Betty Harper	Councilmember 5

Councilmember McInnish was absent. Staff present: Acting City Manager Ristagno and City Secretary Weikum.

B. Visitors/Citizens Agenda:

Jeff West with AFLAC, 4210 I-35 North, Denton 76207 introduced Deb Reed who is another representative. They have a plan they would like to make available to the city employees.

This can be put on the September 27 agenda. item on 09/27. We want to be sure our employees have as much freedom of choice as possible.

Mark Johnson, 905 Vista Oaks Court, said he is an industrial engineer with Nokia Mobile Phones. They have some surplus exercise equipment and they want to donate it to the City of Lake Dallas. It will need to be picked up within the next few weeks.

Mayor Wohr thanked Mr. Johnson and said the City will sent Nokia a letter thanking them.

Mayor Wohr closed the citizens' agenda when no one else came forward to speak.

C. Workshop:

1) **Budget Workshop.**

2) **City Manager Search.**

3) **Development of New Revenue Sources.**

Mayor Wohr called for a break at 9:10 PM.

Mayor Wohr called the meeting back to order at 9:17 PM.

4) City Facility Planning/Progress.

D. Staff Reports:

Acting City Manager Ristagno has talked with the City Attorney about the weapons and fence Ordinances.

E. New Business:

The C-1-A Ordinance needs to be done soon.

Joy Odle died and the funeral was today.

There was some discussion about the Boys and Girls Club and progress on them purchasing property in town for their own building.

When we don't have a meeting posted on our marquee it should say "God Bless America."

The Parks and Recreation Board can work on the monument sign now that the budget process has been completed.

FallFest and the Main Street Flea Market are on the same weekend. Vendors and booth rentals may conflict.

F. Adjourn:

Motion to adjourn was made by Councilmember Johnson. Seconded by Councilmember Kirby.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper

The meeting was adjourned at 10:17 PM.

CITY OF LAKE DALLAS, TEXAS

Steve Wohr, Mayor

Beverly Weikum, TRMC
City Secretary

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on September 13, 2001 at 7:40 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Kyla Kirby	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was absent. Staff present: Acting City Manager Ristagno and City Secretary Weikum.

B. Mayor Wohr gave the Invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Proclamation -- Constitution Week

Mayor Wohr read the proclamation about the Constitution. It is the privilege and duty of all Americans to commemorate the 214th anniversary of the ratification of the Constitution of the United States of America. Public Law 915 guarantees the issuance of a proclamation by the President of the United States of America designating September 17 through September 23 as Constitution Week. He also read the Preamble to the Constitution.

E. Visitors/Citizens Agenda:

Bobby Shikle, 723 Thompson Drive, expressed concern about a situation that happened over the holiday weekend between some of his neighbors and the Animal Services.

Rayette Mabie, 612 Thompson, said she was unhappy with a situation that happened over the Labor Day weekend with the Animal Control personnel and police department.

Mayor Wohr said we would get some information to her within the next couple of days.

Denise Wilson, 4427 Spanish Oak Circle, and Kim Farris, also of Thousand Oaks, said they were here about the River Oaks Way Park in Thousand Oaks. They want to raise donations for the park.

Randy Danner, 731 Black Walnut, said he had an unpleasant personal situation take place two weeks ago and 2 officers came out and showed the highest degree of professionalism.

Carolyn Green, 201 North Shady Shores, said she supports items G-5 and G-10 on the agenda totally and completely as she does our Police Department.

F. Reports:
Boards & Commissions:

Paul Fiala, chairman of the Economic Development Committee, said the 4a and 4b tax is still in the future. The E.D.C. is currently working on the website design. They will get some brochures worked up about what they've been doing so they can hand them out from their booth at the FallFest. They want to get some feedback from the Planning and Zoning Commission and maybe even Parks about what can be done.

A joint meeting is being considered for the Council and all boards and commissions after the budget approval. Posting the minutes on the web will help the different committees to see what is going on.

Tom Hoover of The Hoover/Klein Group said the original submittal was a preliminary. These drawings show a flush mounted median. The total cost is $270,000 for all 10 intersections and the green up at the fire station. Part of the cost is using stamped and/or colored concrete. A big part of the cost is the lighting since these are more an antique style. They also looked at the city hall site and have good idea for some improvements for a Welcome to Lake Dallas monument sign. They are leaving some room for a gazebo. The business owners in Keller have started taking a little pride in their buildings and have begun fixing them up while the streets and sidewalks are being done.

Russell Bates, Architect, said he tried to do a good cost estimate but we need to keep in mind that this is a 16,000 SF building. He said that if, during the bidding process, someone comes up with a cost saving idea we can issue addendums. We have a complete set of plans so we can tell them exactly what we want "or equal" and make them provide data to back it up so if we do accept it then we have to give other bidders a chance to bid. There won't be a weather problem because there won't be foundation work. When we take the A/C units off the roof we will violate the warranty on the roof. We could use that contractor but we won't be getting a competitive bid. He said he is looking for an alternate choice for the entrance.

Mayor Wohr called for a break at 9:02 PM.

Mayor Wohr called the meeting back to order at 9:17 PM.

G. Business:

1) Public Hearing on an application for a Special Use Permit to operate a church at 310-312 South Shady Shores Road, Tract 15 of A-1355A Wright Survey, Lake Dallas, Denton County, Texas.

Kevin Hardesty, 5430 Prince Drive, said he is renting part of the old Tim's Produce building. This church is a satellite of a church in Lewisville. With this approval they can move on with what they want to accomplish.

Mayor Wohr closed the public hearing when no one else came forward to speak.

2) Consideration and Action on approval of an Ordinance for a Special Use Permit to operate a church at 310-312 South Shady Shores Road, Tract 15 of A-1355A Wright Survey, Lake Dallas, Denton County, Texas.

Motion made by Councilmember Johnson to approve the Special Use Permit to operate a church at 310-312 South Shady Shores Road, Tract 15 of A-1355A Wright Survey, Lake Dallas, Denton County, Texas with a limitation that the Special Use Permit expires in two years from the date of issue. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

3) Public Hearing on Property Tax Rate.

Robbie Robertson, 718 Thousand Oaks, told Council they have the unpleasant task of trying to provide services like Irving and Dallas without the funds.

Mayor Wohr said they have tried to be sensitive to the needs of the citizens.

Mayor Wohr closed public hearing when no one else came forward to speak.

The September 27 meeting will have an action item to adopt the tax rate.

4) Public Hearing on FY 2002 Budget.

No one came forward to speak on the public hearing so Mayor Wohr closed the Public Hearing.

5) Consideration and Action on approval of an Ordinance regarding solid waste disposal.

Mr. Klaiber of Waste Management said the subscriber list for Lake Dallas is a little over 1400 homes while the estimated house count is 2100 - 2200 homes with a vacancy rate of approximately 5 %. They are dealing with the same situation in Hickory Creek and Shady Shores.

Motion was made by Councilmember Stapleton to approve the ordinance as presented. Seconded by Councilmember Johnson.

There was Council discussion about Section 86.33 item (h). That item should read: "Place the containers at the curbside of the street or usual place of pickup not later than 7:00 a.m. on the day of scheduled collection. It shall be unlawful for any customer to place any containers of garbage and/or trash at said location prior to 6:00 o'clock p.m. the day before the day of scheduled collection."

Motion was made by Councilmember Johnson to amend the motion. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper

Motion Passed

6) Consideration and Action on approval of an Ordinance amending Chapter 18 of the Municipal Code relating to animals.

Discussion involved changing the first sentence of Section 18.83. Restrictions (a) to read: "It is unlawful for any person to keep or permit the keeping of livestock on premises owned by him or under his control, except the following: There shall be one-half (1/2) acre (21,780 square feet) of grazing area for the first animal and one-quarter (1/4) of an acre (10,980 square feet) of grazing area for each additional animal so long as the livestock is kept and maintained in a sanitary and humane manner, subject to inspection by the City." And (c) shall read: "It shall be unlawful for any person to keep livestock on premises under his control in such manner that livestock will be housed closer than 50 feet from any person's living quarters."

Motion was made by Councilmember Stapleton to approve the Ordinance referred to in Agenda Item 6 as amended. Seconded by Councilmember Harper.
Ayes: Councilmembers Kirby, Stapleton, and Harper
Noes: Councilmember Johnson

Motion Passed

7) Consideration and Action on approval of August financials and accounts payable.

Motion was made by Councilmember Kirby to approve the August financials as presented and pay the bills. Seconded by Councilmember Stapleton.

Motion Passed

11) Consideration and Action on approval of an Ordinance regarding an agreement with the Lake Cities Soccer Association.

There was discussion between the Council and Mike Hageman of the Lake Cities Soccer Association. Item 15 needs to be changed.

Motion was made by Councilmember Kirby to approve the Ordinance regarding an agreement with the Lake Cities Soccer Association with the change as stated in Item 15 of the agreement. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

1) City Manager Search.

Councilmember Kirby said she has not heard from the Waters Consulting Group yet. John Klaiber had recommended a firm owned by Kerry Sweat that provides an interim city manager. She has talked with Kerry Sweat and he said they take the salary and add the benefits to come up with an hourly rate and place someone in that position at that hourly rate plus pay travel expenses and hotel/room. We could offer one of the previous candidates the job of interim while we continue our search.

2. City Facility Planning/Progress.

This item was not discussed under the workshop. See the report from Russell Bates.

3. Budget Workshop.

There was Council discussion about the proposed budget.

I. Staff Reports

None were made.

J. New Business:

Please put the Council Policies and Procedures on an agenda in October.

The Employees Appreciation dinner should be held next month.

Denco 9-1-1 has maps out now and if we have an agreement with them we can get one.

We need to move forward with the C-1-A zoning that will allow retail, restaurants, and hotels and motels.

We need a meeting next Thursday. The Planning and Zoning Commission has a meeting scheduled for that night also. The Council meeting will be at City Hall. Our meeting will be for the budget, city manager search, and a workshop on developing new revenue sources.

K. Adjourn

Motion to adjourn was made by Councilmember Stapleton. Seconded by Councilmember Johnson.

The Lake Dallas City Council met in a special meeting on August 30, 2001 at 7:40 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Kyla Kirby	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was absent. Staff Present: Acting City Manager Nick Ristagno, Acting City Secretary Joni Vaughn, and City Secretary Weikum.

B. The Invocation was given by Mayor Wohr.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda

Cindy Nelson, 812 Lakebluff Drive, said that arrows are being shot very close to her yard and a friend's yard. She is asking that the ordinance on weapons be changed.

Mayor Wohr said the city has changed a lot over the past 3 or 4 years and it's only been that long since one can't shoot off firearms in the city. It is not without precedent to go in and look at these ordinances.

Heather Griffith, Lakebluff Drive, said she is talking about same issue as Cindy. She said it's easy in archery to make a mistake. She's afraid to let her daughter play in their backyard.

Jeanette Harmon, 72 Lake Ridge, would like Councilmembers to clarify the code pertaining to the hard surface for driveways requirement. She believes the landlords at Kingswood Estates should advise the renters of the codes within the park and that most of those codes match the city codes.

Mayor Wohr said one of the things we're looking at is about requiring a certificate of occupancy each time a residence has new occupants. That would enable the City to check out the homes to make sure they have smoke detectors and that the house is all right for occupancy. At that time we could let them know where they can get a copy of the codes.

F. Business:

1) Consideration and Action on the "City of Lake Dallas" name placement on Lake Cities Municipal Utility Authority water tower with their logo.

Motion was made by Councilmember Stapleton to not approve the 'City of Lake Dallas' name placement on the Lake Cities Municipal Utility Authority water tower. Seconded by Councilmember Kirby.

2) Consideration and Action on holding a Public Hearing on a proposal to increase total tax revenues from properties on the tax roll.

Motion was made by Councilmember Stapleton to set a Public Hearing on September 13 for a proposal to increase total tax revenues from properties on the tax roll. Seconded by Councilmember Kirby.

Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

G. Workshop

1. Discussion about consideration of outside firm to perform FY 2002 Budget preparation.

There are firms available to do this. We can make a decision at a later date.

2. City Facility Planning/Progress

Russell Bates said some measuring has been done for all the column locations. They have looked at the report from the previous structural engineer. The floor plan has been discussed with staff and departments. We are at the point of cost now. When he comes back in the near future he will have better idea of the cost. He will be talking with contractors and getting prices. We need to weigh the first time costs vs. long-term costs. We can't stain the concrete because it's been sealed. We'll have to put floor covering on it. He said he had someone look at the roof and it appears that water intrusion has occurred within the insulation and plies of felt with asphalt layers between them. It could be as minor as warranty. Mr. Bates said he will get us a price and should get back to us before three weeks. We did lose some time in the process in prior months.

3. Discussion regarding interim City Management procedures.

4. City Manager Search.

Councilmember Kirby will contact Corinth to get a cost and procedure of what they used for their search. She will also contact John Klaiber regarding his information about an interim city manager.

5. Lake Cities Soccer Association contract.

Discussion included the hours requested; spring and fall schedules; night games and rain days makeup games; reasonable wear and tear; the association liability for an act by the city; maintenance; contract date; and user fees

Mayor Wohr called for a break at 10:17 PM.

Mayor Wohr called the meeting back to order at 10:35 PM.

E. EXECUTIVE SESSION:

1) The City Council to convene into closed session pursuant to Texas Government Code Section 551.074 to discuss matters relating to City Manager personnel issues.

Mayor Wohr called the Executive session to order at 10:40 PM.

Mayor Wohr closed the Executive session at 11:50 PM.

Mayor Wohr called the open meeting back to order at 11:55 PM.

3) Action, if any, from executive session.

No action was taken.

G - 6. Budget Workshop.

Acting City Manager Ristagno said the budget this year is the result of team effort. The biggest expense item this year is the budget for the fire services. It has increased by $200,000 this year. Council asked for a list of others on the staff (besides the police department) that the step pay plan would affect. Out of the proposed $2,404,000 general fund budget approximately $165,000 is discretionary. There was also discussion about the Public Works and a new vehicle. The Parks Board has asked for an additional $6,000 for park maintenance. They still want a Parks events coordinator. The Economic Development Committee would like funds to hire a consultant. The proposed budget will be brought back at the next meeting.

H. Staff Reports

I. New Business

The fence on Oak Lakes is illegal even if he was issued a permit to put it up. We should see what can be done about getting it down.

The Councilmembers need to discuss the policies and procedures about items being given to them for their meetings at the time of the meetings.

We ended up getting a good rate from TXU by choosing the avenue earlier this year.

We should see if the City would qualify for a grant for the new city hall from the news release received earlier.

The Economic Development Committee will have a table at FallFest.

The City of Gilmer has just completed a skate park for skateboards and roller blades. The information will be given to the Parks and Recreation Board.

Would like to address the council policies and procedures at a meeting next month.

We need to tighten up our ordinance on trash collection because it will raise the compliance rate.

Nancy Bradshaw said she would be happy to come down and donate her services in the parking lot at new city hall for the dance the Friday before Halloween.

C. The Pledge of Allegiance was led by Mayor Pro-Tem Johnson.

D. Visitors/Citizens Agenda:

Randy Danner, 731 Black Walnut, said he is the chairman for the Lake Dallas Business Owners Association. The association plans to work with the City of Lake Dallas to bring events to the city and work towards more business for the city.

Kathy Helm, Herb Garden Antiques, 213 Main Street, said the business owners association will have Trade Days the Saturday of Homecoming weekend and the day of FallFest. They will be referring people to the FallFest. They are planning Halloween festivities in conjunction with the City's activities and plan to do so also in November and December.

Pat Phillips, 402 South Lakeview, said she is co-chair of the Lake Dallas Business Owners Association. They are planning a float for the Homecoming parade and would appreciate the City's help. They are planning to have booths at Main and Falcon for the Trade Days in October.

Margaret Tisdale, 509 Howard Drive, is concerned about the condition of Atchison Street and Summers Lane. She asked about the work to be done on the Kings Manor Drainage Ditch. She was told it would be as soon as Betchan Street is completed. The Betchan project is currently under construction.

E. BUSINESS:

1. Consent Agenda:

a) Consideration and Action on approval of a Resolution for bank signatories on Northstar Bank.

b) Consideration and Action on approval of a Resolution naming representatives for TexPool accounts.

c) Consideration and Action on approval of a Resolution approving a 90-day moratorium on the acceptance for filing and the issuance of building permits and all other development permits for construction and/or development in M-1 Light Industrial Zoning districts.

d) Consideration and Action on approval of a Resolution placing a 90-day moratorium for filing and the issuance of building permits and all other development permits for construction and/or development in R-3 Multifamily Residential district property.

e) Consideration and Action on appointment of an alternate member to the Planning and Zoning Commission.

f) Approval of minutes for July 26 and August 2, 1001 meetings.

F. WORKSHOP:

1. Discussion about Special Event permits.

There was a thorough discussion about the permits required by some other cities. It was determined that this is an item that the Parks and Recreation Board should work on. There should be three different types of permits specified: promoter, event, and vendors. Consideration should be given to those vendors with and without concessions. Food vendors should be required to have health permits.

2. FY 02 Budget discussion.

There is no new information ready at this time.

3. City Facility Planning/Progress.

Russell Bates should have a report for next week's Council meeting. The mansard from the old building should not be recycled in an attempt to have picnic table covers at Willow Grove. There is some information about the roof on the building. Mr. Bates has recommended that we get a second opinion on the condition of the roof. Mr. Bates is making some minor changes to the floor plan. He has firm enough plans to begin making an estimate on the cost. Council would like Mr. Bates to attend the meeting next week to give a report with realistic ideas and dates.

4. Discussion on proposed ordinance regarding taxation exemption on leased vehicles.

This doesn't impact us right now but Mary Horn has recommended that it would be better for the City to have this Ordinance in place should something change. More research should be done. The Ordinance doesn't need to be in place until January.

5. City Manager Search.

This item should be discussed when the Mayor is present and needs to be on every agenda. Directive was given that compensation for Chief Ristagno and City Secretary Weikum be resumed as it had been during prior city manager searches.

G. Staff Reports:

Chief Ristagno described a program Green Thumb that wants to place an elderly, low-income person in our animal control department for about 20 hours a week to subsidize their social security income. If TML or the City Attorney doesn't have a problem with this it sounds like a good program. There is new legislation regarding 5 year vesting for retirement with TMRS instead of the 10 year vesting currently in place. This will be automatic in January 2002 unless the City passes a Ordinance rejecting the 5 year vesting. The cost to the City will be 1/2 a percent on salaries.

H. New Business:

The Back to School dance was very good. The 50's Dance needs to be advertised more so there will be better participation.

The new logo has become City property. Alan Fletcher has been paid $10.

The Lions Club wants to know what we, as a city, are going to do for Halloween. His suggestion is that after the businesses close and trick or treating is done, that we stay on awhile until dusk and then have a street dance for the older kids. That way all the kids don't start hitting the streets. This year Halloween is on a Wednesday, which is a school night as well as church night. We plan to do a hayride as in previous years. We should give some thought to having the dance the Friday night before Halloween.

Kay Swihart had said the City will have to come into compliance with a Storm Water Drainage program within the next few years. We may have to start planning toward the cost for this program.

Bob Altman has been coming to the business owners meetings and he is interested in possibly putting some money into getting an archway put up over Main Street. He can get some costs after he finds out what we would like to have on the archway.

Chief Ristagno said the City had received a letter from the Lake Cities Municipal Utilities Authority that for $2500 from us they would put our name on the water tower on Shady Shores under their logo.

2. Second Public Hearing on proposed annexation of 35.38 acre tract of the Nathaniel French Survey, Abstract No. 424, Denton County, Texas located on North Lakeview Drive.

Randy Squier, 560 North Lakeview Drive, said he is still in favor of the annexation process. He wants to make the Council aware that he has talked with the North Texas Tollway Authority and they have not yet decided a location for the toll booth. He said he had been promised someone would sit down with him and discuss what uses he will be able to continue to do on his property after the annexation.

Mayor Wohr said we will be asking the City Attorney to draft an ordinance regarding the usage on his property. Mayor Wohr closed the public hearing when no one else came forward to speak on this item.

3. Consideration and Action on proposed annexation of 35.38 acre tract of the Nathaniel French Survey, Abstract No. 424, Denton County, Texas located on North Lakeview Drive.

Motion was made by Councilmember Stapleton to approve the annexation of a 35.38 acre tract of the Nathaniel French Survey, Abstract No. 424, Denton County, Texas and direct staff to prepare an Ordinance to appear on the agenda on or before September 13. Seconded by Councilmember Kirby.

F. WORKSHOP:

2. Review of Library proposed interlocal agreement.

It would be useful for the Council to see a plan from the Library reflecting where they are now and where they plan to be in 2 years and then again in 5 years. They would like to see a document similar to what the Fire Department brought to Council before the interlocal agreement with them was acted upon. The Articles of Incorporation may need to be changed in order for the library board to adapt to an interlocal agreement. The City likes to take a hands-off approach. We like to receive reports as to what they are doing and planning to do but leave the day-to-day business up to the Library. Since Lake Dallas is furnishing the building, and, in time, hope to let the library expand into the entire building, it would appear that the other cities should furnish more money. We should work on leasing agreements during the budget time. An interim agreement should be drafted. Perhaps when the Boys and Girls Club lease expires, the Library will be able to take over the back part of the building.

The Library Board should work on a budget that would reflect how much their costs would be for rent of the building, utilities, and other costs for the portion of the building they are using now as well as what their costs would be when they have use of the entire building.

1. Discussion about Special Event permits.

We need to get some numbers of what other cities are charging. Arlington has various charges for street festivals. We could charge one amount for a food vendor and different amounts for another types of vendors. There would be a fairness in charging vendors various fees for events. If the business is located in town they're already paying sales and property taxes. We could possibly earmark those fees to be used for parks. Staff should contact some other cities to get some information on fee structures so it can be brought back to a future meeting.

Mayor Wohr called for a break at 8:42 PM.

Mayor Wohr called the meeting back to order at 9:10 PM.

3. City Facility Planning/Progress.

City Manager McCain said there was nothing new to report. The architect has a family member who is gravely ill this week.

3. FY 02 Budget Review.

City Manager McCain said he feels he's made a lot of progress this week but everything he gets into raises more questions so it takes a lot of research. The summary reflects a shortfall of $40,000. The Parks board has requested an events coordinator and maintenance of $6,000. The tax rate is the same rate the city has had the past several years. Our debt service shows a bond payment being paid from prior years debt service balance. The figures for the 2000 actual numbers should be part of the budget instead of the estimated numbers.

Mayor Wohr called for a break at 10:38 PM.

Mayor Wohr called the meeting back to order at 10:47 PM.

E (i) EXECUTIVE SESSION
The City Council to meet in Executive Session for evaluation of the City Manager pursuant to the Texas Government Code Section 551.074.

Mayor Wohr announced that the Council would go into Executive Session .

E (ii) ACTION, IF ANY, FROM EXECUTIVE SESSION:

Motion was made by Councilmember Johnson to accept Kyle McCain's resignation. Seconded by Councilmember Kirby.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

G. Staff Reports:

There were no reports made.

H. New Business:

Councilmember Kirby asked if there would be a problem for several vehicles to park at the new city hall on Saturday. It should not cause any problems.

I. Adjourn:

Motion to adjourn was made by Councilmember Johnson. Seconded by Councilmember Kirby.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on August 9, 2001 at 7:40 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Kyla Kirby	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4

Councilmember Harper arrived at 8:00 PM. Staff present: City Manager Kyle McCain and City Secretary Weikum. Police Chief Ristagno arrived later.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. Visitors/Citizens Agenda

Carolyn Green, 201 N. Shady Shores, said the deal with the Boys and Girls Club was a catch 22 with her. She commended the Council for the decision they made. The City has pledged the property and Boeing has pledged some money. She is sending letters in an effort to have money donated for them and encourages the City and the Boys and Girls Club to do the same. Please help her raise the funds to build the building. Again, she said she commends Council because it took some courage to do that.

Mayor Wohr closed the Citizens' Agenda at 7:48 PM when no one else came forward to speak.

E. Reports from Boards and Commissions and Contract Consultant

Rod Proctor, Parks and Recreation Chair said they met on Saturday to discuss the budget. The board had a workshop to discuss the playground with representatives from two companies that had proposals and drawings of similar playgrounds. There have been suggestions for a skateboard area plus walking/jogging trails. They will send a survey out through flyers at the schools and soccer and other activities to get citizen input. Soccer will continue to use the area closest to Shady Shores. Football takes a lot of the other area during the fall. The Methodist church is donating lights, and the board would like to have them put at Willow Grove. They would like to see the football and baseball associations move out there after the lights are in place. They would like to have the money not used for capital improvements during this budget year carried over to the 2002 budget. The elementary school is putting in new playground equipment and donating their old equipment to us. The board is discussing installing a pavilion and demolishing the old

bathrooms at Willow Grove now that we have the lease. The Fallfest is October 6 and it will be joint venture between Lake Dallas and Hickory Creek. We are hoping for good weather this year and plan to have the old time gunfighters, a chili cook off, pony rides, and more to draw people in who haven't been there before.

Mayor Wohr asked Rod to contact the VFW or American Legion for help in contacting Wal-Mart for assistance in getting a sign for the park.

Paul Fiala, Economic Development Committee chairman, said he doesn't have complete reports because some people missed their meeting last week. Councilmember Kirby said she has some forms that can be automated and Mayor Wohr said he can give them a contact person for the database. Paul said they are looking into a 4a or 4b sales tax. We had some people from TXU and Denton County come to try to help and it would be nice if we could give them something as a thank you for their volunteer help. If the Economic Development Committee can give us a list of the people involved we could present them with certificates at a council meeting. The committee has begun 2 meetings a month again.

Alan Fletcher, 917 Lake Bluff, an alternate on the Economic Development Committee, said he appreciates the opportunity to talk with the council. He thanked the council for doing a thankless job. He displayed the new logo design. Then he said the Economic Development Committee is developing plans to market the City of Lake Dallas. Our website could encourage future development here if it can be updated. He said the cost of the logo design, design and pre-press production of the City's business cards, letterheads and envelopes will all be donated. He will also donate his work on the website.
Mayor Wohr said the City Council respects a recommending body such as the Economic Development Committee. Perhaps some Economic Development Committee members could start going to ribbon cuttings when new businesses open.

F. BUSINESS:

1. Consent Agenda

a) Consideration and Action on approval of July financials and accounts payable.

b) Consideration and Action on approval of minutes for June 14, June 28, and July 12, 2001 meetings

c) Consideration and Action on appointment of John Flaming as alternate member of the Board of Adjustment.

d) Consideration and Action on approval of a resolution to extend the R-2 zoning district moratorium.

e) Consideration and Action on approval of an Ordinance on agreement with the Denton County Boys and Girls Club for the use of the Lake Dallas Community Center and community center property.

Motion was made by Councilmember Kirby to accept Items F-1-a, b, c, d, and e.
Seconded by Councilmember Johnson.
Ayes: Councilmembers Kirby, Johnson, Stapleton, McInnish, and Harper.
Noes: None

Motion Passed

2. **Public Hearing on proposed annexation of 35.38 acre tract of the Nathaniel French Survey, Abstract No. 424, Denton County, Texas located on North Lakeview Drive.**

No one came forward to speak so Mayor Wohr closed the public hearing.

3. **Consideration and Action on approval of employee's Dental Plan.**

Motion was made by Councilmember Johnson to approve the same plan in use at the present. Seconded by Councilmember Kirby.
Ayes: Councilmembers Kirby, Johnson, Stapleton, McInnish, and Harper.
Noes: None

Motion Passed

Mayor Wohr called for a break at 9:04 PM.

Mayor Wohr called the meeting back to order at 9:30 PM.

G. Workshop:

1. Presentation of the FY 02 Budget.

City Manager McCain said this is basically the operating departments only with nothing for streets or the fire department. The Operating Revenues range between $1.9 mil to $2.1 million for next year. It does not show the cash on hand to carry us forward. He hopes to have better print out tomorrow. He discussed the cafeteria plan on IRS 215 program where some of the health and dental insurance is deducted pre-tax. Police Chief Ristagno is here to talk about the salaries for the police department and he has a specific proposal for that.

Police Chief Ristagno handed out the current compensation plan. He said all employees are in certain classifications. He said we would like to propose step increases for certified personnel at one year and civilian on another year. These step increases would be based on performance. Under this plan within 2 years an officer could top out by step increases and once that occurs we are not creating a situation where they can leave here and go to another city without experiencing a cut in pay.

There was more discussion about what procedures should be followed in an attempt to get some figures together with which the Council can work.

2. City Facilities Planning/Progress.

City Manager McCain passed out blueprints and said there is a major change. The entrance will no longer be rounded area. It was suggested that we go to a design-build firm at this time. City Manager McCain said we need to get a finished design and price as our next step.

3. RFP - E.D.C. consultant.

We need to include funds for a consultant for the E.D.C.

Mayor Wohr moved to Item 6. It was determined that Workshop Items 4 and 5 should be moved to next week's agenda.

4. Discussion about special event permits.

5. Review of Library proposed interlocal agreement.

6. Review of nominations for Denco Area 911 district board of managers.

It was decided that we should adopt a Resolution naming Olive Stephens as our nomination. This item should be a consent agenda item on the August 16 meeting.

H. Staff Reports

City Manager McCain said the post and cable fence is up at the City Park. The Dobbs Street repair is much better repair than what Tom Hoover, our engineer, would have recommended. He met with Andrews Paving late last week about the Kings Manor Drainage and Betchan projects. At one of our workshops he will ask someone to come explain the national discharge program.

I. New Business

107 Shady Shores needs to be checked. They have been issued a citation.

At the Mayors meeting tomorrow City Manager McCain and Mayor Wohr will ask about the Swisher Road extension schedule. They will also inquire about having the intersection at I-35 and Swisher made a little wider to accommodate more traffic.

We should check into the availability for rural development grants.

The elementary school classes have been moved so the 2nd, 3rd and 4th grades will be going to school on Falcon Drive. They are walkers who are too close to the schools to have buses pick them up. A 4-way stop can be done at Lakeview & Thompson.

'No passing' signs will be put up between Kingswood and Shady Shores.

J. Adjourn

Motion to adjourn was made by Councilmember Kirby. Seconded by Councilmember Johnson.
Ayes: Councilmembers Kirby, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

Meeting was adjourned at 12:32 AM.

Steve Wohr, Mayor

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting on August 2, 2001 at 8:12 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Kirby	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was absent. Staff present: City Manager Kyle McCain and City Secretary Weikum.

B. Visitors/Citizens Agenda

Jill Rael, 19 Wolters, Hickory Creek, said people have been nice to her tonight, but the library is feeling a lot of frustration right now. She feels it is unfortunate that the library is treated with unfairness and sometimes a little bit of contempt. When they want to find out what's going on they have to read about in the paper or hear rumors on the street. She would like to know when the library is scheduled for discussion. There is not enough room for people to sit down and study or read. They have to grow and can't get a clear answer from the city. She feels Council has all kinds of plans and schemes for them but they don't tell the library anything. The 'Friends' group is dying. There is no room for any books or furniture and fixtures. The volunteers would like to offer more programs but there is not enough room. The main issue is that council just doesn't communicate with the library.

Mayor Wohr said that in the next 30 days a meeting with the Council and library board should be set up. He said he thinks there's a lot of misunderstanding about what their long-term goals are. He also doesn't like to get his information second hand and that has happened in the past. We need to look at short- and long-term growth. We are not against the library.

There was discussion about a previous meeting when the library was asking for some storage space. The meeting was a workshop with no Council quorum. The proper way to approach this request would be through a council agenda.

Rodney Sirois, 1803 Dundee Drive, Corinth, is a member of the Friends of the Library. He is 67 and the average age of the members of the 'Friends' is over 90 and they are mainly female. He said he has heard some very bad vibes come out of council meetings in reference to the library. At the last book sale the Council told the 'Friends' they needed to get the leftover books out of the community center by Monday morning. He feels that was unfair. They have no place to keep donated books in the library or community center so he moves them into a storage facility. He agrees we need something for the Boys & Girls Club but he doesn't care if it's here or Corinth, or Denton County.

Becky Paulman, 203A Gotcher, said she has a lot of praises for the library. There is not much room. If someone's in an aisle you can't get around them. She has volunteered to read for the children's programs but there's not enough room to allow for that and for other kids to come in to check out books without disturbing the program. Is the Boys and Girls Club more important that the library? Please reconsider expanding the library.

Randy Danner, 731 Black Walnut Drive, said he really appreciates the many efforts our leaders put out in bringing Lake Dallas up to speed. He said he was embarrassed by what this body did at their last meeting. Something got lost along the way. The Boys and Girls Club can't be compared to the library or the soccer club. This is another issue and should have been weighed on its own merits. Whatever you do someone will be angry or upset. There is a need for the Boys and Girls Club. He thinks it would be a tragic mistake to turn the Boys and Girls club down. The Boys and Girls Club has limited resources and we could really help them. Don't turn our kids out on the street.

Kimberly Simpson, 2200 Mayfield Circle, Corinth, said she is a parent of 2 children who go to the Boys and Girls Club. Day cares are not abundant or affordable. She thinks the Boys and Girls Club is important for our kids and the community.

Donna Lee Ladeau, 201 N Shady Shores #111, said she is a single mom with 2 kids at the Boys & Girls Club. Until last November they were in private day care. She said she was prompted to leave there because her son was being allowed to curse. He has ADHD and is a high maintenance kid. She asked Council to consider thinking about letting them be here.

Candy McCall, 7 Tanglewood, Hickory Creek, asked why are they moving out of the schools -- are the schools not part of the city?

Mayor Wohr said the schools are a separate entity from the city. He said the Fred Moore School in Denton no longer has the room to house them there. The schools are just running out of room. Councilmember Harper said she works for the district and there are so many programs after school for the students that they need those rooms for those activities.

Donna Boner, 810 Lake Bluff Drive, has 2 boys going to the Boys and Girls Club and have been since 1998 when they moved here. They really like it. She has a 12-year-old who really can't stay at home by himself and is too old for day care and now he can kind of help out at the Boys and Girls Club. She feels it's something we really need to have here.

Mayor Wohr closed the citizens' agenda at 8:53 PM.

C. Business

1. Consideration and Action on approval of a contract with the Denton County Boys & Girls Club for the use of the Community Center and & Community Center property.

There was Council discussion on amendments to the contract. Andrea Wilson of the Boys and Girls Club was in attendance and participated in the discussion.

Mayor Wohr called for a break at 10:25 PM.

Mayor Wohr called the meeting back to order at 10:50 PM.

There was more Council discussion. Amendments to the contract were determined.

Motion was made by Councilmember Kirby to approve the contract with the Denton County Boys and Girls Club for the use of the Community Center and Community Center Property as amended. Seconded by Councilmember Harper.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

2. Consideration and Action on approval of Willow Grove Lease.

Motion was made by Councilmember Johnson to approve the Willow Grove Lease. Seconded by Councilmember Kirby.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper
Noes: None

D. Workshop

1. City Facilities Planning/Progress

Mayor Wohr said he talked with Toby and he will look at the plans and work up a price for us. We don't have the elevations yet. City Manager McCain will contact Mr. Bates about the ceiling details.

E. New Business

There will be a presentation about the Mass Transit Regional Authority given by Judge Scott Armey at the North Central Texas College on August 14 or 15. It was determined that most of our Councilmembers could be available on August 14. We will advise the City of Corinth. We need to be there for the Swisher Road problem at I-35; they need to widen the road there to help ease the traffic problem at that intersection.

Where are we on the start date for Lakeland Court and Betchan? The drainage ditch will be the first thing and it will be 30 days before they start paving. Three weeks would be the very earliest. There was a pre-construction meeting with the engineer and contractor this afternoon.

F. Adjourn

CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting and joint workshop with the Planning and Zoning Commission on July 26, 2001 at 7:35 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Kirby	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3

Councilmember Harper was excused and Councilmember McInnish was absent. Planning and Zoning Commission members present were Chairman Tony Marino, Commissioners Al Bavon and Randy Danner. Commissioners Shelton, Barnard, Connors, and Wilson were excused.
Staff Present: City Manager Kyle McCain, Police Chief Nick Ristagno, and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Visitors/Citizens Agenda**

Randy Danner, 731 Black Walnut Drive, asked how he could get the city logo because he is interested doing some shirts for the city. Mayor Wohr said he should call City Manager McCain. Councilmember Kirby suggested he come to an Economic Development Committee meeting. She said the logo might be changed.

Paul Wiersema, Carlisle Court, said he owns property on Main Street that is currently zoned C-1 or C-2. What would the city decide if he were to ask for a zoning change? He would like to obtain a waiver to build a home at the present time and later on perhaps it would be a Bed and Breakfast or maybe a restaurant. The latter two would add sales tax as well as property tax revenue for the city. Mayor Wohr said Council can give no advisory opinion and the city does not do waivers. A zoning change would need to be applied for and that includes public hearings before the Planning and Zoning Commission as well as the City Council.

Margaret Tisdale, 509 Howard, said she was back again about the Kings Manor Drainage Ditch. Mayor Wohr said it is on the agenda tonight as part of the item for acceptance of the bid on Betchan Street and Lakeland Court.

E. Business

1. Consideration and Action on approval of Resolution for moratorium on R-1-10000 residential districts.

Motion was made by Councilmember Stapleton to approve the Resolution for moratorium on R-1-10000 residential districts. Seconded by Councilmember Kirby.
Ayes: Councilmembers Kirby, Johnson, and Stapleton
Noes: None

Motion Passed

2. Consideration and Action on appointment of an alternate member to the Parks and Recreation Board.

Motion was made by Councilmember Johnson to appoint Cliff Elton as alternate member to the Parks and Recreation Board. Seconded by Councilmember Stapleton.

Noes: None

Motion Passed

3. Consideration and Action on approval of Resolution for Cynthia White's assistance for the southbound exit off Interstate 35 East.

Mayor Wohr read the resolution that expressed the appreciation of the City of Lake Dallas to Cynthia White for her assistance in this matter.

Motion was made by Councilmember Stapleton to approve the Resolution for Cynthia White's assistance on the access justification study and approval. Seconded by Councilmember Kirby.
Ayes: Councilmembers Kirby, Johnson, and Stapleton
Noes: None

Motion Passed

4. Consideration and Action on acceptance of bid for Rehabilitation of Betchan Street and Lakeland Court.

Tom Hoover said there was good news and bad news. The bid also includes Lakeland Court, overlay of new city hall, and drainage improvements in Kings Manor. The low bid and only bid was made by Andrews Paving who is more than capable of completing the work. Hoover/Klein had completed notifications and faxed the invitation to bid to other paving contractors to let them know we were receiving bids. Only three contractors picked up plans. People are just too busy and this is a smaller project. He said he doesn't have a problem giving it to Andrews Paving. There will be a pre-construction meeting next week.

Motion was made by Councilmember Stapleton to approve the bid for the rehabilitation of Betchan Street, Lakeland Court, and the drainage ditch in Kings Manor as presented in agenda item E-4 with the alternative item.
Ayes: Councilmembers Kirby, Johnson, and Stapleton
Noes: None

Motion Passed

5. Public Hearing on approval of Ordinance to extend juvenile curfew ordinance.

Carolyn Green, 201 North Shady Shores, said it works and it could be even more stringent. She said they have a curfew at her park but have very little problem with the teenagers.

Mayor Wohr closed the public hearing when no one else came forward to speak.

6. Consideration and Action on approval of Ordinance to extend juvenile curfew ordinance.

Motion was made by Councilmember Johnson to approve the ordinance extending juvenile curfew. Seconded by Councilmember Kirby.
Ayes: Councilmembers Kirby, Johnson, and Stapleton

Motion Passed

Mayor Wohr asked council's permission to move to item 8 since we have people here from the Boys and Girls Club.

8. Consideration and Action on entering into a temporary agreement with the Denton County Boys and Girls Club for the use of the Community Center and Community Center Property.

Andrea Wilson, Exec Director of Denton County Boys & Girls Club gave a background on their program. The last five years they have been in the schools; their enrollment numbers have gone through the roof and it is logistically impossible for the schools to house them any longer. They've been negotiating and they have to find a new home. They are asking for use of this facility and permission to park a portable building at the read of the community center on the hard pack. That will give them the space they need. They would need it during this next school year from 2:30 - 6:30 PM on Monday through Friday. There would be other days when school is out that they would want to use the property all day. On the 3rd Tuesday they would be out by 6 PM and have chairs all set up since our Municipal Court uses the facility on those days at 6:30 PM. All their permanent supplies would be kept in their portable building so anyone else could use the facility earlier in the day. They would not be in conflict with the Happy Hearts seniors program or the Birthday Club.

There was Council discussion. It was determined we should have a contract and ordinance in effect. Would a usage fee be involved? Should the city attorney be contacted since this building was listed as a revenue stream when we did the bonds? City Manager McCain could be directed to draw up a contract and an ordinance which could be brought back to Council next week for action.

Mayor Wohr called for a break at 8:58 PM.

Mayor Wohr called the meeting back to order at 9:47 PM.

There was more discussion on this item. The city attorney had been contacted and this would not affect the revenue stream. He will work with City Manager McCain to get a contract drawn up.

Motion made by Councilmember Kirby to table this item E-8 until August 2 at 8:00 PM allowing City Manager McCain to work up contract and bring it back to us prior to that date and fax it to Councilmember Johnson. Seconded by Councilmember Johnson.
Ayes: Councilmembers Kirby, Johnson, and Stapleton

F. Workshop with Planning and Zoning Commission.

Mayor Wohr said some of the items would be taken out of order because some citizens were in attendance on some of these items.

1. **Review of rear setbacks for accessory buildings**
3. **Review of Accessory Uses in residential districts.**

Clyde Fisher, 747 Carlisle drive, said he is zoned R-1-10000 and had built a carport on his property after he obtained a building permit from the city. The carport was for his RV. He has received citations because city ordinances only allow RV's to be parked in R-1-6000 and R-1-7200 residential districts. He feels he should be allowed to park his RV on his property without receiving a citation. He asked that the accessory uses in the city's ordinances be reviewed.

Cindy Nelson, 812 Lakebluff, said there is something wrong with the setbacks in the city ordinances. Because of Mr. Fisher's property layout his side yard is adjacent to her rear property line and he only has to be three feet from her rear yard because it is his side yard. She feels the ordinances for setbacks should be reviewed.

The Council and the Planning and Zoning Commission members discussed these items with the citizens and among themselves. At the next Planning and Zoning Commission meeting they will workshop setbacks and accessory uses for residential districts. They will also discuss height for back fences.

2. **Review of R-2 and R-3 residential district ordinances.**

During Council and Planning and Zoning Commission members discussion it was determined that the Planning and Zoning Commission should workshop these residential districts with special attention being given to screening of patios, landscaping requirements and off-street covered parking.

4. **Discussion regarding zoning and uses for Swisher Road extension.**

We need to get an up-to-date alignment map for the extension. Commercial zoning should border the road. Residential could then be zoned around the commercial area. If we can use Planned Use Development we need to get something like that in place.

At 12:15 AM the workshop items with the Planning and Zoning Commission members was concluded.

5. **Review of Library proposed interlocal agreement.**

This item was tabled until another meeting.

6. **Discussion about Special Event Permits.**

This item was tabled until another meeting.

7. City Facilities Planning/Progress.

City Manager McCain said measurements have been taken for the front façade. In answer to questions about the jail Police Chief Ristagno said Mr. Bates would probably write the spec's on it and that Mr. Bates is currently working on the elevations. August 10 might be a good date for Councilmembers to go look at other re-worked city halls in the area.

G. Staff Reports

City Manager McCain said the Methodist Church is willing to donate their baseball field lights to the city. They don't have the capability to dismantle them from the 65' poles so they are getting prices from TXU.

The cable fencing for the east end of City Park is becoming more of a probability. Mayor Wohr said the park sign should be at eye level. City Manager McCain said it should be higher and suggested looking at the sign at Frank Bourland's building on Main Street.

Police Chief Ristagno said the Kids 'n Cops Back to School Dance will be August 10 from 7 until 10 PM. They will furnish the munchies and soft drinks.

City Manager McCain said we have two new employees: Christie Havens is the new part-time Animal Control assistant and Mike Crowder is in Dispatch. There will be no other seasonal workers hired.

H. New Business

There will be a committee meeting the Soccer Association on August 1 at 7:30 PM at the Community Center. Two Councilmembers, 2 Parks and Recreation Board members, and 2 members of the Lake Cities Soccer Association will attend.

The article in the Lake Cities Sun about the annexation printed some information that had not been said at the meeting. A correction will be printed.

The Lake Cities Video Store on Shady Shores is for sale.

Ace Hardware has bought out Tru-Value. We will have one hardware store.

Councilmember Kirby said she got 'Yard of the Month' this month.

Councilmember Johnson asked if Chuck Graham received the information he requested about Oak Lakes. She had a copy of a letter written in 1984 by a previous City Secretary, Jean Chambers. Mayor Wohr said that letter referred to the lower part of Oak Lakes.

Councilmember Johnson said Dave Snider asked that the city think about an ordinance that Hickory Creek and Corinth have that no private or commercial vehicle may be parked on city streets or unauthorized areas for the purpose of sale.

Councilmember Stapleton said that our current webmaster was getting out of the business of providing our service. We do not need our service interrupted. There was discussion relating to web information being discussed at the Economic Development Committee meetings.

C. Mayor Pro-Tem Johnson led the Pledge of Allegiance.

D. Visitors/Citizens Agenda:

Mayor Pro-Tem Johnson closed the Citizens Agenda when no one came forward to speak.

E. Reports:

1) Boards and Commissions

Neil Malone, Parks and Recreation Board, said he is the former chairman. At the last Parks meeting Rod Proctor was selected as the new chairman and Tony Robinson is co-chair and Chris Fahey is still secretary.

Rod Proctor, Parks and Recreation Board, reported that the 4th of July parade and program went great. There has been nothing but positive things from the citizens. The Board has new ideas for next year with action from this year. He had couple of questions: the parking lot has a hole in it and will it be fixed? City Manager McCain said that is where the water is going to drain and it not yet finished. It will be dressed up and the bumpers will be put at end of parking spaces. Mr. Proctor said there had been a section of fence that had been taken out. He asked if it could it be put back up on the north side?

F. Business:

1. Consent Agenda:

a) Approval of June financials and accounts payable and 2nd quarter investment report.

b) Consideration and Action on approval of Interlocal Agreement with Denton County for Tax Collection for tax year 2001.

c) Consideration and Action on approval of payment of $51,427.00 debt service payment for building purchase for fiscal year 2002 from the unencumbered Debt Service Fund Balance.

Item F-1-c:

There was discussion about the collection rate on the accompanying paperwork. It should reflect 99.5% as the collection rate as decided during budget sessions last year.

Motion was made by Councilmember Kirby to approve the payment of $51,427.00 out of the Debt Service. Seconded by Councilmember Harper.

Ayes: Mayor Pro-Tem Johnson, Councilmembers Kirby, Stapleton, McInnish and Harper.

Motion Passed

2. Public Hearing on proposed annexation of a 35.38 acre tract of land situated in the N. French Survey 424, Denton County, Texas, along Lakeview Road.

No one came forward to speak so Mayor Pro-Tem Johnson closed the public hearing.

3. Consideration and Action on instituting annexation proceedings of a 35.38 acre tract of land situated in the N. French Survey 424, Denton County, Texas, along Lakeview Road.

City Manager McCain said he had met with Randy Squier on Monday and Mr. Squier asked him if this could be postponed for one month due to his father's health. It will be scheduled for the first meeting in August. Mr. Squier said he has had no change in feelings about being annexed. He said he will pay for the republication of the notice prior to having the first public hearing.

Motion was made by Councilmember Kirby to table Item F-3 until the first regularly scheduled meeting in August which is August 9. Seconded by Councilmember McInnish.
Ayes: Mayor Pro-Tem Johnson, Councilmembers Kirby, Stapleton, McInnish, and Harper.

4. Consideration and Action on Willow Grove Park Lease.

City Manager McCain said he had talked with the Corps of Engineers last this afternoon. He discussed the questions the City Attorney had brought up about some of the language in the lease. The Corps said it is their standard language. City Manager McCain said he would ask the City Attorney about other cities in this area that may have a lease with the Corps. At this point we still need to get a revised lease. City Manager McCain will talk with the Corps next week after they have talked with their attorney. Nothing was mentioned about swimming. The island is not part of the lease.

Motion was made by Councilmember Kirby to table Item F-4 until the next regular scheduled meeting on July 26, if possible. Seconded by Councilmember Stapleton.
Ayes: Mayor Pro-Tem Johnson, Councilmembers Kirby, Stapleton, McInnish, and Harper

G. Workshop:

1. Contract with Lake Cities Soccer Association.

Mike Hageman, 3519 Glenview Drive, Corinth, said he hoped the paperwork he provided about the soccer association is what council had wanted. People do spend money here in the city by going to various businesses here in town. Mayor Pro-Tem Johnson said everyone on the council supports the soccer association. There are two seasons. The fall season has more competition with football and other school activities so the registration is less than in the spring.

They pay an affiliation fee to the North Texas Association and they use that for the insurance coverage (supplemental for kids if injured). There might be a liability question with the soccer association maintaining the fields. Mr. Hageman said if someone from the city caused something to happen the soccer association would not be responsible. There was discussion about the goals being left in place during an entire season.

John Bradshaw, 221 Addison said he has 2 kids in the soccer league. He said Mike has put in a tremendous amount of time trying to keep the fields in shape. He encourages the City and the soccer association to work together as a team. Why are we putting the fence up when we don't have the fields done? They need more fields - they had one taken away from them when the parking lot was put in. The north end could be used for fields but it needs to be torn up and re-done. This is the last sport that is left here - baseball and football have left. Maybe we can use soccer as a drawing card to bring people to our city.

The response to Mr. Bradshaw was that the city doesn't have the funds to keep those fields maintained. We don't charge user fees for the park so we would have to use tax dollars. The Park Master Plan is providing for 2 baseball fields and the parking lot was also part of the master plan in an effort to keep people from parking on the streets. The Boys and Girls Club is also part of the master plan and is planned for the far west end of the parking lot.

Mr. Hageman said that as long as he's on the board he wants to work with the city. It would be nice if we can come up with something about water for the park. Mr. Proctor was at a meeting where that had been discussed. They might be able to get a grant. If it's within their means they will do it.

It was suggested that maybe a subcommittee from council could work with the soccer association and get an agreement put together.

Charles Thomas, 309 Waterford Oak - said the goals get staked down into the ground because of safety reasons because kids go out and climb on them. At the end of summer they take them up. Soccer has gone out of their way to pay for water on the field and the porta-potties. He suggests that a couple members from the parks board, soccer association and anyone from council to put their heads together and figure out what and then come back to council meeting for approval.

August 1 as agreed upon as a tentative date for this meeting.

Mr. Hageman asked if there is anything to stop them from continuing practices. They have a camp next week and the Dallas Burn is holding a camp here. He was told they could continue their practices.

Mayor Pro-Tem Johnson called for a break at 9:18 PM.

Mayor Pro-Tem Johnson called the meeting back to order at 9:28 PM.

2. RFP for Economic Development Consultant provided by the Economic Development Committee.

Paul Fiala, 706 Lake Bridge, said the City Council needs to decide about getting an economic development consultant. TXU has recommended that we hire one. He had given the Councilmembers copies of the proposed RFP for a consultant. He read through the RFP and asked for suggestions from the Councilmembers. Mr. Fiala said he has talked with a couple of consultants and one said that we can't afford him. We need to decide how much we want to spend. A marketing plan will be around $10,000 to $20,000 so his thought is that $20,000 should be put in the budget. He said he can come back in August and we should be in the budget process by then. In the meantime he will see if there are consultants out there who would be interested and that would step up the timing process. Perhaps we can mail out the RFP's in September.

3. City Facilities Planning/Progress.

City Manager McCain explained the floor plan. He said some things are not as critical right now until we get into elevations. He explained the changes and answered questions. In the front area there will be a half-wall with glass to the ceiling to help cut the sound between the two offices but would not make them completely isolated. If this is acceptable the next step is to return to the architect and he will start doing the elevations.
It will probably take 2 - 1/2 months from the time we say go for the building to be completed. City Manager McCain said commercial standards are much higher than residential. He thinks the cost is about $80/SF with parts of the costs being higher when we have specialized items such as holding cells.

H. Staff Reports

City Manager McCain reported on the Peachtree Construction project. They had 14 days to complete the project on Main Street and today is the 4th day.
The pre-bid conference was yesterday for the Betchan Street project. Bids are due in at 3 PM next Wednesday and part of the project includes paving a 20' street by the new city hall. We are trying to find out if we have a prescriptive easement on some of the streets and along city hall. We need to see what that deed says for the sale the property was sold to DGNO.

He talked with Tom Hoover on Wednesday and something will need to be done so water can be diverted away from city hall. There should be enough space to put in 75 parking spaces. The Betchan Street project does include the Kings Manor drainage ditch.

This Sunday is the volunteer clean-up day at the city hall. We are providing a scissor-lift to take out some vents and some large sheets of plywood. We will have a bobcat there and will have a roll-off at the back. The other clean-up is the citywide clean-up on July 21. We will need to pay Waste Management for these dumpsters because they have provided complimentary bins to us several times this year.

Community Development has a new administrative assistant. Melena was working part-time in animal control. Animal Control will be hiring a new officer as well as part-time animal control person.

CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on June 28, 2001, at 7:35 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Marjory Johnson	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Mayor Wohr was excused. Councilmember McInnish was absent. Staff Present: City Manager Kyle McCain, Police Chief Nick Ristagno, and Acting City Secretary Joni Vaughn.

B. Mayor Pro-Tem Johnson gave the invocation.

C. Mayor Pro-Tem Johnson led the Pledge of Allegiance.

D. **Visitors/Citizens Agenda:**
Paul Fiala, 706 Lakebridge Drive, said the Economic Development Committee is working on an RFP for a consultant. He left copies of the RFP they have prepared for the Councilmembers to review.

Mike Hageman, 3519 Glenview, Corinth, President of the Lake Cities Soccer Association, said he looked forward to working with the Council on a new contract. He had been to the Parks and Recreation Board meeting last night. He said the new parking lot had extended into what had been one of their soccer fields. The dirt left over from the parking lot was to have been used to level some of the fields in the back. There was not enough dirt left to accomplish that. They are currently using some of the football field since they lost that one soccer field.

Cindy Nelson, 812 Lakebluff Drive, said there are some safety issues from the carport built across from their back fence -- the exhaust fumes, wasps, and bird droppings.

Carolyn Green, 201 North Shady Shores, asked for some background on this situation and was brought up to date.

Chuck Graham, 1013 Kings Manor, was driving through the south end of Oak Lakes and saw that someone off Jackson Ranch had built a fence for the backyard. How much did the parking lot cost. Did our sister cities help with the cost of the parking lot?

Mayor Pro-Tem Johnson said the fence in Oak Lakes is a code enforcement issue and asked Mr. Graham to contact Richard Dallof.

Mayor Pro-Tem Johnson closed the Citizens agenda when no one else came forward to speak.

E. Business:

1. Public Hearing on approval of an Ordinance amending Section 122-571 of Article XIII relating to uses permitted by Special Use Permit.

No one came forward to speak.

2. Consideration and Action on approval of an Ordinance amending Section 122-571 of Article XIII relating to uses permitted by Special Use Permit.

F. Workshop:

1. Contract with Lake Cities Soccer Association.

Mike Hageman gave a history of the Lake Cities Soccer Association. The association mows the fields during the soccer season. They want the agreement for soccer field usage to be amiable for both sides. They are a non-profit organization. Last year 650 children enrolled. He will advise the council how many children are from Lake Dallas. North Texas Soccer mandates which towns will play on the Lake Dallas fields.

Chuck Graham said that his boys enjoyed playing soccer there but he never could understand why Lake Dallas carries Corinth, Hickory Creek and other cities in this program. Lake Dallas taxpayers paid the entire cost of the parking lot without any help from our sister cities.

Mr. Hageman said the concession stand would net about $1,500 or $1,600 annually. They no longer do fund raisers. They rely on sponsors.

There are some cities that do not charge for the use of their facilities for the soccer activities. He will furnish a copy of Corinth's agreement to the next meeting. They will be paying the City of Corinth for use of their facilities. The Association is very open to trying to obtain a well to do above ground irrigation. The Association is able to apply for grants for lighting or other facilities through the North Texas Soccer Association. Mr. Hageman will bring more information with him to another workshop to be scheduled for the next regular council meeting.

They usually play games on Saturdays, Tuesdays and Thursdays with practices on Monday through Thursday. Once games start the practice is over. Fridays and Sundays are generally open. The Association usually meets on the last Tuesday of the month at 7:30 PM.

The Association had questions regarding items 10 and 11 of the proposed contract. The user policy is the city ordinance. The North Texas Soccer Association furnishes the insurance coverage.

2. Discussion about City's responsibility for development and maintenance of street infrastructure in the undeveloped area of Oak Lakes North.

Cecil Graham, 1013 Kings Manor, said our city doesn't have a lot of room to grow. This has been neglected by several councils. He feels the City has a legal responsibility to put that road back into the condition it was when they received it. The street has been barricaded and there is no access to the fifty-one lots on the north side of the subdivision. People from Thousand Oaks and Jackson Ranch have used the area as a dumping ground and use it for a four-wheeler playground.

Mayor Pro-Tem Johnson said that minutes from a previous meeting state that there is no legal requirement for the city to maintain the street. In her subdivision the developer put the streets in. Mr. Graham said his concern is not the streets of Oak Lakes North - his concern is the road that gives access to the subdivision. He said he has a developer who is interested in Oak Lakes but he needs access from Meadowbrook.

That property has been surveyed. Mr. Graham said the fence is on the property line. He said if the road is fixed the cemetery property will start sloughing off. A retaining wall needs to be installed on the cemetery side. Mr. Graham said he, his wife, and Barbara Miller had met with U. S. Homes and Stewart Fairburn over two years ago but nothing ever came from that meeting. It was never brought back to the City Council after it was tabled.

Mr. Graham said the current developer who is interested at this time may be able to come before the Council so the access and other issues can be discussed. Some of the lots on the west side of the street are not buildable lots. We need to find proof that the City has accepted responsibility for this road. The Council would like to see this area developed.

Mr. Graham asked the Council to have the City Attorney check with the State of Texas to see what the City's legal responsibility is regarding the streets in this subdivision. He said he called the Attorney General and their office said the City is responsible to maintain the street in the condition it was when the City received the property. He said Don Corbell, a developer, and Mark Johns of Woodhaven Homes are not interested in developing the area due to lack of access. City Manager McCain will contact the City Attorney and advise Mr. Graham of the findings.

3. City Facilities Planning/Progress.

City Manager McCain showed the drawings to the Council. He said we were looking at changing some of the floor plan for customer service. There was discussion about the conference room, records room and break room. The kitchen area and community room will be done in the future. The restrooms are located some distance from the offices because that is where the plumbing is at this time. Is there a possibility that a couple of work stations for public access could be put in the conference room? After the changes to the plans are made the timing on moving into the building would be about 2 1/2 months. We should give some thought to getting a construction manager for this project. There should be a terminal at each council seat that is connected to the server. City Manager McCain will bring this back to the next meeting after he has discussed several items with the staff. July 15 will be a clean up of the building.

G. Staff Reports

Beate Hendricks has turned in her resignation today. She will be going to work for an architectural firm.

We have the agreement for the Summer Reading program at the Library.

The library has submitted an Interlocal agreement for the four Lake Cities to review. They also submitted a first draft of their proposed budget for this next year. They do not show the offset for the rent for the use of the facilities from Lake Dallas. They pay us $260/month for utilities and they reimburse us for the cost of their contents insurance We need to find out how much the actual charges are for electric and water. This is a preliminary document so they can have some firm footing for their budget. This will be scheduled on a workshop soon.

We will have a float for the Council for the 4th of July parade.

The process for handling requests from Citizens/Visitors Agenda has been changed from how we used to address those requests.

The quarterly city clean up will be July 21. There will be a clean up of the new city facilities on July 15.

H. New Business:

The elementary school and primary school are tearing down some wooden equipment.

A workshop should be scheduled for discussion about special events permits.

CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on June 14, 2001, at 7:32 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present and constituted a quorum:

Marjory Johnson	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Betty Harper	Councilmember 5

Mayor Wohr arrived at 8:05 PM. Councilmember Stapleton was excused. Staff Present: Acting City Manager Ristagno, Lt. Lowery, and City Secretary Weikum.

B. Mayor Pro-Tem Johnson gave the invocation.

C. Mayor Pro-Tem Johnson led the Pledge of Allegiance.

D. Presentations

1) **Police Department from the Elementary School PTA.**
2) **City of Lake Dallas to Dave and Pat Snider.**

Due to the inclement weather the school representative was not present.
Mayor Pro-Tem Johnson said that Dave and Pat Snider do a tremendous amount of work for the city and a lot of their time for the city for nothing in return. It's people like this who make our city a nice place to live. She gave Mr. Snider a plaque from the Lake Dallas Kids and Cops and told him the city certainly appreciates all the work they do.

E. Visitors/Citizens Agenda:

Mayor Pro-Tem Johnson closed the Citizens Agenda when no one came forward to speak.

F. Reports:

1) **Boards and Commissions and Contract Consultant.**
2) **Tom Hoover of The Hoover/Klein Group.**

Mayor Pro-Tem Johnson said no one had signed up for the Citizens Agenda and she did not see anyone in the audience from any Boards or Commissions. Due to the weather it is doubtful that Mr. Hoover will be at the meeting.

G. EXECUTIVE SESSION:

The City Council to convene into closed session pursuant to the Texas Government Code Section 551.072 to discuss matters relating to possible land acquisition.

H. Action, if any, from Executive Session.

Motion was made by Councilmember Harper to table any the Executive Session. Seconded by Councilmember Milan.
Ayes: Mayor Pro-Tem Johnson, Councilmembers Milan and Harper

Motion Passed

E. Visitors/Citizens Agenda

Mayor Pro-Tem Johnson asked if anyone had arrived that would like to speak at this time.

Robbie Robertson, 718 Thousand Oaks, said Carol Jula had planned to be there for the presentation to the Police Department. He showed the Fire Department's plaques they had received at their recent board meeting. He said the police department was very helpful in assisting the PTA to get helmets for all the kids in the 3rd or 4th grades. The fire department will install smoke detectors when the PTA points out a house to them. No house in this area should be without a smoke detector. He said he will deliver fire department budget information to the city tomorrow.

I. Business

1. Consideration and Action on selection of City Manager.

Motion was made by Councilmember Milan to approve the contract for Kyle McCain as our new city manager. Seconded by Councilmember Harper.

F - 2. Tom Hoover of The Hoover/Klein Group.

Tom Hoover said we had been prepared to issue drawings for Betchan Street but since it runs right behind the new city hall it was decided to try to include some work there with the Betchan Street bid. The engineers and surveyors discovered that the railroad still owns the right of way across the tracks at Main Street, Betchan and Carlisle. The City has no public access to Betchan from their new property. We may need to get some interpretation or legal advice because it appears that some streets were changed up in the 1950's. There are some prescriptive uses since the city or county has maintained the streets/roads for many years. There's an area at the front of the building that could hold water if we don't make corrections.

The Kings Manor Drainage Ditch will be put out for bid soon. The first two lots on the east side are starting to experience some erosion. The slope is too steep to be maintained by the city or homeowners.

The cost projections for the street improvements is about $80,000, the parking lot about $20,000; the east bank of the drainage ditch should run about $14,000 and the west bank should run about $30,000.

He does have the survey complete on Church Street. We will have to acquire rights of way for not only the new piece but also the existing piece because it's showing up as a private road on some of the deeds. It doesn't show up at all on some other deeds. The survey on the Alamo extension has been done. It will not conflict with any of the improvements that the Baptist Church has done.

Mayor Pro-Tem Johnson gave a directive for staff to contact the City Attorney regarding the rights of way so we can put the contracts out for bid.

D - 1 - Carol Jula, Council President for all of the PTA's in the Lake Dallas School District, thanked the Council for letting her speak. Ms. Jula then thanked the Police Department on some community efforts they have helped them with. The Texas PTA was chartered in 1909 and they are the largest, oldest non-profit organization that's an advocacy for all children. They are here for the safety and welfare of all children. They are raising the emphasis on building the bridge between the community and schools. One program they have is the Donuts for Dads. Because we are such a diverse community a lot of children don't have male role models in their lives. The Police Department has been a big help in that area. The Lake Dallas Elementary school is a better place for kids because of the Lake Dallas Police Department. She thanked them for their help with the reading program Donuts for Dads. Officer James Conley regularly participated in this program.

2. Consent Agenda:

- **a) Approval of May Financials and accounts payable.**
- **b) Approval of minutes for May 10, May 24, June 4, and June 7 meetings.**
- **c) Consideration and Action on approval of contract with Lake Cities Library summer reading program.**
- **d) Consideration and Action on approval of a resolution to add Kyle McCain as signatory on the Northstar Bank of Texas accounts and remove Nick Ristagno.**
- **e) Consideration and Action on approval of a resolution adding Kyle McCain as an authorized representative to TexPool.**

Mayor Pro-Tem Johnson asked that the record reflect that Mayor Wohr had arrived at 8:05 PM.

Motion was made by Councilmember Johnson to approve the consent agenda and pay the bills. Seconded by Councilmember Milan.

J. WORKSHOP:

1. **Municipal Code Chapter 122 Zoning – Accessory Uses in residential districts.**

Clyde Fisher, 747 Carlisle Drive, passed out some pictures of other properties in Lake Dallas where RV's are parked. He says he has a 1.3 acres piece of property that was zoned R-1-10000 when he divided his land. He did not have a problem with it at that time. Since then he has put a storage building in according to city permits. He got a permit for the carport and a city official helped him measure for the placement. He has done research and other cities allow RV parking on all properties. He thinks he should be able to park his RV there. He said he has been cited 3 times for parking his RV on his property. His attorney told him he had a legal right to put the RV on his property. It is a licensed vehicle. His question is why would we allow motor homes on smaller lots and not on larger lots. If the R-1-10000 is the problem, put him back in R-1-7200 zoning. He does not want to tear the carport down. He has spent a great deal of time and money on this and now can't use if for the purpose he had intended.

Cindy Nelson, 812 Lakebluff, feels the ordinances should be enforced. To change the ordinance would financially impact their property value. Their pool is shaded because of this carport. Both of her children have breathing problems and she feels the RV exhaust contributes to that. There are a lot of problems with most of our ordinances but to change one of them to accommodate one person is not fair.

Heather Griffith, Lakebluff, said she thinks the zoning is the issue and the adjoining property can drastically affect their property. It takes from the curb appeal of their homes in that area which will lower the property values.

Mr. Fisher said he brought up the rezoning as an option because the city had previously rezoned his property.

Mayor Wohr said we will schedule a joint workshop with the Planning and Zoning Commission to discuss accessory buildings as well as the setbacks for the various residential areas.

Mayor Wohr called for a break at 9 PM.

Mayor Wohr called the meeting back to order at 9:15 PM.

F - 1 Boards and Commissions and Contract Consultant Reports.

William Mitchell said the Access Justification Study is totally paid for by the County. The exit will give Turbeville Road access and the sign will say Lake Dallas/Hickory Creek. A Resolution to thank Cynthia White for her help in getting the access road should be done soon.

Mitch said he would meet with Kyle McCain and brief him on those items he has been working on. Mr. McCain can contact Mitch on anything that's been worked on in the past. Mitch said he would like for Tara Builders and CSI to submit bids on the new city hall. Mitch and Mayor Wohr will meet with Kyle McCain in July and take him to meet various representatives of Denton County.

2. City Facilities Planning/Progress

October looks to be a realistic time frame for the move-in. We should get a conceptual for the outside of the building. Flower Mound's facility is very nice.

A site manager at Boeing has said they are ready to move on the Boys and Girls Club building scheduled for the City Park site.

K. Staff Reports

Acting City Manager Ristagno said the cost for the sign for City Park would be $11,500 just for the sign with software and some graphics. The sign is fourteen to fifteen inches high by four feet long. It would need to be set in the brick base.

Robbie Robertson said that due to some problems with the walls in the vehicle storage area in the new fire department building it may be 5 weeks before the building is open for operation. The community room is his project. Mayor Wohr said that the same time the fire building is dedicated is the same time the meeting room will be dedicated to Mayor McCutcheon. We will try for the first week of August for the dedication.

L. New Business:

The Police Department could do a presentation about a neighborhood watch program to help a neighborhood concerned about vandalism when the police department is unable to catch the perpetrators. Someone from the Kings Manor area who wants to head up the program should contact the Police Department.

Neil Malone, Parks and Recreation Chairman, is home from the hospital and would enjoy someone stopping by to visit.

Frank Moore suffered a stroke. He is at the Vintage on Bonnie Brae in Denton.

We should move forward with the annexation during July.

Mayor Wohr will be out for a few meetings.

The Lake Dallas City Council met in a special meeting on June 7, 2001 at 7:30 PM with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present and constituted a quorum:

Marjory Johnson	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was absent. Mayor Wohr arrived at 7:45 PM.
Staff present: Acting City Manager Ristagno and City Secretary Weikum.

B. Visitors/Citizens Agenda:

Clyde Fisher, 747 Carlisle, said his property is 1 - 1/3 acres and zoned R-1-10000. He has purchased permits to build his home and accessory buildings on his property. While he was building his carport recently the building inspector temporarily stopped him from working on the building. It was then determined that it was all right to build it. His problem is that according to our code he is unable to park his recreational vehicle on his property. He has received three citations for parking his vehicle on his property. He said smaller properties in the R-1-6000 and R-1-7200 residential districts are able to park recreational vehicles on their property. He has been to other cities and they allow the RV parking on larger lots. He doesn't think he is being treated fairly and asked Council to review the statutes.

Margaret Tisdale, 509 Howard, said she is concerned about when the King's Manor Drainage ditch will be worked on. She would like to have a date she could tell someone. Tom Hoover will be at the June 14 meeting and will have information regarding that item.

Ken Kennemer, 17 Oakwood, asked two questions. One: are there any plans for refurbishing Oakwood Drive? Two: On behalf of the First Baptist Church he asked why the survey pin and stakes had been placed about twenty feet from the church's back door while Church Street was being surveyed.
Oakwood is in one group of streets to be repaired. The timing will probably be determined during the budget sessions. Church Street needs repair soon and the engineers are looking at different ways to align the street. The church will be contacted before any work is done.

Cecil Graham, 1013 Kings Manor, said he had come before Council 2 years ago about Meadowbrook and the Oak Lakes property. He said Council had tabled the item and it has never come back before the Council. There are developers interested in the property but there is no access. Meadowbrook has been barricaded for the past ten years.

Mayor Wohr closed the Visitors/Citizens Agenda when no one else came forward to speak.

Mayor Wohr closed the public meeting.

C. Executive Session:

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting on June 7, 2001 at 7:30 PM with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present and constituted a quorum:

Marjory Johnson	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was absent. Mayor Wohr arrived at 7:45 PM.
Staff present: Acting City Manager Ristagno and City Secretary Weikum.

B. Visitors/Citizens Agenda:

Clyde Fisher, 747 Carlisle, said his property is 1 - 1/3 acres and zoned R-1-10000. He has purchased permits to build his home and accessory buildings on his property. While he was building his carport recently the building inspector temporarily stopped him from working on the building. It was then determined that it was all right to build it. His problem is that according to our code he is unable to park his recreational vehicle on his property. He has received three citations for parking his vehicle on his property. He said smaller properties in the R-1-6000 and R-1-7200 residential districts are able to park recreational vehicles on their property. He has been to other cities and they allow the RV parking on larger lots. He doesn't think he is being treated fairly and asked Council to review the statutes.

Margaret Tisdale, 509 Howard, said she is concerned about when the King's Manor Drainage ditch will be worked on. She would like to have a date she could tell someone. Tom Hoover will be at the June 14 meeting and will have information regarding that item.

Ken Kennemer, 17 Oakwood, asked two questions. One: are there any plans for refurbishing Oakwood Drive? Two: On behalf of the First Baptist Church he asked why the survey pin and stakes had been placed about twenty feet from the church's back door while Church Street was being surveyed.
Oakwood is in one group of streets to be repaired. The timing will probably be determined during the budget sessions. Church Street needs repair soon and the engineers are looking at different ways to align the street. The church will be contacted before any work is done.

Cecil Graham, 1013 Kings Manor, said he had come before Council 2 years ago about Meadowbrook and the Oak Lakes property. He said Council had tabled the item and it has never come back before the Council. There are developers interested in the property but there is no access. Meadowbrook has been barricaded for the past ten years.

Mayor Wohr closed the Visitors/Citizens Agenda when no one else came forward to speak.

Mayor Wohr closed the public meeting.

C. Executive Session:
City Council to convene into closed session with representatives of Pratt & Sanderford, Attorneys and Counselors, to discuss matters relating to litigation issues authorized by the Texas Government Code Section 551.071.

Mayor Wohr called the executive session to order at 7:50 PM.

Mayor Wohr closed the executive session at 8:11 PM and called the public meeting back to order.

D. Action, if any from Executive Session.

Motion was made by Councilmember Johnson to offer a contract of employment to Kyle McCain for City Manager. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

E. Workshop:
1. City Facilities Planning/Progress.

Mayor Wohr said the new city architect will meet with the city staff and he will then draft up plan and will then meet with council.

F. New Business

The 2001 Cheerleaders will have a benefit car wash at the middle school on Saturday from 9 until 3.

The Kids and Cops production was exceptional. It will be bigger and better next year. Acting City Manager Ristagno said he will make a float with a jailhouse on it for the 4th of July parade. There was discussion about various projects that could be done during the 4th of July celebration.

We will not be ready for the workshop with the architect at the June 7 meeting. Tom Hoover will be re-scheduled for the June 14 meeting.

It's going to be a long summer with the budget meetings beginning and we could have quorum problems. Should there be a workshop on attendance and accepted absences?

Neal Malone is in the hospital and will have surgery tomorrow to correct the problems with his collapsed lung.

Council should have a float or something special for the 4th of July because they are the Grand Marshall for this year.

Motion Passed

Since the meeting was running ahead of schedule Mayor Wohr went on to another item.

H. WORKSHOP:

1. City Facilities Planning/Progress

The incinerator will be removed on June 10 at no cost to the city.
A bucket truck will be available so we may be able to remove the top part of the big sign in the front parking lot.

We have resolved the insurance issue with the architect so we can get started. We can discuss some preliminary plans soon so we can schedule a workshop meeting with him early in June. We can discuss the landscape part with him as well as Tom Hoover and Bryan Klein. It would be good for the council to go look at different buildings and the facades so we know what we are looking for.

One seasonal applicant went to take a physical today so he can be on board sometime next week. We have been working on filling dumpsters.

Mr. Hoover came by the office picked up a copy of the survey today. We can ask him to come to the next meeting.

Anything that's salvageable in the building should be kept and we can use it or sell it in an effort to save some dollars. The Chalker's sign needs to come down.

I. STAFF REPORTS

There was nothing to report.

Mayor Wohr closed the regular meeting at 7:55 PM.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

Mayor Wohr said he had been informed that Mr. Hoover would not be at the meeting tonight so Council could move past Item E-1.

J. NEW BUSINESS:

The space being used by the library for storage is costing us $300/month because John and Nancy Bradshaw would like to come back here with their Saturday Nite Out but they need all the space available there. It has been agreed that the items will be removed at the time the Friends of the Library have their sale in the first part of June.

Acting City Manager Ristagno said he had talked with Vicky Caruso of the library board and she agreed that the items will be removed. After the book sale they will make a concerted effort to get all the stuff out of the community center. If Acting City Manager Ristagno's efforts of working with the board fail a letter will be mailed to the library board.

The purpose of the back part of this building is to provide an income stream to our city. Someone else had heard that the Bradshaws were very happy having their program at the school.

There was discussion about the council table and chairs.

The letter from Moody's Investor's Service stated our bond rating had become higher than at the time we decided to sell the bonds.

The Squier's annexation process should be moving forward soon. Mr. Hoover is working on getting the metes and bounds worked out.

There was a letter from Texas A & M regarding programs for urban planning for Target Cities and the information needs to be submitted by June 8.

We could eliminate the M-1 moratorium after the MA district is in force. We need offstreet parking regulations for R-2 and R-3 zoning districts. We should put these items on a workshop agenda and the Planning and Zoning Commission also needs to work on this.

The Memorial Day program is being advertised to start at 9 AM on Monday. Kids and Cops program is on Saturday.

The Lake Dallas City Council met in a regular meeting on May 10, 2001, at 7:35 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was in Hawaii. Staff Present: Acting City Manager Ristagno and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. Visitors/Citizens Agenda:

Carolyn Green, 201 N. Shady Shores, congratulated the re-elected Councilmembers. She said she received a neat e-mail this morning. We go through periods of re-zoning, new ordinances, and zoning. She read the e-mail which was a up-dated story of Noah and the ark and the problems he encountered by going through the governmental process of permits, regulations, restrictions, etc.

Odie Harrelson, 906 Vista Oaks Court, asked Councilmember Harper about the house on Cain. He said they're bringing more and more junk in there and it's looking worse and worse.

Mr. Harrelson was told that the owners are having financial difficulties and they are legitimately trying to clean it up. It is an eyesore but they've done a lot of remodeling on the inside even though they still have a long way to go. Perhaps they could be asked to put some of that stuff in the back yard instead of out in front. We could ask the code enforcement officer to visit them again.

Mr. Harrelson said he has talked with Mr. Malone about the park down at the lake. Is there any way we can turn it into an RV park a little bit at a time and make some money for the city?

Mayor Wohr said the park belongs to the Corps of Engineers and we are somewhat limited by what we can do with it. An RV park is not a bad idea. We lease Willow Grove Park at the Corps' pleasure. It would be nice to have it cleaned out.

Mr. Harrelson agrees with Carolyn about the re-election of the Councilmembers. He voted for the ones who are here and thinks that so far they've done a pretty decent job.

Margaret Tisdale, 509 Howard Drive, said this election made her happy, too.

Mayor Wohr closed the visitors/citizens agenda.

E. Reports:

1) Boards and Commissions and Contract Consultant.

William Mitchell said there are negotiations with the waffle house and developers on the hotel. It's taking a little longer because Little Elm is dragging their feet on the final alignment for the Swisher Road extension. Mr. Pollster and Judge Kirk Wilson have said that this should be resolved within three to four weeks. They'll have four pad sites. The access justification study should be coming back soon and we may have something definitive by next meeting. The architect contract should be finalized by next meeting. Mr. Mitchell said that without the design-build plan it would be difficult to get moved in by the September time frame. It will add about 45 days to the time.

Mayor Wohr said they have asked the architect to meet with city staff. Acting City Manager Ristagno said the architect had presented us with a contract and we gave it to the city attorney who made several significant changes and returned it to architect who gave it to his attorney. The contract should be back by first of next week. We have ordered a dumpster so we can start cleaning out the building. The next step will be to meet with the architect.

Mayor Wohr said we should schedule a couple workshops with the architect and staff before we go ahead. Acting City Manager Ristagno said we can be working on the design while the clean-out is going on. A qualified architect should be able to put something together pretty quick. If the council chambers get done first that would free up the community center. The big incinerator needs to be removed and we will look into getting that accomplished next week.

Mr. Mitchell also congratulated the Councilmembers on their re-election. Mr. Mitchell said that Boeing is planning to build a building for the Boys and Girls Club in Lake Dallas. There is a meeting at 9 AM with Mark Ross of Boeing tomorrow. Neal Malone and Councilmember Milan will try to attend the meeting also. Mayor Wohr said the Boys & Girls Club had come to the city several years ago with their plan for a building that would include outside bathrooms and a concession stand for after hours use by those people frequenting the park.

Jennifer, representative of the Boys and Girls Club, said they'd like to have a gym, computer room and indoor and outdoor bathrooms. They have kids in high school working there now who used to be members when they were younger. The Boys and Girls Club takes the children on field trips, Six Flags, and other places of interest.

Neal Malone, Parks and Recreation Board, said their meetings now include an invocation and the Pledge of Allegiance. He gave some flyers to them about the event coordinator and asked for some input from council as to what else they want. Dr. Collins and his class at UNT have been a great help to them. Last week Dr. Collins and Neal and 22 students spent nearly a day cutting a trail at Willow Grove Park. The City needs to write a letter to Checkers Pizza in appreciation of their donation of food and support for the Arbor Day 2001 cleanup at Willow Grove Park. He plans to go to the High School and talk with the principal about the large logs at Willow Grove Park to see if some of the older kids and their parents could drag those logs over to where they have their annual bonfire. Bird watching is a big activity and we need to promote it. The Circus went well.

Councilmember Milan gave the Economic Development Committee report furnished by Chairman Paul Fiala. There will be no meeting in May. The next scheduled meetings are June 4, July 9 and August 6. The members plan to get some of the TXU strategic plan work done outside of the meetings. The property data base is targeted for completion by May 31; an RFP for a consultant for City Development Planning should be completed by June 29; Lake Development and contacts with the Corps of Engineers about their rules and regulations for development is scheduled for completion by November; the 4a/4b sales tax process should be completed by July; contacts with the business owners is on-going.

We should advise the person interviewed last month that we got bogged down but are still interested. We should contact two other applicants and schedule interviews for May 24.

2. **City Facilities**

We should advise the architect that we need council room with court use being a secondary use. We should also have a pre-council (attorney) room that could also be used during executive sessions. We need to leave some room undeveloped for future expansion. The council chambers should be pre-wired so we can have workstations that network with a server and public access terminal(s).

F. Staff Reports

The survey of Alamo and Church is underway.
The engineer said a survey of the north Lakeview property being considered for annexation would cost between $10,000 and $12,000. Mr. Squier's father is ill and in a hospital.

The digital sign for City Park will cost $11,500 installed but without the brickwork around it. We need to move forward on the sign. The City Park parking lot will accommodate 243 vehicles. Wording for the RFP for the playground equipment is being worked on. If the Boys and Girls Club erects a building in the park we may not need a pavilion.

We will be advertising for bids soon on Betchan Street and Lakeland Court. We need to find out if we can add the city hall parking lot on that same bid.

H. New Business:

The Children's Learning Center on Main Street has a 'for sale' sign on it. The prospective buyer may need to get a Special Use Permit in order to put a church on that property. We should let people read our ordinance book to determine if it is legal to do something in the city.

Mr. Mitchell has talked with Mr. Pollster and they have condemned or purchased property in Lake Dallas for the Swisher Road extension.

The City Attorney should not have charged the city $32.50 for a telephone call from one of our residents.

The City Council is hosting the Chamber of Commerce breakfast next week.

We are checking out the drainage problem on Lakeview. We got letter from a resident who had concerns about the drainage during heavy rainfalls. There is another problem on Shady Shores by Ashleye Village Apartments. Part of the problem is that when we have extremely high waterfall our drainage system cannot accommodate all the water. The police officers and Johnny did a good job last week-end.

There is a joint Planning and Zoning Commission and Council meeting next Thursday.

During the month of June we will try a new agenda format. The first meeting of the month will be a business meeting and the second meeting will be a workshop.

Someone needs to talk with the librarian about the boxes and junk stored in the Community Center.

Friday night is the Chamber of Commerce Banquet.

TXU Gas is checking all gas lines from the main to the meter by digging holes in the streets in order to be able to inspect the gas lines. We couldn't refuse them because of safety but we did establish guidelines for the street repairs. The city engineer helped us devise the guidelines and TXU is responsible for a period of one year for any maintenance.

The City sent a floral basket to Mayor Spellerberg in recognition of her retirement from the City of Corinth after 16 years of service.

Family Fun Day will be Saturday from 10 AM until 4 PM at Arrowhead Park.

I. Adjourn

Motion to adjourn was made by Councilmember Stapleton. Seconded by Councilmember Johnson.

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on May 10, 2001, at 7:35 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was in Hawaii. Staff Present: Acting City Manager Ristagno and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. Visitors/Citizens Agenda:

Carolyn Green, 201 N. Shady Shores, congratulated the re-elected Councilmembers. She said she received a neat e-mail this morning. We go through periods of re-zoning, new ordinances, and zoning. She read the e-mail which was a up-dated story of Noah and the ark and the problems he encountered by going through the governmental process of permits, regulations, restrictions, etc.

Odie Harrelson, 906 Vista Oaks Court, asked Councilmember Harper about the house on Cain. He said they're bringing more and more junk in there and it's looking worse and worse.

Mr. Harrelson was told that the owners are having financial difficulties and they are legitimately trying to clean it up. It is an eyesore but they've done a lot of remodeling on the inside even though they still have a long way to go. Perhaps they could be asked to put some of that stuff in the back yard instead of out in front. We could ask the code enforcement officer to visit them again.

Mr. Harrelson said he has talked with Mr. Malone about the park down at the lake. Is there any way we can turn it into an RV park a little bit at a time and make some money for the city?

Mayor Wohr said the park belongs to the Corps of Engineers and we are somewhat limited by what we can do with it. An RV park is not a bad idea. We lease Willow Grove Park at the Corps' pleasure. It would be nice to have it cleaned out.

Mr. Harrelson agrees with Carolyn about the re-election of the Councilmembers. He voted for the ones who are here and thinks that so far they've done a pretty decent job.

Margaret Tisdale, 509 Howard Drive, said this election made her happy, too.

Mayor Wohr closed the visitors/citizens agenda.

E. Reports:

1) Boards and Commissions and Contract Consultant.

William Mitchell said there are negotiations with the waffle house and developers on the hotel. It's taking a little longer because Little Elm is dragging their feet on the final alignment for the Swisher Road extension. Mr. Pollster and Judge Kirk Wilson have said that this should be resolved within three to four weeks. They'll have four pad sites. The access justification study should be coming back soon and we may have something definitive by next meeting. The architect contract should be finalized by next meeting. Mr. Mitchell said that without the design-build plan it would be difficult to get moved in by the September time frame. It will add about 45 days to the time.

Mayor Wohr said they have asked the architect to meet with city staff. Acting City Manager Ristagno said the architect had presented us with a contract and we gave it to the city attorney who made several significant changes and returned it to architect who gave it to his attorney. The contract should be back by first of next week. We have ordered a dumpster so we can start cleaning out the building. The next step will be to meet with the architect.

Mayor Wohr said we should schedule a couple workshops with the architect and staff before we go ahead. Acting City Manager Ristagno said we can be working on the design while the clean-out is going on. A qualified architect should be able to put something together pretty quick. If the council chambers get done first that would free up the community center. The big incinerator needs to be removed and we will look into getting that accomplished next week.

Mr. Mitchell also congratulated the Councilmembers on their re-election. Mr. Mitchell said that Boeing is planning to build a building for the Boys and Girls Club in Lake Dallas. There is a meeting at 9 AM with Mark Ross of Boeing tomorrow. Neal Malone and Councilmember Milan will try to attend the meeting also. Mayor Wohr said the Boys & Girls Club had come to the city several years ago with their plan for a building that would include outside bathrooms and a concession stand for after hours use by those people frequenting the park.

Jennifer, representative of the Boys and Girls Club, said they'd like to have a gym, computer room and indoor and outdoor bathrooms. They have kids in high school working there now who used to be members when they were younger. The Boys and Girls Club takes the children on field trips, Six Flags, and other places of interest.

Neal Malone, Parks and Recreation Board, said their meetings now include an invocation and the Pledge of Allegiance. He gave some flyers to them about the event coordinator and asked for some input from council as to what else they want. Dr. Collins and his class at UNT have been a great help to them. Last week Dr. Collins and Neal and 22 students spent nearly a day cutting a trail at Willow Grove Park. The City needs to write a letter to Checkers Pizza in appreciation of their donation of food and support for the Arbor Day 2001 cleanup at Willow Grove Park. He plans to go to the High School and talk with the principal about the large logs at Willow Grove Park to see if some of the older kids and their parents could drag those logs over to where they have their annual bonfire. Bird watching is a big activity and we need to promote it. The Circus went well.

Councilmember Milan gave the Economic Development Committee report furnished by Chairman Paul Fiala. There will be no meeting in May. The next scheduled meetings are June 4, July 9 and August 6. The members plan to get some of the TXU strategic plan work done outside of the meetings. The property data base is targeted for completion by May 31; an RFP for a consultant for City Development Planning should be completed by June 29; Lake Development and contacts with the Corps of Engineers about their rules and regulations for development is scheduled for completion by November; the 4a/4b sales tax process should be completed by July; contacts with the business owners is on-going.

F. Business

1. Canvass of the election held May 5, 2001.

The Lake Dallas City Council met in a regular meeting on April 26, 2001 at 7:32 PM with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Councilmember Milan was excused due to illness. Staff Present: Acting City Manager Ristagno and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Visitors/Citizens Agenda:**

Odie Harrelson, 907 Vista Oaks, said he would wait for item #6.

Aldena Gregory, 603 E. Hundley, said the election workers are having trouble with the voters' list coming up on computer. Lake Dallas shares 2 precinct numbers -- one with Hickory Creek and another with Shady Shores. The list has not been updated properly.

Mayor Wohr said he had tried to get help today. The upgrade for the program needs work.

Margaret Tisdale, 509 Howard Drive, said all the alleys in Kings Manor look nice except for Kings Manor Drainage ditch.

Mayor Wohr said that initially we thought we could do it in-house. After we bought 500 blocks the engineer has advised that it will take 2000 and we probably cannot do the repair in-house. It has been too wet and muddy and we anticipate starting within 2 to 3 weeks.

Mrs. Tisdale said there is a house on Summers Lane. She has received complaints that the yard at corner of Summers and Donald needs mowed. The street is terrible and needs repair. There have been some water leaks there and Mr. Tisdale has talked with the Water Department but the streets still need to be repaired.

E. **BUSINESS:**

1. Report from the Hoover/Klein Group on the Central Business District conceptual plan.

The report will be later since they had two other council meetings to attend this evening.

2. Public Hearing on an application for proposed replat of Lots 13-16, 27, 28 and a portion of Lots 17 & 18, Block K, Oak Lakes Subdivision into one lot.

No one came forward to speak so Mayor Wohr closed the public hearing at 7:46 PM.

3. Consideration and Action on an application for proposed replat of Lots 13-16, 27, 28 and a portion of Lots 17 & 18, Block K, Oak Lakes Subdivision into one lot.

Mayor Wohr asked Johnny Harris if this had to do with the Swisher Road Alignment and Mr. Harris replied that it did.

Motion was made by Councilmember Johnson to approve the application for proposed replat of Lots 13-16, 27, 28 and a portion of Lots 17 & 18, Block K, Oak Lakes Subdivision into one lot. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

4. Public Hearing on proposed Ordinance to create a Marina (MA) zoning district.

Mike Drozd, 300 Marina Drive, thanked the Planning and Zoning Commission for all their time and efforts over the past 6 months. H said they had not asked to be rezoned but worked with the Planning and Zoning Commission to get something that would work for the city and the marina. He does not agree that storage buildings in the MA district should be 80% masonry. They have been there by the lake since 1942 and all those who have moved in around their operation did so with the knowledge that the marina there. They will have hard surface for parking at the office but would like to leave the storage yard as it is without the hard surface requirement.

Mayor Wohr asked Mr. Drozd if he had any difficulty with any of the rest of the proposed ordinance. Mr. Drozd said he did not.

Ben Gilbert, 709 Nick, lives across the street from this property. The entire district around this is zoned R-1-6000. Mr. Gilbert gave a history about how the various items evolved into the ordinance. He said that currently some of the items allowed in the MA are also allowed in the C-1, 2 and 3 zoning and height restrictions in that zoning are not to exceed 2 stories. The 80% masonry is required and office buildings are not to exceed 2 stories. This MA district should be consistent with the other zoning districts.

Mr. Drozd said that if they ever want to build a building to put a travel lift in they would need the 42' height. In M-1 the height allowed is 50 feet.

Carolyn Green, 201 N. Shady Shores, said the Lakeview Marina has been the backbone of this community ever since it's been here. This is a council that needs to be more business friendly.

Margaret Tisdale, 509 Howard, said she seconds what Carolyn said.

Mayor Wohr closed the public hearing.

5. Consideration and Action on a proposed Ordinance to create a Marina (MA) zoning district.

Motion was made by Councilmember Harper to accept the plan for the Marina district with the exceptions agreed upon by the Councilmembers: **Sec. 122-549. Exterior Surfaces.** Exterior surfaces of structures in district MA, except for uses compensated by 122.541 (1), (3), (4), and (7), shall consist of approved masonry materials . . . . and **Sec. 122-728. Surfacing and screening.** (b) All parking lots and loading areas except for anticipated uses under Section 122-542 (3) in MA districts located in zoning districts . . . Seconded by Councilmember McInnish.
Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

Mayor Wohr called for a short break.

Mayor Wohr called the meeting back to order at 9:15 PM.

6. Public Hearing on an application for a proposed zoning change to First Highway Addition Lots 1, 2, 3 and 4, Block A from C-1 commercial zoning district to C-3 Commercial zoning district.

Odie Harrelson, 907 Vista Oaks, said he was under the impression this item had been canceled or there would have been 50 more people here. He said this issue needs to be defeated. He said he had heard some things in the last Planning and Zoning Commission meeting. Some people in the back row had made statements about some of the council that he resents. He said if he finds any of this to be true he will do everything in his power to get rid of them through a recall election. We have more C-3 zoning than we have schools and churches. He said they need to take a stand somewhere.

Randy Danner, 731 Black Walnut, said he's a local business owner. He first opened his sporting goods store in Corinth because it wasn't wet but later had moved his store to Main Street in Lake Dallas. There had been a meeting with the Main Street business owners and Hoover/Klein Group a few weeks ago. He said he is not going to sit idly by while the main corridor into the town is a line of liquor stores. There are plenty of places now for alcohol. Don't table this. Vote on it tonight.

Joe Napoli, 802 Lake Bluff Drive, said it would be nice if the notices would describe where these lots are. It should be part of the information. He agrees with the first two speakers.

7. **Consideration and Action on an application for a proposed zoning change to First Highway Addition Lots 1, 2, 3 and 4, Block A from C-1 Commercial zoning district to C-3 Commercial zoning district.**

Motion was made by Councilmember Harper to table this item because several citizens had been told that this item was going to be pulled from the agenda. Seconded by Councilmember Johnson.
Ayes: Councilmembers Johnson and Harper
Noes: Councilmembers Stapleton and McInnish

Motion Failed

Motion was made by Councilmember Stapleton to leave the zoning for First Highway Addition Lots 1, 2, 3, and 4, Block A as it is presently as C-1. Seconded by Councilmember McInnish.
Ayes: Councilmembers Johnson, McInnish, and Stapleton
Noes: Councilmember Harper

Motion Passed

1. **Report from the Hoover/Klein Group on the Central Business District conceptual plan.**

Bryan Klein said he doubts this plan would entirely fit but it's a place to start. They tried to come up with something to enhance the appearance of Main Street. There could be trees and pedestrian lights. There are lots of options. We could use modules to carry the theme on down the street. The front of city hall could be closed off at the street and perhaps a gazebo placed on the west side.

Kathy Helm said that at the owners meeting the median idea didn't last because it blocked left turns off Main St. They suggested colored or decorative brick. Bricks should not be used in front of the fire station because when the tandems turn on bricks it loosens them and they pop out of the street.

At 10:25 PM Mayor Wohr asked council if it was all right to extend the meeting. It was agreed that the meeting would go on.

Tom Hoover said that the expense for an archway would be approximately $80,000. The median cost would be approximately $150,000 with the raised theme. It would cost about $40,000 for the flush median. It would cost about $50,000 for bricks along the sides and not at intersections. The intersections themselves would be $20,000/quadrant. That would include trees, lightposts, and drainage.

The same type of theme could be followed on other business streets. If someone goes first the others will probably like what they see and get their streets upgraded.

Tom Hoover said they'll go back and do some other options and firm up the quadrant posts better.

The city will not pay for these improvements. The business owners can form a corporation and try to get grants and donations. They could then deed the improvements to the city in return for maintenance.

8. Consideration and Action on approval of a Resolution for a 90-day moratorium on R-1-1000 zoning districts.

Motion was made by Councilmember Stapleton to approve the resolution detailed in agenda item E-8. Seconded by Councilmember McInnish.
Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper

Motion Passed

Addendum: E-10. Consideration and Action on architectural services for the new city facilities.

William Mitchell informed Council about recommendations from several cities and attorneys for an architect and related costs.

Motion was made by Councilmember Johnson to allow the acting city manager and the mayor to enter into a contract with Russell Bates for architectural services for the new city hall. Seconded by Councilmember McInnish.
Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

F. Executive Session: The City Council to convene into closed session pursuant to the Texas Government Code Section 551.074 to discuss matters relating to personnel issues, City Manager search.

G. Action, if any, from Executive Session.

Mayor Wohr said the candidate has withdrawn so items F & G are not necessary tonight.

H. Workshop:

1. **City Manager Search.**
2. **New City facilities progress.**

There was discussion about the architect and façade. The new city hall facility should be on each meeting agenda until it is complete.

New Business:

Swisher Cemetery has been designated as a historical site by the State of Texas.

Woody's Landscaping has been doing the yard work at no cost for an elderly couple in the city who are both ill.

Concerns have been raised about the sno-cone stand down by Sunny's because of children being in the parking lot around the liquor store and Sunny's convenience store. The building inspector should look at it over the next week and give council a brief rundown on that type of business as well as ice cream trucks. What ordinance applies to these types of businesses?

The Economic Development Committee wants two alternates. They should get appointed through a future agenda item.

Contact has been made with the owners of Babe's Chicken. They are going into Hickory Creek by the end of the year. They have another concept for a restaurant for Lake Dallas.

Election Day morning is the Boy Scout breakfast at the high school. Council will receive letters of invitation.

We need to move forward with the Squiers' annexation process.

There will be a big championship held in Arkansas, Louisiana or Texas. On average they have 300 participants for the Angler's Choice. They need a place to stay and place to put boats in the water. The Drozds may need to be contacted.

The circus was great. We should explore the option of having special event permits.

I. Adjournment

Motion was made by Councilmember Stapleton to adjourn. Seconded by Councilmember Johnson.

Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper

Noes: None

Motion Passed

Meeting was adjourned at 11:25 PM.

CITY OF LAKE DALLAS, TEXAS

Steve Wohr, Mayor

Marjory Johnson
Councilmember, Place 2

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on April 12, 2001 at 7:40 PM with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was absent due to his work. Staff Present: Acting City Manager Ristagno and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Visitors/Citizens Agenda**

Carolyn Green, 201 N. Shady Shores, reminded everyone of the Easter Sunrise Service at the Montserrat Retreat on Sunday morning.

Cindy Nelson, 812 Lakebluff Drive; voiced her opposition to a proposed amendment that was passed by the Planning and Zoning Commission to allow only three (3) feet setbacks around the entire lot line for accessory buildings. In fairness to all the other homeowners she doesn't think it should be changed to benefit one incident. It will affect hundreds of people and would set a precedent.

Linwood Gilliland, 703 Payton Street, said that when he was on the Planning and Zoning Commission they had researched this to separate neighbors and they decided that five (5) feet is barely enough. We need to enforce the ordinances we have. Things should be thoroughly researched.

E. Reports:

Mayor Wohr thanked Mr. Malone for the Parks and Recreation Board's assistance in getting the circus preparations taken care of.

1) Neal Malone, Chairman of the Parks and Recreation Board said the Tour of the Parks and tree planting have been canceled. There is a clean up at Willow Grove scheduled for April 21. On April 27 Dr. Collins from UNT and one of his classes will be here to go over Willow Grove to give recommendations for nature trails and educational

and recreational fields. May 7 the board will meet with Dr. Collins and his class from 8 AM to 4 PM to make an outline of the summer program. There is a meeting on April 24 to go over the plans for Family Fun Day on May 12. June 9 will be another kids day because the Marina wants to sponsor a kids fish day at Willow Grove. The owners of the Marina will provide prizes and registrations and lunch for them. We are already planning 4th of July events. Nancy Bradshaw is chair and Ben Gilbert is assisting. Work is progressing slowly on parking lot at City Park because it's been so wet. Councilmember Milan said we've talked before about Boeing. Their Good Neighbor month has been moved to June or July due to the work schedule at Boeing. Mr. Malone said he had meeting today with Mr. Gillespie who is on Parks Board in Corinth. If it works out like it does with Hickory Creek we'll be way ahead.

William Mitchell, Contract Consultant, said, "You own a building." He has layout plans and also gave the Councilmembers 'concept' drawings. He has a proposal that Lewisville used so we will know how to go out for bids and designs, etc.

Mayor Wohr and the Councilmembers determined a workshop should be planned in the near future to discuss the design and invited Mr. Mitchell to attend. The suggestions and requirements of those who work at City Hall will be considered. An architect should be contacted.

F. Public Hearing on proposed replat of Tract 100 of A 1355A Wright, 600 block of Sargent Street on the west side of the street.

Frank Barnard, 328 Betchan, gave descriptions of the 4 lots in R-1-6000 zoning. He said he chose to only do 4 lots to keep the appeal instead of trying to crowd 6 lots into it. The setbacks are on the drawing. The lots will have city sewer and the drainage has been discussed with the city's building inspector. He said he did not think there would be an issue about subdivisions and a major thoroughfare that had been brought up in the Planning and Zoning Commission meeting. Sargent Street is too narrow to be a thoroughfare.

Mayor Wohr expressed concerns about the drainage being addressed. He said he also had concerns about the streets getting torn up by construction equipment. Carlisle and Sargent have just recently been paved.

Mayor Wohr closed the Public Hearing at 8:20PM.

G. Consideration and Action on proposed replat of Tract 100 of a 1355A Wright, 600 Block of Sargent Street on the west side of the street.

Motion was made by Councilmember Johnson to approve the replat of Tract 100 of A 1355A Wright, 600 Block of Sargent Street on the west side of the street. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

Motion Passed

H. Executive Session:

The City Council to convene into closed session pursuant to the Texas Government Code Section 551.071 for discussion with an attorney regarding possible litigation.

Mayor Wohr closed the public meeting and called for a five-minute break at 8:25 PM.

Mayor Wohr called the Executive Session to order at 8:35 PM.

Mayor Wohr closed the Executive Session at 9:25 PM.

Mayor Wohr called the open meeting back to order at 9:30 PM.

I. Action, if any, from the Executive Session.

Motion was made by Councilmember Milan to authorize the Mayor and City Manager to enter into a settlement agreement based on City Council decision during the Executive Session. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

J. Report from Tom Hoover of the Hoover/Klein Group.

Mr. Hoover said they are waiting on LCMUA's approval of some manholes so we can release the retainage on Carlisle Street. Main Street is done and has been hydro-mulched. As soon as affidavits are received that all bills are paid we'll release that retainage.
Mayor Wohr asked if affidavits are required on all contracts. Mr. Hoover said they should be. He said the Betchan project has been delayed a little. They had an aerial of city done for the Central Business District (CBD) project and had them get a closer view of Betchan Street. We should be able to start Betchan in June. Mr. Hoover said the CBD project will be at next council meeting.

Mayor Wohr asked him to look at parking lot on west side of our new facilities.

Mr. Hoover said the City Park parking lot was running behind schedule due to the rain. Part of the fence had been put up in wrong location. Those fence panels have been removed and stored. It should be two or three weeks before they can tell us what they need on the Alamo and Church Street extensions. Janet & Stevens streets could be repaired. Mr. Hoover advised that our Building Inspector should watch the construction on the Sargent replats closely in case any damage to the streets is done so they can repair the damage. When the building permits issued the applicants should be advised that no trailer traffic is allowed on Carlisle Street.

K. Consent Agenda:

1. **Approval of March Financials and accounts payable.**
2. **Consideration and Action on appointment to Parks and Recreation Board. (Shelly Kristich).**
3. **Approval of minutes for February 22, February 24, March 1, and March 8, 2001 meetings.**

Motion was made by Councilmember Milan to accept the Consent Agenda items K-1 -a, b, and c and pay the bills. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

Motion Passed

2. Consideration and Action on health insurance for year beginning May 1.

Holly Crow of Higginbotham and Associates explained the quotes she had obtained from various insurance companies and the Aetna HMO renewal.

Motion was made by Councilmember Milan to continue with Aetna Healthcare as we have been in the past. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

3. Consideration and Action on ordinance changing rear and side setbacks for accessory buildings in R-1-10000, R-1-7200 and R-1-6000 Residential districts.

Steven Bertrand, 707 Oakley, said he thought the setbacks for accessory buildings should be the same for everyone instead of different for each residential zoning district. He said he was trying to get this changed for everyone. He said in his neighborhood there are many buildings that are not according to setback requirements.

Council discussion involved consistency for R-1-6000, 7200 and 10000 residential districts. There are no permits required for most accessory buildings but residents inquiring should be given copies of the setback requirements.

Mr. Bertrand asked if he could leave his building where it is until this situation gets resolved. Mayor Wohr told him that decision is administrative. If Mr. Bertrand gets a citation he should talk with the Municipal Judge Angie Warner.

Motion was made by Councilmember Stapleton that we do no approve the proposed ordinance amendments referred to in Agenda Item K-3. Seconded by Councilmember Harper.

Mayor Wohr asked for a vote by acclamation.
All Ayes.

Motion was made by Councilmember Milan to amend the motion on the floor that the item be looked at in the next Council Workshop session. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

L. Workshop:

1) City Manager Search

Motion was made by Councilmember Harper to continue meeting past 10:30 PM and take the ones that have them ready and then we can add to those at a later time. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, and Harper
Noes: Councilmember Stapleton

Motion Passed

Council discussion resulted in having an Executive Session scheduled for April 19 at 7:00 PM for the purpose of starting interviews at 7:30 PM with three of city manager applicants.

M. New Business:

A new fax machine for Administration should be considered at budget time.

The northbound exit ramp for Swisher Road in the mornings -- people are complaining that they can't get over to the right lane due to the heavy amount of Boeing traffic that gets on the service road off Overly. There are two 'yield' signs on the service road so people can exit from I-35 should be able to cross the two lanes and there should be a double white line to assist in this.

The Kids and Cops will be on May 26 from 10:00 AM until 2:00 PM.

There was Council discussion about who decides what an 'excused absence' is for council meeting attendance. In the past if Councilmembers have called in and said they can't be there for a meeting it has been marked as an excused absence. Guidelines need to be set out. The Home Rule Charter says if three consecutive regular meetings are missed the Councilmember can be removed.

Councilmember Milan asked to be excused from the April 26 meeting.

Mayor Wohr said that May 5 is the Boy Scouts breakfast. He encouraged the Councilmembers to bring a couple of people with them at 7:30 AM at the Lake Dallas High School. It's a good breakfast for $10.

Buck Crockett died recently and we should send a sympathy card to his family.

Guy Vince is in hospital a hospital in Dallas. We should send a get well card to him.

The Kings Manor Drainage Ditch: Tom Hoover has looked at it and he recommends raising the level and bringing it back out to Overly. He recommends that we have it done professionally as opposed to trying to do it in-house. He said the job could go for about $19-$20,000. We have $20,000 budgeted for it in this year's budget. Without extending it out we could just make it level and by hiring a couple of seasonal workers we could use them for that as well as other jobs such as clean-out of our new facility and mowing. Two seasonal workers would cost the city about $3370/month. This is an administrative item but seasonal workers were cut from this year's budget.

CITY OF LAKE DALLAS, TEXAS

Mayor

Beverly Weikum, TRMC
City Secretary

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a Special meeting on March 29, 2001 at 7:40 PM, with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was excused. Staff present: Acting City Manager Ristagno and City Secretary Weikum.

B. Visitors/Citizens Agenda:

Lois Bailey, 23 Oakwood, said she had put up a 6-foot fence to keep her German shepherd from getting hit by kids reaching over the fence as they went by. The person who installed the fence said he got a permit but he can't find it. She had been to court last week and the citation had been dismissed. She'd like to keep her fence. It's been over a year since fence was put up. She would like to keep the fence. The Kingswood Association plans to vote on the height of fences.

Mayor Wohr said this is more an administrative order. It does have to meet the ordinances now. She could petition Council to change the ordinance so everyone could have a 6-foot fence. He will talk with the building inspector and see if it can't be resolved. He said he is concerned because it is currently against our ordinance. Our municipal judge makes no comments on our rules. He said the Kingswood Association couldn't allow what the city doesn't allow. If your association and enough people were to come forward and ask that 6-foot fences be allowed in R-1-4000 then it might be appropriate to change our ordinance.

Linwood Gilliland, 703 Payton Street, told Council that they are doing a great job and hopes they all get back on the council. He said there's a real bad problem at Howard, Shore and Lakeview.

Mayor Wohr thanked him for bringing this to the Council's attention and agreed that something needs to be done.

Cindy Nelson, 812 Lakebluff Drive, expressed concern about a structure across from her back yard. It's about 14' tall and has 27' sheets of sheet metal attached to it. It's only 3 feet off her back fence because it's his side yard, which puts it 3 1/2' from where her children play. It towers over their swimming pool. She asked him yesterday to lower it but he said he wouldn't be able to park his RV in it if it was lower. According to ordinance and zoning requirements he cannot have an RV in his yard. They've worked around other problems with their neighbors. She questions the safety of the structure. She said one big gust of wind and that metal could cut them in half.

Mayor Wohr explained about the rezoning process. He said he would talk with the building inspector about this. If it's legally allowed to be built we may not have any enforcement over it. We will notify you of the findings.

Jeanette Harmon, 72 Lakebridge, said she has an ongoing problem with 77 Lakebridge in trying to get them to clean up their yard and their mobile home. The last time Code contacted them there was no clean up so the city sent registered letter and they refused delivery. A letter was sent to Mr. Vinson, the owner, in Sanger and he hasn't picked his letter up either. She asked that the city contact the owners as well as the renters about code enforcement problems.

Mayor Wohr said we generally notify the property owners from the tax roll. Renters and owners are jointly liable. He said he appreciated her bringing it to our attention. Our policy in past has been to go to property owner.

David Shershen, 166 Kingswood Drive, said several people have asked him when he's going to pull the burned trailer out. He said the insurance company is dragging the time out. He's hoping it will be resolved sometime in April and the property will be left in a suitable stage. In the time he's lived in the city and times he's run for election, he thinks there is no finer person to run the election than Mrs. Deenie Stowe. He has never doubted her. He encouraged Council to reappoint her.

Robbie Robertson, 5308 Kings Manor Drive, said he's our representative on the fire board. He would like to get with Council at the earliest possible time regarding the Fire Department budget. They're about 3 months behind on their building. It should be completed in May instead of April.

Mayor Wohr said it's a wonderful thing that the Fire Department is running so well. The Fire truck replacement was done nicely. He said he didn't know if we would get to it in the month of April but as we go into the budget process we would get with him after the election.

Mayor Wohr closed the Visitors/Citizens Agenda at 8:20 PM

C. BUSINESS:

Consent Agenda:

a) **Consideration and Action to remove contingency from the new City Hall contract.**
b) **Consideration and Action on approval of application for Sterling & Reid Circus to perform in Lake Dallas on April 18 and 19, 2001.**
c) **Consideration and Action on approval of minutes for January 25, February 1, February 8, and February 17, 2001 meetings.**

Mayor Wohr said we are planning on closing on the building contract on April 9 on the building. They've agreed to have the Title company do the closing for $75 instead of our attorney and their attorney.

Councilmember Stapleton asked that item 'b' be pulled from the Consent Agenda.

Motion was made by Councilmember Johnson to approve Consent Agenda Items a and c. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

Motion Passed

2. Consideration and Action on TXU rate increase for gas services (tabled at March 8 Meeting).

James Johnson of TXU said that on February 16 TXU had combined 40 cities into a gas distribution system and filed a rate case for these cities. The average increase will be 5.1% and Lake Dallas' increase would amount to 2.6%. He explained the Favored Nations letter and said the increase will not take effect until June 21. If you decide to suspend then we could probably join a group of cities who are getting to get together to decide the validity of the rate case and is being heard in Arlington at this time. He gave us a list of cities of those who have joined and those who have not.

Motion was made by Councilmember Stapleton to approve the TXU rate increase and the Favored nations ordinance. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan and Stapleton
Noes: Councilmembers Johnson and Harper

6. **Consideration and Action on approval of proposed Ordinance for amending the Lake Dallas Municipal Code Section 122-26 of Article XXVI relating to fees for applications for rezoning and special use permits.**

There was Council discussion and it was agreed that the first paragraph of 122-1266 Application fees and records should read: "Application may only be made by the property owner of record or a party having a signed and notarized authority from the property owner of record. An application shall be required for each separate tract or lot of property that is subject to such amendment or special use permit. A fee of $500 shall accompany each application for an amendment or special use permit except for where the properties are contiguous or adjoining where an additional application for a separate tract or lot of property made at the same time as the first application shall require a fee of $100. No refunds shall be made. All such applications shall be made and filed with and such fee paid to the city secretary. All such applications shall be upon forms prescribed by the city; and, upon receipt of the application, the city secretary shall note on the application the date of filing and make a permanent record of the application and, thereafter, of all proceedings on the application."

Motion was made by Councilmember Stapleton to approve the proposed Ordinance for amending the Lake Dallas Municipal Code Section 122-26 of Article XXVI relating to fees for applications for rezoning and special use permits with the previously mentioned revisions. Seconded by Councilmember Harper.

D. Workshop:

1. City Manager Search

At the April 12 regular meeting we should bring our selections and set aside an hour for a workshop on the application and interview process.

E. New Business:

There is a handicap sign at the front of city hall. Acting City Manager Ristagno said he asked Richard to contact all businesses regarding the handicap ordinance. They are being given 20 days to order signs and get them installed.

Several police cars from neighboring cities were seen on I-35 E at the Lake Lewisville bridge and it didn't appear that they had a clear assignment. She was glad none of our police cars or officers were involved.

There are still boats and trailers going down Carlisle even with the signage. Acting City Manager Ristagno said we've put out memos and are issuing warnings. We will need a substantial amount of time to stop it.

The Parks and Recreation Board will be doing the interview of the events coordinator.

The annual Volunteer dinner will be Friday, April 6, at 7:00PM.

Councilmember Harper told of her experience of riding in a police car in Mexico while on a recent trip to south Texas.

City council should sponsor a Chamber breakfast on April 25. We would need to furnish the donuts and coffee. We should be there at 7:15 AM and the meeting is from 7:30 to 8:00 AM.

There was a letter to the editor in a recent paper from Cheryl Phillips about the 50's dance. Councilmember Johnson had called her and talked with her about it. Mayor Wohr said the dance went over real good.

Ed Cox of Pratt and Sanderford wants us to release $54,000 plus to Peachtree Construction. That would leave a balance of $100,000.

There is a drainage problem at the Fast Break. Johnny got the prices $2500 to $3500 for a good fix. We will try the Kings Manor drainage ditch 'in-house.' It will take about 500 bricks. We may be able to use come community service workers.

Acting City Manager Ristagno showed Council an electron sign which is computer generated as a sample for the City Park sign. We can put 26 pages of information on it and it can be changed daily from our offices. Mayor Wohr asked him to get a price.

Acting City Manager Ristagno said he would like to be off from April 18 through April 24.

The Lake Dallas City Council met in a special meeting on March 15, 2001, at 7:45 PM, with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Staff Present: Acting City Manager Ristagno and City Secretary Weikum.

B. **Visitors/Citizens agenda**

Mayor Wohr closed the Visitors/Citizens agenda as no one came forward to speak.

Mayor Wohr closed the open meeting and opened the executive session at 7:48 PM.

C. **EXECUTIVE SESSION:**
1. The City Council to convene into closed session pursuant to the Texas Government Code Section 551.074 to discuss matters relating to city manager personnel issues.

Mayor Wohr closed the Executive Session and re-opened the public meeting at 8:55 PM.

D. **Action, if any, from the executive session.**
Council directive: Rerun an ad immediately requiring city management experience of 3 - 5 years and budget experience; salary range of $55,000-$65,000; residency required. Resumes received through April 9.

As soon as resumes come in send a cover letter stating we won't consider any resume until we receive the completed application. Applications should be returned no later than 5 PM on April 11. The letter should include some information about City of Lake Dallas. The letter should also include four questions for the applicant to answer. The questions will be about budget preparation, grant experience, economic development experience and how many people report to the applicant.

E. **Workshop:**
1. City Manager Search.

Council moved past this item to the next item.

F. New Business:

We cannot put a sign up on new city hall building until April.

There are concerns about rumors about the Sterling-Reid circus and animal activists.

Concern about ADA signs at buildings was discussed. Acting City Manager Ristagno said we have an ordinance and we can advise businesses that they have to comply with our ordinance.

Spec's for bids on the new city hall building needs to be put together. The layout needs to be addressed before we look for a design build firm. CSI of Lewisville can help us with the bid spec's but they won't design free of charge. The air conditioning can be part of the design and build. The communications and electronics technology should be incorporated into the spec's also.

Bernadette Milnick, a published artist, has contacted the City. It may be too expensive to do the entire facility, but she has proposed to go out and photo artistically for our lobby and council chambers.

The new website looks really nice.

There are traffic problems on Swisher Road at certain times of the day. TxDOT will be notified so light timing can be changed.

Some franchised business concerning dairy products may be coming into city.

We need more street dances throughout the year.

Additional signs have been ordered for Carlisle Street.

We need to re-write the ordinance on replats to get rid of the ambiguity.

The Lakebridge entrance looks good after the cleanup was done.

We need a Certificate of Occupancy that says if a proprietor changes or the type of business changes a new c/o is required. We need one for residential that covers the essential safety items: smoke alarms, water, and electricity.

A. ROLL CALL

Ken Stapleton	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Mayor Wohr arrived at 8:08 PM. Staff Present: Acting City Manager Ristagno and City Secretary Weikum.

B. Mayor Pro-Tem Stapleton gave the invocation.

C. Mayor Pro-Tem Stapleton led the Pledge of Allegiance.

D. PROCLAMATION

Mayor Pro-Tem Stapleton said we would wait until the Mayor arrived to do the proclamation.

E. VISITORS/CITIZENS AGENDA

Randy Danner, 731 Black Walnut Drive, said thank you to the Council for new city hall.

