improvements and building materials within fifteen (15) days of the date of this hearing.

There being no further business for discussion by the Board, Councilman Kee moved for an adjournment of the meeting. Motion seconded by Councilman Byers and carried unanimously. The meeting was adjourned at 8:00 P.M.

III. TIE IN ALDERMAN'S RACE.

Motion seconded by Councilman Payne and carried.

VI. STREETS CROSSING RAILROAD RIGHT-OF-WAY.

City Secretary explained the M.K.T. Railroad is extremely negative regarding the granting of any additional street crossings over their right-of-way due to the high liability factor. However, the railroad will consider granting an easement through their property for the extension of Overly Drive in exchange for the City closing the Alamo Street crossing as well as closing that portion of Alamo Street which encroaches onto their property.

After much discussion of the matter, Councilman Kee moved for approval to close the Alamo Street crossing as well as that portion of Alamo Street encroaching upon M.K.T. property in exchange for the execution of an easement for the proposed extension of Overly Drive across their right-of-way further north. I, Sec. 4(2), made by the Planning and Zoning Commission, changing the side yard setback requirement from a minimum of four feet to a minimum of seven feet and changing the minimum distance between mobile homes from twenty feet to fourteen feet in Zone District R-1 4000, should be referred to City Council together with all other proposed amendments to the Zoning Ordinance for consideration at one time.

IX. INSURANCE COVERAGE.

The matter of some employee interest being generated in the North Texas MedCare program was discussed. It was generally agreed that inasmuch as the City's employee group is only 20 persons at maximum strength, the group should not be further diluted by permitting employees the option of major medical insurance coverage or a health maintenance plan provided by a local medical group. Councilman Kee indicated concern that some employees feel they cannot afford medical treatment because the deductable factor and the cost of dependent coverage is to high relative to the present major medical plan of insurance. After much discussion of the matter, Councilman Kee moved for approval of the City paying the last $100.00 of the $300.00 deductable being imposed by the present major medical insurance plan, and that the employee's dependent coverage cost be reduced to a maximum of $75.00 per month by the City paying the difference of $46.33 per month per employee. Motion seconded by Councilwoman Kennedy and prevailed by the following vote:

Ronny L. Kee, Councilman
J. C. Payne, Councilman
Ronald E. Honse, Councilman
M. Jean Chambers, City Secretary

All members of the City Council being present, the following business was transacted:

City Secretary explained that she had this date spoken to Mr. John Steiner in the Elections Division of the Secretary of State's Office relative to the tie vote cast in the Alderman's race at the election held April 7, 1984, as well as the recount of that vote held Monday, April 16, and Tuesday, April 17. She reported that, in Mr. Steiner's opinion, both recounts were null and void because Mr. Jim Bragg's original application for a recount did not meet the requirements as set out by Article 9.38a of the Election Code. Thereby, the Presiding Officer (Mayor) of the Canvassing Board (City Council) had no authority to order a recount of the votes cast in said Election. Neither was Mr. P. O. Byers' request for a second recount valid inasmuch as the first recount was procedurally incorrect and the Election Code does not authorize a recount of a recount.

It was further explained that it was the opinion of the Secretary of State's office that the Mayor and City Council should disregard both recounts of the ballots, and proceed with the holding of a run-off election on May 12 to break the tie cast in the April 7 City Officers' Election. City Council unanimously agreed to this course of action as recommended by the Secretary of State's office, and instructed City Secretary to proceed with the Run-Off Election to be held on May 12, 1984.

There being no further business for discussion, Councilwoman Kennedy moved for an adjournment of the meeting. Motion seconded by Councilman Honse and carried unanimously. The meeting was adjourned at 12:15 P.M.