Carolyn Green, 201 North Shady Shores, questioned TXU's validity in the proposed rate increase. Since 1998 they have invested millions in piping and updates. It appears to her that they are asking for a 7.52% increase. Lone Star and TXU almost always ask for twice what they want. Usually the council has postponed until it goes before the commission and is studied.

F. Reports & Commissions :

Neal Malone of the Parks and Recreation Board said that Tony Robinson couldn't be here tonight. He's been very instrumental with the UNT projects. Tony's report: The Family Day scheduled for May 12 is estimated to cost Lake Dallas $1,000. He talked with Pat Snider of Hickory Creek this afternoon and if profit is made it will have to go to Willow Grove Park per the Corps of Engineers. The Parks and UNT partnership consists of a graduate class working on a day camp during the summer at a cost of $100/week and the undergraduate class will help. The Park Board has tentatively selected a playground site for City Park and has tentatively made a choice. There have been good reports on the equipment at Community Park. UNT will help us with the grant opportunities from State. Tony has called Texas Parks & Wildlife and they are getting a packet to us.

Some members of the Parks and Recreation Board had a meeting with graduate class last week. Dr. John Collins is very willing to help us. We have the Sterling Reid Circus for scheduled for Willow Grove Park. Haven't received fine details yet. March 13 a committee will attend the soccer board meeting at the school. They will have a well driller there to discuss a well for City Park. A committee is working on revising the rules for each park. Teen Nite Out's attendance has been increasing by about 10 per night. The Community Center is too small. This Saturday night will be their last night here. Nancy Bradshaw and Ben Gilbert are chair and co-chair for 4th of July events. They have not heard from Tommy Bilbrey at Boeing.

William Mitchell, Contract Consultant, said $525,000 was the contract price on the Food Fare building which is approximately $35,000 less than the appraisal roll. We have met with a structural engineer and should receive a written report on Monday. East wall leans about 1/8 inch but it's reinforced. The floor is pretty solid.

Mayor Wohr arrived at 8:08 PM.

We may need to remove some trees. There are no major structural problems. The air conditioners need to be removed and replaced at the cost of $20,000 to $25,000 but then we will have a warranty. He estimates $35,000 to revamp the outside of building and new facade and to paint and clean up. On the inside we are probably looking at $22 - $27/SF for construction of offices and meeting rooms. We will need to go out for bids for the remodel on the building. Mr. Mitchell said he would get an inspector out to look at the current city hall and get a recommendation since there is asbestos in it.

He has contacted the landowner beside KJ's and behind Phillips 66. A Waffle House will go in as soon as motel/microhotel goes up on the north side of Swisher. He feels it's a pretty solid deal.

There has been no progress regarding any retail going in at Mike Wolverton's building. The Tim's Produce building is being divided into smaller spaces in an effort to try to rent it out.
A new tenant just signed in the building where Bogey's is and they will sell discount cigarettes.
Talked w/owner of property next - tied up in family deal - can't do anything rite now.
Mr. Mitchell said he would volunteer his services to keep things coordinated and be contact liaison regarding the new city hall. He asked that at the next council meeting that removal of the contingency on the purchase of the Food Fare building be placed on the consent agenda.

D. PROCLAMATION:

Mayor Wohr read the proclamation which designated the month of March as Red Cross Month in the City of Lake Dallas.

G. BUSINESS:

1. **Consent Agenda:**
   a) **Approval of February Financials and accounts payable.**
   b) **Consideration and Action on approval of a Resolution placing a moratorium on the acceptance for filing and the issuance of building permits and all other development permits for construction and/or development in R-3 Multifamily Residence District.**
   c) **Consideration and Action on approval of a Resolution placing a moratorium for filing and the issuance of building permits and all other development permits for construction and/or development in M-1 Light Industrial Zoning Districts.**
   d) **Approval of minutes for December 21, January 11, and January 13, 2001 meetings.**

Councilmember Harper asked to pull item G-1-a.

Motion was made by Councilmember Johnson to approve the Consent Agenda items b, c, and d. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

G-1-a) Approval of February Financials and accounts payable.

Motion was made by Councilmember Harper to accept the February financials and pay the bills. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

2. **Consideration and Action on TXU rate increase for gas service.**

James Johnson of TXU said that recently TXU combined 39 cities into a northwest gas distribution system and filed on February 5 for rate change. The average rate of increase is 5.9%; rate in LDZ is 2.6%. In packet is a letter from the vice president in which he agrees in writing that if someone makes a better deal before the rate goes into effect we will also benefit from that -- a most favored nation status. The rate goes into effect June 21. If we don't pass the ordinance regarding the favored nation status we could join some of the other cities that are joining in a suit against TXU but we would also have to share in the attorney fees.

Motion was made by Councilmember Johnson to table this item until the next meeting. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

Mayor Wohr called for a break at 9:08 PM.
Mayor Wohr called the meeting back to order at 9:30 PM.
Mayor Wohr close public session and asked Acting City Manager Ristagno to secure the building at 9:35 PM.

H. EXECUTIVE SESSION:
The City Council to convene into closed session pursuant to the Texas Government Code Section 551.074 to discuss matters relating to personnel issues.

Mayor Wohr called the public meeting back to order at 11:15 PM.

I. ACTION, IF ANY FROM THE EXECUTIVE SESSION, regarding City Manager selection.

Motion was made by Councilmember Stapleton to table this item to a future date. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

J. WORKSHOP:
1. City Manager Search

A special meeting may need to be called.

K. NEW BUSINESS:

The request for a temporary building will need to go before the Board of Adjustment.

The information from Mr. Mitchell about the hotel means we need to pass a an ordinance for a hotel/motel tax

The Parks and Recreation Board should interview the events coordinator and make a recommendation to the Council.

We need to check to see if we can open the Chalker's side of the building on Main Street to use for water and restrooms during the Road Rally.

The trash situation in Kingswood is a bad situation. The ordinance may need changing. The definition of junk/abandoned vehicles does not apply if the license and inspection stickers are still good.

Richard and Beate are handling the problem with the brick retaining wall on the right of way in Kingswood. The owner of the driveway is responsible.

We need to make sure the offices and restaurants in town are ADA compliant.

Mrs. Conine in the 600 block of Hundley says her ditch is not draining correctly.

There was a misunderstanding about the election judge appointment procedure this year. It will be under the same policy as the Parks and Recreation Board, Board of Adjustment, Planning and Zoning Commission, etc. Everyone fills out applications and they come before the Council for appointments.

The drainage at the Fast Break at Denton Drive and Church needs to be checked out.

Tom Hoover will check on the right of way for Alamo and Church. We need to give him the OK to go ahead on Betchan. Lakeland Court may cost a little more.

Mayor Wohr has walked the Kings Manor ditch. He said it used to be a sloping ditch. The east side shouldn't take a lot of work. On the west side we'll need to cut some trees and put in a wall. Margaret Tisdale and Councilmember Stapleton had also walked through that location.

L. ADJOURN

Motion to adjourn was made by Councilmember Stapleton. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

Meeting was adjourned at 12:15 AM.

CITY OF LAKE DALLAS, TEXAS

Steve Wohr
Mayor

Beverly Weikum, TRMC
City Secretary

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting on March 1, 2001, at 7:40 PM, with notice of the meeting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember Jeff McInnish was excused. Staff present: Acting City Manager Ristagno and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. Visitors/Citizens Agenda:

Mike Bucher, 5410 Kings Manor Drive, said that the Kings Manor Drainage ditch should have been repaired a couple of years ago. He said the Prince Drive side had a retaining wall put up but the Kings Manor side did not. He has had to move his fence because the rains have moved the dirt. He has been told twice by the City Secretary that the rest of the project is in the process. There needs to be a retaining wall on the Kings Manor side and he wants it done now.

Mayor Wohr and Councilmember Stapleton said they would meet with Mr. Bucher on Sunday and try to determine the problem and try to find a solution.

Mr. Bucher said a motorcycle event is being scheduled for May 19 which is the same date as the spring thing being held by Lake Dallas and Hickory Creek. The VFW is sponsoring this event for motorcycle riders. There will be no parade but there will be trophies. The 3 people who are putting this together are not members of the VFW. They hope this will not be a conflict with the spring thing.

Council agreed that it would be all right and should not cause a conflict. May 19 is the date the Kids and Cops Day is scheduled. The other event will be on a different date.

Jeanette Harmon , 72 Lakebridge, handed out a letter to the Mayor and Councilmembers. Her complaint was that some residents of the Kingswood Estates were placing their trash at the rear of their homes on trash pickup day instead of the front of their homes.

Mayor Wohr said we don't have an ordinance on that. Our ordinance only states where the trash should be placed before pickup day. We may have to make an ordinance.

Carolyn Green - 201 N. Shady Shores, said Gracias, Dankeshoen and Thank you.

Mayor Wohr closed the Citizens' Agenda.

E. Business:

1. Consideration and Action on adoption of an ordinance authorizing the issuance and sale of the City's Combination Tax and Revenue Certificates of Obligation, Series 2001; levying an annual ad valorem tax and providing for the security for and payment of said Certificates; prescribing the form of said Certificates; awarding the sale thereof; approving the Official Statement; and enacting other provisions relating to the subject.

Doug Hartman and Benita of First Southwest handed out booklets and gave a short explanation. He asked Leroy Grawunder to walk us through the booklet. Mr. Grawunder discussed the bond insurance. He said the Triple A rating instead of BBB is why we got such a low interest rate. We may need to have a 2 1/2-cent tax increase for one year but that if we have $60,000 we could use we won't need a tax increase. The Ordinance authorizes all the things that are listed in the Consent Agenda, Item 2-a through 2-e.

If the mandatory redemption dates are observed there should be no penalties. We will be able to pay off the certificates at year 2011 but there will be no prepay option before that year.

Motion was made by Councilmember Johnson to adopt the ordinance. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

2. **Consent Agenda:**
   a) **Consideration and Action on proposed agreement to perform legal services as bond counsel and disclosure counsel to the City of Lake Dallas, Texas by McCall, Parkhurst and Horton, L.L.P.**
   b) **Consideration and Action on certificate delivered pursuant to Section 8(e)(7) of the Purchase Contract between the City of Lake Dallas and First Southwest Company with respect to the Obligations.**
   c) **Consideration and Action on a Purchase Contract between the City of Lake Dallas and First Southwest Company for the sale of certificates.**
   d) **Consideration and Action on execution of general and signature identification certificate.**
   e) **Consideration and Action on Paying Agent/Registrar Agreement between the City of Lake Dallas and First Union National Bank, Houston, Texas.**

Motion was made by Councilmember Stapleton to approve the Consent Agenda items a, b, c, d, and e. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

Mayor Wohr called for a brief break at 8:15 PM.

Mayor Wohr called the meeting back to order at 8:45 PM.

I. **EXECUTIVE SESSION:**
   1. **The City Council will meet in Executive Session to discuss matters relating to personnel issues pursuant to the Texas Government Code Section 551.074.**

Mayor Wohr closed the open meeting and called the Executive Session to order at 8:47 PM.

Mayor Wohr called for a break at 10:00 PM.

Mayor Wohr called the Executive Session back to order at 10:05 PM.

Mayor Wohr called for a break at 10:55 PM.

Mayor Wohr called the Executive Session back to order 11 PM.

Mayor Wohr called the open meeting back to order at 12:10 AM on March 2, 2001.

J. ACTION, IF ANY, FROM THE EXECUTIVE SESSION.

Council directive to the City Secretary to ask specific questions of two candidates regarding salary requirements and whether or not they want to have a contract and some follow-up questions regarding vacation time expected, sick leave, etc. Council directive to the Acting City Manager to proceed with background checks on the candidates and set time on our next Thursday's meeting for an Executive Session with an action item for selecting a city manager.

The Lake Dallas City Council met in a regular meeting on February 22, 2001 at 7:40 PM with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. ROLL CALL: The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was absent. Also present were the City Attorney, David Berman, Acting City Manager Ristagno, and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. VISITORS/CITIZENS AGENDA:

Paul Fiala, 706 Lakebridge Drive, said he was coming forward as an Economic Development Committee member. TXU is willing to come back to finish the work on the strategic plan. They are busy until March 15. The meeting will be scheduled for the Economic Development Committee meeting on March 27.

The Economic Development Committee can bring questions or reports at the boards & commissions reports on the 2nd Thursday of each month. Any questions prior to a meeting can be given to the City Secretary and she can put the information in the Councilmembers boxes. Communication with any other boards could be done through the board's liaisons. In time we should be able to e-mail the minutes to the committees.

E. BUSINESS:

1. Approval of Fourth Quarter 2000 Investments report.

Motion was made by Councilmember Johnson to approve the Fourth Quarter Investments report. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

2. Public Hearing on application for a Special Use Permit to operate an arcade at 210 Main Street, Lake Dallas, Texas; Tract 66 of A1355A Wright Survey.

Gerald Hartley, 403 E. Rock Island Avenue, Boyd, Texas, said he represents Jim and Kathy Doerr and their application for a special use permit. This follows the meeting with the Planning and Zoning Commission. He'd like to resolve any concerns the Council might have regarding the purchase of that building and Mr. Doerr's position. He lost his lease a couple of months ago at Lucky 7 on Denton Drive. No food or alcohol would be served. They would install 35 machines and operate from 10 to 10 weekdays and weekends from 10 AM to 2:30 AM. It would be strictly adult entertainment. They are not anticipating any other operations. There are arrangements in place in Mr. Doerr's lease if the city should buy the building.

Mayor Wohr asked Mr. Hartley about a sentence in the brochure provided to the Councilmembers that says the operation would bring tax revenue to the city. The mayor said the city would not realize any sales tax revenue from this type of operation. Mr. Hartley said he was not prepared to answer that.

Geneva Tyree, 504 Howard, owns the Lake Dallas Cafe. She said she welcomes any business to the town.

Linda Dunham, 5407 Prince, said the Lucky 7 was a home away from home. It was a place to go and relax. She thinks a lot of people feel like she does.

Edie Martin, 332 South Shady Shores, said we need more recreation for us old folks. She enjoys the socializing and thinks it would be an asset to the city.

Sherry Shelton, 82 Lakewood, Hickory Creek, said she's been employed by them part-time. She enjoyed working there and the people who were there were really nice. The patrons were older people and family oriented people.

Mr. Hartley said he needed to clarify the hours of operation. They would 10 AM to midnight except that Friday and Saturday would be until 2 AM. He gave a copy of the lease to the mayor. Mayor Wohr gave the lease to the City Attorney for review.

Mayor Wohr closed the public hearing at 8:07 PM. There was council discussion about what procedure should be followed at this point.

Mayor Wohr asked if there was anyone there to speak about the early voting hours on May 5 election or about the $1000 for the Family Fun Day in May?

Neal Malone from the Parks and Recreation Board said that Family Fun Day at Arrowhead Park is something we've been working on for the past two weeks with Hickory Creek. Hickory Creek has sent money to Lake Dallas for the FallFest and we've been able to return part of those funds to them. This year we would like to be able to send some money to Hickory Creek.
Mayor Wohr said they help us with FallFest and this is a springfest.

5. Consideration and Action on authorizing $1,000 for the Family Fun Day in May.

Motion was made by Councilmember Stapleton to authorize the $1,000 expenditure for the Family Fun Day in May. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

Mayor Wohr said council would move past item F - workshop and go to the Executive Session. He closed the public meeting at 8:15 PM.

I. **EXECUTIVE SESSION:**
   1. **The City Council will meet in Executive Session to consider a contract for the purchase of real property as authorized by Section 551.072 of the Texas Government Code.**

Mayor Wohr closed the Executive Session and called a break at 9:10 PM.

Mayor Wohr called the meeting back to order at 9:15 PM

J. **Action, if any, from Executive Session:**
Motion was made by Councilmember Milan to authorize the Mayor to sign the agreement before us substantial under the terms of the contract subject to the amendments which are to be approved by the City Attorney. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

E-4. Order of May 5, 2001 election and set Early Voting Hours.

Motion was made by Councilmember Johnson to order the May 5 election and approve the Early Voting hours of 8:30 AM to 5:00 PM on weekdays except that April 19 and April 26 the hours would be 8:30 AM to 7:00 PM and on April 24 and May 1 the hours would be from 7:00 AM to 5:30 PM and Saturday April 28 the hours would be from 8:30 AM to 5:00 PM. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

Mayor Wohr called for a five-minute break at 9:35 PM.

Councilmember Johnson left the meeting.

Mayor Wohr called the meeting back to order at 9:40 PM.

F. WORKSHOP:

1. City code and building inspection items discussion with Richard Dallof.

Mr. Dallof gave handouts regarding procedures followed in the Community Development Department.

Council expressed concerns about using the correct fees; building permits being issued in error; signatures and not initials should be used on all permits; health permits and expiration dates ice cream truck health inspection procedures.

Mayor Wohr said the city is favorable toward training. Mr. Dallof was told to communicate with the Council if he has any problems.

2. City Facilities.

Discussion involved the amount of space needed by the Police Department, Administration and Court. We need to plan for Council Chambers, a workroom and restrooms. We may need to look at how other cities in the area that have purchased empty grocery stores to see how they have remodeled the buildings.

Jill Rael of the Lake Cities Library asked if the city planned to put the library there. She said it may be a good interim building for them.

3. City Manager search.

Mike Webb will be unable to come to the February 24 meeting

G. New Business:

Concerns were raised about the day cares listed in this week's newspaper. Some of them may have existed prior to special use permits being required.

The City Secretary has a new laptop courtesy of her husband.

A citizen had asked that we not to hire a city manager because the Council is doing such a good job.

Acting City Manager Ristagno will check with Tom Hoover regarding the parking lot at City Park.

Could the Food Fare parking lot could be used for the Road Rally on March 24?

Church Street may be able to have a median which would leave the trees in place and the curve could be straightened out at access road. The engineer suggested a 'rehab only' at access road and overlay the rest of the street. The existing residents may complain because of 2 lanes so the engineer suggested that the turnaround be cut short so a U-turn could be made before getting to the access road or we cut put a cut in median. Lakeland Court was looked at and may be a possibility after Betchan is done.

The signs for no trailers or trucks on Carlisle can be worked out with Hickory Creek and should be up before the season starts. Another sign with an arrow for getting to the lake pointing to Main Street would also help.

The Kings Manor Drainage ditch needs to be finished. The engineer can look at it and we can decide if it could be done in-house.

We should find the owner of the property between Sycamore and Hundley north of Alamo Avenue.

H. ADJOURN

Motion was made by Councilmember Stapleton to adjourn. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper.

CITY OF LAKE DALLAS, TEXAS

Steve Wohr
Mayor

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on February 8, 2001, at 7:39 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Ken Stapleton	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2

Councilmember McInnish was excused. Mayor Wohr and Councilmember Harper arrived late. Staff present: Acting City Manager Ristagno and City Secretary Weikum.

B. Mayor Pro-Tem Stapleton gave the invocation.

C. Mayor Pro-Tem Stapleton led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Laird Lind, 735 Carlisle asked that item F-1-b be pulled from the Consent Agenda. He said the plat fee is a lot of money and asked the Councilmembers to give it some thought before raising the fees.

This item had been on two workshops and a lot of factors had been weighed. The rates have not been adjusted since 1987.

Mayor Pro-Tem asked that the records reflect that Councilmember Harper had arrived 5 minutes ago and that Mayor Wohr had arrived at 7:49 PM.

Mike Fahey, 144 Kingswood, asked that item F-1-c be pulled from the Consent Agenda. He suggested a tiered fee schedule and said it should be refundable if the resident has a homestead exemption.

Steven Bertrand, 707 Oakley Drive, said the price for a variance seems to be excessive. $250 would be enough to make people think about whether they want to come before the Board of Adjustment.

Mayor Wohr closed the Citizen's Agenda when no one else came forward to speak.

E. **Reports:**

1) Boards and Commissions and Contract Consultant.

Neal Malone, Parks and Recreation Board, gave some handouts to the Councilmembers. The Saturday Nite Out program is going well. The Family Fun Day is a joint event with Hickory Creek and is scheduled for May 12. The Parks and Recreation Board is working on a partnership with a University of North Texas class regarding parks and youth activities for this summer. Playwell has given prices for playground equipment for City Park. The new board member is vice chairman of the Soccer Association. We need help at the River Oaks Park. The Road Rally is an event the board could help with. We have nothing positive form the circus yet.

William Mitchell, Contract Consultant, said John Pollster said the road projects are on schedule. He will get with Don Blackwell, representative for the NTTA before the next meeting. He will invite Tye DeBerry of the Denton County Economic Commission to next month's meeting. The building that has Bogey's and the flower shop is for sale but the owner won't split that building from the building next door being used by the Montessori school. The City will be able to advertise on the local cable channel as soon as they get the paperwork.

F. Business:

1. Consent Agenda:

a) Consideration and Action on approval of an Ordinance to amend Chapter 122 Zoning, Article XXVI, Amendments, Sec. 122-1266 providing for an increase of the application fee.

b) Consideration and Action on approval of an Ordinance to amend Chapter 94 Subdivisions, Article 1, Sec. 94-8 Filing fees; inspection fees providing for an increase in fees for plats and replats.

c) Consideration and Action on approval of an Ordinance to amend Chapter 122 Zoning, Article XXII, Board of Adjustment, Sec. 122-984, Jurisdiction, by adding language in the first paragraph that a non-refundable application fee for a variance request is $500.

d) Approval of December financials and accounts payable.

e) Approval of minutes for December 14 meeting.

Items F-1-b and F-1-c were pulled from the Consent Agenda.

5. Consideration and Action on acceptance of bids for City Park Phase 1.

Tom Hoover said bids were opened on January 31. The reviewed the bids and found no errors. Andrews Paving was the low bidder for the base bid and the additive alternates. Council gave a directive to staff and Mr. Hoover to check the gas line and find what needs to be done in case more Council action is necessary.

Motion was made by Councilmember Johnson to award the bids to Andrews Paving for the City Park project at $139,141.48. Seconded by Councilmember Stapleton.

F. WORKSHOP:
1. City Manager Search

There was discussion about the questions to be asked and who would ask which questions during the interviews with the applicants. We should give the applicants an opportunity to ask questions of the Councilmembers. Applications should be mailed out to those applicants who will be interviewed. They should bring them with them when they come for their interviews.

G. New Business

The revised applications for the ordinances passed tonight should have how the cost was determined.

Is there a time frame for the people in Food Fare to be out? Acting City Manager Ristagno said the Building Inspector had given them an extension on time to vacate. They should be out by this weekend. The people on Cain Street have been given too much time to come into compliance. Acting City Manager was told to deal with the problem.

We need to set up the meeting with the City Attorney and the Planning and Zoning Commission for an orientation.

Contact has been made with Randy Squier.

Acting City Manager Ristagno, Tom Hoover, Mayor Wohr, and Councilmember Johnson will walk Church Street soon so discussion can begin on what needs to be done with that street.

The railroad property may or may not be sold. They will probably want a mixed use such as a planned unit development.

We need to advertise for the events/recreation coordinator.

What is the schedule for the workshop with TXU and the Economic Development Committee and the Planning and Zoning Commission?

Lakeland Court has deteriorated so badly that a garbage truck fell through it today and got stuck. We need to check that street out.

Acting City Manager Ristagno asked if he should proceed with the sign for the City Park. We have received a couple of prices. Council said he should proceed. We'd like to have the sign with brickwork around it and possibly some flowers could be planted around the area.

H. Adjourn

Motion to adjourn was made by Councilmember Stapleton. Seconded by Councilmember Milan.

CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting on February 1, at 7:39 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present and constituted a quorum:

Ken Stapleton	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Betty Harper	Councilmember 5

Councilmember McInnish was excused. Mayor Wohr arrived at 7:45 PM. Staff present: Acting City Manager Ristagno and City Secretary Weikum.

B. Citizens/Visitors Agenda

Mayor Pro-Tem Stapleton closed the Citizen's Agenda when no one came forward to speak.

C. Business:

1. Consideration and Action on approval of Resolution approving a moratorium on R-2 Two-Family zoning district.

Motion was made by Councilmember Johnson to adopt the Resolution approving a moratorium on R-2 Two-Family zoning district. Seconded by Councilmember Harper.
Ayes: Mayor Pro-Tem Stapleton, Councilmembers Milan, Johnson, and Harper
Noes None

Motion Passed

D. WORKSHOP:

1. City Manager Search

The Councilmembers each listed their top ten choices. A list was compiled from these choices. Staff to schedule, contact, and arrange interviews for February 17 and February 24. Questions will be formulated and discussed at next week's meeting. Travel vouchers are a possibility for those from out of state.

2. Review of fee amounts on applications, permits and licenses.

There was discussion about overhead, salary rate, and time involved. Fee schedules had been obtained from several neighboring cities for the replats, special use permits and rezoning applications. It was decided to place the items on the consent agenda for the next council meeting as ordinances raising the fees: $500 for 0 - 5 replat and over that at $1,000 per replat; $500 per lot for re-zoning applications; $500 per variance application; $500 per special use permit application.

E. New Business

Signs have been placed throughout the city showing directions to the lake and parks.

Hickory Creek will need to be contacted regarding the 'No Trailers' sign on Carlisle.

Hickory Creek will be discussing possible annexation of Folley Beach in a meeting this month.

Part of our charter could be superseded by State Law with regards to selling bonds. A property tax increase of $2/month on a $100,000 home might need to be implemented. We will find out our options at next week's meeting. We have three ways to go: re-do the current city hall; build a new recreation center at the park and convert the community center; or, build on other property. A bond election would not be possible for this May's general election.

The federal government is considering the involvement of local law enforcement agencies with regard to the big rigs on the interstate highways.

F. Adjourn

Motion to adjourn was made by Councilmember Milan. Seconded by Councilmember Harper.

The Lake Dallas City Council met in a regular meeting on January 25, 2001, at 7:30 PM with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Staff present: Chief Ristagno and City Secretary Weikum. Councilmember McInnish arrived at 7:44 PM

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

No one came forward to speak.

E. **Business:**

1. **Consent Agenda:**
   a) **Consideration and Action on Amendment to Interlocal Cooperation Agreement for Operation and Maintenance of Traffic Signals with TxDOT.**
   b) **Consideration and Action on approval of Ordinance amending Chapter 122 Zoning, Article XXVI. Amendments, Section 122-1266, Application fees and records, and Section 122-1267, Zoning change signs.**
   c) **Consideration and Action on approval of Ordinance amending Chapter 94 subdivision, Article 1. In General, Section 94-8, Filing fees; inspection fees.**

Items b and c were pulled from the Consent Agenda. The fees referred to are to be addressed in a workshop item of this agenda.

Motion was made by Councilmember Johnson to approve Consent Agenda item a. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper

2. **Public Hearing on application for proposed replat of Lot 8 and Lot 9 of Block A Barmarchar Sites into one lot.**

David Vanderlawn, 609 Ryan Road, Denton, TX is here on behalf of Mr. David Jackson, who has the two lots under contract. The intent is to build a two-story office building. They have been before the Planning and Zoning Commission and have provided adequate parking.

David Jackson, said the building will be owner-occupied. The mortgage bank will be upstairs. There will be a title company downstairs. The building they are currently in further south on the service road belongs to Myra Crownover and she does not want to sell at this time.

A neighbor to the rear of this property asked if this building would raise his property taxes. Mayor Wohr said his property is probably appraised based on its location and what is built on it.

3. **Consideration and Action on an application for proposed replat of Lot 8 and Lot 9 of Block A Barmarchar Sites into one lot.**

Motion was made by Councilmember Stapleton to approve the replat of Lot 8 and Lot 9 of Block A Barmarchar Sites. Seconded by Councilmember Milan.

Noes: None

Motion Passed

Mayor Wohr called for a short break at 8:50 PM.

Mayor Wohr called the meeting back to order at 9:00 PM

F. **WORKSHOP:**

1. **City Facility Planning.**

There are some options open. The price for the Food Fare building has come down substantially from what they were originally asking. The building is 15,000 square feet in size. The remodel charge is about $35/foot. The whole building would not need to be remodeled all at one time. A meeting is scheduled for next week to talk with a mortgage company and lending institution. A tax increase may be necessary and the options there could be that a minimal property tax increase could be levied; a raise in property taxes for a specified period of time could be pursued; 4a and/or 4b tax might be a possibility.

We can't build a city hall on city park property. We can't build on the property where city hall is now because we're already out of room at that location. The cost for tear-down and reconstruct is $100/square foot. A special meeting will be scheduled if funding discussions are favorable.

2. City Manager search.

An alphabetical list of all applicants will be prepared for each of the Councilmembers. Before the next meeting each Councilmember should determine those applicants they would like to interview.

3. Street Projects -- Bond remainder.

Betchan Street should be addressed soon. It is in need of a rehab and the bend should be straightened. It is a dangerous area. Church Street will be walked by the Mayor, a Councilmember, Chief Ristagno, and the City Engineer. Janet Street and Stephens Street both need to be done. Overly Street needs an overlay because is not too bad yet and services a lot of property. Cain Street is very bad. Shady Shores Road from the post office to Main Street needs done and it should be straightened in the area by the Community Center. We should get Group A started at this time and follow with Group B.

4. Application fees for zoning changes, variances, replats, and other related items in the Municipal Code.

This should be scheduled for a workshop in February.

Mayor Wohr closed the workshop at 10:30 PM.

G. New Business:

Tim's Produce property has been sold.

The LCMUA hole on Main Street does not meet our agreement with them.

The Stables has gone out of business and it's not known at this time whether it will be a motorcycle shop or perhaps a restaurant using a motorcycle theme.

The Southeast corner of Hundley and Shady Shores has vacancies.

The Parks and Recreation Board should contact Boeing regarding their 'Good Neighbor Month' and the park clean-ups. Jeff London of the Parks and Recreation Board will contact the owner of the property in Corinth on the northeast quadrant of Swisher Road and I-35 East.

Dave Snider is involved with a new business association that will doing parks work. Mayor Wohr said that private people can't do things on city property and cities can't do things on private property. We are already on track with the UNT people for the hiking trails at Willow Grove Park. If Mr. Snider wants to go to LCMUA about how to get water on the property and go to TXU about the electricity and try to coordinate things, that's fine but it will have to go before Parks and Recreation Board and their recommendation will come to the Council for a vote. The Lakeview Marina should be a part of the plan for this area. We need to contact the Corps of Engineers.

Monument signs at three triangles were discussed. Willow Grove is a Lake Dallas park.

The Economic Development Committee has two recommendations for the City Manager job description. That position should be responsible for maintaining an updated property list of those properties available or for sale and should participate in county government.

There should be a discussion to talk about commercial zoning districts for retail uses versus commercial zoning districts for office space. We can check with other cities zoning ordinances. TML could probably get us some information.

A moratorium on R-2 Two-Family dwelling property should be on the February 1 agenda.

Councilmembers stopped two ice cream trucks recently and neither of them had a Lake Dallas permit.

We may need to schedule a workshop with our city attorney to get a determination and case laws on the TABC's rule regarding twenty-five per cent food sales and seventy-five per cent liquor as pertains to private clubs.

David Berman can come and talk with the City Council and the Planning and Zoning Commission in a joint meeting to advise the Planning and Zoning Commission exactly what their function is.

H. ADJOURN:

Motion was made by Councilmember Stapleton to adjourn. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

City Secretary

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a joint workshop with the Planning and Zoning Commission and Economic Development Committee on January 13, 2001, at 8:00 AM with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call: The following members were present:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Betty Harper	Councilmember 5
Tony Marino	Planning and Zoning Vice Chairman
Al Bavon	Planning and Zoning Commissioner
Peggy Shelton	Planning and Zoning Commissioner
Lance Wilson	Planning and Zoning Commissioner
Paul Fiala	Economic Development Committee Chairman
Art Clark	Economic Development Committee Member
Mike Drozd	Economic Development Committee Member

Steve Taylor of TXU was present and Bill Aubrey, TXU Manager of E.D.C. Support and Susan Villenueva were also present. Tye DeBerry of the Denton County Economic Development also attended. Staff Present: City Secretary Weikum.

B. Citizens/Visitors Agenda

No one came forward to speak.

C. Workshop:
TXU presentation on Economic Development guidelines and procedures.

Mr. Aubrey and Ms. Villenueva gave the presentations.

Some of the points made were that the public and private sectors have to work together. Economic development is global now. Incentive packages should be made available. Ratings of the public schools are very important.

TXU provided handouts named Economic Development Strategic Planning. With the information provided by the city representatives today TXU will develop a strategic plan for our city.

Questions asked:

Where are we now?
Where do we want to be?
How will we get there?
Who must do what by when?
How are we doing as we change?
Who's on the Strategy Team?
How big should it be?
How long to plan?
What are the external factors?
What are the internal factors in a community?
What are the key questions of financial analysis?

Questions - continued:
What are our priority issues?
What is our purpose as a community?

There was a lunch break from 11:55 AM until 12:20 PM.

Development of a mission statement was discussed. One idea that evolved was: to retain and improve the character and charm of lakeside living by maximizing economic activities thereby increasing the commercial tax base. Another was: in keeping with the small town atmosphere, grow economically in the 21st century through retention and prosperity opportunities for businesses and families.

We would like to see evidence of greater code enforcement and/or adherence.

We need to develop commercial businesses and activities around the lake.

We should have more direct input into the lake level management.

We should participate in the county government for the betterment and benefit of Lake Dallas.

We should develop synergistic relationships with the property and business owners and/or managers.

The presentation was over at 4:00 PM. There are a couple of hours left to be discussed. This will be scheduled for a later date.

The Lake Dallas City Council met in a regular meeting on January 11, at 7:40 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Betty Harper	Councilmember 5

Councilmember Stapleton was excused. Councilmember McInnish was absent. Staff present: Police Chief Ristagno and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Kathy Helm, owner of the Herb Garden and Helm Publishing, said the business owners are getting involved with the Economic Development Committee. The Main Street business owners are here tonight to try to obtain matching funds for lights, planters, and those sorts of improvements for Denton Drive, Main Street, and Shady Shores Road.

Betty Phillips, 321C Main Street, said she was at the meeting to try to get support from the city for the business owners.

Norman Phillips, 402 South Lakeview, said the business owners have been having meetings to try to get something going. They would appreciate help from the city.

Paul Fiala, 706 Lakebridge Drive, is a member of the Economic Development Committee. He thinks the city should do a picture of the whole city and not just segments. He talked about the Saturday meeting with TXU.

Mayor Wohr closed the Citizen's Agenda when no one else came forward to speak.

E. Business:

1. Consent Agenda:

a) Consideration and Action on approval of an Ordinance for special use permit for 613 South Denton Drive passed by Council in 1998.

b) Consideration and Action on approval of Ordinance for special use permit for Swisher Cemetery passed by Council in 1999.

c) Approval of December financials and accounts payable.

d) Consideration and Action on approval of Resolution extending the R-1-10000 moratorium which expires on January 19, 2001.

e) Approval of minutes for October 19 and October 26, 2000 meetings.

f) Consideration and Action on approval of Ordinance amending Chapter 122 Zoning, Article XXVI. Amendments, Section 122-1266, Application fees and records, and Section 122-1267, Zoning change signs.

g) Consideration and Action on approval of Ordinance amending Chapter 94 Subdivisions, Article I. In General, Section 94-8, Filing fees; inspection fees.

Motion was made by Councilmember Milan to accept Consent Agenda items E-1-a, b, d and e. Seconded by Councilmember Harper.

4. **Public Hearing on application to consider a zoning change from R-1-6000 Residential to Group Housing zoning district for A1355A Wright, Tract 2, street address 115 South Lakeview Drive, City of Lake Dallas, Denton County, Texas.**

Norman Phillips, 401 S. Lakeview Drive, said he does not want to lower any standards. He's asking for group housing so he can put in a street. He said is he put in a cul de sac he would have to get 9 variances.

Odie Harrelson, 907 Vista Oaks Court, said in the Planning and Zoning Commission meeting there were several people there who were opposed to this change. He feels it should be turned down right now.

5. **Consideration and Action on application to consider a zoning change from R-1-6000 Residential to Group Housing zoning district for A1355A Wright, Tract 2, street address 115 South Lakeview Drive, City of Lake Dallas, Denton County, Texas.**

Motion was made by Councilmember Milan to table this item and send it back to the Planning and Zoning Commission. Seconded by Councilmember Johnson.

Ayes: Councilmembers Milan, Johnson, and Harper
Noes: None

Motion Passed

Mayor Wohr and Council agreed to go to item F-1 prior to the action item E-8 as the two were related items.

F. **WORKSHOP:**

1. Grant process discussion with Bryan Klein of the Hoover/Klein Group and information regarding the downtown association.

Bryan Klein said grants are very difficult to come by at this time. There used to be Block Grants and more recently Categorical Grants. Lake Dallas' situation is unique as Main Street abuts private property and the city can't do anything on private property. There needs to be some sort of comprehensive design. He could create a conceptual drawing using the things most common: street scaping, building improvements (image) and new business development. The business community and community at large should have reasonable expectations. He said the conceptual drawing would cost about $2,000.

There was discussion about welcome signs and traffic islands. Church Street needs to be re-done and an I-35 access/egress at Church Street would be a boost for Main Street.

E. **8. Consideration and Action on City of Lake Dallas business owners seeking funding for a conceptual drawing for Main Street.**

Motion was made by Councilmember Johnson to fund a conceptual drawing of part of Lake Dallas with the expenses not to exceed $1,500. Seconded by Councilmember Milan.

G. New Business

Council's position on changing zoning of commercial property on Main Street to residential zoning. A citizen has raised concerns about not being able to fill commercial properties.

We need to have a colored zoning map.

Are garages required for the new duplexes? The deed restrictions may require them but the city cannot enforce deed restrictions.

Need to have City Manager Search on each agenda until one is hired. The council will go through the resumes received and make their decisions. It will not be necessary to go through a recruitment firm or person.

The proposed candle factory is working with the building inspector in an effort to remove the contents previously warehoused in the Food Fare building on Main Street.

There has been no contact made with Mr. Squier. Efforts to contact him and set up a meeting will be renewed.

The Community Center was painted on the inside by a community service worker and his crew. Earlier we had obtained estimates of $4,000 to do the painting.

There was a good turnout at the Saturday Nite Out last week-end.

Thanked Chief Ristagno for the letter to Mike Drozd for the dirtwork he did with his maintainer. Our maintainer was down and a community service worker was able to repair it with only a cost for the parts.

Thank you letters have been sent to all the people who sent Christmas baskets to the city staff and council.

We have a workshop with TXU about economic development on Saturday. The members of the Economic Development Committee and Planning and Zoning Commission will be at the meeting also.

The TABC ruling with regard to twenty-five per cent of the revenue derived from food sales was discussed in reference with the issuance of special use permits.

The letter from Ricky Bunch has been forwarded to TML so they are aware of the events.

Council needs to have an agenda item to meet with William Mitchell and discuss the issues of his contract.

H. Adjourn

Motion to adjourn was made by Councilmember Johnson. Seconded by Councilmember Milan.

The Lake Dallas City Council met in a regular meeting on December 21, 2000, at 7:30 PM, with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Staff present: Assistant City Secretary Vaughn. City Secretary Weikum arrived at 8:30 PM after the Planning and Zoning Commission meeting adjourned.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Mark Johnson, 905 Vista Oaks Court, said he came to read a letter from his neighbor, Odie Harrelson, 907 Vista Oaks Court because Mr. Harrelson was unable to come to the meeting. He thanked the four Councilmembers who voted against the Special Use Permit for the Food Fare location. Mr. Harrelson said the signs that were put up after the permit was denied reflect the type of people involved. Mr. Harrelson hopes the council will continue fighting these types of establishments for the betterment of our community. He will do everything in his power to keep those four dedicated people on our city council.

Dan George, President and owner of American Wholesale Marketing. They need a temporary certificate of occupancy because there is no electricity or plumbing available at the location they are trying to move into. He was at the meeting in response to a request by Building Inspector Daloff. Mayor Wohr said the Building Inspector would be the person to handle the situation since this is actually an administrative decision. Mr. George said he did not realize they needed to have a certificate of occupancy before they moved things into the building.

Keith Barnes, 1174 Settlers Way, Lewisville, said he came to clarify some of the things he's said and done. He thanks Councilmember McInnish and Mayor Wohr for their support in the project. He said it would be simple for him to open a business over there under the disguise of a restaurant. He doesn't understand council's reasoning behind the denial of the special use permit. He said the Economic Development Committee needs to visit Addison, Texas to see how much they are making on the sale of alcohol. He placed a $20 bill on the council table for them to use to pay for the gas. He said he tried to come into this town and make a good thing happen. Mayor Wohr said he couldn't take that twenty dollar bill.

No one else came forward to speak so Mayor Wohr closed the Citizen's Agenda.

E. PRESENTATIONS

Mayor Wohr presented Ben Gilbert with a certificate of recognition for his four years served on the Planning and Zoning Commission and congratulated him. He said the City appreciates his years of dedicated service.

Mayor Wohr called for a break at 8:00 PM.

Mayor Wohr called the meeting back to order at 8:15 PM.

F. BUSINESS:

1. Consent Agenda:

a) Approval of minutes for meetings on November 9, 13, 21, and 29, 2000.

b) Consideration and Action on proposed Ordinance for the Texas Municipal Retirement System providing for restricted prior service credit to employees who are members of the system for service previously performed for various other public entities for which they have not received credited service.

c) Consideration and Action on proposed contract with John and Nancy Bradshaw for Saturday Nite Live program.

Motion was made by Councilmember Johnson to approve Consent Agenda items F-1-a and b. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper.
Noes: None

Motion Passed

Motion was made by Councilmember Milan to approve the contract with John and Nancy Bradshaw under Consent Agenda Item F-1-c subject to separate approval of Item 6K of the contract by City Attorney. Seconded by Councilmember Harper.
Ayes Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

2. Second Public Hearing to institute annexation proceedings to enlarge and extend the boundary limits of the City of Lake Dallas to include Tract 28 of the N. French Survey A-424, Denton County, Texas, along Lakeview.

Mayor Wohr said the second part of the public hearing needs to be scheduled as part of the process. Meeting dates and time had been difficult to schedule.

No one came forward to speak on this item so Mayor Wohr closed the Public Hearing.

2. **Consideration and Action to institute annexation proceedings to enlarge and extend the boundary limits of the City of Lake Dallas to include Tract 28 of the N. French Survey A-424, Denton County, Texas, along Lakeview.**

Motion was made by Councilmember Milan to table the item regarding the annexation of the property on Lakeview and reschedule it for January 11 with the option to open up to the public at that time. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

4. **Public Hearing on proposed replat of Lots 20A, 20B, 20C, and 20D of the second replat of Harbourtown Villas Phase I as amended.**

Blake Wagner with CMPA, said they had moved some dirt at the site after it had been approved at the Planning and Zoning Commission meeting. He said there had been some problems with Mr. Harp and City Manager Fairburn and changes in the code which affected the setbacks. The replat will allow the setbacks to comply with the code.

Mayor Wohr closed the Public Hearing when no one else came forward to speak.

5. **Consideration and Action on proposed replat of Lots 20A, 20B, 20C, and 20D of the second replat of Harbourtown Villas Phase I as amended.**

Motion was made by Councilmember Johnson to accept the proposed replat of Lots 20A, B, C, and D of the second replat of Harbourtown Villas Phase I as amended. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

G. WORKSHOP:

City Manager search and interim procedures.

Council asked who was impacted the most by the absence of the city manager. It was determined that the police chief and city secretary are salaried and would carry most of the workload by that absence. If extra work trickled down to other employees and they had to perform other duties on overtime they would be reimbursed for that additional work because they are hourly employees.

It was determined that approximately 30 per cent of the city manager work was being handled in the most part by the police chief and city secretary. Council suggested that 17% of this 30 per cent be paid to the police chief and 13% be paid to the city secretary as a pay differential in this interim period. The staff directive was that these pay adjustments be paid on the second pay period of each month and be retroactive to November 22.

The basic qualifications for a city manager were discussed. Staff directive was to place ads in the papers in the Denton Record Chronicle and Dallas Morning News. The e-mail address should be included in any advertisements. The closing date for receiving applications is January 24.

H. New Business:

Intersection at Main and Carlisle is very rough and there is a huge hole in the road at the fourplexes on Cain. Staff directive to have Johnny Webber check these two places out on Friday morning.

The administrative assistant for Community Development should write the procedures down for all permits and procedures in that department. Council would like a flow chart to be presented at a meeting with Building Inspector Daloff in a February meeting and schedule a discussion about building permits. The monthly report from Community Development is a great improvement over the past reports.

Building Inspector Daloff should follow up with not allowing warehousing in the east section of the old Food Fare building.

Higher density in certain areas of the city is not following our comprehensive plan.

An event coordinator for the city needs to become part of city staff. This person could work toward events that are self-funding.

Brian Klein of Hoover/Klein Group will be working on a conceptual drawing for Main Street. He will talk with the business and property owners of Main Street and the cost will be approximately $1,000 as half of the cost. The business and property owners will pick up the other part of the cost.

Someone needs to contact Babe's Chicken about coming into some of the empty property in the city.

Mitch will be talking with Neil Durrance of Denton County.

Discussions with Pratt and Sanderford have determined that there are still a couple of different factors to be addressed before coming to a settlement.

The Hickory Creek meeting about Folley Beach and annexation was worthwhile.

The new fence at City Park is creating a parking problem. We may need no parking signs.

Fees for replats, rezoning, special use permits, and variances need to be reviewed. Staff should check with neighboring cities and get their fees amounts.

We need a new colored zoning map of the city.

Grant funding needs to be looked into. Hoover/Klein should be able to help us in this area.

I. Adjourn

Motion to adjourn was made by Councilmember Stapleton. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

Meeting was adjourned at 11:05 PM.

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on December 14, 2000, at 7:30 PM, with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmembers McInnish and Harper were late.
Staff present: Police Chief Nick Ristagno, Acting City Manager, and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.
Councilmembers McInnish and Harper arrived at meeting.

D. **Presentations**
Mayor Wohr had a recognition certificate for Planning and Zoning Commission member Mike Fahey. He was unable to be at the meeting so Mayor Wohr presented it to Mrs. Fahey.

Mayor Wohr announced that items F-9 and F-10, Public Hearing and Consideration and Action on rezoning of First Highway Addition Lots 1-4 of Block A would not be on the agenda tonight. One of the people on the application was unable to attend the meeting.

E. **Citizens/Visitors Agenda**
Bobby Shikle, 712 Thompson, wished the City Council and employees a Merry Christmas. He said he had seen the street department working at 5:00 AM with the gravel during the recent storm and he appreciates that. He appreciates the time the Councilmembers spend doing their jobs.

Mayor Wohr stated that on that cold day was when the Seniors Dinner was. He thanked the employees and citizens who worked to hard to make it a success again this year.

Carolyn Green, 201 North Shady Shores, said that the dinner was very successful even with the weather being inclement. There were probably on 15 empty chairs. She reminded Council of the new city hall project they've been working on and said she was getting short of patience. In preparation for the Spirit of Christmas for underprivileged children gift-wrapping will be at the Intermediate School on Friday night. She invited everyone to come and help.

Frank Barnard, 328 Betchan, said the procedures for applications and signs for rezoning are not spelled out. He asked if the procedures could be made more clear.

Bobby Shikle, 712 Thompson, said he had been faced with the same decision on that property. It was a hard vote but he voted against it based on citizens' input.

Odie Harrelson, 907 Vista Oaks, said the Planning and Zoning Commission had turned the rezoning down by 100% and he feels the Council should do the same.

Nicky Valls, 775 Chestnut Drive, said he is a minister at the Church of Christ and also a teacher at the high school. He is against bringing any more alcohol into the city.

Ike Atkins, 5 Easy, said he is a member of the Church of Christ and he thinks resistance to C-3 needs to be continued.

Steve Litzkow, 4303 Glencoe Road, said he is a member of the Church of Christ and he is against more stores that sell alcohol.

J. W. Lively, 527 Oak Lake Drive, said this is the third time this has come up. He thinks a moratorium should be put on C-3. It's not a good tax revenue.

Norma McAlavy, 25 Oakwood, asked that council reject the rezoning request.

No one else came forward to speak so Mayor Wohr closed the Citizen's Agenda. Mayor Wohr called for a break at 8:15 PM.

Mayor Wohr called the meeting back to order at 8:29 PM.

F. BUSINESS:

1. Consent Agenda:

a) Consideration and Action on approval of Interlocal Animal Control Agreement with the City of Denton

b) Consideration and Action on a Resolution requesting Access Justification Study for the east side of I-35E.

c) Consideration and Action on cancellation of December 28 regular council meeting.

d) Consideration and Action on Waste Management rate setting.

e) Approval of November financials and accounts payable.

Item F-1-d was pulled for further consideration and discussion.
Motion was made by Councilmember Milan to approve Consent Agenda items F-1-a, b, c, and e. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

F. 1 - d: Consideration and Action on Waste Management rate setting.

John Claiber with Waste Management said the contract the city has with Waste Management provides that if Waste Management is seeking an increase of over 4% the item has to have Council approval. He said the CPI has increased 4.5% and they are respectfully requesting a 4.5% raise in their rates.

The Councilmembers expressed various opinions about the lack of service by Waste Management and gave some specific instances. Mr. Claiber said he would relay the complaints to the proper operations surveyors tomorrow. He said he had visited with City Manager Fairburn from time and this is the first he had heard of service problems.

Motion was made by Councilmember Harper to let Waste Management have the 4% increase as in the contract until we see better service in our community. Seconded by Councilmember Johnson.
Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper
Noes: Councilmember Milan

Motion Passed.

2. Consideration and Action on an agreement with John and Nancy Bradshaw to begin Saturday Night Out program.

Motion was made by Councilmember Johnson to enter into an agreement with John and Nancy Bradshaw of the Saturday Night Out program for every Saturday night beginning January 6. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

3. Consideration and Action on City Park Phase I design and bid process.

Tom Hoover discussed the parking lot for City Park. A 15" concrete cylinder pipe can be laid under the parking lot. There will be a rolled curb on the north side with wheel stops on the other sides. He said it would take 30 - 45 working days to accomplish.

Motion was made by Councilmember Milan to accept the City Park Phase I design and bid process. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

4. First Public Hearing on proposed annexation proceedings for Tract 28 of the N. French Survey A-424, Denton County, Texas, along Lakeview Road.

Randy Squier, 560 North Lakeview, said he likes Lake Dallas but he is opposed to annexation. He does not need city services and he keeps 50 horses on twenty acres. He asked the reasoning for the annexation. He said if that bridge comes through, he will be asking to come into the city.

Mayor Wohr said the bridge is coming and the city needs to extend Lakeview to that Swisher Road extension so the county can pay for the intersection.

Mayor Wohr closed the public hearing when no one else asked to speak.

5. **Public Hearing on proposed ordinance amending the Comprehensive Zoning Map by changing zoning on W. D. Franks University Camp Block 1, Lots 20, 21, 22, 23, 24, 25, 26, 27, and 28 from M-1 Light Industrial zoning district to C-2 Commercial zoning district.**

Dave Snider, 7 Point Vista Drive, said he owns some of the property that is being considered for a zoning change. He said no one had come and talked with him prior to the public hearing. He said if it is zoned C-2 it will hurt him.

Bob Davis, 73 Lakeridge, said that under M-1 you can have some desirable as well as undesirable uses. He thinks it should remain M-1.

Carolyn Green, 201 North Shady Shores, said the Comprehensive Plan isn't feasible. She is totally against changing the zoning there at this time. Let's fill up the commercial property that is vacant before we change any zoning.

Frank Barnard, 328 Betchan, asked which lots belong to David Snider.

Mayor Wohr looked at the map and told him. He also said that David's property is all in the flood plain.

David Shershen, 166 Kingswood, said Mr. Snider cleaned up the property when he bought it and made it into a nice place. The Comprehensive Plan needs to be looked at. He asked the council to look at it objectively.

Margaret Tisdale, 509 Howard, has rental property behind Mr. Snider and has never had any problems from that property.

Mayor Wohr said there is a drive to put property into commercial zoning instead of industrial for sales tax revenue. The Planning and Zoning Commission was asked to look at properties where zoning could be changed.

Mayor Wohr closed the public hearing when no one else asked to speak.

6. **Consideration and Action proposed ordinance amending the Comprehensive Zoning Map by changing zoning on W. D. Franks University Camp Block 1, Lots 20, 21, 22, 23, 24, 25, 26, 27, and 28 from M-1 Light Industrial zoning district to C-2 Commercial zoning district.**

Motion was made by Councilmember Johnson to deny the rezoning of W. D. Franks University Camp Block 1, Lots 20, 21, 22, 23, 24, 25, 26, 27 and 28 from M-1 Light Industrial zoning district to C-2 Commercial zoning district. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: Councilmember McInnish

Motion Passed

7. Public Hearing on an application for a special use permit to operate a private club at 210 Main Street.

Odie Harrelson, 907 Vista Oaks, said it was voted down at the Planning and Zoning Commission meeting. He said let the city take over the building.

Ron Flower, 1708 Forest Oak Court, Flower Mound, said he knows Mr. Barnes and his wife and they seem to be good citizens of Lewisville. He said people go to his establishment for lots of different reasons: shuffleboard, darts, and pool as well as being a good place to have a beer and listen to music. He thinks of this as recreation.

Lance Wilson, 509 Briaroaks, said he voted against it as a member of the Planning and Zoning Commission. We have commercial property vacant and do need tax dollars. We need to exercise patience.

Chris Jeffrey, 606 Cain, said he has heard a lot of arguments before and against this. He said they have great food and it would be a place where you could go on Sundays to eat.

Nicky Valls, 775 Chestnut, asked what kind of statement are we making to our children.

Ike Atkins, 5 Easy, said this involves our reputation. There's probably nothing wrong with the entertainment but how much do we have to give in?

Steve Litzkow, 4303 Glencoe Road, Corinth, said he doesn't feel the need for another bar in the town. He said there could be intoxicated drivers late at night caused by people attending this establishment.

J. W. Lively, 527 Oak Lake Drive, said he agrees that we need to have patience right now because when the bridge goes through we're going to have people who want to come to this community and we need a better reputation for our community.

Allen Mann, 3029 Lovers Lane, Dallas, said he is the managing partner of LD Shopping Center that has owned the old Food Fare building since 1996. Danal's went in during September, 1997 and Albertson's opened in January, 1998. Danal's went out of business and the building has been empty since. They have worked hard to try to get any type of establishment into the building. No one has the money to take over the building. Chalker's tried to make a go of it but could not get the liquor license when he tried to expand. He has checked out Mr. Barnes and his business in Lewisville and it sounded like a good thing for the building. Then a moratorium was passed to try to change the zoning and no special use permits for that area could be issued for 90 days. He doesn't want to have to tear down the building.

Keith Barnes, 1174 Settlers Way, said he's been here before. He doesn't foresee 26% in food sales or he would go with a restaurant. He's not here to destroy the town. He's here to raise the standards of this town by putting in a nice establishment. He said it looks personal to him since there is a bar (the VFW) almost in a schoolyard.

Frank Barnard, 328 Betchan, said he voted 'no' when this item came before the Planning and Zoning Commission. It's an empty building but the city is still getting the property tax revenue.

Margaret Tisdale, 509 Howard, said she doesn't think we need another 2 AM bar.

Mayor Wohr closed the public hearing when no one else came forward to speak.

8. **Consideration and Action on an application for a special use permit to operate a private club at 210 Main Street.**

Motion was made by Councilmember Johnson to deny the application for a special use permit to operate a private club at 210 Main Street. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: Councilmember McInnish

Motion Passed

9. **Public Hearing on application for proposed rezoning of lots 1 - 4 Block A of First Highway Addition along Denton Drive from C-1 commercial zoning district to C-3 commercial zoning district.**

10. **Consideration and Action on application for proposed rezoning of lots 1 - 4 Block A of First Highway Addition along Denton Drive from C-1 commercial zoning district to C-3 commercial zoning district.**

Items F-9 and F-10 were pulled from the agenda because all the parties involved were not able to attend the meeting tonight.

11. **Public Hearing on proposed replat of Lots 20A, 20B, 20C, and 20D of the second replat of Harbourtown Villas Phase I as amended.**

Mayor Wohr closed the public hearing because no one came forward to speak.

12. **Consideration and Action on proposed replat of Lots 20A, 20B, 20C, and 20D of the second replat of Harbourtown Villas Phase I as amended.**

Motion was made by Councilmember Milan to table this item until the next meeting. Seconded by Councilmember Harper.

Staff present: City Manager Fairburn and City Secretary Weikum.

B. Councilmember Johnson gave the invocation.

C. Councilmember Johnson led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Randy Danner, 731 Black Walnut Drive, reported that the Planning and Zoning Commission had denied the special use permit for Main Street. He hopes Council will follow their stance.

Carolyn Green, 201 N. Shady Shores, said the appreciation dinner for the employees and their significant others plus City Manager Fairburn's going away has been tentatively scheduled for November 30. It will be at the American Legion facilities and will be catered.

E. **Business:**

Consent Agenda:

1. **Consideration and Action on accepting letter of resignation of the City Manager.**
2. **Consideration and Action on approving a Resolution authorizing Police Chief Nick Ristagno as signatory and removing Stewart Fairburn as a signatory on bank accounts at Northstar Bank of Texas.**
3. **Consideration and Action on a Resolution adding Police Chief Nick Ristagno as an authorized representative and removing Stewart Fairburn as an authorized representative with TexPool.**

F. Workshop:

1. Construction of City facilities

The builder contacted was not present to discuss any plans.

2. Parks Board Schedules

Several members of the Parks and Recreation Board spoke. An action plan for City Park was given to the Councilmembers. It was determined that a Council Liaison is important to the board. Our board will work with Hickory Creek's board for the Spring Fest to be held at Arrowhead. A workshop was suggested for January.

Mayor Wohr called for a break at 8:47 PM.

Mayor Wohr called the meeting back to order at 9:02 PM.

3. City Manager Search

Publications can be placed with the ICMA and Texas City Manager's Association. They have web-sites available and we can post on our own site. The ads should be brief with a more complete job description and list of qualifications on our site. The interview process should be broad and we need to set some guidelines. We should have subcommittees review the applications. The references can be checked out from the city facilities. If the applicants to be interviewed need to spend the night or have a long distance to travel, the city should reimburse the applicants.

G. City Manager's Report.

City Manager Fairburn said the attorney he's been communicating with at Pratt and Sanderford has been on vacation. Tom Hoover was gone last week so City Manager Fairburn said he will meet with him next week. He said he would meet with Jack Roe of Resort Realty next week and it would be good if a couple of Councilmembers could be there, too.

H. New Business.

We should have a Citizen of the Year which could be announced at the annual Volunteer's Appreciation dinner.

The Folley Beach item is on the December agenda for Hickory Creek. Hickory Creek has passed another resolution for a northbound entrance on our side. We wouldn't have the money if the city is asked to fund that entrance.

Letters have gone out regarding Cain Street. No plans have been submitted at this time regarding a pool.

We need to update the fence code.

We need liaisons for the Planning and Zoning Commission as well as the Parks and Recreation Board. Councilmember Johnson said she would continue to attend the Planning and Zoning Commission meetings and will also try to attend the Parks and Recreation Board meetings.

The Lake Dallas City Council met in a regular meeting on November 9, 2000, at 7:35 PM, with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was excused.
Staff present: City Manager Fairburn, Police Chief Ristagno, and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Carolyn Green, 201 North Shady Shores, said the Community Center was originally planned to be for the youth. The agenda shows a workshop for projects for 2001. The first thing should be a new city hall, new Police Department, and new council chambers.

City Manager Fairburn said Council has established a $200,000 building fund. It is a major project for Council to look at.

Mayor Wohr closed the Citizens Agenda at 7:45 PM.

E. **Business:**

1) Consent Agenda:

a) Consideration and Action on adoption of Council Policies.
b) Consideration and Action on an Ordinance amending the retirement program.
c) Consideration and Action on an Ordinance amending fees for animal code violations.
d) Approval of October financials and Accounts Payable.
e) Approval of Minutes for September 20, 21, and 28, 2000 Council Meetings.

Mayor Wohr asked if anyone wanted to pull any items from the Consent Agenda before a motion is made. Item 1-a was pulled for more discussion.

Motion was made by Councilmember Johnson to accept the Consent Agenda with the exception of item E-1-a and to pay the bills. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

E-1-a Consideration and Action on adoption of Council Policies.

Motion was made by Councilmember Milan to accept the Council Policies as presented with the requested changes. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

2) Public Hearing on replat of Lot 17 and Lot 18, Block K, Garza Beach Estates into Lot 17R, Block K, Garza Beach Estates.

City Manager Fairburn gave his report on the replat. No one came forward to speak.
Mayor Wohr closed the Public Hearing.

3) Consideration and Action on replat of Lot 17 and Lot 18, Block K, Garza Beach Estates into Lot 17R, Block K, Garza Beach Estates.

Motion was made by Councilmember Stapleton to approve the replat of Lots 17 and 18 of Block K in Garza Beach subdivision. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

4) Public Hearing on changing zoning of Second Replat of Harbourtown from R-3 to R-2.

Odie Harrelson, 907 Vista Oaks Court, said this item passed the Planning and Zoning Commission one hundred percent.

John Schuh, 737 Harbourtown, said what we are doing here is minimal. His interest has been compromised. He hopes things will go in a positive direction.

Mayor Wohr closed the Public Hearing and thanked the citizens who had come to the meeting.

5) Consideration and Action on changing zoning of Second Replat of Harbourtown from R-3 to R-2.

Motion was made Councilmember Johnson to change the zoning of the Second Replat of Harbourtown from R-3 to R-2. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

6) Consideration and Action on annexation schedule.

City Manager Fairburn gave an outline of the annexation schedule for the property on north Lakeview. We rent land from the owner for the animal shelter.

Motion was made by Councilmember Stapleton that we approve the annexation schedule as presented. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

7) Consideration and Action on rezoning schedule for Swisher Road extension.

City Manager Fairburn gave his report. It is generally thought that there should be some commercial zoning along part of the proposed Swisher Road extension. Right now there has been talk about a 200' stretch on either side of the road. This will be coming before the Planning and Zoning Commission on December 21 and back to Council in January. Both would have public hearings and action items.

Motion was made by Councilmember Johnson to reject the rezoning schedule for the Swisher Road extension. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

Mayor Wohr called for a break at 8:27 PM.

Mayor Wohr called the meeting back to order at 8:45 PM.

F. Workshop

1) Plans and Projects FY 01.

There was discussion about establishing a master plan for the city facilities. An architect should be brought in. If we build a new building for the library and recreation and meeting facilities we need to look at the retrofit of the current Community Center for a new city hall. The police department could stay in the current building until monies are available to put a building next to the converted city hall. If the police department is separated from the other departments we would have security issues plus office equipment may need to be duplicated due to logistics. We need to get with the Boys and Girls Club and see what their plans are. The funding cannot come from the operating budget. Some possibilities would be grants, 4a and 4b sales tax. Grant processes take years of time. The sales tax will need to be voted on by the citizens. The first phase could be a recreation/library building, which could be financed in part by the use of some park money. A footprint should be drawn up. J & G Builders can be contacted to come to a future council meeting.

The November 30 meeting has been canceled. We will not have quorum.

New accounting system and police software should be in place by October 2001.

All the pieces are in for the City Park fence.

City Park development: the well system is too costly; an asphalt parking lot, a little pavilion, and a concession stand are Park Board recommendations.

Willow Grove plan: Park Board will get to its report to Council at the quarterly meeting.

Economic Development Committee plans for Main Street, Denton/Frontage Road, Hundley, and Swisher: the committee was supposed to have a plan prepared for Council's December meeting but they will not have that accomplished.

Street Projects -- we need to identify the next set of streets. We should have this together for the January quarterly work session.

Motion was made by Councilmember Johnson to extend the meeting past the 10:30 PM deadline. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

F-1 continued:

The Comprehensive Plan objectives are on going.

Kings Manor Drainage retaining wall can be done in-house when it quits raining. Our public works people can do that work.

Annexation: someone from this Council should attend Hickory Creek's council meeting when they have Folley Beach on their agenda. Staff should contact Hickory Creek to determine a date.

Progress is being made on shutting down the annex and other Council recommendations.

G. City Manager's Report.

City Manager Fairburn had typed up his report and given it to the Councilmembers.

H. New Business.

What is going in at the bank area? Some type of retail but not sure at this time.

What progress has been made on the web-site? We have contacted Mr. Lantrip and will get a time scheduled.

Oak Lakes has not closed yet.

Tomorrow is the last regular breakfast for the football participants.

The employee and spouses dinner needs to be scheduled soon.

An executive session needs to be scheduled soon regarding the letter received from the attorney in Wichita Falls.

What is the status of the demolition site on Dolphin? We have only received one bid.

Is there a daycare business being operated on Columbia? It should be checked out due to the volume of complaints received.

The Access Justification Study has been approved. It will cost $900,000 to do another exit on the southbound side of I-35E after the Swisher Road exit.

At the next meeting we need to better define what projects should be scheduled and who will handle which tasks with the Economic Development Committee and Mr. Mitchell.

I. **Adjourn**

Motion to adjourn was made by Councilmember Milan. Seconded by Councilmember Johnson.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper.

Noes: None

Motion Passed

Meeting was adjourned at 11:05 PM.

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on October 26, 2000, at 7:40 PM, with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Ken Stapleton	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2

Councilmembers McInnish and Harper were absent. Mayor Wohr was late.
Staff present: City Manager Fairburn and City Secretary Weikum.

B. Mayor Pro-Tem Stapleton gave the invocation.

C. Mayor Pro-Tem Stapleton led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Jeanette Harmon, 72 Lakeridge, said she received a nice letter from the City but she doesn't agree with it. She said she has an ongoing problem with the code enforcement. She feels that trash for Waste Management should be placed at the front of the pickup address. There are nuisance problems at the top of her street: articles in yards where there should be privacy fences but wood fences are not allowed in Kingswood; there's a car sitting there which is registered but she is sure it doesn't run; there is parking in the street. She is sure the turnover at City Hall is allowing these things not to be corrected. Something needs to be done.

Mayor Pro-Tem Stapleton thanked her for bearing with her during this transition. We will see what can be done.

Keith Barnes, 1174 Settlers Way, Lewisville, asked that the Council reconsider his hardship application for the Special Use Permit for the location on Main Street if they don't come to a conclusion on the Main Street re-zoning. He hopes the Council will see the value of his tax dollars.

Mayor Pro-Tem Stapleton closed the Citizens Agenda at 7:45 p.m.

Mayor Pro-Tem Stapleton asked Council if it would be acceptable to move to item F-2 before going into the Executive Session. It was agreed to do so.

F **2 - Consideration and Action on ordinance to rezone the Main Street District from C-3 to C-2.**

City Manager Fairburn said the appraisers have not returned his calls this week so he has no information from them. The Denton County Appraisal District said they could not say how much of a loss a zoning change would incur but did say they doubted it would be as much as 25 per cent. The Planning and Zoning Commission split but voted 'no' to the hardship special use permit. The moratorium will expire soon. The Special Use Permit application could get on the Planning and Zoning Commission regular meeting next month.

Mayor Wohr arrived at 7:59 PM.

Motion was made by Councilmember Johnson not to rezone Main Street. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan and Johnson
Noes: Councilmember Stapleton

Motion Passed

3. Approval of Minutes for September 12, 14, and 16 meetings.

Motion was made by Councilmember Milan to accept the Minutes for the September 12, 14, and 16 meetings. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, and Stapleton
Noes: None

Motion Passed

4. Consideration and Action on a reappointment for the Parks and Recreation Board.

Motion was made by Councilmember Johnson to reappoint Chris Fahey for a two-year term. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, and Stapleton
Noes: None

Motion Passed

Mayor Wohr called for a five minute break before going into Executive Session at 8:12 PM.

E. **Executive Session**
Consultation with Pratt & Sanderford attorneys regarding the street contracts according to Government Code 551.071.

Mayor Wohr called the regular meeting back to order at 9:25 PM.

F. Business:

1) Action, if any, from the Executive Session.

Motion was made by Councilmember Milan to make partial payment to Peachtree and continue forward with our efforts with Pratt and Sanderford. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, and Stapleton
Noes: None

Motion Passed

G. Workshop

1) Council Policies

The Citizen's Agenda regarding one of four responses should be added. Continuing the meeting on the next day should also be in the policies. City Manager Fairburn will make adjustments and bring the re-write back to another council meeting for approval.

2) Web Page

We need a mission statement on the web site. We need to go with Terry Lantrip as our web host. City Manager Fairburn said the Sun could do the design but we have the ability to change pages ourselves. We have a link to the Municipal Code through our site. We currently have search engines.

H. City Manager's Report.

City Manager Fairburn said the last quarterly cleanup resulted in 94 drop-offs, 10 pick-ups from residents, and 93 gallons of oil to be re-cycled. It's a very successful program. Johnny Webber is considering setting another day aside for a brush cleanup.

We have not purchased the truck for Animal Control at this time.

The Halloween celebration is coming up and Main Street between Food Fare to Falcon will be closed from 4 PM until 6 PM. We will do a hayride through that area.

We're working on the move of equipment and files from the annex to the City Hall building.

The fence work will start next week at City Park.

I. New Business.

The house on Cain was purchased and is being worked on.

The seasonal workers have been laid off. Those positions have been cut from the budget.

Some permit fees need to be checked out.

Los Jalapenos restaurant has re-opened under new management.

We have talked with Karmen McClain about the Community Center usage. She has not come to a decision.

Cheerleading has moved to Denton for one day a week. They are still at the Community Center one day a week.

Do we get an accounting of Mr. Mitchell's activities?

Someone had seen a city vehicle out a couple Saturdays ago. City Manager Fairburn said we do Community Service workers on Saturdays from 8 AM until 12 noon.

Will we have a workshop on November 1 or November 9? Will we have a meeting on November 30? City Manager Fairburn said the last meeting in November usually gets cancelled out. The fourth Thursday in December will probably be cancelled.

J. **Adjourn**

Motion to adjourn was made by Councilmember Stapleton. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, and Stapleton.
Noes: None

Motion Passed

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Staff present: City Manager Fairburn and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Jeanette Harmon, 72 Lakeridge, expressed concerns about trash being put out for Waste Management. It is being put out in the Kingswood side and she feels it should be put out on the Shady Shores side of the property owner's home. She has talked with Waste Management and they won't do anything about it.

Mayor Wohr closed the Citizens Agenda at 7:05 p.m.

E. Business:

1) Consideration and Action on a Resolution for an Access Justification Study.

Motion was made by Councilmember Stapleton to approve the Resolution for the Access Justification Study. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes None

Motion Passed

2) Consideration and Action on a Resolution for a moratorium on acceptance of applications for platting, subdividing and building in the R-1-10000 zoning district.

Motion was made by Councilmember Johnson to accept a moratorium on the R-1-10000. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes None

Motion Passed

3) Consideration and Action on acceptance of the bid for the rehabilitation of Main Street.

Tom Hoover said that Andrews Paving had completed Carlisle ahead of schedule. The inspections went well. A little more testing was done but the cost was worth it. Andrews should be able to start by the first or second week of November.

Motion was made by Councilmember Johnson to accept the bid from Andrews Paving for the rehabilitation of Main Street. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

4) Consideration and Action on an Ordinance to rezone the Main Street District from C-3 to C-2.

City Manager Fairburn said that the Councilmembers at last meeting had asked for an appraiser to investigate the impact of what the changing from C-3 to C-2 would have on Main Street. The appraiser has been on-site to look at it but is not prepared to give us an answer until after next Monday.

Motion was made by Councilmember Milan to table item 4 on consideration of rezoning of Main Street from C-3 to C-2. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

F. City Manager's Report.

City Manager Fairburn said Halloween is coming up and Main Street will be closed from East of Gotcher to Falcon if it meets with Council approval. There are no bids for the demolition of the house on Dolphin.

Concerns were raised about the gymnastics program. City Manager Fairburn said this month we have elections, which takes two weeks. The schedule for City events is the 3rd Tuesday is for court. We do have other available days for her but she has not expressed interest in that. We will double-check with Karmen regarding dates, her equipment and mats.

G. New Business.

Councilmember Stapleton said he will be out of town from November 9 until December 4.

We should schedule a workshop for November 1 at 7 pm. Nest week is an executive session with the construction attorneys.

H. **Adjourn**

Motion to adjourn was made by Councilmember Milan. Seconded by Councilmember Johnson.

Recognition for bravery of Corey Houghton on July 4, 2000.
Mayor Wohr asked Corey Houghton to come forward and invited Corey's father, Ronnie, to come forward with Corey. Mayor Wohr commended Corey for his bravery on that night of the fire in a home near his own. Mayor Wohr presented Corey with a certificate in recognition of the bravery shown that night. Mayor Wohr commended Ronnie Houghton for having taught his son the values of life.

E. **Citizens/Visitors Agenda**

Rod Courtney, 162 Kingswood, said thank you for the decorating of City Hall.

David Shershen, 166 Kingswood, complimented the Council for their hard work and dedication during the investigation of the Community Development Department. He commended their diligence and professionalism. He had been to an Economic Development Committee meeting recently and was pleased with the selection of Mr. Mitchell to work on behalf of the city. He said he feels we need to get aggressive in the annexation process. He suggested the city send letters to the landowners on Hooks Street and Folley Beach and invite them to a meeting.

Carolyn Green, 201 North Shady Shores, said that even with the adverse weather conditions we had a great time at the Fallfest. She commended City Manager Fairburn for his hard work in getting everything accomplished.

Mayor Wohr closed the Citizens Agenda at 7:44 p.m.

Mayor Wohr said he had invited William Mitchell to stop by the meeting and update the Council with the new business regarding the Economic Development Committee.

F. Business:

1. Consent Agenda:

a) Consideration and Action on an ordinance amending the Comprehensive Zoning Ordinance and map of the City of Lake Dallas, Texas, by changing the zoning from R-1-6000 Residential to C-1 Commercial for Lots 4, 5, 6 of Block one, Tract one, of Gotcher Addition and that portion directly east of these lots described as Tract Two of the CR Stockard Survey, Lot 7.

b) Consideration and Action on an ordinance amending the Comprehensive Zoning Ordinance and map of the City of Lake Dallas, Texas, by changing the zoning from M-1 Light Industrial to C-2 Commercial for tract 104 of the M. Wright A-1355 Survey.

c) Consideration and Action on allocation of funding for demolition of 309 Dolphin.

d) Consideration and Action on an ordinance amending Chapter 18 subsection 18-125 and subsection 18-126 relating to confinement of animals and impoundment of animals.

e) Approval of September financials and Accounts Payable.

f) Approval of Minutes for September 5 and September 7, 2000 Council Meetings.

g) Approval of 3rd Quarter 2000 Investment Report.

Motion was made by Councilmember Milan to accept Consent Agenda items a, b, f, and g. Seconded by Councilmember Harper.

Motion Passed

Mayor Wohr said he would like to take the report from Mr. Mitchell out of order with the consent of the Councilmembers.

Mr. Mitchell gave the Councilmembers copies of maps. Mayor Wohr said they had met with Mr. Pollster at his Dallas office recently. The TX DOT will raise the south bridge by six inches in about 90 days. They will be moving forward to widening I-35 from the south bridge to Shady Shores within six months.

Mr. Mitchell said the Council needs to work with Hickory Creek and get a resolution made for an Access Justification Study within two weeks. Commissioner Krueger and the County have agreed there are some encumbered funds available. Mr. Pollster feels it will take six to nine months to get the study back.

The Swisher Road extension will have turn lanes and widening in the area of the school. Mayor Wohr said the County will bear the cost of intersections. We need to get Lakeview extended so they can pay for that intersection, too. Mr. Mitchell said the road will be dedicated to the city but the county will maintain it. We will not have to do an access study on that road.

Mr. Lee has said we could lease room on a monument sign at no cost to the city. Ernesto Lopez asked if he could read a letter. Mayor Wohr said this was not a public hearing. Mr. Lopez gave the Councilmembers copies of the letter.

2. Public Hearing on an ordinance amending the Comprehensive Zoning Map by rezoning the Main Street district from C-3 to C-2.

Odie Harrelson, 907 Vista Oaks Court, said he seconds what David Shershen said about annexing. He told the Council to keep up the good work and to go ahead with C-2.

Chuck Graham, 1013 Kings Manor, said we need to have the C-3. We need to get this town back to life.

Randy Danner, 731 Black Walnut, said he doesn't understand the differences.

Mayor Wohr said C-3 zoning could have package liquor stores or sexually oriented businesses. Allsup's would be grandfathered. It would not affect a private club or a restaurant serving alcohol.

Rod Courtney, 162 Kingswood, is representing Veronica Peters of the Galleon. She feels C-2 zoning would de-value her property.

Randy Danner, 731 Black Walnut, said he would appreciate C-2 zoning. He is interested in putting a teen club in the old Food Fare building on Main Street.

Margaret Tisdale, 509 Howard, said she would prefer C-2 zoning.

Carolyn Green, 201 North Shady Shores, is not as concerned about package stores on Main as she is about the "S-O-B's" and pornography.

Mayor Wohr said we have the best-drafted sexually oriented businesses ordinance we could get.

Chuck Graham, 1013 Kings Manor Drive, said we need growth. Council won't allow SOB's to come in here.

David Shershen, 166 Kingswood, said he doesn't believe this is the best time to re-zone.

Keith Barnes, 1174 Settlers Way, Lewisville, said he has leased the building on Main Street and has filled out an application for a Special Use Permit.

Mayor Wohr closed the public hearing at 8:35 p.m.

3. Consideration and Action on an ordinance amending the Comprehensive Zoning Map by rezoning the Main Street district from C-3 to C-2.

Motion was made by Councilmember Johnson to table the re-zoning and direct staff to contact the Denton County Appraisal District and have them appraise The Galleon, Food Fare, and Papa's by the next council meeting. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and McInnish
Noes: None
Abstentions: Councilmember Harper

Motion Passed

Mayor Wohr called for a break at 8:52 p.m.

Mayor Wohr called the meeting back to order at 9:10 p.m.

4. Public Hearing on an ordinance amending the commercial zoning requirements.

David Shershen, 166 Kingswood, asked for an explanation of the changes.

Mayor Wohr and City Manager Fairburn gave clarifications of the proposed changes.

5. Consideration and Action on an ordinance amending the commercial zoning requirements.

Motion was made by Councilmember Milan to adopt the ordinance amending the commercial zoning requirements. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

6. Public Hearing on an ordinance amending manufacturing zoning requirements.

No one came forward to speak so Mayor Wohr closed the Public Hearing.

7. Consideration and Action on an ordinance amending manufacturing zoning requirements.

Motion was made by Councilmember Milan to approve the ordinance amending manufacturing zoning requirements. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper

Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

10. Consideration and Action on the findings of the investigation of the Community Development Department.

Motion was made by Councilmember Stapleton to accept the findings of the investigation of the Community Development Department with the following addition: that under recommendations Item 11 be added to read "exhibit number 1 to be submitted to Lake Dallas Chief of Police for possible investigation of criminal activity." Seconded by Councilmember Milan.
Motion was made by Councilmember Milan to amend the motion made by Councilmember Stapleton to include: clarification on specific findings on number 1 related to allegations of not hiring of employees and clarification on item number 2 on persons giving the money signing the receipts including correction of any spelling or grammatical errors and that all documents and findings be submitted to the Chief of Police for possible investigation of criminal activity at the earliest possible convenience. Seconded by Councilmember Stapleton.

The vote to amend the motion:
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

Councilmember Harper initially voted 'no' but asked to change it to an 'aye.' Her concern was that she didn't want it sent for criminal investigation.

The Vote on the motion as amended:
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

11. Consideration and Action on a Resolution of support and confidence of the City Manager.

Motion was made by Councilmember Stapleton to table the Resolution until the next regular scheduled meeting. Seconded by Councilmember Harper.

G. City Manager's Report

City Manager Fairburn gave the Councilmembers his weekly report and a list of various projects for this coming year by areas of the city. We have asked the fence company for hardware for the fence so it won't need to be welded. We should be completely out of the annex by October 31. We need to award the contract for Main Street rehab at the meeting next week. We have placed some ads out for the Building/Code Inspector and are getting preferred requirements from other cities. The railroad crossing at Carlisle is dangerous because of obstructions to the view.

H. New Business

Overdue thank you to the Police Department for the "Back to School" dance.
A special meeting will be needed to adopt a Resolution for an Access Justification Study off I-35E and a Moratorium on R-1-10000 should be done.
We need to add a couple more items to the Council Policies and Procedures. One will be responses to citizens when they speak on the Citizens' Agenda.
We need to plan the quarterly workshop.
The web page should be on the October 21 agenda.

I. Adjourn

Motion to adjourn was made by Councilmember Milan. Seconded by Councilmember Johnson.

Laird Lind, 735 Carlisle, expressed concern with the increase of the building permits fees. He had made copies of what he said and gave to the Councilmembers.

Councilmember Harper arrived at 7:39 p.m.

Margaret Tisdale, 509 Howard, said she was proud of the budget the Councilmembers set up. She also said she was sure we were due an increase in the building permit fees.

David Shershen, 166 Kingswood, thanked the Councilmembers for their work on the budget. He had a message from Truman Harp. It had been his intention to be at the meeting but his wife is very ill.

Mayor Pro-Tem Stapleton closed the Citizens' Agenda when no one else came forward to speak.

E. **Workshop**

1. Continuing investigation of Community Development Department.

The Councilmembers looked at the receipt books from December 2, 1998 through the current receipt book. Two letters had been issued to Neal's regarding their health permit without a grace period being allowed. Handouts from the Community Development Department were all out-dated – they did not reference the new code or ordinances which had been approved. Building permits did not include plan review figures. Time sheets and attendance records were reviewed. Time sheets do not reflect the option of 'excused absence without pay.' Inspection logs recorded about 175 per month.

Mayor Wohr arrived at 8:32 p.m. Mayor Pro-Tem Stapleton called for a break.

Mayor Wohr called the meeting back to order at 8:48 p.m.

Council determined it was a possibility that one trip could encompass 4 or 5 inspections being made at that one time. The reports should show addresses as well as dates. The permit application procedure needs to be changed. New building permits are counter-signed by the city manager at this time. The health inspections had poor record-keeping with no apparent procedure in place. The health inspection check lists should be in triplicate so that everyone gets a copy of the same thing. The most current score for health inspections should be posted on the web-site.

A document dated September 23, 1996 was a fabrication. The document references the annex building and the department name. The annex building was not in existence and the department name did not come about until many months after the date the letter was supposedly written. Employees must not engage in policy-making as regards building without following proper zoning requirements. Employees must abide by the Municipal Code. Department heads should make their own policy and procedures for hourly employees working at home if it does not conflict with other policies and procedures.

All employment applications for the Community Development Department had been pulled since January 1, 2000. These applications had notes made by Mr. Harp regarding interviews. All computer-generated documents should have a printed copy and must be in a file for security measures. The allegations against Lynn Pedrick were unfounded with regards to deleting files from the computer. Employees were not hired by someone other than the department head.

Mayor Wohr called for a break at 10:50 p.m.

Mayor Wohr called the meeting back to order at 11:05 p.m.

There was no one to oversee the employees in the annex.

Were there letters about retributions from contractors? Building permits had been issued that shouldn't have been issued.

The job performance of one employee included poor letters going out to Neal's and Bobby Shikle. Some time sheets appeared to be falsified.

David Shershen said this investigation was absolutely necessary. The city manager should be given a vote of confidence. He said the Council has done a wonderful job.

Mayor Wohr closed the workshop at 12:04 a.m.

F. BUSINESS:

1. **Consent Agenda:**
   a) **Approval of Minutes for August 24 and 29, 2000 Council Meetings.**
   b) **Consideration and Action on a Resolution continuing the M-1 moratorium.**
   c) **Consideration and Action on an interlocal agreement between Lake Dallas and Denton County on road projects.**
   d) **Consideration and Action on an Ordinance for a supplemental appropriation for the FY 00 Budget.**
   e) **Consideration and Action on a Resolution on charges for open record requests.**

Motion was made by Councilmember Milan to accept the Consent Agenda for items a, b, c, d, and e. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

2. **Consideration and Action on findings of Community Development Department Investigation.**

Motion was made by Councilmember Milan to close the investigation and ask our investigator, Councilmember Johnson, to devise the written findings as we've stated tonight in the workshop and present to Council at the next regularly scheduled meeting and put on the agenda as an action item to adopt the findings as presented. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

G. City Manager's Report.

City Manager Fairburn made no report.

H. New Business

We need to put an article in the paper advising people to complete their voter's registration 30 days in advance of voting. Also state that when you complete a voter registration card that it has nothing to do with being selected for jury duty.

Plan review fees should be reviewed and Council could give a directive regarding not charging plan review fees on the same model/type of home being built by the same contractor.

We have had contact with the father of the boy who assisted in the rescue effort at the mobile home fire on July 4 of this year.

Ivan Bounds has been in the hospital for triple by-pass surgery.

Banners can be place at City Park, Hickory Creek, and by LCMUA for the Fallfest. Be sure there is an ad in next week's Sun.

The Economic Development Committee will check with Charter Cable regarding running ads on their bulletin board. The City of Denton does this.

There will be no meeting on Saturday, September 30.

I. Adjourn

Motion to adjourn was made by Councilmember Milan. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special called meeting on September 21, 2000, at 7:45 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code. The meeting was held in the Community Center as announced.

A. **Roll Call:** The following members were present and constituted a quorum:

Ken Stapleton	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Betty Harper	Councilmember 5

Mayor Wohr arrived late. Councilmember McInnish was absent. Staff present: City Manager Fairburn and Police Chief Ristagno.

B. Mayor Pro-Tem Stapleton gave the invocation.

C. Mayor Pro-Tem Stapleton said we will forego the Pledge of Allegiance since there is no flag here.

D. **Citizens/Visitors Agenda**

Carolyn Green, 201 North Shady Shores, said she appreciates the City Council and their dedication and devotion. She appreciates the fact that they want to be fair and impartial.

David Shershen, 166 Kingswood, said that like most of the citizens of the city he is opposed to any tax increase. If the increase in taxes meant that it was the only way to keep the ambulances and fire trucks in our community, then it would be worth it.

Margaret Tisdale, 509 Howard, thanked David Shershen and said she couldn't have said it better herself.

Doris Eckleberry, 905 Vista Oaks Court, said if you need to raise taxes to pay the employees a little more (that may be part of the problem at the annex), maybe you could get someone more competent if you have a better base pay.

Mayor Pro-Tem Stapleton closed the Citizen's Agenda.

E. **Budget Workshop**

City Manager Fairburn gave an update to what the budget is from the other workshops. There are three options which includes all the changes.
1 - Includes all the changes from the budget sessions, the property tax as proposed, and the new director's position.

2 - All the changes except for the director's position.

3 - All the changes except the property tax does not change and the director's position is out.

$25,000 of the line items in the detail has been taken out. One of the items is the library funding. The amount in the budget is the $2,400 originally planned, not the $2.50 per capita as requested. With the re-aligning of the Community Development the Administrative Assistant position could be supervised by the City Secretary. The Building Inspector/Code Officer could report to City Manager Fairburn.

Council could look at re-instituting the liaison positions to the Planning and Zoning Commission and Parks Board which would give him a little help in those areas. He would appreciate some Council assistance in that.

We could do flyers instead of the newsletters.

His recommendation is option 2 which allows the ability to deal with something unexpected coming up over the next few years and allows them to deal with the library funding.

Mayor Wohr arrived at 8:22 p.m.

The City and County of Denton have both gone to a 99.5% property tax projection which helps them have a balanced budget. We have looked closely at the expenditure side of the budget but we have not looked at the revenue side. We are raising our employees wages as a cost of living increase but we have not raised our revenues. We should look at what it costs us to do our building permits and traffic tickets. We have increased the wages in all departments but have not increased our rates. We should change the property tax budget number by 1% and increase our other fees by 20% this year and 10% next year.

City Secretary Weikum arrived at 9:30 p.m. after the Planning and Zoning Commission meeting adjourned.

Gene Tisdale, 509 Howard, said he would like to see some type of development at Willow Grove, which could help bring more people into the area.

There was more discussion about signage. City Manager Fairburn said that should be part of the Economic Development agenda.

F. Business

1. Consideration and Action on ordinance adopting Budget for Fiscal Year 2000-2001.

Motion was made by Councilmember Milan to adopt the ordinance for the budget for Fiscal Year 2000-2001 with the General Fund being $2,403,400; Debt Service being $211,700; and the 1998 Street Bond being $660,700. Seconded by Councilmember Stapleton.

G. New Business

Notice has been given to the owner of the annex that we will be out by October 31.

Carolyn Green said Saturday is Corinth's Pride Day.

The air conditioner on the Police Department side is inefficient and will need replacing. Chief Ristagno was directed to use the local bid price even if the quoted price is higher.

Bobby Shikle called and said the gym equipment should be covered up. He feels it is a safety hazard.

What is the time line on getting a building inspector/code officer on board? It is costing us a lot of money for the company we are currently using.

What is the start date on Carlisle? City Manager Fairburn said he has not heard from the engineers.

A Workshop should be scheduled for September 30 at 8 a.m. There will be a meeting on September 28 to continue the investigation and we can use part of Saturday's meeting in case more time is needed.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was excused. Staff present: City Manager Fairburn, Police Chief Ristagno, Police Lieutenant Lowery, and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Gene Tisdale, 524 Howard, thanked Truman Harp for his good job and years of service.

Rod Courtney, 162 Kingswood, said that Denton County has announced they will be starting the bridge across Lewisville Lake to the east and should start turning dirt within twenty-four months. Mayor Wohr thanked Mr. Courtney for his work on the Denton County Economic Board.

Carole Harp, 3216 Broken Arrow, Denton, Texas, said that Mr. Harp retired due to medical reasons. She said Councilmember Johnson has done an admirable job. She made several comments expressing her opposing remarks to previous testimonies.

David Shershen, 166 Kingswood, thanked Mr. Harp for his work for the city; thanked the Councilmembers for a job well-done; thanked Councilmember Johnson for a great job compiling records.

Norma Cogdell, 5410 Duchess Court, gave her thanks to Mr. Harp.

Mayor Wohr closed the Citizen's Agenda at 8:03 p.m.

E. **Business**

1. Consideration and Action on accepting the resignation of Truman Harp, Building Official.

Motion was made by Councilmember Harper to accept Truman Harp's resignation from the Community Development Department. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

2. Inquiry and investigation of the Community Development Department.

Chandra Culp, 5515 Castle Court, lived behind the house that was abandoned. She described her attempts to reach Mr. Harp by telephone. She said she had a negative experience with Mr. Harp.

Mayor Wohr swore Ms. Culp in. In her final statement, Ms. Culp said the situation was resolved after 4 to 6 weeks.

Mayor Wohr swore in Truman Harp. Questions asked of Mr. Harp included:
a) His response to the telephone call incident with Ms. Culp.
b) His method of okaying permits.
c) Which employees were hired by whom.
d) How often were staff meetings held and was there a roster.
e) Discipline of employees.
f) Permits given out on June 21, 2000 and Steve Free.
g) An August permit and Steve Free.
h) Plan review fee charged when issuing building permits.

Mayor Wohr called for a break at 9:08 p.m.

Mayor Wohr called the meeting back to order at 9:25 p.m.

Mayor Wohr asked Norma Cogdell to come forward and reminded her that she was still under oath. Questions asked of Ms. Cogdell included:
a) Deleting computer files.
b) Lynn Pedrick's last day of work.
c) Had she talked Truman Harp while he was in the hospital/on administrative leave.
d) Process for computer-generated documents.

Mayor Wohr swore in Beverly Weikum. She had received the disks from Lynn Pedrick when she turned in her resignation. The disks contained budget information and some report forms. The disks were given to Chris Hermann when she was hired.

Mayor Wohr swore in Gene Tisdale. He recognized the document shown to him and the name on this document. Mr. Tisdale was asked to highlight his notes on the permit that he had made during research. It was entered as an exhibit.

Mayor Wohr swore in City Manager Fairburn. Questions asked included:
a) Had he used the computers in the annex and ever been in the annex after hours or on weekends.
b) Had he ever asked for documents from their offices.
c) Had he ever ordered inspections and/or citations.
d) Had Mr. Harp ever cited an owner or had City Manager Fairburn ordered Mr. Harp to issue citations.
e) What happened in the re-write of Mr. Harp's letter to Steve Free.
f) Did City Manager Fairburn notice on June 21, 23 and 24 that permits had been issued in error. City Manager Fairburn was on vacation in Florida at that time. He was first aware of the error at the end of July.
g) Is there a city policy regarding employees taking work home.
h) He had issued a permit for a swimming pool in Harbourtown when Mr. Harp was not there.

i) How does the city deal with subdivision deed restrictions.
j) Has he ever had meetings with employees outside of his office at City Hall and are they documented.
k) What departments had he worked in at his previous employment.
l) How much formal education, training and experience he had in different areas.
m) The inspection situation at Neal's.
n) When was his vacation this year and where did he go.
o) When did he come to work for the City of Lake Dallas and how long had he been at other employment and what had he done.
p) Had he asked, instructed or directed a Community Development employee to work on a special project for him between January and July of this year.

Mayor Wohr called for a break at 11:05 p.m.

Mayor Wohr called the meeting back to order at 11:25 p.m.

There were more questions for City Manager Fairburn:
q) Lynn Pedrick's resignation letter.
r) The building inspection regarding iron framework on commercial building on Gotcher.
s) How was the Harbourtown permits issue brought forth to City Manager Fairburn's attention and the setbacks for C-3 zoning.
t) Code enforcement letters.
u) Comment made by Mr. Harp upon discussion of his last evaluation and prior to going before the Council.
v) How many salaried/exempt employees work for the City of Lake Dallas and is he always informed/aware of employee absences.
w) Which employees had he hired for the Community Development Department; what is the policy regarding 'temps.'
x) Does the city own a shredder and does the city shred payroll checks.
y) Is the lease agreement for the annex part of the city's records; did City Manager Fairburn work for the city when the agreement was entered into. The document is exhibit #30.
z) City Manager Fairburn's employment date is 7/1/97. The Community Development name came into being with the FY 98 budget.
aa) Exhibits 11 and 28 were referred to. One letter was not allowed to be sent out. He re-wrote the letter and sent it out. The letter to Mr. Free in August was written by City Manager Fairburn after consultation with the City Attorney. Mr. Harp reviewed the letter and signed it.

Mayor Wohr said that Councilmember Johnson has done quite a bit of work. He asked if we had issued subpoenas including Steve Free, Christine Hermann, Diane Lowrimore, Lynn Pedrick, Jennie Roberts and Tammy Butler. They had been issued and all declined except the current employee, Christine Hermann. Councilmember Johnson said she had everything that had been requested. Most of the documents on the computers at the annex building were forms. The recycle bins were empty. Mayor Wohr asked if Council wanted to call any other witnesses. They did not. He asked Councilmember Johnson to draft up the Council proposed findings. Council can look at the documentation as they want and have discussion. It was decided that the September 28 meeting should have a workshop session for looking at the documentation and discussion of findings.

The Lake Dallas City Council met in a special called meeting on September 16, 2000, at 10:05 a.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Councilmember McInnish arrived at 10:15 a.m. Staff present: City Manager Fairburn, Police Chief Ristagno, Police Lieutenant Lowery, Margaret Coulter, Joni Vaughn, Christine Hermann, Norma Cogdell, and City Secretary Weikum.

B. Mayor Wohr gave the invocation and led the Pledge of Allegiance.

C. **Citizens/Visitors Agenda**

Gene Tisdale, 524 Howard, expressed concern about the publication of the proposed tax increase. It is misleading. He said the investigation needs to be honest and not one-sided.

Bob Davis, 73 Lakeridge, asked the Council to think more globally in the investigation and not let personal interests be the basis for decisions.

Keith Barnes, 1174 Settlers Way, Lewisville, said he had given a letter of hardship for a building permit and Special Use Permit to the Planning and Zoning Commission at their last meeting. He asked for permission from the City Council. Mayor Wohr said it is too early to come before Council.

Linda Rapp, relinquished her time.

Steven Bertrand, 707 Oakley Drive, said we should look at this as an opportunity to look at this fairly with a goal for the City. He has a concern regarding the 4-plexes. It is his understanding that out-dated policies were handed out. The department should be updated.

Larry Cogdell, 5410 Duchess Court, said he and several of his neighbors had different dealings with Mr. Harp and that they always felt comfortable about the situation and there was always a good outcome. He said that if Norma had been able to use the camera she wouldn't have needed to work at home. The city's camera didn't work so Truman did allow her permission to use their own camera. They bought their own film, paid for the development, and bought disks so they could download the pictures.

Margaret Tisdale, 509 Howard, said she has complained about a house on Donald since the mid-80's. It's been going on for years and her name should not be used in a complaint against Mr. Harp in these recent accusations.

Norma McAlavy, 25 Oakwood, said not everyone looked at everything the same way. If the information is against you, it's bad and if it's for you, it's good. He's done a good job in his way. He's ill. Let him retire with his pretty wife.

David Shershen, 166 Kingswood, thanked Council for holding the investigation. If any allegations are true, they should be pursued. He asked Council to seek out the truth, not just the surface facts. We cannot allow mistakes like what happened at Harbourtown.

Gene Tisdale, 524 Howard, said he understood work was going on at Harbourtown.

Carole Harp, 3216 Broken Arrow, said that Mr. Harp's doctor told him if he goes to another meeting that he would no longer be Mr. Harp's doctor. She said that Ms. Cogdell called Mr. Harp while he was in the hospital and asked him if she could continue to work at home. Mr. Harp told her it's okay if it's okay with City Hall. She said that every woman who worked in the Community Development Department left there under pressure from the City Manager.

Mayor Wohr closed the Citizen's Agenda.

D. Business

1. Inquiry and investigation of the Community Development Department.

Councilmember Stapleton asked if Mr. Harp got the subpoena. Mr. Harp said they waited all day Friday except when they went to the doctor's office. They go in the back door from the garage. When someone went out Saturday morning to get the paper they found the envelope. She said Mr. Harp could be available next Saturday. Mayor Wohr said that everyone was in this room when this meeting date had been set.

Mayor Wohr said we are going to follow through on the investigation. If the Councilmembers determine they need Mr. Harp we can schedule another meeting.

Councilmember Johnson said we should let the City employees speak first.

Norma Cogdell was asked to come forward.
Councilmembers asked questions and documented exhibits 1, 2, 3 and 4. Mayor Wohr asked Ms. Cogdell to raise her right hand and asked her if she had been truthful to this investigation. She said, "Yes." She asked, "Will I get my chance to speak regarding September 1?" Mayor Wohr said if the Council determines it appropriate it will be as a separate investigation.

Chris Hermann was sworn in by Mayor Wohr.
Councilmember Johnson asked Ms. Hermann to read the document titled exhibit 5. Ms. Hermann was asked to look at exhibits 2 and 3. Exhibits 6 and 7 were entered on the documents list.

Joni Vaughn was sworn in by Mayor Wohr.
Part of her duties were to issue receipt books to Community Development; to receive receipts and funds listed on a transaction sheet from Community Development employees. She was asked if any employees of the Building Official ever worked on special projects here at City Hall. Her response was, 'No.'

Sima Hemmat, owner of Neal's Italian Restaurant – Mayor Wohr thanked her for coming and swore her in.

She told of her situation with the Community Development Department. Exhibits 11 and 17 were discussed.

Mayor Wohr called for a break at 12:50 p.m. Councilmember McInnish left the meeting due to a previous engagement.

Mayor Wohr called the meeting back to order at 1:10 p.m.

Margaret Coulter was sworn in by Mayor Wohr.

She was asked if any city employee from the Community Development Department made 4 or 5 trips a day to City Hall and spent a number of hours daily working on projects at City Hall. The question originated from exhibit 12. Ms. Coulter said, 'No.'

Council excused Norma Coulter, Margaret Coulter, Chris Hermann, and Joni Vaughn at 1:20 p.m.

Chief Ristagno was sworn in by Mayor Wohr.
Exhibit 11 was referred to regarding markings on vehicles displaying exempt license tags. Exhibit 21 was marked for the document list. It was determined that Chief Ristagno was the Acting City Manager from the week-end of June 17 until the week-end of July 1 while City Manager Fairburn was on vacation. Chief Ristagno was asked if he hired any employees for the Community Development Department during that period of time. He said, 'No.' A question was asked where the Police Offices and Code Offices were in September, 1996. Chief Ristagno said he thought they were here on Alamo.

Mayor Wohr said we had subpoenaed Steve Free but he had politely declined. Mayor Wohr asked if we should take a break or schedule for another day. Mayor Wohr opened an envelope Mrs. Harp had placed before him earlier. Mayor Wohr said Mr. Harp was submitting his resignation and that he would like to help in the investigation. The resignation is effective immediately. Due to Mr. Harp's medical excuse it was determined that his paid administrative leave should continue through September 20. City Secretary Weikum was directed to contact Mr. Harp and ask if he could come to a meeting on Monday or Wednesday. Councilmember Johnson had also talked with Mr. Harp. She said he told her he would be at the meeting on September 20 and requested that Jennie Roberts, Tammy Butler, and Diane Lowrimore be subpoenaed for that meeting. He also asked to meet Councilmember Johnson at the Annex to show her some things regarding the investigation. He will not be allowed to cross-examine any witnesses. He also requested a tape of today's meeting.

E. New Business

The E.D.C. coordinator needs to be on the next agenda.
Building Official Harp's resignation needs to be an action item on the next agenda.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

R. O. Owen, 611 Lake, spoke on behalf of her husband, David Owen, regarding his Appeal Board hearing. She told the Council they have a very difficult job and that she is proud of them.

Gene Tisdale, 524 Howard, said the ad in the paper about the tax increase was very misleading. He said he had asked for information several council meetings past and has not yet received a response.

Aldena Stowe Gregory, 603 E. Hundley, thanked the Council for getting the voting back in the city. She gave the Early Voting schedule as well as Election Day hours. She asked that the mayor of each city furnish an election worker. She asked Council to please be very careful about raising taxes.

Chuck Graham, 1013 Kings Manor, said he would speak on the public hearing for property tax.

Carolyn Green, 201 North Shady Shores, said the Fallfest has been very well planned. She invited all the Councilmembers to attend.

Mayor Wohr closed the Citizens' Agenda at 7:55 p.m. when no one else came forward to speak.

3. Public Hearing on Property Tax Rate.

Rod Courtney, 162 Kingswood, thanked Council for the time spent in working on the budget. He said he thinks the reason for a tax increase is the increased cost for the Fire Department. He asked how much revenue the property tax increase would generate. Mayor Wohr told him the increase would bring in an additional $60,000. Mr. Courtney said he understands we cannot cut the Fire Department item but where else could we cut back. Mayor Wohr said we would have to cut small amounts of funding for those items which are not fixed costs.

Gene Tisdale, 524 Howard, said he thought we had $250,000 set aside for the fence at City Park. Mayor Wohr told him that amount is for all the park improvements, not just the fence.

Chuck Graham, 1013 Kings Manor, said he feels for the Council working on the budget. He said he sees a lot of waste. He said Fort Worth and Dallas are the only 2 cities around here that have higher taxes than ours.

Odie Harrelson, 907 Vista Oaks, said we all need the Fire Department. He also asked why we don't have a fire truck sitting in Lake Dallas even if there is no building here at this time. His concern is response time.

Aldena Stowe Gregory, 603 E. Hundley, said she is pleased with the work on the streets. When they did Lakeview there were barricades left lying around. Can the Public Works people get them picked up?

Frank Barnard, 328 Betchan Street, said that if the neglected homes and buildings were brought up to code their valuations would be higher and that could generate more revenue. He suggested freezing wages for all department heads and freezing of all capital purchases in all departments.

Linwood Gilliland, 703 Payton Street, said that when the Fire Department has their new building up that it could bring in more new buildings.

Gregory Clay, 512 Oak Lake, had a letter from his neighbor, Tom Curtis, who asked that property taxes not be raised. He still has concerns about the fence at 523 Oak Lake Drive. He thinks the Fire Department is a great idea.

Carolyn Green, 201 North Shady Shores, asked where all these people were during the previous budget meetings and the Councilmembers were grieving over what to do about the budget. She said her boss was in town yesterday and she told him the taxes were probably going to go up. He looked at the budget and said it was one of the best-prepared budgets he's ever seen. She commended the City Council and City Manager on their work.

Cheryl Rayburn, 613 Lakeland, said she was confused. How does the tax increase amount to $2 per month and not $1200 per year. Mayor Wohr said we are discussing the City property tax and not including the I.S.D. taxes.

Bob Davis, 73 Lakeridge, asked why we couldn't have a tax decrease. He said with the property values going up that generates more tax dollars. He is concerned that a tax increase this year would cause more tax increases in the coming years.

Mayor Wohr called for a break at 9:15 p.m.

Mayor Wohr called the meeting back to order at 9:35 p.m.

Cheryl McClain, 621 Lakeland, asked where the Fire Department's coverage is. Are those cities raising their taxes? Mayor Wohr said the Fire Department charges the four cities (Shady Shores, Hickory Creek, Corinth, and Lake Dallas) by meter drops. Some of these cities have larger property values than Lake Dallas.

Several citizens asked questions of Robbie Robertson, Lake Dallas' liaison with the Fire Department. He had just come in. He explained about the training; paid personnel versus volunteers; EMTs plus their equipment; 2 ambulances and new fire trucks; the new building in Lake Dallas.

Mayor Wohr closed the Public Hearing at 10 p.m.

4. Public Hearing on FY 2001 Budget.

No one came forward to speak. Mayor Wohr said that most of the budget discussion had been covered in the Public Hearing for the Tax Rate. He closed the Public Hearing at 10:02 p.m.

5. Consideration and Action on award of bid for Carlisle and Sargent project and the Main Street project.

Tom Hoover with The Hoover/Klein Group, Inc. read the bid amounts. He said people from his company would check on the work while it was being done and also schedule the testing. He said the two bids are independent of one another and we can hold the bids for up to 60 days.

Motion was made by Councilmember Milan to award the bid for Carlisle and Sargent only to Andrews Paving and to include supplementing inspections by Hoover-Klein and to table Main Street at this time. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

6. Consideration and Action on annex lease.

Motion was made by Councilmember Milan that we do not sign the annex lease and that we continue moving forward on moving the annex to City Hall. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

7. City Manager's Report.

City Manager Fairburn said he met with the construction attorney a few weeks ago and is to meet with them again tomorrow. It is difficult to deal with and determine damages because there are so many different issues.

He's been working on Fallfest and the newsletter. If Councilmembers want to add anything to the newsletter, please contact him.

Harbourtown – their duplexes will have off-street parking and the single story, 1200 feet, side parking. A zoning change for that area will be coming up.

The marquee sign will be a 2-sided sign for use at the community center. We are checking with others for different prices. We will be checking with bricklayers for the sign placement at City Park.

Hoover-Klein will be checking with LCMUA about putting in a well at the park.
The fence is ordered but the grass is too dry for welding to be done at this time.

The Community Center tiered rate schedule is not done yet.

In discussions with the City Attorney, Folley Beach most likely is not a probability for annexation.

The budget will not include $100,000 for the Animal Shelter upgrade.

The fence on Oak Lake has been reviewed. Based on our ordinances the fence that is there is correct.

F. New Business

Put ad in paper to advertise we have voter registration cards and include that you will not be picked for jury duty just because you register to vote.

Every permit issued must have a name on it.

The first two paragraphs of our Master Plan on our web page should be deleted.

When will we schedule the award for the young man at the fire last summer?

We need to have the County do the City's health inspections.

We have been working on the tree off Thompson Drive this week.

We may need to post a meeting for Monday night, based on what is accomplished at Saturday's minutes.

G. Executive Session: As authorized by Section 551.071 of the Texas Government Code, this meeting may be convened into closed executive session for the purpose of seeking confidential legal advice from the City Attorney on any agenda item listed herein. – This is NOT an agenda item; should have been a footnote.

H. Adjourn

CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting on September 12, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Councilmember McInnish arrived after the Pledge of Allegiance. Staff present: City Manager Fairburn, Police Chief Ristagno, Police Lieutenant Lowery, Building Official Harp, and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Odie Harrelson, 907 Vista Oaks Court, said he is unhappy and disappointed because the City is allowing triplexes at Harbourtown. He said he would like an explanation. The people who put out the permits need to be dealt with.

David Shershen, 166 Kingswood, asked the Councilmembers to have a lot of courage at this time to do the right thing; have the wisdom to sort out the facts; and to make the right decision.

Margaret Tisdale, 509 Howard, asked that the City do something for the Hermes family. Lory died Sunday.

Mayor Wohr closed the Citizens' Agenda at 7:38 p.m. because no one else came forward to speak.

Mayor Wohr asked Building Official Harp whether he wanted the Public Hearing as listed as agenda item E or if he would like agenda item G, Executive Session. Building Official Harp replied he wanted open session.

E. Public Hearing concerning performance evaluation of the Building Official and the recommendation of the City Manager.

Odie Harrelson, 907 Vista Oaks Court, said that what he had said awhile ago would also go on this.

Cecil Graham, 1013 Kings Manor, asked what the City manager's recommendation is. City Manager Fairburn said his recommendation is termination of the Building Official.

David Shershen, 166 Kingswood, said he believes Mr. Harp has a response packet and would encourage the Councilmembers to read it and to investigate the current and on-going conditions of the Community Development department. It needs to be resolved.

Mayor Wohr called for a break at 7:45 p.m. so Councilmembers could read the packets from Building Official Harp.

Mayor Wohr called the meeting back to order at 8:20 p.m.

Building Official Harp said he apologized for the lengthy program. His wife has volunteered to read his responses since he's been taking a lot of treatments. He said he wants the information read in the records. The evaluation with Mr. Harp's written responses will be placed in Mr. Harp's employee file.

Carole Harp, 3216 Broken Arrow, Denton, read the building official's responses to the evaluation made by the City Manager. During a break in Mrs. Harps's reading Mayor Wohr said that through the Home Rule Charter the Council can take on an investigative body. Councilmember Stapleton proposed that we commence an investigation of the entire Community Development department and seal the records as soon as possible. Councilmember Johnson said that could be done this week. Mrs. Harp continued her reading.

Mayor Wohr called for a break at 9:27 p.m.
Mayor Wohr called the meeting back to order at 9:45 p.m.

Mayor Wohr said we were still in the Public Hearing. He asked Building Official Harp if he had any more. Building Official Harp said that was all.

Gene Tisdale, 524 Howard, asked what agenda item K means. Mayor Wohr said it is for discussion with the City Manager regarding his performance. Mr. Tisdale asked what Item I meant. Mayor Wohr said it is attorney-client privilege regarding contemplated litigation and we don't have to state what it involves.

Cecil Graham, 1013 Kings Manor, said he had always found Mr. Harp to be honest and truthful.

Larry Cogdell, 5410 Duchess Court, said he and Truman have had lots of encounters in previous years and they always came to a good ending.

David Shershen, 166 Kingswood, said the City's been privileged to have had Mr. Harp the past five years. He said no matter what happens tonight that he applauds the Council and the citizens. He said he would further encourage the Council to take a full and thorough investigation of the entire city.

John Schuh, 737 Harbour Town, asked if he heard there was the possibility of implication of fraud on the part of the employees by Mr. Harp. He asked if the Council can subpoena people to appear.

Mayor Wohr said the Charter provides for subpoenas but it doesn't have the same teeth as one that would come from a court outside our own employees, books, and documents.

Mr. Schuh asked if the investigation shows impropriety, could it be turned over to the proper authorities. Mayor Wohr said yes. The Council can't do criminal investigations.
Mayor Wohr closed the Public Hearing.

F. Action, if any, from the Public Hearing.

Motion was made by Councilmember Stapleton to commence an investigation of the Community Development Department as quickly as possible and set a meeting as quickly as possible giving this council an opportunity to compile any documents we might want to subpoena and any witnesses we might want to subpoena. Seconded by Councilmember Harper.
There was more council discussion and it was determined that the motion needed to be amended.
Motion was amended by Councilmember Johnson to amend the motion. Seconded by Councilmember Stapleton.

Mayor Wohr asked that the roll be called for amending the motion.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

An amended **Motion** was made by Councilmember Stapleton that Council enter into an investigation of the Community Development Department as quickly as possible; Mr. Harp is to remain on administrative leave with pay until the investigation is completed; lists of what is to be subpoenaed or persons to be subpoenaed will be submitted within 48 hours or by the time Council begins on Thursday; Councilmember Johnson will be the Councilmember who will be appointed as liaison for the requested information; notice will be posted for meeting on Saturday morning. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

Mayor Wohr said that agenda Items G & H are non-items at this point.

Mayor Wohr called for a break at 10:10 p.m.

I. **Executive Session:**
The City Council will meet in Executive Session to consult with the City Attorney regarding contemplated litigation and matters which involve the attorney-client privilege according to Section 551.071, Texas Government Code.

J. **Action, if any, from Executive Session.**

Motion was made by Councilmember Milan to have the annex sealed and only give access for the purposes of the investigation to Marjory Johnson and anyone in her presence. Seconded by Councilmember Harper.

Councilmember Milan amended her **Motion** to include to have the locks changed as soon as possible. Seconded by Councilmember Stapleton.

Mayor Wohr called the roll be for amending the motion.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper

Staff present: City Manager Fairburn, Police Chief Ristagno and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Gene Tisdale, 524 Howard, asked the Councilmembers to look closely at the budget. He feels there have been some mistakes in the past. He expressed concern about:
Concrete were poured in Overly that probably took 7 or 8 yards of concrete and cost approximately $4500.
Two large vacuum trucks had come to pick up the leaves on North Lakeview. The vacuum truck did not work and the leaves had to be raked up.
During the election before this last one he had heard 150 - 300 signs had been picked up. How much did that cost the City?
He said he understands that the City paid $35,000 for a drainage and road print several years ago. Now the City has paid $500,000 for this same print.
Peachtree Construction had come in and paved Meadowbrook and that was a waste of time. That street was done before we hired the street inspector.
He heard that $80,000 was 'put in the pot' by the developer of Thousand Oaks. He saw Jeff Krueger give us $100,000 from Denton County. This money was supposed to have been used for a bridge on Shady Shores.
How many businesses have left Lake Dallas and the reasons why.
How many businesses have been brought in by the City Manager?

Bob Davis said he was there for the Truman Harp thing.

Margaret Tisdale, 509 Howard, asked Council to remember the Kings Manor drainage ditch.

Carolyn Green, 201 N. Shady Shores, asked Mr. Tisdale where he got his information about the bridge money. She said we have 8 food vendors for the FallFest. Vikki will bring pony rides and have a bake sale. She wants every Councilmember at the Fallfest.

Mayor Wohr closed the Citizens' Agenda at 8:00 p.m. because no one else came forward to speak.

Mayor Wohr said that based on Mr. Harp's health we have to re-set items E, F, G and H until Tuesday. The mayor apologized and said we placed the items on the agenda before we were made aware of all the factors.

I. Consideration and Action Harbourtown agreement.

Motion was made by Councilmember Stapleton to accept the Harbourtown compromise settlement agreement as amended. Seconded by Councilmember McInnish. The first sentence of the second paragraph of Item 1, Allowed Construction, to read: The allowed location of these structures is designated on the attachment, Exhibit A, incorporated in this Agreement. The second sentence of this same paragraph to read: Any zoning regulations of Lake Dallas that would prohibit the construction of the above listed structures will not be enforced in order to allow for the construction of the buildings as delineated on Exhibit A.
Ayes: Councilmembers Milan, Stapleton, and McInnish
Noes: Councilmembers Johnson and Harper
Motion Passed

Mayor Wohr called for a break at 8:35 p.m.

Mayor Wohr called the meeting back to order at 8:50 p.m.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**
John Schuh, 737 Harbour Town, said he had spoken with Mr. Steve Free this afternoon. He said he doesn't want to compromise the other people involved and asked that the City contact the rest of the residents who would be affected. Mr. Schuh suggested a compromise between the developer and the City.

Tom Curtis, 514 Oak Lake Drive, said there was an ugly fence going up in the Oak Lakes Subdivision. He said it sticks out and the posts are on the outside. He feels it should conform to the standards for the area.

Mayor Wohr asked for the address where the fence is being built. Mr. Curtis said he would guess the address to be 523 Oak Lake. Mayor Wohr asked Mr. Curtis for his telephone number and said we will look into the options and advise him.

Mayor Wohr closed the Citizens' Agenda at 7:57 p.m.when no one else came forward to speak.

E. **Budget Review and Work Session including:**

1. Presentation from Lake Cities Library.

Vicki Carusi said she would just hit the highlights of their budget. The Councilmembers had received a letter with a copy of the library budget. They are attempting to get funding based on per capita basis from the lake cities. Corinth has budgeted $28,750. Shady Shores and Hickory Creek have not committed at this date. They are asking for a substantial amount due to the need to expand.

Mayor Wohr called for a break at 8:35 p.m.

Mayor Wohr called the meeting back to order at 8:45 p.m.

Mayor Wohr asked Council if it would be all right to hear item 3 before item 2 since there were representatives there from the Parks and Recreation Board. It was agreed to take the items out of order.

2. Discussion on festivals and special events.

Neal Malone said the Parks and Recreation Board objected to moving the Fallfest from the park to Main Street. Work had begun for the Fallfest at the July 6 meeting. They have started work for the tree lighting in December. Hickory Creek is working with us again this year for the Fallfest.

Carolyn Green said a street dance for Halloween would be good. Gary Johnson said a haunted house could be set up in the back yard at 209 Main Street. He wants no dance associated with the house.

Carolyn Green said that starting this Friday and every Friday except September 8 there was a breakfast for the football coaches at the VFW. Each breakfast is sponsored by a business.

Tony Robinson, 331 Ashley Oak Lane, said there would be a 5K run this year. They have worked with the Police Department for mapping routes.

Neal Malone said the next Parks and Recreation meeting will be joint with Hickory Creek's Parks and Recreation. The meeting will be at 7:30 p.m. at the Community Center and there will be a potluck supper.

Mayor Wohr said we would get flyers out to all the schools.

3. Information on Economic Development coordinator.

William Mitchell, Denton, Texas introduced himself and gave some of his background. He gave some suggestions on what might be done to bring more business to the City. He suggested meeting with John Pollster of Denton County about getting another southbound exit for Lake Dallas and Hickory Creek. He asked if the City had a 5-year growth plan for the Economic Development. We do not. City Manager Fairburn said there is a long-term plan by the TX DOT to raise I-35 E and then Tuberville Road and Hundley could meet below the freeway. Mr. Mitchell said he was looking for $2000 to $2500/month on a month to month basis and contract could be canceled at any time.

F. Consideration and Action on holding a Public Hearing on a proposal to increase total tax revenues from properties on the tax roll.

Motion was made by Councilmember Johnson to hold a Public Hearing on a proposal to increase total tax revenues from properties on the tax roll on September 14. Seconded by Councilmember Milan.

F. Workshop:

1. Review of uses for Commercial zoning requirements.
2. Review of M-1 zoning requirements.
3. Review of uses and procedures for Special Use Permits.

Since all three items were related in some manner it was decided to discuss the three items at the same time. City Manager Fairburn said that it is mostly a matter of housekeeping: getting rid of some old language and descriptions in the Municipal Code. Those businesses already established may have a non-conforming use for a certain type of zoning and would be grandfathered.

Mayor Wohr arrived at 8 p.m.

There was discussion about setbacks, geographic mapping, screening, and parking. The Certificate of Occupancy process needs to be used to achieve a record of types of businesses and dates. City Manager Fairburn said that the Planning and Zoning Commission recommended 25' setbacks on commercial properties. He said we could have the Main Street area as a separate district with separate setbacks. The Planning and Zoning Commission is talking about a Planned Development Unit for the Swisher Road extension. The Economic Development Committee is looking at some concepts to present to Council.

Special Use Permits should have step-by-step guidelines and needs a policy. Zoning, traffic impact, and setbacks should be part of the guidelines. This same type of process could be used for building permits.

Linwood Gilliland, 703 Payton Street, said the people with the boat shops by the marina can't get everything inside a building and suggested inviting them to a meeting. City Manager Fairburn said that is in the schedule for the Planning and Zoning Commission. Mayor Wohr said the Corps regulates how many boats can operate on the lake which also regulates parking.

City Manager Fairburn said he thinks he can get back to the Council with the Main Street concept in December. Mayor Wohr suggested that proposed zoning changes be shown to Fire Chief Thompson regarding ISO rates.

Mayor Wohr called for a break at 9:06 p.m.

Mayor Wohr called the meeting back to order at 9:20 p.m.

G. New Business

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting on August 22, 2000, at 7:35 p.m., in the City of Lake Dallas Council Chambers, 303 Alamo Avenue, with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. **Roll Call:** The following members were present and constituted a quorum:

Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Mayor Pro-Tem
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Mayor Wohr arrived after Roll Call. Members of Staff present were City Manager Fairburn and City Secretary Weikum.

B. Mayor Pro-Tem Stapleton gave the invocation.

C. Mayor Pro-Tem Stapleton led the Pledge of Allegiance.

C. **Citizens/Visitors Agenda**

Norma McAlavy, Kingswood, Oakwood 25, said she has lived there 18 years and it's been an upward battle. She had found a newspaper from 1987 asking for things to be cleaned up in Kingswood. It's time to reconsider the department that does this and help them and everyone. She doesn't like to see people profit and pad their pockets by what they're doing and she feels that's what has been happening.

Mayor Wohr arrived at 7:49. Mayor Pro-Tem Stapleton turned the gavel and the meeting to the Mayor.

Linda Rapp, 213 Pecan, has the same sentiments as Mrs. McAlavy. She said they had been told it was the citizens of Kingswood duty to report any problems and the City would take care of enforcement of code violations. She said the difference between their mobile home park and Lake Haven was like night and day. She said Kingswood was getting to be like a pigsty and something needs to be done. She said the Code Enforcement used to issue warnings but don't anymore. We need to change the department and soon.

Herbert McAlavy said he relinquished his time.

John Schuh, 737 Harbourtown, is concerned because of this mess. He went to the office today to look at the code. He said it's impossible for that building to be constructed without having a variance issued. Every time he's been in that office he's been treated considerately and politely but he doesn't get the information he's after. One time he went there and the file that he was interested in could not be located.

Mayor Wohr made the announcement that Mr. Harp has had some difficulties with his health and is presently hospitalized. We are not going to go forward on this tonight because the Building Official had made a specific request that he be present for the performance evaluation and could be here in order to talk with the Council directly. We will not have that hearing tonight. He said if anyone would like to speak to that issue at this point he would allow that at this time.

Bob Davis, 73 Lakeridge, came about the Truman Harp issue. He was curious about how the agenda had been put together as related to Items G, H. and I.

Mayor Wohr said the reason for that is because an employee review is usually made in executive session but the employee has a right to request a public session. City Manager Fairburn said the Public Hearing on Item I should also be tabled.

Diane Tisdale relinquished her opportunity to speak.

Gene Tisdale, 524 Howard, was glad someone else had the same problems he had with getting information from the City. He said today he had received a copy of a letter. He said it looked very professional and asked if Truman Harp had written it. He was told that someone else had written it and Truman Harp had signed it. Gene wants to know where the letter is that Mr. Harp was supposed to have written.

Mayor Wohr said if an item is not in a file on a particular subject we would have no way to make a copy. All information is generally public information. Mr. Tisdale said he feels there are some red flags out there that need to be answered.

Margaret Tisdale relinquished her time.

Mayor Wohr asked if anyone else would like to speak on the Citizens Agenda.

Linwood Gilliland, 703 Payton, said he had good news. We are going to vote in the City of Lake Dallas. He thanked Mayor Wohr, City Secretary Weikum, and the City Council. He said that decision has made a lot of people proud.

Mayor Wohr closed the Citizens Agenda at 7:55 p.m.

Mayor Wohr said Items E and F will not be addressed tonight. Other things need to be resolved first. Items G, H, I and J will not be on the agenda tonight either since Mr. Harp had been hospitalized.

E. Executive Session:
The City Council will meet in Executive Session for consultation with the City Attorney regarding the proposed multi-family development in the Harbourtown/Lakebridge area according to Government Code 551.071.

F. Action, if any, from the Executive Session.

G. Executive Session:
The City Council will meet in Executive Session to review the performance evaluation of the Building Official and the recommendation of the City Manager according to Government Code 551.074.

H. Action, if any, from the Executive Session.

I. Public Hearing concerning the performance evaluation of the Building Official and the recommendation of the City Manager.

J. Action, if any, from the Public Hearing.

Motion was made by Councilmember Milan to table Items E. F, G. H, I until further notice. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

K. New Business

Volunteers are needed for the City Park fence. We need assistance with the welding.

ADA requirements will be addressed after budget time.

The Lake Cities Library will be present at next Tuesday's meeting regarding budget.

The rest of Lakeview will be paved when Jagoe gets their machine repaired.

City Manager Fairburn gave the Councilmembers a copy of the new business items that will be on the August 29 agenda.

L. Adjourn

Motion was made by Councilmember Johnson to adjourn. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper

The Lake Dallas City Council met in a special meeting on August 15, 2000, at 7:30 p.m., at the Community Center, 302 S. Shady Shores, with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was excused. Members of Staff present were City Manager Fairburn, Building Official Harp, and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr did not lead a Pledge of Allegiance because there was no flag in the Community Center.

D. **Citizens/Visitors Agenda**
Margaret Tisdale, 509 Howard, said what's going on with the Building Official. She's been here thirty years and thinks he is the most knowledgeable there's ever been here.

Gene Tisdale, 524 Howard, said he feels about the same as Margaret Tisdale. He said he doesn't know what the charges are so he doesn't know how to respond. Years ago the Building Official had red-tagged a breaker box at the school and everyone was thankful for that. He's real sharp on the electrical and plumbing.

Rod Courtney, 162 Kingswood, said he came to see what the reasons are. Now he sees it will be discussed in an Executive Session so the citizens won't know what's being discussed.

David Shershen, 166 Kingswood, said if there is a problem you need to seek out the whole problem and try to correct that problem. He said he did not envy the Councilmembers and that he trusted them to find the best solution.
Mayor Wohr closed the Citizens' Agenda at 7:45 p.m.

E. **Executive Session:**
The City Council met in Executive Session at 7:50 p.m. to review the performance evaluation of the Building Official and the recommendation of the City Manager according to Government Code 551.074.

Mayor Wohr called the meeting back to order at 8:40 p.m.

F. Action, if any, from the Executive Session.

Copies of the evaluation were handed out to those present.

Motion was made by Councilmember Stapleton to table this item concerning the City Manager's evaluation of the Building Official until the August 22 meeting in a public hearing with paid administrative leave for the Building Official in the interim. Seconded by Councilmember Harper.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

G. Workshop:

1) **Council Goals**
2) **Budget Review**
   a) **Financial Plan**
   b) **Pay Plan**
   c) **Major Issues**

Use a professional, not a volunteer, to aggressively work on sales tax revenue at an annual cost of $25,000.
Not all dollars have to go for streets – put some in buildings: City Hall, Rec Center/Boys and Girls Club/Library.
Move annex back to City Hall.
Clean up Main Street.
Support existing businesses.
Streamline street project and park project.
Community Development and Public Works should be one department.

The Lake Dallas City Council met in a regular meeting on August 10, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4

Councilmember Harper was excused. Members of Staff present were City Manager Fairburn, Police Chief Ristagno, and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**
Carolyn Green, 201 North Shady Shores, said we are losing another business. Tim's Produce will close on Saturday. We are a dying city and if something isn't done, it will die. We have to do something. She also said she wants Administration, the Police Department, the Street Department, Community Development and the archives all under one roof. The employees could work easier, faster, and better. This building is not good enough.

Patrick Connors had signed to speak on the Citizens' Agenda but wanted to talk about another issue.

Margaret Tisdale, 509 Howard, said she doesn't think most people know about the park behind the Community Center. We need signs to advertise its location.

Mayor Wohr said after school starts we will advertise again. We had handed out many flyers at the schools just as school was ending in the spring.

Mayor Wohr closed the Citizens' Agenda at 7:43 p.m.

E. **Presentations:**
Christy Burgess -- Parks and Recreation Board from January 9, 1997 to August 1, 2000.

Mayor Wohr asked Christy Burgess to come forward to the dais. He gave Ms. Burgess a Certificate of Appreciation for her years on the Parks and Recreation Board. He said a city is only as good as its volunteers. He said we appreciate all the groundwork she had done towards the parks and the FallFest with Hickory Creek. She received a standing ovation from Council.

F. Business:

1. Consent Agenda:

a) Consideration and Action on Parks and Recreation Board appointments and reappointment.
b) Consideration and Action on Community Center rental regulations.
c) Consideration and Action on approval of DCAD Budget.
d) Resolution for City of Dallas to protect Lewisville Lake water level.
e) Resolution exempting certain vehicles from exempt license plate and identification requirements.
f) Consideration and Action on employee dental plan.
g) Consideration and Action on appointment of Harlan Jefferson to the Denco Area 9-1-1 District Board of Managers.
h) Approval of July financials and Accounts Payable.
i) Approval of Minutes for July 13, 2000 Council Meeting.

Councilmember Stapleton asked that items b and h be pulled from the Consent Agenda.

Motion was made by Councilmember Johnson to accept the Consent Agenda with the exception of items b and h. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and McInnish
Noes: None

Motion Passed

Item F-1-b: Consideration and Action on Community Center rental regulations.

During Council discussions comments were made from the floor.
Bill LaBarr, pastor of the Methodist Church and member of the Chamber of Commerce said the Chamber has always paid rental for use of the Community Center.
Carolyn Green said the Chamber used to rent some office space there until the library needed more room.
Christy Burgess said that, speaking from her position with the City of Dallas, Dallas rents their center using different rates for non-profit organizations and private parties.

Mayor Wohr closed the public input.

Motion was made by Councilmember Stapleton to create a two-tier fee policy for the civic center with a fee for bona fide non-profit organization and another fee for private individuals and that we allow the Chamber of Commerce free use and the organizations listed on the cover sheet of Agenda Item F-1b (Happy Hearts [Senior program with luncheons twice a week]; Lake Cities Soccer Association [youth soccer program with occasional meetings and an annual appreciation night]; Contracted recreation programs [currently gymnastics and cheerleading]; Senior Dinner[Senior program, one day a year]; Birthday Club [one lunch a month]; Boys and Girls Club [Halloween Party]) to retain their current status and that the inspection fee be removed. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and McInnish

Motion Passed

4. **Consideration and Action on final design for Carlisle and Main reconstruction and bid documents.**

Tom Hoover of The Hoover/Klein Group gave his report. He said Carlisle Drive has been revised. It is a two-way street and Sargent Street will be done. The cost for the two streets combined will be about $32,000. Main Street will be a rehab with a width of 24 feet. The bridge will only receive an overlay and the cost will be approximately $100,000 because a guardrail has been recommended to be placed at the bend where there is a 6 - 8 foot drop-off. They have the spec books ready.

Motion was made by Councilmember Milan to accept the final design on Carlisle and Main and move forward as quickly as possible. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and McInnish
Noes: **None**

Motion Passed

5. Consideration and Action on re-routing drainage at Lake Cities United Methodist Church/Hundley and Falcon.

There was discussion by Tom Hoover, Pat Connors, Rev. Bill LaBarr, City Manager Fairburn, and the Councilmembers. This ditch is one of several natural drainage ditches in our city. It is not common for a city to incur the cost for changing a drainage ditch on private property. City Manager Fairburn said we had been thinking about doing some maintenance on the ditch but not redesign it. The proposed cost is $56,000. Mr. Hoover said it would cost $14,000 to move the utilities.

Motion was made by Councilmember Johnson to direct Staff and the City Engineer to draw up a contract in conjunction with the church to address the drainage ditch.
Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and McInnish.

Mayor Wohr called for a break at 9:10 p.m.
Mayor Wohr called the meeting back to order at 9:30 p.m.

G. Workshop:

1. Presentation of FY 01 Proposed Budget

City Manager Fairburn presented the proposed budget for year-end September 30, 2001.

2. Personnel Manual

This will be addressed in a future meeting.

H. New Business

The letter to Don Alexander, Denton County Elections Administrator, requesting that early voting be brought back to Lake Dallas will be taken to the Lake Cities Sun to be published in next week's paper.

The Lewisville Lake resolution will be sent to Dallas immediately. Letters including the resolution will be sent to the cities around the lake at a later date asking for their support.

The Building Official's been off so no progress has been made on the tree issue. We will find out whose property it is on and check the ordinances regarding private property. We may need to get an estimate to have it trimmed and/or removed.

We will need more information on the Steve Free building projects in Lakebridge.

Oak Lakes North project is developing.

Dorothy Walkup works in Flower Mound and commented to a Councilmember that whenever she spoke with anyone at our City Hall it has always been very pleasant.

We need to discuss a Founders' Day celebration and have it at City Park. We have not received the information from Ms. Gougeon yet. We need to mention this to the Parks and Recreation Board. We could sell bricks like had been done several years ago. The American Legion wants to bring a road rally into Lake Dallas.

We have not heard anything from the Town of Hickory Creek regarding the annexation process for Folley Beach. We need to set up another luncheon with Hickory Creek's mayor.

The Lake Dallas City Council met in a special meeting on August 3, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Ken Stapleton	Mayor Pro-Tem
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Betty Harper	Councilmember 5

Councilmember McInnish was excused. Mayor Wohr arrived after the Roll Call. Members of Staff present were City Manager Fairburn and City Secretary Beverly Weikum.

B. Mayor Pro-Tem Stapleton gave the invocation.

C. Mayor Pro-Tem led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

John Schuh, 737 Harbourtown Drive, expressed concern with the development on Cain Street. He said his greatest concern is the parking; he does not want street parking. He is also concerned with the quality of the building.

Linwood Gilliland, 703 Payton Street, said a creek runs behind his property and several trees have been torn up when the water comes down from the Garza area. He recently cut two trees down and then another fell against one of his trees. He contacted the City Manager who contacted the Corps of Engineers when it was determined that the tree was on Corps property. The tree has been removed and he wanted to thank the City Manager.

Mayor Pro-Tem turned the meeting over to Mayor Wohr at 7:45 p.m.

Carolyn Green, 201 North Shady Shores, asked what good the Economic Development Committee was going to be when we have the current City Hall and Main Street needs to be cleaned up. We have to have a good image for Lake Dallas and need a new City Hall.

David Walker, 801 Cain, expressed his concern with the lack of drainage where the new construction is going on there on Cain Street.

Margaret Tisdale, 509 Howard, is unhappy with how the Kings Manor Drainage Ditch was repaired. There are still some cables sticking up out of the ground and broken blocks were used. She would like to have the Councilmembers walk down it and look at it. She doesn't like to see tax money wasted on poor workmanship.

Bobby Shikle, 712 Thompson Drive, is concerned with the drainage for the construction on Cain Street. The lot sits 17 inches lower than the street and Thompson Drive already gets more water run-off than it should. The City Manager has told him we don't have ordinances regarding drainage.

His second concern is a large tree (probably 5' in diameter) that has fallen. It poses a

big danger in that a 2 year old boy plays there and it could also be a fire hazard. He said staff has not given him any answers as to what can be done about the removal of this tree.

He also said that when he left the City Council there was $250,000 for the streets. He said the City Manager told him that we've spent approximately $7500. Lets get some work done on the streets.

David Owen, 611 Lake, said it's been 7 months since his last formal contact with the Councilmembers and City Manager Fairburn. He asked what the findings have been and what can the City hold the Contractor to.

Mayor Wohr said that as we are aware, there's possible litigation on that subject and that prohibits any discussion on the subject.

David Owen said he feels some monies are still owed to him. He said that in accordance with the Charter he is asking the City Secretary to start the procedure for him to go before the Appeals Board as soon as possible on the pay issue.

He also asked that something be published in the paper about the streets and not be so secretive. Mayor Wohr said there is nothing secret about it. There have been several meetings lately. Mr. Owen said he would like to publicly request more information be given to the newspaper about the street projects.

Mayor Wohr closed the Citizens' Agenda at 8:08 p.m.

E. Business:

1. Public Hearing on preliminary design for Carlisle and Main projects.

Tom Coulter, 314 Carlisle Drive, said he's glad something will be done with Carlisle. His concern is the figure of $30,000 for the street. He doesn't feel there is much boat traffic on that street any more. He feels the City should wait until it has more money and do the street repair right. The City should fix the street and leave the flow of traffic alone.

Fred Stevens, 125 Harmony Lake, Hickory Creek, said making Carlisle one-way from Main to Sargent would cause more air pollution, more cars would be going through school zones, and would take away from the response time for emergency vehicles.

Larry Eperjesi, 205 Carlisle, said it would hurt his business to make Carlisle a one-way street. It would also overload other streets.

Gary Johnson, 609 Cain, said he attends the Lake Dallas Church of Christ and if Carlisle is made one-way it will be out of the way for the people who come from Denton Drive. He would suggest limiting traffic on Carlisle by the use of signs.

J. W. Lively, 527 Oak Lake, said Carlisle is tearing up our cars. He said we do need to build up traffic on Main Street but that Carlisle should be 2-way and perhaps it could be wider.

Mayor Wohr said widening the street would bring a new set of problems: the City would have to take some property in order to do the drainage and some trees would have to be removed.

Bobby Shikle, 712 Thompson Drive, said Carlisle should already have been done. He doesn't think an overlay is the answer and cited Thompson as an example of why not.

Ivan Bounds, 440 Betchan Street, said we should divert the trucks and boats and have them come down our good Main Street. He said Sargent and Betchan are in bad shape.

Bill Jacobs, 610 Sargent, said the one-way would divert traffic onto Sargent. It is only a 10' street with a 5' easement.

Jim Parrotte, 427 Carlisle Drive, said he has worked for a road building company for 35 years and doesn't think an overlay will solve anything. He said leave Carlisle as it is and fix it.

Wanda Vogel, 613 Sargent, said there are only 6 houses on that street and they try to accommodate their neighbors when they meet them on the street. They do not want more traffic and trash on their street.

Martin Lucas, 609 Sargent, said he believed all the issues he was concerned with had already been raised.

Toni Smith, 709 Payton, owns the daycare at 315 Carlisle and supports everything that's been said. They have two locations and if the parents have to drop children off at both places it would be an inconvenience if part of Carlisle is one-way.

When Mayor Wohr called David Owen's name from the list of names for the Public Hearing, he was not in the chambers. Mayor Wohr then read Jim Parrotte's name but he had spoken earlier.

Carolyn Green, 201 North Shady Shores, said it is wonderful to see so many people here and to hear what they've said. She said she's been at the previous meetings and these people haven't. They have not heard the Councilmembers agonize over what to do.

Sue Whitman, 427 Carlisle, asked how wide the street is now. She also asked why make it wider and one way.

J. W. Lively, 527 Oak Lake, told the Councilmembers their job is very difficult. He said he believes the citizens have made the decision for the Councilmembers. He said the issue is that no one wants it to change; they just want a smoother road.

Mayor Wohr closed the Public Hearing and called for a ten minute break at 9:00 p.m.

Mayor Wohr called the meeting back to order at 9:18 p.m.

2. **Consideration and Action on preliminary design for Carlisle and Main Projects.**

Tom Hoover of The Hoover Klein Group said the plan is a preliminary plan and not set in stone. The actual proposed project is a 1 1/2" overlay on the existing street. He said the street is narrower than COG recommends. He said he could live with 10' lanes and would be comfortable with 11' lanes plus shoulders. With the overlay patch and repair will be necessary in a couple of years. There will be moisture cracks, more movement, more cracks. If rehab is done but the ditches are not improved the City would probably have to do patch and repair in the same amount of time allowed with an overlay.

Motion was made by Councilmember Milan to do the very best we can on Carlisle to fix it without removing any trees, without taking anyone's yard, and in addition to put up a sign: no boats, no large trucks. Seconded by Councilmember Harper.

There was Council discussion.

Councilmember Milan amended her **motion** to be an overlay, 2-way, don't take any trees and nobody's property and we need signs: no boats and no large trucks. Seconded by Councilmember Stapleton.

Mayor Wohr asked the City Secretary to call the roll for those in favor of amendment to the motion.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

The motion to amend passed.

Motion was made by Councilmember Milan that Carlisle be an overlay, 2-way, take no trees and nobody's property and we need signs: no boats and no large trucks. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

3. **Consideration and Action on recommendations and costs for additional street projects.**

Tom Hoover, said he is not recommending overlays on the streets identified on Street Group B because they are all in such bad shape and the maintenance could not be kept up with. Mr. Hoover said the Street Group C inventory has not been done yet. City Manager Fairburn said he does not recommend rehabs on those streets that are 10' wide. Mayor Wohr said Council could set up a workshop and advise the engineers of their decision and the engineers could then group streets together for bids. Council also asked if they could get a schedule for completion after bids are let. City Manager Fairburn said the streets projects could be looked at during the budget workshops.

Motion was made by Councilmember Stapleton to accept the report. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

4. Consideration and Action on the FY 01 Budget review schedule.

Motion was made by Councilmember Stapleton to approve the Budget review schedule. Seconded by Councilmember Milan.

F. Workshop:

1. Community Center contract with Lake Cities Chamber of Commerce.

Council discussion was that the Chamber of Commerce, non-profit, civic organizations, neighborhood associations, etc. could use the Community Center without paying any rental fees.

2. Council Policies

3. Personnel Policies

Mayor Wohr suggested we bring back the Council Policies and Personnel Policies to a later meeting.

G. Adjourn

Motion was made by Councilmember Johnson to adjourn. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on July 13, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was excused. Members of Staff present were City Manager Fairburn, Police Chief Ristagno, Police Lt. James Lowery and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Georgina Gougeon, 717 Cain/P.O. Box 1311 - gave the Councilmembers and City Manager a copy of a letter received on March 21 from the City Manager detailing the costs to date of the Kimley Horn contract. She requested and update of the total amount that has been paid to date to Kimley-Horn Engineers. She asked where the money would come from for a new City Hall. Will it go before the citizens for a vote? She thinks several citizens in town need to be recognized as founders, i.e., who established the water department and gas department and who did the initial paving of Hundley. These people need to be acknowledged.

Mayor Wohr said we should have a Founders' Day and asked Ms. Gougeon if she would provide the Councilmembers with a list of names.

Rod Courtney, 162 Kingswood, said he was sure there was no immediate plan for a new City Hall. He said that might be a use through the new Economic Development Committee. He suggested that the current front offices be remodeled to provide the City Manager with a larger office. Ms. Gougeon said she believes the City Manager needs an office and suggested a portable building could be put in the Public Works yard.

Mayor Wohr said it was his hope to develop a real community center with a gym and then convert the present community center into a new City Hall. He said it is an undesirable situation with the Annex being on Denton Drive away from City Hall.

No one else came forward to speak so Mayor Wohr closed the Citizen's Agenda at 7:42 p.m.

E. Business:

1. Consent Agenda

A: Consideration and Action on an ordinance establishing the 4th Thursday meeting as a regular council meeting.
B: Consideration and Action on design and cost for marquee sign for City Park and for the Community Center.
C: Consideration and Action on contract for tax collections (Mary Horn).
D: Consideration and Action on reinstitution of the technology fee for Municipal Court fines.
E: Consideration and Action on June financial reports and accounts payable.
F: Approval of Minutes for meetings on June 8, June 13, and June 22, 2000.
Addendum: Item E-1-G: Consideration and Action on resolution authorizing the City Secretary to issue a water well permit for 718 E. Hundley Drive.

Motion was made by Councilmember Stapleton to approve all Consent Agenda items. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

2. Public Hearing on proposed Zoning District Changes M-1 Light Industrial to C-2 Commercial and R-1-6000 Residential for tract 104 of A1355A Wright, 2.49 acres, bordered by Main Street on the east; Betchan Street on the north; and Sargent Street on the west.

Linwood Gilliland, 703 Payton Street, said it might be easier to change the M-1 descriptions and/or restrictions by an ordinance than to change the zoning.

No one else came forward to speak so Mayor Wohr closed the Public Hearing at 7:52 p.m.

3. Consideration and Action on proposed Zoning District Changes M-1 Light Industrial to C-2 Commercial and R-1-6000 Residential for tract 104 of A1355A Wright, 2.49 acres, bordered by Main Street on the east; Betchan Street on the north; and Sargent Street on the west.

Motion was made by Councilmember Stapleton to approve the eastern 125' of the mentioned property to C-2 and allow the remainder to remain M-1. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

4. **Consideration and Action on Resolution for moratorium on M-1 Zoning Districts.**

Motion was made by Councilmember Milan to accept the resolution for a moratorium on M-1 zoning districts. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

5. **Consideration and Action on appointing members of Economic Development Committee.**

Names submitted by the Councilmembers were: Art Clark, Bonnie Brown Garcia, Paul Fiala, Mike Drozd, and Bruce Martin.

Motion was made by Councilmember Milan to accept the list as presented. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

After Council discussion Councilmembers Johnson and Stapleton will be liaisons and Councilmember Milan will be alternate liaison.

6. **Consideration and Action on Planning and Zoning Appointments.**

Motion was made by Councilmember Milan to appoint Mike Fahey as a regular commissioner and Lance Wilson as an alternate.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper.
Noes: None

Motion Passed

F. New Business

Mayor Wohr asked if we had the preliminary plan back on the Methodist Church drainage ditch. City Manager Fairburn said it would be in August. The Lakeview overlay should be in August.

Mayor Wohr said they had met with Hickory Creek Mayor Clarke again this month and approached him about the idea of annexation of Hook Street and Folley Beach. They will take it to their Council.

Councilmember Harper said some citizens had called her regarding citizens caring for parks other than City Park, Community Park and Willow Grove Park. City Manager Fairburn stated that long term care of parks by volunteers is difficult. The 1000 Oaks Neighborhood Association has done special cleanups and is arranging funding for some park equipment.

The mound of dirt by the railroad tracks and Anderson's carpet store will be taken care of by the City.

Mayor Wohr said we need a resolution at our August 3 meeting so we can get people to sign and send a letter to the City of Dallas and tell them how we feel about them taking our water from the lake.

City Manager Fairburn said we could buy a sound system like the one used for the 4th of July parade for about $1200 so we can use it for our other City activities. Police Chief Ristagno said the Police Department will sponsor a 'back to school' dance at the Community Center on August 18 and they would be able to use the sound system for that. Mayor Wohr said that Staff could just take care of getting the sound system.

City Manager Fairburn said the cement floor at the Community Center is difficult to keep looking clean and good. Tile flooring could be installed at a cost of under $4000. Mayor Wohr said he hates to put tile down when we would install carpet when it becomes City Hall.

G. Adjourn

Motion was made by Councilmember Stapleton to adjourn. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

The Lake Dallas City Council met in a special meeting on June 22, 2000, at 7:37 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Jeff McInnish	Councilmember 4
Betty Harper	Councilmember 5

Councilmember Milan was excused.

Members of the Staff present were Police Chief Nick Ristagno, Building Official Truman Harp and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Presentations**

Mayor Wohr had Certificates of Appreciation for Sandra McCarrie and Diane Byers. Ms. Byers was present. Mayor Wohr asked her to come forward to receive the certificate. He thanked her for her four years of committed service to the Planning and Zoning Commission.

E. **Citizens/Visitors Agenda**

David Owen, 611 Lake Drive, handed out packets to the Councilmembers. He referenced copies of a letter from City Manager Fairburn of April 14 and his letter to City Manager Fairburn on May 5. He said there were also copies of pages of the contract agreement when he worked for the City on contract labor.

Carolyn Green, 201 N. Shady Shores, Capital improvements -- improve our 'capital building;' and Economic Development Committee -- we need business so bad because we need the sales tax revenue. We're going to run out of building permit and SUP revenues. A lot of people have the misconception that the City operates on property taxes. If we're going to attract businesses we have to have something better to show them than 'what you see is what you get' when they come to our City Hall and see that you can't even go into the City Manager's office and to get a building permit you have to go to another area. It would be so much better if all our departments were under one roof. She dislikes the storage building and it is against code. We have records stored in the attic and she doesn't want the City's history to be eaten by the mice. She wants a commitment and wants to see a new building for City Hall on an agenda for discussion.

David Shershen, 166 Kingswood Drive, had two points. 1) he passed out information to the Councilmembers from years past. He said the City had a recreation program; the Councilmembers need to get volunteers and make the City exciting again; 2) he had information for the economic development committee and the Councilmembers were given copies of that.

Mayor Wohr had discussion with the Councilmembers. He then asked if anyone was there about the annexation agenda item. There were several. He asked if anyone was there for the Betchan zoning change issue. There was no one.

F. BUSINESS:

1. Consideration and Action on contract with the Hoover/Klein Group for Carlisle and Main reconstruction/overlay.

Mayor Wohr asked Mr. Hoover if they were agreeable with the addendum prepared by the City Attorney. Mr. Hoover said they were. Tom Hoover said the number is a little different on Carlisle due to the one-way. We will need to decide how to handle that -- with curb or reflectors. He said they were ready to begin.

Motion was made by Councilmember Johnson to accept the contract with Hoover/Klein Group for Carlisle and Main reconstruction/overlay. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

3. Consideration and Action on contract for Property Tax Attorney.

Mark Burroughs of Sawko and Burroughs, L.L.P. gave a presentation which included explanation of terminology on his handout for the Councilmembers. He said they enjoyed doing this work for the City and that they also work for the Lake Dallas I.S.D.

Motion was made by Councilmember Stapleton to accept the contract with Sawko & Burroughs as the Property Tax Attorney. Seconded by Councilmember Harper.
Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

2. Consideration and Action on Capital Improvement Projects (CIP) priorities.

Tom Hoover handed out the "Group A" street improvements to the Councilmembers. The streets included are: Betchan, Sargent, Church, Janet, Stephens, Overly, and 2 portions of Shady Shores. Since Church Street is mentioned in the Comprehensive Plan it was the consensus of the Councilmembers that it should be pulled from this group at this time.

Motion was made by Councilmember Johnson to accept Hoover/Klein's scope of services for Street Group A with the exception of Church Street. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

Mayor Wohr called for a short break at 8:35 p.m.
Mayor Wohr called the meeting back to order at 8:42 p.m.

G. WORKSHOP:

3. Folley Beach annexation.

Mayor Wohr said Folley Beach is almost entirely surrounded by two cities and it won't remain in the County forever. Some of the questions from residents of Folley Beach were: what's the preliminary plan? Council will decide which direction it wants to go and talk with Hickory Creek, in an effort to keep up a 'good neighbor policy.' What does ETJ mean? Extra Territorial Jurisdiction. What time frame? Probably six months. Who's going to do it? This Council. Will there be any grandfather clauses? Yes. New construction would fall under the City's building codes. Would the residents be able to call on animal control after annexation? They have heard we have a real good service. They were told that along with improved streets and police protection the animal control service would also be available to them. They would also be required to register their pets with animal control. What happens if Hickory Creek says, 'No?' We don't know at this point in time. Mike Milisavlzevich of the Town of Hickory Creek said he was there to hear what was being said, too. Mayor Wohr thanked the residents for their input. He thanked Mr. Milisavlzevich for coming to the meeting and said we'd like to meet with their Council and Mayor.

Council discussion included concerns about water supply, cost of providing services, and method of annexation. There was consensus to go forward on this issue and Council directed the City Manager to set up a meting with the two mayors.

1. Zoning change for M-1 zoning area on Betchan.

Mayor Wohr said we need moratorium on M-1 property so the City can have some leverage w/developers.

2. Economic Development Committee Guidelines.

Steve said Stewart gave us a mission statement. Steve said big committees move too slow. Each Councilmember should bring a name to the next meeting -- someone they have talked with and the person will be committed.

H. New Business

Marj asked what about the parade. Steve said we did not have a grand marshall. Myra Crownover would be doing something w/family and Terry Lantrip, Citizen of the Year, would be out of town. They'll think of something. Betty and Steve have convertibles. Ken will drive his bug. Steve told Councilmembers to get lots of balloons and streamers. They will meet 8 a.m. at park. There may be a small marching band.

E. Adjourn

Motion was made by Councilmember Stapleton to adjourn. Seconded by Councilmember Johnson.

Members of the Staff present were Police Lt. James Lowery, Building Official Truman Harp and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Anna Benham, 402 Betchan, spoke regarding the Library. She is president of the seniors' organization, Happy Hearts and they meet Wednesdays and Fridays. The Cemetery Association meets there once a month and there is a gymnastics' program there. She would not want the library expansion to take away from these activities.

Thanna Bounds, 440 Betchan, spoke on the same issue. She said the Community Center was built in 1985 and is needed for the community activities.

Carolyn Green, 201 N. Shady Shores, said her persistence for a new city hall and police department is paying off. It has started some talk around town and is gaining public support. She said the Community Center should be used for public activities, not library expansion.

Elizabeth Musick, 2101 Mayfield, Corinth, said she is president of the Library Board. She said they are just exploring options at this point and that they were not asking for the facilities at this time.

Jill Rael, 19 Wolters. Hickory Creek, said she was sorry for any misunderstanding. They would plan to keep the meeting space and kitchen facilities if they did any expansion in the building.

Mayor Wohr said we have talked with the new mayor of Hickory Creek. Discussion included joint projects, library included. We hope to get some commitment from Shady Shores and Corinth.

Chuck Graham, 1013 Kings Manor, asked that something be done about Meadowbrook. He said it had been brought up at a meeting last year.

Mayor Wohr said we could get that item back on an agenda. Since no one else asked to speak Mayor Wohr closed the Citizens Agenda at 7:50 p.m.

E. Presentations

Mayor Wohr had Certificates of Appreciation for outgoing Parks and Recreation Board members Sandra McCarrie and Leslie Spraggins as well as for Planning and Zoning Commissioners Diane Byers and Marjory Johnson. Councilmember Johnson accepted her certificate. The others were not in attendance.

F. Business:

1. Public Hearing on Special Use Permit for a daycare operation at 409 Columbia Circle.

Tricia Eason, 407 Columbia Circle, spoke and said she hates that this has torn their neighborhood to pieces. She is in favor of the daycare.

Connie Young, 630 Wildwood, spoke on Shay's behalf. She thinks it's a good idea.

Robert Clark, 405 Columbia Circle, is against it. Traffic is his main concern.

Elizabeth Miles, 403 Columbia Circle, asked that the permit be denied. She cited safety hazards and traffic disruptions in her reasoning for denial.

Barbara Clark, 405 Columbia Circle, stated traffic was her major concern for the area.

Dorothy Walkup, 708 Wildwood, thanked City Staff for being professional and treating everyone equally. She said that a petition had been given to the Councilmembers asking that the permit be denied. Her concerns were with parking safety, traffic, and emergency vehicles access. She asked that the permit be denied because even if approved with restrictions it would be up to the neighbors to police.

John Box, 402 Columbia Circle, said traffic and more maintenance for the street were his concerns.

Mayor Wohr asked if there were any brief rebuttals.

Connie Young, 630 Wildwood, thought there would be enough room for off-street parking and offered her driveway as an extra parking area.

Tricia Eason, 407 Columbia Circle, said Shay is one of the most reasonable individuals she knows. She said there are other people on the street that run businesses out of their homes. She asked that the petition be looked at carefully to determine physical addresses.

Mayor Wohr closed the Public Hearing at 8:17 p.m.

2. Consideration and Action on Special Use Permit for a daycare operation at 409 Columbia Circle.

During Council discussion Shay Sanders asked to speak. She gave the Councilmembers a petition with seventeen signatures on it that was in favor of the daycare. She also made Council aware of the limitations set by the State of Texas and gave them some paperwork on that.

Motion was made by Councilmember Milan to deny the Special Use Permit for a daycare operation out of the home for 409 Columbia Circle. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: Councilmember McInnish

Mayor Wohr called for a break at 8:35 p.m.
Mayor Wohr called the meeting back to order at 8:45 p.m.

Mayor Wohr pointed out the plaque that the City had received from the North Central Texas Council of Government the previous week at a meeting attended by 3 representatives of the City. The plaque was in honor of Lake Dallas, Hickory Creek, Shady Shores, and Corinth working together to support the Lake Cities Fire Department.

3. Public Hearing on replat of Lots 4 and 5 on Carlisle Court.

Ed Fortuna, 3634 Fairview Drive, Corinth, is the owner of the property. They want to build a larger house but due to the configuration of the lots they were unable to put the size house they want on only one lot. He showed a drawing of the house design to the Councilmembers and said it had been approved at the Planning and Zoning Commission meeting. He left a drawing on the podium for those opposed to see.

Jeff James, 704 Carlisle Court, said they had put a petition together that everyone on the street had signed. He said the bigger house would be fine but the detached, larger garage would not blend with the surroundings.

Gail Brown, 200 Julian, said she and Ron had built all the houses on Carlisle Court. She said they have never seen an elevation and the residents would like to see what's going on.

Carolyn Green, 201 N. Shady Shores, said an 800 square foot garage is not a 2-car garage.

Mayor Wohr closed the Public Hearing.

During Council discussion Jamie James said that the Fortuna's did not own both lots. Mr. Fortuna confirmed that both lots were indeed both under contract for their purchase. Mayor Wohr asked Building Official Harp what codes were involved. Building Official Harp said they would have to conform with the R-1-7200 building codes

Motion was made by Councilmember Milan to accept the replat of Lots 4 and 5 on Carlisle Court into one lot. Seconded by Councilmember Harper.

6. Consideration and Action on a proposal from the Library to have exclusive use of the Community Center.

Elsie Lacey, 607 Crest, said they are just in the planning stages now. Part of their plan is to provide meeting rooms.

Jill, Rael, 19 Wolters, said they have begun work on a formal proposal.

Mayor Wohr said that perhaps a workshop could be set up with members attending from Hickory Creek, Shady Shores, Lake Dallas and Corinth to discuss the future of a Lake Cities Library. He said we would need to know how much space they are needing and when they are anticipating the action.

Motion was made by Councilmember Stapleton that we not approve a proposal from the Library to grant exclusive use of the Community Center. Seconded by Councilmember Milan.

Mayor Wohr asked the Councilmembers to bring names for the Economic Development Group to the meeting to be held next week. Mayor Wohr said he would talk with City Manager Fairburn about the Council Policies and Procedures information as an agenda item. The marquee had been an agenda item at a meeting for which there was no quorum. E-mail addresses for Councilmembers was brought up. The Guideline for Texas Open Meetings Act should be looked at by every Councilmember. Al Bavon, Planning and Zoning Commissioner had attended a North Central Texas Council of Governments meeting regarding Planning and Zoning Basics.

H. Adjourn

Motion was made by Councilmember McInnish to adjourn. Seconded by Councilmember Harper.

Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting on May 25, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember McInnish was excused.

Members of the Staff present were City Manager Stewart Fairburn and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Carolyn Green, 201 North Shady Shores, requested a new City Hall and Police Department. We have had the same city hall since the population was 850. She said we have very dedicated and loyal employees. She had participated in the Kids and Cops Day and thought it was wonderful. The City Council should recognize the Police Department for that. She said she appreciated each and every one of the Councilmembers attending.

When no one else came forward to speak, Mayor Wohr closed the Citizens' Agenda.

E. **Business:**

1. **Consideration and Action on selection of Mayor Pro-Tem.**

Motion was made by Councilmember Harper to elect Councilmember Stapleton as Mayor Pro-Tem. Seconded by Councilmember Johnson.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper

Noes: None

Motion Passed

2. Consideration and Action on selection of City Engineer.

Proposals had been received from: Belcheff and Associates, Teague, Nall and Perkins, Inc.; Hoover/Klein Group; Grantham, Burge and Waldbauer Engineers, Inc.; Baird, Hampton, & Brown, Inc.; C & P Engineering, Ltd.; USA; Hosea, Hunter and Shawn. The committee (Councilmembers Stapleton and Johnson and City Manager Fairburn) selected Teague, Nall and Perkins, Inc., Hoover/Klein Group, Grantham, Burge and Waldbauer Egnineers, Inc., Baird, Hampton, and Brown, Inc., and C & P Engineering, Ltd. to be interviewed. Interviews had been done prior to the Council meeting and the top two candidates were: Hoover/Klein Group and C & P Engineering, Ltd.

Motion was made by Councilmember Harper to accept Hoover/Klein as the new city engineering firm. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

3. Consideration and Action on acceptance of bids for the City Park Fence.

All-Texas Fence, Inc. gave a bid of $19,850 for material only and $25,400 for material and installation. Air Ride Contractors bid was in the amount of $42,525 for material and installation.

Motion was made by Councilmember Johnson to accept the bid from All-Texas Fence, Inc. for the material only. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

F. Workshop

1. Presentation of Preliminary FY 01 Fire Department Budget.

Chief Thompson of the Fire Department gave his presentation of their budget. The Fire Department plans to hire 6 additional firefighters and staff another ambulance. When they make calls in the County they receive payment from Denton County. The station in Lake Dallas will be torn down to the slab and then rebuilt this year. The entrance will be off Alamo Avenue. They are also planning to construct a new fire station to service the growing area. The new debt of $1.5 million will be for:

New station	$1.0 million
Apparatus	$.3 million
Equipment	$.1 million
Equipment upgrade	$.1 million

2. Discussion of Capital Improvement Project (CIP) priorities.

City Manager Fairburn said the drainage ditch that runs through the Methodist Church's property had been on the CIP list. He said Pat Connors and John Lugenheim were at the meeting to discuss this ditch.

Pat Connors, Prime Group Association, said the church had acquired some land from the School District and there is a natural drainage ditch on this property. The church wants to build an activity building on this property so the ditch needs to be relocated to the east of the building area. Mayor Wohr said we would need to coordinate this project.

City Manager Fairburn said this is a major drainage area. It services the water from Garza Beach and Kings Manor to the north of Hundley and from the railroad tracks to the west of Falcon Drive. He said a careful analysis would have to be taken. Mr. Connors said if the church does a parking area that they should furnish the culvert for the ditch. Mayor Wohr asked what the timing was on the church's project. Mr. Connors said they had just got their bids in and other issues need to be addressed so it would probably be 60 - 90 days. When the new City Engineers are engaged they could look at the drawings that Mr. Connors has.

Mayor Wohr called for a short break at 8:55 p.m.

Mayor Wohr called the meeting back to order at 9:05 p.m.

Addendum Item E - 4. Consideration and Action on appointing an interview panel to evaluate construction attorney applicants.

Motion was made by Councilmember Harper to let Councilmembers Milan and Johnson and Mayor Wohr represent the Council in choosing a construction attorney. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

3. Council Policies and Procedures.

Councilmember Milan said she was using the City of Allen's manual as a reference because they had gone through the kinds of problems that Lake Dallas has.

Five minutes for citizen's agenda (ask for extention)
Citizen's Agenda -- to speak on any item other than a public hearing; includes consideration and action items
Flexibility is needed in running the meeting
Rules for speaking should be pointed out on the sign-up sheet -- bullet points
Public Hearings: do not do oppose/support groups. No discussion during public hearing.
Use separate sheets to sign up -- with place for comments
Council discussion -- open format for workshop; format for regular session. Mayor must recognize Councilmember.
Meetings: 7:30 to 10:30 with a 10 minute break around 9 p.m.
Use 4th Thursday as a regular session to avoid lack of quorum.
Pagers and phones must be muted.
Limit closed sessions.
Use workshops for fact finding.
New business should not be a time for discussion.
Contact City Secretary as early as possible if you cannot attend the meeting.
Attorney: go through City Manager to contact City Attorney. Response to go to all Councilmembers. Limit the attorney's frequency at Council meetings.
City Manager Fairburn to review City of Allen's rules and add those items that Council has discussed.

Mayor Wohr said we should have a workshop soon to re-prioritize some of the Capital Improvement Projects. He has talked with some of the people who live on Carlisle. Mayor Wohr said he and City Manager Fairburn were going to meet with the Mayor of Hickory Creek in the next week to discuss some things we have in common with them. We may just do an overlay on Carlisle instead of tearing the road down to the base and paving the whole street. We should look at all the things we have as goals: a recreation center, sidewalks, etc. These things should be looked at as Capital Improvement Projects. City Manager Fairburn said the Library has asked if they would have the opportunity to use the entire building.

G. New Business

Councilmember Johnson asked about the early voting hours.

H. Adjourn

Motion was made by Councilmember Stapleton to adjourn. Seconded by Councilmember Milan.

The Lake Dallas City Council met in a special meeting on May 11, 2000, at 7:35 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember Minnis was absent and excused.

Members of the Staff present were City Manager Stewart Fairburn, Police Lt. James Lowery, and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Linwood Gilliland, 703 Payton Street, thanked all the Councilmembers, with special thanks to Councilmember Shikle. He congratulated the new Councilmembers. He said the Main Street construction is fantastic. He said he had some ideas he would like to present to the City Council in a workshop session to promote our local businesses. He also asked to make the Early Voting a little shorter next time.

Carolyn Green, 201 North Shady Shores, said Linwood had already said what she wanted to say and that she had been able to tell Councilmember Shikle personally what she wanted to say to him. He said he was a very caring Councilmember. She congratulated the new Councilmembers. She said she would be at every council meeting and workshop because we have the most dedicated City employees as a whole that she can remember. She said she would attend the meetings until we get a new city hall and have a decent place for our employees to work – we <u>have</u> to find the money.

David Shershen, 166 Kingswood Drive, thanked all the people who ran for elected office. He congratulated the new Councilmembers and asked them to develop a sense of dedication; to have the wisdom to separate and study all the facts; and also to have a sense of honor and honesty to make the best decisions for the City as a whole. For Bobby and Michael, he salutes them for their dedication and fine community service and that he was proud to know them.

Margaret Tisdale, 509 Howard, said she appreciates the ones going out of office for all the hard work they have done and trusts that the new Councilmembers will be able to work together for the benefit of the people in our City and discern what they should concentrate their efforts on. Let's give our city that firm foundation of high morals, good character, truth, honesty, and equality.

Mayor Wohr closed the Citizens Agenda when no one else asked to speak.

E. Oath of Office to Elected Officials.

The City Secretary received the Oath of Office from Mayor Steve Wohr for the coming term. Mayor Wohr received the Oath of Office from Councilmembers Jeff McInnish for Place 4 and Marjory Johnson for Place 2.

F. Recognition of Outgoing Councilmembers.
G.

Mayor Wohr said it was a humbling experience to go on to this item. He said he had worked on a previous City Council with Councilmember Shikle. He said Councilmember Shikle needs recognition for more than one reason. Mayor Wohr said Councilmember Shikle showed his commitment to this job. He said he is a thinking man, don't ever underestimate him, he has shown enormous amounts of insight into issues and a lot of the times he was the rudder that was steering the Council. He admired Councilmember Shikle because he never thought about what was good for Bobby, but instead, what was good for the City. He gave representation to every citizen of the City. Mayor Wohr presented Councilmember Shikle with a plaque for his outstanding contribution to the City from May, 1996 to May, 2000.

Councilmember Shikle thanked Mayor Wohr and said he appreciated it. He said he would like to take a few minutes to backup what Carolyn had said – the heartbeat of this City is actually the employees of this City. He said it's not a Councilmember of the Mayor or the citizens who run this City. The City Manager has a horrible place to work out of and maybe someday we can give him a good place to work out of and pay them all a decent salary. It should be important to each Councilmember that that be one of the top things on their agenda to do.

Mayor Wohr said he truly wished that Mike could have been here tonight. He said he has been an interesting member of the Council. He said sometimes he would come at items on the agenda from a different approach which is one of the strengths of a Council. He was good for his commitment to this Council. He said we would like to publicly recognize Councilmember Minnis and award him his plaque. Mayor Wohr then recognized past Councilmembers in the audience – Linwood Gilliland and Dave Shershen. He said we appreciate all the hard work that these folks have done in the past. He also recognized Mrs. Shikle and thanked her for lending Bobby to us for so much time.
Mayor Wohr called for a break at 7:58 p.m. for refreshments.
Mayor Wohr called the meeting back to order at 8:15 p.m.

G. BUSINESS:

1. Consideration and Action on renewal of health insurance plan from May 1, 2000 to April 30, 2001.

There was council discussion. City Manager Fairburn said he had discussed the plan with the employees and that for as small a business as we are it was difficult to get a less expensive plan. He said the HMO rates were down this year but the PPO plan has gone up astronomically. The reason for the PPO plan having higher costs was to recover the costs of what they had paid out in the previous year. Holly Crowe, representative of Higginbotham and Associates, agent for Aetna, was available to answer any questions.

Motion was made by Councilmember Stapleton to approve the Aetna HMO and PPO health plan as presented. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

2. Consideration and Action on approval of contract for City Park design services.

Two Councilmembers expressed the opinion that they did not feel comfortable with Kimley-Horn as the engineers on this project. Mayor Wohr asked what the options were. City Manager Fairburn said we would just have to wait until we get new City Engineers and that would slow down the project a bit. There was more Council discussion.

Motion was made by Councilmember Milan that the contract for City Park design services be re-worked and brought back with a contract with the next City Engineer we engage. Seconded by Councilmember Stapleton.

Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

3. Consideration and Action on Comprehensive Plan, Economic Development Group and First Year Objectives.

City Manager Fairburn gave an overview of the Planning and Zoning Commission goals and asked if Council agreed with those goals for the next year. He explained how the composition of the Economic Development Group could be made up: 2 members of the City Council, 2 members of the Planning and Zoning Commission, 1 member of the Parks and Recreation Board, 2 business owners from each of the commercial areas, 1 – 2 members of the Denton County Economic Development Committee, 1 representative of the Northstar Bank, 1 representative of the Chamber of Commerce, 3 residents and the City Manager. If this is agreeable with Council the Planning and Zoning Commission can go out and try to fill those slots and bring back the group for Council's approval and get them working on the various plans. This group would be able to start looking for what types of projects that could be developed with the ½ cent sales tax. He asked that names be turned in as soon as possible. Councilmember Milan asked Linwood Gilliland if he would like to serve on this ad hoc committee and he accepted.

Motion was made by Councilmember Milan to approve the Comprehensive Plan, Economic Development Group and First Year Objectives as presented. Seconded by Councilmember Stapleton.

Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

4. Consideration and Action on acceptance of bids for overlay of Lakeview.

Motion was made by Councilmember Johnson to accept the bid of Jagoe-Public for the overlay of Lakeview. Seconded by Councilmember Harper.

Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

5. Consideration and Action on appointments to the Board of Adjustment.

Mayor Wohr stated that Council could reappoint Steven Bertrand as a regular member until December 11, 2001, and appoint Linwood Gilliland as an alternate to May 11, 2002.

Motion was made by Councilmember Stapleton to reappoint regular member Steven Bertrand to the Board of Adjustment and appoint Linwood Gilliland as an alternate to the Board of Adjustment. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

6. Consideration and Action on Reports:

a) Boards and Commissions
b) Financial, including Accounts Payable
c) City Manager's Report

Carolyn Green said she had contacted and firmed up a band for the 4th of July for the Park Board. The band's name is Salt Creek and they do mostly bluegrass with fiddles and banjoes. There was discussion about the parade.

There was a question in the Parks and Recreation Board minutes about the cost per foot for the fence. City Manager Fairburn said we would know the exact cost per foot, installed or not installed, when the bids are opened.

There were questions about the financials which included document shredding and the bike patrol and playground total cost at Community Park. Centurytel charges are mostly for line charges and not so much for long distance charges. Mayor Wohr said Denton County has some sort of plan for the employees and the cell phones that are used.

City Manager Fairburn gave an up-date of the street projects: rip rap is going in at the low water crossing and they are pouring concrete reinforcement; the contractor has presented some solutions for the problems at the Lake Dallas Café regarding the drainage; been trying to get with the company to finish off approximately another 60 feet in the Kings Manor Drainage Ditch and clean up their lot on Howard and Prince; striping is in. The intersections are working well with the exception of Main Street and Denton and the short turns.

The two positions which were open in Community Development have been filled. The issuance of building permits is down. The Building Official is working on the fence in Kingswood and the bank that owns the house on Knight's Court said the problem should be taken care of within two weeks. The City can't go in on private property and begin improvements.

City Manager Fairburn said when we get the information from the construction attorneys we would need two Councilmembers to go over the qualifications before Council makes their decision regarding a construction attorney.

Mayor Wohr said there is a problem with people dumping trash at Willow Grove Park and we may need to do some posting. City Manager Fairburn said the City does have the option to cite people for not mowing high grass and if they do not respond, the City goes in and mows and bills them for this service. If they do not pay a lien is filed against the property with the County. Council may want to look into this for the trash problems.

Motion was made by Councilmember Milan to accept all reports as presented and pay the bills. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes: None

Motion Passed

7. **Approval of Minutes for April 13 and April 15, 2000 Meetings.**

Motion was made by Councilmember Harper to accept the minutes of the April 13 and April 15, 2000 meetings. Seconded by Councilmember Johnson.
Ayes: Councilmembers Milan, Johnson, Stapleton, McInnish, and Harper
Noes None

Motion Passed

H. NEW BUSINESS:

The Council Policies and Procedures will be on the agenda for the next Council meeting. Other items brought forward were attempting to work with the Town of Hickory Creek regarding Main Street and animal control; a voters registration information booth at the Fallfest and reminders in the next two newsletters reminding citizens to vote; ADA requirements; the water level at the lake; the 34th annual assembly of North Central Texas Council of Governments on June 1; and early voting hours.

I. ADJOURN:

E. **Business:**

1. Canvass of the election held May 6, 2000.

Mayor Wohr passed the official tally sheets prepared by the election judge and computerized tapes which also showed the tally to the Councilmembers for their inspection. There was a question as to definitions for overvotes and undervotes: overvotes are where there are more than one line marked for any item on the ballot and undervotes are for those ballot items where nothing has been marked. Mayor Wohr read the voting results.

F. New Business

There was a question as to when the new propositions would take effect. Councilmember Shikle said he had been soliciting votes for Kyla Milan as the next Mayor Pro-Tem. He also said the Council had been through a pretty rough year because someone always wanted to fire someone instead of working on business. He said that since City Manager Fairburn has been here that there has been a lot of progress in the City.

Mayor Wohr thanked Councilmember Shikle for his hard work while on the City Council and asked that he attend the next meeting.

C. **Citizens/Visitors Agenda**

No one came forward to speak. Mayor Wohr closed the Citizens' Agenda.

D. **Workshop Session:**

1) Drug Enforcement.
Chief Ristagno gave the Councilmembers some handouts. He said there are several strategies available but some are not available to our department because of the size of the department. We refer to basic strategies through traffic enforcement, establishing probable cause, occasional informants, some surveillance and none of these are sophisticated because we don't have that type of equipment. We don't have a special division, undercover officers, or drug officers. We do have a dog on patrol and he is used to generate probable cause. Usually the drug arrests that are made are not major dealers because they are difficult to get to if you don't have the avenues that larger departments have.

The largest majority of arrests that are made are due to warrants and most of them are arrests for outside agencies; the second largest would be Lake Dallas warrants. After that the highest number of arrests is alcohol –this includes DWI, public intoxication, minors in possession, contributing to minors. This is based on a 3-year study and it has been the highest in 1998, 1999 and 2000 year to date. The next highest is traffic arrests and some of these lead to drug arrest which is generally our third highest. This year, to date, assault is the highest. Drugs usually is the 3rd highest.

Chief Ristagno said the arrest rate can vary due to the maturity of officers as well as administrative directives. A lot of cases can be handled by issuing citations as opposed to actually arresting a someone. There was Council discussion and questions for Chief Ristagno.

He said sometimes it takes one to two years of surveillance before probable cause can be established. He said that a lot of houses that are reported to the Department are already being watched and tag numbers have been taken. The Chief said they have asked for assistance from a task force but it's difficult to get because the North Texas Task Force is way understaffed. The dog is a help in a search and is available to the I.S.D.

He said there have been reports that officers stop people, do searches, and then take the drugs for themselves; others swear that the officer planted the drugs. He said that there are stories now that one place that gets reported regularly and the officers get called over there constantly because 'they're breaking windows,' loud disturbances, or, 'they're out there smoking dope.' When the squad car gets there everything's fine. Now the rumor is that the officers are just going down there to buy their dope.

There was more Council discussion and questions for Chief Ristagno. He was asked if he had pursued any special grants. The Department is making use of the COPS Grant. The Chief said there may be some small grants available for alcohol but the cigarette grants are really not worth pursuing. When the grant funds expire then you have the question of what to do with the officer(s) involved due to the grant. When Council asked what they could do to help, Chief Ristagno asked for their support.

The alcohol arrests are typical of most cities. The changing to 2 AM for the sale of alcohol did not impact the problem and it is not due to being a 'wet' community. Lt. Lowery said a good portion of the DWI and PI arrests are out of city residents, which is probably due to visitors to the lake. Denton has gone to 2 AM but Lewisville is still midnight.

The school lunch program by some of the officers is providing a good relationship among the children and police department. Respect is coming back for officers. The kids love the cards and reading and lunches.

Mayor Wohr said that when they, as public officials, are openly critical of things the Police Department does, it undermines their ability to do their job; when there are community things that involve our police department it is incumbent upon the Council to be there even if they don't say or do anything – just show that they back the force. He said the Council and staff are collectively the 'city.' Chief Ristagno said that as a Chief he sees himself as an extension of the Council and that if they have a concern it becomes his concern. He said they want to be an integral part of the City. He said that May 13 is the open house this year. The community is giving back to us – there have been hot dogs, grills, t-shirts and other things donated for this 5 hour affair.

Lt. James Lowery is the City's representative in the multi-jurisdictional community-school group. Corinth has hired a one-man Parks and Recreation Department who came from Denton. He had high school and middle school students involved and started an organization where the kids actually run the program with a board of directors made up of some of the parents. The Denton organization gave a presentation at the most recent meeting. Mr. Davenport of the Lake Dallas ISD asked the student council to get with the Denton organization and see if they could develop some programs for this area by participating in the Denton activities.

There was discussion about activities and volunteers for the teenagers in this area. Our Parks and Recreation Board does a lot of things for a volunteer group. They have the 4th of July activities; Christmas tree lighting; Fallfest; various parks clean-up days. The VFW and American Legion has scheduled an Easter Egg Hunt for Easter Sunday. A statement was made that to impact drug enforcement better would be to have alternatives for the children. Our Parks and Recreation Board is completely made up of volunteers and it would not be able to create a successful weekly youth oriented activity. We would need paid personnel to accomplish that. This could be discussed during budget time. By adding $1/month to the property taxation we would be able to have a paid position for the Parks Department.

2. CIP List – New Street Projects

City Manager Fairburn said we need to get projects going besides the rest of Main Street and Carlisle Street. He said the quickest way to get the engineering going would be to use the existing engineers and the second fastest way would be to send out RFP's for other engineers. We need to get a priority list made up and get prices together. If possible we should try to get any streets in a certain section of town done at the same time in an effort to keep the machinery from going over repaired streets a year or so later and damaging them.

We need to get bids for the Lakeview overlay. Overly may need more than just an overlay while parts of Shady Shores that were not part of the bond project may need just an overlay. There was discussion about landscaping on Main Street. We will need to get caught up on the asphalt. The list of streets that need repairs comes from input from Council, staff, the Police Department and citizens. City Manager Fairburn asked for help in getting a new engineer. A meeting with Mayor Wohr and Councilmember Minnis with the City Manager would be held Monday at 1 p.m.

2. Financials and Reports

City Manager Fairburn handed out some information for the Councilmembers to review and give him their comments. The revenue from building permits is under budget again this year since Jackson Ranch is not developing as fast as anticipated. He also handed out the most recent Police Department report.

E. New Business:

City Manager Fairburn said he would put the letter from the Planning and Zoning Commission regarding Economic Development on the April 27th Council Agenda. The April 20 Executive Session will be held at the Fire Station.

Councilmember Milan said she would like to see the City Council policies on the agenda before the new council comes on. City Manager Fairburn said that also is scheduled for the April 27 meeting. The Councilmembers asked that it be put on the agenda for the April 20 meeting. City Manager Fairburn said that on the April 20 meeting we need to identify the problem areas.

F. Adjourn

Motion was made by Councilmember Minnis to adjourn. Seconded by Councilmember Milan.

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in regular session on April 13, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Michael Minnis	Councilmember 4
Betty Harper	Councilmember 5

Members of the Staff present were City Manager Stewart Fairburn, Police Chief Ristagno, Building Official Truman Harp, and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. **Citizens/Visitors Agenda**

Mayor Wohr opened the Citizens Agenda.

Kyla Milan, 915 Lake Bluff, said that as a citizen she was disturbed about the polling place change for the primary runoff election. She said it was an inconvenient location and that that may have been the cause for such a low voter turnout. She said she would like to see this Council and future Councils assure the citizens a local, convenient polling place for the future federal elections.

Linwood Gilliland, 703 Payton, first thanked the Mayor and Council and the Staff for the Volunteers Appreciation Dinner. He said he really appreciated it. He said that one of the real problems at the runoff election was that the seniors had difficulty walking the distance from the parking area to the polling place and then it rained several days also.

Thresa Gladys, 5412 Kings Manor Drive, inquired about the status of the Kings Manor Drainage Ditch. She said there was nothing mentioned in the recent newsletter. She said it looks as if work has been stopped but the job is not finished. She needs to repair her fence but should wait until the construction is done. She wants to know what's happening on this project.

Mayor Wohr said she would receive a written response which will advise her where we are on the project.

Marilyn and Lou Meyer, 204 Dobbs Road, said they are our neighbors in Shady Shores. They asked if there is a container regulation in the city for trash that's put out for pickup. Mayor Wohr told Mr. Meyer that the City does not have a regulation. Mr. Meyer then stated they would like to register a complaint. They live at the end of a drive that comes out of the Thousand Oaks subdivision and when the wind blows out of the south they find their bar ditches full of trash that has blown out of the subdivision. They brought some pictures which they showed to the City Council. They have to go out and pick up the trash out of their bar ditches. He said he would appreciate it if we could ask our citizens to bag their trash so

it doesn't blow away. Mayor Wohr said we would certainly address that. He said it could probably be handled through the Home Owners Association for that subdivision and we could have the Code Enforcement look at the situation. Mayor Wohr asked them to send a letter to the City Manager and that might help us to pinpoint the problem a little easier.

Aldena Gregory, 603 East Hundley, said she was unhappy about the polling place for the runoff election. She said it was inconvenient for the citizens as well as the election workers. She said they had very little working space at the college; nothing was convenient; they had to walk 125' to get the equipment together to take to the election site. She said most people who came in to vote were unhappy with the change of the site. She said the college is a nice place but the Council Chambers and Community Center are buildings that belong to the citizens of Lake Dallas. She said she understands there are classes going on at the Community Center and she hopes the instructor is paying rent.

Mayor Wohr said he would not try to respond at this time because he had already spent over an hour on the telephone with Ms. Gregory. He said there was never going to be a Lake Dallas election that would be held anywhere except in Lake Dallas. Lake Dallas controls elections but does not control elections where the County sets the elections. He said the runoff was set by the County at the request of the Republican Party Chairman, the Democratic Party Chairman, and the persons who were running for office. The County, as a courtesy, contacted all of the mayors of the Lake Cities area and they agreed to let the County put the election where they wanted to put it.

Margaret Tisdale, 509 Howard, spoke regarding the Kings Manor drainage ditch. She said the concrete work looks decent but about mid-way of the ditch the blocks there look as if they should be higher. She asked that this be checked out.

Mayor Wohr closed the Citizen's Agenda at 7:55 p.m.

E. **Proclamation:** Mayor Wohr read the proclamation that designated the month of April as Sexual Assault Awareness Month.

F. Business:

1. **Consideration and Action on the Report on Street Projects from Independent Engineer.** Gary Vickery of Teague, Nall and Perkins in Fort Worth, Texas, said he hoped that each of the Councilmembers had looked at the reports he had furnished for them. He said their assignment had been to look at the plans and specifications prepared by Kimley-Horn and Associates and they talked with an engineer there; they talked with Peachtree Construction; they have reviewed test results; they've done extensive field observations on a couple of different days; they've consulted TX DOT specifications and COG's specifications as well as the asphalt handbook. He consulted with other engineers in the company's offices to get opinions as well as their experiences. He said the report reflects that there are probably some weaknesses in the plans and there are some deficiencies in the construction. He said most of those deficiencies and weaknesses have not real dramatically impacted the project; or, the impacts that are there can be taken care of.

The Councilmembers had numerous questions for Mr. Vickery which included: any open cuts observed; the timeliness of testing; the Inspector's (Dave Owen) reports; the photo album; street washboarding; extended exposure of subgrade; and others. Mr. Vickery responded to all the questions. He said that in the summary the intent had been that once corrective action is taken, those things should be all right. There was more discussion and questions were raised regarding a statement about re-negotiating the price on some of the defects. Comments were made about retaining a construction attorney to look at the issue.

David Owen, 611 Lake, said he hadn't seen the report and began asking questions of Mr. Vickery. Councilmember Minnis gave Mr. Owen a copy of the report.

Motion was made by Councilmember Stapleton to move the discussion to executive session at our next meeting to consider possible litigation. Seconded by Councilmember Harper. Mayor Wohr thanked Mr. Vickery for his time and asked him to look into what might be done at this time to do those chemical tests to get more definitive results about what was done to that concrete or what kind of condition it is in. After Council discussion Councilmember Stapleton **amended** the **motion** to read that we approve the report as presented by the independent engineer and schedule a special meeting to consider possible litigation in Executive Session on April 20. **Seconded** by Councilmember Harper. Councilmember Shikle said he is very much against having an Executive Session over anything to do with the streets. He said he wanted anything about the streets be done right out in the open and all the facts printed in the paper because there is a lot of mistrust from the public. He said this is because they don't know what's going on and a lot of time the Council doesn't know what's going on. It was decided that there could be an open session regarding looking for construction attorneys.

Ayes: Councilmembers Stapleton, Minnis, and Harper
Noes: Councilmembers Milan and Shikle

Motion Passed

Mayor Wohr called for a break at 9:15 p.m.
Mayor Wohr called the meeting back to order at 9:30 p.m.

2. **Public Hearing on replat of Lots 5 and 6 Mollie Cain Subdivision located at northeast corner of Cain and Lakeview.**
   No one came forward to speak. Mayor Wohr closed the Public Hearing.

3. **Consideration and Action on replat of Lots 5 and 6 Mollie Cain Subdivision located at northeast corner of Cain and Lakeview.**
   There was council discussion about the size of the proposed lots, the type of structures, drainage and flood plains. The replat meets all the qualifications of the City and zoning requirements. The Planning and Zoning Commission had approved the replat unanimously.

   Motion was made by Councilmember Milan to accept the action to replat Lots 5 and 6 of the Mollie Cain subdivision. Seconded by Councilmember Shikle.
   Ayes: Councilmembers Milan, Shikle, Stapleton, and Minnis.
   Noes: Councilmember Harper

   Motion Passed

Councilmember Minnis asked City Manager Fairburn where the City stands on having Planning and Zoning Commission to review the zoning districts. City Manager Fairburn said they are working on the commercial areas now.

4. **Public Hearing on replat of Block 9 of Original Town of Garza located at Main and Falcon.**
   No one came forward to speak Mayor Wohr closed the Public Hearing.

5. **Consideration and Action on replat of Block 9 of Original Town of Garza located at Main and Falcon.**

Motion was made by Councilmember Minnis to approve the replat of Lots 1 through 6 of Block 9 of the Original Town of Garza subdivision to two lots. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

6. **Public Hearing on exemption from 80% masonry rule for commercial building on Gotcher.**
   Linwood Gilliland, 703 Payton, said since we are enjoying the good times of prosperity, we have asked Fast Break, Dollar General and Mr. Houghton and the building next to Mr. Houghton's to comply. Why should we change now? He doesn't think it's fair to change.
   No one else came forward to speak so Mayor Wohr closed the Public Hearing.

7. **Consideration and Action on exemption from 80% masonry rule for commercial building on Gotcher.**
   Council discussion included questions about how many cities close to us had the 80% masonry rule; the reasoning behind the ordinance which would allow an exemption; the Planning and Zoning Commission unanimously denied the exemption. It was pointed out that one of the applicants had stated at the Planning and Zoning meeting that it would be okay if they were required to go with the 80% masonry.

Motion was made by Councilmember Minnis to grant the request. Seconded by Councilmember Shikle.
Ayes: Councilmembers Minnis and Shikle
Noes: Councilmembers Milan, Stapleton, and Harper

Motion Failed

8. **Public Hearing on amended plat of COMCO Addition.**
   No one came forward to speak on the item. Mayor Wohr closed the Public Hearing.

9. **Consideration and Action on amended plat of COMCO Addition.**

Motion was made by Councilmember Milan to accept the amended plat for COMCO Addition. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None
Abstentions: Councilmember Minnis filed an Affidavit of Abstention because he works for COMCO.

Motion Passed

10. Public Hearing on changes to the 80% masonry rule for accessory buildings in R-1-7200 and R-1-10000 zoning districts.

Linwood Gilliland, 703 Payton Street, said this doesn't affect anyone in the older part of the City. He said this mostly affects those in the Thousand Oaks, Oak Lakes, and Lakebridge areas where everyone has mostly brick homes. He thinks it should stay as it is because we all know how metal or wood buildings look in several years.

No one else came forward to speak. Mayor Wohr closed the Public Hearing.

11. Consideration and Action on changes to the 80% masonry rule for accessory buildings in R-1-7200 and R-1-10000 zoning districts.

Councilmember Shikle asked City Manager Fairburn if someone had brought this forward as an agenda item. City Manager Fairburn said Councilmember Harper had asked for it. There was Council discussion about the item. The Planning and Zoning Commission recommends no changes at this time though they would like to look at height restrictions. Councilmember Milan said that Councilmember Harper had said she didn't have a problem with waiting 45 days because she wasn't planning on building one right now and that way the Planning and Zoning Commission could look at this again.

Motion was made by Councilmember Milan to send this back to P & Z to look at the issue and consider the area and height restrictions within a 45 day period. Seconded by Councilmember Minnis.

Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

12. Appeals Board Drawing.

City Manager Fairburn held the bowl with the names that had been submitted by the Councilmembers. A citizen, Robert Kaiser, drew the slips of paper from the bowl. The names drawn for members of the board: Tim Wright, Margaret Tisdale, Jim Tankersley, Linwood Gilliland, and Charlie Hedges. Names drawn as alternates: Nancy White, Bob Davis, and Frank Barnard. The remaining names were Clyde Knight, Charlie Hedges, Bob Davis, J. W. Liveley, and Ken Kennemer. The Council had submitted some names that became duplications.

13. Consideration and Action on tabled reports and financials from March meeting. (February Reports)

Councilmember Minnis questioned the amount of money spent on telephone bills. City Manager Fairburn said we could give them a breakdown on the telephone bills. We do have toll free lines to call Denton and Lewisville but we have long distance throughout the state as well as the fax lines. He said that Staff has looked at the long distance charges in the past and has sent out memos to remind the employees to use the metro lines whenever feasible. Councilmember Stapleton questioned $3900 to the City of Denton. It was determined that item was to pay for the ambulance service.

Motion was made by Councilmember Minnis to pay the February bills and accept all the reports. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

14. **Consideration and Action on approval of a Resolution to appoint Linwood Gilliland as Alternate Judge for May 6, 2000 general election instead of Cora Allen.**

Aldena Gregory, 603 E. Hundley, said she felt that since Ms. Allen lived in the district, but not in the City, it would be better if Ms. Allen was not the Alternate Judge.

Motion was made by Councilmember Stapleton to approve a Resolution to appoint Linwood Gilliland as Alternate Judge for May 6, 2000 general election instead of Cora Allen. Seconded by Councilmember Milan.

15. **Consideration and Action on Reports:**
    a. **Boards and Commissions**
    b. **Financial, including Accounts Payable and Quarterly Investments**
    c. **City Manager's Report**

There was discussion about the park equipment. It is all set up and the mulch is in. Fliers have been distributed about the opening of the playground equipment and eggs had been purchased to have an Easter egg hunt on April 15. The lease needs to be finalized on Willow Grove Park before we can make any more improvements. He said some volunteers have offered to help in the pier areas. The City Park drainage study and siting for the fields should be coming to Council for approval soon as well as the fencing type being wrought iron instead of chain link. The drainage study will cost approximately $5000.

Aldena Gregory expressed concern about the name of the previous owner for the park not being visible. City Manager Fairburn said that would be taken care of as soon as the sign is completed. A plaque will be there showing the history of the park.

In the discussion about the financial reports there was more discussion about reducing the telephone bills. The Fire Department checks are written monthly this year; next year the payments will become part of the debt service. The Friends of the Family donation is made at the end of the fiscal year. The check to the Tomahawk Live Trap Company is for live traps.

Motion was made by Councilmember Milan to accept the financial reports as presented and pay the bills. Seconded by Councilmember Stapleton.

Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper

Motion Passed

City Manager Fairburn gave his report stating that the City's quarterly clean-up would be held Saturday, April 15 between 8 a.m. and 2 p.m.; the Council's quarterly meeting will also be April 15 from 8:30 a.m. until 12 p.m. and then all will go out and do the playground dedication. The street projects is in the news. They have regraded the ditch at Denton and Main; they have done other grading of ditches; guard rails are in at Pembrook and the low water crossing on Shady Shores; the concrete drive is done for Century Telephone; they are going to replace the section in front of the Intermediate School and Administration Building; a section of Dobbs will be replaced; some transitions that had not been done earlier will be done.

The drainage in front of the Lake Dallas Café needs to be addressed. The water comes down and stays in the swale nicely to San Jacinto where it curves out, hits the front of the building and curves back in. With a small rain there is not much of an impact but with a heavier rain it causes problems. This is also supposed to be taken care of by the construction company. Peachtree Construction has received the punch list and they have done some of the items.

There was discussion about fixing some of the other streets that had been discussed in earlier meetings. City Manager Fairburn asked if a couple of Councilmembers would be willing to meet with him to work up a Request for Proposal for engineers.

Councilmember Shikle said that he hears someone say just about every day to fire Stewart because he's made this mistake or that mistake. Councilmember Shikle said he may make mistakes but that the City will benefit from the City Manager's mistakes because Councilmember Shikle said he's never seen the City Manager make the same mistake twice. Councilmember Shikle said he thinks that City Manager Fairburn would go into the next street projects being one of the most qualified people in the State regarding street projects. City Manager Fairburn said now we know the questions to ask.

Mayor Wohr asked City Manager Fairburn to keep the Council advised regarding the streets so they can have answers for those citizens who call them and ask why this and that are being done.

16. **Approval of minutes for March 9 and March 23 meetings.**
Mayor Wohr asked City Manager Fairburn if he had given a written response to Linda Rapp and her questions on page 2 of the March 9 meeting. City Manager Fairburn said he had not because he had not received the information from Building Official Harp. He said he had talked with Ms. Rapp.
Motion was made by Councilmember Minnis to approve the minutes for the March 9 and March 23 meetings. Seconded by Councilmember Stapleton.

G. New Business

Councilmember Shikle asked how we are coming on the Fire Station. City Manager Fairburn said he would find out and advise Council. Councilmember Milan asked about the ADA compliance regarding parking and bathrooms for new developments. City Manager Fairburn said that would be Truman's department. She said she has seen some areas that don't look as if they are in compliance. Mayor Wohr suggested getting a little bulletin out to the existing businesses and ask for voluntary compliance.

There was discussion regarding the City's web page. The company who did our web page is the same company who up-graded our PC's. Councilmember Stapleton said he is against the City spending money outside the City unless there is a tremendous savings. Mayor Wohr said they could issue a directive to Staff about making purchases locally unless there is a certain percentage of savings by going outside the City.

Updating the web pages is currently being done by one of the police officers. In time the section for posting the notices of meetings will be updated by the City Manager or the City Secretary.

Councilmember Milan thinks that as a service to one of our vendors here in Lake Dallas we should present a statement of the reason why we did what we did with the web site. She said she doesn't know how it came about that Mr. Lantrip gave the presentation last summer. Councilmember Stapleton said he had asked him to be at the meeting. Councilmember Milan said that regardless of whether it was a huge savings or the established relationship we had with the firm who was handling our computer system, she doesn't have a problem with it one way or the other. Mayor Wohr said that if we want our City Manager to do something specific we should tell our City Manager to do something specific and if we want him to do something general we tell him to do something general. Councilmember Harper said Mr. Lantrip had called her, also, and said that if we want him to do our web page he would put in on the Lake Cities.com for nothing. She said he was very emphatic about doing business in town and he had heard that the City had done some food business by going out of town. She said she is totally for supporting our businesses here in town. Councilmember Minnis said we have had the unofficial policy to use businesses here in town. The only time we have chosen to go outside of town was because it was a quality or major cost difference. City Manager Fairburn said he was quite right, you also have to look at quality. Right now, one of the subcontractors on the street projects is an in-town business and we wouldn't want to do that again. The thing with the catering, all we knew about Papa's at that point was it was a little bar-b-q in a 10' building and cooking outside. We knew what the quality was going to be when we went out of town for the previous meal. We used Papa's for the dinner and it worked out fine so we will continue to use them.
Councilmember Shikle said we spent $1600 getting a transmission rebuilt in Denton and said we have places here in town who could rebuild transmissions. He asked why Council was concerned about the web site and bar-b-q monies being spent out of town but said nothing about the $1600 transmission being done out of town. Councilmember Harper said it was reported. Mayor Wohr said we need to make a clear policy.

Councilmember Stapleton said the run-off election business was still bothering him. He said there was a massive amount of misinformation all over town. He said he would like for the City Manager put together a list of facts and call over to get an interview with the local newspaper to dispel some of this rumor. Mayor Wohr said the problem with rumors is that they don't necessarily go away because you get the facts. City Manager Fairburn said we don't have anything to do with that. Mayor Wohr said some people will deliberately misinform other people in order to damage someone's public figure. Councilmember Stapleton said he feels damage has been done.

Councilmember Shikle referenced rumors. He said when he first got on the Council he was told about all the retaliation that would happen from the Police Department and Code Enforcement. He said if this police force had a right to get on anybody they should be stopping him, daily, and issuing him a ticket if they wanted to retaliate on something because he's given them every reason in the world. He said they have never retaliated on him in any way, shape, or form. That's just part of your rumors you hear.

There was more discussion about the elections. Mayor Wohr said that where the next general election in a party election is held will be decided by the County. We only have control over our City elections. There was discussion among the Councilmembers and a few comments from the floor. Mayor Wohr said he was going to close the discussion on this issue.

The Lake Dallas City Council met in regular session on March 23, 2000, at 7:43 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Michael Minnis	Councilmember 4
Betty Harper	Councilmember 5

Staff present were City Manager Stewart Fairburn, Building Official Truman Harp, and City Secretary Beverly Weikum.

Mayor Wohr said there were no items on the agenda for the Citizens Agenda or New Business. He said that since they were not action items they could be addressed.

B. **Citizens/Visitors Agenda**

Jan Daniels, 401 Shady Shores, gave supporting statements for Building Official Harp. She said he had 45 years experience and has performed his duties with intelligence. She feels politics are keeping him from doing his job.

Rod Courtney, 162 Kingswood, said he has been associated with the city for several years. He said we have had problems in every department in the City but that the good things override the problems. He said while he was Mayor he had no problems with the Building Official and hoped the Council would give him a good recommendation.

Dave Owen, 611 Lake, said he had received a letter from City Manager Fairburn and that he would be able to help the Council with the street project. He said he would donate his time as a citizen to label the pictures of the street projects. He said there's still an unresolved issue regarding his final paycheck and also the matter of his lack of confidence of Mr. Fairburn during the street projects. Mr. Owen said they are. Mr. Owen said he thinks Mr. Harp is a good, dedicated employee and has the best interests of the City at heart.

Timothy Wright, of the Horn of Plenty, brought copies of their latest newsletter to the Councilmembers and Mayor. He said he wanted to update the Council of what's going on with them. He said that since November of last year they have helped over 3000 people with food, clothing and job assistance. He's asking for help from the Council through their support. They plan to build a 2000 square feet building on the property and have it be a building for teen center for movies and music a couple nights a week and also have it open a couple nights a week as a coffee house where people can just sit down and be together. He said he is behind Truman Harp 100%.

Mayor Wohr thanked Mr. Wright not only for the Horn of Plenty but for other things he has done in the past such as donating things for the Fire Department fund raisers, providing entertainment for different events.

Bob Davis, 73 Lakeridge, complimented Mr. Wright. Mr. Davis said there was nothing about the streets on the agenda. In his opinion he thinks there should be something about the streets on every agenda until they are completed. He said he totally supports Truman Harp and finds it difficult to believe the Council could do something negative. He also said he is delinquent 54 days on his taxes with reference to the Charter and Candidate qualifications.

Margaret Tisdale, 509 Howard Drive, said she was concerned about the evaluation for Truman Harp. She said he is a good inspector.

Gene Tisdale, 524 Howard Drive, said he's been in Lake Dallas for 26 years and thinks Truman Harp is the best Building Inspector the City has had.

Georgina Gougeon, 717 Cain, thanked City Manager Fairburn for giving her the audit on Kimley-Horn. She said she was in shock over the amount the City has spent with the engineering firm. She said she had worked with Truman Harp when she was a city employee and she believes he is very fair and honest. She said a member of the community, Dr. Ronnie Crownover, needs a blood and bone marrow transplant. She asked everyone there to go to the "Rally Round" which was scheduled for the coming week-end to make a donation.

Mayor Wohr said the hospital wants to take tap tests which is a blood test, to see if they can find someone with a compatible bone marrow match. There are locations in Denton and Lewisville.

David Shershen, 166 Kingswood, said he was on the City Council when Building Official Harp was hired. He said Building Official Harp brought about the situation where the area of Code Enforcement brought about an air of professionalism. He said as a citizen and former councilmember he was thanking Building Official Harp.

Tim Wright wanted to ask the Councilmembers to look into this evaluation and reasoning.

Councilmember Shikle said he would have to leave early and asked Mayor Wohr to move to Item E and then F. Mayor Wohr said that was a good idea because that way there would be a full Council for that item.

Mayor Wohr closed the Citizens' Agenda called for a break at 8:20 p.m.

Mayor Wohr called the meeting back to order at 8:40 p.m.
Councilmember Minnis requested that the Consent Agenda be done before going into Executive Session.
Mayor Wohr and the rest of the Council were in agreement.

B. Business:

1. **Consent Agenda:**
   a. **Consideration and Action on appointing the judges for the May 6, 2000 City Election.**
   b. **Consideration and Action on an Ordinance adopting the codified Municipal Code**

C. Mayor Pro-Tem Minnis led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Mayor Pro-Tem Minnis opened the Citizens Agenda.

Marjory Johnson, 905 Vista Oaks, said her brother is a civil engineer with Granite Construction. He came to look at our streets at her request and City Manager Fairburn went with them. She said her brother is probably more qualified than a lot of people who had come before the Council about the streets. After looking at the streets with her brother, it appears that some of the streets look great and some don't look so good. She has read the contract and read several paragraphs at this time concerning the engineers and their responsibilities. She asked if we had written notice that the work is acceptable.

City Manager Fairburn said we are not at that stage yet.

Ms. Johnson said she would like to request that Council look over the draft letter to Kimley-Horn that had been prepared, have the attorney review it and forward this letter to Kimley-Horn. Once we have the reply from Kimley-Horn to this letter it would be Kimley-Horn's responsibility to pay for the outside engineering firm to come in and review the streets, test results, etc. Ms. Johnson requested a copy of the letter if the City sends it to Kimley-Horn and she also requested a copy of the response from Kimley-Horn.

Mayor Pro-Tem said it would be public record if it is not attorney-client-privileged information.

Councilmember Harper said she and Councilmember Milan had been chosen to check on the two firms that City Manager Fairburn had given them. They had chosen Teague, Nall and Perkins. Councilmember Harper said she had talked with Ms. Johnson last week about one lab company and two engineers. She said she also talked with Councilmember Stapleton. There was no Council Meeting last week due to lack of quorum. City Manager Fairburn said there was not enough time to bring in another engineering firm. Councilmember Stapleton and Councilmember Milan agreed that we should proceed with Teague, Nall and Perkins. She would also like for every Councilmember to agree to this firm.

Mayor Pro-Tem Minnis said a letter would be sent to her addressing her concerns. He said a lot of what Ms. Johnson she has pointed out is not at that stage yet. Signing off on the work is not done until final payment is made.

Bob Davis, 73 Lakeridge, told a story to be used as a parallel for the City Council. The Council has the power as the governing body. He hopes that what they do with their power is in the best interests of the City.

Georgina Gougeon, 717 Cain, said she had a genuine concern about the engineers, Kimley-Horn. They have been awarded several different contracts. She asked if an audit of their costs could be put on an agenda.

Councilmember Shikle asked her if she wants to know how much has been spent on these engineers. She replied 'yes' and asked from the first time which was on the Garza Subdivision in June, 1998. Then she said she would like the information from April 22, 1998 through the current. Councilmember Shikle asked City Manager Fairburn to take care of this and asked him how long it might take. City Manager Fairburn said we could get it worked up next week. Councilmember Shikle asked that staff mail it directly to Ms. Gougeon.

Norma McAlavy, 25 Kingswood, spoke in response to Bob Davis' story. She asked Council not to give anything until they have studied the area's problems. When we, as directors of Kingswood or anywhere else, come to you and tell you what we're trying to do, in my opinion, I think you should review that and give it thought. When we ask something you owe it to your constituency to listen to them and help them to better themselves.

Mayor Wohr came in at 7:58 p.m. Mayor Pro-Tem turned the meeting over to Mayor Wohr after Mrs. McAlavy finished speaking. He then recognized the next speaker.

Linda Rapp, 213 Pecan Lane, said she would like someone to look at the high fence at 23 Oakwood; the unit at #75 has plumbing stuff out there and it looks a mess; Rod Courtney's new mobile home looks too close to the front easement. She said they wouldn't let them put up a six foot fence and she wants that high fence at #23 down. She said her 27' camper will go to the storage area as soon as it is unloaded.

Mayor Wohr said she would receive a written response. Councilmember Minnis asked Building Official Harp if he had a list of trailers in Kingswood not meeting the setback requirements. Building Official Harp said he will get the list. Councilmember Minnis asked that be included in the letter to Mrs. Rapp.

Rod Courtney, 162 Kingswood, said he would like to respond to some of the comments that had been made during the Citizen's Agenda but will wait until the item comes up on the agenda to respond.

Mayor Wohr closed the Citizen's Agenda at 8:05 p.m.

E. Business:

1. **Consent Agenda:**
   a. **Approval of Minutes for February 3 and February 10, 2000 meetings.**
   b. **Parks and Recreation Reappointment.**
   Councilmember Minnis asked if there have been no other applications for the Parks and Recreation Board. City Manager Fairburn said, 'no,' we've only received applications the Planning and Zoning Commission. Councilmember Harper said that in the February 10 minutes under New Business it reads that she had seen various squad cars parked; it should read that "it had been reported to her by citizens." Councilmember Minnis asked for a correction on page 4. The first sentence of the second paragraph under Item 7 should read: Councilmember Minnis said he had a donation of $300 from the American Legion for the Soccer Association and could possibly get another donation to sponsor a field and asked what the cost would be for one soccer field.

   Motion was made by Councilmember Minnis to approve the Consent Agenda with the amended version to the minutes. Seconded by Councilmember Milan.
   Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
   Noes: None

   Motion Passed

2. **Consideration and Action on the Home Rule Charter Amendments.**
   Mayor Wohr said we have already had our Public Hearing on this item; there were some recommended changes which need to be reviewed by the City Council. Councilmember Shikle asked if the Charter Review Committee looked over what was sent back to us from the attorney? The answer was yes.
   Motion was made by Councilmember Minnis that we accept the Charter Review Committee's recommendations and place all of them on the ballot for the May 6 election. Seconded by Councilmember Stapleton.
   Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
   Noes: None
   Motion Passed

3. **Consideration and Action on replat of Lots 225-226 Kingswood.**
   Mayor Wohr offered an opportunity to the public to speak. Councilmember Shikle asked if a Public Hearing was not required on this type of action. City Manager Fairburn said that it is his understanding that with single ownership and only a change to 2 lots it is not required. Councilmember Shikle expressed concern that there was not a public hearing published for this item. There was discussion about concerns that some people may not have come to the meeting since a Public Hearing wasn't on the agenda. City Manager Fairburn said that in the future we will do Public Hearings. Councilmember Minnis said there had been several replats that didn't have Public Hearings. Council requested staff to look at the records and check on recent replats which did not have Public Hearings.

It was decided by Council and Mayor that they would return to Item 3 after the break which would give staff the time to get the records.

4. **Consideration and Action on Lake Dallas Fire Station Lease.**
Mayor Wohr asked Robbie Robertson if he would speak to Council about the renovation for the fire station. He said that as soon as the lease is agreed upon the renovation will move forward. The financial concern that is loaning the money would like a lease of 20 years. Mayor Wohr said his understanding is that over all the years there has just been a rather informal agreement. The lending institution is concerned and wants the lease to last as long as the length of the note. Mr. Robertson said the renovation will take six to eight months. Mayor Wohr thanked Mr. Robertson for the information and told him he appreciated all his work. He said the lease looks favorable to the City.

There was Council discussion about the length of the fire dispatch contract with the City; what would happen if we should be able to get a better contract with another Fire Department; what if the Fire Department would pull out and go somewhere else; the size of our annual budget that is dedicated to the fire department; could the City finance the building. After thorough discussion it was the general consensus that we owe it to the City to have a good fire department and the response time advantage of having the station in the City.

Motion was made by Councilmember Shikle for the City of Lake Dallas to enter into a lease agreement with the Lake Cities Fire Department beginning on March 10, 2000, for a 20 year term plus 4 consecutive five-year terms thereafter. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

Mayor Wohr called for a break at 9:00 p.m.

Mayor Wohr called the meeting back to order at 9:24 p.m.

Item 3 was reopened. Consideration and Action on replat of Lots 225-226 Kingswood.
Councilmember Shikle said that Councilmember Minnis was right. There was not a Public Hearing for the replat. He thinks we should always have a Public Hearing on replats. There was more discussion. City Manager Fairburn answered some of the questions by saying that the mobile home was already on the property but it is ahead of the game because the replat has not been done. He said the issuance of the permit was in error and that he has told the owner that the home would have to be moved if the City Council did not approve the replat. There was a suggestion to table it until a Public Hearing could be scheduled. The Planning and Zoning Commission draft minutes reflected that the Commission had approved the replat. In the Planning and Zoning Commission draft minutes it showed that the Kingswood Homeowners' Association's preference was not to do this and City Manager Fairburn said that was correct. After more discussion Mayor Wohr said that Mr. Courtney had asked to speak and it was decided to allow others to speak.

Rod Courtney, 162 Kingswood, said he had gone to Hammett and Nash Surveyors and they told him there are four requirements for a replat: 1) a certified survey must be made; 2) Lake Dallas has a minimum requirement of 4000 SF per lot; 3) the placement of the home, due to the size and shape of the lot meets the requirement of a 20 foot easement off Shady Shores Road. There are three lots in Kingswood that face Shady Shores. 4) it meets the requirements of Kingswood Estates Covenants. It may not meet the requirements or the desires of the board. He said he knows there are some concerns about the rear of the mobile home. He is proposing to have some

dirt brought in and have a plant hedge put in. He asked Council to consider that the replat does meet the requirements. In answer to a question about the mobile home already being on the property Mr. Courtney agreed that it was a mistake. He said if the replat is denied he will move the mobile home out.

Norma McAlavy, 25 Kingswood, said the back end of the home is sitting right on the edge of the property. People are staying there at night.

Linda Rapp, 213 Pecan Lane, said her concern is that it sets on a cul de sac and she doesn't think that it sets back far enough. She said when her son wanted to put his in they had to wait until the Council approved it.

Mayor Wohr said the setbacks will have to be met.

David Shershen, 166 Kingswood, said that the people who showed up at the Planning and Zoning Commission meeting represented themselves, they did not represent the homeowners' association. The Planning and Zoning Commission knows that no homeowners association, deeds, or covenants shall usurp any ordinance or planning and zoning restrictions or code enforcement restrictions of the City of Lake Dallas. He said Mr. Courtney followed the rules and Planning and Zoning Commission approved it. The issue before the Council is whether he is going to get the replat or not.

Ms. McAlavy said she has nothing against this; it's just he shouldn't have put it on there before it was approved. Mayor Wohr said he agreed with her and he thinks that's what this Council is concerned about.

There was more discussion about the fact that the replat is qualified in every area it's just that the home was moved in before the replat was approved. There was discussion about the placement of homes on property in Kingswood.

Motion was made by Councilmember Minnis to grant the replat of Lots 225-226 Kingswood Mobile Home Park. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Minnis, and Harper
Noes: Councilmember Stapleton

Motion Passed

5. Public Hearing on Comprehensive Plan

Carolyn Green, 201 North Shady Shores, asked City Manager Fairburn about the Comprehensive Plan in a short summary. City Manager Fairburn said the Planning and Zoning Commission had worked last year on developing the plan through several meetings and public hearings. A class from the University of North Texas helped put it together and then the Commission reviewed that plan. The plan is based on developing goals and objectives in various areas for the improvement of the City over the next several years. The areas are economic development, parks and open spaces, city facilities, neighborhoods, public safety, transportation, drainage, utilities, and environment. They looked at what the future land use could be; one of the biggest areas of change will be when the County puts the bridge in over the lake. We are pretty close to build-out already.

Ms. Green asked if there were going to be any zoning changes in the immediate future. She was told that may be in the future. Those changes would have to come before Planning and Zoning Commission first and then before the City Council.

City Manager Fairburn said there is some R-1-10000 property along the Swisher extension that there is a possibility of putting some commercial in there. There has also been talk about some Planned Unit Development so that it would be more open to what a developer might want to do. Right now they are looking at what can be done in the next year.

Mayor Wohr closed the Public Hearing at 10:12 p.m.

6. Consideration and Action on the Comprehensive Plan

Motion was made by Councilmember Minnis to adopt the Comprehensive Plan. Seconded by Councilmember Shikle.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper

Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

Mayor Wohr closed the open meeting at 10:17 p.m.

G. Executive Session to conduct a performance evaluation of the City Manager according to Government Code 551.074.

H. Action, if any from Executive Session

Motion was made by Councilmember Milan to approve the City Manager's review with the direction discussed in Executive Session. Councilmember Shikle seconded the motion. Councilmember Shikle said the motion should be amended to put the points on the evaluation. Councilmember Milan amended her motion in approving the City Manager's review with a rating of 3 and direction as discussed in Executive Session. Councilmember Shikle seconded the amended motion.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Minnis
Noes: Councilmember Harper.

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting and workshop session on February 24, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Mike Minnis	Mayor Pro Tem
Betty Harper	Councilmember 5

Staff present were City Manager Stewart Fairburn, Building Official Truman Harp, and City Secretary Beverly Weikum.

Mayor Pro Tem Minnis opened the meeting.

Invocation was given by Councilmember Stapleton.

The Pledge of Allegiance was recited.

Mayor Wohr arrived at 7:50 p.m.

B. Citizens/Visitors Agenda
Mayor Pro Tem Minnis opened the Citizens Agenda.

Aldena Stowe Gregory, 603 Hundley, said the intersection of Main Street and Thompson is very dangerous with only one stop sign there now. She said she didn't like the way the street projects were going. She said the primary election was going to be held here and said everyone needs to get out and vote.

Mayor Pro-Tem Minnis said the original design was to have just the one stop sign but that may need to be reconsidered.

R. O. Owen, 611 Lake, said that David had come to the chambers to label the pictures he had taken of the road projects and she said she couldn't understand why he was refused to be able to do that. She said they have not heard anything from Peachtree about suing David.

Mayor Pro-Tem said he had initially agreed with that but since then it may be that the City will need to use the pictures as evidence. He asked City Manager Fairburn to bring that back to Council either as an action item or discussion item to see whether or not it would be appropriate for Mr. Owen to do it.

R. O. Owen then asked to have the street projects back on the agenda for the next meeting so the citizens can be informed about what's going on. City Manager Fairburn said we may have something next meeting because the independent engineers that Council had wanted may be here. Council wanted someone not associated with the contractor to look over the contract and to review the testing and the work to identify any problems.

Mayor Pro-Tem said that at that time they will probably be able to hear some citizen input. He turned the meeting over to Mayor Wohr at this time.

Dave Owen, 611 Lake, set up an easel to show some visual aids (copies of the City of Fort Worth's specifications, COG and Denton County specifications). He said he would retract his request for an attorney from the City because he hasn't been contacted by Peachtree or their attorney. He said he thinks there are still problems with the streets. He referenced a statement made by City Manager Fairburn in the August 4 Lake Cities Sun. Mr. Owen said the roads have not been cured properly and that we're going to have problems in that area. He said these specifications weren't adhered to.

Mayor Wohr asked Council if it was all right to let Mr. Owen go beyond his time limit. Councilmember Shikle said we've taken action to check our roads and asked how much more time he would take. Mr. Owens said about 10 minutes. Council agreed to let Mr. Owen continue speaking.

Mr. Owen showed a copy of test and said a very important piece of information was missing. It shows the moisture and density test and the date of the test. According to specifications the tests should be done before the final compaction. He said he only sees one that was done on the same day.

City Manager Fairburn said our old engineering firm has reviewed the tests and agreed that the results were adequate. He said he had not talked with them about the timing of the tests.

Councilmember Shikle asked if the tests or good or no good. Mr. Owen said it was for the engineers to decide.

Councilmember Shikle asked Mr. Owen how many core tests were taken and how many were bad. Mr. Owen told Council that 23 core samples had been taken and two were bad. Mr. Owen said the performance bond is not the answer and the contractor has not given the roads here the performance that he would give to a city like Fort Worth. Mr. Owen gave some packets to the Councilmembers showing where the contractor did wrong and where the engineers didn't do right. Councilmember Stapleton said the Council has done a lot and he gets a little offended when it's said they're not doing enough on the street projects and asked Mr. Owen what he wanted Council to do. Mr. Owen said he wanted them to not let the contractor cover up what's wrong on the roads. Mayor Wohr said the question we need to ask then is if we're being charged more for the asphalt than we should be. Mr. Owen agreed.

City Manager Fairburn said the independent engineering firm would be looking at the spec's as compared to industry standards, the work done, the test results, discrepancies of the roads, if any, and ways to fix them. Mr. Owen said he would like there to be a workshop with the engineering firm. Mayor Wohr said he thinks we have taken some pretty big steps in taking care of concerns regarding the contractor and the engineers. Questions were raised by Council about micro (thermal) cracking on some streets.

Mayor Wohr called Bob Davis' name from the Citizen's Agenda. He said he had put his name on the agenda to give Mr. Owen more time in case his time had been limited.

Mayor Wohr called Marj Johnson's name from the Citizen's Agenda. Her response was the same as Mr. Davis' response.

Mayor Wohr closed the Citizen's Agenda and called for a break at 8:30 p.m.

Mayor Wohr called the meeting back to order at 8:52 p.m.

C. Business:

1. Public Hearing on recommendations from the Charter Review Committee.

Rod Courtney, 162 Kingswood, said there are plenty of people in Lake Dallas who are determined to see that Lake Dallas grows and grows well.

David Shershen, 166 Kingswood Drive, took this opportunity to personally salute the members of the Charter Review Committee. He said they have shown a lot of enthusiasm, creativity, and dedication.

Mayor Wohr closed the public hearing.

2. Consideration and Action on recommendations from the Charter Review Committee.

Mayor Wohr asked Bob Davis, Charter Review Commission Chairman, to come forward. They had started with about 22 people and ended up with 14 or 15. There is no set number to have on that committee. Someone had called a Councilmember and said that they had called the Attorney General's office and that minutes were required. City Manager Fairburn checked with the City Attorney and was told that minutes were not required. Questions were asked about changes to 3.05, 3.13.04, 4.01.01, 4.01.04, 4.08, 4.01.02. There was more discussion and recommendations from the Councilmembers. Council also stated that the Committee could review the comments from the City Attorney.

Motion was made by Councilmember Stapleton to table the recommendations from the Charter Review Committee until the next called meeting. Seconded by Councilmember Shikle.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

Mayor Wohr thanked the members of the Charter Review committee for all their hard work.

D. Workshop

1. Personnel Policies and Procedures Manual

Mayor Wohr said changes were made to replace the word "Mayor: with "City Manager" in most cases due to the change of the municipal government. City Manager Fairburn said that if any changes are made by the Charter Amendments then we can adopt a new resolution after May to reflect those changes required by the Home Rule Charter. He said the media policy need to be added and there is also a section in the policy regarding lay-off. There was discussion about banking comp time; accrual of sick days; and certification pay. City Manager Fairburn said that in dealing with benefits that it's part of the packet in comparison with other cities. All of this is a package that goes together as part of how we can recruit and retain employees.

E. New Business

Councilmember Milan asked if they could do the business item regarding the streets. The recent conversation about getting an engineer in to look at the streets was a direction to staff to provide a list and have Council look at the list and determine what should be done. She asked if it would be a problem if Councilmember Harper and she got together over the week-end to review the list and agree on a firm.

F. Adjourn

Motion was made by Councilmember Minnis to adjourn. Seconded by Councilmember Shikle.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis and Harper

CITY OF LAKE DALLAS

The Lake Dallas City Council met in regular session on February 10, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Mike Minnis	Councilmember 4
Betty Harper	Councilmember 5

Councilmember Milan was excused.

Staff present were City Manager Stewart Fairburn, Police Chief Ristagno, Police Lieutenant James Lowery, Public Works Employee Allen Vaughn, and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. **Citizens/Visitors Agenda**

Mayor Wohr opened the Citizens Agenda.

Aldena Gregory, 603 Hundley Drive, asked if the city has a bond on the street projects; are we aware that the contractor is using subcontractors and who's held responsible for the work. Mayor Wohr said we hold a retainage of 10% from payments made to the contractor, there is a performance bond and a 2 year maintenance bond. He said that ultimately the contractor and bonding company are responsible for the completion of the streets. Ms. Gregory asked who is the engineer for the project and who will ensure that any defective work will be resolved. Mayor Wohr said the engineers are Kimley-Horn & Associates, Inc. He said there is a 'punch-list' which will be used to facilitate the location of those items which need to be taken care of before the job is released.

R. O. Owen, 611 Lake Drive, apologized for the prior week. She asked who is in charge of the punch list and will it be where the public can view it. Mayor Wohr said it is public information. Ms. Owen expressed concern about the engineers whereabouts today while a core was being done. She said she wants the Council and citizens to pull together because we'll be paying for the streets for 20 years.

David Owen, 611 Lake Drive, said he didn't have time to finish the photo album. He said he would like to properly label those pictures that had been in the 3 cameras he turned when his job was finished. He said Barry Clark had cussed him out and was fixing to sue him for slander. He asked that the city notify the city attorney of impending litigation. He asked where the cores were that had been put by the fire station. City Manager Fairburn said the core samples where in the city yard. Mr. Owen said he appreciated having worked with the Council and would like to continue working regarding the punch list and other streets that need to be done. Mayor Wohr told him the city appreciates his work for the city.

Gene Tisdale, 524 Howard, said he heard that Council didn't understand what's going on with the streets. He gave a demonstration by using cardboard. He said that the Council is made up of the finest people in town.

Bob Davis, 73 Lakeridge, said we need to determine what is the best solution for the streets. There's a lot of support out there for the Council. He suggested a workshop. Mayor Wohr said we could probably have a workshop or town hall meeting.

Mayor Wohr closed the Citizen's Agenda at 7:55 p.m.

Councilmember Minnis requested to move the Charter discussion to the next item since there were so many representatives there from the Charter Review Committee. Mayor Wohr said there were several people there from Parks and Recreation Board, too. It was decided to place the Consent Agenda at the end of the meeting.

E. Business:

2. Public Hearing on amending Chapter 18.30.020 of the Municipal Code to allow for less than a unanimous vote of the Planning and Zoning Commission and City Council to approve a Special Use Permit.

Carolyn Green, 201 North Shady Shores Road, asked what the purpose was of the amendment. Mayor Wohr said some citizens had asked that it be placed on an agenda. Ms. Green said the ordinance was passed for a purpose and that purpose hasn't gone away and feels we need a unanimous vote.

Marj Johnson, 905 Vista Oaks, said that in the Charter revision they are requesting a change to a simple majority on all motions.

Mayor Wohr said if the citizens vote for the change in the charter then Council would feel more comfortable with it. No one else came forward to speak. Mayor Wohr closed the public hearing at 8:02 p.m.

3. Consideration and Action on amending Chapter 18.30.020 of the Municipal Code to allow for less than a unanimous vote of the Planning and Zoning Commission and the City Council to approve a Special Use Permit.

After Council discussion it was decided to leave it for the citizens to vote for or against this on the Charter Amendments in the May General Election.
Motion was made by Councilmember Minnis to take no action at this time. Seconded by Councilmember Harper.
Ayes: Councilmembers Shikle, Stapleton, Minnis, and Harper.
Noes: None

Motion Passed

4. Review of Municipal Court Fees for recommendation to municipal judge.

There was council discussion regarding the amount of the current fees; including the state fee, city's portion, and the $4 Court Technology Fee. This tech fee has not been collected because the fine amounts have not been raised to include this $4 fee because the tickets have not yet been printed. Mayor Wohr said a suggestion was brought up to compare with the other cities around us but that the amount is ultimately the Judge's decision. A workshop session to discuss this item was suggested.
Motion was made by Councilmember Harper that we set up a workshop and go through the fee list one by one and have no other item scheduled. Councilmember Minnis seconded the motion but then withdrew his second.

Motion died for lack of a second.

Motion was made by Councilmember Shikle to send this to our judge with the recommendation that we take out the approved court technology fee of $4.00, that we do not accept the increase proposal and that everything remain just as it is now and that all stay at the rates they are at this time; and have a workshop be brought forward within 30 days from today's date. Seconded by Councilmember Minnis.
Ayes: Councilmembers Shikle, Minnis, and Harper
Noes: Councilmember Stapleton

Motion Passed

Mayor Wohr called for a brief recess at 8:45 p.m.

Mayor Wohr called the meeting back to order at 9:00 p.m.

5. Review of Charter Amendments

Mayor Wohr told the Charter Review Committee he appreciated all their hard work.

Bob Davis, 73 Lakeridge, said the committee voted him to be chairman. He said there was a lot of room for some totally antagonistic things to happen but as they went along his attitude about certain people changed dramatically. There's a whole group of people who had been nominated to the committee who had not been politically active and who are now running for office, being on boards, or being pro-active. There was a lot of solidarity for the direction they want to see the City go. He feels the city is much better than 5 or 6 years ago. He said it was not an attempt to change the Charter. He said there was a lot of input for the revisions.

Marj Johnson, 905 Vista Oaks, said Bob had been a credit as chairman and is a great member of the community.

Carolyn Green, 201 North Shady Shores, said he did a fantastic job as chairman.

Bob Davis addressed the changes the committee was recommending for the Charter. There was lengthy Council discussion and questions asked of the committee. Some areas revised were: 1) reducing the ability of the city to issue debt; 2) mayor cannot vote in case of tie; 3) Department Administrator can fire employees with advice, not approval of City Manager; 4) chain of command on how to go to City Council.

Comments were also made by Georgina Gougeon, Rod Courtney, Jan Daniels, David Shershen, Linwood Gilliland, and Carolyn Green, and Dave Owen. Mr. Davis said they plan another meeting and they will discuss the items the Council had brought up and possibly change the language to be more compatible with what Council desired.

Mayor Wohr called a recess at 10:48 p.m.

Mayor Wohr called the meeting back to order at 11:00 p.m.

Mayor Wohr said that due to the late hour and with the permission of the City Council they would move briefly to Item 7 to hear the Park Board report.

7. Consideration and Action on Reports:
a. Boards and Commissions

Christy Burgess, 110 Silktree Ct., said that park grant was turned down this year. Last year we had 40 points and the cutoff was 75 points. This year we had 60 points. The Board realizes we have a lot of citizens who are anxious to see something done. They want to go ahead with the $250,000 plan which consists of the $110,000 already committed and the other $140,000 from the general fund. The Master Plan is okay because it is a long term plan. The largest costs are the activity shelter, the playground, and the parking area. The Park Board is recommending to reduce the size of the pavilion and remove the restrooms. There will be fewer tables under the shelter but tables can be put under trees. We could possibly add on at a later date. There will be a couple of minor adjustments to the map. By moving the shelter and playground closer to the parking lot it would cut down on the concrete costs. By removing the sidewalk around the playground that would cut concrete costs, too. We could still comply with ADA. Another way to cut costs would be to reduce the length and height of fencing. Asphalt paving would be nice but gravel could be used and put up posts and cables to define the parking area. We will have baseball and soccer fields and can have a lot of volunteer work in those areas. Site grading and leveling will have to be done by professionals. We could do some of these things in conjunction with the Boys and Girls Club. We plan to meet with them to see what we can offer them and what they can offer us. Perhaps when the Boys and Girls Club builds their building they can have restrooms that would be available to the public on the outside of their building and maybe we can use their building when they are not using it. Porta-potties is another option. Corinth is not providing soccer fields for the 5-6-8 ages.

Councilmember Minnis said he had a donation of $300 from the American Legion for the fields and asked what the cost would be for one soccer field. He said we could probably get an organization to sponsor one. She said it will probably be able to get any help from the community until they actually see something being done. Councilmember Stapleton asked about a big opening day for Community Park.

SOCCER ASSOCIATION & POSSIBLY GET ANOTHER DONATION to SPONSOR A

Ms. Burgess said part of their plan is to have a big dedication for City Park. The remaining amenities they wanted to put in will have to wait for funds. The remaining items they'd like to put in would a 2nd ball field, a sand volleyball pit, basketball court, horseshoe pit, and asphalt parking.

Mayor Wohr asked about money available from the soccer association for the soccer field lighting. Ms. Burgess said Mark Ruder is on the Soccer Association Board and wants to keep the money in Lake Dallas. He is going to take it to the board in May.

Use agreements have been discussed regarding the use of porta-potties. During soccer season the Soccer Association pays for them and takes care of them.

Ernie Lopez, Post Office Box 1298, said in De Soto some years ago they had certain days you could sign up to use the fields when the fields weren't in use.

Christy Burgess said they haven't explored the use agreements in full. The architect will be coming out tomorrow regarding the drainage and lighting. They plan to have the dedication for Community Park on Earth Day which is April 21. They will have the dedication ceremony that evening and spend the Saturday after that doing the park clean-up day and 'Plant a Tree' day. City Manager Fairburn said if the playground is done before that the dedication will be accomplished before that date. She discussed options available to them regarding the playground for City Park. Installation has become an issue at both parks. City Manager Fairburn said we need to get some on-site people out regarding the placement of the equipment.

Ms. Burgess said we want to make the citizens aware that City Park is not just a soccer field. A question was raised about the money for the sign. City Manager Fairburn said instead of having a marquee sign at Shady Shores & Hundley, we will plant some flowers and plants and have a lower sign. Ms. Burgess said they still have the two signs in storage that were approved a couple of years ago. The big one will be placed at the Gotcher Road entrance and the smaller one will be moved down by the School Administration Building. Various types of fences were discussed. Ms. Burgess said the baseball association has the expertise to do the fencing. Councilmember Minnis said he could possibly get the materials for the sign at Hundley and Shady Shores.

Mayor Wohr said he very much enjoyed the Parks and Recreation Board meeting earlier in the month. He said he certainly agrees with their philosophy of getting something out there that the citizens can see.

There was discussion about going back to the state for a grant regarding the Willow Grove Park. It was also brought up that the 4b sales tax plan could also help. Mayor Wohr asked that the Parks and Recreation Board keep Council updated. Ms. Burgess respectfully requested that they the Boards and Commissions reports be moved up on the agenda so it wouldn't be so late at night.

b. City Manager's Report

City Manager Fairburn said that in response to Council request he had two options regarding the independent review on street projects. He had talked with 3 engineering firms this week. He gave the background of the project, a tour of the road construction and the basic scope of the work is to review the scope of tests to determine validity. Review the street conditions to evaluate the cracking; determine what cracking is not expected and determine cause of cracking and the best method to fix it. They will review testing reports, daily logs, geo-technical reports, planning and specifications and have on-site visits. The work would take two to four weeks (the engineering firms are busy) and the cost would be less than $5,000. On Monday he will be out with the testing lab and go over the testing results with them and have them discuss how they did them and what the test results mean. In addition they will be talking with other experts in the field as well as talking with other cities who have similar projects. Information from these people and perhaps an on-site inspection by another city's engineer, have them come in and be able to give us information on the condition of the roads and test results.

Mayor Wohr said he would like to go with the engineers to get a professional opinion. He said it would be a good idea to have another city's engineer to come up and walk the streets and give us an opinion, also. There was Council discussion and questions. Out of 22 core samples only two had come back bad. There is a punch-list for those items which need replacing or repairing. There will be more core samples taken at a future time. The non-independent review of the test results: the city engineer and City Manager Fairburn reviewed the high-lighted test items that were identified; moisture content and density results that were marked were almost entirely all good results, not bad results, based on the engineers. Those few that were outside the normal parameters were the street cuts made by LCMUA prior to our cement stabilization so it doesn't have an impact because it's not part of the stabilization process. A couple of them were only slightly off and were very insignificant with no impact on the project. These results will be checked by the independent engineers. Comment was made that it would be good to have the results printed correctly in the paper to ease the minds of the citizens. City Manager Fairburn said in looking at the project as a whole it is 98% correct.

The relocation of the water and sewer lines by LCMUA at the low water crossing – the engineers said the new culvert was cut lower than the existing culvert which was not an error in the moving of the lines. The $100,000 for placement of culverts was justifiable. The maintenance: the contractor is responsible for the next two years. Our crews and city engineers can do inspections and determine if there have been any failures in the streets. The engineers have said the maintenance needs to be done right and often. We need to keep the edges of the roads free of dirt so water doesn't puddle and deteriorate the edges of the roads. We will probably contract out more of our road maintenance out after the two years of maintenance are up.

The current street projects status: this week Main Street was getting the rest of the asphalt put down; the square piece on Thompson it has been fixed; they still have to do some adjustments with valves and manholes and working closely with LCMUA; they're grading ditches and adding dirt along the Main and Denton intersection to support the asphalt there; they still need to add the culvert at CenTel; more work is being done at Hundley and Shady Shores; additional grading is needed to create the swale for the water drainage. H & W need to bring in additional crews because of the length of time being taken for headwalls. They have done a good job getting rid of the debris this past week. Engineers have been on-site every day. The contractor has been very available. Everyone wants to get this done. Question was raised if we had enough money to do Carlisle without selling the other million of bonds. City Manager Fairburn said we do have enough money to deal with Carlisle and Main Street South. Some drill tests have been made but we do not have the tests back yet. The street repairs list should be brought forward soon.

The Community Park playground installation is a little more difficult than anticipated. Public Works Superintendent Webber has been talking with the installers. City Manager Fairburn said he and Supt. Webber got together and made some changes which will allow the equipment operators to spend more time doing projects instead of routine work such as picking up trash (this type of work can be done by community service workers); project lists will be written up each week and work orders will be generated from these lists. City Manager Fairburn said he would check with Denton County regarding liability on the use of community service workers. When cutting asphalt workers switch places from time to time to give others relief. He said things still come up that we have to respond to such as a citizen had called in about a creek blocking up. The departments have been advised to have supplies delivered instead of picking up. He was asked if he still sends letters in response to inquiries made on Citizen's Agenda. The answer was yes. He was asked why he shows so many hours of his week as 'Council.' The answer was that some if the time is meetings; there is research on the agenda; the agenda, reports, one on ones with the Councilmembers.

c. Financial, including Accounts Payable

There was discussion about some of the checks which had been written.
Motion was made by Councilmember Harper to pay the bills. Seconded by Councilmember Minnis.
Ayes: Councilmembers Harper, Minnis, Shikle, and Stapleton
Noes: None

Motion Passed

6. Discussion of Council Policies and Procedures

Discussion with Council raised the following items:

1) Written request by two councilmembers to get an item on agenda and through New Business
2) Citizen's Agenda: limit time and no discussion with the citizen – refer to staff action
3) Less Council argument going around and around
4) No discussion with the crowd
5) Mayor may need help in recognizing which councilmember's turn it is; all comments should be addressed to the Mayor
6) Public Hearing: this is the opportunity for citizens to speak on an item other than citizen's agenda
7) Limit length of breaks
8) The TML publication had some good ideas and guidelines
9) The length of meetings and organization of agenda items

Staff will put something together and bring it back to Council for their formal review

1. Consent Agenda

Councilmember Minnis asked to pull items a and b from the consent agenda.

b. Consideration and Action on approval of an amended plat on Lot 4R Block 1 of the Cedar Hill Subdivision, 209 Julian.

Motion was made by Councilmember Minnis to approve the amended plan on lot 4R Block 1 of the Cedar Hill Subdivision, 209 Julian. Seconded by Councilmember Harper.
Ayes: Councilmembers Minnis, Harper, Shikle, and Stapleton
Noes: None

Motion Passed

a. Approval of Minutes for January 13, 18, and 22, 2000 meetings.

Councilmember Minnis said that on the January 13 minutes, page 5, that he did not request Kimley-Horn nor Peachtree to be at the executive session that was being scheduled with Dave Owen and the City Attorney. City Manager Fairburn said that it was not saying he did say it, but that it was in the discussion. Peachtree asked to be there. He said he would like to have it clarified.

Motion was made by Councilmember Minnis to approve the minutes as amended. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Minnis, Stapleton, Shikle, and Harper
Noes: None

Motion Passed

b. Appointment to the Planning and Zoning Commission

City Manager Fairburn apologized for having a multiple choice item on as a consent item.
Motion was made by Councilmember Minnis to appoint Tony Marino to the Planning and Zoning Commission opening. Seconded by Councilmember Harper. There was some discussion about bypassing the alternates when openings occurred on the Planning and Zoning Commission. There is no rule which says the alternates must be appointed to the commission. The Planning and Zoning Commission can make recommendations only.
Ayes: Councilmembers Minnis, Harper, Shikle, and Stapleton
Noes: None

Motion Passed

F. New Business

Councilmember Stapleton asked about the progress on the recognition dinner. We have some information but not all of it. He said he would like to have an item put on the agenda: set aside a day every year and let that be our Boards and Commission Day, like the first Friday in March. Mayor Wohr asked for some parameters. Councilmember Stapleton said anyone who is on a board or committee at that time. Mayor Wohr said we were up to 113 people at this time.

Councilmember Harper said she had some citizens call her today. One caller was concerned that Peachtree was paving H & W's parking lot and how do we know that the city is not paying for that. City Manager Fairburn said we pay by the measurements for the city's streets only. She said she had a call about a rabid skunk. Police Chief Ristagno said there had been rabid skunks and the three dogs that had been involved are in quarantine. The owners of the animals are responsible for the quarantine fees. A concern had been raised about a policeman driving a police car home. Police Chief Ristagno said that the officer in charge of the canine is allowed to take the car home to Corinth and he does have a gas card to be used also for the trips home and return because this is canine transport. Councilmember Harper said ~~she~~ IT HAD BEEN REPORTED TO HER THAT ~~had seen~~ various squad cars WERE parked in various areas around town with their headlights on. One night 2 of them had pulled in at Dollar General and they had been there from prior to 11:45 p.m. until 1:15 a.m. Saturday night. She said Officer Gonzalez pulled into Allsup's and got something and then went on patrol. Police Chief Ristagno said on patrol it's not unusual to stop and exchange and sometimes they just sit and watch but for an extended period of time that's not usual practice. Councilmember Minnis said a house burned down in Kingswood and it became rodent infested. The city let it sit that way for a long length of time. He also asked if we ever got a copy of the streets that were wet-cured and/or primed.

Did we get what date the moisture content tests were done. City Manager Fairburn said the test date and the stabilization date need to be the same date. Councilmember Minnis also requested information regarding the compaction rating versus the depth of stabilization. City Manager Fairburn said he should get the information regarding the density and the depth in his meeting Monday.

D. Adjourn

Motion was made by Councilmember Minnis to adjourn. Seconded by Councilmember Harper.
Ayes: Councilmembers Minnis, Harper, Shikle, and Stapleton
Noes: None
Motion Passed.

Meeting was adjourned at 2:15 a.m.

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting and workshop session on February 3, 2000, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. Roll Call: The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Mike Minnis	Councilmember 4
Betty Harper	Councilmember 5

Staff present were City Manager Stewart Fairburn, Police Lieutenant James Lowery, and City Secretary Beverly Weikum.

Mayor Wohr said that since this meeting was not a regular meeting we would go forward without the invocation and Pledge of Allegiance.

B. Citizens/Visitors Agenda
Mayor Wohr opened the Citizens Agenda.

Georgina Gougeon, 717 Cain Street, asked the status of the employee handbook being updated.
City Manager Fairburn said it is scheduled to go to Council next month.
Ms. Gougeon asked if it was being done here within our city or being sent out.
City Manager Fairburn said we had a UNT class that reviewed it as one of their class projects and that we are also doing an in-house review.
Linwood Gilliland, 702 Payton Street, said he was one of the concerned citizens due to what we read in the newspapers about the streets. We had hired an inspector and now we don't have an inspector. He said the city needs to get its money's worth on these streets.
Dave Owen, 611 Lake Drive, said he had come before the council on January 13 with his concerns regarding the street projects. He said the meeting they had after the January 13 meeting didn't accomplish a whole lot so he was back before Council again. He said he had reported all information to City Manager Fairburn to document and give to Council. He said he had requested copies of the Council Meeting Minutes from July through December and was surprised to find that only 2 sets of minutes mentioned the street projects. He said he regrets that the people who hired him have no confidence in his knowledge. He read some provisions from the street projects contract regarding the contractor. He said he had fifteen reliable resources from his research who are experts in their fields. Dale Rand of Texas Hot Mix Association; Jan Forsanski of the Portland Cement Association; Najib Fires, Senior Engineer of Fort Worth were some of the names he mentioned. He said they had all been informed of our problems and had said if they were in our city they would be glad to stop over and check our concerns. He said this was not a political issue or public relations concern. He said he would like to know what the procedure is for addressing Council privately about personnel concerns before evaluations are addressed.

Mayor Wohr said if it concerns a supervisor then the person to address would be the Council. If it a person who works under that supervisor then it should be addressed to that supervisor or to the City Manager.

Dave Owen asked that he be able to address Council tonight if at all possible.

Mayor Wohr told him we could not do that within this forum. He said that he would discuss this with Council after the break and if they wish to call him in to speak at the Executive Session.

Councilmember Minnis asked that Staff contact the City Attorney during the break to be sure that this would be legal. Councilmember Shikle said he would not sit in on a meeting that had not been confirmed by the City Attorney that it could be done.

Dave Owen said he would like to know who's watching over the road projects right now and when they will be complete.

Gene Tisdale, 524 Howard, said he hadn't signed up to talk about the streets, but he had been working on Meadowbrook and notices that it's cracked down the middle and sloughing off. He said it's getting close to election time and he wants to know what the procedures will be about the election signs.

Mayor Wohr said there have been some major revisions made this year. He said that in each election packet this year there will be a specific document that will tell them exactly where signs allowed and where they are not allowed; where signs will be if they are picked up; how long they have to pick them back up from that location; and who will be in charge of picking up signs.

R. O. Owen, 611 Lake, expressed concern to City Manager Fairburn about the information that her husband furnished him and it wasn't brought up in the Council meetings. She said these streets are an important issue. She said there was only 3/8" of asphalt on the street in front of City Hall and there should be 2". She said this is not about politics or public relations. She said she wants to know where City Manager Fairburn gets his information, what are his sources about these streets.

Mayor Wohr said the concerns have been addressed to Council, we had a specially called meeting, we took written documents from Mr. Owen. We held a special meeting. We had our engineers there, we had Mr. Owen there, we had Peachtree there and our council there. Every single person on this council took as much time as was necessary to let Mr. Owen say every single one of his concerns and bring them in writing. He had an opportunity to do that. We will be happy to review any other documents or any other information that he wishes to bring us. We will be happy continue to look over the project. But we cannot do it in a public forum because I can't address your questions.

Mayor Wohr called for a recess at 8:07 p.m.

Mayor Wohr called the meeting back to order at 8:25 p.m. He recognized Mrs. Owen to continue in the Citizen's Agenda portion of the meeting and she said she would wait.

Chuck Graham, 1013 Kings Manor, said he had already voiced his opinion during the break.

Bob Davis, 73 Lakeridge, said he's getting his information third hand about the streets. He said it appeared they had a session where they invited the proper people to it. He said we had hired someone to check and bring the information to the City Manager and he should have been advising the Council. He said it sounds like some of the streets are low quality.

Mayor Wohr said we haven't paid for the whole job so we're still in a position of power to see that things get done right.

Marj Johnson, 905 Vista Oaks, said that several weeks ago a member of the charter review member went in to city hall to get a copy of the employee review forms. She asked when they could get copies because they want to have them before they go on with their charter review.

City Manager Fairburn said she could pick them up tomorrow.

Rod Courtney, 162 Kingswood, said he thinks it very important – if we had an inspector for the streets in the beginning we may need to have one now. He said it might be that the City Manager's doing that now. He said he serves on the Charter Review Committee and there is a lot of discussion about the roads. He would like to have the Council bear down and keep out city from dividing. If it's within the law, he feels Council should talk with the inspector again.

Margaret Tisdale, 509 Howard, said she's troubled by what she's been told around town about our streets. She gave her support for Mr. Owen.

R. O. Owen, 611 Lake, apologized for getting upset. She would like to bring up the issue that City Manager Fairburn didn't pay her husband the rest of his paycheck. He only got a partial payment and the attorney's phone number. Why was his pay pro-rated and is he going to be paid.

Mayor Wohr said he would look into that himself.

Dave Owen, 611 Lake, had a question about the low water crossing at Shady Shores; a retaining wall composed of the excavated material from the dam; a bridge was discussed at one point.

Mayor Wohr said everything done in that area is governed by federal law. The Corps of Engineers gave us approval then changed their mind; we had to have it re-engineered and specified the elevation. That was not up to our engineers or the contractors.

There was more discussion about a bridge, a forced main, moving water lines, and road elevation and government restrictions in this area between Dave Owen and Mayor Wohr.

Chuck Graham, 1013 Kings Manor, said he hoped Council will take everything into consideration of what the citizens had to say tonight and can find some way to smooth things out.

Mayor Wohr closed the Citizen's Agenda and called for a break at 8:45 p.m.

Mayor Wohr called the meeting back to order at approximately 9 p.m.

It's been the decision of Council to go forward with the executive session at this point. The only other item on the agenda is the municipal court fees. He asked if anyone there had any comments on that item.

Bob Davis, 73 Lakeridge, said he hopes that whatever is worked out on these fees is in fairness with the police department. We want a city that's friendly.

Dave Owen, 611 Lake, said he agreed with the comment Councilmember Shikle had said in the January 13 meeting that some of the fees were exorbitant.

Mayor Wohr closed the public portion of the meeting at 9:10 p.m.

C. Business:

1. **The City Council will have an executive session to receive the performance evaluations of department administrators, Municipal Court Judge, and City Attorney and to conduct a performance evaluation of the City Manager according to Government Code 551.074.**

Council returned from Executive Session and went back into open meeting.
Councilmember Minnis had left during the Executive Session.

2. **Action, if any, from Executive Session**

Motion was made by Councilmember Stapleton to accept all performance evaluations presented tonight. The City Manager's evaluation is to be brought back to Council at the regularly scheduled meeting in March to be reevaluated. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None

Motion Passed

3. **Review of Municipal Court Fees for recommendation to Municipal Court Judge.**

Councilmember Shikle addressed City Manager Fairburn regarding a letter City Manager Fairburn had put in the Councilmembers boxes stating that this didn't really need to come to the Council. City Manager Fairburn said that judges actually set the fine amounts. He said that someone could recommend fee amounts. There was discussion about the amount and type of some of the fines. A recommendation was made to cut some of the fine amounts and make them more realistic. City Manager Fairburn said some cities are higher and some are lower than the Lake Dallas fees. The fines cannot be reduced below the State fee amounts.
Motion was made by Councilmember Harper to table this item until the next regular meeting and go over it. Seconded by Councilmember Shikle.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None

Motion Passed

D. Adjourn

Motion was made by Councilmember Milan to adjourn. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis and Harper

CITY OF LAKE DALLAS

The Lake Dallas City Council met in a workshop session with the Planning and Zoning Commission on January 22, 2000 at 9:00 a.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. Roll Call

The following Councilmembers were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Ken Stapleton	Councilmember 3
Mike Minnis	Councilmember 4
Betty Harper	Councilmember 5

Councilmember Shikle was excused.

The following Planning and Zoning Commission members were present and constituted a quorum:

Ben Gilbert	Chairman
Al Bavon	
Diane Byers	
Marj Johnson	
Mike Fahey	

Commissioner Graham and Alternate Barnard were not present.

Also present were Councilmember Lonnie Thomas from the City of Allen, Texas, City Manager Stewart Fairburn, Police Chief Nick Ristagno, Building Official Truman Harp, Public Works Superintendent Johnny Webber and City Secretary Beverly Weikum.

B. Joint meeting with Planning and Zoning Commission
4b Sales Tax

Councilmember Lonnie Thomas from Allen, Texas, gave a presentation on what their city had accomplished through the use of the 4b Sales Tax. They have built parks, ballfields, a footbridge to provide safe access to park facilities and a middle school. He said they had purchased land and improved it and then sold it to companies who would bring more tax dollars to the city. He said they had not raised the base tax rate in six years. He left information with the Councilmembers and Staff and answered questions the Councilmembers had.

Mayor Wohr called for a break at 9:50 a.m.
Mayor Wohr called the meeting back to order at 10:10 a.m.

Comprehensive Plan

There was lengthy discussion about the Comprehensive Plan. It was the consensus of the Councilmembers to approve the plan and that the Planning and Zoning Commission begin work on part one: evaluation of the zoning districts use.

Mayor Wohr called for the lunch break at 12:15 p.m.

Mayor Wohr called the meeting back to order at 1:05 p.m.

There was ending discussion about the Comprehensive plan.

R-3 Regulations and Planned Unit Developments

This is on the agenda because there are some developers looking at the railroad property with an interest of erecting an apartment complex there and both Planning and Zoning Commission and the City Council expressed interest in seeing what their plans and ideas are. It was decided that the Planning and Zoning Commission should start reviewing the planned unit development and bring it back to the City Council.

The Planning and Zoning Commission members were allowed to leave at 1:50 p.m. but were extended an invitation to stay if they would like.

C. Street Projects: 2000

City Manager Fairburn said the Comprehensive Plan describes the criteria needed to evaluate capital projects. There has also been input from the Councilmembers as well as staff and citizens lists on what streets need to be done. Public Works Superintendent Webber said that slurry seal for Lakeview had been ruled out due to access for the residents. He said an overlay would extend the life of the street. Mayor Wohr said the city could probably use the county's chip and seal machine for some of the other streets. Public Works Superintendent told him there was a 2 – 3 year waiting list but will get whatever information he could and bring it back to City Council.

D. First Quarter Update

City Manager Fairburn stated that with the good start we have with the City Sales Tax Revenue so far this year we should be exceeding the amount budgeted.

Councilmember Minnis asked to be excused at 2:05 p.m. There was no longer a quorum.

Item E will be put on next Thursday's agenda and Items F will be on February's regular meeting agenda.

Meeting was adjourned at approximately 2:05 p.m.

B. Mayor Wohr gave the invocation

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda:
Mike Minnis, 204 Oakwood, said he was speaking as a citizen at this time. He presented approximately 800 signatures of people who were interested in a sidewalk on Shady Shores and considered it to be a very important item. He said he had been in contact with Scott Thompson and at Scott's suggestion he had asked city staff to draft a letter asking that the Lake Dallas Fire Station be named in Jerry McCutcheon's honor and that the letter be signed by the Mayor and Councilmembers. He asked for their consideration in this matter. He said that Mayor Malloy of Hickory Creek will be doing a similar letter with his Council.

David Shershen, 166 Kingswood Drive, said he concurred with Mike Minnis as far as honoring Jerry McCutcheon. He said he wanted to publicly salute Jerry's 25 years of dedication to public service. He said he would like to have annual awards given in order to honor our citizens while they are still alive.

Steve Taylor, TXU manager out of Denton, said he was there to introduce himself. He said he would be coming around a lot due to the deregulation in order to keep us informed and our citizens. Mayor Wohr said he had sat through many hours of legislation on this item. Mr. Taylor said that TXU is now a monopoly and on April 1st he will bring unbundled rates to the Council. He said on January 1, 2002, that rates will be cut in half for residential and commercial use. He said there will still be a regulated side.

David Owen, Post Office Box 1142, presented approximately 400 pages of his daily logs which he has made up during the time he has been street inspector on the street projects. He said he has started a punch list where some of the streets are cracking. He thinks that the intersection at Shady Shores and Hundley should have a prime coat. He presented a core sample taken on Shady Shores which showed 2" of asphalt as specified. Another core on Hundley showed only 1-1/8". Mayor Wohr said they had been told there were two different ways to cure the roads. Mr. Owen said he's not saying the contractor was totally wrong. He said the base stabilization seems to be okay except for some minor things. He said he had been given notice that January 28 he would no longer be the inspector. He said he is used to dealing with contractors and feels he should stay on. Mayor Wohr asked Mr. Owen if he was suggesting the use of tack coat on Main

Street. Mr. Owen said yes. Councilmember Shikle said he thought this was the wrong time to be having this discussion. He said at the time things were found to be in error a Council Meeting should have been called. His suggestion was to have a meeting as soon as possible. Mayor Wohr said that it can brought up under the New Business item.

No one else presented themselves to speak so Mayor Wohr closed the Citizens' Agenda.

E. **Presentation:** Mayor Wohr thanked Ron Peoples for his service on the Parks and Recreation Board. Since Mr. Peoples was unable to attend the meeting City Manager Fairburn accepted the Certificate of Appreciation in Mr. People's absence. City Manager Fairburn also thanked Mr. Peoples for his time given to the Parks Board and the Soccer League.

   d. **Appointments to the Board of Adjustment**
   e. **Consideration and Action on an ordinance amending Chapter 8.32.030 A of the Municipal Code extending the exemption from 6 months to 2 years.**
   f. **Consideration and Action on an ordinance appropriating additional funds for the FY 2000 Budget.**
   g. **Approval of the Municipal Court Fine Schedule**

Motion was made by Councilmember Shikle to accept the Consent Agenda without items a, e, f, and g. Seconded by Councilmember Minnis.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

Item F-1-a – Approval of Minutes for September 9, 1999 and December 9 and December 16, 1999.
The September minutes were just coming forward for approval because they had been skipped over earlier. There had been several meetings in September and this set had been overlooked. Councilmember Minnis said that the minutes for December 16 failed to show that he had been excused from the meeting earlier and therefore had not voted on items C-3 and D. Mayor Wohr asked that the minutes reflect the fact that Councilmember Minnis had an abstention and did not stay for the entire meeting.
Motion was made by Councilmember Minnis to accept the minutes which were presented with the amended version. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

Item F-1-e – City Manager Fairburn said that this was the only non-conforming use item that had not been extended to two years. This would make all non-conforming uses under the same length of time.
Motion was made by Councilmember Shikle to accept Item e of the consent agenda. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

Item F-1-f – City Manager Fairburn said that in the 1999 Budget we had anticipated some expenses but some of the funds had not been spent by the year end. This item will bring these dollars forward from the previous year in a formal process.
Motion was made by Councilmember Shikle to accept item f of the consent agenda. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

Item F-1-g – There was discussion about the State fee, the technology fee, and the city's portion of the ticket amounts. It was suggested that the item be tabled, more time spent on it, or given to staff to deal with to decrease some of the fines and bring it back to Council. The $4 technology fee had been previously approved by Council.
Motion was made by Councilmember Shikle to table item g. Seconded by Councilmember Harper.

2. Consideration and Action on acceptance of the annual financial audit.

Carl Deaton of Hankins, Powers, Eastup, Deaton & Tonn addressed the City Council regarding the audit for fiscal year ended September 30, 1999. Mayor Wohr asked Mr. Deaton if any weaknesses that had been pointed out in earlier audits had been corrected. Mr. Deaton said everything has been corrected and is being handled properly. It was determined that Restricted Assets on page 10 incorrectly stated that there was a reference to the bridge fund and it should have referred to the parks fund. Mr. Deaton said he would get that corrected.
Motion was made by Councilmember Minnis to accept the annual financial audit. He then amended his motion to also include the change on the Restricted Assets before posting. Seconded by Councilmember Stapleton.

4. **Consideration and Action on authorizing the City Manager to enter into a contract with Denton County for the May election.**

There was discussion pertaining to the Eagles (electric counters) and whether things were better coordinated in the recent elections. City Manager Fairburn said things should be working better now and the Elections Administrator has been more efficient. The concerns of the Election Judge were addressed: she was concerned mainly with the costs concerning the optical scans vs. manual counting. There was a question regarding recount procedures and it was determined that recounts would be done manually. **Motion** was made by Councilmember Minnis to authorize the City Manager to enter into a contract with Denton County for municipal elections. Seconded by Councilmember Milan.

5. **Consideration and Action on Reports:**
   a. **Boards and Commissions**
   b. **Financials, including Accounts Payable**
   c. **City Manager's Report**

City Manager Fairburn said they had received copies of the draft Comprehensive Plan that will be reviewed at the January 22 joint workshop and it will be brought back to the Council probably in March. There was discussion about the park equipment and it is being looked at now as far as ground preparation. It was suggested that Chuck Graham or Mark Nelson be contacted regarding a tractor with an auger. Councilmember Milan said she could recruit help from her leadership association at work to install the playground equipment.

Marj Johnson reported that the Charter Review Committee is getting close. They are anticipating mid-February before they have all the information ready to present to the City Council. There was Council discussion about the fact that the City should not be conducting business with any vendor who is delinquent in paying their property taxes; concern about the amount of legal costs for the month of December and requested use of other resources if at all possible; and questions over various charges on the check register including the cost of the survey for the Garza Beach Survey.

City Manager Fairburn said the City's quarterly cleanup would be the next Saturday and that a news item had appeared in the quarterly newsletter as well as in the Lake Cities Sun.

Motion was made by Councilmember Milan to accept the financials and pay the bills. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper

G. New Business

Councilmember Stapleton asked about the annual recognition dinner for staff and boards and commissions. He also said we really need to have a workshop on Council Policies and Procedures. Mayor Wohr said we've talked about this several times about how we're going to do it; he said we may need to take a look at the charter as well as other articles which have been available. City Manager Fairburn suggested bringing one policy a month but Councilmember Stapleton said it's taking too much time as it is. Mayor Wohr said it is a time consuming item. It was determined it would be put on the agenda for the January 22 quarterly workshop.

Councilmember Minnis said he thought the Council was getting a little more cohesive. He said the minutes for the past year are very thick so that shows that the Council is accomplishing something. Councilmember Minnis also asked that a special session be set up with Dave Owens and City Attorney. City Manager Fairburn said he's trying to get the reports and Mr. Owens said they were due on the 28th and we will get them then. Mayor Wohr suggested an executive meeting without having the attorney present. City Manager Fairburn said it doesn't even have to be an executive session. Councilmember Minnis said there are some things he wants to say so he would appreciate it if it could be an executive session.

Dave Owen spoke. He said we're in the process of doing Main Street now. Some decision needs to be made as far as the prime coat/tack coat issue before we even get any farther in this. City Manager Fairburn said they do need to get the prime coat down. Mayor Wohr asked Dave about this and he said that the contractor has agreed to prime coat.

Councilmember Minnis requested an executive session with Dave Owen and the City Attorney. Councilmember Harper said she would like to have an executive session as soon as possible. There was further discussion about the testing and maintenance and performance bonds. Tuesday night was agreed upon for the meeting at 7:00 p.m. with Dave Owen, Kimley-Horn, and the City Attorney. The Municipal Court fees will be put on the January 22 meeting.

H. Adjourn

3. **Consideration and Action on Tax Reinvestment Zone (Tax Abatement – COMCO).**

City Manager Fairburn handed out the resolution. There were concerns raised about authorizing the maximum amount. City Manager Fairburn explained that the Planning and Zoning Commission recommended the full amount because of the amount of investment and particularly the costs of bringing in utilities that will help the other lots to be developed.

Motion was made by Councilmember Shikle to grant a tax abatement to COMCO for 50% the first year, 30% the second year, and 10% the third year and then expire. Councilmember Stapleton seconded the motion.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. <u>VISITORS/CITIZENS AGENDA:</u>

Jan Daniels, 401 Shady Shores, had questions regarding the results of the financial audits for the City of Lake Dallas for year-end 1997. She said she had gone to the Lake Cities Library to look at the 1998 audit and part of it was missing. She also asked when the 1999 audit is due to be completed. City Manager Fairburn said the 1999 should come before the City Council at the January meeting and we would research the other questions and get back to her. She said she had spoken with Marsha Hackett with the Corps of Engineers and that the City of Lake Dallas had not submitted a list of concerned citizens on the Lewisville Lake project and wanted to know what happened to the list.

L. D. Vinson, Post Office Box 1232, Sanger, Texas 76266, said he had tried to move a new trailer house in as a replacement for another trailer on some of his property. He talked with Mr. Harp and Rod Courtney and was told he could simultaneously move one in and one out. He said the City Manager Fairburn cam along and told him he couldn't do that. He's been waiting a year for a solution or answer.

Mayor Wohr said we couldn't address the problem that night but it will be looked into and see what options are available. Mr. Vinson questioned how two people working for the city could be saying two different things. He stated he thought he should have grandfather rights.

Lance Wilson, 509 Briar Oaks Drive, Lake Dallas, said he had recently bought a home in the Jackson Ranch Subdivision and had high expectations for that area. He expressed concern that a brand new liquor store was being built within 500 yards of his home. He said it was only a matter of time before panhandlers and vagrants will be in the area and this will eventually drive down the property values of the homes in this area. He said we have a large amount of liquor stores already. He asked why the city deemed it necessary to continue to allow liquor stores. He asked what the procedure would be to place it before the citizens for a vote.

Mayor Wohr told him he had raised legitimate concerns. He also told Mr. Wilson that all the recent liquor stores or C-3 zoning which permits alcohol sales have had public hearings. He told him we will try to address his concerns.

Rod Courtney, 162 Kingswood, Lake Dallas, gave a progress report on the Charter Review Committee. He said there were about 18 or 20 dedicated citizens and they are finding the original Charter Committee did a good job. The present committee will find very few changes to be made.

Mayor Wohr told Mr. Courtney he appreciated his report.

L. D. Vinson made a comment about 1972 when liquor stores were first allowed. He said he didn't know how Jackson Ranch got liquor.

The zoning had been changed since the original alcohol sales were first allowed and part of the Jackson Ranch Subdivision is now zoned C-3. Mayor Wohr closed the Citizen's Agenda.

E. Business

1. Consent Agenda

a. Approval of Minutes for November 18, 1999.
b. Adopt a Resolution in support of Internet filtering for the Library.
c. Adopt a Resolution on Annexation of Property.
d. Appointments to Board of Adjustment.
e. Appointments to Parks and Recreation Board.
f. Consideration and Action on approval of amended plat for Lot 7R Block 4 of Lake Dallas Shores, known as 605 Shore.

City Manager Fairburn asked Council to notice the addendum to item 1E, which gave the Parks and Recreation Board's recommendation for the appointments. Mayor Wohr said the City of Corinth had approved the Internet filtering for the Lake Cities Library.

Motion was made by Councilmember Minnis to approve the Consent Agenda items and approve the Planning and Zoning vote. Seconded by Councilmember Milan.

2. Public Hearing on a proposed tax incentive zone to be established at the First COMCO Addition for the purpose of offering a tax abatement. The location of the First COMCO Addition is 306 West Overly Drive which is directly east of the Coors facility and west of the Ashleye Village Apartments; north of Lake Haven Estates and south of the Payless Cashways tract.

Mayor Wohr said we had a difficulty with the quorum since Councilmember Minnis had signed an abstention so the item could not be voted on tonight. He said we could still have the public hearing and table any action until the next meeting.

Rod Courtney, 162 Kingswood, Lake Dallas, asked what the criteria was to apply for a tax incentive zone. City Manager Fairburn said we would mail him a copy of the policy, which would give a complete list.

L. D. Vinson, Post Office Box 1232, Sanger, Texas, asked why the City should give tax incentives.

City Manager Fairburn said the application from the owners for a tax abatement has gone before the Planning and Zoning Commission and they have recommended to City Council that the company receive a 5 year 50% abatement. He said this could be a total of $5,000 to $10,000 over a period of 5 years. Last month City Council voted to have a Public Hearing on establishing the reinvestment zone. After establishment of a reinvestment zone, the company comes back before the City with a tax abatement agreement for a vote. Mayor Wohr said the City will receive more tax money as the tax value goes up. Mayor Wohr closed the public hearing at 8:05 p.m.

3. **Consideration and Action on a proposed tax incentive zone to be established at the First COMCO Addition for the purpose of offering a tax abatement. The location of the First COMCO Addition is 306 West Overly Drive which is directly east of the Coors facility and west of the Ashleye Village Apartments; north of Lake Haven Estates and south of the Payless Cashways tract.**

Motion was made by Councilmember Milan to table Item E-3 and reschedule for the next meeting. Seconded by Councilmember Minnis.

4. **Public Hearing on proposed amendments to the Comprehensive Zoning Ordinance of the City of Lake Dallas. These amendments would change the zoning district from M-1 to C-1 the Lots 86A, 86B, 87, 88, 89, and 90 of the M. Wright Addition; Lots 1,2,3,4,5,6,7,8,9, and 10 of the First Highway Addition; and Lot 53 of L. Cobb Addition.**

City Manager Fairburn said this property is generally known as 'the railroad property' and is currently in M-1 zoning, which is light industrial. This has gone before the Planning and Zoning Commission and it was approved unanimously.

Lance Wilson, 509 Briar Oaks Drive, Lake Dallas, said this property is right by his home and asked what was preventing another liquor store from going in. Mayor Wohr told him it would be going to C-1 zoning not C-3 which allows for alcohol and explained that this parcel is a different one from the parcel by his house.

Jan Daniels, 402 Shady Shores, Lake Dallas, asked if the area was changed to C-1, are you aware that there are some people who own some of these lots who want to change the zoning changed to C-3, and would that interfere at all with them attempting to change the zoning. City Manager Fairburn replied it would not affect that.

Mayor Wohr closed the public hearing.

5. **Consideration and Action on proposed amendments to the Comprehensive Zoning Ordinance of the City of Lake Dallas. These amendments would change the zoning district from M-1 to C-1 the Lots 86A, 86B, 87, 88, 89, and 90 of the M. Wright Addition; Lots 1,2,3,4,5,6,7,8,9, and 10 of the First Highway Addition; and Lot 53 of L. Cobb Addition.**

Motion was made by Councilmember Minnis to adopt the ordinance amending the Comprehensive Zoning Ordinance of the City of Lake Dallas to change the zoning from M-1 to C-1 on Lots 86A, 86B, 87, 88, 89 and 90 of the M. Wright Addition and lots 1, 2, 3, 4, 5, 6, 7, 8, 9 and 10 of the First Highway Addition; and Lot 53 of the L. Cobb Addition. Seconded by Councilmember Milan.

6. **Public Hearing on proposed amendments to the Comprehensive Zoning Ordinance of the City of Lake Dallas. These amendments would change the zoning district from M-1 to C-2 this part of Lot 3 Payless Cashways, Inc. #910.**

Rod Courtney, 162 Kingswood, Lake Dallas, said he wanted to inform Council that there is negotiation going on now for a possible family-style restaurant to go in that particular area in the event the zoning change is approved. He said he would appreciate their approval.

Mayor Wohr closed the public hearing at 8:15 p.m.

7. **Consideration and Action on proposed amendments to the Comprehensive Zoning Ordinance of the City of Lake Dallas. These amendments would change the zoning district from M-1 to C-2 this part of Lot 3 Payless Cashways, Inc. #910.**

Motion was made by Councilmember Milan to pass an ordinance amending the Comprehensive Zoning Ordinance of the City of Lake Dallas to change the zoning from M-1 to C-2 on that part of lot 3 Payless Cashways, Inc. #910. Seconded by Councilmember Minnis.

8. **Public Hearing on possible changes to the 80% masonry rule for residential and commercial buildings.**

Mayor Wohr said we have had some proposals come before the City asking for a way out of this rule. There are some things this might restrict and used the Cracker Barrel as an example because their buildings are not 80% masonry. New commercial projects could come before the Planning and Zoning Commission and the City Council and request an exemption. Public input would probably be asked for from their neighbors.

L. D. Vinson, Post Office Box 1232, Sanger, TX, said he can see some of it but metal buildings look tacky unless they brick the front of them. When Mr. Henderson built Tim's Produce had to come to the Council and get a variance. He also asked if this would apply only to commercial projects. Mayor Wohr it would. Residences will stay the same.

Rod Courtney, 162 Kingswood, Lake Dallas, said the restaurant that is thinking about coming in on Swisher Road would be a brick building.

Mayor Wohr closed the public hearing at 8:25 p.m.

9. Consideration and Action on possible changes to the 80% masonry rule for residential and commercial buildings.

City Manager Fairburn said that the Planning and Zoning had talked about all three commercial areas, C-1, C-2 and C-3 for the exemption. The ordinance which is in the Council packets refers only to C-1, but that is just an example. It will cover all three zones. Councilmember Milan said that if we did give someone the flexibility what could we say about maintaining the building. City Manager Fairburn said the City does have the minimum building preservation code that they do have to keep things up. If the roof is bad, windows are broken, needs paint, i.e., those sorts of things run through the Code Enforcement Office.

Motion was made by Councilmember Minnis that we adopt the attached ordinance with the amendment to the ordinance to read in the zoning districts C-1, C-2, and C-3. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Minnis, and Harper
Noes: None

Motion Passed

10. Information and discussion on 4A and 4B sales tax.

City Manager Fairburn said these are sales taxes up to ½ cent for economic development purposes. The amounts collected from these taxes need to be set aside. 4A is primarily for manufacturing and has less applicability to what the City needs to have at the moment. The 4B sales tax has many uses: it can be used for parks and open spaces; public facility improvements; commercial facilities; transportation improvements; infrastructure improvements; and other business oriented improvements. The sales tax would be approved by a vote of the people, and the projects are subject to pubic hearing. A Development Corporation would be set up to run the 4B projects. There does seem to be some possibility of being able to provide some revenue for these types of projects without having to strip that money from other City projects and programs and also to keep from raising property tax. A lot of our sales tax comes from outside the City so visitors would also be paying for some of this. The Planning and Zoning Commission has also received this information and would like to review it further. They also feel it would be good to get with Council in a work session to talk about it. One of the things would be what types of projects would people be interested in having and how would this apply; being able to talk with other cities and see what they have done with it; it seems to be very positive for the goals that Council has but certainly needs to be talked about.

Mayor Wohr said it would be a good to have a joint meeting in January with Planning and Zoning Commission and that there are a lot of purposes this tax could be used for. Councilmember Milan said she had spoken with a Councilmember from Allen and they had nothing but good things to say about what the 4B has done for their city. They have offered for our Council to come over and take a tour of their city and see the progress that they have made and also the possibility that one of their Councilmembers could come over and talk to our Council.

Mayor Wohr said it might be good to start working on getting some people together to form the Development Corporation.

Rod Courtney, 162 Kingswood, Lake Dallas, asked if there was a predetermined amount of money set and after that amount is reached, is that tax withdrawn. Mayor Wohr said that if a future Council decides we don't need that amount of tax they could withdraw it but it does not automatically go away after a certain length of time. Mr. Courtney used setting aside an amount to be used for a new city hall and when that amount was reached the tax would be withdrawn. City Manager Fairburn said it could be set up with a time limit on it; he said there's a lot of flexibility with it.

Councilmember Minnis said it might be good to solicit the Chamber of Commerce and see if some of them would like to sit on the corporation.

Councilmember Milan asked about having a visitation with the City of Allen. Mayor Wohr said it would be nice to have someone from the City of Allen address the Council.

Lance Wilson, 509 Briar Oaks Drive, Lake Dallas, asked what businesses specifically would this apply to. Mayor Wohr said it's a sales tax and would be on the sale of products within the City of Lake Dallas.

Mayor Wohr called for a recess at 8:40 p.m.

Mayor Wohr called the meeting back to order at 8:50 p.m.

11. <u>Consideration and Action on reports.</u>

a. Boards and Commissions
b. Financial, including Accounts Payable
c. City Manager's Report

City Manager Fairburn stated that the Parks and Recreation Board approved the financial record of the October Fallfest at their December 7 meeting. CoServ had donated $1250 for the program. The tree lighting last Saturday went well and we will be getting a financial record of that. They have another vacancy for an alternate position. The playground equipment should arrive at the end of this month so we'll need to figure out the logistics and get people lined up to help. The City employees will do the site preparation. Saturday at Willow Grove Park a cub scout den will be going out there to get their conservation award; they will be picking up trash and have invited other boy scouts and the Parks and Recreation Board and he said he was sure they would like to see some of the Councilmembers out there. Councilmember Milan said she's trying to get help from Boeing for setting up the playground equipment.

The Planning and Zoning Commission has put together almost the final draft of the Comprehensive Plan. They will meet the first Thursday in January to finalize the draft. Mayor Wohr suggested that Council give a plaque or letter of appreciation to them when it is completed.

City Manager Fairburn reported on the roads. He said next week we should be getting some work on the headwalls at the Shady Shores culvert on the north end. Once the headwalls are done they can work on the road itself. Expecting the road work on Main Street from Denton Drive to Carlisle to be done in January. The gas company finished up their work on Shady Shores and Hundley just prior to Thanksgiving. Culvert work will be continuing. Once that's completed the intersection can be completed. They are continuing work on Pembrook and the Kings Manor Drainage ditch. There are a lot of little detail pieces still needing to be done. We are still looking at Carlisle and the rest of Main Street. It will be brought back to Council in January. It's not as difficult as some of the other projects we've had.

We need to look at some alternatives for the Main Street project. It's not going to take a lot of engineering for these projects so we may stay with Kimley-Horn instead of looking for another engineering firm. We probably won't need Dave Owens after January. We are paying him at this time even though no construction is being accomplished because he is doing follow-ups, measurements, and re-doing the punch list. The contractor, engineers and City of Lake Dallas meet weekly regarding compliance and problems. City Manager Fairburn said he has been talking with the engineers about our position regarding additional work they have performed and we won't pay them their final amount until an agreement has been reached. The 50% rule on subcontractors has been discussed and has basically been voided. The completion date of December is not going to be met due to some delays and they have been notified regarding this but we are expecting completion by January 30. We need to get with Hickory Creek regarding an interlocal on the maintenance of Carlisle. There was discussion about signs welcoming traffic to the City of Lake Dallas. Mayor Wohr said signs had been discussed several years ago by the Keep Lake Dallas Beautiful committee.

Motion was made by Councilmember Minnis to accept the reports as presented and pay the bills. Seconded by Councilmember Milan.

12. New Business

The executive session scheduled for December 16, 1999, will be the last meeting of the year for the City Council. This Council Meeting will be with the City Attorney, Building Official Harp, and City Manager Fairburn regarding the issues of special use permits and non-conformance with building codes. Question was raised if Council should schedule a meeting with Mr. Griffith and his attorney after the executive session. It was decided not to do that since it was difficult to say how long the executive session would last and perhaps there would be no need for a full Council to meet with Mr. Griffith. City Manager Fairburn said that Council had received a letter from Tim Smith asking for a review of the procedures for voting on Special Use Permits. He said this is scheduled in January for the Planning and Zoning Commission and February for the City Council Meeting. Councilmember Minnis said the Charter Review Committee have said they probably won't have their recommendations to the Council by December 31. City Manager Fairburn said if they could get the information to Council by January 15 that should be enough time.

F. Adjourn

Motion was made by Councilmember Minnis to adjourn the meeting. Seconded by Councilmember Milan.

Mayor

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular session on November 18, 1999, at 7:31 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. Roll Call

The following members were present and constituted a quorum:

Mike Minnis	Mayor Pro Tem
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Mayor Steve Wohr was excused.

Staff present were City Manager Stewart Fairburn and City Secretary Beverly Lucke.

B. Councilmember Shikle gave the invocation

C. The Pledge of Allegiance was led by Mayor Pro Tem Minnis.

D. <u>VISITORS/CITIZENS AGENDA:</u>

Jan Daniels, 401 Shady Shores, said she is a member of the Charter Review Committee and they had found that a Municipal Code Book is not in the library as the Charter calls for. She said the committee is aware of the recodification and would like a name of the company and their address. She was told she would get that information during break.

Bob Davis, 73 Lakeridge, asked how much the codification would cost and was told between $10,000 and $12,000. He was also concerned about the signs issue on the agenda and hoped it would be simple with a minimum of restrictions. Another concern is the library and Internet filtration. He said we should have the courage to do that.

Mayor Pro Tem Minnis closed the Citizens Agenda because no one else presented themselves to speak.

E. Business

1. **Consent Agenda**
   a. Approval of Minutes for October 14, 18, and 28, 1999
   b. Adopt a Resolution for Investment Policy
   c. Adopt a Resolution on Annexation of Property
   d. Consideration and Action on approval of an Interlocal Agreement with the City of Denton for the Animal Control Shelter Contract
   e. Consideration and Action on amending an ordinance Chapter 15.16.040 of the municipal code regarding election signs.

Mayor Pro Tem Minnis said the City Secretary had just handed out extra information on items b and d which should probably be pulled out and tabled. He said on Item e some people had expressed concern so the Ordinance will be read out loud so everyone can hear and understand.

Motion was made by Councilmember Milan to approve the Consent Agenda items a and d and pull items b, c and e. Seconded by Councilmember Stapleton.
Ayes: Mayor Pro Tem Minnis, Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None

Motion Passed

Consent Agenda Item 1-e
Mayor Pro Tem Minnis asked City Manager Fairburn to read the proposed Ordinance on the election signs. He then opened Consent Agenda Item e to the public. No one had any other comments.

Motion was made by Councilmember Shikle to approve item 1-e on the consent agenda. Seconded by Councilmember Milan.
Ayes: Mayor Pro Tem Minnis, Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None

Motion Passed

Consent Agenda Items 1-b and 1-c

Motion was made by Councilmember Stapleton to table Items b and c of the consent agenda until the next regular scheduled Council meeting. Seconded by Councilmember Harper.
Ayes: Mayor Pro Tem Minnis, Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None

Motion Passed

2. Discussion with Lake Cities Library Board regarding Internet access and filtering for Library

Cecil Carter, 111 Lake Shore Road, Shady Shores, spoke for the Lake Cities Library Board. He passed out a 'Presentation of the Filtering Issue to Town Councils' which he read. He said there are two sides to this issue and the Library Board is going before the City Councils of Hickory Creek, Lake Dallas, and Corinth. One side is community moral standards and the other is that 'filtering' is a violation of the First Amendment rights. He stated that no filtering is 100% effective because pornography is so pervasive on the Internet. He said that during November and December they are asking for public comments and the input opportunities will end December 31 and the Board will probably make their decision at the January Board meeting. He said this was the kind of issue that they could be sued if they do or if they don't. He said the Library Board's budget is very small.

Mayor Pro Tem Minnis said his opinion was to put the filters in. Councilmember Stapleton asked if they were aware that many Internet providers have the filter service available. Councilmember Shikle asked who would decide whether it was a hate speech or pornographic. He cited Martin Luther King when he was beginning his crusade as an example. He also said we certainly did not want any pornography. Councilmember Harper said they had the Internet in the school system but it was not available to the students. Councilmember Milan asked if they had given thought to having a release form signed before using the Internet regarding pornography sites. It was discussed that if the Internet was going to cause a problem that perhaps the library should not install it. Mayor Pro Tem Minnis asked City Manager Fairburn if we could use TML to get an opinion and then the Library Board could call him for answers. A suggestion was made that perhaps they could install 2 by way of compromise and have 1 filtered and one not filtered. The consensus of the Council was that that was probably not a good idea.

Mr. Carter thanked Council for their input and said they really hadn't had a lot of input from the other cities. He said he wanted the cities to be aware that they would be in on it should the library be sued. Mayor Pro Tem Minnis thanked Mr. Carter.

3. Consideration and Action on a Resolution calling for Public Hearing on the establishment of a tax incentive zone at COMCO Addition on Overly.

Mayor Pro Tem Minnis said he had filled out an abstention from any discussion on this item and will not vote. City Manager Fairburn said the City Council developed and approved a tax abatement plan. The maximum amount that can be done is 50% over a 5 year period. The first application we have received is from COMCO who is moving from Dallas to Overly Drive. They have been before the Planning & Zoning Commission and the Commission is recommending 50% over 5 years. Tonight Council needs to approve a resolution which approves a public hearing next month.

Motion was made by Councilmember Stapleton to approve the resolution calling for a public hearing on the establishment of a tax incentive zone on Overly Drive known as COMCO Addition, Tract 1.
Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None
Abstentions: Mayor Pro Tem Minnis

Motion Passed.

4. **Consideration and Action on the timing of Planning and Zoning Commission and City Council Meetings.**

Mayor Pro Tem Minnis said the Planning & Zoning Commission Chairman was not at the meeting but Commissioner Johnson was there so he asked her for a report. Commissioner Johnson said that one option was to move their meetings to the third Thursday and another option was to come to the Council Meetings for input. She said they would like Council's input. Mayor Pro Tem Minnis said so you are all willing to adjust your meetings? Commissioner Johnson said two members weren't present but they were in favor changing the dates.

There was Council discussion regarding the meeting date change which would facilitate getting Planning and Zoning Commission minutes to the Council on Public Hearings.
Motion was made by Councilmember Milan that the timing of Planning and Zoning Commission be on the third Thursday of the month as recommended by the Planning and Zoning Commission. Seconded by Councilmember Stapleton.
Ayes: Mayor Pro Tem Minnis, Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None

Motion Passed

5. **Consideration and Action on amending Chapter 2.12.010 of the municipal code establishing the 4th Thursday of each month as a regular City Council Meeting.**

Mayor Pro Tem Minnis asked City Manager Fairburn to give the background on this item. He said this item had been brought before Council before due to concern for meeting quorum for meetings but was not approved due to the concern of forfeiture clauses. Councilmember Milan asked if calling in is to be excused. City Manager Fairburn said at this time it is. Mayor Pro Tem Minnis said that one of the things is that we don't really have a policy as to what constitutes excused or unexcused absences. He said he likes the way we have one meeting as a regular meeting and the second as a workshop. Councilmember Stapleton said he doesn't like the idea of having two regular meetings and he is uncomfortable without having a policy regarding absences. Councilmember Shikle said he sponsored this item and disagrees that it is a loophole. He said that tonight three people would have been a quorum. He wanted to have two meetings so business could be taken care of and Staff could continue without being put off 2 or 3 more weeks. He asked how many Councilmembers had had unexcused absences in the last 3 ½ or 4 years. Mayor Pro Tem Minnis said none. He said he felt the City needs to go on and if the situation arises again where 4 of the Councilmembers couldn't be at the meeting then business would be disrupted.

Mayor Pro Tem Minnis said that with Council's permission Mr. Tisdale had some input.

Gene Tisdale, 524 Howard Street, said we haven't had a problem in the last year or two but that he can remember a time when there were some people with mobile home problems. The City was going to eliminate mobile homes from Lake Dallas and there were several meetings called and they could have got rid of the mobile homes if they could have had meetings back to back.

Councilmember Stapleton said that for a special meeting it requires 4 for a quorum and that does provide a certain amount of checks and balances. Mayor Pro tem Minnis said he's comfortable with the way it is.

Councilmember Stapleton said the only time the issue came up was during the budget meetings.

Motion was made by Councilmember Shikle to amend Chapter 2.12.010 of the Municipal Code establishing the Fourth Thursday of each month as a regular Council meeting. Seconded by Councilmember Milan. There was more discussion regarding clarification about the quorum.
Ayes: Councilmember Shikle
Noes: Mayor Pro Tem Minnis, and Councilmembers Milan, Stapleton, and Harper

Motion Failed

Mayor Pro Tem Minnis ordered a brief recess at 8:35 p.m.

Mayor Pro Tem Minnis called the meeting back to order at 8:52 p.m.

6. **Consideration and Acton on adopting Council Policies and Procedures.**

Mayor Pro Tem Minnis said the Mayor was to have provided some information on this item but was unable to attend this meeting so asked if the item should be tabled. Council discussion brought up scheduling a workshop session to work on this item.

Motion was made by Councilmember Shikle to hold a workshop November 30, 1999 at 7:30 p.m. for adopting Policies and Procedures for the City Council. Seconded by Councilmember Stapleton.
Ayes: Mayor Pro Tem Minnis, and Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None

Motion Passed

7. **Discussion on 4a and 4b Sales Tax for Economic Development**

Mayor Pro Tem Minnis said that we did not have all the information needed on this item. It will be discussed at a later date.

8. **Consideration and Action on reports.**

   a. **Boards and Commissions**
   b. **Financial, including Accounts Payable**
   c. **City Manager's Report**

City Manager Fairburn said the tree lighting ceremony will be December 4; the Planning and Zoning Commission should have their Comprehensive Plan done in December and it will come to Council in January. The playground equipment will need volunteers to help set it up: Parks and Recreation is planning a special event on the opening day of the new equipment.

Questions were answered regarding checks to Netcom and payments to citizens who had damaged vehicles due to the street paving. The vehicle damages are deducted from payments to the contractor. There was concern as to whether these payments could be disputed and the legality of the deduction.

Copies of the monthly bills from the City Attorney will be placed in the Councilmembers boxes monthly. It had been an oversight the past few months.

City Manager Fairburn gave a report on the streets. The contractors are hoping to get the culverts in on Shady Shores so the street can be opened in the next few days and this week they have worked on Gotcher, Goliad, and Alamo and they will be paved next week. The railroad crossings will be fixed next week. The gas company should complete their work next week at Hundley. There is a lot of preparation going into the planning on Main Street. The Kings Manor drainage ditch is moving along well. Planning and Zoning will get the Comprehensive Plan to Council by January. The web page should be up and running by the beginning of the year. The codification review has been returned so that project should be finished soon. In answer to the question of the cost for the web page, City Manager Fairburn said it depends on how much goes into it and right now we are also planning on getting the Park's Master Plan on it, too. Councilmember Shikle said on Thompson a culvert is falling in and City Manager Fairburn said the City crews will take care of it. In answer to the question about the completion date for the streets – substantial completion was to have been in November but due to LCMUA and Lone Star Gas delays the progress has been slowed somewhat. The new schedule for Main Street has been revised to January due to the businesses on that street not wanting the street torn up during the Christmas season; Shady Shores should be done during December. In the next newsletter the citizens will be asked to provide their 'top ten' list of streets to be repaired. City Manager Fairburn said that Carlisle and Main Street south will be starting next summer. Councilmember Shilkle stated that these two projects need to be moved on now.

Motion was made by Councilmember Milan to accept the reports as presented and pay the bills.
Seconded by Councilmember Stapleton.
Ayes: Mayor Pro Tem Minnis, Councilmembers Milan, Shikle, Stapleton, and Harper

9. **New Business**

Councilmember Milan asked for definitions for conflict of interest in requesting meetings/workshops. She said she would like to see if we could get on an agenda to set up a workshop to meet with Bobby Griffith. Mayor Pro Tem Minnis said he has the right to have a meeting with Council. There was Council discussion about the nature/outcome of such a meeting. City Manager Fairburn said he would like to suggest that prior to such a meeting that the Council schedule an Executive Session with the City Attorney. After more discussion it was decided that City Manager Fairburn should set up an Executive Session convenient for both the City Manager Fairburn and the City Attorney.

Councilmember Harper said she had been called about kids vandalizing a house on Kings Manor and that the Police Department had been called. The Police Department told that person that only one officer was on duty at that time and could not respond at that time. City Manager Fairburn said the City offices had not been contacted about this but staff would get the facts on this and advise the Councilmembers. Mayor Pro Tem Minnis said the City has an appeals court and they could go through that alternative if they choose.

Councilmember Shikle stated that Councilmember Harper had requested that the attorney be in attendance at an earlier meeting and he did not show. City Manager Fairburn said there was not enough advance time to schedule the City Attorney. City Manager Fairburn said that another thing he would like to see in the Council Policies and Procedures is if it takes two Councilmembers to put an item on the agenda, how many Councilmembers does it take to request the City Attorney be in attendance at a Council Meeting.

Mayor Pro Tem Minnis said the Hickory Creek Police Department has been basically staking out the entrances and exits from our City. He asked that City Manager Fairburn get a TML rendering on that issue. City Manager Fairburn said he would research that and get back to Council.

The Lake Dallas City Council met in a special session on October 28, 1999, at 7:35 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. Roll Call

The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Mike Minnis	Councilmember 4
Betty Harper	Councilmember 5

Councilmember Ken Stapleton was excused.

Staff present were City Manager Stewart Fairburn, Building Official Truman Harp and City Secretary Beverly Lucke.

B. Mayor Wohr gave the invocation

C. The Pledge of Allegiance was led by Mayor Wohr.

D. <u>VISITORS/CITIZENS AGENDA:</u>

Jeri Sargent, 519 Shady Shores, said there is a vacant lot between her house and her next door neighbor's house. The neighbor is building a building on that lot which is not in compliance with City Ordinances and it's defective and it is damaging their property values. She said their neighbor had originally asked for permission to build a building that would be in compliance with all the codes. He wanted to build a building that would match and blend in with the architecture of his own house so it would be a one story garage to store vehicles. Then he later came back and asked that he be able to raise one part of it a little higher to park an RV. After the building's gone up it's not residential in nature at all. Apparently it's commercial, it's being designed for commercial purposes and definitely is not residential. The building is being built with a steel frame; the veneer is not residential brick. He's getting ready to put commercial red tile veneer on the building. Someone approved him to put a wood frame with 80% brick veneer. So far, nothing that he has done has been approved or is in compliance with the ordinances.

Mayor Wohr said this is not a forum where we can actually address your concerns but is an opportunity for you to make them known to the City Council. The City Manager will address this either in writing or you can contact him next week and we'll see if we can resolve the issue.

Ms. Sargent said she had a letter prepared and asked if she should mail it or drop it by. City Manager Fairburn said either way would be fine.

Margaret Tisdale, 509 Howard Drive, said she had talked with Thelma Boliver a week ago Monday night who was a neighbor across the street from this building. She expressed her concerns to Ms. Tisdale and asked her what she thought she should do. Ms. Tisdale told her she should contact her City Council, the Building Code Enforcement Office and the P & Z. Later that night Thelma had a massive stoke and died. Ms. Tisdale said she's upset about the building because Mrs. Boliver was upset about it and she thinks something should be done.

Mayor Wohr said we could send a copy of the letter to Jeri Sargent to her.

Mayor Wohr closed the Citizen's agenda since no one else presented themselves to speak.

E. Business

1. **Consideration and Action on adopting a resolution casting votes for Candidates for the Board of Directors for the Denton Central Appraisal District.**

Motion was made by Councilmember Minnis to adopt a resolution and cast all 13 votes in support of Dr. Bill Giese. Seconded by Councilmember Shikle.
Ayes: Councilmembers Milan, Shikle, Minnis, and Harper
Noes: None

Motion Passed

2. **Approval of Minutes for September 13, 16, and 23, 1999 meetings.**

No one had copies of the minutes and requested additional copies be furnished. Mayor Wohr said they would go on to another item with Council's permission while the minutes were being copied.

F. Workshop

1. **Discuss possible changes to the zoning of current M-1 properties.**

Mayor Wohr asked Commissioner Ben Gilbert of the Planning and Zoning Commission to speak. Commissioner Gilbert said that as far as the M-1 they have been discussing, C-1 for the railroad property but are willing to look at anything, and C-2 for the area that there was a recent hearing for a change to C-3. He said they are listening to other people as to what they want. Mayor Wohr asked if anyone from the public would like to speak.

Frank Bourland, 1434 Hidden Oaks, Corinth, said they have a group who is interested in doing some work on the existing railroad properties. He said they had gone before the Planning and Zoning Commission at their last meeting to primarily just ask for some opinions and suggestions. He said they had a pretty good round table discussion. The group has a lot of experience and ideas and have been looking at the property for about 1 ½ years. The land is very expensive and M-1 Light Industrial wouldn't be very appropriate. Some things they think would help the community would be some retail but in an effort not to impact the streets an 18 - 20 unit/acre high level apartments with some type of fence would be a good project. This could be an excellent buffer between the commercial and residential areas. They would make it a very formal project.

Mayor Wohr asked what kind of value he was talking about. Mr. Bourland said probably between a 12 and 15 million dollar project. He said they could put it through a planned development so that the City would have some kind of control over the situation.

Commissioner Gilbert said they had just listened to their proposal and requested more information at the last Planning & Zoning Commission meeting. They gave no indication that they would change the zoning.

Mayor Wohr opened the discussion to Council. There was discussion as to how many acres are involved; the nearness to single family residences; the aspect that it could be a buffer between the commercial and residential property; the impact on the school district; density; impact on city services; and taxable income to the City. It was discussed that the triangle area which had been before Council last meeting should be commercial rather than light industrial.

Mayor Wohr called a short break at 8:25 p.m.

Mayor Wohr called the meeting back to order at 8:45 p.m.

Mayor Wohr asked if there was any further Council discussion on item F-1. Council agreed they need to keep in mind what the best use for the railroad property would be and that if apartments are okayed controls needed to be put into place. Council was receptive to Mr. Bourland's proposal and would be interested in seeing more of his plan.

Discussion then moved to the Swisher M-1 area. The developer would like to see that area zoned C-2 since his application for C-3 was denied. It was agreed that M-1 didn't seem appropriate for that area since it has good frontage. C-1 or C-2 would seem to be more logical choice because those would allow hotels, filling stations, retail.

There will be public hearings in December at the Planning and Zoning Commission and City Council meetings before the current moratorium runs out. The changes would not interfere with the Planning and Zoning Commission's Comprehensive Plan.

2. **Discuss possible changes to the Sign Code relating to election signs.**

Mayor Wohr said it's difficult to know where rights-of-way and property lines are as far as the placement of election signs. The City shouldn't be involved in the sign issue. There was a general consensus that the recommendation be brought back in the November meeting.

Councilmember Shikle said there is no 'New Business' on the agenda but he has concerns about quorums for special meetings. Mayor Wohr said it was a good thing to discuss. Councilmember Minnis said it might be a good idea for the charter revision.

E 2 Approval of Minutes for September 13, 16, and 23, 1999 meetings.

A. Roll Call

The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Mike Minnis	Councilmember 4
Betty Harper	Councilmember 5

Staff present were City Manager Stewart Fairburn, Police Chief Nick Ristagno, Building Official Truman Harp and City Secretary Beverly Lucke.

B. Mayor Wohr gave the invocation

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Presentation

Mayor Wohr presented Linwood Gilliland with a framed Certificate of Appreciation for fulfilling 4 years service on the Planning and Zoning Commission, from October 12, 1995, to October 12, 1999. Mayor Wohr said he has served on various boards throughout the years as well as City Council. Commissioner Gilliland thanked everyone for allowing him to be a part of the Planning and Zoning Commission.

E. <u>VISITORS/CITIZENS AGENDA:</u>

Jan Daniels, 401 Shady Shores, said she was a graduate student at the University of North Texas. She said it looks to her as if the City will be needing further funding for revitalization projects. She brought packets for the Mayor and Councilmembers. The School of Urban and Public Affairs at the University of Texas Arlington has a program and research center and works with small cities. Their primary source of information includes urban management, home rule charters, redistricting, interlocal contracting, economic development, personnel management, revenue administration, land appraisal, and zoning and land use and issues. They can help with proposals to get grant money. Dr. Andrew Schoolmaster, chair of the Geography Department at UNT, and Dr. Jim Glass, director of survey research with the Division of Public Administration have offered to work with the City Council at no cost to develop a citizen survey questionnaire. She has also included information from UT Arlington. She said the North Texas Council of Governments has information on grants available. Mayor Wohr thanked Ms. Daniels for her preparation of the information.

County Commissioner Jeff Krueger said it was with great pride that he was attending the meeting tonight. This is a project that started to long ago and he was glad to see that former Mayor Rod Courtney was in attendance tonight. The County had pledged $100,000 to the City of Lake Dallas for the Shady Shores Project. Tonight he is presenting a check to the City for $100,000. He said they have other projects they are working on and he and City Manager Fairburn are working closely on other projects that the County will be able help the City. Mayor Wohr thanked Commissioner Krueger and his staff and the entire Commissioners' Court for their hard work on these projects.

Georgina Gougeon, 717 Cain Street, addressed the Council to say the City of Fort Worth and City of Dallas have youth projects where children are selected to run a mock city council meeting. She thinks this is something to consider to get our youth more involved in the City workings. Mayor Wohr said it was an excellent suggestion.

Mayor Wohr closed the Citizen's agenda since no one else presented themselves to speak.

F. Consent Agenda

1. Consideration and Action on Interlocal Agreement with Denton County for Shady Shores Road improvements funding.
2. Consideration and Action on Interlocal Agreement with the City of Denton for ambulance service
3. Consideration and Action on approving a Resolution authorizing the City Manager to enter into an Interlocal Agreement with the City of Lewisville regarding the Dial-A-Ride service.
4. Consideration and Action on approving an engagement letter for FY 98-99 Financial Audit with Hankins, Powers, Eastup, Deaton & Tonn CPAs.
5. Consideration and Action on contract for Gymnastics program with Karmen McClain.
6. Consideration and Action on approving the Performance appraisal of the City Manager.
7. Approval of Minutes for September 13, 16, and 23, 1999, meetings.

City Manager Fairburn asked the Mayor to pull item 7 from the consent agenda because the minutes weren't ready in time for Council review. Item 5 was pulled by Councilmember Minnis.

Motion was made by Councilmember Shikle to accept the consent agenda with the exception of items 5 and 7. Seconded by Councilmember Minnis.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper

G. Business

1. Public Hearing regarding zoning change from M-1 Light Industrial District to C-3 Commercial District for First Highway Addition Lots 1, 2, 3, 4, 5 & 6, Block A, Lake Dallas, Denton County, Texas.

Mayor Wohr said he would like for comments to be given and asked that the citizens speak only one time. The public hearing would then be closed with no more input from the public. Rod Courtney asked if there could be time for rebuttal after hearing the presentations for and against the change. Mayor Wohr asked Council and it was agreed that there would be time for rebuttal. He said we would hear the 'Fors' first.

Bonnie Brown Garcia, Post Office Box 25/427 South Denton Drive, said she represented the Brown family who owns the middle tract of the property being addressed. She said there had been a liquor store and a beer and wine store on the property next door years ago. She said her mother remembers that the property was rezoned to M-1 around 1979 or 1980 when Vinson was mayor. She feels it is more appropriate to have this property zoned C-3 like the property across the street from it. She feels the rezoning now would right a wrong. She said that all three property owners were in agreement about the change even though Mrs. Foster has a contract for sale of her property. She said last year when the rezoning was denied Mr. Lee had been told to come back when it is not spot zoning and that is why they all got together this year. Everything on the west side of Denton Drive is C-3 but not all that property is liquor stores. The bottom line, the economy shifts and changes, and it dictates how many liquor stores are in this town. Every piece of highway frontage and the west side of Denton Drive is C-3.

Steven Lee, 608 Johnson Drive, Coppell, Texas, submitted surveys to the Mayor and Councilmembers. He said he has run D & J Liquor at 633 Denton since 1983. He believes there should be equal improvements on the east side of Denton Drive. The rezoning of the east side would mean more revenue to the City. He is against opening a new liquor store, he said they are just relocating their store. Mr. Paul Yang, the owner of their building is also opposed to opening another liquor store. If he is a man of his word and will not put in another liquor store. Just last month, the Grand Opening of a super store like Goody-Goody liquor store in Highland Village, just a few miles away, has already caused a 15-20% decrease in business to the surrounding liquor stores. They are in compliance with TABC rules and regulations. According to their survey 82% of their customers are from out of town and they also shop at our local restaurants, C-stores, marina, and shops. About the adult entertainment, in changing from M-1 to C-3 zoning they do not plan to put in any adult or X-rated videos or stores in. He asked that personal opinions be put aside and do what is best for Lake Dallas.

Ernesto Lopez, Jr., 55 Kingswood, is a partner with Steven Lee. He handed a list of itemized sales tax and list of surrounding businesses in town that support the C-3 zoning and the new change to the Mayor and Councilmembers. They collect $50,000 in sales tax each year which means $7,000 in sales tax revenue annually for the City. They pay ISD taxes and inventory taxes. He said they support children's activities which shows what kind of citizens they are in this city. He has given confiscated I.D.'s to the Police Department. The City can use the retail money for children's activities and Willow Grove Park Improvements. He also asked that personal feelings be put aside in this matter.

Rod Courtney, 162 Kingswood, asked that Council remember when he was Mayor and the Council then took a tour around the City in a bus with members of the Denton County Economic group. He would like to see some effort made to keep people here and to purchase property. He thinks it's in the best interests of the City.

Clyde Edwards, 108 Dobbs Road, said the situation's been prevailing for several years. We are not creating something different. Liquor stores are already here. He's invested a lot of money so why don't we let him do it. He said he thinks it's right to let him have the zoning change so he can improve his business and the community.

Ken Johnston, 5 Hickory, said he has lived here since 1983. He thinks Lake Dallas is a great spot and he's done business with D & J. He thinks the Council has the opportunity right now to move forward. Let your local folks expand a little bit.

David Shershen, 166 Kingswood, said he feels Mr. Lee and Mr. Lopez have made a serious commitment to the community both financially and with their time. We're not adding a new liquor store. They have purchased property and have a right to open a business on their own property. We owe it to the citizens to get the highest return for their money on this property. We need to show that the investments that Mr. Lee and Mr. Lopez have made to this community have not been in vain. He hopes the Council votes what's best for Lake Dallas.

Mayor Wohr asked if anyone else wished to speak for the item on the agenda. No one else asked to speak so Mayor Wohr said Council would now hear from those against the zoning change.

Lonnie Nowlin, 3900 Teasley, the owner of Great Southwest Furniture store. He has a contract to purchase this property from Mrs. Foster. Mrs. Foster sent him her proxy to vote for her. Since C-3 zoning allows sexually oriented businesses her vote is 'no.' He said he did not want any business of those types next to him. Mayor Wohr said those types of businesses needed to obtain a Special Use Permit which requires permission from the City Council. His concern is not whether there is liquor sold on that side of the street or not, it's whether years down the road that a sexually oriented business might attempt to come in. City Manager Fairburn said they would need to get a Special Use Permit affirmed by the Council. He's not in competition as far as selling liquor.

Larry Golman, 4201 Spring Valley, Suite 1400, Dallas, Texas 75244 of Golman Associates, manages the current D & J property, said this is not a personal issue. The liquor industry, or the sale of alcoholic beverages for off-premises, is one of the most highly regulated sale of retail products. There are other commercial zoning districts which do not allow for the sale of alcoholic beverages. Hickory Creek has voted off-premise sale of beer and wine. There is sufficient C-3 to build more, but it's really a question of the image the City wants to have. Is there sufficient C-3 zoning?

Allen Meyer, 6519 Meyers Road, Dallas, an associate of Mr. Golman, said the voting at the Planning & Zoning Commission hearing was unanimous against the rezoning and that point wasn't brought out by the Mayor. There were several citizens who spoke at the P & Z Meeting thought that decision would carry over to this meeting.

Sal Reyes, 605 South Denton Drive, Lake Cities Liquor, said he's in competition with Mr. Lee. He likes competition. He's here to see if we're going to have more lots zoned C-3 and bigger liquor stores and sexually oriented businesses. What stops Goody-Goody from coming up and moving right next door if we zone this property C-3 and they might put him and Mr. Lee out of business. No one's telling him in

writing that when Mr. Lee moves out of the property he's in now that another liquor store won't go in there. Change is good but there are too many other avenues to do some changes and make more money. We're all investing in this community. Let's protect our investments.

Albert Moussa, owns Spiritz, next door to Lake Cities Liquor. If the zoning is going to be C-3 and the City gains some revenue; and then we go out of business, the City loses some revenue.

Frank Barnard, 328 Betchan, said he had heard a lot tonight and at the Planning and Zoning meeting. If anybody was to vote 'yes' on this change he would like to see if the Councilmembers would answer the following questions for himself, his family, and the citizens. These are not personal attacks, just questions he has: 1) How could you vote 'for' after the P & Z voted 5 - 0 'no;' 2) if you vote 'yes' for the zoning change, please explain why; 3) would you consider this zoning for only a few with the potential owner of lots 5 & 6 being against and where is 7, 8, 9 & 10; and question for Mrs. Harper only, please explain why, in your eyes if you vote yes, the zoning change is different from the SUP requested for Moonlighters. It was an already established business moving into the established C-3 zoning. He'd like to thank the Councilmember who attended the P & Z meeting last week who did not say anything, just listened. In his opinion, to have the Mayor and Councilmembers speak at a Planning and Zoning meeting is a regression into the past, knowing they have the last word in voting on the issue. We're trying to get a better image and now we have liquor stores at our front door and back door. Denton has raised the bar. He thinks it's wrong.

Shelly Kristich, 298 South Lakeview, said she was confused about the sexually oriented businesses coming in if Council has to vote on that separately.

Mayor Wohr said the Council would have the final say regarding that type of business. He then opened the floor for rebuttal.

Ernesto Lopez, Jr., said Mrs. Foster stated that she opposed sexually oriented businesses on this property.

Bonnie Brown Garcia, said in summary, the C-3 zoning was taken away from their family and she's asking Council to right a wrong. She said they would not put in adult entertainment and she thinks it is unfair for one side of the street to be able to sell alcohol but the east side cannot.

Allen Meyer asked if the Mayor votes. Mayor Wohr told him that he does not vote on this issue.

Mayor Wohr called the public hearing to a close and ordered a brief recess at 8:55 p.m.

Mayor Wohr called the meeting back to order at 9:15 p.m.

2. **Consideration and Action on zoning change from M-1 Light Industrial District to C-3 Commercial District for First Highway Addition Lots 1, 2, 3, 4, 5 & 6, Block A, Lake Dallas, Denton County, Texas.**

Councilmember Shikle expressed concern regarding 6 votes on the Planning and Zoning Commission on the denial of the zoning change. City Manager Fairburn explained that the 6th person sitting at the table at that meeting was an alternate and was aware that he had no vote in the matter. He did explain his feelings on the matter but did not vote. City Manager Fairburn said he would discuss the Planning and Zoning Commissions procedures with them at their next meeting. Councilmember Shikle said this looks like spot zoning because it does not include lots 7, 8, 9 & 10 and Council should respect the vote of the Planning and Zoning Commission.

Councilmember Stapleton asked Mr. Lee how many people on the list actually owned the property and how many owned the businesses only. Mr. Lee said one was an owner. Councilmember Stapleton asked Mr. Lopez how the tax figures were arrived at. An explanation was given.

Councilmember Minnis addressed Ms. Kristich in saying that the SOB ordinances are pretty strict. He thinks Planning and Zoning is going to make recommendations on removing some of the C-3 zoning in the city in their comprehensive plan. He also expressed concern with the Planning and Zoning vote.

Councilmember Harper asked the owners of Spiritz and Lakeland Liquors if they are leasing their property. Their answers were yes. She asked Mr. Lee if he would be making any facial changes to the old Houghton building if the zoning change is approved. He said yes. She commented on Mr. Lee's donations to the city and school functions and stated that they are long time citizens here and that it would not be creating a new business. Her answer to Mr. Barnard's question – when she was referring to the children she was talking about those walking across the parking lot where someone coming out of the business might get hit by someone under the influence. She said she didn't think this town would ever allow a sexually oriented business to come into our town. She said location was the reason she was against Moonlighters. She said she had only one person call her opposed to this change.

Councilmember Milan said D & J has been in the wholesale/retail business for 16 years. If they're not allowed to grow through changing the zoning the growth potential could be affected and it may force him to leave and we would lose some tax base. The number of liquor stores is down. She said she would never be for an SOB in the city.

Mayor Wohr said lots 8, 9, and 10 belong to Larry who has an M-1 and if the property was zoned C-3 he could never sell his auto body shop. We cannot bar anyone from coming and asking for a SUP for an SOB but we have a good ordinance.

Councilmember Shikle asked Ms. Bonnie Brown Garcia if she had any documentation to prove that the property had been zoned C-3. He said he had been told those stores had been put in by mistake. He asked staff to research if that property had ever been C-3. He asked how many votes if would take to pass the City Council if P & Z had voted 3 to 2 in denial. City Manager Fairburn said 18.52.40 reflects ¾ vote. Councilmember Minnis still expressed concern about the Planning and Zoning voting. Councilmember Stapleton said he didn't think it was fair to compare the Planning and Zoning Commission to the Council since the P & Z has two alternates. City Manager Fairburn said it was understood who was the alternate on that night. Larry owns 8, 9, and 10 but don't know who owns lot 7 but none of these owners have come forward to say yea or nay. Mayor Wohr said we would have to rely on the certified minutes of the Planning and Zoning meeting since they do not vote by roll call. Mayor Wohr asked if there was any further discussion. Councilmember Shikle said his concerns had been satisfied. Councilmember Harper

just wanted to remind Council that the City is getting $11,620/year in taxes from this property and it's not a new business.

Motion was made by Councilmember Harper to change the zoning from M-1 Light Industrial District to C-3 Commercial District on First Highway Addition Lots 1, 2, 3, 4, 5, & 6, Block A, Lake Dallas, Denton County. Seconded by Councilmember Shikle.

Ayes: Councilmembers Milan, Minnis, and Harper
Noes: Councilmembers Shikle and Stapleton

Motion Failed due to lack of 75% majority

Mayor Wohr called for a short break at 10:10 p.m.

Mayor Wohr called the meeting back to order at 10:25 p.m.

3. **Consideration and Action on Resolution for a moratorium on building permits in M-1 Light Industrial Districts.**

Mayor Wohr said Planning and Zoning has been working on a comprehensive plan for the city. The M-1 property that is presently vacant should be placed under a moratorium so no building permit can be issued. This would give the Planning and Zoning Commission a chance to complete the Comprehensive Plan and then go with the zoning as recommended by the plan.

In order to have any M-1 property zoning changed we would have to go through the public hearings. He said the City Council could lift the moratorium at any time. The Council will have a chance to discuss the Planning and Zoning recommendations on the Comprehensive Plan when it comes before Council. Property owners will be notified prior to the public hearing in keeping with regulations for public notices.

Laird Lind, 735 Carlisle, commented regarding public notice for moratoriums.

Motion was made by Councilmember Minnis to place a 90 day moratorium on M-1 Districts. Seconded by Councilmember Milan.

Ayes: Councilmembers Milan, Stapleton, Minnis, and Harper
Noes: Councilmember Shikle

Motion Passed

4. **Consideration and Action on appointing a commissioner and an alternate to the Planning and Zoning Commission.**

Councilmember Milan asked if Mike Fahey would automatically take the position of commissioner and Frank Barnard would become the first alternate and we appoint another alternate. City Manager Fairburn said it's not automatic. She then asked if James Bennett was here and he did not answer. She then asked Marj Johnson what was her preference. Ms. Johnson said she would like to be a member but didn't want to step on any toes.

Motion was made by Councilmember Milan to appoint Marj Johnson as a member of the Planning and Zoning Commission in place of Linwood Gilliland who is stepping down. Seconded by Councilmember Minnis.

Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

5. **Consideration and Action on selecting Charter Review Committee.**

Motion was made by Councilmember Minnis to appoint Ernie Lopez, Rod Courtney; Jan Daniel, Laura Blake, Georgina Gougeon, Dawn Kirby, Marjory Johnson, Suzie Hedges, Maureen Awalt, Brenda Western, Strat Johnson, Mike Dixon, Norma McAlavy, Gene Tisdale, JoAnn Robillard, Carolyn Green, Doris Eckleberry, Jim Tankersley, Linwood Gilliland, Charles Yancey, Gary Johnson, Bob Davis, John Katz, Steve Howard, Jr., Kimberly Gentry, James Bennett, and Tony Robinson to the Charter Review Committee and have them establish their own quorum and chairperson; and return their recommendations after analyzing the entire charter to the Council by December 31; no City Staff or Councilmembers shall attend or advise any of the meetings without the majority of the committee's request. Seconded by Councilmember Stapleton.

Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

6. **Consideration and Acton on playground equipment for Community Park.**

Councilmember Stapleton said he went to the last Parks and Recreation Board meeting. They have not received enough information to proceed. There was Council discussion as to whether Parks and Recreation should have another meeting and bring results back to Council or just go ahead since Council has given the okay to spend up to $14,500. City Manager Fairburn said staff could keep a record of the prices the Parks and Recreation Board get and update Council by putting the information in their boxes. Mayor Wohr said he would donate $100 towards any overage above the $14,500 or volunteer time, as would others.

Motion was made by Councilmember Stapleton table this item until the next Council meeting to give the Parks and Recreation Board time to have a special meeting. After more Council discussion the motion was withdrawn. **Motion** was made by Councilmember Stapleton that City Staff ask the Parks and Recreation Board to hold a special meeting to review this new information and to utilize the funds authorized by this Council and a report brought back to this Council at the next scheduled meeting in two weeks and authorize them to expend the money without approval of Council. Seconded by Councilmember Shikle.

7. **Consideration and Action on setting Council policies and procedures.**

Mayor Wohr said he had hoped to have all this together for the meeting tonight but was unable to get it done. He will have it ready for the next regular meeting.
Laird Lind, asked that the meetings become more citizen friendly.
Motion was made by Councilmember Shikle to table the setting the council policies until the next regular meeting. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper

8. **Consideration and Action on selecting November regular meeting date and for a quarterly workshop.**

City Manager Fairburn explained that the two Thursdays in November that Council usually held meetings are both holidays. He suggested that the regular November meeting be on the 18th; he also suggested the quarterly meeting be set for January around the 22nd and perhaps be in the morning. He asked for an executive session to be held the week of October 18. There was Council discussion regarding the various dates discussed for meetings.
Motion was made by Councilmember Milan to set November 18 as our regularly scheduled City Council meeting for Lake Dallas and a quarterly meeting in January around the 22nd and also have an executive session the week of October 18. Seconded by Councilmember Shikle.

9. Consideration and Action on reports.

There were no questions regarding the boards and commissions. The financial statements are pre-audit for the fiscal year. There was a question regarding a check to Gentry which was for overlay for Boliver Street and repair on Kings Manor. There has been another disbursement for work in progress on the street maintenance. Mayor Wohr asked for an accounting on the Fallfest from Parks and Recreation. City Manager Fairburn said we will be getting the final figures soon. We will need to reimburse Hickory Creek for the money they sent over the cost of the Fallfest. Councilmember Shikle asked what the completion date is for the streets. City Manager Fairburn said the final completion is December, substantial completion by the third week in November; however, LCMUA is just finishing up their projects in the downtown area so that within 2 weeks work should begin on Gotcher and some of the small streets down here and then when they finish with Main which should be the end of this month we'll be able to go to Main and go forth with that project. They have begun work on the North Shady Shores and culvert work should start next week and be shut down for about 5 days. Kings Manor Drainage started this week and should be done by the third week of November. The railroad company should be coming in shortly to do the two crossings. The gas company had some design problems so we can finish up there as soon as they get finished. We need to get an engineering company and list of projects from the Councilmembers regarding the $253,000 budgeted for streets for FY 2000. The staff will get a priority list of streets together for the Council. There was also discussion about the dust problem on S. Shady Shores so it was determined that slower speed limit signs should be put up. The logistics for Lakeview didn't work out so additional options need to be looked into.

Motion was made by Councilmember Milan to accept the reports as presented and pay the bills. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper

10. New Business

There was discussion about the timing and coordinating between the Planning and Zoning Commission meetings and the Council meetings. City Manager Fairburn said we can check into how many days are allowed for public hearings and meetings for zoning changes. Councilmember Shikle stated that we need to get some proper taping equipment. City Manager Fairburn said we have been working on that issue. Dictaphone has no other equipment that would allow us to dub tapes and we have received a price of $1700 for a machine to tape a micro tape to a regular cassette tape. Councilmember Minnis asked that the ordinance requiring 80% masonry on our buildings to be amended because it's too stringent, commercial and residential. City Manager Fairburn said it will go before the Planning and Zoning Commission at their next meeting and then come back to Council as a Consideration and Action item. Councilmember Minnis said he would also like to have on the next agenda about having a simple majority, not a super majority, to override the Planning and Zoning Commission recommendation and also the voting from P & Z and Council for the cemetery SUP. Councilmember Shikle asked if any Councilmembers felt like the brown envelope with a petition in it that they received some time ago deserved any attention. The general opinion was that some one's name or something should have accompanied it if they wanted something to go before the Council. Mayor Wohr closed this item of business.

H. Adjourn

Motion was made by Councilmember Minnis to adjourn the meeting. Seconded by Councilmember Milan.

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting and workshop session on September 23, 1999, at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. **Roll Call:** The following members were present and constituted a quorum:

Steve Wohr	Mayor
Council Member Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Councilmember Minnis was excused

Staff present were City Manager Stewart Fairburn, Police Chief Nick Ristagno, Building Official Truman Harp, Public Works Director Johnny Webber and City Secretary Beverly Lucke.

There was Council discussion about changing how the agenda items would be discussed.
Gene Tisdale said he had come to last Thursday's meeting about 8 p.m. and everyone was already gone. He said the reason he was there is to try to find out who's running the City: the Council people, or is it somebody else who's going to be running our City?
It was decided that citizens might have read the agenda earlier and decided to come to the meeting later due to the Executive Session being scheduled as the first item of business.
Mayor Wohr closed the meeting to the public and Council went into Executive Session at 7:40 p.m.

B. Business

1. **Executive Session: Discuss the annual review of the City Manager according to Government Code 551.074**

Council returned from Executive Session at 9:10 p.m. Mayor Wohr called a short break. Meeting was called back to order by Mayor Wohr at 9:20 p.m.

2. **Action, if any, from Executive Session**

Motion was made by Councilmember Stapleton that the contents of the Executive Session be reduced to a written form and brought back to this Council at the next regular scheduled meeting at which time the Council would approve and enter those records into the City Manager's personnel records. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Harper

C. **Workshop**

a) Review each Department Head's salary, benefits, duties, and expectations

City Manager Fairburn had given the Councilmembers information stating the amounts of each Department Head's salary and their health and life insurance premiums which are paid by the City. Job descriptions were also given to the Council. City Manager Fairburn it has been some time since these job descriptions have been updated so that needs to be done and have each Department Head review and sign. There was also discussion about certification pay for those employees who had received advanced certificates (incentive pay) which is included on the paychecks and taxes and retirement are deducted from the total gross.

Councilmember Harper asked how the use of the cars for the Police Department handled; is anyone else furnished a car? City Manager Fairburn said we have some employees who have the use of City vehicles after arriving at work; some employees use their personal vehicles and are reimbursed for their mileage according the Internal Revenue Service's guide; we do not have a particular staff car and most of the mileage is for training sessions.

Councilmember Harper said she understood there were no written contracts for each Department Head. City Manager Fairburn replied that none of the City employees have written contracts (other than his) since the City is an at will employer. She said she had checked with some cities and found that some of their Department Heads had contracts and that is a concern of hers because she looks at that as security as well as spelling out what is expected. Mayor Wohr said it's an issue that it's better generally better to have non-contract employees because Texas Law states that we can fire, lay-off, or change a person's position any time we feel it's appropriate and there will be no recourse. Advantages of a contract could be sometimes you attract better quality people. Under a contract and we fire/lay-off an employee there will usually be a condition where we would have to pay a severance pay. We would also probably have to change our Charter if we went to contract employees.

Councilmember Shikle asked what's considered the metro-plex? City Manager Fairburn said he thinks it's 6 counties. Mayor Wohr said Denton, Collin, Dallas, Tarrant are some of the counties. Councilmember Shikle asked how we figure into income the furnishing of a vehicle to an employee with reference to the salary ranges. City Manager Fairburn said it's part of the overall benefit package and that was part of the recruitment process at the time. The ranges are strictly for the salary level. Councilmember Shikle asked if the benefit package stays intact for the term of employment; can it be changed? City Manager Fairburn said anything can be changed just depends on what price. He also said we have 2 take-home cars. The Chief's car is for use in the metroplex area for personal as well as business. The Lieutenant's car is to and from work and for business. Mayor Wohr said the police vehicles are different due to the fact that they are on call 24-hour/day 7 days/week and if they were to come from their homes in a personal vehicle and involved in a wreck that could put the City in some kind of liability. Their gas is paid for. There was a request from Council for the annual expense for business and personal use on the Chief's car and how many years use will the City get on these cars. Some cities have take home car for police officers. Flower Mound's Animal Control Officer drives that vehicle home. Councilmember Harper asked if our Animal Control officer received mileage for driving to and from work. She does not.

Councilmember Harper asked if Truman and Beverly had any other benefits other than what were shown in the handouts and was told they did not. She asked what the salary is for the Animal Control Officer. The information will be supplied. Councilmember Milan asked about the hiring of a contract building inspector. City Manager Fairburn said we are currently using a contract plumbing inspector while

Building Official Harp is getting some testing done before he gets his license. In answer to a question about checking driving licenses the response was that we do background checks which include driver's license checks upon hire and the commercial licenses are reviewed and renewed more often. Councilmember Stapleton asked what checks and balances were used in day to day job performance. City Manager Fairburn said it was daily job performance, performance evaluations, written documentation (either good or bad); there is not a structured check-list.

Mayor Wohr asked if there were any more comments from Council. There were none so he asked as a Council directive that staff determine the costs regarding the vehicle and make available to Councilmembers the pay ranges for the employees.

b) Discussion of actions in September 13, 1999, meeting

Councilmember Shikle said we had a situation come up in the 13th workshop where he had asked a question and it seemed like everything came unglued in here. Councilmember Harper agreed. Councilmember Shikle also demonstrated that the tape he received was not working. He also said the floor had been taken from him before he had finished speaking. He said he felt that Council should be treated with respect from Staff and the Mayor. The City Secretary was requested to read what Councilmember Shikle had said from the verbatim transcript of that part of the minutes. "This brings up another issue, Chief, on the cars. Of course, I've always complained that this City spends too much money on cars. I know that, for instance, your car and the Lieutenant's car, now, they're specifically for y'all. Nobody else uses these cars?" Councilmember Shikle asked if anyone else remembered that the Mayor had said, "No, you said the Chief's." Mayor Wohr asked to have that read back. City Manager Fairburn looked through the verbatim notes and said there was a long discussion about the Chief's car and Councilmember Shikle had asked 'what was my question' and Mayor Wohr said about 'his' car; and later Mayor Wohr said that the Chief's and Lieutenant's cars are part of their employment. Mayor Wohr apologized and said he meant no disrespect. Councilmember Stapleton asked Councilmember Shikle who his complaint is with? Councilmember Shikle said his complaint was with Steve, Chief Ristagno, and Stewart. Councilmember Stapleton said what he remembers about that night was the entire process sunk to an unprofessional level on everyone's part. After more discussion between Councilmember Shikle and Councilmember Stapleton Mayor Wohr apologized again and said he was trying to get the Council back on track because the Chief's car is part of his employment contract. He said he had respect for Councilmember Shikle's input into the Council. Councilmember Shikle asked Council if there needed to be any action. Councilmember Harper said they are representing the Citizens and should be able to say anything they want and not have City Officials take offense and they (Council) shouldn't take offense. She said she thought it had been unprofessional and disrespectful. She said it should be recorded that we did have this and don't want any more of it. She said Councilmember Shikle was offended and she said he had asked two times to have the tape played back and no one did it. Mayor Wohr said he takes responsibility for it and said he would try not to cut anyone off again. Councilmember Milan said she has had the floor taken from her more than once and that we can't correct the past but we can certainly stipulate how out of control situations should be handled. Mayor Wohr said at regular meetings he had been trying to call the Councilmembers by number and if they want to do that on workshop sessions also, we can do that. Workshops are a little more informal setting but if they want more structuring it can be done. Councilmember Shikle said that something had happened in government that shouldn't be allowed to happen anywhere in government not within the United States—to just have it totally taken away and he doesn't see how it happened in this small Council. It's up to the Council to decide if we need to

bring this up at another time for a discussion and action. He said he would not bring it back unless it was a Council desire. Councilmember Stapleton said Council had had a workshop about this already and maybe we weren't clear in the workshop about being recognized by place. If we need to talk a little more about procedures for the Council and set up some guidelines, then so be it. Councilmember Harper said she would like to bring this up again. She asked City Manager Fairburn to put on the next agenda that Council discuss and take action on how to handle situations where there's disrespect and out of order discussion.

Councilmember Shikle repeated that he would not bring it back to the table himself. Mayor Wohr said we need to clearly state what kind of type of action should be taken. Councilmember Harper said we need to establish guidelines, maybe some type of reprimand for being disrespectful to a Councilmember. City Manager Fairburn said what we have so far is, Consideration and Action on how to handle disrespect and out of order situations. He said it would be in Executive Session because the reprimand involved would be him. Councilmember Milan said determining whether a comment or gesture is disrespectful is going to be on a personal level and that's going to be kind of hard to determine. Mayor Wohr said he is also an elected official but he cannot vote and he may disagree from time to time and if you take that as disrespect I apologize for it. He doesn't feel any city official should be reprimanded because he, as Mayor, didn't structure the meeting correctly, and if Council had anything to say about him their quorum was right there, in public. Councilmember Harper said she meant no disrespect to him but wanted to be assured that the City Officials can not treat the Council any way they want to. If we'd have had a room full of citizens it would have been very embarrassing to her. Mayor Wohr said he thinks that's a policy issue. Councilmember Stapleton said he wanted to go on record as saying that he's in agreement with half of Councilmember Harper's agenda item. He thinks it's a great idea that we lay down some hard and fast policies as to the conduct of this Council. He said he thinks it's a very dangerous thing when you talk about disrespect and reprimand because, number one, you have to prove it and that's a lawsuit. If that is on the agenda he absolutely insists that we have the city attorney here. Stating policy is a good thing but trying to implement something as vague as disrespect you'd have to get inside a person's head to find out just what that disrespect is for that individual and I think it's a dangerous thing. He said he agrees with the Mayor, what you do is you send the message that City Council is up on a pedestal and hard to talk to. He said he thinks the Mayor has eaten crow and discussion of policy would be good and he'd just like to see the rest of it go away. Councilmember Milan said the reprimand part of disrespect is very crucial. Disrespect from the voice that speaks it and the one that receives it is two different opinions. She said she may say something totally disrespectful and someone might not take it disrespectful so that would mean she's not getting her point across very well. And, another time she may say something not disrespectful and any one of the Council could take it as disrespectful. She said she feels she has been spoken to disrespectfully by citizens, and not necessarily just from Lake Dallas, and how do you reprimand them? City Manager Fairburn said there would be Consideration and Action on how to handle situations where there is disrespect and out of order discussion and that goes along with issues that are coming before you anyway in Council policies and procedures. Councilmember Shikle said he would like to conclude this by saying that it is not his intention to seek apologies or make anyone 'eat crow.' It was his intention to deal with the facts and the question he had asked and the question he was accused of asking. We all learn from our mistakes and hopefully at our next meeting we can discuss guidelines and, should it come up, the way it should be handled.

D. Adjourn

Motion was made by Councilmember Milan to adjourn. Seconded by Councilmember Stapleton.

5. <u>Addendum: Ordinance for supplemental appropriation for FY 99 Budget</u>

There was Council discussion regarding the 20' strip of land in the Garza Beach Estates. It has not yet been finalized.
<u>Motion</u> was made by Councilmember Minnis to adopt the amended Ordinance to allocate the funds for the supplemental appropriations for the FY 99 Budget. Seconded by Councilmember Stapleton.

1. <u>Consideration and Action on Ordinance adopting budget for Fiscal Year 1999-2000</u>

There was council discussion regarding the changes requested by Council during the workshop and City Manager Fairburn said it was set so that the bottom line worked out the same. No copies of the modified budget were available so City Manager Fairburn stated what the changes were: $7,200 pay increase; $9,500 miscellaneous line items; -$59,500 vehicle replacement; $53,500 streets rehab; $6,000 street light upgrade; $14,500 playground, Community Park.

3. Consideration and Action on approving an Interlocal Agreement with the cities of Corinth, Shady Shores, and Hickory Creek for fire services.

City Manager Fairburn said there are currently two changes: currently the meters are set to be checked at the end of June so that doesn't leave them enough time to do their budget and they want to move that back to May; now that they're going into large capital improvements that will be coming due in January the 1/12 amount of payment for our allocation is not suitable for the cash flow purposes that they need right now so that our portion of the funding for the capital improvements would be due in January and the rest of the budget will be part of the 1/12 per month allocation. January is when the property tax payments kick in so we have a good cash flow at that time.
Motion was made by Councilmember Minnis to enter into the interlocal agreement to provide fire services. Seconded by Councilmember Harper.

The Lake Dallas City Council met in a special workshop session on September 13, 1999, at 7:47 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. The following members were present and constituted a quorum:

Mike Minnis	Mayor Pro Tem
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Staff present were City Manager Stewart Fairburn, Police Chief Nick Ristagno, and City Secretary Beverly Lucke.

Mayor Pro Tem Minnis called for a short recess after the roll call to wait for Mayor Wohr to arrive.

Mayor Wohr called the meeting back to order at 7:55 p.m.

B. Budget Work Session

City Manager Fairburn gave the Councilmembers handouts pertaining to the options requested at last Council Meeting regarding replacement of the 1988 Community Development vehicle. The cost of a small pickup would be $11,000 to $13,000 or mileage paid to the Building Official for use of his personal car would be approximately $1500/year. That figure would not include any tire repairs or damage. Council discussion included the option of the Code Enforcement Officer and Building Official switching vehicles.

The next handout referenced the street lights. The City has 265 lights of which 239 are mercury vapor. Replacement cost for sodium vapor lights is $73/each or $17,447. The monthly fee for 175 watt mercury vapor is $9.72/month compared to $8.31/month for 100 watt sodium vapor lights. The monthly savings would equal a 4.3 year payoff of the investment. Council discussion brought agreement that Main Street should be one of the first areas to have replacement lights. The poles would not be replaced, only the arms and globes. This would be a low impact change.

A preliminary street inventory was given the Councilmembers. City Manager Fairburn said Public Works had rated streets from 1 (needing work the most) to 5 (those streets which need the least maintenance at this point). He said we had a lot of money for streets and drainage for next year. Council discussion determined that the future citizen's committee on roads could benefit from the inventory. This next year we will have enough money to do maintenance but after that we will not have that kind of money and we should be doing seal coating and overlays within 5 to 10 years.

City Manager Fairburn said that he had brought $9500 in additional items to the last meeting. He has now revised some line items -- $15,000 for the canal right of way in FY 99 budget; $9500 for line items that had been forgotten plus the playground approved at the September 9 meeting. Based on this the 2005 budget would get to $73,000 and we should be at $205,000. The discussion revolved around raising taxes; anticipating that property valuations would go up enough we could avert that; and, that we would have enough economic development on Overly and Swisher to bring in more tax dollars without having to raise the tax rate.

If the parks grant is not funded, at least $110,000 of the $250,000 set aside for the matching funds would have to go to Parks. We do not have much in the budget for street maintenance beyond FY 2000. We could go ahead with the economic development sales tax of ½ percent which would be dedicated to street and drainage maintenance and that would free up the previously budgeted $40,000 for streets to be used as Council desires.

The 5% pay adjustment is reflected in the 2000 budget book; the additional 1% recommended in last week's meeting is on one of the handouts. If council approves 6% City Manager Fairburn said he was thinking of going with a 4% range increase and 2% move within the range increase.

Council asked Police Chief Ristagno about the money for TLETS. Police Chief Ristagno said we have to update our system and this would include the cost of a new terminal with hardware and software or we couldn't communicate with the Department of Public Safety. This system allows us to check regarding stolen vehicles, warrants issued, dangerous persons, etc. Denton County needs to raise their tower before they can consider taking on any other agencies. Lake Dallas is the only city in the area with a 24 hour police station (dispatch and jail); Hickory Creek and Corinth have 24 hour patrols. Councilmember Shikle asked the Chief to explain what the logger item is. Police Chief Ristagno said it records the 9-1-1 calls and the one we have now is 10-15 years old. The recordings are bad. Council had turned down this request last year. There was discussion about the police cars driven by the Chief and the Lieutenant. They are part of the salary benefit package as well as providing immediate response to calls. The mileage on the Chief's car averages approximately 1300/month and the Lieutenant's averages approximately 1350/month. Mayor Wohr said their cars are part of the employment contract. Police Chief Ristagno reported there is 1 animal control officer who is usually on a 40 hour week – the hours are sometimes staggered due to Adopt-A-Pet week-ends. There was discussion about getting a smaller vehicle and smaller box for the animal control next year.

Mayor Wohr called for a break at 9:25 p.m.

Mayor Wohr called the meeting back to order at 9:45 p.m.

Council discussion pertained to the Public Works trucks and their uses which included getting employees to work sites; errands; picking up supplies (sometimes pulling one of the City's trailers).

Mayor Wohr said he would like to get a consensus on the items before Council tonight. There was discussion about down time for Police Department and Public Works vehicles and repair/replacement times.

Employee Pay Raise to 6 % instead of 5%	4 yes	1 no
Approve extra dumpsters for clean ups, if necessary	5 yes	
Upgrade street lights up to $6,000	4 yes	1 no
New Animal Control vehicle		5 no
New Community Development vehicle		5 no
Replace '94 Police Department Car but repair damages		5 no
Replace Public Works vehicle		5 no

The funds from the vehicles should be put into the street/drainage/sidewalks line item.

City Manager Fairburn said with these changes we have added $6,000 to the budget. He said this hasn't solved the 5 year plan and asked if Staff should come back with the 4A or 4B economic sales tax information for the May election. Mayor Wohr said it would be a realistic way to bring more money into the budget for street maintenance. City Manager Fairburn said Staff would need to bring the information to Council by December for the May elections.

Mayor Wohr asked what the Fire Department's plan was for the Lake Dallas station. City Manager Fairburn said they will get down to the frame and rebuild the building and will work out of Corinth until it is completed here at which time they will already have 2 fire trucks and ambulances and they will provide 24 hour service.

Mayor Wohr asked for an updated street completion projection. City Manager Fairburn said the Railroad hasn't come out for their part of the meetings. Shady Shores North will be worked on next and the culvert at that intersection with Hundley. The other streets are waiting for LCMUA to complete their work. They had projected 60 days so it should be another 30 - 45 days. That will make the street completion later than the original November date.

The Lake Dallas City Council met in a regular session on September 9, 1999, at 7:40 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Mike Minnis	Councilmember 4
Betty Harper	Councilmember 5

Staff present were City Manager Stewart Fairburn, Police Chief Nick Ristagno, and City Secretary Beverly Lucke.

B. Mayor Wohr gave the invocation

C. The Pledge of Allegiance was led by Mayor Wohr.

D. VISITORS/CITIZENS AGENDA:

Brad Rountree, 721 Oakley Drive, said he had great concerns about the 'cat' which has been seen in the area. He said he has talked with Police Chief Ristagno. Mayor Wohr said he has talked with the Chief and Staff about the mountain lion, about what action has been taken, and how we will resolve the issue. Mayor Wohr said that he, the Chief, and the City Manager would talk with him during break.

Carolyn Green, 201 N. Shady Shores, wanted to point out that cougars do come under a State law that protects them. They are not an endangered species but it is against the law to shoot one.

Mayor Wohr closed the Citizen's agenda since no one else presented themselves to speak.

E. Business

1. Public Hearing on the proposed property tax rate for fiscal year 1999-2000

Mayor Wohr opened the discussion stating that each year the property tax rate is reviewed. City Manager Fairburn said that the property tax rate is .56171/$100 valuation which is the same as 1998 and 1999 but less than 1996 and 1997. Councilmember Shikle said during the budget discussion he would like to find a way to raise employee's wages and fix streets and if possible, cut taxes. Councilmember Stapleton agreed with Councilmember Shikle but said he doesn't see how we could lower taxes.

Mayor Wohr opened the meeting to the public. No one presented themselves to speak so Mayor Wohr closed the Public Hearing.

2. Public Hearing on the Proposed Budget for fiscal year 1999-2000

Mayor Wohr said this budget is presently under review. Council discussion centered around the streets issue and suggestions were made about identifying streets, which should be repaired with any monies left over after the bond project is completed. A street committee was proposed along with having the Public Works Department first identify streets in need of repair and the committee making recommendations later. Councilmember Harper said Dr. Drinkwater at the University of North Texas had a class where the students could do a survey to see what the people want from the City Council.

Mayor Wohr opened the Public Hearing.

Carolyn Green, 201 N. Shady Shores, said the budget is the most important thing the Council does. She wished we were as aggressive with salaries as we are with streets. Ms. Green addressed Councilmember Harper and said what she wants for this city is: safety, protection, good streets, good schools, and a healthy atmosphere.

Mayor Wohr closed the Public Hearing since no one else presented themselves to speak.

3. Consideration and Action on replat of Block K Garza Beach Estates Lots 1R and 31R

There was Council discussion and City Manager Fairburn was asked what the Planning and Zoning's recommendation had been. He said they had voted unanimously to approve it. **Motion** was made by Councilmember Minnis to approve the replat of Block K Garza Beach Estates Lots 1R and 31R. Seconded by Councilmember Shikle.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

4. Consideration and Action on final plat of COMCO Addition on Overly Drive

Councilmember Minnis signed an affidavit of abstention since he works for COMCO. Council asked Mr. Green, the owner, about the size of the building, when completion was anticipated and what did they manufacture. The building will be 22,500 square feet, completion is expected in December, and they make bank conveyors. City Manager Fairburn said the Planning and Zoning Commission had approved the plat unanimously and that the company has also applied for a Tax Abatement. Carolyn Green, 201 N. Shady Shores, asked how many employees they had and if they had planned parking. Mr. Green replied that there were 28 employees and there are 30 planned parking spaces.
Motion was made by Councilmember Stapleton to approve the final plat for COMCO Addition on Overly Drive. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Harper
Noes: None
Abstention: Council Member Minnis

Motion Passed

5. Consideration and Action on the Master Plan for Willow Grove Park

City Manager Fairburn gave the background for this request due to a report of the Marina's request to the Corps of Engineers to take over Willow Grove Park. Their Plan is to add camping, boat storage, a boat ramp and golf course (the golf course would have to have a separate environmental review). He said Council has approved the Park Master Plan which includes the Willow Grove Plan. Council discussion included the cost of the lease to the City which is an 'in kind' cost for the City to keep maintenance up and the benefits to the citizens for the use of the area for fishing, hiking, picnicking, etc.

Cecil Graham, 1013 Kings Manor, was opposed to the Marina taking over the park.

Motion was made by Councilmember Milan to continue its course for the development of Willow Grove Park and retain control of Willow Grove Park. Seconded by Councilmember Minnis.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

6. Consideration and Acton on adopting City Council Policy and Procedures. Tabled at August 12, 1999, meeting.

Mayor Wohr said we have requested information from TML regarding City Council procedures but it would take 7 - 14 days to work something up from that. **Motion** was made by Councilmember Minnis to table Item 6. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

7. Consideration and Action on setting up a Charter Review Committee. Tabled at August 12, 1999, meeting

Mayor Wohr suggested that this item be tabled until a later date due to vacations and budget preparation. He also suggest that the Councilmembers turn in any names to the City Secretary so she can contact those named and see about their availability to serve on the committee. **Motion** was made by Councilmember Harper to table the Charter Review Committee formation until the October meeting. Seconded by Councilmember Minnis.
Ayes: Councilmembers Milan, Stapleton, Minnis, and Harper
Noes: Councilmember Shikle

Motion Passed

8. Consideration and Action on park equipment

Council discussed the park equipment at Community Park specifically since equipment for the other parks would be part of the grant funds if approved in January. It was agreed upon that the equipment is in sad shape at Community Park. There was discussion about the impact on the FY 2000 budget; the fact that there is no parks funding past this next year; limited parking at this park; the possibility that this is being reckless with funds and could cause a tax increase sooner; how soon could work be started after the Parks and Recreation Board look at equipment and we get bids; concern for spending prior to funding in the budget. City Manager Fairburn said that if an amount was decided upon then Staff could get with the Parks & Recreation Board and they could work within that realm and look at equipment and bring it back to Council at the October meeting. **Motion** was made by Councilmember Harper to approve $14,500 to be set aside tonight for new equipment in Community Park; a description of equipment and our recommendation to the Parks Board for their next meeting; and for the Parks and Recreation Board to come back to Council with their recommendation at the October meeting. Seconded by Councilmember Minnis.

Ayes: Councilmembers Stapleton, Minnis, and Harper
Noes: Councilmembers Milan and Shikle

Motion Passed

9. Consideration and Action on sidewalks for Shady Shores

Mayor Wohr said that due to construction changes on Shady Shores it looks as if we have some money freed up that had been designated as street funds. City Manager Fairburn said the engineers had provided a rough draft at no charge which shows an approximate cost of $75,000 but said that culverts may have to be put in. There was Council discussion as to which side of the road the sidewalk should be placed; the fact that in some areas the sidewalk would cover utilities; whether this should be discussed before the street work is actually accomplished; the fact that Shady Shores will have a 4' shoulder to accommodate bicyclists and pedestrians while none of the other through streets have that option. **Motion** was made by Councilmember Minnis to direct Staff to work up a cost estimate from the engineers on the cost of the engineering for sidewalks along Shady Shores. Seconded by Councilmember Stapleton.

Ayes: Councilmembers Stapleton and Minnis
Noes: Councilmembers Milan and Shikle
Abstention: Councilmember Harper. Per Section 3.11.02 of the Home Rule Charter the abstention will be recorded as an affirmative vote in favor of the motion.

Motion Passed

Mayor Wohr called for a break at 10:10 p.m.

Mayor Wohr called the meeting back to order at 10:40 p.m.

10. Consideration and Action on accepting bids for the Lakeview slurry seal project

City Manager Fairburn said the work would be from Howard south to Main and be done in 3 sections. Logistics would need to be arranged for people to get in and out at the time the work is being done. This would extend the life of the street and Lakeview was chosen because it is a major street, not on the project, and in good enough shape not to need major repairs. This application was also recommended by Public Works Director Webber. There was Council discussion about he application being done by spraying or brushing; if the contractor is the same as selected to do Boliver [yes, and they have also done work in Kings Manor addition]. **Motion** was made by Councilmember Stapleton to approve the bid up to the maximum of $14,400 for the Lakeview slurry seal project with the provision that Staff use their judgment in consideration of which application is better: sprayed or brushed. Seconded by Councilmember Harper.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

11. Consideration and Action on setting policies for the quarterly clean-ups

City Manager Fairburn said Public Works Superintendent Webber had brought forward a couple of issues. We have phrased it as such that we will try to pick the stuff up if you can't get it to us as long as we have the resources available. It seems there is some advantage being taken of the City, i.e., in some cases they could have been able to bring items down in their cars; some items were so large, for instance, replaced fencing took 2 or 3 dump truck loads; and we're getting so many we can't get them all picked up on Saturday so that when we're out the next week picking up someone's stuff another citizen notices and asks us to pick up more of his trash. This is costing us overtime plus more expense for additional trash bins. It was suggested that we could charge a small fee when we are requested to pick up trash or at the dumpster when it is brought in. Staff was requested to check with Texas Waste Management to see if we could get a couple extra dumpsters per year at no charge and also ask them if they will pick up appliances or large items at residences in the City if the residents call and give them a week's notice. Council requested Staff to check with CCA of Lewisville regarding appliance and scrap metal pickups. There was also suggestions of limiting the amounts to be picked up to be less than 150 cubic feet and that proof of residency be presented at time of dumping at the City yard. **Motion** was made by Councilmember Minnis to leave the policies for the Quarterly Clean-ups to City Manager Fairburn. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

12. Consideration and Action on Ordinance to create a Municipal Court Technology Fund from September 1, 1999, to September 1, 2005; collecting a technology fee in the amount of $4.00 from defendants convicted of a misdemeanor offense in a Municipal Court or Municipal Court of Record; providing for a severability clause and providing for an effective date

Council discussion included that the fee was derived from the State Legislature and the use of the money can be for computer software and hardware. **Motion** was made by Councilmember Stapleton to adopt an Ordinance establishing a Technology Fund, collecting a fee of $4.00 from defendants convicted of a misdemeanor offense. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

13. Consideration and Action on Reports

There was Council discussion about park signs covered by Ordinances and how the acquisition of River Oaks Park was accomplished. There was discussion about the web site and progress being made on that. A day was spent on the mountain lion problem. The gentleman who was here tonight feels his two cats were taken by the mountain lion. There was discussion about the sightings and the Corps of Engineers says they've known about them for the past 10 years and they will move on after they get their cubs raised. City Manager Fairburn said we do have wild life here and one needs to watch out for snakes also as well as the water. We have tried to trap the lion but it is too good. We have talked with eradicator who takes care of 60 counties who said the last time they caught a cat was in the '70's. City Manager Fairburn said in his last report he had a project list made up and is currently trying to put down more realistic goals. Mayor Wohr thanked him for keeping Council apprised of the budget and thanked Police Chief Ristagno for adhering to the policy of letting one person talk with the media. City Manager Fairburn said he had received a lengthy page from Police Chief Ristagno and with an update was capable of discussion with the media. Councilmember Milan asked about the coolers in front of the old Food Fare store and City Manager Fairburn said he would get with the Code Department. Councilmember Minnis asked what had been accomplished for Teresa Hall, 501 Hundley, who had spoken at the July 15 meeting regarding the conditions at the trailer park where she lives and requested a letter be sent to her. City Manager Fairburn said he would contact Building Official Harp about it. **Motion** was made by Councilmember Minnis to accept the reports and pay the bills. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper
Noes: None

Motion Passed

14. New Business

City Manager Fairburn was asked about the landscaping/beautification that had been scheduled for Main Street and he reported that it had been pulled out of the contract as a trade-out for stub-out lines. It was decided to get with Public Works Director Webber before setting up a committee for the roads to be repaired. The surveyor stakes are in at Meadowbrook and they follow the fence line. One of the stakes is high and then it drops down about 4 feet. The next step is to determine if there is a 22 foot road. The September 23 meeting will be an Executive Session only for the City Manager review. City Manager Fairburn said he could bring some Department Head information with him at that time.

15. Approval of minutes for meetings on August 12 and August 26, 1999

The Lake Dallas City Council met in special called meeting and work session on September 7, 1999 at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember, Place 1
Bobby Shikle	Councilmember, Place 2
Ken Stapleton	Councilmember, Place 3
Betty Harper	Councilmember, Place 5

Mike Minnis, Councilmember, Place 4, was excused.

Staff present were City Manager Stewart Fairburn, Building Official Truman Harp, Public Works Director Johnny Webber, Police Chief Nick Ristagno and City Secretary Beverly Lucke.

B. BUSINESS:

1. Budget Work Session

The discussion was about the Administration, Community Development and Streets/Parks Departments budget items. City Manager Fairburn presented some additional items to the existing proposed budget which items amounted to $9,500. There were some unfunded items being requested. Building Official Harp would like to have a replacement vehicle for the 1988 car he is currently using. Other options were that Building Official Harp could purchase his own vehicle and the City would pay him mileage for the use on City business or purchase a small pickup for the Code Enforcement Officer and have the Building Official use the Code Enforcement vehicle. Council discussed the possibility of the City not receiving the matching funds grant for the parks. Council would then be in the position of making decisions about playground equipment. The street light situation was discussed weighing the purchase of sodium vapor lights versus mercury vapor lights. Public Works Director Webber stated that his department would like to buy a replacement vehicle for the 1990 Dodge pickup. This vehicle is reflected in their portion of the budget.

Mayor Wohr called for a short break at 9:00 p.m.
Mayor Wohr opened the meeting again at 9:15 p.m.

Council discussed the money available for street maintenance and repairs. City Manager Fairburn said there was money set aside for the next fiscal year plus money that could be left over from the street bond package. This money can be used for Carlisle and Main Street Part B, plus other streets that Council determines to be the priority areas. Beyond the next fiscal year there is only $40,000 annually set aside to fund street rehabilitation. There was discussion about the quarterly newsletters and the good response to the quarterly cleanups program. Council also discussed the compensation plan as presented in the budget. There was discussion about raising it another one percent. Administration would like to have $25,000 to $30,000 for a new accounting software package which is not included in the budget figures. Council requested staff to bring some alternatives to the meeting scheduled for September 13 especially as to what can be done about funding for street maintenance, the vehicle for the building official, and hard figures for the sodium vapor street lights.

CITY OF LAKE DALLAS

The Lake Dallas City Council met in special called meeting on August 26, 1999 at 7:33 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. The following members were present and constituted a quorum:

Kyla Milan	Councilmember, Place 1
Bobby Shikle	Councilmember, Place 2
Ken Stapleton	Councilmember, Place 3
Betty Harper	Councilmember, Place 5

Mayor Wohr and Councilmember Mike Minnis had excused absences

Staff present were City Manager Stewart Fairburn, Police Chief Nick Ristagno, Fire Chief Scott Thompson, and City Secretary Beverly Lucke.

B. Councilmember Shikle gave the invocation.

C. The Pledge of Allegiance was led by Councilmember Shikle

D. **Citizen's Agenda**
No one presented themselves to speak so Councilmember Shikle closed the citizen's agenda.

E. **BUSINESS:**

1. **Consideration and action on holding a Public Hearing on a proposal to increase total tax revenues from properties on the tax roll**

Council discussed the fact that this years and last years tax rate are the same but there was an increase in tax revenues due to additional taxable units plus the valuation of some homes had increased. It was determined that at the time the tax rate is set it can be the same as the rate published for the Public Hearing or less; it cannot be more than the published rate.
Motion was made by Councilmember Shikle to have a public hearing at the regular session in September on a proposal to increase total tax revenues for properties on the tax roll based on a .56171 tax rate. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Harper

3. Budget Review Work Session

City Manager Fairburn said we would start this portion with Public Safety and Tuesday we would work on Community Development and Public Works. He asked if council would be available on September 1 in case we can't complete the work sessions in 2 meetings. Councilmember Stapleton said he would not be available. City Manager Fairburn said the budget has no major changes and this next year would be okay due to the money in the fund balance. In a few years the fund balance will be down to 10% and that would be unacceptable. He asked Council to set a priority list for the next streets to be repaired in case there is money left over from the present street projects. He said the biggest change would be the Fire Department.

Chief Thompson said there was a lot going on and he wanted to allow opportunities for input. He said that earlier in the year they had developed a five year plan and they had talked with Denton about the ambulance service and the fact that his department had planned to build a facility which would be closer to Denton. At that time the Denton Fire Department was agreeable to entering into a cooperative agreement because that would eliminate the need for Denton to build a new building and Chief Scott was looking for free ambulance service in return. Currently Denton's ambulance rate is $6.50 per capita with the next year being $8.00 and $10.00 the following year. Recently Denton said they could not provide 'no cost service' to us until they could provide 'no cost service' to them. That leaves the Lake City Fire Department with 3 options: 1) they could do no hiring and continue to have the cities contract with Denton for the ambulance service; 2) they could purchase 1 ambulance and 3 people as firefighters/para-medics; 3) they could purchase 2 ambulances [one for backup] and hire 6 people [3 people for 2 shifts]. The Fire Board had approved option 3 so they plan to remodel the Lake Dallas station, order 2 ambulances and hire 6 people and should be up and running within a year's time. Two of the Lake Cities have already approved this plan and budget. Most of the emergency calls this past year have been in the Lake Dallas area. City Manager Fairburn said the response time would be down by having the service in our city instead of out of Denton. Councilmember Shikle asked if any neighbor cities had any input.

Judge Cole, Hickory Creek, said we have 20-25,000 people in our area and we need better service. He said we should figure 22,000 people times the per capita rate that Denton is charging the cities and compare it with the budget the Fire Department is presenting. He also said the Fire Department could get extra revenue from those calls made in the County. He said economics dictates that we go with the budget.

Joe Harrison, Corinth, said their City hasn't voted yet but he sees no difficulty getting it passed before the end of the month.

Councilmember Milan asked Chief Thompson was the cost per call is out of Denton. He said it could be up to $500/call and that we call them approximately 40 times/year. He said our Fire Department could possibly answer 10 - 15 calls annually in Denton. He discussed the 'mutual aid' program between our Fire Department and those in Lewisville and Denton. Councilmember Harper asked about the volunteers at the Fire Department. Chief Thompson said there 12 right now. Councilmember Stapleton asked what type of vehicle they were looking at. Chief Thompson said an E-series super Ford and that they had gone to Texas A&M doing research. They have asked Horton and Road Rescue for estimates. Councilmember Shikle said the council has an obligation to the citizens to relieve their tax burdens but if there's a disaster involving a family member the amount of money seems minimal at that time. All Councilmembers were in agreement about the importance of the Fire Department's service.

City Manager Fairburn said we had thought about $135,000 for storm sirens for the City but that has to fall by the side due to the difference in the Fire Department's budget.

Councilmember Shikle called for a break at 8:35 p.m.

Councilmember Shikle called the meeting back to order at 8:50 p.m.

City Manager Fairburn said there were no major changes in the Police Department's budget. The Animal Shelter is outside the city limits and is needing approximately $2,000 in repairs due to foundation problems and drainage. He said there is another option. He has talked with the Upper Trinity people and they have agreed to lease some of their property for a modest fee. We could have the dirt work done and a building erected for $137,000 and it could be funded over time. Chief Ristagno said they are requesting replacement of 2 vehicles – one being the 94 police car which was wrecked earlier this year and due to be phased out (that's why it's not been repaired) and the other being the Animal Control vehicle. That vehicle is a low mileage vehicle but is a 1991 and has cost quite a bit of money for repairs during this past year. He explained that the difference in money asked for the Canine support was that this dog actually belongs to the City and not to the handler so the City will need to pay for his food, insurance, vet bills, etc. The decrease in Professional Services is due to the raise in Canine support and the decrease in Vehicle Maintenance is in anticipation of replacing 2 vehicles.

City Manager Fairburn was asked why the Worker's Compensation amounts were lower this year. He said we had been given a lower rate experience modifier this year as well as lower rates. The question about the raises in salaries was explained by a 2% increase due to ranges and the other 3% is actually a raise. The unemployment rate is higher because of the rate assigned us by the State and not due to any claims because we have had none this past year. The health insurance is higher due to the 17% raise when the contract was renewed in May and we anticipate another increase in next May.

Chief Ristagno explained how the Police Auction figures come about. Vehicles are impounded and if the owner's do not claim them within 10 days they become the property of the Police Department. When the Department schedules the auctions they must notify the owners and then they have the option to get their vehicle or assign it to the City to sell. The auction price has to be enough to pay for the towing and storage fees. Any additional monies becomes the property of the City of Lake Dallas if the owner has not contacted the Department within 90 days of the auction. The process is state regulated.

Councilmember Shikle said Councilmember Milan had an emergency come up and she would have to leave immediately. The council would then be short of quorum and could no longer discuss business.

The Lake Dallas City Council met in regular session on August 12, 1999 at 7:35 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember 1
Bobby Shikle	Councilmember 2
Ken Stapleton	Councilmember 3
Michael Minnis	Councilmember 4
Betty Harper	Councilmember 5

Also present were City Manager Stewart Fairburn, City Attorney David Berman, Police Lieutenant James Lowery, Building Official Truman Harp, and City Secretary Beverly Lucke.

B. Mayor Wohr gave the invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. **VISITORS/CITIZENS AGENDA:**

Letitia De Burgos, 47 Lake Vista Circle, had some pictures she had taken of water run-off on her street during a rain to show to Council. She said there was a sharp edge into her driveway for 2 months due to the street repair work and that it was hard on her car's tires. She cannot see how the drainage is going to work when the streets are finished because of a creek that needs to be cleaned out so the water can run into it.
Mayor Wohr said we would have someone sent out from the Street Department to look at the problem. Someone from staff will write her a letter and let her know what will be done.
Since no one else presented themselves to speak, Mayor Wohr closed the Citizen's Agenda.

E. **BUSINESS**:

Mayor Wohr asked council if it would be all right with them to change the agenda around to hear the public hearings first due to the large amount of people at the meeting. He requested that speakers limit themselves to 3 minutes.

2. **Public Hearing on issuing Special Use Permit to the Swisher Cemetery Association for lots which have been donated to or purchased by the Swisher Cemetery Association: Oak Lakes, Block A, Lots 7, 8, 9, 10, 11, 12, 14, and 15**

Chuck Graham, 1013 Kings Manor, said he was not against the cemetery. He said over the past few years they have raised elevations, not checked the deed restrictions, covered up half the street and damaged the drainage on Meadowbrook. He said he's been before the Council twice and still has no answers. He doesn't know how to resolve it.

Mary Purser, 725 Main Street, said the community cemetery has been in existence since 1883 and the original land was donated strictly for burial. They have been looking to the future through the donations and purchase of the other lots by paying for the back taxes. The existing housing additions were

developed long after the cemetery was there. They currently have less than 80 burial spaces left at this time and have a lot of demand for family plots. They have been made aware of the flood plain in the area and know there are codes that will have to be met. She said she didn't know if helping Mr. Graham with the road is the solution either. Within 90 days the cemetery will be designated with a historical marker.

Letitia De Burgos, 47 Lake Vista Circle, said all that needs to be done is go to the Texas Historical Commission. They can tell you what can and cannot be done and what the rules are for a pioneer cemetery.

Howard DeWeese, 209 S. Shady Shores, said he had been caretaker of the cemetery for many years. Once, when the cemetery association had purchased several lots and after the paperwork had been completed by the City he had taken the paperwork to Denton to be recorded. He said he had looked at that paperwork and did not see any deed restrictions. He said there had been a false report of some graves being in the right of way.

Patsy Farrow, 508 Main Street, said that everyone in the cemetery association is a volunteer and they don't get paid for their work. She said if anyone has a problem and don't like the way things are done they should volunteer. It's a thankless job and takes a lot of hard work.

Barbara Miller, 404 West Shady Oaks Circle, Shady Shores, said she owns several lots in the subdivision that's been jeopardized by the acquisition of residential lots by the cemetery association. She said she's been to several meetings and keeps hearing the same things over and over again. It seems to her that the cemetery personnel and volunteers seem to resent this because of their status as a pioneer cemetery. She said the subdivision is 39 years old and they've waited a long time to develop those lots. They are not complaining that the cemetery wants to grow, they're simply saying that their growth and development has prohibited 51 lot owners from developing their property. If there is not more area for them to incorporate without destroying a subdivision then they need to stop.

Carolyn Green, 201 N. Shady Shores Road, said it seems to here that this isn't so much about he cemetery as it is about Meadowbrook – is it a street or isn't it a street? She hears contradicting stories. She said the cemetery was there long before the 39 years ago that the subdivision went in. She says she understands why they're upset about the development. If it's a question about the street, why hasn't the City fixed the street?

Mayor Wohr closed the public hearing.

3. **Consideration and Action on issuing Special Use Permit to the Swisher Cemetery Association for lots which have been donated to or purchased by the Swisher Cemetery Association: Oak Lakes, Block A, Lots 7, 8, 9, 10, 11, 12, 14, and 15**

There was Council discussion regarding encroachment; drainage and a retaining wall; elevations; other ingress/egress for the subdivision; had the surrounding property owners been notified; deed restrictions; whether there are grave sites already on these lots. The City Attorney was asked if it was a possibility that the City could be taking on more liability regarding the street by granting the permit. City Attorney David Berman said if we own the street the City is responsible for it and has an obligation to either fix the street or to post signs stating the road is hazardous or close the road. He also said the City cannot be held responsible for enforcing, or violating, deed restrictions. City Manager Fairburn said a survey has been ordered which will show if there has been an encroachment on the right or way and the cemetery association may have to put up a retaining wall. The road situation has no effect on the lots in question. Notice had been mailed to property owners and notice had been placed in the newspaper. It is doubtful that anyone has been buried on City property. Council asked the cemetery association if they had tried to purchase Lot 13. The answer was they have tried but the cost was too high. The map in the packet showed all the lots as part of the cemetery but the tax office shows them as separate lots. It was determined that the lots have not been replatted and that the map for the packet was probably incorrect.

Mayor Wohr recognized Patsy Farrow, 508 Main Street, who said the cemetery association had been told by a previous mayor that there was a 6' utility easement there which does not encroach on the road. Mayor Wohr said that could be but would also have to be checked out.

Motion was made by Councilmember Shikle to grant a Special Use Permit to the Swisher Cemetery Association for Oak Lakes, Block A, Lots 7, 8, 9, 10, 11, 12, 14 and 15. Seconded by Councilmember Harper.

Mayor Wohr called for a short recess at 8:30 p.m.

Mayor Wohr called the meeting back to order at 8:50 p.m.

4. **Public Hearing on issuing Special Use Permit to operate a private club at property located at 212 Main Street, Lake Dallas, Texas; Tract 66 of A1355A Wright Survey, zoning district C-3**

Odie Harrelson, 907 Vista Oaks Court, said we have 4 schools, 4 churches and 17 establishments. What signal does that send to everybody in this town and all the kids. This City Council shouldn't have anything to do with another club and more alcohol in the City.

Bobby Griffith, 155 West Overley, said he's lived here approximately 20 years and he's the one trying to get the special use permit. He said they would be closing two clubs and opening one. He said he was sure there would be other questions and he would like the opportunity to address them.

Mayor Wohr said he would let the rest of the public hearing take place and then if Council had any questions he would then have an opportunity to speak again.

James Lively, 527 Oak Lake, said personal and religious feelings aside and look at this from a business point of view. He said if Denton and Lewisville went 'wet' we would lose a lot of business so we need a better tax base here. He suggested a medical center here with a minor emergency room. We need something to bring in tax dollars.

Gary Johnson, 609 Cain, and also represents his aunt, Eva Johnson of 209 Main who resides in a nursing home, said he would like to see something in the center of our town that would attract future businesses that would bring the kind of clientele to help our town to grow. He said he had been to the P & Z meeting and he doesn't agree that to have the building occupied is the main concern. He urged Council to deny the permit.

Frank Barnard, 328 Betchan Street, said he was not there as a Planning and Zoning representative but as a private citizen. His input is from having watched the building be empty over the past 2 years and that the Denton County Economics Development had only been contacted by 2 people regarding that building. The rent was too high and the building was in bad shape. He said he's always fought any additional C-3 zoning but this property is already zoned C-3. If the permit is issued the businesses around the club would probably benefit as those that were around the old location did. He said it's close to the police department but he hasn't heard and bad reports about the previous location. He said he does not want to see the building be vacant another 2 - 3 years. He said he hopes Council considers issuing the permit

George Kristich, 303 Lakeview, said he's lived here about 8 years and hasn't seen a lot of growth. This man is only asking to move his established business and expand it. He believes the permit should be granted.

Bobby Griffith, 155 West Overley, said he'd heard most of these arguments at the Planning & Zoning Commission meeting and they all have their own ideas of what to do. The building's been vacant 2 years. They're worrying about property values but when his business was at 112 Hundley the property was only 50% occupied and after he'd been there awhile it was 100% occupied. If he moves into the Main Street address, Allsups, Bogey's, the Mexican restaurant will welcome him for the additional business it will bring them. He said they are improving Main Street because the building was vacant and rat infested but they have cleaned out the building. He also said he was totally offended and insulted that the Councilmembers and Department Heads received a letter in opposition to him and stating he was a convicted felon. He said there is nothing further from the truth. It is an absolute lie. If that is what the opposition is going to resort to then we've got big trouble.

Marge Johnson, 905 Vista Oaks, if he doesn't get his permit then what? We've already closed down one and the other won't be able to open.

Carolyn Green, 201 N. Shady Shores, if he were a convicted felon then he couldn't get a liquor license. She asked about what part of the building would be a club. Mr. Griffith said the left half will be office space. Could be used by an insurance company, dentist, etc. He said he's had about 6 people contact him regarding office space there.

Mayor Wohr closed the public hearing.

5. **Consideration and action on issuing Special Use Permit to operate a private club at property located at 212 Main Street, Lake Dallas, Texas; Tract 66 of A1355A Wright Survey, zoning district C-3**

The question was raised as to how this item could have been posted as an agenda item before the actual meeting by the Planning and Zoning Commission when the outcome was unknown. City Manager Fairburn said if the item would not have passed it would have been stricken from the Council agenda. Council asked to see the minutes of the meeting. The rough draft was furnished since the Planning and Zoning Commission approves prior month's minutes at their first regular meeting of the following month. There was Council discussion and questions of Mr. Griffith regarding the liquor licenses of Chalker's and Moonlighters; how many square feet allotted to office space; higher traffic in areas where children walk; keeping a local businessman in business here; attracting new business to the City with a large empty building sitting here; local business was approximately 60%; and closing times.

Motion was made by Councilmember Minnis to approve a special use permit to operate a private club at property located at 212 Main Street with the condition that the permit does not exceed 50% of the building. Seconded by Councilmember Shikle.

1. Consideration and Action on Reports

a. Boards and Commissions
b. Financial, including Accounts Payable
c. Departments, including City Manager

Councilmember Minnis asked Planning and Zoning Alternate Frank Barnard where the Commission was regarding the Comprehensive Plan. He said they would have another workshop soon. City Manager Fairburn said there have been 3 public hearing workshops: one dealing with the Swisher Corridor; one with Main Street; one with the Denton Drive, Frontage Road. The Commission will review the North Texas Planning Class' rough draft at their workshop this month. There will need to be another city-wide public hearing for more input before there is a draft document for a Council/Planning and Zoning meeting. Then there will be input on the draft document before Planning & Zoning finishes it up. Mayor Wohr said it was a good thing Parks and Recreation will have CoServ for a sponsor for the Fall Fest. The application was accepted for the Park Master Plan and we will be advised in January if we are to receive the grant.
Questions asked about the financial reports were answered. Inquiries have been made about costs from 3 web site companies.

D. BUSINESS:

1. **Consideration and action on a change order removing tack oil as a requirement between stabilized base and asphalt top course for the street maintenance and bond package street repairs**

Brad Tribble of Kimley-Horn & Associates, Inc. introduced himself as the Special Project Manager from their firm for the street bond and maintenance programs and said the roadways he usually works with are urban roadways. Carl DeZee and Kerry Risser were also here to represent Kimley-Horn & Associates, Inc. He said he had sent a letter to City Manager Fairburn regarding the issue of tack coat and prime coat and the clarification on the appropriate applications. He said there had been some direction given to the contractor that may or may not have been applicable to the application of tack coat prior to the placement of asphalt. In most cases tack coat is intended to be almost a 'glue' between one pavement course and another course that's going to be laid on top. He explained that the amount of water put into an asphalt emulsion makes the difference between tack coat and prime coat. Prime coat is something that is put down over a treated sub-grade and there are 3 general purposes for a prime coat. It is applied over the top of a treated sub-grade to seal in the water which has to go through a chemical reaction with the material used in the sub-grade to keep all the water from evaporating out – this is the primary reason to use a prime coat. Another option is called the 'wet cure' method which is where you continuously apply water to the treated sub-grade so it has plenty of water as it goes through hydration (the chemical reaction of the cement and water) and it sets up very hard. Another reason for having prime coat is it can be a temporary wearing surface before you put down the asphalt and it can seal in those fine aggregates and smooth out the sub-grade. If there's not a long time between treating your sub-grade and putting down your asphalt you may not need to apply a prime coat. It is primarily up to the contractor. He said there were plusses and minuses for leaving the road open for some time. A lot of the minuses is inconvenience and sometimes it can create some dusting problems and the road might become a little rough. A good thing

about leaving the road open for a while is that if there is anywhere that your base has failed you can find it before you put your asphalt down. If you find a base failure before the asphalt has been put down it can be fixed easily. In the natural process of cement stabilizing sub-grade you get shrinkage cracks and if that is allowed to sit for about a week before the asphalt then it won't affect the asphalt. He said he has met with the contractor and he has shown more responsiveness and has submitted a schedule as of last Friday. He then asked for questions from Council.

There was concern about Hundley where tack coat had been used and it was bleeding through. Mr. Tribble explained that the tack coat had not set up before the asphalt trucks came through. He said some of the problems will be repaired and since there was concern about an extended warranty that we could address that issue also. He said there is a two year maintenance bond on the contract but it can certainly be negotiated. Mr. Tribble said that the areas which have already been paved where tack coat was used and given time to set up that there should be no problems. City Manager Fairburn said we were looking at the areas of Hundley and Meadowbrook very carefully because those areas may not have allowed enough time for the tack coat to set thereby causing bleed-through.

A question was raised about the contract calling for tack oil and if it is not used will that break the contract. He was also asked if the contractor had broken their contract by being off the job for a lengthy time without putting a protective coating over the streets. Mr. Tribble agreed that probably a protective coating should have been put down. The Council was concerned with the length of time that the residents on Kingswood and Thompson had problems with the dust and the fact that the contractor was not watering the streets. Mr. Tribble said it was a choice the contractor made in not putting down the prime coat.

Question was raised about whether the contractor has been paid for the work he has performed correctly to this point. Mr. Tribble said he's been paid for very little work and there is some in dispute. The contractor has been paid for some of the work performed on his May estimate; he said he can be paid for the work he has done without tack oil if the City accepts them. City Manager Fairburn said the contractor has submitted a second pay request but we have not paid it yet because some things were in dispute since they haven't been accepted. Other questions were, "If we vote to accept the change order then we can go ahead and pay the second estimate?" and "Could the delay be caused by non-payment?"

City Manager Fairburn said that in the June meeting Kimley-Horn said that tack oil was needed. Since that time they have talked with other firms and looked at how they have done streets and it has been determined that tack oil is not needed. The City of Corinth did their streets without using tack coat. Public Works Superintendent Webber has talked with one firm and Mr. Tribble has talked with Reynolds Asphalt, Jagoe-Public, and Koch Chemicals. Mr. Tribble said that the tack oil could have been done, just not immediately before the laying of the asphalt.

Council was concerned with paying Kimley-Horn for the original engineering and does not want to pay for re-engineering. Core samples will be done on the streets which have already been done and will also be done on streets before paving. The contractor knows that if the streets don't pass core tests it will mean they will have to be re-done. He will have to wet cure or prime coat the streets in order to achieve stabilization. Kingswood will be fine graded and cracking is usually a result of natural shrinkage which won't affect the pavement.

Mr. Tribble said the areas that don't meet the spec's right now are at the end of Hundley and they will be fixed properly. Lake Vista will get a new overlay. Timing on streets which would have to be redone would take approximately 2 days to re-mix and prepare and then they should be left open for about a week before paving. The roads will need to be closed at least 2 hours when the prime coat or wet cure is applied

to prevent dusting. The new schedule does not have all the start dates on them and this information had been furnished to City Manager Fairburn by the contractor. The schedule also shows Saturday and Sunday dates which can be changed if Council wishes.

A five year maintenance bond was also suggested by Council. Mr. Tribble said that the contractor also has a payment bond and performance bond. The performance bond says he will perform and if not, the surety can get another contractor to complete the work so the present contractor surely doesn't want the surety to find out he's not doing the job right. The surety has been notified by the City Attorney and by Kimley-Horn. If the contractor doesn't follow through now then we can contact the attorney. The City would experience severe delays if the bonding company needs to find another contractor to complete the job this contractor has started. Any legal fees incurred by the City would have to become part of the damages asked for in order to recoup monies paid to attorneys. The payment to the contractor can be resolved on Denton and Dobbs by taking core samples. The contractor is aware that school starts soon and Hundley is not complete in that area.

Council expressed disappointment with the engineering firm in the writing of the contract to include tack oil and the design of the streets and the amount of money the City has spent. Mr. Tribble apologized for the delays and changes and said he would be in charge of this contract until its completion and take responsibility for proper roadwork completion. There can be a trade-out or credit if there is a substantial difference by not using tack oil. There were alternate bids included in the contract package.

Motion was made by Councilmember Milan to accept a change order removing tack oil as a requirement between stabilized base and asphalt top course from this date forward for the streets currently under construction and those to be constructed for the remainder of Phase 1 of the Street Bond Project contracted with Peachtree. **Motion was amended to include** and direct city staff and the engineering firm to aggressively pursue the 5 year maintenance bond extension for all streets with identified problems. Seconded by Councilmember Minnis.
Ayes: Councilmembers Milan and Minnis
Noes: Councilmembers Shikle and Harper
There being a tie vote Mayor Wohr was called to vote and his vote was 'Aye.'

Motion Passed

Rod Courtney, 162 Kingswood Road, told Council that nine out of ten calls you get are often trouble and negative calls. He said he wanted to be the other number, one, to tell them how much he appreciated them hiring Dave Owens, because he thinks he's made a big difference. He said he's spoken to him out on the job and he's observed him and he thinks they're on the right track.

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in workshop session on July 26, 1999 at 8:00 p.m., (due to the delay of one councilmember) with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. Roll call was taken by Mayor Wohr and he following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember, Place 1
Bobby Shikle	Councilmember, Place 2
Ken Stapleton	Councilmember, Place 3
Mike Minnis	Councilmember, Place 4
Betty Harper	Councilmember, Place 5

Mayor Wohr said the Council had requested specifically that the City Secretary and City Manager not be present. He said we have an action item on the agenda which we will do at the end of the meeting.

B. **Consideration and action on resolution to authorize the City Manager to enter into an Interlocal Agreement with TxDOT, known as the 'State' and their Administrator, known as the City of Lewisville, for the performance, administration and maintenance of the traffic signal located at Swisher Road and Interstate 35 East service road, that lies within the City of Lake Dallas ; and providing an effective date.**

Motion was made by Councilmember Shikle to table Item B until Council has ample time to study over this and bring it back at the regular meeting the 2nd Thursday of August. Seconded by Councilmember Stapleton .
Ayes: Councilmembers Milan, Shikle, Stapleton, Minnis, and Harper

Motion Carried

C. **Workshop to discuss city council direction.**

1. There is concern that the city should be run on more of a business structure. Discussion brought requests for policy and procedures for the employees and that the policy should be read by each employee yearly. The Council agreed that they should look over the policy and procedures manual, job descriptions, and organizational chart; time accountability, vacations, sick time and comp time are other areas to be looked into. It was decided that this could be done in another workshop session. Mayor Wohr said he will have the City Secretary contact Lewisville and Denton regarding their manuals.

2. A workshop meeting with the City Manager explaining Council concerns and direction was discussed.
3. A suggestion was made that public works employees should keep work orders for what is done, how long it takes, and material used; the police officers on patrol should account for calls made and areas patrolled; guidelines for Code Enforcement from the time a permit is issued until completion of a project; reports from department heads should go to the City Manager who could report monthly to the Council.

4. Concern was raised about city vehicles at employee's homes during the day plus relatives riding with the employees in city vehicles.

5. Response time of staff to answer Council questions.

6. Structure for the Council meetings. was another area of concern. Discussion about guidelines for the Council was brought up and as an attempt to move the meetings along faster it was decided to direct the City Manager to address those concerns brought to Council through the Citizen's Agenda; Mayor Wohr will call on the councilmembers by place number during the discussions on action and business It was decided the councilmembers should put in their motions what they want done by staff and that the City Secretary should read back each motion made. There should be a time limit on citizen input. The request for department heads to be at the meetings is not needed.

7. The discussion was summarized as follows: The Council needs to work on three areas –
   1) Structure of Council
   2) Structure of Council and Manager
   3) Structure of policies and organization

Mayor Wohr called for a short break at 9:15 p.m.
Mayor Wohr called the meeting back to order at 9:35 p.m.

Mayor Wohr said we have talked about some structural changes and now move on to discussing specific goals.

Councilmember Shikle said he would like to see the City continue with the repair of our streets and upgrade the first opinion to newcomers to our town. He would like to see each and every street fixed back up since they have been neglected and he feels this was promised over 20 years ago.

Mayor Wohr said some beautification could be done along with the streets being fixed and mentioned the Keep Lake Dallas Beautiful Committee.

Councilmember Milan said her goal is to see community volunteers. Councilmember Minnis gave some background information on the community service program. Councilmember Milan asked that this item be addressed when we lay out the guidelines. She said she would also like to see new business come in but we need to clean up Main Street, put up a sign welcoming people to Main Street, the Marina, etc.

Mayor Wohr said he was sure some businesses would be willing to pay for a sign and we could contact TxDOT regarding a sign for the exit off the interstate.

Councilmember Harper said her goals were new businesses, beautification of the city, and parks. She would like to see us put in some of the wooden equipment with the use of volunteers. She said we could start a program for a yard of the month or business of the month as a step toward a beautification program She would also like to see the Police Department work more with the kids.

Councilmember Stapleton said his main goal was the parks. He would like to see it done through donations from businesses and/or individuals and their names be placed on the equipment purchased with their monies.

Mayor Wohr thinks Parks & Recreation Board should be reorganized – they have been focused on getting master plan done and as a result recreation lacking. Mayor Wohr said Council should be directing the Parks and Recreation Board as well as the Planning & Zoning Commission.

Councilmember Minnis said his biggest goal was to get some ground work done such as meetings over before 1 or 2 am and to see that staff gets direction. He said everyone complains that the Street Department doesn't patch the streets good enough. He also said the city has some money available for parks now and we can also take up donations. He said the only thing we have for recreation now is a contract with Beth Keel for a gymnastics program and not every kid is into that type of program. Maybe we could create a part-time recreation director position. Planning &Zoning is already working on planned development along Swisher Corridor as an entrance to the City. It will be the most important economic development for the next couple of years and we have too much C-3 zoning area development. We could feasibly get some funds if we adopt a policy to pursue grant monies for redevelopment.

Laird Lind, 735 Carlisle Drive, said the city can re-zone property.

Councilmember Stapleton said he has three priorities - 1)streets; 2) parks; and 3) lot of people have come to him about a sidewalk on Shady Shores from at least the Thousand Oaks entry down to the City Park.

Mayor Wohr's goals: we absolutely have to complete the streets; need to develop long term budget plan within the next 6 months; what kind of businesses do we want; and what to do without raising taxes. To generate a tax base we need to develop Main Street. He also said we need to make a plan and designate areas for certain kinds of business and development. The Hundley exit misses everything on Main Street. We need to generate sales tax.

There was further discussion about economic development. This included the Swisher Road extension, the Squier property annexation, liquor stores, entertainment tax on video games and pool tables, rezoning of railroad property, and restaurants.

Councilmember Milan asked if councilmembers were free to start now to make requests of the City Manager in writing. Mayor Wohr said at the next council meeting we can do written directives.

There was council discussion about the meeting between the City Manager, City Attorney, and engineers regarding the streets project which was scheduled for July 28 and whether Council should schedule an emergency meeting.

Councilmember Shikle said they had asked for daily reports. Mayor Wohr said Building Official Harp had not turned them in. Councilmember Shikle said he would call staff tomorrow and request documentation from the City Attorney as to what the qualifications were for the job of the street project manager and the duties so he can see if we're on the right track. Councilmember Minnis said he has asked City Manager Fairburn for a weekly update but if the problem is severe enough he would like for City Manager Fairburn to call the councilmembers. Mayor Wohr said we need specifics from the contractor. If the contractor says he's not going to live up to the contract, then we need to take other action.

Mayor Wohr will drop off notes to city hall at the next council meeting about items to be addressed by staff.

Councilmember Harper asked if Council has to put on an agenda to turn the parks requests to the Parks & Recreation Board. Mayor Wohr: said he would have City Manager Fairburn put it on the Parks & Recreation's agenda. There was further discussion about putting in a large playground structure.

Councilmember Minnis brought up his concern for the newsletter format. He would like to see 1 page devoted to Council actions and 1 page to Streets; not about code violations, trash pickup.

D. Adjourn

Motion was made by Councilmember Shikle to adjourn the meeting. Seconded by Councilmember Milan.

The Lake Dallas City Council met in special called meeting on July 15, 1999 at 7:30 p.m., with notice of the meeting given as required by Title 5; Chapter 551.041 of the government code.

A. The following members were present and constituted a quorum:

Steve Wohr	Mayor
Kyla Milan	Councilmember, Place 1
Bobby Shikle	Councilmember, Place 2
Ken Stapleton	Councilmember, Place 3
Mike Minnis	Councilmember, Place 4

Councilmember Harper was excused.

Staff present were Acting City Manager and Police Chief Nick Ristagno, Building Official Truman Harp, Public Works Director Johnny Webber, City Attorney David Berman. and City Secretary Beverly Lucke.

B. Mayor Wohr gave the invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda

Kathy Pinnell, 409 Boliver, spoke about the safety and drainage in the Garza Beach area citing it had taken 14 minutes for a fire truck to get there the last fire; there are no fire hydrants; water pressure is low; water stands in ditches and small children could fall into the ditches and be harmed. Mayor Wohr said we are trying to work with the developer to get the drainage problem solved and the water pressure is something to take up with the LCMUA.

Wendell Hawkins, 411 Boliver, said he wanted to expressed the same concerns Mrs. Pinnell had. He said conditions have worsened since the past litigation with the developers. The flooding has gotten worse and he would like to see the developer do something. Mayor Wohr said the street is the city's but it would not be wise to pave it before the construction is done and we are attempting to solve the drainage issues.

Teresa Hall, 501 Hundley, has a neighbor who lives behind her who has trash and vehicles on his property and that she has contacted the city and been told they are working on it. She said she had called Councilmember Minnis and that Councilmember Minnis and Building Official Harp had come out and looked on July 5 or 6. Her landlord, John Davis, is ill and can't do anything about the situation at this point. She feels the neighbors are trying to retaliate by calling the police department about cruelty to her dog and that one day the dog's leash had been removed and he had been taken to animal control. Councilmember Minnis asked her to give Mr. Davis' phone number to city staff and they can contact him about the trash. Mayor Wohr told her the problem is criminal acts with the dog but the police department can't do anything if no one sees something being done.

Crystal Hayes, 305 Boliver, wanted to express concern about the intersection at Stadium and Boliver. She said it is a blind corner because of the hedges and the narrow streets. She said it is dark in the area because there is only one street light and it's covered by trees. She said the street numbering system is not good. She had called a plumber and he couldn't find her home. She said she had called and talked with Building Official Harp about that situation but nothing was resolved.

Mayor Wohr said he would have Code Enforcement check out the hedges to see if they were in compliance with our ordinances; he suggested that the homeowners of the area turn a request in to the city for more street lights.

Laird Lind, 735 Carlisle, said he intends to go to the Planning and Zoning Commission meeting next month and that their plan is to dedicate over 15' for streets. He said they will try to address any concerns the residents have.

Mayor Wohr closed the Citizen's Agenda at 8:23 p.m. because no one else presented themselves to speak. He also called for a break before the executive session would start.

E. BUSINESS:

1. Executive Session: The City Council will have an Executive Session to consult with their attorney and realtor(s) regarding acquisition of easements and options for Garza Beach Subdivision according to Local Government Code 551.071 and 55.072

The Council went into Executive Session at 8:50 p.m.
Executive Session ended at 10:25 p.m. and a short break was called for.
Council returned to regular session at 10:45 p.m.

F. Business

1. Action, if any, on Executive Session

Motion was made by Councilmember Minnis to direct the City Attorney to explore negotiations to resolve the safety and drainage issues at Garza Beach with Rick Muenks. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Minnis
Noes: None

Motion Passed

Mayor Wohr took an informal moment for the Garza Beach residents to tell them the city was trying to resolve the problems there but council was unable to say anything at this time or it would break the attorney/client privilege. He asked to change the order of the items on the agenda.

10. Consideration and action on contract renewal with Beth Keel for the gymnastics program

Beth Keel, 107 Silktree Court, said she brought 30 students with her to the Lake Dallas gymnastics and cheerleading program and has 90 students at this time. She said the contract is up in September but she would like to know it was going to be renewed before that time so that she would not have to look for another place to hold the classes.
There was council discussion and questions for Ms. Keel about the contract being workable, the amount of monies brought in for the city's portion, the insurance coverage and equipment storage.
Motion was made by Councilmember Shikle to authorize the City Manager to enter into a contract renewal agreement with Beth Keel for the gymnastics program. Seconded by Councilmember Minnis.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Minnis
Noes: None

Motion Passed

5. **Consideration and action on designating department heads**

There was council discussion regarding the charter and definition of department administrators, the chain of command, checks and balances of all the departments. Chief Ristagno said the City Manager, Police Chief, and City Secretary and their duties are already defined in the charter.
Motion was made by Council Member Minnis to direct city staff to draft a command structure and enumeration of department heads and the duties and responsibilities of the respective departments thereof to be presented back to the council in ordinance form at the next regular meeting. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Minnis
Noes: None

Motion Passed

7. **Consideration and action on directing staff to contract for an inspector to oversee the day-to-day activities involving the street and drainage projects. Tabled from July 7 meeting.**

Council discussed how much staff involvement was necessary or had been done. Building Official Harp said he hasn't had that much time and that he knows a man who lives in the city and has 5 ½ years in road construction and would be willing to work for the city for $2000 per month. Mayor Wohr has one person who he has contacted who would give us another person to consider. Building Official Harp said he has note after note about what has been done on the street projects but he missed bringing it with him to the meeting. Mayor Wohr asked that he turn the reports to Chief Ristagno on Friday or to City Manager Fairburn on Monday so the information can be given to the City Attorney. There was discussion about the streets that have been done which have no radius. We need daily reports and need to move on this as quickly as possible. The contract needs to be looked over closely as to the city's options.

Mayor Wohr called for a short break at 11:55 p.m.
Mayor Wohr called the meeting back to order at 12:10 a.m.

There was more discussion as to the completion date of November for all the projects; the need to hire a project manager -- who could be hired for a 30 day period and renew the contract or go with another person; if nothing is happening in 1 ½ weeks the council should have a special meeting because this is a number one priority. Council Member Minnis said this needs to be given to our City Attorney and demand that the contract be adhered to or we take legal recourse.
Motion was made by Councilmember Shikle to direct staff to take immediate action on hiring someone for a period of 30 days not to exceed $2500; the job description to be set forth by our City Attorney and all direction be given to this person that it comes from the City Attorney; all qualificatons come from the City Attorney; and staff be authorized to take action to hire this person immediately after the City Attorney turns in the qualifications that he's looking for and also the job description for him. The staff has the authority to hire this person immediately and get him out here and start work on this project. Seconded by Councilmember Minnis.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Minnis
Noes: None

Motion Passed

3. **Preliminaty discussion on council direction and discussion for establishing a workshop esssion on council direction**

Mayor Wohr said he would also like to see some priorities for the next year, next 6 months, next 3 months; what do you expect from staff; how do you want to handle the Citizen's Agenda. There was discussion about the length of time spent on the Citizen's Agenda and the length of the overall council meetings. Everyone needs to bring something to the table about what they expect. With vacations happening they selected a date available to all Councilmembers. The meeting was decided to be on Monday, July 26.

4. **Consideration and action on setting up a Home Rule Charter Review Committee**

Motion was made by Councilmember Minnis to direct city staff to compile all the necessary papers and documents that explain how to establish a charter review and amendment committee and put them in their mailboxes as soon as possible and let the Councilmembers bring back at the August regularly scheduled meeting a list of names that they would like to be appointed to that committee and if you don't bring names to the August meeting that doesn't disqualify you from submitting names as soon as you can. Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Minnis
Noes: None

Motion Passed

6. **Consideration and action on posting 'No Swimming' signs at Willow Grove Park**

There was council discussion on different terminology and the strength of signs without penalties or other forms of enforcement.
Motion was made by Councilmember Minnis to table this item until staff can get a legal rendering on whether or not posting Willow Grove ad 'No designated swimming area' would satisfy what we're trying to accomplish. Motion died for lack of a second.
Motion was made by Councilmember Shikle to post a 'No Swimming' sign at the main entrance to Willow Grove Park. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Shikle, Stapleton, and Minnis
Noes: Councilmember Milan

Motion Passed

8. **Consideration and action on approval of minutes for July 7, 1999**

Motion was made by Councilmember Minnis to accept the minutes with an addition to Item 7 discussion on page 3: "Councilmember Minnis said with the monies saved it would be real feasible to put a sidewalk on one side of Shady Shores Road from Kingswood to the houses behind Kings Manor." Seconded by Councilmember Milan.
Ayes: Councilmembers Milan, Shikle, Stapleton, and Minnis
Noes: None

Motion Passed

9. New Business

a) The workshop scheduled for July 26
b) Sidewalks on Shady Shores once the bigger issue of the bond can be resolved
c) TU issue - we are into 15 year franchise agreement and we could possibly get someone from TU to come to a meeting and also discuss street light placement
d) Request for resumè of project manager hired to be placed in councilmembers boxes
e) The contract information that councilmembers received was paragraph 9.03 which referenced paragraph 9.10 which was not included with the information

G. Adjourn

Motion was made by Councilmember Milan to adjourn the meeting. Seconded by Councilmember Stapleton.

Tony Marino	Councilmember 1
Carol Ann Connors	Councilmember 2
Karl Hammond	Councilmember 3
Alan Fletcher	Councilmember 4
Richard Martin	Councilmember 5

Also present were: City Manager Earl Berner, Police Chief Nick Ristagno, and City Secretary Beverly Weikum.

B. INVOCATION

Mayor Johnson gave the invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag [Honor the Texas flag; I pledge allegiance to thee, Texas, one and indivisible.]
Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS

Mayor Johnson welcomed Councilmember Mike Harrenga from the Town of Hickory Creek and former Lake Dallas Councilmember Bruce Martin to the meeting.

E. PRESENTATIONS/PROCLAMATIONS

There were no presentations or proclamations for the meeting tonight.

F. REPORTS:

Boards and Commissions
There were no reports made.

G. VISITORS/CITIZENS AGENDA: In accordance with the Open Meetings Act, the City Council is prohibited from acting on or discussing (other than factual responses to specific questions) any items brought before them at this time. Citizen's comments will be limited to 3 minutes.

Renata Johnson, 5404 Prince Drive, said there is a 5-year-old boy, Isaiah, in her neighborhood who lives with his grandparents because his parents are addicted to alcohol and drugs. The grandparents are on social security and the grandmother died last August from breast cancer. The little boy thinks the grandfather is his father. Renata said she had an idea about some NASCR bedding and maybe Isaiah will go back to his own bed instead of sleeping with his grandfather. She said Isaiah's room is designed like an old ladies room. Renata knows a lady who is an interior decorator who lives in Highland Village and she will

come on a weekend and decorate his room so Isaiah will go back and sleep in his own room. Renata said she hopes the story could be mentioned in the newspapers.

Mayor Johnson said she thinks this is a nice Christmas story. She said that Renata's daughter, Charlotte, is here because she is going to participate in our awards program.

No one else came forward to speak so Mayor Johnson closed the Citizens Agenda.

H. AGENDA BRIEFING

City Manager Earl Berner listed all the items on the Consent Agenda. He then listed the items under Business.

I. CONSENT AGENDA:

1) **Consideration and Action on approval Minutes for November 3, November 10, 2005 meetings.**
2) **Consideration and Action on approval of November Financials.**
3) **Consideration and Action on approval of an Ordinance for a facility use agreement with the Lake Cities Soccer Association for the purpose of using a city owned facility for recreational activities.**
4) **Consideration and Action to approve of the disposal of surplus property, 1995 4-door Ford [Code Car].**
5) **Consideration and Action on approval of a Resolution directing publication of notice of intent to issue certificates of obligation.**

Motion to approve the Consent Agenda was made by Councilmember Connors. Second by Councilmember Marino. [see below for vote]

Councilmember Hammond said he was not at the November 3 meeting as the Minutes reflect.

Motion to amend the November 3 Minutes was made by Councilmember Hammond. Second by Councilmember Connors.

Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin

J. BUSINESS:

1) **Consideration of first reading to adopt a Resolution to authorize execution and delivery of a sales tax remittance agreement and a project agreement with the Lake Dallas Community Development Corporation and approving expenditure of funds by the corporation in connection therewith.**

Approval of the first reading was given by the City Council. Second reading is set for the January 12 City Council meeting.

2) Consideration and Action on approval of an Ordinance for a proposed rate increase by Waste Management.

Motion for approval of an Ordinance for a proposed tax increase by Waste Management was made by Councilmember Marino. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher, and Martin
Noes: None

Motion Passed

City Manager Earl Berner said that Waste Management had indicated that the 1.5 % fuel surcharge would drop off the rate increase if the price of diesel fuel drops by next quarter.

3) Public Hearing on approval of an application for the exemption from the 80% masonry requirement for Joy Pools, 5002 South Stemmons.

No one came forward to speak so Mayor Johnson closed the Public Hearing.

4) Consideration and Action on approval of an application for the exemption from the 80% masonry requirement for Joy Pools, 5002 South Stemmons.

Marjory Johnson said she wants to encourage the Council not to pass this. This is not really the spirit of the ordinance. The reason was for businesses that had a specific theme, e.g., a Babe's or a Cracker Barrel, etc
Motion to approve the exemption from the 80% masonry requirement for Joy Pools, 5002 South Stemmons with the additional requirement regarding additional trees for screening was made by Councilmember Connors. Second by Councilmember Hammond.
Ayes: Councilmember Connors
Noes: Councilmembers Marino, Hammond, Fletcher, and Martin

Motion Failed

5) Public Hearing n approval of a replat of Block 7,lots 7, 8, 9, 10, 17, 18, 19 & 20 and Block 8 Lots 1, 2, 3, 17, 18 & 19 into Block 7, Lot 7R, Lake Dallas Shores, City of Lake Dallas, Denton County, Texas.

Clif Garrett, 608 Shore Drive, owner of the property, said the reason for the replat is because taxation on separate lots is under the highest tax bracket in the county. The replat will cut his property taxes dramatically.

No one else came forward to speak so Mayor Johnson closed the Public Hearing.

6) Consideration and Action on approval of a replat of Block 7,lots 7, 8, 9, 10, 17, 18, 19 & 20 and Block 8 Lots 1, 2, 3, 17, 18 & 19 into Block 7, Lot 7R, Lake Dallas Shores, City of Lake Dallas, Denton County, Texas.

K. CITY MANAGER REPORT

City Manager Earl Berner said he had just a few items.

The Fire Department has passed out their EMS report covering the last several months. We'll be working on the strategic plan over next few months with the Lake Cities Council of Governments and that group can bring back the information to their specific councils.

At the January 12 meeting there will also be special meetings of the 4a board and 4b board along with the city council on the certificates of obligation issue. Leroy Grawunder will be here to help us through that and Boyd London will be here to assist with the financing portion.

Upper Trinity has paved Lakeview where they tore it up to put in the new main. Mercedes homes will be hauling off trees from their subdivision.

The report on Johnny Webber's grandchildren is that one will be released to go home tomorrow and other one next week. The doctors are anticipating 100% recovery for both of them.

L. NEW AGENDA ITEMS

Councilmember Hammond said he would like to have an action item at the January 12 for meeting for nomination of two members to the future Lake Cities COG. In January that item should be workshopped and then call for action at a later date.

Councilmember Marino said he had received a call from some people involved with the jet ski races. Someone else is interested in having endurance races and boats here in April. They'll be coming in and give a brief presentation.

City Manager Earl Berner asked if it is understood that there will not be a December 22 Meeting.

M. ADJOURNMENT

Motion to adjourn was made by Councilmember Fletcher. Second by Councilmember Marino.

CITY OF LAKE DALLAS, TEXAS

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a special meeting on November 29, 2005 in the Linwood Gilliland Community Room of Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. The meeting was called to order at 7:07 PM by Councilmember Marino.

A. RECEPTION (for neighboring Lake Cities Mayors and City Councils)

B. ROLL CALL

Present from the City of Lake Dallas were city council members Tony Marino, Carol Ann Connors, Karl Hammond, and Richard Martin. Mayor Johnson and Councilmember Fletcher were absent due to illnesses.

Also in attendance was City Secretary Beverly Weikum.

C. INVOCATION

Councilmember Hammond gave the invocation.

D. WELCOME AND INTRODUCTIONS

Everyone in attendance introduced themselves: Shannon Bryan, city council member from the City of Corinth; Jeff Price, Mayor, and city council members Mike Harrenga, Randy Wahl, Karen Clarke from the Town of Hickory Creek; city council members Polly Carter and Nita Watkins from the Town of Shady Shores; and Lake Dallas resident Robbie Robertson.

Later arrivals included Mayor Vic Burgess and Councilmember Randy Monden from the City of Corinth and Mayor Olive Stevens, Councilmembers Betty Brown, Patty Durkin, and Ann Falkenburg from the Town of Shady Shores.

E. MAIN DISCUSSION:

1. Purpose of meeting.

Councilmember Hammond said that back in August he had seen an article in the paper regarding the formation of a local council of governments and it struck his interest. He said he does not have twenty years background in this area but he thought it was very fresh and exciting opportunity for them to get together. He spoke of the TML conference where there were some seminars about this particular topic.

2. Type of organization.

He said he would like a mix of strictly a community, networking organization and cited examples such as the Fourth of July parade and the library. He said it could be strictly an information flow and maybe some training. Another direction could be an economic/tourism development with the focus on more than just our little piece of the area. Each one of us brings a little something different to the table.

3. Mission statement.
Karl Hammond had handouts and said these two organizations were very mission-driven. He said that the communities working together could accomplish what one community cannot develop alone. What's good for one city will eventually be good for at least one of the other cities. He said we're not talking about forming one city or about forming another layer of government. There's a value of Lake Cities communities together in some things.

4. Expected outcomes.
He said that his own personal vision is that each of us takes something back to their own city. His main focus is to get as many people in the room to talk about this and go back to their city or council and maybe pass a Resolution. He said he'd like to get some ideas on the table and get everyone thinking about things.

5. Frequency of meetings.
He said he envisioned that maybe two members from each city would meet as a group and kind of work out some details. He doesn't know if we need to get into all the little details right here and now. He would just like to get something formed soon.

6. Question/Answer roundtable.
There was discussion about just putting some information out and deciding whether we want to do this monthly, quarterly, or perhaps even annually.

Communication about the fireworks would be beneficial since it is not economically feasible for each of the cities to put on a fireworks display. The fire department funding is another area that could benefit and we all have the library we share. Having quarterly meetings was suggested.

There was discussion about asking city managers to attend as liaisons so something that council wouldn't be aware of wouldn't be overlooked. While the cities may not all agree on everything involved they are able to express their sentiments. It was also suggested that our County Commissioner be asked to participate.

It was suggested that each town take one quarter to host the meeting. This is good for the four cities who are individual and unique in their own ways. Each city wants its own identity and it is a positive thing for the cities to get together and share.

During some discussion about the tourism and economic development it was suggested that the Chamber of Commerce be made aware of the alliance. Each city's Economic Development Corporation should be involved with the Chamber of Commerce. Many of the city officials attend Chamber meetings so perhaps we could invite some of the Chamber members to attend various city council meetings. Perhaps Oak Point and Little Elm could be invited to participate in at least annual meetings.

Mayor Stevens said she's been through this before many years ago. She said we did have success in the beginning with the mayors meetings. She said that a long time ago the mayors got together and three voted to have one town and one city hall but they didn't get

everything figured out and the other mayor opposed it and after that the idea kind of died out. She said they weren't against one another but just got busy and didn't follow through with it. She said if we talk with one another then we could get some ideas about what we can do together.

There was discussion about the Spirit of Christmas joint efforts plus we could probably get better entertainment if we got together on the festivals. All the cities have separate parks. There is only one telephone company without competition plus cable TV, the water department, etc.

7. Consensus of next Action.
We can all attend each other's council meetings. If we want to know what's going on in other cities the council meetings are open meetings and subject to open records requests.

Hickory Creek meets monthly on the third Tuesday and Shady Shores meets on the first Monday. Corinth meets on the first and third Thursdays and Lake Dallas meets on the second and fourth Thursdays.

The consensus is that we all would like to more forward. We should go back to our respective cities and decide the direction we want to go and appoint two from each council. They will be open meetings so others can attend but two members from each city should be appointed to this new council. We should have the first meeting in January or February and then go from there. There are some things we need to get down in writing and in the meantime each council can decide on two people to serve for these meetings.

F. ADJOURNMENT
Tony Marino adjourned the meeting at 8:00 PM.

K. CITY MANAGER REPORT

Saturday 16 trees were planted in City Park as part of a Community Development Corporation project. The Lake Cities Fire Department were available to water the trees at the time of planting.

The Employee Christmas Recognition Dinner will be December 16 at the American Legion beginning at 6:30 with dinner at 7. There will be white elephant gift exchange.

They have started the relocation of utilities on Swisher Road. It has been delayed due to a DART right of way approval.

The display board at the back of the Council Chambers is what the 4-A board purchased. It has been used at two marketing shows. The first was at the Dallas Chamber show and it was fairly successful. Interest has been expressed in doing a dinner boat on the lake and they would have to sublease from the marina. The other trip was to San Antonio. There were 2500 participants. The fishing lures have been a big hit. We came away from the San Antonio show with good information. He said he had a meeting with a developer today who is interested in the railroad property as well as the Swisher property.

E. PRESENTATIONS/PROCLAMATIONS

Texas Municipal Court Week

Mayor Johnson read the proclamation that declared the week of October 31 through November 4 as Municipal Court Week. She thanked Melena Wheat, our Court Clerk who was in attendance, and told her we appreciate what she does.

F. VISITORS/CITIZENS AGENDA: In accordance with the Open Meetings Act, the City Council is prohibited from acting on or discussing (other than factual responses to specific questions) any items brought before them at this time. Citizen's comments will be limited to 3 minutes.

Jeff Low, 7557 South Highway 377, Crossroads, Texas, said he was there to ask the Council to support him as a board member for the Denton Central Appraisal District. He said he would like to push for some change up there. He provided a brief resume` plus a list of employees and their salaries. He had seven examples of property values and what he considered to be glaring discrepancies. He said he feels there are a lot of problems up there. He's seeking votes and asked the City Council to pass this information on to the school board members. He said his phone number is on the letter so they can call if they want more information.

Chief Jason Collier, Lake Cities Fire Department, had a year end update on fire department which he handed out to the City Council. He said he put some information in the report on the call volume plus the financial information. Chief Collier invited the Councilmembers to sign up for the citizens fire academy and gave an overview of the activities. There was discussion about the fire prevention poster contest. All four mayors are judges and the second graders participate in this contest. The grand prizewinner gets pizza party at the fire station for the entire classroom, plus that morning the fire department picks the winner up at his home and takes him to school.

G. AGENDA BRIEFING

Earl Berner, City Manager listed the six items on the Consent Agenda, the three business items, and the workshop items. He said the Council policies and procedures haven't been updated since 2000.

J. WORKSHOP:

1) Senior Citizen program(s) for the Linwood Gilliland Community Room.

Earl Berner, City Manager, said that Chief Ristagno has contacted the cabinet people so we can get a closet for them to lock up their items. Betty Harper and Thanna Bounds have been contacted and they are going to circulate the information to see about generating interest in getting the program started again.

There was discussion about putting out some flyers to the churches as well as making it a project for the events coordinator. The Council will keep working on it and get something going.

2) Hosting of reception for neighboring cities.

There was discussion about meeting and coming up with a mission statement. Perhaps we could have quarterly meetings with the other cities. This could be an economic development situation for everybody. City Manager Earl Berner can arrange a date and time. Invitations can be sent out and we can serve coffee and cookies.

K. CITY MANAGER REPORT

City Manager Earl Berner said we neglected to put the site plan approval on the agenda for the Shipp Inn. We could call a special meeting next Thursday for that item only.

Chief Ristagno has been working on the emergency preparation. He has a manual from Denton County for a reference guide. We need to pick a date and he will come and talk with Council.

The pond's been drained almost completely at Thousand Oaks Park. We will clear some trees out and put the aerator in. We've been repairing some sidewalks in Thousand Oaks & Kings Manor.

On October 26 Councilmember Marino, Jerry Conner, and City Manager Earl Berner attended the Business Show at Dallas Market Hall. He said we gave out about 200 brochures. We have two or three solid leads that might end up a benefit to us.

Next Tuesday through Thursday he'll be in San Antonio regarding some economic development interests.

Next Monday is Halloween.

On Arbor Day, November 5, we'll plant sixteen trees in City Park through a Community Development Corporation program.

We have failed to receive a response from two Parks Board members, Jeff London and Chris Patterson. Robert Thomas is moving to Fairfax, Virginia so he has resigned from the Parks and Recreation Board and Keep Lake Dallas Beautiful Committee.

Joni Vaughn's father passed away this week.

Roz Sleigh is doing better.

We need to amend our City Charter. Since we can only do that every two years we will workshop those items concerned.

There were no presentations or proclamations.

F. REPORTS:

Boards and Commissions

No one was present to give reports.

G. VISITORS/CITIZENS AGENDA:

David Goodnight, 403 Springtree Road, said he's lived here for about ten years. Some years we've had rain and some years we haven't. About 2 weeks ago his son was refereeing a girls soccer game at City Park. He said he was stunned at shape of the field there. He said that several years ago he asked the city manager why we didn't have water out there and was told that the cost from LCMUA was too prohibitive. He said he's seen many improvements at the park but no water. He said he wants it on an agenda for irrigation for the park.

Earl Berner, City Manager said we have added water to the park as part of the Community Development Corporation project.

Margaret Tisdale, 509 Howard said she appreciates all the road work that's been done but she and her husband walk in the mornings and some evenings and have noticed huge cracks in the street on Prince Drive and also on Howard. She said it would be nice if we could repair what we have. She also said that all the construction behind them for the new subdivision has made the sand problem unbelievable. She said they have stacked all those trees back directly behind the residences bordering the project and she fears fire.

City Manager Earl Berner said they have had the contractor add a second tanker. He said we had to wait for the weather to cool down but this month we're going to start sealing cracks on the streets.

H. AGENDA BRIEFING

City Manager Earl Berner said there won't be financials because we're closing out for the end of the year. He listed the other items under the consent agenda and then the item under Business. He then listed the workshop items and mentioned the Executive Session.

I. CONSENT AGENDA:

1) **Consideration and Action on approval Minutes for September 22 and September 29, 2005 meetings. (City Secretary)**
2) **Consideration and Action on approval of September Financials. (City Manager)**
3) **Consideration and Action on approval of Third Quarter 2005 Investment Funds report. (City Secretary)**
4) **Consideration and Action to approve a Resolution for the annual review of the Investment Policy. (City Secretary)**

Motion to approve Consent Agenda items 1, 3 and 4 was made by Councilmember Connors. Second by Councilmember Marino.
Ayes: Councilmembers Marino, Connors, Hammond, and Fletcher
Noes: None

J. BUSINESS:

1) **Consideration and Action to approve or deny the filing of Atmos Energy Corporation filing of tariffs for gas services provided to customers in the City of Lake Dallas. (City Manager)**

James Johnson of Atmos was in attendance. He said it was good to be back in the area. He explained how the Lake Cities had become part of his territory again.
Motion to deny the Atmos request for the tariff increase was made by Councilmember Connors. Second by Councilmember Hammond.
Ayes: Councilmembers Marino, Connors, Hammond, and Fletcher
Noes: None

Motion Passed

K. WORKSHOP:

1) City Council Rules of Order and Procedure.
This will be on a future agenda.

2) Senior Citizen program(s) for the Linwood Gilliland Community Room.
This will be on a future agenda.

3) **Property Tax allowances for senior and/or disabled citizens.**
Earl Berner, City Manager said he had discussed this with Councilmembers Martin and Fletcher sometime last spring. He said we can set whatever rate we'd like to. Flower Mound is $90,000 and Corinth is $5,000. Councilmember Connors said that Denton's is $15,000. He said he will put a report together on this. He said each $10,000 increment is about $1500 off our tax base so it does have an impact on our revenue. We need to act by April.

There was discussion about including disabled citizens as well as how to determine what the definition for 'disabled' would determine receipt of the tax allowance. City Manager Earl Berner said most jurisdictions do not allow deductions for the disabled.

Whatever number that is used needs to have a basis for that number – whether it be based on basic home value or some other determination.

Marj asked if we had an average income in the demographics. Currently two hundred forty-one homes are taking advantage of the $10,000 deduction. The deduction must be applied for because it is not automatic. There was discussion about factoring in for inflation and perhaps the situation should be addressed annually. Should the deduction be figured by a percentage or by a dollar amount.

We will have this on the agenda for November's meeting.

Mayor Johnson closed the regular meeting at 8:00 PM.

L. EXECUTIVE SESSION:

1) City Council to convene into a closed session in accordance with the Government Code, Section 551.074, Personnel, to discuss the Annual Performance Review of the City Manager.

Mayor Johnson called the regular meeting back to order at 8:21 PM.

M. ACTION, IF ANY, ON MATTERS DISCUSSED IN EXECUTIVE SESSION.
No action was taken.

N. Consideration and Action on renewal of employment agreement with City Manager.

Motion to extend Mr. Berner's contract for two more years at a salary of $72,000/year and keep all other contract items the same was made by Councilmember Fletcher. Second by Councilmember Connors.

Ayes: Councilmembers Marino, Connors, Hammond, and Fletcher
Noes: None

Motion Passed

O. CITY MANAGER REPORT

The City of Lake Dallas was recognized at the Texas Economic Development Council's annual conference in San Antonio last week. We were one of five cities of similar size that submitted accomplishments for the past year. We received recognition for our new hotel.

City Manager Earl Berner said we should get a trophy case for our lobby and put some of our plaques in it.

He said we need to have a new City Council picture. He recommends that one be done each year.

P. NEW AGENDA ITEMS

The Mercedes project on Lakeview should park their equipment further from the established residences.

The dumpster screening issue needs to be addressed again.

Waste Management should be observant as to where they place the emptied dumpsters.

Temporary banners should adhere to the length of time allotted.

We need to have a workshop to discuss hosting a reception for the neighboring cities.

2) Public Hearing on proposed Budget FY 2006. (2nd of two)

No one came forward to speak so Mayor Johnson closed the Public Hearing.

J. WORKSHOP:

1) Budget FY 2005-2006

There are no changes from last budget preparation that was given out at the last City Council meeting.
We need to plan a workshop soon so that next year we can check into allowing a higher exemption for the elderly and handicapped in our city. We need to find out what the economic effect would be. We need to be careful about an extra burden on the young with lesser incomes who reside here, too.

Mayor Johnson announced that next week we are having a special meeting on the 29th and that will be date of our official votes on the property tax rate and budget.

K. CITY MANAGER REPORT

City Manager Earl Berner said that the Float & Fly [model planes] event is October 1.
October 8 is the next quarterly cleanup and the Keep Lake Dallas Beautiful Committee is sponsoring cleaning up with other cities around Lake Lewisville.
The revisions to zoning ordinances are coming up. The Planning & Zoning Commission will review them one more time and then in November we can schedule a public hearing.
The road project is nearing completion. They were back this week to do some repairs. We will do a walk thru with them and the engineer to develop a punch list next week.
We've embarked on a stronger effort on possible code violations in the Harbourtown area. He said that he and Harold drove around there on Tuesday and noticed a lot of violations.
He had an item for emergency preparedness but we will discuss that at the staff meeting in the morning.
The new slide is up and being used at Rave Theater.

The School District will take care of the sagging nets at the tennis courts.
Mayor Johnson asked Mr. Berner to be sure to pass on a letter the City has received about the street repair and commendations to our Street Department.
The leak on Cain is fixed. The pool in Harbourtown is being filled up because they are unable to maintain it. Earl said because they can't maintain it.
The Spirit of Christmas has made arrangements for the time they will need to use the Linwood Gilliland Community Room this year.
We need to have a preliminary report on disaster preparedness and schedule a workshop. Right now our major preparedness is through the County. We need to work out something for our city. Chief Ristagno said we need to get the Fire Department involved in the plan. We recently passed a resolution (NIMS) regarding terrorist caused disasters and homeland security. They've done their required training for this.

L. NEW AGENDA ITEMS

Councilmember Martin said at the last meeting Councilmember Marino brought up the Linwood Gilliland Community Room and seniors use of this room. He said he would also like to get that on an agenda.

J. **WORKSHOP:**

1) Budget FY 2006.

City Manager Earl Berner said we have provided a change summary for a revised budget. He said it didn't change all that much.

There was discussion about the revenue from the hotel/motel tax and tourism. The $25,000 for the Storm Water Consultant fee will be obligated under the FY 2005 funds. Through the budget amendment Ordinance passed earlier in this meeting the Public Works capital projects will be completed in the FY 2005 budget.

The cost for the tornado warning sirens is $54,000 for two and it is in the capital portion of the budget. This can be paid out over time.

If we do not have a tax increase this year we would have to cut the capital items first and then the personnel costs. The proposed tax increase amounts to approximately $18/year for the average home.

There was discussion about the capital items in the Parks budget. A question as asked about the impact of waiting six months before implementing the salary adjustments. The health insurance costs are up.

2) City Council Rules of Order and Procedure.

We should plan to work on this at an October meeting after budget.

J. **CITY MANAGER REPORT**

City Manager Earl Berner is going to publish this as the draft budget.

We met again on Swisher Road regarding the utility easements. There is going to be a delay of about a month.

Upper Trinity has started work on the forced main.

We had a pre-construction meeting for the River Oaks Park. They should start September 6.

He's been working on a zoning ordinance with Linda Jordan of Schrickel, Rollins and Associates. They will be bringing that to the Planning & Zoning Commission. We would also like to have the Councilmembers and the Economic Development Corporation members involved in the work session.

They have the capability to do presentations from the laptops. He said if they had any questions he would be glad to assist them.

F. **REPORTS:**

Boards and Commissions

Pat Phillips, Keep Lake Dallas Beautiful Committee, said they've discussed a lot of things at their meetings. Tuesday night they donated the Christmas star to Parks and Recreation Board. They've decided on the iris for their logo and we have a grower here in Lake Dallas. They are doing some research on it to determine if we can be filed with the State of Texas as the Iris Capital of Texas. They plan to order up to $200 worth of various colors of iris bulbs to use as door prizes and in gift bags for promotions. They are getting prices for a banner to advertise the fall cleanup and let everyone know we're here. They plan to coordinate the fall cleanup with the City of Lewisville so we can clean up both sides of the lake at the same time. They hope to get some help from the coast guards and the marina. They are hoping for 100 people to help this year. The cleanup is scheduled for 9 AM to 12 PM on October 8. One of the committee members is working on posters to take to the schools in an effort to try to bring kids in to help. There are two artists slated for their next meeting to discuss the cost of

painting murals. They need some guidelines on the theme for the City and suggestions are appreciated. They are also working on an 'Adopt a Spot' program for those spots that need extra attention. They are having trouble letting all the businesses know that they are here. A mascot lady was there last week from Lewisville and gave them a lot of ideas and information about selecting a mascot. They will determine programs to work with the new budget.

J. WORKSHOP:

1) Budget FY 2006.

The budget submitted by the Lake Cities Library was discussed first. No one had any changes to recommend.

The budget from the Lake Cities Fire Department was discussed next. There was discussion about the fire marshal position and it was determined that the overtime would be eliminated if that position was permitted. The other costs associated with initiating that position would be the truck, equipment, uniforms and training. They currently have three other vacancies. There was discussion about the formula used for reaching the budget numbers for the four cities.

Mayor Johnson thanked the representatives from the fire department for being available to answer questions and for all that they do for the community.

City Manager Earl Berner said that the Community Development and Economic Development Corporations both approved their 2006 budgets at their last meetings. Approval of these budgets will be action items on the next City Council Agenda.

City Manager Earl Berner discussed the revised budget from what had been presented at the last meeting. He said the property tax in the 06 budget column is 5 one hundredths under the rollback rate. He said he's met with Mercedes Homes and we've added in fees for those homes they have scheduled to build during this next budget year. He's added another $23,000 from the Park Investment account into the operating capital for Parks.

There was discussion about the salary increases. It represents a 2.2% cost of living adjustment and he said he wants to extend the step plan out to offer a 20-year cycle for the employees. The cost for the step plan this year would be $7,000. There was discussion about the recommendations for promotions. City Manager Earl Berner said we would like to add two new employees: a Community Development Director and a Special Events Coordinator. The new hotel/motel tax would fund the Special Events Coordinator. Those positions would be filled about mid-term in the budget year.

There was discussion about the police department's arrests record. We are making more felony arrests than class c arrests. Police Chief Nick Ristagno said we'll be implementing the new programs in the near future. Swisher and Lakeview improvements will take the animal control property that we are on so we need to do something soon about another site and structure.

City Manager Earl Berner said his goal is to try to keep the budget to this tax rate. We still don't have the figures for the health insurance. He said we can delay moving the person from part time to full time in the Parks Department for about 6 months. We're adding campsites at Willow Grove Park and an RV dump station through 4b's budget. He said we are about 15 – 18 fire hydrants short for prescribed distances in the City and that Lake Cities Municipal Utility Authority is doing about 3/year and $8500 is our match for that project. Our match would mean installation of a total of six hydrants for this year. If we could continue at that rate the project would be complete in three years. The City Council High School Award should be continued. We can put that in the City Council portion of the budget.

We will have another workshop in two weeks. We will put the 04-05 support services figures in for ease in comparison plus a column to reflect the percentage of change.

2) City Council Rules of Order and Procedure.
Councilmember Connors had a handout that is Denton's ethics and election ethics policies. She said that she doesn't think any of the current council has a problem with ethics but there were some things that have happened on past councils that have concerned her.
She said we already have rules for Council order and procedures. There was discussion about someone violating one of these ethics codes and what kind of action Council would take. We can compare Denton's policy with ours and see where we might want to make changes. It would be good to read our rules to refresh our memories from time to time. There was discussion about putting an addendum in the next election packets regarding the laws about election signs. We can workshop this again at the next Council meeting. This policy could also be extended on to the boards and commissions.

K. CITY MANAGER REPORT

City Manager Earl Berner said that he and Councilmember Marino have been trying to get a tour of Upper Trinity's plant scheduled for the Councilmembers. He asked them to think about when would be a good time.

3) Presentation of Budget FY 2006. (City Manager)
City Manager Earl Berner gave copies of the budget to the Councilmembers. Yesterday we received the certified tax roll FY 2005 and the assessed value is $273,000,000. The first page of the handout is the revenue page. The $1,946,400 for property tax revenue includes a 5.6% tax increase. He said the franchise fees appear to be going down and the thinking is that the cause for that could be deregulation. We are proposing to raise Charter Cable's fee from 3% to 4%. We'll also present another version of updated fees and charges.

The Admin budget is down quite a bit because we've taken some things out of Admin and put these amounts in different categories. Support Services will be a department for the utilities and insurance and other building costs instead of splitting costs between departments. He said the staff has done a responsible job of keeping expenses down. The Debt Services has gone up a little bit.

This will be a light year for Capital Expenditures. In Parks we are planning to spend $36,000 for additional campsites, a dump station, and showers at Willow Grove Park. In the Pubic Works yard we would like to pave the area where they travel, in an effort to keep the dust down, and create some bins on hard surface so some materials that are stored in the yard don't get mixed together. The ultimate goal is to provide perimeter landscaping there also.

There has been discussion about ending the consultant fees for 4a and 4b and applying those funds to community development, i.e., hire a director to do planning, zoning, and economic development. He said $21,000 has been added for operations and maintenance in the parks money for a full-time parks person instead of the part-time person.

He said he estimated seven months for hotel occupancy tax revenue. We will not hire the person for special events until we start getting the revenue.

He said that when he looked at the pay plan he was mortified at the step plan. He provided a revised pay plan that carries the step plan out for 20 years. The revised pay plan includes several promotions. This budget implements the step plan plus 2.2% COLA. The step plan would be effective on the employee's anniversary date. There was discussion about no step plan increase if the City could not afford those increases.

There will be a 35% increase in the health care premiums if we stay with Aetna. The man we deal with said he has several other options we can look at. We'll know more about this as time goes on.

He said the budget estimates FY 2005 are based on where we were at July 1. That reflects a surplus of $18,000 but he feels we could add another $25,000 to that number by year end.

In Animal Services he has included $24,000 for architect fees for a new shelter. That prompted Council discussion about funding for a new animal shelter. There was also discussion about funding for tornado sirens.

The Fire budget is based on the 'Mayors formula' from last year.

It was determined that the Councilmembers should review this budget and talk with City Manager Earl Berner prior to the next meeting.

J. CITY MANAGER REPORT

City Manager Earl Berner said the Street Rehab project is underway. He handed out a schedule to the Councilmembers.

We had a request from Shady Shores councilperson about what the cost would be for us to do code enforcement for them. He said he provided them a price but they have not yet responded.
Harold Clark is currently doing our code enforcement and he's doing a real good job.
He said that Hickory creek voted to reject the fire department budget.

K. NEW AGENDA ITEMS

We'll need good statistics for pubic relations about our new budget.
The new police department programs will start soon.

L. ADJOURNMENT

City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on July 14, 2005 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. The meeting was called to order at 7:30 PM.

A. ROLL CALL

Marjory Johnson	Mayor
Tony Marino	Councilmember 1
Carol Ann Connors	Councilmember 2
Karl Hammond	Councilmember 3
Alan Fletcher	Councilmember 4
Richard Martin	Councilmember 5

Also present were City Manager Earl Berner, Police Chief Nick Ristagno, City Engineer Tom Hoover, and City Secretary Beverly Weikum.

B. INVOCATION

Councilmember Hammond gave the invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag [Honor the Texas flag; I pledge allegiance to thee, Texas, one and indivisible.]

Mayor Johnson led the Pledges of Allegiance.

C. ANNOUNCEMENTS

Councilmember Connors gave the information about Bruce Martin's son's funeral arrangements. Frank Graham (321-6102) and Carol Ann (498-9694) are coordinating the food. They have a lot of family coming in on Sunday.

Councilmember Marino said the Jet Ski Races are on July 31 at Willow Grove Park. The races start at 10 AM and last until 3 or 4 PM.

E. PRESENTATIONS/PROCLAMATIONS:

Lake Cities Library Proposed Budget

Carol Stowe, Treasurer, introduced the other Library Board members who were in the audience. She said it's been a real blessing that the City of Lake Dallas has supported the library for 30 years. She invited everyone to come to the anniversary celebration on August 20.

She discussed the information on the handout that had been given to the Councilmembers. She discussed the usage, budget and funding statistics that had been compiled for the four cities involved in the library funding. They still receive some funds from Denton County plus donations and contributions from various entities. They are looking at what their options might be for future expansion.

There was discussion about the method of determining city usage by the number of library cards that have been issued. It doesn't seem that each card issued to members to a family in the same household should be counted independently. Due to last year's discussions they've gone through the patron files and got rid of a lot of the really old numbers.
The library has approximately $30,000 in the bank but it is not specifically dedicated money for the building.

F. REPORTS:

Boards and Commissions

Elsie Lacey, Keep Lake Dallas Beautiful Committee, gave a report on their attendance to the 38th Annual Keep Texas Beautiful Conference. They brought back a Silver Star Affiliate award for filing their annual report. They were also presented with a banner that they will use in parades and booths. They were told that cities are going to have to look ahead and plan ahead at least twenty years. They are thinking about partnering with Keep Lewisville Beautiful regarding implementing a lake cleanup project. She also told about grant availability.

Gary Johnson, Parks Board, said that Councilmember Marino had already announced the Jet Ski event. He said they have received many favorable comments about the July 4th event. He thanked the staff, City Manager, Chief, and City Council because it was a cooperative effort and said they are very appreciative of the program.
Mayor Johnson asked him to thank the Parks and Recreation Board for all their efforts during the 4th of July event.

G. VISITORS/CITIZENS AGENDA

No one came forward to speak so Mayor Johnson closed the Citizens Agenda.

H. AGENDA BRIEFING

City Manager Earl Berner said there were two items on the Consent Agenda. Under Business there is a bid to award for streets program and a bid for the River Oaks Park improvements. The other item under Business is a site plan approval that will be going before the Board of Adjustment on Monday, July 18.

I. CONSENT AGENDA:

1) **Consideration and Action on approval Minutes for July 7, 2005 meeting. (City Secretary)**
2) **Consideration and Action on approval of June Financials. (City Manager)**

Motion to approve the Consent Agenda was made by Councilmember Connors. Second by Councilmember Fletcher.
Ayes: Councilmembers Marino, Connors, Hammond, Fletcher and Martin

Ayes: Councilmembers Marino, Connors, Hammond, Fletcher and Martin
Noes: None

Motion Passed

3) Consideration and Action on approval of a site plan for the Lake Cities Business Park.

City Manager Earl Berner said the P & Z has given approval on condition that the variance is approved at the Board of Adjustment on Monday. He said we have a letter from the consultants that requests kind of a conditional/nonconditional approval. If they get a variance the site plan is approved but if they don't get the variance they will adjust the building to meet our code and would like the site plan approved for that option.

Motion to approve the site plan for the Lake Cities Business Park contingent upon approval of the variance by the Board of Adjustments or if the variance is not approved by the Board of Adjustments we'll approve it based on our current zoning ordinances. Second by Councilmember Martin. WAS MADE BY COUNCILMEMBER FLETCHER.

K. CITY MANAGER REPORT

City Manager Earl Berner had handouts of the fire department's budget. He thinks we should invite Chief Collier to do a presentation at our June 9 meeting. He said the first page shows the revenues they have calculated based on the formula derived at the Mayors meeting last August or September.

He said he had received a call from CGI communications about doing a video of the City and this is sponsored by TML. It will take about twelve weeks and will be an Internet video that would be linked to our website. We will have editorial control over that. They make their money off banner ads. They provide twenty-five banners to start with complete with the hardware, etc. If we don't like the program we can terminate in the specified amount of time.

In addition to the budget session at the June 9 meeting Mr. Berner suggests an orientation for the two new Councilmembers as well as the existing Councilmembers with our City Attorney about "mays and may nots."

He reminded everyone that Mayfest is this weekend.

J. CITY MANAGER REPORT

The groundbreaking ceremony for the new hotel is at 6 pm on May 12.

The city limit sign on the northbound side by the overpass has been changed and now reads "Lake Dallas" instead of "Hickory Creek."

An entrepeneur came in last week with the probability of building an extended stay forty-room motel/hotel across from the library on Shady Shores. The area is zoned for hotels/motels. The man has at least one other hotel like this so we'll check it out. Our municipal code limits the stay to a maximum of thirty days.

The former Jolly Roger is undergoing renovations by a new owner. It will be a karaoke bar & grill.

Mr. Berner handed out the tentative budget schedule. At the June 9 Council meeting he would like to discuss where we are this year and where we think we'll be at end of year.
Mayor Johnson thanked him for the budget schedule.

K. NEW AGENDA ITEMS

The workshop on the Council Policies and Procedures will be held at a May meeting after the election.

Beverly Weikum, TRMC
City Secretary

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on April 14, 2005 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. The meeting was called to order at 7:30 PM.

A. ROLL CALL

Marjory Johnson	Mayor
Tony Marino	Councilmember 1
Carol Ann Connors	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Also present were Earl Berner, City Manager, Police Chief Nick Ristagno, Richard Dallof, Building Official, David Berman, City Attorney, Darrell Nora, TML Attorney, and Beverly Weikum, City Secretary.

B. INVOCATION

Councilmember Stapleton gave the invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag [Honor the Texas flag; I pledge allegiance to thee, Texas, one and indivisible.]

Mayor Johnson led the pledges of allegiance.

D. ANNOUNCEMENTS

Mayor Johnson said we need to know who will be coming to the Volunteer's Dinner April 19.

Carolyn Green said that this Saturday is the citywide cleanup day and the Keep Lake Dallas Beautiful Committee is having a cleanup at Willow Grove Park in preparation for putting in a hiking/biking trail. Caps with the City logo on them will be given to the first fifty people there. There will be other prizes and breakfast and juices will be available. It lasts from 9 AM until noon.

Councilmember Harper said she had a nice compliment from Arlington attorney who had eaten at the Lake Dallas Café. He said he really enjoyed the meal and the small town atmosphere.

E. PROCLAMATIONS:

1) Friends of the Family
2) 9-1-1 Recognition Letter from Governor and Mayor

Mayor Johnson read and signed both proclamations.

F. VISITORS/CITIZENS AGENDA

Gary Johnson, 609 Cain, expressed concern with the sale of beer at upcoming Mayfest. He said this should be a family oriented event.

Don Smith, 5312 Princess Court, said he is concerned about the PUD to be considered for the rezoning of Lakeview property. He said he has spoken with Councilmember Fletcher and he had assuaged some of the concerns he'd had, but he still has some issues with it. This property is currently surrounded by R-1-10000, R-1-7200 and R-1-6000 zoning. He said he doesn't think this will enhance the property. The access to this property is primarily going to rely on the new road but until then Lakeview will suffer and Lakeview can't handle the traffic it has today. The widening of Lakeview is going to be a burden on the taxpayers.

Mayor Johnson closed the Citizen's Agenda when no one else came forward to speak.

G. REPORTS (Boards & Commissions)

Richard Martin, Parks and Recreation Board, said plans for the Mayfest are moving right along. They have been in contact with the national Jet-Ski Association about their event this summer. The board has been talking about the 4th of July and having the parade and fireworks closer to the same time.

Mayor Johnson said he should contact Lynn Yeargin and let the Chamber of Commerce know.

Carolyn Green, Community Development Corporation, said the kitchen is complete, thanks to Chief Ristagno. She said the Board has a lot of other things in the works.

Mayor Johnson called the regular meeting back to order at 10:22 PM.

L. ACTION, IF ANY, FROM EXECUTIVE SESSION.

No action was taken.

M. CITY MANAGER REPORT:

City Manager Earl Berner gave an update on the equipment purchase list: the Laser Fiche has been purchased and training accomplished; the striper for Public Works has been purchased and we used some of the money that we saved on something else they had purchased. The consultant suggested laptops for the council dais and they will be installed. One other thing we've done is at the property yard is to order a wrought iron gate with a remote to open/close is on order and should be installed soon.

Basketball goals are starting to reappear so he's asked Richard to send letter to those with the portable goals to tell them the goals can't be on the right-of-way. It will also be put in the newsletter.

We have received quotes on shirts with the City logo on them at a cost of $20/each. Employees will pay for their own shirts. An order sheet will be passed around over the next week or so if anyone is interested in purchasing one of these shirts.

N. NEW AGENDA ITEMS

Code of Ethics for the City Council was discussed. The Council does have a policy manual that addresses ethics.

There was Council discussion about the April 28 regular meeting and the annual Chamber of Commerce Banquet, which is on the same night. The City Council will cancel its April 28 regular meeting and schedule a special meeting for 7:30 PM on April 26.

I. BUSINESS:

1) **Public Hearing on a proposed zoning change to approximately 37.3 acres of Tract 21 of Abstract 0424A N. French Property from C-1-A Commercial zoning district to a Planned Unit Development district.**

Jennifer Heil, Mercedes Homes, 11494 Luna Road #210 in Dallas spoke about the zoning change request. They are interested in building homes on some of this property.

Randy Squier, 560 North Lakeview, said he would like to see bigger lot sizes. He also questioned if there had been a traffic survey and had Council considered the odor from the sewer plant and all the oak trees.

Jeanette Harmon, 72 Lake Ridge, asked if Kingswood's roads would be affected. She had concerns about the noise level and environmental effect.

Patsy Wilder, 611 North Lakeview, expressed concerns about the size of the lots. She said the smell is bad, there is no city sewer, the road is in bad condition, and there could be a definite problem with runoff from that area. She asked if perhaps a park could be put there. We've lost some wildlife in the area.

Jan Spencer, 611 North Lakeview, said she agrees with Randy Squier and Patsy Wilder. She asked the City Council to please listen to their requests.

Mike Fahey, 144 Kingswood, said he agrees with the other speakers. He said the smell is bad. He asked that Council approve the zoning at R-1-10000.

Gene Tisdale, 524 Howard, said he agrees with Randy Squier. He doesn't want any more traffic in that area.

Mayor Johnson closed the public hearing at 9:00 PM.

2) **Discussion on an Ordinance for a proposed zoning change to approximately 37.3 acres of Tract 21 of Abstract 0424A N. French Property from C-1-A Commercial zoning district to a Planned Unit Development district. (Planning & Zoning Commission)**

The background of this property was discussed. The odor and road problems will be addressed. We also need commercial development in this area. There will be some parkland on part of this property. Perhaps we can compromise and work with Mercedes Homes. Mayor Johnson said this will be an action item on the April 14 City Council Agenda.

3) **Consideration and Action to set date and arrangements for the Annual Volunteer's Dinner in April 2005. (City Secretary)**

F. VISITORS/CITIZENS AGENDA

Jeanette Harmon, 72 Lake Ridge, Kingswood Mobile Home Park, said she would like the Council to change the code for the mobile home parks. For some time now the aging condition of Kingswood hasn't mattered to anyone. She would like to propose that any replacements in the park be 1990's year models or newer.

G. REPORTS:

Boards and Commissions

Richard Martin reported for the Parks and Recreation Board. He said there have been a few more people that have contributed money or supplies to the carnival. The Jetski event is set for July 31.

Kathleen Gilliland, Keep Lake Dallas Beautiful Committee, said they have been receiving cell phones for that project. The Willow Grove Park cleanup is April 16 from 9 until noon. There are several groups who have already made commitments for the cleanup: Technicians on Wheels, Float & Fly, the Parks and Recreation Board, the Fire Department,

Texas Waste Management, Sonic and the I-HOP. There will be a $100 prize for group that has the most people participating for the three hours and a $100 prize for the group that picks up the most trash. There will be two $25 prizes to be announced during the clean up and the first 50 people to show up will get a cap with the City logo on it. We have two more applicants for our committee.

H. AGENDA BRIEFING

City Manager Earl Berner said that the February financials, the February 24 Minutes, an Ordinance to amend the definition of 'Masonry' for accessory buildings, appointments to the Keep Lake Dallas Beautiful Committee and Parks and Recreation Board are under the Consent Agenda. Also under the Consent Agenda is an amendment to the Budget to implement a TIP line/940-497-INFO. It is a confidential line that will ring in Sgt. Frazier's office. We are hoping this money will help with the apprehension and conviction of criminals in the City. Under Business we have a pubic hearing and Special Use Permit Ordinance for a Church on Main and Carlisle.

K. CITY MANAGER REPORT

City Manager Earl Berner called Council's attention to the two new chairs at the dais, which are for staff. He said that in two weeks the kitchen should be complete. The new part-time parks/maintenance person started this week. During spring break the Public Works Department will widen out the street at Main & Falcon to facilitate turning. An arrest warrant has been issued pertaining to the Willow Grove Park barriers. He asked Council to check the I-35 service road area for the pile that is gone. Work should be beginning on I-35 within about three to four weeks.

Mayor Johnson complimented City Manager Earl Berner about the article in last week's Sun about our audit. She said the four mayors will meet next Thursday about the fire department funding.

D. VISITORS/CITIZENS AGENDA

Debbie Pierce, 512 Atchison, thanked the Council for paving their road. She said it was great. Her concern is that Waste Management is picking up trash at early, early hours (from1:00 to 5:00 AM) at Daniels and the ISD. She has talked with Oscar at Waste Management and has talked with Richard Dallof at the City and has been told that if she can call when the trucks are picking up trash then the Police Department could issue a citation. She requested that the police try to could be around ISD or Daniels around 3 AM on Monday it would be a bighelp.

Mayor Johnson said she would give the request to the City Manager and have him talk with the Chief and someone will contact her.

F. REPORTS:

Boards and Commissions

Richard Martin, Parks and Recreation Board, thanked the Council for giving them the chance to have the Mardi Gras parade. It was a good event. They are working on the carnival and it looks as if they may have a good sponsor.

Kathleen Gilliland, Keep Lake Dallas Beautiful Committee, said there a few changes. They will meet every month on the second Tuesday at 7:30 PM. They are proceeding with thecell phones project; have started an art contest for the high school for the KLDB logo—there will be $50 First Prize and the Second Prize is $25. They have challenged the students with "what is beautiful about Lake Dallas" in the logo. Marcia Rios will publish a monthly article in the Lake Cities Sun. The cleanup of Willow Grove Park on April 16 will offer $200 in prizes. The group who gets the most people to participate will win a prize and the group who gets the most trash will also win a prize.

Mayor Johnson said the 4-a Board approved a grant for the hotel that will be on Swisher Road.

G. AGENDA BRIEFING

City Manager Earl Berner said the first two items on the Consent Agenda are housekeeping. The third item sets the May election. The last item on the Consent Agenda is the contract with the county. The ISD is going to have an election so we'll be under budget because we'll be able to split some of the costs.
Under regular business we have the Atmos item and then the repave/rehab of some streets. The Workshop concerns the hours of operation at Willow Grove Park.

The hours aren't in the Ordinances but they are posted and if you are not camping you are supposed to leave the park by 10:00 PM. After discussion it was determined that the hour should be changed to 12:00 AM. The sign will be changed and a memo sent out to advise the officers of the change.

K. CITY MANAGER REPORT

The Keep Lake Dallas Beautiful Committee was receptive to the adopt-a-street suggestion at the last Council meeting.
At the next Council meeting we will have an interlocal cooperative agreement with Denton County to move the dirt on the I-35 frontage area for a cost of $200.
Thanks to Richard Martin and the Parks and Recreation Board for the Mardi Gras celebration being a success with such a short time to work on it.
The equipment is coming in for the kitchen.
Next week the Planning & Zoning Commission has the rezoning for the Resort Realty property.
The Tasers are now on the streets.
He went to a meeting this morning in Lewisville about the Lake bridge. There has been some delay. The bridge is still under design.
Next month we should have Tom Hoover look at Lakeview Drive and then we should workshop it to discuss about how far we want to extend it and talk with Denton County.
We will want to have more access for the Resort Realty area construction.

E. VISITORS/CITIZENS AGENDA

Richard Martin, 610 Thompson, gave an update on the Parks and Recreation Board. Work on the carnival is moving along well. He said tonight Mr. Tierney was going to talk about a Fat Tuesday Mardi Gras celebration.

Greg Tierney, 503 Main Street, asked for an unofficial blessing to have a parade on February 8. He said he had a number of float commitments for a parade to start at 5:45PM at City Hall and then proceed to the Duck Inn. He said they are planning on having a masquerade party and would like to have not quite a quorum for the judging. There will be a petting zoo and a bounce house. The Gumbo Kings will perform from 8 PM until 11 PM.

Ali Hemmati, 723 Hundley, said he is building a house at 711 Hundley and is doing some fence work. They did not realize there was a height restriction of 36" for front fences. He said they could adjust for that but the posts for the driveway will be over 5' high. In looking at different houses he has seen some drives where the entrance posts are over 5' high and he thinks our code should be changed. We could do it for the beauty of the community. He said he would like to make his $200,000 house look better. He said visibility shouldn't be

hampered by the posts and gave Mayor Johnson some pictures to look at and pass around to the Councilmembers. He feels his entrance will enhance the neighborhood.

Mayor Johnson asked him to meet with the City Manager.

F. AGENDA BRIEFING

City Manager Earl Berner said the four items under the Consent Agenda are mainly housekeeping. Under business: the Auditor will present the financial report; the proposed hotel site plan will be presented and they would like to start construction around end of March; the part-time maintenance person is also on this agenda. We should probably postpone the workshop item since Councilmember Stapleton isn't here.

G. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for January 13, 2005 meeting. (City Secretary)**
2) **Consideration and Action on approval of 4th Quarter 2004 Investment Report. (City Secretary)**
3) **Consideration and Action on appointment of Carolyn Green, Gary Johnson, Tony Marino and Terry Tuck to two-year terms for the Community Development Corporation. (Community Development Corporation)**
4) **Consideration and Action on revision to the Personnel Manual by recognizing short-term liability option when determining sick leave, comp time, and/or vacation time to be used. (City Secretary)**

I. WORKSHOP:

1) **Review of rules and restrictions at Willow Grove Park. (City Manager)**

With the approval of the Councilmembers this item is to be moved to the next meeting agenda.

J. CITY MANAGER REPORT

City Manager Earl Berner said that Upper Trinity has some chemicals they can use to help eliminate the odor problem for their facility.
The County can help with the removal of the dirt pile on I-35. It will cost about $400.
We have put up new 'welcome' signs and the public works people are replacing stop and street signs.
The work on the kitchen continues. They will start the sheet rocking tomorrow.
Chief Ristagno has talked with some state officials in an effort to have TxDOT replace the city limit signs with Lake Dallas instead of Hickory Creek.
City Manager Earl Berner said the city attorney has prepared the propositions for the Charter Amendments and we'll be discussing them at the next meeting.

K. NEW AGENDA ITEMS

The Planning & Zoning Commission should do a review of our Municipal Code for the requirements on posts for gates.
Along south Main Street it looks as if people are tossing their litter out when they are returning from the lake. Perhaps we can get someone to adopt that street? The Keep Lake Dallas Beautiful Committee was mentioned.

E. VISITORS/CITIZENS AGENDA:

Greg Tierney, owner of Duck Inn, 503 Main Street, spoke regarding a family-oriented Mardi Gras Celebration for Denton County. Mr. Tierney suggested a short parade beginning at City Hall and ending at Duck Inn. Mr. Tierney has been in contact with a number of organizations who would like to participate. He would like some assistance from the City with street closures and help from the Park Board.

Mayor Johnson suggested to Richard Martin, Chairman of the Parks Board, that Mr. Tierney's suggestion be put on the Park Board agenda for discussion.

Richard Martin, 610 Thompson, agreed that the idea for a Mardi Gras Celebration was a good idea and would put it on the Parks agenda. Mr. Martin also spoke in favor of the proposed development for the J.V. Thompson subdivision.

Steve Wohr, 715 Lakeland, also spoke in favor of the development for the J.V. Thompson subdivision.

Greg Tierney, 503 Main Street, said as a business owner, he supports the development in J.V. Thompson subdivision.

Mayor Johnson closed the Citizen's Agenda.

F. REPORTS:
Boards and Commissions

Richard Martin, Chairman of the Parks and Recreation Board, reported that the Board is working on another carnival for May 13th – 15th.

Kathleen Gilliland, Keep Lake Dallas Beautiful Committee, reported that the next meeting will be February 8th at 7:30p.m. at City Hall. KLDB has a new project; collecting used cell phones. Also, Saturday, April 16th is the Willow Grove Park Clean-up.

Carolyn Green, Chairman of the Community Development Corporation, reported that Phase 1 of the Parks plan is almost complete. Work will begin soon on the walking and bike trails.

Councilmember Fletcher expressed concern that once completed, the bike and walking trails might be misused by people with four-wheelers and motorcycles.

Mrs. Green assured Councilmember Fletcher that no motorized vehicles or Horses would be allowed on the trails.

G. AGENDA BRIEFING:

City Manager Earl Berner gave an overview of the agenda items to be voted on.

Mayor Johnson commented on a letter she had received from a citizen who had received a traffic citation. The letter commended Officer Louderback for his professionalism in handling the matter.

Chief Ristagno stated that Officer Louderback would receive a copy of the letter and a copy would be placed in his personnel file.

J. CITY MANAGER'S REPORT

City Manager Earl Berner reported that the Administration Department had a new part-time employee, Michele Van Stavern. Michele will initially be assisting in the front office with Community Development and Municipal Court. After the Court Clerk returns from Maternity Leave, Michele will be assisting the City Secretary and Accounting Clerk. The Equipment Finance Contract has been completed and the purchase of equipment is under way. Construction for the new hotel will begin around the end of March. The hotel will be at the back of the property with two retail centers at the front of the property. Construction on the retail centers should begin in April. Staff met with the owner of 11 vacant lots in Harbourtown He will be starting construction soon of the first four homes. Work has begun on the Community Room Kitchen. The floor has been completed. The kitchen should be completed in mid-February. New rental fees and policies will need to be discussed. Staff would like to add a part-time employee to handle the janitorial duties for the building.

K. NEW AGENDA ITEMS

D. ANNOUNCEMENTS

Councilmember Connors said the December Texas Highways issue had a wonderful article in it about our Lone Star Tamale restaurant operated by David and R-O Owen.

Richard Martin said the tree lighting event went well and that maybe it will be bigger and better next year.

Mayor Johnson introduced some girls who are Lake Dallas High Steppers. They had participated in the Macy's Thanksgiving parade this year. They said it was a great experience to be in the parade, walk the streets, and enjoy seeing all those things in New York City. They were able to meet Katie Couric.

E. VISITORS/CITIZENS AGENDA

Jim May, Spirit of Christmas, thanked the City Council for allowing them to use the Linwood Gilliland Community Room for organizing all the gifts for the program this year. He said they are ready for the wrapping on Friday night. More than 350 children will be receiving gifts this year. There are over 3000 gifts to be wrapped. The Elementary School had 4800 cans of food donated and the High School had 4200 cans. There are three other schools that will be contributing food. This year he found someone who donated 2,000 gift boxes. The Thanksgiving food distribution was handled by all the churches. The coats and jackets have already been distributed.

The wrapping starts at 6 PM and lasts until all the gifts are wrapped. If they receive more canned goods than can be used for the families the rest will be taken to the Food Pantry. The Corinth Parks Department will transport the food December 10. Lake Dallas Officer Deb Roach will spend the night at the intermediate school Friday night.

F. AGENDA BRIEFING

City Manager Earl Berner said that a couple of the items on the Consent Agenda are housekeeping items [the two rezoning items were approved by Council action but Ordinances had not been made]. He said that last year in November we had to get a loan for operating expenses and that so far this year we have not had to borrow. We can auction off a couple of the older cars since new vehicles have been purchased. It is time for the annual renewal of Lake Cities Soccer Association agreement and the Court Clerk is requesting the purchase of new computer.

Under regular business is a public hearing for a replat; a presentation by John Klaiber for Waste Management's proposed rate increase; the equipment finance contract bids and ordinance and a budget amendment.

G. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for November 11, 2004 meeting. (City Secretary)**
2) **Consideration and Action on approval of November 2004 financials. (City Manager)**
3) **Consideration and Action on approval of an Ordinance for a 1996 zoning change for Lot 2 of Sundown Acres from R-1-10000 Single-family Dwelling District to R-1-7200 Single-Family Dwelling District. (City Secretary)**
4) **Consideration and Action on approval of an Ordinance for an August, 2004 zoning change for Tracts 13 and 13A of Abstract 0958A McCarroll from R-1-6000 Single-Family Dwelling District to C-2 Commercial District. (City Secretary)**
5) **Consideration and Action to approve the sale, by auction, of one used 1989 Chevrolet Celebrity and one 1998 Ford Crown Victoria. (City Manager)**
6) **Consideration and Action on approval of an Ordinance for a facility use agreement with the Lake Cities Soccer Association for the purpose of using a city owned facility for recreational activities. (City Secretary)**
7) **Consideration and Action to authorize the purchase of a new computer for Municipal Court from the Municipal Court Technology Fund. (City Secretary)**

Motion to approve the Consent Agenda was made by Councilmember Fletcher. Second by Councilmember Connors.

Ayes: Councilmembers Marino, Connors, Fletcher, and Harper

Noes: None

Motion Passed

H. BUSINESS:

1) **Pubic Hearing on proposed replat of Lots 37, 38 and 39 of the J. V. Thompson Subdivision, City of Lake Dallas, Denton County, Texas into seven (7) lots.**

Jackie Kovsky, 311 Surf, read a letter from Carl & Linda Thomas of 736 Thompson Drive. They were out of town and unable to be at the meeting. The letter stated that they were against allowing the replat. They also submitted a petition which had been signed by ten people stating they lived within two hundred feet of the property and were opposed to the replat.

Jackie Kovsky said she has lived in this house for over 50 years. Her husband died and she had planned on staying here the rest of her life. Thompson is a narrow little road and all these new houses would cause a drastic increase in the number of cars and people on this road. She is asking that we ask the builder to back off the total number of homes.

Paula Blackshear, 721 Thompson, said she would be right next to this property. She said Thompson is a very narrow road. She said you can barely get two cars side by side on that street and it dead ends and that seven more houses would be too many more for that small an area to be practical. She thanked the Council for their consideration.

Tony Marino, 727A Main Street, said this is property that his parents bought a year ago. It's part of their potential retirement. The property is zoned R-1-4000 and has been vacant for many years. It had previously been used for boat storage or for mobile homes. He said they had looked at it for town homes or condos. They have been doing research to see what would be best for the neighborhood and the City. John Allen would be the builder. He's been building quality custom homes and would build affordable custom homes. He showed Council an idea of the potential type of housing that is being proposed. He said that tax revenues and building costs would mean more money for the City. He said he appreciated Council's time and consideration.

Mayor Johnson closed the public hearing when no one else came forward to speak.

2) **Discussion on approval of proposed replat of Lots 37, 38 and 39 of the J. V. Thompson Subdivision, City of Lake Dallas, Denton County, Texas into seven (7) lots. (Planning & Zoning Commission)**

There was discussion about the road being narrow and that the majority of roads in the City are pretty narrow. There could be a lot more mobile homes on that property than the proposed seven homes. We also have to take into consideration everyone's rights which includes the property owners.

Tony Marino said they would probably start off with 1300 or 1400 square foot homes and they would be one-story, brick homes. He said they'd be willing to give up some of the property as easement for the street so the road could be widened if that would help.

Lakebridge Estates has 1500 to 3500 SF homes and the lots are about the same size as the proposed lots in the replat.

Mayor Johnson said that if the property owner gives up some of his property to widen the road some of the current property owners may not want to give up part of their yards for easement for a wider street. She also mentioned that the end of Thompson and Glen Rhea will have additional parking areas with the implementation of the Parks Plan.

Mayor Johnson said there will be another opportunity to speak on this item on the Citizen's Agenda at the next next meeting.

3) Consideration and Action to propose an Ordinance for a proposed rate increase by Waste Management. (City Manager)

John Klaiber, Waste Management, said the contract as established years ago provides for an annual rate increase and the contract also provides for an automatic increase if the increase is less than 4%. The rate increase is tied to the CPI. The most recent CPI for the D/FW area is 2.2% which means they do have the ability to do an automatic increase on the next bills.

Motion to approve the Ordinance for the proposed rate increase by Waste Management was made by Alan Fletcher. Second by Carol Ann Connors.

I. CITY MANAGER REPORT

City Manager Earl Berner reminded the Councilmembers of the dinner on December 17 and said there would be a Chinese gift exchange.

He said that on one of the tours of the City they noticed that some of the entrance signs are not very up-to-date so we have ordered more and will install them.

There has been communication with Resort Realty and the Swisher Road extension. We will split the $8300 cost for a survey. Mayor Johnson said that cost is an Economic Development Corporation expenditure.

We are in the process of hiring the part-time clerk for the administration side. The kitchen work is underway and the utility lines are in. Chief Ristagno has ordered the equipment. The framing will begin next week and the week after that the flooring is scheduled.

The 4b meeting for next Monday is probably going to be cancelled. We have had conversation with the director of the Boys and Girls Club and they've been trying to get the electricity to work. They have a $2360 bid for half of the building and we are assuming the other half of the building will be about the same. Their budget is strained so they are asking if Council will let them use the money the Club is putting in savings. He said his personal feeling is that it's the City's building and we should pay for it ourselves but we are under a tight budget. He's looking for guidance. Mayor Johnson said she thinks it would be good for them to go ahead and use that money for the repairs but she would like to see that money come through us and perhaps we should have a bank account with the City's name on it. City Manager Earl Berner said he will convey that to them.

J. NEW AGENDA ITEMS

After the first of the year we should look at the Dial-A-Ride situation again. It looks as if the County is going to take it over again.

There was discussion about the pile of dirt on I-35. The county will be willing to bring the equipment to load out the dirt if we'll pay for the gas and do the manpower. City Manager Earl Berner said we'll need to find a place to dump it. John Klaiber said maybe they can help.

Mayor Johnson read a proclamation recognizing November 11 as Veterans Day and proclaiming the week of November 11 – 18, 2004 as Veterans Recognition Week.

E. VISITORS/CITIZENS AGENDA

Margaret Tisdale, 509 Howard Drive, said she wanted to thank each of them for all their hard work and all the work on the streets. She said that Atchison looks really great.

Jim May and wife Sue Jean, from the Spirit of Christmas, presented a certificate to thank them for all the service the City has done: providing the Linwood Gilliland Community Room and the Santa last year and for providing the room again this year. They handed out t-shirts for the Spirit of Christmas this year. They said there were 93 runners this year. December 10 is the wrapping date this year.

F. AGENDA BRIEFING

City Manager Earl Berner said the Consent Agenda consists mostly of housekeeping items and appointments plus the financials for October and an Ordinance to amend the fees for liquor licenses. We had overcharged last year and will need to refund approximately $2,000. Chief is requesting funds from the Court Security Fund to install more cameras and monitors. On the public part of agenda we have an application for exemption to the 80%

masonry requirement, scheduling for November and December activities, and then the workshop on proposed Charter Amendments.

G. CONSENT AGENDA:

J. BUSINESS:

1) **Pubic Hearing on application for exemption to the requirement of 80 percent masonry for exterior surfaces [Code of Ordinances Section 122-409] for the structure located at 209 Main Street, City of Lake Dallas, Denton County, Texas.**

No one came forward so Mayor Johnson closed the Public Hearing.

2) **Discussion on approval of an application for exemption to the requirement of 80 percent masonry for exterior surfaces [Code of Ordinances Section 122-409] for the structure located at 209 Main Street, City of Lake Dallas, Denton County, Texas. (Planning & Zoning Commission)**

There was Council discussion about hardy board and asking the Planning & Zoning Commission to discuss approved uses for this type of building material for storage buildings. There was also discussion that this building could be grandfathered. City Manager Earl Berner will check the circumstances and code with the Building Official to determine if this is the proper action. We should advise Mr. Lantrip of the findings and, if necessary, issue a refund.

3) **Consideration and Action to determine date for a second November meeting, if necessary. (City Manager)**

Motion not to have another November meeting was made by Councilmember Fletcher. Second by Councilmember Stapleton.
Ayes: Councilmembers Marino, Connors, Stapleton, Fletcher and Harper

Motion Passed

4) **Consideration and Action on Holidays schedule for November and December. (City Manager)**

Motion to let the City Manager make the decision and advise the Councilmembers about the time and place for the employees recognition dinner and to have only one meeting in December, December 9, was made by Councilmember Fletcher. Second by Councilmember Connors.
Ayes: Councilmembers Marino, Connors, Stapleton, Fletcher and Harper

K. **WORKSHOP:**

1) **Process and scheduling for proposed Charter Amendments for ballot on May 2005 election.**

Council discussion included a proposition which would allow the Mayor to be counted as part of a quorum and to allow a vote to the Mayor in the absence of quorum or a tie situation. There was also discussion about term limits. It was determined that we should have a proposed proposition that would require that a councilmember resign if said councilmember officially files to run for a council seat other than reelection for their current place. Councilmembers in cities that have three-year terms are required to resign when they run for another seat.

Consider abolishing the Appeals Board since it has only been used once since the City became a Home Rule city.

There was discussion about the Parks and Recreation Board and possibly decreasing the number of members [five regular and two alternates like the other boards and commissions]. There was also discussion about the chair of that board being able to vote. The Parks board adopted a set of guidelines that says the chair does not have a vote. The board should write a

Mission Statement. The verbiage in the Charter should be reviewed and the Parks and Recreation Board can discuss it at their next meeting. Setting term Limits for Councilmembers was discussed. There are advantages as well as disadvantages to term limits. Citizens could ultimately decide on the term limit situation.

The Councilmembers determined they did not want four-year terms. They discussed removal of term limits for the boards and commissions.

There was discussion about removal of the requirement that the City Manager must reside in the city. This requirement could be in conflict with the State code.

The City has to advertise the tax rates and other budget figures twice each fall at budget time to satisfy requirements of the State and Charter. We could remove the Charter requirement to publish the ad for the budget and save some of the advertising expense.

L. CITY MANAGER REPORT

City Manager Earl Berner said that on November 16 at 7:00 PM there will be a meeting for the Swisher Road property owners with Denton County representatives regarding the existing and middle section rights of entry for the road expansion project. The City Secretary should post a possible quorum for the City Council for that meeting.

On December 6 at a meeting of the Economic Development Corporation, Schrickel, Rollins and Associates will do a presentation on the land use plan. We are inviting the City Council, the Planning & Zoning Commission, and the Community Development Corporation to this meeting. We will post possible quorum so the open meeting requirements will be met. We want to get as much input as we can and Schrickel, Rollins and Associates will put that in the plan which will be presented to the public in January.

We are assisting the engineers in franchise and re-location of utility lines on the Swisher Road extension.

We met with Mercedes Homes to determine a settlement. We proposed a 6-acre block instead of a 200' strip and they are agreeable if they get the same yield for the residential portion. The cost of the survey will be split.

Financing on the equipment bids are out and responses are due back 12/1. We've already purchased computers and the squad cars are on order.

The speed buttons have been set at River Oaks Way Park.

There's been a lot of discussion and action on the tax exemption for seniors throughout the State. This item will be work-shopped.

M. NEW AGENDA ITEMS

There is a fire ant problem at Willow Grove Park. We've treated that area once and Johnny will be going back for the next treatment soon.

Are there any rules and/or regulations about odor emissions from a water treatment plant? The success of that property being developed to our advantage depends on "which way the wind's blowing."

N. ADJOURNMENT

Motion to adjourn was made by Councilmember Fletcher. Second by Councilmember Marino.

Tony Marino	Councilmember 1
Carol Ann Connors	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Also present were City Manager Earl Berner, Police Chief Nick Ristagno, and City Secretary Weikum.

B. INVOCATION

The invocation was given by Councilmember Stapleton.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag [Honor the Texas flag; I pledge allegiance to thee, Texas, one and indivisible.]

Mayor Johnson led the pledges of allegiance

D. ANNOUNCEMENTS

Mayor Johnson introduced Earl Berner, City Manager, and said the Reception will be held at the end of the meeting.

E. RECEPTION TO WELCOME EARL BERNER, CITY MANAGER

F. AGENDA BRIEFING

City Manager Earl Berner said most of agenda is housekeeping or normal items. Item I-6 is for appointments of those with prior one-year terms to two-year terms. Item I-7 is a reimbursement Resolution that covers purchases of items approved in the budget. There will be no action on item J-1.

G. REPORTS

Richard Martin, Parks and Recreation Board Chair, said we're going to have a new member and the board has started work on the carnival.

H. VISITORS/CITIZENS AGENDA

No one came forward to speak so Mayor Johnson closed the Citizens Agenda.

I. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for September 23 and September 30, 2004 meetings. (City Secretary)**
2) **Consideration and Action on approval of September Financials and 3rd Quarter 2004 Quarterly Investment Report. (City Secretary)**

J. BUSINESS:

1) **Consideration and Action to approve an Economic Development Corporation expenditure.**

There was no action taken on this item.

K. WORKSHOP:

1) **Hear plans and proposal from Terry Lantrip for downtown district projects and to seek guidance from the City Council.**

Terry Lantrip said that some of the ordinances we have might not be useful now. He said there has been discussion about an overlay district.

Mayor Johnson said we've asked the consultants to try to come up with something that will be for unique situations.

Terry questioned the Ordinance regarding the 80% masonry requirement for existing structures. He gave the Councilmembers handouts outlining his plan. He said he wants to make sure that someone next door doesn't bring in something that doesn't complement his structures.

L. CITY MANAGER REPORT

There was no report.

M. NEW AGENDA ITEMS

All Councilmembers, instead of just some Councilmembers, should be notified when something is going on. Does this need to be an agenda item or discussed with Mr. Berner?

Concern was expressed about the pocket bikes. This could be handled through discussion with City Manager Earl Berner and Police Chief Nick Ristagno.

E. AGENDA BRIEFING

Interim City Manager Ristagno said that if Council approves the contract with Earl Berner he will start on October 12.
Items H-4 and H-5 are the budgets approved and recommended by the Economic and Community Development Corporations.

F. VISITORS/CITIZENS AGENDA

Gary Johnson, 609 Cain Street, said this is the third time he has spoke on this issue. The proposed tax rate resulted in a 9.2% increase. It's better than a 13% increase, but the budget still needs some trimming. He asked the Council to be fiscally responsible. There are a lot of people on fixed incomes.

Mayor Johnson closed the Citizen's Agenda when no one else came forward to speak.

G. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for September 20, 2004 meeting. (City Secretary)**
2) **Consideration and Action on approval of Minutes for June 13, 2002 meeting. (City Secretary)**

Bonnie Brown, Post Office Box 25, City of Lake Dallas, said she now resides in Hickory Creek, but ass a long time property owner here she would agree with Gary. There was a tax increase just last year. She appreciates what they've done on the budget, she appreciates Richard's presentation, and she's sure we need those things but everything else [groceries, fuel, etc.] has increased, too. She said we need to watch the City's budget just like we have to watch our own. Being a property owner here in town she sees some other property owners here in town with rental properties and there is a problem with vacancies that she hasn't had in years. The more taxes they have to pay the more they have to increase their rentals. This is not the time to raise the taxes for the budget.

Robbie Robertson, 718 Thousand Oaks, said he has sat on council and hopes they don't have to raise taxes next year. He's been on the fire board for fifteen years. He told Council they have a great a staff and complimented Mr. Huckaby on his presentation. He said the fire allocation formula needs to be changed and that with the situation we're in, they don't have a choice and are doing a great job holding it at a 9% increase. He doesn't think the employees of this town should be subsidizing the city. He said he appreciates all they are doing and he supports this.

Linda Barnard, 5315 Kings Manor said she echoes everyone else's comments. It was a great presentation. She said we do need more services and equipment, but, she thinks the property values on homes in Lake Dallas have been inflated. She would like to see more commercial property here and said it is great to hear we have more prospects. She owns multiple rental properties that have been empty for over a month and at least one that's been empty for over a year. She said she can sympathize and appreciates all the work but with the way the economy is right now the tax increase may not be the answer.

Gene Tisdale, 524 Howard, said he noticed in the budget that the police department has the biggest end of it. He said he appreciated Mr. Huckaby showing us the budget. He feels there is a drug problem in the Kings Manor area and that it is affecting his street. He thinks he'll be able to get his property rented after taking care of the drug problem.

Neta Griffen, 702 Hundley, said they have done a lot of cuts. She said Johnny and his crew need updated equipment to do their work. We have a good police department now and they deserve a raise just as the city staff does. The police department is doing a good job. She lives on Hundley and wants to thank Richard for doing the job that he's been doing. She thinks there's a drug problem on Hundley, too. She thinks there are still some places for some cuts, but they have done well.

Neal Malone, 607 Cain, said it was quite a relief when he saw the 9% tax increase instead of the 13%. He said that is a little more realistic to him. He thinks more effort needs to be done to create our commercial business. For nearly 9 years on the parks board he worked with city employees very closely. The activities could not have happened without Johnny and his crew working side by side with them. The city staff in the office is always helping. We have as good a police department as there is anywhere. They need a raise and should get what equipment they need. Let's help our city as much as we can.

Mr. Whitaker, 713 Hundley, said taxes might not be the answer, but beautification programs might. He said we have more businesses closing and that the appraisal district has tripled his valuation. He said the city is not going to grow any more and that the city has needed new equipment for years. There are people who are residents and property owners. Don't tax these people out of business.

Alice Chandler, 101 Donald Lane, said she agrees we need to give our officers an increase. She said there is a drug problem near where she lives. She doesn't agree with the tax increase unless they can do something about the drug problems. She thinks that is dragging the property value down.

Russell Crow of Flower Mound said they own the Montesorri school on Dobbs road. He said each child going to their school is not going to public school and using those school taxes.

Rod Courtney, 162 Kingswood, told the Council he appreciates what they do. He said he knows what they're going through. It's difficult to tell people you're going to raise their taxes. He thinks they should give out as much information for the 4a and 4b meetings because if these people would come to some of those meetings they would be more acceptable to the tax increase.

Mayor Johnson said the 4a Board meets on the first Monday of the month and the 4b Board meets on the second Monday. She said they are all public meetings and invited everyone to come. The4a board is for economic development. The 4b board is for community development and they just received $150,000 in parks grants.

Robert Thomas, 738 Winding Oak Bend, said he does appreciate all the work that's gone into the budget. He's newly retired. He said he would appreciate it if each of them could go over the budget one last time before they vote next time. Is there a way the 9% can be brought down? He said they are not just fighting the city council, they're looking at the school system and Denton County, and each little bit is chipping away at them.

Mayor Johnson closed public hearing at 9:07 when no one else came forward to speak.

3) Consideration and Action on setting the date of September 30 to vote on proposed tax rate. (Consultant)

Motion to approve Agenda Item H-3 was made by Councilmember Stapleton. Second by Councilmember Fletcher.

4) Public Hearing to discuss proposed Budget FY 2005. (Consultant)

Robert Thomas, 738 Winding Oak Bend, said that perhaps if he had been given the information he probably wouldn't have got up and said some of the things he said earlier. He certainly is not looking for help by hurting our city.

Gary Johnson, 609 Cain, asked how this tax rate compares with the rollback figure.

Mayor Johnson said it is under the rollback rate.

Mayor Johnson closed the pubic hearing when no one else came forward to speak.

2) **Public Hearing on proposed tax rate of $0.65635. (Consultant)**

Carolyn Green, 201 N. Shady Shores, said she was not here to say that she approves or disapproves the tax increase or budget but to say "thank you" to the Council, Bev, Joni, Chief Ristagno, and others for all their hard work in compiling this budget. She wants to remind all those in audience that when the City Council votes to increase our taxes they are also increasing their own. She thanked Mr. Huckaby for his presentation. She said the employees are dedicated and loyal and that they give us services that we don't always pay for. She thinks the 5% increase is good for our employees and again thanked them for all their hard work. She said she's been here 34 years and never known a Council that has worked as hard as this one to get to a level to benefit all their citizens.

Richard Martin, 610 Thompson, said he is a member of the Economic Development Corporation and chair of the Parks and Recreation Board and works a lot with these people. He said he knows how hard they have worked on this budget and after this presentation they have worked long hard hours and have dropped it down. He knows a lot of things that are going on because of the Economic Development and Community Development Corporations. We do need some equipment here in the city and more police are needed. He thanked the City Council for their efforts.

Patrick Connors, 754 Texas Oak Trail, thanked Richard Huckaby for the presentation and said it cleared up a lot of things for him. He said he appreciates what Council has gone through. He thinks this tax increase is to address the needs of the future and that the issue with the reserves is troubling. He said he is on the board of Lake Cities Municipal Utility Authority and one of the biggest things they had trouble with keeping personnel. They have implemented a program with merit and their services have increased with employees that stay. He said it will take a lot of work to get commercial businesses here. The budget is something that needs to happen and hopefully you'll vote for it and make it part of the community.

Gary Johnson, 609 Cain Street, spoke against the tax increase because he thinks there's some fat in it. He had pages with 178 signatures reflecting one with no opinion, one for the tax increase and 176 against it. He said there are some things that are nice to have but may not be necessary. As a former councilmember he knows some of the agony they are going through but he urges them to trim things just as he did. He works for a school district and they gave a 3 ½ percent raise for employees. The tax increase makes it harder for some of our business owners to stay here and we need our commercial retail base. Please, either make it no tax increase or just as little as possible. He gave his handout to the Councilmembers.

5) Consideration and Action on approval of Economic Development Corporation Budget and Strategic Plan for 2004-2005.

D. ANNOUNCEMENTS

Mayor Johnson announced the beginning of the City Council Student Award Program is underway.

Mayor Johnson said we regret to inform you that we are re-scheduling the Pubic Hearing [Item J-1] due to transcription error on the agenda. We will publish another notice in the Sun and post another hearing on the budget and tax hearing for the regular meeting on September 23 and the actual vote will be on September 30 at a special meeting.

E. PROCLAMATIONS

Mayor Johnson read a proclamation to Designate the Day of September 11, 2004 as Always Remember 9-11 Day.

F. AGENDA BRIEFING

Interim City Manager Ristagno said that Item J-2 regarding the library funding is in response to the presentation made by Lake Cities Library at the last meeting. The Workshop is for discussion about Agenda planning.

G. REPORTS and PRESENTATIONS

Mayor Johnson asked Neal Malone to come forward. She and the Councilmembers presented Mr. Malone with a Certificate of Appreciation for his many years of service to the Parks and Recreation Board and also to the Community Development Corporation.

Carolyn Green had the replica of the $150,000 check for the Texas Parks and Wildlife grants that were awarded to the Community Development Corporation earlier this month. She presented the check to the audience and City Council. She said the 4b board will be matching this fund so that's $300,000 for parks improvements. She said the voters put this in place by voting to increase the sales tax in 2002. She reminded the audience to not go across the highway and spend their money and asked that they please shop in Lake Dallas.

Kathleen Gilliland, director for Keep Lake Dallas Beautiful Committee, said this is a new organization and needs more members and alternates. She invited everyone to come to the meeting in the Council Chambers on September 28 at 7:30 PM.

Richard Martin, Chairman of the Parks and Recreation Board, said we are going to miss Neal Malone a lot. Right now they are working on the Christmas tree lighting, which will be December 4 around 7 PM. Ken Stapleton will be doing the reading as he has done for the past seven years. They've been talking about a parade but don't have all the details all worked out yet.

H. VISITORS/CITIZENS AGENDA

Gary Johnson, 609 Cain Street, said he had come to the meeting expecting to voice comments on the tax hearing and was dismayed that there's not going to be one. There was an increase last year and he understood that because we had gone several years without an increase. He pleads with the city council not to pass a tax increase. He thinks we can do a better job and that there's some fat that can be trimmed.

Marge Seefeld, 59 Lakeridge, asked a question about the road repairs in Kingswood. She lives on a circle and they only went to her driveway and not to the stop sign and they told her they're not going to do all of that.

Mayor Johnson said staff will look into that.

I. CONSENT AGENDA:

K. WORKSHOP:

1) Agenda Planning for Council Meetings.

There was discussion about giving the public every opportunity to respond on our agenda items. The item could be read at first meeting and then have it as an action item at the following meeting. Public Hearings would be exempted. We should make an effort not to move away from consent agenda items for the 'business as usual' items. Those items that most impact the City are Ordinances so we could require Ordinances to have two readings unless it's a 'housekeeping' amendment. It was suggested that perhaps the city manager be responsible for reviewing the agenda and making the determination as to which items would appear at two meetings. It should always be a councilmember or the staff that puts an item on an agenda. We do not need an action item for this process to be followed.

L. STAFF REPORT

Chief Ristagno said he will check on the streets in Kingswood. He said he had talked with Tom Hoover yesterday because there was some problem with dust.

M. NEW AGENDA ITEMS

There were no new agenda items.

N. ADJOURNMENT

Motion to adjourn was made by Councilmember Stapleton. Second by Councilmember Marino.

1) United States Flag

2) State of Texas Flag [Honor the Texas flag; I pledge allegiance to thee, Texas, one and indivisible.]

Mayor Johnson led the Pledges of Allegiance.

D. ANNOUNCEMENTS

Chief Ristagno announced the Kids N Cops Back to School Dance will be tomorrow night. There will be cotton candy, popcorn, and sodas. He said that Councilmember Marino will bring some donated candy bars.

Mayor Johnson said we received grant from Texas Parks & Wildlife for City Park. It is a $50,000 matching grant. We are waiting to hear about the $100,000 grant application for Willow Grove Park.

Mayor Johnson said that on August 31 at 7:00 PM there will be a meeting in the Linwood Gilliland Community Room for Main Street planning. Dessert & coffee will be served.

E. AGENDA BRIEFING

Interim City Manager Nick Ristagno said there was nothing to report.

F. REPORTS and PRESENTATIONS
No one came forward with a report.

Mayor Johnson asked Vicki Carusi to come forward. The Mayor gave Vicki a certificate of appreciation for the eleven years she had served on the Library Board and the two years she served on the Community Development Corporation Board.

G. VISITORS/CITIZENS AGENDA
No one came forward to speak so Mayor Johnson closed the Citizen's Agenda.

Mayor Johnson announced that the City Council would go into the Executive Session after the Consent Agenda so the City Attorney would not need to sit through the regular business meeting.

H. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for August 10 and August 12, 2004 meetings. (City Secretary)**
2) **Consideration and Action on amending Section 7 of Chapter 1 of the City of Lake Dallas Personnel Policies and Procedures Manual. (Police Chief)**
3) **Consideration and Action on accepting the resignation of Neal Malone from the Parks and Recreation Board and the Community Development Corporation effective September 8, 2004. (City Secretary)**

Motion to approve the Consent Agenda was made by Councilmember Connors. Second by Councilmember Fletcher.
Ayes: Councilmembers Marino, Connors, Stapleton, Fletcher, and Harper
Noes: None

Motion Passed

Mayor Johnson closed regular meeting at 7:39 PM and the City Council went into the first scheduled Executive Session.

I. BUSINESS:

1) **Public Hearing on proposed zoning change to Tracts 13 and 13A of Abstract 0958A McCarroll property in the City of Lake Dallas, Denton County, Texas from R-1-6000 Single-Family Dwelling district to C-2 Commercial district.**

No one came forward to speak so Mayor Johnson closed the Public Hearing.

2) **Consideration and Action on proposed zoning change to Tracts 13 and 13A of Abstract 0958A McCarroll property in the City of Lake Dallas, Denton County, Texas from R-1-6000 Single-Family Dwelling district to C-2 Commercial district. (Planning & Zoning Commission)**

Noes: None

Motion Passed

3) **Consideration on presentation of the Lake Cities Library Financial Plan and Annual Outlook. (City Manager)**

Casey Cavalier, Lake Cities Library Board, gave handouts of the presentation for the financial plan of the library. He said the library will be thirty years old next year. The library plans to do more outreach for the seniors next year. He said if a library card hasn't been used in three years it is de-activated. Sometime this year they will look at a capital funding program. They also plan to look at a different funding formula for the four cities. The funding for the library will be an action item on the next City Council agenda.

4) **Consideration and Action on the High School Awards Program for $1,550. (Police Chief)**

Motion to approve Item I-4 was made by Councilmember Fletcher. Second by Councilmember Marino.

Ayes: Councilmembers Marino, Connors, Fletcher, and Harper
Noes: None

Motion Passed

Mayor Johnson closed the regular meeting at 9:17 PM. The City Council moved to Item J –2.

J. EXECUTIVE SESSION:

[This item followed item H-1, 2, and 3]

1) **The City Council to convene into closed session under Section 552.071 (2), Texas Government Code, for the purposes of seeking confidential legal advice from the City Attorney on a matter in which the duty of the attorney to the City Council under the Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas clearly conflict with Chapter 552, Texas Government Code.**

Mayor Johnson called the regular meeting back to order at 8:40 PM.

2) **The City Council to convene into closed session to deliberate the appointment, employment, and duties of the city manager pursuant to the Texas Government Code section 551.074, Personnel Matters.**

Mayor Johnson called the open meeting back to order at 9:37PM and moved to Item K-2.

The Lake Dallas City Council met in a regular meeting on August 12, 2004 in the Lake Dallas City Hall, 212 Main Street, with notice of the Town Hall Meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Johnson called the meeting to order at 7:03 PM.

A. ROLL CALL

Marjory Johnson	Mayor
Tony Marino	Councilmember 1
Carol Ann Connors	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Also present were Interim City Manager Ristagno and City Secretary Weikum.

B. ANNOUNCEMENTS

Interim City Manager Ristagno said the Kids 'N Cops Back to School street dance will be on Friday, August 20 from 7 PM to 10 PM here in the parking lot. There will not be a car show that night.

Carolyn Green invited everyone to come to the August 31 meeting of the Community Development Corporation and Economic Development Corporation and the business and property owners on Main Street to discuss what we're going to be doing. She said the corporations would appreciate any input and comments. The meeting starts at 7 PM.

Mayor Johnson asked those who wished to speak tonight to limit their comments to three minutes.

C. TOWN HALL DISCUSSIONS:

1) **Crime and drug prevention and education.**

Gene Tisdale, 524 Howard, said that he had had some cars shot up in his yard. He said he is glad to say we have a Police Chief who slowed the perpetrators down. He referenced the section in the Sun that lists police calls each week. He said we need to take these people off the street and keep them from doing things over and over. He said he doesn't think that he was any more of a target than anyone else and they only did it because they could. He showed pictures of the guys that have been arrested. It took him 3 weeks to get pix of who was hounding him. We need a system [he knows it's against the law] – he knows he's running out of time but he has a lot more to say. In reply to a question about how he would fix the problem, Mr. Tisdale said he would block off Howard Lane because King's Manor is where the druggies are. If Howard is blocked off then they wouldn't be able to use that street to get to the lake.

Chief Ristagno said we would need to get with our engineer and some other citizens about blocking off the street but that he would suspect that with the fire and ambulance access required that it would be difficult to accomplish this solution.

In response to a question Police Chief Nick Ristagno said that in 2003 Corinth, with twenty-one officers, answered 5,330 calls while Lake Dallas answered 5,217 calls with ten officers.

There was discussion about adding two police officers plus fill an opening from last year; a Neighborhood Watch program; and a Citizens on Patrol unit. The citizens involved would have to be trained by the police department.

Patrick Holland, 701 Lakebridge Drive, said he works as an undercover police officer in Addison. He would like to express some concerns about the proposed hotel because if it is an extended stay hotel the crime rate will go up. He lives undercover in a hotel built in 1999 in Addison and they have run into a lot of sex offenders and clandestine drug labs in the hotel rooms. He said the cleanup process of these drug labs is very costly.

Mike Powell, 320 Ashley Oak Lane, handed out a suggested 'City Council Scholarship Award Program' to the Councilmembers. He said this was an idea of what he and some other residents had come up with. H said that once you bring the children in, the parents will come, too.

2) **Recreation and transportation issues.**
Carolyn Green said the 4b corporation has a lot of plans that include parks, streets, and infrastructure.

Mayor Johnson said everyone should come to some 4b meetings. She said the City will be doing some street work soon. More streets will be done later on.

3) **I-35 expansion and signs.**
In some of our planning we are trying to get some signs on I-35 for our exit. There will probably be one more exit on the southbound side for City of Lake Dallas after the Swisher Road exit. The plan is that Turbeville and Hundley will be joined together by a tunnel under I-35. We'll lose some frontage due to the expansion of the highway but shouldn't hurt too many of our buildings. The process will take from13 to 15 years.

If we can get some signage out and pull some traffic off the highway maybe they would use some other businesses besides just the ones they pulled off for. TX DOT has certain criteria we have to meet for some of these signs and the businesses have to be open a certain number of hours per day.

Item 6 was also discussed here because it relates to signage, also. Denton Drive could be changed to Lake Dallas Drive so the exit would say Lake Dallas. The other street mentioned for a name change is Church. We could make Church Street an extension of Main Street and rename it so that on the service road we can erect a monument sign for Main Street and direct traffic into town.

4) **Swisher Road extension**
There was Council discussion about the proposed toll bridge across Lake Lewisville. The county is purchasing land and completion is somewhere in the five year range. It's going to totally affect the traffic through Lake Dallas and give us a lot of opportunities. Traffic through town will help our sales tax revenue. The whole corridor is ground level until it gets to the lake.

Roy Perches, 106 Hillcrest, asked what input the City of Lake Dallas has on this project. He understands the plan for this project is about 60% complete. He has no information about any research about noise pollution, etc.

Mayor Johnson said we have very little input as most of the studies were done before any of these people were on council. We have nothing to say about anything.

5) **Seniors and disabilities**
There was discussion about programs and transportation for seniors. The Linwood Gilliland Community Room is available for senior activities. We do not have a senior planner and the kitchen is in the planning stages. There are seniors' activities available in Denton until we can afford to do something like that here. The funding of Dial-A-Ride is prohibitive for the City since their costs skyrocketed several years ago. There is a company in Denton that may possibly provide affordable senior transportation by going through the county with more cities participating. Meals on Wheels is available and the Goldenagers meet once a month at the Methodist church.

6) **Renaming some streets**
This was discussed with item 3.

7) **Open forum for other topics**
Marcia Rios, Lake Cities Sun, asked if there had been any progress toward the downtown merchant's association in Lake Dallas.

The Main Street area businesses will be drawn together. Right now the only outlet available is the Lake Cities Chamber of Commerce. With the 4a/4b boards we have money available to help area businesses. The Economic Development Corporation hosted a business owners meeting this year and plan to do another next year.

There will be a joint 4a/4b meeting at 7:00 PM on August 31 in the Linwood Gilliland Community Room. We are inviting the Main Street area businesses and there will be desserts and coffee.

Marg Seefeld, 58 Lakeridge, said that in1980, 1981 and 1982 it was so beautiful to drive across the lake at Christmas time and see the lights of Lake Dallas. For years now it looks so cold. There wouldn't have to be a lot of lights, just enough to make it look warm and welcoming.

Mayor Johnson invited her to come to the August 31 meeting.

The citizens were asked to bring items of interest to the office so they could be copied for the City Council. They were invited to visit the City's website, lakedallas.com. We need people to serve on several boards and commissions and we could use volunteers during our events even if they don't want to be on a board or committee. If our Parks Grant is approved we will need our citizens help.

The Lake Dallas City Council met in a special meeting on July 26, 2004 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Johnson called the meeting to order at 7:30 PM.

A. ROLL CALL

Marjory Johnson	Mayor
Tony Marino	Councilmember 1
Carol Ann Connors	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Also present were Interim City Manager Ristagno, Consultant Richard Huckaby, Building Official Dallof, Johnny Webber, Joni Vaughn, and City Secretary Weikum.

B. ANNOUNCEMENTS

C. VISITORS/CITIZENS AGENDA
Councilmember Fletcher said they are leaving Friday and will be gone about ten days.

D. WORKSHOP:
1) Budget FYE 2005
Richard Huckaby gave everyone handouts of the proposed budget preliminary. He said the Certified Tax Roll has been received and it had gone down a little. Mr. Huckaby went through his presentation of the handout explaining the graphs and references. He spoke about successive tax increases for at least the next five years and the reserve balance. He said he can write the EFC contract and the RFP.

There was discussion about hiring the two additional officers on April 1 instead of October 1 and doing the salaries increase in January instead of October. Mr. Huckaby said the employees salaries here are not competitive with others in the area. There were discussions about the revenues and various expense line items.

Mayor Johnson called for a break at 9:25 PM.

Mayor Johnson called the meeting back to order at 9:35 PM.

Mr. Huckaby said that by starting the raises at January 1 the City would realize $14,000. The 5% salary increase costs us $57,000 for the year. If we approve the tax increase then we have to have the 'vote of record' and schedule the public hearing which coincides with regular meeting on September 9. He will prepare the budget to submit to the City Secretary by August 23 after the vote of record on August 12. The budget needs to be on file with the City Secretary so people can look at it. He said he will do a budget summary and prepare a visual presentation for the public hearing. The City's tax increase will amount to an average of $5 per month per homeowner. The City's tax amount is about 26% of what the ISD tax amounts to. The Budget approval will be placed on the September 23 agenda.

E. STAFF REPORT
Interim City Manager Ristagno said that Lake Cities Municipal Utility Authority has a new fire hydrant program and they will be installing them throughout the three cities. They can afford to place 3/city/year. The City of Lake Dallas has 25 areas and the MUA has asked if we would consider funding 3 additional hydrants per year. It would cost us $7500 for next year for three hydrants.

F. NEW AGENDA ITEMS

The City Council has a special meeting scheduled for August 10 and the next regular meeting is August 12. Mr. Huckaby suggested that August 12 have the 'vote of record' and asked when they would be ready to look at the City Manager resumes. It was determined that an executive session should be scheduled for the August 10 meeting.

Councilmember Harper was called out of the meeting due to a family emergency at 10:00 PM.

5) **Consideration and Action on award of contract for bids and alternate bids on Street Rehabilitation for Year 2004 (Atchison, Countess Court, Donald Street and Queen Court plus others). (Interim City Manager)**
Tom Hoover said that state law has limited the amounts for change orders so we had to go out for a bid with alternates. We received three bids. The apparent low bidder was Driveway Maintenance, Inc. JRJ was the second and PavCon was the third. Tom said he called the references from Driveway Maintenance and received good reports. He called their bonding agent and same company has bonded them for almost twenty years. The bonding company highly recommended them. The pre-construction meeting would take place in about two weeks and then the contractor would have 45 days to complete the project. Someone from his company will be on site so they will be able to watch the work in progress.

Motion to approve the contract for bids for all streets: Atchison, Countess Court, Donald Street, Queen Court, Adolphus, Crest, Duchess South, Lake Ridge, Oakwood, Pecan, Princess South, Princess North, Shore, and Stockard, was made by Councilmember Fletcher. Second by Councilmember Marino.

D. WORKSHOP:

1) Budget FYE 2005

Richard Huckaby said the primary purpose tonight is to start on the budget and worksheets in the other package. One of the major issues is increased service for the 4a and 4b by the City Manager and City Secretary. They are logging their time now but haven't for prior service. He said he's thinking about $25,000 for each board. Another issue is a 5% pay increase for staff effective in October. He had several models for the Council to look at: 1) no tax increase and all enhancements; 2) no tax increase and no enhancements; 3) tax increase and all enhancements (raise taxes incrementally); 4) tax increase with some limited enhancements.

Mr. Huckaby gave his presentation which corresponded with the budget workshop handouts he had furnished. He discussed an equipment finance contract which is a five-year note. He said he can write the ordinance. He said the reserves are dangerously low at the present time. He discussed the projected budgets for the next 5 years. Mayor Johnson wants to know what the final line is for fire department and the library.

Mr. Huckaby said he will try to get departmental budgets for the Council soon.

There were no announcements.

C. VISITORS/CITIZENS AGENDA

No one came forward to speak to Mayor Johnson closed the Citizens Agenda.

D. WORKSHOP:

1) Goals and Objectives

Richard Huckaby said we've made a projected speculative budget and asked that all refer to the booklet as he discussed the vision statement, population statistics, and his projections. He said that unless the EDC becomes successful the sales tax growth won't grow that fast. Lake Dallas cannot do any more sales tax rate increases unless the state law changes. Tax rolls are certified at December 31, 2003 for this year. We spend about $250,000/month in expenses. We need to establish three months worth of expenses as a reserve balance. We have two economic development corporations that are using the city side and he said Council might think about the corporations paying the city more for executive services. He said Joni has real good records that go back at least five or six years and that Richard also has good records. He said that Lake Dallas has 1.7 officers per 1000 population and that the recommended national average is 3 officers per 1000 population.

There was a short discussion about The Lake Cities finding a solution for the funding of the fire department.

Mr. Huckaby said the goals he put in for 2005 for the staff are rather broad. During discussion it was determined that some of the staff goals could be funded by the 4a and 4b boards. Mr. Huckaby said he would make a book for the consultant for the corporations.

In answer to a question about his philosophy on tax increases Mr. Huckaby said the council exists to perform certain governmental functions. He said your citizens think they have adequate police and fire protection and they have come to expect more and more from parks. He said most people don't expect to get something for nothing. Don't let your employees subsidize the city – you should keep their pay competitive. He said Lake Dallas is thinking about redevelopment and that's a good thing.

There was council and staff discussion about some of the goals in the book. Some of the goals added by the council were sidewalks, straighten Main and extend to the service road, monument signage on I-35, the Kings Manor drainage ditch, and improvement of downtown lighting. There was more discussion about code enforcement software, paperless agendas programs and workstations for the Councilmembers, upgrading of our telephone system, and a Citizens on Patrol and/or neighborhood crime watch is programs. Chief Ristagno said each person who wants to help in either of those programs would have to undergo extensive background checks and they would be readily identified by shirts, signs on cars, etc. He said we would have to train an officer to train the people.

Mayor Johnson called for a five-minute break at 9:50 PM.
Mayor Johnson called the meeting back to order at 10:00 PM.

There was discussion about using Pay-Pal or taking credit cards for court payments; an improved microphone system in council chambers; and a recreation coordinator. Cross training isn't a lot of cost but we really need to get that accomplished.

Mr. Huckaby said we competitive employment package for a city manager. He said this is a $70,000 to $75,000 per year position. In looking through the resumes we have received he said there are at least three candidates but he doesn't know if they continue to remain interested. He said that the candidate will expect to run the city.

Mr. Huckaby said the next budget meeting will show us what it's going to cost to do these things. The Councilmembers will go through the budget and try to prioritize the items.

E. STAFF REPORT

There was nothing to report.

F. NEW AGENDA ITEMS

We can't have a budget meeting on July 12 because of the 4a/4b meetings so we will meet on the 19th of July and if we need another meeting we'll schedule it at that time. Mayor Johnson said there will not be a regular council meeting on July 8.

I. WORKSHOP:

1) Chapter 78, Peddlers and Solicitors, of the Lake Dallas Municipal Code. (Interim City Manager)

There was discussion about requiring a $250 annual fee with a $200 annual renewal fee and still keep the monthly fee in place plus keep the $25/each additional seller effective. People will have an option as to which permit they want. They must have a valid sales tax certificate. We should have the Ordinance ready for the second July council meeting making it effective August 1.

2) Discussion on amending Section 22-246, Height Restrictions of Article III, Fences, of Chapter 22, Buildings and Building Regulations of the Lake Dallas Municipal Code. (Building Official)

Discussion determined that this will be an action item for approval of an Ordinance at the second July meeting. The Planning & Zoning Commission will have this as an action item on their July agenda.

3) Discussion and consideration on amending Article XVI ("Group Housing") of the Comprehensive Zoning Ordinance (Chapter 122 of the Municipal Code) to repeal the Group Housing zoning classification and to adopt Planned Unit Development zoning regulations. (Interim City Manager)

This item will go to the Planning & Zoning Commission as an Ordinance at their July meeting and come before the City Council at their second July meeting as an action item.

4) Discussion and review of proposed Town Hall Meeting.

The meeting will be July 13 at 7 PM in the council chambers. We'll conduct it much like a public hearing. A person speaks, Councilmembers put in their input, and then discussion between council and visitors will be held. The seating arrangement will be changed and the podium will be moved to the side again.

J. STAFF REPORT

There was nothing to report.

K. NEW BUSINESS

After the land use study is completed we'll have a downtown theme. We need to create an overlay district for use on Main Street, Denton Drive, and Swisher Road.

Councilmember Connors thanked Chief Ristagno for putting the Texas flag up in front of the building.

Councilmember Marino will be out of town for an NEA conference in Washington, DC next week.

Interim City Manager Ristagno said the workbook he handed out is from Mr. Huckaby and is intended for Saturday's meeting at 8 AM. Mayor Johnson asked Interim City Manager Ristagno to contact Councilmember Ken Stapleton regarding Saturday's meeting.

The meeting that was scheduled for Monday night has been cancelled.

Mayor Johnson said she would like to have a group picture of the council made at the last meeting in July. The men should wear suits and ties. Mayor Johnson said she would like to start a wall of past mayors and asked staff to locate the pictures. Councilmember Fletcher said he could scan and print the pictures at his cost.

Richard Martin picked up the $1,000 donation from Wal-Mart. He thanked Richard after he called him to the podium for recognition. Neal said Richard had a lot of people helping him and good police force behind him plus the City Council. We don't have all the reports in but we made some money and he wants to thank the staff, too.

The Fourth of July events will be on the 3rd and Jeff London is in charge of that. We will have a Workshop on June 22. We only have a few entries for the talent show at this time. He invited Kathleen Gilliland to come to podium. She said that only three applications have been turned in for the talent show from the over 200 that have been given out. She is going to the basic training in Austin next week at the Keep Texas Beautiful seminar. By being a member of Keep Texas Beautiful, we're also a member of Keep America Beautiful. Last year was their fiftieth anniversary and they planted lots of flowers and picked up lots of trash.

G. VISITORS/CITIZENS COMMENTS

Andre Villareal, 147 FM 407W, Argyle, a representative for 'Day Stay for Adults' in Denton, came to provide a public information service. He said they already serve several people from Lake Dallas. This agency is for adults 18 years of age or older. Their location is 2109 W. University Drive and they are open from 7:30 – 5:30 Monday through Friday and the cost is $40/day unless the person is eligible under Medicaid. They are a non-profit agency and receive money from United Way. The participants are able to socialize with the staff and other visitors. There is a registered nurse or LVN there to administer medications and they serve good meals.

Debbie Pierce, 512 Atchison Drive, said that Atchison needs paving. She said that two businesses have been put in and a new home so there's been a lot of digging.
Mayor Johnson said it's one of the streets that is out for bid now and said Ms. Pierce could watch our website for the agenda postings to see when the bids will be awarded.

L. WORKSHOP:

1) Town Hall meeting preparations.

The Town Hall meeting will be July 13 at 7 PM in the Council Chambers. Some of the items to be discussed will be crime and drug prevention and education; seniors and disabilities; recreation and transportation issues; the Swisher Road extension and I-35 expansion and signs; renaming some streets; and last an open forum for discussion of other topics. People will be allowed 5 minutes unless they need more time. We can get input and generate agenda items or set up additional meetings depending on the topics. We will invite all boards and commissions members, run an ad in the paper and the newsletter.

M. STAFF REPORT

Chief Ristagno said staff met with Mr. Huckaby all afternoon yesterday to discuss the budget. Mr. Huckaby would like to schedule workshops with the Council and has three tentative dates: June 28, July 19, and, if needed, July 26 at 7 PM. The Saturday meeting is for Goals and Objectives and we'll do that from 8 AM until 2 PM in the Linwood Gilliland Community Room. We will have something to eat in the morning and lunch will be brought in. Councilmember Harper won't be here June 26 so Mayor Johnson asked her if she would make a list of her goals and objectives.
Chief Ristagno said he noticed during the Memorial Day ceremony at City Park that the markings on the parking lot are nearly gone and it needs to be restriped. The Public Works Department has a budget account used mostly for pothole maintenance that has enough funds in it to pay for the restriping of the parking lot. The ADA painting will be addressed during this time.
The well monitoring issue at the public works yard has all been resolved.
The Swisher Road repair not been done because of all the rain. Andrews Paving will be doing the work.

N. NEW BUSINESS

Jet Ski racing will be coming to Lake Dallas at Willow Grove Park. It will be discussed at Monday night's 4-B meeting. Neal asked for a list of what the Parks and Recreation Board can do.
Councilmember Marino said he's planning on reserving camping spaces.

Mr. Huckaby said when he retired in Corinth he formed a consulting service for assisting cities. He has been asked to assist the city with their 2005 budget. He has a proposed contract for with a cover letter that details the scope. He said the city's budget officer is Interim City Manager Nick Ristagno so the work he would do is prepared for Chief Ristagno and it would be Interim City Manager Ristagno's presentation. The budget work starts almost immediately and he will develop a schedule. He will prepare the budget document in the form we need which includes Ordinances and submit the various notices in the form as required by state law. There will be a budget briefing for the public hearing and finally some brochures which would be a summary of the budget proposal and could be in a tri-fold form and also needs to be on the website. Mr. Huckaby said he would assist the Council in screening, checking references and education claims of the candidates for the city manager position.

I. WORKSHOP:

1) Chapter 78, Peddlers and Solicitors, of the Lake Dallas Municipal Code. (Interim City Manager)

There was discussion about making this a 2-part ordinance: one for those doing business for an extended period of time and one for those for shorter terms. We may have to change some of our definitions in the code.

Terry Davis, Dusty's BBQ, said he had asked Hickory Creek about their permit fee. He said he doesn't have a problem with paying for a permit but he feels it should be less costly and not have to be renewed monthly.

Staff will check on other cities Ordinances to see what processes other cities use and get the information to the Councilmembers prior to the second June meeting.

2) Topics to be discussed at proposed Town Hall Meeting.
After some discussion about various topics [crime and drug prevention and education; seniors and disabilities; recreation and transportation issues; the Swisher Road extension and I-35 expansion; renaming some streets] it was decided to workshop this item on the next few agendas. The meeting will be July 13 and we will advertise the meeting in the newspaper. The Community Development Corporation will be notified about this meeting.

J. STAFF REPORT

Interim City Manager Ristagno said the carnival was a success. We need to book them for next year for the same weekend.

We're required to have the old city gas pump sites tested. We will be reimbursed by TCEQ. Testing is underway now. There are very low levels of gas additive and they expect that by next test it should be cleared up.

Lori Farney brought in the $8500 from the Thousand Oaks Homeowners Association for River Oaks Park equipment. The equipment is on order and should be installed by the first week of July.

The Willow Grove Park trails grant has been submitted and should be in the State's possession. We will follow up with letters of support.

June 12 is the Car Show and will benefit the Kids & Cops program.

The Model Airplane event is on June 19 and is an all day event.

The Kidz Fish is on June 5 at 8:30 AM.

K. NEW BUSINESS

We need to have a council goal-setting workshop.
Concern was expressed about the street cut made recently on Swisher Road. It was not repaired to standards but that will be taken care of.
We should add the pledge to the Texas flag to our agendas. We don't have Texas flag in front of our building. We only have the one flagpole.

L. ADJOURNMENT

The Lake Dallas City Council met in a special meeting on May 25, 2004 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Wohr called the meeting to order at 7:04 PM.

A. ROLL CALL:

Steve Wohr	Mayor
Tony Marino	Councilmember 1
Marjory Johnson	Councilmember 2
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Also present were Interim City Manager Ristagno and Beverly Weikum, City Secretary. Councilmember Stapleton was absent.

B. INVOCATION

Mayor Wohr gave the invocation.

C. PLEDGE OF ALLEGIANCE

Mayor Wohr led the Pledge of Allegiance.

D. ANNOUNCEMENTS

There will be a reception in the Linwood Gilliland Community Room after the meeting.

E. VISITORS/CITIZENS AGENDA

Gene Tisdale, 524 Howard, congratulated everyone on their campaigns. He said he's attended some of the council meetings this past year. He appreciates the council's efforts toward health, safety, and beautification. He said that recently he's been touched by the information about drug use by kids as young as 9, 10, 11 and 12. He said he is also concerned about the mothers of these children and there should be a phone number they can call to find out their legal rights when they're pushed into this situation. He thinks it would be good to have a program so these mothers can get information either by telephone or on-line. He feels that the City Council, schools, and churches should all get involved in this program. He told Mayor Wohr that he appreciated him working for the city.

Bonnie Brown, Post Office Box 25, Lake Dallas, or 8560 S. Stemmons, Hickory Creek, said thanks to everyone who ran for office. She encouraged those who ran to get involved in the committee process. She said that, individually, Chief has talked with a lot of us about the drugs in our town. She spoke about an incident at one of her rental properties where it took over one and a half years to get some individuals out of her park and they have already been released. They spent less time in jail than it took to get them. We need to stop this. The parents are responsible for providing an environment. We can't leave this to just the Police Department. We have to all get involved.

F. BUSINESS:

1. **Discussion and Action on approval of a Resolution for the Canvass of Election held May 15, 2004.**

Motion to approve the canvass was made by Councilmember Johnson. Second by Councilmember Marino.

Also present were Interim City Manager Ristagno, and City Secretary Weikum.

B. INVOCATION
Mayor Wohr gave the invocation.

C. PLEDGE OF ALLEGIANCE
Mayor Wohr led the Pledge of Allegiance.

D. ANNOUNCEMENTS
Mayor Wohr read a letter from Kathleen Gilliland: "I appreciate the Linwood Gilliland Community Room. I wouldn't change a thing. But, I am concerned about this ending here. I ask you to consider creating a 'Wall of Honor.' All elected officials who follow Linwood's tradition of 10 years, or more of service, should have their pictures placed there. It would comfort me to see this lone picture in the presence of such good company."

There was an article in the Denton Record Chronicle about our new website. There are a lot of new features and it is a major improvement from the previous site. People can sign up to get email updates. The FAQ section will be added to as time passes.

There is a computer terminal here in the lobby at City Hall.

E. AGENDA BRIEFING
There was no agenda briefing.

F. REPORTS:
Boards and Commissions
Neal Malone, Parks and Recreation Board, said he had been at the carnival and they were shutting down because of the rain. We have 59 booths signed up for.

G. VISITORS/CITIZENS COMMENTS
Rod Courtney, 162 Kingswood, said he has a history of having been on the council and we all knew Judge Moseley in Denton County. He told about how he met Jeff Krueger and said that when Mr. Krueger was a county commissioner the City was lucky enough to get $100,000 designated for use on Shady Shores Road. Mr. Courtney said he thinks Mr. Krueger has some good ideas for the city and that he's a good budget man. He thinks Mr. Krueger could help us

get money through grants or other means with his connections. Mr. Courtney asked the Council to give favorable consideration to his proposal.

Terry Davis, 425 South Denton Drive, said he lives in Brown Mobile Home Park and would like to continue living here and keep his business here. He thinks the permit fee of $75/month is too expensive for a monthly itinerant merchant permit. He said it would cost him $25/month more for each assistant he would add. He said the renewal application each month is complicated.

Mayor Wohr said we could put it on an agenda and do a workshop on it. This situation was not anticipated when we established the fee.

H. CONSENT AGENDA:

1) **Consideration and Action on approval of Minutes for April 22, 2004 meeting. (City Secretary)**
2) **Consideration and Action on approval of April Accounts Payable and Financials. (Interim City Manager)**

4) **Consideration and Action to approve an Ordinance amending Section 74-36, Subcommittees, of Article II, Parks and Recreation Board, of Chapter 74, Parks and Recreation, allowing for the creation of a Keep Texas Beautiful committee. (Interim City Manager)**

Councilmember Stapleton asked that Item 1 be pulled from the Consent Agenda.
Motion to approve Items 2, 3 and 4 of the Consent Agenda was made by Councilmember Johnson. Second by Councilmember Fletcher.
Ayes: Councilmembers Marino, Johnson, Stapleton, Fletcher and Harper
Noes: None

Motion Passed

Councilmember Stapleton requested that a sentence be added at the beginning of the third paragraph under Item G. "Councilmember Stapleton asked for and received permission to address the citizen from Mayor Pro-Tem Marjory Johnson."
Motion to approve H-1 with the change was made by Councilmember Johnson. Second by Councilmember Marino.
Ayes: Councilmembers Marino, Johnson, Stapleton, Fletcher and Harper
Noes: None

Motion Passed

I. SCHEDULED BUSINESS:

1) **Receival of proposal from Mr. Jeffrey Krueger for city management services. (Interim City Manager)**

Mr. Krueger gave a presentation to the City Council. He said that Lake Dallas has the leadership, the staff, and the citizenry in place to grow and prosper. He thinks with his budget experience, his abilities, and his contacts we can all work together to build a better Lake Dallas.

2) Consideration and Action on approval to re-start quarterly newsletters for the community. (Councilmembers Johnson and Fletcher)

Motion to approve a quarterly newsletter with Option 'D,' the four-page flyer that will be in the newspaper was made by Councilmember Marino. Second by Councilmember Johnson.

J. WORKSHOP:

1) Issues to be addressed during the next two years.

At the next regular meeting we will have a workshop to determine topics for a Town Hall meeting.

K. STAFF REPORT

Carnival preparation has taken most of the week. Saturday & Sunday is when the booths for arts and crafts will be set up.
Last weekend was the Kids N Cops event.

L. NEW BUSINESS

We are doing a traffic count and it can also determine speeds on River Oak Way and the information received will probably come back to council regarding speed humps due to the park and playground on that street.
There will be another proposal for city manager services on the next regular council meeting agenda and there will be action item on the proposals.
Chief Ristagno told Mayor Wohr that it's been an honor to work for you as a mayor.

D. ANNOUNCEMENTS
There were no announcements.

D-1 PROCLAMATION (Addendum)
Mayor Pro-Tem Marjory Johnson read a proclamation that declared May 2004 as Motorcycle Safety and Awareness Month in Lake Dallas, Texas.

E. PRESENTATIONS
Awards to Employees
Mayor Pro Tem Johnson, Councilmember Alan Fletcher, Councilmember Betty Harper, Councilmember Ken Stapleton, and Police Chief Nick Ristagno stood at the podium area and asked Stephanie Madrid to come forward. Mayor Pro-Tem Marjory Johnson read a letter written by Police Chief Nick Ristagno that commended Stephanie for all the help she's been to the Police Department every year with the Kids N Cops program since it began. She is Officer Vikki Chandler's daughter.

Officer Vikki Chandler was called forward next. Mayor Pro-Tem Marjory Johnson read a letter written by Police Chief Nick Ristagno that gave a history of Officer Chandler's employment with the City of Lake Dallas. She joined the Police Department in October 1998, as Animal Control Officer and became a police officer in September 2001. She has dedicated herself to promoting the Kids N Cops program from the time she was Animal Control Officer to the present. She was presented with the Chief's Award.

Sgt. Michael Sparby & Officer Joe Wheat were called forward. Mayor Pro-Tem Marjory Johnson read a letter from Police Chief Nick Ristagno that commended them for their efforts. They were recognized for saving the life of someone who had fallen into the water at the marina on February 26. They both received the prestigious Life-Saving Award.

F. AGENDA BRIEFING
There was nothing to report.

G. VISITORS/CITIZENS COMMENTS
Casey Cavalier, Library Board member, introduced himself to the Council. The Library thanks the City Council for getting the directional signs placed that had been donated by the Chamber of Commerce. They made about $1000 on the Friends of the Library book sale. This is national library week and during this week the Denton County funding situation has come up. The Library is trying to work through it.

David Shershen, 166 Kingswood Drive, said he feels it is his duty to appear before council. He's disgusted. He thinks that some elected officials think they have special privileges and that they can live above the law. When it comes to a point when neighbors who pay taxes have complaints against an official and send out city staff to look at those complaints and are told that there's no obvious violation he thinks it's time to ask the City Council to launch an internal investigation of city staff and hold closed door hearings to investigate for possible ethics violations. He had some pictures that he presented to the City Council. He said the neighbors are disgusted and willing to testify. He said he would ask for a resignation but that would be political, so he's not. Thank you.

CORR: COUNCILMEMBER STAPLETON ASKED FOR AND RECEIVED PERMISSION TO ADDRESS THE CITIZEN FROM MAYOR PRO-TEM JOHNSON. 05-13-04

Councilmember Stapleton asked if he had a name involved with this person. Mr. Shershen said he had several and then he went out and looked at it himself.

Mayor Pro-Tem Marjory Johnson closed the Citizen's Agenda when no one else came forward to speak.

H. CONSENT AGENDA:

J. **STAFF REPORT**

Interim City Manager Ristagno said the major issues right now are the Mayfest in mid-May and the Kids N Cops program on May 8. He complimented the Parks and Recreation Board and Richard Martin for all their assistance on the Mayfest. He said he is anticipating large crowds at both events.
The building foundation has been shored, piered, and stabilized. It will need to sit awhile before we begin working on the kitchen. The plumbing for the kitchen will be free except for the materials.

K. **FUTURE AGENDA ITEMS**

We should look at possibility of putting speed bumps or humps on River Oaks Way due to the concern of many citizens. We should confirm that we have plenty of signage in that area.
We should schedule a workshop on the first meeting in May to discuss what issues we need to look at for next 2 years and then schedule a town hall meeting after the election.

F. REPORTS:

Boards and Commissions

Neal Malone, Parks and Recreation Board, said Keep Texas Beautiful will be on agenda. Kathleen Gilliland will be the director and she already has a committee. She and her committee will be in charge of the yard of the month program.

Richard Martin, director of the Mayfest, said they will be distributing posters and flyers in stores in Lewisville and Denton along with coupons for $5 off the $15 charge to ride all day long. Coupons will also be given out in the parking lot while the carnival is set up. The flyers that will be distributed in the schools will also have $5 off coupons included. Flyers have been mailed to the food vendors as well as the arts and crafts vendors. We'll also put flyers and posters in restaurants and convenience stores in town.

Gary Johnson, Library Board, said there will be a book sale next week-end in the Linwood Gilliland Community Room.

G. VISITORS/CITIZENS COMMENTS

Rod Courtney, 162 Kingswood, thanked the City Council for planning to review the ordinances for R-1-4000 zoning. At the Kingswood homeowners meeting this week they voted on a priority list for roads to be repaired. Oakwood is first and Pecan is second. Because the City Ordinances override Kingswood's by-laws they are going to try to be under the umbrella of the city. The association also asked him to give their thanks to the council.

Charles Gaynier, 22 Oakwood, said there are drainage problems on Oakwood where it drains down to Pecan. He remembers that at the last meeting they had mentioned the concrete drainage channels. He thanked the Council for their consideration.

J. STAFF REPORT

An ad has been placed with TML for a city manager.
Everything is on schedule for the carnival.
The repair for the foundation started yesterday and the lift should be completed tomorrow.
Next year's budget should include repairs to floors and walls.
A bid was awarded to Wright Environmental for well monitoring and they are negotiating with TCEQ in order for TCEQ to reimburse us for the cost.
We are still working on the kitchen plans and hope to have a report for the 4-b meeting on Monday.
Should the city manager search be an item on each agenda? Mayor Wohr said it could be included in the staff reports.

Mayor Wohr asked Chief Ristagno to talk with the parks consultant within the next few days to determine when the City Park grant is due. The River Oaks Park bid award was tabled at the last 4-b meeting.

F. AGENDA BRIEFING

City Manager Ray Kendall said the public hearing for paving streets is for input regarding those that are highlighted on the map on the easel. At the next meeting the Council will decide which streets will be paved.
The item on the consent agenda regarding manufactured homes fees was on a public hearing at the last meeting.

G. VISITORS/CITIZENS COMMENTS

Please complete Comment Card and give to City Secretary before the meeting.

Neal Malone, 609 Cain, said this month was an anniversary for City Manager Ray Kendall so all the members of the park board wished to thank him for all his help. He said they appreciate all the help he has been to the board and presented him with a clock.
Mayor Wohr said the staff of the city also does a lot of things they don't get recognized for.

Rod Courtney, 162 Kingswood Drive, would like the Council to look at our Code Book at some sections he believes are in conflict with other sections with regard to carports in mobile home communities. He referenced Sections 122-721, 122-912, 122-846, and 122-842. He said there are 33 carports in Kingswood right now and that not all of them meet the code restrictions.

Mayor Wohr said this is something we could put on a workshop and it would be nice if some of the Kingswood homeowners could give us some feedback.
Mr. Courtney said he would try to get a committee together and go thru the ordinances and make some suggestions. The Homeowners Association will have a meeting this weekend.

City Manager Ray Kendall said there are three streets in that Kingswood that are on the map for the street repairs and asked Mr. Courtney to bring that up at their meeting also. Mr. Courtney thanked Johnny Webber's crew for repairing potholes in Kingswood.

Charles Gaynier, 22 Oakwood Drive, said he is in favor of what Mr. Courtney said. He's been speaking with Richard Dallof and had contracted with a company to build his carport and he has a conflict with the 14' restriction.

Mayor Wohr said this will have to go through the Planning and Zoning Commission first. This will need to be published in the paper and posted prior to meeting.

H. CONSENT AGENDA:

1) **Discussion and Action on approval of Minutes for meeting of March 11, 2004. (City Secretary)**
2) **Discussion and Action to approve a Resolution opposing any school finance or tax system reforms that would negatively affect city revenues and economic development efforts. (City Manager)**
3) **Discussion and Action to approve a site plan for Enrique's Place, 219 Main Street. (Building Official/Planning & Zoning Commission)**
4) **Discussion and Action to revise manufactured home inspection fees and change Ordinance 03-21 accordingly. (Councilmember Johnson)**

I. SCHEDULED BUSINESS:

1) Public Hearing to discuss which streets should be paved. (City Manager)
City Manager Ray Kendall said the cost for the last streets we had paved was 40 – 50% less than what was anticipated. There are about fourteen streets listed now but the City only has enough money to do seven or eight. In Kingswood we'll have to put concrete gutter down the center of the streets we repair because these streets are used to carry water and it would ruin them without the gutters.

Councilmember Alan Fletcher said some of the streets in Kings Manor are in decent shape and asked if there was a way we could just repair the cul de sac's.

Tom Hoover said he proposes to have a bid item for localized repair for those areas.

Tony Snider, 5301 Princess, showed the Council some pictures he had taken of his street. He said his street gets worse every week.

April Scoggin, 5303 Princess, also showed the Council some pictures of the street and said they can't back their pickup out of their driveway without landing in a crater.

Jody Gorgonis, 5300 Princess, said he has a big truck and can dodge the holes and tracks mud from the street into his driveway. He said the water has gotten under the pavement.

Mayor Wohr closed the Public Hearing and said this will be an action item at the next Council meeting and asked Tom Hoover about the time frame.

Tom said it takes four weeks to start the project and award the bid. Construction would start sometime in June or July.

2) **Discussion and Action to add lighting to illuminate City Hall and determine which option to install. (Mayor Wohr)**

[1) Each agenda item should indicate the sponsor of the item, which may not be the staff person who places the item on the agenda. 2) The city manager will provide a synopsis of each agenda item that may affect the public before the citizen's agenda so that a citizen then can discuss the item during the citizen's agenda. 3) If the agenda item will affect the public and/or is a new/modified ordinance, then the first time it appears on the agenda it will be for discussion only (no action to be taken) and the item will appear again on a subsequent agenda as a discussion and action item. The only exceptions would be for pubic hearing items and/or items, which had a workshop in a meeting preceding the meeting to vote on it.]
Ayes: Councilmembers Marino, Johnson, Stapleton, and Fletcher
Noes: None

Motion Passed

Staff should begin work to provide sign-up cards for Council meetings.

I. WORKSHOP

1) Discussion on permit fees applicable to mobile home parks. (Councilmember Johnson)
There was discussion about other cities and fees that they charge. The general opinion was that the $200 fee that was adopted when the new fee schedule became effective October 1 is too high. The city inspector only comes out one time to do the inspection. It was agreed that an extra fee should be charged if the inspector has to come back out for a subsequent inspection.
Richard Dallof had a presentation about the fees. The manufactured home permit fee was established to defray the actual cost incurred by the building official and administrative assistant to inspect a mobile home for health and safety reasons.

Mayor Wohr suggested that the city charge the $47 inspection fee plus the $59 manufactured home permit upon move-in inspection. Another fee could be charged if we have to go back out if the first inspection didn't meet specifications.

There was discussion about determining a fee that covers our costs.

City Manager Ray Kendall said this will be an action item on the next agenda.

J. CITY MANAGER'S REPORT

City Manager Ray Kendall said our sales tax was up 41 or 42 percent last month over the same month in 2003.

He said we have looked at about fourteen streets that should be repaved but we can't do all of them. He asked the Council and Mayor to go out and look at these streets. We'll have public hearing at the next meeting and in April the Council will make a decision on which streets should be paved. We have $175,000 in the budget for street projects.

Mayor Pro-Tem Marjory Johnson led the Pledge of Allegiance.

D. ANNOUNCEMENTS

Mayor Pro-Tem Marjory Johnson announced that the Parks and Recreation Board will be providing a carnival on May 13 through May 16.
Police Chief Nick Ristagno said the Kids & Cops is hosting the Spring Fling Dance on March 12 at 7:00 PM.
Councilmember Fletcher said his daughter's team won at the nationals cheerleading event.
Mayor Wohr arrived at 7:33 PM.

E. PROCLAMATION

Mayor Wohr read the proclamation for March 2004 being American Red Cross Month in City of Lake Dallas to coincide with National American Red Cross Month.

F. VISITORS/CITIZENS AGENDA

Mayor Wohr closed the Visitors/Citizens Agenda when no one came forward to speak.

G. CONSENT AGENDA:

1) **Discussion and Action on approval of Minutes for meeting of February 12, 2004. (City Secretary)**
2) **Discussion and Action to approve a Resolution calling the May 15, 2004 General Election. (City Secretary)**
3) **Discussion and Action to approve amendment to Council Rules and Procedures. (Councilmember Fletcher)**
4) **Discussion and Action to allow Schrickel, Rollins and Associates to apply for a Recreational Trails Grant from Texas Parks & Wildlife for Willow Grove Park. (Community Development Corporation)**

Councilmember Johnson asked that Item G-3 be pulled from the Consent Agenda.

Motion to approve Items G-1, 2 and 4 was made by Councilmember Johnson. Second by Councilmember Fletcher.
Ayes: Councilmembers Marino, Johnson, Stapleton, Fletcher and Harper
Noes: None

Motion Passed

Motion to table Item G-3 and put on the next meeting with a public hearing was made by Councilmember Fletcher. Second by Councilmember Johnson.
Ayes: Councilmembers Marino, Johnson, Stapleton, Fletcher and Harper

H. SCHEDULED BUSINESS:

1) **Public Hearing to approve an Ordinance for a Special Use Permit to allow the installation of a ground monument sign for a private school located at 102 Dobbs Road [Legal description: Lot 1, Houghton Addition]. (Building Official)**

Kristy Hubbert, 2018 Glen Manor Road, Corinth, said she has supported this school for two years and supports it for the sign.

Carissa Acker, 2200 Shenandoah Trail, Denton, said she supports the school and thinks that placement of the sign would be a good thing.

Debra Wise, 3110 Windridge Lane, Corinth, is in support of the school having a sign in front of it.

Tye Wise, 3110 Windridge Lane, Corinth, is in support of the sign. He said he has seen drawings of the sign.

Mickey Hubbert, 2018 Glen Manor Road, Corinth, said he is in full support of the school. He said the quality of the school is good.

Laird Lind, 735 Carlisle, said it is not an issue of the school or the quality of the school. He thinks this is becoming something that is indiscreet and that it could cost the neighbors (Phillips Groves) $1000.00 in the property value of their home. He said it's a commercial entity and it's going from discreet to not so discreet.

Phillip Groves, 332 S. Shady Shores, Shady Shores, said that the subject property is directly across from his property and that he can't add much to what Laird Lind has already said. He is concerned that his property values are going to be impacted.

Clyde Edwards, 3011 Kiln Drive, Corinth, said the sign is not a discreet sign. He said it could be lit all night long and since it is right next to his property he is not too happy about that. He said he is totally against the sign. He thinks it will affect everyone's property values. He said the City had sent out thirty-two letters for notification.

Mayor Wohr called for a short break so the City Secretary could get the list of persons who were notified of this item.

Mayor Wohr called the meeting back to order at 8:09 PM.

Mickey Hubbert, said he lives less than a mile from the school and his son goes there. He doesn't think the sign will damage property values.

Russell Crow, 5316 Colonial Drive, Flower Mound, said they had the unanimous backing of the Planning & Zoning Commission. He had illustrations of the sign and placement on the grounds of the school. He said there are no objections by any other property owners close to them. They feel the sign should not be a problem.

Phillip Groves said that we're forgetting that in April 2003 they chose to move their business and knew the zoning was R-1-7200 so they used a Special Use Permit as a vehicle to get their school there. He said he doesn't want to go out his back door and see that sign.

Clyde Edwards questioned why there were only twelve names and someone had told him they sent notification letters out to thirty-two.

Mayor Wohr closed the public hearing at 8:17 PM.

2) **Discussion and Action to approve an Ordinance for a Special Use Permit to allow the installation of a ground monument sign for a private school located at 102 Dobbs Road [Legal description: Lot 1, Houghton Addition]. (Building Official)**

Mayor Wohr recapped the City Council consensus to refund the $500 application fee and have Mr. and Mrs. Crow reapply for the original Special Use Permit and add the sign to the application. Then staff should re-notify and re-advertise and go through the entire process of Special Use Permit approval by going before the Planning & Zoning Commission and then City Council.

The City Council took no action on this item and directed Staff to proceed with the refund and reapplication process.

3) **Discussion and Action to approve an Ordinance amending Ordinance 03-06 to change a Special Use Permit on Lot 1, Houghton Addition, 102 Dobbs Road. (Building Official).**
Motion was made to not approve agenda item H-3 by Councilmember Stapleton. Second by Councilmember Johnson.

City Secretary

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on February 12, 2004 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. The meeting was called to order at 7:30 PM.

A. ROLL CALL

Steve Wohr	Mayor
Tony Marino	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Also present: City Manager Ray Kendall, Police Chief Nick Ristagno, and City Secretary Weikum.

B. INVOCATION

Mayor Wohr gave the invocation.

C. PLEDGE OF ALLEGIANCE

Mayor Wohr led the Pledge of Allegiance.

D. ANNOUNCEMENTS

City Manager Ray Kendall said a computer is being installed in the lobby with access to the City's home page and agendas, etc. He thanked Sgt. Frazier for his efforts in getting that accomplished.

E. REPORTS:

Boards and Commissions

Neal Malone, Parks and Recreation Board, said they are still in the planning stages on a lot of activities. The airplane flying that we had last year in Willow Grove Park will be the week-end of June 19 this year. Instead of doing the park cleanup this year they plan to plant a couple of trees. Willow Grove Park is not in very bad shape. The Fireworks event will be on July 3 because that's a Saturday.

City Manager Ray Kendall said the 4b Board approved the spec's for River Oaks Park request for quotes.

Carolyn Green, Community Development Corporation, said the 4b Board approved the Master Plan for the City Park and she would like to have it on display in the lobby so the citizens can see it. They have a vacancy on the board and 4 members of the board voted for Cliff Elton.

Vicki Carusi, Library Board, left a copy of their report with each councilmember. Their biggest challenge is the County funding which is fifty per cent of their budget and it's looking as if they could lose that funding. She also handed out a copy of the 2003 and 2004 budget. She asked the Councilmembers to ask the county commissioners to continue the funding.

F. VISITORS/CITIZENS AGENDA

Terry Davis, 425 S. Denton Drive #10, said he's been trying to open a small business here in Lake Dallas. He express concern with the itinerant merchant's license. The $75 fee is only for thirty days instead of a year. This is very expensive on top paying for a lease.

City Manager Ray Kendall said the concern is that other restaurants have to pay property tax. He said he would information to Mr. Davis and we'll get it on an agenda to look at it.

Carolyn Green, 201 N. Shady Shores Road, said that the Council raised the permit fee for mobile homes to move into the city three or four months ago by 300%. When a mobile home moves into Lakehaven Estates, it is blocked up, tied down, all utilities hooked up and then building inspector comes out and makes a one-time inspection. She feels being penalized. She said that Lakehaven Estates takes care of their own streets but the City takes care of Kingswood's streets.

G. CONSENT AGENDA:

1) **Discussion and Action on approval of Minutes for meetings of January 8 and 22, 2004. (City Secretary)**
2) **Discussion and Action on approval of January Accounts Payable and Financials. (City Manager)**
3) **Discussion and Action to approve the purchase of a Porta Mole Culvert Cleaner System with tandem-axle trailer, 525-gallon water tank, high-pressure pump, etc., and approve an Ordinance to modify Budget by $800. (City Manager)**
4) **Discussion and Action to approve extending Waste Management's Solid Waste Contract (Ordinance) with the City for one additional year (a total of six years) in exchange for a $4,000 contribution to the City Park Grant Application. (City Manager)**

Councilmember Ken Stapleton asked to pull item 4.

I. WORKSHOP

1) Discussion on format for items on Council Agendas. (Councilmember Fletcher)

Councilmember Alan Fletcher said we need to look at how items are put on our agendas. The agendas should be able to make the citizen's are aware of the items. We should have a sponsor for these agenda items. He said that some councils have a reading at one meeting and the next meeting they have the second reading and action. This gives the staff/council time to do any required research. Each agenda item should have a sponsor.
There was discussion about having an agenda packet available for public viewing.
When we are contemplating an ordinance change or adding a new one it should be read twice. Perhaps the City Manager report could be at the beginning of the agenda after the reports. We could help the citizens keep informed by posting each agenda item description on the website plus have copies of these sheets available in the lobby with the agenda.
Perhaps there could be a brief synopsis of the agenda items after the announcements. That would not require a change in council policies and procedures.

J. CITY MANAGER'S REPORT

City Manager Ray Kendall said that since auditor didn't give us a synopsis he wanted to mention that we ended up with $196,000 (that's also counting restricted funds).

J. CITY MANAGER'S REPORT

City Manager Ray Kendall said that since auditor didn't give us a synopsis he wanted to mention that we ended up with $196,000 (that's also counting restricted funds). According to the financials year to date through the first four months we are ahead of what we were last year after 4 months. The auditors will recommend we have 2 – 3 months of operational reserves so that if we ever had a some sort of disaster, etc. we could operate the city for awhile. We may have to borrow money again this year, too.

The sales tax revenues received in February was $86,000 with $43,000 to general fund. That's up from February 2003.

The city offices are closed on Monday.

K. NEW BUSINESS

There will be a 4b meeting at 7 PM on January 19 about Downtown Development. He invited the City Council and public to attend.

E. PRESENTATIONS [Girl Scout Troop 990]

Mayor Wohr asked the girl scouts to do their cheer again since he missed them at last month's meeting. He then presented each scout with a certificate.

F. REPORTS:

Boards and Commissions

Gary Johnson, Parks Board, thanked everyone for their participation in the tree lighting ceremony. They are planning a big event for May. This year for Arbor Day they are going to plant trees instead of cleaning up Willow Grove Park because the park looks good. He's also on the library board and said they've been discussing some things and he will have more facts and figures at a later date. Since the County funding may change the library may have some unique challenges. They meet on the 4th Monday at 7 PM.

The vice president of the model airplane club that had their low flight at Willow Grove Park last year has offered to help with trimming some of the brush. They can contact Gary to discuss it.

The 4a Board will host an annual business community reception on March 22 at 5:30 PM.

G. VISITORS/CITIZENS AGENDA

Jon Wilson, 726 Summers, apologized for missing the last meeting. He said he was not aware of a sales tax on services. City Manager Ray Kendall said that went into effect recently.

Mr. Wilson thinks the City has a worse contract for trash pickup than the previous contract.

Mr. Wilson appreciates the street paving being done but has complaints about how Summers was done. He said no one has called him to answer his questions.

City Manager Ray Kendall apologized that the engineer did not call him back. The contractor and engineer have agreed to go back and put another foot on each side of the road.

Mayor Wohr closed the Citizen's agenda when no one else came forward to speak.

H. CONSENT AGENDA:

1) **Discussion and Action on approval of Minutes for meeting of December 11, 2003. (City Secretary)**

J. CITY MANAGER'S REPORT

City Manager Ray Kendall thanked the Mayor and Councilmembers on behalf of the employees for the recognition dinner.

Ridgewood & Church streets are about to be paved. Summers will be addressed regarding the width.

Some clarification is obviously needed on the trash service. They have added service. The last two weeks of December and first two weeks of January they are picking up everything that's set out for Monday pickup. He said the normal rule for the trash cart is to fill up the cart and two additional bags. If you have more than that you need to get an additional cart at a cost of $5/month. If you do need a bulk pickup, call the local number and if you schedule it properly they will pick up the trash in three days. They also will furnish roll-offs for our quarterly trash clean-ups – which saves us a lot of money. And, they have donated $6,000 for the kitchen in the community room. He doesn't think we are receiving less services.

Mayor Wohr said he wanted to especially thank Carolyn Green for her efforts in organizing the appreciation dinner.

K. NEW BUSINESS

There was discussion about scheduling a workshop to discuss the ways the agenda items are handled. Some items may need additional study and research for any economic impact on the businesses in our community and help the Councilmembers become more informed with the item.

Our webpage hasn't had the agenda for the past 2 meetings. We are getting a completely new website. There was discussion about the Councilmembers email process.

If the Parks and Recreation Board has an opening Kathleen Gilliland would like to participate.

L. ADJOURNMENT

Motion to adjourn was made by Councilmember Johnson. Second by Councilmember Stapleton.

Ayes: Councilmembers Marino, Johnson, Stapleton, Fletcher and Harper

The Lake Dallas City Council met in a regular meeting on December 11, 2003 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. The meeting was called to order at 7:31 PM.

A. ROLL CALL

Marjory Johnson	Mayor Pro-tem
Tony Marino	Councilmember 1
Ken Stapleton	Councilmember 2
Alan Fletcher	Councilmember 4

Mayor Wohr was unable to attend. Councilmember Harper arrived at 7:35 PM.
Also present: City Manager Ray Kendall, Police Chief Nick Ristagno, and City Secretary Weikum.

B. INVOCATION
Tom Davenport, Lake Dallas ISD, gave the invocation.

C. PLEDGE OF ALLEGIANCE
Mayor Pro-Tem Marjory Johnson led the Pledge of Allegiance.

D. ANNOUNCEMENTS
City Manager Ray Kendall said there would be no Planning & Zoning Commission meeting next week.
The Employee Recognition Dinner is at the Duck Inn on December 19 at 7:00 PM.
We have some special guests for the Visitors & Citizens Agenda this evening.

E. REPORTS:
Boards and Commissions
Neal Malone, Parks and Recreation Board, said the tree lighting was best we've ever had. He gave a special thank you to all the staff for their assistance in the preparations. The choir from middle school did a good job and the tree was beautiful. We need to thank Larry Anderson for delivering Santa Claus, complete with police escorts and a special thanks to City Manager Ray Kendall for his guiding hand. The next event coming up is the cleanup at Willow Grove Park. We need more people to help with that project. The date of the MayFest needs more research so we don't conflict with the ISD and Police Department events. We still have vacancies to fill for the board.

F. VISITORS/CITIZENS AGENDA
Chris Curry, 212 Hillcrest, talked about the new Waste Management contract and the new containers. He had recently purchased a $90 trashcan at Lowe's that is nearly the exact same as the containers furnished by Waste Management. He would like to ask them to honor emptying it as well as the Waste Management container. He called for a bulk pickup early in a week but it was not completely taken care of until Friday and then only after he had made several phone calls. He asked Council

to look at that idea of emptying the homeowner's containers that are a close replica to Waste Management's. He said he has talked with Waste Management and they are open to it.

Richard Martin, 610 Thompson, said he had comments about the dumpster thing. He Has pictures from all around town. His concern is to have them placed inside a fence because a lot of them are overfilled. He passed the pictures out for Council to look at. It will be discussed more during the workshop item.

Girl Scout Troup #990, Lake Cities area. The girls are working on a merit badge: My Community. They needed to address six different events. One was a concern with speeding and cars going too fast in neighborhoods so they came in and talked with City Manager Ray Kendall about the possibility of installing speed bumps on some streets. City Manager Ray Kendall explained the disadvantages of the speed bumps installation. 'Children at Play' signs as well as more police patrols would be more effective. The Girl Scouts performed a cheer about their community and received a standing ovation.

G. CONSENT AGENDA:

1) **Discussion and Action on approval of Minutes for meeting of November 13, 2003. (City Secretary)**
2) **Discussion and Action on approval of November Accounts Payable and Financials. (City Manager)**
3) **Discussion and Action to approve an Ordinance for a facility use agreement with the Lake Cities Soccer Association for the purpose of using a city owned facility for recreational activities. (City Secretary)**
4) **Discussion and Action to approve a site plan for Video Plus property. (City Manager) / (Planning & Zoning Commission)**
5) **Discussion and Action to allow modifications to a cell tower located at 601 South Denton Drive. (City Manager) / (Planning & Zoning Commission)**
6) **Discussion and Action to approve the purchase of a Ford pickup truck for Public Works from HGAC and sell existing Dodge. (City Manager)**
7) **Discussion and Action to approve the purchase of a Porta mole Culvert Cleaner System for Public Works. (City Manager)**
8) **Discussion and Action to hire Quality Consultants for material testing of the asphalt and base preparation for streets to be paved. (City Manager)**
9) **Discussion and Action to appoint Gary Johnson as the third representative from Lake Dallas to the Lake Cities Library Board.**

Motion to approve all of the items of the Consent Agenda was made by Councilmember Stapleton. Second by Councilmember Marino.
Ayes: Mayor Pro-tem Johnson, Councilmembers Marino, Stapleton, Fletcher, and Harper.

H. SCHEDULED BUSINESS:

1) Pubic Hearing on a contract with Lake Dallas ISD to develop tennis courts in Lake Dallas City Park.

No one came forward to speak so Mayor Pro-Tem Marjory Johnson closed the Public Hearing.

2) Discussion and Action to approve a contract with Lake Dallas ISD to develop tennis courts in Lake Dallas City Park. (City Manager)

Motion to approve Item H-2 was made by Councilmember Fletcher. Second by Councilmember Marino.

Ayes: Mayor Pro-Tem Marjory Johnson, Councilmembers Marino, Stapleton, Fletcher, and Harper

Noes: None

Motion Passed

3) Discussion and Action to change streets to be paved based on utility construction by LCMUA.

Mayor Pro-Tem Marjory Johnson said this is a "Non-item" because the utility district has postponed the utility construction.

I. WORKSHOP:

1) Discuss and determine screening requirements for all non-residential trash dumpsters. (City Manager)

Councilmember Harper read a note from Greg Tierney, Duck Inn, which said he did not support constructing walls around current dumpsters. The note said that better location of dumpsters is acceptable.

Gene Tisdale, 524 Howard, said he didn't know that there's a $2000 fine attached to non-compliance with the ordinance.

City Manager Ray Kendall said on new construction we are requiring new business to put 3 sides and asking them to put a gate. Ordinance does provide that they can be fined up to $2,000/day, which is in accordance with State laws.

Margaret Tisdale, 509 Howard, said they have driven around town looking at dumpsters and her feeling is that the people who dump the dumpsters may not place the dumpsters back down within the screened area. And, she said, there's usually trash spread around the outside of the dumpsters and screened areas.

Marsha Rios, Lewisville, said the dumpsters look horrible. The charm and beauty of the town isn't a real nice town to look at with all those dumpsters around.

Richard Martin, 610 Thompson, said that perhaps code enforcement needs to go around and ask these businesses to move their dumpsters off the streets.

Karl Hammond, 5427 Kings Manor, said he is appalled that we have a lot of ordinances on the books that have never been enforced. He thinks we need to enforce the laws we already have. If citizens don't like it they can go thru proper channels to see about getting things changed.

The ordinance has been in effect since 1986 we have been enforcing it for the past three years. All of the new or remodel businesses have volunteered to do the gate during this same time frame. The question now is how can we get those with non-residential dumpsters who did not screen their dumpsters bring their dumpsters into compliance with this ordinance. It has been suggested that these businesses be given one year to screen their dumpsters and that fees attached to the process be waived. Waste Management should be contacted about who is responsible for opening and closing the gates on trash pickup days on the 4-sided screened areas plus the placement issue.

J. CITY MANAGER'S REPORT

This month's sales tax receipts were only $70 more than last year's. Now that we have the trash service system we have $24,000 per year more franchise fees due to us because of people hadn't been paying for trash service.
Next week the street contractor will begin digging up the streets and they will be paved between Christmas & New Year's Day, depending on the weather.

K. NEW BUSINESS

There have been requests for Christmas lights on Main Street.
In the Beck Addition there has been a request for a street light since the one that is on Wildwood has had a tree grow up around it and the light isn't bright enough. The citizen should send a written request to the City Manager.
Do 'Children at Play' signs make an impact? There are some trouble spots that might need those signs. It is a lot more effective deterrent to have patrol car go through the area at various times of the day and night.
Tomorrow night the Spirit of Christmas will be wrapping gifts at the Intermediate School and all volunteers to help are welcome.
We should make Certificates for the Girl Scout Troop that was here tonight and invite them to another meeting so the certificates can be presented to them.

L. ADJOURNMENT

Motion to adjourn was made by Councilmember Stapleton. Second by Councilmember Marino.
Ayes: Mayor Pro-Tem Marjory Johnson, Councilmembers Marino, Stapleton, Fletcher, and Harper

D. ANNOUNCEMENTS

The Annual tree lighting is at 7 PM on December 6.
The Employee Recognition Dinner will be December 19 in the Linwood Gilliland Community Room and catered by the Duck Inn.

E. REPORTS:

Boards and Commissions

Neal Malone, Parks and Recreation Board, said that this month the Board is preparing next year's schedule. He showed the pictures that were published in the Sun Newspaper showing the yard of the month for residential and commercial. They still need to get refreshments for the tree lighting and one of the board members has asked someone at the school who is an expert on crafts to be there. The FallFest may get changed to a SpringFest due to conflicts with all the churches and other cities who are having their fall festivals. The Christmas tree may have a faulty trunk. We still have two vacancies on the board and need two alternates.

Councilmember Johnson said that Bob Bearden with the State Comptroller's Office in Austin will be at the joint 4a and 4b meeting November 17 at 7 PM.

F. VISITORS/CITIZENS AGENDA

Gene Tisdale, 524 Howard Drive, said you can't believe everything you read in the paper. It said he had got 300 signatures, but there were about 30 other people who were involved in that project. There is a group of citizens who are Interested in finding way they could help the city. These citizens have two concerns: taxes and

little petty crime that is going on in the city. They will try to put something together.

Mayor Wohr thanked him for bringing people out to participate in the Council meeting.

G. CONSENT AGENDA:

1) **Discussion and Action on approval of Minutes for meeting of October 23, 2003. (City Secretary)**
2) **Discussion and Action on approval of October Accounts Payable and Financials. (City Manager)**
3) **Discussion and Action to approve a Resolution for the annual review of the Investment Policy. (City Secretary)**
4) **Discussion and Action to appoint Richard Martin to the Parks and Recreation Board. (City Manager)**

I. WORKSHOP:

1) Discuss and determine screening requirements for all non-residential trash dumpsters. (City Manager)

Since all the Councilmembers were not present it was determined that this item be placed on the December or January agenda.

J. CITY MANAGER'S REPORT

The city's sales tax receipts of $46,000 for this month is up from last year's $41,000. We have been trying to keep our costs and expenses in line due to the cash flow problem. With the poly-cart changeover: the good news is that 143 new customers have signed up who have not paid for service in the past and the bad news is that 106 paying customers did not get carts and we don't understand why. Waste Management has identified these customers but there may still be a few who are paying customers and didn't get a cart. The 4b board had presentation from Mr. Davenport and the proposed tennis courts to be built in City Park at the last 4b meeting. 4b has been asked to pay for the lighting and 4b has given their consensus. This will be on 4b's first December meeting as a public hearing and action item. There will be a public hearing and action item on the City Council's December 11 meeting.

K. NEW BUSINESS

We should inquire about an audit of our tax rolls to ensure that we have all our properties on the tax rolls.
Reminder about the Spirit of Christmas: gift wrapping is on December 12th at the Intermediate school beginning at 6 PM.

L. ADJOURNMENT

Motion to adjourn was made by Councilmember Stapleton. Second by Councilmember Marino.

A. ROLL CALL

Steve Wohr	Mayor
Tony Marino	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

B. INVOCATION

Mayor Wohr gave the invocation.

C. PLEDGE OF ALLEGIANCE

Mayor Wohr led the Pledge of Allegiance.

D. ANNOUNCEMENTS

Councilmember Marino said the Spirit of Christmas is looking for volunteers to help again this year. Please contact Jim May or Tony Marino. There are also applications available to volunteer for the City Boards and Commissions.
Mayor Wohr said the Spirit of Christmas also needs people to help wrap the gifts and deliver them.
Carolyn Green provided information about the Fun Run for Spirit of Christmas.

Mayor Wohr read a proclamation from the Friends of the Family designating October as Relationship Violence Awareness Month.

E. PRESENTATIONS

Mayor Wohr presented Carolyn Green with a certificate thanking her for all the many years she has provided entertainment for various City functions. Carolyn received a standing ovation when she came forward to receive her certificate.

F. VISITORS/CITIZENS AGENDA

Mayor Wohr said the Council would deviate from their normal course tonight. He addressed those items that had been items H5 & 6. H said he had put it on the agenda almost 2 years ago and since he sponsored it he took it off the agenda. Many people called him and didn't understand the reasoning. The Citizens Agenda is the place to discuss items that are not on the agenda. He said that if citizens were here for the zoning change or screening ordinance please wait and speak on those items at the time they are addressed on the agenda. He said we generally allow each person 5 minutes to speak regarding an item. He asked that the citizens please hold their comments to the issue and be civil to our staff and our council.

Jon Wilson, 726 Summers Lane, said he thinks matters like these should be ironed out before they are put in place. He believes this ordinance would be unnecessary because we already have codes in place.

Gary Johnson, 609 Cain, said his concern is on the 4b appointments. He said we have no vacancies on that board. There had been two people with attendance problems but one resigned and the other has resolved the problem.

Gene Tisdale, 524 Howard said he doesn't think the item should have been dropped from the agenda and thinks it should be voted on tonight. He took it as a personal tax on those people with rental properties. He said he has pages of petitions filled out by many people who didn't want the ordinance to pass.
Mayor Wohr said he would like to copy the list that so we can put it in our records in case this issue should come up again.

Diane Tisdale, 524 Howard, said she thinks it's only for the money and referred to the $2,000/day fine. She hopes the Council has some feelings for the citizens.

Margaret Tisdale, 509 Howard, said she and her husband are property owners and have lived here since 1972. They have rental property here, too. The City inspector already has more than he can do and she doesn't think the city can afford to hire someone else to help. She also mentioned the $2,000/day fine.

Bob Davis, 73 Lakeridge, asked why the Council wants to fine the citizens $2,000/day. His subject matter tonight is communication. His 'I pick Nick' sign he's wearing is nothing against the City Manager. He said Nick communicates through his police force and it's a kinder and gentler police department. He said the last five years the city has had a kinder, gentler Council. He said he would like to have the item back on the agenda tonight.

Linda Barnard, 5315 Kings Manor, said she didn't particularly object to this at the previous City Council meeting, but she does now. This ordinance would specifically target a certain area of the city. She knows that fire safety is of utmost importance to everyone. This ordinance will only add financial burden to residents and the city and cause resentment.

Donna Wood, 3736 Cottonwood Springs, The Colony, said they have rental property on Thompson Drive. She wants to stress that most landlords have a lot of liability to their renters. It would be a financial impact.

Mayor Wohr called Clyde Edwards name from the list for his opportunity to speak.
Diane Tisdale said she had put his name on the list, but he's not here.

Mike Minnis, 204 Oakwood, said it would be nice to get some closure to this issue and asked Mayor Wohr to bring it back up tonight.
Mayor Wohr said he did talk with the city attorney and that he had indicated that if one or more councilmembers wanted it brought back on the agenda that it was a possibility.

John Alexander, 5514 Castle Court, said he's a homeowner and has no rental property. He said once you get past the renters and move on to the homeowners, requiring annual certificates of occupancy, he'll move out.

Mayor Wohr closed the Citizens Agenda at 8:25 PM.

Councilmember Ken Stapleton asked to put the item on the agenda. Councilmember Marjory Johnson agreed.

H – 5. Public Hearing on requiring a Residential Certificate of Occupancy upon change in occupancy and/or ownership.
Mayor Wohr closed the public hearing when no one else came forward to speak.

H – 6. Discussion and Action to approve an Ordinance by adding a new Section 22-3, "Certificate of occupancy required," in Article 1, "In General," of Chapter 22, "Buildings and Building Regulations."

Motion was made by Councilmember Fletcher to approve an Ordinance requiring a Residential Certificate of Occupancy upon change in occupancy and/or ownership. Second by Councilmember Johnson.
Ayes: None
Noes: Councilmembers Marino, Johnson, Stapleton, Fletcher and Harper
Motion Failed

G. CONSENT AGENDA:

1) **Discussion and Action on approval of Minutes for meeting of October 9, 2003. (City Secretary)**
2) **Discussion and Action to approve an Ordinance amending Section 86-33, Duty of owners, "Occupants to provide and maintain containers, maintain premises," of Article II, "Collection and Removal" of Chapter 86, "Solid Waste," by changing paragraph (1) regarding portable containers. (City Manager)**
3) **Discussion and Action to approve an amendment to the Bylaws of the Economic Development Corporation to reflect requirements regarding attendance and dismissal of board members. (City Manager)**
4) **Discussion and Action to approve an amendment to the Bylaws of the Community Development Corporation to reflect requirements regarding attendance and dismissal of board members. (City Manager)**
5) **Discussion and Action to approve a contract with Meridian Alliance Group, LLC for installation of ground monitoring well in the City Public Works Yard and approve an Ordinance to amend the budget accordingly for its cost. (City Manager)**
6) **Discussion and Action to approve the Community Development Corporation expense for repair of the Lake Cities Library roof. (City Secretary)**

7) **Discussion and Action to approve the Community Development Corporation expense for Master Site Plans for the City Park and Willow Grove Park improvements. (City Secretary)**
8) **Discussion and Action to approve the Community Development Corporation expense for River Oaks Way Park. (City Secretary)**

Motion was made by Councilmember Johnson to approve the Consent Agenda. Second by Councilmember Fletcher.
Ayes: Councilmembers Marino, Johnson, Stapleton, Fletcher and Harper
Noes: None

Motion Passed

Mayor Wohr called for a five-minute break at 8:45 PM.

Mayor Wohr called the meeting back to order at 8:55 PM.

H. SCHEDULED BUSINESS:

1) **Public Hearing on proposed zoning change for Block 11, Lots 1, 2 and 3 of the Old Town Garza property from C-3, Commercial District, to C-1, Restricted Business District. (City Manager)**

Margaret Tisdale, 509 Howard, asked where this property was and was told it is the former City Hall.

Gene Tisdale, 524 Howard, asked for descriptions of the zoning districts and asked what the future plans are for the property.
Mayor Wohr discussed the difference in the zoning and said we don't have any plans for the property at this time. He was told if someone wanted to have apartments overhead they would have to come before the City Council.
Mayor Wohr's reply to why the City would rezone just one little corner was that zoning is the only control over a property that a City has.

Mayor Wohr closed the public hearing when no one else came forward to speak.

2) **Discussion and Action on proposed zoning change for Block 11, Lots 1, 2 and 3 of the Old Town Garza property from C-3, Commercial District, to C-1, Restricted Business District. (City Manager)**

Motion was made by Councilmember Fletcher to approve item H-2. Second by Councilmember Marino.
Ayes: Councilmembers Marino, Johnson, Stapleton, and Fletcher
Noes: Councilmember Harper

Motion Passed

3) **Public Hearing on proposed Ordinance amending Section 122-1132 (c), Location of Required Screening, of Division 2, Screening, of Article XXV, Screening, Landscaping and Tree Preservation, of Chapter 122, Zoning, regarding commercial dumpsters. (City Manager)**

Gene Tisdale, 524 Howard asked if this applied to any dumpster anywhere in City of Lake Dallas.
Mayor Wohr replied that it is for all commercial dumpsters.

Donna Wood, The Colony, said they have no screening around their mobile home park. Is this singling out specific areas?
Mayor Wohr said this would apply to all commercial dumpsters and the owners will have a year to comply with the ordinance.

There was discussion about the gate being opened on trash pickup day; who repairs the gate when the wind catches it while it's open; messes that could occur because people won't get all the trash inside and it will end up between the dumpster and the screening and make a larger mess and could be a potential health hazard.

Jon Wilson, 726 Summers Lane, said the dumpsters at Ace Hardware and the marina are not screened and he'd like to see them left like that and let the company's keep their prices down.

Winston Harper, 390 S. Lakeview, said he was in Denton today. They have dumpsters there that are not screened and they are visible from Carroll Street. He said there are some things in life that are necessary and we're a small town. He said the merchants in this town are struggling. We shouldn't be putting any more on our merchants. We should try to encourage business here, not discourage it.

Russell Wood, 701 Thompson mobile home park, said we should look at other places that already have them enclosed. You're going to have odor and a mess.

Barbara Davis, 600 Block of East Hundley, said her dumpsters have the doors on the sides.

Mayor Wohr said we may have to look at those dumpsters that are in the back of a property and make exceptions. He said there are situations where we do get complaints.

Jon Wilson said he thinks some of this beautifying Lake Dallas needs to be only where it is needed and not as a blanket statement.

Margaret Tisdale, 509 Howard, said the average citizen wouldn't know what an ad was talking about when it is published in the paper about ordinance and zoning changes.
Mayor Wohr said that the City doesn't have the resources to send agendas to everyone.
Mayor Wohr closed the public hearing.

4) **Discussion and Action to approve an Ordinance amending Section 122-1132 (c), Location of Required Screening, of Division 2, Screening, of Article XXV, Screening, Landscaping and Tree Preservation, of Chapter 122, Zoning, regarding commercial dumpsters. (City Manager)**

Motion to approve item H-4 was made by Councilmember Fletcher. Second by Councilmember Johnson.
Ayes: Councilmember Fletcher

5) **Discussion and Action to nominate and approve citizens for the 4B (Community Development Corporation) Board. (City Manager)**

Motion was made by Betty Harper to appoint Neal Malone, Gary Johnson, Tony Marino, and Carolyn Green to one year terms and Vicki Carusi, Kathy Pannell, and Betty Harper to two year terms. Second by Councilmember Stapleton.

Motion was made by Councilmember Stapleton to **amend** the motion that was placed on the table to read the one year appointments in the place of the stated two year appointments [Vicki Carusi, Kathy Pannell, and Betty Harper reappointed to a two year term to expire 2005] and the two year appointments in place of the stated one year appointments [Neal Malone, Gary Johnson, Tony Marino, and Carolyn Green reappointed to a one year term to expire 2004] as stated above. Staff present were: City Manager Ray Kendall, Lt. James Lowery, City Secretary Weikum, and Tom Hoover, City Engineer.

B. Mayor Wohr gave the invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. ANNOUNCEMENTS
There were no announcements.

E. VISITORS/CITIZENS AGENDA
Aldena Gregory, 603 E. Hundley, said she was there to speak for Sadie Carter, who is about 96 years old and has no family or anyone around to help her. Now that the City is not funding Dial-A-Ride it costs Sadie $10 each way to go to a doctor's appointment in Lewisville instead of riding free. She thinks we should allocate some of our tax money for Dial-A-Ride to help our seniors. She feels the seniors should have an opportunity at least once a week to be able go to the grocery store, drug store, or a doctor.

Mayor Wohr thanked her for her input.

Bry Kinney said she just opened Curves, a new business, at 312 South Shady Shores and wanted to introduce herself.
Mayor Wohr said we have a vested interest in them doing good.
Councilmember Johnson invited her to come to the Chamber of Commerce meetings on Wednesday mornings at 7:15.

F. REPORTS:
Boards and Commissions
Neal Malone, Parks and Recreation Board, said that last Tuesday night they had their elections. He's the new chair and the co-chair is Karl Hammond. He said that FallFest was one of the best they've ever had and that we ended up in the black. The next thing is the tree lighting in December. Progress is being made on the Christmas tree and we hope to have it in for the tree lighting program. There will be

a photographer in the vestibule and Councilmember Stapleton will be the storyteller again. They are appointing committees for the events during next year. Recruitment is the problem right now – they are five members short on the board. Neal said he visited with all of the vendors and did not hear even one criticism. Neal thanked the Council for giving him the opportunity to work again.

G. CONSENT AGENDA:

1) **Discussion and Action on approval of Minutes for meeting of September 25, 2003. (City Secretary)**

2) **Public Hearing and Workshop for requiring a residential Certificate of Occupancy upon change in occupancy and/or ownership. (City Manager)**

The City Council spoke informally first and then asked for citizen participation.
City Manager Ray Kendall said about a year ago council asked staff to look into what could be done regarding property that may or may not be up to health and safety standards. He said we are offering alternatives: the minimum cost of any inspection is $47 and we're recommending the c/o cost be $50. There was discussion about frequency requirements and having the initial fee be a lesser amount and any re-inspection fees be more costly. There was concern about the required safety and health codes. We would be able to track rental units through information from the utility companies.

Linda Barnard, 5315 Kings Manor, said she has several issues with this and feels the fee is too high.

Diane Tisdale, 524 Howard, said she's had fourteen tenants move out this year.

Gene Tisdale, 524 Howard, asked who requested this up to come before Council.

Mayor Wohr said the fire department had asked what could be done after the deaths of two people in separate fires that occurred in one year.

Tanyia Pine, manages Ashley Village Apartments at 155 West Overly, said she is opposed to this.

Joe Tisdale, 509 Howard, said it would be all right with a more reasonable fee.

Margaret Tisdale, 509 Howard, said that most of their renters are there from 5 – 15 years, so she doesn't have a problem with the c/o requirement, just the fee amount.

Rod Courtney, 162 Kingswood Drive, agrees with the idea. He wondered if there could be a 2 tier fee. Or, when you make the inspection that should be the lower fee but if the inspector needs to come back for re-inspection, then charge the higher fee at that time. He thinks we should take our time to work out something reasonable.

We need to develop a multi-family inspection regulation and find out what other cities are charging.

3) **Discussion and Action to approve an Ordinance requiring a residential Certificate of Occupancy upon change in occupancy and/or ownership. (City Manager)**

6) Discussion and Action to nominate and approve citizens for the 4B (Community Development Corporation) Board, Planning & Zoning Commission, Board of Adjustment, and Parks and Recreation Board. (City Manager)

Motion was made by Councilmember Johnson to appoint Ben Gilbert and Diane Byers as 2002-2004 appointments; Cliff Elton, Robert Northrup, and Peggy Shelton as 2003-2005 appointments; Karl Hammond as alternate and any application received as second alternate for the Planning & Zoning Commission. Appoint Matt Flanagan, John Flaming, Steven Bertrand as 2002-2004 appointments; Sandy Payne and Bruce Martin as 2003-2005 appointments; and appoint four alternates as applications received for the Board of Adjustment. Appoint Tina Martin and Gary Johnson as 2002-2004 appointments; Neal Malone, Karl Hammond, Tony Robinson, Theresa Pierce, and Jeff London as 2003-2005 appointments; and 4 other members and 2 alternates upon receipt of applications for the Parks and Recreation Board. Appoint J. W. Lively, Karl Hammond, and Beverly Weikum as 2002-2004 appointments; Marjory Johnson and Alan Fletcher as 2003-2005 appointments for the Economic Development Corporation. Appoint Vicki Carusi and Julia Lee to the Library Board. Appoint Robbie Robertson to the Lake Cities Fire Board and City Manager as alternate. Do appointments for Community Development Corporation at next City Council Meeting. Second by Councilmember Stapleton.

G. WORKSHOP:

1) **Discussion on changes to the City's Personnel Policies and Procedures.**

Councilmember Ken Stapleton said a policy for 'Violence in the Workplace' is pretty much standard these days and he thinks the city should have it.
There was discussion about where it would fit in the current Employee Personnel Manual.
City Manager Ray Kendall will look it over and said he will discuss it with the department heads and city attorney.

H. CONSENT AGENDA:

J. CITY MANAGER'S REPORT

City Manager Ray Kendall said he had given each Councilmember a binder containing the current budget. There will be an amendment to the budget because Summers was added to the list of the streets to be repaired.
He said he asked Carl Deaton, auditor, to show the designated funds separately in the audit.
City Manager Ray Kendall said we need to get some energetic persons to serve on our boards and commissions. We're having a problem with attendance.

K. NEW BUSINESS

We need a workshop on the next meeting to discuss the certificates of occupancy and allow the citizens to give public input.
On future street projects we should schedule public hearings for 30 days prior to Council action.
Mayor Wohr asked City Manager Ray Kendall to contact the man who left during the meeting tonight.
We should put the Spirit of Christmas and the Linwood Gilliland Community Room on as an agenda item. We need to determine what alternatives there might be.

I. CITY MANAGER'S REPORT

City Manager Ray Kendall said that other than his written report he doesn't have anything unless they have questions.

J. NEW BUSINESS

There was discussion about the situation of Special Use Permit applications and lead-time before action. There should be an easier way for people to determine our procedures for permits and applications.

Traditionally, in the past when we assign employees to new duties, we have raised their compensation. Is the Council interested in doing that for Lt. Lowery in the Chief's absence? City Manager Ray Kendall said you could pay them the difference between their current salary and the beginning salary for the other position. Mayor Wohr said he would like to see him have the title of Acting Chief of Police. City Manager Ray Kendall said a memo had been sent out stating that Lt. Lowery is the Acting Chief of Police.

Could we have an agenda item for next meeting addressing employees and a policy for a sick leave pool?

It would be good for a press release to be sent to the paper explaining the tax rate and increase.

There was discussion about the Friends of the Library and deposit and floor-cleaning fee for their book sales.

There was a question about items that go before the Board of Adjustment that have not been before the Planning & Zoning Commission and/or City Council. It was determined that the procedure is proper.

B. VISITORS/CITIZENS AGENDA

Jennifer Delmare, 155 W. Overly Apt 2402, Lake Dallas is planning to open a non-profit daycare for children and needs to open by the 18th because she has 26 people waiting and more on a waiting list. The location is 111 Lakeview Drive and they are in the process of having changes made to bring the building up to code. She needs help to get this through to get a place for these kids.

Justine Henry said she was going to say the same thing as Ms. Delmare said.

C. BUDGET WORKSHOP

City Manager Ray Kendall said would have handouts for the Councilmembers after the presentation. His presentation included the current financial status, results of last year's audit, budget adjustments in April, and cash flow projections. He said the biggest revenue we have is property taxes. He's recommends the City have a property tax increase of 1.8 cents which would produce additional income of approximately $70,000. He commented on the sales tax revenue; franchise fees; the storm water management program and Waste Management's offer to do the billing for us; building permits and some fee increases; annual alarm system fees plus false alarms; the liquor licenses and surcharge fees; and municipal court and citation fees. The Economic Development and Community Development Corporations will reimburse the City for some of its expenses.

Waste Management has agreed to donate $6,000 for the community room kitchen. CenturyTel has also agreed to give $6,000 towards cost by giving $2,000 this year and $4,000 next year.

City Manager Ray Kendall discussed the expenses portion of the proposed budget. He discussed the health insurance and dental program. He said the City doesn't offer a long-term disability plan for our employees. He addressed the storm water management program and fire department budget.

Councilmember Stapleton left for a previous appointment at 8:00 PM.

City Manager Ray Kendall said the police department is still planning to buy a new vehicle and will pay for it out of their auction account. The Pubic Works Department will continue to have three full-time employees plus two seasonals. The department does need a new truck because the 1990 Dodge costs too much in repairs.

D. Discussion and Action to Specify Changes to Proposed Budget.

H. CITY MANAGER'S REPORT

City Manager Ray Kendall said that today's Sun Newspaper had an article that said the City of Lake Dallas' sales tax revenue was up over June of last year. They failed to say that this increase was due to the 4a/4b sales tax. The general fund is down 1.4% from last year but June's receipts are about 4% more than last year. The owner of the newspaper said when they run the article again they will give the numbers as related to funds. It would give the wrong impression to our citizens since the 4a and 4b sales tax monies cannot be used by the general fund.

He said that outside the door is a trash container that could be used for trash pickup in the City.

City Manager Ray Kendall said we've been asked about the placement of more freestanding signs like the one at Hundley and Denton Drive. Our ordinance allows them for up to twelve months. He said he has concerns about the freestanding signs and that we should amend that ordinance to control or prohibit the use of freestanding signs.

There is a new business that wants to locate on the access road where the fence company was. The item will be on the Planning & Zoning Commission agenda next Thursday and they are requesting a special Council meeting after the P & Z meeting so they can get started on their pool site work. We can schedule a meeting for 8 PM on July 17.

I. NEW BUSINESS

The next regular agenda should have an item on it to approve the leadership skills training.

G. SCHEDULED BUSINESS:

1) Discussion and Action regarding portable buildings at Middle School. (City Manager)

City Manager reported that according to City Ordinances portables are not normally allowed in this location; however in this situation it is necessary for safety reasons. Tom Davenport, LDISD Superintendent, spoke on behalf of LDISD. Mr. Davenport apologized to the Council that the school district had not kept the City more informed on what was going on with their building process. He said it was an oversight on their part. Mr. Davenport confirmed the City Manager's comment that the portables were in the front of the school property due to safety concerns. Hopefully, construction will be completed within one year and the portables will then be removed. The portables will be skirted. Mr. Davenport asked that the City hold the school district accountable during the building process. Councilmember Fletcher asked if there might be a sign erected indicating the portables are a temporary construction situation. Mayor Wohr asked that an informational brochure be compiled so that the City might have something to give to people who inquire about what is taking place on the property. Mayor Wohr asked for approximately 100 copies.

D. WORKSHOP:

1) Discussion pertaining to goals and objectives for the City of Lake Dallas and review of vision statement recommendations.

Mayor Wohr said that Councilmembers and staff all have an idea of something they would like to have for our City.

City Manager Ray Kendall said we should set objectives and establish priorities. He said these items in his presentation are not in any particular order or priority.

Health insurance & other benefits:

We will be sending out RFP's for Major medical, dental (employee currently pays entire premium), and long-term disability (which is not available to employees at this time). The bids should be back July 17 and ready for approval at July 24 council meeting. We're going to have to change the amount of the deductibles and the employees understand. This will also put us on a fiscal year so any future increases will occur during budget planning.

Street overlays:

We have $254,000 available. We may not be able to afford the interest cost if we were to issue bonds. He asked for Council input regarding what they view as the top ten streets to be done. City Manager Ray Kendall said he and Johnny had driven around town and that's how he arrived at the list he previously presented to the Councilmembers. Church Street expansion and curbing for Harbourtown were discussed.

Audit services:
We need to go out for bids again this year as required by the Home Rule Charter.

Trash services:
City Manager Ray Kendall said he would recommend Monday/Tuesday pickup and the use of standard Carts. He thinks we should increase the franchise fee to 10%. We could offer an optional recycling program that would be customer paid. We will negotiate for free roll-offs for the quarterly cleanups. There was discussion about the use of poly-carts and recycling.
City Manager Ray Kendall said they would like to extend Waste Management's contract for two to three years because we don't know what might happen. The contract ends in November. There was discussion about commercial customers who are not using dumpsters and therefore don't pay commercial rates.
There was discussion about screening requirements for dumpsters. All site plans that come before the City are required to provide screening for dumpsters.

Residential property Certificates of Occupancy:
Usually, anyone buying a home in Lake Dallas has a third-party inspection.

- Owner use to new owner occupancy
  fee waived with 3rd party certified inspection
  fee waived if occupancy stays the same
- Owner use to rental occupancy
  fee waived with 3rd party certified inspection
  fee waived if occupancy stays the same
- Rental use to owner occupancy
  fee waived with 3rd party inspection
  fee waived if occupancy stays the same
- Rental use to new renter occupancy
  city inspection is required unless one has been conducted for the property within preceding year
  fee waived if occupancy stays the same

The inspection fee would be $35 and re-inspection fee of $25. The fees would be paid by the property owner, as would the compliance repairs. There was discussion about water heater inspections and health and safety issues.

Storm water management program:
The time frame for approval of the City's program and obtain the permit will be around August. We'll need to establish a citizen advisory board; implement a storm water ordinance; provide for new storm water inspection fees; prohibit & remove non-storm water discharge; control erosion & sediment; create a storm water district; fund a storm water management program; establish rates (we will need to hire a rate consultant); determine a procedure to bill our customers.
Funding requirements:

1. NCTCOG strategy for managing storm water is $1800.
2. NCTCOG public works program & manual is $5000.
3. Consultant to implement program with staff will be $10,000 to $15,000.
4. Rate consultant cost is $15,000 to $25,000.

This project needs to be in the 2004 budget. Whether churches and other exempt property tax entities will be exempted from this charge will be a Council decision. Commercial properties should pay higher rates than residential. We have to start funding drainage ditches – construction and/or maintenance.

Planned Development District:
This would allow for the phased development of land in a manner that will permit flexibility and encourage a more creative, efficient and aesthetically desirable design and placement of buildings, open spaces, and circulation patterns. This will utilize special site features such as topography, useable open space, landscape features and that will maintain the integrity and value of surrounding areas.

Vision/Mission statements:
Recommended by the Economic Development Corporation and Parks and Recreation Board.
"Lake Dallas' vision is to be a proud community with unique charm, built on strong family and community values, with exciting lakeside, recreational, and tourism assets,
supported by a diverse and profitable business base."

Code enforcement:
City Manager Ray Kendall asked if this is a Council priority. He gave some background on Building/Code revenues and expenses from 2000 and the current year. Code enforcement is now complaint driven and is interfering with building inspections and permit issuance which are revenue generating activities.
There was discussion about getting inspections for builders done in a timely manner; checking for standing water due to the threat of the West Nile Virus; code enforcement should be handled in a proper manner; as our City ages everything changes (property conditions and values, crime, drug offenses). Our economic development could have an impact on what types of businesses we have on our main streets.
City Manager Ray Kendall said no one has the time in Administration to manage code.
There was discussion about whether another entity needs to be created and funded.
We should workshop a plan that develops a simple plan for the complaint processes that should include consistency in the procedures.

Budget guidelines:
City Manager Ray Kendall asked council about increasing fees for permits and inspections, licenses, etc. as opposed to a property tax increase. We are allowed to charge one-half of the surcharge that TABC charges on liquor fees over what we have been charging for our annual liquor licenses. There could be an increase in municipal court fines. We can request an increase of franchise fees for waste services.

The Fire Department's increase is so high this year that it alone would call for a property tax increase of 6.2 cents per $100 tax value. There was discussion about educating the citizens for the need of a property tax increase for the fire department. We can tell them their alternatives such as response time and a better ISO rate. There are tragedies that have happened in the past when we did not have a fire department that could respond quickly. There is also the issue of the property tax rollback rate to be considered.

Salary increase percent:

City Manager Ray Kendall recommended keeping the step increase plan in place. He said he will give them different versions of salary increases and he said that perhaps we could also provide dental and/or long-term disability. The COLA was mentioned. City Manager Ray Kendall said we can do a 5 year replacement on capital purchases and also request a postponement of some items. With legislative changes there could be a chance that 4-b money can't pay for the kitchen in the community room. How would we get funding. If we had a business build the kitchen we could name the room after them. City Manager Ray Kendall said he is asking the 4b board to pick up the cost of maintaining the parks and that would result in about $24,000 annual savings.

Tax Rate Increase:
The appraised values are up $20 million which results in $114,000 additional revenues.

OTHER OBJECTIVES:
Screen commercial dumpsters
Comprehensive plan update (4a and 4b Corporations)
Parks master plan grant funding
Sidewalk program near schools
Additional I-35 Lake Dallas exit
Lewisville Lake Bridge project
Expansion of Swisher road
Economic development projects
Expansion of Lake Dallas city limits.

There was discussion that the 4b corporation is already in debt and can they afford to take on parks maintenance next year. Maybe we should try to get an 'On The Border' or 'El Felix' and the City could try to provide some offsite parking.

There was discussion about Shady Shores needing to comply with the storm water program but they have no professional means of accomplishing that. It was suggested that we should put on a Kids'n'Cops program for them. It's a window of opportunity but it's not going to be there forever.

We should have an action item about pursuing the negotiation of the trash contract.

There was discussion about the portables at the ISD that were moved this past week. Perhaps we could get the school district involved with the sidewalks.

E. NEW BUSINESS

For the 4th of July parade – maybe we could all fit in a couple of cars and participate in the parade.

J. CITY MANAGER'S REPORT

City Manager Ray Kendall said he had given them a special report on the Fire Department Board Meeting. They have decreased their initial budget by $300,000. It will still require a 30% increase in our cost for fire services. He said we're facing two years of increases. He said the good news is than an ISO analyst will come in and because of the quality of fire protection the insurance rates should offset any tax increase we might have to do. We will look at their budget the first meeting in July. City Manager Ray Kendall asked for their specific questions so he can get them to the fire dept before the July meeting.
City Manager Ray Kendall discussed the meeting that he and Councilmembers Johnson and Tony attended about the legislative update. He encourages all Councilmembers to look at the information they brought back.

K. NEW BUSINESS

Councilmember Johnson referenced the note from the Lake Cities Girl Scout Troup 1295. They have been invited to the next Planning & Zoning Commission meeting and she will present them with a Certificate of Appreciation.
There was recognition for the Police Department and for the good teamwork during the recent murder investigation and all the media on the premises. Mayor Wohr said we looked professional and well prepared and it reflects well for our Police Department.
Mayor Wohr said that something very, very unusual happened toward the end of the Legislative Session. We lost the North Texas Drug Task Force by the strike of a pen. He said he would like to see it come back.
Councilmember Marino said he had met with the North Texas Yamaha owner and drove around Willow Grove Park. He was considering jet ski races but that had already been started by the marina owners.
The flight club will be at Willow Grove Park next Saturday.

L. ADJOURNMENT

Motion to adjourn was made by Councilmember Johnson. Second by Councilmember Marino.

B. The invocation was given by Councilmember Stapleton.

C. Mayor Pro-Tem Marjory Johnson led the Pledge of Allegiance.

D. ANNOUNCEMENTS
Mayor Pro-Tem Marjory Johnson said Kathleen Gilliland called today and said some people had given her some money at the time of Linwood's death for her to use whatever way she wished. She donated $500 to be used for construction of the kitchen in the Linwood Gilliland Community Room.

City Manager Ray Kendall said there is a Memorial Day ceremony at 9 AM at Swisher Cemetery on Monday morning.

E. PROCLAMATION – Click It or Ticket
Mayor Pro-Tem Marjory Johnson read the proclamation. Mayor Wohr arrived during this time.

F. VISITORS/CITIZENS AGENDA
Vicki Carusi, 224 Pembrook Street, gave a report on the library remodel project. The current phase in nearly complete. She invited everyone to come the Open House at 10 AM on May 31. Remodeling has included one large room, offices, restrooms and kitchen plus new wood floors. They still need additional shelving. The ESL classes have been held at the Methodist church. They will resume the children's story times and puppet shows. The Denton County Library Board has chosen their library for the May meeting. She said she had received a copy of HB 2912 and stated that it could affect how the 4b board can spend its money by cutting funding for libraries.

Jeanette Harmon, 72 Lakeridge, said she wants the code violations at Kingswood fixed. She wants the job descriptions of all the department heads. She told the city council that some old trailers that have been brought in with laminated siding and there's been a recall made on that kind of siding. She also brought to code enforcement's attention that there are four homes on Oakwood with a lot of trash in front of them. She thinks the landlords should be more responsible.

Mayor Wohr suggested that City Manager Ray Kendall and himself should meet with the Kingswood Homeowners Association in an effort to remedy the situation.

Norma McAlavy, 25 Oakwood, said she was interested in how soon Mr. Kendall allows the notices to be carried out. She asked what steps are taken if a violation is not corrected? City Manager Ray Kendall said that normally violators have ten days to conform to code. He said if they don't take care of it by the specified time they will be issued a citation and will need to either pay the ticket or come to court.

Mrs. McAlavy asked if the City has an ordinance that says we can tarp cars, trailers, boats, etc., and put them in a yard and make it legal. She thinks there should be a state law or city ordinance that landlords have to keep the homes up.

Mayor Wohr again suggested a meeting with the Kingswood Homeowner's Association and said maybe that will help revitalize the homeowners' association.

Mayor Wohr closed the Citizen's Agenda when no one else came forward to speak.

I. CITY MANAGER'S REPORT

City Manager Ray Kendall asked if there were any questions about his written report. He said he wants to thank Chief and Sgt. Frazier for installing the sound and video in the Council Chambers. He asked the Mayor and Councilmembers to make a top ten list of streets to be repaired from the list he prepared for them. He said he will compile those lists and it will come back on the agenda. Some upcoming events are a Planning & Zoning seminar in Dallas and a Legislative update in Arlington on June 5.

J. NEW BUSINESS

Mayor Wohr thanked everyone who participated in the Kids N Cops. Mayor Wohr thanked City Manager Ray Kendall for helping. Mayor Wohr said the barnyard animals were a very good addition to the program.

Councilmember Marino said he asked the owner of North Texas Yamaha if he'd be interested in using our parks. He said he'd be interested in finding out what the process would be. He also mentioned Willow Grove Park as a camping area for people who come to the NASCAR races. These would be items for the Parks and Recreation Board.

Councilmember Johnson said she went to the Corinth Council and spoke on their Citizen's Agenda about the funding for the fireworks. She also congratulated Chief Ristagno for obtaining the 1996 Tahoe to use for transporting Max.

The City Council sang Happy Birthday to Councilmember Harper.

Councilmember Stapleton said that a street cut has been done on Meadowbrook. Mayor Wohr said the utility companies are supposed to bore under, instead of cut through, those streets that we have had refurbished over the past few years.

Councilmember Fletcher said he had a call from a citizen about the situation with commercial dumpsters. We don't have a screening requirement. City Manager Ray Kendall said we can look into it but it will have to go to P & Z initially. Councilmember Fletcher also asked what the complaint process will be if a citizen calls the Councilmembers. They should call Code and staff will make a copy and put it in their boxes. He also thanked City Manager Ray Kendall for sending the letter to TxDOT.

Mayor Wohr said TxDOT did get the bridge fixed, too. He said he has talked with Northstar Bank and they are getting ready to present a site plan for their new construction.

City Manager Ray Kendall said we need a meeting with the fire department before our workshop. Councilmember Johnson said that Chief Jason Collier asked to meet with her next week. They will try to arrange a meeting with Mayor Wohr, Robbie Robertson, Chief Collier, Councilmember Marjory Johnson, and City Manager Ray Kendall.

K. ADJOURNMENT

Motion to adjourn was made by Councilmember Johnson. Second by Councilmember Stapleton.
Ayes: Councilmembers Marino, Johnson, Stapleton, Fletcher and Harper

E. PROCLAMATION – National Police Week

Mayor Wohr read the National Police Week proclamation.

F. REPORTS:

Boards & Commissions

Chris Fahey, chair of the Parks and Recreation Board, gave a report of their May 6 meeting. They thanked Waste Management, Sonic and Romano's for the supplies and/or food provided for the Willow Grove Park cleanup on April 19. She also thanked Councilmembers Gary Johnson, Marjory Johnson, & Alan Fletcher as well as City Manager Ray Kendall.

Councilmember Fletcher reported that in the last 4b joint meeting with Parks, a representative from Lake Cities Soccer Association said there's a good chance we'll lose the soccer teams to other fields.

Councilmember Marjory Johnson, 4a board, said an ad the 4a board is paying for is running at the Rave and it looks pretty good.

Robbie Robertson, fire board said there will be a fire board meeting on May 12. He hopes they can firm up budget so they can present it to us within a couple of weeks. He asked if there would be a meeting with the Lake Cities mayors again this year.

Mayor Wohr said it's going to happen.

G. VISITORS/CITIZENS AGENDA

Jeanette Harmon, 72 Lakeridge in Kingswood Estates, said she has brought some of these problems up in the past. They don't think the problems are being taken care of in the mobile home park and feels the values are going down. She thinks we need to get tougher on code violations and maybe issue citations. Two empty trailers have been sitting there almost a year. She objects to old trailers being moved in. This is ongoing problem.

Norma McAlavy, 25 Oakwood, said there are a lot of good people in Kingswood Estates. One landlord there doesn't tell the renters about their responsibilities to the city codes and the homeowners association She reported what she thought were code violations several homes in Kingswood. She asked that the city help them upgrade their park. She thinks the rentals should be checked out to see if they are livable.

COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular business meeting on April 24, 2003 at 7:31 PM at the Lake Dallas City Hall located at 212 Main Street with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. ROLL CALL

Ken Stapleton	Mayor Pro-Tem
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Mayor Wohr was absent and excused.
Staff present: City Manager Ray Kendall, Police Chief Nick Ristagno, and City Secretary Weikum.

B. The invocation was given by Mayor Pro-Tem Stapleton.

C. The Pledge of Allegiance was led by Mayor Pro-Tem Stapleton.

D. VISITORS/CITIZENS AGENDA

Christopher A. Hicks, 7708 Moss Point Court in Denton, said he's been talking with Bonnie Brown Garcia about some property she owns on Denton Drive by the ballet school. The property is zoned C-1 and would need to be zoned C-2 for him to open his small boat dealership.
Mayor Pro-Tem Stapleton asked him to follow the re-zoning application process.

Danny H. Gill, 786 Texas Oak Trail, said there is a problem on Texas Oak Trail. The easement has failed, sidewalks have caved in, and driveways are starting to cave in. On April 7 his driveway collapsed about a foot. He has talked with code enforcement and utility officers and they have been out to look at the problem. He was told that his water sprinkler system was causing this. He has had his driveway repaired. He said we need to work together on this to get the problem solved and he would like to be on the agenda for the next council meeting. Mayor Pro-Tem Stapleton asked City Manager Ray Kendall to look at it and check with the City Engineer to get a report for Mr. Gill and the Councilmembers.

Wes Eversole, 1370 Forest Creek Drive, Lewisville, said he is the Assistant Superintendent for the Lake Dallas ISD. He wants to share the plans to paint a falcon on the water tower adjacent to Lake Dallas High School. The falcon will have a 35' wingspan on the tower. The cost is around $11,000. He said the ISD will front the money but is soliciting any contributions from cities, businesses, and citizens. If it were to become an action item he would be happy to come back with a presentation.

E. **WORKSHOP:**

1. Planned Unit Development for Market Street. (Building Official)

Mayor Pro-Tem Stapleton said the Submitter has asked that this be moved to after the agenda items. It was agreed to move forward with the business items first.

Terry Lantrip, 275 Market, said he has been here for eighteen years and a property owner for seventeen years. The project he has is not a new concept – it is commercial on the first floor with residential above it. He wants somewhere for his print shop as well as some shops to lease out on the main level with nice apartments on the second level. He said he would like to see extensive landscaping ordinance. He's thinking about the 1920's look for the building facades. His current building was built in 1908. We will schedule a joint meeting with the Planning & Zoning Commission on May 8 to workshop this project.

F. **CONSENT AGENDA:**

1) **Discussion and Action on approval of Minutes for meeting of April 10, 2003. (City Secretary)**
2) **Discussion and Action on approval of report of First Quarter 2003 Investment Funds. (City Secretary)**
3) **Discussion and Action on approval of site plan for 'Your Barber Shop' on Denton Drive. (Building Official)**
4) **Discussion and Action on approval of an Ordinance for budget amendments to FY 2003 Budget. (City Manager)**
5) **Discussion and Action on approval of a health care plan for City staff. (City Manager)**

Motion to approve the Consent Agenda items was made by Councilmember Marjory Johnson. Second by Councilmember Fletcher.

Ayes: Councilmembers G. Johnson, M. Johnson, Mayor Pro-Tem Stapleton, and Councilmembers Fletcher and Harper

Noes: None

Motion Passed

G. **SCHEDULED BUSINESS:**

1) **Public Hearing on approval of a Special Use Permit to operate a child care facility at 102-A Dobbs Road, Lake Dallas, Texas; Lot 1 of the Houghton Addition. (Building Official)**

Phillip Groves, 332 S. Shady Shores, Shady Shores, said he thinks this business is entirely inappropriate for this area. He thinks it would take some major changes to conform to minimum parking & fire codes. He's not a resident but has always tried to be a good neighbor.

Joe Neitzel, 407 S. Shady Shores Rd., Shady Shores, said he owns property immediately across the street. He said he never received notification from the city.

Doug Hubby, 1330 Bogard Lane, Lewisville, said his son attends Yardley Montessori School. He does agree it may be a commercial endeavor but it is a school. It's an option instead of the public school system. There's a home environment and his support would be with Laura Leigh.

Cindy Nelson, 812 Lake Bluff Drive, said we have something we can be very proud of here in Lake Dallas. Having something this good in Lake Dallas is a good draw. It's on a huge lot. Dobbs goes all the way through so there's not going to be any effect on the traffic.

Julie Coker, 2001 Wentworth Court, Argyle, said she was at the Planning & Zoning Commission meeting last week. Most schools are in residential areas instead of commercial or industrial areas. She thinks Yardley is the best. It has a calm and peaceful environment. Her son tested at 3rd & 4th grade levels and he's only 5.

Christie Houghton, 102-A Dobbs Road, said she's been a citizen of Lake Dallas for 25 years. She's watched this town grow and she thinks it would be an awesome thing for the city. Her home is a very natural setting.

David Reed, organizing pastor in Corinth, 788 Texas Oak Trail, said his purpose is to say how thrilled he was to meet Laura Leigh and he's excited about the Montessori teaching. He lives within two hundred feet of the location and they are in favor of this. It will provide quality education.

Mrs. Reed, 788 Texas Oak Trail, said she's a certified teacher and teaches in the Lake Dallas system. She knows Laura Leigh Crow. The house is large and so is the lot. Montessori is an excellent learning tool.

Frank Blagg, 375 S. Shady Shores Road in Shady Shores, said he is concerned about what the future expansion of the school is going to be and wondering about the need for traffic control at Dobbs and Shady Shores. What future influence would this school have on future zoning changes in the neighborhood? He would like to see the presentation.

Assad Hussain, 5502 Briar Oaks, said he owns the property right behind this property and access to his property is thru 102-A Dobbs Road. His concerns are not against the school. Mrs. Crow has assured them that they can work something out. He has concern about how it will affect the value of his property.

Laurie Scharber, 33 Oak Circle, Hickory Creek, said she's worked for a day care before. This is much more than a day care – it's a school.

Mr. Gill, 786 Texas Oaks Trail, said he thinks it's a wonderful idea. He thinks it would be great to build up the individual needs of the people.

Laurie Snider, 2141 Pembrook Place, Denton, said she enrolled her son a few months ago and he is really flourishing.

Russell Crow said they own the Yardley Montessori and gave a presentation. He said they are currently at 703 Main and have 17 students. They are usually closed during the summer months. He had site plan and visuals. They will fill in the swimming pool and make it into a rock garden. He said ADA spec's will have to be conformed to. They will have classrooms, an office, storeroom, and library.

Mayor Pro-Tem Stapleton closed the public hearing when no one else came forward to speak.

2) **Discussion and Action on approval of an Ordinance allowing for a Special Use Permit to operate a child care facility at 102-A Dobbs Road, Lake Dallas, Texas; Lot 1 of the Houghton Addition. (Building Official)**

Motion to approve the Ordinance was made by Councilmember Marjory Johnson. Second by Councilmember Fletcher.
Ayes: Councilmembers G. Johnson, M. Johnson, Mayor Pro-Tem Stapleton, and Councilmember Fletcher.
Noes: Councilmember Harper.

Motion Passed

3) **Public Hearing on approval of a proposed replat of Lots 13 and 14 (Part of each), Block 1 of the W. D. Franks University Camp addition into one tract. (Building Official)**

No one came forward to speak. The owner was available for any questions.

4) **Discussion and Action on approval of a proposed replat of Lots 13 and 14 (Part of each), Block 1 of the W. D. Franks University Camp addition into one tract. (Building Official)**

Motion to approve the replat was made by Councilmember Fletcher. Second by Councilmember Marjory Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Mayor Pro-Tem Stapleton, and Councilmembers Fletcher and Harper
Noes: None

Motion Passed

H. CITY MANAGER'S REPORT

City Manager Ray Kendall said this Saturday at 9 AM we'll celebrate Arbor Day and do a clean-up of Willow Grove Park. Waste Management has donated some trash bags and gloves for that project. May 1 at noon National Prayer Day will be observed at City Hall's flagpole. The Chamber of Commerce will have its annual banquet the evening of May 1. He asked if there were any questions about his written report. He said he would like to add announcements to the agenda after the Pledge of Allegiance. Mayor Pro-Tem Stapleton thinks a change of the agenda will be good.

I. NEW BUSINESS

There was a compliment for Police Chief Nick Ristagno and his department and Officer Wheat for handling the Boys and Girls Club affair. They felt he was very courteous.
We should have an item on the May 8 agenda about the ISD's proposal.
Sometime in June we can discuss the objectives.
Saturday, May 31, from 8:30 to noon we should try to schedule a joint meeting of the 4a and 4b corporations, the Planning & Zoning Commission, the Parks and Recreation Board, and the City Council for a vision planning workshop.

D. Mayor Wohr read a proclamation designating April 14 through April 18, 2003 as Environmental Crime Prevention Week.

E. REPORTS:

Boards & Commissions

Chris Fahey, Chair of the Parks and Recreation Board, said they had discussed the purchase of a pine tree for City property but there is nothing budgeted for this purchase. The purchase of 2 picnic tables and 1 bicycle rack were approved at the April meeting. There is money in the budget for Willow Grove Park so the pump-out and removal of the restroom can come out of that account. There is a parks cleanup at Willow Grove Park scheduled from 8 AM until 2 PM on April 26. The Kid Fish at the marina is June 7. She handed out some information about a chili cook-off to the Councilmembers. The Public Hearing for the Parks Master Plan only had an audience of park board members, Councilmembers, and staff. The consultants are planning another Public Hearing for May.

G. NEW BUSINESS
The 4a Board approved an advertising contract for the Rave Theater.

The Parks Board will be having its first Saturday trade days beginning in May. All businesses will help and there will be booths at the parks. We might be able to promote the trade days for the Parks and Recreation Board.

Someone should contact TX DOT about getting rid of the pile of junk on the north side of the north bridge across I-35.

The worst street in Lake Dallas right now is Atchison. We need to look at the list of other streets that need to be repaired.

H. CITY MANAGER'S REPORT
City Manager Ray Kendall thanked the mayor and council for hiring him. He said there were some handouts on the table by the door. There is talk about improving I-35 and any comments should be made to HNTD Corporation by April 10. Mr. Kendall said there is a survey about the parks on table, too. He asked Harold Clark, Public Works employee, about the project he is involved in for our troops. The American Legion Post in Lake Dallas is a drop-off point for items that the troops can use.

Mayor Wohr said that John Polster, consultant for Denton County, responds to volume. He said we're a small community but we could put on some pressure about our part of I-35. Some people from UNT want improvements to the bridge across I-35 from UNT to the Radisson.

The City Council to convene into closed session to deliberate on the appointment, employment, and duties of the city manager pursuant to the Texas Government Code section 551.074, Personnel Matters.

Mayor Wohr called the open meeting back to order at 9:35 PM.

H. ACTION, IF ANY, FROM EXECUTIVE SESSION.
No action was taken.

I. STAFF REPORTS:
Mayor Wohr asked Interim City Manager Ristagno about the community room project. He replied that it probably won't be done by March 5. It was decided that the dedication should be done before it is used by anyone else. The Chamber of Commerce breakfast for March 5 will be held in the Council Chambers.

J. NEW BUSINESS:
The Council is hosting the March 5 Chamber breakfast.
Does Barfly's have all their permits and what is the possibility of getting them to change their name?
The fence isn't up at the U-Kart-It.
We need to find the previous city manager's file on the trash business.
Richard Dallof is responding to the letter about the Kings Manor reported code violations.
We need to see about getting the ISD's construction company to repair Hundley to its original condition when the project is completed.
There were a lot of calls in response to the Denton Record Chronicle's headline about the City of Lake Dallas laying off 40 people when, in fact, it was the Lake Dallas ISD.
A resident expressed concern about the lack of sanding during the recent ice storm. There was little traffic on that day and there had been sanding at major intersections. The more sanding that is done would entail larger clean-up efforts when the ice is gone.
O'Reilly's said that the corporate headquarters had no idea the Lake Dallas store would be doing as well as they are doing.

K. ADJOURN

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on February 13, 2003 at 7:30 PM at the Lake Dallas City Hall with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code.

A. ROLL CALL:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff Present: Interim City Manager Ristagno and City Secretary Weikum.

B. Invocation was given by Mayor Wohr.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. VISITORS/CITIZENS AGENDA
No one came forward to speak.

E. REPORTS:
1. Boards and Commissions
Chris Fahey, Chair of the Parks and Recreation Board, said they are working on adding more activities during the year. They have been discussing a quarterly city-wide garage sale that would include businesses having sidewalk sales and coincide with the Trade Days weekend. They have also discussed awards for a 'yard of month' for businesses and housing plus perhaps awards for best Halloween and Christmas decorations. They turned in a list of some ideas they had for the Parks Master Plan to the consultant at the 4b meeting. Some of the events include a motorcycle rally in May and radio controlled model airplanes in June. Both of these events would be held at Willow Grove Park. She said she is trying to contact a carnival to come here for FallFest. She said some people have driven out into the park area at City Park. Mayor Wohr said that could be discussed during New Business.

Mayor Wohr said perhaps Lake Dallas could play a bigger role in the twinkle light parade. They raise money for Toys for Tots with that event. We could have part of the route and have our park decorated and a place where people could view the parade. He also suggested that we have a civil war re-enactment at the 4th of July celebration.

F. **BUSINESS:**
1. Consent Agenda:
a. Consideration and Action on approval of January financials and accounts payable.
b. Consideration and Action on approval of 4th quarter 2002 investments report.
c. Consideration and Action on approval of Minutes for January 9, 2003 meeting.
d. Consideration and Action on appointment of Robert Northrup as an Alternate on the Planning & Zoning Commission.

e. **Consideration and Action on appointment of Theresa Pierce to the Parks and Recreation Board.**
f. **Consideration and Action on approval an Ordinance ordering an election to be held on May 3, 2003, for the purpose of electing City Councilmembers for the Place Numbers 1, 3 and 5; proposing amendments to the Home Rule Charter of the City of Lake Dallas and ordering an election to be held concurrently with the General Election on May 3, 2003.**
g. **Consideration and Action on approval of a Resolution for a contract with the Denton County Elections Administration for the May 3 election and early voting.**
h. **Consideration and Action on appointment of Election Judges for the May 3, 2003 election.**
i. **Consideration and Action on approval of contract with C & C Engineering, Inc. for plan review for the Lake Dallas Middle School.**

Steve Blackman with C & C Engineering said he would like to give the Council some background on their company. He said they are working for the city and making sure that all codes are enforced- federal, state, energy code, etc. on the Lake Dallas ISD project. They will do a preliminary plan review tomorrow and see if they can save the ISD any money. He said they are going to be onsite and under Richard's direction and could help enforce any requirements of the City. He said his staff is familiar with the storm water requirements by the EPA. They are Dallas-based, civil engineers with twenty-three years in the business. They did all of the Fort Worth ISD bond programs. They have also done residential, high-rise, and retail work. They have lots of experience and hope to have long relationship with us.

Motion to approve the Consent Agenda items was made by Councilmember Marjory Johnson. Second by Councilmember Gary Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher and Harper
Nays: None

Motion Passed

Mayor Wohr closed the open meeting at 7:55 PM.

G. EXECUTIVE SESSION:

The City Council to convene into closed session to deliberate on the appointment, employment, and duties of the city manager pursuant to the Texas Government Code section 551.074, Personnel Matters.

Mayor Wohr called the meeting back to order at 10:05 PM.

H. ACTION, IF ANY, FROM EXECUTIVE SESSION.

I. WORKSHOP:

1. **Review of Home Rule Charter revision (if necessary).**

No one had any other revisions other than those on the election order.

2. **Discussion on development of mission statements and directives for city's boards and commissions.**

The Boards and Commissions are appointed positions and should take direction from the elected city council. The Comprehensive plan is a very important document and needs to be reviewed and updated by the Planning & Zoning Commission. The commission should be able to make recommendations to the city council consistent with the city's vision. The Parks and Recreation Board should develop a stage plan for accomplishment of the priorities set for the city. They should seek the guidance of the City Council and be able to set out long and short-term plans and development consistent with the city's vision. The importance of a mission statement is so they can see what they are supposed to do.

We should dissolve the original Economic Development Committee at the next regularly scheduled meeting and invite the remaining committee members to attend.

The Council Liaisons and the Mayor will go to Parks and Recreation Board and to the Planning & Zoning Commission about their mission statements.

J. STAFF REPORTS

Interim City Manager Ristagno said the Centurions want to camp at Willow Grove Park in May. The Lake Dallas Falcons, a radio controlled airplanes club, want to do an activity in Willow Grove Park in June. The 4th of July Fire Works will be at Willow Grove this year.

There is no money budgeted in Parks for improvements at Willow Grove.

He gave Council an update on the progress being made on the community room.

The Spring Break Street Jam Dance will be held in the parking lot on March 14 from 7 PM to 10 PM.

K. NEW BUSINESS

The Stables has a new owner and name. It's called Barfly's.

There are some options to keep people from driving onto City Park. We may be able to pour some curbing or possibly install some type of chain gate.

L. ADJOURN

Motion to adjourn was made by Councilmember Marjory Johnson. Second by Councilmember Fletcher.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher and Harper
Nays: None

The Lake Dallas City Council met in a regular meeting on January 23, 2003 at 7:30 PM at the Lake Dallas City Hall with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code.

A. ROLL CALL

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff Present: Interim City Manager Ristagno and City Secretary Weikum.

B. Mayor Wohr gave the Invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. VISITORS/CITIZENS AGENDA

Kathleen Gilliland, 703 Payton, gave her thanks to everyone for all that was done when Linwood passed away. She said he was always proud to serve and proud of the people he served with. Naming the community room after him was not expected but would have been a source of pride for him as it is for his family.
Mayor Wohr said he appreciates her sacrifices over the years.

E. WORKSHOP:

1. Garza Beach/Legacy Oaks replat and site plan review.

Tom Hoover and Neil Hellums were in attendance so they could answer any questions.
Mayor Wohr asked if there was anyone here who hadn't spoken at the last meeting.

Trevor Benton, 318 Texas Drive, said he would like a street to go through at the end of his block to Lakeview.
Mayor Wohr explained that the city does not own the land that the boat canal is on. The city only purchased an easement because that was the only way to direct the water for drainage issues. The only ways the City can get property is if it is given to us or through using eminent domain. This developer doesn't need another street to develop his plan.
Mr. Benton said he would like to have something done with Boliver Street and the boat canal.
Mayor Wohr said we have his name and address and will advise him if something comes up that would impact the street.

Tommy Williams, 315 Boliver, said he thinks that road needs to be there to keep people from turning around in their driveways.

Mayor Wohr closed the workshop on E -1 and asked Council's permission will move to items F-1 & F-2.

F. **BUSINESS:**

1. **Consideration and Action on approval of a proposed replat for 11.218 acres described as parts of Block C, Block D, Block G, Block J, and Block M of the Garza Beach Estates in the MEP & PRR Survey in Abstract 924.**

2. **Consideration and Action on proposed site plan for 11.218 acres described as parts of Block C, Block D, Block G, Block J, and Block M of the Garza Beach Estates in the MEP & PRR Survey in Abstract 924 (Legacy Oaks).**

Motion was made by Councilmember Stapleton to approve Agenda Item F-2 as originally presented to Council. Second by Councilmember Fletcher.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher and Harper
Nays: None

Motion Passed

E. **2. Lake Cities Library remodel plans.**

Vicki Carusi explained the floor plan, which was included in the packet given to the council. She said the items in blue will be done at a later date. She said they have budgeted $20,000 and most work will be done by volunteers and employees. It's going to be a month before they are able to start. She said they have to expand to keep their accreditation with the State of Texas. They have to buy 2500 books and will be expanding the computers through a donation process.

F. **3. Consideration and Action on approval of 4b Strategic Plan for 2003 Calendar Year.**

Motion was made by Councilmember Marjory Johnson to approve Agenda Item F-3. Second by Councilmember Stapleton.

Motion Passed

12. **Consideration and Action on approval of a revision to the site plan for the Cornerstone Wash I, LLC on Swisher Road.**

No action was taken because the item had not been heard at the previous Planning & Zoning Commission meeting.

Mayor Wohr called for a break at 8:35 PM.

Mayor Wohr called the meeting back to order at 8:40 PM.

G. WORKSHOP:

1. City Manager Search.

There was discussion about running ads soon; which process should be used this time; what skills and qualifications should be required; a list of questions to ask the prospects. At our next regular meeting we'll have an executive session about what we are expecting of the city manager.

H. STAFF REPORTS

Interim City Manager Ristagno said he is getting bids for electricity at Willow Grove and has received a bid of $3,000 for plumbing. We need to get restrooms and showers resolved.
He gave Council an update on the progress in the community room.

I. NEW BUSINESS

The flagpoles are up at City Park.
Ivan Bounds has asked for Council's help to get the VFW to add some names because they were local veterans.
What are we going to do with the original Economic Development Committee? There was discussion about dissolving the committee and inviting the past members to come to the 4a meetings and see if they would be available for ad hoc committees.
We may need to schedule a Saturday workshop with all the boards and discuss mission statements. Parks may need some direction about what to take to the 4b board. We could workshop in Council first and then schedule another workshop with the other boards.
We have received our copyright on the logo. It will require council action if anyone other than the City wants to use it.

The Lake Dallas City Council met in a regular meeting on January 9, 2003 at 7:30 PM at the Lake Dallas City Hall with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code.

A. ROLL CALL

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Also Present: City Attorney David Berman; TML attorney Darrell Noga; Interim City Manager Nick Ristagno and City Secretary Weikum.

B. The Invocation was given by Mayor Wohr.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. VISITORS/CITIZENS AGENDA:

Amy O'Neal, 415 Springtree Road in Jackson Ranch, said there is an area where the water flow is damming up. There are dead trees and brush that fall and dam up the water. She feels the problem with erosion is due to houses being built behind them. They used to have a retention pond but it is not there any more. The drainage problem is getting worse. She asked the City to help with this problem.

Mayor Wohr said we will look into this. If it's common property we may be able to help. We can't go on private property. Mayor Wohr closed the Citizen's Agenda when no one else came forward to speak.

With Council approval Mayor Wohr went to the public hearing on Garza Beach since there were a lot of residents here for the Public Hearing.

H – 8. Public Hearing on a proposed replat of 11.218 acres described as Block C, Lots 1 through 10 and 23 through 32, Block D, Lots 1 through 10 and 23 through 32, Block G, Lots 1 through 10 and 23 through 32, Block J, Lots 1 through 10 and 23 through 32, and Block M, Lots 1 through 10, of the Garza Beach Estates in the MEP & PRR Survey in Abstract 924.

Neil Hellums, Justin, TX, said he appreciates all the work that the P &Z has done on this. He handed out changes made for January 2 P & Z meeting. The corner lots have been brought into compliance. They changed the street right of way and will be asking for a variance. There will be a thirty-foot street plus a ten-foot easement on each side of the street. The average size of the lots is 7357 SF. The minimum lot depth is 108'. It is zoned R-1-6000 which doesn't require masonry but they will use R-1-7200 spec's

which requires 80% masonry. Tom Hoover has done all the engineering. They would like to do this in two phases.

Mayor Wohr thinks another street should be done on the property that adjoins another housing development. He said the three dead-end streets create a serious safety problem. Mr. Hellums said that part hadn't been addressed in their replat application.

Bob Woods, 405 Stockard, said he's in favor of the replat. He's lived there for 19 years and he's used to it. As a property owner he's in favor of the replat.

Pam & Wendell Hopkins, 411 Boliver, said they support the zoning commission's approval of the plat. They believe a new street down the canal would route more traffic into their area and would be catastrophic for the street maintenance and kids playing. It would give non-residents a place to cruise. The temporary street is seven feet from their house. The safety issue would be eliminated – kids walk around that turn and cars wouldn't be able to see them. It's a relatively quiet neighborhood and it would keep traffic off their one-lane streets. There's never been a street there and never should be. The temporary street should be gone.

Laird Lind, 735 Carlisle, said he owns 2 houses in Stockard, said he can't add much to what the mayor has said. There has been about $5 million in construction done in that area. He and John Donahue have given up ½ lot on both ends that they were kind of planning a street to start at Texas and go to Lakeview. He would like this to be reviewed. He said they have no issues with the Clanceys trying to develop but he feels it shouldn't be at the expense of the neighboring property.

David Tumlin, 304 Stockard, said if we put another road in it would ease the maintenance on Stadium.

George Richardson, 320 Texas Drive, said he would like to see a road put in there. He thinks that would increase the value of the homes. He also referred to safety issues. If we would have to get out in a hurry, it's not going to happen.

Norman Sumlin, 411 Stockard, said Frances Coxwell lived there for 50 years and they've lived there 14 months. He said he has a 4-year-old and he likes Stockard the way it is. It's quiet.

Van Stevens, 328 Texas Drive, said he is basically not opposed to new development or the street. His concern is with safety and drainage. He doesn't know if it would benefit anyone to have the other street. As long as the fire trucks can get there, he's not concerned about how they get out. He said they have no problem with water coming off that property now.

Mayor Wohr said that for years we've had people come up and say something needs to be done about Boliver. He said if that's what the property owners want, he has no problem with it, but this is what you will always have.

Mayor Wohr closed the public hearing when no one else came forward to speak.

H – 9. Consideration and Action on a proposed replat of 11.218 acres described as Block C, Lots 1 through 10 and 23 through 32, Block D, Lots 1 through 10 and 23 through 32, Block G, Lots 1 through 10 and 23 through 32, Block J, Lots 1 through 10 and 23 through 32, and Block M, Lots 1 through 10, of the Garza Beach Estates in the MEP & PRR Survey in Abstract 924.

David Berman said the City purchased an easement for drainage. We have opinion letters from other attorneys. He gave copies to the Council. He said we can turn it down or table it and schedule a workshop with the developer.

Motion to approve the replat was made by Councilmember Marjory Johnson. Second by Councilmember Gary Johnson. Before the vote was taken Councilmember Marjory Johnson made a **Motion** to withdraw the motion on the table. Second by Councilmember Stapleton.

Mayor Wohr called the regular meeting back to order at 9:50 PM.

F. ACTION, IF ANY, FROM EXECUTIVE SESSION.
No action was taken.

G. REPORTS:

1. Boards & Commissions
Chris Fahey, Parks and Recreation Board, said Charles Thomas resigned due to his work schedule. The Board has decided not to have CASI chili cook-off. They have an agenda scheduled for this year: Keep City of Lake Dallas beautiful was discussed. It would be competition for a "yard of the month" sign. A gazebo at the park would be nice in case we are able to schedule monthly entertainment.

She reported on City Park, Community Park, Thousand Oaks Park and Willow Grove Park. We would like to have the fireworks on the 4th of July at Willow Grove.

7. **Consideration and Action on approval of a site plan for Tract 17 of the J. W. Simmons Survey in Abstract 1163.**

Jerry Goodell, said he is the representative for the family that wants to add a supplemental business on their property. They would pre-mix concrete at one yard at a time for small projects. They anticipate that the volume of traffic will be 4 – 8 yards/day. They only have 4 trailers. This location hasn't been successful for 10 or 15 years. Sales will take place inside of the existing bldg. He read a letter from Ann Russell, a residential neighbor at109 W. Hundley in which she states that their business is not an issue to her. The Planning & Zoning Commission unanimously approved it with the addition of an eight-foot board on board fence. They would be open from 8 to 5 Monday through Saturday.

I. WORKSHOP:

1. City Manager Search.

There was no discussion on this item.

2. Discussion about administrative assistants.

There was discussion about hiring someone on a temporary part-time basis to help in the City Secretary office. We also need to try to get all our records scanned to CD's. We may want to keep the employee on after the city manager is hired. We need to have a very clear job description.

J. STAFF REPORTS

With the use of volunteers it may be difficult to meet the March timeline. The plumbing, A/C, and electrical will be major. We need to address foundation problem before we finish the second part of the community room.
The Vanderhoof dedication can be done when the weather warms up. Johnny will spot paint the fence whenever he sees an area that needs paint.
Bernadette's artwork is not part of the budget.

The Willow Grove road overlay can be accomplished as either a 1" or 2" overlay. The Corps will have some requirements we'll need to follow.
Interim City Manager Ristagno said he will be buying a Christmas tree to plant on the city property.

K. NEW BUSINESS

Mayor Wohr and Interim City Manager Ristagno will discuss Amy O'Neal's situation at Jackson Ranch. Richard has been coordinating with Corinth's building department.
Councilmember Harper said that all the equipment that is going in behind the school is going to tear up Hundley Drive.
Interim City Manager Ristagno said we have the same problem with Upper Trinity. When they finish the construction they will come back and repair Lakeview.
We should place a porta-potty at City Park.
We need a place where someone who is out of work can check to see if there are any jobs or work available that will enable them to earn some money while unemployed. Ace Hardware and the library were suggestions.

The Lake Dallas City Council met in a regular meeting on December 12, 2002 at 7:35 PM at the Lake Dallas City Hall with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code.

A. ROLL CALL

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

B. The Invocation was given by Mayor Wohr.

C. The Pledge of Allegiance was led by Mayor Wohr.

Mayor Wohr acknowledged Councilmember Harper's arrival at 7:36 PM.

D. VISITORS/CITIZENS AGENDA

No one came forward to speak so Mayor Wohr closed the Citizens' Agenda.

E. REPORTS:

1. Boards & Commissions

Neal Malone, Parks and Recreation Board, said the board is trying to get events organized for 2003. There were over 100 people at the Christmas Tree Lighting. He thanked the Fire Department and city staff for all their help and Councilmember Stapleton for reading the story. The photographer made some beautiful pictures. Councilmember Gary Johnson was leader in the craft room. Our Santa Claus was good. We have a problem getting to enough people to help. The elementary school and high school choirs both performed that night. He thinks next year we should contact a radio station and sponsor a toy drop here, too. He said it would help if the food places in town could stay open later than they usually do on that night.

2. Denton County Economic Development Commission report by Tony Marino.

Tony is our liaison to the Denton County Economic Development Commission. He handed out packets and gave the City a CD ROM for the Councilmembers to look at. Since we have our new economic development corporations going, he thinks it would be beneficial to work with Denton County. Tye DeBerry is in charge of the Denton County office but she wasn't able to be here tonight.

Mayor Wohr called for a break at 8:08 PM.
Mayor Wohr called the meeting back to order at 8:29 PM.

Mayor Wohr asked permission of the City Council to move some things around on the workshop items. They moved to item G-4.

G. **WORKSHOP:**

4. Review of petition for street repairs in Kingswood Mobile Home Park.
Margaret Seefeld, # 59, Kingswood Mobile Home Park, said that getting the petition circulated was a fun project. She & Mary Bell walked around the park and got signatures. She said they just want some of the really large holes filled. Pecan & Lakeridge have some really large potholes. When Kingswood Drive got repaired it turned out good. They would appreciate Council's consideration of their request. Mayor Wohr said he appreciates them using the democratic process. He said we will definitely look at the streets in Kingswood. In a long-term view we will probably have to go back and re-do some of the other streets there. After the first of the year, Tom Hoover, the City Engineer, Chief Ristagno and Mayor Wohr will take a drive around. We'll start addressing some of the smaller streets. Some of the potholes may be able to be handled immediately.
Councilmember Harper said she has had a request from the board at Kingswood about paving in front of the mailboxes.

5. Review of Lake Cities Library proposed amended contract for lease of building.
This is the 2nd item on the workshop.
Vicki Carusi said the board appreciates the roof getting repaired. She said she's here to answer any questions concerning the revised lease agreement the board had submitted since they had a couple of concerns with the lease agreement we had. There was discussion about the many meetings several months ago when members of the library board was part of council discussion in getting the current contract done. The contract and ordinance were approved at the August 22 meeting and signed by Mayor Wohr. It has not been signed by the library board and needs to be signed for the library to legally start using the whole building.
There was discussion about renovations the library board wants to do with the building and ADA compliance. A suggestion was made that they hold back on some of the renovations they want to do. The meetings about the contract were taking place during the budget meetings. We have to take on a fiscal conservatism. It was determined that there had been some miscommunications. They were invited to come back and we can workshop the building improvements.

1. City Manager Search.
It was decided to wait until after the first of the year to begin actively pursuing this project. We need a workshop for guidelines and prepare for the city manager search. We need to determine if we're going to take input from the department heads and from the mayor. We should address the administrative needs during January.

2. Goals for the City of Lake Dallas.
This will be discussed in a future meeting.

3. Review of proposed Charter amendments.
The amendments have already been approved earlier this year and need to be put back on an agenda. This should be discussed in a separate workshop meeting. The proposed amendments should be given to the Councilmembers a week before the workshop so they can be studied prior to the meeting.

H. EXECUTIVE SESSION:
The City Council to convene into closed session pursuant to the Texas Government Code Section 551.071 to deliberate on settlement proposal regarding Resort Realty vs. City of Lake Dallas.

I. ACTION, IF ANY, FROM EXECUTIVE SESSION.
There was no executive session since the attorney was unable to attend the meeting.

J. STAFF REPORTS
Interim City Manager Ristagno reported the following:
We have made $2700 since we entered into the contract regarding the auction of vehicles. The police department is considering replacing the cameras in our cars.
The rehabilitation of Stadium, Overly and Cain is complete and looks good. Andrews should do Lakebridge, too. The parking lot was finished today. Briar Oaks will be repaired by Lake Cities Municipal Utility Authority.
The Vanderhoof plaque is in and we can have a ceremony in March at City Park.
The logo can be hung behind council table.
Larry Anderson has a friend who's an electrician and a plumber so we can get power and water at Willow Grove Park. We may be able to use some 4B money on the road at Willow Grove. He said he will talk with Tom Hoover about it and he will coordinate with the Corps of Engineers about the restrooms.
We have started cleaning the Community Room and will have an auction in January.
We had a request from a retired employee (Margaret Coulter), who was here for almost 30 years, about getting her old desk.
The 4a/4b meetings are next Monday.
The sidewalk grant has been submitted and the ISD has agreed to fund $20,000 is the grant is awarded.
We have three candidates for our new officer position. He will be assigned to the middle school primarily.
The Garden Homes should be starting up soon.
We have replats coming up for the railroad property and the Lakeview Kennels.
He's been asked to do the cooking for a benefit dinner for Gene Tyree. Mr. Tyree has been diagnosed with stomach cancer and they have no insurance. It will be held at the VFW Post on January 5.
The employee Christmas party is tomorrow night and Council is invited.
After the first of year we'll schedule a meeting with Heil and start discussing trash service.
Johnny Harris arranged a meeting with Upper Trinity regarding the storm water project. We should look into getting a price from a consultant.
Randy Squiers has contacted us about re-negotiating his contract.

K. NEW BUSINESS

Councilmember Marjory Johnson had a request from a high school senior who needs to stage a mock trial. Could they use the council chambers for about an hour on December 14.

It was reported that the gates have been open at City Park recently. They have been open for street repair equipment to use for parking when the machines are not working.

Mayor Clarke's sent a letter to the Sun. We should state our stance on the 4 Lake Cities becoming one city – Corinth.

Mike Minnis called and has a 14' Christmas tree complete with ornaments which he needs to find a home for. It is too tall for the community room because the ceilings will be 11' high.

L. ADJOURN

Motion to adjourn was made by Councilmember Marjory Johnson. Second by Councilmember Stapleton.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher and Harper

Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4

Councilmember Harper was excused.
Staff Present: Interim City Manager Ristagno and Acting City Secretary Vaughn.

B. Invocation was given by Councilmember Stapleton.

C. Pledge of Allegiance was led by Councilmember Stapleton.

D. Visitors/Citizens Agenda:
Georgina Gougeon, 717 Cain Street, Lake Dallas asked to approach Council with information. She informed Council that the Lake Cities Police Departments will be doing children's fingerprinting at Albertson's this Saturday from 10:00 AM to 7:00 PM.

Ms. Gougeon also stated that she has been asked to be the spokesperson for a group of people who would like the City to make Chief Ristagno the City Manager, Lt. Lowery the Chief of Police, Sgt. Frazier the Lt. Of Police and hire a patrol officer. She would be willing to bring petitions from citizens making this request.

Mayor Wohr thanked Ms. Gougeon for bringing this idea to Council. He also thanked her for her work with Albertson's and the fingerprinting for children.

Ms. Gougeon thanked Chief Ristagno for his assistance with the fingerprinting campaign.

Mayor Wohr closed the Citizen's Agenda.

E. Reports:
Chris Fahey gave a report for the Parks and Recreation Board. Mrs. Fahey reported that the Board met on November 5th. Five of the nine members were present. Jerry Conner gave a presentation on the 4A & 4B sales tax. Campsites at Willow Grove Park are now available. Mrs. Fahey is planning to plant pansies and spring bulbs in the flower box around the sign at City Park. She said that the Board discussed the 2003 Fallfest/Chili Cookoff. The board has several concerns regarding holding the Chili Cookoff in conjunction with the Fallfest. The Tree Lighting will be held on Saturday, December 7th at 6:00 p.m. at

the Fire Station. There will be entertainment and a photographer. The fire trucks will not be available due to a conflict of schedules.
Mayor Wohr conferred with Chief Ristagno about blocking off Alamo Street in front of the old City Hall for the Tree Lighting. Council suggested to Mrs. Fahey that she contact the Boys and Girls Club to let them know of the Tree Lighting.
Councilmember Fletcher stated that he had made contact with a gentleman who organizes Antique Weekends and he will provide Parks and Council with the information.
Mrs. Fahey reported that the Board should have a recommendation for the Council on the Parks Master Plan by December or January.

D. Staff Reports:
Interim City Manager Ristagno said the City Park Plaque is 10" x 10" and won't fit on front of the City Park sign. The Parks and Recreation Board agreed it would be all right to place the plaque on the back of the sign.
He said he has received estimates of $6,000 to $7,000 for electricity at the campsites at Willow Grove Park. There would be six (6) 30 amps hook-ups and we do our own trenches.
He discussed the City Hall Parking Lot seal. Now it's not tracking because it's cooler. The provider of the material said if they put a proper mix on top of this it should stop the problem. We need to contact Tom Hoover regarding this situation.
We had talked at one time about asphalting the back of City Hall when we did Betchan and didn't get it done. Tom Hoover said he had anticipated $100,000 bid on the rehabilitation of Stadium, Janet, Cain and Overly and the bid came in at $78,000. The law provides that we can go 25% over on alternates. We can get Andrews Paving to give us an alternate and perhaps get the back paved, too.
There are two concrete streets failing and the maintenance bond has expired. Tom Hoover will look at these, too.
The Library roof can get done by end of week for $800.
We have some maintenance issues with the Boys & Girls Club and the Library. Should they be able to call us to change light bulbs, filters, etc? Those things should be their responsibility.
He asked authority to set up the city manager office similar to his and also work on the city secretary office. We expect the new council chairs any day.

He said the middle school anticipates 2 years construction and we have authorized on-site construction trailer parking on part of the east end of City Park.
He requested that Councilmember Stapleton read the Christmas story at the Tree Lighting again this year.

E. New Business:

There was discussion about the possibility of bringing in some kind of contract person for the storm water project and an administrative person to help the city secretary. Mayor Wohr said he thinks COG is going to come up with a basic plan for the smaller cities.
We need a list from the goal setting workshop so we can see where we are.
Interim City Manager Ristagno said the budget should be a priority. We should determine whether our revenues are accurate and the Public Works people have said that some of the things they asked to be budgeted are not on the budget.
Councilmember Marjory Johnson said there are some school changes that are coming due to the State of Texas' Robin Hood plan. She has been asked to write letters to Jane Nelson & Myra Crownover about the cutting of some school programs. She said we're losing PE and music at the primary level. Councilmember Harper said they're trying to cut expenses out at administrative level. Cutting special programs is down at the bottom.

F. Adjourn

Motion to adjourn was made by Councilmember Fletcher. Second by Councilmember Stapleton.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher and Harper

C. PLEDGE OF ALLEGIANCE was led by Mayor Wohr.

D. VISITORS/CITIZENS AGENDA:

Vicki Carusi, library board representative said she would turn the discussion over to Betty Brown and Jill Rael about the roof leaking at the library.
Mayor Wohr said it would be discussed during New Business tonight. He thanked Sgt. Frazier for beginning work on getting the roof repaired. He said we will have to check into the roofing and rust and insurance issues.
Betty Brown said we need your help expeditiously and gave the Councilmembers a handout.
Mayor Wohr closed the Citizens' Agenda when no one else came forward to speak.

E. BUSINESS:

1. **Consideration and Action on award of a bid for construction of Rehabilitation of Stadium, Cain, Janet and Overly Streets in Lake Dallas.**

Tom Hoover said we opened bids yesterday. Andrews Paving bid had a slight difference but they were the low bidder at $78,018.33. They will pass a newsletter out to the residents involved prior to street construction. There will be a preconstruction meeting with Andrews Paving before they begin.

8. **Public Hearing on a proposed zoning change for Tracts 86, 86A, 86B, 89 and 90 of the Wright Abstract 1355A from C-1 Restricted Business to C-1-A Business district.**

David Jackson, United Mortgage, 2000 South Stemmons, Lake Dallas, said he and his partners (Tracey Daniels is one of the partners) are in the process of purchasing this property. They have outgrown their building due to recent mergers and acquisitions. They want to put an office building on this property as well as some retail.
Mark Donaldson, 3216 Staghorn Circle, Denton, said he had been contacted by Mr. Jackson last week to look at the land for a mixed use zoning. Mr. Jackson would provide for a through street continuing from Goliad south to Carlisle from Betchan.

Mayor Wohr said our concern is the ability for a city to fix the zoning so the land is developed in the best interests of the city as well as the owner. An office building backed up to residential is more palatable that straight retail. He asked if they knew which lots would be used for which use.

Harold Brandt, Dallas, said he is a representative for the railroad. Donland is interested in selling the property and it appears they have a deal. The contract has not been signed but it should happen before the end of the year.
Tracy Daniels, Daniels Air Conditioning, said he wants to keep investing in this town he loves. He said that whatever they do is going to be nice.

They could furnish a preliminary plat plan within two weeks.

9. Consideration and Action on approval of an Ordinance for a zoning change for Tracts 86, 86A, 86B, 89 and 90 of the Wright Abstract 1355A from C-1 Restricted Business to C-1-A Business district.

Motion was made by Councilmember Fletcher to table this item until November 5. Second by Councilmember Stapleton.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher and Harper

12. Public Hearing on a proposed replat for Lots 1A & B, 4A & B, 5A, 8A & B, 9A & B, 10A & B, 11A & B, 12A & B, 13A, and 19A and B of Harbourtown Villas.

Larry Schneider, 1016 Ellison Park Circle, Denton, said there are some drainage issues on some existing lots that have properties behind them. All water will drain to the front of the property except the last 10 or 12 feet from the back of the lot on a few of the lots. He will put in a concrete flume that will take care of the rest of the lots and the drainage issues.
He said this was replatted in 1999 by the City and it involved changing the layout of the street. The curb and gutter never got changed. He said the city manager agreed that the City would change the curb and gutter and do the street repairs.
Mayor Wohr closed public hearing when no one else came forward to speak.

13. Consideration and Action on approval of a replat for Lots 1A & B, 4A & B, 5A, 8A & B, 9A & B, 10A & B, 11A & B, 12A & B, 13A, and 19A and B of Harbourtown Villas.

F. WORKSHOP:

1. **Trash Analysis.**
2. **Storm Water Report.**

Mayor Wohr said that in light of the regrouping, we need to put this on a later agenda.

G. CITY MANAGER REPORT

H. NEW BUSINESS

Mayor Wohr said there is a very good artist in town who paints windows for Halloween. The cost is $80 for the front of the building and it can be done tomorrow. He said his daughter's (Lindsey) Leadership School class will come and clean them later.
Mayor Wohr has talked with someone about the library roof who said we're wasting our time if there are a lot of rusty panels. He concurred that if the panels are solid we can brush some roofing repair material on it "in house" and it will be a lot more cost effective.

Councilmember Stapleton said his friend David has expressed a desire to come to the Tree Lighting and do pictures as a 'for profit' offer. He has offered to pay the City so much per each picture to be designated for the Parks Department.
Interim City Manager Ristagno said if we open to one vendor we'd have to open to all vendors. Council was in agreement with the arrangement.

A. ROLL CALL

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff Present: City Manager Layton, Police Chief Ristagno, and City Secretary Weikum.

B. VISITORS/CITIZENS AGENDA

Mayor Wohr closed the Citizen's Agenda when no one came forward to speak.

C. WORKSHOP:

1. 4a/4b sales tax corporations and procedures.

Jerry Conner of Economic Development Services gave a handout to those present.
There was discussion about having firm guidelines in place for the board members.
Money from the corporation can reimburse the City for administrative expenses incurred.
The Economic Development Committee doesn't need to be disbanded. They could possibly act as a committee under a corporation. Each corporation board must elect a president and a secretary at their first meetings.
During the discussion about members for the boards it was decided to have applicants fill out applications for future appointments. This time it was decided to have two Councilmembers on each of the corporations. They discussed other people to contact before the next council meeting when appointments will be made to the first corporations.

Mayor Wohr closed the regular meeting at 10:10 PM.

D. EXECUTIVE SESSION:

The City Council to convene into closed session pursuant to the Texas Government Code Section 551.074 to deliberate on employee evaluation, duties, or dismissal of City Manager.

Mayor Wohr called the regular meeting back to order at 11:10 PM.

Noes: None

Motion Passed

G. **WORKSHOP:**

1. **4a/4b sales tax corporation's procedures.**

Jerry Conner of Economic Consulting Service thanked the Council for approving the vote and said he appreciates the faith they have in his firm. He said the City wants to spend money wisely and he's here to help us. He said most corporations go to their bank and explain about the election. You should be able to borrow enough money to sustain you thru March. Another option is to take money out of general fund and then repay. Most towns borrow so there's a paper trail. Some funds will go to the city for the use of equipment, copies, phones, the city secretary's time at meetings and preparation of the minutes, etc. It's not an open fund but the City should receive some remuneration from the corporations. The first thing to do to distribute money is to establish criteria for grants that will need to be filled out. Once a year the board will consider the applications and then dole out the grant monies. Usually the criteria is based on what good it is to the community. The community has to be very strict about how it spends its funds. There will be annual reviews by the governing body of the City.

We must have quorums for the board meetings. There is no provision in the law for alternates for the corporations. Their meetings are all open meetings. There should be a citizen's agenda at the beginning of each meeting. The 4a and 4b corporations can also go into an executive session.

Mr. Conner said he plans to meet first with the Mayor, then the City Manager, and then the Council. He would like to see both boards in place by January 1. We should schedule a workshop and at the next regular meeting agenda items should be in place to appoint the boards of directors for the corporations. A workshop will be scheduled Monday October 21 at 7:30 PM so appointments can be made at the October 24 regular Council Meeting.

The question was asked if we can borrow against the corporation funds for the completion of the community room. Mr. Conner replied that we can as soon as the board is in place.

2. Trash Analysis.
Mayor Wohr said he's talked with the City Manager on this, but would rather wait until he's here to discuss it with the Council.

H. CITY MANAGER REPORT

I. NEW BUSINESS

Mayor Wohr read thank you cards from Tina Martin and Cheryl Smith.
He read a letter from Gene Carey, Mayor of Lewisville, expressing his regrets for not being able to attend the dedication of our new building.
He showed the Council the Certificate of Congratulations on the opening of our new building.

Councilmember Marjory Johnson said we need to set a date to host a Chamber of Commerce breakfast. in our new Community Room. March 5 was the date decided upon.

John Schuh, Lake Dallas citizen, had suggested that the City have a memorial for the man who died when the building was first being renovated. It would be good idea for small plaque in the Community room especially since that is the area where his death occurred.

Councilmember Fletcher said that Quality Salvage on the I-35 Service Road looks awful. Something should be done to clear up the displays at the front of the building.
He asked that any corrections on the Councilmembers web pages or more info on their bio be put in his inbox. He only has one park picture. We have no pictures for the staff, library, other parks and the boards and commissions. He asked that we encourage everyone to have their picture on the website. The website will go live sometime next week.

Councilmember Harper said she got a call today that a case of the West Nile virus was reported in Hickory Creek. It was a horse that was being boarded.

J. ADJOURN

A. ROLL CALL

Present:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff Present: City Manager Layton, Police Chief Ristagno, and City Secretary Weikum.

B. The Invocation was given by Mayor Wohr.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. VISITORS/CITIZENS AGENDA:

John Schuh, 737 Harbour Town Drive, asked if there is a schedule for getting streets repaired. He is concerned abut Harbour Town and Cain. He also said the City has a nice building but had hoped for some trees in the landscaping.
City Manager Layton said those streets are on the next bid process which will be soon.
Mayor Wohr thanked Mr. Schuh and said this is the wrong time of the year to plant trees, but it is in the plan.

Tammy Atkinson, Boys and Girls Club, thanked the Council for their support and all done that's been done for the Boys & Girls Club. She then presented a Certificate of Appreciation to the City.

Margaret Thompson, 535 Oak Lake, asked if her street is scheduled for the next bidding.
City Manager Layton said it is not on the list at this time.

Mayor Wohr said he's a citizen, and he stepped down to podium. He said it's been a pleasure to serve in a City with a police force that is as dedicated as they are. They are so headed in the right direction. They're so intertwined in doing things for the citizens. He had a beautiful glass plaque to give to Chief Ristagno from the men and women of the Lake Dallas Police Department.
Members of the department present: Roz and Benny Sleigh, Debbie Roach, Karen McDaniel, Kathy Smith, Joy Longville, Fred Johnson, Sarah Wilkinson, and Wes Frazier.
Police Chief Ristagno said he's proud to be their chief. He said wouldn't be able to do all that gets done for the City without all of their help.

Mayor Wohr closed the Citizen's Agenda when no one else came forward to speak.

E. **REPORTS:**

1. Boards and Commissions

Chris Fahey, Parks and Recreation Board, said that at the September 3 meeting they had updates on the playground equipment and sign for City Park. We'll be able to have camping there at Willow Grove soon. Jeff London was absent so there was no report on events fees. They approved a CASI sanctioned chili cook off for 2003. The Cowtown Pod gave them the 3rd week-end in October. They would like it to coincide with FallFest. A suggestion about holding a soccer tournament at the same time as FallFest was also brought up. Hickory Creek is planning an event for November. There is a possibility that some of their Parks people will help us with our FallFest and we could then help them in November. A survey that was done this summer showed that the number 1 item requested was a place for the kids to roller-skate. Only 4 people signed for skateboard park but 19 signed up for skating. A community swimming pool was rather high on the list.

James Johnson w/Oncor/TXU, as a result of a lawsuit filed in June by Denton and 36 other cities they have decided to settle. They will issue a check to the cities that did not enter into the suit as part of the settlement regarding the franchise fees. Our portion for electric is $3,859.87 and for gas $6,238.43 or $10,090.30. They ask that the city review and sign the settlement agreement and thereby agree that the issue is done and settled and the city will not sue them or join in a suit against them. On the settlement for gas the option is there to increase the franchise agreement from 2% to 4% if the city opts to do that.

G. WORKSHOP:

1. 2002-2003 Budget.

City Manager Layton gave budget handouts to the Councilmembers. He said Jerry Conner told him that we can use 4a/4b money for the training for our Economic Development Corporations. This budget surplus does not include the increase in Franchise Fees for Gas. We have set up a special funds account to track the accounts that have dedicated fund amounts. Mayor Wohr asked Chief to see if we could work something out with Hickory Creek and our jail. Police Chief Ristagno said he is in negotiation right now with Trophy Club about doing their warrants. There was council discussion about Shady Shores and their current police protection and court system, or lack of same. Question was asked about the most recent COLA numbers. There was discussion about how the fire department and our new building came from 'windfall' of subdivision growth through building permits over the past years during which the city did not raise the ad valorem tax. We have also incurred a 70% increase in health care this year and we are operating on the 1980's sales tax numbers. City Manager Layton will check with other cities and see what they are planning for their employees.

H. CITY MANAGER REPORT

City Manager Layton gave the Councilmembers his typed report.

I. NEW BUSINESS

We had a compliment from Dave Snider about the playground equipment and Willow Grove Park improvements.
We should proceed with changing the zoning change from C-1 to C-1-A on the railroad property.
The election committee is having a Watch Party at Duck Inn Saturday night.

COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on September 5, 2002 at 7:35 PM at the Lake Dallas City Hall with notice of the meting given as required by Title 5: Chapter 551.041 of the Texas Government Code.

A. ROLL CALL

Present:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff present: City Manager Layton, Police Chief Nick Ristagno, and City Secretary Weikum.

B. VISITORS/CITIZENS AGENDA

No one came forward to speak so Mayor Wohr closed the Citizens Agenda.

C. PROCLAMATION

Mayor Wohr read the proclamation for Patriots Day.

D. BUSINESS:

1. Consideration and Action on approval of an Ordinance adopting the Municipal Court Building Security Fee.

Motion was made by Councilmember Marjory Johnson to approve Item D-1. Second by Councilmember Stapleton.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper

Noes: None

Motion Passed

E. WORKSHOP:

1) 2003 Budget

City Manager Layton handed out more budget information. There was discussion about fine amounts, warrant fees, failure to appear fees, and collection fees on warrants. We can raise the fines by contacting the judge and asking for her approval. We should use a different schedule for fine amounts, i.e. $120 or $115 instead of $118 or $150 instead of $148 or $152.

The next discussion was about building permits. It was suggested that the fee changes could be done administratively. Staff has checked permit amounts of other cities of our size and in our area.

We didn't get the grant for the parks so we do not have to budget the matching funds for that project.

Street repairs

City Manager Layton said we should have some kind of fund balance for the accounts that carry forward each year because they are dedicated funds, i.e., Kids and Cops, court technology fund, auto auction, and the other related dedicated funds.

The pay plan that was implemented last year could cost the City $85,000 in two years. This will keep the employees at competitive wages with other cities and help slow employee turnover. The Cost of Living Adjustment this year may be a little difficult to swallow due to the change in the economy. The adjustments should be made to the pay plan and not to individuals.
Margaret Tisdale asked about the street department. She said there are pot holes and cracks in a lot of streets.
The Public Works Department tries to take care of problems with the streets. The crew also takes care of mowing lawns, drainage problems, and parks so they don't focus entirely on street problems. If we have 4a/4b money we can start budgeting money to hire outside help to do some park projects.
We may need to do an incremental property tax raise. A small tax increase at this point isn't that bad. We've added the fire department and now the new city hall and it might be time to tell the people we need to raise the taxes because we're using fund balance to support these items. This year may not be the time to do it.

The Lake Dallas City Council met in a special meeting on August 27, 2002 at 7:45 PM at Lake Dallas City Hall. 212 Main Street, with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Ken Stapleton	Mayor Pro-Tem Stapleton
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Betty Harper	Councilmember 5

Mayor Wohr and Councilmember Fletcher were absent.
Staff present: City Manager Layton, Lt. James Lowery, and City Secretary Weikum.

B. Invocation was given by Mayor Pro-Tem Stapleton.

C. The Pledge of Allegiance was led by Mayor Pro-Tem Stapleton.

D. Visitors/Citizens Agenda:
Mayor Pro-Tem Stapleton closed the Citizens Agenda when no one came forward to speak.

E. Proclamation
Mayor Pro-Tem Stapleton said we would wait until the Mayor was present for this item.

F. Business:
1. Consideration and Action on scheduling a Public Hearing on September 12 on a proposal to increase total tax revenues from properties on the tax roll.
Motion was made by Councilmember Gary Johnson to approve Item F-1. Second by Mayor Pro-Tem Stapleton.
Ayes: Mayor Pro-Tem Stapleton, and Councilmembers G. Johnson, M. Johnson, and Harper.
Noes: None

Motion Passed

G. Workshop:
1. 2003 Budget
There was discussion about the pay scale and step plan. We are calculating the collection of the property tax at 100% per Mary Horn's recommendation last year.
Part of the reason for a larger shortfall than we had last year could be due to not selling the building that the Boys and Girls Club is using. There was an explanation given of the priority 3 and 4 items. There was some opposition to the truck for Public Works. The Police Department is requesting 2 police cars. The Court Technology fee is set at a $4/citation maximum. We will work on securing the court building security fee.
The Library funding was discussed. The City isn't in a position to furnish the building and help fund the utilities. The $1500 for municipal court equipment is for computer replacement. We need to check into the additional 25% collection fee on warrants.

The MDT's are like laptops that the officers can use to enter the data while they're in the car. It saves them from having to come in to the squad room and do the reports instead of being out on the street and visible to the public. The auction fund will be explained when the Chief returns. The Parks and Recreation Board should be working on trying to get some events to come to our city. They may have a chili cook-off coming for next year. Our Franchise fee from Waste Management should be going up since they have more houses identified to bill.

Mayor Pro-Tem Stapleton called a break at 9:21 PM.

Mayor Pro-Tem Stapleton called the meeting back to order at 9:33 PM.

We will check into the animal services and mechanical game machines as well as building permit fees and citation amounts. Staff is doing some comparisons now. We can do another workshop after the information is compiled. We should check into the possibility of using our jail for revenue.

H. Adjourn

Motion to adjourn was made by Councilmember Marjory Johnson. Second by Mayor Pro-Tem Stapleton.
Ayes: Mayor Pro-Tem Stapleton, Councilmembers G. Johnson, M. Johnson, and Harper

The Lake Dallas City Council met in a regular meeting on August 22, 2002 at 7:35 PM at the Lake Dallas City Hall with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff present: City Manager Layton, Police Chief Ristagno, City Attorney, Robert Dillard III, and City Secretary Weikum.

B. Invocation was given by Mayor Wohr.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda:

Rick Allen, 768 Texas Oak Trail, said he would like to apply for the position open on the Planning and Zoning Commission. There was a short discussion among the Councilmembers and Mr. Allen.

Rod Courtney, 162 Kingswood, said he just noticed what he wanted to speak about is already on the agenda. He said we have a very good committee working for us now for the 4a/4b sales tax election. He said he has had nothing but favorable comments about this election. We need more retail here. We need to keep the businesses we already have and give them as much help as we can. If the County comes in and brings us to our cap for sales tax then we won't be able to have a say in how the money gets spent. He would like to see some identification at the entrances to our city. He suggested a restaurant out over lake at Willow Grove Park. He said Lori Farney is doing a great job.

Carolyn Green, 201 North Shady Shores asked to be excused from the Citizens Agenda since Rod had said everything she wanted to say.

Mr. Napoli said he had signed the wrong paper.
Mayor Wohr encouraged everyone to come out and vote for the 4a/4b election. He said it's a very important part of things for the City of Lake Dallas. A lot of people are very positive about it. He said he really believes the city will benefit a good deal from this additional sales tax revenue.

Mayor Wohr closed the Citizens Agenda when no one else came forward to speak.

E. **Business:**

1. Consideration of an address by Mr. Hacthmann and Mr. Olsen who will be representing Ben Warren of Unified Aircraft Services, Inc. regarding the Payless Cashways property.

Mr. Hacthmann said they would like to purchase the warehouse and move an existing business into town. They have a government contract and the other side of the company is construction. They have 3 restaurants and 2 hotels. He's looked at the area here and seriously looking at some type of hotel in this area.

Ron Olsen said he manages the vehicle processing facility in Lewisville. Soldiers turn their cars in to them for shipment overseas. When they complete there tours they come back and pick up their vehicles at the processing facility. These service people use the facilities in Lewisville since they have to fill up with gas and get their cars washed and sometimes they shop. Some service members go to restricted places and they can't take their cars. These cars have to be stored inside. They have 51 in Lewisville. They want to transfer the entire operation to the Payless site and think it will be a great benefit for Lake Dallas.
It's a tax exempt business because it is a government contract. They have a 5 year contract. They will transfer their 18 employees to this site. They can screen the fences in the front.

Mr. Dillard said the zoning ordinance does allow the nonconforming use that's there but it does provide storage would have to be in a fully enclosed building or screened. In order to obtain this use they would have to apply to the building inspector for a permit or certificate of occupancy. The ordinances are what they are. There can be no structural alterations at all

Mayor Wohr said we can't take any action at this time. According to our counsel this don't need council action. You will need to meet with the building official and city manager as far as the use and what type of screening is involved. If you want to build another building or something else that would change the picture.

2. Consideration and Action on approval of a Resolution in support of the Election Committee for the 4a/4b election in September.

Motion was made by Councilmember Fletcher to approve a Resolution in support of the Election Committee for the 4a/4b election in September. Second by Councilmember Gary Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher and Harper
Noes: None

Motion Passed

3. **Consideration and Action on a proposal by the Hoover/Klein Group for engineering, bidding, and construction management of a street repair project for Cain, Janet, Overly, and Stadium Streets.**

Motion was made by Councilmember Fletcher to approve Item E-3. Second by Councilmember Marjory Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher and Harper
Noes: None

Motion Passed

4. Public Hearing on an application for a proposed zoning change for Lots 1 and 2, Block A, First Highway Addition from C-1 Commercial zoning district to C-3 Commercial zoning district.

David Shershen, Lake Dallas, said the City Council has to decide the future of this town. We must obey the rules and ordinances. He's in favor of rezoning the property to C-3. He says it was C-3 before and it was a political move that changed it. No one's tried to rent that as it is. The 4a/4b is great. The council needs to take a favorable approach to businesses. We need to put aside personal ideals and views and politics and vote for the community. He said he commends the Mayor and Councilmembers for this building.

David Goodnight had signed up but he had to leave before the public hearing.

Odie Harrelson, 907 Vista Oaks Court, said we already have plenty of this property. Our town has a bad reputation and we've got to stop it. They're coming from everywhere because of the reputation Lake Dallas has right now. You've been doing a good job and keep it up. He's definitely against the rezoning. It's been turned down 3 times. We don't need that type of business.

J. W. Lively, 527 Oak Lake Drive, said he had some signatures from the last time this property was up for rezoning. He said right now we have 22 beer and liquor stores in Lake Dallas. We need to keep the businesses in town vibrant whether it's Papa's, dry-cleaning, or liquor. David had said the council needs to vote on the future of the City of Lake Dallas. He said this is a beautiful building and he's glad his money is paying for it. It won't bring any more sales tax dollars because someone will go out of business. To vote no on this is for the future of Lake Dallas.

Carolyn Green, 201 N. Shady Shores, said she thinks we should rezone this and she doesn't agree that it will mean we will rezone more and more C-3. We've taken some away at Jackson Ranch. We have 2 more businesses going out of business right now on Main Street. People are going to go where they have to go to get something to drink. . If Mr. Lee will clean that corner up that would be nice. It's the very first inch of Lake Dallas and she's tired of seeing it sitting there with the paint wearing away and grass growing up.

Joe Napoli, 802 Lakebluff, said if you want to do something good for the community, get rid of some of the rat traps on Main Street. More liquor stores, we don't need them.

Diane Byers, 699 Lakeland Court, said she was on the Planning and Zoning Commission the first 2 times this came up and they turned him down. They told him to get these things in line and he did, both times. She thinks we need to look at what kind of example we're setting for other businesses. We have a reputation. This man wants to move out of a rental into a piece of property he owns. That's good business sense. His plans are very attractive and it would be a nice thing for people driving into town to see. We have to capitalize on what we have. He's not asking to go into a new neighborhood. It's not going to bring this city down to allow him to move into his property that he owns. We should allow a currently viable business to relocate his business and allow him to grow and increase the sales tax base in this city. The law of supply and demand will handle any increases in liquor stores. We need the businesses more than they need us. Hickory Creek and Corinth are getting new businesses.

Mayor Wohr called for a break at 8:53 PM.

Mayor Wohr called the meeting back to order at 9:10 PM.

Larry Jones, 2811 Timbercrest Lane, Highland Village, said he is a fellow Denton County resident and representative for Mr. Steven Lee, owner and operator of D & J Liquors. His purpose is to seek their vote for the zoning change. He's there because he's a public relations consultant for JR, Inc. He is at the meeting on Mr. Lee's behalf to assist him in realizing his goals and dreams. Mr. Lee has operated his business here for 19 years. He is a citizen of USA. He has continually contributed to the city through annual donations to the Parks and Recreation Board, Spirit of Christmas, holiday dinners and has sponsored several youth sports teams. Mr. Lee wants to relocate and expand his current business. This would more than double his current space and would increase sales. The growth and expansion of Corinth has generated competition for our city. His business will have an upscale appearance and easier access to his building. This will eliminate that 'abandoned building' look. Please make a positive decision. Screening could be accomplished.

Rod Courtney, 162 Kingswood, said he's highly in favor of the rezoning.

J. W. Lively said he thinks Council should say we are glad that you are going to expand your business but just not another liquor store. He said he is against taxes, but he's for this 4a/4b sales tax. We are losing tax dollars already since Corinth and Hickory Creek are selling beer and wine grocery stores.

Mayor Wohr closed the public hearing at 9:40 PM.

5. **Consideration and Action on approval of an Ordinance for a zoning change for Lots 1 and 2, Block A, First Highway Addition from C-1 Commercial zoning district to C-3 Commercial zoning district.**

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda

Cynthia Cheadle, Papa's Restaurant, said their main concern is the traffic that is not coming thru the city. She asked what can she do to bring in more business and what can the City do to help them continue to be a business in the city.

There was discussion about re-routing traffic off Carlisle and the long range plans of TX Dot getting more exit ramps off I-35. Business hours, flyers, and promotional programs were discussed.

E. Reports:

1. Boards and Commissions

No one was in attendance from any Boards or Commissions.

Councilmember Fletcher Alan said the election committee was starting to work on some ideas for yard signs and flyers. They meet on Tuesday nights at 7 PM at the fire station. Lori Farney is doing an unbelievable job. The EDC was involved in getting the election push-started so now it's in the hands of the election committee. There should be a resolution of support for the election committee. The next EDC project will be a 'shop Lake Dallas' project.

Mayor Wohr called the meeting back to order at 9:45 PM.

I. **WORKSHOP:**

1. 2002-2003 Budget.

We should check into our fees for the Court Technology and Animal Services and donations. We have not heard back from Hickory Creek about collecting their warrants and Corinth has made inquiries about animal control. $341,000 of money we have in street bonds is included in the expense. The pay plan that was implemented last year was discussed. We are one of 40 out of 377 cities in the state that do not pay social security for their employees. The employees should be asked how it would affect them. We should try to get down to the discretionary funds. The Police Department is asking for 2 vehicles because the sergeant/canine vehicle has 144,000 miles on it and the other unit is a 1998 with 88,000 miles. The community development vehicle really needs to be looked at. Unit 380 could probably go to code and then dispose of the Celebrity.

2. Review of City/City Manager Goals.

We need to have a good goal-setting workshop. We have had no reply to a June reminder sent to the U. S. Corps of Engineers on Willow Grove. The 4a/4b issue has been handled. The Library issue and the Boys & Girls issue have been solved. The solid waste issue needs to be addressed soon because the timing is crucial. The finishing of City Hall should be addressed in this budget. We need some enlightenment on the storm water issue. The feasibility of a multi-use ordinance should be looked into. We need to try to schedule six additional city events each year. A sidewalk on Shady Shores may be as simple as walking with Tom Hoover. We need a list of commercial properties. The sign for City Park needs to be done. We will have a workshop for goals on August 20 and a workshop for the budget on August 22.

J. **City Manager Report:**

There's a lot of concern about the West Nile Virus. - The Chief has said we can use biological tablets in standing water. The County is no help. Corinth isn't going to spray anywhere but their parks.
Donna Russell has been advised about the parking lot. She doesn't understand what happened that it did not set up but will find out and advise us.

K. **New Business:**

The City website is basically finished except for pictures. We need pictures of all the Councilmembers and the building.
The 'Back to School Dance' will be scheduled at a later date.

The Lake Dallas City Council met in a regular meeting on July 25, 2002 at 7:40 PM at the Lake Dallas City Hall with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Councilmember Gary Johnson was on vacation. Staff present was City Manager Layton, Police Chief Ristagno, David Berman, City Attorney,and City Secretary Weikum.

B. Mayor Wohr gave the Invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda:
Brittney Case read a letter that Jeanette Harmon had written about code concerns in Kingswood. Due to health problems she did not want to stand. Copies had been given to the Councilmembers.

Councilmember Stapleton thanked the staff & City Council for the flowers for his father's funeral.

Robbie Robertson and Lonnie Britton, the City's Fire Board members gave a report. Mr. Robertson explained the Fire Board membership. He thanked Mayor Wohr for his participation in the Fire Board meetings regarding the funding for the fire department. They have come up with a more equitable plan. Lake Dallas is currently down to 25% from 28% on their portion of the funding.

Mayor Wohr said that instead of being based on meter drops only the funding takes population, property values, and the fire department's records for call volume to develop a formula to divide the cost equally among the four cities.

Mr. Robertson said that currently they have one ambulance staffed. They will have an engine and ambulance housed here in Lake Dallas. The second one will be housed in Corinth. Almost all of their people are paramedics. He said they have good relationship with Denton & Lewisville for backup. Lonnie is a Captain on Denton's Fire Department.

Mayor Wohr closed the Citizen's Agenda when no one else came forward.

Mayor Wohr and the Councilmembers decided to take some of the items out of agenda order during Business.

E. **Business:**

(1) 9. Consideration and Action on approval of an Ordinance calling the 4a/4b Sales Tax election for September 14, 2002.

Jerry Conner of Economic Development Services, Irving, said his firm has worked with the Economic Development Committee. They have come to the conclusion that the only way to obtain funding for programs for amenities for the City is the 4a/4b sales tax. The City Attorney has the ballot wording and Ordinance prepared. He said this is a sales tax that most residents won't pay and it is a tax what other cities have taken advantage of it. We have a 1% cap left and Denton County could take it from us for mass transit.

Lori Farney introduced herself and said she feels this is a wonderful opportunity for the city. She said they are looking for citizens who are for this increase and they want to educate the voters about the sales tax. They will meet at the fire station Tuesday night at 7:30 PM.

Motion was made by Councilmember Fletcher to approve the Ordinance for the September 14 election including the changes discussed. Second by Councilmember Marjory Johnson.

Ayes: Councilmembers M. Johnson, Stapleton, Fletcher and Harper

(2) 7. Consideration and Action on review of a site plan for Kwik Industries on Swisher Road.

Ron Berlin, 8235 Douglas, Dallas, said someone from Kwik Industries will also address Council tonight. He gave the background on the property since he has owned it. He told of the drainage issues he had addressed to make it a usable, if irregular, tract of land. The site is not large enough for a full service car wash. This lot is bordered on west by railroad tracks. They've given easements on both sides of Swisher Road for the road extension. They have worked with Upper Trinity. In January he was here to request that the zoning not be changed to C-1-a.

Eric Smith, 4725 Nall Road, Dallas, said they have received some written comments from the Building Official and some from the Fire Chief. Kwik Industries is taking care of all the issues.

(3) 8. Consideration and Action on review of a site plan for California Carwash on Swisher Road.
Tim Peters, 924 W. Oak Street, Denton, presented the carwash proposal. He said it would be completely brick on outside with a gabled metal roof and generous landscaping. They have state of the art of equipment and use high quality chemicals. They have addressed all the issues brought by the Building Official and Fire Chief. They have addressed run-off. There will be adequate shade to protect the customers from the sun. It uses less water than washing a vehicle at home. It will be very well lighted and there will be uniformed attendants. They will share the common area drive with the neighbors. they feature fund raisers from time to time. They believe it is a permitted use.
There was Council discussion that included Mr. Peters, Mr. Berlin and the City Attorney.

Mr. Berlin said he would like to propose the donation of $8,000 for a monument sign with the two stipulations being that the City coordinate the erection of a masonry sign wherever the City would deem necessary and that any extra funds would go to the Parks after the plans for these projects are approved.

(4)1. Public Hearing on an application for a Special Use Permit to operate an Adult Amusement Center at 205 Main Street, Tract 20, Wright Survey, Abstract 1355A.
Cheryl Aslany, 1209 Rockledge Drive, Garland, said the Planning and Zoning Commission had rejected them. Issues had been brought up. She said they are asking for an equal opportunity to open a business like the gambling we already have in the city. They won't sell any alcohol so they won't have problems. They would be adding jobs. They will give to the charities with the city's permission. She said they would be bringing in people who would spend tax dollars elsewhere in town.

They were told that parking would be a real issue and that we've have a number of residents voice their concerns thru letters.

Brittney Case, Corinth, said works for a day care in Lake Dallas and doesn't want to see it in our community.

Tina Martin, 610 Thompson, said she doesn't want to see the kind of people she's talking about bringing into town. This is not what our city needs.

Rick Ashley, 748 Cedar Leaf Circle, aid he lived here from1989 to1993 and moved back in 1996. He said he doesn't want this type of nonsense in this town. If this gets past the Council he will fight it to the hilt. We need to bring businesses in here that are for families. We don't need businesses like this or some we have.

Mayor Wohr closed the public hearing when no one else came forward to speak.

B. The Invocation was given by Mayor Wohr.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda:
Mayor Wohr closed the Citizen's Agenda when no one came forward to speak.

E. Reports:
1. Boards and Commissions
Councilmember Gary Johnson said he was at a Library Board meeting as council liaison. They are beginning work on their budget and expressed interest in expanding to the rest of the building. They would like to meet with someone from the City regarding some repairs to the roof and bathrooms.
Mayor Wohr said he and City Manager Layton are meeting with the Boys and Girls Club on Tuesday to discuss the building.
Mayor Wohr said it appeared that quite a bit of money was raised for the Veterans memorial through the sale of hats. We may need to change the scheduling of the entertainment to coincide with the fireworks displays. The location change needs to be explored.

Ayes: Councilmembers G. Johnson, M. Johnson, and Fletcher
Noes: None

Motion Passed

G. **City Manager Report:**

There is a breech on Hundley that allows water to run onto a homeowner's property. Council directive to City Manager Layton was to contact Mr. Hundley and the homeowner regarding the drainage problems so no more damage is done to the street. Briar Oaks looks as if a utility cut was made and it has caused the road to drop. The contractor's liability has long since run out. We will have to fix it.
Lakebridge and Vista Oaks has a big hole developing there. The curb is breaking up. We need to find out what's causing this.
We need to schedule a workshop on August 6 where we can address the goals and start on the budget process.
The consultant for the Economic Development Committee should have the ballot wording done and the city attorney should review it. The City Council needs to approve the Ordinance at the July 25 meeting.
Charter revisions have been approved months ago. There should be another charter revision made to change language about getting bids to be whatever state law allows.
The completion date for the parking lot will be a week to ten days after the cut is made. The landscaping can be done about the same time. The architect has asked where we want the flagpole.

The building dedication should be scheduled for the first council meeting in August. We should mail out invitations, advise the Chamber of Commerce, and invite past mayors and councilmembers.

H. New Business

There's an abandoned house on Lakeview near Hundley that needs some code enforcement.

We should keep the semis from parking on the grass on Main Street. They should be screened and parked on gravel or hard surface.

A Texas Waste Management tandem axle truck was turning onto Betchan off Main Street recently. We might be able to contact Larry Anderson about the trash receptacle placement so we can keep those big trucks off the smaller street.

Citizens have complained that they are having trouble contacting the city manager. We may need to implement an 'In-Out' Board. The cell telephone should also help.

There was discussion about what TX Dot will be doing with I-35E when they do construction work in the near future. If citizens have questions we should direct them to complete open records requests so we have records of what has been asked and what the answers have been.

I. Adjourn

Motion to adjourn was made by Councilmember Marjory Johnson. Second by Councilmember Fletcher.

Ayes: Councilmembers G. Johnson, M. Johnson, and Fletcher

Noes: None

H. City Manager Report:

Council chamber chairs were discussed and decided upon. The lobby furniture issue was addressed.
The Planned Development needs to go to the Planning and Zoning Commission and then will come forward to the Council.
The landscaping issue is not on order yet.

I. New Business

There was a complaint at 315 Bolivar about neighbor problems and drainage problems. Councilmember Harper and Councilmember Gary Johnson have gone to visit the resident. We don't know what, if anything, the city can do about this, since this is private property. City Manager Layton said staff has been made aware of this problem and we have looked at this situation.
There have two other complaints about cut brush that has not been removed from 2 lots in the old section on Bolivar and cars parked without registrations. At the back of Stadium there an empty lot that has trash and an old couch that's been there for quite some time.
Tommy Williams spoke about the problems he was having with his neighbors about cars. He also spoke about having to call police officers out because of kids he thinks are on drugs. He said he had been told to put in a French drain to solve the drainage problem. He said there's an old trailer across the street that he thinks is being used for drug activity.
The Commissioners Court has an evening meeting and they travel around and have it in other cities. Councilmember Marjory Johnson would like to invite them to come and have a meeting in our City Hall.
A workshop will be set up while the city secretary is gone on vacation.
Councilmember Gary Johnson will be out of town from July 20 through August 5.
Mayor Pro-Tem Stapleton apologized for his recent absences of the past two meetings. He asked for the council's understanding and forgiveness.

F. Workshop:

1. City Facility Planning/Progress.
The floor will be stripped tonight. The signage should be up soon. The concrete contractor has been postponed until the water is done.

2. City Hall Public Open House scheduled for June 15.
Staff will be in attendance. The Police Department will be serving food and drinks. We'll do a regular building dedication later.

3. City Council Goals.
We don't have a date scheduled for the projected budget workshop.
We need to refocus on the street projects.
The park equipment is on order and should be here in about six weeks.
A mock-up of a park sign is being made for the Parks and Recreation Board.
The Corps of Engineers tells us that approval is expected any day for Willow Grove Park activities.
The Economic Development Committee is trying to find a campaign chairman for the 4a/4b sales tax election.

We should have a special goals meeting. The goals discussed in the February 19 meeting were 30 - 60 - 90 day goals and we're past them because we have never had a workshop. A workshop should be scheduled every quarter and receive a City Manager report every meeting. The preparation of Council packets by the city manager should also be discussed during the workshop.

G. City Manager Report:
1) Mr. Layton recommended that we tell Bernadette that we're not interested in her pictures. We've had some interest from Cen-Tex again for the Payless property. Something needs to be put in place regarding certificates of occupancy particularly when there is a change of ownership.

Mr. McNatt owns nine lots in Harbourtown that is zoned for duplexes. He's been approached about putting in Garden Homes. We need to see if we can get a planned unit development ordinance in place.

It's two weeks before the fireworks event. This year there's an additional charge of $4,000 for insurance that has to be paid before we can schedule the fireworks.

H. New Business

We need to talk with the city attorney about Video Plus as well as the Payless/Centex issues. We may need to have an executive session.

Our zoning signs are getting hard to read and should be replaced.

We have a police department we can be proud of.

We are missing a bunch of signs that say 'No outlet to the lake' in various places around town. They should be replaced.

D. Workshop:

1. City Facility Planning/Progress.

Authorization of administrative decision of the City Manager to purchase some chairs for Council; and authorization for lobby furniture to be purchased plus office furniture for the Chief's office. Police Chief Ristagno has offered to donate a washer and dryer for jail use plus a Christmas tree for the lobby.

We have a contractor to put the curb in. The rains have slowed that down. Johnny Webber will have triple bypass in about a week. City Manager Layton said he's been with Tom Hoover and doesn't know if the parking lot can be done by Flag Day.

Mayor Wohr said he would like to coordinate the new City Hall Open House for June 15 with the Road Rally. Perhaps that day we can begin fund raisers to get our community room completed. The sooner we can get that up and running, the better. We need cash for the air conditioners.

E. City Manager Report:

F. New Business:

Councilmember Marjory Johnson said she was here yesterday and the day before. She said the employees who were here have done a great job. They were very efficient. She said the Kids & Cops Open House was awesome. It gets bigger and better every year.

D. Visitors/Citizens Agenda:
Carolyn Green, 201 N. Shady Shores, referred to Items 7 & 8 on agenda. She said she's getting mixed messages from the Library Board, the Council and the Mayor of Corinth. She said she's been made to sound like she's against the Boys and Girls Club but she isn't. She's been told that the summer reading program may not be able to be here because of the space. Has anyone given any thought to giving the 'old' city hall to the Boys and Girls Club?

Mayor Wohr closed the Citizen's Agenda when no one else came forward to speak.

E. Business:

1. Public input on approval of a preliminary site development plan for Silestone located on Overly Drive.
No one was here to speak on this item. Mayor Wohr said we had input from Chief Collier of the Fire Department and he's okay with the way it's laid out. The drainage has been addressed.

2. Consideration and Action on approval of a preliminary site development plan for Silestone located on Overly Drive
Motion was made by Councilmember Fletcher to approve Agenda Item E-2.
Second by Councilmember Harper.
Ayes: Councilmembers G. Johnson, Fletcher & Harper
Noes; None

Motion Passed

3. Consideration and Action on approval of a Resolution to extend the moratorium on M-1 properties for 90 days.
Motion was made by Councilmember Fletcher to approve Agenda Item E-3.
Second by Councilmember Harper.

4. Consideration and Action on approval of the Lake Cities Fire Department formula to determine each participating city's funding percentage for the interlocal agreement.
Motion was made by Councilmember Fletcher to approve Agenda Item E-4.
Second by Councilmember Gary Johnson.
Ayes: Councilmembers G. Johnson, Fletcher, and Harper
Noes: None

Motion Passed

5. Consideration and Action on approval of an Ordinance to amend the 2001-2002 Budget to include an expense of $1000 for funding of the North Central Texas Council of Governments newly established Regional Emergency Management Planning Council.
Motion was made by Councilmember Harper to approve Agenda Item E-5.
Second by Councilmember Fletcher.
Ayes: Councilmembers G. Johnson, Fletcher, and Harper
Noes: None

Motion Passed

6. Consideration and Action on report from a representative of Economic Development Services.
Paul Fiala, Chairman of the EDC said that Jerry Conner is here to talk to Council about the survey that had been mailed out. It had been their intention, as the EDC, to approve the report and go forward last Monday but they didn't have a quorum. The EDC will take formal action at their next meeting.
Jerry Conner, Economic Development Services said they do a lot of surveys for various reasons. They wanted to get true citizen input. Most of those who returned the surveys had voted in the last election. He said a 16% return is a very good percentage for a mailout survey. This is a trend survey. This is good news. He said there is more good news. Everyone "wants to do all these things," but, the bad news is that "they don't want to pay for all these things." They ran an official uninformed ballot and an informed ballot in the survey also. He said the people in Lake Dallas need to be educated about taxes and the differences between ad valorem, sales tax, property tax, city tax, and state tax. New and improved entryways were liked, as were additional parks and recreation areas. Who's going to be in charge of the money was a big question.

They (Mr. Conner's company) were concerned that we lost 2% after they were informed about the sales taxes but said we're still in good shape. Mr. Conner said there were no responses in the 20 - 30 age group so that tells us that either they don't vote in our city or they don't care. If your older population takes the time to fill this out they will also be the first people to the polls to vote.

He discussed the gross retail sales for the City of Lake Dallas since 1988. He said our economy is going to need a kick-start. He said that, as consultants, we don't believe you have a choice at this time if you want to continue to be a quality community but to go for the 4a and 4b sales taxes. He said it's not going to be easy to pass and that it's going to take some leadership by our citizens. We're going to have to do a lot of education in this town. He said that if we choose to go the step further, we could hire his people to educate the people on the tax.

Motion was made by Councilmember Fletcher to approve Agenda Item E-6 contingent upon the approval of the Economic Development Committee.
Second by Councilmember Harper.
Ayes: Councilmembers G. Johnson, Fletcher, and Harper
Noes: None

Motion Passed

Mayor Wohr called for a 5 minute break at 8:34 PM.
Mayor Wohr called the meeting back to order at 8:51PM.

Mayor Wohr said that since everyone's here we're going to run the next 2 workshop items together and give everyone an opportunity to talk back and forth -- Items 7 and 9 are open now.

7. Workshop with Boys and Girls Club of Denton County regarding a contract.

9. Workshop with the Lake Cities Library regarding a contract.

Dr. Jean Keller from UNT, a guest for the Boys & Girls Club spoke first. She thanked Council for the partnership and said they would like to continue the relationship here in Lake Dallas.

City Manager Layton said he made a recommendation to the Council based on a meeting a couple of months ago with the Library people and Boys and Girls Club.

Cecil Carter of the Library Board said he had concerns. In previous meetings they have been cooperating with the Boys and Girls Club. They support them.

Mayor Wohr closed the workshop after more discussion.

8. Consideration and Action on approval of an Ordinance and contract for use of City facilities by the Boys and Girls Club.
Motion was made by Councilmember Harper to table this item until a special meeting next week. Second by Councilmember Gary Johnson.
Ayes: Councilmembers G. Johnson, Fletcher and Harper
Noes: None

Motion Passed

10. Consideration and Action on approval of an Ordinance and contract for use of City facilities by the Lake Cities Library.
Motion was made by Councilmember Harper to agree with the Ordinance and contract subject to approval at the special meeting to be held next week. Second by Councilmember Gary Johnson.
Ayes: Councilmembers G. Johnson, Fletcher and Harper
Noes: None

Motion Passed

11. Consent Agenda:
a) Consideration and Action on accepting Councilmember Marjory Johnson's resignation as liaison to the Parks and Recreation Board and appoint Councilmember Gary Johnson as liaison to the Parks and Recreation Board.
b) Consideration and Action on appointing Councilmember Marjory Johnson as liaison to the Planning and Zoning Commission.
Motion was made by Councilmember Harper to accept Councilmember Marjory Johnson's resignation as liaison to the Parks and Recreation Board and appoint Councilmember Gary Johnson as liaison to the Parks and Recreation Board. Second by Councilmember Gary Johnson.

12. Consideration and Action on approval for a grant application with the Texas Parks and Wildlife Department for a Trails Grant.
Motion was made by Councilmember Harper to approve the grant application with the Texas Parks and Wildlife Department for a Trails Grant.
Ayes: Councilmembers G. Johnson, Fletcher and Harper
Noes: None

Motion Passed

F. **Workshop:**

1. City Facility Planning/Progress.
This will be part of the City Manager report.

2. Discussion on City Council Planning/Progress of City Council.
This was not addressed since all the Councilmembers were not present.

G. **City Manager Report:**
He gave the Councilmembers his typed preparation. He had a good meeting with Tom Hoover and the asphalt contractor this afternoon. We'll move dispatch and another person next Tuesday.

Mayor Wohr said we may need the community room by September. Let's see where we are and who we can get to maybe finish it off. The floor can stay concrete right now so we would need A/C units and a dropped ceiling.

Police Chief Ristagno said the only other real issue is the chairs for the council and court. We can use the blue chairs we already have but we may have to buy some more. He said we may want to consider some waiting room furniture.

H. **New Business:**

I. **Adjourn**
Motion to adjourn was made by Councilmember Gary Johnson. Second by Councilmember Harper.
Ayes: Councilmembers G. Johnson, Fletcher and Harper
Noes: None

Motion Passed

The meeting was adjourned at 10:45 PM.

Steve Wohr, Mayor

Beverly Weikum, TRMC
City Secretary

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on May 9, 2002 at 7:35 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff: City Manager Layton, Police Chief Ristagno, and City Secretary Weikum.

B. Mayor Wohr gave the invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda

Linwood Gilliland, 703 Payton, said some recent storms had affected two trees at his son's house and they needed to be cut down. It's dangerous and appreciates how the city took care of the problem. He then referred to an article in the Sun Newspaper about tall grass and enforcement of the City code. He said there are some people who are not going to mow until they receive a ticket or are told to mow. He asked that we do enforce the code because it will help everyone's property values. He suggested that we try to help those who can't do it themselves.

Mayor Wohr said that we're hoping that our new city hall will be an example and perhaps people will follow that example.

E. Reports:

Boards & Commissions

Chris Fahey, Parks and Recreation Board, said Frank Moore brought a picture of a monument sign to last Tuesday's meeting. It has a place for names of the prisoners of war and those killed in action who are from Lake Dallas. The Board approved a cover for the playground equipment. It was suggested that the parking lot be made for one-way traffic to alleviate confusion when many cars are there. The Sonic provided breakfast and Checkers Pizza provided lunch for the workers at the Willow Grove clean up. Thanks the councilmembers who participated. The 4th of July preparations are progressing. They plan to award plaques instead of trophies this year. Fees for special use permits at events will be discussed at the next meeting. She handed out suggestions for ordinances and rules for Willow Grove Park. City Manager Layton gave them a copy of letter he had written to the Corps of Engineers. Rod Proctor has resigned as chairman.

F. **Business:**

1. Oath of Office to elected officials.

Mayor Wohr was sworn in by City Secretary Weikum. Councilmembers Gary Johnson, Place 1, Marjory Johnson, Place 2, and Alan Fletcher, Place 4 were sworn in by Mayor Wohr.

2. Consideration and Action on selection of Mayor Pro-Tem.

Councilmember Marjory Johnson thanked the Council for the past year and nominated, as a motion, Councilmember Stapleton. Second by Councilmember Gary Johnson.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

3. Consideration and Action on authorizing the Lake Dallas Police Department to submit for a COPS Grant.

Motion was made by Councilmember Marjory Johnson to approve Agenda Item F-3. Second by Councilmember Stapleton.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

4. Public input on approval of a preliminary site development plan for O'Reilly Auto Parts located on Lot 2, Block 1 of Swisher Road Addition – North.

Ron Coombs said he is the surveyor for this property and he prepared site plan. He did talk with O'Reilly and said they did stress that they do want to work with the city. They will do whatever is required regarding the landscaping, screening and lighting. There may be some lighting on the west side in a parking area. He said he doesn't know what the hours will be for this store.

Mayor Wohr closed this item and moved to item 5.

5. Consideration and Action on approval of a preliminary site development plan for O'Reilly Auto Parts located on Lot 2, Block 1 of Swisher road Addition - North.

Motion was made by Councilmember Gary Johnson to approve Agenda Item F-5. Second by Councilmember Stapleton.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

6. Consent Agenda:

a) Consideration and Action on approval of April Financials and accounts payable.

b) Consideration and Action on approval of Minutes for April 11, 25, and 29, 2002 meetings.

Councilmember Fletcher asked that the Minutes of April 29 show that he did not vote because he was not in attendance. Councilmember G. Johnson asked that page 5 of the April 25 Minutes reflect M. Johnson and not J. Johnson had voted. **Motion** was made by Councilmember Marjory Johnson to approve the Consent Agenda with corrections to the two sets of Minutes. Second by Councilmember Stapleton.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

G. **Workshop:**

1. City Facility Planning/Progress.

The final punch list hasn't been done. We have to go through the ADA inspection before we move in. There is an issue we're facing about the water line. The plumbers are saying if we don't go to the 2-inch line we will be facing a lot of stoppages. LCMUA will credit the 1-inch against a 2-inch so the cost would be about $9,000 instead of $11,000. We will get with the architect and an engineer.

It would be nice to have the Open House in June on Flag Day. The first thing to move will be communications and that is planned for the last weekend in May There are some rooms that have built INS but we haven't made arrangements for chairs or offices. The expectation is that we'll use what we have right now. We need furniture for the lobby.

Mark Johnson said that Nokia is being pressured to get out of a building and they have a lot of chairs to dispose of. He will see if they will be able to help us.

City Manager Layton is discussing the parking lot with the engineers.

2. Discussion on City Council Planning/Progress of City Council.

Councilmember Fletcher said he asked for this to be put on the agenda. It's a lot easier to accomplish your goals if you discuss them and he would like to see us lay out some hard goals for the city and set out time lines and address them every meeting.

We should set up a workshop to determine goals for the first 6 months for this next year and goals for the second 6 months. We should have a workshop with just this item on the agenda.

H. **City Manager Report:**

City Manager Layton gave handouts to the Councilmembers.
He said we are going to do a little bit different on the City Park sign.
He had placed maps on the wall about the toll bridge. The toll plaza will not impact us. It will be a 5-lane road that is designed for traffic no faster than 45 miles per hour. There are no funds or plans for any screening or buffer zones. By the end of the week he should have all the schematics for the 6 lanes of I-35 between Lake Lewisville and Boeing. He's been told that all the exit/entrance ramps have been approved. The bids go out in September for construction to begin in January.
He reported about meeting with Upper Trinity about repairs to Lakeview Drive north of Howard. He said he's looked at the streets on the inventory. The most complaints are about Stadium and he said he can fix that street, in house. He said he thinks he can 'prep' that street in the amount of the time that Upper Trinity will be bringing in their asphalt.

I. **New Business**

There was discussion about a letter received about the procedures during public hearings. Perhaps we should give a one-minute rebuttal for each the 'yeas' and the 'nays' or we could ask them additional questions during council discussion. This could be addressed during a workshop and the council policies and procedures could be updated to include this item.

The library's summer reading program starts in the first part of June. The Boys and Girls Club is operating under a contract with the city until the middle of June and we're trying to resolve any conflict.

Councilmember Marjory Johnson said she would like to resign as liaison for Parks Board and would like for Council to appoint Councilmember Gary Johnson as he already attends their meetings. Councilmember Gary Johnson said he would like to be the liaison. Councilmember Marjory Johnson said she would like to be appointed liaison to the Planning and Zoning Commission.

Councilmember Stapleton said he thinks our new city manager has done a good job. He would like an agenda item next meeting for feedback from the City Manager on how he thinks council is doing and maybe Council can provide some feedback to him on how he is doing. City Manager Layton said he would like to wait until June.

The porta-potties at the Park are in bad condition. The Soccer Association should be contacted.

J. **Adjourn**

Motion to adjourn was made by Councilmember Marjory Johnson. Second by Councilmember Fletcher.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper

A. Roll Call:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff: City Manager Jim Layton, Police Chief Nick Ristagno, and City Secretary Beverly Weikum.

B. Mayor Wohr gave the Invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda

John Schuh, 737 Harbour Town Drive gave the Councilmembers copies of an article from the Dallas Morning News. It concerned a code misunderstanding about manufactured homes and mobile homes in the Dallas area. He definitely does not want to see double-wides next to him. He also expressed concern about what type of trash disposal is to be provided for apartments and other multi-family housing units.

Mayor Wohr said if there's an immediate problem, we could ask our building inspector to go down with him and take a look at the problem and then he could report to council.

Mr. Schuh said he had been to a county transportation meeting and they were talking about light rail. He just wondered if we have been discussing light rail right through here.

Mayor Wohr said he's been to about 5 or 6 of those meetings but it is now in the early stages of planning. They will put them where they have customer base. They might run a light rail system up these tracks but they would have to somehow have to connect with some of the universities. It is still 10 or 12 years out.

Chris Fahey, 144 Kingswood, said she had reported a dead beaver carcass laying on Shore drive 2 weeks ago to the Police Department and was told they would contact animal control. She said the carcass is still there.

Mayor Wohr closed the citizen's agenda when no one else came forward to speak.

E. Proclamations

TxDOT - Click It or Ticket Texas

Mayor Wohr read the proclamation. He said it's a pretty important thing and the statistics differences with seat belt use are impressive.

F. Business:

1. Consideration and Action on approval of a health care plan for City Staff. (This item was tabled at the April 11 council meeting.)

City Manager Layton handed out sheets with the alternative costs. He said he met with all the employees except for a few who met with Chief or Joni. His biggest concern is the out of pocket expense for the city as well as the employees who have dependent coverage. We felt that if we increased the co-pays on visits/outpatient/hospital it would bring the cost down. The employees were in agreement with that strategy. He has queries into the TML right now and suggests a special meeting early next week with nothing on the agenda except the health care and the resolution. If there's the slightest chance we can get better coverage for the employees council was willing to have another meeting on Monday.

Motion was made by Councilmember M. Johnson to accept Aetna's alternative 1-A for group medical benefits unless it's determined differently by Monday night. Seconded by Councilmember Fletcher.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper

Noes: None

Motion Passed

2. Public Hearing on approval of an Ordinance for a proposed zoning change to Tracts 75 and 76 of Abstract 0924A MEP and PRR property (612 Main Street) from C-2 Commercial District to R-1-7200 Single-Family Dwelling district.

Laird Lind, 735 Carlisle Street, has been asked by Toni Smith to address council. As the application indicates it's an attempt to rezone it back to what it was in 1969 before converting it to a daycare center. It has been vacant for several years and attempts to lease it have been futile. There is a buyer for the property if it is rezoned to residential. The valuation will be more once the property is in use. The Planning and Zoning Commission approved the rezoning unanimously at their meeting last week.

Mayor Wohr closed the public hearing.

3. Consideration and Action on approval of an Ordinance for a proposed zoning change to Tracts 75 and 76 of Abstract 0924A MEP and PRR property (612 Main Street) from C-2 Commercial District to R-1-7200 Single-Family Dwelling district.

Motion was made by Councilmember Marjory Johnson to approve the zoning change to Tracts 75 and 76 of Abstract 0924A MEP and PRR property (612 Main Street) from C-2 Commercial District to R-1-7200 Single--Family Dwelling district. Second by Councilmember Fletcher.

Ayes: Councilmembers M. Johnson, Stapleton, & Fletcher

Noes: Councilmembers G. Johnson and Harper

Motion Passed

4. Public Hearing on an application for a proposed replat of Tract 3 of the H. H. Swisher Survey Abstract Number 1220. If approved, part of Tract 3 would become Lot 2, Block 1 of Swisher Road Addition - North.

Mayor Wohr closed the public hearing after hearing from Frank Atwater, Koombs Survey, Inc. who did the survey of the property, had answered questions from the Council.

5. Consideration and Action on approval of an application for a proposed replat of Tract 3 of the H. H. Swisher Survey Abstract Number 1220. If approved, part of Tract 3 would become Lot 2, Block 1 of Swisher Road Addition - North.

6. Public Hearing on an application for a proposed replat of Tract 3A of the J. W. Simmons Abstract 1163A. If approved, Tract 3A would become 2 lots to be designated Lots 1 and 2 of Block A of KWIK Addition.

Eric Smith, KWIK Industries, said they plan to use one lot for a laundry and sell the other lot for future development. He discussed the road and the shared approach for both businesses. He said they had taken the plat to the county and they approved it.

Mayor Wohr closed the public hearing

7. Consideration and Action on approval of an application for a proposed replat of Tract 3A of the J. W. Simmons Abstract 1163A. If approved, Tract 3A would become 2 lots to be designated Lots 1 and 2 of Block A of KWIK Addition.

Motion was made by Councilmember Stapleton to approve Agenda Item F-7. Second by Councilmember Fletcher.

8. Public Hearing on an application for a proposed replat of Lots 1 - 3 and 11 - 13, Block 7 of Lake Dallas Shores Addition. If approved, these lots would be come one lot designated as Lot 1R of Block 7 of Lake Dallas Shores Addition.

John Donahue said there's a shed and carport on the property now but that they will be removed. The taxable valuation right now is $15,000. It will be worth much more after the house is built on the property. They don't plan to bother any trees on the property.

Mayor Wohr closed the public hearing

9. Consideration and Action on approval of an application for a proposed replat of Lots 1 - 3 and 11 - 13, Block 7 of Lake Dallas Shores Addition. If approved, these lots would be come one lot designated as Lot 1R of Block 7 of Lake Dallas Shores Addition.

G. Workshop:

1. City Facility Planning/Progress.

H. City Manager Report:
City Manager Layton gave the Councilmembers a handout to read and said if anyone had any questions to call him. He said the EDC project is about 2 - 1/2 weeks behind schedule. There was discussion about the focus group meeting held at a recent Economic Development Committee meeting. There was also discussion about the sales tax issues.

I. New Business
Councilmember Fletcher questioned the amount spent on attorney fees. There was discussion about using TML more often and minimizing the calls to the City Attorney. We should continue to have the City Attorney review the Ordinances. We could call other cities to see how they are handling certain issues. There is an advantage in the fact that Mr. Berman has been with the City for a long time.

Councilmember Harper said she has had a couple of complaints. A lady on Bolivar Street said someone is buying and selling used cars out of his house and has a car up on blocks which means people are parking on the street instead of their driveway. Councilmember Harper said she went down there tonight and there were 2 cars parked on the street but she couldn't find the 2 junk cars in the driveway. She said she's had some complaints about an old junk car on Dolphin and Thompson. The vehicle on blocks was not there. There is a vacant lot with tall grass and weeds and an antenna.
City Manager Layton said we have already sent the letter out on the latter complaint.

Councilmember Gary Johnson said he had a visit from James Stanford and he was complaining about people parking in front of a gate. All the other Councilmembers have been by there, too. Councilmember Gary Johnson said he asked Mr. Stanford to come to the council meeting but he said his wife was having surgery today so he could not attend the meeting.
Chief Ristagno said there is an issue in that area regarding the street as well as a driveway on the Stanford's property. The Stanford's did have a 'no parking' sign there and then Mr. Stanford had someone's car towed. Chief Ristagno had to call Dave Snider and tell him he couldn't do that.

Chief Ristagno asked if the boat canal at the end of Bolivar is ours. If we move a little of the wall there we could solve the problem in that area.

Chief Ristagno said the school district and the police department are writing a grant for a school resource officer. The action item will be on the next agenda.

Chief Ristagno said that Hickory Creek called about Lake Dallas entering their warrants since the county won't do it for them unless pay them $50/warrant. They had 4200 warrants outstanding so he and City Manager Layton decided we could do it for about $10/warrant. We'll have to enter into an agreement with them.

The Kids & Cops program is May 18.

Motion Passed

The meeting was adjourned at 11:51 PM.

Steve Wohr, Mayor

Beverly Weikum, TRMC
City Secretary

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on April 11, 2002 at 7:30 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff: City Manager Jim Layton, Police Chief Nick Ristagno, and City Secretary Beverly Weikum.

B. Mayor Wohr gave the Invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Presentations:
Mayor Wohr gave plaques from the City of Lake Dallas for ten years of service.
Mayor Wohr gave the first plaque to Police Chief Ristagno. He said it is hard to keep good people for such a long time in small communities.
Chief Ristagno told Officer Roz Sleigh that it is our honor and pleasure to have you serve these past ten years. We appreciate all the hard work done for the City both professionally and personally.
Chief Ristagno told Sgt. Wes Frazier thank you for his ten years of service. He said it's an honor and pleasure to have you serve the city. He also presented Sgt. Frazier with "The Chief's Award" for going above and beyond the call of duty. Chief Ristagno referenced the building of city hall and said Sgt. Frazier had run wires, helped with the design of the emergency system, the computer system, and repaired the parking lot lights. Chief said he had missed a couple of other things. Sgt. Frazier has, for years, set up our police cars when we purchase new ones. We appreciate his dedication to the City. He also gave gift certificates to Sgt. Frazier and his wife, Debbie, because most of this work was done during off-duty hours.

E. Visitors/Citizens Agenda
Carolyn Green, 201 N. Shady Shores, referred to Item 4 on consent agenda. She feels that a promise was insinuated by the Council a year ago that when school was out this building would be turned over to the library and the portable building would be gone. Her suggestion is that the Boys and Girls Club use the 'old' city hall when the new city offices are open. She's been trying to get people to donate to the club. The library facilities and the summer reading program are wonderful things for the children. The Boys and Girls Club is very important, too.

F. Reports:

Holly Crow, Higginbotham & Associates, asked if everyone had a copy of the proposal she submitted. This year Aetna's increase is 79%. This is mostly due to the medical trend: rising cost of medical procedures and prescriptions. Aetna offers some alternate plans with higher deductibles. They solicited quotes from other carriers and cost is quite a bit lower. But, these are preliminary rates and have no consideration for the underwriting. She recommended that we look at some alternate plans with Aetna.

Council requested that we get feedback from the employees before a decision is made.

Boards & Commissions:
Neal Malone said Shelley Kristich has done a lot of hard work on the City Park playground equipment search. It looks as if it will be a joint operation between the VFW and Legion for the flagpoles at City Park. They would like to put up a plaque as a memorial to all American veterans.
Mayor Wohr said that at one time Wal-Mart was donating money to those who were putting up memorials.
There is a planned clean-up at Willow Grove on April 20. The motorcycle camp-out will be a good breakthrough at Willow Grove Park.

Councilmember Fletcher said a lot of people showed up for the E.D.C. meeting on Monday night. Jerry Conner of Economic Development Services had invited many people to come for the presentation about 4a/4b sales taxes.

G. Business:

1. Consent Agenda:

(a) Consideration and Action on approval of financials and accounts payable through March and Fourth Quarter 2001 and First Quarter 2002 TexPool Reports.

(b) Consideration and Action on approval of minutes for March 14 and 2, 2002 meetings. 28 BGW

Motion was made by Councilmember Marjory Johnson to approve the Consent Agenda. Seconded by Councilmember Stapleton.
Ayes: Councilmembers G. Johnson, J. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

2. Consideration and Action on approval of health care plan for May 1, 2002 through April 30, 2003.

Motion was made by Councilmember Stapleton to table Agenda Item G-2 until the next regular meeting. Seconded by Councilmember Harper.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

3. **Consideration and Action on approval of playground equipment for City Park.**
Motion was made by Councilmember Stapleton to approve the purchase of the playground equipment. Seconded by Councilmember Marjory Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

4. **Consideration and Action on modifications to the Lake Dallas Community Center to accommodate both the Library and the Boys & Girls Club.**
Motion was made by Councilmember Stapleton to table this item until we can get a proper project plan on what the modifications will be. Seconded by Councilmember Marjory Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

Mayor Wohr called for a break at 9:00 PM.
Mayor Wohr called the meeting back to order at 9:15 PM.

5. **Consideration and Actin on approval of a Resolution adopting new access line rates for telecommunications.**

Motion was made by Councilmember Marjory Johnson to approve the new access line rates at Section 3 rates of $0.37 Residential, $0.82 for Non Residential and $1.26 for Point-to-Point. Seconded by Councilmember Gary Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Fletcher & Harper
Noes: None
Abstentions: Councilmember Stapleton

Motion Passed

It was decided to move to Item I before the workshop items.

I. **City Manager Report:**
We have received one estimate for the City Hall greenbelt. It is for 500' of curbing at roughly $15/ft. He's hoping we can find it cheaper than that. The soil is the staggering cost.

Several weeks ago we were invited to Library Board meeting and there was not a very great consensus at that meeting. There was discussion that the board presidents and members of the library and Boys and Girls Club would speak to the mayors. He attended a meeting between the Library and the Boys and Girls Club to see how they could work things out recently. They had indicated to him that they had come to an agreement. There was talk that some volunteers could do most of the work. The library said they would move all their children's activities back here. He said that both Mr. Burgess and Cecil Carter agreed that this is not a long-term situation.

City Manager Layton he met with our county commissioner and the tollway authority at a meeting today about he Swisher Road extension.

Section 110 of our code about high grass and abatement of the nuisance that needs to be amended soon.
Mayor Wohr told Jim he appreciates his hard work. It would be nice to go through our ordinances and see what needs addresses.

He referenced his handout which listed various items that could be covered by the current budget.

H. **Workshop:**

1. City Facility Planning/Progress.

Next week they should be able to finish the ceilings and painting. The color coordination on the outside is being discussed now. They are beginning to stain all the built-ins so they will be going in next week. Tom Hoover is involved in the parking area overlay now.
We don't have a time frame for finishing out the community center. We will need to install a/c units, wiring, flooring and ceiling plus the kitchen issue.

2. Library lease draft agreement.

We could lease the building to the library and they could sublet a portion of it to the Boys and Girls Club. In answer to the question of who is going to pay for the maintenance, it was suggested that we use a landlord/tenant relationship: if the roof needs fixed that's something the City would need to deal with; if it's day to day maintenance then it would be tenant responsibility.

Jill Rael, librarian, said she's happy with the arrangement. She said she's gotten attached to the Boys and Girls Club and some of the kids. She gets along fine with the counselors and has no complaints. They'll probably focus on another building and it probably won't be Corinth. The summer reading program will be somewhere else.

City Manager Layton said both board presidents said it could work by having the two entities share the community center area. This situation could be for as long as 3 years.

We at least want to fund the library as we have been. We need to have some hard facts on the rental. We can stay in the position of landlord and lease to both of them and the electric bill would be divided 3/4 and 1/4 as long as both tenants agree. We could rent per square footage and bill the utilities by the same percentage.

3. Boys & Girls Club lease draft agreement.

This was discussed under item H - 2.

J. New Business

Someone from Jackson Ranch contacted Councilmember Fletcher and is concerned about the people speeding on the main feeder road to get to Thousand Oaks.
Police Chief Ristagno said we've been getting continuing complaints about River Oaks Way and are looking into getting some speed humps because we don't have enough manpower to patrol. Tom Hoover is working on it for us now.
Councilmember Marjory Johnson said Carlisle is becoming a problem again with trailer traffic. We may need to do more signs.
City Manager Layton reported that at the EDC meeting there was discussion about needing more signage to get to the marina.
Police Chief Ristagno said we are getting new city limit signs with the new logo.
Councilmember Fletcher asked if we can start generating some plans for what are we going to do with the old city hall.
Councilmember Marjory Johnson said tomorrow is the Volunteer Appreciation Dinner at 7 PM here in the Community Center.
The Chamber of Commerce dinner, the Road Rally dinner, and our next council meeting are all on the same night. Can we change the next meeting night?

K. Adjourn

Motion to adjourn was made by Councilmember Stapleton. Seconded by Councilmember Fletcher.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

Meeting was adjourned at 12: 05 AM.

CITY OF LAKE DALLAS, TEXAS

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on March 28, 2002 at 7:35 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff Present: City Manager Jim Layton and City Secretary Beverly Weikum.

B. Invocation was given by Mayor Wohr.

C. The Pledge of Allegiance was led by Mayor Wohr.

D. Visitors/Citizens Agenda:
Mayor Wohr closed the Citizen's Agenda when no one came forward to speak.

E. Proclamations:
Mayor Wohr read a proclamation for the Friends of the Family.

F. Reports:
Lake Cities Library Board regarding possible expansion and Summer Reading Program.
Jill Rael, director of the Library said she was speaking for the library board. She handed out a possible expansion plan. There could be a conflict with the Boys & Girls Club. They would like to have a formal lease agreement with the city and would like to have a meeting about it.

Mayor Wohr thanked her for the invitation to the meeting earlier this week. There's a lot of support for the library. Some of the things discussed were long and short-term plans. There will be some type of interlocal but we don't know how it will be funded at this time. We appreciate all the time you put into the plan, arranging the meeting, plus the food.

Rhonda Howe, children's coordinator, said this year is the first year that they have a program for every single day of the week and it's for different age groups every day. The only day they won't have a schedule is Monday because they're closed. She's excited about the program this year and said children come from all the neighboring cities including Flower Mound. She is staffed only by

volunteers. She is the only paid staff. Her donations come from anywhere she can get them. All the businesses are usually very accommodating.

Bernadette Zahn spoke regarding artwork she is proposing and quoting prices on for the new City Hall. She said she's from the area and has some history from back in the 50's. She's a nature artist by trade. She showed some samples to the Council. The artwork is of the Lake Dallas area. Her recommendations are the color photography.

G. Business:

1. Consideration and Action on approval of conceptual for Overly Drive located in M-1 Light Industrial district currently under moratorium (tabled at March 14, 2002 meeting).

Steve Chambliss and Doug Greenlee presented a site plan which shows where the building will be set. They are here to see if the plan is acceptable and within the parameters we had talked about at an earlier meeting.

A drainage survey needs to be done to see where the water is going to go. This should be given to our Building Inspector.

Since the drawing appeared that they plan to separate the property, they were asked if they had any objection to a different zoning. They said they are not opposed to anything we would require.

They would like to start building within a month. If the plat plan is approved, Council can waive the moratorium. They were advised to contact the Building Official.

Mayor Wohr called for a short break at 8:35 PM.

Mayor Wohr called the meeting back to order at 8:55 PM.

2. Workshop with Parks & Recreation Board members on playground equipment, Willow Grove and Master Park Plan.

Parks members present: Rod Proctor, Tony Robinson, Cliff Elton, Chris Fahey, Tina Martin, Neal Malone, Carolyn Green, and Shelley Kritsich.

There was discussion about the flagpoles and Flag Day being June 14.

Parks has received 2 estimates on playground equipment and fitness equipment but they are still waiting for one from Playwell. After approving a quote it will probably be 4 - 6 weeks before the equipment is in. The parking lot contractor should be contacted about doing the sidewalk. The contract lines on the soccer contract do not agree with the current park plan. Changes to the soccer fields for next year were discussed. When the road is removed the fields can be shifted by doing some dirt work. The Master Plan needs to be reworked. We need a map of Willow Grove Park and think of short, intermediate, and long term goals for it. We talked about doing some primitive type camping planning. Later on we'd like to have camping with RV hookups available. We could have

sand volleyball courts, a fishing pier, swimming area, boat ramp, miniature golf course, baseball facilities, paddle boats, and a fishing area. It all needs to be worked out in one big plan. We need to have a place that will draw people in from across the highway. We should schedule another workshop in June or July.

3. Consideration and Action on playground equipment purchase.
Motion was made by Councilmember Stapleton to table item 3 until the April 11 meeting. Seconded by Councilmember Marjory Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

4. Consideration and Action on appointments and re-appointments to the Parks & Recreation Board.
Motion was made by Councilmember Marjory Johnson to appoint Charles Thomas and Tina Martin to the Parks and Recreation Board and to re-appoint Jeff London for another term. Seconded by Councilmember Stapleton.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper

Noes: None

Motion Passed

6. Consideration and Action on re-appointments to the Board of Adjustment.
Motion was made by Councilmember Marjory Johnson to re-appoint Matt Flanagan, Christie Houghton, and Steve Bertrand and to move John Flaming from alternate to regular member. Seconded by Councilmember Fletcher.
Ayes: Councilmembers G. Johnson, M. Johnson, Fletcher & Harper
Noes: Councilmember Stapleton

Motion Passed

7. Consideration and Action on approval of an Ordinance rescinding all Ordinances and Resolutions to cancel the May 4, 2002 general election.
Motion was made by Councilmember Stapleton to approve agenda item E-7. Seconded by Councilmember Fletcher.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

8. Consideration and Action on approval of an Ordinance amending Article III, "R-1-10000 Single-Family Dwelling District," Section 122-82, "Accessory Uses;" Article IV, "R-1-7200 Single-Family Dwelling District," Section 122-132, "Accessory Uses;" and Article V, "R-1-6000 Single-Family Dwelling District," Section 122-182, "Accessory Uses;" of Chapter 122, "Zoning" of the Code of Ordinances for the City of Lake Dallas, allowing for the changes of accessory uses and setbacks.

Motion was made by Councilmember Stapleton to approve agenda item G-8 with the revisions cited by the Mayor to all three zoning areas. Seconded by Councilmember Gary Johnson.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper

Noes: None

Motion Passed

9.Consent Agenda:

(a) Consideration and Action on approval of an Ordinance adding the North Central Texas Council of Governments amendments to the building code in the Lake Dallas Municipal Code. (tabled at March 14, 2002 meeting).

(b) Consideration and Action on approval of a Resolution regarding ad valorem taxation of travel trailers. (to exempt travel trailers from taxation)

Motion was made by Councilmember Marjory Johnson to approve the Consent Agenda. Seconded by Councilmember Stapleton.

Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper

Noes: None

Motion Passed

H. **Workshop:**

1. City Facility Planning/Progress.

The painting has started today.

2. Goals for City Manager.

3. Boys & Girls Club extension.

This will be addressed on the April 11 agenda.

I. **City Manager Report**

City Manager Layton handed out an update. He showed his parking lot plan. We need to expand the library but we don't need to throw out the Boys and Girls Club.

There was discussion that the past six months have been bad for fund raising. By April 11 the Library and the Boys and Girls Club should have reached an agreement or will agree to disagree.

J. New Business:

We need to see about getting all those election signs around the Library removed as soon as possible.
Something needs to be done about the new 4-plexes on Cain. The patios and balconies need screening. The back doesn't get regular mowing.
There was discussion about the cost of our logo being put on shirts.
The school cookout will be on April18 so that's when they need the porta-potty.
Denise Bowes is with the 4-H program and said that if we have any projects that the kids can do, she would appreciate it.
Some of our citizens said that the artwork prices seemed quite high and suggested that we might try the college.

K. Adjourn

Motion to adjourn was made by Councilmember Fletcher. Seconded by Councilmember Marjory Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

Meeting was adjourned at 11:15 PM.

STATE OF TEXAS
COUNTY OF DENTON
CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on March 14, 2002 at 7:40 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Gary Johnson	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Alan Fletcher	Councilmember 4
Betty Harper	Councilmember 5

Staff Present: City Manager Jim Layton, Police Chief Nick Ristagno, and City Secretary Beverly Weikum.

B. Mayor Wohr gave the invocation.

C. The Pledge of Allegiance was led by Mayor Wohr.

Mayor Wohr called for a break at 7:45 PM.

E. Reception for City Management

A reception was given to welcome the City Manager and in appreciation of the Police Chief and City Secretary assuming extra duties during the months the City did not have a city manager.

Mayor Wohr called the meeting back to order at 7:55 PM.

G. Proclamations

Mayor Wohr read a proclamation declaring the month of March 2002 as American Red Cross Month in the City of Lake Dallas.

D. Visitors/Citizens Agenda

Vicki Carusi, 224 Pembrook Street, representative for the Lake Cities Library Board said that they will need money for their next budget year. She said alternate funding is not available to them now. She handed out their 5-year plan and invitations to the March 26 Library Board meeting.

Mayor Wohr closed the Citizen's agenda when no one else came forward to speak.

F. Reports:

1) Boards & Commissions:

Neal Malone spoke for the Parks and Recreation Board since Rod Proctor was unable to attend. Mr. Malone extended appreciation to Chief Ristagno and City Secretary Weikum from himself and the board. A committee is working on getting prices for the playground equipment for City Park. The sign should be done soon. There has been no progress on obtaining the flagpoles. An organization has contacted Parks about having an overnight camp-out at Willow Grove Park on the first weekend in May.

Paul Fiala, EDC, introduced Jerry Conner of Economic Development Services. Mr. Conner had spoken at the EDC meeting last Monday about the 4a/4b sales tax. The committee recommends that we pursue this.

2) Jerry Conner, Economic Development Services, spoke about the 4a/4b sales taxes and gave handouts to the Councilmembers. He said we have 1% available for local option. The 4a is pure economical development and 4b is for economical development plus. September 14 would be a good date for the election if we decide to move ahead. Council will have to adopt an ordinance to call the election no later than 45 days prior to the election. We will need to develop a theme and have a very clear message that the citizens will agree with. They suggest focus groups and they will formulate a message to take forward to the voters and then have a town hall meeting. We need to keep the community informed. They will do mailings to the registered voters to explain what we're doing. This tax will broaden the tax base so the residential homeowners won't be expected to pay more ad valorem taxes.

3) Boys & Girls Club of Denton County

Tammy said she is the new Executive Director at Denton. She has been in the Club for 11 years and gave some of her background. They're asking for an extension just to serve the kids.

Haley Webb, one of the club members, explained why she liked to come to the Boys and Girls Club.

Bobbie La Dew said she lives in Shady Shores and explained her situation. She said the club is working with her and her son. The club has given her a scholarship because she doesn't receive any child support.

Tammy introduced Judge Vic Burgess

Vic Burgess, said he was a member of the Boys club before it was named the Boys & Girls Club. Last year he got a chance to hear kids speak about what it

meant to them. It was a safe haven that wasn't home. You could do fun things and be with your peers. Arts and crafts and other programs were available. He said the club is not going away from this community and that if it's here 3 years from now we'll have a new building here. He said the club would use it during the day and would be amenable to letting those groups who had helped, use it in the evenings. He said any consideration would be appreciated.

Mayor Wohr thanked everyone from the Boys & Girls Club for coming to the meeting.

H. Business:

1. Consent Agenda:

a) Consideration and Action on approval of a Resolution authorizing signatories for the Northstar Bank.
b) Consideration and Action on approval of a Resolution authorizing signatories for the TexPool account.
c) Consideration and Action on approval of a Resolution allowing for direct deposit of employee payroll checks.
d) Consideration and Action on approval of minutes for February 28 and March 7, 2002 Minutes.
e) Consideration and Action on approval of Amendment 02 to Interlocal Corporation Agreement for Operation and Maintenance of Traffic Signals.
f) Consideration and Action on approval of an Ordinance adding the North Central Texas Council of Governments amendments to the Building Code.

Items a and f were pulled from the Consent Agenda.
Motion was made by Councilmember Marjory Johnson to approve the Consent Agenda Items 1-b-c-d and e. Seconded by Councilmember Stapleton.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper

Motion Passed

Mayor Wohr said item H-1-f is tabled because we are still waiting for the final draft of the Ordinance.

2. Consideration and Action on appointment of Election Judges for the May 4, 2002 election.
Motion was made by Councilmember Stapleton to appoint Hazel Byers as Election Judge and Linwood Gilliland as the Alternate Judge. Seconded by Councilmember Marjory Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

3. Consideration and Action on approval of funds for Willow Grove Park.
No action was taken at this time. See City Manager's report.

4. Consideration and Action on approval of a plat plan for Overly Drive located in M-1 Light Industrial district currently under a 90-day moratorium.
The owners did not have a plan available.
Motion was made by Councilmember Stapleton to place this item on the agenda for the next regular meeting. Seconded by Councilmember Marjory Johnson.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

5. Consideration and Action on TXU rate increase for gas service.
James Johnson, Oncor, gave an explanation about how the rate increase has been postponed at this time. He said 106 other cities are waiting and we should participate with some steering committees that are meeting now.
Motion was made by Councilmember Marjory Johnson to approve the Resolution suspending the change in rate offered by TXU for ninety days. Seconded by Councilmember Fletcher.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher & Harper
Noes: None

Motion Passed

I. **Workshop**

1. City Facility Planning/Progress.
There was discussion about water lines and the parking lot.

2. Discussion on exempting travel trailers from taxable property.
It was determined that an Ordinance should be drawn up that would exempt travel trailers from ad valorem taxation and presented at the next meeting.

J. City Manager Report.

City Manager Layton gave handouts to the Council. He has talked with the Corps about Willow Grove Park and has been out there with TXU about setting up electrical service. There is a water meter in place and he recommends we lay a 2" flex line for about 900 feet. If we want another light the cost would be about $100/year. Most of this could be accomplished in house. The sewer is another situation. We'll need to use porta-potties this first summer.
Mayor Wohr said we could spend $2,000 there without it becoming an agenda item.
City Manager Layton said he has attended some meetings regarding the stormwater requirements. The city park and sign construction are being looked at. He's had some dirt taken to City Park with the thoughts of leveling the fields. He's been checking into some Bermuda grass and herbicides.
We have received several quotes for repairs to the backhoe. He has talked with Woody's regarding the greenbelt at the new city hall. We can look at the engineer's aerial and discuss this more at the next meeting.

K. New Business:

The school cookout will be April 5 or 12 and will need a porta-potty.
We need to set up a workshop with the Parks and Recreation Board at the next meeting so some of these ideas for the Parks can be discussed. The Master Plan should also be discussed at that time.

Lakeland Court is having drainage problems. When we did part of the street where there never was one nothing was done about culverts on the sides. It's probably a simple problem to fix. Chief Ristagno can let update City Manager Layton on this issue.

L. Adjourn

Motion to adjourn was made by Councilmember Stapleton. Seconded by Councilmember Marjory Johnson.

I. **Workshop:**

1. City Manager Search.
See agenda item E-2.

2. City Facility Planning/Progress.
We still need to consider the water supply lines. The 'green area' will be determined prior to the parking lot resurfacing. Delivery of doorframes is scheduled for next week and then the interior will start getting finished. The jail people have been here and expect to begin the first or 2nd week in April.

3. Review of accessory uses in residential zoning district.
The Planning and Zoning Commission should review the setbacks for all residential districts. The setbacks should be a rational and uniform distance for all zoning areas. The size of accessory buildings should be looked into and they should not be too close to a fence due to safety issues.

Setbacks for boats and RV's should also be addressed under the accessory uses. We can ask the Planning and Zoning Commission to review that in March. It was suggested that if the item in question is 6' in height there would be no restriction; from 6' 1" - 10 ' the item should be parked 5 feet off the fence line; if it's over 10 feet in height it should be placed 7 feet off the fence line.

Mayor Wohr called for a break at 10 PM.

Mayor Wohr called the meeting back to order at 10:10 PM.

4. Review of Amended and Restated Interlocal Agreement with the Lake Cities Volunteer Fire Department.

This year the fire department plans to use a different formula in their budget to determine each city's funding percentage. Instead of just using meter drops, property values and call volume will be considered. This gives us a much more rational funding. The next fire station will be built around Shady Shores and then the next will be in south Corinth near Hickory Creek.

5. Home Rule Charter Revision.

G. Staff Reports:

Aldena Stowe has said she will work the elections but would prefer not to be the Elections Judge any longer. Mayor Wohr suggested that we present a plaque to her at the volunteer dinner this year. Hazel Byers has offered to be the judge this year.

"Fred" was a big hit at the Boys and Girls Club last week.

H. New Business

A trophy and plaque-making place is moving into the old Ace Hardware location.

CITY OF LAKE DALLAS

The Lake Dallas City Council met in a special meeting on February 7, 2002 at 7:32 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

A. Roll Call:

Steve Wohr	Mayor
Kyla Kirby	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Staff Present: Interim City Manager Nick Ristagno and City Secretary Beverly Weikum.

B. Mayor Wohr gave the Invocation.

C. Mayor Wohr led the Pledge of Allegiance.

D. Visitors/Citizens Agenda:

Georgina Gougeon, 717 Cain, asked to be appointed to the Economic Development Committee. She thinks there are some possibilities out here that have not been tapped. We have a lot of prime property and need to try to tap into some possibilities and create more revenue for the city.

Mayor Wohr said many hands make life work. Our city depends on its volunteers.

Cliff Elton, 735 Oakdale Avenue, said he was submitting his name for one of the upcoming council seats. He has one philosophy and that is to improve the quality of life in the city.

Mayor Wohr thanked him and closed the citizen's agenda when no one else came forward to speak.

E. Reports:

1. **Boards & Commissions**
2. **Russell Bates, Architect**

Paul Fiala, Economic Development Committee, said we got the RFP's for a consultant back and all their prices are above what was budgeted so we have asked them to re-work their proposals. He should get the new information tomorrow for the Monday E.D.C. meeting. He has talked with the consultants about the 4a/4b sales tax and it won't be able to be on this May's election.

Carolyn Green, 201 North Shady Shores said the parks meeting was canceled last Tuesday because of inclement weather.

Neal Malone, Parks and Recreation Board, said we have a number of items coming up and one is a motorcycle group.

Mayor Wohr said that Parks has a perfect opportunity to use Flag Day to dedicate the flagpoles at City Park.

Russell Bates, architect, said they are hoping to be done by May 1 on Main Street. There should be no delay from weather since the roof is on. The exterior work has caused some delay and we need to make some decisions because there is a time schedule that needs to be adhered to and there is some lead-time involved. He discussed the carpet colors and prices as well as the tiles for the shower areas and bathrooms and entrance. He said the Council table and walls of council chambers have no vinyl on walls but that can be done at a later time. Russell said timing was right and we got a good price on the building.

Mayor Wohr said he would like to break from the regular agenda at this time and took the opportunity to present the outgoing Councilmember plaque and picture to Councilmember Kirby.

He said he really appreciates her and everyone here has been interested in what Council is doing. The Council has been concerned and has worked very, very hard together. It's kind of a shame to see her leave us but we're happy that it's for good reasons and important for her to do the things she has to do.

Councilmember Kirby said she has really enjoyed living in Lake Dallas and being on the Council and has learned more about streets than she really wanted. She thanks everyone for their support.

Mayor Wohr called for a 15-minute break at 8:25 PM.

Mayor Wohr closed the regular meeting at 8:50 PM.

Mayor Wohr called the Executive Session to order at 8:57 PM.

F. EXECUTIVE SESSION:

1. The City Council will meet in Executive Session pursuant to the Texas Government Code Section 551.074 to discuss matters relating to personnel issues.

2. The City Council will meet in Executive Session pursuant to the Texas Government Code Section 551.074 for consideration of persons to fill vacancies on the City Council, Place 4 and Place 1.

Mayor Wohr closed the Executive Session closed at: 10:15 PM.

Mayor Wohr called the open meeting back to order at: 10:20 PM.

G. Action, if any, on matters discussed in Executive Session.

No action was taken.

H. Business:

1. Consent Agenda:

a. Consideration and Action on approval of January Financials and Accounts Payable and 4th quarter 2001 Investments Report.

b. **Consideration and Action on approval of a Resolution authorizing the City of Lake Dallas 125 Cafeteria Plan from December 1, 2001 through April 30, 2002.**

Item H-1-a was tabled because all the information was not available.
Motion was made by Councilmember Marjory Johnson to approve Item number H-1-b. Seconded by Councilmember Stapleton.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper

Motion was made by Councilmember Marjory Johnson to appoint Alan Fletcher as Councilmember Place 4. Seconded by Councilmember Kirby.
Ayes; Councilmembers Kirby, Johnson, Stapleton, and Harper
Noes: None

Motion Passed

5. Swearing in of Councilmember for Place 4.
Mayor Wohr swore Alan Fletcher in as Councilmember, Place 4.

6. Consideration and Action on resignation received from Kyla Kirby, Place 1.
Motion was made by Councilmember Harper to accept the resignation of Councilmember Kirby for Place 1. Seconded by Councilmember Kirby.
Ayes; Councilmembers Kirby, Johnson, Stapleton, Fletcher, and Harper
Noes: None

Motion Passed

7. Consideration and Action on appointment of Councilmember for Place 1 on the Lake Dallas City Council.
Motion was made by Councilmember Stapleton to appoint Gary Johnson for Place 1. Seconded by Councilmember Harper.
Ayes: Councilmembers Johnson, Stapleton, Fletcher and Harper
Noes: None

Motion Passed

8. Swearing in of Councilmember for Place 1.
Mayor Wohr said we do have a plaque for Councilmember McInnish and appreciate the work that he did while serving on Council.

Mayor Wohr swore in Thomas 'Gary' Johnson as Councilmember, Place 1.

9. Recognition of outgoing Councilmembers.
Snacks and discussion was done during the earlier break.

I. Workshop:

1. Review of uses in commercial zoning districts C-1, C-2, C-3 and C-1-A.
Mayor Wohr asked if anyone here wanted to talk about the zoning districts.
It was determined some changes should be made as some items are included C-1 and in the C-1-A zoning. We need to consider taking out car washes from C-2 zoning. Car washes should come under the Special Use Permit section due to the new storm water regulations. There should be changes in all commercial zoning regarding the exterior surfaces and site plan approvals.

2. City Manager Search.
We do not have sufficient information to make a decision at this point. We have the 2 new city council members who will need to review the resumes. If need be we can call them back for 2nd interviews. We need to set a meeting for next week to have an executive session regarding the city manager search.

3. City Facility Planning/Progress.
We do not need more discussion since Russell was here and gave full report earlier.

4. Home Rule Charter revision.

Our city attorney says we can appoint a sixth Councilmember to be effective after one year if the charter amendment passes

J. Staff Reports:

Interim City Manager Ristagno gave a report about the jail in the new building. He talked with the TDC and the price has been reduced from $55,000 down to $46,500. We had been hoping for $32,000.

K. New Business

Mayor Wohr said he had a very productive meeting with the Fire Department. The agreement is currently funded from meter drops. Lake Dallas had a high percentage of meter drops. The Mayor had initially proposed something that incorporates property values and traditionally other cities have turned to service calls, but they are hard to get right in our lake cities area. He discussed the population base, property values, and call volume. He thinks it will sell because the numbers stay very nearly the same. The second phase of this is our base service cost. The interlocal agreement allows each city to set up an impact fee for large businesses coming in. We should have a form from them before our next meeting regarding the budget process.

There's a situation developing with the apartment building across from the school that's going to come down -- doors are being left open and it is an empty building. It's a hazard for children. The county commissioners need to have the buildings taken down.

L. Adjourn

Motion to adjourn was made by Councilmember Marjory Johnson. Seconded by Councilmember Stapleton.
Ayes: Councilmembers G. Johnson, M. Johnson, Stapleton, Fletcher, and Harper
Noes: None

Motion Passed

A. Roll Call:

Steve Wohr	Mayor
Kyla Kirby	Councilmember 1
Marjory Johnson	Councilmember 2
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Staff Present: Interim City Manager Nick Ristagno, and City Secretary Beverly Weikum.

B. Visitors/Citizens Agenda:

No one came forward to speak so Mayor Wohr closed the Citizen's Agenda.

Mayor Wohr closed the regular session at 6:35 PM.

C. Executive Session:
The City Council to convene into closed session pursuant to the Texas Government Code Section 551.074 to discuss matters relating to personnel issues.

Mayor Wohr opened the Executive Session at 6:35 PM.

Mayor Wohr closed the Executive Session at 9:15 PM.

Mayor Wohr called the open meeting back to order at 9:16 PM.

D. Action, if any, from the Executive Session, regarding City Manager selection.

No action was taken.

E. New Business:

Someone had called a Councilmember to say we are not progressive enough and ask if someone could still come apply for the City Council vacancies. The caller suggested putting a park like Sandy Lake at the corner of I-35 and Swisher Road.

F. Adjourn

Motion to adjourn was made by Councilmember Kirby. Seconded by Councilmember Johnson.
Ayes: Councilmembers Kirby, Johnson, Stapleton, and Harper

CITY OF LAKE DALLAS

The Lake Dallas City Council met in a regular meeting on January 24, 2002 at 7:32 PM at the Lake Dallas Community Center with notice of the meeting given as required by Title 5; Chapter 551.041 of the Texas Government Code.

Meeting was called to order at 7:32 PM by Carolyn Green.

A. Roll Call:

Marjory Johnson	Mayor Pro-Tem
Kyla Kirby	Councilmember 1
Ken Stapleton	Councilmember 3
Betty Harper	Councilmember 5

Mayor Wohr was excused. Also present were City Attorney, David Berman, Interim City Manager Nick Ristagno, and City Secretary Beverly Weikum.

C. Invocation was given by Gary Johnson.

C. Pledge of Allegiance was led by Mayor Pro-Tem Johnson.

Mayor Pro-Tem Johnson extended Mayor Wohr's apologies for his absence. He was in New York City to attend a memorial service.

D. Visitors/Citizens Agenda:

Lance Wilson, 509 Briar Oaks Drive, said he's a member of the Church of Latter Day Saints. They have a strong affiliation with the Boy Scouts. They have 15 who are need to get their service awards in order to become Eagle Scouts. If we have anything they could do to help them accomplish some of these things it would be greatly appreciated.

Mayor Pro-Tem Johnson suggested that he contact Chief Ristagno.

Carolyn Green turned the meeting over to Mayor Pro-Tem Johnson. Citizen's Agenda was closed.

E. Business:

1. Public Hearing on approval of an Ordinance for a proposed zoning change to Lots 1,2,3,4,7,8,9,10 and 11 and Lot E of Block E of Lakeview Camp Addition and Block J (all but the southeast corner) of Lakeview Camp Addition from M-1 Light Industrial District to MA (Marina) zoning district.

No one came forward to speak on the public hearing so Mayor Pro-Tem Johnson closed the Public Hearing.

2. Consideration and Action on approval of an Ordinance for a proposed zoning change to Lots 1,2,3,4,7,8,9,10 and 11 and Lot E of Block E of Lakeview Camp Addition and Block J (all but the southeast corner) of Lakeview Camp Addition from M-1 Light Industrial District to MA (Marina) zoning district.
Motion was made by Councilmember Stapleton to approve the item as read. Seconded by Councilmember Kirby.
Ayes: Councilmembers Stapleton, Kirby, and Harper and Johnson.
Noes: None

Motion Passed

3. Public Hearing on approval of an Ordinance for a proposed zoning change to Tract 3-A of Abstract 1163 of the J. W. Simmons Survey, from C-2 Commercial district to C-1-A Business District. (This property is on the south side of Swisher Road between the Payless property and Phillips 66 station).
Ron Berlin, 7615 Southwestern Blvd., Dallas, Texas 75225, said he's the owner of the two tracts of land under the agenda tonight and to save time he will discuss both properties. He acquired both of these pieces in a partnership in 1999. The south side needed a retention pond. He spent $100,000 on the south side and a substantial amount on north side regarding the drainage system. He worked very closely with Stewart Fairburn, the city, and the building inspector to make it aesthetic. He has worked closely with Hickory Creek because they have larger amounts of land available. He told Council that if they will not change the zoning he will restrict car washes on either side and will not put in a package store on north side. He will consider a sit-down restaurant on the north side that could serve liquor under the C-3. He would like to bring in some retail. He pays a fortune on those properties in property tax. He said we have restricted the developers. He said Lake Dallas will get something commercially on the Payless site. Just be patient. The traffic pattern now is to the West, because that is where the housing is.

George Blackman, 3540 Milton Avenue, University Park, TX said he's a real estate land use attorney representing Crown Partners. He read the descriptions of the properties and stated that both tracts are proposed to be downzoned to C-1-A. He said that Crown Partners are committed to bringing in quality and ad valorem taxes. The title company and the moratorium are hampering present development. They respectfully ask that the zoning not be changed.

Carolyn Green, 201 North Shady Shores, asked why the city was trying to rezone these properties.

Mayor Pro-Tem Johnson said the rezoning was brought about in strict compliance with the Comprehensive Plan which was passed by the Planning and Zoning Commission and adopted by the City Council.

Paul Fiala, 706 Lakebridge Drive, said one of the things we talked in a meeting about a year or so ago is "what do we want to be when we grow up?" Development is one of the things we struggle with and we need the expertise.

Mayor Pro-Tem Johnson said he should invite Mr. Berlin to one of the EDC meetings.

Lance Wilson, 509 Briar Oaks Drive, said he is a member of the P & Z and was one of the members who voted not to rezone. He said he thinks we need to be a little bit more flexible. By bringing in a few businesses it will entice other businesses. When the extension is done we'll have more to work with. Mr. Berlin has shown a willingness to work with the city.

Alan Fletcher, 917 Lake Bluff Drive, said he agrees with a lot of what Lance is saying and some of those things that Mr. Berlin says. We've done rezoning all the way to the lake but agrees that there's going to need to be some negotiation along the line.

Mayor Pro-Tem Johnson closed the public hearing when no one else came forward to speak.

4. Consideration and Action on approval of an Ordinance for a proposed zoning change to Tract 3-A of Abstract 1163 of the J. W. Simmons Survey, from C-2 Commercial district to C-1-A Business District.
Motion was made by Mayor Pro-Tem Johnson to deny the zoning change to Tract 3-A of Abstract 1163 of the J. W. Simmons Survey, from C-2 Commercial district to C-1-A Business District. Seconded by Councilmember Kirby.
Ayes: Mayor Pro-Tem Johnson, Councilmembers Kirby, Stapleton, and Harper
Noes: None

Motion to deny passed

5. Public Hearing on approval of an Ordinance for a proposed zoning change to Tract 3A of the H. H. Swisher survey from C-3 Commercial zoning district to C-1-A business District. (This property is between KJ's Fine Wine & Spirits and the entrance to Jackson Ranch subdivision).

No one came forward to speak so Mayor Pro-Tem Johnson closed the public hearing.

6. Consideration and Action on approval of an Ordinance for a proposed zoning change to Tract 3A of the H. H. Swisher survey from C-3 Commercial zoning district to C-1-A business District.

Motion was made by Councilmember Stapleton to approve Agenda Item E-6 as read. Seconded by Mayor Pro-Tem Johnson.
Ayes: Mayor Pro-Tem Johnson, Councilmembers Kirby, Stapleton, and Harper
Noes: None

Motion Passed

Mayor Pro-Tem Johnson called for a short break at 9:05 PM.

Mayor Pro-Tem Johnson called the meeting back to order at 9:15 PM.

Mayor Pro-Tem Johnson asked Council if it was all right to move to item 8 at this time. Council approved.

7. Consideration of applicants for appointments to the City Council.

Alan Fletcher, 917 Lake Bluff, said he appreciates the opportunity to speak to them. He has lived in Denton County all but 9 months of his life. He married in 1986 and moved to Lake Dallas. They have been married 16 years and have 2 daughters, 15 & 7 years old. He said he's not here for personal gain. His personal gain would be as a property owner and citizen of Lake Dallas. He has this burning desire to leave a positive mark in this world and he's always been interested in politics. Over the years he's learned more about local government and he believes in the power of local government. He would prefer place 4 because he's going to run for that spot. He plans on putting a lot of work in it. He will show up for meetings. He has attended most of the council meetings over the past 9 months. He would like to see more people at the council meetings. He's a member of the EDC so if he's elected or appointed he would like to be appointed as a liaison. He designed the logo and redesigned the city's website. He's a very big believer in people's property rights but sometimes you have to make decisions for the betterment of the entire community. We should protect the rights of property owners. We need to do serious improvements to our streets and parks and believes raising taxes is not the way to achieve that. His goals are to improve the image of the city and help work on increasing pride in our community.

Gary Johnson, 609 Cain Street, said it is a great honor to stand before them and to be considered for an appointment. He's lived here consecutively since November of 1980. He loves his town and wants to see his town grow. He was on the original Board of Adjustment and is currently on the Park Board. He has a great interest in developing the parks to serve the citizens of Lake Dallas. He said he has an accounting degree from UNT and a Masters in special education. He is a Special Education teacher at Ryan in Denton. He will do his best to be objective and fair. He will take the use of the tax dollar very seriously. He would like to see our parks developed more but we need more citizen input. He said that he would attend as many meetings as possible. He's

serious about this and regardless of the outcome at the February meeting, he will run at election time. He will be available to respond to any concerns from council.

Lance Wilson, 509 Briar Oaks Drive, said he's 32 and has been married for almost 11 years. They have 4 children and have been in Texas for 4 years. He moved from Utah and lived in Irving before he came to Lake Dallas. They like the community and the citizens and the city. He thinks our city is like a diamond in the rough. He's on the P & Z and it's been a good opportunity and he's learned a lot. He's done his best to attend all the meetings. He's an alternate on the Economic Development Committee and he sees the struggles the city has. He's an Eagle Scout and a member of the Latter Day Saints. He believes in the importance of families -- that's the core root of any community. He speaks 3 languages and he's a very analytical person and tries to weigh in all the factors. He's the webmaster for Mary Kay and that allows him to work from home 3 or 4 days a week. In closing, he thanked Council for their time.

Mayor Pro-Tem Johnson thanked them and moved to item E-9.

8. Consideration and Action on approval of an Ordinance for a facility use agreement with the Lake Cities Soccer Association for 2002.
Mayor Pro-Tem Johnson asked Mike Hageman if he had anything to say.

Mike Hageman said we still need and want to use the area. He said he hopes it's been a good partnership during the past season. It is his vision to see that it brings more people into the area in trying to provide a recreational activity for the kids. He asked if they could move the location of the portables up to the edge of the parking lot to keep the big trucks from having to drive over the curb and grounds. Mayor Pro-Tem Johnson suggested he talk with the Parks and Recreation Board.

Motion was made by Councilmember Stapleton to approve Agenda Item E-8 with the correction to Item 9 in the contract. Seconded by Councilmember Kirby.
Ayes: Mayor Pro-Tem Johnson, Councilmembers Kirby, Stapleton, and Harper

F. Workshop:

1. Zoning change to Tract 20 of Abstract 0424A of the Nathaniel French Survey from R-1-10000 to C-1-A.

This will be addressed at a joint workshop at a later date.

2. City Facility Planning/Progress.

Chief Ristagno said that as you walk into the front lobby the seating area will be carpeted and the rest of that area will be tile at an estimated cost of $3300. -There was an add/delete item from square ducts to round ducts Secretary of State that would make the total change be about $1100. He said Johnny Harris of Lake Cities Municipal Utility Authority said he feels the 1 inch line will be a sufficient water line so we shouldn't need a day tank.

3. City Manager Search.

We should have 3 interviews on Tuesday night. The meeting on Tuesday night will start at 6 PM and put an action item on agenda.

4. Home Rule Charter revision.

If we change to number of councilmembers we will have to have a special election unless we can make it effective on the next general election date. The mayor should have a vote. The biggest reason for adding this other member was so we'd be able to have a quorum.

5. Process for appointments and removals for the Economic Development Committee.

The appointments and removals should be appointed by the City Council, just like all the others boards and commissions.

G. Staff Reports:

We'll need to have the May 4 election at the community center in May because we would have to get pre-clearance from the Department of Justice too far in advance of the election.

There is a meeting with the Fire Board on Feb. 1 at 1 PM in references to their budget.

H. New Business

Councilmember Harper said she didn't get to vote in the last election because of a change of address. Aldena approached her and said they couldn't have kept her from voting.

I. **Adjourn**

Motion to adjourn was made by Councilmember Stapleton. Seconded by Mayor Pro-Tem Johnson.

Ayes: Mayor Pro-Tem Johnson, Councilmembers Kirby, Stapleton, and Harper.

F. REPORTS

1) Boards and Commissions

b) Parks and Recreation – Julie Chapman, Community Relations Coordinator, gave a report on Watercross and Fourth of July. Watercross had 55 racers, the race went well with no accidents and the racers enjoyed themselves, but the public interest was not strong. Fourth of July was well attended and the fireworks were outstanding. We had over $20,000 in contributions, both cash and in-kind donations. Julie has a slide show from the Fourth of July event on YouTube. Julie reported had a successful event season this fiscal year. Keep Lake Dallas Beautiful has achieved the gold level, the highest level of standing with Keep Texas Beautiful. Councilmember Connors asked that we purchase new signs for the Council cars for the parade before next year.

I. BUDGET WORKSHOP

City Manager Berner presented the preliminary budget to Mayor and Council. Staff was present at the table. There are no plans for any salary increases. There has been some increase in the property tax base, but we are still in a revenue shortage. Capital items were discussed. A leased vehicle program has been looked at for city vehicles other than police vehicles, but it will probably be next budget year before that would be implemented. The police department needs to replace two squad cars and needs to begin replacing computers in the squad cars. Chief Ristagno said they may be able to get by with only purchasing one squad car in the next budget year, but will need to get back on the replacement schedule as soon as finances permit so that we don't end up needing to replace a lot of cars all at once. There was discussion from the Mayor regarding hiring a part-time Animal Services worker to help at the Animal Shelter instead of using the Public Works employees to help at the Shelter.

J. CITY MANAGER REPORT

City Manager, Earl Berner, said there was nothing new to report on Willow Grove or Lakeview. Swisher Courts will probably open in August or September. He will be seeking the funding for Phase II of his project in March. Z Flooring expects to open in a week or two. Video Plus will be expanding, building 60,000 square feet of warehouse and 15,000 square feet of office. Doyle Cameron has a contract on 3 ½ acres that the Phillips own on Lakeview. He wants to do a planned development for about 20 homes. We met with the City Attorney regarding the Folley Beach annexation and we will wait to see what Hickory Creek does about releasing the ETJ.

D. EMPLOYEE RECOGNITION

Mayor Marino read a statement from Chief Ristagno:

On April 9, 2011, Officer Chase Raines of the Lake Dallas Police Department received information that a Denton man may have shot and killed his father somewhere in Denton County. Furthermore, the man was traveling to a residence in Lake Dallas to possibly kill two more individuals including his ex-employer and ex-girlfriend who were at the same location in Lake Dallas. Calls to the Denton County Sheriff's office confirmed that a murder had in fact taken place. Officer Raines immediately transmitted the information to Officer Gregory Noseff, both of the Lake Dallas Police Department, who responded directly to the given address. As Officer Noseff approached the residence, he observed the suspect's vehicle

approaching and he observed the suspect grabbing for the shotgun he had used in the previous murder. As Officer Noseff initiated a felony traffic stop, a stop requiring the apprehension of the suspect at gunpoint, Officer Raines arrived to assist in the felony arrest of the suspect. Fortunately, the suspect was taken into custody without mishap.

This was a situation that could have easily ended in tragedy for all involved. As a result of the ensuing investigation it has been determined that the suspect murdered his father and in all probability came to Lake Dallas to murder his ex-employer and his ex-girlfriend and thereafter may have intended to drive to his mother's house, also in Lake Dallas, where it is believed he would have killed her as well.

Officer Noseff's and Officer Raines' actions required great courage involving substantial risk to themselves while apprehending a murderer in emotional turmoil, and their efforts quite possibly saved the lives of three other human beings.

For selfless acts of courage, Officer Gregory Noseff and Officer Chase Raines are awarded the prestigious Meritorious Conduct Bar, the highest honor bestowed on any member of the Lake Dallas Police Department to this day.

E. ANNOUNCEMENTS

2) **Finance** – Donna Boner gave a report on the Financials.

G. VISITORS/CITIZENS AGENDA

Mayor Marino opened the Visitors/Citizens Agenda.

Tim Chambers, 3300 Oak Point Drive, Crossroads, Texas 76227, was present to speak on behalf of the Children's Advocacy Center of Denton County located at 1854 Cain Dr., Lewisville, Texas 75077. He explained that the Children's Advocacy Center's mission is to provide justice and healing for abused children through interagency collaboration and community education. He reported that the amount of children who suffer abuse is increasing and because of this, they require additional funding. He thanked the City of Lake Dallas for supporting the CAC and recognized City Manager Earl Berner, Police Chief Nick Ristagno, and Police Lieutenant Mike Sparby, for their efforts. He invited everyone to attend the upcoming CAC meetings which are scheduled for May 25th and June 29th.

Mayor Marino closed the Visitors/Citizens Agenda.

2) Consideration and Action to reject all police records management bids and to authorize the Chief of Police to enter into an inter-local agreement with Sam Houston State University for the use of the university's CRIMES records management system.

Chief Ristagno explained that as discussed during the FY 2011 budget workshops, the current police records management system is at maximum capacity, no longer supported by the manufacturer, and on the brink of failure. After review of those options available to us, it became apparent that any new system will cost in excess of $100,000.00. In order to comply with government purchasing laws, the City underwent a bidding process in anticipation of entering into a long term lease/purchase program that would make a purchased system more affordable. However, while attending a Police Chiefs Seminar, Ristagno spoke with other chiefs about possible alternatives and learned that Sam Houston State University owns and operates a police records management system available to cities under a user agreement and that pricing is based on a city's population. Our research revealed that the system, called CRIMES, will interface with our existing ticket writers, provides each module necessary for our police records management and we believe would serve the Lake Dallas Police Department for many years into the future without the need to purchase a system. A user based RMS provides several advantages

including no capital outlay or long term lease purchase agreements; new upgrades as they become available; and continued system maintenance for a yearly user fee. A onetime purchase of some hardware would be necessary to utilize the CRIMES software at a cost of approximately $6,000.00. The user fee for cities with a population up to ten thousand is $15,000 per year and it would be prorated for the first year. As a user, we would be entitled to all upgrades and Sam Houston would be responsible for the upkeep of the system. Our current 2011 budget has $12,000 for a records system and we anticipate that CRIMES could go online by July of this year. At a prorated cost of $3,750 plus the hardware cost of $6,000, our 2011 fiscal year cost would total $9,750.

Should we choose to purchase a system from the bid process and enter into a long term lease/purchase agreement with buy-out options at the end of the lease/purchase period, there are two companies that responded to our bid notice; one of them, E Force, proposes a purchase cost of $117,550 and yearly maintenance costs in excess of $8,000 per year after the first 5 years and the second company, CAPERS, proposes a purchase cost of $190,000 and yearly maintenance costs in excess of $33,000 per year after the first five years. Both include the first five years maintenance in the purchase price in anticipation that we would enter into a five year lease/purchase agreement.

CRIMES is a records management system owned and operated by The Sam Houston State University considered to be a State agency and if Lake Dallas chooses this system we would only need to approve an inter-local agreement to participate.

Motion to reject all police records management bids and to authorize the Chief of Police to enter into an inter-local agreement with Sam Houston State University for the use of the university's CRIMES records management system was made by Councilmember Brooks and second by Councilmember Harper.
Ayes: Councilmembers Brooks, Harper, Connors, Mathews, and Hammond

3) **Discussion of the Mid-Year Budget Review.**

City Manager, Earl Berner, reported that with preliminary forecasts using conservative revenue numbers and modest efforts to trim expenses, he estimates a deficit of about $62,000. He explained that sales tax receipts are not going to hit projection, but are running about 5% ahead of last year; property tax collections are still coming in and look to be within $20,000 of meeting the budgeted number. Court fines and permits are the major culprits with court fines expected to be about $100,000 below target and permits about 60% below target. The layoffs and elimination of the COLA have helped greatly recover from last year's performance. Berner made projections for the 2012 Budget Year which included the following:

Revenues:

- Property Taxes—the preliminary assessment totals are nearly $100,000 above last year thanks to new construction coming on line. Existing properties are expected to decline no more than 1% after the appeals time. So the net will be an increase of somewhere around $60,000.

- Sales Taxes—again with a 5% increase this year the number is nearing a return to normal levels. The unknown is the plus up from the new businesses—Z Flooring, Daniels AC tenants and Swisher Courts. A new owner/operator of Neal's restaurant and potential at the Duck Inn may also provide a plus. The projection at this time is for a 3% increase in existing sales and a plus of about $20,000 from the new businesses.
- Hotel Taxes—remain essentially the same.
- Franchise Fees—remain the same for this budget year.
- Building Permits and Fees—will be reduced about $20,000 since there are no new projects on the immediate horizon.
- Court Fees—didn't reach the expected level this year but may exceed the $600,000 level in FY2012.

Expenses:

- General Operating Expenses—continued tightening of the belt.
- Salaries—at this time no COLA or Step enhancement is proposed. The two layoffs will be continued at least through mid-year.
- Medical Insurance—Unknown at this time but certainly will be higher.
- Retirement—only a slight increase since we took the big hit last year and under consideration are changes that could affect new hires.
- Travel and Continuing Education—reduced to minimum levels to allow maintenance of certifications.
- Street Lighting—remains the same.
- Utilities—lower through the installation of higher SEER AC units this spring.
- Fire Services—expected increase of 3% (rent on Station #1 will increase 3%). Note that this year we will negotiate the next service contract with Corinth.
- Library Services—expected increase of 3% (Library rent will increase 3%)
- Capital—minimum purchases proposed—two Squad Cars, five year lease purchase @ $15,000 annually for the Police Department Records Management System. Considering a lease program to replace the Code vehicle and one of the CID vehicles, estimated at about $12,000.
- New Programs—Lake Dallas Town Center debt service still to be determined but most likely will not affect this year's budget. 4A and 4B may be able to participate in this project.
- Cash Reserve—we have paid off the cash flow borrowing and hope to avoid that this year. The target remains at three months of expenses, but more realistic for Lake Dallas would be a 10% cash reserve roughly $500,000.

Councilmember Harper asked how much negotiating power we had in regards to the Fire Station contract. Berner replied that the negotiations are usually long and this year it will be important to carefully consider the increase that is requested to make sure we are not being asked to cover the costs of Corinth's new fire station.

Earl Berner said that there has not been word from the City's insurance agent yet, but the outlook for medical insurance is not good.

Councilmember Harper asked what the solution would be to better estimate Court fines and fees so that we are able to come closer to the projected amount. Chief Ristagno replied that he believes we should just be very conservative in our projections.

4) **Discussion of the IH-35 Corridor Master Plan.**
This item was pulled from the agenda by City Manager, Earl Berner.

J. CITY MANAGER REPORT

City Manager, Earl Berner, reported that he is still working toward acquiring the right-of way for Lakeview Drive and there are six remaining. We are still waiting for the funding for the grant for Willow Grove. Swisher Courts should be opened before school starts. Neal's is scheduled to open June 1st. Berner said that over the last few weeks, he has met with a prospective owner of the Duck Inn property and they seem interested. The A-trains are scheduled to start test runs on May 17th. Because of safety concerns, everyone is invited to attend a safety presentation at Lake Dallas City Hall on Friday, May 24th at 7:00 p.m.

K. NEW AGENDA ITEMS

There will need to be a special meeting held on May 19th, 2011 in order to canvass the vote for the May 14th election.

G. WORKSHOP

1) Mid Year Financial Report

City Manager Berner reported on the financial picture as of the end of March, which is the middle of the fiscal year. Revenues are not coming in as we hoped, but expenses are being held down. Mr. Berner believes the City will be close to having a balanced budget at the end of the fiscal year.

H. CITY MANAGER REPORT

1) City Projects

City Manager Berner reported that TXDOT is denying our grant request for the Downtown Enhancement Program due to the "head-in" parking. Lakeview Drive is moving along. Mr. and Mrs. Gene Tisdale gave the City easement property for the Lakeview project. More concrete work has been done so that two thirds of the road is now done. Willow Grove Park Phase II plans should be going to the Corp's Fort Worth office in two weeks for approval. Hopefully, the Willow Grove project will be under way by Fall.

2) Private Projects

City Manager Berner reported that the Sonic building is coming along very nicely. Hopefully, we will close on the Swisher property in two or three weeks. Daniels' are still working on their ground so that their building can be brought in. In Harbourtown, Doyle Cameron's building project is moving along rapidly, with only ten homes left to build.

I. NEW AGENDA ITEMS

There will be an executive session on Thursday, April 29th to discuss financial details with Paris Rutherford and his associates.

I. CITY MANAGER REPORT

City Manager Berner reported that the City received a state energy conservation office grant in the amount of $40,000 to purchase six new heating and air conditioning units for the municipal complex. Two of the six removed were not very old so they were reinstalled at the Library. City Manager Berner has been working toward acquiring the right-of way for Lakeview Drive and is down to the last six. The final plans for the Willow Grove boat ramp should be here by the end of the week. The project will probably start after July 4th.
City Manager Berner reported that Z Flooring is moving very quickly. They are working on the inside now. Swisher Courts floor has been poured and the steel is going up.

G. VISITORS/CITIZENS AGENDA

Blake Merrell, Dorothy Lane, Little Elm, spoke regarding the Channel 5 news report about the toll bridge. Mr. Merrell commended the police department for the good job they are doing patrolling the bridge. Mr. Merrell stated that he lives six houses from the bridge and can hear and see the speeding cars from his home. He would like to see the speed limit lowered to 40 mph on the Lake Dallas side of the bridge. Mr. Merrell is also concerned about boat traffic that speeds under the bridge.

Vann Campbell, 5610 Dorothy Lane, Little Elm, spoke regarding the Channel 5 news report. Mr. Campbell stated that no other agencies patrol the bridge except Lake Dallas. Mr. Campbell reported motorcycles travel at a high rate of speed over the bridge at night. Mr. Campbell is concerned that when he travels the bridge that his jeep will be rear-ended by someone speeding on the bridge causing it to be propelled into the lake. Mr. Campbell expressed his gratitude to Chief Ristagno and the Lake Dallas Police Department for patrolling the bridge.

Babs Troutman, 1502 Pine Hills, Corinth, thanked the City Council, Staff and Community of Lake Dallas. She commended the Council for having outstanding City Staff and employees; they are always courteous to her. Mrs. Troutman requested the Council's support in the matter of the Boys and Girls Club needing an exemption from being required to be licensed as a daycare facility. The Boys and Girls Club wishes to remain a recreational facility.

David Shershen, 166 Kingswood Drive, Lake Dallas, spoke regarding the Channel 5 news Report. Mr. Shershen thanked Chief Ristagno and the Lake Dallas Police Department for providing safety to the community.

I. WORKSHOP

1) Charter Amendments

Council discussed the possibility of charter amendments for the upcoming election if the City has an election. City Manager Berner stated that the staff had no amendments to bring to the table. Councilmember Hammond brought up changing the legal age to serve on council from 21 to 18. Councilmember Connors brought up changing term limits. After council discussion, it was the consensus that the only amendment the council would propose would be changing the age limit to serve to 18 with the reason being if you are old enough to vote you should be able to serve as well. Councilmembers Harper, Brooks and Hammond were in favor of changing the age to 18, Councilmember Connors was opposed, but will let the voters decide if there is an election this year.

J. CITY MANAGER REPORT

1) City Projects

City Manager Berner reported that when the City gets their new heating and air conditioning units with from the energy grant, we will replace the unit at the Library with one of the newer units being replaced at City Hall. We are still working on getting right-of-way acquisition for Lakeview Phase II. We are waiting on the engineers to prepare the bid documents for the Willow Grove Park Boat Ramp project. City Manager Berner will meet next week with Paris Rutherford of Catalyst Urban Development, Boyd London of First Southwest, Leroy Grawunder of McCall, Parkhust & Horton, and City Attorney David Berman, to discuss borrowing money for the Swisher Road redevelopment project.

2) Private Projects

Swisher Courts and Z Flooring are both under construction, but little progress has been made in the past two weeks due to the bad weather.

I. CITY MANAGER REPORT

1) City Projects
City Manager Berner reported that we are continuing to acquire right-of-way for Lakeview Drive Phase II. We have about 38 property owners of the 49 needed. We are still on schedule for clearing utilities from the right-of-way around April 1st with construction two to three months after. Willow Grove boat ramp has cleared the last hurdle and they should be getting the bid documents ready so construction should start in about two months. The Swisher Road project at I-35 will be on the agenda in February. Leroy Grawunder, Boyd London, and Paris Rutherford will be here for the meeting to answer questions. It appears we will be able to get financing for the project so a decision will need to be made as to whether to proceed.

G. BUSINESS

1) Consideration and Action on approval of Minutes for the October 14, 2010 meeting. (City Secretary)

Motion to approve Minutes for the October 14, 2010 meeting was made by Carol Ann Connors and seconded by Councilmember Harper.
Ayes: Councilmembers Connors, Harper, Brooks, and Hammond
Noes: None
Absent: Mathews

Motion Passed

2) Consideration and Action on approval of the contract with Stein Planning, LLC in the amount of $7,000. (City Manager)

City Manager, Earl Berner, explained that the City's financial advisors, First Southwest, have asked the City to have the pro forma numbers on the redevelopment of Swisher Road verified by an independent third party. They are not capable of doing this evaluation with their own staff and to insure the independence for them in doing the financing, they want the City to hire the consultant. Stein Planning, LLC was recommended by both First Southwest and Paris Rutherford. He said that he is hopeful if this contract is approved, the study should be completed in early November.

Motion to approve an agreement to engage Mark Stein, Mark Stein Planning, LLC, for an independent analysis of the TIF pro forma, was made by Councilmember Harper and seconded by Councilmember Hammond.
Ayes: Councilmembers Harper, Hammond, Connors, and Brooks
Noes: None
Absent: Mathews

Motion Passed

3) Public Discussion on Lakeview Drive Phase II Construction Project. (City Manager)

Mayor Marino read an opening comment explaining that occasionally we, as a City, are faced with difficult issues that can stir strong emotions. He said the council wants to provide everyone an opportunity to be heard with this discussion, but reminded everyone that this is a City Council meeting and as such an official proceeding governed by law.

Mayor Marino opened the discussion
Donna Harrison of 603 E. Hundley Dr. said she moved here years ago. She asked the Council if they felt this construction project would enhance the economic development of Lake Dallas.
City Manager, Earl Berner, and the Council replied that, yes, they think it will greatly enhance the economic development of Lake Dallas.

Robert Reiter of 201 S. Lakeview said that he is against this construction project and he feels that Hundley Dr. should be reconstructed instead.

Margaret Tisdale of 509 Howard read a letter she had written to the Council. She also asked if a traffic study had been completed.

Gene Tisdale of 524 Howard said that since the first phase of Lakeview Dr. was completed he has experienced an increase in his electricity costs and during the project he had to give up 200 ft. of his property.

John McGilvray of 325 Boliver said that this project would change the character of Lake Dallas. He said that he would like to see the road kept at its' current width, and that the potholes that are there currently need to be repaired. He asked City Manager, Earl Berner, if keeping the street its' current width has been considered. Berner replied that, yes, it has been considered; however, it cannot be kept the current width because the City will not receive the bond money from the County in order to pay for these improvements.

Ty Mason of 106 Lakeview Dr. said that he is against this project and feels it would not be right to proceed.

Amy Newenhouse of 704 Lakeland expressed her concern about traffic issues during this construction project. She asked if there would be sufficient temporary openings and if emergency vehicles would be able to access their properties in the event of an emergency. Berner replied that, yes, there will be alternate routes for traffic and emergency vehicles will have access to the properties affected.

Joni McCormick of 108 N. Lakeview Dr. explained that she had just purchased new sod for her property and wanted to ensure that it would be replaced. City Manager, Earl Berner, assured her that if the sod was removed from her property or damaged, it would be replaced. She also said that she thinks the City should communicate more with the residents of Lake Dallas. Berner explained that these plans were started in 2005 and that residents had been notified of several steps throughout the process.

Chad Thiessen, Lake Cities Fire Department, explained that the current width of Lakeview Dr. is not ideal for fire trucks responding to an emergency situation. He said that the impact this project will have to put out fires in the event of an emergency on this road would be a great improvement. He said there are more children on Lakeview and the areas around it now than in past years and that he believes that it is due to the placement of the new elementary and middle schools. He said the increase in the amount of children in the area is not realized by some because this age group does not bring additional cars to the area. He feels this project needs to be completed to ensure children are safe when on Lakeview Dr.

City Manager, Earl Berner, also stated that the speed limit will remain 30 mph as it is now.

Mayor Marino talked about the history of Lake Dallas. He stated that he has been a resident of Lake Dallas for many years and understands that when it comes to a persons' home, there are many emotions involved when it comes to change. He explained that growth is happening around our City, though, and it is important to make these improvements for the benefit of Lake Dallas. He read several statistics starting from when Lake Dallas' name was Garza in the 1920's to the present day to show that change has been happening and will continue to happen and that our job is to have the infrastructure in place to handle that change. He said that there have been constant drainage and flooding problems in this area for years and that many residents are for this project. While he understands that some residents are not for this project, the Council must make a decision based on what it best for the entire City. He also explained that this project has been planned for years. He said he believes there have been at least 15-20 meetings regarding the plans for this construction project over several years and a Bond Election was held.

The Mayor also went on to name a list of key reasons this project is one of the vital improvements for the future of the City of Lake Dallas which included the following:

- Funding for this $2 million dollar project will be received from Denton County Transportation Bonds which can only be used on this project.

- Traffic Safety- project will eliminate bar ditches, and will widen the pavement to 15' lanes.
- Pedestrian Safety – there will be a 4' wide sidewalk so that walkers can get off of the road surface.
- Drainage Improvements – curb and gutters will channel storm waters keeping them in the street, underground piping will collect the storm water and carry the water to proper outlets.
- Trees suitable for growth under utility lines will be replanted by the city with 2.5" to 3.5" caliper.
- Provides a second North/South travel route through the City.

EJ Rodrigues of 329 Texas Dr. stated that she thinks there is an ordinance in place that prevents bicycles, scooters, skateboards, etc. on sidewalks. She said that she thinks a sidewalk would be useless if the children were unable to use "wheels" on it. City Manager, Earl Berner, explained that there is not an ordinance preventing the use of those things on the sidewalk and that it would be allowed. EJ also said that she thinks it is wrong for the City to remove the trees. Mayor Marino explained that for every tree removed on a property, there would be one planted. He said that if a property owner did not wish for a tree to be planted to replace the one that was removed from their property, then they could opt for it to be planted in one of the parks in Lake Dallas. EJ also asked if the power lines could be buried. Berner replied that, no, they could not as this would cost at least one million additional dollars which the City does not have.

Councilmember Brooks said that he has spoken with several residents of Lake Dallas who are in support of this project. He said that he thinks it is important to be proactive rather than reactive in situations like this and he feels this construction project is necessary to ensure the safety of children, which is the most important thing.

Councilmember Hammond said that there is definitely a need for drainage improvements and sidewalks. He asked about the projected capacity of cars on Lakeview Dr. and how the number was determined.

Tom Hoover, City Engineer, explained that the number is strictly capacity and by no means the actual number of cars that are projected to go down the street; only the number of cars it would be able to accommodate daily. He said that the study was done by ITS, which is the County Consultant for all traffic within Denton County. He also said that where the lanes are 9 ft. in width now, they will be increased to 15 ft. in width, which will allow emergency vehicles to respond on this street much easier. He said that the current water pipe lines are 6" in diameter and will be replaced with 12", which will greatly improve drainage issues. Fire Hydrants will be installed every 500 feet per Code Requirements also improving fire-fighting capabilities.

Councilmember Harper said that while no one likes to remove trees, potential safety concerns have been identified with several of the trees on this road. The City cannot just ignore those safety concerns or the requests for improvement made by other citizens of Lake Dallas.

Mayor Marino said that there should be a committee created to decide the "future look" of Lakeview Dr.
Mayor Marino closed the discussion

Mayor Marino adjourned the meeting at 8:36 p.m. for a short break.
Mayor Marino reconvened the meeting at 8:43 p.m.

H. CITY MANAGER REPORT

1) City Projects

City Manager, Earl Berner, reported that we are waiting on the engineer for relocation and right of way plats and he will need to have meetings with residents about the right of way acquisition for the Lakeview Drive Phase II construction project. We are also still waiting on permits from the Corps of Engineers for Willow Grove Park.

2) Private Projects

City Manager, Earl Berner, reported that Daniels AC has been issued temporary occupancy permits. Z-Flooring's subdivision has been approved. Swisher Courts closing has been delayed again.

I. NEW AGENDA ITEMS

No future agenda items.

J. ADJOURNMENT

Mayor Marino adjourned the meeting at 8:46 pm.

Tony Marino, Mayor

Joni Mooneyham, Deputy City Secretary

CITY OF LAKE DALLAS, TEXAS

State of Texas
County of Denton
City of Lake Dallas

The Lake Dallas City Council met in a regular meeting on October 14, 2010 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given, as required, by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Marino called the meeting to order 7:58 pm.

A. ROLL CALL

Tony Marino	Mayor
James Harper	Councilmember 1
Carol Ann Connors	Councilmember 2
B.W. Brooks	Councilmember 3
Karl Hammond	Councilmember 5

Councilmember Mathews was absent.

Staff Present:
Earl Berner, City Manager
Nick Ristagno, Police Chief
Donna Boner, Finance/Human Resources Director
Julie Chapman, Community Relations Coordinator
Joni Mooneyham, Acting City Secretary

B. INVOCATION

Pastor Bill Lee gave the invocation.

C. PLEDGE OF ALLEGIANCE

Mayor Marino led the pledges of allegiance.

D. ANNOUNCEMENTS

Mayor Marino announced that he had been involved with the Lake Cities Fire Department Fire Safety Program. He explained that the purpose of the program is to teach young children what to do in the event of a fire-related emergency and that the program has proven to be effective. He expressed his appreciation to the Lake Cities Fire Department for having this program available to young children.

E. PROCLAMATIONS

1) Domestic Violence Month – Mayor Marino proclaimed the month of October as *Domestic Violence Awareness Month* and urged our citizens to work together to eliminate domestic violence from our community.

2) Municipal Court Week – Mayor Marino proclaimed that the week of November 1 – November 5, will be recognized as *Municipal Court Week*, and further extended his appreciation to the City of Lake Dallas Municipal Judges and Municipal Court Clerks for the vital services they perform and their exemplary dedication to our community.

F. REPORTS

1) Boards and Commissions

Julie Chapman reported that WaterFest had great weather this year and all events went as planned. The race hosted over 50 racers from Texas and neighboring states with activities for children and live entertainment. Attendance at this year's event was estimated at 750 daily. Jet Ski races for 2011 have been booked for July 2-3rd to front the Lake Cities July 4th Celebration in hopes that there will be better weather for this event. The promoter will now be taking on the responsibility to plan the extra entertainment features rather than the City. Lake Cities Seniors continue to thrive. For the October 12th Seniors Bingo, the City hosted 37 individuals, which was approximately a 30% increase. The City has welcomed a new soccer league. The Lake Dallas

Soccer League is a group of adult men that have started renting the park from the City on Sundays for their league to play. In mid-September the City partnered with Hickory Creek to participate in the Trinity Trash Bash, a Keep Texas Beautiful sanctioned event. The Bash was a Metroplex-wide waterway clean-up focused on the Trinity River and its' tributaries. Sonic of Lake Dallas hosted over 50 volunteers from both cities for breakfast and registration. The City's Annual Halloween Celebration at City Hall is planned for Friday, October 29th from 4:00 p.m. to 6:00 p.m. This year's 'Trunk-or-Treat' themed venue has been well received and Julie credited the Municipal Court Clerk, Becky Ross, for the suggestion. Over 36 local businesses and organizations will be participating along with traditional hayrides given by the City's Public Works Department. CrossPointe Church will host a bounce house and free hot dogs. The cities of Hickory Creek and Corinth will be joining the Lake Dallas Police Department with their police cruisers on display along with the Denton County Crime Stopper SUV.

Councilmember Connors asked about the financials for WaterFest. She said that this event seems to cost the City more money than it should. Julie explained that this is one of the reasons she has requested that the promoter be responsible for the extra entertainment in order to save the City money, however, the event is still important for the City as it highlights the City and entertains the community. Historically many events seem to cost the city money, but do increase hotel tax and sales tax during the events.

2) Finance

Donna Boner gave a report on the Preliminary September Financials. She said that the Sales Tax Revenue was $76,293.33 with $38,146.67 going to the General Fund, $19,073.33 going to the Economic Development Corporation and $19,073.33 going to the Community Development Corporation. Some property tax revenue is still being received; approximately $6,000.00 was received in the month of September.

City Manager, Earl Berner, reported that the Sales Tax Revenue for September was up 12.5 % in comparison to the same time last year.

G. VISITORS/CITIZENS AGENDA

Mayor Marino opened the Visitors/Citizens Agenda.

John McGilvray of 325 Boliver Ave. stated that before the City goes out for bid for the proposed Lakeview Drive Phase II project, he would like an item be placed on the agenda for the next City Council meeting so that there can be further discussion with the residents that will be affected before proceeding with the project. He also said that he does not believe an Environmental Study has been done to address the possible consequences of this project to the environment because of the current drainage problems and the loss of trees, which he thinks is necessary. He also requested that the City have the engineer study the possibility of making this road a two-lane road no wider than it is currently. He said he believes that if the road remains the width it is now, the residents would be more in agreement, as they would not experience tree loss to their properties.

E.J. Rodrigues of 329 Texas Dr. said she feels the trees on Lakeview Dr. are a large part of the culture and atmosphere in Lake Dallas. She said that is seems the Lakeview Dr Phase II project is being driven by the toll bridge and her neighborhood is concerned about the increase in traffic on this road since it runs directly through a residential area. She explained that she thinks there are other streets in Lake Dallas that the traffic could be directed from Swisher Rd. to Main St. such as Shady Shores Rd. She also said that she knows that this project has been discussed for 5 to 6 years, but would also like to see an Environmental Study completed and to have an engineer study what the possibilities are to solve the drainage issues without having to widen the street and take out the trees.

Ty Mason of 106 Lakeview Dr. read a copy of a letter that he had given to the City Council in regards to the proposed Lakeview Drive Phase II project. In the letter he explained that his property has several large trees which have been there for many years that are directly in front of his home and are within 6 feet from the current road. He said that when he and his wife purchased this property in March 2008, they requested a disclosure of the seller's utility bill costs from their realtor. He said the disclosure showed that the seller did not ever have a utility bill over $200 per month and that this was one of the main reasons they decided to purchase their property. He does not feel that it is right for the city to remove his trees in order to improve Lakeview Dr. as it would increase his utility costs.

James Jolly of 726 Summers Ln. expressed his appreciation to the Lake Dallas Police Department for their hard work. He also stated that he does not agree with changing the towing ordinance to allow competition. He said he is concerned about the crime at Willow Grove Park at night, but he knows that the Police Department will make sure this issue is taken care of. He also requested that someone contact him and let him know if Citizens on Patrol is still active.

Patricia Snider of 38 Oak Forrest Circle, Denton, TX 76210, owner of Technicians on Wheels and Two Steppin Towing, read a letter that she had written to the Council. She said that if the towing ordinance was changed to allow competition from outside the city limits, it would have a negative impact on their business.

Mayor Marino closed the Visitors/Citizens Agenda.

Mayor Marino adjourned the meeting at 8:38 p.m. for a short break.
Mayor Marino reconvened the meeting at 8:46 p.m.

H. CONSENT AGENDA:

1) **Consideration and Action on approval of the minutes of the September 23, 2010 meeting. (City Secretary)**
2) **Consideration and Action on approval of the Preliminary September Financials. (City Manager)**
3) **Consideration and Action on approval of the Quarterly Investment Report for the 3rd quarter of 2010. (City Secretary)**

Motion to approve the Consent Agenda was made by Councilmember Brooks and seconded by Councilmember Connors.
Ayes: Councilmembers Brooks, Connors, Harper, and Hammond

I. BUSINESS

1) **Consideration and Action to approve James Jolly as a member of the Lake Dallas Community Development Corporation. (Councilmember Hammond)**

Motion to approve James Jolly as a member of the Lake Dallas Community Development Corporation was made by Councilmember Brooks and seconded by Councilmember Hammond.
Ayes: Councilmembers Brooks, Hammond, Harper, and Connors
Noes: None

Motion Passed

2) Consideration and Action to approve a Master Fee Schedule. (City Manager)
City Manager, Earl Berner, explained that this will allow the fees to be taken out of ordinances and make it easier to make changes to the fees if necessary. However, all changes to this Master Fee Schedule, if approved, would still require Council approval and the fee schedule could be reviewed annually during budget time.

Motion to approve a Master Fee Schedule was made by Councilmember Hammond and seconded by Councilmember Harper.
Ayes: Councilmembers Hammond, Harper, Connors, and Brooks
Noes: None

Motion Passed

3) Consideration and Action to reject an additional one percent fee from Charter subscribers. (City Manager)
Mr. Kevin Allen, of Charter Communications, was present to speak about the option of adding the proposed fee. He explained that the funds received from this fee would be required to be spent on capital projects such as the creation of a local channel for Public Broadcasting, etc. He said that this fee would be passed on to the residents of Lake Dallas on their bills.

City Manager, Earl Berner, explained that this fee will be automatically charged if the City doesn't take any action to reject the fee and that the revenue from this fee would only be approximately $6000.00 annually and it would take a substantial amount of time to have enough funds to implement something that they would be earmarked for. He recommended that the Council reject the fee at this time so that it would not increase the bills for the residents of Lake Dallas.

Motion to approve to reject an additional one percent fee from Charter subscribers was made by Councilmember Harper and seconded by Councilmember Hammond.
Ayes: Councilmembers Harper, Hammond, Connors, and Brooks
Noes: None

Motion Passed

4) Consideration and Action to approve an ordinance amending Section 102-152 of Article V, "Speed" of Chapter 102, "Traffic and Vehicles" to change the speed limit on Swisher Road East of Shady Shores Road to 45 mph. (Police Chief)
Police Chief, Nick Ristagno, explained that due to the closing of the Primary school on Shady Shores Road and a new NTTA speed study, NTTA has requested that the speed limit for the Eastern portion of Swisher Road to be increased from 35 mph to 45 mph. He said as an additional result of the study, the speed limit on the toll bridge will increase to 55 mph and if this ordinance amendment is approved, the speed limit of Swisher Rd., within our city limits, will be 45 mph from Shady Shores Road to the Toll Bridge, but will remain 35 mph from Shady Shores Road to Interstate 35.

Motion to approve an ordinance amending Section 102-152 of Article V, "Speed" of Chapter 102, "Traffic and Vehicles" to change the speed limit on Swisher Road East of Shady Shores Road to 45 mph was made by Councilmember Brooks and seconded by Councilmember Connors.
Ayes: Councilmembers Brooks, Connors, Harper, and Hammond
Noes: None

Motion Passed

5) Discussion on changing the towing ordinance to allow competition from outside the city limits. (Councilmember Connors)

Mayor Marino opened the discussion
Councilmember Connors said that due to complaints the City has received regarding Two Steppin Towin and interest shown by other companies, she thinks that there needs to be an open discussion regarding the towing ordinance and whether or not it should be amended to allow competition from outside the city limits.
Dave Snider, owner of Two Steppin Towing, was present to speak on behalf of his company.
Councilmember Harper asked if Two Steppin Towing's fees were in line with what other towing companies are charging for the same services.
Mr. Snider explained that there have been many changes in the Towing industry and that they are now regulated by the Texas Department of Licensing and Regulation (TDLR). In order to stay compliant and ensure that his company strives to do everything correctly, they are working closely with TDLR. He also said that TDLR requires that all towing companies charge the same amount for the fees they collect.
Councilmember Hammond said that if all competitors would be charging the same fees for their services, then opening up the ordinance to allow competition would be void and it would be more beneficial to keep the business within Lake Dallas.
Councilmember Harper said that another benefit of having a local company for towing is that people do not have to travel further in order to retrieve their vehicles.
Mayor Marino closed the discussion

J. EXECUTIVE SESSION

Mayor Marino adjourned the meeting to go into executive session at 9:29 p.m.

1) The City Council met in closed session to perform the annual evaluation of the City Manager under Texas Government Code, Section 551.074.

Mayor Marino reconvened the meeting at 9:48 p.m.

K. ACTION, IF ANY, FROM EXECUTIVE SESSION

Motion to renew the City Manager's contract for another 2 years was made by Councilmember Hammond and seconded by Councilmember Connors.
Ayes: Councilmembers Hammond, Connors, Harper, and Brooks

J. CITY MANAGER REPORT

1) City Projects

City Manager Berner reported that Lakeview Drive Phase I has striping and seeding to be done before completion. Lakeview Phase II has 20 % of right-of-way properties. We met with the utility companies in an effort to make sure things go more smoothly with the moving of the utilities in Phase II. City Manager Berner expressed the desire to take the time to plan properly so that there would be the least amount of disruption for the citizens. He expects construction to begin in January.

Councilmember Connors asked about the Main Street intersection. The design of the intersection is causing motorists some confusion. City Manager Berner and Chief Ristagno will be meeting with DCTA engineers to discuss changes that need to be made to the intersection for safety purposes.

We are still waiting on permits from the Corp. for Willow Grove Park. After we receive the permits, the project should start in about 45 – 60 days.

2) Private Projects

Z Flooring will be coming before the Lake Dallas Economic Development Corporation to request grant funds. They sell floors for athletic facilities. They desire to build a showroom and warehouse on a corner of the railroad property.

K. NEW AGENDA ITEMS

Councilmember Connors would like a discussion item regarding our towing ordinance to be on the agenda. She would like Council to discuss the possibility of opening up towing services to vendors outside the City so there would be some competition.

The Town Meeting to discuss Lakeview Phase II will be on the October 14th agenda.

I. BUSINESS:

1) Discussion on former right of way on Lake Street.

John Smith, owner of the property at 410 N. Lakeview, came to appeal to Council regarding the fact that his neighbor is making it impossible for him to access the carport on the property. The problem arises from Ordinance 2006-11 when the City abandoned the right-of-way to the property. Mr. Smith was hoping that Council would take action to re-establish the right-of-way. City Attorney David Berman explained that as a result of the City abandoning the right-of-way, the area in question should have been divided equally, down the center, between the two property owners with property abutting the right-of-way and to re-establish the right-of-way a public purpose must be determined. The Council agreed that there is no public purpose. The City no longer has any authority in the matter of the property. City Attorney Berman suggested that Mr. Smith contact his title company or an attorney to deal with this civil matter.

Mayor Marino adjourned the meeting at 8:45 p.m. for a short break.
Mayor Marino reconvened the meeting at 8:54 p.m.

2) Consideration and Action to approve an ordinance prohibiting the possession, use, sale or distribution of synthetic cannabinoids and paraphernalia.

Motion to approve an ordinance prohibiting the possession, use and sale of synthetic cannabinoids was made by Councilmember Brooks and seconded by Councilmember Connors.
Ayes: Councilmembers Brooks, Connors, Harper, Mathews, and Hammond
Noes: None

Motion Passed

3) Presentation of the Fiscal Year 2011 Budget

City Manager Berner presented the latest budget figures, reflecting the latest changes in the insurance premiums. Mr. Berner turned the floor over to Rodney Dryden, Wellspring Insurance Agency, to explain the changes in health care benefits nationwide and how that affects the City and its' employees. The discussion then turned to cost saving measures for the next fiscal year. Councilmember Harper suggested that the City delay the COLA until January 1st and delay the purchase of a new police car and the new computer software in order to save money for the Reserve account. It was agreed that the computer software for the police records was a necessity, but the other software modules and the police car could wait until revenues were looking more favorable.

J. CITY MANAGER REPORT

1) City Projects

City Manager Berner reported that the retaining wall for Lakeview Drive Phase I has been finished. They've got additional paving and striping to do and then it will be done. For Phase II, the first set of easements, right-of-way documents, and plats are in hand. We need to set a date for a town meeting to discuss Phase II with the citizens. Signs on the highway for Lake Dallas Drive should be up by mid-September and we will change our signs on Denton Drive at that time. Residents have been notified. We will also change our signs from Church Street to Main Street at the same time.

2) Private Projects

We are still waiting on permits from the Corp. for Willow Grove Park. Daniels is moving along. Swisher Courts picked up their building permits. We will have a pre-construction meeting with them next week. They are planning for a December 1st opening. John Lugenheim's small commercial building on Lakeview is being framed. City Manager Berner is hoping to have firm numbers from First Southwest soon.

Mayor Marino opened the Visitors/Citizens Agenda.
Naomi Spinks of 57 Lakeridge in Kingswood spoke in regards to a property at 56 Pecan. Mrs. Spinks stated that the property at 56 Pecan was condemned in 2003 and there have been problems with sewage and mold at the property. Mrs. Spinks would like to know why the City has not done anything further about this property. Mayor Marino told Mrs. Spinks that City Staff would look in to this situation and contact her.
Mayor Marino closed the Visitors/Citizens Agenda.

D. BUDGET WORKSHOP

City Manager Berner gave a report on the 2010 budget and presented a preliminary budget for 2011 as well as a budget calendar for August and September. Discussion with Council and staff followed. There is no step increase planned for employees in the 2011 budget due to budget constraints, but there is a 2% COLA. Mayor Marino suggested the City might need to discuss not granting a COLA for 2011. Mayor gave Council and employees the opportunity to express their opinion on the COLA. The general consensus was for the 2% COLA to stay in the budget. Other items discussed included the capital purchases of a computer records system and a squad car.

G. WORKSHOP:

City Manager Earl Berner gave a packet of mid-year budget review & preliminary FY 2011 considerations. He explained that the revenues are not coming in as expected. Property Taxes are down. Sales Taxes are down, but should improve with the re-opening of Sonic. Permits and Fees are down about 13% and will most likely remain this way for the next year or so. Court Fees have not been as much as expected, but still more than last year due to the addition of a traffic officer. He said that unfortunately, we were unable to put the new officer on the road as early as planned due to other shortages, so the city lost a few months of revenue. The value of the online payment system for the court has been realized in not having to hire a full time employee. Hotel Taxes are way below last year due to the poor economy and the opening of the hotel in Corinth, but hopefully the summer months will bring an increase. This category will still not reach budget level. He explained that all departments are doing a good job of holding expenses in line and not spending for items unless necessary. Also due to personnel changeover in several areas and the time it takes to hire replacements, the city has realized significant personnel expense savings.

Concilmember Harper asked if a quote for healthcare expenses for the next year had been received.

City Manager Earl Berner explained that the quote would not be received until July and these are only preliminary estimates.

Councilmember Harper asked if employees would be receiving raises next fiscal year.

City Manager Earl Berner said that this is not the year to continue the step increase, but a 2% COLA is proposed.

City Manager Earl Berner said that future capital projects were minimal for FY 2011. One of the projects that will be considered is a City-wide drainage improvement plan involving bank stabilization of storm streams, underground storm sewer systems additions and improvements, repairs/improvements to existing systems- costs not yet determined, but in the millions to be paid from a storm sewer utility fee per dwelling. He said a fee of $2.00 is typical.

Concilmember Connors asked if this fee would be added to the Solid Waste & Recycling Collection bills and Earl Berner said that it would be in the event the project began.

H. CITY MANAGER REPORT

1) City Projects

City Manager Berner reported that Lakeview Drive, Phase 1, will be completed soon. The Main St. re-alignment with Church St. has begun. Carlisle Dr. cannot be completed until the engineer and the contractor come to an agreement about the base. Once the engineer has given approval, the contractor can complete the work that needs to be done; however, the work will not begin until the Main St. re-alignment is complete. Harbourtown has completed two homes and have received permits for two more.

Concilmember Connors asked it there was any news about the street name changing from Denton Dr. to Lake Dallas Dr.

City Manager Earl Berner explained that the state has lost the paperwork. He has re-submitted the paperwork three times and is waiting for a response.

2) Private Projects

Sonic has re-opened. Swisher Courts should be obtaining the permits to begin construction soon.

G. WORKSHOP

1) Mid Year Financial Report

City Manager Berner reported on the financial picture as of the end of March, which is the middle of the fiscal year. Revenues are not coming in as we hoped, but expenses are being held down. Mr. Berner believes the City will be close to having a balanced budget at the end of the fiscal year.

H. CITY MANAGER REPORT

1) City Projects

City Manager Berner reported that TXDOT is denying our grant request for the Downtown Enhancement Program due to the "head-in" parking. Lakeview Drive is moving along. Mr. and Mrs. Gene Tisdale gave the City easement property for the Lakeview project. More concrete work has been done so that two thirds of the road is now done. Willow Grove Park Phase II plans should be going to the Corp's Fort Worth office in two weeks for approval. Hopefully, the Willow Grove project will be under way by Fall.

2) Private Projects

City Manager Berner reported that the Sonic building is coming along very nicely. Hopefully, we will close on the Swisher property in two or three weeks. Daniels' are still working on their ground so that their building can be brought in. In Harbourtown, Doyle Cameron's building project is moving along rapidly, with only ten homes left to build.

I. NEW AGENDA ITEMS

I. WORKSHOPS

1) **FitCities** – City Manager Berner and Mayor Marino reported on the FitCities project. They initially saw a presentation on FitCities at the TML conference and then representatives came to City Hall to speak with them. FitCities a non-profit organization to help Texans get fit. There is no cost to the City. After the City adopts a resolution to join, employees are able to log in to the FitCities website and long their hours of exercise. After reaching a certain number of hours exercising, the employee receives a recognition certificate from the governor. A resolution to join will be on the next agenda.

2) **Lake Cities Community Library -** City Manager Berner presented a number of scenarios regarding what could be done in the Library situation. Mayor Marino invited Library Board member Bill Knox of Lake Dallas to the podium to share his views regarding the Library. Mr. Knox expressed his desire for the City to expand the Library and keep it in Lake Dallas. Councilmember Brooks thinks the Council should move forward with a proposal to expand and see what the response is from the other cities.

J. CITY MANAGER REPORT

1) City Projects

City Manager Berner reported the Lakeview Drive project is continuing to move forward. Workers have lined part of the street connection between Lakeview and Swisher. The replacement water line is within 500 feet of completion. We have had no response yet from DCTA. The capital report should be done by the end of the month then the New Members Board will take final action. A rider ship study for this area has not and will not be done.

2) Private Projects

Swisher Courts should be bringing in their site plan next month. City Manager met with owner's representative from the United Aircraft property. They are proposing a site swap. The site would have to be approved by the Federal Government.

I. BUSINESS:

1. Discussion regarding Willow Grove Park

Police Chief Nick Ristagno said that due to a conversation with Mayor Marino and Councilmember Brooks and some citizens that have come to him, with the increased usage of Willow Grove Park in the summer comes increased problems and increased drug use. The only method they've had to enforce down there is marked squad cars and that's not a very effective way of doing it. He said that currently we are getting users from Dallas, Garland, and south Dallas. They have obtained that information by running license plate numbers. Chief Ristagno said they have had five or six arrests over the past few weeks. He said that Willow Grove Park is one of the parks along the lake that has no fee so it's encouraging people to come here. He said that to do undercover is very costly so that the Police Department would like to do is to start a three-prong approach. They would like to regulate the parking down there along the outer road so there will be enough room in case a fire truck would need to go to the park. He said that if there is a drug user or drug dealer caught on the property they would be trespassing, also. Chief Ristagno said that Lt. Sparby is working on an operations plan for the park. He said that signs have been ordered for the park. City Secretary Joni Vaughn said that payment for the signs could come from the designated Willow Grove Park Fund.

2. Consideration and Action on approval of an Ordinance to abandon a 158 foot portion of Goliad Road between Market Street and Sycamore Street.

Motion to approve the Ordinance to abandon a 158 foot portion of Goliad Road between Market Street and Sycamore Street was made by Councilmember Connors. Second by Councilmember Brooks.

During discussion of this item it was mentioned that the City shouldn't set a precedent by giving away land to non-profit organizations or to anyone else.

Brad Clifton, Pastor of the Open Arms Church, said he appreciated the City putting the item on the agenda. and that he could understand the concern about giving the property away instead of selling it. He said that the church's only option is expanding to the west. He said they own the properties on both sides of Goliad. He said that the Lake Dallas ISD purchased the properties they had been looking at for expansion. He said that people in the other surrounding properties are not willing to sell at this time. He said they are not planning their expansion for at least another year.

Police Chief Nick Ristagno said he and City Manager Earl Berner have looked at this street which has 60' Right-of-Way by 158 ' long. He said the roadway is about fourteen feet. He said that would be 9,480 square feet. He said he had taken a sampling of commercial properties on Market Street and they all averaged $3/square foot, which would equal $28,440. He said that's from the 2009 preliminary values set by Denton Central Appraisal District. He said that amount is not set in stone.

The Mayor did not call for a vote on the original motion.

Motion to table this item was made by Councilmember Hammond. Second by Councilmember Harper.

J. CITY MANAGER REPORT

1. Toll Bridge Progress and Plans

Police Chief Nick Ristagno said he would like to compliment Special Events Director Shannon Fields for the terrific job she has done putting this together. He said there will be shuttles to parking lots and that the Lake Dallas ISD is supplying seventeen buses and drivers free of charge. The Lake Cities are working together on this project by providing 35 – 40 officers for the event. He said that the committee for the Lake Lewisville Toll Bridge includes people from the North Texas Toll Authority and TxDOT, Denton County, Little Elm and the Lake Cities. Planning has been going on for over a year for this one-day event. There is nowhere to park on the Little Elm side of the bridge. On the Lake Dallas side there will be vendors, 2500 runners for the 5K run and then walkers will be able to walk out on the bridge after the 5K is completed. There will be free water stations on the bridge as well as safety stations.

Chief Ristagno said that, with the new bridge opening, the City of Lake Dallas will get their first stoplight and it will be placed at Shady Shores Road and Swisher Road. The light should be installed later this month.

2. City Projects

Chief Ristagno said the bid opening for the widening of Lakeview Drive north from Howard Drive to Swisher Road is July 15. The project should begin in mid-August.

Chief Ristagno said they were getting prices for sand to provide a beach at Willow Grove Park. The Community Development Corporation will be asking Schrickel, Rollins and Associates, Inc. to include this in the grant. He said that sand to provide a six-inch deep beach 600 feet by 30 feet would be approximately $9,000.

The Lake Dallas City Council met in a regular meeting on June 11, 2009 in the Lake Dallas City Hall, 212 Main Street, with notice of the meeting given as required by Title 5, Chapter 551.041 of the Texas Government Code. Mayor Marino called the meeting to order at 6:00 pm.

A. ROLL CALL

Tony Marino	Mayor
James Harper	Councilmember 1
B. W. Brooks	Councilmember 3
Karl Hammond	Councilmember 5

Councilmembers Connors and Alan Fletcher were unable to attend the meeting.

Staff Present: City Manager Earl Berner, Police Chief Nick Ristagno, and City Secretary Joni Vaughn.

B. INVOCATION

Pastor Ray Harper, Covenant Fellowship Church, gave the invocation.

C. PLEDGE OF ALLEGIANCE:

Mayor Tony Marino led the pledges of allegiance.

D. COUNCIL ORIENTATION

David Berman, City Attorney, gave a brief orientation session that would be beneficial to them. Included in the presentation was information related to situations that could, in fact, get the councilmembers into serious trouble. Conflicts of interest regarding agenda items; violation of the Open Meetings Act, agenda posted 72 hours prior to the meeting, a quorum of city councilmembers discussing City business outside of a City Council meeting, which is potential criminal liability – councilmembers can meet one on one – walking quorums or daisy chains are not allowed by the AG – group emails from staff to the entire City Council are acceptable, but for a councilmember to "reply all" is a violation; do not interact with the people speaking on the Citizens Agenda because the item is not on the agenda [it may be placed on a future agenda for council consideration or refer them to a staff member]; the appearance of impropriety to the citizens; you will go to jail if you participate in a closed meeting without having a legal exception for the meeting; closed meetings must have a tape recording of the meeting or a Certified Agenda prepared and no member of the public can listen to the tape recording or look at the Certified Agenda because it's a Class A misdemeanor and those items must be kept confidential for a period of two years before they can be destroyed; Roberts Rules of Orders is not a law it is simply a protocol to be followed. Whoever is chairing of the meeting is the person in control and each member should give appropriate deference to that basic principle and they are the ones who allow you to speak or not to speak and address the people in the audience unless you ask the person chairing the meeting for permission to respond; the Open Meetings Act gives everyone the right to attend a meeting and you cannot prevent them from bringing a tape recorder or video camera to the meeting but if someone in the audience gets disruptive the chair must admonish that person. If they continue the second admonishment that they will be asked to leave or they can be removed the meeting because it is a Class C misdemeanor; the chair can change the order of the agenda or some cities require a motion from the council and a vote to determine which direction the items will be discussed; motion to table is a privileged motion as is an amendment to a motion; you must vote on the "friendly" amendment first and then vote on the main motion with the amendment as voted on; an abstention is not a vote and it is not counted; your attendance at a City Council Meeting is a privilege, according to Texas Law, not a duty and our City Charter states that if a councilmember misses three consecutive meetings that are unexcused it is grounds for removal; the council has the authority to determine whether or not the reason for missing a meeting is excused or unexcused;

Mayor Tony Marino closed the meeting for a short break at 7:05 pm.

Mayor Tony Marino reopened the meeting at 7:12 pm.

E. PRESENTATION

1) Presentation of Certificate of Achievement to Charlotte Johnson

Mayor Tony Marino presented Charlotte Johnson with a Certificate of Achievement for the honor she received from Stephen F. Austin State University. The letter from the Dean of the College of Education said that about 2 percent of their students are on the President's List. Charlotte had maintained a 4.0 GPA in all her courses for the past semester. President's Honor Roll for the end of semester 2008. She is a recipient of the Who's Who Among Students Award. She is the first and only person so far who has taken advantage of the Lake Dallas college scholarship program. Mayor Tony Marino said we are very proud of you.

City Manager Earl Berner invited John Klaiber from Waste Management forward. Mr. Klaiber said he is here to present a donation to support the City's activities, specifically for the 4th of July celebration. He had a check in the amount of $1,500.

City Manager Earl Berner said that John Klaiber called him last night after the storms to say that Waste Management would arrange special pickups for any storm damage that occurred in the City of Lake Dallas and the surrounding cities.

Mayor Tony Marino moved to Item J, the Consent Agenda.

F. ANNOUNCEMENTS

City Manager Earl Berner said the 4th of July celebration will be an all-day event including the Idol competition with fireworks at night.
Mayor Tony Marino mentioned the run at the Lake Lewisville Toll Bridge on August 1.
He said that last night was the first night that we had heard our storm alert sirens so we are aware that they are working. We were fortunate that we did not have as much storm damage as some of our neighbors. He said we probably need to work on the disaster program for our cities. Police Chief Nick Ristagno said that Joe Piatt is working on it at this time.

G. REPORTS

1) Economic Development Corporation

There was no meeting this month.

2) Community Development Corporation

The preliminary FYE 2010 Budget was reviewed at their meeting this month. The board approved borrowing for Willow Grove Park, Phase 1 and some other parks projects as well as the downtown improvements. They approved a contract with Schrickel, Rollins and Associates, Inc. for Phase 2 of the Willow Grove Park and two beautification projects. One of the projects is a bench for the front of the building and a new cigarette smoking receptacle and mark the bench with Beverly Weikum's name and the median strip on Swisher Road to I-35.

3) **Parks and Recreation Board**
Their meeting has been moved to June 28th for a training session on the 4th of July celebration. There will be no alcohol at this event since the licensee is not available plus some other issues.

4) **Keep Lake Dallas Beautiful Committee**
This committee will not have a June meeting. Shannon is at Keep Texas Beautiful training this week and will return tomorrow.

5) **Financial**
City Secretary Joni Vaughn introduced Finance Director Donna Boner to the Council. She said that Donna lives in Lakebridge Estates here in the City of Lake Dallas and that she started work for the City on May 18. Joni said Donna is doing a fantastic job for us. Joni said that Donna would just observe tonight while Joni gives her last financial reports so she'll have an idea of what you want her to do next time.
She asked the Council to look at the financials for the month. She said that the Sales Tax Revenue for the month was $104,730.37 with $52,365.19 going to the General Fund and remainder splits between 4-a and 4-b. She said the investments accounts still look pretty good but it's getting that time of the year when we will start having to use some of those funds. She asked if there were any questions.
Joni said that City Manager Earl Berner will give a report later on revenues during the budget workshop. She said that the TXU franchise check will be here later this month or early next month.

Joni said that the Economic Development Corporation's part of the sales tax was $26,182.59 for the month. She said that their investment account is growing a little bit.

Joni said that the Community Development Corporation's portion of the sales tax was $26,182.59 and that they have $76,000 in their investment account.

A budget amendment will need to be done for the cost of the new building for the Animal Control Shelter. Checks that have been written to the Corinth Veterinary Clinic are paid out of the Animal Rescue Fund, which is funded through donations. If Animal Control finds an injured animal that might be adoptable the ACO takes the animal to the clinic in Corinth. Police Chief Nick Ristagno said that the fund operates the same way as the Kids 'n Cops fund.

The City files monthly reports to the Texas Municipal Retirement System. Sometimes when the payment to TMRS is considerable larger it's due to three pay periods falling during one month instead of the usual two pay periods. Joni said that sometimes if the last payroll it close to the end of a month there may be two months payments reflected for that month's expense.

The checks for payment of repairs to the library after the February incident are in the Library Building account. This account currently shows a credit balance because we deposited the insurance check from the Texas Municipal League in that account to offset the expense.

Mayor Tony Marino welcomed Donna Boner to the meeting.

Mayor Tony Marino then moved to the Presentations, Item E-1

H. AGENDA BRIEFING

City Manager Earl Berner read the items on the agenda for the Consent Agenda and the Business Items and the Budget Workshop.

I. VISITORS/CITIZENS AGENDA:

Neoma Spinks, 57 Lakeridge, said that this is about the house at 56 Lakeridge. The City condemned it in 2003 and it was to be demolished. It has mold all over it and sewage has run all over the property. It belongs to Rod Courtney and he says it doesn't own it that it's still in court. She said she has a paper that says it belongs to him and Pauline. Pauline is dead. He is not paying taxes on it and he's not paying his homeowner's dues. Ms. Spinks said that just because you're an ex-mayor doesn't mean you can get by with stuff like that. She said he moved everything out of the shed and then hauled the shed away. She asked if the City Council can do anything about it. She said that her husband is sick and has been the hospital many times. She said that the doctor said part of his lung condition is due to mold. She also said that they don't mow the grass there either. She said that Char has contacted the owner about mowing the grass many times. She said that Richard had put a sign on the gate and on the door that it was condemned but they keep tearing them down. She said she has heard noises over there and doesn't know if people are going in there or if it may be animals. She is very concerned.

Mayor Tony Marino told her that the City Manager or City Secretary would be in contact with her.

Mayor Tony Marino moved the meeting back to item E-5.

J. CONSENT AGENDA:

1. **Consideration and Action on approval of Minutes for May 14, 2009 meeting**
2. **Consideration and Action on approval of May Financials.**
3. **Consideration and Action on approval of appointment of William Knox to the Library Board.**
4. **Consideration and Action on approval of reappointment of Joni Vaughn as Alternate Magistrate.**

Motion to approve the Consent Agenda was made by Councilmember Hammond. Second by Councilmember Harper.
Ayes: Councilmembers Harper, Brooks, and Hammond
Noes: None

Motion Passed

Mayor Tony Marino welcomed Mr. Knox to the City of Lake Dallas boards and commissions.

K. BUSINESS:

1. **Consideration and Action on adoption of Resolution authorizing the publication of notice of intent to issue certificates of obligation.**

City Manager Earl Berner said that the C.D.C. has a number of projects including the Willow Grove Park boat ramp, $835,000 including the Boat Ramp Grant, and unspecified projects for City Park and Community Park, $250,000 and then unspecified projects in downtown, $250,000. He said that Marty would explain the process.
Marty Shue, First Southwest Company, financial adviser for the City of Lake Dallas. She explained the procedures required for the Community Development Corporation's notice of intent to borrow. After the length of time has elapsed between the notice of intent and the Resolution to adopt then First Southwest will actively work toward finding purchasers for the debt.
Mayor Tony Marino said that for the record that Councilmember Harper had recused himself and was sitting in the audience during the discussion and voter on this item.
Motion to adopt the Resolution authorizing publication of notice of intent to issue Certificates of Obligation was made by Councilmember Hammond. Second by Councilmember Brooks.
Ayes: Mayor Tony Marino, Councilmembers Brooks and Hammond
Noes: None
Abstentions: Councilmember Harper

Motion Passed

2. Consideration and Action to recommend to 4A and 4B that they require multiple bids from businesses requesting grants.

City Manager Earl Berner said that the Community Development Corporation has accepted this recommendation and they are currently revising their grant application.

Motion to recommend to the 4-a and 4-b corporations that they require multiple bids from business requesting grants was made by Councilmember Brooks. Second by Councilmember Hammond.

Ayes: Councilmembers Harper, Brooks, and Hammond
Noes: None

Motion Passed

3. Reconsideration and Action on building an office for Municipal Court in the Lobby area.

There was discussion about when the Lobby was used for the reception for former City Secretary Beverly Weikum because the Linwood Gilliland Community Room was being used for the election. Building an office for the Municipal Court would take space away from the area. During this economic time it would be fiscally responsible for us to leave things as they are. If we separate court from community development and citizens come for a code issue and only court staff is available, and vice versa, then we are unable to give the kind of customer service that our citizens expect. It might be a better idea to do more cross training of the personnel. Concern was expressed about when some of the staff members were out ill or away for other reasons. If two hundred citations are issued each month that would be equal to about seven people per day who come in to pay their fines. If we implement online payments that would mean even fewer window payments. Privacy should not be an issue only for the court only because we have citizens coming in for building and code issues plus making payments for the trash service. A glass partition between the two departments might resolve the issues. Is the issue a housing or processing of the records? All records should be carefully maintained and locked up.

City Manager Earl Berner said that the Court Security this fund would be used to fund the construction of the office. The Court Technology fund could be used to implement online payments. He said there was a loss of confidentiality of the court information several months ago so his thought was to create a separate place for the court to operate. Mr. Berner said we have a part-time person for the court and one for building and code so we have better coverage for those departments. There have also been some personnel issues. Municipal Court holds court two days a month and that keeps both court staff members busy for the whole day. The part-time employee spends several days per month on Juvenile Case Management.

Councilmember Brooks said he would like more time to study this issue and asked if he could make a motion to table this item. Mayor Tony Marino told him he could do that.

Motion to table Agenda Item K-3 was made by Councilmember Brooks. Second by Councilmember Hammond.
Ayes: Councilmembers Harper, Brooks, and Hammond
Noes: None

Motion Passed

4. Discussion about council attendance.

Mayor Tony Marino said that there have been several articles in the newspaper recently about the current City Council. He said some citizens have asked him about what's going on so he thought it was time to bring this to the table for councilmembers to discuss. He said that Section 3.06.02, Forfeiture, is in our City Charter regarding absences and other issues. He said there was an issue with Richard Martin when he had a heart attack. The City Council granted him a leave of absence but that went above and beyond the term allowed. He said the council dealt with it and unfortunately he had another incident and everything worked out. The Mayor said he wished that Councilmember Fletcher would have been able to be at this meeting. He said that a record of council attendance had been put together by city staff for 2008 and 2009. Looking at the City Charter it depends on how you want to interpret excused absences. There was an article in the Denton Record-Chronicle that reported on the attendance of members of the City Councils of several area cities. After we have been elected to the council he realized that circumstances can come up pertaining to work commitment, health, and travel and that it's almost impossible to be 100% faithful in attendance. He said we are representing the City so if we're not here 50% of the time then we are not fulfilling our obligation to the City and give input for the council. He said that sometimes it's difficult to have quorum if attendance falls below the requirement. Mayor Marino said we are not adhering to our oath of office that we took at our election. He said he fully understands that as an adult we have responsibilities to take care of our families and our children and then if you have the time and ability then you can accept other commitments. He said that as the city attorney stated -- technically, missing three meetings in a row and this one being the 4th that Councilmember Fletcher could be asked to relinquish his spot on council. He said he's not asking the council to go that route, but that it's a pretty serious situation.

Mayor Marino said this is not an action item tonight. It was agreed that council staff should talk with the city attorney because we need to define what an excusable absence would be.

L. CITY MANAGER REPORT

1. City Projects

City Manager Earl Berner said that the traffic light at Swisher & Shady Shores contract has been let. We should know something in a couple of weeks. It will have a mast arm and be painted with shiny black paint.

The I-35E interim improvements to the road going under 2181 and Swisher Road were started today. There are adjustments being made on the Circle K side.

The road rehab projects were completed before the rains came.

The notice for the North Lakeview improvements and Airport road has gone to the Lake Cities Sun to advertise that the bid packets going out with a July 15 due date. Where the road turns west to meet Swisher Road will be 200-300 feet south of the old animal shelter. We will re-do that road to the airport and on that portion Upper Trinity will share cost on a 50/50 basis.

a) Update on DCTA Station for Lake Dallas

City Manager Earl Berner said he has talked with Jim Witt who is the Executive Director for the DCTA. The information is in one of their new member committees and they will decide what obligations we will have for the overhead and upkeep necessary for the users to our station, if we have a station. The committee will have to figure out how much that cost will be. The committee has met once and will meet again during the summer.

M. BUDGET WORKSHOP

City Manager Earl Berner said he had put together a quick budget review for them. The first page is revenue projections – where we stand right now. He has listed the major categories and a projection of where they will end at the end of the FY 2009. The Building Permits have fallen off mostly due to the economy. We've had maybe four or five this year. The Sales Tax revenue is down about seven percent. He is expecting around $25,000 in sales tax from the new QuikTrip station.

The second page is the estimates on expenses. He said that it's difficult to shave expenses because our departments have such small budgets. They're lean and mean to start with Our Fund Balance right now is $669,757. We've come a long way in building the reserves back up.

The Property Tax assessment is up about 5% because we had new construction after the tax year ended last year so we're looking at $50,000 more in property tax this coming year. Permits and fees should reflect a little bit of a rebound because of what's left at Mercedes and the Cameron properties. There are a couple things in the wind for some commercial properties. Mr. Berner said that he and Chief have talked about adding two more officers, one of which would be a traffic officer and most the funding would come from the traffic citations. He did not show any money from grant we have filed for these two officers because we don't know if we will get that grant. He said he expects a little bit of increase in the Hotel Occupancy Tax due to the bridge opening. There should be a small amount of increase in beverage tax, again due to QT.

City Manager Earl Berner said that the most important items are new programs – the two new patrol officers and a vehicle for them and plus their personal equipment and replacement of items that are wearing out for the current officers. He feels that we have outgrown 1-1/2 employee requirement for the Animal Control Shelter. We need two full-time employees there and due to increase in citations to be processed he is asking for another full-time employee for Municipal Court. He said that part of her salary comes from Juvenile Case Management fees the court

receives. He is proposing a 2% cost of living in the pay plan. He said that we have applied for grant assistance through the North Texas Council of Governments for an alternate fuel vehicle for the Code Department. There was discussion about passing one of the police squad cars on the code department since the Police Department will be purchasing new vehicles this year. Chief Ristagno said that historically it's been a good plan. City Manager Earl Berner said that if we get the grant from NCTCOG, we could just reject it. Mr. Berner said that Public Works would replace one of their pickup trucks.

He said that we should be able to build up our cash reserve a little bit again this year and that it will be without a tax increase. He said that the auditors recommend three months funding as a minimum amount to keep in reserve. He said that realistically we need about $750,000 in the fall to make it thru the first three months of our budget year so we're right at the break-even point.

City Manager Earl Berner told the City Council that something to keep in the back of their minds is some future capital items. One major item would be a drainage system for the city. He said we're getting pretty strong storms and each time we do that we have some issues with the water runoff. He said that if you drive down Shady Shores Road after a rainstorm that you will see the drainage ditches running full and water running over the road.

He said that Main Street, Shady Shores and Hundley are all on borrowed time. He said we will keep the patchwork going and that will probably work for three to five years. He estimates that it could realistically cost around $6,000,000 to replace those streets.

City Secretary Joni Vaughn explained how the monthly check to TMRS is calculated. She said that seven percent of an employees gross wages is deducted and remitted to TMRS along with the percentage figure that is funded by the City. She said that the City does not participate in the Social Security program, just Medicare. She said that the Deferred Comp program with Nationwide is employee funded only. The City deducts the amount from the participating employee's paycheck and sends it to Nationwide.

City Manager Earl Berner said we won't get the final numbers from DCAD until July 25. He said that the he planned to bring the finished budget sheets to the first meeting in August. He said that if they have some program they would like to add that they should let us know.

He said that he made an inflationary increase for the Library because we don't have their numbers yet. Denton County participates a little in funding for the library.

N. NEW AGENDA ITEMS

There were no new agenda items.

O. ADJOURNMENT

Mayor Tony Marino adjourned the meeting at 9:17 pm.

Tony Marino, Mayor

National Police Week
Mayor Marino read and signed these three proclamations. Photos were taken and Mayor Marino congratulated Police Chief Nick Ristagno.

E. PRESENTATIONS
Census 2010
City Manager Earl Berner said that the director for this region was not here to make the presentation tonight.

F. ANNOUNCEMENTS
City Manager Earl Berner said we have the carnival going on through Sunday.
The Chamber Luncheon is next Tuesday and will be the last one until next fall.
City Secretary Joni Vaughn said that this afternoon we hired Donna Booner and the Finance and HR Director and she starts next Monday. She has lived here for twelve years and has twenty years of accounting experience.

G. REPORTS
1) Economic Development Corporation
City Manager Earl Berner said that the 4-A board agreed to approve a grant of nearly $50,000 to QuikTrip for utility relocation.

2) Community Development Corporation
City Manager Earl Berner said the board agreed to a $1,150,000 amount for parks and downtown projects. There will be a $258,000 grant from the Texas Parks and Wildlife for the boat ramp with the City paying $575,000.

3) Parks and Recreation Board
Shannon Fields said they are currently working on the carnival that is larger than their previous carnival. She said they have had lots of advanced sales for the wristbands. The funds raised from this project will go towards the 4th of July celebration.

4) Keep Lake Dallas Beautiful Committee
Shannon Fields said that the new chairman is James Moore. The board is currently working on improvements for the parking lot at City Hall.

5) Financial
City Secretary Joni Vaughn said that the sales tax revenue for April was $68,825.31, with $34,412.67 for the General Fund. The Economic Development and Community Development Corporations each received $17,206.32. The city's investment accounts are looking good. The Economic Development Corporation is building the invest account back up a little. We are still on hold to pay back the funds borrowed from one of the investment accounts. The investment account for the Community Development Corporation is looking good.

The franchise fees are paid at different times during the year. TXU pays annually and usually in June. Waste Management pays monthly and others pay quarterly.
There was a question about Charter Communication's bankruptcy and how that would affect their franchise agreement with the city. City Manager Earl Berner said that we received a copy of court order that said they are releasing funds so Charter can pay the franchise fees

In answer to the question about how much additional revenue would be generated by QuikTrip, City Manager Earl Berner said that the annual sales tax revenue should be $50,000. $25,000 would go to the General Fund and $12,500 each would go to the 4-A and 4-B accounts. The property tax will be about $49,000.

H. AGENDA BRIEFING

Noes: None

Motion Passed

8. Discussion about alcohol at City Park on the 4th of July event.
Special Events Coordinator Shannon Fields said that the Parks and Recreation Board would like feedback on having a Beer Garden at the 4th of July event this year. It would be in the basketball court area and people with drinks would have to stay within the confines of that area and not be allowed to wander around with their drinks. Because of the fireworks setup the beer garden would need to close between 7 and 8 pm. Ben E. Keith Distributors have been approached about a 50-50 split of the profits. We could use the Broken Spoke liquor license. This will take Council action since the Lake Dallas Municipal Code prohibits alcohol on any city property. We would also have extra police officers on duty for the event.

Some Council discussion involved the liability this might put on the City of Lake Dallas and would this require additional insurance. Other discussion was that this is a city-sponsored family event and there should definitely not be any alcohol served at the event. In the past we have had pie-eating contests and other events to keep it family-based entertainment. Another point was that since we have so many bars here that we could limit those purchasing drinks to three and they could start serving at 3 pm.

This should be taken to legal and we can discuss it again at the next Council meeting.

L. CITY MANAGER REPORT
1. City Projects
The ice cream shop on Main Street has opened.
QuikTrip plans to open on August 27, or sooner, if possible.
The Lewisville Lake Toll Bridge is still on go for August 1 event.
The Sonic is approved for renovation. They have delayed it until October 2009.

M. NEW AGENDA ITEMS
Councilmember Connors would like for the Economic Development and Community Development Corporations to require grant applicants to get multiple bids for their grant requests.
Councilmember Harper would like an update on a DCTA stop to locate in Lake Dallas.
There may be a budget workshop sometime in May.

Staff Present: City Manager Earl Berner, Police Chief Nick Ristagno, Lt. Wes Frazier, and Acting City Secretary Joni Vaughn.

B. INVOCATION
Mayor Marino gave the invocation.

C. PLEDGE OF ALLEGIANCE:
Mayor Marino led the pledges of allegiance.

D. PROCLAMATION
Public Safety Telecommunicators Week [April 12-18]
Mayor Marino read the proclamation that was issued by Governor Rick Perry designating April 12 through 18, 2009 as Public Safety Telecommunicators Week.

E. ANNOUNCEMENTS
Kids 'n Cops open house and cookout is April 25 from 11:00 am until 3:00 pm.
The reception for Beverly Weikum's retirement is April 28 from 7:00 pm until 9:00 pm.
The Fun Run for the opening of the Lewisville Lake Toll Bridge is on August 1.

F. REPORTS
1) Economic Development Corporation
City Manager Earl Berner reported that the board approved an ad in the Dallas Business Guide. This guide has widespread circulation.

2) Parks and Recreation Board
Special Events Coordinator Shannon Fields had handouts of the report for the Mayor and Councilmembers. She gave her report on the Lake Dallas Mardi Gras Celebration that was help on February 24, 2009. She said that the weather was beautiful and that we had many new vendors as well as some new sponsors.
Shannon gave a report on the activities and events for the 4th of July celebration. City Manager Earl Berner said that we have received $778 so far from fireworks donations associated with the Waste Management billings.
Waterfest will be on September 12 and 13 this year at Willow Grove Park.

3) Financial
Acting City Secretary Joni Vaughn said that the $778 amount for fireworks donation was as of April 3. To date this week we have received over $1,000. The residents' response shows how much they appreciate the show each year.
In March we received $73,810.70 with $36,905.34 going to the General Fund and the remainder divided between the Economic Development and Community Development Corporations. This month we received $68,825.31. On the sales tax comparison chart we keep it reflects that we are down a little over $20,000 from 2008 at this time. This isn't bad considering the economy. Joni said that we have received 59% of our revenues so far this year. Usually the percentage is a little higher. We have not overspent on our expenses. She said we are doing great in our Investment Account.
The Economic Development Corporation is building their account back up but they still need to repay an investment account either this month or next.
The Community Development Corporation funds are holding steady right now.

G. AGENDA BRIEFING
City Manager Earl Berner read the items to be considered under the Consent Agenda and the Business Agenda. He said that Item 4 under the Business Agenda has been pulled because it is not ready to be discussed yet.

H. VISITORS/CITIZENS AGENDA
Bruce Martin, 707 Shady Shores Road, said that there is a project going on across the United States. He brought and discussed the Honor and Remember Flag that is in remembrance of all fallen soldiers from the American Revolution to the present time. He said he had two things to ask of the City Council. One would be to fly the flag he brought to the Council meeting tonight on their flagpole and the second is to put a Resolution together in support of the 111th Congress first session H. R. 1034.

Glen Rodriguez, Lake Cities Baseball Association, presented Mayor Marino with a ball and jersey and invited the Mayor to a game on Friday evening.

I. CONSENT AGENDA:

1. Consideration and Action on approval of Minutes for March 12 and March 26, 2009 meetings.
2. Consideration and Action on approval of March Financials.

G. VISITORS/CITIZENS AGENDA:

David Shershen, 166 Kingswood Drive, read a letter he had previously provided to the Mayor and Councilmembers about consideration for a DART station or terminal in the City of Lake Dallas.

Harry Cagnetto, 902 Vista Oaks, said that the youth football organization needs a home. He said they have looked at having some fields at Willow Grove Park. He said the organization has $5000 a year to fund and develop facilities for the youth. He said that many people will donate labor. Mr. Cagnetto said that there are four hundred kids involved in this organization. The organization would like to co-host a tournament bowl. These football activities should bring quite a bit of activity to Willow Grove Park between June and November. He asked that the City Council give consideration to allowing the football association to make Willow Grove Park its home.

E. REPORTS

1) Keep Lake Dallas Beautiful Committee
City Manager Berner stated the next Keep Lake Dallas Beautiful clean up is scheduled for Saturday, April 18, 2009 in Willow Grove Park. In addition the Committee will sponsor the 5K fun run across the new bridge on August 1, 2009 at 8:30 a.m. The fun stroll across the bridge will begin shortly thereafter. The new bridge across Lake Lewisville will open a day or two after the run and stroll.

F. AGENDA BRIEFING

City Manger Berner read the items on the Business Agenda.

G. VISITORS/CITIZENS AGENDA:

Mayor Tony Marino opened the Citizens Agenda.

Bryan Gilliland, 309 Wilson in Lake Dallas, spoke about his research on different exterior surfaces and distributed copies of brochures he had obtained. He further stated that synthetic stucco (EFS) has had some bad reports and several lawsuits filed against the manufacturers.

Mayor Marino closed the Citizens Agenda when Mr. Gilliland finished his comments.

H. BUSINESS AGENDA:

1. **Consideration and Action on approval of the Minutes for the February 12, 2009 City Council meeting.**

   Motion to approve the Minutes for the February 12, 2009 City Council meeting was made by Councilmember Brooks; second by Councilmember Connors.

2. **Consideration and Action to approve the use of reserve funds to pay for the repaving of Main Street in front of the Elementary School.**

   City Manager Berner met with the school district. The District stated there was an elevation mistake made in the plans. The district is widening Main Street to provide a left turn lane into the school to avoid a traffic bottleneck in the morning and afternoon when school traffic is the heaviest. Their concern due to the elevation error is the storm water getting into the cracks and undermining the integrity of the surface. Repaving Main Street at the same time as widening the street for the turning lane will alleviate future problems in 3 or 4 years.

   The Council asked what options were available. Mr. Berner said there are three options: (1) have the school district do just what is necessary at this time since there are 3 to 4 years of life use in the current pavement, (2) repave just the section needed to avoid any storm water getting into the cracks, or (3) repave the whole street now in concrete.

   Councilmember Brooks asked who gave the bid price for the repaving and was informed it would be the same contractor being used by the district. Mr. Brooks felt the contract should be re-bid.

   Councilmember Connors felt the school district should pay more of the cost if the additional paving project was approved.

Councilmember Harper stated the additional funds would eat into the City's revenues and the Council agreed that would not be a good thing to do.

The City Council elected not to take any action and let the school district perform the minimum necessary to complete the project without endangering citizens or students. They felt when the Main Street issues are addressed, the repaving should be done with a bond voted on by the community.

3. **Consideration and Action on approval of an Ordinance to amend the Lake Dallas Municipal Code by replacing Section 122-687, Exterior Surfaces, of Division 3, Downtown District, of Chapter 122, Zoning.**

City Manager Berner stated the 100% exterior masonry requirement was being deleted to provide more flexibility for the Downtown District buildings suggested by Carol Ann Connors request during the previous Council meeting.

Motion to amend Section 122-687 of the Lake Dallas Municipal Code was made by Councilmember Connors; second by Councilmember Brooks.
Ayes: Councilmembers Connors, Brooks and Harper
Noes: None

Motion Passed

4. **Consideration and Action on approval of an Ordinance to amend the Lake Dallas Municipal Code by changing Sections 122-93, 122-143, and 122-193, Exterior Surfaces of Chapter 122, Zoning, for R-1-6000, R-1-7200 and R-1-10000, Single Family Dwelling Districts.**

Councilmember Harper explained the Planning & Zoning Commission's point of view as liaison to the Commission. The Commission felt the flexibility was good but only wanted to see wood as an acceptable exterior surface in R1-6000 and not in the other single-family home districts.

The Council discussed different exterior surfaces as viable options for property owners as well as reviewing each request for surfaces other than masonry. As a result of this discussion the Council decided to take no action and request the City Manager submit an ordinance that allows a variance review similar to what is available to commercial property owners.

5. **Consideration and Action to appoint Darren Roberson to the Parks and Recreation Board.**

Motion to approve appointment of Darren Roberson to the Parks and Recreation Board was made by Councilmember Harper; second by Councilmember Connors.
Ayes: Councilmembers Connors, Brooks and Harper
Noes: None

I. CITY MANAGER REPORT

1. City Projects discussed by Mr. Berner included the possible opening of an Italian restaurant where Leola's on Denton Drive use to be.
2. Mr. Berner spoke with a serious candidate interested in opening the Duck Inn again.
3. The water tower project through 4A has been put off until fall.
4. The timetable for the boat ramp through 4B is scheduled for late fall.
5. The City will meet with Texas Park and Wild Life in March concerning the grant process.
6. Installation of the two additional streetlights is being worked on by Mark Hinds at TXU.
7. Councilmember Harper is interested in scheduling a workshop to discuss the type of look the City would like to see along Swisher Road once the bridge opens.

B. INVOCATION

Reverend Ray Harper gave the invocation.

C. PLEDGE OF ALLEGIANCE:

Mayor Marino led the pledges of allegiance.

D. ANNOUNCEMENTS

City Manager Earl Berner said that Shannon would update them on several items when she gives the Parks and Recreation Board and Keep Lake Dallas Beautiful Committee reports.

He said that February 27 is the Chamber of Commerce's annual dinner. He asked that they let him know in a couple of days so he can make the necessary arrangements.

Mr. Berner said that the Community Development Corporation received a letter of resignation from Gordon McQuillin last week.

Mayor Tony Marino said it was good to have Councilmember Martin back with them and that they had missed him.

E. REPORTS

1) Parks and Recreation Board

Special Events Coordinator Shannon Fields said that Mardi Gras will be on Fat Tuesday, February 24. Mayor Marino will be riding in the parade along with Holly Deitrick, the Grand Marshall. Shannon said there will be float contest, a costume contest, and a mask contest. She said there will be lots of activities for the kids as well as for the adults. The N'awlins Gumbo Kings will be here to perform. So far she has had fifteen entries for floats and expects more the last week. The party stuff and vendors will be in the City Hall parking lot.

2) Keep Lake Dallas Beautiful Committee
Shannon said the spring cleanup will be coordinated with the Great American Cleanup that is scheduled for April 18. She said she was trying to get Hickory Creek and Corinth to have their cleanups on the same day. She said that Hickory Creek does not plan to participate and she is waiting to hear from Corinth about their plans.

3) Economic Development Corporation
City Manager Earl Berner said they are working on an RFQ for the sale of the Swisher Road property. He said they will work on the sale of the property when bridge opens.

4) Community Development Corporation
City Manager Earl Berner said that the corner on Mayberry's project is nearly complete. The trees should be in within the next couple of weeks.
He said we are getting ready to do a master plan for Community Park. He said that due to the library damage, that the meeting will be sometime in March, not February 23.

5) Finance
Finance, Human Resources Director Joni Vaughn said that the first page shows the sales tax revenue received in January. The total was $73,393.70 with $36,696.86 going to the General Fund. The Community Development and Economic Development Corporations each received $18,348.42. She told the Council that the Investment Account is growing due to the property tax dollars coming in by good amounts.

Joni said that page 2 is the banking information for the Economic Development Corporation.

She said that the Community Development Corporation had $67, 335.61 at end of January.

She asked if there were any questions on budget summary or details.

City Manager Earl Berner said that in April we'll be halfway through the year with the completed March financials. He said it looks like we're doing okay with the revenues coming in. He said isn't not great, but all right.

Mayor Marino asked if we were going to do a retreat budget again this year. City Manager Earl Berner said that probably in late May.

F. AGENDA BRIEFING
City Manager Earl Berner said there were five items on the Consent Agenda and read those items. He said that under Business there were also five items and read those items. He said that Mr. Deaton is here regarding the audit. Mr. Berner said that the final item is a Workshop on the Economic Development Corporation and Community Development Corporation grants funding and revenues.

I. BUSINESS:

1. **Consideration and Action on approval of the Audits FYE 2008 as presented by Carl Deaton.**

Mr. Deaton said he would just hit the highlights. He said that the Revenues and Expenditures were on page 20. He said that the third column was for the Capital Projects Fund and the spending of fiscal bond proceeds. Mr. Deaton said we need Debt Service accounts for making payments on the various bond s. He said that all the other activity falls thru the General Fund.
Mr. Deaton said that page 18 shows the assets and liabilities. He said that at the bottom it shows $813,000 but that some of those funds are already earmarked for various projects. He said that the other reserves shown in detail on page 56 are mostly court and police department funds that are restricted.

He said the city had $669,000 in undesignated funds and in comparing that number to the $3,000,000 we spent over the year that the number reflects a little over 2 months in operating funds. Mr. Deaton said that he's telling school districts and cities that enough money to operate for three months would be a good number to keep in reserves. He said there is no number set in stone but that a lot of accountants are suggesting that kind of reserve. He said that just a few years ago the city was well below where we are now.

Mr. Deaton said the back of report has more detail than they would probably care to look at. That part contains the budget figures vs. the actual figures, etc. He said that page 31 has a note about the disclosure of capital assets that are being tracked. Several years ago the rules changed and now we are depreciating items. He said we have historical costs since inception for those things that are still in existence. Page 32 has the disclosure of long-term debt.

Compensated absences for accrued and unused vacations were discussed by the Council with Mr. Deaton. He said that the only rule he is aware of regarding debt service is the legal debt margin where you are unable to levy enough taxes for higher debt service. Carl said that on page 34 is the information about the TMRS system. He said that they made some changes in some actuarial procedures and that is shown on pages 35 through page 37. He said that the bottom of page 36 and top of page 37 gives the numbers that would have been if they hadn't changed their methodology. The City contributes as well as the employees and the State can change your rate. He said that most of the cities he's aware of have been hurt

by this. He said that these numbers in the report shows that TMRS is going to have to deal with at some time.

Mr. Deaton said that since we began depreciating assets a few years ago we are now required to put in consolidated financial statements. This includes governmental activities for the three funds plus capital assets and long term debt and is on pages 15, 16 and 17. He said he is required to drop the 4a and 4b numbers beside the city numbers on the balance sheets because the city has control over them. Mr. Deaton said that both the Economic Development and Community Development Corporations spent a lot of money last year.

Carl said that the last thing he wanted to call their attention to was pages 5 through 11, which is the required narrative, called Management's Analysis and Discussion. He said that one should get as much information out of that as looking at all the numbers. He said that the middle of page 10 and most of page 11 are economic factors is not historical factors. Carl said it is information provided mostly by Mr. Berner.
Motion to approve the Audits FYE 2008 as presented was made by Councilmember Connors. Second by Councilmember Harper.

J. **WORKSHOP:**

1. **Workshop to discuss Economic Development and Community Development Corporations budgets and funding grants payable.**

City Manager Earl Berner said he had put together a synopsis of both the Economic Development and Community Development Corporations of their outstanding grants, monthly expenses, and revenues. There is a recap on when we expect some of these obligations to hit and where they would be at that time. In the E.D.C. we've borrowed from the Oaks at North Lakeview account, a $25,000 park contribution, for cash flow fund. He said it looks like at the end of this year we're not going to be able to pay that money totally back. Mr. Berner said it kind of depends on how sales tax comes in. He said that right now we're running about 6% under last year, but that we'll be all right. The 4-a board has a lot on their plate right now. He said he is hoping the property on Swisher Road will sell soon and that the Daniels still have interest in the property on Shady Shores. We have a 'for sale' sign on that property but no one has shown any interest in it yet. The Daniels will not receive funding for the grant that was approved it they do not buy the Shady Shores property.

The QT should open around the first part of August. The Sonic has some sanitary sewer issues. We'll be meeting with them tomorrow.

The boat ramp grant from the State will probably be awarded in the fall. We have a 25% match that will amount to about $90,000. By the time we finish negotiations with the Texas Parks and Wildlife the 4-b board will probably have to borrow those funds. That board has funded grants for the Steel Magnolias and the corner by the Mayberry project. The C.D.C. should end up the year in pretty good shape.

City Manager Earl Berner said that Shannon's working on the changes for the RFQ and we'll determine list of people to send it out to.

War chests need to be built for both corporations. If something good came along and requested funding we'd probably have to go into debt or miss out on an opportunity.

K. CITY MANAGER REPORT

1. City Projects

City Manager Earl Berner said that he and Lt. Frazier met with the ISD and their engineers this week. While they're doing the streets around the new elementary school they discovered a part of Main Street that's in bad shape up. If they join the new pavement to the current Main Street, their new pavement could cause more deterioration in the older part of the street. They will bring something to us about options. We don't know the condition of the undersurface. We have no idea how much the replacement would cost the City.
San Jacinto, Falcon and Market Streets will be closing for ten days to two weeks while the street construction is being accomplished.

Mr. Berner said we have two new squad cars and that the revised logo is on them. He said that they are parked in back if they would like to go look at them.

Public Works got their new chipper late last month. We had a brush only cleanup earlier this month. Next week we have scheduled the street sweeper and leaf removal company. They will be here the 17th through the 19th.

B. INVOCATION

Councilmember Harper gave the Invocation.

C. PLEDGE OF ALLEGIANCE:

1) United States Flag
2) State of Texas Flag

Councilmember Connors led the pledges of allegiance.

D. ANNOUNCEMENTS

Special Events Coordinator Shannon Fields said that the Mardi Gras event is scheduled for Fat Tuesday, February 24 from 5 pm to 9 pm. There will be a lot of activities for all ages. There is a costume contest with $200 going to the winner. The grand prizewinner for the best float contest will win $1000. The masked contest is for ages 4 through the 4th grade. She has sent forms to the teachers.

City Manager Earl Berner said that February 27 is the annual Lake Cities Chamber banquet. He said that we will get tickets.

He also said that the second class of the Citizens Fire Academy begins on February 24. He said there is one spot left and if anyone is interested in joining they should call the Fire Chief.

Mr. Berner said that the Lions Club is sponsoring a Casino Night on January 23 from 7pm to10pm at the Lake Dallas Point.

E. REPORTS

1) Economic Development Corporation

City Manager Earl Berner said that the 4-a board interviewed Danny Everett for the vacant position on their board. He said that Terry Tuck brought forward some things the board can fund and that he wants to set aside certain percentages for those items. They also discussed the possibility of some funding for the Duck Inn property.

2) Community Development Corporation
City Manager Earl Berner said that the 4-b board also discussed the possibility of providing some funding for the Duck Inn property.
Schrickel, Rollins and Associates, Inc. was at the meeting and said that a grant was approved for the boat ramp application. We were awarded $258,000 instead of the $500,000 we had applied for. The board reviewed the initial proposal on the Community Park Master plan. They will meet with some of the library staff and patrons to get comments on the proposal at a February 23 meeting. The board also awarded the Lake Cities Library $3,000 for a copier/scanner machine which will be used for copying resumes and documents for job applicants.

Mr. Berner said the Parks and Recreation Board and Keep Lake Dallas Beautiful Committee did not have meetings. They have been working on the Mardi Gras event.

3) Finance
Finance, Human Resources Director Joni Vaughn said that in the month of January we received $87,346 in sales tax money. $43,673 went to the General Fund and $21,836 each went to the 4a and 4b boards. She said we are keeping a sharp eye on both the revenues and expenses in view of economy. Joni said that in early April we'll go back and make budget amendments since that will be the end of the first six months.

Joni said that today that Joni Lynn, who does the waste management billing, compared the lists from LCMUA and Waste Management and there is a difference of about 200 addresses. There may be a lot of people who may be receiving trash service and not paying for it.

Joni said that the funds are growing as we take in property tax monies. She said that January will reflect a big jump, but we won't see it on the investment fund balance. Funds are being set aside in the debt service accounts and reserves.

The Economic Development Corporation has a little money but they need to repay funds that were borrowed from the Oaks at North Lakeview Fund.

The Community Development Corporation had $70,000 in available funds at December 31.

No one had any questions for her.

F. AGENDA BRIEFING
City Manager Earl Berner read the agenda items under the Consent Agenda and the Business Agenda.

G. VISITORS/CITIZENS AGENDA

I. BUSINESS:

1. Public Hearing on an Ordinance to create a Downtown Zoning District.

Rickey Webb, 408 Alamo said he was wondering how this would help us and asked if it could be rezoned without the owner's consent.
City Manager Earl Berner said that it provides some level of protection. In the first paragraph it states the purpose is to provide a mixed-use environment and could include historical, architectural or cultural value within the district. He said that generally we do not rezone without the owner applying for a rezone. He said that if a property is in contract with someone that they would have to make the application. He said that doesn't sense the Council is going to buy any property and their will be no eminent domain. The Economic Development Corporation does not have the authority to use eminent domain.

Mr. Webb asked how soon the changes will take place and where the money would come from to fund the changes.
City Manager Earl Berner said the change will probably as soon as the two buildings across the street are complete. He said the Community Development Corporation applied for a grant to redo the street. The grant funds had to be used because of hurricane Rita so we have not received any grant funding to date. He said the board could borrow the money to fund it that way. Mr. Berner said the Main Street projects are currently on a pay as you go due to money situation at this time.

Mr. Webb asked if it was going to be something like Flower Mound or Southlake. He also wanted to know what was going to happen to the homes of the residents that are in this district.

City Manager Earl Berner said he sees our downtown to look more like Grapevine. He said that the residents could live there as long as they want. He said there should be increased sales taxes and business property taxes so that should not raise the assessed value on the homes in this area.

Mr. Webb asked about how to file for a historical landmark because he said his house was built in about 1880. It was suggested that he contact the Denton County Historical Commission.

City Manager Earl Berner said that in case anyone has one of the initial maps for the overlay, that at the Planning and Zoning Commission Mr. John Emery asked that his property be included in the area.

2. Consideration and Action on approval of an Ordinance to create a Downtown Zoning District.

The Council discussed the 1850's lakeside theme for the area but asked why the ordinance requires that the structures be 100% masonry. The brick is for architectural appearance as well as being less susceptible to fire. The exterior surfaces for the zoning areas will be discussed at a later meeting to see about putting hardy plank back into the masonry requirements.

The Council could remove #20, Mortuary/funeral parlor, from Section 122-679, Prohibited Uses. Upholstery shops are considered to be closer to manufacturing and we'd like to have retail Uses in this area.

City Manager Earl Berner said that all uses and exterior construction already in this area are grandfathered.

Motion to approve the Ordinance to create a Downtown Zoning District with the addition of Mr. John Emery's property, delete Paragraph 1 of Section 122-687 and delete Item 20 from Section 122-679, Prohibited Uses was made by Councilmember Connors. Second by Councilmember Brooks.

J. CITY MANAGER REPORT

- **Private Construction projects.**

City Manager Earl Berner said the Mayberry project should be finished and occupied by March 2009. He said that the second half will be an identical building on the back of the property. Construction will begin about six months after completion of the building facing Main Street.

The Sonic project has been delayed by about sixty days.

QT is doing the bidding for a contractor now and plans to start in March and finish in August.

- City Projects

The Animal Shelter construction is finished. They are working on the punch list items at this time. All the animals have been moved.

For Lakeview Drive north of Howard Street we have received the right-of-way plat and should begin about acquiring property as soon as we get the formal plats. Mr. Berner said that sixty days after that we should start and then finish by August.

We plan start the second part of the road rehab in about 45 days.

We have not received any information yet on the boat ramp grant for Willow Grove Park.

- Toll Bridge Opening

NTTA still plans to open the bridge in August and have the celebration in July. A large number of runners are expected for the celebration event. They anticipate as many as 10,000 people to be in attendance for the event. Parking will be a definite problem.

K. NEW AGENDA ITEMS

Parks board needs a camera but that is part of their budget and does not require City Council action. The solid waste billing invoice needs a little more tweaking but also does not require Council action.

A work session for the next regular meeting to look at the Economic Development and Community Development Corporations budgets and monies outstanding was requested.

Councilmember Connors said that this is a new year and a new chapter starting for the City Council. She said that things got a little ugly the past few months and that she would like to see us set apart our grievances. She said she would like to see this Council work together as a team again.

A. ROLL CALL

Karl Hammond	Mayor Pro-Tem
Tony Marino	Councilmember 1
Richard Martin	Councilmember 5

Councilmember Connors and Councilmember Fletcher were out of town.

Staff Present: City Manager Earl Berner, Police Chief Nick Ristagno, Finance, Human Resources Director Joni Vaughn, and City Secretary Beverly Weikum

B. INVOCATION

Mayor Pro-Tem Hammond gave the invocation.

C. PLEDGE OF ALLEGIANCE:

Mayor Pro-Tem led the pledges of allegiance.

D. ANNOUNCEMENTS

City Manager Earl Berner said that the Mardi gras will be out next event and is scheduled for February 24.

He said we will need to have at least two councilmembers present for a meeting on December 18 or 19 to canvass the election votes.

Mayor Pro-Tem Hammond said that Mr. Chris Banks, the general manager for Texas Land and Cattle recently passed away. He left three children and a wife. He had no insurance so contributions for the family can be made at the NorthStar Bank.

E. REPORTS

1) Parks and Recreation Board

City Manager Earl Berner said they are working on the plans for Mardi gras along with the Keep Lake Dallas Beautiful Committee. Both committees are in need of new members due to some members resigning because they are moving out of town.

2) Community Development Corporation

At their last meeting the Board funded some improvements for the Steel Magnolias on Gotcher Street; approved brick paving in front of the new building across the street; and the first corner of the Main Street Design plan will be done on the northeast quadrant of Main Street and Gotcher.

3) Keep Lake Dallas Beautiful Committee

This committee did not have a meeting.

4) Finance

Finance, Human Resources Director Joni Vaughn gave an overview on city financials. She said that the Sales Tax Revenue for the month of November was $92,176.48 with $46,088.24 going to the General Fund. Our Investment Account is dwindling somewhat as it usually does this time of year. We have had some tax money coming in. We have received $42,000 plus so far this month. Within the next two weeks we should be getting larger deposits from the County. She asked if there were any questions.

Mayor Pro-Tem Hammond asked about the $400 cost for an office lock. Police Chief Nick Ristagno said it was for Officer Chandler's new office and is a lock like the locks as the rest of the bldg.

Next Joni gave an overview on the Economic Development Corporation. She said they had received $23,044.12 in sales tax revenue for November. Funds available at this time add up to $30,658.75.

She said that the Community Development Corporation received the same amount of sales tax dollars and their total funds available at this time are $73,444.20.

Joni said that Carl Deaton did complete our audit the week before Thanksgiving. He'll be getting back to us at a meeting in January.

She said there were no major changes in the September financials from the ones presented in October.

F. AGENDA BRIEFING

City Manager Earl Berner said there are three items on the Consent Agenda and read those items. He said that under Business we also have three items and read those.

G. VISITORS/CITIZENS AGENDA:

Linda Gilbert, said she was there as a representative for the residents at 425 Carlisle, 603 Carlisle, 601 Carlisle, 610 and 612 Sargent, 352 Betchan, 604, 604A, and 602 Main, and 531 Carlisle. She asked to have an additional two minutes to speak. Mayor Pro-Tem Hammond agreed. She said that she and her husband own two properties in Lake Dallas and that they recently moved to Corinth. She said she has worked thirty years in finance and did a lot of commuting. She said that crossing the lake and seeing all those beautiful trees in the area was always a pleasant sight. She said they had purchased additional property on Carlisle Street for their granddaughters.

She said she was here not because they are opposed to change or growth in a community. She said they are opposed to the City of Lake Dallas Economic Development Corporation and Marc McDougal trying to force them to sell their homes and put in apartments, duplexes and other homes. They feel that $25,000 could be spent on better things. She said that to expedite the process that she had lists to hand out to the City Council later. She said that instead of eminent domain it should be called "Intimate Domain" because of heartless manner that eminent domain can become. Wait around – what goes around comes around. It could be their property today and the city's tomorrow. They are requesting that the program to dropped and to release McDougal from the project. She said that if they want to sell their homes that they will place a sign in their yard. [The list of questions is attached as Exhibit "A"]

She understands they can't answer these questions tonight but that they would like answers. They have a petition going around now. She said that what they are doing does not match our mission statement that is on our website.

David Shershen, 166 Kingswood, said he thought he knew Lake Dallas through his various times of serving on the City Council and other boards and commissions. He said he doesn't recognize this town any more. He finds the council divided, an election going on, residents choking down their turkey dinners on Thanksgiving because of the possible of eminent domain. He said he attended the Open House for the new animal shelter. He said he understands that the budget for Animal Services is $800,000. He said it's just got to the point where he thinks that as leaders the Council needs to be more mindful of the citizens. He said that Lake Dallas is basically landlocked and that we have no other land for development other than the railroad property. He said that apartments would cause more services to be provided. He said that we owe it to the people of Lake Dallas to be much more dedicated to leadership.

Clyde Edwards, 3011 Kiln Drive, Corinth asked to speak later.

Mike Fahey, 144 Kingswood Drive, said this won't take long and that he's going to say the same thing he said in the paper today. He noticed that in talking about doing the biggest event to hit Lake Dallas to be done in executive session. If this character cannot say what he plans to do in front of everyone, he shouldn't be here. He said there's something wrong with the idea of increasing the city tax base to help the city residents by throwing the city residents out of town. Any project done on that end of town should be done on currently vacant property bought from willing ex-property owners. Mr. Fahey said he knows some of those people in that neighborhood. They're nice people, let's not throw them out.

Mayor Pro-Tem Hammond said this item has never been presented to the council. This is a 4-a board item, the Economic Development Corporation. He said that Mr. Marino and Carol Ann Connors are on that board. They are the only ones who have seen that proposal. He said that the rest of Council has not seen the report.

City Manager Earl Berner said that it is public information and that we have made copies and they are available at the Council Table. The Economic Development Corporation meets at 7:30 pm on the first Monday of the month.

Tony Marino, 727A Main Street, speaking as a citizen of Lake Dallas, said this was an unfortunate situation. He said we have copies of the Economic Development Corporation Minutes for the September and November meetings. He said that no one made any mention of eminent domain. Mr. Marino said that was not a goal of the EDC. He said Mr. McDougal was hired to a "Target Area" study. He said the report will be going to the City Council. He said it has not been voted on and nothing has been approved. He said that the Mayor Pro-Tem looks at the agenda and helps determine what goes on an agenda. Mr. Marino said there are tapes of the City Council meetings that can be listened to.

Daniel Patrick, 527 Beck, asked where would we go to see how these boards work. He asked if the Economic Development Corporation makes reports to the City Council or what is the procedure.

City Manager Earl Berner said that in this particular instance, with the scope of the program, that a potential partnership with the city is of such magnitude that it's beyond the scope of the EDC. He said they help with projects in the city to spur economic development. Mr. Berner said that what was presented was more than the scope. We were looking for commercial uses. He said that the initial schedule would have included the presentation for this week's meeting and Council would have had their packets last week.

Mayor Pro-Tem Hammond closed the Citizens' Agenda when no one else came forward to speak.

H. CONSENT AGENDA:

1. **Consideration and Action on approval of Minutes for November 24, 2008 meeting.**
2. **Consideration and Action to approve revised September financials.**
3. **Consideration and Action on approval of the November financials.**

Motion to accept the Consent Agenda was made by Councilmember Martin. Second by Councilmember Marino.
Ayes: Mayor Pro-Tem Hammond, Councilmember Marino, and Councilmember Martin
Noes: None

I. BUSINESS:

1) **Discussion of code enforcement process and procedures and failure of code enforcement office to follow city code requirements.**

Brian Cogbill, 104 Dobbs Road, said that there seems to be some question in how the government is run. He said he'll go by his list and make the points he wants. He began by reading from the City Charter and stated Lake Dallas is a Council/Manager type of government.
He handed out papers to the Mayor Pro-Tem and Councilmembers. He began reading about definitions, penalties for violations for the code, issuance of permits, contractor's license required. He was listing Articles and Sections of the Municipal Code of the City of Lake Dallas.

Mayor Pro-Tem Hammond asked him to state why he was here.

Mr. Cogbill said he wants enforcement of the municipal code. He said the codes should be enforced as written. He cited paragraphs 22-191, 22-196, 22-198 and 22-201. He said that he had brought to the attention of the code officer and city manager some issues at the residence where he and his family lives. He said those issues have been ignored. He was told that those violations couldn't be determined whether they were health and safety issues or city code violations. He had Mr. Berner and Ms DuPree came to his residence and walked them through and they took pictures of what he's brought up to his landlord. He said there are issues with the electrical and plumbing. He said they basically informed him they weren't experts and forwarded the code inspection to Bureau Veritas. He said that hey said that there appeared to be a violation in all of the pictures. He said he also has copy of an email that was forwarded to Mr. Berman. The question was that they had conducted a code inspection and "issues of concern" were raised and they asked for a legal direction from city attorney about how to proceed.

He said that upon contact with code enforcement and the city manager he was told again that they didn't have the authority to come out, and that he needed to hire a licensed inspector. He said it's obvious to him that a licensed contractor had done none of those things. He said that the wax seals around the toilet and not holding so there is a water leak and methane gas leak. He said he has a wife and two kids. He's asked the city to come out, and according to the code, that's what is supposed to happen. He said that instead code sent a letter to his landlord on October 23 and without his knowledge, until after the fact, those offices of the city met with his landlord. He said that on October 25 he got a notice about vacating the property and on October 28 he got evicted. He said he's still living in that house and city is hiding behind a "tenant/landlord" issue. He said that if code violation is there, a code violation is there.

He said they went to court and he hired an attorney to defend him against the eviction. He said he came to the city and that they had been told that he had lost the case and had ten days to get out so he forwarded a copy of the JP's ruling as it appears on the website. He said there were no grounds for the eviction and he is still living in a household with these issues. He has taken time to come up here and spent $150 or $160 for open records. He said there are 200 violations where they have followed up on violations and issued citations. He said that some of these are tenant/landlord properties. He's asking them to review the code and protect those people who have code issues.

He said that the city is not a bunch of buildings – it is the people. He said that it seems to him that it's the money as far as which rules we follow and that ain't right. He said he is asking them again, to follow their code.

Clyde Edwards, 3011 Kiln, said that he owns the property on Dobbs Road.
He said that some of the things he addressed are true because he created them. He said that the conditions in the lease spells out. Mr. Edwards said he's suing Mr. Cogbill. He has an attorney. He said that the eviction will be imminent and something about animals in the house. Mr. Edwards said he has had electricians out there and that it can be checked out in the police report. Mr. Cogbill won't let him in the house. He had a real estate inspection done, not a bona fide building inspector so when you read that part, keep it in mind. He said Mr. Cogbill has badgered our people. Mr. Edwards said this is a civil issue. He said there is no health hazard and no safety hazard. He said that Mr. Houghton is a licensed electrician. He apologized for this happening and apologized to Mr. Berner and to Char DuPree. Mr. Edwards said that Mr. Cogbill has fifteen citations in the Town of Hickory Creek which the city manager has copies of.
